

## Chapter 1521: he found his mother

Yan Huan gently raised the corners of his lips. Zhu Meina was afraid that he would sleep. "How dare you let me sleep? Aren't you afraid that I'll sleep for a few more months, or even for the rest of my life?"

"You won't." Lu Yi was very confident in Yan Huan. "As long as you wake up, you won't sleep like that anymore. You're just tired, so you need to rest well."

Yan Huan held his big palm tightly. It was exactly the same as in her dream. However, she knew that he wasn't really him anymore. Her mind was really in a mess right now, so she even knew who she was.

When night fell, Xiao Guang rubbed his eyes. He used his little hand to touch his mother's clothes.

Then, he moved his little body into his mother's embrace.

"Mommy..." he called out softly. At this moment, a warm hand was placed on his little head.

"Mommy?" Xiao Guang raised his little face strangely. Was this Mommy's hand? He stretched out his little hand, and his little hand was held by a big hand.

Xiao Guang suddenly pouted.

"Mommy?"

"It's Mommy's." Yan Huan kissed her son's little face. "Look, mommy is here. Xiao Guang doesn't have to be afraid in the future because Mommy will protect Xiao Guang."

"Mommy..." Xiao Guang hugged her mother's hand and cried until she was out of breath.

"We're all grown up now. We can't cry like this anymore." Yan Huan hugged Xiao Guang and felt bad in her heart. However, she held back her tears and instead smiled to coax the child, even though she clearly knew..., Xiao Guang couldn't see it, but she still had to smile because her Xiao Guang was crying. She had to protect her child, just like how her mother had protected her all those years ago.

Xiao Guang hugged his mother tightly, unwilling to let go. He was afraid that his mother would suddenly fly away. With his mother around, he felt much safer, of course, he did not want to leave his mother anymore. Even Lu Yi, his father, refused to hug him.

Xiao Guang was only willing to sleep when it was one or two o'clock in the evening.

This child had grown up a lot, but his thoughts were becoming more sensitive. However, there was nothing he could do. He could no longer see.

"Are You Hungry?" Lu Yi asked Yan Huan. At this time, it was time to eat something.

"A little." Yan Huan rubbed her stomach. During the day, she had only eaten a bowl of noodles made by Auntie Gu. At night, she had to feed Xiao Guang, but she did not eat much, now, she was really hungry. It could also be because of that very, very long dream she had. She was already used to eating a bowl of

noodles at night. A bowl of noodles could make her eat up all the soup and noodles, but it seemed like she had not eaten in a lifetime.

“I’ll go get you something to eat.” Lu Yi knew that Yan Huan had not eaten properly. In fact, he was the same. He had almost never eaten properly. He was digesting the good news that he had just gotten today.

The lump in light’s brain was smaller, and Yan Huan had also woken up.

Yan Huan, who was determined to be unable to wake up for the rest of his life.

She had woken up. After sleeping for a few months, she finally woke up. She had slept for too long, so long that it was possible that she had already gone through several reincarnations. And in the past., it was unknown who had left whose memories behind.

Lu Yi went into the kitchen. At this moment, Auntie Gu was already asleep. He couldn’t possibly wake up Gu Amu and cook for the whole family. He went into the kitchen and put on an apron. Then, he fetched water and started the fire.

Yan Huan was still accompanying his youngest son. Xiao Guang had grown up and looked like his father. His little face looked much bigger than before. He had thick eyebrows and big eyes. Why couldn’t he see such beautiful eyes?

“Don’t be afraid.” Yan Huan kissed his son’s forehead. “No matter what, Mommy will protect you. I Won’t let you be hurt by others anymore.”

The door opened with a creak.

Lu Yi walked over with two bowls of noodles in his hands. He placed the noodles on the table and kept the things on the table to the side.

“I put a little less seasoning on you. You’re the one who woke up. Your stomach isn’t good, so you can’t eat anything too spicy.”

As he spoke, he placed the chopsticks on the bowl. There were bowls on each side and a pair of chopsticks on each bowl.

Yan Huan carefully sat up and went over to eat. There was a sour and spicy fragrance in the air, which was almost identical to the sour soup noodles she had eaten. She couldn’t help but swallow her saliva, she suddenly felt very slanderous.

She lowered her head and saw the bowl of noodles on the table. She couldn’t help but be stunned for a moment before looking at Lu Yi’s bowl again.

Then, she picked up the chopsticks and spent half a day on the bowl. She scooped up the poached eggs under the noodles, if there were still poached eggs. In the end, she really scooped up two poached eggs. She took another bite of the poached eggs and boiled them until they were about 70% cooked. Moreover, the two poached eggs were not stuck together and were independent.

She piled her bowl in front and directly took Lu Yi’s bowl. Then, she took out the poached eggs below. There was only one.

This bowl of noodles was very authentic. It could be seen that it had been made for a very long time and many times.

She put the three poached eggs into the bowl of sour and spicy noodles and picked up some noodles to eat.

She had just taken a bite when her eyes turned red. She took another bite. That's right, that's right, that's the taste. That's right, that's all right.

Lu Yi had just washed his hands and returned when he realized that Yan Huan was actually eating his bowl of noodles.

Yan Huan's bowl of noodles had very little oil, salt, and other seasonings. As for his bowl, he had put a little more vinegar and chili oil in it, so he had to be careful not to damage his stomach.

Lu Yi then brought Yan Huan's bowl over and placed it in front of his eyes. Just when Yan Huan thought that Lu Yi was going to sit down and eat noodles, Lu Yi directly brought back the noodles that Yan Huan had eaten a few mouthfuls of, then, he gave her the lighter bowl.

"My eggs..." Yan Huan was still thinking about the three poached eggs in the bowl. If he didn't give her the eggs, how was she going to eat the noodles? She also had to mix the egg yolks in the poached eggs into the noodle soup. Only then would the noodle soup be fragrant and delicious.

Lu Yi gave the three poached eggs to her.

However, he was starting to worry. What if she stuffed herself later?

Yan Huan ate another mouthful of the noodles in the bowl. It couldn't be said to be bad, but it wasn't that delicious either. It wasn't as good as that bowl of sour and spicy noodles. The taste of this bowl of noodles was obviously much lighter, and the taste was lighter, it wasn't good anymore. This kind of noodles had to be both sour and spicy to taste good.

She ate two poached eggs, then used chopsticks to break the other purse and put it into the noodle soup. When she looked up, she saw that Lu Yi was seriously staring at his movements. He reached out his hand..., and gently stroked her hair.

### **Chapter 1522: can be read?**

"Are you back too?"

Yan Huan's red lips lightly touched. Suddenly, she realized something. She picked up the bowl and placed it by her mouth, sipping the soup in the bowl.

She knew, she really knew.

She was back, and he was back too, right?

However, she looked at Xiao Guang and then at Lu Yi, the old Lu Yi.

"Don't let your imagination run wild." Lu Yi didn't know whether to laugh or cry at her sudden loss.

“I’m him, and he’s me too. You can treat him like me. We’re the same person, and we’re in the same kind of reincarnation. I’ll tell you after we finish eating.”

Only then did Yan Huan happily start eating. In fact, she herself felt quite guilty. Her heart ached for the Lu Yi of her previous life, but she couldn’t let go of the Lu Yi of this life. No matter how she looked at it, she felt that her fickleness had blossomed.

However, Lu Yi had thought it through a lot more than she did. Because regardless of whether it was that Yan Huan or the current her, they were both her. There wasn’t much difference between them.

After Yan Huan finished eating the noodles, she felt her stomach swell up a little. She touched her stomach. It was originally flat, but she felt full all of a sudden. Although it wasn’t round and protruding, she could feel that she was indeed full.

“I’ll take you out for a walk,” Lu Yi stood up and took his clothes and draped them over her shoulders. It had already been winter, and the spring was warm and the flowers were blooming. It wasn’t that cold, but it was more exposed, it was better to be more careful.

“He...” Yan Huan was worried about Xiao Guang.

“Is he going to be okay by himself?” She was just afraid that if they went out and Xiao Guang woke up, what would happen? If he couldn’t find his mother when he woke up, what would happen if he cried again?

“Don’t worry.” Lu Yi held his hand tightly. “Xiao Guang is very obedient. He basically won’t wake up at night. He’ll wake up naturally around eight o’clock tomorrow. Even if you call out to him now, he won’t wake up.”

After saying that, he walked out with Yan Huan.

Yan Huan walked very slowly. Even her legs didn’t have much strength. She was like a toddler. Lu Yi held her hand and carefully supported her as she walked.

He Yibin had said that Yan Huan’s body’s functions would slowly recover. Of course, it was impossible for him to be able to walk as fast as he could.

As they walked, Lu Yi also told Yan Huan about the dream he had. To him, it was probably a golden millet dream. Zhuang Zhou was dreaming of a butterfly, because he had always been here. But to Yan Huan, it was a very real experience,

“I am him, he is me.” Lu Yi stopped, so there was no mistake.

Lu Yi knew what Yan Huan was thinking. “Do you think you’re in love with two people?”

Yan Huan sighed softly. Yes, Lu Yi was right. She reached out and hugged Lu Yi’s waist, not knowing how to respond?

“You saw us. We’re just the same person. There’s no difference.” Lu Yi patted Yan Huan’s shoulder, “Perhaps it’s like you said. We only want to give a perfect ending to our past lives. Although it’s not too perfect, at the very least, we have our own perfection. And for the rest of our lives, we still need to live in this world, right?”

“Mm...”Yan Huan lightly replied again, “I still need to eat sour soup noodles tomorrow. You still owe me a few meals.”

“Okay,”Lu Yi agreed. “I’ll make it for you tomorrow and the day after that. I’ll make it for you every day.”In fact, Yan Huan did not know that Lu Yi did not owe her a few days worth of sour soup noodles, he owed her a lifetime worth of sour soup noodles. Therefore, for the rest of his life, he would make her a lifetime worth of sour soup noodles. And they would never be separated again. He would remove the hidden dangers one by one, and that included Lu Qin.

The next day, Lu Yi suddenly opened his eyes. He gently exhaled a mouthful of turbid air from his lungs and saw Yan Huan breathing lightly. She was holding Xiao Guang in her arms, and at this moment, Xiao Guang.., was almost about to hide her little head in her mother’s arms.

He first rubbed his eyes, then turned his body. This time, he had to lean on his father.

“You’re Awake?”

Lu Yi reached out and gently patted Xiao Guang’s little butt.

“I’m up. I have to Pee.”

Lu Yi knew Xiao Guang’s habits. The first thing he did when he opened his eyes early in the morning. It was nothing else. He had to go to the bathroom to Pee, or else he would pee on the bed. The three children of the Lu family were very obedient. They had grown so big that they rarely had the chance to wet the bed,

“Ba Ba, Xiao Guang got it,”Xiao Guang rubbed his eyes with his little hand, then he stuck out his little butt and climbed up. When Lu Yi tried to pull his little hand, it was too late, xiao Guang climbed down on his own, then he shook his little butt. He rubbed his eyes as he walked into the bathroom. Before Lu Yi could react, he had already come out, one of them was still holding onto his little pants, probably still not awake. Then, he kicked off his father’s big slippers and climbed up again. Then, he hid his little body in his mother’s arms. Of course.., he opened his eyes again, grabbed the blanket with his little hands and pulled it up for himself. Then, he bit his little fist and fell asleep in his aunt’s arms.

“Yes, What’s Wrong?”He Yi finally remembered. He had to go to work later, so he woke up early today. Rowling was still asleep inside. She was very sleepy now, and he didn’t dare to wake her up, that was why he hid in the corner. Of course, he didn’t dare to let Rowling hear what he was saying. He had just come back yesterday and said that Yan Huan had woken up. Rowling was so excited that she wanted to immediately go find Yan Huan with a big belly. How could that work.., with such a big belly and a pregnant woman of Takada age, he did not dare to let her move. What if the baby was born early?

And it was Lu Yi’s phone call so early in the morning. He was afraid that there was something wrong with Yan Huan again?

“What did you say?”He Yibin did not believe what he had heard. “Did Xiao Guang see it?”

“Yes.”Lu Yi could not believe it either. “He went to the toilet on his own just now. If his eyes could not see, he would not be able to climb down on his own. He could also go to the toilet and even cover himself with a blanket.”

“Bring the child to the hospital immediately. I will go out now.”

He Yibin did not delay anything. He quickly changed his clothes and prepared to go out. Of course, he did not forget to say goodbye to his wife and son.

He carefully touched Luo Lin’s belly. “Baby Son, you must be good. I’ll see you when I come back from work.”

### **Chapter 1523: could really be seen**

The current Rowling had gained some weight and did not look like a strong woman anymore. Perhaps in the past, Rowling had never thought that she would one day become a wife, a mother, a wife, or a mother. She had never even thought about it, she was almost 35 years old. Who knew if she would be able to give birth. Yan Huan was already twenty-seven years old when he gave birth. People said that it was difficult to give birth, let alone her. She had never thought that she would be able to live up to her expectations. In less than a month, this child came just like that. There were still three months left, she would have to come out to meet people.

“You want to go out?” Rowling rubbed her eyes. She was so sleepy that she did not want to open them. However, she knew that he yibin was about to leave. He Yibin’s job was really busier than hers. At the very least, if she, a strong woman, were to be free., she would be very free. However, he yibin did not seem to have any time to rest. He was as tired as a dog every day. At the hospital, everything was fine.

“Yes, I’m going to the hospital.” He Yibin touched Luo Lin’s belly again, “Sigh, my good son, you have to hurry up. It was not easy for your father to hatch an egg like you when he was almost forty years old. It was not easy for your father. Look at your Uncle Lei’s primary school student who is almost 180 years old, and your uncle Lu’s triplets. You will be able to endure your father’s hardships. So, grow up obediently. When you are born, your father will be able to walk with his back straight.”

“Why are you so early?” Rowling did not want to get up. This kid was too naughty. He was torturing her every day. When he was born, she would beat his little butt.

“I think I can see Light’s eyes. I’m going over to take a look.”

“What did you say?” Rowling immediately opened her eyes. “You Said Light’s eyes can be seen?” She was so anxious that she almost rolled down. She did not scare ke Yibin to death.

“My great aunt, what are you doing? Be careful that the ball in your stomach will fall out. He’s only seven months old. How difficult will it be to raise him when he’s born?”

“Enough, enough.” Rowling was annoyed. She hugged her stomach. In fact, she was also so frightened that she broke out in a cold sweat. After her breathing calmed down, she stood up carefully. Although she was pregnant, her mobility was also very strong. It was worthy of her title as a strong woman and the number one position, she didn’t sit there for nothing.

Not long after, he yibin was in his car. He looked at the pregnant woman sitting next to him with a hopeless expression. “Can you not go?” “Can’t you just stay at home and Raise a meatball, she had to go through so much trouble.

"I'm going to see Xiao Guang." Luo Lin glared at he yibin. "Drive."

Alright, he Yibin had no choice but to drive her to the hospital. However, they were all scared along the way, he was really afraid that Rowling would give birth to little meatball he, who was only seven months old.

Back then, Xunxun's appearance really scared him to death. He was afraid of his family's little meatball. When that time came, the pitiful little meatball would only weigh a little more than one kilogram. It would not be easy for him to grow up.

"Ba Ba, what are we doing here?" Xiao Guang rubbed his eyes. It was obvious that he had not slept well. He leaned his little head against his father's arm, "Are we going to draw Xiao Guang's blood?" He pursed his lips. "Can we not?"

"We won't." Lu Yi placed Xiao Guang on the ground. Then, he squatted down and met his son's big, Bright Eyes. There was a shadow of him in those eyes, maybe Xiao Guang did not realize this, but he could already see the truth.

When he yibin came over, there was a pregnant woman behind him.

"Why did you bring her here?" Lu Yi held Xiao Guang's small hand tightly.

He Yibin lowered his head. What else could he do? "She wanted to come, but you said that I could persuade her. In our family, she's the leader, and I'm the employee. When it comes to big matters, listen to me. When it comes to small matters, listen to her." It had been so long., they had yet to encounter any big matters.

"Xiao Guang, come here." He Yibin extended his hand to Xiao Guang. "Come to uncle."

Xiao Guang looked at his father and then at He Yibin. It was obvious that he could see Xiao Guang's appearance. He Yibin could not believe that Xiao Guang could see it all of a sudden.

Could it really be like what Lu Yi said,

as long as Yan Huan woke up, Xiao Guang would be able to see it. In fact, this was just what they had lied to Xiao Guang at the beginning. They did not expect this to happen. It really came true. Yesterday, Yan Huan had just woken up, but today, Xiao Guang could see it., wasn't this a little too mystical.

Xiao Guang walked over to he yibin with his calves. Then, he lifted his little face curiously and looked at Luo Lin's stomach.

"Is that a little brother in Aunt's stomach?"

"Yes." Luo Lin felt like there was something stuck in her throat. She was so upset that she wanted to cry.

She touched her stomach. "It's a little brother. Do you want to touch your little brother, Xiao Guang?" Luo Lin smiled encouragingly at Xiao Guang. If Xiao Guang could really see it.

Little Guang turned around and looked at his father again. He saw that his father did not say no, nor did he say that he was not obedient, so he walked towards Rowling.

He stretched out his little hand and placed it on Rowling's belly.

“Aunty, little brother is very obedient. He’s more obedient than little sister.”

When Little Guang thought of his sister at home, he felt that his sister was definitely not obedient. Because his sister loved to cry so much, she cried louder than him.

And Rowling didn’t know whether to laugh or cry.

“How do you know that Little Brother is nice?” Rowling patted Little Light’s little head. She liked children as soon as she saw them. After all, she was also a pregnant woman.

“Because little brother doesn’t cry.” After saying that, little light ran to his father’s side and crawled into his father’s arms in a flurry. Then, he pulled his father’s clothes and shielded his little body.

“What’s wrong with him? Is he shy?”

Such a scene stunned he yibin. When did this little guy learn to be shy? It wasn’t Xunxun. Xunxun’s skin was quite thick now, so she didn’t know what it meant to be shy at all.

“No,” Lu Yi stroked Xiao Guang’s tiny head through his clothes.

“He’s afraid of drawing blood.”

“Don’t worry, he won’t do it. He’s just here for an eye exam.”

He Yibin first settled Luo Lin down before he came over to hold light’s little hand. Then, he sat him down and tested his eyesight,

after a series of tests, light was hungry.

“Pull, light is hungry,” light pulled one of his father’s fingers and mocked his father for being hungry.

“I’ll take you to eat a hamburger later. Just Bear with it for a while.”

“Okay.” Xiao Guang was very obedient. No matter how hungry he was, he was not like other children who were ready to cry and make a scene if they were not given food.

#### **Chapter 1524: had hidden something good**

Not long after, the results of the examination were finally out.

“Mm, very good.” He Yibin rubbed light’s little head. “Our little guy is really good. There’s no problem at all. However, this situation is better now, but it’s hard to say in the future.”

“Come and take him for a check-up in a week. We want to know how the blood clot in his brain is doing. According to light’s condition, the blood clot should be gradually being absorbed. However, we can’t let our guard down.”

“I hope it’ll be fine.” He Yibin hugged light again and kissed him hard on his little face.

“That’s great. I’m finally relieved. I haven’t had a good night’s sleep for a long time because of you.”

Light just smiled. He didn't know what adults were smiling about. He just smiled whenever adults smiled.

Lu Yi carried Xiao Guang out. He was going to bring Xiao Guang to eat a hamburger later. The little fella still remembered the taste from last time, so he was instantly happy when he mentioned eating a hamburger.

When they arrived, there weren't many people inside. Lu Yi carried Xiao Guang up and took the menu. "Which one do you want?"

Xiao Guang gnawed on his little finger before he shook his head. He didn't know what to eat.

"Let's have a children's meal."

Lu Yi simply ordered for his son.

After a while, he brought the meal to the union and placed it in front of Xiao Guang for him to eat. Xiao Guang hugged the burger that was bigger than his face and took a big bite.

Lu Yi took out his phone and took a picture before sending it to Yan Huan.

Just as he was about to take another photo, Xiao Guang stretched out her two small hands and made a V sign.

Of course, Lu Yi also caught it.

Just like his mother, the camera was very sharp. Lu Yi pinched Xiao Guang's little face and sent this photo to Yan Huan. But to be honest, the three children at home were very cooperative when taking photos, every year, their grandmother would ask them to go to a special children's photography shop to take photos. They had started taking photos since they were six months old. At that time, Xun Xun was not well and could not go out, it was just Xiao Guang and Xiao Qi. The photos they took were the most beautiful photos in the entire photography shop.

The photography shop wanted to keep the photos of the two children as samples. But Ye Shuyun was unwilling. Later, they added Xun Xun. The two boys were originally very cute, xunxun was simply too beautiful. Xunxun's mother was the fifth most beautiful woman in Asia, and Xunxun's facial features were completely similar to her mother's. How could she not be beautiful.

And now, the people at home finally understood why the three little guys were so eager to show off. It was not because of anything else, but because they had a queen mother.

Xiao Guang had eaten half of his burger, and he couldn't eat anymore. However, he had eaten some french fries and was full, so he didn't say that he was hungry. Now that he could see with his eyes, he wasn't too afraid anymore.

"Ba Ba, Xiao Guang's Day has broken." Xiao Guang pointed to the sky. "Ba Ba said that when Mommy wakes up, Xiao Guang will be able to see. Ba Ba is so good."

Lu Yi carried his son and walked a long distance with him. He walked very slowly, wanting to let Xiao Guang take a good look at this world, the world that he was about to lose.

“Come, say something to Mommy.” Lu Yi placed the phone in front of Xiao Guang. Xiao Guang used his two small hands to hold onto his father’s phone.

“Mommy, I’m Xiao Guang. I’m with Ba Ba. Xiao Guang is very obedient. Mommy, Xiao Guang’s Day has broken. Xiao Guang can see many things. Mommy, I can see Ba Ba.”

Yan Huan took her phone over. She covered her mouth and held back her sobs. En, it was good that she was fine. It was good that she could see. Her Xiao Guang was finally able to see.

“Miss Yan, What’s Wrong?”

Aunt Gu rushed over when she saw Yan Huan crying. She thought that something was wrong with Yan Huan. Why was he crying? He had just woken up and he had to take care of his body.

The first thing to take care of his body was to be in a good mood.

If he was in a bad mood, even the medicine was discounted.

“I’m fine.” Yan Huan wiped her tears. She was just happy. Yes, she was just happy. She was most worried about Little Light’s eyes. Now, he was finally fine.

“Miss Yan, I’ve brewed some soup for you. It’s almost done. You should drink more.”

Aunt Gu then recalled the soup that she had warmed in the pot. She had brewed the soup for quite some time and should be able to drink it soon. Yan Huan’s body was indeed full of disasters. It wasn’t easy for him to recover, yet, it was like this again.

If she wanted to recover, it would probably take a few more years.

“Okay, I understand. Thank you, Auntie.” Yan Huan still sat still. She didn’t have much strength on her body right now, so she could only sit. Sometimes, she would slowly walk a few steps in the room.

However, it was only a few steps. If she wanted more, she would have to run and jump like before, but it was impossible. At the very least, she couldn’t do it now.

She slept for a few months. However, in that life, these few months were her entire life.

“Mommy...” Xiao Guang’s voice came from outside. Yan Huan also sat up. Xiao Qi and Xiao Guang’s voices were very similar, but she could immediately tell which Xiao Qi was.., which one was Xiao Guang’s.

And now, Xiao Guang was back.

Xiao Guang ran in from outside and kicked off the little slippers he was wearing. He quickly climbed up on his own. His eyes were like beautiful crescent moons, extremely cute.

Xiao Guang happily threw himself into his mother’s embrace,

“Xiao Guang, thank you, Mommy, for coming back. When mommy comes back, Xiao Guang’s Day will be bright. Xiao Guang can go to school with his brothers and sisters in the future. He can eat by himself.”

“Yeah, he can eat by himself.” Yan Huan touched Xiaoguang’s face. Xiaoguang’s smile was very cute. He could tell that he was very happy because he could see it again.

Xiaoguang was still young. He did not know what kind of fate he would have if he could not see with his eyes, what kind of life would he walk into under such a fate.

Light himself did not know, and neither did the others.

Now that Light's eyes had recovered, the memories of when he was three years old were actually very few. Perhaps when light grew up, he would forget that he had such a dark past., and he would not remember the days that he could not see in the past.

"Mommy, Xiao Guang brought something good for Mommy."

Xiao Guang placed his small hand in his small pocket and found something in the pocket. After a while, he took out his small hand and placed it in front of his mother as if he was presenting a treasure.

### **Chapter 1525: the thoughtful child**

"Mummy, Xiao Guang gave it to mummy."

Xiao Guang stretched out his little hand. In his little hand, there were some long strips of things. What was this?

Yan Huan stretched out his hand and took one. She pinched it.

MMM, it was soft.

She put this next to her mouth and took a small bite. MMM, right, she knew what this was. It was French fries.

"Mommy, is it good?"

Xiao Guang's eyes narrowed into slits as he smiled.

Today, Ba Ba brought Xiao Guang to the burger. Xiao Guang had saved it for Mommy.

"Si, it's good."Yan Huan ate a lot of it out of respect.

"I was wondering why the French fries were gone so quickly. He ate so quickly. So he had hidden it secretly."

Lu Yi walked over and sat down. He then let Xiao Guang sit on his lap. He then touched the little fella's pockets and sure enough, they were all in his pockets.

How much did the chips cost? However, the clothes on this kid were not cheap. The clothes on them were all bought by Yan Huan. Luckily, they did not grow much and were always worn

The clothes that Yan Huan bought for them were all custom-made. Although the child grew very fast, Yan Huan loved the child very much. No matter how much money he spent, it did not matter.

Therefore, the clothes of the three little fellows were all extremely expensive.

The French fries were fried with oil. It was unknown if the oil was washed clean.

However, Yan Huan ate happily.

“You Like It?” Lu Yi pinched one himself. It seemed to be pretty good. He pinched another one and placed it beside Xiao Guang’s small mouth. Xiao Guang opened his small mouth and ate it. All the while.., this little face was smiling so much that it was really pleasing to the eye.

Yan Huan ate another one and it was really quite delicious.

Yes, it was quite delicious.

“I’ll go buy some later and have the three children come over and eat it together.”

Lu Yi thought about it. The children all liked to eat this. In a while, he would also bring Xiao Qi and Xun Xun over. It was about time for them to meet their mother.

“Sure.” Yan Huan was also thinking about the other two children. She had just woken up, and her body had yet to recover from all aspects. Sometimes, she couldn’t take care of Xiao Guang. Usually, Xiao Guang was still talking.., she was already sleepy. She couldn’t play with the children, nor could she carry them. She didn’t have much strength either.

Thus, even now, Lu Yi did not let the other two children come over.

She shook Xiao Guang’s little hand. She knew that the other two children would definitely have a very good life. They were not Yan Huan. When Yan Huan was young, he did not have a father, nor did he have grandparents, much less grandparents, she only had a mother, so only her mother loved her. Her mother doted on her. When her mother was no longer around, she was already an orphan.

But the children were very happy. They had many people who loved them. They would not be wronged, and they would not be bullied.

And during these days, the most difficult and pitiful person was Xiao Guang.

And she could not even imagine how helpless and scared Xiao Guang, who had always lived in the dark world, was. And he was only a three-year-old child, and he was still so young.

Yan Huan held Xiao Guang in his arms.

“Xiao Guang isn’t afraid.” She patted Xiao Guang’s shoulders gently. “Mommy will definitely take good care of Xiao Guang in the future and never leave him again.”

Xiao Guang grabbed his mother’s clothes and was happily carried by his mother.

Lu Yi specially went home to fetch the two children and found a chef who could cook burgers and French fries. He bought all the ingredients and was ready to cook for the children at home so that his cooking would be cleaner, although they were fried, they were still cleaner than the outside world. Besides, the Liuyuan garden was really far from the outside world. If he went out to buy them, they would be gone by the time he brought them back, that was why he specially found this western-style chef to bring them a unique hamburger meal.

The door outside rang. Auntie Gu hurriedly walked over and opened the door. She saw Lu Yi carrying Xun Xun. Xun Xun was barefooted and did not even wear shoes.

“Auntie, I’ll bring them to see their mother first.”

Lu Yi held his daughter in one hand and held Xiao Qi’s little hand with the other. “A chef will come over in a while and cook some food for the three children. I’ll have to trouble auntie to help him.”

“Sure,” Auntie Gu quickly agreed. She first went into the kitchen to tidy up the things inside so that no one would come over later and she would be in a mess.

“Xiao Qi, go and open the door.”

Lu Yi let go of Xiao Qi’s little hand and asked him to open the door.

Xiao Qi quickly ran over, feeling ashamed. When she pushed the door open, she saw Xiao Guang sitting with his mother, reading cartoons on his laptop.

Xiao Qi’s little mouth twitched, as if she felt that she had fallen out of favor.

“Xiao Qi, come over to Mommy.”

Yan Huan stretched out his hand to Xiao Qi, and Xiao Qi hurriedly ran over. She scrambled onto the bed and sat down next to Xiao Guang. Out of habit, she held her brother’s little hand, as if she was afraid that her brother would lose it.

Xiao Guang grinned at her brother and held his hand tightly.

“Mommy...”Xun Xun extended her little hand for her mother to touch, and her father put her down. She ran over to her mother and happily threw herself into her mother’s arms

“Mommy, you’re awake, aren’t you?”

“Yes.”Yan Huan kissed her daughter’s little face and touched her little feet.

“Why are you not wearing shoes again?”

“I don’t like it.”Xun Xun shook her little head vigorously. “If you wear shoes, you have to walk. Xun Xun doesn’t like to walk.”

Yan Huan gently pinched her little face. “Are you lazy? You’re just like your mother.”

This was true. Yan Huan did not remember much about the things that happened when she was young, but most of them were told to her by her mother. Her mother had said that when she was young, she would deliberately not wear shoes because she wanted her mother to hug her.

And Xunzhen was exactly the same as she was when she was young. She was a delicate child.

Yan Huan pulled the blanket over her daughter. Then, she hugged the three children in her arms. She gave birth to all three children, and they were all her babies. She loved and loved each and every one of them, each and every one of them was her life.

The chef soon arrived. He was a foreigner. Indeed, he was a foreigner who specialized in western cuisine. Of course, the hamburgers he made and the fries he fried were much better, they were much more delicious than the ones made in those fast silkworm shops.

The kitchen of the Lu family had everything. They had everything. Initially, this foreign chef was afraid that he would not be able to perform well. In the end, it was an accident. He had everything.

The ingredients were all fresh and ready-made. It wasn't a big deal to cook some hamburgers and French fries. In fact, it was quite simple.

### **Chapter 1526: as long as you grow up safely**

When he came over, he felt that his talent was a little overrated. However, this was the request of the guest, and he would naturally do his best to complete it.

Not long after, he had prepared a large table of western-style fast food. Of course, some of them were very childlike because the guest had said that this was prepared for his wife and three children.

Lu Yi carried Xun Xun out and sat her on his small chair.

Then, Xiao Qi held onto Xiao Guang's small hand. He first let Xiao Guang sit properly before he sat properly.

The children were very sensible and obedient. Even if they knew that this was delicious food, as long as the adults were around, they would not ask for it.

Lu Yi returned to the room and helped Yan Huan Out. Yan Huan's body had not recovered yet, so she could not walk for too long. Usually, she could only walk a few steps in this house. Most of the time., she was still in a wheelchair. She walked very slowly and it was a little strenuous. After all, she had not moved for a few months, so she needed a certain amount of time to recover.

Lu Yi helped her sit down. As for Yan Huan, she did not dare to eat such beautiful western food.

Lu Yi divided the french fries into four portions, one for each child. Of course, there was also Yan Huan's. He did not know that Yan Huan liked to eat this.

"Why do you like it now? Why haven't I seen you eat it before?" Lu Yi took a blanket and covered her with it.

"I used to have to control my body, so I can't eat this."

Yan Huan really had not eaten it many times. When she was young, her family's conditions were not good. Although she wanted to eat it, she did not ask for it for her mother. Later on, when she grew up, she still had to earn money to treat her mother's illness, when her financial conditions were better and she had to control her body, she couldn't eat such things anymore.

Of course, it wasn't that she hadn't eaten it before. She had secretly eaten it once or twice, but it wasn't too much.

It was really rare to eat it so freely like today.

The three children all liked to eat this. Each of them ate very happily. They took their own chips and dipped them in ketchup. Of course, they didn't need to be bothered by adults.

“Do they often eat this?” Yan Huan imitated the children and took a bite. To be honest, the taste was really not bad. It was quite delicious, but these three children seemed to be quite good at eating this. Why.., did Lu Yi often take them out to eat these things?

But with Lu Yi’s character, it seemed like he wouldn’t do such a thing.

Lu Yi wouldn’t let the children eat such unnutritious things. He was rather self-disciplined, and it was the same for the children. He wouldn’t let them eat an extra ice cream in the summer, how could he bring them to eat these now? However, they were very good at eating. Their small mouths didn’t stop, and their small hands came very quickly. In a short while.., a small plate of french fries was almost bottomless.

“Little Lei Zi has secretly brought them there many times.”

Lu Yi himself also ate a few french fries. He could taste them, but he was not greedy.

Yan Huan touched his forehead.

“Did he grow taller again?”

“You’ll know when he comes tomorrow.”

Lu Yi took another hamburger and gave one to each of the children. The children all liked it. They hugged the hamburgers that were bigger than the three of their small faces and ate happily. Although they did not eat much, they still liked it.

Their small stomachs weren’t big, so they didn’t eat much. It was possible that after a few bites of the burger, they would be full.

Lu Yi then placed another burger in front of Yan Huan.

“Let’s each have half,” Lu Yi separated the burgers from the middle. Yan Huan had half, and he had half.

Yan Huan took it and ate a bite.

The taste was not bad, but it was not what she liked to eat.

“I still like the bowl of noodles you cooked.” Yan Huan took another bite and suddenly thought of something.

“Then, do you still have my noodles for tonight?”

“Yes.” Lu Yi did not know whether to laugh or cry. “You can eat it as long as you want.”

Yan Huan took the hamburgers and started eating. She turned around and looked at the three children. The three children were now competing with the hamburgers that were bigger than their small faces. Each of their little faces was covered in food scraps. Yan Huan reached into Lu Yi’s pocket and took out his phone. Then, he turned on his camera and took a few photos of the three kids.

These photos were all precious. She didn’t have many photos when she was young, but now, she couldn’t find any. Her mother kept them, so she even forgot what she looked like when she was young.

However., just look at Little Xunxun. She looked like Little Xunxun when she was young, so these photos had to be preserved well.

She had never released the photos of the children to the public. This was the private life of her three children. It was their carefree childhood. She did not like to let the children live in the eyes of others, they just had to be themselves.

She didn't need them to be outstanding, as long as they grew up safely and happily.

After they were full, Yan Huan accompanied them to play for a while. She was a little tired and really couldn't muster up any energy.

Although the three children were reluctant to part with their mother, they knew that their mother was sick and that sick people also needed to rest well. Therefore, when their father wanted to send them back., they obediently followed their father back to their grandmother's place.

"How is she?" Ye Shuyun took the three children. The three children were all asleep. They were still so pretty and cute. No matter what, they were not loved enough by their own family.

Ye Shuyun naturally asked about Yan Huan. Of course, she also knew that Yan Huan was already awake, but she could not see too many people. She needed to quietly recuperate. She did not say anything else first. First, she had to recuperate. Then, they would talk about other things.

"I'm better now." Lu Yi carefully caressed Xiao Guang's little face. Xiao Guang was better now, and her personality had returned to the past. She loved to smile, and she talked a lot. She was also a little more sensible, she was much more sensible than before.

As for Yan Huan, she still needed a long time to recover. As for when she would recover, it was hard to say.

"Mom, I'll be leaving first. You should worry more about the children."

Lu Yi was also reluctant to part with his three children. However, it was better and safer for the three children to stay with their parents than anywhere else.

"Look at what you said." Ye Shuyun shook Xiao Guang in her arms. "They are my grandchildren, my heart, my liver, and my life. I Can't leave them for even a day."

She was the one who had brought Xiao Guang to this world. If she really couldn't see him that day, she would want to die.

At his age, this was the only joy in life. Could it be that he had to see Lu Jin's old face every day.

### **Chapter 1527: the sky turned dark again**

At this time, Lu Jin and Old Master Lu were still staring at each other. He was holding Xiao Guang in his arms, and Old Master Lu was naturally holding his little great-granddaughter.

"Dad, you're old. Don't look for her in the future. What will you do if you drop her?"

“Don’t worry.” Old Master Lu rolled his eyes at Lu Jin. “Even if I fall to my death, it’s impossible for me to drop my great-granddaughter.”

Ye Shuyun had a headache. This had become the most bizarre thing in the Lu family. The two old men argued like this every day. They were arguing about their grandson. However, even though they were quarreling., the relationship between father and son was getting better and better. Of course, the old master’s health was getting better day by day. Based on this, it was possible that he could live for another 20 years without any major problems.

He walked out of the trap and placed the three children there. These three children were the future of the Lu family. He remembered that in his previous life, he had walked to the end alone, whether it was his grandfather or his parents., the biggest regret in that life was that he didn’t leave a child for the Lu family. It was also because the Lu family had cut off their bloodline in his generation. It wouldn’t happen in this life. This was heaven’s compensation to the Lu family, after giving them three children, whether it was Lu Ye Shuyun, Lu Jin, or Old Master Lu, their hearts would be at ease for the rest of their lives.

He drove back to the residence garden. Yan Huan was still waiting for him in the residence garden.

When he returned, Yan Huan was already asleep. Her breathing was very even and she was already sound asleep. Lu Yi suddenly felt a wave of fear as if he was afraid that she would fall asleep again and never wake up again.

“Huanhuan...” he called out to her.

“Mm.” Yan Huan used her fingers to grab the blanket and rubbed her eyes to wake up.

“Continue sleeping. It’s still early.” Lu Yi chuckled. This heart that was about to stop beating just now suddenly came alive again. It also started beating in a regular and fiery manner.

Fortunately, she was here and she was awake. Lu Yi sat at the side. He did not do anything. He just watched over her. He almost lost his wife. No, he had already lost her once.

What he could never forget was that dream in which he lost his wife. It was a life that was no longer interesting. It was a life that was worse than death. He did not want to live that kind of life anymore. He did not want to miss her anymore, and he did not want to suffer the pain of searching for her.

And that kind of pain was something that even he, a man, could not bear.

He could not get it, but it was already gone, and he loved and parted ways..

This kind of pain was actually something that he had experienced in his life.

“Lu Yi...” Yan Huan stretched out his hand, wanting to touch something. At this moment, a hand went over and held her hand tightly. He placed her hand in the palm of his own. There were calluses on her soft little hand, she had left it behind when she was in the Chen family village. Even now, it was very obvious. Her hand was a little cold, carrying her body temperature that was already a little cold. Sometimes, she would still grab his fingers.

“I want to eat noodles.” Yan Huan was currently in a daze from sleep, but she did not forget the bowl of noodles that Lu Yi had promised her.

“Alright, I’ll Cook It for you.”

Lu Yi promised her and carefully placed her hand under the blanket. Then, he went to the kitchen to cook two bowls of noodles.

He had cooked this noodles for his entire life. Even with his eyes closed, he knew how to cook the noodles and what flavor Yan Huan wanted to eat.

At this moment, in the Ye residence, Xiao Guang’s room was suddenly filled with the sound of crying. Ye Shuyun almost jumped up in fright. She was also covered in cold sweat from the shock. What was wrong with Xiao Guang.., was his eyes not good again.

She and Lu Jin hurriedly ran to Xiao Guang’s room. Xiao Guang was very brave today and said that he wanted to sleep with his brother. Why did she agree? It should be her and Xiao Guang sleeping together.

When they came, Old Master Lu also ran out with a bad expression.

Although Old Master Lu and his son loved and doted on Xun the most, Xiao Guang was also his great-grandson. Of course, he was also in pain.

They were afraid that Xiao Guang’s eyes were not good because the blood clot in Xiao Guang’s brain had not disappeared yet. The blood clot was pressing on their hearts, it almost made them unable to breathe.

With a bang, the door to the room opened. The nanny hurriedly coaxed Xiao Guang. Even Xiao Qi was crying together. He held Xun Xun’s little hand. Xun Xun was also frightened and her little face was pale.

“What’s Wrong?”Ye Shuyun hurriedly asked the nanny, and Lu Jin and old master Lu also came over. They carried Xiao Qi and Xun Xun One by one, and then coaxed them.

Why were they crying? weren’t they all fine when they slept? They even said goodbye to their grandparents. The three children all slept together, and there was a nanny at home watching them. They always slept like this, they never said that they cried when they fell asleep.

I didn’t know either. The nanny hurriedly coaxed Xiao Guang. The two nannies were also in a mess. They slept beside the children. At night, they covered the children with blankets, afraid that they would kick the blankets and catch a cold.

They had always taken good care of them. Other than the three little ones who always loved to find sick people, Xiao Qi and Xiao Guang had never been sick before. They were two very healthy babies, not to mention, they were crying in the middle of the night.

This was something that had never happened before.

The nanny was also very confused. Xiao Guang had always slept very well and did not kick the blanket. I even got up to see them a few times. They all slept very well. I don’t know why.., why did Xiao Guang Cry so suddenly? Even Xiao Qi and xunxun were shocked.

Ye Shuyun quickly hugged Xiaoguang with heartache and kissed his tender little face.

“Good Xiaoguang, don’t cry. Tell Grandma, what happened to Xiaoguang? Why Are You Crying?”

“Grandma...”Xiaoguang rubbed her eyes. Her eyes were red and swollen from crying, as if she was a pitiful little girl that no one wanted.

“What’s wrong? Come, tell Grandma?”Ye Shuyun hugged her grandson and was about to cry. No matter what, other people’s children were safe and sound, but why were her children suffering more and more.

First was Xun Xun, who had been sick since she was young, and then there was Xiao Guang, who was almost blind.

Xiao Guang choked on his own small voice and spoke intermittently.

“Grandma, Xiao Guang’s sky has turned dark.”

Ye Shuyun was shocked. Xiao Guang’s eyes..

She lowered her head again and met Xiao Guang’s black and Bright Eyes. That wasn’t right. Xiao Guang could clearly see because he was looking at Grandma, and he could even grab Grandma’s hair.

“Can Xiao Guang still see it now?”Ye Shuyun asked Xiao Guang carefully.

### **Chapter 1528: -fear of the dark**

Xiao Guang stretched out her little finger and pointed at the light that was already lit up.

“The sky is bright.”

Ye Shuyun suddenly let out a long breath. She was really scared to death. She thought that there was something wrong with Xiao Guang’s eyes, but it wasn’t. It was probably because after Xiao Guang fell asleep, the nanny also turned off the lights and the sky was dark.., therefore, when Xiao Guang opened his eyes, he couldn’t see anything. He thought that it was because it was already dark and he couldn’t see anymore, so he was scared.

“It’s alright, it’s alright.”Ye Shuyun carefully coaxed Xiao Guang.

“Leave a small light for them in the future,”she instructed the nanny. The children were still too young, so the lights shouldn’t be turned off. When they grew up, the children would be braver, but.., even now, they were still too young, and they needed the care and care of adults

“Okay.”The nanny noted it down. This time, she was really scared out of her wits.

Xiao Guang stopped crying. Xiao Qi and Xun Xun rubbed their eyes and fell asleep in the arms of the two adults.

Ye Shuyun was worried about Xiao Guang, so she hugged Xiao Guang and slept with herself. The other two children were still watched by the nanny, and the two nannies were very responsible in taking care of them, therefore, Ye Shuyun was very relieved and gave the two children to the two nannies to take care of. When they found out that Yan Huan was pregnant with twins, they found a attentive nanny, but they did not expect that.., later on, there was still one in the belly and another one who was weak and

sick. It was also a search that everyone was worried about, so they could only find another one. It had been three years since they were born, there were no problems with the two nannies. They took care of the children as if they were their own children. They were usually clean and would help with the family's injuries, unlike some nannies who only took care of the children and did nothing else, of course, the wages the Lu family gave them were also quite high.

Of course, the three little ones of the Lu family were also very easy to take care of. Since Young, they had been well-behaved, loved cleanliness, and had a good temper. Whether it was little Qi Xiaoguang or Xun Xun, they were all well-behaved children, with such good treatment, they naturally had to put in a lot of effort. Otherwise, if they were to be fired from this place, it would not be worth it.

The two nannies once again coaxed the child to sleep. Ye Shuyun personally took Xiao Guang to sleep.

In the future, she had also decided that she would always take Xiao Guang with her. The child was too young, and there was still a shadow in his heart. She would wait until he was a little older to talk about it.

Ye Shuyun's heart ached as she kissed Xiao Guang's little face. The child was thin and weak, and now he was a little shorter than Xiao Qi. In the past, he was the same height as Xiao Qi, but now he was as thin as a handful of bones.

"Don't be afraid." Ye Shuyun gently touched Xiao Guang's little face. "Grandma will definitely raise our Xiao Guang until he is white and fat, just like in the past."

"Do you want to tell Lu Yi?" Lu Jin asked ye Shuyun. "Let him come over. First, we'll bring Xiao Guang over for a few days."

"Forget it. Huanhuan is like that now. How can she take care of the children? If she does, it'll be three children at the same time." How could he not know about her grandson?

Whatever they did, they had to be together. They could not do without anyone. Moreover, Xiao Guang was going to school now. If he did not go to school, what would he do if he became withdrawn in the future?

Lu Jin also sighed. "If I find out who has been harming us, I will definitely crush their bones and scatter their ashes."

"That's right." Ye Shuyun's heart ached when she thought of the car accident. It had almost destroyed the Lu family. Regardless of whether it was he yibin or Lu Yi, they had said that the car accident was not an accident, but an act., and no matter who the last person behind it was, when they found him, she would make sure that their eyes were blinded. Her Xiao Guang had not gone blind for the past few months, but there were still adults like them., the past few months of fear and trepidation had caused everyone to lose weight, and everyone had not been able to eat or drink well.

She had remembered all of this for the person behind it.

And she would never forgive that person.

Xiao Guang had already fallen asleep. He was still nibbling on his little finger. His pouted little mouth was soft and soft. His little face did not have much flesh, and he was still very thin.

No matter what time it was, the family would always leave a lamp for him, afraid that he would be afraid. This habit continued until he reached adulthood. He also had an instinctive fear of the darkness.

Even though he had finally overcome this, he still could not forget how useless he was in the darkness.

At night, he could still hear the sounds of crickets and frogs in the garden. It seemed that he could also hear the rustling of leaves in the wind. It was also possible that when he woke up in the morning., he could see that many of the flowers of the locust tree had been blown down from the trees. After picking one up, he could even taste the honey on it, which was somewhat sweet.

Everything in the garden was also added with the original ecology. Here, it was as if one had arrived at another place. It was not the developed technology and transportation city of Hai City. One could also be far away from all the hustle and bustle here, far away from the crowd, it was also far away from those detours.

Yan Huan liked staying in the garden. She liked the silence here, and also liked the air here. Of course, she liked the noodles that Lu Yi had made for her all his life.

She put the bowl to her mouth and drank the last mouthful of soup in satisfaction.

“Is it good?” Lu Yi could tell that she liked it when he saw that she was eating so well.

Of course, he also hoped that she could use this delicious meal to make herself fatter. Yan Huan’s physique was probably the envy and jealousy of most women. No matter how much she ate., she would not gain weight and was more likely to be thin. He just did not know if she would really gain weight in such a chaotic lifestyle.

As for Lu Yi, he was not worried about himself. He had eaten sour soup noodles all his life but he had never seen him gain weight. Others said that he was broad-minded and fat, but they had hidden things in their hearts. How could they have the chance to gain weight.

Yan Huan put down the bowl. Her eyes were like black gems under the water. No matter how much time had passed, they had never changed.

“The noodles you cook are the best.” Yan Huan liked to eat this bowl of noodles the most. And every night when she dreamed about it, she realized that the one thing she wanted to eat the most was this bowl of noodles.

“Also...” she gnawed on her fingernails. “Can I have another mouthful of soup?”

She had her eyes set on the noodles in Lu Yi’s bowl. She was usually very disciplined, and she did not have any big ambitions for what she ate. She did not feel anything when others said that it was delicious. She had tasted what others said was terrible, she could barely swallow it.

She had eaten abalone, sea cucumber, and pickled vegetables and tofu.

### **Chapter 1529: The Return of the prosecutor**

There was only one result when one ate it, and that was a full stomach.

However, she was very fascinated by Lu Yi's bowl of noodles.

"Here you go." Lu Yi picked up his bowl. The noodles had been left there for some time, so it was just right for him to eat now. It wasn't too hot, unlike when it was just brought out, where it was hot to the mouth, if she were to drink the soup now, it was just right. It wasn't too hot or too cold. It was slightly hot, but it could still enter her mouth.

Yan Huan took a sip from the bowl.

MMM, so satisfying. Although her stomach was full, what if she still wanted to drink more.

"I want to drink another sip."

She hugged the bowl and refused to let go. How could one sip be enough? She wanted to drink another sip. No, three sips. MMM, no, the soup was all hers.

"You can only drink one mouthful."

Lu Yi could only let her drink another mouthful. If she drank too much, it wasn't that she didn't want her stomach anymore, was it?

"Alright," Yan Huan agreed. Just one mouthful, and she drank a huge mouthful. Then, she touched her stomach and experienced it with satisfaction. The mouthful of soup that she drank just now was really too delicious. It was too wonderful.

What was the best thing to eat.

In that case, she would definitely say that it was a bowl of noodles cooked by her husband. There was nothing better than this. It made her taste delicious when she ate it, satisfied when she ate it, and recalling the taste when she slept.

Lu Yi also took his chopsticks and ate the noodles himself. Sometimes, he saw that she looked a little pitiful, so he rewarded her with another sip of soup. At that time, Yan Huan's eyes were sparkling, he was just like a child.

He still hoped that she had a pure heart and not a heart full of hatred.

Of course, the hatred in Yan Huan's heart could not disappear. However, she had no time to take revenge now. Even if she wanted to take revenge, she had to wait until her body was fully recovered. She had not fully recovered from the sequela of the car accident.

She was a person who could not move. What revenge was there to talk about.

Lu Yi also finished his bowl of noodles. He carried the bowl to the kitchen and washed the dishes. When he came back, he saw Yan Huan hugging his computer. He was actually watching a television drama.

He was watching the movie that Sun Yuhan and Su Muran had filmed. It was a movie that had pretty good ratings now.

"How did they end up together?" Yan Huan propped his face on Lu Yi's lap. These two people were clearly incompatible with each other. However, what was going on now? The Sun had risen from the west. What was going on..., the two of them could even act together.

Su Muran, this woman, could bear the hatred of stealing her husband. There was also Sun Yuhuan, an ordinary-looking woman. How could she possibly get him a woman who was even more beautiful than him and had better acting skills.., and a famous supporting actress?

“Zhu Meina said that they seemed to have reached some kind of agreement.” Lu Yi could not find out what kind of agreement they had reached. It was not a good thing.

Yan Huan could not tell what kind of agreement these two people had.

Su family and ye family.

Could they also cooperate?

This was what she could not understand the most.

“Don’t look anymore. Go to sleep.”

Lu Yi closed the computer and put it aside. It was almost two o’clock. This kind of lifestyle was not good. He had to change it.

“Let’s move the time for noodles to half an hour earlier, okay?” He discussed with Yan Huan. They had already moved the time to half an hour earlier, and if they moved it to half an hour earlier, they could do it slowly, they could always correct her body clock that was not quite right.

“Okay,” Yan Huan thought about it, but it was not too difficult. She also felt that it was not good, so she had to change it. At the very least, she could not let Lu Yi stay up at two o’clock in the morning with her.

She hugged Lu Yi’s waist and pulled her body into his embrace. This was the safest harbor for her. This was also her everything. Everything else was unimportant. This was the best.

“Aren’t you going to work?” Yan Huan asked Lu Yi. She hadn’t seen him go to work for a long time. Being a prosecutor was a job that he loved, and it was also a part of his life. He gave up just like that.

“Yes, I don’t want to go back.” Lu Yi did not think about going back. His wife had become a vegetable, and his son was blind. This had already messed up everything for him. He could not go to work on a regular basis, he only wanted to be by his wife’s side, taking good care of her, and protecting her. Now that he thought about it, he actually did too little for her.

“I hope that you can go back.” Yan Huan placed his face on his chest, listening to the sound of his heart beating.

“That’s the career that you like, and it’s also what I like. I also hope that the children in my family will have a father who is a prosecutor. He can be a good role model for them, and he can become the most important goal in their lives.”

Moreover, Yan Huan stretched out his finger and tugged at his clothes. I also want to have a little bit of my own private space, alright?

Lu Yi felt that he didn’t know whether to laugh or cry. What was going on? was he being despised.

“Alright?” Yan Huan tugged at his sleeve again. Lu Yi didn’t say anything, but with his temper, Yan Huan couldn’t say a word. If you don’t say anything, I’ll take it as a promise.

Such words might be suitable for a lot of people, but believe her, there was absolutely no one who would be Lu Yi. Lu Yi's personality had always been very direct. If he could, then he could. If he couldn't, then he just wouldn't agree.

And Lu Yi didn't answer because he was seriously thinking about it.

The profession of a prosecutor gave many privileges that others didn't have. This was something that the pure Lu Yi didn't have. In fact, Yan Huan was right. He still wanted to be a prosecutor, for her sake, and for the sake of his three children.., in the past, he did not work because he wanted to take care of her and Xiao Guang. Now that she was awake, her body was recovering day by day. Xiao Guang's eyes had also recovered. No matter how she adapted, she could still go to school, he was their father, their god, and their backer. He wanted to set a good example for them.

"Alright, I'll hand over the work tomorrow." Lu Yi hugged Yan Huan's shoulder again. "Go to sleep. I have to wake up early tomorrow. You just need to sleep until you wake up."

Yan Huan was already a little drowsy. It was already around two o'clock. No matter how energetic she was just now, she was already tired.

Early in the morning, Lu Yi had already contacted the prosecutor's office. Naturally, they were eager for Lu Yi to come back. Lu Yi's work ability was too good, and it was also a little too.., the newly appointed prosecutor could not even do a third of his work well. Perhaps everyone was also accustomed to Lu Yi's work ability. Therefore, they felt that the newly appointed prosecutor should be like Lu Yi, he had a high IQ, rational thinking ability, and a strong working ability. However, there was only one Lu Yi in the world. Although there were many people who would call him Lu Yi, there was only one grand prosecutor Lu, and there was only one grand prosecutor Lu whose working ability had become too strong.

### **Chapter 1530: the job of selecting people**

In the few months that Lu Yi was not around, the prosecutor had already changed two times. None of them could last. This kind of high work ability and work pressure was not something that an ordinary person could withstand, seeing that this new prosecutor was about to go crazy from the torture, the people from the prosecutor's office were anxious. They were thinking about where to first dig out someone to take up this position.

They didn't expect Lu Yi to come back. They were afraid that Lu Yi would go back on his words. They immediately, immediately, asked her to come over.

Lu Yi had no other choice. He could only go over first. When he reached the procuratorate, he put on his uniform. At this moment, it was as if something in his life had awakened. Also.., he also felt that his life had begun to become more fulfilling.

In fact, Yan Huan knew him well.

She knew that Lu Yi loved his work. This was his persistence. This kind of persistence had been with him for so many years. It was not so easy to give up.

When Lu Yi went over, the newly appointed prosecutor immediately burst into tears when he saw him. He was about to pack up and leave.

“Mr. Lu, I heard that it’s not easy to be a prosecutor in Hai City. I didn’t believe it. This time, I came with pride, but I went home crying.”

“Mr. Lu, how did you do it? It’s too busy here. I Can’t stand it.”

“Mr. Lu, do you know that you’re investigating dozens or even hundreds of cases every day? How fast are your hands to be able to record these into the computer?”

“Mr. Lu, can you still go home when you’re working overtime? I’ve already worked overtime for four days. I’ve even been to the house before. If I don’t go back, my wife will run away with someone else.”

The position of Hai City prosecutor was really not a position that an ordinary person could sit in.

It was also not a position that an ordinary person could be competent in, and it was also not a position that an ordinary person could adapt to

Lu Yi sat on his chair and took a deep breath. Only then did he turn on his computer and start to get busy.

Yu Bo was holding a large pile of information and was having a headache. He was also afraid that he would scare the new prosecutor to death. In the past, when Lu Yi was around, he did not feel much, this was because he had been working under Lu Yi ever since he entered the prosecutor’s office. He did not feel much at first about how good Lu Yi’s work ability was. Only when Lu Yi left did he know, the two years that Lu Yi had gone missing, they had gone through hell and back. They had thought that their days were finally over and that they could go back to work as usual. In the end, Lu Yi had resigned from his job as a procuratorate, he immediately felt sad.

It had been a long time since he had rested, okay?

There was also such a thick stack of documents. To be honest, without Lu Yi’s handcuffs, it would have taken him a few days to get these documents into the archives.

“Knock, knock...”he knocked on the door.

“Please come in.”

Lu Yi said indifferently as his fingers rapidly tapped on the keyboard.

This sound? Why did Yu Bo think that this sound today was Lu Yi’s? But How was this possible? Lu Yi couldn’t leave home at the moment, so how could he appear here.

He carefully pushed open the door and walked over. Then, he carefully placed the documents in his arms on the table and took a deep breath, the prosecutor, who had been preparing for a while, was stunned by these documents.

However, when he saw the person sitting in front of the table, he still couldn’t believe his eyes. He rubbed his eyes. Could it be that he had seen wrongly.

“Mr. , Mr. Lu...”

Yu Bo was dumbfounded. Was he hallucinating or was he sleepwalking, how did he meet Lu Yi?

Lu Yi glanced at the documents on the table. "Is this for today?" He asked Yu Bo.

Yu Bo only reacted after a long time. "No, this is for yesterday. The one in front has slow hands."

"Alright, I got it." Lu Yi gestured for Yu Bo to go out first. He still had work to do later.

Yu Bo had been following Lu Yi for a few years, so he naturally knew Lu Yi's habits. He quickly came out and after closing the door, he quickly took his phone and unplugged it for his girlfriend.

"Darling, I'll take you out to play in a few days."

"Time? Of course there is. Mr. Lu is back. As long as he's here, I'll definitely squeeze out a few days to accompany you. I've been so miserable that I haven't had a holiday for more than a month."

Was it easy for him to stay here for more than a month?

Lu Yi was busy, but Yan Huan was rather free.

She was currently sitting outside, drinking the soup that Auntie Gu had made. Auntie Gu knew about her current condition, so she didn't make any awful soup for her. Therefore, the taste of the soup had been excellent recently, moreover, she hadn't made the soup that she wanted to throw up.

The soup that she had recently made suited her taste very well. She liked it very much, and there were even one or two types that tasted especially good. Moreover, Auntie Gu also remembered that if she saw that Yan Huan liked it, she would usually make it for her one or two more times, it was also to let her drink more.

Yan Huan was actually quite picky about the soup. Don't blame her for choosing this. It was just that he had been drinking it for too long. He looked like he was eating. Everyone would have a few things that they didn't like to eat. Yan Huan was naturally the same.

The soup tasted very good today. It was rare for Yan Huan to finish a small pot of soup. After drinking it, she stood up carefully and walked forward step by step.

Her legs were still a little weak, but they were much stronger than before. He Yibin had said that in her current condition, she would be able to recover in about a month's time.

It had only been less than five days since she woke up. She was already very satisfied that she could still take a few steps like this. Moreover, her condition today was much better than yesterday, she believed that she would get better and better in the future.

After walking outside for a while, she returned to her room. Her body was also covered in cold sweat. She was still a little tired after walking too much.

In fact, he really wanted Lu Yi to be with her all the time.

However, Lu Yi needed to work. If he didn't return to his own post, then he wouldn't be Lu Yi.

Lu Yi liked that job, so he should go and get that job back.

It wasn't for anything else. It was only because she knew that this was what Lu Yi wanted.

When she was done lying down, she finally let out a sigh of relief. Then, she took her phone from the table. The moment she opened it, she realized that Lu Yi had sent her a message. They were now used to using that chat app.

They were used to it, so they had gotten to know each other.

Lu Yi: "I'm not going back for dinner today. I'm busy here. Why? You can still change your mind now."
