

Chapter 1591:

“What’s the matter, Yuhan? Why are you in such a hurry?” When ye Jianguo saw his granddaughter, he gave her a loving smile. Now, the only person who could make him smile was his granddaughter.

“Grandpa, that Yan Huan has woken up.”

“Woken up?” Ye Jianguo’s fingers were in the air, and then he clenched them tightly.

“Really? She’s awake. So Be it. But she’s really lucky. I thought she would sleep for the rest of her life.”

After he finished speaking, he lay back on his rocking chair.

“Grandpa, what should we do?” Sun Yuhan pulled on ye Jianguo’s sleeve again

“What does it have to do with us?” Ye Jianguo didn’t open his eyes and continued to rock his rocking chair, “Yuhan, listen to Grandpa. If she doesn’t attack you, stay away from her in the future. There are some things that can only be done once. Do you understand what Grandpa Said?”

Sun Yuhan was suddenly stunned and her face burned. She let go of ye Jianguo’s sleeve and did not dare to speak anymore. At this moment, there was something that no one knew about on her face. When she looked at ye Jianguo.., it became even more obvious.

She clenched her fingers and did not want to say anything. However, why did Yan Huan, that ticking time bomb, not die? Even if he turned into a plant, it was fine if he did not wake up for the rest of his life. However, she just had to wake up.., she just had to live. If she was alive, so be it. However, she also had to steal the show with her. If she was around in the future, would she still want to stand out? Why was this woman so persistent.

The SU family was in the same situation.

“What did you say? She woke up?”

Zhu Xianglan suddenly stood up. She couldn’t believe her ears. “Didn’t you say that you would sleep until you die? How did she wake up? How did she wake up?”

“She did wake up.” Su Muran was also frightened today. She was really guilty. Ever since Yan Huan appeared on the set, she had been sweating profusely, even now, she stretched out her hand. At this moment, her palm was still covered in cold sweat.

They were most afraid of the kind of people who knew that they were in danger, but had no one in control. Yan Huan was such a person. They had no way to predict her thoughts, her actions, and everything about her.., and she was a terrifying existence to them. As long as she moved a finger, they would die.

It was not easy to live a good life, how did she wake up? Was the heavens really unable to let them be safe? Why did they have to torture the members of the Su family.

Now, not to mention Su Muran, even Zhu Xianglan was the same. She was also in a daze. She was afraid of Yan Huan's next revenge, and this woman's life was hard to a terrifying degree, it was as if she was born to go against the Su family. Yes, that was it. She was born to go against her. She was born to end her good life and destroy everything she had.

This was a scourge, but it made her powerless and helpless. She had to watch this scourge with her own eyes.

Su Qingdong also sat there without saying a word. It was as if their peaceful life had once again been disrupted. The SU family had always been a troubled time. To the Su family, Yan Huan was a taboo that could not be mentioned, it was also a taboo that could not be touched.

Originally, if Yan Huan died or became a vegetable for the rest of his life, then as long as those secrets were not revealed by Yan Huan, even if it was with Zhu Meina., as long as they did not interfere with Zhu Meina, although the Su family could not be said to be safe and sound, at the very least, Su Muran would be able to live until his old age. Perhaps he would also be able to live until his death. Moreover., during this half a year's time, they had completely forgotten about this matter. They had also banished the name Yan Huan from the outside world.

Suddenly, that person once again appeared in front of them in such a domineering manner. They were actually a little unable to react in time and did not know how to react

Just like that, the entire family was unable to come up with a solution even after a long time.

"Eh, everyone is really present today?"

Zhu Meina walked over in her high heels. She was still dressed in her usual provocative manner. Her figure was Slim and hot. Her tight-fitting red clothes had practically wrapped her good figure to a new height.

The fork of her skirt had also reached her thighs. The undulation of her chest also seemed to be about to burst through her clothes.

She put down the things she was holding and sat down as well. It seemed that she really liked red now. The car was red, her clothes were red, and even her eye shadow had turned into a ball of red, it was not that she did not know that this ball of red was a fire to her now, and that it was a fire to others?

"Do you know that Yan Huan has already woken up?" Su Qingdong asked with some difficulty. Don't think that he did not know where Zhu Meina often went. Yan Huan looked as if he had woken up for a long time.

If Yan Huan had really woken up, could it be that Zhu Meina, who went over every day, did not know? Could it be that she should not have told the SU family about it? At this moment, not only did Su Muran and his daughter hate her., even Su Qingdong seemed to be displeased with her.

"Oh, uncle is asking about Yan Huan?"

Zhu Meina finally came to a realization. It seemed that they had met Yan Huan today. She naturally knew that Yan Huan had gone to film. As long as they filmed it, everyone would naturally know about it,

she had already woken up, and Su Muran was naturally no exception. However, the reaction of the SU family members was much more serious than she had imagined.

As expected, they still had a guilty conscience.

Zhu Meina suddenly laughed coquettishly. "You don't have to be so afraid. She woke up a month ago."

"Why didn't you tell us?" Su Muran's voice was almost shrill.

"Why should I tell you?" Zhu Meina continued to laugh. "What does it have to do with you whether she wakes up or not?"

"You..." SU Muran stood up and stretched out his hand to slap Zhu Meina's face. Zhu Meina, on the other hand, moved her face forward generously.

"Come on, hit her, hit her, hit her up."

Su Muran bit her red lips hard as if she had thought of something. In the end, she could only grit her teeth and pull her hand back. Her arm could almost hear the cracking sound, it was enough to know how hard she had endured.

However, she still put down her arm and her hand.

That was right. Zhu Meina's smile was like a flower. At her age, she was at her most beautiful. Of course, she was not stingy at all. She showed her beauty to others. She was so beautiful.., why hide it.

Chapter 1592: she will not see you

The people of the Su family did not speak, but their gazes were like those of Zhu Meina who was being dismembered. were they saying that Zhu Meina's arm was turning away?

Zhu Meina stood up, picked up her things, and prepared to go back. However, in the end, she stopped in her tracks. Her face was still that of a half-smile. "Don't worry." She rolled up her curls with one hand, on the other side, she was still smiling with an ulterior motive.

"From what she said, she doesn't seem to have any intention of pursuing this matter. As long as you guys don't cause any more trouble, you guys will be very safe. Of course, she didn't finish her words. She handed this matter over to me. Whether or not I can keep my mouth shut will depend on you guys."

After saying that, she threw the bag in her hand onto her shoulder and was ready to return to her room to properly check on her spoils of war.

Of course, she was also very satisfied with the attitude of the Su family.

It was good that she knew how to be afraid. Otherwise, she would really not know what it meant to be high and mighty in this lifetime. Don't think that you can hide behind your parents for the rest of your life. Even the biggest backer was often unreliable.

As for Zhu Meina, she did not rely on others right now. She relied on herself.

Also, if they wanted to cause trouble for Yan Huan, they had to think about whether they were qualified or not. Yan Huan had three extremely skilled bodyguards by his side. Ordinary people wouldn't be able to get within five meters of her.

As for that matter that Yan Huan didn't pursue, Hehe, she was lying to them. It was best if they didn't believe her. If they did, it would be their stupidity.

In any case, she was a liar to begin with. Whoever believed her words would be an idiot.

She took out a box from the bag and opened it again. She took out a diamond ring. This ring was pretty good. Yes, it suited her very well.

The three people sitting in the living room had different appearances. However, in their hearts, they were all trying to figure out what Zhu Meina had said and decided not to pursue the matter.

Shouldn't pursue the matter further? Shouldn't that be what she meant, right?

"Mom..." Su Muran hugged Zhu Xianglan's arm tightly. "What does she mean by this?"

Zhu Xianglan was also somewhat at a loss for words. If she were to ask her, how would she know? How could she possibly know?

Who would guess the thoughts of a woman like Yan Huan? Zhu Xianglan had also said it in such a weird manner. If they wanted to know, they could only guess it themselves. Could it be that they could still ask her.

Regardless of which one it was, it was impossible for them to have a good ending

Moreover, she also hated to see Zhu Meina's face. She even had to beg for mercy from her. How could she do such a thing.

Moreover, even if she was willing, would Zhu Meina be willing? Would she say it?

"Father." Su Muran could not get an answer from Zhu Xianglan, so he could only ask Su Qingdong again. What did this mean? Should he know? Could Zhu Meina, that rotten woman, explain more clearly? Could she rest assured? Could she rest assured.

However, to others, the words "Rest assured" couldn't be any easier. However, to the members of the SU family, this was practically their extravagant hope for the past few years. This was the price for Su Muran's survival.

Of course, this was also the greatest fear of the Su family.

Su Qingdong's face had always been dark. Then, he raised his head and looked at his wife and daughter. The biggest mistake of his life was not anything else but marrying Zhu Xianglan.

Because of SU Qingdong's terrifying gaze, Zhu Xianglan could not help but shiver. Her body also leaned back.

"Don't provoke them." Su Qingdong stood up and turned around to return to his room. This was the only warning he could give now. Regardless of whether Yan Huan really did not take revenge or let them go..,

or if he was lying to them in the first place, these were not the main points. The greatest danger was in their hearts, the devil that lived in their hearts.

Zhu Meina swaggered into Su Qingdong's study. Although she had changed into a new set of clothes, she was still as cool as ever. Although Su Qingdong was old, his manly nature was still there. He was already beginning to feel powerless.

"I want to meet Yan Huan." Su Qingdong didn't beat around the bush. He was very clear that if it wasn't for Zhu Meina, Yan Huan wouldn't have been able to meet him, although Zhu Meina was the most unpopular existence in the Su family, it had to be said that such an existence was indispensable to the Su family.

Zhu Meina propped up her face on the table and raised her chin slightly. "I don't think I can help you with this matter."

Su Qingdong's expression changed. However, he was an old Fox after all. He was not as hysterical as Zhu Xianglan or as loud as Su Muran. He was very calm. In fact, he was so calm that some matters had nothing to do with him.

In fact, was it really nothing to do with him? Actually, everyone knew. How could it not have something to do with him? Perhaps, the entire SU family would be destroyed. It was not that he was not worried, it was not that he was not afraid.

He just wanted to find a way to support this family.

In the end, it was all caused by Zhu Xianglan.

"You grew up in the Su family. If the Su family falls, it will not be good for you." Su Qingdong might have already expected Zhu Meina to reject him, so his expression did not change much.

"I really can't help you." Zhu Meina's expression turned serious. Even if she didn't have any feelings for this old man, Zi Qingdong, the Su family falling was indeed not good for her. No matter what happened here.., it was still her home.

"Tell your daughter to control her temper a little. Don't provoke her if there's nothing else. Right now, her mind is completely focused on Lu Yi and her three children. She doesn't have the time to care about you. As long as you don't seek death, believe me, your su family will survive."

After Zhu Meina finished speaking, she stood up as well. She stroked her hair and was still thinking about whether she should go and get her hair done. Forget it, I won't go. I'm too tired. I'll have a good sleep today.., she was going to look for Xiao Guang to play tomorrow. She didn't know how Xiao Guang was doing now. Should she still acknowledge her as a beautiful aunt? She had to go and brush up on her presence. The children were still young and still growing.., she was afraid that Xiao Guang would forget about her.

Of course, she was giving Su Qingdong honest advice. She remembered that some people were not to be trifled with, and some were not to be trifled with. be good and don't cause trouble. Stay away from some people. Believe her, if she did not do it, she would not die, actually, it was suitable for everyone, including Su Muran.

Zhu Meina didn't agree to Su Qingdong wanting to see Yan Huan. Of course, she didn't tell Yan Huan herself. There wasn't much difference whether she told him or not. She could be considered to understand Yan Huan.

How could Yan Huan have the time to see Su Qingdong Now? She was afraid that if she saw Su Qingdong, she would feel nauseous.

Chapter 1593: The most popular person was her

The filming location of the Xianyun film crew was very close to them. Sea city was the newly established film city, and all kinds of scenery could be synthesized. Of course, the entire drama had been sharpened after ten years, no one knew how much high-tech was used to create this kind of scenery, but it was still hard to tell. When it was broadcasted, it was almost stunning to everyone. Yan Hua had always been very good at filming these dramas, moreover, it was a big drama in itself. Whether it was in terms of the costumes, cast, props, and post-production, it was almost the biggest drama in the past few years, and no matter which aspect, the quality was very good.

This drama was released at the beginning of the month. On the first day, it had already won the first place in the viewership ratings, and it was still floating in the air

"Grandma, it's Mommy," Xun Xun pointed at the TV with her little finger. The three children were watching TV with their grandma. They were supposed to watch cartoons, but the three of them were like little ghosts, knowing that they could see their mother on TV, they wanted to see their mother.

Ye Shuyun also wanted to watch it, so she brought the three children to watch it together. To be honest, every time the three children of the Ye family did something, they would make a big noise. Looking at the three of them, they sat in rows and ate fruits, two of them looked exactly the same, and one of them was quite beautiful. It was no wonder that everyone envied the three children of the Lu family.

In the past, it was said that if they could not give birth, the incense might die here. However, they gave birth to three children in one go. Each of them was white, fat, and cute. They were also very likable.

The television that Ye Shuyun watched was shot by Yan Huan. She had watched Yan Huan's television for many years. Why did it feel like the little golden silkworm that Yan Huan played in the beginning? In the blink of an eye..., ten years had passed. Her three favorite grandsons could already find their mothers on television.

Ye Shuyun hugged Xun Xun in her arms and placed her hand on Xun Xun's small forehead. It was not hot at all and she had really recovered. This time, she did well. She only needed to take medicine for a day to recover.

She took another look at the television. It had to be said that Yan Huan's appearance in it was too stunning. Moreover, his skin was transparent and he wore a lot of makeup. His makeup was also a little too glamorous, that kind of stunning temperament was all acted out by her. As soon as she appeared, it seemed that everyone's eyes would involuntarily follow her face. Each and every action of hers was completely different from the her when she had just debuted.

Her person had matured. Of course, her acting skills had also matured along with it.

Her acting skills seemed to be getting better and better now. There wasn't a single superfluous action, nor was there any superfluous expression. Everything was natural and natural, just like flowing water. She was the character in the movie, and the character in the drama was also her.

It had to be said that in this movie, Yan Huan was the one who bore the weight of the entire drama. Although she was already 30 years old, she wasn't the slightest bit inferior compared to the twenty-something-year-old girls in the drama.

Just like Sun Yuhan, she was barely able to be described as a beauty because of her makeup. However, she still had to give her a soft shine. However, Yan Huan didn't use it. Even if it was high-definition footage., it didn't seem like much to her.

Ten years had passed, but there didn't seem to be anything left on her body. Yan Huan's face could support a drama. Of course, many people didn't know that Yan Huan didn't use any doubles on the screen, most of the scenes were her own. Moreover, she could be said to be acting here purely as a friend. She didn't ask for any remuneration.

In fact, it had been several years since she had appeared on screen, and she had not acted in any major or minor dramas. In recent years, she had not even had a supporting role, but her popularity did not seem to have decreased.

And now, the first person in Xianyun Hong was her. Of course, there was also an electronic fox by her side, and the way she looked at the Little Fox had a hint of gentleness, almost everyone was jealous.

Of course, Yan Huan had put in a lot of effort when filming these few scenes.

It was not easy to act alone in the air. However, she had managed to film well. Her many years of acting experience had not been accumulated for nothing. Moreover, when it came to handling all sorts of details., she was much more meticulous than the average person. Therefore, her acting skills did not deteriorate because of these few years of blankness. Everything was so natural. These were almost all her acting skills at her peak. No., she was even more low-key than when she was at her peak. However, she was also becoming more and more quiet. It seemed that every single look, every strand of hair, and every single pore on her body had relaxed, she was also bathed in a natural atmosphere. Even her back seemed to be immersed in the scene.

This woman had already completely entered the scene, and her aura was only just beginning.

There weren't many scenes where she appeared on stage. In an episode, it was already very good if there was even one scene. However, in this one scene, it was possible that it was just a fleeting glance, and everyone remembered her appearance.

The female lead and the second female lead were completely ignored. The main reason was that the female lead's acting skills weren't very good. Although the female lead's ugliness was a little more recognizable, because the entire drama was filled with handsome men and beautiful women., only the female lead was the ugliest. Although she had the aura of the main character and was not beautiful because she was loyal to the original novel, she was still a little too ordinary. Therefore, she did not attract any fans. All the fans were at Yan Huan's place., yan Huan's Weibo had not been updated for a long time. When it was updated again, it was actually Yan Huan wearing an apron and cooking egg fried rice.

They all looked very fragrant.

The Best Actress' Weibo did not update anything related to the drama anymore. They were all showing off her personal cooking skills. It had to be said that the dishes made by best actress Yan were all pretty, fragrant, and delicious, their popularity, which had slightly decreased, suddenly rose.

The number of fans on Weibo also rose like crazy. Although she did not have many scenes in immortal cloud and the production crew only gave her a cameo role, the attention she attracted was the best.

Everyone knew that Yan Huan had three children, but no one dared to expose them.

Yan Huan satisfied everyone's curiosity and took photos of the three children. However, he did not show his face, and the angle was very good. He took photos of the baby's fair and tender hands. It was really too likable.

Yan Huan did not have too many expectations for the future of the three children. They could do whatever they wanted. However, what made her helpless was that when Xiao Qi and Xiao Guang were four years old, they were thrown to the Lei family to learn ancient martial arts, when they reached adulthood at the age of eighteen, they would still be thrown into the army. Even if there were three elders in the family who loved them dearly and how much they loved their children, these were things that had to be done,

Chapter 1594: the green-eyed monster

The good thing was that Xun Xun was a girl, so she did not need to learn to be like that. She just needed to grow up in a delicate and delicate manner. Everything was done by the two elder brothers.

Xianyun was still in the midst of filming. Yan Huan did not go too often and usually went once every few days. Her scenes were very few to begin with. Fortunately, it was few. Otherwise, she would be wearing such thick and heavy clothes every day, she thought that she wouldn't be able to accept her love.

"Alright, cut." Yan Hua shouted for her to stop. Yan Huan had already stood up, and her assistant hurriedly helped her to carry her clothes. Otherwise, the clothes would still cause her to slip and fall.

"Let's go to my house for dinner later," Yan Huan said to his assistant.

She was still a baby face that was easy to recognize. In this life, they had finally met again.

In her previous life, Jiayi had treated her well, so in this life, she would treat her well too.

Jiayi's eyes lit up. "Really? Then can I see three babies?" Jiayi liked the triplets in Yan Huan's family the most, especially Little Xun Xun. She wanted to see if she could become a child star, she would definitely be very popular. It was a pity that Yan Huan had no intention of letting the three children become child stars.

It was also possible that she would become one. She still had to see the wishes of the three children.

"Yes, they're here. Today, I'm having dumplings at home. Come over and eat with me."

Yan Huan smiled at Jianyi. The dumplings that auntie gu made at home were not bad. She even made small dumplings for the three children. Yi Ling and Rowling both came over and said that they wanted to eat dumplings, actually, it was also about the preparations for the first two. Yan Huan's popularity had already risen, but it was still rising very quickly. Moreover, she had already appeared on the headlines several times. If she had not been too low-key., other than filming, she would basically stay at home and take care of her child. She might even appear in the headlines a few more times.

Of course, Yan Huan had never thought of appearing in the headlines. In fact, she really liked filming. When she had nothing to do, she would go to the set for a walk and make a cameo appearance. It would allow her to film for half a year or a year., she thought that she really couldn't do it, and she couldn't not see her child or Lu Yi for so long. It wasn't easy for them to be together, and they had gone through so many detours and suffered so much., she didn't want to share her time with other things anymore.

She couldn't accept long-acting roles, but she could accept some of these guest appearances and endorsements. This was all handed over to Jiayi to handle. She was specially trained by the company. To be able to arrange it for her proved that she had a certain level of experience in both ability and business, she also had a certain level of experience.

The work on the set was still ongoing, but Yan Huan was about to leave. She would return when there were no scenes here.

When she came out with her assistant, she found a man in a suit leaning against his car. He had a pair of lake-green eyes that were almost as clear as lake water, from time to time, ripples would form on his eyes.

It had to be said that this man's appearance was not bad. He was about 1.80 meters tall. His shoulders were wide and his waist was thin. It was not the kind of muscle entanglement, but there was a kind of charm on his body, yan Huan found it hard to imagine a man with a kind of charm.

But this was indeed a man with a kind of charm. Especially when he looked over, Yan Huan felt goosebumps all over his body.

This was the man who had been taken care of by Sun Yuhan. However, this kind of man was really quite expensive. He even bought a luxury car and a villa for him. However, no matter how handsome the man was, no matter how good-looking his face was., could it be that after looking at him for a long time and seeing him every day, he was really not sick of it? Did he really not feel like vomiting.

When that man saw Yan Huan, he suddenly smiled and gently stretched out his limbs. He even threw her a flirtatious glance. Yan Huan felt a chill run down her spine

That man actually walked over.

"Miss Yan..."

This sentence of 'Miss Yan' was a little strange. It had a foreign accent.

"We meet again."

Yan Huan only tugged her red lips at him. She didn't want to greet him. She didn't like Sun Yuhan, and of course, she didn't like Sun Yuhan's man either.

“Let’s go,” Yan Huan said to her assistant. She didn’t feel that she needed to greet such a man or have any sort of friendship with him. They didn’t have the slightest relationship, nor did she need to know him.

“Miss Yan, I wonder if I can treat you to a cup of Tea?” That man was really bold. A gigolo who was kept by a woman actually dared to seduce a married woman.

Yan Huan resisted the urge to pick up a brick and smash it on his head.

She continued to walk forward with her assistant. When Arnold wanted to go forward again, the two bodyguards had already stretched out their hands and blocked him behind them.

The assistant jogged hurriedly to catch up. However, she could not help but turn around and look at the man behind her. He was truly the best. Even the best of her was drooling,

“Which kind do you like?” Yan Huan could hear his assistant swallowing her saliva. If he had the time to swallow his saliva at a man, it would be better to drool at a table full of dumplings later. Dumplings were delicious, and that man would be poisoned if he ate them.

In this world, filling one’s stomach was the way to go. What good-looking man? He could only look but could not eat. What was the use of having him? Moreover, how could an ordinary woman not be able to support such a man.

“It’s alright.” The assistant touched his finger.

“Miss Yan, don’t you feel that he is very good-looking?”

“No,” Yan replied honestly, “There are a lot of good-looking people in this circle. He’s not the only one. He looks like he’s in heat every time he sees a woman. Don’t you feel disgusted?”

The assistant thought about it and realized that it was true. He was obviously up to something with Miss Yan.

However, women should like that kind of man very much, but there was one Yan Huan who was very annoying. Of course, Yan Huan was not pretending to be reserved, but it was because she really did not like him, her aesthetic standards might really be different from others. Perhaps in everyone’s eyes, that Arnold was a top-notch man, but in Yan Huan’s eyes, he was not a top-notch man.

He was a monster with green-eyed hair.

If he had a head full of green hair, wouldn’t that be even more correct? Yan Huan had seen him together with several female artistes, and he did not know how many sisters he had found for Sun Yuhan.

And no matter how many women that man wanted to seduce, that was also his business. She did not like green-eyed men.

She did not like men with such eyes. The Wolf’s curse was at night, and their eyes were also green.

She just did not know if this man was a dog or a wolf.

The assistant and Yan Huan got into the car and rushed to Liuyuan. There was also a car behind them. In the car were the bodyguards that Lu Yi had specially found for her.

Chapter 1595: it was not easy to be a mother

This was because none of them knew if there were any hidden dangers.

At this moment, behind these calmness, there was a kind of storm. Who knew what kind of storm was hidden behind this? Yan Huan only hoped that these things would not affect her

She did not have much energy to deal with these things. It was the same for Sun Yuhan and Su Muran. She did not want to put too much attention on them. She did not want to give them her time.., she did not want to give it to those people who had nothing to do with her life.

When they reached the garden, Yan Huan went in. The three children sat on their stools obediently, waiting for their mother. They were also waiting to eat.

“Mommy...”the three children stood up and ran towards their mother.

They were only three years old. In fact, they were still very young. The little ones were still tender and tender. They still needed their parents’care and protection.

Yan Huan squatted down and hugged the three children in her arms.

“Are the babies obedient today?”

She touched them and kissed them. Before the children were three years old, she did not spend a good time with them. In the future, she would always be with them and accompany them as they grew up. She also watched them get married and have children, start a family.

“They’re obedient,”the three children said in unison.

Yan Huan absolutely believed in her three children. Her three children were more obedient than the average children and were much more sensible. If they said they were obedient, they were very obedient.

Whether it was Xiao Qi Xiaoguang or Xun Xun, they were usually very reasonable. Although ye Shuyun doted on the children, she did not spoil them. Otherwise, how could they be so sensible.

Yan Huan picked Xun Xun up. The other two children grabbed the corner of her clothes one by one.

Xiao Qi and Xiaoguang had grown up. She could not carry them anymore. Only Xun Xun was still very light. She would not be too tired after carrying them for a day. They were both her children. How Long would she carry them, naturally, they would not be tired.

Auntie GU had already made a lot of dumplings for her three children. She had also made small dumplings for them. Now, she was waiting for Yan Huan to come back and eat them. Coincidentally, once Yan Huan came back, they could cook the dumplings.

Yi Ling and Rowling came over.

Yi Ling did not say anything else. However, Rowling had surprised Yan Huan.

“Aren’t you going to take care of the child at Home?” She asked Rowling, who was sitting there. Her figure had not recovered yet, and Rowling did not care about her current state at all. In any case, she would eventually lose weight.

“It’s good that I can get it.” Rowling thought of the fat boy in her house, and her heart felt quite uncomfortable. She was the one who had given birth to him. She had been pregnant for ten months, and she had worked hard to give birth to him. She had raised him from a small cell., it was not easy to raise him to nine catties. In the end, when he was born, it seemed that she did not have a share.

Her parents were unwilling to come to Hai City no matter what. They said that Hai City was too noisy and that they liked that place in the countryside. Now, for the sake of their grandchildren, they packed their luggage and moved to Hai City together with themselves, He Yubin was not far from his house. He bought a house for the He family’s parents and let the old couple live in it. It was also close to his house and was only a few steps away. Now, there were four old people, they were all in charge of the little fatty who weighed more than nine catties. Rowling did not have milk to begin with, and the child had been drinking milk powder since he was young. Therefore, she, a cow without milk, was of no use. She could not even touch her own son, she could not even touch her own son.

Her parents used to dislike her mentioning work the most. Now, they actually wanted to drive her to work. They found her an eyesore at home. Not to mention her, even He Yubin was forced to go to the hospital to work, He Yubin was obviously in a worse state than her. At the very least, she could still see her son. As for him, he had not seen his little fatty for a few days. Only when the little fatty was feeling unwell could he see his son, the little fatty also recognized him. After all, he was brought along by his grandparents, so he did not want his father. His father’s face was too ugly. As long as He Yubin dared to hug him, he would tear open his little throat and cry desperately,

after crying twice, the child’s grandparents and grandmothers wouldn’t let him touch the little fatty anymore.

He Yubin really couldn’t say it out loud. He was the Little Fatty’s father.

Anyway, Luo Lin had also returned to work. Linlang had a lot of things to do anyway, so she had to make money for her son. Being a mother was not easy, and raising a son was not easy either.

She was very envious of the three children of the Lu family. How could they grow so fast? They were already three years old. When would the one in her family be over three years old.

It had only been a few months since she had held them in her arms.

Yan Huan helped Auntie Gu bring out the dumplings. The three children sat on their small chairs obediently. They were not noisy at all.

As for Yiling and Rowling, the two of them still needed to study the details of the first two scenes. They needed to build a filming base there now. This was a very huge project, and of course, it would cost a lot of money.

However, Linlang had also made a lot of money in the past few years. She could still afford to invest. Moreover, the first two scenes were all high-volume movies that were set on iron plates. Naturally, she was not afraid of spending any amount of money.

They were confident that they would definitely be able to recoup their capital.

Yan Huan did not care about what they were talking about. The female lead that she had chosen internally did not have any right to speak either. As long as she remembered that she had to prepare for filming, she had to prepare now.

However, she still liked to stay at home with her three children. Sigh, what kind of filming was she going to do? After the first two were done filming, she was ready to retire from filming and would not take on any more scenes in the future.

She placed the children's three small bowls on the table and extended her hand to them.

"Come, babies, come to Mommy. Let's eat."

The three children ran over obediently and waited for their mother to carry them to the chairs. Yan Huan carried the children to the chairs one by one and placed the small bowls in front of them.

Their dumplings were made of eggs and leeks. There were some shrimps in them, a little bit of pork, and small dumplings the size of small walnuts. An adult could probably eat three of them in one bite, however, three small dumplings required a few bites.

An adult's dumplings could not be given to them. Their spleen and stomach were too weak and it would be difficult for them to digest them.

There were already many dumplings on the table. Some were meat, some were vegetarian, and some were shrimp. Lu Yi was not there. He was at work, and Aunt Gu had saved them for him. It would not be too late to eat them when he came back in the evening.

Chapter 1596: I don't like you

The three children obediently ate their dumplings with small spoons. Usually, they didn't need anyone to take care of them. They would take good care of themselves.

Jiayi's eyes never left the three beautiful children, especially Little Xun, who was sitting between her two older brothers. She thought that if Yan Huan really stopped filming in the future, she would expose her dolls when she had nothing to do, she would also have a lot of fans.

What everyone wanted to see the most was Yan Huan's Little Xun. She would become beautiful day by day and become another Yan Huan Day by day.

However, Yan Huan did not really want to use his children to gain the attention of others. The Lu family had always protected their children very well. Even in kindergarten, not many parents knew about it, the mother of the triplets was Yan Huan. She only knew that the triplets were very smart and very good-looking. It was just that the three children had strange temperaments and did not like to play with other children, of course, the two brothers were also very protective of their little sister. Usually, they would not let anyone touch her.

Xun Xun raised her small face and looked at her assistant for a long time

Only then did she reluctantly put her small bowl in front of her.

“Aunty, don’t look at Xun Xun. Xun Xun will let you have the rice.”

The assistant was so embarrassed that her face instantly turned red.

She really had never thought of eating three children’s meals. She was really not that shameless.

Yan Huan put the small bowl back in front of Xun Xun and then scratched her small face.

“I’ll eat it myself. There’s still a lot in Auntie’s bowl. I Won’t eat yours.”

Xun Xun scooped up another small dumpling with a small spoon and placed it beside her little mouth to eat. Her little face was chubby, and it was no wonder that she became more and more beautiful as she grew, Xun Xun, who was looking at her assistant, was in a daze. It was also because Yan Huan, this child, was too good-looking.

“How have you been doing on set recently?” Yi Ling asked Yan Huan

“I’m Alright.” Yan Huan’s filming was going well. She did not have many scenes to begin with, so even if something happened, it would not fall on her. The majority of the attention was on Sun Yuhan and Su Muran.

The drama became popular. Yan Hua became even more popular. Yan Huan’s name became a household name. On the other hand, Su Muran and Sun Yuhan did not seem to have anything to do with the drama, most of it had become negative news.

For example, Su Muran had not had much acting skills in the past few years

Another example was this person. If there was really no comparison, there would be no harm. Sometimes, if she acted alone, it seemed that she could do it. It was not that bad. One could even tell that her acting skills were online.

It just depended on who she was compared to.

If she was compared to Yan Huan, it could only be said that these two people were not on the same level at all. Yan Huannan’s acting skills were in her body, including every part of her body, they also had their own acting skills. Moreover, they were not pretentious at all.

As for Sun Yuhan, there was even less to say

A star that was born out of the ye family had all sorts of shortcomings. It was really not suitable to stay in this circle. This was because the entire country’s audience might not necessarily buy into the ye family’s words. It did not matter how many films one had shot, she was also a female lead who had acted in many films. If others did not buy it, they would not buy it. If they did not like it, they would not like it. This was the reason why she was still not popular despite having been in the industry for so many years.

Although her face was now very familiar, no matter how familiar she was, she did not let the audience remember her. Although her exposure rate was quite high, it was impossible for her to become famous. Initially, she wanted to make use of Xian Yun to become famous.

But now, it seemed that it was impossible.

“Oh right,” Luo Lin suddenly remembered something. “Sun Yuhan’s man picks her up outside every day. It seems that he has a bad relationship with a lot of new female stars. You’d better stay away from him.”

“I know.” Yan Huan did not put the green-eyed man in his eyes. However, his assistant looked up at Luo Lin and then ate dumplings in silence. It was normal for someone to like this handsome and rich man.

She might like him in her heart, but it was just like how many people worshipped their idols. Although they liked him, they would not have any improper thoughts about him.

And now, she was that kind of person.

However, it had to be said that that man was indeed very charming. He should also be the Prince Charming in the hearts of many women. Prince Charming. Under normal circumstances, wouldn’t that be the case?

Yan Huan changed out of her clothes and removed the makeup on her face. Then, she took her bag and carefully applied some skincare products on her face.

No matter how naturally beautiful she was, she still had to apply this skincare product.

Alright, she gently patted her face. This face was also soft and tender. The heavens had treated her well. This face had been like this for so long, yet it hadn’t changed much.

She still looked like she was in her twenties. The collagen on her face was still very full.

At this moment, her phone in her bag rang. She took out her phone from her bag. It was a message from her assistant. However, why was it a message? Yan Huan directly opened this message.

She was still a little surprised because when her assistant contacted her, he would call her directly. However, she couldn’t say that she couldn’t send a message. It was probably because it was inconvenient for her now.

The message said that he wanted her to go backstage. He said that he had something to show her.

She put her phone into her bag and didn’t suspect anything. She walked directly backstage.

Knock, knock..

She knocked on the door. There was the sound of the door being unlocked. She also twisted the doorknob. The door opened and she followed in. When she saw the person inside, she couldn’t help but frown, she turned around and walked out.

“Miss Yan, I have something to show you.”

It was that Arnold again. He did not speak fluent Chinese. Perhaps in the ears of others, it was a kind of mood, a kind of exotic feeling. Moreover, his voice was also Susu’s, perhaps some women’s legs would go soft after hearing it, but Yan Huan did not like it very much.

Arnold had already blocked in front of Yan Huan. His pair of lake-blue eyes seemed to be flowing.

Yan Huan frowned. He did not like this man’s eyes very much.

“You don’t like me?”

Arnold did not believe that there were women who did not like him.

“Why should I like you? What do you think you are?”

Yan Huan did not even have a smile on her face. She did not even want to give this man a cold smile.

“Then look into my eyes and say it again.”

Arnold stood up straight. He was no longer as nonchalant as before.

Yan Huan raised his face and looked into Arnold’s green eyes without blinking. Then, he said each word seriously so that he could hear clearly.

“I don’t like you. Do you understand?”

Chapter 1597: your fates are against each other’

The light in Arnold’s eyes was constantly changing. It was as if the color had changed from light to thick, then from thick to light. It was as if it had gone through a few color levels. It was as if it had changed from lake water to sea water, after that, it was unknown where it went, but it returned to the lake. In the end, it was still that touch of serene blue.

Yan Huan’s expression was still the same as before. There were not many changes, but of course, her heart was the same.

“You are indeed not influenced by me.”

Arnold could finally be sure that the woman who could not be influenced by him had appeared in this world. and Yan Huan was that one, wasn’t she? She seemed to be completely unaffected by his influence, and his eyes could be said to be successful in everything, even if he really did not like him, he would still be immersed in his eyes. Perhaps many people would wake up very quickly.

However, he had never met someone like Yan Huan before.

“I also met someone at the trade fair. I remember your eyes.” Arnold reached out his hand, wanting to touch Yan Huan’s face. “You have the most beautiful eyes I have ever seen, and you also have a charming face.”

“You are my goddess. Are you willing to come with me?”

Arnold’s eyes were still clear and transparent blue. He really liked this woman.

Yan Huan pursed his red lips. If anyone saw her action, they would know that she was already very impatient.

“I will give you everything I have.” Arnold saw that Yan Huan still did not give him a response. Even if he said these things, he was also throwing out his biggest and most sincere heart, “I will give you all of my assets. I will let you become my princess, My Queen, my everything. I will let you live in heaven for the rest of your life.”

“With my company, every day will be a pleasant surprise for you. My Goddess, as he said this, he knelt on one knee on the ground. Are you willing to go with me? As long as you are willing to go with me, I will become your knight, and you will be my princess.”

Yan Huan raised her eyes to look at the ceiling. Of course, she wasn't looking at whether a piece of pancake had really fallen from the sky. She was rolling her eyes at the ceiling.

She had seen stupid people, but she had never seen such stupid people.

In her two lifetimes, she had heard the most of these sweet words. It was also these sweet words that had deceived her and made her lose everything. The more pleasant the words sounded, the more vicious it was, what kind of viciousness was this in her heart.

There were many men in the world who had such sweet words but had backstabbing intentions. If this was the case, this man had probably said it to many women before, and women were also fools. They clearly knew that they could not be trusted, but in the end, they would still fall head first.

They would become his prey, and in the end, they would be eaten alive by this green-eyed monster.

Therefore, she had guessed correctly that this was a wolf,

this was not a dog, but an ingrate.

When necessary, it was a wolf that could bite people.

Arnold's green eyes seemed to be gloomy again, which made Yan Huan the most puzzled.

Were these two eyeballs fake? were they pressed on from behind.

Yan Huan really did not have time to waste with this man. Furthermore, looking at these two eyeballs, she still had to go home to accompany her three children to do handicrafts. The three children at home still had homework to finish.

She stretched out her hand to open the door, but Arnold blocked her way again.

“Get out of the way.” Yan Huan's face darkened. “Otherwise, don't blame me for being rude to you.”

Arnold still blocked the door and refused to leave

Yan Huan stretched out his hand and was about to slap Arnold's face. Actually, he had thought that Yan Huan was too simple. Yan Huan had never liked to slap others, especially when it came to scumbags. She felt that her hands would be dirty.

Arnold instinctively wanted to protect his face. This kind of man relied on his face to make a living. If he did not have this face, what else would he have? Therefore, the first thing he wanted to protect was his face. In the end, his expression suddenly changed, his entire face also turned deathly pale. Bean-sized beads of sweat also fell from his face. Then, he took off the hand that was covering his face and covered a certain part of his face.

Yan Huan placed his hand on the doorknob.

“Stupid,” she sneered. A man’s body could not only be kicked by his face, but also by a certain part of his body. In particular, some men’s skin was too thick. Even if he kicked, it would not hurt.

Of course, there was no need to be afraid. She had also controlled the strength of her kick well. She would definitely not kick him into a eunuch. That thing could still be used. After all, Sun Yuhan treated him like a treasure.

If he was kicked into a eunuch, would ye Jianguo come looking for her again.

She was the lazy member of the Ye family.

Just as she came out, she realized that her assistant was looking for something. Yan Huan knew his assistant’s personality and understood that no matter what, his assistant would not betray her. Otherwise, she would have left long ago, and there was no way he would keep such a person by his side.

“What are you looking for?” Yan Huan asked his assistant. Of course, he did not mention what happened just now.

“My phone.” His assistant was puzzled. “I always carry my phone with me. But just a while ago, my phone was gone. This is strange. Where did it go?”

She was puzzled. Even if she wanted to steal it, she had to steal some good phones. Her broken phone had been around for a few years. No one patronized the old one. How could it be gone.

“The phone is gone?” Yan Huan asked again. “Why is it gone?”

“I don’t know.” The assistant was puzzled. “I met that Arnold here just now and talked to him for a while. In the end, when I turned around, the phone was gone.”

Alright, Yan Huan didn’t need to ask. He also knew why the assistant lost his phone and why he sent her a message.

“In the future, don’t have any contact with that man.” Yan Huan warned the assistant. Look, all you did was talk to him a few more times, “Aren’t you afraid that your phone is gone? The two of you are fated to go against each other. Meeting him, I think you must be up to no good.”

The assistant’s face turned pale. When she thought about it again, it seemed to be the same thing.

Whenever she met that man, she would either fall down or rub up against him. This time, she only chatted with him for a few more words. After that, the phone that she had used for a few years was gone. Although it was an old phone., but that was a phone that she had used for a very long time. It had nothing to do with the old or the new. She was already used to it. If she suddenly lost it, no matter how many new phones she bought, it would not be the old one.

Hence, Yan Huan was right. She and that person were really opposites.

The Little Bit of love that she had originally had suddenly disappeared. Forget about liking him in the future, she would definitely go around that person.

Chapter 1598: She had never thought about how popular she would be

Yan Huan had always been paying attention to her assistant's expression. The assistant did not believe her at first, then she thought about it. In the end, it was as if she had made a decision. As her assistant who had followed her for several years, how could she not know her assistant's personality.

She was quite superstitious.

As long as she knew that she was naturally at odds with someone, then needless to say, she would stay as far away from that person as possible in the future.

As for the green-eyed man, Yan Huan felt a little uncomfortable and disgusted when she heard the green-eyed man's words.

"Let's go." Yan Huan took out his sunglasses from his bag and prepared to go home to make handicrafts for the three children.

"Miss Yan..." the assistant hurriedly followed her and also reacted.

"What's the matter? Is there anything else?" Yan Huan had already opened the car door and walked in.

"Miss Yan, there are a few programs that I would like you to participate in." The assistant also got into the car and started to talk about serious matters with Yan Huan. Of course, Yan Huan could participate or not participate in these recent events.

However, she felt that it would be best if Yan Huan participated.

"Miss Yan, your popularity has also increased by quite a bit recently. Therefore, we have to seize the opportunity to pursue your success. As long as you participate in a few more episodes, I think your popularity will return to your previous state in a while."

For a moment, Yan Huan felt as though she had returned to her past life. At that time, her assistant had followed her around, wanting to increase her popularity.

However, Yan Huan did not really want to.

"I didn't think about how popular I would be." Yan Huan laughed. "If it wasn't for Rowling and the others forcing me to start filming, I would have actually wanted to quit filming."

"Miss Yan..." the assistant was shocked by her words.

She had always thought that Yan Huan wanted to return to his previous state. However, she did not expect that Yan Huan did not think about it at all.

"Then, Miss Yan, do you want to participate in those programs?"

Although the assistant could not accept Yan Huan's so-called retirement from filming. However, he would respect Yan Huan's thoughts. However, thinking about it, Yan Huan had not filmed for a few years. In fact, it was similar to retirement from filming.

Moreover, Yan Huan was currently accompanying her three children every day. It was true that she did not have the time to participate in any programs.

“Help me reject it.” Yan Huan really did not want to participate. She did not have the ambition to do so. Moreover, she had already marked the end of her acting career. She had agreed to participate in the first two acts, it was only because the first two acts needed a sequel. She would shoot a sequel to lay a foundation for the third and fourth acts. However, it did not mean that she would really devote the rest of her time.., to one film after another.

She didn’t have the energy to do so. She was now the mother of three children.

All her energy was spent on her three children. Even if she were to leave her children for a month, she wouldn’t be able to bear it, let alone go out for a month or even a few months.

Yan Huan closed her eyes. She was a little tired. The car was about thirty minutes away from home, and she could sleep for thirty minutes. She would be more energized when she returned home.

Filming was really tiring.

Even if she was just a small supporting role, when Xianyun took a little more time to film, her scenes would be almost done. She would be able to go home and not have to be so busy with waking up early and sleeping late.

When the car arrived at the Liuyuan Garden, Yan Huan got out of the car and saw three little guys lying on the window inside,

when the three little guys saw their mother coming back, they all ran out happily.

Yan Huan squatted down and carried the three children into his arms. Then, he kissed the three little kids on their little faces,

“Mommy has finished earning milk powder for the babies. In a while, mommy will accompany you to do handicrafts, okay?”

“Okay,” the three children answered in unison. They must have really liked being with their mother.

Yan Huan stood up and reached out to hold the children’s little hands, bringing them into the house.

They were all waiting for you. Aunt Gu liked the three children the moment she saw them. She had been waiting for their mother the entire time. After eating some fruits and drinking some water, aunt Gu would take good care of the three children, there was no need to worry.

Yan Huan rubbed the three children’s heads and sat down with them to do some handicrafts. The three children were all very smart children, and their hands were very nimble. Yan Huan made one, and they could do it themselves.

When Lu Yi returned, he would send them back to the Lu family. Tomorrow was Monday, and the three children would go to the kindergarten. In fact, the children did not really like going to school. They had to get up early and leave home, some children who clung to their parents had to leave their parents, and so did Xun Xun and the other two. However, they were too obedient. They knew that they had to go to school because they had to go to school at home, just like their brother Lei, there was no such thing as not going to school. It was fine if they didn’t want to go to school, as long as their little buttocks were spanked.

As for the three members of the Lu family, it was also possible that they were very obedient by nature. The adults in the family had never bothered to go to school for them.

At night, Yan Huan still had to flip through the script. She still had her scenes tomorrow. Today, it was Lu Yi who cooked noodles for her to eat. As for Yan Huan, it had been a long time since she had properly eaten Lu Yi's noodles.

"Try it." Lu Yi placed the noodles in front of Yan Huan.

Yan Huan took the noodles and took a bite. MMM, it was still the same as before. It was very delicious. She ate the noodles while reading the script. She didn't have too many scenes, but she had higher expectations of herself than before, it was these few repeated lines that she had memorized very well and had to think of many things. Only then would she be able to act well for tomorrow's scenes.

"Eat first." Lu Yi used the chopsticks in his hand to knock Yan Huan's finger. "Why are you working harder than me?"

"I'm not." Yan Huan had never forgotten to eat or sleep. She ate every meal, and every meal was very full. She definitely had not wronged her stomach.

"It's just that there are some things that I can't figure out." Yan Huan took another bite of noodles and conveniently put the script aside.

"What is it?" Lu Yi raised his eyebrows. "Can't you tell me?"

"About that..." Yan Huan pointed at the script on the table. "It's about the things in the script." And she kept quiet about that Arnold.

Lu Yi took the script that was placed on the table and threw it aside.

"Alright, let's not talk about other things first. If you have time, you should first finish the noodles and read it after you finish it. I also have work today, so I can't accompany you."

"Sure." Yan Huan happily started eating the noodles. It had been a long time since she had eaten Lu Yi's noodles properly. If the noodles got cold later, it wouldn't taste good.

So she had to finish the noodles faster.

Very quickly, she finished a bowl of noodles and soup. She touched her stomach. Sometimes, she wondered if she would really be fed until she became fat one day.

Chapter 1599: She was inferior to Yan Huan in every aspect

However, based on her weight over the past few months, she did not seem to be able to do so.

She took the script that was placed aside and began to study it in detail. The soft and warm light landed on her long eyelashes. At that moment, even her facial features felt softer.

At that moment, Sun Yuhuan turned her body weakly. It was as if there was a ball of fire on her body, but she had nowhere to vent it.

“Darling, you should sleep first. I still have to deal with the airport later.” Arnold smiled and comforted Sun Yuhan. He clearly knew what Sun Yuhan wanted, but he couldn’t do it today.

“Alright.” Sun Yuhan sat up and kissed Arnold’s face again, “Then you should rest early after you’re done. It’s been hard on you. I can only leave the airport matters to you. Otherwise, I really don’t know who will take over the airport.”

Everyone knew that half of the Ye family’s assets were at the airport, but the airport also required a portion of the Lu family’s net income. What right did she have? The airport was surnamed Ye, and in the future, she would be surnamed Sun along with her, why should she give her money to someone else, or to someone called Yan Huan.

And no matter how angry she was, no matter how unfair it was

She still had to watch helplessly as Yan Huan received so much money from the airport for nothing in the end of the year. Was it just the two billion yuan that they had lent to the Ye family back then? They had already repaid her two billion yuan a long time ago, now, he still shamelessly took the things from the Ye family because he wasn’t afraid of eating himself to death.

Her heart was extremely unjust because this wasn’t anything else, but money. It was money that many people couldn’t imagine, and that money still had to be given to that woman.

Arnold’s eyes flashed. Of course, he also noticed the displeasure on Sun Yuhan’s face, so he only slept with her first.

When he stood up, the pain from below also caused his eyes to turn dark. It also contained an unbearable profiteering aura.

He took the documents on the table, opened them, and began to read page by page.

However, after reading for a while, he pressed his hand hard on the documents again.

“I really want to treat you well. All these years, only you can look into my eyes without being affected. As long as you are willing, you will become a princess. But who asked you to not know what’s good for you? Then don’t blame me for not being polite.”

He still spoke in Chinese, occasionally adding some strange tones. It was unknown which country’s tone was used, but those inexplicable tones made one’s hair stand on end.

After about half a month, Yan Huan’s scenes in immortal cloud were all finished. Of course, when she heard Su Muran and Sun Yuhan call her mother, she had heard enough. At first, it was a little strange, but after a long time, she was tired of it. So now, she was tired of being the mother of those two women. She could leave the set, but the others still had to continue filming.

Immortal Cloud’s viewership ratings had always been stable. It was likely that it would take up more than half of the viewership ratings until it was finished. And in this era of drama scarcity, this drama.., had clearly become the most popular movie of recent times.

Of course, everyone had different opinions about this movie, but they were all satisfied with Yan Huan’s performance.

Therefore, Yan Huan's acting was very successful. As for the praise and criticism, most of them were from Sun Yuhan, the female lead who was so ugly to a certain extent. However, all of these had little to do with Yan Huan.

Back then, when she wanted to walk down this path, she was destined to be on a path of ups and downs.

Whether it was criticism or praise, they were all caused by her.

As for Yan Huan herself, she now had to prepare for the first two. Firstly, it was about her skills. It had been a long time since she had properly trained her skills. Her body was currently suffering from severe injuries, therefore, she could do many movements in the past, but she might not be able to do them now. A year's time should be enough. Lu Yi had specially hired a teacher to teach her, and she had to start from the very beginning, of course, some of them had to be done step by step.

As for the first two scenes, Lu Yi was very supportive of her. Of course, it was also to accompany her.

He wasn't there when the first two scenes were shot. He would definitely accompany her to finish the first two scenes. It could be considered as her drawing a true end to her acting career. Of course, it was also Lu Yi's.

Meanwhile, Yan Huan began to shut her door again. Just like not long ago, she began to disappear from the media again. However, the popularity of Immortal Cloud did not decrease.

However, when Yan Huan's Madam Hua was no longer around, the entire movie entered a low point. It seemed that quite a number of the audience had expressed that the plot was no longer as good as it was at the beginning. They had only come because of Yan Huan, there was also a request to add more scenes for Madam Hua and Yan Huan.

It was very obvious that Immortal Cloud's viewership ratings had indeed dropped. Although they were still at the top, they were still not as good as the previous dramas.

Moreover, it seemed that every day there was a drop. Not to mention how important Yan Huan was, she was the one who supported the entire drama in the beginning. As for the rest, without Yan Huan.., it seemed that the plot was also dull and boring

It started

Actually, Yan Hua herself knew that the rest of the plot was not very good. The main reason was that after filming till here, everyone was more or less exhausted. Even Sun Yuhan did not continue filming properly, su Muran was still alright. At the very least, she was still quite serious. However, she did not feel that she was in the right state of mind. In addition to the problem with the script, it made people think that the rest of the plot was a little flat and a little dull, the actors were not very cooperative. What should he do?

However, no matter what, Yan Hua gritted her teeth and finished filming this film. Hence, she began to be a little strict with the actors. Especially towards Yan Hua, she became more and more dissatisfied with her.

Moreover, he was constantly comparing her to Yan Huan.

Yan Hua was originally kind-hearted. He only wanted to use Yan Huan to stimulate Sun Yuhan and let her continue filming. However, he did not know that the person that Yan Hua hated the most was Yan Huan.

Now, he was still comparing her to Yan Huan.

Did it mean that she was inferior to Yan Huan? She was not as strong as Yan Huan, and she was inferior to Yan Huan in every aspect?

With a bang, Sun Yuhan smashed the cup on the table onto the ground. Her entire face was contorted. Why was she filming a scene now? Every time she filmed it, she would be filled with anger.

Why did she want to compete with Yan Huan?

Who was Yan Huan to her? She, Sun Yuhan, was the daughter of the Ye family. In the future, the Ye family would belong to her alone, and Yan Huan was just a piece of trash that no one wanted

“Dear, what happened to you? who made you angry?”

Chapter 1600: I can help you

Arnold walked over and squatted in front of Sun Yuhan. He asked her with concern. His pair of green eyes were filled with deep affection for her. When Sun Yuhan saw those eyes, at that moment, her entire heart was filled with thoughts of him, other than him, there was no room for anything else. No one, no worries, no scenery, no anger, no anger.

“Dear, what can you tell me? I know that I’m somewhat useless, but I can share the burden for you.”

Arnold said again. His voice made people feel comfortable, and his tone made people feel comfortable.

Sun Yuhan was not a woman who could endure alone. She poured out all the annoying things on the set to Arnold like pouring beans. Then, she said all the things she disliked

The more she said, the more excited she became. The more she said, the more she felt a hatred of killing someone

Yes, she wished she could kill that person. She wished that person did not exist.

However, she had to admit that she was most afraid of that person. That person’s existence had become her greatest threat. Originally, everything could have been settled without worry. Everything had been settled, she could have had this identity and could have been so proud for the rest of her life. However, in the end, that person’s fate was so great that it almost made one’s hair stand on end.

“You don’t know...”when Sun Yuhan mentioned that woman again, she was so angry that she almost bit her teeth to pieces. “She is simply my nightmare. As long as she appears, nothing good will happen to me.”

“Originally, a good movie was the beginning of my real fame. But because of her, all the limelight was taken away by her.”

As Arnold listened, the expression on his face changed on purpose. However, Sun Yuhan was currently in the midst of her own resentment and injustice, so she did not realize it at all.

“Darling, since you don’t like her so much, why don’t you let her disappear from the entertainment industry? This isn’t too difficult for you.”

Arnold sat down and put his arm around Sun Yuhan’s shoulder. Yes, it wasn’t too difficult. Anyway, it wasn’t Sun Yuhan’s first time doing such a thing. As long as she was willing, it was completely fine, it was just asking a woman to get out of the entertainment industry.

To Sun Yuhan, it was just a matter of moving her mouth. Since it was so annoying, why not ask her to get out

Sun Yuhan also wanted to, but she couldn’t

“She has the Lu family behind her. Ordinary people can’t touch her.” Moreover, she had Linlang and a portion of the Ye family’s profits. The Ye family had worked so hard., however, in the end, all the money fell into the pockets of others. This was what she couldn’t accept the most. It was also the most unbearable thing. Why should she give away her family’s things to others?

This was equivalent to giving her things to someone with the surname Yan for no reason. Moreover, that person with the surname Yan was always targeting her and suppressing her. How could she tolerate this.

“Then let the Lu family disappear together.”

Something flashed through Arnold’s green eyes. However, when Sun Yuhan turned around, she realized that there was only gentleness and understanding. He sincerely wanted to share the burden for her, and he was also someone from true city who thought of a solution for her.

“How do we disappear?” Sun Yuhan never had such thoughts. Could Ordinary People Touch the Lu Family? The Lu family was the same as the ye family. They were both big families in their hundreds of years of age. They could be considered as the kings and overlords in the sea city. Even if she hadn’t come to the sea city, she had heard of the Lu family’s fame. Even the Su family wanted to plot against the airport back then, in the end, even though their efforts were all for naught, they were still pushed aside by the ye family. However, they were said to be like a camel that had died of emaciation. They were bigger than a horse. Now, the Su family didn’t fall. They didn’t fall. They still existed well in the sea city, although they were at the bottom of the market now, they were still incomparable to many other families.

Then, there was no need to mention the Lu family. The Lu family was a military and political family. They were involved in politics, so it was impossible for them to fall so easily. At present, no one knew where their real trump card was. If someone could mess with the Lu family., it would not be her turn. Su Muran had already made a move. However, up until now, she had not dared to make a move against the Lu family. It was clear what kind of existence the LU family was.

Arnold thought for a moment, and it seemed like he was really thinking of a way. He was also helping Sun Yuhan solve her problems.

“Dear, what if we really have a way?”

He narrowed his green eyes. No one knew what was in his eyes at that moment?

“Way, What Way?” Sun Yuhan was not very interested. She did not believe that there was any way in this world to make the Lu family collapse. The Lu family was like a hundred-year-old tree, rooted in the entire sea city, it was also complicated and unshakable.

Grandfather Lu was a famous general of the previous generation, and he was still one. Lu Jin and Lu Yi were not easy to deal with. If the Lu family was not around, how could Lu Yi be so tough, it also made everyone afraid.

Sun Yuhan did not even think about dealing with the Lu family. It was like a mantis trying to block a chariot. It was impossible.

“What if I have a way?”

Arnold’s eyes flashed. It was as if he had set a trap to pull everyone in.

“You have a way?” Sun Yuhan raised her eyes. In fact, she did not really believe it.

“Yes, my dear, I really have a way.” Arnold held Sun Yuhan’s shoulders tightly, “I love you so much. How can I bear for you to be angry with others every day? Therefore, I want to help you. As long as I can help you, I will do anything.”

He curved his lips into a smile, and that smile was cold and strange.

“What can you do?” Although Sun Yuhan did not believe it, she wanted to hear it. However, she only listened. She did not feel very excited because she knew that it was impossible.

“My dear, come with me.”

Arnold took Sun Yuhan’s hand and led her into the study room. Now that Sun Yuhan was free, she cooperated when Arnold asked her to go. Although she yawned sleepily., she still managed to be patient.

Arnold brought Sun Yuhan into the study room. Then, he took out a document and placed it in front of Sun Yuhan.

Sun Yuhan roughly took a look, but when she saw the densely packed numbers, she felt a headache. She leaned the document over to Arnold and said, “Why are you letting me look at these? I don’t want to look at them.”

Now, when she saw these numbers, she felt a headache, and her heart was impatient. What’s more, there was so much information, which made her feel not only a headache, but also a pain in her eyes.

Arnold also sat down and explained to Sun Yuhan carefully.
