

Sweet Wife 1571

Chapter 1571: Living next door to foodies

Yan Huan tidied up the bean sprouts on the side. "At night, it can be used to cook noodles."

When Rowling heard that she could cook noodles at night, she wanted to eat it now.

"Are you not satisfied with the food cooked by the chef at home?"

Yan Huan turned around and asked Rowling.

"No, I'm very satisfied." Rowling was eating well and sleeping well. The child in her stomach was growing healthily. Although she had become as fat as a balloon., but now, she was calm and peaceful. Perhaps it was because she ate too well every day.

"Then why did you steal my noodles at night?"

Yan Huan thought of yesterday's noodles and wanted to cry.

"Because I stole them from you."

Rowling was really not polite at all. "You should feel honored that your noodles were approved by me. My Son likes to eat, so you should feel proud too."

"If you're talking about these two things," Yan Huan spread out his hands. "I'm sorry, I don't feel anything at all."

She would rather let them think that the noodles she cooked were extremely unpalatable than be praised so highly.

Rowling knew Yan Huan's personality. Although she had a look of disdain on her face, she would still cook a little more in the morning at night. Yan Huan wasn't a stingy person. Otherwise, if Qing., she would not be so impudent in front of Yan Huan.

Yan Huan picked up the bean sprouts one by one and put them away. He would make noodles and eat them at night.

When she woke up, it was indeed around 10 o'clock in the evening. After Lu Yi returned to the procuratorate, he began to get busy. Perhaps it was the time for the handover of work., therefore, even after such a long time had passed, there was basically no free time. Although he was not as busy as before and everything was on the right track, compared to the average person., he was still too busy.

She carefully sat up. Lu Yi was still sitting in front of the desk. There was a pile of information on the desk. He had to write and press the computer a few times. She did not know how he got used to it or., prosecutor Lu's ability was really so strong that he could be used by two people. Of course, Yan Huan did not know that she had actually underestimated prosecutor Lu. Prosecutor Lu could be used by more than two people, his work ability was so strong that it could be used by five people. Otherwise, why would the prosecutor's Office not let him go? Hong Shui had gone missing for two years at that time, but he could still return to the prosecutor's office.

The gate of the Procuratorate was always open to him. As long as he was Lu Yi, as long as he was willing to go back.

Of course, Lu Yi also liked his work. The Joy of a person's life. Only by finding what he wanted and persisting in what he wanted could he be considered a true success.

And Lu Yi's joy in life was nothing else but being a procurator.

Yan Huan carefully put on her slippers and prepared to cook some noodles for Lu Yi. She didn't want to eat happy noodles anymore. His happy noodles would only appear after Lu Yi was done with his work.

She went to the kitchen and rolled up her sleeves, preparing to cook some noodles. When she was free, she glanced at the bean sprouts on the side. This was not bad. She would put some in the noodles later, she also gave one to Lu Yi to eat. It was all bean sprouts that she had grown. No matter how it was, it was very clean and there weren't any messy things.

This time, she had learned her lesson. She took three bowls over and carried the pot in.

"Is it heavy?" Lu Yi hurriedly came over and took the pot from her hands.

"It's okay, it's not heavy." Yan Huan did not feel that it was heavy. She was not so useless. She could not even lift a pot

Lu Yi took the spoon and scooped three bowls of soup and noodles. These three bowls should be enough for the two of them. When she filled the three bowls, Lu Yi placed the pot in the kitchen, he waited for the pregnant woman to eat. Just as she was about to leave, he yibin broke out in cold sweat.

"I thought you guys weren't cooking anymore?" He Yibin heaved a sigh of relief when he saw Lu Yi. That's right, he was scared to death. If they really didn't cook, what would happen to his son's rations, was he going to starve Rowling to death?

"Here you go." Lu Yi handed the pot to He Yibin. "Take the pot and swallow it. There's half a pot here. It's enough for all of you."

"Thank you." He Yibin was so grateful that he almost shed two tears of gratitude. It was really difficult for Lu Yi. He lived, drank, ate, and even ate at midnight, he also had to eat out. He felt that his face was quite hot.

Lu Yi reached out and patted he Yibin's shoulder.

"Wait a few more months. It will be fine in a few months."

"Sigh..." he yibin sighed. Everyone knew that it would be fine in a few months, but why were these few months so hard to wait? It was as if time was passing by.

He Yibin generously took the entire pot away. On the other hand, Rowling only had a full stomach that night.

It was the same time the next day.

Yan Huan stood in the kitchen and washed the vegetables one by one. She then picked out the black lines on the back of the prawns. Rowling hugged her stomach and watched her movements from time to time.

“Why don’t you sleep a little longer?”

Yan Huan turned around and glanced at her. Was she really that slanderous? She had to stay here.

“I won’t sleep. I Can’t sleep. I’m hungry.”

Rowling touched her stomach. She was both innocent and helpless. It wasn’t that she had no other choice. This kid had eaten a lot since he came. Fortunately, his father could still afford to feed us. Otherwise.., he would probably eat them until they were poor.

Yan Huan picked out the black lines on the back of one of the prawns and poured them into the pot. After a while, the oily prawns came out one by one. The red prawns on the back seemed to be fried into a section, one could even smell the fresh flavor.

“Can I eat one first?” Rowling swallowed her saliva. She really couldn’t wait for her meal to be ready.

“Alright.” Yan Huan saw that she was quite pitiful, so he took out a small bowl and gave her three prawns, telling her to eat them slowly. She had bought a lot of prawns in the first place, and one of them could be compared to three ordinary prawns.

Initially, Yan Huan was still peeling prawns, but in the end, he felt that if he placed this on the rice, it should be quite good-looking. Moreover, he had a certain amount of fun, even though this couldn’t really be considered as prawns in the true sense, it had been modified by her.

However, it was still as delicious as before. It had the same color, aroma, and taste.

Rowling happily took the small bowl and sat outside in front of the table, peeling and eating.

At this moment, Yan Huan began to stir-fry the rice,

“Are you done?” Lu Yi came over and opened the pot. There were also things like peas and corn kernels boiling in the pot.

Chapter 1572: saw the green-eyed man again

“It’s almost done.” Yan Huan poured all the dishes into the pot. Soon, a pot of egg-fried rice came out.

She scooped out a full plate for Lu Yi.

“Try it and see if it’s still the same taste as before?”

Lu Yi took the spoon and tasted it himself. It was indeed the same taste as before. It was simply the same. and the rice that Yan Huan cooked could indeed be said to be superb.

It was not greasy at all. The rice had the fragrance of eggs and scallions. Sometimes, one could even taste the refreshing and crisp taste of corn kernels and green beans.

Of course, there was also the saltiness of ham sausage. Therefore, there was basically no need to add salt to the egg-fried rice. The salt was in the eggs, ham sausage, and shrimp.

Yan Huan put a few prawns on each plate. The rest were peeled into shrimp, then cut into pieces and placed on the plate.

“Good boy, it’s done. We can start eating now.”

Lu Yi took out two plates, and Yan Huan also took one in his hands.

Outside, Rowling had been holding the bowl and waiting for a long time. She had already finished eating the three prawns. What was going on? was there still no rice?

When Lu Yi came out, she finally heaved a sigh of relief. It wasn’t easy. Her rice had finally arrived.

Lu Yi placed a plate on the table. Rowling couldn’t help but swallow her saliva. She really felt like a reincarnated hungry ghost. No matter what, she was always hungry and couldn’t get enough to eat, she hurriedly took the spoon and took a bite. The taste was really too good.

“Let’s eat again tomorrow.”

Rowling was thinking about tomorrow’s portion. This was much more realistic than noodles. There was still soup in the noodles. Perhaps in the latter half of the night, she was hungry again, but she couldn’t find food for herself. She could only wait until early in the morning, but this rice was different. This was more realistic, more realistic rice, more realistic rice. It was guaranteed that once she ate it, she would be full until the next day.

Lu Yi peeled the shrimp and gave it to Yan Huan to eat. Yan Huan happily took a bite and then took a spoon to eat the dishes in Lu Yi’s bowl. She liked to eat green beans, so after she finished her plate of green beans.., she also liked to pick out a few to eat from Lu Yi’s plate.

This was one of the joys of their life. Others would not understand.

Luo Lin Wolfed down her own plate. Yan Huan finally understood why she had to have a meal at night. It was because she was hungry. Otherwise, she would not have eaten so much, and she could still eat so much.

When the plate of egg-fried rice was finished, Rowling had already hugged her stomach and stood up. She was ready to go back to sleep. When her stomach was full, even the little troublemaker in her stomach did not turn around recklessly, this child was too naughty. She was not like Yan Huansheng’s three children. They were so obedient. From the moment they were conceived to the moment they were born, they had never tortured Yan Huan. Even when they were born.., they were all safe and sound. Apart from the additional surprise that came from xunxun, it was also heart-wrenching.

“What do you guys think...”Rowling suddenly stopped in her tracks. She turned around and asked Lu Yi and his wife.

“Could it be that there are two in my stomach as well? One is hiding in the back.”At that time, xunxun was like this, she had gone through so many checks, but she had never been discovered. It was because she had been behind her two brothers, and it was just a tiny bit.

"I don't think it's possible." Lu Yi fed Yan Huan another spoonful of rice. She had had enough and didn't want to eat anymore. However, Lu Yi fed her occasionally, so she would definitely eat it.

"Why wouldn't it be possible?" Rowling touched her stomach. "I think it's possible. It's still very possible. There might be two in my stomach. Wait for my surprise."

Lu Yi fed Yan Huan another spoonful of rice.

"Do you think it's possible?" Yan Huan asked Lu Yi.

"There aren't so many coincidences in this world." Lu Yi pinched her face and tried to feel it. He wanted to see if she had gained any weight recently. She ate and drank well every day. She also ate and slept, she should have gained some weight. Rowling's daily routine was almost the same as hers. Why did she gain more than ten pounds here? The adults outside, including the small one inside.., however, it seemed like Yan Huan was still unwilling to gain weight.

He did not feel much when he pinched her face. His fingers gently touched the bones on her face. Under the skin, there was not even a bit of flesh. He still preferred the way she looked when she was nineteen years old, at that time, she still had some baby fat on her. However, as she grew longer and wider, the shape of her face was perfect. However, there was not much flesh on her face.

Especially now, he could not squeeze out even a little bit of meat. He placed his hand on Yan Huan's waist. There was even less meat.

"Eat some more."

Lu Yi fed Yan Huan a few more spoonfuls of rice. He did not have much confidence in his wife's body. Other people wanted their women to be thinner. If he wanted Yan Huan to be fat, it was because he.., she had never seen him gain weight before.

And he fed Yan Huan naturally to eat. Of course, it was also because her stomach had some capacity. Otherwise, if it was full, even if she wanted to eat, she would not be able to find a place to eat.

After the two plates of fried rice were finished, Lu Yi stood up and took the few plates to the kitchen to wash them. Yan Huan tidied up the table outside, and when Lu Yi finished washing the plates inside.., Yan Huan also tidied up the table outside.

He had been living quite well recently. It was very peaceful and quiet.

However, Zhu Meina came over a few days later. As soon as she arrived, she pulled Yan Huan over mysteriously.

"I want to show you something."

Zhu Meina placed her phone in front of Yan Huan.

Yan Huan took Zhu Meina's phone and saw that inside her phone was a photo of Sun Yuhan's ordinary face and a man.

This man looked extremely devilish. He had a pair of green watches that looked like two emeralds. It made people exclaim in admiration.

Wasn't this... that?

Yan Huan naturally knew this man. Zhu Meina was first. Even if he turned into white ash, she would still be able to recognize him. And this green-eyed man was no other.., it was the man she and Zhu Meina had met at the auction. At that time, he had been bought at a price of 250 million. It was also the man who had nearly gone crazy.

"It's him."Zhu Meina nodded. "I also heard that he is a noble from a certain country. He is a friend of Sun Yuhan and he is going to develop in the entertainment circle. He can speak some Chinese."

"By the way, do you know who bought it at that time?"

Zhu Meina was unconvinced. This was a piece of meat that she had taken a fancy to. In the end, she didn't eat it herself, but it was given to someone else.

Chapter 1573: Tang Seng meat

Actually, it wasn't cheap at all. After all, he had bought it for real money. At that price, she didn't have the money to buy it.

Yan Huan shook her head. She really didn't know who had bought this man from Angelica. However, what she did know was that it was a rich man. As for whether it was a man or a woman, she didn't know either.

In any case, this man's status was indeed very high back then.

Yan Huan really knew what was good about him. Yes, he was indeed very good-looking and had good skin. However, in their circle, there were almost handsome men and beautiful women everywhere. With such looks, it could be said that he was outstanding, however, it could not be said that he was very good. Many people did not necessarily like such looks. She also felt that Oriental people were good-looking. She also liked black-eyed people.

"I guess Sun Yuhan made it herself."

Zhu Meina was filled with righteous indignation.

"This Sun Yuhan is really too hateful."

"Yes,"Yan Huan expressed his agreement.

This green-eyed ghost, other than being good-looking, what else was good about him? could he be worth 250 million?

Zhu Meina's thoughts were still focused on the green-eyed man. She felt that no matter what she said, she couldn't taste the sour taste of grapes.

"He's not as good as your Lu Yi."Zhu Meina pursed her lips. "Men have to look at the content."

"Tell me, what do you see in Your Lu Yi?"Zhu Meina asked Yan Huan. "For example, his personality, principles in doing things, his character, and so on?"

"I..."Yan Huan thought about it. What did she see in Lu Yi? In her previous life, she and Lu Yi did not get along right from the start. Right, what did she see?

"Is it his personality?"

Zhu Meina really felt that her guess was right. It had to be this.

"No."Yan Huan shook his head. "I saw his face."

Zhu Meina glared at Yan Huan, feeling a little disappointed. "You're not so shallow. There must be something else?"

This yan Huan admitted, "Of course there is."

"Then there's..."Zhu Meina asked again.

And her figure.

Yan Huan's answer was serious, and Lu Yi obviously had both. In her eyes, he was much stronger than this green-eyed demon.

Zhu Meina almost spat out a mouthful of blood.

Yan Huan took the photo of the green-eyed man. "Hey, Zhu Meina."

"What's the matter?"Zhu Meina was listless. It was obvious that she had been struck by Yan Huan.

"You have to be careful of this green-eyed man."

"Careful of what?"

Zhu Meina was no longer interested in this green-eyed man. She was no longer interested in any man.

"How should I put it?"Fang Huan propped up his face on the table, "I feel that he's a little sinister. Lu Yi once said that in ancient martial arts, there is actually an illusion. However, in the west, this kind of illusion can also be said to be a kind of hypnosis. At that time, you might not know this, but all of you women seemed to have gone crazy. You almost fought each other over that man."

"Do I have one too?"Zhu Meina pointed at herself. She probably didn't have one.

"You do."Yan Huan stretched out his hand and pointed at Zhu Meina's neck. "Do you think that man isn't like a monk who drools and wants to go up and eat his meat?"

"I clearly don't have one."Zhu Meina couldn't remember. However, she knew that that kind of person was definitely not her. She wasn't that disgusting.

Yan Huan retracted his hand. Of course, he wouldn't say that the reason why Zhu Meina didn't continue to go crazy wasn't because of anything else, but because she had knocked her out.

"This kind of man should know some kind of illusion. The world is so big, and there are all kinds of strange things. It's better to be careful."

Yan Huan always felt that this kind of man was very dangerous. However, as long as it had nothing to do with their lives, it was fine. As long as it didn't harm themselves, how he wanted to play with them was their business, and it had nothing to do with her.

However, she did not expect that what she had never wanted to have to do with it would eventually have to do with it.

And she also regretted not buying this idiotic man back then and directly throwing him into the river to drown.

This man was called Ah Nuo. Sometimes, he would appear in the entertainment circle with Sun Yuhan. However, there was no suitable role for him to act in. Now, it was said that the two of them were acting in some kind of drama with Sun Yuhan. The two of them were like glue.

Yan Huan was not too concerned about this. Even if Sun Yuhan and that man gave birth to a green-eyed monster, it would still be the ye family's matter. She was a person who only cared about herself. She did not care about others.

At noon, Lu Yi brought the three little guys over. Zhu Meina had been here all day. She was not here for others, but to see the three little guys. She touched this and kissed that., in the end, he still hugged Xiao Guang tightly. Xiao Guang was also very close to Zhu Meili. Perhaps when he could not see, Zhu Meina came the most and hugged him the most, so he remembered Zhu Meina's voice, he also remembered Zhu Meina's closeness, calling her aunt Meimei one by one. Zhu Meina was so happy that she almost kidnapped her son and refused to return him.

Yan Huan personally cooked for the children. She made prawns, braised meatballs, fried mushrooms, and many other dishes for the three children to eat. Now, they ate very obediently, eating a small bowl of rice each, they ate a lot of dishes, and they were not picky eaters.

"Xun Xun, you have to eat obediently." Yan Huan was the most worried about his daughter. Both of his brothers had grown up, and she was still small when they grew up. If it wasn't for the fact that they were triplets, no one would believe her.

"Mama, Xunxun will work hard to eat her meal," Xunxun promised her mother obediently. She would definitely eat her meal properly and not be picky. She would eat more meat so that her mother would not reject her.

Yan Huan patted his daughter's head and peeled a prawn for her to eat. Each of the three children would be given three prawns. If there were more, they would not be given to them. The prawns that she cooked were not too spicy, so the three children could still eat them.

The three little ones loved to eat their mother's cooking the most. Each and every one of them was very respectful. After eating a full bowl of rice, they also filled up their small stomachs.

Yan Huan played with them for a while longer before asking Lu Yi to send them back.

And today, because she played with the children for half a day, she was a little out of her league. As expected, her body was not as good as before. Perhaps she still needed to take care of it for a few more days.

"I feel that you're weird."

Zhu Meina took a bite of the apple and sized up Yan Huan for a long time. It was quite right.

"How is it weird?" Yan Huan did not know what was wrong with her. She felt that she was quite normal.

"It is weird." Zhu Meina took another bite of the apple, "In the past, when I came here, you would always ask about the current situation of the Su family and what that woman, Su Muran, did. But why don't you care about it now? Don't you think it's weird?"

Chapter 1574: he was too ugly

"You can see that too."

Yan Huan knew that Zhu Meina had also felt it. It was also possible that her heart was too peaceful, so peaceful that she had forgotten many things.

"Do you think I'm Stupid?" Zhu Meina chewed on the apple until it made a crunching sound

"What, you don't want to take revenge?"

Zhu Meina was afraid that Yan Huan would do this because it was very likely that Yan Huan would do such a thing. Perhaps it was because he had experienced more and more, so people wanted to be calmer. It was just that some people could be calm, but some people could not.., she did not know if someone would be willing to give her the calmness that Yan Huan wanted.

"If you can give me back such a peaceful life, why would I need to take revenge?" Yan Huan said as if he was speaking the truth. Actually, if her family and her child could be safe, she really did not want to take revenge.

However, there were some grudges that she could not not take revenge on just because she did not want to.

She could let others off, but others might not be able to let her off.

Therefore, she would take revenge, but not now. With her body, what was there to take revenge for? As long as she didn't die, it would be fine.

Yan Huan gently placed his hand on Zhu Meina's shoulder, "Take the evidence first. Regardless of whether I want to take revenge or not, it's impossible for them to truly stay out of their hearts for the rest of their lives. Therefore, you can still have your way in the Su family."

"Of course I know." Only Zhu Meina wouldn't be so stupid.

"If I don't have the scandal of Zhu Xianglan in my hands, I'm not afraid that they'll eat me up."

She then took out her phone and flipped through the photos on it. "Actually, he's really good-looking."

"Not good-looking." Yan Huan didn't find anything good about the green-eyed man. "Don't you feel that he looks like a Ghost?"

“No.” Zhu Meina rolled her eyes at Yan Huan. “You really don’t know how to appreciate. Such a beautiful pair of green eyes is like a green gemstone. How Beautiful.”

“There must be something wrong with your aesthetic judgment.”

Yan Huan said coldly.

“You are the one with the problem.” Zhu Meina snorted. Yan Huan’s aesthetic judgment was the problem with her. Otherwise, how could he have found Lu Yi as his husband? She had even thought that she had found true love in the past, this was called blind adoration. After adoration, she realized that this man, Lu Yi, was really too terrifying.

Only a woman like Yan Huan could afford it.

Zhu Meina sat here for a while longer. In any case, she would never leave that green-eyed monster behind

When Lu Yi returned in the evening, Yan Huan also took out a photo of the green-eyed man and showed it to Lu Yi. It was not because of the man’s appearance, nor was it because he was always angry and resentful. It did not matter whether he was a celestial immortal or ugly as a pig, it had nothing to do with them,

however, as long as it was related to Sun Yuhan, then it was a problem

“It’s this person.” Lu Yi opened the photo of the green-eyed man and looked at it for a long time. However, other than his somewhat westernized appearance, he could not see any difference. In fact, in his eyes, this kind of person’s appearance was the same as Lu Qin’s. They were both the type of people who could easily deceive women. He had never had a good impression of such a man.

“En, it’s him.” Yan Huan hugged Lu Yi’s waist and extended his finger to point at the green-eyed man.

“I don’t know why Sun Yuhan is with him. I’ve always felt that this man is quite evil, so be careful.”

“I’ll pay attention to him.”

Lu Yi lowered his head and gently pinched Yan Huan’s face.

“Why? Aren’t you attracted to him? Don’t all women like this kind of appearance?”

“He’s too ugly.” Yan Huan despised the green-eyed man’s appearance, and Lu Yi was right. This kind of man had a fair skin, big eyes, a high nose, and a small mouth. This face was very deceiving, it could be said that in some aspects, he was the same as Lu Qin. Yan Huan had been deceived for her entire life, and she had also been disgusted for her entire life. This kind of appearance was what annoyed her the most. Therefore, in the eyes of others, he was handsome., in the eyes of others, he was always angry and resentful, but in her eyes, it became disgusting. Perhaps Zhu Meina was right. She just didn’t have a good aesthetic sense.

Suddenly, there was a knock on the door.

“Hey, are you two sick of each other? My Son is hungry.”

He Yibin was knocking on the door outside. could he cook a bowl of noodles? When Luo Lin was hungry, nothing was right. If she wasn't right, he yibin wasn't right either.

"I'll go." Yan Huan stood up and prepared to cook. Lu Yi had been busy all day and was tired, so she was now the one who had to take care of all the food. During the day, she had prepared the side dishes, today, she just needed to cook fried noodles and a bowl of soup.

It was very easy.

"You've worked hard." Lu Yi touched her face and saw that she looked pretty good. Although she hadn't grown any meat recently, she was much better now. As long as she continued to take good care of herself, she would definitely be better.

"I didn't work as hard as you." Yan Huan hugged Lu Yi again. "I regret letting you go back to be a prosecutor. It's been more than a month, why are you still so busy?" After Lu Yi went back to the prosecutor's office, he was busy day and night. She couldn't help much, so she could only find a good restaurant and keep Lu Yi's stomach under control every day to prevent him from not only being busy, but also not having enough to eat.

It was because she kept him under control that Lu Yi was in good spirits after a month. At the very least, he wasn't like the other people in the prosecutor's office. Now, his face was pale, thin, and old.

After a while, Lu Yi stroked her hair.

As for going back to the procuratorate, he did not regret it. That was his job, and it was also a reflection of his value in life. This was also what Yan Huan knew. Otherwise, he would not have let him go back then, wouldn't it be better to let him stay at home with her.

Yan Huan understood Lu Yi.

And Lu Yi didn't understand her at all.

"Alright, I'm going to cook dinner." Yan Huan sat up. "Shall we have fried noodles today?"

"Sure." Lu Yi didn't care about what he ate. As long as it was what she cooked, it was good. However, it was all thanks to this meal. Otherwise, he really wouldn't have been able to sleep.

Moreover, he was so hungry that he didn't feel too comfortable.

Yan Huan opened the door and walked into the kitchen. When he yibin saw her coming out, he let out a sigh of relief and quickly went to comfort the pregnant woman.

Yan Huan really didn't know what Luo Lin saw in her place. was the food she cooked really that delicious? If she didn't eat for a day, she would cry for her parents.

She walked into the kitchen and took out all the noodles in the refrigerator. She had prepared the noodles in advance. This meal wasn't difficult to cook. In a short while, she had already made a big pot of fried noodles.

A big pot. She had taken the pregnant woman's stomach into consideration, so now she felt that she had to cook for the whole family. Every day, she thought about filling the pregnant woman's stomach.

Chapter 1575: she bought a man

And the pregnant woman's appetite was really too astonishing. She ate more than both her and Lu Yi.

She also cooked a bowl of soup. It was tomato and egg soup. The fried noodles were a little greasy, so this soup could be poured into the noodles. This way, it was delicious, and you could drink the soup, the taste was indeed much better than ordinary fried noodles. Of course, it couldn't be as greasy as eating other fried noodles.

Yan Huan had served enough for himself and Lu Yi. They only needed to use one plate. The remaining half of the pot was for the couple. No, it was for the three of them.

Yan Huan carried the noodles into his room. Then, he placed the noodles on the table and set the chopsticks.

Lu Yi walked over. When he saw the stir-fried noodles, he really liked it.

"It's very good." He took a sniff. It was indeed quite fragrant. Yan Huan had nothing to do at home right now. She specialized in researching recipes and things like that. Therefore, the rice she was cooking now was very delicious.

"Of course." Yan Huan was very proud. Her stir-fried noodles were as good as her stir-fried rice. They were equally delicious.

Lu Yi picked up the chopsticks and took a bite. MMM, it was indeed delicious.

Moreover, if he ate the noodles in his mouth, he wouldn't feel tired at all. There was even soup to drink.

Yan Huan didn't eat much. The last large plate was given to Lu Yi to eat. Lu Yi gave him a face and drank all the soup in it.

As for Yan Huan, this was probably the happiest moment of the day. She could openly cook delicious food for Lu Yi, accompany him, and see him every day. She didn't lose him.., how wonderful.

"Sleep." Lu Yi pulled the blanket for Fang and gently patted her shoulder. When she fell asleep, he sat in front of the computer and continued to work.

His fingers quickly moved on the keyboard. Not long after, he leaned back and found information about the green-eyed man. In fact, it was not hidden. As long as he had a little trick.., he could find out.

This kind of person was usually well-taken care of in advance. Just like the skinny horses in Yangzhou, they would select suitable children from all aspects and train them since they were young. They would also undergo a series of training and their bodies would be treated with special medicines, such a man was indeed very attractive to women. Therefore, Lu Yi would definitely believe that a woman could spend nearly 300 million to buy such a man.

As for Sun Yuhuan, she was not lacking in money at the moment.

As for what Sun Yuhuan was going to do, he did not know. However, it was not a good thing for such a man to stay in the Ye family.

The next day, he found some time and went to see Ye Chuji.

“What?” Ye Chuji heard what Lu Yi said and his whole body turned sour. The anger rushed to his head and made him blush instantly.

“She’s courting death,” ye Chuji slammed the table.

“She bought a man with 250 million?”

“She actually bought a man with 250 million.”

He wouldn’t let her buy a man even if she spent all her money on ready-made clothes that could crush Sun Yuhan to death. All the men in the world were dead, yet she still wanted to buy. Wasn’t the Ye family embarrassed enough, the daughter of the Ye family was fine, but she actually went to buy a man.

“Are you sure?” Ye Chuji asked again in disbelief.

“Yes,” Lu Yi nodded. “I checked the information of that man and he did come from that place. Sometimes, that place is specially used to train these people, regardless of whether they are men or women.”

The people they trained were usually top-quality goods. Ordinary goods couldn’t be sold that much, but theirs could. There were many poor people in the world, but there were also many rich people who had more money than they could spend.

“I’ll solve this matter.” Ye Chuji patted Lu Yi’s shoulder.

If Lu Yi hadn’t told him that he was still being kept in the Dark, Sun Yuhan, that idiot, would have done such a thing, and he would never forgive her.

Right, Ye Chuji suddenly remembered something,

“How is she? Is She Alright Now?”

And he was asking about Yan Huan.

Ye Chuji was an understanding person in the ye family, so Lu Yi didn’t hide the fact that Yan Huan had woken up from her coma from him. Of course, Ye Chuji only knew about it himself and didn’t tell outsiders, including Ye Jianguo.

The current ye Jianguo was simply unreasonable, but that was his father. Ye Chuji had no choice, so he could only watch over him and his granddaughter, and not continue to persecute the Lu family.

As long as they could stay far away from the Lu family, that would be good. If he could feel at ease, then the Lu family would be safe.

The two of them were now born with the Constitution of a disaster. Wherever they went, others would suffer the same fate

“Your recovery is very good. There’s no big difference from the past. If you take it slow, you should be able to recover.”

Lu Yi smiled. Thinking of Yan Huan’s current state, his heart was full and no longer empty.

“That’s good.”Ye Chuji finally let out a sigh of relief. As long as they woke up, it would be fine. If the three children did not have a mother, how pitiful would that be? Also, Xiao Guang’s eyes would also be fine, this was the thing that made him feel most at ease.

“Oh Right.”Ye Chuji checked his schedule. “I’ll go to your house later. Today is the weekend, right? The three children are here, right?”

Ye Chuji was indeed like the little donkey of the Ye family. No matter if it was windy, snowy, hailstones, or knives, the entire ye family needed him to push them from behind in order to operate, therefore, he was so busy that he only knew day and night. He even forgot what day it was.

“It’s the weekend. They’re all here.”When Lu Yi saw that ye Chuji’s hair was white again and again, his heart was filled with joy.

In the blink of an eye, his uncle was old.

It was no wonder. His uncle was about the same age as his father, Lu Jin. His father was now full-time at home to take care of the three children. They were too busy to handle the three children at home. Now that they had nothing to do, they would play with the children, then there were those who went out to play chess with their old comrades and show off their grandsons. Ye Chuji was pitiful. He was almost sixty years old, but he still had to work so hard at this position that his feet did not touch the ground.

Ye Xinyu was indeed a rascal. When he found him, he would definitely break his legs.

This son, what difference did it make if he gave birth or not? He even made such an old father so busy that he could not eat or sleep well every day. For such an old man, he already had a grandson.

But up until now, the Ye family still did not have a successor.

Ye Chuji sat down tiredly. Later on, he would go to his sister’s place to visit Xiao Guang. He knew that after Xiao Guang’s eyes had recovered, he had been so busy that he had not been there. It was time for him to go and take a look.

Chapter 1576: bad grandfather

He really felt that he was getting old now, and he was starting to be unable to do many things.

However, he could not fall yet. What would happen if he fell to the ye family.

If he fell, the Ye family would be destroyed. With Sun Yuhan, that woman, there would be a day when the entire ye family would be destroyed. The Ye family was something that he had worked hard to support his entire life. He was unwilling to let the Ye family that he had supported be destroyed just like that. He had kept the ye family for his son, not for someone with the surname Sun.

After Lu Yi left, Ye Chuji took out his phone and flipped through the messages that his son had sent him. He read them one by one and could tell that his son seemed to be in a good mood.

“Alright, as long as you’re happy.”

Ye Chuji gently stroked the screen of his phone. "Leave these terrible things to Daddy. Don't worry, Daddy will definitely give you a good ye family. It will definitely not be destroyed by that Sun Yuhan."

Ye Chuji thought for a moment and sent a message to his son.

Basically, he told his son that Yan Huan had already woken up and Xiao Guang's eyes had also recovered. His sins could also be lightened. If he wanted to come back, he could come back. He had already agreed with everyone that he would not hit him anymore and that he would not be blamed, they had already forgiven him. As a father, he had also forgiven him. They would definitely not hit him as long as he was willing to come back.

He believed that Yan Huan and the rest would also forgive him for his unintentional mistakes, right?

However, after this message was sent, it was as if a stone had sunk into the ocean. No matter how many stones went in, there was only a sound of emptiness. After that, not even the slightest ripple appeared.

After ye Chuji had dealt with most of the matters, he asked the chauffeur to send him to the Lu family.

However, he fell asleep while sitting in the car.

"Mr. Ye, we're here."

The chauffeur couldn't bear to Wake Ye Chuji up. He had been following behind ye Chuji all this while. It wasn't that he didn't know how busy ye Chuji had been that day. Sigh, he didn't seem like a child at all., a father also didn't know how much he loved his son. Ye Chuji had to support the entire Ye family and manage Sun Yuhan's matters alone. It wasn't just hard work, it was also troublesome.

Ye Chuji's mentality was also strong. If it were anyone else, they would definitely be angered to death

The Lu family was still the best. With three cute children, this child was the most gratifying. No matter how hard a day's work was, as long as he saw his own children, he would feel that everything was worth it, just like the current him, no matter how hard he worked, it did not matter. He could earn more and give his daughter a better life. As long as he saw her small and tender face every day., his heart was very satisfied. No matter how hard it was, no matter how much sweat he sweated, it was all worth it.

"Mr. Ye..."

The driver called ye Chuji again, but ye Chuji still didn't wake up. A small child ran out from inside. It was really small. Compared to the driver's daughter, it was still smaller., the little girl was very beautiful. The driver couldn't help but smile when he saw the little girl. Xiao Xun had grown up a little, but she was still as beautiful and cute as ever.

Although her child was very beautiful, he did not feel that his own child was ugly. In his heart, his daughter was the most obedient and cute child in the world. As long as she called him daddy., his heart was so soft that it became a mess.

The little girl ran over and stretched out her little hand to knock on the car door.

The chauffeur quickly got off the car so that he wouldn't drop her.

The Little Princess of the Lu family. This child was the most precious child in the family. Master Lu had doted on her since she was young, and this child was so beautiful and cute that he wanted to take her home and raise her, not to mention other people.

The chauffeur squatted down and stroked her little head. Every time he saw this child's little face, he couldn't help but exclaim, "How can there be such a cute little fellow in this world? Even though he loves his daughter very much..." He also felt that his daughter was incomparable to other children. She was beautiful and obedient, and it made people's Hearts Ache. However, he had to admit that this child born from the Lu family was indeed too beautiful.

She grew up with her mother's appearance, and her parents' genes were there. In the future, she wouldn't be crippled. She would only grow more and more beautiful. Just like her movie Queen Mother, she was a little beauty when she was young, when she grew up, she would become a great beauty.

She would be a beautiful little girl.

"Xun Xun, do you know uncle?"

The driver pinched Xun Xun's little face and asked her. This child's memory was very good, and this should be because she followed her father. The Ye family was beautiful, the Lei family was tall, and the Bailu family was smart, her IQ was much higher than the average person.

The little girl looked like she was three years old, but she could remember things very quickly. She could remember the phone numbers of everyone in the family. Of course, it was also fast to recognize people.

Xun Xun nodded her little head hard and then answered in a childish voice, "Hello, Uncle Driver."

"Yes, I'm Uncle Driver."

The driver chuckled. Sigh, wasn't he just an uncle driver.

"Great-uncle?" The little girl stretched out her little finger and pointed inside the car. Every time this uncle driver came, her great-uncle would also come. Xun Xun liked her great-uncle, but she did not like her great-uncle's husband and bad aunts.

Children's thoughts were very simple, and their thoughts were also very pure. They all knew who treated them well, and of course, they could also feel it.

Especially a child as old as Xun Xun, who had already remembered things, had grown up to be narrow-minded, and even knew how to talk back and think.

The driver carried Xun Xun up and opened the car door. At the Lu family's door, the moment Xun Xun came out, the nanny was standing outside. Otherwise, the driver would still be able to carry the child.

When the car door opened, Ye Chuji fell asleep inside. His sideburns had grown white hair, and he seemed to be getting older every day. Although the family business was quite large, the weight on his body was really too much.

His entire person also aged very quickly.

The chauffeur placed Xun Xun in front of him.

The moment ye Chuji opened his eyes, he was met with a beautiful little face and a pair of large, black eyes that were like black gemstones. This child looked like his appearance, so it made him unusually friendly,

“Is uncle-in-law sleeping?” Xun Xun tilted her little head. “Why aren’t you sleeping at Home?”

“Uncle-in-law is sleepy, but he’s not sleeping, so he doesn’t need to sleep at home or under the blanket.” Ye Chuji sat up and hugged Xun Xun in his arms. Then, he pinched her little face, “Xun Xun has grown up, and her little face is a lot chubby.”

Chapter 1577: tell him to come back

Xunxun cracked her little mouth open and smiled. Then, she pressed her little face against ye Chuji’s face. Then, her eyes rolled. She seemed to have thought of something. She reached into her pocket and searched for a long time, she took out a piece of chocolate and placed it in Ye Chuji’s hand.

Ye Chuji was immediately amused. Little Xunxun loved chocolate the most. Usually, she would not give it to others. She was very protective of her food. Now that she had given it to him, he was really flattered.

“Thank you, Little Xun.” Ye Chuji smiled. The gloominess on his face that had been for many days also dissipated.

He carried the child and got out of the car. At this moment, Ye Shuyun also walked out of the house. When she saw Ye Chuji, she hurriedly opened the door and let him in. When she saw her brother again, his hair was white again, her heart was filled with pain and hatred.

She loved ye Chuji and hated ye Xinyu.

This damned brat, why aren’t You Back Yet? Look at how tired your father is. The Ye family’s huge assets are all on your brother. How Old is he? How long has it been since we last met., why does ye Chuji seem to be getting old again.

Once this person reaches middle age, he will age quickly. For example, she could be considered to have taken good care of herself, but she was already old, and Ye Chuji seemed to age even faster.

The pressure was too great, and it almost pushed him to the ground.

“How is Xiao Guang?” Ye Chuji smiled at his sister, then put down Xun Xun and went to play by himself. She didn’t need to care too much about him on normal days. She would find a villain book to read, and she would comb the doll’s hair, she would also talk to the doll to herself.

“He’s fine.” Ye Chuji quickly let ye Chuji sit down and ordered the kitchen to prepare some food. As for Xiao Guang, he was playing transformers with his brother.

“Xiao Guang,” ye Shuyun called out to Xiao Guang

Not long after, they heard the sound of footsteps on the floor. Xiao Guang ran over barefooted. He seemed to have grown the fastest. After not seeing him for a few days, he seemed to have grown taller and fatter.

The Lu family triplets were actually quite easy to recognize. Outsiders might not be able to tell Xiao Qi and Xiao Guang apart, but they were on the same side. They could tell at a glance.

Uncle, Xiao Guang smiled shyly at Ye Chuji. He also put his little hands behind his back, looking extremely lovable. His fair and tender little face and a pair of smiling eyes., his eyes were like two of the most beautiful black pearls. When he looked at people like that, his entire heart instantly melted.

No matter what, Xiao Guang was always a child who loved to smile.

“Come, uncle, give me a hug.”Ye Chuji had already stretched out his hand. Xiao Guang obediently ran over and let ye Chuji hug him.

“My Xiao Guang has grown taller.”Ye Chuji compared Xiao Guang’s height. Yes, he had grown taller. Among children of the same age, he was already considered tall. In the future, he would be as tall as his father, of course, he would also be as upright and upright as his father. No matter what, the children of the Lu family would not grow crooked. The way the military and political families taught their children was different from other places,

xiao Guang was still smiling. His eyes were smiling like crescent moons.

“Yes, he has grown up.”Ye Shuyun also patted her grandson’s head. “In the past, he was a little different from Xiao Qi, but these days, he has grown the fastest. He is already as tall as Xiao Qi.”

He could grow up to five centimeters. Children grew up quickly. It was like a little baby who was still spitting out milk bubbles in his arms in the past, but now, he had grown so big.

It could communicate with you, talk to you, and even make requests.

Who said that the child wasn’t sensible? The three of them from the Lu family were very sensible.

“Oh right, brother, how is Xinyu? Has He decided to come back?”

Ye Chuji’s face was a little downcast when he mentioned ye Xinyu’s name. “Not yet. That Brat has gone wild.”

It was no wonder. Ye Shuyun thought about it. The Ye family’s troubles were not something that anyone could be comfortable with. Raising such a woman had caused the entire ye family to be in a mess, not to mention ye Chuji., even she was annoyed by it, so she would not go to the Ye family anymore.

Right now, the Ye family’s closest relatives were only her big brother and ye Xinyu. However, how old was her big brother? He still had to put in so much effort for that family. She thought about it again and realized that Lu Jin, who was at home every day., she felt as if there was something pressing on her heart, and it was very uncomfortable.

They were both the same age, and it was time for them to retire. Why was there such a big difference.

Ye Chuji was still helping the ye family, while Lu Jin was showing off his grandson’s addiction.

“Big Brother, don’t be angry with Xinyu. Let him come back first.”Ye Shuyun put in a good word for ye Xinyu. “He’s out alone and can’t eat or sleep well. Let him come back. Don’t hit or scold him.”

"I know." Ye Chuji smiled bitterly. It wasn't that he didn't want the little rascal to come back, but the little rascal hadn't replied to his messages yet. His phone was always switched off, so even if he wanted to show mercy.., he had to wait until the day the little rascal sent him a message. But who knew when ye Xinyu would think of him.

Why were the children of other families so obedient? It was just the ye family, yet they were all like this. Each of them was more troublesome than the other.

Each of them was worse than the other.

It was fine if it was just ye Xinyu, but there was also Sun Yuhan, who everyone hated, and Ye Jianguo, who could not tell the difference between the two.

The Ye family was becoming more and more troublesome, and it was also becoming more and more chaotic.

It made ye Shuyun not want to mention the ye family's matters.

"Brother, I'll go to the kitchen and take a look."

Ye Shuyun stood up and let Xiao Guang talk to her uncle-in-law. Adults around the child would put down the pressure. No matter what happened outside, as long as it was in front of the child.., they would also put down their guard.

Ye Chuji still carried Xiao Guang and talked to Xiao Guang. At this moment, he put down the things on his back and temporarily relaxed.

Later, Ye Shuyun brought the other two children over. The three children all obediently chatted with their great-uncle. The speed at which they spoke amused ye Chuji. This pinch, that hug.., they simply couldn't put it down. It was no wonder that Lu Jin didn't show off at all. Instead, he told everyone about his three grandsons.

It wasn't rare to see three of them all of a sudden. There were both men and women. Each of them was very beautiful, but they were especially smart.

Who Wouldn't love such children? Moreover, the present wasn't like the past. There were still few children nowadays, and there was a common one in the family. Therefore, it was even more rare. Although the Lu family had three.., but which one wasn't the treasure of the Lu Family? Which one didn't grow up in the palm of their hands.

Chapter 1578:

Ye Shuyun had a headache in the kitchen and did not know what to make. In the end, she thought about it and decided to make dumplings for her brother. There was no food outside and the Ye family's chef was not hired for nothing, however, the dumplings she made might not be as good as the ones she made. It was not because the dumplings she made were delicious. It was mainly because the dumplings she made had the taste of Old Lady Ye in them.

She opened the refrigerator and looked at what other dishes were inside. Fortunately, the dishes here were fully prepared. The eggs were also brought back by Lu Yi from the Liuyuan Garden. Lu Yi would come over to visit the children every day, then, he brought back the new eggs from the Liuyuan garden for her. There were basically 20 of them in a day. She would not be able to finish them all. If she could not finish them all, she would let Mama Lei take them back and let little lei zi eat them, it was the time for children to grow up. These harmless eggs were also the most suitable for children to eat.

Coincidentally, Lu Jin would be back soon. Ye Shuyun had Lu Jin accompany ye Chuji while she busied herself in the kitchen.

It was rare for ye Chuji to be in such a good mood. He could let go of everything and rest for half a day.

No matter what happened to ye Jianguo, the relationship between Ye Chuji and the Lu family had never been broken.

It was also a loss that had not been broken. Otherwise, ye Chuji would not have been able to go anywhere he wanted to. Ye Jianguo was a lone wolf and did not have any siblings. Ye Shuyun was the only daughter of the Ye family who married out, perhaps the best thing ye Jianguo did in his life was to adopt ye Shuyun. Otherwise, he would not have anywhere to eat dumplings.

Ye Shuyun made a few dumplings and even made small dumplings for the three children. The three children ate them obediently, which made ye Chuji really envious. If only he had a grandson.., but now, his son was still nowhere to be found. Where did he get a grandson.

After staying in the Lu family for half a day, he returned to his place. When he returned, he heard from his secretary that Sun Yuhan had looked for him several times. Oh, she had looked for him several times.

“Did she say what it was about?” Uncle Ye asked his secretary.

The secretary shook her head. “I don’t know yet, but it seems that she’s not too happy. She’s always pulling a long face.”

“Is that so?” Ye Chuji had never put Sun Yuhan in his eyes. Whatever she wanted to do was her business. She could do whatever she wanted to do. Today, Ye Chuji was in a good mood, he didn’t expect that some people would affect his good mood.

Just as he sat down, his phone rang. He took it over, and Sun Yuhan’s annoying voice came from the other side.

“Uncle, why did my card stop?”

Ye Chuji pursed his lips. “I’ve already limited your card. As long as you swipe too much at once, you can still use it.”

Sun Yuhan’s face fell.

“Uncle, what do you mean?”

“I don’t mean anything.” Ye Chuji threw the pen in his hand to the side. “Sun Yuhan, no one spends money like you do. Think about it carefully.”

After saying that, Ye Chuji didn't want to talk too much nonsense with Sun Yuhan. He put the walkie-talkie aside and picked up the documents to process them. Each and every one of them was troublesome. He had already worked so hard., the entire ye family had to rely on him alone. It was really annoying for him to create so many trivial things for him.

On the other side, Sun Yuhan really wanted to throw her phone away.

"Darling, what's Wrong?" A green-eyed man walked over and gently wrapped his arms around Sun Yuhan's shoulders. His pair of eyes that were filled with affection and a smile were almost instantly., it almost did not cause Sun Yu Han's heart to itch. This was just like a small hand that gently stirred up her heart from time to time. That hand was still able to swim across her entire body.

It had to be said that this man was the best in the world.

Regardless of which aspect, to a woman, he was just like a poppy. Almost all of them were unknowingly wanting to immerse themselves in his secrets. Even a woman like Sun Yu Han was no exception. It was almost as if she had gone crazy., she was infatuated with this man. At this moment, she was infatuated with this man's pair of green eyes. They were like spring water in the mountains, making her infatuated and suffocating.

"It's okay." She leaned her body on this man's body. "Don't worry, I will definitely buy you a villa."

"It doesn't matter where you live. I just want to be with my dear you." The man spoke sweet words, especially the kind of voice that was almost deep into her bones, it made Sun Yuhan almost want to dedicate everything she had to him.

Her money, her reputation, her life, her everything.

And No Matter What, Sun Yuhan wanted to buy the best villa for her man.

She was willing to go bankrupt for this man, even though this was not her property, but the ye family's property.

Don't think that Sun Yuhan was stupid. She usually spent money extravagantly. In the past, she did not dare to buy anything, but now she dared to buy anything. She spent a lot every month, so of course, it was impossible for her not to save some money, in the past few years, she had indeed saved a lot, but she did not really want to spend the money she had saved

She had kept all this money in other accounts. She was still saving up for her last escape route. If she was really discovered in the future, this escape route would be her last proof in the future, the money that she had put in her account, let alone a lifetime, could not be used up even in a few lifetimes.

She did not really want to use that money, but that old bastard ye Chuji had actually stopped the card for her.

Although she herself knew that she had indeed used too much this time, she had used up nearly 300 million in one go. and 300 million wasn't a small amount. Ye Chuji was a fool, so of course she wasn't a fool either, even if she bumped into ye Jianguo, ye Bao wouldn't be able to help her.

Although ye Jianguo pampered her without a bottom line and gave her whatever she wanted, that was only within the normal range. Without 300 million, was she going to empty the ye family, not to mention that ye Jianguo did not agree, even if he agreed, Ye Chuji would not agree.

How could there still be people who would go against her in this world.

Sun Yuhan gritted her teeth. The Ye family would belong to her sooner or later. Ye Xinyu would never be able to return in this lifetime. Who else would the ye family belong to if not her? Right now, she only wanted to use her own property. Could it be that she could not.., she still had to look at others' faces.

And her heart suddenly hardened.

It would be great if she could make ye Chuji disappear as well. Then, no one in the entire ye family would go against her, and the entire ye family would belong to her.

However, she only dared to have such thoughts, but she didn't dare to make a move.

Chapter 1579: was immediately stopped

Ye Chuji was an old fox. She did not dare to make a move rashly. If he were to discover anything, then all the efforts she had put in over the past few years would be in vain. She could not afford to.., such a consequence.

Therefore, until now, she was still living under ye Chuji's eyes. She had to act according to his expression.

"Ah Nuo, don't worry." She raised her face, almost to the point of dying between the man's lake-green eyes. At this moment, she was like a duckweed, and he was her everything, her everything.

"I will treat you well. From now on, What's mine is yours, and everything I have is yours."

"I believe in You, my dear."

The man hugged the woman in his arms tightly. In that pair of lake-green eyes, it seemed to be like a vast sea, letting the woman float in it. However, he seemed to be on fire from a distance, still smiling in his eyes.

However, who could see a bit of sincerity in that smile.

In the end, Sun Yuhan still used her own money to buy a luxurious villa in sea city in the name of Arnold. And this villa tree had a market price of 100 million. Although she had said to the outside world that it was Arnold's own money.., but who exactly paid for this, everyone was well aware.

"100 million yuan?" Yan Huan was shocked when he heard it. "She actually ate 100 million yuan from the Ye family. Isn't she afraid of eating her own to death?"

"This is only the beginning. There will be more." He already knew when Sun Yuhan started to buy that house with a large sum of money. However, the money belonged to the Ye family. The Ye family could spend it however they wanted.

Yan Huan thought about the days he had lived in the past. It was simply incomparable

She had only earned a few hundred million, but she had already made Lu Qin use all his means to get the money in her hands. If he knew that Sun Yuhan was actually doing it for another man., he did not know if he would be jealous or crazy if he sold a mansion that was not worth a hundred million.

Those successes should have been within his grasp. However, he had missed them. Now, they had become someone else's.

As for Sun Yuhan, she was really ruthless. The money in her hands was probably more than a hundred million yuan. No matter how the Ye family earned money, if she continued to spend it like this, one day, they would not be able to support her.

And the Ye family's money was also earned by Ye Chuji with all his heart and blood.

Sun Yuhan was not spending money, she was eating meat. She was eating ye Chuji's meat and drinking ye Chuji's blood. She simply did not treat ye Chuji as a human. Why, why would such a person appear in the Ye Family, what did that Ye Rong Mean? Why did she have a grudge with the ye family? That was why she gave birth to such a woman to come and harm the ye family.

Yan Huan felt a little regretful.

The person who spent two hundred and fifty million to buy the mansion and another one hundred million to buy the mansion had already invested nearly four hundred million into this man. Back then, the Ye family's airport only lacked a few hundred million to be able to revive the dead, but now, Sun Yuhan was not just throwing money away.

Although in the eyes of others, she was an outstanding man with a lot of money, they themselves knew how that man came about. He came from an auction and was bought by Sun Yuhan with money.

"Sun Yuhan really likes him?" Yan Huan scooped some rice from Lu Yi's bowl and started to eat, "That woman didn't lose anything in her life. Even if she could only live until now, she didn't lose anything."

She lived in the best house, ate the best food, and slept with a man who looked like a demon.

This man was not an ordinary demon. He lived to please women. Therefore, Sun Yuhan didn't lose anything.

"Eat your food. That's someone else's business."

Lu Yi placed the spoon in front of Yan Huan again. Regardless of whether that man was a muddle-headed bug, it had nothing to do with their family.

Yan Huan opened his mouth and ate the food,

however, she had a bad feeling. She did not know if it was related to that green-eyed man.

Sun Yuhan's heart was extremely unhappy and irritated every time she mentioned this name. This woman was almost always a thorn in her heart now. Perhaps it was the same with Sun Yuhan, she was also a thorn in her heart.

It was also because she didn't have me, and I didn't have her.

There was only one Su Muran in her previous life, so why was there another Sun Yuhan now.

“What are you thinking about?” Lu Yi turned her face away. Why was she in a daze again?

“Nothing much? I just thought of something else. It’s not a big deal.” Yan Huan smiled at her, then, he continued to lower his head and eat. Perhaps she was really thinking too much. Could it be that she was suffering from paranoia or something.

What did the Ye family’s matter have to do with her? Whatever they wanted to do, it was their own business.

Moreover, Sun Yuhan had bought a villa and a car for Nuo. She had also bought a cut. Even her identity had been spent a large sum of money to buy one for him. It had also covered up all of the life he had lived in the past, the current Nuo was an aristocrat. In foreign countries, not only did he have manors and castles, but he had also bought a mansion and a good car. It was not considered excessive for him to have such an identity in the country. However, in reality., every penny that Nuo had spent was not his own, but Sun Yuhan’s. It was the Ye family’s.

It was just that Sun Yuhan had spent too much money. In the end, even Ye Chuji could not stand it anymore.

Uncle, why did you stop my card? When Sun Yuhan was about to buy something, she realized that her card had been stopped. In a fit of anger, she went to Ye Chuji’s office again. The moment she entered, she did not realize who was inside, so she directly yelled at Ye Chuji.

Ye Chuji let a few supervisors go out first. Those supervisors looked at Sun Yuhan with strange eyes.

How could there be such a descendant in the Ye Family? It was really a disgrace to the Ye family.

However, it was no wonder. This was not a person with the surname Ye. This was similar to his father’s appearance. Perhaps he had inherited the worst genes in that area. It was just that he did not know if the daughter of the Ye family was blind, what kind of trash man did he find and give birth to such a trash daughter.

At this moment, Ye Chuji’s face also turned from red to green, and then from green to green.

“Sun Yuhan, who told you to come here?”

Sun Yuhan was also uncomfortable, especially the way those people looked at her just now. They almost poked her head with their fingers and spat on her face.

“Uncle, didn’t you say that it was only a quota? I only spent a little money, could it be that I can’t do it?” Sun Yuhan walked over, and her entire body was trembling with anger. He had made her throw everyone away, she had originally planned to buy another car for Arnold, but in the end, she had watched the car carefully. When she swiped her card, her card could not be swiped with money. She was already mad with anger. At that time, there were so many people present, and even Arnold was present, Ye Chuji was deliberately making her embarrassed, wasn’t he?

Chapter 1580: if there was no Ye Chuji

“Why can’t I Stop Your Card? The Ye family’s money is earned by me. I worked my ass off to earn it back. What does it have to do with you? I gave you the money because of old master. If I don’t give you the money, it’s because I’m willing.”

Ye Chuji smiled coldly.

Sun Yuhan’s lips moved, but she had nothing to say

“Uncle, I’m part of the Ye family too.”

“Part of You?” Ye Chuji snorted, “Sun Yuhan, don’t flatter yourself. The old master is here now. When he leaves one day, do you think you can still be so arrogant in front of me?”

Ye Chuji was not afraid of falling out with Sun Yuhan. If he wanted Sun Yuhan to get lost, she had to get lost. He still remembered all the disgusting things she had done. The only reason he did not argue with her now was because ye Jianguo was still alive.

He, Ye Chuji, would live longer than ye Jianguo. When ye Jianguo was not around, Sun Yuhan would get lost from the Ye family. Even if he was ye Rong’s daughter, it would still be the same. He did not even want to acknowledge his sister, why did he still want her daughter?

His sister was only ye Shuyun, and his nephew was only Lu Yi. Who Was She, Sun Yuhan.

Sun Yuhan’s face turned pale. She instantly understood what ye Chuji meant.

That was, as long as ye Jianguo was no longer around, she would follow him and get lost, right.

Ye Chuji didn’t want to complain. He stood up and walked in front of Sun Yuhan. Sun Yuhan, don’t think that the old man has no bottom line with you.

“You spent 250 million to buy a man. Don’t think that you did it flawlessly. No one in the world knows. Don’t think that you can rest easy just because you spent money to buy him an identity.”

Don’t think that you can take 100 million from the Ye family and one billion in the future. Aren’t you filming? Go earn money yourself. The Ye family doesn’t exist for you, Sun Yuhan. Don’t forget that you are always surnamed Sun, not ye.

Sun Yuhan’s face turned green and white when she heard that. Her previous imposing manner was completely gone.

How did ye Chuji know that she spent 250 million to buy a man? Then, who else would know besides him? She suddenly thought of something, and her entire face stiffened.

How could she have forgotten? Back then, she could participate in the underground trade fair, and so could other people. It was just that those who were there were people of status. Perhaps they pretended not to know on the surface, but that did not mean that.., other people really did not know that Arnold was the man who had made up for the 250 million public auction

Sun Yuhan came over aggressively, but when she went back, she was covered in dirt. Even Arnold found that something was wrong with her.

Sun Yuhan could not help but tell Arnold what ye Chuji had said.

Arnold was silent for a moment, then gently stroked Sun Yuhan's hair.

"Dear, I think your uncle isn't treating you well. If your grandfather is really gone, your uncle will kick you out. Moreover, we don't know what he will do."

Sun Yuhan was worried about this. Her wealth and glory were not all smooth sailing. No one knew how long ye Jianguo could live, but he would definitely die before ye Chuji

If ye Jianguo was no longer around, not only would she be chased out of the Ye family, everything she had now would probably be ruined.

Furthermore, there was still Lu Yi and Lu Qin. She did not believe that they would let her off.

"Then what should we do?" Sun Yuhan was also a little anxious. The danger of being chased out almost made Sun Yuhan anxious and restless. It was also difficult for her to calm down day and night

Arnold sighed softly. His lake-green eyes reflected the hot water of a spring. It was almost able to isolate everything in front of him.

"Darling, I don't know about this either. You said that if your uncle is no longer in this world, then everything in the Ye family will be under your control. In the future, regardless of whether your grandfather is around or not, it will have no influence on us."

"But my dear, don't be afraid." Arnold said with a deep and affectionate tone, "Even if you lose everything in the end, you still have me. I will take care of you. I will take care of you for the rest of your life."

The man's deep affection was also something that Sun Yuhan was deeply immersed in. She was unable to extricate herself from it. She was even willing to die for this man.

The two of them continued to fool around. Arnold was a very interesting man. His methods were also endless. He was bold and unrestrained. Every time, he would make Sun Yuhan want to die, but she could not stop herself., otherwise, Sun Yuhan would not be so infatuated with this man. She could even spend a lot of money for him. That money was more important to her than her own life. Usually, she would only save it for him, but she could not take it out, and now, she was actually willing to buy nearly a hundred million yuan mansion for this man. She even had a few cars. This also allowed this man to truly live a life of wealth that could rival a country.

When Sun Yuhan woke up, Arnold was still asleep. She turned her head and stared at the face in front of her that could almost be said to be able to bring disaster to the country and the people. In her eyes and heart, there was only him. Other than him., there was nothing else.

"Don't worry, we will definitely continue to be happy."

She had walked a difficult path to reach this point. It was impossible for her to give up halfway, and it was also impossible for her to let her wealth slip away from her side.

Arnold did not know about the ye family. Of course, it was impossible for him to know about Sun Yuhan's true identity. Perhaps what he knew was what others knew.

The daughter of the Ye family ran away from home. It was not until twenty years later that a woman came to the door and became the eldest daughter of the Ye family. This woman was none other than Sun Yuhan.

However, Sun Yuhan knew very well that she was not some rich young lady. She was just an orphan that no one wanted. As long as the ye family was around, she was the rich young lady of the Ye family, and only ye Jianguo was around, she was also the rich young lady of the Ye family. If there was no ye family and no ye Jianguo, then she would be fine. Along the way, she had already offended too many people. If she were to fall into ruin., then these people would definitely devour her alive. At that time, whether she could live or not would be a huge problem.

She could not accept such consequences, and she could not bear with so many things that might become reality.

So no matter what, she could not leave the ye family.

And there was one thing that Arnold was right about.

That was, if there was no ye Chuji in this world, then everything would be solved. As long as there was no ye Chuji in this world, everything would not happen. She would be the heiress of the Ye family, and she would always be the only daughter of the Ye family.

However, Ye Chuji was still alive. He was still living very well. She would not make a move against ye Chuji. She did not have such a big plan, and Ye Chuji would naturally not be so stupid.

He was not ye Xinyu, unless he left on his own.

Right, he left on his own,
