

Chapter 1501: Acting Like a monkey

After washing her hair, her face was once again covered in dry skin from the blow-dryer. After the makeup artist mended her face for a long time, she wanted to cry, but no tears came out. No matter how much she mended her face, it wouldn't look good. In the end, she had no choice but to stop mending her face, all of her makeup was removed and she had to do it all over again.

On the other side, Yan Huan's advertisement had already appeared. The general effect could be seen.

"Her skin is so good that she doesn't even need to use soft light."

A staff member couldn't help but exclaim in admiration.

"She's only in her twenties. What do you think? She became famous early on and is still very famous in this industry. Although she retired from acting in the past for a few days, her comeback was quite successful."

"There's no problem with this commercial." A few staff members were very satisfied with this commercial. They were too satisfied. Whether it was the angle or the performance of the actors, they coordinated perfectly, moreover, this beauty was very responsible.

On the other side, they were still trying their best to film Coco Yang's terrible hair. They were all complaining about the same thing. This was too difficult to film. The difficult ones were enough to make people want to cry.

They were not filming any other commercial, but a shampoo commercial. This was not a good hair. How could they film it?

This advertisement was filmed for an entire afternoon. However, even after filming for such a long time, it was still not done. This was because Coco Yang's hair was too terrible. After washing it, it started to tie up, she was also a delicate person who was afraid of pain. As long as someone touched the knot on her hair, she would scream in pain. It was like killing a pig.

There was no other way. In the end, even the makeup artist was unwilling to touch her hair. As a result, they spent all their time on Coco Yang's terrible hair, whether it was the makeup artist., in the end, even the hairdresser was called over as well.

However, when the hairdresser saw Coco Yang's explosive hair, he could not remain calm on the spot.

It was said that this hair had been dyed too many times, so the damage was already very serious. Even if they wanted to do care, they would need to do it for a month or so. Yang Keke could wait for a month or so, however, her advertisers could not wait. Her company's advertisement could not wait. Her advertisement had to be broadcast at a time slot. How much was a second? Yang Keke could not afford such a responsibility. No one could afford it.

Later on, they had no choice but to find a stunt double and let Yang Keke be the stunt double for her hair. The stunt double had just finished making her hair and it was naturally very shiny. Finally, after three days of hard work., they finally managed to shoot this advertisement.

However, they did not expect that their advertisement, which they had worked so hard to shoot, could not even pass the preliminary examination in the end. The company was not satisfied at all.

This was because this company had two products recently. Yan Huan's was one of them, while Yang Keke's was another.

What Yan Huan had shot that day was immediately taken in. He was youthful and energetic, and he was also bold and unrestrained. Moreover, the effect of the advertisement was also good for ten people. Of course, the performance of the actors was also very good, this advertisement immediately moved the person in charge of the acceptance of the advertisement. The person in charge then relayed the matter to the boss of the company.

The boss also liked it very much. When he took a glance at Yang Keke's photo, he felt that it was a pity. When the boss saw Yang Keke's face, he immediately disliked it. He felt that it was a little irritating to the eyes.

He was already like this, let alone someone else.

Therefore, without thinking, he rejected Yang Keke's advertisement and wanted Yan Huan to take it.

The person-in-charge who had belittled Yan Huan to have nothing better to do, that Baldy, was now having a headache. He had never thought that Yan Huan would make a comeback so soon, in fact, Yan Huan's comeback had nothing to do with him. It was just that he was in charge of this advertisement. He had worked hard for so many years just to show his face to the CEO, perhaps he could be promoted from this place to the company's headquarters. At that time, he would really be able to make a name for himself.

However, he did not expect that he would miss out on such a good opportunity because of a moment of blabbering.

The assistant raised his head and glanced at the bald man before lowering his head to look at his phone.

"I would like to ask if I can meet Miss Yan. Sorry to trouble you."

The bald man smiled awkwardly as he licked his lips and shamelessly said,

"She's not free right now,"the assistant flatly rejected. Yan Huan had said that she would not shoot that commercial again, so she definitely would not shoot it. Back then, who had made them wait there for an entire day and then humiliated them? How could they have forgotten about it now, it didn't matter if she had forgotten about it. She didn't mind reminding him.

Did he really think that Yan Huan didn't have a temper and wouldn't reject anything that came his way?

If he wanted to shoot it, he would shoot it. If he wanted to get lost, he would get lost. What did he think they were?

Even if Yan Huan was unpopular and had gone through a period of decline, with Yan Huan's character, it was impossible for him to go back and shoot this back-to-back commercial. Moreover, Yan Huan wasn't lacking in popularity right now, her endorsements were already scheduled for next year. How was it possible for her to waste her time to shoot another commercial that he didn't like and still have to face such a face that made her uncomfortable?

It was fine if she didn't vomit, what else could she shoot?

And now, her assistant was finally able to hold her head up high.

At that time, she had humbly begged them, but in the end, it turned out that they were doing well. If they didn't want to shoot, they wouldn't shoot, and they were still acting like monkeys.

Now, she was being played back by him.

The bald-headed person in charge shamelessly came looking for her several times. He begged and cried. He was so shameless that he almost rolled on the ground and begged for mercy. Was he determined to fight a long battle? Later on, his assistants simply disappeared, he couldn't find anyone even if he wanted to. Of course, the bald-headed person couldn't call happily. The assistants didn't pick up either. Presumably, they had also blacklisted him. Even if he used another phone to call.., if his assistant hung up the moment he heard his voice...

Since the last advertisement wasn't completed, they could only change it to someone else. However, the big boss probably had a preconceived idea. No matter how good the other party was at filming, at his place.., there was still something missing?

Therefore, even if the advertisement was completed, it wouldn't be perfect. It wouldn't be enough to enter his heart. Of course, he wouldn't be satisfied.

Of course, this Baldy who was originally preparing to be promoted might still have to stay here for a few more years. The world was also waiting for talents to emerge. There might not be a few more years, and new people would come in. This was a place that spoke of ability, it was not a place of age. Perhaps even if he worked in this position for his entire life, he would not be able to get promoted. There was a possibility that he would retire early, and there was even a possibility that he would just leave.

Chapter 1502: five days

As for Yang Keke, she was still developing at a moderate pace. It was unknown who had started to suppress her career. Her new film was inexplicably stuck, her role was also replaced by someone. Her endorsement was also replaced by someone else. Recently, she had been in a tight spot. However, she did not know who the person behind the scenes was? Who had she offended?

Until one day, a company executive told her that she had offended a person she could not offend. This person had never cared too much about these things, but this time, he was targeting her, was he going to destroy her future, or was he going to kick her out of the entertainment industry? No matter how Coco asked, the executive did not say anything.

He only told her a sentence so that she could think about who she had offended.

However, Coco Yang had offended too many people because of her reputation. Even she did not know who she had offended in the past, so how could she know who was behind the scenes targeting her?

The most frightening thing was that someone was not shooting daggers at her from behind.

It was that person who had shot her in the back. She had no idea who that person was. In the end, even if she really got out of the entertainment industry, she still did not know who had driven her away?

Of course, her thoughts had always been on a few directors and a few popular movie stars. When they worked together, not only did they fall out with each other in a flash, but they had also quarreled on the set.

However, she listed a lot of names, but in the end, she did not know who to look for. Later, someone from the company taught her to apologize to that person properly. Who knows, she might be able to redeem something.

She did not even know who that person was. How could she apologize? How could she redeem herself? She could only helplessly accept this inexplicable suppression. At first, she still had a movie to shoot. Later, she started to be cast as a supporting role. Later., she didn't even have a supporting character. Later on, she couldn't receive anything at all. Slowly, she faded from the eyes of others. This period of time was probably much shorter than she had imagined.

"Did you make it?" Yan Huan propped up her face on the table. There was a bowl in front of her. In the bowl was a steaming bowl of noodles.

"Why would you think that?"

Lu Shi took the bowl in front of Yan Huan, picked up some noodles, placed them on the table, and blew on them before feeding them to her.

Yan Huan happily started eating. To her, the most delicious thing in the world was the bowl of noodles her husband made. She would never exchange any of the delicacies he gave her.

"I feel that it's yours." Yan Huan took another bite of the noodles. To be able to hide the identity of the person behind the scenes, this was somewhat similar to Lu Yi's style. That woman had offended too many people, she had probably looked for everyone and apologized, but she was the only one who had not looked for her. It was also possible that in the eyes of others, she was just an ordinary woman.

It was impossible for a powerful force to do such a thing behind her back. It was also impossible for her to stir up a few waves.

No matter how many people Yang Keke visited or how many nice words she said, in the end, she did not escape the fate of having to withdraw from the entertainment industry.

You thought that so many people were begging, but only she was left. If that wasn't her, then who was it?

Although she didn't do anything and she didn't have such great abilities, there was one person who did, and that was her omnipotent husband.

That's right. Lu Yi had such abilities. He could allow Yan Huan to live in the entertainment industry smoothly without any unspoken rules, no substitutions, and no harm. He could also become famous in one shot, of course, this had a lot to do with Yan Huan's own efforts. However, it had to be said that if Lu Yi had not been around back then, Yan Huan would have been gnawed to death by now.

Therefore, it was really possible that this was the work of Lu Yi. She had not even started her revenge when her enemy was about to be turned into ashes. Although it was not that satisfying, it was still quite satisfying.

Lu Yi still didn't admit to eating the noodles, but he didn't deny it either. This proved that there was someone behind this, and it could also be someone else. However, Lu Yi couldn't help but add fuel to the fire behind the scenes.

He was so protective of his own shortcomings that it made people's hair stand on end. In the past, it wasn't convenient for him to make a move, but now it was different. He could brazenly take revenge for his woman.

That Yang Keke had caused Yan Huan a lot of trouble in the past. She actually dared to cause trouble. That meant that she had the ability to endure such an outcome.

Yan Huan finished another mouthful of noodles. Then, he took the bowl and drank all the soup inside. There was not a single mouthful left.

"It's Delicious." She touched her stomach. It was so comfortable. If she could eat such delicious noodles every day, how good would that be.

That was... no matter how she counted with her fingers, she had already eaten noodles for ten days. There were still five more days before she couldn't eat anymore. What should she do then?

And right now, her favorite meal was this meal of noodles. She liked the noodles that Lu Yi had personally cooked.

What should she do? was there really only five days left?

Lu Yi took the bowl to the kitchen and washed it clean. When he returned, Yan Huan was already lying down. She had also pulled the blanket properly. When she was about to sleep, her tiny body was curled up under the blanket, no matter how he looked at it, it looked a little small. With such a big bed, a few songs could fit five of her. He walked over and carefully pulled the blanket away

"What's Wrong?" Lu Yi reached out and hugged her in his arms. He also gently stroked her hair, just like in the advertisement. It was so nice and soft. When he touched it., it was like touching a piece of brocade. It was soft and shiny, and he couldn't put it down.

"Nothing?" Yan Huan habitually hugged his waist. "There are still five days left."

Lu Yi's heart couldn't help but contract.

"What five days?"

"My noodles." Yan Huan felt very sad when she thought about the five days left. Half a month sounded like a long time, but it was actually not that long. Every day, the sky would brighten so quickly. At night,

she would sleep, and another day would be gone.., she had not even eaten for a few days, and it was already over.

She really had five days of noodles now. If she finished eating these five days, there would be no more. Then what would she do in the future?

Lu Yi's heart almost softened. However, this was not a good habit. She still had to change it. How could she not change it? In the future, if she really developed a habit of eating like this every day, she would have to be careful of eating problems.

But now, Yan Huan really wanted this bowl of noodles. Without the noodles, she felt that she could no longer live.

Lu Yi did not know why, but he began to feel some fear in his heart. Because of her words, he still had five days left.

Chapter 1503: Was it her

Yan Huan was sleeping soundly at first, but when she opened her eyes, she thought that she would never come here again. However, she came here again, and compared to the last time, she seemed to have calmed down a lot.

She could lie to others, she could lie to anyone, but she could not lie to herself.

There were some things that she could feel.

And there were some things that she could not know.

She pulled the door open, hesitated, and finally walked in. She stood to the side, watching the unconscious woman on the bed, and the face that she could not be more familiar with.

Was it you?

She asked.

Was it her?

She asked again.

Was it me?

She admitted.

No matter how close she got, no matter how unfamiliar a woman's facial features were, she could still feel that this was not her current self. This was because she did not have any mature worldly wisdom in her body. She could not achieve this.

This feeling was very strange. No, it could even be said to be strange. She was now looking at herself, a half-dead self. Could it be that this was her body, and she was just a wandering soul?

At this moment, the door to the room rang gently, and her body stood there stiffly. The sound of footsteps behind her was very familiar, and it also made her want to cry.

However, that person passed through her and came to the side of the large bed.

He then squatted down and carefully held the woman's hand.

"Don't be afraid, it will be fine. I believe that you will definitely be fine, right? You Won't be willing to leave me, won't be willing to leave our child. We've gone through so much, and it wasn't easy for us to be reunited. How can you bear to do that? Also, Xiao Guang, Xiao Guang's eyes are already blind. He can't be without his mother anymore."

"Huanhuan, you have to persevere, okay? Even if you force me, you have to live on. I will not give up on you. No matter what others say, I will not give up on you."

The man placed the woman's hand on his forehead. At this moment, no one saw his face filled with tears. No one knew that he was crying. No one had ever said that tears were exclusive to women, the man was also sad, in pain, and also deep.

At this moment, a hand seemed to be placed on his shoulder.

The man suddenly lifted his face.

"Who is it?"

At this moment, his face was also hidden in darkness. It was more than half clear, and a large part of it was blurry..

Yan Huan opened her eyes, but the man beside her was still asleep.

She stretched out her hand and gently placed it on the man's face. She also carefully traced his facial features, his eyebrows, his nose, his mouth, and his extremely determined chin. She just stared blankly at him.., she caressed him gently, but there was no trace of him in her eyes. It was as though she was looking at someone else through him.

Was there anything else that was different.

There were many things that were different.

"What's Wrong?" Lu Yi opened his eyes and pulled on her finger. When he touched his lips, he realized that she was crying.

"Why are you crying?" Lu Yi hurriedly sat up and wiped away her tears. "Did you have a nightmare?"

Yan Huan shook her head. Actually, she didn't know why she was crying, but she still cried. She was still so sad that she cried.

"Don't cry." Lu Yi held her in his arms like he was coaxing a child.

"I know you like noodles. Okay, I promise you. There aren't five days left. You can eat as much as you want, okay? You can eat as many bowls as you want, okay? I'll let you do whatever you want."

He let her do whatever she wanted. He let her do whatever she wanted.

He would do whatever she wanted, even if it was wrong and wrong.

Yan Huan was still crying. She did not feel happy or anything. She only knew that her heart was hurting, but she did not know what to say or do.

She did not know how long she cried for, but in the end, she cried herself to sleep. It had been a long time since she cried like this. She was like a child, so unrestrained and helpless.

Yes, helpless. And who would have thought that she was actually helpless now.

“Come, let’s eat the noodles.” Lu Yi placed the bowl in front of her and pinched her face. The two poached eggs inside were all yours. If you still want mine, I’ll give it to you.

Yan Huan shook her head. I’ve already had enough. She picked up her chopsticks and started eating the noodles, but it wasn’t as fragrant as before.

“Is the noodles not good today?” Lu Yi picked up his chopsticks and took a bite. He didn’t feel anything different. It was still the same noodles and the same taste. There weren’t many things that he could make, and this noodles was one of them, it could be considered as something that he made every day. He made the same thing every day. No matter what, it was impossible for him to make something that tasted so bad.

Yan Huan took another bite of the noodles and then raised his head to smile at him. However, that smile didn’t look like the past no matter how he looked at it. Was she too tired, too tired, or was it just eating the same thing, one day, she would still get sick of it.

“Do you not want to eat anymore?” Lu Yi took the chopsticks from Yan Huan’s hands. “If you don’t want to eat, then don’t eat anymore.”

“No.” Yan Huan shook her head. “It’s very delicious. It’s still the same taste as before.”

She lowered her head again and ate the bowl of noodles very cleanly. She also drank the noodles and soup one mouthful at a time. This also proved that she really liked eating noodles.

“Look, I’m done.” She placed her bowl in front of Lu Yi and then showed her true love for eating. Look, even the soup was finished without a drop.

Lu Yi touched the top of her head and ate his bowl of noodles without saying a word. But for some reason, not only was Yan Huan forced to eat, he was the same as well.

It was as if something had changed, and it was in this bowl of noodles.

Yan Huan came here again. It was as if she was living in two worlds, one world during the day and one world at night.

In this world, there was Yan Huan and Lu Yi, and in that world, there was also Yan Huan and Lu Yi.

Yi Bin said that her condition was much better. “Look, you’ve gained a little weight recently.”

Lu Yi carefully pulled the woman’s arm that was as thin as a matchstick. He even said that she had gained weight, but she was actually not fat at all. Perhaps it was because she had more psychological

effects. She was not fat, but she was still as thin as before, and there was still no improvement, compared to the beginning, she was really too thin. She was almost as thin as skin and bones.

"I knew it. You Can't bear to part with us, right? Look, everyone said that you can't speak, but you still survived." Lu Yi carefully squatted up, then, he pressed his face against the woman's almost sunken face. He had tried his best to take care of her very carefully, but he still couldn't take good care of her. She was thin and sick., the last time she was sick, she almost lost her breath and almost died.

Chapter 1504: Lu Qin wants a divorce

Fortunately, she survived. Otherwise, tell him how he was going to survive for the remaining decades of his life. How was he going to persevere?

"I'll prepare some food for you. I remember that you liked to eat sour soup noodles the most because you said it looked like it was made by your mother."

"Shall we eat this today?"

He had been saying it all along, but that woman had never given him any response.

The door closed gently, and there was still someone sitting on the floor. She just sat there, waiting and listening.

Even after the man had left, she still maintained her posture.

She stood up and walked to the bedside. She did not know what other people would do if they encountered such a strange thing, nor did she know how they would solve it. But now, she was beside the other her, and it was as if she had traveled through time and space, as if she had traveled through space, as if she had penetrated through everything.

She reached out and held her other self's hand tightly. And in an instant, something seemed to stab into her brain. She hurriedly let go, and ran away together as if she had seen a ghost.

But after a while, she walked back again.

She held her other self's hand tightly once again

When she opened her eyes again, the dim light outside also fell on her body bit by bit. It was warm and gentle. She stretched out her fingers. Her fair fingers had the clarity unique to her age, even if she didn't need any maintenance, she was still astonishingly beautiful. She was still beautiful and tender.

What was the difference between a twenty-five-year-old and a thirty-year-old?

She didn't know. She only knew that the twenty-five-year-old her had never been injured, had never suffered such serious injuries, had never suffered so many injuries, and had never suffered so much pain.

But the thirty-year-old her had experienced everything.

She was left there, a twenty-five-year-old her. She had a man who loved her, a rising career, an endless amount of money, and a peaceful and harmless future. There was no harm, there was no pain., and there were no difficulties.

When she returned, the thirty-year-old woman had experienced too many things in the past five years.

And these things were things that an ordinary person could not bear.

And could she really bear these things?

She shrank her body. She did not know what to choose?

Suddenly, her head began to ache. It was as if the memories that did not belong to her were all integrated into her brain. At first, it was as if it was torturing her nerves.

After an unknown amount of time, she opened her eyes. However, there was something else in those eyes that were originally beautiful. There was an additional fate of two lifetimes, right?

She laughed bitterly.

Was there anyone in this world who had a more strange fate than her?

She had been reborn into another life, but she had returned to her previous life.

However, regardless of this life or the next life,. There was only Yan Huan. If she stayed on this side, there would be no her on that side. If she stayed on that side, then what would she do on this side?

The phone that she had put aside began to ring noisily. She did not want to pick up. She did not want to pick up anyone. She did not want to listen to anyone's voice.

However, the phone was like a ghost crying and a wolf howling. It kept ringing. It rang again and again. It repeated itself over and over again. It was almost beginning to cause her to feel an unquenchable frustration.

She took the phone and saw the caller on the other end. She was truly disgusted. No, it wasn't just disgust. She wanted to throw up just thinking about it,

she pressed the button to hang up, but the other end of the phone rang again. She took the phone and pressed the button to turn it off. When the phone was turned off.., only then did she feel that her ears were quiet again.

And now she finally understood why she didn't like Lu Qin so much all of a sudden, and why she had lost all tolerance for Qin Xiaoyue. It was because..

She actually lived like this.

She knew that if she continued to beg and beg like before, she would give everything to Lu Qin. In the end, Lu Qin would still treat her like a servant. He would squeeze everything out of her and drink all her blood.., he would eat all her flesh and then ruthlessly kick her away.

Because she had already experienced it once, and no matter how many lifetimes she lived, she would never forget that memory.

"Miss Yan, there's a call for you."

The sound of a servant knocking on the door came from outside. Yan Huan threw her phone aside, then she put on her shoes and went to answer the call.

She didn't even need to guess who it was.

Lu Qin. Heh, Lu Qin. Whenever she mentioned this name, she felt inexplicably disgusted and even more nauseous.

She took the cell phone and placed it beside her ear.

"Yan Huan, you hung up on Me?"

Yan Huan's red lips curled upwards. As expected, it was true.

"Why can't I hang up?" Yan Huan laughed sarcastically, "Mr. Lu, we already have our own families. Don't do such disgusting things anymore. You want to hang up the colorful flags outside, but I don't want to cheat on you."

Why did Lu Qin feel that Yan Huan was very different today? He called Yan Huan's name, but for some reason, an indescribable fear appeared in his heart.

"Yan Huan, I think we need to talk."

"Talk?" Yan Huan sneered. "I don't know what I can talk to Mr. Lu. I don't know either. What does Mr. Lu want to talk to this cousin-in-law about?"

Yan Huan's merciless and aggressive manner also made Lu Qin prepare an excuse for a long time, but he was unable to say a single word.

Lu Qin felt that his voice was filled with difficulty. This was like a duck that had not been fattened up yet. It had flown away just like that. It was fine if it had left, but it still had to backstab him. This was also what made him a man..., the things that he could not tolerate the most.

"Yan Huan, I'm already prepared to divorce Mengni."

"Divorce?" Yan Huan looked as if he had heard a big joke. Even when he rolled his eyes at her, she could not be bothered to look at Lu Qin. "Lu Qin, do you think I'm Stupid? Will you divorce Mengni?"

"Why can't I divorce her?" Lu Qin asked Yan Huan back. "We can still start over."

"Let you use me again to achieve your unspeakable goal?"

Yan Huan's words directly poked at Lu Qin's heart. She would not give Lu Qin any chance to speak, "Lu Qin, don't treat others as fools. Don't let me know that you really love me. When you say the Word 'love', I want to know if you feel guilty or if you have said this word to many women. Maybe you have forgotten who you really loved, who you didn't love, or if you have used too many of them, you are starting to be useless."

"I don't..."

Chapter 1505: you are guilty

Lu Qin was about to speak, he was interrupted by Yan Huan again. "Lu Qin, don't tell me that if you want to divorce Mengni, you'll have to wait until you get past the old man. Why do you think you can still

have everything you want now? It's because your surname is Lu. If there comes a day when your surname isn't Lu, let's not talk about anything else. The matter of Your Mother Killing Me is enough for you and that greedy mother of yours to drink a pot of wine. Also, don't treat women as fools. I'm Not Stupid, and Mengni isn't stupid either."

And remember, don't call me again. I don't want to hear your voice. I don't want to hear a single word.

After she finished speaking, she hung up the phone forcefully. At this moment, she almost wanted to smash the phone into Lu Qin's disgusting face.

If this kind of person stayed, it would always be a disaster.

She walked into her own room. At this moment, she was actually not that uneasy. It was also difficult to stay calm.

She didn't know what to do. She didn't know what to do next, and she didn't know what she could do either?

Two Worlds, one of her.

She hugged her head as well. She was so frustrated that her head was about to split open.

At night, it seemed like they had reached the boundary between darkness and light again. They had missed each other in their past and present lives.

She stood to the side and watched Lu Yi say something from time to time. It wasn't to her, but to the other her, a body without a soul shell.

She walked over and carefully placed her finger on Lu Yi's shoulder. He was sleepy and had fallen asleep, but she couldn't help him cover himself with the blanket.

Suddenly, she squatted on the ground, unable to stop the pain.

Because it really hurt, because it was true. She hated her powerlessness.

When she opened her eyes again, she saw Lu Yi staring at her with a complicated expression. That pair of eyes revealed something that she had never seen before, pain, and reluctance. Perhaps there was something else?

Yan Huan did not understand in the past. She did not understand why he would always look at her with such an inexplicable gaze. He would always say to her in the middle of the night, "Don't go..."

Did he know?

Yan Huan stretched out her hand and carefully placed it on Lu Yi's face.

Lu Yi suddenly smiled. "What's wrong? Are You Dreaming again?"

"Yes." Yan Huan nodded. She was dreaming. A very bad dream, a very complicated dream.

Lu Yi's lips moved slightly. Perhaps he wanted to say something, but in the end, he still didn't say anything.

Couldn't say, couldn't say, or didn't dare to say?

"Do you remember that I once asked you a question?"

Yan Huan reached out and hugged Lu Yi's neck. She also pressed her face against his face.

"Do you believe in your past life and this life?"

Lu Yi did not speak.

"I've said it before. Once upon a time, I heard someone calling my name, but I didn't know who he was."

Lu Yi's fingers, which were resting on her hair, paused for a moment. There seemed to be something stuck in his throat, and it was difficult to endure.

"Have you found that person?"

"Yes, I've found him." Yan Huan was very sad.

"Lu Yi, I found him."

Lu Yi did not speak, because he had nothing to say.

"You want to leave me, don't you? Because you found him?"

Yan Huan shook her head. She did not know what to do. "We will have three children..." she held Lu Yi's hand tightly. In her next life, she smiled, but why did it seem like she was talking about the heavenly book, but it also seemed like nonsense.

But it was indeed like this.

"We will have two boys and a girl."

"I'm a vegetable, Lu Yi. Do you know that? I'm a vegetable." She did not know what to do, and she had no way to resolve it. Her heart ached for that person, but it also ached for the person she was now.

Lu Yi patted his back gently. He was also listening to everything she was saying, intermittently, about him and her.

She said, "Lu Yi, do you know that I've become a vegetable?"

She said, "Lu Yi, Xiao Guang is blind, do you know that?"

She said that the person who had harmed her had yet to be found. She was not willing, she was not willing, and she was even more unwilling. She was not willing to leave that man alone for the rest of his life, and she could not leave behind three children who were only three years old.

Lu Yi moved his thin lips, but he was unable to say a single word. He only wanted to ask one question. She could not rest assured about them, so could she let him go?

But he never asked, and she also never mentioned him.

"Don't be afraid. Go to sleep." Lu Yi gently stroked her hair and comforted her, "If you want to leave, if there really is such a day, then leave. Because no matter which world I'm in, I love you like my life."

Whether it was sincere or fake, these words made him almost wish he was dead. He placed his hand in front of his chest. There was a faint pain here, and it seemed like he would never be able to get rid of it for the rest of his life.

In fact, he did not tell anyone. He had discovered it a long time ago. She would unconsciously say something, and he would dream of her dream. However, every time, he could pull her back, but this time.., he felt that he had no other way.

However, time still passed like this. They were still a very good, very good couple. Lu Yi loved her very much and would cook noodles for her to eat. Regardless of whether it was her or him, they would not mention those things.

It was as if it had never happened, as if it could never have existed.

Lu Yi went to work, while Yan Huan would film her endorsement. Her reputation was getting higher and higher, and there were even people who brought in a lot of money just to let her film a small role, even if it was just a cameo.., it was enough.

Her life was almost like you were cheating, rising straight up.

This was a beautiful world. There was no harm, no pain, and she could even see her own future. Just like that, the road was smooth and bright.

However, this was also like a fake world. She couldn't feel any reality.

And at this moment, Lu Qin, who was about to disappear, was pushed onto the headlines by someone. and the person who pushed him onto the headlines was none other than his wife, Meng Ni.

Meng ni listed the ten deadly sins of Lu Qin in a few posts.

Relying on women to get to the top.

Being greedy for money and lust.

Being despicable and Shameless, and being the son of some rich and powerful Cong family, he was the son of a mistress. His mother was also a shrew who only knew how to take things from his daughter-in-law. There was even a video posted in it, it was Qin Xiaoyuwen who sneaked into her room and searched through her things randomly. She even took away her clothes and even her skincare products.

There was even the most unimaginable one.

Lu Qin was already a eunuch. He had long lost that function, but he still wanted to marry her. Wasn't this harming people?

The others also laughed. If this function was no longer available, then how did that video come about?

Of course, there were more people who said that it did have that function. Only they themselves knew how this function was lost. There was even a stack of inspection reports on it. No one knew who had made it, this proved the fact that Lu Qin had become a eunuch.

Chapter 1506: pleaded for leniency

The last time Lu Qin was in the headlines, it was because of a scandal like this. This time, it was a scandal. At the very least, it was just that kind of scandal. If he became a eunuch, men would not like him, and women would not like him, even if he became a eunuch, he would not like him anymore.

And both times, it was related to Mengni.

No one knew how Lu Qin had offended Mengni. He had made Mengni risk her life to expose this matter. He had even lost his reputation.

Therefore, don't treat everyone as fools, and don't treat women as soft persimmon. When a dog is anxious, it will really jump over the wall.

In just one night, Lu Qin's reputation had already deteriorated from the outside to the inside. Not to mention other things, just the matter of borrowing women to get to the top had already been made clear by many actresses, Lu Qin had indeed taken advantage of them before. There were quite a number of people who provided timely help in times of need, but there were many who added insult to injury. There were also those who seized the opportunity to launch an army. Some of them were no longer famous and had long been out of fashion, he also used this opportunity to brush up on his presence, especially those who wanted to step on others to climb up. There were even more people who wanted to do so.

In just one night, Lu Qin was beaten up by almost everyone. This incident had a strong negative impact on him, causing his character to plummet.

Lu Qin was already recognized as the representative of the new generation of scumbags.

Because of such a scandal, Lu Qin was faced with all his jobs being canceled. Even his endorsements and advertisements were taken down at the same time. In almost an instant., Lu Qin became the target of everyone. He was even worse than a rat.

Yan Huan did not expect that Lu Qin's life would be ruined like this.

She raised her head and looked at Lu Yi's face. At this moment, Lu Yi was sitting at the side, busy with his work. His appearance was exceptionally calm. Even his expression did not change. In his eyes, it was as though everything was calm, there were no ripples at all.

And at this moment, it was only the sound of his natural breathing.

"Knock, knock..."there was a series of knocks on the door from outside.

"Mr. Lu, second young master is here."

The nanny outside knocked on the door. As soon as she said second young master, Yan Huan knew that it was Lu Qin. Finally, he was cornered, so he came to find Lu Yi to find a way to solve it. However, Lu Yi might not show mercy to him now, she had told Lu Yi that if there wasn't a series of coincidences, what would happen then? Lu Jin would die, and Lu Qin and his mother would directly seize the entire Lu family in their hands, they were still not satisfied with that. He killed Yan Huan's child and also wanted to kill Lu Yi. However, in the end, he killed Yan Huan.

Lu Yi stood up and walked in front of Yan Huan. Then, he bent down and kissed her forehead.

“I’m going out for a while.”

“Okay.” Yan Huan smiled at him. His smile was the same as before, without any impurities. It was as if it had never happened and had never changed.

Lu Yi stood up and walked out of the door.

At this moment, in the living room outside.

Qin Xiaoyue and Lu Qin came over. Both of their faces were covered in dust. It could be seen how terrible their lives were when they left this place. Qin Xiaoyue’s clothes were still the same as before, she was still wearing the clothes that she had taken from Yan Huan and Mengni. She used to be fair and chubby, but now she had obviously lost a lot of weight. Her face was also dark red, and it was impossible for her to wear heavy makeup.

Ever since she left the Lu family, everything seemed to be going against her. Even drinking water was enough to choke her. Her son’s career was getting worse and worse, and the money he earned was getting lesser and lesser, in addition, she almost killed Yan Huan, so the old man cut off their living expenses. Each of them earned 100,000 yuan a month. Now that it was cut off, she lost 300,000 yuan in an instant, to her, who had always been a spendthrift, it was almost a disaster. Moreover, disasters did not come singlehandedly. The stocks she bought also plummeted. In just a few days, she had already lost almost all her money, in addition, with Lu Qin’s accident, the remaining money in her hands had been used to open a path for Lu Qin. However, no matter how hard she tried, Lu Qin’s popularity continued to fall, his stocks had fallen even more than hers. In addition, his advertisements in the shopping mall had also been canceled. People were still looking for him to claim damages.

After spending so much money, it was still of no use. She went to look for Old Master Lu, but he didn’t care at all. Old Master Lu had always cared about his reputation. Last time, he didn’t even throw old master Lu’s people to death, now, if something like this happened again, even if the Lu family were to beg for food outside, they wouldn’t cheat women of their money and use them to get higher positions.

Don’t Tell Old Master Lu that everything is just nonsense. When others falsely accuse someone, there is no smoke without fire. A fly doesn’t bite a seamless egg. How could old master Lu not know what kind of person Lu Qin was.

He had lost all of his old face, so he treated it as if he didn’t have such a grandson. The Lu family didn’t need someone like Lu Qin to inherit. Moreover, with Lu Qin’s IQ, he couldn’t inherit either. A man who had become a eunuch., how could he inherit the Lu Family? It could be said that old master Lu had already given up on Lu Qin.

As for Qin Xiaoyue herself, she was neither human nor ghost. Without money, she already felt uneasy. Moreover, now that Lu Qin had become like this, it was all because of that B * Tch Mengni, she only took a few things from her and argued with her. If she did not argue with her, she would not have made a move. Then, she pushed him and pushed him into the hospital.

Meng ni also used this incident to push all the blame onto Lu Qin. Lu Qin had lost everything, his reputation, the film he was going to film, and his future, moreover, with Lu Qin's health problems, he wouldn't be able to do it for the rest of his life.

Qin Xiaoyue felt so guilty that she wanted to shrink her head. Last time, it was because she almost stabbed Ye Shuyun and then Yan Huan, now, Ye Shuyun looked at her as if she wanted to eat her flesh and drink her blood. Her heart was now filled with fear.

"Big Brother, sister-in-law, what do you think we should do about Lu Qin's matter?" Qin Xiaoyue was thick-skinned. If she was not thick-skinned, the two of them would have no way to survive.

"Who is your big brother and who is your sister-in-law?"

Ye Shuyun sneered, "We don't have relatives like you who dare to use knives to pail people." Now, whenever she thought of that scene, her heart was filled with fear. She had nightmares for more than a month, even now, she could still dream that the fruit knife in Qin Xiaoyue's hand was stabbing her heart.

Chapter 1507: Be Careful

"That wasn't a misunderstanding." Qin Xiaoyue thickened her skin and wanted to explain. Besides, it wasn't fine, it wasn't like she wasn't dead yet.

"Misunderstanding? What misunderstanding?" Ye Shuyun directly smashed the cup in her hand onto Qin Xiaoyue's body, "No one is dead yet. Yes, that's because it's a good life. No one is dead. If someone really died, Qin Xiaoyue, do you think you can still be here? You've already paid with your life."

Qin Xiaoyue's body stiffened again. She looked at Lu Jin fawningly, but Lu Jin didn't even bother with her. As long as she got out of here and wanted to come back, it would be impossible.

Moreover, they still needed to help Lu Qin settle this matter. Not to mention that they couldn't settle this matter, even if they could, they wouldn't help.

"Settle your own matters. I Can't help you anymore," Lu Jin grunted stiffly.

Also, he warned Lu Yi.

"Lu Yi, you don't have to care either."

He wouldn't be polite to the enemy who once wanted to kill his wife. Presumably, Lu Yi was the same. It was true that the knife didn't stab Ye Shuyun, but it really hurt Yan Huan.

"Lu Yi, he is your biological brother."

No matter how Qin Xiaoyue begged Lu Yi, she was here to find Lu Yi. As long as Lu Yi was willing to help, Lu Qin would definitely be fine, right? As long as Lu Yi was willing, and all of Lu Qin's achievements.., it was all thanks to Lu Yi's help. She should not ignore Lu Qin. No matter what, Lu Qin was still his biological brother. They were blood-related brothers.

Lu Yi lifted his face indifferently and swept his gaze across Lu Qin. It was not as if he did not notice the killing intent that flashed across Lu Qin's eyes.

Yan Huan had said that Lu Qin would kill her.

Yan Huan had also said that he had drained all the blood on her body.

Yan Huan had said that this person was so afraid that his family would be destroyed.

At that time, he had never thought that he was his blood brother. Had he ever thought that they were blood-related.

"I'm sorry." His thin lips parted slightly. The words that came out of his mouth were extremely cold.

"I don't have such great abilities."

Even if he did, he would not help him. He believed that no one would be willing to raise such an ingrate.

When Qin Xiaoyue heard this, she sat down on the ground and started to wail.

It was the same wailing that annoyed him. It was about bullying their orphaned and widowed mother. It was about killing them all. It was about intentionally not wanting their family to live.

In the end, Ye Shuyun was fed up with her cries. If she wanted to howl here, she had to Howl. She, Ye Shuyun, was not going to accompany her.

She pulled Lu Jin and left. She did not want to listen to too much and was so annoyed that she wanted to hit him.

Lu Yi also stood up and strode out of his room. At this moment, Qin Xiaoyue was still howling. However, no matter how much she howled now, she would only be howling for the Lu family's servants, however, the servants ran away and disappeared. All she could do was howl at the ceiling.

Lu Qin suddenly clenched his hands. His entire body was trembling, suddenly, he turned around and strode towards the door.

"Lu Qin, Lu Qin..." Qin Xiaoyue hurriedly stood up and almost rolled and crawled behind Lu Qin.

"Quickly go and beg your uncle and Big Brother. If you don't beg them, you're really going to be ruined like this. The both of us will be finished for the rest of our lives..."

Lu Qin stopped in his tracks. The muscles on his face also tightened and tensed up.

"Do you really think that they can save me just because you begged them?"

Qin Xiaoyue couldn't guarantee it, and Qin Xiaoyue couldn't answer either.

Lu Qin's smile was very cold, and it was also somewhat twisted and ferocious, "They won't Let Me Live Well, and I won't let them live well either. Lu Yi, let's wait and see. You picked up the broken shoes that I didn't want and wore them quite comfortably. I just want to see how you're going to wear these broken shoes again. Even if I die. I Won't let you go even if I become a ghost."

Qin Xiaoyue was scared by Lu Qin's words.

"Lu Qin, what are you going to do? Don't Scare Mom."

Qin Xiaoyue hurriedly followed up and hugged Lu Qin, afraid that Lu Qin would get angry and seek death again.

But how could Lu Qin? How could he bear to die? Even if everyone died, he wouldn't die.

Yan Huan did not ask about Lu Qin because it had nothing to do with her. She opened the window and stood there, allowing the sunlight to fall on her face bit by bit.

She closed her eyes. It was so real and warm.

When she opened her eyes again, she leaned against the window and saw a familiar figure. At this moment, he was standing at the door and he took out something.

That thing was also refracted into a ray of cold light under the sunlight.

Suddenly, Yan Huan's heart could not help but tense up. Her entire body was covered in cold sweat from fear. She did not put on her shoes as she opened the door and ran out.

Just as Lu Yi's car stopped outside, Lu Qin walked over. When the sunlight fell on his body, it was clearly warm, but it did not give him any warmth. At this moment, he was gloomy and gloomy.

"Big Brother, I have something to tell you."

Lu Yi stared at him indifferently. "What is it?"

"What is it?" Lu Qin smiled so widely that the corners of his lips cracked. He was not afraid that it would hurt his face.

"What is it? Big Brother, just follow me and you'll know. It's about Yanhuan. Don't you want to know something about the woman you married?"

Lu Qin turned around and left. He walked very slowly. When he heard the footsteps behind him, he smiled. Yes, that's right. Just follow him. Just follow him.

However, after he took a few steps, he did not hear any footsteps following him. When he turned around, he actually saw Lu Yi turn around and leave instead of following him. Instead, he walked towards the main door.

"Lu Yi, let's see how long you can hide."

Lu Yi had just opened the door when he saw Yan Huan running out in a hurry without any shoes on.

"Why aren't you wearing any shoes?" Lu Yi hurriedly supported her. "Be careful not to catch a cold."

"Did you see Lu Qin just now?" Yan Huan looked outside. "Did you see him?"

"Yes, I saw him. He just left." Lu Yi wiped the sweat from her forehead. "Why is he so sweaty?"

"I saw him holding something." Yan Huan was still worried. He could do anything now. "You have to be careful. Oh right," Yan Huan said, "Don't go out for a while, okay? It's too dangerous outside."

"It's okay, he can't hurt me." Lu Yi had never put Lu Qin in his eyes, but he had underestimated Lu Qin's viciousness. Yan Huan had seen Lu Qin's viciousness, but he hadn't.

Chapter 1508: Don't leave, okay

He carried Yan Huan up. "Let's go. We'll go back first. Remember to wear your shoes in the future."

"Okay." Yan Huan reached out and gently tugged at his clothes. All of a sudden, she realized that she really couldn't bear to part with him.

And Lu Yi had never asked Yan Huan whether she would choose him or the other him. Regardless of whether it was him or the other him, it was still him, but not him.

He was only the him in this life, but in the next life, would he still be him?

"Huanhuan..."

He suddenly stopped walking.

"Mm." Yan Huan raised her long eyelashes.

"Can you not leave?"

Yan Huan bit her red lips lightly. She could not answer this question.

She could not bear to part with him, but she could not bear to part with their three children. Children could not live without a mother.

Lu Yi understood. He carried Yan Huan back into the room and gently caressed her face. I know what you want to say. If you want to go back, then go back.

"Don't worry, I'll be fine."

When he said this, he was clearly still feeling the waves of heart-wrenching pain, but he still said it.

Yan Huan only held his hand tightly. At this moment, the only thing that answered him and herself was the tears that kept rolling down.

She actually didn't know how to go back. She might have to stay here for the rest of her life, living in her 25-year-old age, but she would die at the age of 30.

She had escaped her 28-year-old age, but she might not be able to escape the word 'death' in the end.

"This soup tastes weird." Yan Huan took a sip of the soup and shook her head. She didn't want to drink anymore.

"Take another sip." Lu Yi placed the spoon in front of her again.

Yan Huan turned her face away. "No, it tastes weird."

"Alright, I won't drink it then." Lu Yi didn't force her. Instead, he picked up the bowl and finished the rest of the soup. Today, the soup was specially made by the chef. Everyone had to drink it.

However, Yan Huan was picky. He didn't drink this, so he didn't drink it.

However, it seemed to be the case. This soup was slightly sweet, and Yan Huan didn't like sweet soup. She didn't like sweet things at all. Lu Yi knew this. Otherwise, he wouldn't have compromised so easily.

Yan Huan slept groggily at night. For some reason, she was tired today. Usually, even if she slept groggily, if she wanted to go to the bathroom, she would still be very awake, but today was strange. She was not awake, but she was still sleepy. Even if she tried to hold it in, she was unwilling to get up.

She laid down for a while more, but she really could not hold it in anymore. She had no choice but to climb up from the bed and go to the bathroom by herself. When she came out, she seemed to be a little more awake, but she was still very sleepy.

She lay down on her big soft bed again, and then shrank into Lu Yi's arms.

But she couldn't fall asleep after a while.

"Lu Yi, I'm hungry." She tugged at Lu Yi's clothes, but he didn't wake up.

"Lu Yi..." she tugged again, but he still didn't wake up.

Why did he sleep so deeply today?

Yan Huan sat up on her own. In the past, when she woke up at this time, Lu Yi would wake up long ago and cook noodles for her to eat. But now, she took her phone and looked at the time.

It was that time. Now, with her strange biological clock, it was time for her to eat noodles.

"Lu Yi, I want to eat noodles." She pulled Lu Yi's finger and bit it, but Lu Yi still slept like a log. He did not even move.

"You must be too tired." Yan Huan recalled Lu Yi's workload recently. He was indeed tired. He woke up early and slept late. He had to cook noodles for her at night. He was tired enough.

"I'll Cook it myself today." She put on her clothes and put on her slippers, but she always felt a little dizzy. However, it wasn't a big deal. She thought that it was because she didn't sleep well.

But today's noodles still needed to be cooked and eaten. She pushed the door open and went out again. When her people stood at the door, she sighed softly. Lu Yi, wait, I'll think of a way to go back.

Yes, she'll think of a way to go back.

25-year-old her, 30-year-old her. If she had to give up one, she might be able to let down the 25-year-old her.

The 30-year-old her still had too many responsibilities.

And she couldn't let Lu Yi shoulder all of these responsibilities for her.

Even if it was hard to give up on her current life.

It was just a word, but it hurt her heart, and it also hurt her tears.

She wiped her tears and walked into the kitchen. No matter what kind of thoughts she had, it was all empty talk now. Perhaps she might not be able to go back in this lifetime, so what was the use of thinking about it now?

She took the basin, mixed the noodles herself, and made the hand-rolled noodles. Although she had not made it for a long time, there were some things that she would not forget. Of course, there were also some skills that she would not forget.

The noodles were boiling in the pot. She lifted the lid and the steam steamed her face.

Suddenly, she stopped. Otherwise, she really would not leave.

She had been thinking about giving up, but how would she give up?

Even if she wanted to give up, it wasn't now.

En, she wouldn't leave, Alright?

She cooked the noodles and then beat two poached eggs inside. En, one for each person. If Lu Yi didn't eat them, then they would all be hers, but the bowl was a little too big, so she had to carry one first, however, when she reached the door, she heard someone talking.

Her hand trembled, and she almost dropped the bowl in her hand on the ground.

At this moment, in the room, Lu Qin's face was twisted, and his voice was gloomy.

"Lu Yi, you didn't expect it, right? Didn't you think that I didn't have the ability to kill you? "Didn't you think that you were good at fighting? Yes, you have a good backer. You can fight ten people by yourself, but so what? You are destined to die in my hands today. Do you know that? You are going to die in my hands, and not only do I want to kill you, I also want to have fun and kill your parents. From now on, everything in the house is mine. This house is mine, and everything is mine."

"Lu Yi, don't blame you. Who told you to block my path since you were young?"

"Hehe... you were ugly and stupid when you were young, but tell me, why do you still want to steal the limelight from me? When I'm an actress, you have to be a prosecutor. If I'm outstanding, you have to be even more outstanding than me. You even want to steal my woman. Lu Yi, I will definitely let you die today. Of course, you can rest assured,"he smiled sinisterly again, however, for some unknown reason, his nose was actually running.

"I will send her to see you. Aren't you husband and wife? Of course, I will fulfill your wish."

Suddenly, there was a loud bang. It was as if something had hit his head. Then, his scalp felt a pain and another wave of heat. He slowly returned to his senses and saw Yan Huan standing outside. A large bowl had fallen from the ground, his hair was covered in noodles, and the noodles were very hot. These were freshly made noodles, and the broth was almost boiling hot, which also caused a lot of blisters on his face.

Chapter 1509: replayed

At this moment, Lu Qin's entire face had been scalded until it was almost twisted into a demon's face. Even his face had also become red and swollen. He held a fruit knife in his hand, just like in his previous life.

Yan Huan had completely forgotten at this moment. Actually, when she was 30 years old, she already had a certain level of skill. Right now, she was too tight and too scared, so she had forgotten everything. She grabbed something from her table and threw it at Lu Qin no matter what.

At this moment, Lu Qin pulled a long face as he gripped the knife in his hand tightly. The hatred in his eyes was almost filled with all kinds of thick cells. Once it was broken, it would become poisonous, and once it was broken, it would also become infectious.

Yan Huan continued to look for everything that he could throw at her. In fact, as long as she left now and ran out now, she would definitely be fine. Otherwise, she wouldn't have come in at that time and she wouldn't have been hurt. But she still came in., she still didn't leave.

Lu Qin took the noodles from his hair and there was still a teabag egg on his head. He suddenly gave a strange smile and picked up the fruit knife in his hand and stabbed it towards Lu Yi.

He wouldn't stop. At any time, he could stop, but he didn't. He deliberately wanted Lu Yi to die.

"Lu Yi..."Yan Huan pounced on Lu Yi without thinking.

There was a sizzling sound. It was the sound of a knife stabbing into flesh. It was just like in her previous life.

Her body spasmed. She could feel her life force flowing out rapidly. Then, she pulled out the knife and stabbed it again and again, Lu Qin's eyes were red and blood splattered on Lu Yi's face. Lu Yi suddenly opened his eyes.

In his blurry vision, he could only see Lu Qin's red eyes and the blood splattering on his face. It was very hot and painful.

He raised his weak hand and touched the blood on his face. His fingers touched the table lamp at the side. Lu Qin had gone mad and did not realize that Lu Yi had woken up, just as he was about to stab him again...

With a bang, his head was smashed again. His final consciousness was Lu Yi's pair of cold, piercing black eyes.

Lu Yi shook his head.

Suddenly, he slammed his head hard into the cabinet at the side. When he opened his eyes again, he was stunned.

His wife was lying on top of him. Her face was so pale that it was almost colorless. Her entire body was covered in blood, and her tears were still falling.

He did not dare to touch her, nor did he dare to touch her.

Her back was almost full of bloody holes, and the blood had dyed her clothes red. She was wearing a white pajamas that he had bought for her. She said that this brand of fabric was the most comfortable, it was also her favorite.

He took out his phone and dialed a number.

“Qingyi, it’s me...”his voice was calm, but his fingers kept trembling. In the end, he didn’t even know what he had said.

“Don’t be afraid, It’s okay, don’t be afraid.”

Lu Yi carefully placed his hand on her cheek. Her face was extremely cold now, but he didn’t know what to do. He was so powerless that even his wife was impossible.

What else could a useless husband like him do.

Don’t be afraid. Lu Yi placed his hand on Yan Huan’s face again. If you’re not here, I’ll go with you, okay? If you live, we’ll live together. If you die, we’ll die together.

Not long after, Lei Qingyi rushed over with he yibin. When they saw the scene inside, they were so scared that they didn’t have any reaction for a long time.

Yan Huan was also in a bad state.

He Yibin rushed over hurriedly. He was so nervous that his head was sweating.

“He’s injured so badly. Who Did This? How could he do this?”

“Quickly get someone over here,”he yibin hurriedly shouted at Lei Qingyi. He was also trying to help Yan Huan Stop the bleeding, but how could he stop it? There were so many bloody holes on his body. He was a doctor, not a god.

In just a short while, a few paramedics arrived. At this moment, it was practically a mess inside. Lu Yi was just sitting there with his eyes wide open, his eyes were also fixed on Yan Huan, who was now being carried onto the stretcher. However, he could not even move.

Just as they were carrying Yan Huan Out, Lu Yi moved. He practically rolled off the bed. His hands and feet did not have any strength. He just wanted to see his wife.

Lei Qingyi quickly held him up.

“Can You Walk?”

He asked Lu Yi, “How did it become like this?”

“He seems to have been drugged.”He Yibin knew that things were not good when he saw Lu Yi like this.

“We first took him to the hospital, and this...”he used his foot to kick Lu Qin who was on the ground. Lu Qin’s body was covered in blood, and he was still holding the murder weapon in his hand. The fruit was covered in blood. How could he stab it, a woman with so many knives. Did he ever think about how painful it would be for her?

Lei Qingyi raised his big foot and was about to step on Lu Qin’s head.

“Don’t.” He Yibin quickly stopped him. He was really afraid that his foot would crush Lu Qin’s head, “We’ll talk about it when Lu Yi is awake. We’ll first take Lu Yi and the others to the hospital. It’s so quiet in this house. Maybe everyone was drugged.” He was worried, no one knew what kind of drug Lu Qin had given the Lu family and why he had made such a big move. Lu Yi, who was usually such a strong man, was now unable to exert even the slightest bit of strength.

No one knew if the drug was serious or not. Were the others alright?

As for Lu Qin, he would still have to be handed over to the law. What he had done this time was enough for him to die ten or eight times. Lu Yi was doing this. He thought that Lu Yi should have wanted him to do it himself?

However, what he was more worried about was Yan Huan. Yan Huan’s actions made him feel a bad feeling in his heart.

Her injuries were too severe. Although he did not know how serious her injuries were, they were still too severe.

Being able to live could be considered a miracle. However, could there really be so many miracles? He did not know. No one knew. He also wanted to. He was willing.

He just wanted to see if God would let them be lucky, or if he would say that they were more cruel.

And he hoped that it would be the former.

The people of the Lu family were all sent to the hospital, while Lei Qingyi had to stay behind to deal with the matters here.

The people of the Lu family, including Lu Yi, two nannies, a chef, and Lu Yi’s family had all taken very heavy sleeping pills, which was why they were unconscious.

Lei Qingyi was also one of the remaining sweet soups in the kitchen. He found a large amount of sleeping pills in it.

Chapter 1510: she was very quiet

The rest of the people were fine, including Lu Yi. No one was hurt. Even Lu Qin had only superficial injuries. His head had only been smashed open, and then it was smashed open and he fainted, however, his life was not in danger.

And the most serious one was Yan Huan

She had been stabbed nine times. Many of her organs were injured and she was bleeding profusely. It was really too difficult to save her. In the end, she barely managed to hold her breath. However, it seemed that she would not be able to live for long.

Because her injuries were too serious.

After Lu Qin woke up, he was taken away by the police. What greeted him was not anything else but the absolute death penalty.

Qin Xiaoyue knelt in front of old master Lu. Old Master Lu waved his hand weakly, "Don't come looking for me. In the future, you and Lu Qin are not members of our Lu family. What have I Done? Why did I give birth to a son like Lu Jing? Why did I let Lu Jing marry you and give birth to a thing like Lu Qin. "Whether he lives or dies is his business. It has nothing to do with me in the future. Don't come looking for me. Don't say that he's a member of our Lu family in the future." He didn't even want to curse anymore, he wanted to die to apologize now.

"Dad, I beg you. Save Lu Qin. Qin Xiaoyue keeps kowtowing on the ground. He's your biological grandson."

Lu Yi is also my biological grandson.

Old Master Lu smashed the cup at Qin Xiaoyue's feet.

"Get lost!" He pointed his finger at the door. "Get lost immediately. If Yan Huan doesn't die, your son won't die. But if Yan Huan dies, Lu Qin will be buried with her."

Qin Xiaoyue's eyes widened when she heard this. Her face turned pale and her brain buzzed as she fell to the ground.

"Drag her out."

Old Master Lu yelled at the guard, "Don't let her dirty my eyes again. Throw her as far as you can."

The guard quickly came over and directly lifted Qin Xiaoyue up. He was about to throw her out. The poor people in this world must have their detestable aspects. And now, with regards to Qin Xiaoyue, let alone others.., even the security guards could not feel any sympathy for her

This was too detestable, too detestable. Was Lu Qin trying to kill Lu Jin's entire family? Drugging them and directly stabbing them nine times? How could he do that? That woman was once his pillow.., that woman who once gave everything to him...

She was also his family, his biological brother, and his biological uncle.

All these years, Lu Jin's family had been supporting them.

They couldn't have raised an ungrateful wretch for decades, right? And this ungrateful wretch had almost caused the death of Lu Jin's entire family.

His heart ached for Yan Huan. What a good woman. In the past, he didn't talk about how good she was. Now, even the old chief liked her. He had his own grandson, and she was starting to have hers, but..

When he thought about this, he felt even more disgusted with the woman he was carrying.

Now, he did not care whether she was a woman or not. In any case, whether she was a woman or not had nothing to do with him.

He directly threw her out. After clapping his hands, he went back to see if the old chief had any other instructions.

At this moment, it was already the third day that Yan Huan was in the ICU. She had not passed the critical period yet. He Yibin said that her injuries were really too severe. Almost all of her internal organs could not be pierced through.

Initially, she was about to die. It was already very difficult for her to still be able to preserve her life. It was still hard to say if she could still preserve her life. He Yibin had already told Lu Yi in a very subtle manner.

Yan Huan's life was about to be lost. Lu Yi could still see her one last time and say a few last words to her.

Yan Huan woke up from the intense pain. She was really in pain. She was in pain everywhere.

She saw that Lu Yi was Haggard and not tired, just like the 30-year-old woman who was in a vegetative state.

She gently raised her hand.

Lu Yi hurriedly held her hand tightly.

Yan Huan opened her mouth, but with the oxygen mask, she could not move. She could not say anything either. It seemed like she could not even make a sound.

He Yibin suddenly felt his nose turn sour, and tears fell from his eyes.

He nodded his head, turned around, and walked out. This might really be her last few words, and also her last face.

How Pitiful.

Yes, how pitiful.

Lu Yi carefully removed her oxygen mask.

He moved his ears closer. He knew that Yan Huan wanted to talk to him.

However, she did not have much strength and did not make much noise.

"I... Don't feel any pain."

Yan Huan clenched his fingers tightly. Perhaps this was her last bit of strength.

Lu Yi carefully held her cold hand and placed it in his palm. It was as though he wanted to give her his body temperature. However, her hand was always cold and there was no temperature.

"You have to live... well..." Yan Huan's lips seemed to be moving but no one heard her voice except for Lu Yi.

"I will... return there..." she smiled at Lu Yi again but there was too much bitterness and reluctance in her smile. In fact, she did not know if she could return. Maybe she could, maybe she couldn't., maybe she would disappear from this world and vanish into thin air.

However, she wanted to leave these comforts for him. She didn't want him to be sad, nor did she want him to suffer.

"This is heaven... giving us... compensation." She pressed her face against Lu Yi's, "In my previous life... i. . . I died like this too... you didn't... you didn't have time to save me. At that time, I was all gone... all the blood in my body was gone. In this life... You See... didn't you... save me? We... We didn't lose anything... Did We?"

Lu Yi placed his large palm on her face.

His thin lips were also gently pressed against her cracked and bloodless lips.

"Don't be afraid... I will definitely find you..."

Yan Huan's eyelashes trembled slightly before she weakly moved a few more times. A drop of ice-cold tear rolled down from the corner of her eyes. This tear had also taken away her last bit of warmth, and her last bit of life.

Then, the instruments began to ring, and her heart had already stopped beating.

"Don't be afraid, it won't hurt anymore."

Lu Jin buried his face tightly in her neck, and at this time, he couldn't feel her breathing, her body temperature, and her life.

His Joy was gone.

His wife was gone.

The woman he had loved for five years was gone.

A boiling tear rolled down the corner of his eye, almost drowning everything.

His wife was gone, and his world was ruined.

When he yibin came in, he could already hear Lu Yi's uncontrollable crying. There was also a calm line, flat, just like that, dead silent.

She walked very quietly, yes, very quietly.
