

Chapter 1681: the third generation red

It was a pity that the meatballs and congee here could not be brought back.

The meatballs needed to be fried before being eaten. If they were kept for too long, they would not taste as good. Yan Huan had tried this before. The outer crispy texture was tender when it was just fried, but if it was kept for too long, it would become as hard as a rock, then the taste would really become worse. Not only would it not taste good, it might even cause diarrhea.

As for the seafood porridge, it was even more impossible to put it in.

They woke up very early in the morning. Lu Yi and Yan Huan ate the fried meatball again. It was still his old rule. The meatball went with the seafood porridge. This was how Lu Yi ate, and Yan Huan was looking for food for herself. She had been here for a long time, so from the beginning to the end, she had walked here many times, so she was not afraid that she would get lost. Yan Huan liked to eat from one end to the other, then from one end to the other, and then from one end to the other. He would walk around here several times a day, she did not seem to be very tired. Of course, she attributed this to the loving shoes her husband had bought for her. These shoes were really too comfortable to wear on her feet.

In fact, she still did not want to go back. This was indeed a good place. If she lived here, she could eat the special delicacies here every day. However, there was no banquet that would not end. No matter how good it was, it was not their home, if they still had time in the future, they would definitely come again. However, she thought about it. Lu Yi owed the procuratorate a huge vacation. Perhaps they would not come again for at least five to six years.

They took a plane back at noon. Lu Yi drove all the bags on the plane back to the Lu family. Although it was not freshly made, the taste was still pretty good. At the very least., they let the family taste the local delicacies once. Of course, no one would say anything about Yan Huan's matter, and everyone treated it as if nothing had happened.

However, Ye Shuyun hated Sun Yuhuan even more for cheating Yan Huan away, and this hatred eventually turned to ye Jianguo.

Yan Huan also saw her three children. They hadn't seen each other for so long, and she really missed them.

She kissed them and hugged them. The children were very close to her. They did not have a child with her just because she was not around these few days. The three children loved their mother the most. No matter what, they., they would never forget their mother. When they were young, they would always remember their mother. Now that they had grown up and remembered things, they naturally would not forget their mother.

"Did mommy go to earn milk powder for Xun Xun and brother?"

Xun Xun had always remembered that if her mother was not at home for a long time, it meant that her mother had helped the three of them earn milk powder. This was because many of the children's parents were not around at times and had gone to earn milk powder for them.

"That's right." Yan Huan pinched Xun Xun's little face. "Mommy has earned a lot of milk powder money for Xun Xun and brother. It's enough for you to eat for a long time."

"How long is long?"

Xun Xun was still too young and did not understand these words very well.

"About that..." Yan Huan thought for a moment and then rubbed his daughter's little face, "Long time means a long time. It means that our little xun xun can drink milk powder every day. She can drink a pot and pour a pot."

"No Way." Xun Xun frowned her little brows. "Xun Xun is a good child. She doesn't waste food."

The children of the Lu family had very good values. There was absolutely no problem for them to be placed with their grandparents. Old Master Lu had fought in the war, and he loved to tell the children about his own battles. Under the influence of subtlety.., it also allowed the children to establish a correct value system from a young age.

At such a young age, they were all very patriotic, upright, and sensible. Of course, even if they wanted to grow crooked in the future, it was impossible. They were all from the third generation of the Miao family.

Of course, their queen mother was also someone with a wealth-seeking physique. She had already saved enough for them and could let them spend a lifetime's worth of money. Therefore, sometimes reincarnation was a kind of technical work, just like seeking.., this was a little girl who knew how to Reincarnate.

They were originally twins, but now there was a new one.

She was the treasure of the entire Lu family.

Yan Huan wanted to talk to the children and spend more time with them. However, the children had to go back to the Lu family. They still had to study. Old Master Lu was teaching them how to write big characters, although they were young, Old Master Lu did not dote on them. He had to write big characters every day. Even Xun Xun was no exception.

The people of the Lu family had to be good at writing. This was a cultural education that they had received since they were young. Not only did they have to learn how to write well, but they also had to be good at tea and zither when they grew up, this was how old master Lu taught his three children.

Yan Huan didn't feel that there was anything wrong with this. When she was young, even if she wanted to learn, no one was willing to teach her these things. She also felt that there were some things that couldn't be thrown away. Their culture couldn't be thrown away.

After Lu Yi sent the child back, Yan Huan was already in the kitchen. No one knew what she was doing in there, but she stayed in there for more than half a day and did not make anything.

In fact, even if it was done, they did not want to eat anymore because they were only full. Even if they wanted to eat, it was probably around 10 o'clock at night.

At that time, Lu Yi was still busy.

Lu Yi was busy, and Yan Huan couldn't help him much. She read for a while and felt a little sleepy. Then, she pulled away the blanket and went to sleep. The sound of the keyboard was still ringing in her ears, she hoped that this sound could accompany her for the rest of her life.

She thought that it would definitely be the same.

She felt that she was now a woman with a big heart. No matter what happened, she could face it calmly. Even when she was locked up by Arnold and plotted against by human traffickers., she had never been in despair or afraid because she knew that there was another him in this world. The one who was waiting for her was also looking for her.

If he didn't give up, she wouldn't give up either.

If he didn't even give up on her in a vegetative state, then why would she give up on herself.

She slept in a daze, but her wrist was numb. She opened her eyes and took out her phone from under the blanket. She had lost her phone and her bag. This was the new phone that Lu Yi had bought for her.

Before she went to sleep, she turned her phone on vibrate. It was around ten o'clock in the evening. She yawned, but the sound of Lu Yi typing on the keyboard was still in her ears.

Lu Yi was still busy, so he did not rest.

Yan Huan pulled the blanket away and sat up. Then, she walked out lightly.

She walked into the kitchen and took out a few things from the refrigerator. They were things that she had already prepared when Lu Yi sent the children off.

She turned on the fire and started to get busy.

Chapter 1682: punishment for being wrong

When she brought in all the things that she had prepared, Lu Yi's nose seemed to smell a very familiar and fragrant smell.

This is..

He stood up and walked to the table. He saw a plate of freshly fried meatballs on the table. There was a secret soup poured on top of them. It looked very delicious. There was also this taste., it stimulated his taste buds from time to time. Even he could not help but swallow his saliva.

It was indeed very fragrant.

There were also two bowls of porridge placed on the table. Although it looked like ordinary white porridge on the surface, one could tell from the taste that there was a universe within the porridge.

Lu Yi hurriedly sat down. He picked up his chopsticks and picked up a meatball impatiently. He ate it into his mouth. That's right, this was the taste. It was exactly the same. Moreover, it was just fried., the taste was hot.

He picked up his chopsticks again and placed them in the bowl. He stirred it slightly and knew that there was a universe within the porridge. It was filled with all kinds of seafood, so he took a bite.

The taste was right too. It tasted exactly the same as the food they ate in the food street. It was exactly the same.

"How did you do it?" Lu Yi picked up another ball and ate it. He was never too picky, but he liked to eat this very much. He even thought that he might be able to eat it again in the future, it was something that would happen in a few years'time. He just didn't expect that he would be able to eat it at home.

Was Yan Huan giving him a surprise, or was it a spell for him.

"I learned it from the master there." Yan Huan picked up a ball and placed it in front of his eyes, "You don't know how bad-tempered that master is. He refused to teach me no matter what. This is it." She pointed at the plate of balls, "I heard that this is a skill passed down from their ancestors since the Ming dynasty. They also relied on it to feed generations after generations. Even during the anti-japanese war, other people didn't have enough to eat and clothes to wear. Everyone had to carry their families and flee everywhere. Many people starved to death. It was also thanks to this skill of their family that they were able to support their entire family."

"The old man said that this skill can not be thrown away. It has to be passed down from generation to generation."

"But I feel that it's difficult."

"Then how did you learn it?" Lu Yi picked up another one. He did indeed have a special liking for this meatball. Perhaps it was also right for his taste, and there were very few people in this world who could satisfy his taste, of course, this could be considered one.

"This..." Yan Huan propped up his face with one hand and continued to eat the meatball, "The old man has a son who sells meatballs with the old man. However, I can sense that he doesn't really like doing these things. I couldn't get any benefits from the old man's city, so I just looked for his son to try my luck. I gave his son some money, and he taught me."

"That's why I said that it was indeed a little difficult for the old man to pass on this skill from generation to generation. This was because his son didn't like these things, and his son liked other things. Now that the old man is still around, I suppressed him to learn his ancestral skill."

"It's hard to say when the old man is gone. His son obviously doesn't like the smell of cooking oil. In the future, when he has a child, there's a high chance that he won't let his son touch these things."

"As for this..." Yan Huan pointed at the porridge on the table, "This family is really easy to talk to. As long as they have enough money, it's fine. They can think it through. In any case, they were supposed to earn money. Now that they've earned so much money, they naturally wouldn't know. In fact, these two things aren't difficult. Some things rely on secret recipes, and some things just lack a little bit, so the taste isn't right."

“But as long as you know it, you’ll realize that it’s actually quite simple.”

Yan Huan made it sound very easy, but it wasn’t easy at all. However, as long as Lu Yi liked it, she was willing to work hard for it.

“We’ll eat noodles tomorrow,” Yan Huan ate another ball.

“Why don’t You Eat This? Lu Yi still wants to eat this, but he doesn’t want to eat anything else.”

“What if you get tired of it?” Yan Huan wouldn’t cook this food for Lu Yi every day. Even if it was a rare delicacy, if you ate too much, you would get hurt.

It’s up to you. Lu Yi didn’t force it. The noodles that Yan Huan made were also delicious. Everything she made was very good. Therefore, Yan Huan really had the ability to be a good wife and mother.

That was because she had put her heart into it.

Lu Yi smiled and fed Yan Huan a meatball. He thought that he might not be able to find another woman like Yan Huan who was suitable to live with him. She could tolerate his temper and tolerate his heavy work, she could cook him a midnight snack every night. She was still an actress. She clearly knew that if she ate too many midnight snacks, she might gain weight, but she had never cared.

Yes, she didn’t need to care. What did she care? Even if she really became a big fatty in the future, it didn’t matter.

Lu Yi didn’t dislike her. Didn’t Lu Yi think about how to make her fat every day.

“What Will Happen to Sun Yuhan?” Yan Huan suddenly thought of another person. She didn’t know if that woman’s leg had been saved, but Yan Huan remembered the situation at that time. It didn’t seem to be very good.

However, since her leg was injured, she might be able to rest for some time.

“Don’t worry about her.” Lu Yi Fed Yan Huan another mouthful of porridge. There was so much food that it was enough for the two of them to eat. Of course, Yan Huan didn’t make too many fried meatballs. After all, they were made from meat. It wouldn’t be good to eat them at night, they could drink more seafood porridge.

“Don’t go out for the time being.” Lu Yi narrowed his eyes and warned her seriously.

“That person hasn’t been found yet. Don’t go out. If you want to go out, you have to tell me that you have bodyguards. I didn’t hire them to watch, do you understand?”

Yan Huan was embarrassed by these words. She felt guilty, but of course, she felt even more guilty.

She was afraid that she would let those bodyguards lose their jobs.

“It has nothing to do with them. I was the one who told them not to go. It has nothing to do with them. Don’t tell me you fired them?” Failing to protect their customers was actually a humiliation in the bodyguard industry, to them, if they didn’t do well, it would be difficult for them to continue in this line of work in the future.

“If you’re wrong, you have to be punished.”

Lu Yi said indifferently. He couldn’t just blindly follow Yan Huan, even if she had made a mistake.

Some mistakes could be forgiven, but some were unforgivable.

Some mistakes, he could turn a blind eye to, but some, Yan Huan had to grow a temper.

The punishment for those bodyguards was to be fired. As for what would happen to them in the future, it had nothing to do with Lu Yi. This was what they deserved. Regardless of whether their clients wanted them to protect them or not, they had to protect them well.

However, they did not. This meant that their overall quality was not high enough, and their professional comprehension ability was not good enough. They needed to be remade.

Chapter 1683: one leg short

As for Yan Huan herself, the punishment she would receive was nothing more than the punishment she would remember for the rest of her life. There were a few bodyguards who had a bright future ahead of them, but they were fired because of her. They no longer had this high-tech job, perhaps her entire life would change because of this.

She would never be able to remember if she did not teach her a lesson. Therefore, sometimes, Yan Huan’s courage was not something that he was born with, nor was it something that he grew up with. He was definitely pampered by Lu Yi.

And this time, Lu Yi would definitely not spoil her. He would also make her remember things well. When she was doing things, she had to use her brain more. If her IQ wasn’t enough, she had to think more about what she could and couldn’t do.., what kind of consequences would there be if she did it? Could she bear it?

The bodyguards that he had found for her weren’t to be her assistants.

Yan Huan originally wanted to plead on behalf of those few people because it was really her own fault and had nothing to do with others. However, looking at Lu Yi’s situation, Yan Huan knew that this time, Lu Yi would definitely not compromise.

She thought that it was better for her to secretly find those few bodyguards and give them some material and spiritual compensation. She didn’t want to really ruin the lives of others.

This time, Lu Yi found a female bodyguard for Yan Huan. Her skills were especially good, but sometimes she didn’t feel like she existed. She lived in the garden and ate and lived with Yan Huan. She was Yan Huan’s chauffeur, as a chatbot, she naturally had to be someone to taste the dishes. The dishes that Yan Huan cooked would definitely be the first to enter her stomach.

However, Yan Huan really liked her new bodyguard. When she had nothing to do, she could even practice her skills with her. She felt that she had been raised to be a cripple, and now, she couldn’t even defeat a woman.., in the past, she could fight three people at once.

In any case, Lu Yi would definitely not let her out because Arnold had yet to be found. He was still a dangerous character

Yan Huan actually did not blame Arnold too much. Of course, he did not hate him. No matter what, he treated her quite well. At the very least, he really did not hurt her. Right now, she just hoped that he did not starve to death there, she did not know if he had seen the food that she threw on the ground.

These days, the life of the Lu family was simple and smooth. However, it was completely different in the Ye family.

“What did you say?”

Ye Jianguo did not believe what he heard at all.

“You said that her leg must be amputated?”

“It’s not an amputation.” The doctor adjusted the spectacles on his face, “It’s just that some of the bones on her leg have been amputated. I told her last time not to use this leg too much in the next few years. Didn’t you tell her that?”

The bones in this leg were weaker than others. If something was wrong, the bones might break. However, there was a broken bone in the middle of her leg that could not be fixed.

If it could not be fixed, the leg could only be amputated.

Ye Jianguo sat down weakly. He could not accept such a thing. He believed that Sun Yuhan could not either. Last Time, Sun Yuhan’s leg had become like that. She was dying, but at the very least, she could still be treated, but this time, it seemed that even the possibility of treatment was gone.

The doctor did not have much sympathy for Sun Yuhan’s uncooperative patient. At that time, he had repeatedly warned her that she could not engage in strenuous exercise, and she could not even run, the muscles on Sun Yuhan’s leg were clearly tense. She definitely treated herself as a normal person every day. but was she a normal person? She was not. To put it bluntly, she could still be considered a cripple.

Moreover, she was also severely malnourished. No one knew how her leg had become like this.

However, no matter what the reason was, the problem now was that this illness needed to be treated. This leg needed to be amputated.

He took out a treatment plan and gave it to ye Jianguo. “We are prepared to first take out Miss Sun’s broken bones. Then, we will think of a way to fix both ends. This is not an amputation. At the very least, the amputation is broken. This kind of phone will retain Miss Sun’s leg, but it is a little shorter than the other leg.”

If it was a little shorter, then it would still not be a cripple. It would still be the same, but in the end, it would be different from other people.

Ye Jianguo shook his head. He did not agree. He absolutely did not agree.

“This is the best way. Otherwise, we’ll wait for the nearby tissues to get infected, and then we’ll really have to amputate. At that time, not to mention the length of the leg, it might be necessary to

deliberately install artificial limbs. If Mr. Ye wants Miss Sun to wear artificial limbs, then we can choose the second option.”

Ye Jianguo fell weakly onto the chair, while Ye Chuji, who was standing at the side, did not show any expression at all. It seemed that the doctor was talking about someone else now, and not his niece, her sister’s daughter.

It was better to amputate the leg, so as to avoid causing trouble for him at all times. Not to mention cutting off half of the leg, even if it was paralyzed, it did not matter. After all, the Ye family could afford to provide her with good food, clothes, and a good place to live, they could even hire a dozen or so nannies to serve her every day.

When ye Jianguo saw that ye Chuji’s expression had nothing to do with him, he could not help but feel angry. That was not anyone else, but his own niece, his sister’s only daughter. The person whom the ye family had let down the most in their entire life was ye Rong, now That Ye Rong was gone, could it be that even her daughter could not be protected?

His Rong Rong had passed away at a young age, leaving only Sun Yuhan behind. Although she was not smart, beautiful, and had a bad temper, she was his own child. How could she be an uncle, if the doctor was not here, he would have jumped up and scolded ye Chuji. What kind of ulterior motives did ye chuji have? Did he really want the two of them to die before he would be happy.

“Is there any other way?”

Ye Jianguo asked the Doctor again. Other than cutting off a leg.

Ye Jianguo could not accept the short leg and cutting off the leg.

“Let’s think of another way.”

Although the doctor wanted ye Jianguo to make a decision as soon as possible, he still wanted to give him more time to think. For the family members, even if there was a glimmer of hope, they still wanted to give it a try, then, they would think of another way to see if there was another way to see if they could find a better way. However, they all thought so, and even the doctor hoped so.

However, in reality, some of the facts were far more cruel and cruel than they had expected.

And now, their persistence was only a matter of time. They were just stalling for time.

After the Doctor left, ye Jianguo stared coldly at Ye Chuji. At that moment, he did not look at his son as if he was looking at his enemy.

“Ye Chuji, are you still an uncle?”

Chapter 1684: short legs and no legs

Ye Chuji sneered in his heart. He was naturally an uncle, and he was also an uncle’s grandfather. But as for ye Jianguo, other than Sun Yuhan, who else would acknowledge him? He had lived until he was dead.

“What did father want me to say?” Ye Chuji asked Ye Jianguo in return. “Let me decide whether your granddaughter wants to keep her legs or not. Father, you can make such a decision yourself.”

When Ye Jianguo heard that she wanted to keep her legs or not, he was in a terrible mood.

“Go and find a few doctors.”

Ye Chuji turned around and left, and Ye Jianguo’s voice came from behind.

“Ye Chuji, where are you going?” “If you leave here today, don’t acknowledge me as...”

Before he could finish, Ye Chuji turned around, and his voice was cold

“Didn’t you ask me to find a doctor? “I won’t go out. Tell me, how am I supposed to find one? Do I need to rely on my psychic powers or superpowers? As your father, you don’t even have this kind of ability. How can a son like me have it?”

After he finished speaking, he had already opened the door and slammed it shut with force. With a bang, it was hard to tell whose heart it had hit. He was so lonely and also so resentful.

Father and son were not father and son. Father and daughter were not father and daughter. Their originally good family was ruined by that Sun Yuhan. She wanted him to find a doctor for her. Heh, sure, he would find a doctor for her. He would find all the famous doctors in the country for her, he would take good care of her leg.

As for whether it could be taken care of, that was Sun Yuhan’s fate.

Not long after, Ye Chuji directly brought over a dozen top surgeons from both domestic and foreign countries. He wanted to see if Sun Yuhan’s twisted leg could still be treated, whether or not he could still witness the miracle of medicine.

It was a pity that no matter how many doctors were brought over, when they saw Sun Yuhan’s condition in the end, they did not say anything. They directly suggested amputation. It was not as good as what the original doctor said.

At the very least, they could leave a short leg. In the future, if she was lame, her leg would still be there. Of course, this leg could also walk. Didn’t they still need to wear artificial limbs? As long as Ye Jianguo was willing.

Ye Jianguo was already powerless. He no longer held any hope. It was not that he did not want to hold on to hope, but now there was no hope for them. It had already been half a month.

He imagined the last time. Even if the treatment was longer and even if it hurt a little, at the very least, there was still a chance of recovery. But this time, it was completely impossible, and there was no time for them to wait for hope.

Because Sun Yuhan’s leg had already begun to die. No matter how good the medicine was, it was useless to her now. Leaving her life, protecting her leg, or even half of it, all depended on Ye Jianguo’s final decision.

And Ye Jianguo could not make such a decision alone.

He wanted to ask ye Chuji, but ye Chuji's appearance clearly showed that he did not want to care. He could find you a doctor with all his heart. If you were not satisfied, he would continue to find you a doctor. Whatever Doctor You Wanted, he would find for you, chinese medicine, Western medicine, traveling doctors, foreign doctors, foreign doctors, big doctors, and small clinics. As long as you had experience in this area, he could find you a doctor. But the final decision was not made by him, he would not make such a decision.

Ye Jianguo wanted to find a doctor again, but he still did not give up. He still could not let his granddaughter become a cripple just like that. If Sun Yuhan really became a cripple in the future, then after he died., how could he face his dead wife and daughter, and a crippled Sun Yuhan? How could he find a person of equal status for her.

A suitable match? Fortunately, Ye Chuji didn't know about his thoughts. If he knew, he would probably laugh himself to death.

With Sun Yuhan's character, she had already divorced once, and she had a man as her mistress. With her looks like this, she would still have a long leg and a short leg in the future. Who would want her.

However, that wasn't necessarily the case.

If ye Jianguo did not give her all the shares of the airport, no matter how disabled Sun Yuhan was, no matter how ugly she was, or even if she had half a leg, at the very least, she would not have to worry about marriage. There would be plenty of men who would take a fancy to her money, and after ye Jianguo was gone, who would still protect this woman in the future? Ye Jianguo knew that he had to get his granddaughter to find a powerful person to protect her because he understood her better than anyone else, neither ye Chuji nor ye Shuyun would protect Sun Yuhan.

Ever since Sun Yuhan was rescued, she had been in a coma. She had been running a fever for half a month, which made her brain unclear. As for how she was now and how her leg was., she didn't know herself. Otherwise, she wouldn't be so peaceful.

"Mr. Ye, you have to make a decision as soon as possible."

The doctor came again. "If you were a few days later, I can't guarantee that the surgery will be successful. At that time, even if the leg is reattached, it will be even shorter."

This sentence was even shorter, and it hurt ye Jianguo's heart,

"Mr. Ye, please make a decision as soon as possible."

The Doctor said another sentence, "Miss Sun's leg is already very infected, and it's not something that can be controlled with medicine. If it were a few more days later, even if you asked me to perform such a surgery on her, I wouldn't have the confidence. Then, please ask someone else to do it, unless you amputate her leg at that time."

The doctor's words were very clear. If you didn't consider it, then what he would do for Sun Yu would be amputation, not replantation surgery. These were two different concepts.

Ye Jianguo still could not come up with this idea. He wanted to find someone to discuss it with, but ye Chuji did not want to care at all. As for Ye Shuyun, it was already good enough that she could call him old Mr. Ye when she saw him now, why did she still want him to call her father?

It was impossible in this lifetime.

When the Ye family was close to destroying the Lu family, when he kicked Xun Xun who was still young, when he smashed Lu Yi's head until it was bleeding, when he did not pay any attention to ye Xinyu., when Ye Chuji was sick and hospitalized, he did not even say a word.

There was no need to talk about family ties. Even Ye Chuji, his biological son, did not have much affection for him, let alone ye Shuyun.

Ye Jianguo could only grit his teeth and make his decision. And now, he understood very well that no matter how much he struggled, there was no point. Sun Yuhan's leg could no longer be preserved, in fact, when the first surgery was performed, the Doctor had already said that Sun Yuhan's leg looked no different from other people's. However, if she was older, the problem would arise.

Chapter 1685: short legs

She might not be able to escape the fate of being a wheelchair in the future, but if she took good care of her legs, she would be fine until she was at least 50 years old.

Sun Yuhan was too arrogant. She thought that she was really good. She still wore high heels every day. She knew what she looked like, but she still dared to run around.

Of course, he did not know that the reason why Sun Yuhan ran around was to avoid those two human traffickers. She had also forgotten that her legs could not be exercised too intensely.

Therefore, when she stepped on the brakes, her entire leg was in intense pain. This was also the reason why she fell from the car. Of course, it was also because of this fall., that caused her leg to be completely crippled as well.

Every minute that passed now seemed to be a torment for ye Jianguo. He had to make such a decision in the hospital that he had no choice. And now, this decision could only be made by himself. No one could help him.

In the end, he gritted his teeth, but he also held back his wife so that no one would see it.

In the end, he decided to let Sun Yuhan take that part of the bone. Although it was long and short, at least the leg was still there. Sun Yuhan was also muddle-headed, so she was pushed into the operating room, since she arrived at the hospital, she had not been awake. She had been in a semi-conscious state until she made the phone. She did not have much consciousness.

The entire operation took more than seven hours. It could be seen just how delicate the operation was. Every bone and the first blood vessel had to be sutured under the microscope.

It was also thanks to the ye family's strong family background. Otherwise, if it were an ordinary family, this kind of operation would almost bankrupt the whole family. It would also make the whole family suffer.

After the surgery, Sun Yuhan was pushed out. Ye Jianguo could not even see how her leg was doing. The doctor had told him., sun Yuhan's leg was at least five centimeters shorter than her other leg. In the future, she would not be able to walk like a normal person, let alone act.

Sun Yuhan woke up on the third day. She did not know what had happened to her. Of course, ye Jianguo could not tell her that her leg had become like that.

As soon as Sun Yuhan woke up, she wanted revenge. She said that it was Yan Huan who had harmed her, and that it was Yan Huan who had pushed her out of the car. That was why her leg was injured like that.

And when she thought about the life she had led at Arnold's place, whether it was Arnold or Yan Huan, she hated them to the extreme. Why did she have to suffer like that? Why did she have to suffer like that, but nothing happened to those two B * tches.

When ye Jianguo heard these words, he naturally had a belly full of anger. Especially when he thought about Sun Yuhan's leg. In the future, his good granddaughter would become a cripple. How could he be willing to accept this, he had to swallow his anger.

"Then what do you want to Do?"

Ye Chuji asked ye Jianguo.

"What do you want to Do? Do you want to kill Yan Huan or kill the Lu Family? Do you think that the Lu family can be shaken by the Ye Family? Do you think that after what happened, the Lu family will still be polite to us?"

"Dad, we both know who was the one who caused the airport to be empty. Don't tell me that you didn't know about this back then. You just wanted to drag the Lu family down with you."

Ye Jianguo's face turned red as if he had been exposed. No matter how good his disguise was, it was still a lie. No matter how perfect his excuse was, it was still a lie.

They all knew the truth.

Ye Chuji's words made ye Jianguo feel ashamed. However, he couldn't swallow his anger and insisted that Yan Huan and the Lu family give them justice.

When Ye Chuji heard the word 'justice', he wanted to laugh

"Dad, they didn't even ask for justice from us. What right do you have to ask for Justice from them?"

Ye Chuji could not even be bothered to laugh. Justice? How could there be such unreasonable justice in this matter? If ye Jianguo had wanted them to kill someone, he would have to blame them for their short lives.

Yes, this was ye Jianguo's justice. This was ye Jianguo's justice now.

“They killed my granddaughter. Can’t I Get Justice?” Ye Jianguo almost sounded resentful.

“Then you didn’t kick their granddaughter?”

Ye Chuji directly didn’t give ye Jianguo any face, “Dad, is this something you can do?” “You almost didn’t kick Xun Xun to death. Xun Xun was only two years old at that time. You clearly knew how much the Lu family cared about this child, but you still did it. Then tell me, if it were you, would you fight to the death with the person who kicked your granddaughter? Uncle Lu still doesn’t know about this.”

“If he finds out, do you think he won’t come looking for you? Do you think the Lu family is that easy to talk to?”

Besides, Ye Chuji didn’t feel that Yan Huan had done anything wrong.

This time, it was your granddaughter who did it. What did it have to do with anyone else? If she hadn’t called Yan Huan to trick him, would Yan Huan have been missing for so long? She had brought this upon herself. It had nothing to do with anyone else.

With a slap, ye Jianguo slapped ye Chuji in the face. This was no one else. This was his son. This was his biological son. Ye Chuji believed that he had never done anything wrong ever since he was young, he had never shamed the ye family, nor had he done anything outrageous. For the sake of the ye family, he had sacrificed his entire life. And now, because of Sun Yuhan.., he did not even know where his son had gone. Anyone who wanted him to go to the ye family would be given to him immediately.

Ye Chuji turned around and left. He, Ye Jianguo, would do whatever he wanted to do, even if he had to take his good granddaughter and jump off a building. Even if he had to jump off a building, he had to remember not to kill anyone.

Of course, it was impossible for ye Jianguo to pretend that this had never happened so easily and not take revenge for his granddaughter.

As long as he encountered Sun Yuhan’s matter, he would not have any rationality at all. To put it bluntly, he might have even lost his most basic morality. Sun Yuhan, who was lying on the hospital bed, was still a little crazy when she shouted. Sometimes, when she was agitated.., she even needed to be sedated. She had never been able to calm down. And now, she had almost reached the point of either one of them dying or one of them dying to Yan Huan.

Ye Jianguo looked at Sun Yuhan’s hysteria. In that instant, a dark and cold light flashed across his turbid eyes.

“Don’t worry, this Grandpa Chou will definitely avenge you.” Yes, he would avenge his granddaughter. His granddaughter was not someone who could be hurt or moved at will.

Chapter 1686: Xunxun steals pills to eat

Moreover, it was such an injury. It was impossible for her to get better for the rest of her life. Sun Yuhan could not get any better. No matter how good a doctor was, no matter how good the medicine was, it was impossible for her leg to grow a length, up until now, Sun Yuhan did not know that her leg was injured. It was almost a large length shorter.

There was still a cloudless sky outside. Under the sky, it seemed to be the eve after the storm.

Xun Xun held her small wrist and sat on a small stool. She was using a small spoon to eat the small ball in the bowl.

Her mother had made this for her. It was a little big, but her small mouth was too small. The ball would fall off the spoon as soon as it touched the spoon and eat her small face.

A young woman walked over and squatted in front of Xun Xun.

Xun Xun blinked her big eyes, then tilted her little head, and then smiled sweetly.

“Hello, Aunty.”

“Hello,” the woman replied in a serious manner, as if she did not treat the little guy in front of her as a child, but rather as an adult.

This woman was none other than the bodyguard that Lu Yi had found for Yan Huan. She was very young, 24 years old, but she had already been a bodyguard for five years. Her skills were very good. If she were to fight with Lu Yi., she would be able to exchange many moves with Lu Yi. Moreover, it would give Lu Yi a headache. Lu Yi’s skills were already very good to begin with, and ordinary people were not his match.

However, this female bodyguard could exchange blows with him for a very long time. It could be seen that she really had real talent and knowledge, and was not an embroidered pillow that was used to make up the numbers.

The woman’s name was Bai Zhi, the name of Chinese medicine. Yan Huan had asked her if her sister’s name was Huang Qi, and Bai Zhi really nodded. She really did have a sister called Huang Qi, and they were all orphans who had been specially trained, they had no parents, and they did not have a name. Their names were decided the moment they arrived at the training ground.

Bai Zhi did not like to talk too much, and his personality was also boring. Besides the owner, he did not seem to be willing to communicate with anyone else.

However, Bai Zhi seemed to like Xun Xun. As long as Xun Xun came, she would squat in front of her. Moreover, she liked to stare at Xun Xun. Xun Xun was not afraid of her. On the contrary, she liked her very much.

Bai Zhi stretched out his finger and poked at Xunxun’s small face. Xunxun still cracked her small mouth and smiled. She looked very adorable. Most importantly, this small face was indeed very cute.

Bai Zhi took the small bowl in Xunxun’s hand and saw that there were balls inside. This small bowl was just right for children. If an adult ate it, he could finish it all in one bite.

It was just that Xun Xun was too small. She had been scooping up the small spoon for a long time, but she still did not eat a single ball.

Bai Zhi directly pinched a ball and placed it in his mouth. He was not courteous at all.

Xun Xun still had a pair of big eyes that could speak. She also stared at her. Of course, she did not cry because her ball had been eaten by someone. She was not a child that cared too much about food. She also liked to give her own things, they were all given to others. She was a good child.

Eating like this, Bai Zhi stuck the spoon into the meatballs and placed it in front of xunxun. He did not want to eat all of them.

Bai Zhi just sat on the ground and watched this little brat eat the meatballs one bite at a time.

Yan Huan came in from outside. The moment he saw Xunxun, he really wanted to spank her little buttocks. This little lass had really grown up. She knew how to steal food. These were the things she prepared for her father. She was really good.., she had secretly placed a few of them into her small bowl. Now that she had come here to steal food, this ball was not for her to eat. How was she going to eat such a big ball? She had to be careful not to get stuck.

Fortunately, when she reached the living room, she saw Bai Zhi squatting on the ground, feeding Xun Xun. He had also used a spoon to cut those balls into small pieces.

Yan Huan walked over and took the small bowl from Bai Zhi's hands.

"Thank you."She finally heaved a sigh of relief. Fortunately, there was an adult around, so nothing happened. However, Xun Xun's little butt was really going to be beaten. Don't think that she wouldn't beat her, but she still had to be beaten.

"You're welcome."Bai Zhi stood up and adjusted his black tights. She had always been dressed like this. Even when she was at home, she had never seen her change into other clothes.

"That, Bai Zhi..."there was something that Yan Huan had been suppressing in her heart for a very long time.

"Yes, tell me."Bai Zhi waited for Yan Huan to continue. His face was obviously very young, but it exuded an overly mature worldliness.

"Are you wearing this at night too?"

Yan Huan pointed at Bai Zhi's clothes and asked her. She had seen Bai Zhi a few times at night, but he was still dressed the same. Even when he slept, he had not changed. Also, he would not be wearing shoes to sleep, right, of course, she really didn't know if Bai Zhi was going to sleep with his shoes on.

"Yes."Bai Zhi stood at the side. Whether it was his body or his mind, he seemed to be in a state of alert.

"Then..."Yan Huan's gaze stopped at the corner of Bai Zhi's clothes. "Aren't you going to change your underwear? What will you do when you get your period?"

Bai Zhi's face immediately darkened. He turned around and left.

"Mommy, Auntie is angry."Xun Xun puffed up her little face. She had learned quite a bit from Bai Zhi's appearance just now.

"You're the one who talks too much."Yan Huan pinched her little face. This little face was really round and beautiful. It was like two tender apples that people could not bear to hit.

However, she still had to be reprimanded. Otherwise, she would do it again the next time.

“Who told you to steal Daddy’s meatballs to eat?”

“I didn’t steal them.”Xun Xun furrowed her little brows. “It was Xun Xun who took them. Mommy is bad and won’t let Xun Xun eat them. Mommy doesn’t like Xun Xun anymore.”As she spoke, she pouted her little mouth. She was going to cry when she said it,

the speed at which her tears fell was the same as her mother’s. She simply could drop them whenever she wanted to.

“Remember to never take them again in the future.”Yan Huan would never coax her. She had to be reasonable now.

She said seriously to her daughter and then pointed at the bowl in her hand. “Do you know that you have to let an adult feed you?”

“Xun Xun knows how to eat.”Xun Xun had learned to eat by herself very early on. Although she was still a little clumsy, she liked to eat by herself and would never let an adult feed her. Moreover, both of her brothers ate by themselves, so she had to eat by herself.

“It’s not that I don’t want you to eat.”Yan Huan sat on the ground and took the small bowl, then fed her the chopped up balls inside, “You can’t eat this kind of food. If you eat it, you’ll get sick. If you want to eat it, Tell Mom. Mom will let you eat it again, Okay?”

Xunxun didn’t quite understand why eating would make you sick. Didn’t they say that if you didn’t eat, you would get sick? Moreover, when you got sick, you didn’t have to take medicine.

Chapter 1687: the Accountant, had arrived

No matter how much she thought about it, she could not understand it. However, when she ate something good, she did not think about anything else. She just obediently ate the food that her mother had fed her. Of course, she also remembered that if her mother did not allow her to eat it, she could not eat it, this was because she would get sick if she ate it.

At noon, Lu Yi returned. Today, he was only at work for half a day, so he just happened to be home for dinner. Yan Huan made his favorite braised meatballs. Those meatballs were really not bad, and regardless of whether they were eaten directly.., it was also made into braised meatball, or it was sour and spicy. It was also delicious when made into soup. So Yan Huan’s money and effort spent on this meatball was really not in vain.

At the very least, this dish was something that Lu Yi had to eat every day. If he did not eat it one day, he might not feel well for the rest of the day.

Eating this dish was a little addictive. Of course, Yan Huan could also guarantee that this meatball was definitely made by hand. There wasn’t a single additive in it.

When Lu Yi heard that Little Xun Xun actually stole his meatball to eat, his face turned black.

Xun Xun saw her father's expression and immediately hid in her mother's arms. It was as if she knew that her father was angry.

Lu Yi was angry, not because Xun Xun was secretly eating, but because this kind of food was not for a child as young as her. What if it got stuck?

"Lu Wei," Lu Yi called out his daughter's name.

Xun Xun then hid her small body in her mother's arms.

She knew that if her father called out her name, he would definitely be angry. And if his father was angry, it would be very scary.

What should she do? If Ba Ba was angry, the baby would be very afraid.

"Lu Wei!" Lu Yi called out Xun Xun's name again. He was too bold. If he did not teach him a good lesson, who knew what he would do to him? Yes.

Xun Xun looked at her father, then looked at her mother. Then, she carefully climbed down from the sofa and slowly walked in front of Lu Yi's colleague. Then, she lowered her head and used her right foot to step on her left foot, then, she used her left foot to step on her right foot.

"Stand properly," Lu Yi said calmly. The current him really made the child afraid.

"Do you know your mistake?" Lu Yi asked xunxun. However, when he saw her pitiful appearance, his heart softened. He had to be a little more strict with her. Now, Xunxun had a little idea and became smarter, she also knew how to talk back to her father. Of course, her courage was also fattened.

Xun Xun bit her little finger and raised her little face, "Ba Ba, Xun Xun is wrong. She won't eat father's rice in the future. Mama said that she will get sick if she eats fake rice. Xun Xun, don't get sick. Ba Ba, rice is rice. Why would there be bad rice?"

Yan Huan could only feel helpless about this.

She had met a child who liked to ask a hundred thousand questions now. She admitted that there was nothing she could do about it.

Lu Yi carried his daughter up and touched her little feet.

"It's good that you know. be good in the future and don't steal Daddy's Rice. You Won't get sick. Also, Mommy said that bad rice is bad rice. That's what mommy made. Of course, Mommy knows which is bad and which is good."

Xun Xun nodded her little head forcefully. Both Daddy and Mommy said that eating this would make one sick. Xun Xun didn't want to eat it. If she ate it, she wouldn't be able to be with her brother, and she wouldn't be able to go to school with her brother, she didn't want to get sick. She would be good and definitely not let herself get sick. Lu Yi put his daughter down and took the chopsticks to prepare to eat. He was also hungry. He had eaten all that in the morning until now..., it had been so long and he was indeed hungry. However, he had only eaten a few mouthfuls when his phone rang.

Xun Xun ran to the sofa. Her little hand reached into her father's pocket and searched for a long time. Then, she took out a phone. She weighed her calf and ran in front of Lu Yi.

Her little hand also handed her father's phone forward.

This made Lu Yi suddenly have the feeling that his family had just raised a girl.

His family's xunxun had grown up and was sensible. He could also be a bystander now.

He took his phone and looked at the caller ID on it. It was from the Lu family. He wouldn't want Xunxun too much right now. Should he bring xunxun there? Today, Xiao Qi and Xiao Guang were going to the Lei family's place to start learning ancient martial arts, although they were only three years old, they could still learn. It just so happened that little lei was also there, so he wanted the three of them to practice together. Xun Xun didn't need to learn, so he brought Xun Xun over to accompany Yan Huan.

What was going on? It had only been a few hours, and he was already going to bring her back.

He had never properly carried his own daughter before. She was going to grow up soon, but his parents and grandfather were unwilling to let her go.

As he ate, he listened to the voice on the phone. However, as he listened, he didn't look too good. He put down the chopsticks in his hand.

"What's Wrong?" Yan Huan also felt that something was wrong. She stretched out her hand to Xun Xun. Xun Xun had already run to her mother's side and was held in her mother's arms.

"Ye Jianguo went to the Lu family," Lu Yi put down his phone. "He wants to seek justice for Sun Yuhan."

Justice? Yan Huan really felt that it was too ironic. Wasn't this shameless?

"I didn't even seek justice from them, and he actually wants justice from me?"

Lu Yi stood up. He thought that he wouldn't be able to eat this meal. He took his clothes from the sofa and put them on. "Let's go back once."

"Okay." Yan Huan looked at the clothes on her body. It seemed like she didn't need to change. She had only put them on this morning. As long as they were clean, she would be fine. She wasn't going back to the beauty pageant.

"Why did he only come now to seek justice for Sun Yuhan? How long has it been?" Yan Huan carried Xun Xun up and was prepared to carry her home. She wasn't too relieved to leave her alone at home.

"Some of Sun Yuhan's legs were amputated," Lu Yi said indifferently. There was not much expression on his face. "When she recovered, she went crazy again. He couldn't pull his hand out."

"It's better than I thought. Her life is really good. I thought she would have to amputate her leg." Yan Huan had seen Sun Yuhan's injured leg at that time. It was almost twisted into a twist. When she sent Sun Yuhan to the hospital., the doctors at that hospital had already said that 80% of her injuries were going to be amputated. Ye Jianguo was really good to his granddaughter. Last time, he had said that he would amputate and saved her leg, this time, he wanted to amputate again. He saved more than half of her leg. Perhaps next time, if he needed to amputate again, he could still save a small part of her leg.

As for ye Jianguo wanting to seek justice for his granddaughter, to put it bluntly, he was just looking for trouble. But even if he was looking for trouble, it should be her who was looking for trouble. She had yet to settle the score with them?

Chapter 1688: Troublemakers

Good, very good. She also wanted to know how ye Jianguo would seek justice for her granddaughter. If he wanted to seek justice, then she, Yan Huan, would also have to properly calculate this debt, her mental loss., her loss of time, and the reward for sending Sun Yuhan to the hospital, as well as the compensation for deceiving her into leaving the house for so long and almost being sold. She wondered how much ye Jianguo would have to compensate her.

Oh right, there was also the debt she owed Sun Yuhan for saving her life.

The eldest daughter of the Ye family could make ye Jianguo have no morals and no bottom line to protect her. She could forsake her grandson for the sake of her granddaughter. She really wanted to know how much money Sun Yuhan was worth in ye Jianguo's eyes.

"Mommy, are We Going Home?"

Xun Xun sat in the car and was held in her mother's arms. Only then did she ask her mother, "Aren't we going to stay at Mommy's place today? Why do they have to go back?"

"Grandma wants us to go back, so we have to go back." Yan Huan stroked his daughter's small head and then let her play with her own hands. Xun Xun held her mother's fingers and obediently did not make any noise along the way

Bai Zhi sat in the back with his arms crossed over his chest and closed his eyes to rest. Don't think that she was sleeping and learning. When necessary, her explosive power was even more terrifying than a wild beast.

Xunxun continued to play with her mother's phone. Her little face was chubby and tender. She was simply a pretty little bun. It made people really want to pinch her more.

Bai Zhi could not help but reach out his hand from behind. He moved his hand forward and directly pinched xunxun's little tender face. Xunxun cracked a small smile at her and continued to play with her mother's fingers.

Bai Zhi hurriedly withdrew his hand and pretended to be serious again. Then, he looked down at her nose and heart, as if he did not care about anyone.

Xunxun rubbed her eyes with her small fist and was about to sleep.

Yan Huan took the blanket from the car and carefully covered her daughter. The little girl was still small and soft. She was very beautiful and cute. Indeed, she was really loved by everyone.

The car drove down the mountain and there were no traffic jams along the way. It was also thanks to the fact that it was not the rush hour. Otherwise, the road would definitely be congested. It was only on the way to the Liuyuan Garden, there were almost no cars.

When the car stopped, Xun Xun was already awake. She rubbed her eyes and was still in a daze.

Lu Yi opened the car door and carried his daughter out.

“Ba Ba, Xun Xun is sleepy.” Xun Xun rubbed her eyes from time to time. She was sleepy and wanted to sleep.

“Sleep, don’t be afraid.”

Lu Yi gently patted her daughter’s small shoulder. Xun Xun used her small hand to grab her father’s clothes. She fell asleep again. Children were always fond of sleeping, especially when she fell asleep. It was very difficult for her to wake up, if she was forcefully woken up, then she would cry for you. Xun Xun of the Lu family was just a little girl. She could not hit her and could not bear to scold her.

She was spoiled by the old people in the family.

When they opened the door, they saw that the atmosphere in the house was very heavy. It was so heavy that even the air seemed to freeze.

Ye Jianguo sat on one side while Lu Jin and old master Lu sat on the other side. As for Sun Ye Shuyun, she turned a blind eye to it. Perhaps she did not want to see ye Jianguo

When Lu Jin saw Xun Xun in Lu Yi’s arms, he quickly stood up and took his granddaughter from his son’s arms. He was very careful, afraid that he would wake her up.

“I’ll ask your mother to keep an eye on her. You Be Careful.”

Lu Jin whispered to his son. The current ye Jianguo was simply unreasonable. Indeed, Lu Jin felt that he was going crazy. He was driven crazy by Sun Yuhuan.

Lu Yi nodded. “Dad, I know.”

Lu Jin had already carried Xun Xun to look for ye Shuyun. He hoped that his granddaughter could distract ye Shuyun so that she wouldn’t overthink things and he wouldn’t get himself into trouble again.

Actually, the Lu family’s matter really had nothing to do with her. Wasn’t there nothing wrong? Even if there was something wrong, they would not blame her. However, Ye Shuyun just could not understand this point.

Therefore, her mood had not been good until now. Only in front of the three children could she relax and smile.

Outside, Ye Jianguo’s fierce face was trembling. Obviously, he was not here to apologize, but to cause trouble.

However, he really admired ye Jianguo’s face. He actually dared to come to their place. Did she really treat the Lu family as her backyard? She came and left as she pleased?

She even pulled a long face for them.

Could it be that he did not notice the disdain in Old Master Lu’s eyes?

Yan Huan also walked in from outside. When ye Jianguo saw her, it was as if he had been poisoned. He wished that he could tear her into pieces. Moreover, even a fool could see the killing intent that appeared in his eyes.

Bai Zhi suddenly turned around and blocked in front of Yan Huan. He also met Old Master Lu's face. Her icy cold gaze also caused ye Jianguo to be stunned. Even though he had lived for so long, he had seen everything., he had experienced everything, but he was still afraid in the end. At this moment, the stench of blood on Bai Zhi's body could be felt. She had definitely killed someone. This was something that Yan Huan absolutely believed.

Yan Huan sat on the sofa. She had just sat down when ye Jianguo spoke.

"Why? You have caused my granddaughter to be in such a state. Don't you have the slightest bit of guilt? Don't you feel guilty at all? My granddaughter is still in the hospital. A part of her leg has been amputated, and she will be crippled from now on."

"Does it have anything to do with me?"

Yan Huan rudely interrupted ye Jianguo's words. Not to mention how much ye Jianguo loathed her, she absolutely loathed ye Jianguo to the extreme. Every time she saw his old face., she wanted to throw up on his face.

Ye Jianguo slapped the table hard,

in the end, with another slap, old master Lu also slapped the table in front of him.

"Ye Jianguo, what do you think our Lu family is? This table and chair all follow my surname. What right do you have to Pat My Things? If you want to Pat them, go back to your ye family and Pat Them."

"Don't talk about your granddaughter breaking a leg. Even if both of her legs are broken, what does it have to do with our Lu Family? She did such a disgusting thing herself. What, do you still want our Lu family to be her scapegoat?"

"You're already so old, yet you really don't want your old face. I'm Burning Your Face for you. No wonder even ye Chuji doesn't want to acknowledge you now. I think you deserve to be alone for the rest of your life."

Chapter 1689: was truly a slap in the face

Ye Jianguo was completely humiliated by Old Master Lu's retort. He was so angry that his face turned red and his neck was thick. However, he could not refute even half a word because ye Jianguo was telling the truth.

Who was the one who provoked Arnold? It was Sun Yuhuan who provoked him. If she was harmed, then she would be dealt with separately. She even had her eyes set on Yan Yi. Yan Huan had no mother and no mother, but don't remember that she was an official married man.

Yan Huan represented the entire Lu family behind him. She had yet to find trouble with the Ye family and did not ask him to give her justice. He, Ye Jianguo, was great, but he actually came knocking on her door.., who was the one who gave him so much confidence and had such a thick face.

Ye Jianguo was so angry that his chest hurt. At this moment, it was as if his eyes had eaten Yan Huan.

“Yan Huan, you pushed my granddaughter out of the car and crippled her leg. What’s wrong? Do you really want to have nothing to worry about? “Aren’t you afraid that if I expose this matter, you and the Lu family will never be able to look up?”

“I pushed her out of the car?”This was the best joke Yan Huan had ever heard in his life.

“Could it be that she jumped out by herself?”The muscles on ye Jianguo’s face trembled again. No matter how stupid a person was, it was impossible for her to jump out of the car by herself.

“Could it be that she didn’t jump out by herself?”

Yan Huan was really angered to death. In the past, she respected him as an elder, respected him as Lu Yi’s grandfather, and respected him as ye Shuyun’s foster father, so she had always been reserved. But now, what did he have to do with the Lu Family?

They wanted to take their family’s lives. was she stupid or something? She even used her own warm face to kiss someone else’s cold butt. Not only did she scold her in the open, she even cursed her in the dark.

“Yan Huan, you really dare to say it.”

Ye Jianguo suddenly stood up. The wind from his body was like a pair of scissors. With a ‘ding’sound, it seemed like he wanted to cut everything here to the extreme.

“If she dares to do it, why wouldn’t I dare to say it? That Stupid Pig Sun Yuhan is even dumber than you.”Yan Huan’s voice was even louder. She had been living a low-key life recently.

She was fine at home, but that stupid woman Sun Yuhan caused her to run around everywhere. She was almost sold off by human traffickers.

Just like that, she didn’t go looking for trouble with them. Ye Jianguo came looking for her. What did he want to do? was he going to kill her?

Lu Yi stretched out his hand and gently patted Yan Huan’s shoulder, venting his anger.

“It’s alright.”Yan Huan was cursing to his heart’s content. She had tolerated ye Jianguo for a long time. Did he really think that she was afraid of Him? In this world, she had never been afraid of anyone. If he dared to make a ruckus in front of her again.., if she could not slap his old face, she would slap Sun Yuhan’s face.

If she couldn’t slap the old one, she could always slap the young one.

Ye Jianguo was so angry that his face turned green. Old Master Lu just sat there as if he was watching a show. He watched as ye Jianguo was angered by Yan Huan until he vomited blood. He was happy to hear it and was also relieved of his anger.

When ye Jianguo opened his mouth again, Lu Yi took out something from his body.

“There’s a driving recorder on that car, and everything is recorded. There’s a segment right there, you can take a look.”

As he said that, he stood up and placed the thumb drive in his hand behind the television. This was the television that they had replaced with an entire wall. It was used to show cartoons to the three children, just like watching a movie, of course, Old Master Lu also liked it. Such a big television was more enjoyable to watch.

Meanwhile, ye Jianguo’s face was red with anger. He felt as if his old face had been slapped hard.

Since there was such a thing, why didn’t he take it out earlier? This was the truth. This was the reconstruction of the truth at that time. Whoever lied would be able to see it at a glance.

Yes, Lu Yi did it on purpose. Lu Yi did it on purpose.

Yan Huan was already filled with a belly full of anger. This anger must be let out by her.

As for ye Jianguo. Sorry, he didn’t have a grandfather now.

The television was switched on very quickly. Some scenes also appeared. At first, only the road condition could be seen. Then, the car stopped and a woman walked out. From the back view, it could be seen that it was Yan Huan.

The car did not stop for a few minutes. The sound of the engine starting could be heard and a woman’s voice could be heard

“Yan Huan, don’t blame me. If you want to blame someone, blame yourself for being too stupid. You even came back to save your enemy. If I Were you, I would definitely not save him.”The car continued to drive forward, the scenery on both sides was also continuously retreating.

Suddenly, the scene in front began to shake violently. The car suddenly stopped. Accompanied by a creak, the scene stopped this time. However, the sound continued.

“My leg, my leg...”no one could see the person inside. They could only hear the sound of someone continuously crying for their leg. Then, there was a series of soft sounds. It seemed like someone was unfastening their seatbelt.

Then, he heard a thump.

“My leg, how did my leg become like this?”

“Help, help... someone save me...”

After an unknown amount of time, Yan Huan walked over from the side. She just stood in front of the car, and it was unknown what she was looking at. Then, there was a ding, and the scene froze, and then it ended.

Old Master Lu stood up, “How disgusting. How did your ye family give birth to such a thing? Returning kindness with enmity and also forgetting gratitude. Only now do I know where your granddaughter’s shamelessness came from. Didn’t she learn it from you?”

When Old Master Lu scolded people, he was not inferior to others. It was just that his temperament had become a little more amiable over the years. In addition, after he had a great-grandson and great-granddaughter, he also paid some attention. It was not like in the past.., he would scold and smash anyone he saw.

However, this did not mean that he had forgotten how to scold people. Moreover, if he scolded people, it was indeed not something that an ordinary person could endure. For example, now, he did not use any profanity when he scolded people, it could infuriate people to death and drive them mad.

As expected, ye Jianguo was so angry that his entire body was trembling. He extended his finger, but he did not know who to scold?

The door outside was pushed open, and another person walked in. If it wasn't Ye Chuji, who else could it be.

"Dad, do you still think that staying here isn't embarrassing enough?"

Ye Jianguo's pupils seemed to shrink, and then the gaze he gave Yan Huan became even more resentful.

Bai Zhi frowned slightly. This old fellow's thoughts weren't very good.

Ye Chuji directly took ye Jianguo away. Otherwise, what would he do? Would he still have to stay here and embarrass himself?

Sun Yuhan had already lost all the members of the Ye family. How much of their ye family's face did they have to lose? If they continued to lose face, even he would lose face. How would he be able to negotiate business in the future, was this asking someone to slap his face?

Chapter 1690: was a self-inflicted injury

Ye Chuji drove the car without a smile on his face. If he could smile, then he must be out of his mind right now. Yes, he was out of his mind. He, Ye Chuyi, was already out of his mind, he had been forced into a mental state by ye Jianguo and his granddaughter.

"Dad, you'd better serve your granddaughter at the hospital. The reason the Lu family didn't look for you is because of my face. If you don't have any face, do you really think you can lose it to them?"

He parked the car at the entrance of the hospital and waited for ye Jianguo to come out. Then, he drove the car away.

There were still many things waiting for him to do. If he didn't work hard to earn money for them, what they ate, drank, and spent, not to mention the expensive medical fees every day, if it were an ordinary person.., they would have been tortured to death long ago. The whole family was so hungry that they wanted to jump off the building.

Ye Jianguo walked into the hospital. They were all dejected and did not know what to do. He almost could not face the hysterical Sun Yuhan right now. He clearly knew that Sun Yuhan deserved it. Sun Yuhan had brought this upon herself, however, he still could not forgive Yan Huan in his heart. If she had sent Yuhan to the hospital earlier, wouldn't everything have been fine? The doctor had said that the

delay was too long. If it had happened earlier., these bones could still be reset, so it was impossible for it to be delayed until now. It was even more impossible for such a surgery to be carried out. Although the limbs had not been amputated, the ground had already been amputated to the bones. If it had really happened earlier., it would definitely be fine.

And he did not seem to know where Yan Huan was going to find a hospital for Sun Yuhan at that time. She did not throw Sun Yuhan out of the car, which was already considered giving face to the ye family. Not to mention, she had been on the road day and night., furthermore, if they were to treat Sun Yuhan, Sun Yuhan would still care about Yan Huan's life and death if their identities were switched. It would be fine as long as she did not step on her.

Ye Jianguo opened the door and walked in. Sun Yuhan's expression looked much calmer than yesterday, and there was nothing wrong with her. This was because she still did not know how her injury was, she thought it would be like last time. It was a fracture, and no matter how much it was, it could be healed.

However, she didn't know that her leg was missing a few bones. The result was much shorter than her other leg.

"Grandpa..."Sun Yuhan quickly pulled up ye Jianguo's sleeve as soon as she saw him.

"Grandpa, you must help me take revenge. I'm lying here half-dead. How can the person who harmed me be alive and well?"

Ye Jianguo reached out and placed his hand on the back of Sun Yuhan's head.

"Yuhan, did you jump into the car or did Yan Huan push you down?"

Sun Yuhan was displeased when she heard that. "Grandpa, what do you mean? Do you not believe me? She was the one who pushed me down. If she didn't push me down, would I be like this?"

Ye Jianguo didn't reply. He just sat there and no one knew what he was thinking about. His silence frightened Sun Yu. She was about to blurt out something, but it was stuck in her throat, no matter what, she couldn't blurt it out.

Sun Yuhan rarely saw ye Jianguo like this. At this moment, ye Jianguo was the most frightening and the one who couldn't figure out his temper. She originally wanted to ask ye Jianguo to avenge her, but she didn't know why., she was actually afraid, so she didn't dare to say another word.

She lowered her head and looked at her leg that was wrapped in plaster.

No, she had to endure. She had to endure. When her leg recovered, she didn't care about Arnold or what kind of pleasantries he had. She definitely had to tear them into pieces.

Sun Yuhan's heart had already begun to twist, just like how her leg had been twisted into a mess back then. It was twisted to the point where it was almost unethical and questionable.

At this moment, her legs, which were wrapped in a cast, did not feel anything. Moreover, the cast was originally thick, and her legs were also hung up. Therefore, she really did not know that the current her had one leg long., one leg was short.

At this moment, in this hospital, a male doctor was sitting there naked. There was a person standing on one side. He was wearing a doctor's white coat, but when he looked up, his eyes were dark green.

He opened the door and walked out. He also lowered his head, so no one noticed his pair of green eyes. He looked up at the road ahead. Then, he lowered his head and began to search the wards one by one.

When he saw Sun Yuhan lying inside, his pair of green eyes flashed once again. The corners of his cold lips were finally frozen.

Meanwhile, Sun Yuhan, who was inside, suddenly had a shock. Her heart began to beat irregularly.

"Miss Sun, What's Wrong?" The nurse who came over to accompany Sun Yuhan was also frightened. She was fine, but why did her expression suddenly change.

"Hurry up and call a doctor."

Sun Yuhan urged the nurse, "What are you still standing here for? Hurry up and Go!"

Sun Yuhan felt that something was wrong with her. She was still very uncomfortable.

The nurse hurriedly stood up and went outside to look for a doctor. However, just as she opened the door, there was a doctor standing at the door.

"Doctor, quickly follow me in. Miss Sun said that she's not feeling well."

The doctor who was standing at the door stopped in his tracks. There was a lot of dust on his feet. He only paused for a few seconds before he walked in and closed the door, of course, the nurse was also the one who closed the door. The nurse did not think too much about it. It was the same every time. When the doctor examined them, they did not always wait outside.

Sun Yuhan placed her hand on her chest. She could still feel that her heart was beating irregularly. It seemed to be beating very fast. It was so fast that she was a little flustered.

"Doctor, come and take a look at me. I feel a little uncomfortable."

Sun Yuhan was still touching her chest. The fluster in her heart became even more serious. It was so serious that she was starting to be afraid. It was also so scary that she was on the verge of death.

She was really afraid.

The doctor walked forward, but he did not raise his head.

He walked over and placed a hand on Sun Yuhan's neck. Sun Yuhan did not know why, but she shivered. This hand was so cold.

However, when she saw that it was the doctor, she endured it. The doctor's other hand suddenly placed on her mouth. She gritted her teeth, and her heartbeat became more irregular, it was only when she met a pair of eyes that were glowing with green light that her eyes suddenly widened. She was about to open her mouth, perhaps wanting to shout for help, but in the end, she could only let out a muffled sound.
