

Sweet Wife 1471

Chapter 1471: your person has changed

Old Master Lu walked into his room.

Yes, he was satisfied with the cleanliness of the room. Everything was the same as the last time he came. Of course, it had been cleaned. It was spotless. He was satisfied.

He had not lived here for long, but that did not mean that he had no land here. On the contrary. As long as he came, this place would be his biggest.

He placed the little bear on the table at the side, then pulled the Little Bear's ear. He had a childlike heart, poking here and there, then pinching there. Finally, he picked up the Little Bear, he unzipped the top zipper of the Little Bear's stomach, and there was something inside.

He also took out that thing.

It was a passbook.

He opened the passbook. For some reason, his hand seemed to have been electrocuted, and the passbook fell to the ground. A long string of zeros could be seen on the passbook.

It was already worth 100 million.

He was really generous. Old Master Lu picked up the passbook that fell to the ground, but he didn't think of returning it to anyone. If he gave it to him now, it would belong to him. Besides, shouldn't they give it to him?

Every month, he would give ye Shuyun her living expenses. Could it be that they wouldn't give it to him.

Was he not an elder, or was he not a relative?

HMPH, Old Master Lu took back the passbook. Darn Girl, your grandfather will remember this. If you give me one hundred million today, I will give you two hundred million in the future.

This person, of course, had to give in order to get something in return. If he didn't want to give, he wanted something in return. How could there be such a good thing in this world? It was better for a person to come down to Earth.

"Knock, knock..."there was a knock on the door from outside.

Old Master Lu stood up and went over to open the door. The moment the door opened, Old Master Lu curled his lips and didn't scold anyone.

Yan Huan walked in and directly closed the door, as if she was the landlord.

Just as Old Master Lu opened his mouth, Yan Huan hurriedly put her finger to her lips. Then, she took out something from behind her.

Old Master Lu's eyes lit up. Roasted chicken, palace roasted chicken, made by the imperial chef. The meat was tender, the skin was crisp, and the texture was excellent.

Yan Huan unceremoniously tore a large drumstick for old master Lu.

Old Master Lu took it, and Yan Huan tore one for herself. Just like that, she ate it bite by bite.

I remember this for the rest of my life. Grandfather once gave me a drumstick, so as long as grandfather came, I would treat you to a drumstick.

"Are you trying to bribe me?" Old Master Lu bit on the chicken drumstick, not forgetting Bai Yanhuan's glance.

"Think whatever you want." Yanhuan took another bite, but she was a little emotional. "No matter how delicious the chicken meat and drumsticks are now, no matter how much you eat, you won't be able to get them back. The original taste is gone."

"Has your mood changed, or has your taste changed?"

"Your personality has changed."

Old Master Lu took another bite of the chicken meat, but he didn't have any image at all. It had been a long time since he had gulped down a mouthful of meat. Only this wretched girl had the heart to treat an old man like him to a drumstick.

"I thank grandfather for your help."

Yan Huan was sincerely grateful to old master Lu.

Old Master Lu rolled his eyes at her, "Don't think that I don't know what you and Lu Yi are up to. The two of you really put on a bitter show. "If you didn't save my grandson back then, his life would be yours. Do you think I would let someone like you into our Lu Family?"

"You're wrong. I didn't save your grandson." Yan Huan tore a piece of chicken and put it in his mouth.

"I also saved you and your son. I saved your whole family. You gave me a grandson, and I lost out."

"Lost my ass. With your stupid appearance, if it weren't for those few lives, would my grandson still be able to marry you?"

Old Master Lu tore off another piece of meat from the chicken leg, "You're the one who's smarter now. Do you know what gold is and what stone is? "Even though I really didn't want to scold you when I saw that Stone as gold, I couldn't help it. Your mother gave birth to you and raised you until you were so big. She didn't want you to work hard for others. Look at what she's done to herself. If you were my granddaughter, not only would I scold you, I would also beat you to death."

"So you're scolding me and my mother?" Yan Huan sniffed sadly. "Also, why are you scolding my mother? She didn't do anything wrong."

"How could she not do anything wrong?" Old Master Lu's eyes were never friendly when he looked at Yan Huan, "She didn't do anything wrong. Why didn't she teach you? A woman should have self-respect

and self-respect. Look at what you've become at that time. She gave birth to you, but she didn't teach you well. Don't you think you should scold her?"

Yan Huan directly jumped onto the table and sat down. It seemed to be true.

Her mother had given her all her life's work. If she didn't lead a good life, she would not only be letting down her own life, but also her mother's life. If that was really the case, then even if she died.., she would still be too ashamed to see her mother. Her mother was clearly such a beautiful and kind woman.

She even tore off a wing from the roasted chicken. At this moment, she had no image, but she could also disregard her image. It was just a pity that there was no alcohol here. Otherwise, it would be like what old master Lu had said.., if she could eat meat and drink alcohol in large mouthfuls, how satisfying would that be.

But in the end, she thought about it and decided to forget it. With Old Master Lu's body, to let him eat meat was already giving him enough face. Of course, this was also his limit. If she gave him more alcohol.., she felt that she would be scolded by Lu Yi.

The two of them were sharing a roast chicken to eat. This old and young, how did they become bosom friends.

When Old Master Lu talked about how he used to lead troops to war, Yan Huan listened with relish as if he was listening to a story. When Old Master Lu banged the table, she banged the table as well. Old Master Lu's eyes were red, she was also red-eyed.

The two of them were like bosom friends. They were bosom friends who had forgotten the years.

Old Master Lu had not told anyone about these things for a long time. These things had been bottled up in his heart for a very long time. Once he expressed them, he really felt relaxed.

At this time, the people outside had already arranged the dinner, but they did not see Old Master Lu.

"Where's Dad?" Ye Shuyun hurriedly asked Lu Jin. Now that there was such an old man at home, they were very concerned. They really hoped that the old man could live a little longer so that they could be an elder, sometimes, to be honest, as long as there were elders, they were still children. For example, Lu Jin was already over fifty years old, but in front of old master Lu, he was just a child who could not grow up, sometimes, even if he did something wrong, Old Master Lu would chase him around and beat him up. Ye Shuyun loved her husband, but of course, she also hoped that her husband would always have a childlike heart, unlike her, now, she did not even have a family member.

Chapter 1472:

Why does it feel so uncomfortable.

Oh right, I don't want to think about this anymore.

Where is the old man now?

Where did he run off to?

“Did he change his mind and go back?”

Ye Shuyun thought about it and asked Lu Jin, “We tricked him into coming here. What if the old man reacts and goes back in a Huff?”

“Is there a car for him now?”?

Lu Jin didn’t think too much about it. He knew that his father must still be hiding in a corner of the house.

Ye Shuyun then remembered that there was indeed no car. The security guards weren’t around, and the old man himself couldn’t drive. If Lu Yi wanted to send him back, he would tell them, but Lu Qin was just like that., how could he drive the old master of the Cigarette factory again? Moreover, would lu qin dare to sit in that car? What if it was not done properly and the brakes failed again?

Old Master Lu was a very superstitious person. How could he still sit in Lu Qin’s car now? At least not for a year.

“Did you look in every room?” Lu Jin asked again.

“You know Dad’s temper. He doesn’t like to stay in a room alone.”

Ye Shuyun nodded. It seemed to be the case. Old Master Lu’s personality was like this. He indeed didn’t like to stay in a room, especially when he was alone. His favorite place to sit was on the sofa. He didn’t like this, he didn’t like this. He said a few words and scolded him. How could he stay in the room and not come out? This didn’t seem like his personality.

But where was this person? Where did he go?

Lu Jin shook his head. He didn’t know. He was also anxious.

His father had disappeared. What should he do?

“Dad, Mom, What’s Wrong?”

Lu Yi walked over. He had come out to look for Yan Huan. It was supposed to be her break time, so he hadn’t come back. Why were his parents talking about it? Both of them were frowning.

“Lu Yi, your grandfather is missing.”

Ye Shuyun hurriedly pulled her son’s sleeve. “Hurry up and go look for your grandfather. I don’t know if he’s thinking too much, but he ran away from home.”

Lu Yi frowned, then gently turned the ring on his finger. Then, he strode forward.

Ye Shuyun and Lu Jin looked at each other. They didn’t know what Lu Yi was doing, but in the end, they followed him.

Lu Yi walked to the door of Old Master Lu’s room and put his hand on the doorknob. It seemed like he wanted to go in

“Your grandfather isn’t...”

Lu Jin was about to say that it was impossible for your grandfather to be here.

However, Lu Yi had already opened the door, and Old Master Lu's loud laughter could be heard from inside. It was after they had walked in.

The few of them were dumbfounded. Inside, Old Master Lu was sitting on a chair, Yan Huan was sitting on the table, and there was a pile of chicken bones on the table. There was oil in each of their hands and mouths, then, one of them was holding a chicken leg and chewing on it.

Old Master Lu hurriedly hid his hands behind his back, afraid that others might see him. However, his mouth was full of oil. If he secretly ate it, wouldn't he have to wipe his mouth? Moreover, it was a pile of trash..., everyone knew what they had just done and how many they had eaten.

Yan Huan was very generous. She enjoyed the food very much.

Not long after, Lu Yi wiped Yan Huan's hands and her face with a towel.

"How many did you secretly eat?"

He wasn't angry. He was just a little helpless.

He had said that the two of them had run off to somewhere. It turned out that they had run off to steal food.

Yan Huan stretched out two fingers. "Two."

Lu Yi wiped her face again.

"Are you full?"

His dark eyes were warm at that moment. He had a face that didn't have much warmth, but between his words and his actions, one could always see a hint of gentleness that couldn't be seen easily.

Yan Huan nodded. "I'm full. I ate two drumsticks, two chicken wings, and a lot of chicken meat." As she spoke, she rested her head on Lu Yi's shoulder.

Yes, she was sleepy.

Lu Yi put down the towel. He did not move. He waited until Yan Huan was fast asleep before he hugged her and stood up.

He lowered his head. 'you're really happy today.'

Yes, Yan Huan was really happy. Even when she was asleep, the corners of her lips were curved. The shadows of her long eyelashes seemed to be light green, and there was a hint of gentleness in them.

The success of a man really only needed his woman.

And that was the success of a woman.

At night, Yan Huan was already awake. She sat up and looked for something in a daze.

"What are you looking for?" Suddenly, a voice sounded.

“Looking for a cell phone.”

“What are you looking for a cell phone for?”

“I’m looking at the time.”

“And then?”

“I’m waiting for dinner.”

These questions and answers were really rather monotonous.

Yan Huan touched it again, but she couldn’t find it. She laid down again, but she was still awake.

“What Time Is It?” She asked the source of the voice. Of course, it didn’t come from nowhere, because Lu Yi was here.

“It’s six o’clock. You can sleep for another half an hour. We’ll go for dinner later. Dinner.”

Yan Huan hugged the blanket, but she was no longer asleep. She turned around and saw Lu Yi sitting at the side. His clothes were still very clean, and there was always a smell of kapok on his body. It was not very strong, but very light, it seemed that wherever he stayed, there would always be a smell like this. It smelled very good, and this was also his unique scent. He did not use perfume, and of course, it did not seem like he liked women to use it.

From this angle, she just happened to see his side profile.

The blue light from the computer screen fell on his face from time to time. He was focused and straight. His fingers rapidly tapped on the computer, and his entire person was also busy with work. In this somewhat serious atmosphere.., he was also unusually serious, but also somewhat unapproachable.

Most of the time, Yan Huan heard the sound of him tapping on the keyboard. There was no pattern, but there seemed to be some kind of pattern.

And just like that, she was in a daze and did not know what to think. She only felt that her mind seemed to be a little empty. When she retracted it, he had already finished his work and was staring at her without a single glance.

Yan Huan sat up and extended his hand to him.

Lu Yi walked over and sat down. He then hugged her in his arms.

“Did you slap Lu Qin’s face?” Yan Huan did not ask Lu Qin what had happened to his face. It was impossible for him to have fallen. It was obvious that he had been beaten up by someone. The only person who could beat him up was Lu Yi.

“Yes,” Lu Yi admitted.

“He’s a little too bold. He needs to be taught a good lesson.”

Yan Huan furrowed his delicate eyebrows.

“Was he the one who deliberately crashed into our car?”

Yan Huan recalled Lu Qin's crazy actions in the morning. If he had really crashed into them, then it was very likely that they would have fallen to the bottom of the cliff. Then, they would have been smashed into pieces, leaving no bones behind.

Chapter 1473: Why did ask him to come over

As for Lu Qin, he might not even have thought of it himself. He wanted to harm others, but he had almost harmed his own family.

Lu Yi hugged Yan Huan even tighter. "Don't be afraid. He won't dare to do such a thing again."

"If he dares, I'll kill him," Yan Huan suddenly said darkly. His eyes were also stained with some other things. There was some hatred that even she might not know existed.

This hatred was actually as painful as muddy bones.

After that, she lifted her face and discovered that Lu Yi's eyes were extremely dark. However, it was not as if she did not know what he was thinking. was he worried?

"What's Wrong?" She smiled and placed her head on Lu Yi's shoulder. She was also playing with her fingers.

"It's nothing," Lu Yi said. However, who would have noticed that the sigh in his eyes seemed to have become heavier.

When they came out, it was about meal time. There was already a table full of food on the table. Compared to the table at Old Master Lu's place, the food was hard and cold, this table was obviously much more humane. Of course, it was also more pleasing to the eyes. Not to mention anything else, at least the people who ate with them had also deliberately tidied up.

Meng Ni had already applied makeup on her own face, and after the makeup, her face had indeed become a little more colorful. As for Qin Xiaoyue, she was even more heavily made up. Her entire body was covered in jewelry. Old Master Lu looked at the two of them, suddenly, she lost her taste.

"You guys applied so much makeup and dropped the powder onto the plate. Who's going to eat it?"

These words directly made the faces of the two of them tighten.

Yan Huan laughed out loud. It was true, she didn't do it on purpose. In fact, she had always wanted to say this, but she just didn't have the face to say it. Every time the family ate., she didn't realize that she had never eaten the food piled up in front of the two of them. wasn't it because she was afraid that the powder on their faces would fall onto the plate.

"What are you laughing at?" Old Master Lu snorted at Yan Huan. "You were the same before."

Yan Huan stopped laughing. Yes, she didn't say anything. It was really hard on them. They even tolerated her for two years.

"Dad, aren't you going to let Lu Qin come over?"

Qin Xiaoyue asked Old Master Lu in a low voice. Every time she saw Old Master Lu, she felt as if she had seen a ghost. No, it was more frightening than seeing a ghost.

“Why did you ask him to come here?” Old Master Lu suddenly slammed the table hard, “It’s best if you don’t let me see him again now. Don’t think that he did those things. I don’t know. I’m in a bad mood now. I have to hit him every time I see him.”

“It’s true. If you don’t want to live, I don’t mind doing it myself.”

Qin Xiaoyue’s face turned cold. Grandpa Lu glared at her while she glared at Mengni.

What’s there to eat? Can’t you see that my husband Can’t move now? Lu Yi beat her up. Grandpa Lu did beat her up. Lu Yi only gave her superficial wounds, but Grandpa Lu really beat her up. If he didn’t break her bones, he wouldn’t call it a beating.

What was going on? Her husband was already in this state, and she could really eat, put on makeup, and sit with so many people. Wasn’t she afraid of becoming a widow?

The more Qin Xiaoyue thought about it, the angrier she got. Why did she marry such a useless daughter-in-law.

A small-store multinational corporation, Fart, was just a liar.

She suddenly reached out her hand and was about to pinch Meng Ni’s arm.

And Meng Ni would not let others pinch her for nothing. This kind of thing had happened countless times. Even with her eyes closed, Meng Ni knew what Qin Xiaoyue was trying to do?

In this world, no one was born to be bullied by her. Who Was Qin Xiaoyue? Meng ni only married Lu Qin, but she was not sold to the Lu family, nor was she a servant of the Lu family, allowing them to beat her up, she also allowed them to scold her.

When Qin Xiaoyue was about to pinch her, her body leaned to the side, causing Qin Xiaoyue to miss. Qin Xiaoyue’s body didn’t have anything to support her, she directly pounced forward.

Mengni naturally didn’t allow Qin Xiaoyue to lean on her. Of course, she couldn’t be used as a cushion for Qin Xiaoyue. She wasn’t kind-hearted.

Qin Xiaoyue also fell straight to the ground.

“Ouch...”she screamed and lay there like a frog.

Then, she heard a hissing sound. Something seemed to have cracked. Oh, right, she was wearing a tight short skirt today. It was too tight. She was trying to block some meat, but the meat didn’t block it, instead, some of the fat was exposed.

Therefore, Qin Xiaoyue’s clothes really made people feel that it was a long story.

She was clearly old, yet she still had to wear such a bright color. In the end, it made her skin appear even darker. Moreover, the flesh on her body was squeezed out piece by piece. Yan Huanhuan thought, could this clothes belong to Mengni, qin Xiaoyue was used to taking other people’s clothes. It was not the first time.

When she was around, she liked to take her clothes very much. Almost all of them treated her clothes as her own. She had not bought clothes for herself in the two years that she had been in the Lu family. It was only because she had bought too many, in the end, there were not many clothes that were worn on her body. Moreover, she would not necessarily stop wearing other people's clothes.

Moni's income was there. She was not filming, she did not have any endorsements, and she did not have any advertisements to film. Her popularity had also dropped drastically, and she was not even as popular as she used to be. Although her popularity had been dropping day by day back then., but don't forget, her starting point was already higher than others. She had already won the best actress award in the country, and there were also many good films. Of course, the characters she created were even more classic, so no matter how many TV remakes were made, they couldn't escape the word classic.

So with her classics, she couldn't really be outdated. Even if she was outdated, she would still leave a shadow here. And she never stopped filming, even though the films she took were all bad dramas, but in the end, she still showed her face.

However, Mengni was different. The current Mengni was not out of fashion, but had already been forgotten by others. She had no advertisements, no endorsements, and no movies for her to film. Without these, Mengni would not be able to earn money, without money, how could she let Qin Xiaoyue get the benefits? Without the benefits, Qin Xiaoyue would not let Mengni live a good life.

Qin Xiaoyue was a good person to enjoy. She changed her clothes once a year. After that, she would not wear them anymore. These clothes were obviously the new model of this year. They were also worn by young women.

Only Mengni would buy these clothes. As for Qin Xiaoyue, she had to stuff her entire body into it. It looked like she had stuffed it in, but there was a problem.

Chapter 1474: red envelopes

See, this is the problem.

As long as one was not careful, no matter how good the clothes were, they would not be able to hold the meat.

Qin Xiaoyue's face was hot and dry. She quickly got up from the ground. The skirt was pulled from her calves to her waist, and most of her buttocks were exposed, qin Xiaoyue covered her butt while pulling her clothes. As if her butt was on fire, she hurriedly ran into her room.

"Immoral." Old Master Lu was so angry that his face turned green. "At such an old age, you still want to wear a little girl's clothes. Don't you see if your old face can match that color?"

Ye Shuyun heaved a sigh of relief. Fortunately, she had chosen the most suitable colors. She had been paying attention to her identity and did not ask her to wear those weird clothes. At least she did not embarrass herself.

Later, Qin Xiaoyue returned. This time, she finally changed into a slightly loose set of clothes. However, she did not see anything that was suitable. Of course, it was not something that a woman of her age could wear.

Old Master Lu turned a blind eye and did not see it. It was really eye-piercing to see too much.

Regardless of how the people around her acted, it did not seem to affect Yan Huan. She continued to eat and drink. She even wanted to snatch the chicken drumstick from Old Master Lu. She was the youngest in the entire family. In the end.., adults couldn't snatch the chicken drumsticks from children, right.

And everyone, including Lu Yi, really treated her like a child.

Old Master Lu also lived here. Although the Doctor didn't allow old master Lu to eat too much, it was also because it was the new year, so he didn't have too many requests.

If he wanted to eat, he didn't have to block it.

Just as Yan Huan said, the chef who made the roast chicken was really good. The roast chicken was very delicious. Of course, one day, the chef made a roast duck for them, the taste was even better.

It was a secret sauce, a few slices of cucumber, a few slices of shallots, and a special pancake. Tsk, the taste was really unpredictable

The old man especially liked to eat. He had to eat a little every day.

Lu Jin saw that the old man's taste was so good, and he was very happy, especially during the New Year. It was not the old man alone in the Liuyuan Garden, so he was relieved. The New Year was also good, or else.., he yearned for the old man every day, and sometimes he even had to sleep on the floor. He was afraid that his old father would feel uncomfortable.

This year was great. He was the happiest that his father could stay at home. Of course, there was nothing to choose from for Yan Huan's daughter-in-law.

With Old Master Lu around, Lu Qin's family would not be able to come up with any new tricks. The three of them had been staying at home for quite some time. Other than eating, they hardly came out.

As for Lu Qin, he didn't know if he was feeling guilty or something, but he directly said that he had a chance. He had moved out of the Lu family and hadn't returned yet.

Lu Yi said that Lu Qin was a person who was afraid of death. If he stayed here now, he would undoubtedly be beaten to death. There were some things that he could do the first time, but he couldn't do it twice, and he had abandoned his mother and wife so irresponsibly. This was also expected. No matter if it was old master Lu, Lu Jin, or Lu Yi, they wouldn't do anything to them.

Yes, they wouldn't do anything. But now that old master Lu was here, whoever he disliked would have a hard time.

And now that Yan Huan thought about her past life, she actually felt that she was pretty good. At the very least, Old Master Lu didn't hate her to such an extent.

And by the seventh day of the Lunar New Year, the Lunar New Year was almost over. No, it was almost over. Old Master Lu could no longer stay here. One moment he felt that the air was bad, the next moment he felt that it was too noisy, and the next moment he felt that it was not pleasing to the eye, if it was not pleasing to the eye, he had to go back.

Of course, in the end, he still had to bring back the chef that Yan Huan had invited. That chef was about the same age as Lu Jin. Although he was a chef, he was also a good chess player. Usually., he also quite liked playing chess. Now that he had finally met another chess partner, he was naturally willing. Moreover, the old master's food was much simpler than the food of a family, and it was also much more relaxed.

In the end, the chef still followed Old Master Lu back.

Old Master Lu was in a good mood. He came happily and left happily. Of course, he was generous. He did not forget to give Yan Huan and Lu Yi New Year's money. Mengni was also a portion, but the others could forget about it.

In Qin Xiaoyue's heart, she was thinking about Mengni's new year's money. After all, the old master gave a lot of New Year's money in a year. And this money had always been in her hands, whether it was from Lu Qin., it was the same for Yan Huan in the past.

But this time it was Mengni. How could mengni give her own things to Qin Xiaoyue so that Qin Xiaoyue could spend them while she watched.

Yan Huan waved the red packet in his hand. This red packet was a little small, why was it so small? She clearly saw Mengni. It was a big packet, and even Lu Yi was a big packet,

why? She was the only one she had. Could it be that the old man did not like her in any way? So, he gave others big packets, giving her 100 yuan, 10 yuan, or even 1 yuan.

"What are you unhappy about?" Lu Yi walked over and found Yan Huan staring blankly at his red packet.

There was 1 yuan in it. Yan Huan waved the red packet in his hand again. It felt like there was a piece of dense paper in it. It was so thin.

"Look at how thick Mengni is." She tried to be more honest. It was probably fifty thousand yuan. But what kind of demon was this.

"Let's change it." Yan Huan was thinking about Lu Yi's red packet.

"There's no need to change it. It's all for you." Lu Yi took his red packet and handed it to Yan Huan. He had these every year. They were all given by his grandfather. They were basically fifty thousand yuan. That was why they were so thick.

As for Yan Huan's, he picked up the thin red packet. Yan Huan's was really a little different from theirs

"Open it and take a look. Trust me, grandfather will definitely not give you anything bad. In his place, the more inconspicuous something is, the more valuable it is." The old man at home was not a person who liked to exaggerate, even though., his family was really rich. They did not know how rich it was. However, they knew that the old man had been a bandit in the early days. Otherwise, he would not have such a bad temper, of course, during those years, he must have snatched a lot of good stuff. The

old man was an extremely smart person. These things must have been hidden there. After liberation, they were dug up again.

Chapter 1475: had no secrets

Therefore, when the old man made a move, giving money was a small matter. It all depended on what he could give Yan Huan.

Yan Huan actually did not have much interest in these things. She really liked gold, silver, jewelry, and anything that could be converted into cash, she stuffed her pitiful little red packet into Lu Yi's hand. Alright, let Lu Yi take a look for himself.

Lu Yi opened it, and sure enough, there was a piece of paper inside.

He opened the page and couldn't help but smile when he saw it. Then, he handed the page to Yan Huan.

"He gave it to you. It's good stuff."

Good stuff. Yan Huan took it over and took a look. Eh, this is..

"It's grandfather's land in the Eastern District. It can be used to build a resort villa. Lu Yi explained that many people had approached the old master and wanted to buy it from him. However, the old master refused to agree no matter what."

Hai city was changing every year. It had become taller, less land, and wider roads. However, there were fewer trees and the water was getting dirtier. This piece of land was a good place that was naturally surrounded by mountains and rivers, it was indeed suitable to build a resort like this. It could also be built into a small-story villa. When the time came, people would like to live there.

In the future, when we build a big house in the morning, we can go and live there.

Yan Huan thought about it and felt that it was quite good. She liked to stay in the garden. However, the garden was Old Master Lu's place. She did not dare to dream about it. However, she could build one herself and build it according to her own ideas.

Moreover, it was a little pitiful. In the future, if she did not have any scenes in the future and all her money was stolen, she would not have a single cent on her. At the very least, she still had this piece of land. If she sold it, it would be enough for her to eat and drink for the rest of her life.

"Help me save it." Yan Huan gave the title deed to that piece of land to Lu Yi. She didn't care about this. When she had nothing to do, she would just be a little rice worm. When she was free, she would run to a few more high-level cameos, she would earn some extra money for herself. It would be enough to cover the expenses of the family.

However, at night, as soon as Old Master Lu left, Qin Xiaoyue came out to be a demon. She also showed off the fancy tricks she wore. Why? Could it be that she had forgotten about the matter of her clothes bursting. On this day, she wore tight clothes again. Did she think of herself as a young girl.

Even Yan Huan didn't wear clothes in this color. She dared to wear it.

Yan Huan was absolutely sure that this dress was bought by Mengni.

Under normal circumstances, Mengni preferred this kind of pink dress. Pink, pink, blue, pink and purple. Each dress was pink and tender. Sometimes, she would wear some eye-catching colors.

And because she was young, and her skin foundation was good, as long as she put on makeup, she would be a little whiter. Therefore, she could control these clothes. As for Qin Xiaoyue, she could control these clothes

That was needless to say.

It hurt her eyes.

“Why is the food today so terrible?”

Qin Xiaoyue directly threw her chopsticks, “Sister-in-law, you can’t be like this. As soon as dad left, you started to be harsh on our family. Thinking about us orphans and widows, we still have to earn money to support ourselves, and now we have to take care of another daughter-in-law. When dad was here, we were big fish and big meat. When Dad left, how did it become vegetables and tofu?”

“We also ate this.”Ye Shuyun scooped a bowl of soup for herself. The New Year was the new year, so everyone ate better. After the New Year, it was better to take back some of the meat on their bodies, then, she looked at the meat squeezed out of Qin Xiaoyue’s body. It seemed to be more than before the New Year. It had already become like this. Did they still want Big Fish and big meat? weren’t they afraid of eating themselves to death.

Qin Xiaoyue’s face turned green. She sneered, “I think you guys want to eat it behind closed doors, right?”

Ye Shuyun did not want to argue with people like Qin Xiaoyue. Bargaining with such people really lowered her level. Although she did not argue, she was very unhappy in her heart, she only knew how to talk about orphans and widowed mothers every day. Did your orphans and widowed mothers have anything to do with their family? Moreover, in the past few decades, what did she say about eating and living with them?

Moreover, as a grown man, he had hands and feet. His own mother and wife did not even support him. Did he have to let his uncle support him.

This man worked outside to earn money. Earning money to support his family was a matter of course. Could it be that Lu Jin just sat here and ate all day? Lu Yi was just like Lu Qin. He was just acting and selling his face, he was also looking for a woman who could support his entire family, yet he wasn’t willing to support them.

Lu Yi’s work was so annoying that even her mother’s heart ached for him. Sometimes, if he worked overtime, it was possible for him to not sleep for a few days.

Who lived in this world didn’t need to pay.

Qin Xiaoyue was still rambling on. That was not good, that was not good. There was not enough meat. There was no chicken, no duck, and no fish.

“Second aunt, the chef was taken away by the old master. The current chefs only know how to cook this. If you want to eat, you can find a chef and fire the fire yourself.”

Yan Huan was really tired of hearing it.

How could he not let people eat properly? He was just like a fly, buzzing. He was really annoying.

Qin Xiaoyue was choked by Yan Huan’s words. She almost spat out a mouthful of blood. She pointed at Yan Huan, and in that instant, it was as if she wanted to slap Yan Huan’s face.

This woman who used to be so careful with her and even spoke harshly to her no longer had a daughter-in-law. Now, in front of him, she was someone from the other side of the family who would not even put her in his eyes. That’s right, she was rich now., she was worth billions. Now That Lu Jin and ye Shuyun liked her and Lu Yi spoiled her, even old master Lu did not scold her anymore. What was Qin Xiaoyue Now

“Yanhuan, don’t forget...”

“Second aunt, if you don’t want to eat, you can go out.” Lu Yi lifted his face and interrupted Qin Xiaoyue’s words. His black eyes were full of warning, making Qin Xiaoyue’s words stuck in her throat, she wanted to swallow but couldn’t. She wanted to vomit but couldn’t.

She couldn’t get up, and she couldn’t get down. Almost all of them didn’t suffocate her to death.

Yes, there were some things that she couldn’t say, and she didn’t dare to say.

If she said it, it would harm her family. It would make Lu Qin the target of everyone in the entertainment industry. As for Yan Huan, what harm could he do to her? She was the victim. Moreover, the people the Lu family wanted to protect., could not be protected. She could imagine that if this matter was known by everyone, the first to suffer would not be Yan Huan, but Lu Qin, but them.

Meng ni always felt that there was something that this family did not tell her, but she could not find out. It seemed that this matter was a secret that the Lu family could not tell.

All the people in the Lu family might know, but only she did not know.

Chapter 1476: came to get married

She lowered her head and poked the rice in her bowl with her chopsticks. This was completely different from what she had imagined of a wealthy family. The wealthy family that she thought of was just going out for all sorts of dances when they had nothing better to do. Every day, they would dress up very beautifully, following a group of wealthy women, they would either go out to buy limited-edition bags, buy high-end cosmetics, or watch a runway show or listen to a concert.

But now she felt that she was living such a miserable life.

It wasn’t that the Lu family wasn’t good.

It was because she was married to Lu Qin and not Lu Yi. She raised her head and looked at the Lu couple.

Lu Yi carefully picked out the fish bones and placed them in Yan Huan's bowl. If Yan Huan wanted to eat shrimp, he peeled the shrimp and fed it to her.

As for her, she was eating white noodles. Lu Qin had never been like this. A man who cared about a woman could tell from these small details.

"Do you still want to eat?" Lu Yi asked Yan Huan and peeled another prawns for her, Yan Huan shook her head. She didn't want to eat anymore.

She had eaten enough

"Eat another one." Lu Yi placed the peeled prawns in Yan Huan's bowl again. Yan Huan ate it without hesitation. Her skin was moist and tender, and it really had a lot to do with her food, look at how good her food was now. She could sleep well every day, eat well, and not get fat. Her complexion was getting better day by day, and it had been a long time since she had been sick.

After eating, Yan Huan still had to go out with her assistant in a while to shoot an advertisement. Her endorsements were all lined up until next year, and they were still being continued. Today was the magazine.., tomorrow was the magazine. They both had headaches from the shoot, but of course, they also had a soft spot.

Not long after Yan Huan left, three special guests came from the Lu family.

Fang Zhu and Fang Zhu's mother.

What were they doing here?

Ye Shuyun had not contacted the Fang family for a long time. To put it bluntly, they were not familiar with each other. It was because of Fang Zhu that the two families were close, even though Lu Yi and Fang Zhu had been together for three years, the relationship between the two families had not been decided. Of course, the two families had not been interacting with each other.

Moreover, after Lu Yi and Fang Zhu broke up, the two families had not contacted each other anymore.

Lu Yi did not say much about how Lu Yi was injured. Perhaps ye Shuyun was not too clear about it. She only knew that her son was injured in the jewelry store. Lu Yi was too severely injured at that time, so Fang Zhu did not come over at the beginning, ye Shuyun did not like it either. Later, Lu Yi was betrayed by Old Master Lu, so she did not investigate it. She also did not think that Lu Yi was actually harmed by Fang Zhu. Otherwise.., she was just about to kick the Fang family out.

However, no matter how much she disliked it, her upbringing did not allow her to pull a long face at others.

Also..

Why did they suddenly come all of a sudden?

They Came? Lu Yi took the bluetooth earpiece from his ear, opened the door and walked out. When they walked into the living room, they really saw Fang Zhu's family of three.

Fang Zhu stole a glance at Lu Yi. Her face was full of hesitation. It was still the same clothes that had not changed much. One style could last for three years. Others would think that she would wear one piece of clothing for three years, but it was not... it was someone else's clothes. Every year, she would wear the same style, and she would wear it for three years.

Her hair was meticulously combed at the back of her head. Even mother Fang's style was exactly the same.

Indeed, like mother, like daughter.

It was all because of this mother that her daughter's aesthetic judgment was distorted.

"Shuyun, look at how well these two children match."

Mother Fang affectionately pulled ye Shuyun's hand. Ye Shuyun's face was awkward, but her heart was uncomfortable. The hair on her forehead tightened as she hurriedly pulled her hand back. This was too cordial, and she couldn't bear it, she felt that she must have been blind in the past. No matter how she looked at it now, she didn't feel that these two people were compatible. Perhaps she was used to seeing Yan Huan's extremely exquisite face now, even if she pretended to be ugly on purpose, she was still extremely cute.

Now, as long as she took another look at Fang Zhu, she would feel afraid. What was wrong with her brain back then? Why did she think that Fang Zhu would be suitable for Lu Yi? Although her son's personality was a little cold, he was good-looking..., he was tall, handsome, had a good job, and was also capable. No matter what, he could not be matched with someone so ugly. Indeed, finding a wife was not allowed to find someone so ugly. It would affect the next generation.

She was imagining it for herself. A granddaughter like Yan Huan and a granddaughter like Fang Zhu. Could This scene be any better? Could it not be so terrifying.

One was like a sweet little ball, and the other was like Ultraman.

Really, she did not dare to think about it anymore.

Mother Fang could not help but be stunned at Ye Shuyun's dodging. Then, she smiled and said, "Look at us. We were really too busy, so we didn't come over all this while. Now, we finally have the time."

Are you lying? Ye Shuyun snorted in her heart.

Such a fake excuse. Even a three-year-old child would say that. Do you really think she is stupid?

Fang saw that ye Shuyun's expression was still rather calm, so she spoke again.

"I think these two children are already old. We need to make some preparations."

"Prepare for what?"

Ye Shuyun was stunned by their words. Yes, prepare, prepare for what? What could they prepare for? What other preparations did their family have with the Fang Family?

Were they preparing for war, or were they preparing for business?

“The matter of the two children getting married.”

Fang Mu covered her mouth and laughed, “I don’t think we need to set a date for now. In a few days, we will settle the marriage first. Then, we will get married. Now that the two children are old, we can not delay it.”

Get Married?

Ye Shuyun almost choked on her own saliva. A bolt of lightning struck down from the sky and charred her.

She turned around and looked at her son who was standing beside her. She could not help but swallow her saliva. This was really the strangest thing she had ever heard in her life.

They had already broken up a few months ago. Why did the woman come over and say that she was going to get married.

Where did such a strange thing come from.

Ye Shuyun was a little dumbfounded.

Lu Yi was already married. Although the marriage was strange and she was not unwilling, she had accepted her fate. But now, she felt that it was perfect.

And she really couldn’t find a woman better than Yan Huan, more suitable for the Lu family, and more suitable for Lu Yi.

In the past, she felt that Fang Zhu was still alright. But now, she really couldn’t bear Fang Zhu’s heartless and unloving personality like master extinction, let alone someone like him.

Chapter 1477: had nothing to do with her

She almost wanted to cover her eyes. There was nothing she could do. The one at home was too beautiful. She had gotten used to it, and her aesthetic standards had reached this point. All of a sudden, there was such an eyesore.., she really could not accept it.

Her eyes hurt. What should she do?

Lu Yi glanced indifferently at the top of Fang Zhu’s head

“Miss Fang, we’ve already broken up.”They had already been separated for several months, and he had never thought of contacting anyone. Why was she suddenly looking for him to get married? This was a marriage of sorts. Didn’t he think it was a forced marriage?

“What do you mean by breaking up?”Mother Fang was unhappy when she heard the word ‘break up’, “How Old Are you guys? Lu Yi heard from Auntie that our little Zhu’s temper is a little slower, but her heart is good. You guys have been quarreling for so long, so it’s time for you guys to reconcile.”

“Don’t you think so, Shuyun?”Mother Fang called ye Shuyun’s name. “You’re already in your thirties, not a child. Why are you breaking up all the time?”

Ye Shuyun didn't even want to fake a smile. She really admired the shamelessness of some people.

What did she take her son for? She broke up with him just like that, and she got him back just like that. Could it be that her son was really that cheap? He couldn't get a wife and had to wait for her for the rest of his life.

Lu Yi's eyes darkened. "Miss Fang, let me say one more thing. We've already broken up. We've already broken up for a few months. I made it very clear to you on the phone last time."

"Lu Yi, I know that little Zhu did a lot of things wrong. Mother Fang quickly helped her daughter explain, but you also know that women are always younger and more angry. "If you can't think things through, you'll make things difficult for yourself. Even if little bamboo wants to break up with you, you can't agree to it. That's just a small trick that women use."

Ye Shuyun had an impulse to smash someone with a cup. What kind of words were those? did her son not have a temper? Why did he have to shamelessly keep her, did he follow an old woman like a lapdog, wagging his tail and begging for pity? Where did this Heaven Immortal come from? And she was a beauty. She even wanted her son to seek death. She had to marry him.

The other party had already said that they were splitting up. Could it be that no one wanted their son anymore.

"Miss Fang, we broke up," Lu Yi said the same thing. Just as mother Fang was about to say something else, Lu Yi interrupted her. Sorry, he had never thought of getting back together with Fang Zhu, "Of course, I didn't think of marrying her."

"I remember you saying that you were getting married. You even asked me to help you choose a diamond ring."

When Ye Shuyun heard this, her face immediately turned black.

Oh, they broke up. She was getting married, and she still needed her son to help her choose a ring. Did she have to sprinkle salt on her son's wound? Fortunately, her son didn't like Fang Zhu very much. Otherwise, it would be very embarrassing and unbearable.

It was one thing for her to be heartless and unloving, but she had to think of others as stones. Did she not know that others would be embarrassed and ugly?

There was also something that ye Shuyun suddenly thought of?

"Lu Yi, don't tell me that you were robbed because you bought her wedding ring from another man?" Ye Shuyun pointed at Fang Zhu. Was it that time? Was this the one she was talking about?

The one she was talking about almost caused her son's death.

It was fine if she was willing to live, but why did she implicate someone else's son.

Was It Like This? Was It Like This?

"Lu Yi, I want to hear the truth."

Ye Shuyun asked Lu Yi sternly. Was It Like This? Tell her the truth.

“Yes,” Lu Yi admitted. “It was that time.”

Ye Shuyun stood up with a whoosh and directly returned to her room. She still had some self-cultivation. Otherwise, she wasn't sure if she would turn from a noblewoman into a shrew in a while.

Then, she threw a chair out.

Everything was easy to talk about and everything was easy to bring up. However, she couldn't harm her son's life. Ye Shuyun only had one son in her entire life. Fang Zhu was the only one who almost harmed Lu Yi's life. On this point., ye Shuyun could no longer accept Fang Zhu.

The reason why she accepted Yan Huan so easily back then was because Yan Huan saved Lu Yi's life. If not for this point, she would not have agreed so quickly and stopped causing trouble. Although it was not very satisfying., however, she did not object. Fortunately, she still did not know that the reason why Lu Yi was so heavily injured was because Fang Zhu had helped Lu Yi take the bullet for her.

If she knew, she would not be the one to leave, but would really kick him out.

After ye Shuyun left, mother Fang did not feel very comfortable. She was here to discuss the marriage. Without her parents around, what else did they want to talk about.

“Lu Yi, look, your marriage with little zhu...”

Mother Fang had no choice but to find an opening from Lu Yi. No matter what, Lu Yi and Fang Zhu could not let go. Fang Zhu was almost 30 years old, and no one wanted a 30-year-old woman anymore, if she looked again, she might not be able to find someone like Lu Yi.

So no matter what, she was thick-skinned enough to come here.

It was all because of this useless daughter of hers. How did she break up? Now she was talking about it. She originally thought that she could drag it out for a few more years, and then it would not be too late to get married. Of course, she also wanted to test Lu Yi for a few more years, she also wanted to see if Lu Yi was really suitable to be her daughter. And now, before she had the chance to test him, Fang Zhu actually broke up with Lu Yi. And it was her daughter who suggested it.

Also, she had already risked her life to save her daughter. Why did she break up with her daughter again? She must still be angry. So, as long as they softened their tempers, Lu Yi would definitely be soft-hearted.

“Aunt Fang, Miss Fang and I have broken up,” Lu Yi emphasized this sentence. He did not say anything else but this one sentence.

He and Fang Zhu had broken up. That was how it was. They had broken up.

“You two have broken up. Can you get back together?”

“Get back together for what?” At this moment, a young woman walked in. She was wearing a white sleeveless dress. Her smooth black hair was draped over her shoulders. Her facial features were exquisite and beautiful. She was very amiable and warm, the smile on her face was light and simple.

However, it was not ugly to see that the little sexiness that was constantly coming out of her body, from her collarbone, from her fingertips, and from her eyelashes, was slowly being accentuated.

Especially when she smiled, it made people feel very comfortable.

“Yan Huan.” When Fang Zhu saw Yan Huan, her mood instantly turned bad.

“What happened between me and Lu Yi has nothing to do with you.”

“Nothing to do with me?” Yan Huan was puzzled. How could it have nothing to do with her. She walked over and sat in front of Lu Yi. Then, she hugged Lu Yi’s neck as if she was occupying him. She leaned her body into his embrace and kicked off her high heels.

Chapter 1478: was none of her business

“My feet hurt.” She pouted and complained. No matter which woman it was, as long as she wore high heels and stood there for a day, no one would be able to stand it.

Therefore, you could only see my beautiful posture, elegant figure, and the dazzling brilliance as I stood there. However, you didn’t know what I was enduring, the feeling of almost stepping on the ground with the tip of my foot, undoubtedly, it was no less painful than the Little Mermaid’s pain of stepping on a sharp knife step by step.

Sometimes, a woman’s beauty was also filled with all kinds of pain. Needless to say, some women even had to give themselves a knife here and a needle there.

Lu Yi pinched her feet. “Soak them in boiling water for a while. who asked you to wear such high shoes?”

“It’s my job,” Yan Huan snuggled into his arms like a spoiled kitten. She didn’t want to wear it, but it was her job. She had to have her work ethic, right?

“You, you...”

Fang Zhu only reacted after a long time. She stretched out her hand, unable to make a sound. It was as if someone had seen her cheating husband and mistress. She wanted nothing more than to tear them into pieces.

We’re fine

Yan Huan tightened her grip on Lu Yi’s neck and pressed her face against his.

“By the way, Miss Yan, what are you doing at my house?”

“Yan Huan, you’re a Fickle Woman!” Fang Zhu stood up with a huff. Fortunately, she had a stomach full of knowledge and a stomach full of books. But up until now, she could only say this one sentence, only one sentence.

A womanizer? Did she have one? Yan Huan never had one. She was clearly very single-minded, okay?

“Lu Yi, is this how you treat my little Zhu?” Mother Fang was so angry that she stood up with her daughter and began to blame Lu Yi.

The mother and daughter's expressions and actions were almost identical.

"Fang Zhu and I have already separated," Lu Yi had already repeated this sentence many times.

"Then can't you also not be with her..."

Fang Zhu shook her head because she couldn't believe that Lu Yi was actually with Yan Huan. Yan Huan was his party brother's wife.

"Why can't I be with him?" Yan Huan glanced at the mother and daughter indifferently. "He's my husband. Why can't I be with him?"

Fang Zhu felt his head go blank, and he couldn't hear anything. There was only one sentence, 'He's my husband, he's my husband...'

They were married, how could they get married..

"Miss Fang, I didn't publicize the matter of you stealing my stuff." Lu Yi gently stroked Yan Huan's hair, and the words that came out of his mouth were like beads of ice, "I also hope that there are some things that Miss Fang had better not say out. Otherwise, be careful of your Fang family."

Fang Zhu's expression froze again. Lu Yi was threatening her. He was actually threatening her. If she dared to say anything, he would deal with the Fang family, right? But how was this possible.., how could Lu Yi be together with Yan Huan.

Clearly, Yan Huan was Lu Qin's woman.

"Aunt Fang, Miss Fang, please..."

Lu Yi chased her away because Yan Huan seemed to be a little tired. She had already yawned a few times, so it was no wonder that she had left early in the morning. She had been filming for the whole day, and she had to wear such high shoes.

Lu Yi carried Fang Zhu up, and his bei Jing looked at Fang Zhu with an unusual glare,

"I don't like her the most."

Yan Huan lay on the quilt. He didn't want to speak, and his feet hurt.

"You don't know. At that time, she liked to mock me the most. She said that my breasts were big and brainless, that I was an idiot, and that I had an empty face. Most importantly, I don't understand why you would be with such a woman." Yan Huan reached out and poked his chest.

"Your taste is very unique, really."

Yes, Lu Yi's taste was very unique.

If it wasn't that person, it didn't matter who it was. Lu Yi pulled up the blanket for her. "Sleep."

"You sleep with me." Yan Huan hugged the blanket. She didn't want to sleep alone.

"Okay." Lu Yi took off his coat and lay down. Then, he hugged her from behind.

"Okay, go to sleep."

Yan Huan closed her eyes to sleep and then opened them again.

“Do you think she can still get married in the future?” Yan Huan turned around and asked Lu Yi. To be honest, with Fang Zhu’s personality, everyone would stay away from her.

“Why? Aren’t you tired?” Lu Yi pinched her face and asked.

“What does this have to do with being tired?” Yan Huan was puzzled. “Let’s talk about Fang Zhu’s problem now. Tell me, if you don’t marry her and she can’t get married, is it your fault or mine?”

“Whether she gets married or not, that’s someone else’s business.” Lu Yi rested his chin on Yan Huan’s head, “And now, Miss Yan, sleep well. Don’t forget, you have to wear high heels for another day tomorrow.”

“I’ve forgotten.” Yan Huan thought of the suffering she would have to endure tomorrow and had a headache. Well, then sleep quickly. If she slept a little more today, she would be able to wake up a little earlier tomorrow.

She hugged Lu Yi’s waist tightly and buried her face in his embrace.

“Lu Yi...”

“MMM.” Lu Yi caressed her hair gently and replied to her.

“I had a dream.”

“What Dream?”

Yan Huan fluttered her long eyelashes. “It might not be a dream either. It seems like I always end up in a very strange place.”

“A strange place? What Strange Place?” Lu Yi’s fingers paused for a moment before he continued caressing her hair as though nothing had happened. He caressed her hair gently and her hair did not tie a knot, her hair was also very smooth.

“Like the Liuyuan Garden,” Yan Huan hugged his waist tightly and mumbled to himself in the end.

“But I haven’t been to the Liuyuan Garden a few times. Why am I so familiar with it? I even know, know...”

“Know what?”

“There’s a person in that room, a woman, but I can’t see her face clearly...”

“Tell me, why would I have such a Dream?”

Lu Yi’s fingers stopped, and he gently patted her back.

“It was just a dream.” His voice seemed a little soft, but it never fell. It was just a dream, yes, it was just a dream, an ordinary dream, and everything in the dream was fake.

“If you found out that this is actually a dream, what do you think you would do?”

“What’s Your Choice?”

He was asking, but Yan Huan did not answer. Perhaps she would not be able to answer. She had already fallen asleep. Perhaps it was because she was too tired, so she had not had that dream for a long time, it was also because she had not heard that voice for a long time.

When night fell, it was already dark outside. A young man walked in from outside. He walked forward with large strides. He was also staring straight ahead. In his hand was a medicine box.

Chapter 1479: was sick

Knock, Knock. He knocked on the door.

Not long after, the door opened. Lu Yi opened the door and let him in as well.

When he entered the room, there was a faint fragrance of flowers. It was clearly a pure male room, and there weren't many fancy decorations inside. Everything was a little rigid and somewhat stiff, there were not many colors.

However, there was a different scent now. A Cool fragrance, and the fragrance of flowers.

The temperature in the room was also extremely warm. A little woman was lying on the large bed that was originally Lu Yi's stiff body. The woman was lying flat on the bed. Her face was not too good, and she was a little pale, her hair was also extremely messy and draped over her shoulders.

At this moment, her breathing seemed to be much softer than usual. One could hear that there was something wrong with her voice.

He Yibin walked over and placed his hand on the woman's forehead.

"You have a fever. How did you do it?"

"Perhaps the window was opened a little too wide. It became like this after some wind blew."

Lu Yi sat down and carefully covered Yan Huan with the blanket. His eyes, which were originally cold, could not be seen at this moment. The heartache in his eyes could be seen.

He Yibin did not ask anything and did not say anything.

In any case, with Lu Qin's character, he would do anything.

If he did not really do it, he would even dare to marry Yan Huan.

And no matter what this woman was like in the past, at the very least, she used her own life to save Lu Yi. This was something that Fang Zhu couldn't do. As long as she didn't implicate Lu Yi, it was fine.

He Yibin took out the thermometer and handed it to Lu Yi. He took her temperature, and if it didn't work out, he would let her stay in the hospital. Last time, he originally wanted her to stay for a few more days, but in the end, she ran away by herself.

Lu Yi put the thermometer away for Yan Huan and carefully wiped the sweat from her forehead. She was still fine when she came back, but she was really fine. She had to secretly open the window to look

at the stars outside, her hands and feet were a little cold from the cold. She was fine now, and she was sick again.

He pulled Yan Huan's finger and held it tightly in his palm. Her hand was well-maintained, and there might be a few more holes. It was all his fault. No matter what.., he would take care of her body to the same extent as before.

He Yibin first gave Yan Huan a needle. No matter what, he first let her fever go down. Now, it looked like her fever was really serious.

Lu Yi waited until the time was up. He took out the thermometer and handed it to He Yibin. He Yibin took the thermometer and placed it in front of his eyes.

"It's already 39 degrees. Why is it so hot?"

He binyi thought for a moment. No Way. If it was an ordinary person, it would be better. Yan Huan, who had once lost a certain amount of blood in an instant, would inevitably have his organs affected, it would be better to go to the hospital. He might still need to do a comprehensive check-up.

Lu Yi removed the blanket and took one of his clothes to wrap Yan Huan up. She was very thin. Even his ordinary clothes could be used as a blanket for her.

Yan Huan opened her eyes. Her head hurt a little. It was very painful, but also uncomfortable. Even her breathing was a little tight.

"I'm uncomfortable..."she was so sad that tears fell from her eyes. Her face was so pale that it was transparent.

"Yes, don't be afraid. We will reach the hospital soon."Lu Yi kissed her forehead. "I'm here. Everything will be fine. Trust me."

"Okay,"Yan Huan replied softly. Then, she fell asleep again. At this moment, when Lu Yi hugged her, he could feel the warmth on her body. It was so hot that it almost scalded his skin.

"What's Wrong?"Ye Shuyun and Lu Yi also came out. When they saw Lu Yi carrying Yan Huan out, they were also shocked. What happened.

"Why is her fever like this?"Ye Shuyun stretched out her hand and touched Yan Huan's forehead. The high temperature was caused by her hand being scalded.

"I'll send her to the hospital."Lu Yi hugged Yan Huan tightly. She was sick, so he was worried about her. All the heartache in his life was given to her.

"Wait a moment, I'll go over to take a look too."Ye Shuyun hurriedly went back to change her clothes.

"Mom, there's no need. I'll go by myself."

Lu Yi was fine by himself. There was no need for anyone else.

After he finished speaking, his footsteps became even louder.

Qin Xiaoyue heard the noise outside and also came out. When she saw Lu Yi hugging Yan Huan's face, she knew that he had a fever.

"I think he has done too many bad things. He deserves this kind of retribution."

Lu Yi stopped in his tracks. Qin Xiaoyue felt her scalp go numb at that moment. However, she still turned her face away in the end. What was wrong? was what she said wrong? If there was no retribution, what was wrong? What was wrong? She was about to burn to death.

"Lu Yi, there's no time. Let's leave quickly."

When he Yibin came out, he was also in a hurry to leave. Yan Huan's condition was getting worse. He was worried that something was wrong with her.

Lu Yi hugged Yan Huan tightly and walked out.

He Yibin opened the car door and sat in the driver's seat. He would be fine after a while. With Lu Yi's current condition, he would not be able to drive. If this car was really driven by him., it would be fine as long as he didn't get into an accident.

He stepped on the gas and the car drove towards the hospital.

Yan Huan slowly opened her eyes. At this moment, her lips were so dry that they were peeling. Her voice was hoarse in her throat.

"Lu Yi..."

Yan Huan wanted to move, but she realized that she didn't have any strength. was she going to die?

"Do you still feel uncomfortable?" Lu Yi carefully placed his hand on her face. He could feel the warmth of her body through her clothes. She was still dribbling, but it had been so long., there was no sign of her fever subsiding. Instead, her fever was getting worse.

"I feel uncomfortable." Yan Huan pressed her face against his palm. She couldn't help but want to cry.

"Lu Yi, do you think I'll die?"

For some reason, this was the first time she felt so close to death.

Would she die? Could it be because she had done too many wrong things and was about to die? Just like Qin Xiaoyue said, she was about to die, right?

"Nonsense, you won't die."

Lu Yi pulled her clothes to her neck and held her hands even tighter, "I won't let you die. You will live well and live to be a hundred years old. We haven't been married for long and we haven't had many beautiful and cute children yet, so you won't die."

Yan Huan lowered her long eyelashes slightly. Then, she stretched out her arms that were like a furnace from under the clothes and hugged his neck tightly.

"Lu Yi..." she called out Lu Yi's name, but very quickly, her consciousness was taken away by the darkness that came one after another.

“Yes, I’m here, I’m here.”

Chapter 1480: was that dream again

Lu Yi pressed his lips against hers. “Don’t be afraid. It’ll be fine. It’s just a cold and fever. It’s not a serious illness.”

Yan Huan fell asleep once again. At this moment, even her breathing started to heat up.

“Don’t be afraid. It’ll be fine.”

Lu Yi kissed her forehead again. At that moment, no one noticed that his expression was dark and even crazy. He Yibin could not help but grip the steering wheel tightly as well. He also hoped that Yan Huan was fine, otherwise, he did not know if Lu Yi would really go crazy.

He had been begging for nothing in the first place. Now that they had finally gotten together, Lu Yi was madly in love with her

He Yibin took out his phone and hurriedly got the hospital to prepare. Yan Huan’s identity could not be announced to the public.

After the car arrived, he yibin hurriedly walked out. He opened the car door and Lu Yi also carried Yan Huan Out.

Yan Huan had almost lost consciousness from the fever and her face was a little pale. She was originally a lively woman like a flower, but now it seemed like she was about to wither.

When they reached the ward, it was almost chaotic again.

Until midnight, Yan Huan’s body temperature did not drop. She was so anxious that he yibin was worried.

Lu Yi did not say a word. He just sat in the city and held Yan Huan’s hand. She was the only one in his eyes. He did not see anything else,

yan Huan’s fever slowly subsided in the second half of the night. When her body temperature was at its highest, it was almost 40 degrees Celsius. She was like a furnace, the only name that came out of her mouth was Lu Yi’s name.

“It’s done.” He Yibin heaved a sigh of relief.

It had finally subsided. It was only 37 degrees Celsius, and the results of the examination were out. It was a viral cold. It came a little too quickly. In addition, her immunity was too low, which was why she was so seriously ill. As for her..., she was on the verge of burning herself to death.

“It’s better if you don’t stay here,” he yibin advised Lu Yi. “You know that she has a viral cold, and it’s contagious.”

“No need, I’m here.” Lu Yi held Yan Huan’s hand tightly again. “She’s timid. If she doesn’t see me when she wakes up, she’ll be afraid. I don’t want her to be alone again.”

What else could he yibin say? Forget it, if she was going to die, so be it. If one of them died, the other would probably not be able to survive.

At this moment, Yan Huan was still not awake. This time, she could be considered to have fallen asleep. Perhaps, she was gradually feeling much better, so she did not feel uncomfortable anymore. The space between her brows also relaxed, her complexion also gradually recovered. Although it was still a little pale, it was still better than when she first arrived.

Lu Yi was careful not to touch the back of Yan Huan's hand because her hand was still being dripped. These needles were injected bottle after bottle. It was unknown how many bottles of medicine had been changed before her fever finally subsided.

"I know it's not your fault. Lu Yi carefully caressed Yan Huan's face. You didn't intentionally make yourself sick. It's my fault. It was my fault that I didn't pay attention back then, causing you to transfuse so much blood into me. That's why your body became like this. "So don't be afraid. I Won't scold you." Lu Yi gently kissed Yan Huan's dry and cracked lips.

"Sleep well. You'll be fine when you wake up tomorrow."

At this moment, Yan Huan was still in the midst of a vast expanse of white chaos. She did not know what had happened to her. How did she end up here again? Yes, how did she end up here? She had even forgotten about it.

"Mommy, is that you?"

A small body pounced over.

She squatted down and picked up the small figure.

"Has light's eyes recovered yet?" She touched the child's small face. It was still the same cute face and the same pair of dull eyes. Xiao Qi looked exactly the same as him, however, she could recognize it at a glance. It was light and not Xiao Qi. It was not because her eyes could not see, but because she knew that this was light and the other was Xiao Qi.

Xiao Guang's lifeless eyes were smiling the entire time. "Mommy is back. Xiao Guang's eyes will be able to see her."

"W-where are we going?" Yan Huan still did not know where Xiao Guang was talking about. This child's name had the word 'light' in it, and light was light. He would not be without light, right?

Yan Huan carried Xiao Guang in his arms. There were only the two of them in the thick fog around them.

"How did Xiao Guang Get Here?" Yan Huan asked Xiao Guang. This place was empty. There was no one here. Would Xiao Guang be afraid?

Xiao Guang shook his head. "Not only do I not know, but Xiao Guang is sick. That's why I came here to look for Mommy. is mommy sick too?" Xiao Guang touched Yan Huan's face worriedly.

"Aunty, no... Mommy is not sick. Mommy is fine. Mommy just misses Xiao Guang and came here to look for Xiao Guang."

She did not know why, but she did not want to hurt this child's heart. If he was certain that she was her mother, then she would be her mother.

Xiao Guang buried his little head in his mother's arms.

"Mommy, when are you coming home? Xiao Guang Misses Mommy. Xiao Guang can't see her anymore. Xiao Guang has forgotten what mommy looks like."

"Mommy is the way Xiao Guang looks in his heart. She Won't change." Yan Huan pressed Xiao Guang's little head into his arms. "Mommy Won't change. It's in Xiao Guang's heart. She will never change."

"Mommy loves Xiao Guang the most too. She won't abandon Xiao Guang."

The mist in front of her seemed to have subsided a little. Yan Huan turned around and saw a ward. Everything in the ward was now clear in front of her eyes,

there was a man in the ward. At this moment, his back was facing her. The person lying on the large bed at the side seemed to be her.

She stood up instinctively and walked over.

The man turned around. The side of his face was so familiar that it made her heart palpitate.

Lu Yi.

"Mommy doesn't want to go..." Xiao Guang suddenly hugged Yan Huan's leg and burst into tears.

"Mommy doesn't want to go. Didn't mommy say that she wanted to go home with Xiao Guang?"

Yan Huan's lips touched gently. She stood there and looked at everything in the ward. Her heart ached. She squatted down again and hugged Xiao Guang's small body tightly.

Then, she sobbed.

The Mist in front of her rose again. It was another room, and it was as if she could see inside. There was also a small bed inside. A small child was lying on the small bed, the child's small face was burning red. He was crying and crying for his mother from time to time.

The child's small face was extremely familiar. It was Xiao Guang.
