

Chapter 1721: was always the wrong one

“Sure.” Lu Yi turned around with a smile and brought out his own bowl of noodles. There was also some chili oil on top. Although it wasn’t much, the color was very beautiful.

Yan Huan walked into the kitchen again and brought out her own small bowl of noodles. It was really just a small bowl. She could lift it up with one hand. She had no choice but to give the Big Bowl to Lei Qingyi.

She ate less by herself. Actually, she wasn’t that hungry. It was just that she couldn’t control her mouth and wanted to eat a little. She took another look at the living room and saw that Lu Yi had already sat down while Lei Qingyi was still eating the noodles, she didn’t care about anything else.

Yan Huan opened the door to the room and put down the bowl. Then, she took out her phone and randomly found a movie to watch. There was only the sound of the movie in the room, therefore, she couldn’t hear the conversation between Lu Yi and the others outside. All she could hear was the sound coming from her phone. She picked up the bowl and ate the noodles one bite at a time.

The noodles were made very well today, especially since the noodles were overcooked today. However, she could drink it together with the soup.

Outside, Lei Qingyi put down the bowl and wiped his mouth casually. It was really delicious, but it wasn’t enough. His eyes glanced at the bowl that Lu Yi placed on the side. He hadn’t touched it yet.

“Do you not want to eat that? If you don’t want to eat it, you can look for me. I can do it for you.”

Lu Yi glanced at him indifferently,

alright, Lei Qingyi knew. Even if Lu Yi didn’t want to eat it, he wouldn’t give it to him. Besides, he had already brought the noodles over. How could he not eat it? What was he going to do if he didn’t eat it? Look?

Lei Qingyi then laid the map flat on the table.

Sure enough, the place that Lu Yi Drew was the place that Gu Yuan and the others went to today.

“They went today.” Lei Qingyi stretched out a finger and pointed at the map. “Just like what you said, and just like last time, they came back empty-handed.”

Lei Ziyi was worried. What if they stopped looking? Did they want him to take over? He wasn’t willing.

However, he thought that if ye Jianguo could find one, he would be able to find a second one. It was only within the country now. Perhaps in the future, he would be able to find a foreign case team or an international police force.

Lu Yi picked up the bowl and started to eat his bowl of noodles. Lei Qingyi gulped from time to time. She really wanted to eat. What should she do?

“Will they follow the route that we found before and search again?”

Lu Yi said faintly.

“Yes.” Lei Qingyi crossed her legs again. They took the records of the previous cases and went over.

“Then do you think they will find it?”

Lu Yi frowned slightly. “As long as that Xiao Zhu still treats Arnold as an ordinary person, then he will keep looking for the wrong person.”

“So...” lei qingyi understood. “They won’t be able to find it, right?”

“Yes,” Lei Qingyi answered without any hesitation. Arnold’s thinking was different from ordinary people. His thinking was too impulsive, so it was not easy to keep up with his thoughts. Moreover, the place he was hiding in.., was often something that others could not imagine, which was why it was so difficult to find him.

He didn’t play by the rules, and he was good at disguising himself.

Xiao Zhu was a criminologist. If he couldn’t suddenly break his rules, then he wouldn’t be able to find Arnold’s hiding place in his lifetime, and he might drive himself crazy first.

Rather than saying that this was a contest between him and Arnold, it was more like a real contest between him and himself. As long as he won, then he would be the best in this field.

But if he failed, then he might not have such an ability in the future.

It depended on how one’s psychological endurance was.

Lu Yi had never experienced such a thing that would drive him silly or crazy.

If he couldn’t even pass this point, then he didn’t need to think about the rest of the things.

“That, do you still have noodles?” Lei Qingyi rubbed his hands. “I still want to eat.”

“There’s water for washing the pot. Do you want it?”

Lu Yi said indifferently, “You can drink as much as you want.”

Could he not be like this? Lei Qingyi really felt that Lu Yi was too heartless. How could it be like this? Yes, how could it be like this? weren’t they good brothers.

“Why can’t I Be Like This?” Lu Yi asked him back. “You ate all of Huanhuan’s food, and now you want to ask me for it?”

“I’m giving you and your wife face.” Lei Qingyi was not admitting that he had eaten her food. “Look at me supporting you like this. You should feel honored.”

“Thank you, but there’s no need.”

Lu Yi stood up and walked towards his room. He had really had enough of Lei Qingyi’s starving appearance. When he opened the door, he saw Yan Huan holding a small bowl and watching a movie. It was as if he had seen something that made him nervous, he had even forgotten to eat.

Lu Yi took Yan Huan's phone and placed it a little further away.

"Let's eat first. We'll watch it after we finish eating."

Only then did Yan Huan bring her own bowl in front of her. She finished her noodles in just a few mouthfuls. A small bowl really wasn't much.

"Are you guys done talking?" She placed the bowl down and asked Lu Yi. Of course, she also picked up her phone and prepared to watch it on the bed. This was pretty good. She had to finish watching it today.

"We're done." Lu Yi took the bowl Yan Huan placed on the table and prepared to wash it. At this time, Yan Huan had already laid on the bed and put headphones on his ears. He was going to watch the movie that he hadn't finished watching.

He still couldn't go to work. He hadn't caught that person for a day. To Yan Huan, it was a potential danger.

He carried the bowl into the kitchen and washed it before putting it away. Lei Qingyi had already gone back. However, he felt that Lei Qingyi might not be able to sleep tonight because he hadn't eaten his fill.

Lu Yi was right. Lei Qingyi had indeed not slept the entire night. He was a little hungry, but he did not know what to eat. He still wanted to eat Yan Huan's bowl of noodles, but it was a pity.., yan Huan could not make another pot for him.

That was Lu Yi's wife, not his wife. Of course, she could not make it herself, and he did not know how.

He tossed and turned until the first morning. He got up early in the morning to see what Auntie Gu was cooking. He first ate some and then went to work at the Safety Hall. He just didn't know.., what kind of expression gu yuan would have when he saw him.

At first, Gu Yuan's arrogance made him very uncomfortable. But now, when he thought about Gu Yuan's team and how they lost everything to Sun Yuhan, why did he feel sympathy again.

However, sympathy was sympathy, and standpoint was standpoint. They captured their people and saved their hostages. Their security department also did their own things and maintained the security of Hai City,

Chapter 1722: was another possibility

Ye Jianguo really shouldn't think that the entire hai city belonged to the Ye family. If he wanted to save people, he had to do it within the stipulated time. How could he do it within the stipulated time, in any case, he, Lei Qingyi, didn't have such great ability. If anyone had the ability, then go and save them. They had a lot of things to do. Every day, they would run around Hai City. At the end of the day, no one was idle, they were just running around for Sun Yuhan.

Wasn't the Ye family rich? If they did not like people like them, then they would go and find their own people.

Right, didn't they invite all of them over and say that they would catch them within a day?

Did they catch them? Did they save them?

Not yet.

Lei Qingyi would definitely not admit that he was actually gloating.

Anyway, he wasn't around during the day, and he wasn't just sitting around shooting flies.

At this moment, in that office, it was the third day. Yes, it was the third day. Xiao Zhu seemed to have gone mad, drawing a dot here and a circle there on the map from time to time, and he seemed to be obsessed, almost addicted to it. He didn't drink water, didn't eat food, and didn't sleep.

Finally, a smile appeared on his face.

"Captain, I solved it. look."

He quickly stood up, but as soon as he did so, he felt a little dizzy and his vision went black. His hands grabbed randomly until someone held his arm. Only then did he feel better, the dizziness in front of his eyes also disappeared.

"Are you okay?" Gu Yuan held Xiao Zhu and was also shocked.

"I'm fine." Xiao Zhu shook his head. "I used to be like this. It's actually just low blood sugar." He smiled embarrassedly. It was just low blood sugar. He had never eaten, drank, or slept. Suddenly, this.., he became like this.

Gu Yuan quickly asked the people at the side to prepare some food for Xiao Zhu. They were really worried about Xiao Zhu like this. Perhaps this was the nature of this kind of genius. Others could not understand it, of course, they were also like supermen.

They really could not eat, drink, or sleep.

Zhu did not care about his own body. He quickly showed the map in his hand to Gu Yuan.

"Captain, look. I found that this Arnold might only like a certain pattern, so I feel that he is walking with this pattern. It seems like there is no pattern, but in the end, I still found some patterns. This is the first time I have seen someone use this method to escape."

Of course, this was the first time that Xiao Zhu had encountered something like this. It was no wonder. If this was the reason, then his first two failures were understandable.

"Then where do you think he is now?"

Gu Yuan asked Xiao Zhu.

Xiao Zhu stretched out his finger and pointed at a certain place on the map. "I think he is here."

"Check it immediately." Gu Yuan hurriedly got someone to check the direction that Xiao Zhu pointed out.

Very quickly, they had already found out that the place that Xiao Zhu pointed out was in a small village. This village was not too big, but it was connected by a few roads, so it was much more remote than other places, therefore, if that person was there, it was completely possible.

It should be said that it was here. Gu Yuan also felt that it was possible, and the possibility was very high. No, it should be. Even Xiao Zhu could be sure this time, so it should be around eighty to ten, obviously, compared to the previous two places, this small village was more suitable for hiding people. That Arnold could totally find ten or eight excuses to live with those villagers, and as long as he gave a little money.., thinking about it, they didn't even have to worry about three meals a day. Naturally, they could live there for a long time, and it wouldn't attract attention.

Perhaps they had really looked in the wrong direction the previous two times, and it was a waste of a lot of time.

"We'll set off immediately." Gu Yuan hurriedly stood up and was prepared to set off. They actually already knew the location, so they had to go immediately. Otherwise, it would be too late. This Arnold was really too cunning, and it would be very difficult to catch him.

Moreover, it was already midnight. This was the third time that they had gone out to capture someone.

Coincidentally, Lei Qingyi was also working overtime today. Hence, he did not return. When he heard that they were going out to capture someone, he generously lent the person out. This was also a form of complete cooperation for them.

Gu Yuan thanked them and left.

Lei Qingyi waited until Gu Yuan left before shaking her head and muttering to herself, "I really hope that you will be able to capture someone this time around. This way, I will be able to be freed."

He took his things and prepared to return to the residence garden. He looked at the time and realized that it was almost midnight.

He parked his car at the entrance of the residence garden and got out of the car to walk in. When he entered, he realized that the kitchen lights were still on. Was there anyone cooking in there.

He hurriedly ran over and saw Yan Huan there. He was still facing a pot, but he did not know what was in the pot?

"What are you doing?" Lei Qingyi lowered his voice. He did not want to sound like last time, which scared Yan Huan. It was Lu Yi's turn to settle the score.

"I'm cooking noodles." Yan Huan stirred the noodles in the pot again.

Noodles.

Lei Qingyi wanted to eat noodles right now. It was the soup noodles from yesterday. That was very good. He still had not eaten enough yesterday. Anything he ate today did not feel good. Actually, when he came back, he was still thinking.., how good would it be if Yan Huan could make noodles

In the end, it really was noodles. He just didn't know if it was the same kind as yesterday.

He thought that it should be because he could already smell the fragrance of the noodles.

Yan Huan waited for a while longer, then took out a very large basin and scooped up almost half of the noodles in it.

Then, he placed it in front of Lei Qingyi.

“This is yours.”

“Thank you.” Lei Qingyi quickly picked up the large basin and brought it to the living room to eat. The Noodles Yan Huan made were especially delicious. There was no need for any additional seasoning. It suited his taste very well. Of course, it also suited Lu Yi’s taste very well. Lu Yi was a stingy fellow. The things in his own bowl., he was never willing to give him more.

But now it was really good. He already had such a big bowl. It was definitely enough for him to eat.

Just before he started eating, Lu Yi walked over and placed the bowl on the table. Lei Qingyi was the bowl, while Lu Yi was holding the bowl.

“Why are you back at this time?”

Lu Yi asked Lei Qingyi. Lei Qingyi didn’t work too much overtime. At most, he said that he was on duty. And today was the day he was on duty.

They set off again. I had to give them a car or a person, so there was no one here. The safety hall was empty. What was I doing there?

Chapter 1723: could not be walked out

Lei Qingyi held his chopsticks and happily ate the noodles. He then drank a mouthful of soup. Only then did he return. To have such a delicious meal, this kind of life could not be too good.

After a while, Yan Huan came over again and placed a few plates of dishes on the table.

“These are the leftovers from noon. I’ll leave them for you.”

“Thank you.” Lei Qingyi was originally afraid that he wouldn’t be full. Don’t look at how many noodles there were. There was a big basin, but it was filled with soup and water. It would soothe his stomach. He might be hungry again in a while, but he couldn’t be hungry. He was also very hungry.

Fortunately, he had these dishes. After eating, his stomach would definitely be full.

He couldn’t wait to pick up his chopsticks and eat.

“Tsk...” he couldn’t help but sigh. “This tastes really good.”

“Aren’t you going to eat?” Lei Qingyi asked Lu Yi.

“No need, I’ve had enough.” Lu Yi glanced at lei qingyi indifferently as if he was a reincarnated hungry ghost. He even used a basin to fill his bowl instead of a bowl.

“I know you’re laughing at me for eating too much.”

Lei Qingyi unceremoniously put more dishes into his basin and kept stuffing them into his mouth, "I don't have any other choice, do I?" "I've been running outside all day. When I came back, I didn't have a proper meal. I just ate a bowl of instant noodles. This means that I haven't eaten all day. I'm relying on this meal to get through the night. I have to get up early tomorrow morning."

"I really hope that they can find him so that I don't have to be so busy."

Yes, he still had to be busy. Although Sun Yuhuan's case was no longer under his control, Gu Yuan was still in the Safety Hall. No matter how much he was the director of the Safety Hall, he still had to cooperate with the others.

"Where did they go?" Lu Yi asked Lei Qingyi.

Lei Qingyi shook his head, "I don't know, and I didn't ask. Otherwise, we wouldn't be able to catch them and blame everything on us. Besides, they might also be wary of me, so they won't tell us where they went."

Lu Yi crossed his legs and put down the bowl in his hand. His gaze was a little dark, but it was hard to tell what he was thinking.

"What's with the expression on your face?" Lei Qingyi put down the bowl and wiped his mouth. In any case, nothing in the world was more important than his bowl of noodles. First, he had to finish the noodles. Of course, there were also these dishes, they were all his.

"He's not there," Lu Yi said plainly.

"Not where?" Lei Puqing was a little confused.

"Where they're going."

Lu Yi said another sentence, but it made lei qingyi even more confused. "How do you know where they're going?"

Lei Qing picked up the Big Basin again and drank a mouthful of soup in satisfaction.

Lu Yi's words were a little incoherent now. He burped but still did not ask. Did Lu Yi Know?

"Do you know where they are going to catch people this time?"

Lu Yi shook his head. "I don't know."

"You don't know why they said they can't catch them. Maybe they will catch them?"

Lu Yi stood up and raised his wrist, "As long as they follow Xiao Zhu's psychological perspective, it's impossible to find him. Sometimes, don't believe too much in criminal psychology. For some people, criminal psychology is completely useless. It also leads people into a dead end and they can't get out."

"It's a little profound. I don't have enough intelligence to understand it." Lei Qingyi continued to drink his noodle soup. He couldn't understand it either. Anyway, whether he could catch it or not, someone would inform him in a while, and now his task was to eat. He was to eat these delicious dishes and fill his stomach.

In this world, if he couldn't fill his stomach, then what was there to live for?

As for other things, he was not in the mood to think about them.

He was eating noodles here, and his food was sparse. At this time, the convoy had already set off towards their destination.

Under the two rows of street lights, it was so quiet that there was almost no sound. There was only the sound of one car after another driving past..

When they reached the little grandson, it seemed that the entire village had also fallen asleep. Not even a single light had been lit.

There were not many families in the village, so it was easy to find them. However, the problem now was that it was already midnight. Everyone was asleep.

"Knock on the door."

Gu Yuan had no choice but to let someone knock on a door. When the door opened, the person who walked out of the door was holding a kitchen knife, wooden sticks, and the like. It seemed like they thought they were bad people from somewhere.

Gu Yuan took out his ID. "Uncle, don't be afraid. We are the police. We are here to investigate a case. I want to ask you something."

"No one in our family has done anything bad."

The old man was shocked when he heard that the police were here to investigate the case. He quickly defended himself. They were all good citizens who followed the law. They would not do anything illegal.

"Uncle, it has nothing to do with you," Gu Yuan said calmly. "I just want to ask you a few questions."

"I see..." hearing Gu Yuan's words, the old man's attitude became better.

When Gu Yuan asked the old man, Xiao Zhu also walked around from time to time, wanting to know where this person would hide until he reached the door of a house.

"You mean this?" The old man thought for a moment. "There haven't been any outsiders in our village recently?"

Really?

Gu Yuan clearly did not believe it.

"No," the old man could guarantee, "Our village is one of these few houses. I know whether there have been any strangers. There are only a few people who have rented our house, but they have been living here for at least half a year. Recently, no one else has come, not even the tenants."

Xiao Zhu walked over and whispered a few words to Gu Yuan. Gu Yuan turned around and looked at the fifth family from here. Then, he stretched out his finger and pointed there. "There are people living there, right?"

“There are.” The old man nodded. “That’s Granny Zhang’s house in the village. Her son and daughter-in-law have gone out to work. There’s only her and her granddaughter at home.”

“Can we go in and take a look?”

Gu Yuan asked the old man.

Of course, this old man didn’t live his life for nothing. Since Gu Yuan asked, he must have gone over to look for her. Of course, they cooperated. If they really found her, then they could talk about it again. If they couldn’t find her..., they could also eliminate this suspicion.

The old man happened to be familiar with Granny Zhang. The two families were somewhat related.

He walked over and knocked on the door of Grandma Zhang’s house.

Chapter 1724: loaning people

The door opened in a moment, and an old man in good spirits walked out. Of course, the clothes he was wearing were not bad. This was not some poor mountain ravine, it could be said that the grand ceremony was a village within a city. Some people still rented out guests. Even if these people gave them a month’s rent, it was enough for their entire family to spend.

The old man had specifically told Granny Zhang. Granny Zhang looked at the people in Gu Yuan for a long time before letting them in.

Xiao Zhu walked directly to a door.

“Is there anyone living in this room?” Xiao Zhu asked Granny Zhang. He felt that it was here. There was no mistake, because he had already smelled the right scent.

Granny Zhang nodded. “There is someone living in this room. It’s two little girls who work outside. They are usually not at home during the day, and they only come back to eat and sleep at night.”

Xiao Zhu nodded at Gu Yuan. Gu Yuan then gave a signal to the people behind him. Now that they were all ready, Granny Zhang and his grandson were standing in a safe place, it was to prevent any accidents from happening.

When they opened the door, they heard two screams coming from inside. The screams were so loud that it almost woke up the other villagers.

The room inside really belonged to two little girls. Even if Arnold could disguise himself as a woman, he must have disguised himself as such a short woman. Could it be that he had the bone shrinking technique.

They waited until the next morning and searched all the places, but there were no two people. The people in the village were all familiar faces. There were no two strangers, no one in a wheelchair..., no one had injured their feet, and no one had green eyes.

When they got into the car again and came back empty-handed, their expressions were not very good.

“This is impossible...”Xiao Zhu repeated this sentence repeatedly.

He had clearly calculated that there was no problem, but why wasn't he here? Why wasn't he here? If he wasn't here, then where was he? He was clearly arranged in this pattern.

But why was he not here? If he wasn't here in such a way, then which one would it be.

When Lei Qingyi arrived in the morning, someone reported to him. They said that Gu Yuan and the others had been alerted again, and this time, they didn't succeed.

It had been three times. Lei Qingyi felt that they really couldn't continue to be persistent. This kind of labor and loss of money had been the same for three consecutive nights. If they were to do it again, then how many people would the safety hall send, there were so many cars and so many people. Did the others still need to rest? Did they still need to do other things? Their safety hall was the safety hall of the entire Hai City, not Sun Yuhan alone.

If they put more people in danger because of Sun Yuhan, what would they do?

Therefore, he specially went to talk to Gu Yuan. It wasn't that he was unwilling, nor was it that he was stingy. No matter who it was, even if it was Sun Yuhan, they couldn't send out such meaningless police again and again.

After all, they were not here to live for Sun Yuhan. There were still many things that needed to be done. The special police could not be sent out just like that. After three consecutive days of fruitless return. Not to mention Lei Qingyi, even the people above Lei Qingyi had their opinions.

Moreover, there were other people in the safety hall.

If this continued, it would really be exhausting.

Gu Yuan walked back. At this moment, this case really made him feel powerless. This was the most difficult case they had encountered since the establishment of their team.

Moreover, this was not their territory after all. It was just like what Lei Qingyi had said. Every time they went out, they would be so loud and mighty. It was indeed a little too much.

Gu Yuan was not unreasonable.

“Let's go by ourselves in the future.”

Gu Yuan still could not give up. If they really gave up just like that, then their team might really break up. This was a team that they had put in so much effort to establish. There was their honor in it., they had their responsibilities. If they really failed here, they would not have the face to go back.

“Captain, we can try again.”

Xiao Zhu, who had been silent all this time, finally raised his head and spoke.

He walked to the blackboard again and hung up the map. On the map, there were many red marks. There were more than 20 points.

Gu Yuan narrowed his eyes. “Xiao Zhu, are you trying to...”

Xiao Zhu nodded. "That's it."

There was only one way for them to go. If they checked it themselves, it would be very difficult for them. After all, they were not from Hai City, it was impossible for them to look for a needle in a haystack in such a big city like Hai City with a map.

The only thing he could rely on now was the safety hall. However, the entire safety hall was not for Sun Yuhuan. The failure once or twice already made others very dissatisfied.

It was not like they could not see that the safety hall was indeed busy. Sometimes, the police would not come back even after a day. Therefore, they could not let the special police follow them and do such a meaningless thing.

Now That Gu Yuan actually used the word "Meaningless", it could be seen how disappointed he was with the three operations. The failure of the three operations had negated too many things. Xiao Zhu, he, their team..., there were also those successful cases that his team had done in the past. Sometimes, he wondered if they had never done a good case before, and if all of these were just his imagination.

He believed that no one was willing to do it again for the fourth or fifth time, but they still had not caught anyone. Not to mention others, even he did not want to experience such a thing again.

Because they were too tired, they had not slept for almost three days and three nights. All of them were not in good spirits, and their eyes were bloodshot.

"I'll go and discuss it with Lei Qingyi."

Gu Yuan looked at the red squints on the map again. Then, he pressed his lips tightly together. He threw away his old face and borrowed some people from Lei Qingyi.

"Borrow people?" Lei Qingyi remembered that she had made it clear to Gu Yuan just now that it was useless to go out like this. It was really not a solution. They had lost their confidence. It was different from what they had at that time, at that time, they had found the hiding place of the two people, but they had run away too fast. However, Gu Yuan had returned without any success three times. Other than that, they were all abandoned places, this time, they had barged into someone else's house. A few men had seen all of the two young ladies, causing them to sue them.

Chapter 1725: was wrong again

How could this be? Those armed police officers felt that they had lost all their face. Now, they were not willing to follow them out. This time, they had wasted money and labor, but they had not achieved anything.

He had said that he would cooperate with them unconditionally, but it was not this kind of useless cooperation. No matter what, it was not realistic.

He remembered that he had said it very clearly. He believed that Gu Yuan should have understood the situation. Why did he still need to borrow people now.

"I'm preparing for a big operation," Gu Yuan explained. "We're preparing to separately search for places where this prisoner might be hiding."

"How many are there in total?" Lei Qingyi did not refuse. Instead, he wanted to know how many spots there were and how many people were needed. Gu Yuan had already asked. He had to borrow this person.

However, he still had to calculate how many people he could borrow. Moreover, he had to apply to the higher-ups. If there were too few people, he could make the decision. If there were too many people, then he could not make the decision.

However, Lei Qingyi did not reject Gu Yuan's request. He and Gu Yuan did not have any personal grudges. The one who had grudges was Ye Jianguo, not them.

Gu Yuan reported a number. Lei Qingyi thought about it and finally nodded in agreement.

"I will do my best to cooperate with you."

Lei Qingyi's words might be a little stiff, but his tone was comforting.

"That person is not easy to catch. Even the online wanted posters have not been caught. It is normal for you to have missed three times."

"Thank you." What else could Gu Yuan say? Lei Qingyi's words comforted him more than anything else. Fortunately, Lei Qingyi did not kick him while he was down, nor did she make sarcastic remarks.

Lei Qingyi took the phone and started to talk to the higher-ups. Of course, the higher-ups were already very dissatisfied with this. After all, it was a matter of labor and money, and there was no result at all.

Especially since outsiders had interfered with the public security of Hai City, they naturally couldn't be happy. Didn't this mean that they were useless? They still needed outsiders to come and manage their Hai City.

However, although many people were dissatisfied, including Lei Qingyi, in the end, Gu Yuan and the others also agreed to their request.

There were more than 20 squints, and each person sent 10 people. This was more than 200 people. Including the people from other places and the people from the Safety Hall, a total of more than 230 people were dispatched.

Gu Yuan had already told them about the base they were going to. This was a large-scale search operation, and it was also Gu Yuan's last chance. If they couldn't find it this time, then there was really no other way.

"Do you think they'll find it?"

Yan Huan lay on Lu Yi's shoulder. She had already stayed in the garden of legacy for a long time and had never gone out. Of course, the colorful world outside didn't have much of an impact on her. She felt that this place was pretty good, but it was pretty good.., therefore, even if she was asked to go out, she didn't really want to.

Also, could the search team that ye Jianguo found really find the person?

“Maybe,” Lu Yi was also telling the truth.

There were more than 20 spots. Maybe they would meet, maybe they wouldn't meet, and maybe there would be a miracle.

“What do you want to eat today? I'll make it,” Yan Huan stood up straight. Even if the sky turned upside down outside, it had nothing to do with her. She just guarded her own plot of land and had a pretty good life.

As for Ye Jianguo, Sun Yuhan, and the like, what did they have to do with her.

Whether they found him or not was their business.

Whether they saved him or not was also their business.

“See, I'm not picky. Everything You Cook is delicious.” Lu Yi pinched Yan Huan's face. “I'll go and get busy. Call me when you're done.”

“Okay.” Yan Huan hugged his waist like a child and rubbed his face against his chest.

After Lu Yi entered, Yan Huan hugged his chest. What was he going to do? This seemed to be a problem. That's right, wasn't this a problem? The problem with Lu Yi's stomach was a big problem.

She discussed with Auntie Gu. If there were no guests at noon, it would be better for them to eat more simply. It would be a waste if they did too much.

At this moment, nearly three hundred police officers and almost all of the security hall were about to be mobilized.

Lei Qingyi had done all that she could and helped. If they still could not find the person, then he really had no other way.

These people were almost all from the Qing dynasty. They all went to find their own stronghold according to the agreed time in advance. There were more than twenty strongholds, close to three hundred people. As long as that person was still in Hai City, no matter how powerful the other party was, they would not be able to escape this inescapable search. Even if they grew wings., they might not be able to fly.

As expected of the well-trained special police. Almost all of them occupied these strongholds at the same time.

And in the end..

Lei Qingyi's face darkened, not knowing what to say

Out of more than 20 strongholds, not a single one was hit. Yes, not a single one was hit. This meant that their mission this time had all gone awry. They had deployed so many police forces, they had almost searched the entire sea city, but in the end, they still could not find it.

Lei Qingyi was having a headache.

This time, even he had no way of ending the situation.

“Captain, we...”

Gu Yuan’s teammates were really shocked this time. Over and over again, their judgment was wrong. There was actually no one in these twenty or so strongholds.

Gu Yuan patted his teammates on the shoulder. “It’s not like we didn’t gain anything.”

His teammates were also puzzled. They had all failed, so how could they gain anything? Their faces were also lost. When they had just arrived, they had all looked at the Safety Hall like idiots, but now, they felt like idiots.

Gu Yuan shook his head. There were still some gains. At the very least, we didn’t follow the usual procedures and search one by one. Otherwise, wouldn’t we have failed more than twenty times.

Yes, we would have more than twenty failures. And these twenty failures were enough for them to roll out of here in the end.

“Don’t be afraid. We haven’t lost yet. We Can’t lose, and we can’t afford to lose.”

Gu Yuan didn’t want to accept his fate, nor did he want to give up. Even if they didn’t need the Safety Hall’s help, they still had to continue investigating.

He would not let their efforts all these years be ruined here, nor would he let his team be ruined here. They could not afford to be ruined here.

“Captain, I’m sorry.” Xiao Zhu lowered his head. His eyes were red. After all, he was still too young and had not experienced any storms. It was clear that this storm was too big., it also caused his entire body to be bent over.

Chapter 1726: looked for her

“We might be going in the wrong direction, but it’s not all your fault.”

Gu Yuan comforted Xiao Zhu. This time, not only was it a blow to Xiao Zhu, but it was also a blow to him. It was also a blow to their entire team. In other words, it was to let them know what their biggest weakness was?

They had relied too much on Xiao Zhu, but they had lost their own judgment. In the future, as long as Xiao Zhu was around, the entire team would be around as well. However, this was not supposed to happen. It was completely not supposed to happen.

Every one of them was an elite. They were all indispensable talents in this society. They were also outstanding in a certain field, not now, Xiao Zhu was the one who placed all the pressure on.

Xiao Zhu also could not bear such a heavy burden. After all, he was still too young. Of course, they were not so useless. Without Xiao Zhu, they could not do anything.

And this time, after putting in so much effort, they still could not catch the person. This proved that their direction was definitely wrong. They had to try another method.

Gu Yuan dug up all the cases related to Sun Yuhan. From the beginning to the end, he looked through them seriously again.

“Old Ye, is there anything else you haven’t told us? Please think carefully. This is very important. Is there anything else that Miss Sun and Arnold are hiding?”

Gu Yuan specifically looked for ye Jianguo. He could feel that ye Jianguo had not told him the truth. There were still things that he had not said. At the very least, there was something that he was hiding from him.

And this kind of thing might be the key to making them go in the wrong direction.

Old Ye, you don’t have to worry. We won’t tell anyone. But there are some things that you have to tell us. Otherwise, it will be difficult for us to find this person. and the longer it takes., miss Sun’s situation also became worse.

Ye Jianguo did have a lot of things that he did not say. He did not tell them about the origins of that Arnold. What happened at the Ye Family Airport, Sun Yuhan lied to Yan Huan, and in the end, she broke her leg, these were not honorable things.

But when he saw Gu Yuan like this, he knew in the end that he still had to say something. Of course, he could not disregard his granddaughter’s reputation and make Sun Yuhan sound so unbearable and shameless.

It could only be said that Arnold had secretly taken a portion of the airport’s money. Later on, he had spent it all. Their ye family had made him a wanted criminal. Perhaps it was because of this that he held a grudge against their ye family, he blamed all the mistakes on Sun Yuhan.

And when ye Jianguo said this, he did not exaggerate or deliberately distort the truth. This was the truth to begin with. It was just that the truth was a little too big and no one could bear it.

Of course, there was also the matter of Yan Huan. He only mentioned it once.

That Arnold seemed to view Yan Huan in a different light.

And this was enough for Gu Yuan. He did not need too much information to think of anything. He could even think of actions.

When he returned to the team, Gu Yuan told the rest of his teammates about the whole matter.

“Is it that Yan Huan?”

One of the team members asked tentatively, “Is it that Yan Huan, that Celebrity Yan Huan?”

“Yes.” Gu Yuan nodded. “It’s that Yan Huan. The Yan Huan that ye Jianguo mentioned wouldn’t have any other Yan Huan. It can only be that one Yan Huan.”

Xiao Zhu had been silent the whole time. These few days, he didn’t feel like talking anymore.

Finally, he raised his face and the corners of his lips moved twice, but he did not know if he was going to say it.

“Xiao Zhu, do you have anything to say?”

Gu Yuan realized that Xiao Zhu wanted to say something but hesitated, but he did not decide to say it.

“I...” Xiao Zhu really did not know how to say it.

“Captain, actually, I have a way.” Xiao Zhu hesitated for a long time, but in the end, he still said it. Of course, there was also this method that he thought of.

“What Idea?” Gu Yuan hurriedly asked, “Did you find a new place?”

“No.” Xiao Zhu shook his head. “This time, we don’t need to find any stronghold, nor do we need to find his hiding place. He will come out on his own.”

“Come out on his own?” Gu Yuan frowned.

“Why would he come out on his own?” They had almost dug up the entire sea city, but they still hadn’t dug him out. Was there any good thing about that person walking into a trap?

“Yes, he will come out on his own, as long as...”

Xiao Zhu’s “As long as” also raised everyone’s hearts.

As long as, as long as what?

Yes, as long as what, as long as that person would come out on his own and walk into a trap on his own.

“Xiao Zhu, hurry up and say it.” Xiao Zhu’s silence made the others anxious. Yes, hurry up and say it. There was clearly a way, so why didn’t he say it? Why did he have to hide it? They had become like this this time.., now, as long as there was a way, they could try it. No matter how difficult it was, they would do it.

Xiao Zhu still lowered his head. It was not that he did not want to say it, but he did not know how to say it.

In the end, when everyone was about to lose their patience, he finally spoke.

“Captain, we only need to find one person and let her be my bait. I believe that person will definitely come out.”

“You mean, her?”

A name already appeared in Gu Yuan’s heart. Was it her?

Gu Yuan nodded. “This Arnold is a very vengeful person. Besides his vengeful heart, he also wants to find a spiritual support.

“As long as this person appears, no matter where he is, he will definitely appear. I believe that he will appear.”

Xiao Zhu was very certain of this point. Perhaps he had guessed the stronghold wrong.

However, he could completely guarantee this point. They only had one bait now, so they could quickly end this case.

Gu Yuan stood up. This was indeed the best method, but it was also the most difficult to deal with.

That person was not easy to find.

But with the relationship between the Ye family and the Lu family, it should be possible.

After all, nothing was more important than Sun Yuhan's life.

Gu Yuan went to ye Jianguo's place not long after.

"You want to find her?"

When ye Jianguo heard the name of that woman, it was obvious that even his aura turned cold.

"Why must I have her?"

"She can lure that person out, but the others can't. Gu Yuan discovered that ye Jianguo was wrong, but now is not the time to ask the reason. Elder Ye, can I ask if you know where she is now?" "If it's not convenient for you, we can go there personally."

The relationship between the Ye family and the Lu family was not a secret. Others might not know, but ye Jianguo would definitely know.

That person had not appeared in public for a long time. Right now, he wanted to know where she was. As for whether she agreed to help or not, it did not matter, because in the end, she would definitely appear.

Chapter 1727: bait

Ye Jianguo stood up.

"She's staying in the garden."

"Staying in the garden?" Gu Yuan's heart couldn't help but thump. He also had a bad feeling. That place wasn't a place that ordinary people could enter.

But no matter what, they still had to try. As long as they knew where the person was.

"Elder Ye, can you take us there once?"

Gu Yuan begged ye Jianguo again. It seemed that it was not enough to rely on them alone. Ye Jianguo still had to step in.

Ye Jianguo really did not want to see that woman. Every time he saw that person, he wanted to throw up the rice he had eaten. And that person, of course, was also the one who was most unwilling to see him. If he saw him, he might even throw up the rice that had been eaten overnight, he wanted to throw up.

But this time..

When ye Jianguo, Gu Yuan, and Xiao Zhu arrived at the entrance of the Liuyuan, it was already the afternoon of that day. They really didn't waste any time. They came and went as they pleased, they didn't want to waste even a second.

Because Sun Yuhan was in danger at any time now.

For Sun Yuhan's life, they had to seize every second.

It wasn't the first time ye Jianguo came to the Liuyuan Garden, so he wasn't too unfamiliar with the environment. Of course, he didn't take it seriously. However, gu garden was different from Xiao Zhu. This Liuyuan garden was like a paradise in the world, as soon as they got off the car, they could already feel the freshness of the air and the vastness of the surroundings. Every place seemed to have the most original nature. They could even hear the cries of chickens, as well as the sunlight shed that could be seen not far away, living in such a place was completely self-sufficient.

Such a place was actually a private residence in hai city, but it was not a tourist attraction. Gu Yuan was thinking that if this place were to be developed into a tourist attraction.., then how many tourists would come every day.

There were many twists and turns, and in the middle, there were several sentries. It was also thanks to ye Jianguo's face that they could be considered familiar. Otherwise, they really would not be able to enter.

Gu Yuan stood in front of the door and pressed the doorbell.

"They're coming, they're coming..."

The sound of footsteps could be heard from inside, and then the door opened. Standing at the door was a middle-aged woman.

"Who are you looking for?" Aunt Gu looked up and down at the two unfamiliar faces at the door. How could they enter the Liuyuan Garden with these faces.

"Aunt, we want to look for Miss Yan," Gu Yuan said with a smile, and his eyes looked inside from time to time.

"Who are you?"

Aunt Gu put her hand on the door, as if she was ready to close the door at any time.

"We are the police." Gu Yuan quickly took out his identification card and placed it in front of Auntie Gu. Auntie GU took a quick glance and confirmed that Gu Yuan's identification card was indeed from the police.

"We just want to find Miss Yan to understand the situation," Gu Yuan said again. Also, when he made way, Auntie Gu saw ye Jianguo standing behind them. When Auntie Gu saw ye Jianguo's face, she immediately felt uncomfortable.

Why is this person here again? Why is he here? Is he trying to bully Miss Yan again?

“Auntie, what happened?” When Lu Yi came out of the room, he found Auntie Gu standing at the door. He didn’t know who she was talking to?

“Mr. Lu...” Auntie Gu wanted to say something to Lu Yi, but Ye Jianguo had already entered without invitation. Even Gu Yuan and Xiao Zhu were the same. Entering someone else’s house was like entering their own backyard, this was really too casual and shameless.

Aunt Gu’s face immediately became long, but in the end, she held it in.

When Lu Yi saw who it was, his thick eyebrows couldn’t help but tighten.

“Aunt, please go get three cups of water.”

Aunt Gu walked into the kitchen, and in a short while, she had already poured three cups of water. At this time, Ye Jianguo had already swaggered out and brought two people to sit on the sofa. As expected, he didn’t know how to be courteous at all.

“May I know why Boss Ye Is Here?”

Lu Yi only addressed Ye Jianguo as ‘Old Ye’. The rest was just that. This wasn’t his grandfather. Where did he get a grandfather from? His mother was originally an orphan and only had one younger sister, that was Lei Qingyi’s mother, his aunt.

Ye Jianguo’s face darkened slightly when he addressed Lu Yi.

However, he was the one who requested this form of address.

He did not allow Ye Shuyun to address him as father, and he also did not allow Lu Yi to address him as grandfather. They all followed his instructions and called him, but why did they say it in front of Lu Yi’s mouth.

Ye Jianguo felt a sense of discomfort. It was as if even his ears were pricked.

“Mr. Lu, it’s like this...”

Gu Yuan naturally noticed that their relationship was a little stiff. He didn’t say much and directly explained their intentions. They were only discussing official business. As for private matters, they didn’t have any private matters with Lu Yi, it was even their first time meeting.

Lu Yi was quite famous in Hai City. Of course, they had admired him for a long time. It was a pity that their first meeting was under such an awkward situation.

“Who are you?” Lu Yi asked Gu Yuan indifferently.

He even made Gu Yuan blush. Gu Yuan had never felt so stupid before.

“Mr. Lu Yi, Hello. My name is Gu Yuan.” When he was about to introduce himself again, Lu Yi interrupted him.

“Have you caught Ah Nuo? Have you rescued Sun Yuhang? Didn’t we just mobilize a large number of police yesterday? Why didn’t you arrest your people? Why did you come to my house?”

These words were very impolite. Of course, they did not leave any face for the people present.

This included ye Jianguo and Gu Yuan

Gu Yuan was stunned for a moment. Clearly, he did not think that Lu Yi knew so much about their matters. He even knew that they had made a big fuss about arresting people yesterday. So now.., there was no need for him to introduce himself.

“Mr. Lu, we would like to ask Miss Yan for a small favor.”

Xiao Zhu carefully interjected. For some reason, Xiao Zhu suddenly felt that this Lu Yi was a little scared. Moreover, he was actually unable to guess his current thoughts. This kind of feeling was like facing his own psychological mentor.

“Do you want my wife to be your bait to lure Arnold Out?”

As soon as they said this, Lu Yi knew what they were trying to do. What they wanted was Yan Huan. Now that they were at the end of the road, they wanted Yan Huan.

Why did they think that he would agree? Why did he put his wife in danger? Did he think that they were the good guys or the Holy Mother? Did he know him too well or was he too confused.

Xiao Zhu’s expression changed because of Lu Yi’s straightforwardness.

Chapter 1728: What Guarantee Do you have

“Mr. Lu, please rest assured. We will definitely guarantee Miss Yan’s safety,” Gu Yuan hurriedly said. He felt that things were not too good, nor were they too good. Between ye Jianguo and Lu Yi.., it seemed that they were still worse than strangers.

Would they be able to reason with Lu Yi in this way? And obviously, it seemed that they couldn’t.

Whether it was his expression, tone of voice, or anything else, Lu Yi was very stiff.

And they could clearly feel that Lu Yi’s absolute rejection didn’t leave any room for negotiation.

“Mr. Lu Sheng...” Gu Yuan didn’t give up and called Lu Yi’s name again. “Please believe us. We won’t hurt Miss Yan. We can guarantee it.”

“Guarantee?” Lu Yi narrowed his eyes. “You Guarantee? What guarantee do you have?”

“I can guarantee with all of our team members.” Gu Yuan hardened his heart. “When necessary, all of our team members’ lives can be sacrificed for Miss Yan.”

“Don’t make it sound so nice, and don’t put your lives on my wife. You saved Miss Sun, not Miss Yan.”

Lu Yi cut off Gu Yuan, and his words were full of sarcasm.

Gu Yuan was speechless.

“Lu Yi, Yan Huan has to come with us.”

Ye Jianguo stood up. “I’m not here to inform you, I’m here to order you.” After saying that, he strode out.

Gu Yuan didn't look too good either. He thought that things would go smoothly, and he could easily persuade Lu Yi. It seemed that things weren't like that., there was still something that ye Jianguo hadn't told them. This was the most difficult part for them.

"Mr. Lu..."Gu Yuan was about to open his mouth again, but Lu Yi shot him a cold glance, making him unable to say a word.

He knew that they were indeed forcing him into a difficult position. Just as Lu Yi had said, they had saved Miss Sun, not sister Yan Bu. She was staying at home, so why did she have to bear all this for others, she even had to bring about some unexpected dangers for herself. which normal person would like this and not be willing to do so.

Moreover, Yan Huan was a public figure. Even the slightest mishap would have a huge impact on her image.

Lu Yi clearly did not want Yan Huan to participate, so he would not let Yan Huan appear.

This was also the responsibility of a man. No man would put his wife in danger for any reason. Moreover, this kind of danger had nothing to do with them.

Lu Yi rejected their request. He would not agree to let Yan Huan be such a bait, so Gu Yuan and the others had not even met Yan Huan once.

When they returned, Gu Yuan lowered his voice and asked Xiao Zhu, "How confident do you feel?"

Xiao Zhu shook his head. "I don't feel confident. Captain, that prosecutor Lu won't agree."

"I can feel it too."It was impossible for him not to feel Lu Yi's dominance. Such an obvious rejection, such a stiff annoyance.

"Other than this method, is there any other way?"Gu Yuan asked Xiao Zhu again. This method was obviously not going to work. They had no way of talking about a stiff man like Lu Yi.

If he said no, it meant no. If he said no, it meant no.

There was no possibility at all.

Xiao Zhu shook his head, "Captain, I don't have any other way. This is the only one. My psychological criminology is completely useless in front of that person. He is a monster that I don't know of. If we want to solve this case, other than using this method that I mentioned, there is really no other way,"Xiao Zhu finally admitted, that man was too much of a monster. His thoughts were completely different from theirs, and also different from ordinary people. That was why he had been miscalculating, now, he simply could not predict that person's next actions, including what he would do, and whether he would directly kill Sun Yuhan.

Gu Yuan was also a little silent at this moment. No one knew what was behind the silence.

This was something that would block their future.

They had to be careful and understand that the things they were facing now could not be explained in a few words.

“Captain, what should we do now?”

Xiao Zhu asked Gu Yuan worriedly.

“Let me think carefully. Gu Yuan waved his hand. He needs to calm down and think carefully.

When he sat in front of ye Jianguo again, he could clearly feel the impatience on ye Jianguo’s face this time.

“Why? Did you come up with such a method?”Ye Jianguo’s voice was filled with a serious and questioning pressure. Gu Yuan was actually regretting accepting such a case back then, and all of this was his fault. He was to blame for imagining himself to be so powerful that he had forgotten that there were many people and things in this world that could not be accomplished by him alone. He was not omnipotent either, and not everything could be solved easily by him.

“Old Ye, so far, we only have this method to think of. That Arnold might also be an expert in psychology. He can completely blind our eyes.”

Gu Yuan stared at ye Jianguo’s eyes seriously. Why did he feel that they had all been tricked by ye Jianguo.

Ye Jianguo closed his eyes.

“As long as she’s there, are you sure you can save my granddaughter?”

“Yes, we can guarantee it.”Gu Yuan could really guarantee this point. Although he had promised it too many times, this time it should be foolproof.

“I understand.”Ye Jianguo did not say anything else. He had to think about how to bring the person out. There was nothing that he would not do in order to save his granddaughter.

The Sun outside seemed to be a little intense and it pierced his eyes. He narrowed his eyes and a trace of viciousness flashed across his eyes.

“Are you serious?”?

Ye Shuyun suddenly stood up and clenched the phone in her hand. She could not believe what she had heard.

“Yes.”The person on the other end of the phone said anxiously, “We only found the patient’s ID card and his phone. We also found your name in the address book. Please come over as soon as possible. The patient’s condition is a little dangerous now. By the way, it’s best for you to bring a young man over because the patient can not move. He may need to turn over or something.”

“Good, good, I know, we will go right away,”ye Shuyun put down the phone, heart up to now is also unable to calm down, because ye Chuji had an accident.

Chapter 1729: was kidnapping

"It's alright, don't worry. Big Brother will be blessed." Lu Jin was also shocked when he heard about this. How could ye Chuji get into a car accident when he was fine? Moreover, he seemed to have heard from the people over there that it wasn't too light. What was wrong with the Ye Family? Every single one of them got into an accident. Where did they get into trouble.

"What should we do?" Ye Shuyun only had one big brother. Her big brother had been very good to her since she was young and treated her like his own sister. No matter how ye Jianguo treated her, Ye Chuji had always been a good big brother, in the end, he even gave her the business that he had worked hard for his whole life. What if something really happened to her big brother?

"It will definitely be fine." Lu Jin could only comfort ye Shuyun like this. Otherwise, what else could he say? No one knew what was going on over there, so they could only know the exact situation after they passed.

"I'll go with you."

Lu Jin thought for a moment. If it was really serious, Ye Shuyun, a woman, definitely wouldn't be able to do it. He had to follow her.

"I'll let Lu Yi go with me." Ye Shuyun wiped her tears, "Dad is at home alone. It Won't do if you're not around. It's better for Lu Yi to go with me. He's young. If he carries something heavy, it's fine. But if you go, what will happen if you break your old waist?"

"How can it be so serious?" Lu Jin touched his waist.

"I'll Call Lu Yi." Ye Shuyun had already picked up her phone and called her son. When Lu Yi heard the news, he had a strange feeling in his heart.

Yan Huan saw that he didn't look too good, so he quickly ran over and touched his face. "What's wrong? Why do you look so bad?"

"Nothing." Lu Yi pulled her hand away. "I might have to go out once. You better not wander around the house. It's too messy outside."

"You're going out?" Yan Huan blinked. "Why are you going out when you're perfectly fine?" Yes, perfectly fine. Why was he going out? Why was he going out? "Is he going on a business trip?"

"No." Lu Yi shook his head. "Something happened to uncle. I need to go over with mom to deal with it."

"Something happened to uncle. What Happened?"

Yan Huan frowned.

"It's okay. We'll know when we get there."

Lu Yi didn't want Yan Huan to worry. Of course, he didn't know much.

He took out his cell phone and made a call to the hospital. The person who answered the call was still the person from the hospital. He asked a few questions and they all answered correctly. Everything matched up.

However, Lu Yi still felt that something was wrong.

However, before he could figure it out, Ye Shuyun had already booked the plane ticket. Moreover, the time for the flight was very tight. Lu Yi only came to remind Yan Huan not to let her go out and not to let him meet anyone, he also did not want her to come into contact with anything. He would only talk about other things when he returned.

Yan Huan also agreed. Before she could say a few more words, Lu Yi had already set off. Moreover, they were really quite far away from the place where ye Chuji had met with his accident. There was no direct flight, they could only take the plane to a certain place first before taking the train.

Lu Yi had been around for the past few days and had never left. He did not even go to work. Yan Huan was not used to it after he left. It felt very empty wherever he went, he felt a little bored wherever he went.

Lu Yi had also said before he left that she should stay here and not go out. Even if it was to pick up the three children, Lu Jin and old master Lu would be there. The Lu family also had two nannies. They would take good care of the three children.

In fact, Yan Huan was worried about Lu Yi and ye Shuyun. Similarly, he was worried about the three children.

Once Lu Yi left, she felt uneasy. She could not sit down or stand up.

When it was noon, she was finally used to it. However, she still felt refreshed sometimes.

"Miss Yan," Auntie Gu came out of the kitchen and wiped her hands on her apron.

"Mr. Lei is working overtime today. I asked if I could send him some fried noodles?"

"Alright." Yan Huan did not refuse. It was just a serving of fried noodles. It was very easy. She would ask auntie gu to send some fried noodles to lei qingyi in a while. Lu Yi was not at home recently, so Lei Qingyi was naturally embarrassed to return to the Liuyuan Garden, she could only stay at her own place for the morning or stay at the Safety Hall. There were many things to do at the Safety Hall. However, she could still eat some delicious fried noodles.

Auntie gu made some more fried noodles. Yan Huan had already eaten them, so she didn't have much of a taste. She could just eat some.

Auntie Gu didn't know how to drive, so Bai Zhi sent her there.

When Bai Zhi went out, he stared at Yan Huan for a long time.

"Why are you looking at me?" Yan Huan touched his face. "Didn't I wash my face?"

"No." Bai Zhi wasn't feeling well today. It was his intuition.

"I'm your bodyguard, not your delivery boy."

"Go Ahead, I won't go out."

Yan Huan pushed Bai Zhi. "It's not like you've never gone out before."

Bai Zhi could only take the car keys. She wanted to drive the car faster so that she could come back earlier. It wasn't that she was overthinking, but it was indeed not good for Yan Huan to be alone in the Liuyuan Garden.

The garden of detention was safe, but who could guarantee 100% safety? In the past, it was because of Lu Yi that she dared to go out. But now that Lu Yi had something to do, she couldn't help but feel worried.

After Bai Zhi and Auntie Gu left, Yan Huan closed the door and walked to the sofa to sit down. He also turned on the television to watch. However, not long after, there was a knock on the door

What's wrong? Didn't they just leave? Did they miss something?

Also, why didn't they take the key?

She stood up and walked over. Just as she opened the door, she felt her vision go black. What was left in her mind was ye Jianguo's sinister old face and his eyes.., the malicious hatred that burst forth.

When she woke up, she was already in a place that she did not know about. As for herself, she was tied up. She looked up and saw a few people standing in front of her.

They seemed to be at a loss and also seemed to be surprised.

"I'm sorry, Miss Yan. This time, we really have no choice, so we can only use this method to invite you over."

Gu Yuan had a complicated look in his eyes. He had never expected that ye Jianguo would use such a malicious method to invite Yan Huan over. No, this wasn't inviting, this was capturing, this was kidnapping.

"Who are you?" Yan Huan wasn't too nervous because she knew who had kidnapped her. As long as they investigated, they would be able to find out who ye Jianguo was. It was impossible for ye Jianguo to kill her.

Chapter 1730: was even more shameless

If she didn't guess wrongly, these people wanted to use her as bait to find Sun Yuhan's whereabouts.

"I'm Gu Yuan." Gu Yuan also felt his face turn numb from smiling. He was a police officer himself, but now he was doing such illegal things. He felt that he couldn't meet anyone.

"It's You?" Yan Huan had heard a lot about this name recently.

It was the squad that ye Jianguo had hired. Oh, why? They couldn't find him, so they had already set their sights on her. And this time, ye Jianguo really dared to do it. Was he burning all his bridges?

Just as Lu Yi left, he made his move.

Could it be that even ye Chuji's car accident was made up by him? If that was really the case, then Yan Huan really had to admire ye Jianguo. For a granddaughter with a foreign surname, it was fine if he

didn't care about the life and death of his own grandson.., to think that even his own son wanted to curse him to death.

She really felt that it was not worth it for ye Chuji and ye Xinyu. How could they have such a grandfather and such a father

"You're a police officer, right?" Yan Huan asked Gu Yuan in front of him indifferently

"Yes, I went to stay in the garden once," Gu Yuan replied. "It's just that I didn't see you."

Yan Huan sized up the other people again. "They're all police officers?"

She asked again.

"Yes," Gu Yuan nodded in acknowledgment. "They're all my teammates."

"Oh... very good." Yan Huan lowered her head and looked at the rope tied to her body, "This is what you do as police officers. Kidnapping me. Even if you manage to find Sun Yuhan, you guys can forget about being police officers anymore."

Her words directly made Gu Yuan's face turn pale, but in the end, he still steeled his heart.

"I'm sorry, Miss Yan. Please cooperate. We only want to save her."

"It's your business to save her, what does it have to do with me?" who lived and who died, was it really related to her, Yan Huan?

"Please cooperate with us this time," Gu Yuan still said. "We can guarantee your safety."

"My Safety?" Yan Huan said sarcastically, "What guarantee do you have?"

"I can guarantee it with my life." Gu Yuan clenched his hand by his side. "I will guarantee Miss Yan's safety. I will send you home safely."

Yan Huan did not want to talk to these people. It would be a waste of time. They had made up their minds to use her as bait, right?

She tried to move, but the rope around her was tightly tied. She knew very well that she could not escape, and these people had finally caught her, how could they let go of her as bait.

"How Long Do You Think You Can Catch Me?" Yan Huan asked Gu Yuan. One day, two days, one day, two days were the limit. Don't forget, all vehicles entering and leaving the detention center had to be registered, this was also the reason why she dared to stay in the detention center alone. There was no such thing as being knocked unconscious in her own home and carried out by someone. Why did she have to encounter all sorts of strange things?

"We don't need much time, so we'll let Miss Yan suffer for a few days first."

Gu Yuan had never thought of holding Yan Huan for a long time. Yan Huan was not someone he could detain. Yan Huan was a celebrity, she was an international movie queen, and her husband was the prosecutor of Hai City. Her father-in-law was Lu Jin, who was a general, his military rank was extremely

high. They could not afford to offend such a person, but they just had to provoke him. Moreover, there was no way out.

When they came out, Xiao Zhu finally said what he had endured for a long time.

“Captain, is this really good? She is not someone else, she is Yan Huan. You clearly know her identity.”

“I also did not expect ye Jianguo to use such a method.” Gu Yuan smiled bitterly. Yes, he did not. He really did not think that when he saw Yan Huan, she had already been tied up, although he had never seen Yan Huan in person, he recognized her at a glance. This was the Yan Huan that often appeared on television.

And now, Yan Huan was actually right in front of him, tied up. He had no way out. Sun Yuhan and the others had to be saved, and that Arnold had to be caught. And now, regardless of whether they wanted to release Yan Huan or not., they couldn't deny that they had already offended Yan Huan.

Therefore, what choice did he have? He had no other choice. He could only brace himself and hope to capture that person in the shortest time possible, and then rescue the hostage.

As for the consequences, they didn't know at the moment. Everything would first be based on the hostage.

However, this ye Jianguo was not only ruthless, but he was also very brave. He had brazenly captured them just like that.

When Bai Zhi brought auntie Gu back, they had just reached the door when they heard the sound of the television. That meant that Yan Huan was still inside

The two of them could not help but heave a sigh of relief. It was good that he was here. Yes, it was good that he was here.

However, when they entered the room, they realized that there was no one sitting on the sofa. Only the television was turned on.

“Miss Yan...”

Auntie GU called out. Why was the television turned on? However, Yan Huan was nowhere to be seen.

Bai Zhi's expression changed. He hurriedly pulled open Yan Huan's room door. The blankets were folded neatly and there were no traces of anyone sleeping. Auntie GU also went out to look for him, she thought that Yan Huan had gone to get eggs.

However, Yan Huan did not go over. The farmers had also said that they had not seen Yan Huan all morning.

Bai Zhi felt that something had happened, so he immediately went to look for the guard outside and had the guard pull up the surveillance footage. The footage started after they left, and not long after, a car entered. This car did not belong to anyone else, it belonged to ye Jianguo.

It was ye Jianguo who took Yan Huan away.

“I’ll go and get Yan Huan back.” Bai Zhi was about to drive to the Ye residence. She was Yan Huan’s bodyguard. If anything happened to Yan Huan, she would take full responsibility.

“Yan Huan, what does she have to do with me?”

Ye Jianguo refused to admit it, “I only went there once and then left. You All saw me take Yan Huan away with your own eyes. If you don’t have any evidence, leave my house immediately before I get angry.”

He was really lying through his teeth. If it wasn’t for him, who else could have taken Yan Huan away.

And Bai Zhi was right. Ye Jianguo was lying through his teeth right now. If he didn’t admit it, who else could force him to admit anything? Bai Zhi almost couldn’t help but slap this old bastard in the face.

Old Ye was exactly the same as the rumors outside. Bai Zhi’s face was cold, and his eyes were almost as cold as ice

Ye Jianguo continued to drink his tea, not bickering with a little girl.

“I think the rumors are still not enough,” Bai Zhi continued, “Elder Ye is really more shameless than the rumors say.”
