

Chapter 1671: caught one

He pressed his face against the car window. Sure enough, why was there only one left? What about the other one?

“Look at this. I’ll go find the other one.”

After he finished speaking, he took a few steps when he heard a thud from behind his butt. Then, there was another wave of stench. He touched his pants and put his hand under his nose to sniff, in an instant, he felt like dying.

Forget it. Regardless of whether it was smelly or not, finding someone first was more important.

And the other person was not any better either?

He opened the car door and took out a cup of water from the car. In the end, his stomach also cried out. No, he had to go once. He was too anxious. Not only did he not take the toilet paper, but he also forgot to close the car door, he even forgot to close the car door. With one hand on his stomach, he found a place and squatted down to take care of it.

“This won’t do. This is too serious. When I reach a place with people, I have to buy some medicine. Otherwise, this will really pull people to death.”

After a while, he lifted his pants and let out a sigh of relief. However, his stomach was still twisting his intestines. He could not even move a step forward. What exactly did they eat, it seemed to be the pork head that they had bought a few days ago. He thought that it had only been a few days, and the weather was not too hot now. It should not be a problem to put it aside.

Moreover, there was not even a store in the wilderness. She ate pickled vegetables pancake every day. If she continued eating, she would turn into a pickled vegetable pancake.

Therefore, to them, this pig’s head meat was a good thing. They couldn’t bear to part with it, so they both ate it. Of course, they didn’t give any to the two women. It was just a bit of meat, they weren’t enough to fill the gaps between their teeth. How could they give it to others? After all, they were both people who enjoyed meat.

In the end, the two of them secretly finished eating the meat, and then there was a problem. Both of them were not pulled to death, and just like that, they let a cargo run away. However, they could not run very far. They often walked this road, that woman could not have run very far. There was no one in front of them, so they could still run away.

However, the one in the car was more obedient. Otherwise, he would have tied her up with a rope.

“I think we should tie her up with a rope and stuff her into the trunk so that there won’t be any complications in the future.” They were just too nice to these two women. It was better to tie her up directly at that time so that there wouldn’t be any more accidents, it would be troublesome to catch her again after she ran away.

He opened the trunk door and took out the rope and tape from inside. He was ready to tie her up, but he touched his stomach. Why was it still so uncomfortable? He had already pulled her up a few times, and then he pulled her down again.., he had to pull him to death.

No, he had to tie up the person first. They had already been enjoying themselves. If they had not met these two goods that could be sold, who would have come here? They must not lose their wives and lose their lives.., the goods had all run away.

After he finished pulling, he took the rope and walked back. However, just as he was about to tie up the person, his eyes widened.

F * CK, he ran again. He threw the rope away and just as he turned around, a hand reached out. Before he could react, his eyes also hurt. Then, a fist smashed into his eyes.

Could he not hit him. He hugged his eyes and cried out in pain. However, he did not know who did this. They were giving him a round of flattery. Moreover, every punch was so painful.

“Stop hitting me, stop hitting me...”he kept screaming and begging for mercy. Half of his body was pressed to the ground. Then, the rope wrapped around his body.

Just as he was about to open his mouth to speak, he heard a hissing sound. There was a piece of tape taped to his mouth. One layer was not enough. He had to put a few more layers on.

“MMM MMM...”

His eyes were swollen from the beating, and his blurry vision also focused on the light.

“Mmm...”

And when he saw the person in front of him, he probably really wanted to die.

It was her, it was actually her. The woman that they thought had the least killing power. A woman, Heavens, a woman. She had subdued these two old-timers. How could there be such a thing? How could they fall into the hands of the goods.., how could they be willing to accept this.

Yan Huan stretched out his hand, and the human trafficker suddenly shrunk her body. She also turned her face to the side, as if she was afraid of being beaten to death.

Yan Huan stretched out her hand and pulled the rope on the human trafficker’s body.

“You won’t be able to break free.”She wasn’t lying. Yes, she wouldn’t be able to break free, “This is the method used by the army to tie people up. It’s also specially used to tie up prisoners. I was originally worried about how powerful you guys would be, but it turns out that you’re all just pretty pillows.”

She stuffed the human trafficker into the trunk of the car. They were sitting in a small van. There was a partition between the front and back of the van. Yan Huan rarely got out of the van, except for the two of them who wanted to let them go to the toilet. He spent the rest of the time sitting in the van. He opened the trunk at the back.

“Go in.”

The human trafficker did not move. Yan Huan stretched out his leg and directly kicked the human trafficker's buttocks, but he did not kick the human trafficker to death

Yan Huan did not show any mercy to this kind of person. Human trafficker, human trafficker, regardless of whether it was children or women, as long as they fell into their hands, their lives would be ruined. This kind of person was not someone who could be beaten up, it would be able to let her vent her anger. People like them, who had a habit of harming the heavens, naturally had to be punished by the law. Of course, by handing them over to the police uncle, they might be able to get some information out of him, there was also a possibility that they might be able to save some people.

"Go up." Yan Huan was getting a little impatient.

The human trafficker still did not move. When Yan Huan lifted his leg, he finally climbed down with difficulty. However, his movements were extremely ugly because the rope was too tight. His entire body was like a silkworm baby, he continued to move forward and finally climbed up.

Yan Huan closed the car door with a clang. She walked to the side and waited to catch the other one. Just as Sun Yuhan had said, this was a good opportunity.

With her current skills, she might not be able to defeat them after eating and drinking. If she overcame the defense and had diarrhea, it would be extremely easy for her to defeat them.

However, the ones in the trunk were relatively stupid. The other one had some tricks up her sleeve. Of course, she should be able to fight. If she couldn't catch both of them today, she would be in danger.

This was a good opportunity. If she missed it, there might not be a second chance.

She hid to the side and waited for that person to come back.

In a moment she could hear the voices, as if they were cursing.

Chapter 1672: caught another one

"I don't know where that damn woman ran off to, but I can't find her. Damn it, one of them ran off, so you better watch out for that one. Otherwise, I'll beat you to death."

After cursing for a while, he felt that his stomach was hurting again. He hugged his stomach and found a place for himself to squat down. He had already finished his meals for the past few days. Now, even if he wanted to, he could still pull it out. But why was this still happening.

His heart was already filled with hatred and discomfort. He wished that he could bite off his teeth in anger.

It was not easy for this period of time to pass. He lifted his pants and walked over to the car.

"Where's that woman? Is she around?"

No one spoke.

The human trafficker was stunned. Did Something Happen? When he went over and saw that there was no one inside, his face changed. Bastard, where is she?

Just as he was about to leave, he heard a sound from the trunk. It was as if something was hitting the trunk.

“Bah...”

The human trafficker spat on the ground, “I went to look for you. You’re so nice to play with women here. Didn’t I tell you not to touch these women? If you touch them, you won’t be able to sell them for a good price. You’re already in such a state, yet you’re still in the mood to play with women. The human trafficker kicked the trunk in anger. F * ck, one of the two goods ran away. I don’t even know where to look for them.”

The more he thought about it, the more uncomfortable this human trafficker felt. He had gone through so much trouble to look for someone, but that person turned out to be really good. He actually let him play with women. Could it be that the money he earned was all taken by him alone?

“Give it to me. Go and look for the goods.”

He cursed angrily.

However, the noise inside was even louder. It was like a provocation to him.

“F * ck, you still want to play this with me? Did you see that my temper has improved recently?” As he spoke, he had already walked to the trunk of the car. However, he was holding onto the trunk as he walked. He was so tired that he was almost dehydrated, he couldn’t even walk. However, the other person was really physically strong. He was able to play with women even after pulling like this.

Could this be intentional? He was clearly fine, but he pretended to be like him. He said he had diarrhea, but this was his idea, wasn’t it?

Good, it was really good. It looked like his temper was really too good. Good, he even dared to play with him.

He walked to the trunk and forcefully opened the car door. He thought that he could see something, but the result was not what he thought.

The anger on his face instantly turned into shock. Before he could change to a third expression, he saw that the person inside the car had suddenly widened his eyes and started to mumble.

Before the human trafficker who was standing could react, he felt a pain in his shoulder. He slowly turned his head around and heard a miserable cry from him. One of his arms had been removed, before he could say anything, a fist smashed into his face with a bang, followed by another punch. It was all aimed at his face, and he didn’t even have the ability to fight back, he was beaten so badly that he didn’t even recognize his mother. He was even tied up and forced into the trunk. Of course, his mouth was also sealed with tape. He hadn’t even played yet, and in a short while.., the two of them were already entangled back to back. The ropes were about to strangle their flesh, and it made the two human traffickers wish they were dead.

They were human beings, not cardboard boxes. Could they not be tied up like this.

However, the layers of ropes were tangled up, and they were tied up so tightly that they couldn't even move. As for the people who were still alive, their stomachs were pulled like this, and their buttocks hurt again. Then, they heard a 'plop'sound,

it was pulled onto their pants.

With a 'plop'sound, Yan Huan closed the trunk of the car.

Only then did she sit in front of the car and fasten her seatbelt, preparing to head to the nearest place with people. Actually, he didn't know what kind of road this was, but as long as she continued driving, and as long as she saw people, then..., she would know how to go on this road.

Oh right, a cell phone. Only then did she remember that the two human traffickers had cell phones. She wanted to give Lu Yi a call.

She walked down again and placed her hand on the car door. However, the moment he opened the car door, there was an extremely sour and smelly smell inside. It was really unbearable. As for the two human traffickers who were tied together..., their mouths were constantly mumbling something.

Yan Huan jumped into the car again and picked up the tape. He directly wrapped it around the mouths of the two people, from their faces to the back of their heads. After wrapping it around a few more times, she did not believe that they would still be able to make a sound for her.

The tape was wrapped layer after layer, causing the two people's faces to be twisted. However, Yan Huan did not feel that he had made a mistake. Yes, such people did not need to be pitied. Pitied them..., they did not know how many women's children they would have to sell.

She wrapped their mouths tightly, not wanting to hear any of their voices. She actually felt that she was already very merciful. Didn't she leave them with two nostrils to breathe through.

She was the one who was looking for the two people's phones. She first found another one. When her hand touched the bodies of the two people, the bones in their bodies could not help but tighten. This was definitely fear..., even their bones and flesh could not help but spasm from fear.

Yan Huan took the cell phone and also made a call.

In the end, she called for a long time, but there was no sound. This was a shutdown.

She then took out another person's cell phone. This one was even better. It directly turned black, and the cell phone's screen could not be any more terrible

One of the phones was turned off, and the other one was turned off.

Yan Huan then gave two big slaps to both of them, causing their bones to ache. Their mouths were still mumbling, but they couldn't make a single sound. There were even two men like them..., they actually left her with two tears.

Yan Huan resisted the urge to beat them up again. She directly closed the car trunk and locked it again. Then, she sat in the driver's seat, fastened her seatbelt, and prepared to set off.

Luckily, she knew how to drive. Luckily, her driving skills were pretty good. It was no problem for her to drive such a minivan. Although she didn't have a cell phone and couldn't contact Lu Yi, she believed that she would be able to contact him very soon.

Because the world was round. As long as she followed this road, no matter where it led to, there would definitely be people, there would definitely be cities, and there would definitely be police stations. and at that time.., there would be phones everywhere, right?

She remembered that the two of them had just filled the car with oil and had not gone far. As for the way back, she did not remember. She only remembered that the car seemed to have turned a few times, and that she was going to take a look, could she meet Sun Yuhan? That woman was running in the direction of the front. As for why the human trafficker did not find Sun Yuhan, it was not because of anything else, but because he was chasing the opposite direction.

Chapter 1673: did you wean yourself

She stepped on the accelerator and drove out of the car. She checked the amount of fuel again. There was a lot of fuel, enough for her to run for a long time.

As she drove, she watched to see if she could meet that woman, Sun Yuhan.

In the end, not long after she drove, she found a piece of clothing that was touching the back of a tree.

She thought of how hateful this woman was. She thought of how ye Jianguo had kicked Xun Xun. It was not because of anything else, but because of Sun Yuhan. She really wanted to leave Sun Yuhan here and leave her to fend for herself, and she had indeed done so.

However, after driving for a while, she could only accept her fate and turn back. No matter how hateful Sun Yuhan was, or how shameless the ye family was, she could not do anything about it.

However, in this place, leaving a single woman here, no matter how ugly she was or how disgusting she was, was equivalent to taking her life.

No matter what, she, Yan Huan, still preferred to be fair and aboveboard.

Although this was the best opportunity to get rid of Sun Yuhan, after thinking about it, she decided to forget about it.

She drove the car forward, but before she arrived, it was as if she saw that woman hiding behind a big tree in a panic. Yan Huan really admired this woman. When it came to ugliness.., she was one of the best in the entertainment industry. Could she be considered stupid too?

Yan Huan stopped the car and waited for Sun Yuhan to come out by herself. He wanted to see how long she could be a tortoise.

And Sun Yuhan was really a tortoise. She was only wearing a piece of clothing in the air, which was occasionally blown around by the wind.

Yan Huan opened the car door and got out of the car.

Sun Yuhan also saw Yan Huan. She initially thought that this was the scheme of the two human traffickers, so she refused to come out even if she was beaten to death.

“Sun Yuhan, are you going or not? If you’re not going, I’ll go by myself.”

Sun Yuhan gritted her teeth and looked around from time to time, wanting to know where the two human traffickers were. However, after searching for a long time, she still could not find any trace of the human traffickers.

He narrowed his eyes and looked at the car. There was no trace of the human traffickers on the car.

Could it be that they had dug a hole and were just waiting for her to jump into it?

“Sun Yuhan, your butt is exposed. If you’re not going, I’ll go by myself.”

Yan Huan opened the car door and sat in it.

Sun Yuhan hurriedly retracted her butt. The moment she heard the sound of the car engine, she ran out as well. There was not even a ghost here, let alone a car. She did not dare to think about it.., if there was still no car at night, she wouldn’t be staying here alone. Moreover, it seemed that the human traffickers weren’t around. It must be Yan Huan that stole the car.

Yes, it must be. She felt that it was.

She scrambled into the car and found a good seat for herself. Her eyes also looked at Yan Huan from time to time. She didn’t know what she was thinking?

“Yan Huan, where are the two people?”

Sun Yuhan couldn’t help but ask after getting into the car for a while. Yes, where were they?

“Behind the car.”Yan Huan continued to drive and drove very fast.

“Behind... the car?”

Sun Yuhan swallowed her saliva. Why were they behind the car? “Aren’t you afraid that they will catch me again? Are You Stupid? If they stole the car, why do you care about them?”

Yan Huan ignored Sun Yuhan. If she wanted to say something, she could just say it.

“Yan Huan, throw them out immediately.”

Sun Yuhan ordered Yan Huan as though she was ordering the servants in her house. It was not easy for her to escape from these two human traffickers, but what good deed did Yan Huan Do? Since he had brought those two people with him.

Yan Huan continued to drive, ignoring Sun Yuhan.

Because when she was talking to someone, she really felt that she had lost her status.

“Yan Huan!”Sun Yuhan’s voice was almost shrill.

With a screech, Yan Huan stopped the car and turned his face. That ice-cold Face also made Sun Yuhan afraid.

“If I hear one more word from you, I will kick you out.”

“Yan Huan, how Dare You?” Sun Yuhan was like a chicken whose feathers had exploded. Her face immediately twisted.

My grandfather.

“Aren’t you weaned?” Yan Huan sneered, “Or do you have to let your grandfather feed you? Sun Yuhan, you are also thirty years old. Can you live like a human? What else do you have besides your grandfather?”

Sun Yuhan was so angry that her chest hurt. She opened her mouth again and again, but she couldn’t say anything for a long time.

The smile on Yan Huan’s face was completely frozen.

“Sun Yuhan, I don’t want to listen to your words anymore. If you dare to Howl at me again, you’ll get lost. You can say it to whoever you want. I Can’t see your face and I can’t Hear Your Voice.”

“Why should I get out of here?”

Sun Yuhan almost broke her fingers. Yes, why should I get out of here? Why should I get out of here?

“No reason, just because I drove this car.” Yan Huan had never been polite to Sun Yuhan?

Sun Yuhan was also at a loss for words. She couldn’t say the rest of the words.

She could only sit at the other end of the car and sulk. She did not know if she would die from anger, but she did not argue with Yan Huan anymore. It was not like she could not sense Yan Huan’s bad temper, now, she was not so stupid. Along the way, she had become smarter. She knew what it meant to be a wise man who knew when to adapt.

Yan Huan was not a good person, and neither was she. She knew very well how much she hated Yan Huan, and it was impossible for him to like her.

Yan Huan would definitely throw her to the ground. To put it bluntly, they were not friends, but enemies.

If she was the one driving the car, she would definitely not care about Yan Huan. And Yan Huan definitely had the same thoughts. It was just that for some unknown reason, the two of them were still sitting in the car.

And now, the car was her life-saving straw. She could not throw away her life-saving straw. Moreover, she was not stupid. At the very least, she would be much safer than other strangers by Yan Huan’s side. Who knew.., would she meet another human trafficker and be sold to another place.

The car was still driving forward. Yan Huan had never stopped and she did not want to stop either. As for Sun Yuhan, she was smart enough not to say anything. She was really afraid that Yan Huan would chase her out of the car.

The car had been driving for an unknown period of time, and the sky was gradually turning dark. Yan Huan looked at the oil in the car. Fortunately, the car could still drive for quite a while. If there was a gas

station, that would be even better, she even found some money from the two men. Although it wasn't much, it was enough to pay for the gas along the way.

"Stop the car," Sun Yuhuan shouted.

"I need to go to the toilet."

Chapter 1674: Drive away

Yan Huan had no choice but to stop the car. She unfastened her seatbelt and also went to the toilet. She rubbed her eyes and felt a little sleepy. Actually, she really wanted to sleep now, but she had to endure it, they passed by a few small shops and asked for directions. They said that the city was not far ahead, but it was a pity that there was no phone in the small shop. Otherwise, they could have really called home.

She bought some food in the small shop and drank less water along the way

Yan Huan was really depressed. She was a civilized person, but what was wrong with her? She still had to solve her physiological problems.

When her three children were very young, they knew that they could not pee outside. Even if they had to hold it in, they had to find a toilet for them. There were no street lights here, and the road was rather difficult to walk on, and she was wondering how long they would have to walk on such a road.

She got into the car, took out the bread and ham sausage she bought and ate them. There was no boiling water, so she just made do with it.

"Why aren't you driving?" Sun Yuhuan just got in the car, and there was another unbearable scream. Yan Huan really wanted to kick this woman out of the car.

"There are no street lights here. Drive."

Yan Huan took a piece of bread and a bottle of water and got out of the car

Sun Yuhuan looked at the road in front of her. She was stupid enough to drive. This was not a sports car.

Yan Huan opened the car door and took out his phone. This phone could only be used as a flashlight. When the back door was opened, there was a sour smell inside, the two men were still tightly tied together. After so long, they had not even changed their positions. Yan Huan put the phone aside and could see the situation inside the car clearly. The things inside the car were all goods, she did not look at what was being pulled. She did not know if it was a bowl or a plate. In any case, it was not something to eat, so they did not need it.

With a hiss, she tore the tape off a human trafficker's mouth. When the human trafficker was about to speak, Yan Huan's voice was like a ghost, he could only swallow the words that he was about to blurt out.

"I don't want to hear your voice. Say One more word, and I'll sew your mouth shut."

The human trafficker hurriedly shut his mouth. This time, he did not dare to say anything else.

Yan Huan placed the water bottle in front of the man and let him drink it. She did not know how long it would take for him to reach the place, so she could not let him die of thirst or starvation. Moreover, the two of them were not in good spirits at the moment, after all, they had diarrhea. It was all their luck that they did not die of diarrhea

When the human trafficker saw the water, he immediately went crazy. After Yan Huan fed him half a bottle of water, he let him eat some bread and then stuck his mouth to ensure that he did not starve to death and that he did not die of thirst. Then, she tore the tape on the other human trafficker's mouth and fed him another half a bottle of water and half a loaf of bread.

"May I ask, where are you taking us?"

When he asked this question, he had already accepted his fate.

"The police station."

Yan Huan said indifferently and used the tape to stick the man's mouth again.

When the two of them heard the words 'police station', they instantly burst into tears. Police station, it was a police station. As long as they entered it, they would never be able to say it in their lives.

This was probably the so-called retribution for reality. They had abducted so many people and sold so many people, but they did not know that one day, they would actually fall into the hands of a woman that they looked down on, they would have to atone for what they had done not long after.

And this atonement might also be the end of their lives.

Yan Huan walked out of the trunk again.

Then, he took out a bottle of water and began to wash his hands.

Sun Yuhan could not help but curl her lips. "How clean is it? Won't it be dirty if you wash it again?"

Yan Huan ignored her. Talking to certain people was a waste of her time. Listening to the voices of certain people would also pollute her air.

She washed her hands clean and then drank a mouthful of water. After that, she sat in the car and prepared to sleep for a while. Then, she would wake up the next morning and set off again.

She hoped that she could reach a big place earlier so that she could send the two human traffickers in. After arriving at that place, she thought that she would be able to go home very soon.

She could still hear the sound of Sun Yuhan eating from time to time. She was chewing on the instant noodles until they were cracking. At first glance, she thought that he was gnawing on someone's bones, tendons, and flesh.

Yan Huan actually did not sleep well. However, it was because he was used to sleeping in the car, so he stayed in bed for the whole night. He felt a little better, and he could see the rising sun in the distance.

This place was very spacious, and her field of vision was extremely far. In fact, anywhere could be a scenery. As long as one's heart was here, it was fine. She opened the car door and walked out.

In fact, it had been a long time since anyone had seen such an empty sunrise. The sunrise in Hai City was also magnificent, but it was too exquisite. However, the sunrise here was magnificent. Even the clouds in the horizon., it was as if they were covered with a layer of gold. In fact, she did not have much culture and did not go to much school. She was not Fang Zhu. She was studying for a master's degree or a doctor's degree. No, she was already a doctor, however, it was the same. She heard that she was not married and did not have children.

Why? She thought of Fang Zhu again. However, no matter what kind of bamboo it was, it did not seem to have anything to do with her.

She closed her eyes slightly, and even her eyelashes seemed to be covered with a layer of gold at this moment.

She turned around and looked for a place in the surroundings.

She felt a little uncomfortable. She was looking for a place for her own convenience.

She found a hidden place. Just as she squatted down, she heard the sound of a car engine. She hurriedly stood up and watched helplessly as her minivan drove away under her nose, it drove away at an extremely fast speed.

Sun Yuhan!

Her face darkened. This was the first time she regretted saving such a person. Oh right, how could she have forgotten who Sun Yuhan was? She was definitely the kind of person who would bite you back.

There were many people in this world who could not be trusted, and Sun Yuhan was one of them. Yan Huan walked forward and stood at the spot where the car was parked. At this moment, the warm rays of light fell on her body.

On the wild flowers and weeds by the roadside, there was still dew that had not disappeared in the morning.

However, it made Yan Huan feel unusually sarcastic.

She stood there for half a day and then walked forward step by step.

Moreover, Sun Yuhan had already started the car proudly and was humming a song.

Chapter 1675: retribution

"Stupid." She pursed her lips and smiled brightly again.

"Yan Huan, between the two of us, I'm the only one who can survive. Your existence is already blocking my path. But don't worry, when I attend your funeral, I'll tell you who smashed your mother's urn, who arrested you, who injected you with drugs, and of course, who relied on whom to cause your car accident."

"I'll make sure you understand. Don't worry."

She smiled weirdly and stepped on the accelerator with one foot. Suddenly, one of her legs hurt, and cold sweat broke out on her forehead.

“My leg, my leg...”

The car started to turn around on the road. Fortunately, the road was very wide, and there were no other people or cars. Otherwise, they would have already crashed into each other.

Sun Yuhan stepped on the accelerator in a fluster. Perhaps it was because her life was still good, but she had already stepped on the accelerator. At this moment, she was in so much pain that she was covered in cold sweat, this leg was as painful as being hit by an iron rod.

She opened the door and was about to get out of the car. However, she directly rolled out of the car. She actually heard a cracking sound, as if her bones were broken.

“Ah, Ah Ah...”

She screamed like crazy, her eyes wide as she stared at her twisted legs.

Yan Huan wiped the sweat off her face. She did not know how long she had been walking for. It seemed like a very long time. It had been so long, yet she had not noticed a passing car, it was enough to show just how desolate this place was. Their country did not have many people, but there were so many people. There were more than a billion people in the country, but there was not a single one here, as for whether this was the abandoned side, Yan Huan didn't know. In fact, she didn't know where she was going either. She could only use her two legs to walk straight forward, until she seemed to hear a voice.

“Help, help, is there anyone? Help me...”

There was a crying voice, but it also sounded like she was on the verge of collapse.

This was Sun Yuhan's voice.

She recognized Sun Yuhan's face when it turned to ashes, and she could hear Sun Yuhan's voice even when she was wearing a voice changer

The corners of Yan Huan's lips curled up. What happened? Did she bump into a tree? This was karma.

She followed the voice and walked forward. From Afar, she saw a white van parked on the side of the road. There was no tree in front of her, which meant that she did not bump into a tree.

There was also someone sitting on the ground. Wasn't It Sun Yuhan? And that was how she saved her life again and again.

Yan Huan walked over and stood in front of Sun Yuhan.

Sun Yuhan felt the light in front of her being blocked. She hurriedly raised her face in excitement. Before she could say anything, when she saw the face of the person in front of her, the color on her face instantly faded away, her facial features also became distorted.

Yan Huan lowered her head and looked at Sun Yuhan on the ground. Her twisted leg was almost like a fried dough twist.

She remembered that Sun Yuhan's leg was also injured back then. Now that it was in this state, it was probably a shattered fracture. Could it be cured? Yan Huan was not sure. Because she was not a doctor, she opened the car door, she also sat down.

"Yan Huan, save me. If you don't Save Me, my grandfather will definitely not let you off..."

Sun Yuhan was also afraid now. There was no one here, and her leg was also in such a state. She was afraid. She was really afraid. At this moment, she was in so much pain that she was hysterical. She was so scared that she did not know what to say.

One of her hands was tightly holding on to the car door, and she was unwilling to let go no matter what.

"Your grandfather won't know," Yan Huan indifferently said. Yes, he didn't know, but he also wouldn't know.., "By the time others find you, you will already be dead. You will be completely dead, and you will also be stiff. Perhaps your body will also be eaten by birds."

There was no proof of death. Who knew how she died?

Sun Yuhan was afraid now.

"Yan Huan, I beg you to save me. As long as you save me, I can give you anything. My money. Oh right, I will give you all of my money. I will give it all to you."

Yan Huan picked up a bottle of water and drank it.

She had a pile of money. The thing that Yan Huan lacked the most right now was money. The sapphire that belonged to her for two lifetimes had also brought her a large amount of wealth. She was already a billionaire, and her three children were even more.., she had saved hundreds of millions for her children. As long as they grew up, she could control them as she pleased. In the future, the Lu family would also belong to them. was she still short of money? Moreover, as long as the Lu family was willing. The Ye family would be destroyed just like in her previous life. There would no longer be any traces of the Ye family.

Sun Yuhan was still crying and bawling. Yan Huan took a packet of instant noodles and opened the outer packaging. Just like that, she ate it one mouthful at a time. She ate very slowly and also swallowed slowly.

It wasn't until she finished half a packet of instant noodles and a bottle of water that she slowly fastened her seatbelt.

"Yan Huan!" Sun Yuhan suddenly screamed. She held the door tightly with one hand. "You can't leave me behind. You Can't treat me like this." Her voice was so sharp that it was tearing. The joints on both of her hands also protruded, her crazy shriek tore through the sky.

"I can't carry you," Yan Huan said indifferently. "If you can climb onto the car by yourself, then come up. If you want me to carry you or hug you, I don't have that much strength."

Yan Huan took the water bottle and drank. Sun Yuhan had already stood up by holding onto the car door. Her legs were already like that, and she could still walk. That was why Yan Huan said that he wanted to have the strength to live.

A person's desire for life was always greater than anything else.

Sun Yuhan dragged her leg and finally gritted her teeth as she climbed into the car. She did not want to die. She did not want to die. She wanted to live. In fact, no one in this world wanted to die. Everyone wanted to live, she opened the car door. It was so painful that she could not even make a sound. Her face was as white as a ghost.

Her clothes were also soaked in sweat.

Yan Huan didn't sympathize with her. This kind of person deserved it. She wanted to harm others but ended up harming herself. Now that she had become like this, she wouldn't sympathize.

Yan Huan drank another mouthful of water and wasn't in a hurry to leave. She wasn't in a hurry to find a place. She wasn't in a hurry either. There would be a good hospital soon

Moreover, why did she want to save her? It would be best if she died.

She just didn't want anyone to die in front of her.

Of course, she had no obligation to save Sun Yuhan.

She placed her hand on the steering wheel before she opened the car and drove forward. The car continued to drive on the bumpy road. At first, she didn't see anyone, but later, there were more people.

Chapter 1676: small city

She followed the crowd and gradually, buildings began to appear. From the initial flat floor to later, there were some tall buildings. As she walked forward, it seemed to be a decent city. Although it could not be compared to Hai City, it could still be considered a big city.

Yan Huan parked his car at the entrance of the hospital. Then, he opened the car door and went to call the doctors inside. A few doctors then brought Sun Yuhan in.

"Madam, what is your relationship with the patient?" The nurse hurriedly asked Yan Huan. This leg injury was very serious. They needed to carry out the surgery immediately

"I picked it up on the road. Do as you see fit."

Yan Huan left these words and walked out.

She still had things to do. She was already merciful enough to be able to send her enemy to the hospital.

Why did she have to pay her medical fees and sign the consent form for the surgery? They were not that close. Sun Yuhan was not a mute. She had Ye Jianguo. The traffic was so developed now, the Ye family had a private airport to begin with. If they wanted to do anything, they could just take a plane and leave. Moreover, they did not have to wait in line. They could leave whenever they wanted, they could fly whenever they wanted.

Furthermore, wasn't she a celebrity? As long as she smiled at others with those faces, she wouldn't even need to pay for the hospital fees.

Yan Huan came out again. She drove the van out of the hospital and also in the direction of the police station.

Not long after, she was already sitting in the police shelter. The two men were also interrogated.

"Thank you so much this time, Miss Yan." The police station chief was really grateful to Yan Huan. It could be said that Yan Huan had made a mistake. These two people were actually the main culprits in a huge case of child trafficking, moreover, they had already asked about their stronghold. It was said that there were many unsold goods there, and those goods were people. Yan Huan had really saved a lot of people this time,

of course, the people in the police station also knew about Yan Huan's identity. Yan Huan was currently in the chief's office. The people outside also did not say anything. They said that Yan Huan was here. After all, she was a public figure.

Of course, Yan Huan did not take the initiative to talk about other things, and the chief of the police station could not take the initiative to ask anything. It might not be long before the land inspection of Hai City came.

Yan Huan picked up the hot water and drank it. She had not drunk hot water for a long time.

"Do you have anything to eat?" Yan Huan asked the chief. She had not eaten for a long time. As long as it was hot, she would be fine. She would not mind boiled instant noodles.

"What do you want to eat? I will get someone to prepare it immediately."

The chief quickly stood up. He said that he wanted others to prepare it, but it was possible that he wanted to go by himself.

"Anything that's hot will do. I'm not picky. Thank you."

As he spoke, Yan Huan reached into his pocket and took out a small amount of change.

"No, no need."

How could the director possibly want Yan Huan's money? He quickly took out his own pocket and asked the people outside to buy some things. Since he didn't know what Yan Huan wanted to eat, he wanted to buy a few more things.

At this time, in Hai City, Lu Yi and Lei Qingyi had arrived at the airport. Both of them looked nervous, but at the same time, they were relaxed.

They finally found the person. It was really not easy, really not easy.

When they arrived at the airport, they unexpectedly bumped into ye Chuji and ye Jianguo.

"Why are you guys here?" Ye Chuji hurriedly came over and whispered. Sun Yuhuan had been found in a small city and was now preparing for surgery.

“You guys...”he looked Lu Yi and lei qingyi up and down. “Is Yan Huan there too?”

They all knew that Yan Huan disappeared because of Sun Yuhan. Now that Sun Yuhan was seriously injured, what about Yan Huan?

“Yes,”lei qingyi nodded. “We’re rushing there.”

Of course, they knew about Sun Yuhan. Yan Huan had said on the phone that she was in the city, and Sun Yuhan was there too. However, her leg was broken. It was not strange for ye Chuji and ye Jianguo to go there now.

“That’s good. We’ll go together,”ye Chuji said quickly.

“No need, uncle. We’ve already booked the plane tickets.”

Lei Qingyi also put on a fake smile. Could they still take the same plane? Looking at ye Jianguo’s long face, it was as if they owed him something. It was not like they could not afford to take the plane.

This time, Lu Yi directly chartered a plane to produce it, even if it was just the two of them. The Lu family now had money. If the Lu family was willing, even the Ye family’s Yang Airport now belonged to the Lu family.

He really thought that he was amazing. If it wasn’t for ye Chuji being in the Ye family, the Ye family would have long been destroyed by Sun Yuhan. Moreover, this matter wasn’t over yet.

Don’t forget how Yan Huan went missing, but it had a lot to do with Sun Yuhan.

Ye Chuji’s face was also dark, and he was cursing in his heart. Why didn’t That Sun Yuhan Die? All the face he, Ye Chuji, had in his life had been thrown away by this grandfather and grandson duo.

Let’s go. Lu Yi didn’t want to stay here any longer. He didn’t know how Yan Huan was doing, if he was alright, if he was injured, if he was sick. It wasn’t clear over the phone, and they would only go over now.

Fortunately, they weren’t too far away. With the plane, it would take about two hours. They could reach the small city that Yan Huan mentioned. They had thought that Yan Huan might still be hiding somewhere in Hai City, but they had never thought that.., they had already left hai city.

It was impossible for that Arnold to leave the country, so they naturally couldn’t take the plane or train. They could only drive by themselves and take small roads. However, if they took small roads.., it wouldn’t be easy for them to leave Hai City. Moreover, it would be impossible to leave hai city so quickly even if it was only for a few days.

Yes, Lei Qingyi had guessed correctly. If it was not for Sun Yuhan leaving Arnold behind and driving the car away, they would not have gotten into someone else’s car. Perhaps they were indeed hiding in the territory of hai city now, however, they ended up in the car of a human trafficker. The human trafficker also brought them to that small city. It was only a few days’ time, and they were really very far away from Hai City.

Lu Yi and Lei Qingyi had already boarded the plane. Sigh, it was good to take a private plane. It was still so good. It was just the two of them. If they wanted to sit, they could sit. If they wanted to stand, they could stand. If they wanted to lie down, they could lie down. This life was really too good.

The current Lu family could definitely afford to sit.

Lu Yi married a wife who had amassed a fortune, but his fate was a little bad.

Actually, they did not feel that the plane had flown for very long. It seemed like it had just taken off. It did not take long for them to arrive. When they arrived at the airport of this small city, only about an hour had passed

Chapter 1677: found the person

Fortunately, it was very close. Fortunately, there was an airport here. Fortunately, this was a small city built according to the airport.

Lu Yi and Lei Qingyi got off the plane and also took a car to the police station's entrance. When the director saw Lei Qingyi, he immediately went over to greet her.

"Where is she?" Lu Yi asked the director.

"She's inside." The chief carefully pointed to the office. "She's hungry and is eating."

"Thank you." Lu Yi sincerely thanked the chief.

"It's nothing. It's only right. Miss Yan has helped us a lot this time."

"Let's talk further." Lei Qingyi pulled the chief aside. Lu Yi was obviously not in the mood to stay here. He walked to the chief's office.

He gently pushed the door open and saw Yan Huan sitting in front of the director's desk. There were many things on the table. They were all food. Yan Huan was eating. She was fine, yes..., she was fine. Other than being a little thinner and looking worse, she was still not bad. Of course, she was not very clean. Her clothes might have been dirty for a long time. Even her hair was a little messy, however, it wasn't too bad either. At the very least, she wasn't sloppy.

Lu Yi pushed the door open and walked in. Yan Huan lifted her face and stopped eating when she saw him.

"Eat, it's alright." Lu Yi gently stroked her hair. "After we finish eating, we can go home."

"Okay." Yan Huan sniffed her slightly sour nose and continued to eat with her chopsticks. It was as if she hadn't eaten for several lifetimes. She wasn't picky about so many dishes and just kept eating like this, her stomach was about to burst.

"I'll book a hotel in a while and buy you a set of clothes." When he saw the clothes on Yan Huan, he felt a little uncomfortable. Yan Huan loved to be clean the most and this set of clothes had not been washed for a long time.

Even if he did not ask, he knew that Yan Huan was definitely not having a good time these few days. As for those things, they did not say anything. First, they ate until their stomachs were full and then they had a good sleep.

“Okay,” Yan Huan agreed. Whatever he said, he would do. And she knew that he would definitely not harm her.

Lu Yi had already booked a hotel. They were going to stay here for a few more days. This time, Yan Huan was involved in a case, so he might still need Yan Huan’s help in the investigation. As for Yan Huan’s people, she was fine, she wasn’t sick, just a little malnourished. As long as she rested well for a few days, she should be able to recover.

Lu Yi went to buy some clothes for Yan Huan and let her change first. All these years, Yan Huan didn’t really like branded clothes. What she liked now was the fit and comfort. Coincidentally, Lu Yi found a brand of clothes that she usually liked, he only bought a few pieces.

When they reached the hotel, Yan Huan fell asleep not long after.

Lu Yi carefully caressed her face. She had lost so much weight and he carefully examined her. He was afraid that she would be injured anywhere. Fortunately, she wasn’t injured anywhere. There wasn’t even a scratch, it was just that she hadn’t eaten properly recently, so she wasn’t well-nourished. Other than that, she was fine. Only then did he truly heave a sigh of relief.

When Lei Qingyi came over, Yan Huan was still asleep. She seemed to be very sleepy. She had been sleeping for a long time and had no intention of waking up. According to this method of sleeping., perhaps she would only wake up at night.

“How is she?” Lei Qingyi asked Lu Yi in a low voice. “Is She Alright?”

“It’s not a big problem. She’s just tired.” Lu Yi closed the door gently. Actually, he was being a little too careful right now. Yan Huan was really too tired. No matter how much noise he made, it was impossible for her to wake up.

It was also possible that she had finally relaxed, which was why she slept so deeply. She had been careful every single day along the way, and every single day was like walking on Thin Ice, and every single day was like eating and sleeping well., even in her sleep, she had to grow an extra eye. Now that she was finally fine, she could finally have a good sleep.

“Have you found out?”

Lu Yi sat down. He wanted to know what Lei Qingyi had found out?

“Not too much.” Lei Qingyi pointed at the door, “We’ll only know when she wakes up. The two human traffickers confessed. They said that they met Yan Huan halfway, and there was another woman. I’m Guessing That’s Sun Yuhan. They originally wanted to sell Yan Huan and Sun Yuhan, but one day, the two of them ate something bad. Sun Yuhan first ran away, then one chased after Sun Yuhan, while the other stayed behind. In the end, Yan Huan put the two of them down and beat them black and blue. The police also dug out a huge criminal gang based on the confessions of these two people. They also saved more than a dozen abducted women and children. This time, it was all thanks to Yan Huan.”

“As for Sun Yuhan, I’ve checked. She’s currently in the hospital. She’s not doing too well. Lei Qingyi really felt that she deserved it. She broke her leg when she was filming last time. Her leg wasn’t fully recovered, but she ended up like this. Maybe she really has to amputate her leg this time.”

“Sun Yuhan’s leg didn’t grow back in the first place. The Doctor said that they wouldn’t allow her to film, nor would they allow her to do too much exercise. Her own leg is fine. No matter how good the hospital is or how good the doctor is, from the looks of it, it could be amputated. As for how Sun Yuhan was injured, she would have to wait for Yan Huan to wake up.”

“Take care of the matters over there.” Lu Yi had no interest in the Ye family or Sun Yuhan’s matters. His legs were broken and his life was gone. It was all the ye family’s matters.

“Don’t worry, I know.” Lei Qingyi understood what Lu Yi was saying. He would clear Yan Huan of this matter. No one would know that Yan Huan was here, and no one would know what happened to Yan Huan in the past, there were still some matters that needed to be dealt with.

Lei Qingyi did not stay here any longer. He still needed to go to the police station in a while to arrange the rest of the matters.

As for Yan Huan, he did not need to worry about it. Lu Yi was still here.

However, looking at Yan Huan, he should be fine. Even if he was hungry, he should be tired.

Yan Huan slept until the next day. The hotel was very clean. She was also wearing her favorite pajamas. She slept on the soft bed of Xi Mengsi and the warm blanket, she had spent more than half a month in the car. Finally, she could have a bed to sleep on

She sat up and rubbed her eyes. She could hear the sound of someone typing on the keyboard. It was a deep and not too clear sound. This sound had always accompanied her, she did not know how many days and nights she had been living next to this sound. Of course, she was used to hearing it.

Chapter 1678: Gourmet City

“What’s wrong? Are You Awake?” Lu Yi heard a noise behind him and knew that Yan Huan had woken up.

Yan Huan sat up. Perhaps it was because she had slept too much, so she did not feel very energetic.

Her current state of mind was really not very good, and her head was also hurting a little.

Lu Yi stood up and poured her a cup of water.

He placed the glass in front of Yan Huan and drank it first.

Yan Huan held the glass with both hands. The temperature from the outside of the glass was also warmer than her fingers.

She placed the glass to her mouth and drank it one mouthful at a time.

After she finished drinking the glass of water, she felt a little more awake and less uncomfortable.

“Are you hungry? I’ll take you out for a meal later. There are many good things in this small town.” Lu Yi tidied Yan Huan’s hair and looked at the time.

It was almost noon.

“Sure.” Yan Huan put the glass to her mouth again. With each sip of warm water, her mind gradually became clear.

She almost forgot that the waiter had mentioned that there was a gourmet street here yesterday. The entire street was selling good stuff.

Lu Yi did not ask her how she had been spending the past few days. He knew that when Yan Huan wanted to tell him, he would naturally tell her.

Lu Yi tidied up his things and took out a pair of shoes to help Yan Huan put them on.

Yan Huan’s feet stepped on the ground. The shoes were really nice to look at, but of course, they were also very comfortable. The flat shoes had a very good bounce when they stepped on the ground. They did not wear out at all, and they were soft when they stepped on the ground. They fit very well.

When they came out, Yan Huan finally knew that this small town was indeed a good place. Although it was a little small and not that famous, the food street among the waiters was famous all over the country.

Lu Yi brought Yan Huan along as they slowly walked around and ate the same food. However, even so, they had only tasted a few of the delicacies here. Most of them had yet to enter their mouths.

We came over again at noon. Lu Yi was afraid that Yan Huan had eaten too much. Perhaps she was really hungry. Back then at the police station, she had eaten a bunch of food by herself. In the morning, she kept eating, he had never seen Yan Huan eat so much. Yan Huan’s appetite had always been very small, and she had never eaten much.

And now that she was eating like a stuffed duck, he was a little afraid that Yan Huan might have hurt his stomach.

However, it seemed that Yan Huan was in good spirits. As she ate while walking, no matter how much she ate, she could still digest it.

When Yan Huan returned, he coincidentally bumped into Lei Qingyi who was waiting outside.

Lei qingyi heaved a sigh of relief when he saw Yan Huan’s good complexion. It was good that he was fine. He was really the one who had given him a fright.

“Let’s go. We’ll go in first.” Lu Yi knew what Lei Qingyi wanted to say. Of course, Yan Huan also knew that there were some things that needed to be said and some things that needed to be done.

After entering the hotel, Yan Huan held a cup of cold water and sat next to Lu Yi. He was also absorbing a sense of security from Lu Yi’s body.

“If you want to ask something, just ask.”

Yan Huan was in good spirits now. His mind was also clearer. Of course, there were some things that she could remember clearly.

Lei Qingyi knew that Yan Huan was an extremely smart woman. Of course, it was very pleasant for smart people to interact with smart people. Of course, the other smart person was him.

“What about that Arnold? Where did he go?” Lei Qingyi asked. Why weren’t they together with Arnold, but now there was only Yan Huan and Sun Yuhan. Sun Yuhan had also become like that.., and the medical conditions here were limited, so Sun Yuhan had already been brought back to Hai City by the Ye family. They couldn’t ask Sun Yuhan. Even if that woman asked, she couldn’t get anything out of her, moreover, even if he went over, Ye Jianguo might kick her out.

He was stupid to be despised like that. He could only get some information from Yan Huan. Of course, Yan Huan would tell the truth.

Yan Huan put the cup to his mouth again and sipped the water.

“How should I say it?” Yes, how should he say it? It was a long story. In fact, it could also be very short. A few sentences could explain it clearly.

“I’ll start from the beginning. Otherwise, you might not understand.”

She thought about it and started from the phone call she received from Sun Yuhan.

“That day, I received a call from Sun Yuhan. She said that she knew the truth about my mother’s ashes being smashed. Then, she gave me an address and asked me to go over. She repeatedly said that I shouldn’t bring bodyguards...”

“I didn’t think too much at that time. I was too confident in myself.” She lowered her eyes and looked at her fingers on the cup. She had seen too much of herself, she had overlooked the danger of the enemy. Therefore, she was the one who suffered in the end.

“Later, Arnold fled with the two of them...” Furthermore, Sun Yuhan stole Arnold’s car, but because the car ran out of gas, she stopped in the middle of the road. They also encountered the two human traffickers.

Of course, she did not forget that after Sun Yuhan found out that the two people were human traffickers, she first ran away, and when the human traffickers had diarrhea, she took the opportunity to knock them out one by one, then, she stuffed them into the car. Originally, she had left alone, but in the end, her heart softened and she went back to find Sun Yuhan. In the end, her heart softened. She was kind, but others wanted her life. When she got out of the car, Sun Yuhan drove the car away. However, for some unknown reason, she fell out of the car and broke her leg.

That was what happened after that. In fact, it was really simple. She did not suffer any injuries along the way, and she did not suffer much. Only Sun Yuhan, that pig teammate, cheated her a few times, in the end, she had tricked herself to death. Yan Huan could only say that this was Sun Yuhan’s own doing. It had nothing to do with anyone else, and of course, it had nothing to do with her.

After Lei Qingyi heard it, she did not know whether she wanted to punish Sun Yuhan for her kindness and enmity, or if she was asking for death.

Even if her leg was really broken this time, it could only be said that she deserved it.

Lei Qingyi touched her chin. Let’s not talk about that person surnamed Sun first. According to Yan Huan’s words, Arnold should still be at that place. As for those human traffickers, they would accept the punishment of the law, this was absolute. The law would not tolerate them. This kind of people, how

many heinous things had they done? Perhaps they had even forgotten about it. It was just this time.., the women and children that were rescued were enough to make them suffer, not to mention those who had been abducted and sold by them in the past.

Chapter 1679: take her as a mother

The biggest problem now was not them, but Sun Yuhan. How could they not know Sun Yuhan's character? She was a troublemaker, of course, she was also a strange woman who liked to push things on others. Even so, ye Jianguo still wanted to find a good husband for Sun Yuhan. Forget it.., he saw that Sun Yuhan could only raise a gigolo for the rest of her life. A truly prestigious family would not want a woman like Sun Yuhan. Her reputation in their circle was extremely bad.

Whoever married Sun Yuhan would be the real misfortune of their family.

Yan Huan sat for a while before yawning and going to sleep again.

Lu Yi let her go to sleep by herself while he himself had to talk to Lei Qingyi for a while.

When Lei Qingyi saw that Yan Huan was not around, this was what Lu Yi said. You have to be careful of Sun Yuhan. If her leg was fine, it would be fine. But if something really happened, Sun Yuhan might blame Yan Huan for everything, even though she said that she fell on her own.

This woman was used to using this kind of trick, pushing everything onto Yan Huan.

Hence, Yan Huan couldn't save her, nor could he not save her.

On this point, Lei Qingyi really admired Yan Huan. Under such circumstances, it was rare to be able to save someone who had schemed against her. Yan Huan's heart.., she was really magnanimous. Not only did she get 32 likes, it was no wonder that she had so many fans.

Yan Huan was indeed magnanimous.

He was magnanimous.

Of course, he was magnanimous.

Lu Yi leaned his back against the sofa behind him. His pair of black eyes were more serious than before.

"I think I should go and find that Arnold first."

Lei Qingyi stood up. Things were not over yet. The Dangerous Arnold had yet to be found. In fact, he wanted to ask why Arnold wanted Yan Huan to go over. Furthermore, he had never mistreated her and treated her well, instead, he treated Sun Yuhan like a dog.

Although Yan Huan did not say it, he felt something

What about Lu Yi?

Lu Yi was not stupid.

As for what the truth was, it did not matter. As long as the person was found, right? As long as the person was found, it would be fine. Furthermore, there were no missing limbs.

As for Sun Yuhan, to put it bluntly, it really had nothing to do with them

Yan Huan sat up again. She had slept for another two hours. She supported her forehead with her hand, and her head started to hurt again.

“What’s wrong? Where do you feel uncomfortable?” Lu Yi walked over and placed his hand on her forehead, gently massaging the position of her temple.

“I’ve Slept Too Much, I’m feeling a little sleepy.” Yan Huan’s body leaned against Lu Yi’s shoulder. It had to be said that Lu Yi’s hand strength was just right, and there would be a slight pain, however, it also made her feel that her mind had also become clear.

“Actually, I still have something to say.”

Yan Huan opened her eyes. No matter what, she would not hide it from Lu Yi. Of course, it was the same for this matter.

“En, is it about Ah Nuo?” Lu Yi’s hands were still placed on Yan Huan’s temples, massaging them for her from time to time.

Yan Huan Gently tapped on it.

“Sometimes, I feel like he’s like a child. He’s a little extreme, and most of the time, he feels very bad. However, I can also feel the loneliness in his soul. He said that I’m the first woman who can meet his gaze, so he treats me very well. However, I have a feeling that he might treat me as his mother.”

Lu Yi’s fingers trembled slightly. In fact, he didn’t know whether to laugh or cry.

“It doesn’t matter if you treat it as anything.” He pressed his chin against Yan Huan’s forehead. “The most important thing is that he didn’t hurt you.” He was afraid that Yan Huan would be like Sun Yuhan, he would be abused by that Arnold. He wouldn’t give her food or drink, and he would also be beaten.

As long as she was fine, that was good enough.

“There’s nothing between us.” Yan Huan held Lu Yi’s hand tightly. He was afraid that Lu Yi would think too much. He never entered the door of my room, so there was nothing between us.

“I know.” Lu Yi didn’t care about these things. Even if something really happened, he wouldn’t despise him. Because she was a victim and she wasn’t a sinner, he never thought about it in that way.

“How is Sun Yuhan?” Yan Huan finally remembered Sun Yuhan. After she sent Sun Yuhan to the hospital, she went to the police station. How was her leg? Was it okay.

“The ye family brought her back to hai city. After all, the medical conditions here are limited.”

Lu Yi didn’t say too much. In fact, he didn’t know how Sun Yuhan’s condition was. and the Ye family, whether it was ye Jianguo or ye Chuji, couldn’t publicize Sun Yuhan’s condition.

Sun Yuhan’s condition had nothing to do with anyone. She had brought it on herself.

“Do you still want to go out?” Lu Yi asked Yan Huan. “Do you want to eat by yourself, or do you want me to buy it for you?”

“Of course I want to eat by myself.” Yan Huan liked the fun of eating while shopping. There were all kinds of delicious food sold in the Food Street, and they all had local characteristics. She just liked to shop one after another, if she encountered delicious food, she would remember it in her heart and prepare to bring it back for her children and family to eat. Lu Yi had said that this place was very close to Hai City. If they took a plane, it would only take them two hours on the right, moreover, when they came out, they had chartered a plane to come here. Therefore, if they set off from here, it would take them at most two hours to travel to and from Hai City. If it was easy to bring, she would bring more, if it was not easy to bring, she would eat more.

Then, let's go. Lu Yi adjusted her messy hair again. When he realized that after a day, her complexion was better and not so pale, he was relieved.

It was good that she was really fine. However, when they went back, he still needed her to check for her.

Lu Yi stood up again and helped Yan Huan put on her shoes. Not every man would do this, and not every man was willing to bend their knees, it was just to put on shoes for a woman.

To a man, his knees might be his words. However, Lu Yi did not think that way. He would often put on shoes for Yan Huan. Others might not be used to it, but he was used to it.

He loved her like his life.

Yan Huan stood up and used his new shoes to step on the ground. The new shoes were very comfortable.

“What brand is this?” Yan Huan liked to wear flats now. High Heels looked good, but they were too tiring. Lu Yi said, “When you go shopping, don't make yourself suffer. Of course, it's best not to make your feet suffer.” A pair of comfortable flat shoes was the best.

Chapter 1680: special features

“It's a small brand. A little girl from the Procuratorate said it's not bad. I happened to see it when I went over and bought a pair for you. It's good that you like it,” Lu Yi said as he took a rubber band, he tied up Yan Huan's hair with the rubber band. She had not eaten well recently, and even her hair was not nutritious. Yan Huan loved her hair the most, so it was better not to let her know about it. Otherwise.., it was hard to say how sad she would be.

Yan Huan was really satisfied with her new shoes, but her heart was sore at the little girl that Lu Yi had mentioned.

When she was twenty-five years old, she could simply not put anyone in her eyes. What little girl, Big Girl, old girl, she would instantly kill them all. But now that she was already thirty years old, she began to feel a sense of danger, although she looked quite young, she began to feel sad in her heart. She was already a little girl, and she was already a yellow-faced old woman.

Lu Yi tied her hair up and found that Yan Huan was pouting. Why did she feel a little wronged.

“What’s Wrong?” Lu Yi met her eyes. “You don’t like me, do you?”

“Little girl...” Yan Huan said these words sourly.

“Yes, Little Girl.” Lu Yi smiled. “You’re over thirty years old and not married yet. If you’re not a little girl, then what are you?”

Yan Huan was happy when she heard that she was thirty years old.

She touched her face again. Yes, she was also thirty years old, so she was also a little girl.

“Don’t worry, how could Lu Yi not understand her? All women love beauty in their hearts, and of course, they are also afraid of getting old. Yanhuan is such a beautiful woman, so of course she is afraid of getting old. Just by looking at her daily pile of skincare products, I can tell that this smelly woman is thinking too much.

“You are the most beautiful. Believe me, Lu Yi is not lying. In your circle, aren’t there a few who are 60 or 70 years old and are still young girls like Yan Ru? I believe you are that kind of girl. When you’re in your seventies, you’ll definitely be no different from now.”

Yan Huan was instantly delighted by what he said.

Look, look at how well-spoken she was. Yan Huan did not care if she would turn into that kind of old vixen in the future. But at the very least, she felt very comfortable now. Then, she would try her best to live as an old vixen.

“Let’s go, I’ll bring you to eat.” Lu Yi put a hat on Yan Huan’s head and covered her face. He could not help but sigh in his heart.

Marrying a celebrity wife was a bigger headache than the average person. He had to worry every day whether she would be remembered by others, whether she would be watched by others, and even when she went out, he had to be careful, he was afraid that she would really be remembered by thieves.

Yan Huan was really excited and happy. She had even forgotten about the suffering she had suffered a few days ago. To be honest, she really did not suffer much. Compared to the previous two times, she was much better. At the very least.., she had never been hungry and had not suffered any injuries. That was why she was able to recover so quickly this time. Of course, she could also stroll around the local specialty food street and eat the food here without any scruples.

Indeed, they were all quite unique in the local area. Moreover, they were all the flavors that Yan Huan liked very much. It was no wonder that the street had such an ancient flavor. When she first arrived in this city, she had already felt that this small city was not big. However.., it seemed that the people in this small city were all very rich. High-rise buildings were built everywhere. Moreover, they could be seen everywhere. They were also famous brand shops. It turned out that it was not because of anything else, but because of the cultural atmosphere in this place, there was also a certain foundation of its characteristics. It depended on the mountains and water. Therefore, the people here were all in the tourism industry. It was no wonder that this small city actually had an airport

Yan Huan actually did not know that there was such a place. In fact, what kind of place was this? It was not a rare thing. There were many places in this world that she did not know about. Sometimes, there were some places that only she had been to.., only then did she know that it would be like this, like that

The customs of different places were different, so the culture of different places was also different, just like here, the most famous thing was the delicacies here. Yan Huan bought a lot of delicacies back home. She was prepared to stay in this small city for a few more days, so she had to finish shopping here, then, she would buy more things to take home.

However, she was worried about Lu Yi. She tilted her head and asked, "What about your work?"

She was afraid that Lu Yi would not be out for a while. The number of jobs at the prosecutor's office was already terrifying, and now, it had accumulated even more.

"That's it." Lu Yi had no other choice. "A few more days and a few less days won't make any difference. It's still the same routine."

"Then..." Yan Huan bit her finger again.

"Are You Really Alright?"

Lu Yi then placed Yan Huan's favorite fried meatballs in front of her. This was a big feature of this place, and the taste was very good. Yan Huan was very happy to eat this.

"It's So Delicious. Next time, it won't be so easy."

Lu Yi then pushed the small bowl in front of her face. "There aren't many opportunities. Make good use of them."

Yan Huan directly stuffed a meatball into his mouth.

Alright, she got it. At worst, she could just go home and cook dinner for him every night and work overtime with him. Other people might not understand this kind of life, but this could also be considered the fun between husband and wife.

Yan Huan ate another ball. It was indeed very delicious, and she was very infatuated with this kind of ball. She didn't know how it was made. Otherwise, she could go over and bribe this chef. She would go back and fry her own food. What she liked to eat, the three children should also like it very much.

And she and Lu Yi stayed here for another three days. It could be considered a rare vacation for the two of them. Indeed, the two of them had always spent more time apart than together, she only hoped that they had suffered all the hardships in their previous lives, and that in the future, they would be like the fortune teller who said that they would live a long and rich life with many children and grandchildren.

Yan Huan ate all the delicacies here, and her favorite dish was the fried meatballs. Lu Yi also liked to eat them, and of course, there were many good things. Lu Yi's favorite dish was a kind of porridge here, there was seafood in the porridge. The porridge was salty, and it was different from the sweet porridge in Hai City. Moreover, the porridge that was brewed also had a special taste.

Yan Huan had eaten everything, but Lu Yi was different. He had brought Yan Huan to eat all the special foods here, but he really liked to eat this type of seafood porridge and fried meatballs.

Yan Huan ate other things, but Lu Yi only ate these two every time he came. It could be seen that Lu Yi's character was indeed very persistent. He was even a stubborn man.

Initially, they said that they would only stay for three days. However, Yan Huan still did not concentrate, so he directly stayed for another two days. When they returned, they brought back a lot of special items from this place.
