

Sweet Wife 1771

Chapter 1771: treated her like a fool

As for Sun Yuhan, everyone knew that she had retired from the entertainment industry because of her injured leg. How could a cripple be a movie star? This was a very cruel place. Even if you were a healthy person, you would still walk on thin ice sometimes, let alone a cripple. Even if she wanted to quit, she couldn't.

Moreover, Sun Yuhan wasn't famous just because she met her.

However, it was absolutely impossible to make Yan Huan believe that that woman would stop just like that.

What was she waiting for? HMM, what was she waiting for?

She was waiting for the day that the wicked would receive their retribution.

In this world, the heavens wouldn't blindly condone people who had done many bad things. What was owed must be paid back, and the wrongdoings that were done would also be punished. If the heavens didn't punish her, then she would.

She continued to flip through her computer, her mood quite good. It was mainly because her body was also recovering bit by bit. Now, she didn't need to sit in a wheelchair anymore. As long as she didn't do too much strenuous exercise, presumably., she would be fine.

Moreover, she was only staying at home now. How could anything happen to her again.

However, sometimes, there were things in this world that she couldn't do as she pleased. For example, she received a call from ye Jianguo once again, saying that he had something to talk to her about.

Yan Huan did not think that he needed to talk to ye Jianguo because he had something to do now. They did not get along well, and she felt that it was too much to say even a single word.

Therefore, she..

Still wanted to go.

Yes, she wanted to go. Why didn't she go? How would she know what ye Jianguo wanted to do? Did he want to make peace or plead for mercy? No, Yan Huan had never thought about this. If she really wanted to apologize, then.., why didn't he come himself but let her go?

Moreover, ye Jianguo had made it very clear that he wanted her to pay the contract alone.

Did he really think that she was that stupid? She had been deceived once, so she had to lower her IQ again and again. She wasn't a fool, she was really stupid. If she really did something so stupid this time.., she believed that even if ye Jianguo didn't kill her, Lu Yi would still strangle her to death.

When Lu Yi returned, Yan Huan told Lu Yi about this matter.

"Are you going or not?"

Yan Huan asked Lu Yi, "Tell me, what do you think ye Jianguo wants to do to me? Don't tell me he's going to have me tied up again?"

"We'll find out when we get there." Lu Yi's brows were almost completely creased. As for what ye Jianguo was going to do? He didn't want to guess, nor did he want to guess. He would use his own eyes to look.

The next day, Yan Huan changed into a new set of clothes and swaggered out the door. When she arrived, ye Jianguo had already arrived early in the morning.

She had nothing to say to Ye Jianguo, and of course, she wouldn't call for help. She just wanted to give him a kick.

Anyway, he wasn't her grandfather.

Anyway, her parents had died early, and she didn't even have parents. She wasn't like Sun Yuhan, who had a grandfather and a grandfather.

"Why did you call me here?" She asked straightforwardly. She didn't even bother to say anything unnecessary.

"Who asked you to talk to me with such an attitude?" Ye Jianguo felt that his dignity had been insulted.

Yan Huan curved his red lips and smiled sarcastically. "I don't think you came here to talk to me. Besides, what kind of good attitude would I give to a person who wants to plot against my life?"

"My life was given by my parents. It has nothing to do with you."

Ye Jianguo suddenly felt his face burn for no reason. Then, his face turned red and his neck was so thick that he was so angry that his heart almost exploded.

"I'm not going to say any more nonsense to you." He took a deep breath and suppressed all his discomfort. "My Yuhan wants your leg."

When Yan Huan heard this, he was stunned for a moment. Then, she felt that she had heard a joke, right?

She really wanted to laugh, but she couldn't. This was the best joke she had heard in her two lifetimes.

Her leg, Haha... Her Leg, Ha... how was she going to give her leg to Sun Yuhan? Could it be that Sun Yuhan wanted to transplant her leg to herself? She had never heard of a leg that could be transplanted. If it could really be transplanted, then how could there be so many cripples in this world, if her arms and legs could be transplanted, then could her head be transplanted as well? Even if she wanted to become a man, would she cut off her own head and then find a man's head to put on her neck, then she would really become a man.

Yan Huan really wanted to stifle her laughter, but in the end, the corners of her mouth twitched. She was too lazy.

Because she felt that she was really too pathetic. The Su family wanted her bone marrow, and the ye family wanted her legs. In her life, was Yan Huan born to provide organs for their two families?

At this moment, she actually began to feel disgusted. She turned around with all her might, preparing to leave this place. As expected, they really didn't get along. Even if she said it, it would be useless.

However, before she had even taken a few steps, there were already a few people standing in front of her. It was just like the last time. were they blocking her path, or were they trying to force her so that they could cut off her legs?

She touched her wrist. She was considering how many people she would beat up one by one, and how she would beat them up. Would they be beaten silly or crippled? At this moment, she finally had a feeling that.., the safest person in this world was herself. Sometimes, when she was in danger, no one could save her. Only she could save herself.

In the past, she still felt that letting Xiao Qi and Xiao Guang learn martial arts was too small and too difficult for them. They had worked too hard. But now, she felt that there were some things that they had to learn, and they had to learn better than others, learn them better.

It was not because of anything else, but mostly because of herself. This was a guarantee to their lives, and they had to learn it.

"Take them away," ye Jianguo ordered faintly. He also turned around and left. However, the moment he turned around, he heard a few banging sounds, followed by the sound of a few people falling to the ground, as well as their miserable screams.

Ye Jianguo suddenly turned his head around and saw that there were people lying on the ground. All of them were hugging their stomachs and screaming continuously. Yan Huan was still standing upright. She did not even move a single step.

Not far away from her, there were two men standing. Both of them were very tall, but at the same time, they were also men who exuded a stifling pressure.

"Are You Alright?" Lu Yi walked over. He did not pay attention to his feet as he directly stepped on a man's finger. The man suddenly sat up and before he could scream, a big foot came up again, this time, it was not anywhere else but his place. The Man's face first turned white, then red, and finally, it was green, red, and green, there were also large beads of sweat dripping down his forehead.

Chapter 1772: came knocking on the door

When the others saw this, they could not help but clench their legs.

How painful would it be to be stepped on by such a huge foot?

The owner of the huge foot that stepped on the person did not notice what he stepped on at all. He thought that it was clothes, since it was soft anyway. As he stood in front of Lu Yi and Yan Huan.., he used his bear-like body to block the two people behind him.

Ye Jianguo's face was livid. At this moment, the group of people lying on the ground knew that they had provoked someone they shouldn't provoke. They hurriedly scrambled to their feet and ran, there was also a place that was covering themselves. They limped forward, but they didn't manage to run

properly. They fell to the ground and ate mud. Then, they got up and crawled forward with their hands and feet., he ran.

With such a big body and such a strong fighter, they did not even have a chance to attack. Then, they were just beaten up. It was fine if they were beaten up, but if they were all stepped on., they would not dare to do such a thing no matter how much money they were given. Only a fool would dare to do such a thing.

The few of them rolled and crawled as if they had met a ghost. In a short while, there was no one else. And now, only ye Jianguo was there.

Ye Jianguo suddenly glared at Yan Huan.

“You Schemed Against Me?”

“I schemed against you?” Yan Nan felt that it was somewhat laughable. “If you didn’t scheme against me, how could I scheme against you?” Yan Huan took out a tissue from his bag and wiped his fingers clean one by one. He had been schemed against once, this old man thought that he was too smart, or that everyone else was too stupid. He really thought that if he said one thing, then it would be one thing, and if he said two things, then it would be two. If he let others take his leg, then others would give it to him. If he let others take their lives, then others would have to take their lives.

Lu Yi stood in front of Yan Huan. At this moment, his expression was solemn, and his expression was also unfamiliar. It was as if this was the first time he had met his grandfather. The unfamiliar people were practically strangers.

At this moment, if ye Jianguo said that he wasn’t sad, that would be a lie. After all, he was his grandson whom he had doted on since young. He was even more in pain than ye Xinyu, and he had also placed his hopes in the future, but in the end, they had become like water and fire, incompatible with each other.

“Let’s go.” Lu Yi clenched Yan Huan’s fingers tightly, so tightly that Yan Huan could feel the sweat on his palms and the slight tremble between his fingers.

She didn’t say anything and just lowered her head. It was unknown what she was looking at, the small rock on the ground or the fact that she wasn’t looking at anything at all.

Lei Qingyi pursed her lips and some disdain slid down from the corner of his eyes.

Ye Jianguo thought that this matter would end just like that, just like before. Even if he had used Yan Huan as bait, in the end, this matter had passed just like that.

Although he did not manage to catch the person, just because he failed once did not mean that he would fail again and again. After returning home, Sun Yuhan continued to quarrel, causing ye Jianguo’s head to hurt.

It was not until night time that the people from the Lu family arrived. Lu Jin, Ye Shu, and of course, Lu Yi also had Yan Huan.

Sun Yuhan sat on the wheelchair and used her fingers to pull up the blanket on her leg. At that moment, a wave of hatred was like the pain on her leg, deep into her bones.

“What? You still want to kill people?”

Ye Shuyun coldly threw a sentence at Sun Yuhan. Did she really think that the people of the Lu family were all dead people? They didn't care whether they fought back or cursed back.

“So What?”

Sun Yuhan really didn't think that the people of the Lu family were one thing. Anyway, no matter how much she had done, she had already done it. She didn't care about one or two things.

Ye Shuyun directly threw her bag to Lu Jin. She rolled up her sleeves with a violent look on her face. Some people just needed to be taught a lesson. If she didn't beat them up for a day, they would go to the roof and tear the roof off. If she didn't beat them up for three days.., she even forgot what she was.

Lu Jin turned his face and admired the wall. He couldn't see it anyway, and the curve of his lips was also ice-cold. There was a hint of patience that was about to break down. If the other party wasn't a woman.., he would have punched her long ago.

Ye Shuyun walked over while Sun Yuhan was still smiling. Why? Are You Looking for me? She didn't believe that anyone would dare to hit her, especially ye Shuyun. This was a dog raised by the Ye family. How could a dog bite its owner?

However, in the next second, there was a slap.

The Pride on Sun Yuhan's face instantly disappeared. She covered her face and almost screamed, “You dare to hit me? You Dare to hit me? You're a dog raised by the ye family...”

Even Lu Jin's expression changed, let alone ye Shuyun.

Ye Shuyun was neither angry nor sad. Her heart was broken and she did not feel anything at all.

Sun Yuhan kept screaming while ye Shuyun did not relent. She slapped her fingers several times until they were numb. Of course, she also slapped Sun Yuhan's face until it was swollen.

“Ye Shuyun, what are you doing?”Ye Jianguo only reacted after a long time. He was about to go over to save his granddaughter, but Yan Huan blocked him.

“Old Ye, it's okay if my mother doesn't hit her.”Yan Huan played with his fingers. It was a joke, but it was 70% serious, “If she doesn't hit her, I'll do it. My hands aren't light or heavy. If your granddaughter's other leg is crippled, don't blame me then?”No, both her legs were crippled. She could hit her arms.., she could even hit her head.

Ye Jianguo stopped in his tracks. If he still didn't know what was going on, he would really be too old and muddle-headed. The Lu family had come here to seek revenge.

“Grandpa, save me, Grandpa, Save Me...”Sun Yuhan was beaten until she cried for her parents. Her entire face was swollen, and even her mouth had turned into a sausage mouth. With a bang, Ye Shuyun directly pushed her onto the wheelchair, riding on Sun Yuhan's body, she would occasionally slap Sun Yuhan's face. Wherever it was most obvious, she would hit her. Wherever it hurt the most, she would hit her.

Don't treat them as fools. They were all soft persimmons that could be easily squashed. They were all human beings with tempers. No one would put up with your bad temper for the rest of their lives.

Besides, they are not related to each other. Didn't ye Jianguo already say that he would treat her as if she was not his daughter? In any case, they were not related by blood. The one who was ungrateful was not her, Ye Shuyun, she, Ye Shuyun, had memorized the word 'Ye'. was she going to help ye Jianguo and destroy her family?

Ye Jianguo took a step forward, but Yan Huan still blocked his way. He still held his finger from time to time and made cracking sounds. It hurt even more when she hit him.

"Ye Shuyun, let go of Yuhan immediately." At this moment, ye Jianguo could not move. His entire face was filled with tears, and even his facial features were distorted.

Chapter 1773: I Can't afford to raise her

"Ye Shuyun!" Ye Jianguo shouted at Ye Shuyun again. "If you don't let go of Yuhan, you'll get out of the Ye family in the future. I don't have a daughter like you, and you're not allowed to have the surname Ye."

"Okay." Ye Shuyun had long given up the surname Ye. "I agree. I'll change my name with the Household Register Tomorrow." She meant what she said. This surname Ye was simply too disgusting. Ever since Sun Yuhan had taken back her surname., nothing good ever happened in their family. It was best if her surname was no longer ye. She still wanted her children and grandchildren to live a peaceful life in the future. Yes, it might be troublesome for others to change their names, but she didn't. She just changed her surname., it was very easy. She had forgotten what her name was in the past. However, Lu Shuyun was also not bad. She would follow her husband's surname in the future.

At this moment, the door opened and ye Chuji walked in. However, his expression was cold. He did not think of saving Sun Yuhan who was being beaten by Ye Shuyun.

When ye Jianguo wanted to order his son to save his granddaughter, Ye Chuji curled his lips. He pretended not to see it. He even thought that the beating was too light. If it were him., he would definitely slap this scourge to death.

This kind of heartless woman deserved to be beaten to death. She deserved to be crippled. Wasn't this karma after the bad deed was done? If she wasn't crippled, what justice would there be.

If this kind of person could still live happily in the ye family, he would slap his own face.

Ye Jianguo wanted to speak again, but ye Chuji interrupted him, "Father, give me the household register tomorrow. I want to change Xinyu's name as well. I want to take my mother's surname. In any case, there will be no one in this family for the both of us to share. The family business that I worked so hard to accumulate will be given to someone else in the end. I Won't say anymore. In the future, I'll take care of my own son. As for your granddaughter, you take care of her. Don't look for me. I Can't afford to take care of her either."

Ye Jianguo finally understood that ye Jianguo could do this to Yan Huan, Ye Shuyun, Lu Yi, and even Xun. If that was the case, then the next time.., he did not know if he and Xinyu would be the ones to die. Xinyu was his deceased wife who had traded her life for it. If he was going to die, it would be because of old age, not because of someone else.

Ye Jianguo was so angry that his fingers were numb. His mouth was wide open, but he could not speak. It was as if someone was strangling him.

“Mom, that’s enough. Don’t. It’s not good to kill her,” Lu Yi said faintly. Then, he took out a stack of documents from his briefcase and placed them on the table.

“Elder Ye, this is a subpoena from the procuratorate. After collecting evidence from various sources, I Want To Sue Sun Yuhan for using absolutely despicable means to harm another person’s life and attempted murder.”

He pushed the information forward, “Elder Ye, the information is authentic and trustworthy. It doesn’t add any falsehood. There is also complete evidence. If elder ye has any objections to this, you can come to the Procuratorate to look for it at any time, or you can also look for your entrusted lawyer.”

“Of course...” the corners of his lips pursed slightly, and the words that came out of his mouth were also very formal and formal.

“It’s just between the prosecutor and the accused, not between grandfather and grandson.”

“What grandson?” Ye Shuyun walked over and tidied her hair. “How do you have a grandfather? Old Ye is highly respected and has a noble status. It’s not something we can forget about.”

Lu Yi did not respond, and of course, he did not object.

Old Ye had already called him. Thinking about it, the Lu family’s actions towards ye Jianguo had reached the point where they could not tolerate it anymore. Even Ye Chuji and ye Xinyu felt ashamed because they were members of the Ye family.

They had let down Lu Yi, Yan Huan, and Ye Shuyun.

Especially Yan Huan. When the Ye family had nothing, it was Yan Huan who took out the money to help the ye family get through the biggest crisis and avoid the consequences of the Ye family being annexed by the Su family. But what did the ye family do, it was simply ungrateful. Ye Chuji now felt that he was too ashamed to see others, and Ye Xinyu was even more so.

Only ye Jianguo still thought that his face was very useful. If he tore his face apart, no one’s face would be useful.

“Did you enjoy the beating?” Lu Jin asked ye Shuyun and then fixed her messy hair.

“How could I enjoy the beating?” Ye Shuyun clenched her fingers. “I can’t beat her to death, and I can’t cripple her either. How can I enjoy it? Anyway, she is shameless. I’ll slap her face to death.”

“Let’s go.” Lu Jin pulled ye Shuyun and left. As for Sun Yuhan, who was beaten like a dog, he didn’t pay attention to her from the beginning to the end. In this world, not everyone had the endurance and

endurance to endure, it was endless, and not everyone had to have some kind of tolerance toward someone. Even if they did, it was impossible for this kind of tolerance to have no bottom line.

And Sun Yuhan had stepped on the bottom line of the Lu family.

When this bottom line was crossed, no one was willing to endure these unfair treatment.

Sun Yuhan was ye Jianguo's granddaughter, but she was not the Lu family's granddaughter. Her relationship with the Ye family was her relationship with the Ye family. As for the Lu family, what did they have to do with her? If she kept a low profile and became the ye family's granddaughter.., if she did not cause too much trouble on a daily basis, then she could spend as much as she wanted. She could buy any jewelry, jewelry, clothes, bags, and cosmetics she wanted. However, she should not have set her sights on Yan Huan.

Yan Huan was now a member of the Lu family, and he was protected by everyone in the Lu family. He was also someone that ye Chuji had always thought he owed. Now, not to mention the Lu family, even ye Chuji and his son were not willing to interfere in this matter.

How hard would it be to redeem the hearts of the people? However, it would only take a few seconds to break them.

Sun Yuhan was lying on the ground. Her face was swollen like a pig's head. Even her eyes and nose could not be found. They all said that one should not hit a person's face, but ye Shuyun just wanted to hit her face. She did not want this face anymore, what was there to hit if not her face? Other than her face, Ye Shuyun did not care about anything else.

Sun Yuhan thought about how she had been pressed to the ground and beaten up. No matter how painful it was, she could not even speak. She just sprawled on the ground and cried loudly, however, her cries were also accompanied by strange sounds. Two streams of tears squeezed out from her swollen eyes.

She was as ugly as she could be.

Ye Jianguo fell weakly onto the sofa. There was a stack of documents on the table. This was a subpoena from the procuratorate. The evidence passed through Lu Yi's hands was conclusive and there were almost no flaws, as long as Lu Yi wanted to rely on one person and let one person in, then he had the ability and ability to do so.

Sun Yuhan this time is in prison.

Chapter 1774: could not escape

Ye Chuji was too lazy to say a single word. He turned around and left. Otherwise, what was the point of staying here? Would he have to listen to some requests that he did not want to agree to later? This time, even if his surname was no longer ye, he would not plead for that woman. Even if that was his sister's child, it would still be the same. After giving birth to such a scourge, he might as well not have recognized her into the Ye family in the first place, it was one thing to harm his own, but he still wanted his grandfather to commit a crime together with her.

Lu Yi still showed mercy. Otherwise, not only was Sun Yuhan locked up, there was also ye Jianguo. He was already so old, and he was not some nobody. If this matter was known to others., the Ye family's face would be slapped to death. In the future, even if they went out, they would not be able to see anyone. How could it be grandfather who murdered his granddaughter-in-law? If others knew, they would say that it was for the sake of their own granddaughter, but they did not know., they thought that the ye family was shameless, ungrateful, and Shameless. They wanted to monopolize the airport because they didn't want Yan Huan to get the dividends from the airport's shares.

Whoever wanted to bear the blame would bear it. In any case, he, Ye Chuji, wouldn't bear it. His son wouldn't bear it either. They still wanted to live, and they still wanted this face.

Ye Chuji opened the door. There wasn't even a trace of nostalgia in his movements as he walked out. However, after taking a few steps, he stopped and narrowed his eyes, he glanced at Sun Yuhan, who was lying on the ground like a pile of mud.

Ugly people often do weird things. This ugly heart was only worthy of such a face.

"Let's go too." Lu Jin brought ye Shuyun and prepared to leave. Otherwise, he was really afraid that ye Shuyun would get angry and beat him up again.

Lu Yi followed behind his parents. His footsteps were steady, and only the corners of his clothes were raised, bringing with them a hint of coldness.

After everyone left, there was only Sun Yuhan, who cried like a ghost, and Ye Jianguo, who was helpless and had spent his entire life in vain.

Ye Jianguo had dominated the world for his entire life, but in the end, he was destroyed by his granddaughter.

Sun Yuhan was beaten silly by Ye Shuyun, so she had no idea what Lu Yi had said. She was still thinking about how to take revenge.

However, when she screamed for her grandfather with a swollen face, but she was still taken to the police car in the end, she finally knew what she was going to do?

It was not the Lu family's revenge, nor was it Yan Huan's retaliation, but the punishment of the law. All the evidence could prove that she had attempted to kill someone on purpose, but what she had done, regardless of whether she was disabled or not., she was going to jail.

"No, I'm not going to jail, I'm not going to jail..." Sun Yuhan kept shaking her head. If she didn't go to jail, she didn't want to go to jail. If she went to that place, she would be finished. She wasn't even thirty years old, and she was still a celebrity., if she really went to jail, her entire life would be ruined.

If ye Jianguo died at that time, then who else in the world would be able to help her? Only now did she realize how bad her popularity was, everything she had., all of her willfulness had come from ye Jianguo, but no one had ever told her that if ye Jianguo were to die, then what status would she have in this family, and who would she find to help her, she could even speak to someone.

Was It Ye Chuji, this uncle? No, she had already offended all of Ye Chuji. How could ye Chuji care about her? If he were to find out about what she had done to Ye Xinyu, he would definitely eat her up.

Ye Xinyu, that's enough. Ye Xinyu didn't like her from the start. Besides, she still didn't know if she was dead or alive.

She really didn't know why things had turned out this way. Could it be because of blood ties? Because she had snatched this identity. However, Yan Huan also had nothing to do with the Lu family, but.., why did the Lu family treat her so well? Yes, why did they treat her so well? Why, why?

She pulled her hair randomly as if she had gone crazy. Ye Jianguo saw this and was anxious. This case had fallen into Lu Yi's hands. Before he could react, the court had already started, even the crime had been convicted. It was like a half-owned Miao Xinyuan. It was still squatting inside.

He was able to persuade her with his mouth.

Moreover, Sun Yuhan was really guilty.

The law would not tolerate mercy.

And Lu Yi could not tolerate Sun Yuhan.

Yan Huan had been in a good mood recently because she had one less enemy.

"What do you think?" She played with her daughter's chubby hand and asked Lu Yi, who was working at the side, "Will you really put Sun Yuhan in this time? Is your grandfather still thinking of a way?"

"He has no way to think about it." Lu Yi moved his hand away and held his daughter in his arms. He teased the pretty little girl in his arms. I've already calculated all the possibilities. Sun Yuhan is definitely going to jail.

He spent so much time collecting evidence just for this day. Otherwise, he wouldn't have let Sun Yuhan live freely in the Ye family for a few more days. He really thought that he had no way to deal with her.

It wasn't that he couldn't do anything, but he had been enduring. But when the day came when others could no longer endure, then everything she had done in the past would become one of her many crimes.

And she couldn't escape, so she couldn't escape either.

Xun Xun rubbed her eyes, then squeezed her eyes and stretched out her little arm to look for her mother.

Yan Huan hurriedly took her over and touched her little face. He knew that she was going to sleep. She was obedient at other times. Whenever she wanted to sleep, she would look for her mother or grandmother.

"Mommy, Sleepy..." xunxun said in a cute voice. Her little hand also grabbed her mother's clothes. The little girl had a pointy chin. Her beautiful face was becoming more and more beautiful as she grew. She was not a fat child, in fact, she had been skinny since she was young, but she was a very delicate and beautiful little girl. It was no wonder that so many people liked her.

Director Jin also said that he wanted Xun Xun to film a movie, but she had not agreed. Xun Xun was still young. If she was interested, she would agree, but if she was not.., she only wanted her daughter to be

like an ordinary child. She wanted her daughter to grow up, go to school, and then get married and have children. She did not want her mother, who had experienced everything and suffered a lot, she had gone through a lot of thorns.

Perhaps there were many ups and downs, but in such a wonderful life, it was often mixed with pain and pain that others did not know about.

She had already experienced such a life, so she just hoped that she could be ordinary and look ordinary. Ordinary days were the most stable, weren't they?

Chapter 1775: black brick factory

However, she had really thought too much. Xun Xun looked too much like her mother. It was as if they had been drawn from the same mold. With this beautiful face of a little girl, and with a mother like Yan Huan.., and with such a powerful father, how could she be ordinary.

Of course, Yan Huan was also injured this time, so she instantly understood many things.

She called Xiao Qi and Xiao Guang over to her and hugged her two sons.

"Xiao Qi, Xiao Guang, I know that it's very hard for you to go to Brother Little Thunder's place, but you must go and learn well. Look at Mommy." She pointed at her head, which was still wrapped in gauze, this bloody hole was not that good. Even if it was just a superficial wound, it would take a lot of time to recover.

"Does it hurt?" Xiao Guang pursed his lips. He knew that his mother must be in a lot of pain. When he had bumped into her in the past, he had been in so much pain that he had been crying.

"Mommy doesn't hurt." Yan Huan patted Xiao Guang's little head. "Mommy doesn't hurt at all."

"When you guys grow up, you'll be as powerful as Daddy. This way, you'll be able to protect Mommy and your younger sister. However, the prerequisite is that you must persevere, do you understand?"

"Understood," the two boys replied in unison. At their young age, they remembered what their mother had said. That was, they had to learn martial arts well. No matter how hard they worked, they would not be afraid.

This was because when they grew up, they would be able to protect their mother and younger sister.

"Mama, Aunt Bai is also very powerful." Xiao Qi worshipped Bai Zhi. Bai Zhi had taught the three children many things, so the three children treated Bai Zhi like a teacher. They worshipped and liked him, of course, they were also afraid.

"En, she is very powerful."

Yan Huan could not help but think of the situation when she had fought with Bai Zhi in the past.

Bai Zhi's skills were really too good. She did not know how good it was, but it was really good. She could not last more than a few moves against Bai Zhi. If Bai Zhi had been there.., those men might have been beaten to death by Bai Zhi.

“Mommy, when is Aunt Bai coming back?”

Xiao Guang asked Yan Huan expectantly.

Boys had an instinctive admiration for powerful people. When Bai Zhi was mentioned, even Xiao Qi’s eyes lit up.

“She should be coming back soon, right?”

Yan Huan had heard from Lu Yi that Bai Zhi had almost completed his mission over there, so he should be coming back soon.

As for the exact time, Lu Yi did not say. It should be in the next few days.

Sun Yuhan, that woman, would not be having a good time. If Lu Yi wanted her to go to jail, he would definitely make her stay there.

And she would wait for the day when Sun Yuhan went to jail. She would hold a bouquet of flowers to congratulate her, or she could even pay for a drum and Gong team.

The weather in Hai City was a little humid at this time. Of course, this was unique in Hai City. If it was a foreign city, it might not have such good natural conditions. Many people who lived in Hai City said so, although Hai City had a dense population and was very high in terms of prices and consumption, one had to admit that this was a suitable city to live in. The four seasons were distinct, but the climate was humid, the reason why beautiful women came from Hai City was largely due to the unique climate here. Due to Hai River, the air here was filled with natural water, which also made one’s skin moist, in a very suitable environment, the skin of the women here would never lack water, and it would always be moist and tender. Moreover, the women here were also much younger than those in ordinary places, of course, the aging process was also much slower.

There were many celebrities in Hai City.

One of them was Yan Huan. She was considered the most famous person in Hai City and the fifth most beautiful woman in Asia. She did not come here for no reason.

Bai Zhi took off the sunglasses on his face and put down the magazine in his hand. Why was this woman Yan Huan everywhere.

Yes, she was everywhere. Her photos could be found everywhere. Even the magazine she casually took out had Yan Huan in it.

Just how famous was Yan Huan.

No, Yan Huan was famous to begin with. She was very famous. If she shouted out, “I live under the same roof as Yan Huan!”, no one would think that she was crazy.

She had just taken out an eye mask from her bag and was about to sleep for a while when the entire car started to shake.

She took off the eye mask and heard the screams of the others. The car would shake a few times from time to time.

When the car stopped again, the people in the car also ran out with lingering fear. Each of them sighed and sought their own comfort.

Bai Zhi took out his cell phone. In the end, there was no signal. There was no signal anywhere, but there was no signal here. There was no signal at all.

The car was already broken here. The driver was repairing it. Bai Zhi knew from the driver's expression that the situation was not very good. He did not know how long they would be trapped here.

She looked around and almost knew why there was no signal.

This place could be said to be surrounded by mountains, and the road up and down the mountain was very long. At the same time, it was difficult to walk.

According to the local villagers here, people would come in at the foot of the mountain every half a month because there was a large brick factory here. The brick factory was burning, and it would take three days for those people to come here.

In other words, they would have to wait here for three days.

Bai Zhi took out some money from his bag and borrowed it to live in a villager's home. The other people in the car were the same as her, or a few of them were guarding outside.

However, Bai Zhi did not have the habit of blowing in the wind here.

The people in the village ate the vegetables grown by themselves in the mountain and drank the mountain spring water here. It also had a different taste.

The villagers told Bai Zhi that he could go anywhere in the village, but there was only one place that he could not go.

It was the brick factory, which was built by a foreigner. The people in the factory came from there. Even if the people in the village wanted to go in and find some work, they would not be willing.

Moreover, the people in the village were all from that brick factory. It was quite strange. In the middle of the night, one could still hear people crying, and it was the same kind of wailing and howling.

Bai Zhi did not believe in the wailing and howling of ghosts. She saw that it was not a wailing and howling of ghosts. It should be a black brick factory. As for those people, they should have been sold there.

Chapter 1776: Someone Cries

At night, Bai Zhi took advantage of the fact that the whole family was asleep to walk out. The moonlight fell on her body cleanly, almost illuminating the entire mountain as if it was daytime, only here could one hear the wind of freedom, as well as the undisturbed, widowed, and unpolluted air.

Bai Zhi closed his eyes and heard a strange sound.

This sound..

Was human.

What she was doing was a high-risk profession. Of course, she was also a complete atheist. She would not think that crying in the middle of the night was a ghost. She knew that it was human.

Of course, she did not think of meddling in other people's business.

There were many things to meddle in in this world. It was impossible for her to meddle in everything.

However, she still walked towards that place in the end. After walking over, she saw a large wall that was about two to three meters wide. The sound came from within. This was the brick factory, right, this was what the villagers called the extremely evil brick factory. To be able to build a brick factory here, it was obvious that this place was doing something shameful.

The sound inside continued. In the middle of the night, it was really like a ghost. It was no wonder that the villagers did not like to come here and were afraid of this place.

Bai Zhi took a step back and nimbly jumped onto the wall. At this moment, he saw a person on the ground huddling in the corner of the wall crying.

It was a man. It was just a big man. What was there to cry about? wasn't it embarrassing.

She jumped down lightly and patted the dust off her hands.

Under the moonlight, she saw the man who was curled up in the corner of the wall. He was as thin as a monkey.

Bai Zhi, who suddenly appeared, scared the man so much that he forgot to cry.

Bai Zhi took out his phone from his pocket. There was no signal on the phone, but it was okay. It could be used as a flashlight. She turned on the phone and squatted down. The man was as White as a ghost, there was not much flesh on his face.

"Ah Ah, ah..."

The man screamed, and even his voice was gone.

Bai Zhi reached out and grabbed the man's neck.

"Were you drugged?"

The man nodded, and his tears kept falling.

"What are you crying for? You're a man."

Bai Zhi took his phone back and put it back in his pocket. When she stood up, the man hugged her leg and refused to let her go no matter what.

Bai Zhi lowered his head. The man pointed at the wall and pointed at himself.

"You want me to take you out?" Bai Zhi followed his movements and thought of it.

The man nodded. Then, he suddenly knelt on the ground and kept kowtowing to Bai Zhi.

Before Bai Zhi could speak, he heard someone coming. He quickly hid his body to the side.

In a short while, someone had indeed passed by. There were also a few messy footsteps and curses. Then, she saw a few people punching and kicking the man, but the man remained silent, no, he couldn't speak either. Bai Zhi knew that he had been watching her.

When these people took the man away, Bai Zhi walked out and jumped down along the wall.

He came without anyone noticing and left without anyone noticing.

The next day, the car was still under repair. The driver said that they had already contacted the people outside and said that a car would arrive around the morning of the next day, first, they sent their car down the mountain.

In other words, the people in the car would have to stay here for another day and night. Actually, it was not too bad. This day and night was not too bad. The people in the mountain were very hospitable, the food was also produced by the villagers themselves. The rich would give some money, while the poor would be paid by the chauffeur himself. The only difference was that the food wasn't as good. As for the rich, they could give more. If they gave too much, even the old hens raised by the villagers.., could be killed for them.

Bai Zhi sat up.

She walked out again in the middle of the night with a bundle of ropes in her hands.

"Whether you can walk or not depends on your life."

She quickly climbed over the corner of the wall again.

"Wu..." just as she landed on the ground, she heard the man's voice.

She lowered her head and threw the rope to the man. The man did not understand, but he soon realized that he had tied the rope to his waist.

Bai Zhi pulled the rope. It was indeed tied quite firmly. Otherwise, if he did not tie it properly and fell from the sky, he would be crippled and die. who was to blame?

She quickly climbed over the wall, stood on the wall, and pulled the man up.

The man was very light and as thin as a monkey. He did not have much meat on him. Did he weigh sixty pounds?

Bai Zhi lifted the man up and let him stand outside. Then, he went to the kitchen of the villager that he lived in and took out some food for him.

The man wolfed down his food as if he hadn't eaten in days.

Bai Zhi took out a set of his clothes and gave it to him. With his clothes, one could tell that he had run out.

The man only finished putting on his clothes after half a day. He could wear it, but it was shorter.

The next day, after the car the driver mentioned arrived, Bai Zhi gave one of his bags to the man and tied it to him. He also took him out. Otherwise, if she didn't take him with her, he would be here., in less than a day, he might be found. After he was found, he would only have one outcome. He wouldn't wait for death there, but he would be beaten to death.

She was the one who saved him, so she had to send him out.

Bai Zhi knew very well that there were many people like that man in that place. However, she couldn't control them. She could save one or a bunch of them. She didn't have such great abilities. A strong dragon couldn't suppress a local snake.

When there was an opportunity, they would talk about other things.

The driver didn't think too much about it. Anyway, he only saw the bag, so he let them get on the car. It was fine. Who would get on the wrong car? It would be difficult to get on and come back. Of course, it was also impossible to stay.

After enough people got on, the car drove down the mountain.

Bai Zhi still did not know the identity of this man. He did not say anything when she asked him. Of course, it was only because he could not speak at all. His throat was poisoned and his fingers were rotten, for some reason, his hands started shaking.

One after another, they were shaking very badly.

Bai Zhi did not know where to leave this man. With him like this, he would die no matter where he left him. Forget it, he would first bring him back to hai city. After all, she was the one who saved him. She had to take care of it.

From the beginning to the end, no one noticed that there was an additional person beside Bai Zhi. Of course, Bai Zhi also brought the person out without anyone noticing.

Chapter 1777: bring someone back

When they arrived at the next city, Bai Zhi got out of the car with the man. She turned her face and saw that the man's clothes were still fine, but the shoes on his feet had been worn out for God knows how long, his two big toes were also outside.

She took a look at the man's figure, then took him to a hotel and prepared to go out

However, the man grabbed her sleeve. His eyes were like a pair of abandoned kittens and puppies.

"I'm going to buy some clothes for me."

Bai Zhi pulled the man's hand away and walked out. She found a random shopping mall and bought a set of sportswear without much choice. This kind of clothes did not care about body shape. It could be worn even if one was fat or thin. As for the shoes., according to her estimation, it was about right.

She took the clothes back to the hotel. Just as she opened the door, a lapdog ran over. It was just short of her wagging its tail and rolling over.

Here you go. Bai Zhi threw the clothes to the man and found that he had washed them clean. How should he describe his appearance.

He looked like a ghost.

A female ghost.

The man hurriedly took the clothes and put them on himself. However, the clothes he bought were a little too big. It was as if he was numb. He was completely put inside. Of course, he didn't look good either.

But he also looked like a person.

"What's Your Name?"

Bai Zhi asked.

The man opened his mouth, but there was no sound

"You can write, right?" She pulled open the drawer, took out a pen and paper, and put them on the table.

"Write."

The man wanted to pick up the pen, but his hands were trembling. He picked up the pen a few times and it fell off a few times.

"Alright, don't take it anymore."

Bai Zhi picked up the pen from the ground and threw it back into the drawer.

She was not in a hurry to leave. First, she sent the man to the hospital to see what the reason was.

The doctor was shocked when he saw the man. Was this a human or a skeleton.

After an investigation, he found that this man's throat was indeed poisoned. His hands were also injured due to heavy work. He did not know if he could recover from it. All the organs in his body were also failing badly, this was easy to say. However, it was unknown if his voice and hands could recover.

When Bai Zhi heard this, he frowned. It was as if she had picked up a big trouble for herself.

She still had to return to Hai City. She was Yan Huan's bodyguard. This time, she only went out once and something happened to Yan Huan. She had already defaulted twice. If she defaulted again, she thought that she could get out of this industry.

In the end, she decided to bring this man back to Hai City first. First, she had to find a place to settle him down.

"Oh, you're looking for a place?"

Yan Huan held her phone in one hand and was busy in the kitchen with the other.

"Okay, I'll find one for you. I got it. It'll be quiet and no one will disturb you. It's a big place. I'll help you prepare it. I still have a few properties in Hai City. You can have as many as you want."

Yan Huan hung up the phone and focused on cooking

She couldn't help but sigh and shook her short hair.

She was finally back. Otherwise, she wouldn't even be able to leave the house.

Lu Yi wouldn't let her go out unless Bai Zhi could come back. After all, she had only gone out once and she was already bleeding. It would be strange if Lu Yi would let her go out, even if she guaranteed her own safety, Lu Yi would not believe it. No matter what, she could not go out.

She thought of the requests that Bai Zhi had made earlier

Oh, he wanted a room.

He would tell her when she came back.

Bai Zhi first went to Yan Huan's place. When he came out, he took a bunch of keys. Then, Bing took out the man that she had kept in the hotel.

Then, he arranged for him to stay in the house. Then, he found a nanny to take care of him.

This man had no idea where he was at all. He slept in the car the whole time. When he woke up, he entered the hotel. When he came out, he was here again. There was no television, no phone, and nothing. It was not a place to live in in the first place. It was just a property. It was enough to have some furniture. How could he bring all those household appliances with him.

Bai Zhi returned to the Liuyuan Garden. She was very optimistic about Yan Zhan's short hair.

"You look good with short hair."

"I think so too." Yan Huan was very satisfied with her short hair. "Very handsome, right?" She shook her hair. Indeed, she felt good about herself.

"Yes, very handsome."

Bai Zhi was an honest person. Yan Huan's face could be made into a weird shape, even with such a neat and short hair.

Yan Huan stood up and picked up her bag as well.

"Let's go. Follow me out."

"Out?"

Bai Zhi glanced at Yan Huan. "Why do you want to go out?"

"I haven't gone out for a few days. Yan Huan really feels like he's suffocating to death."

And not wanting to go out and being forced to not go out were two different concepts, okay?

Bai Zhi had already taken out the car keys and was prepared to go out with Yan Huan. Yan Huan was also letting him off the hook.

After the car left the Liuyuan Garden, Yan Huan told Bai Zhi about the things that had happened in the past few days.

“That woman, has she been arrested?” Bai Zhi asked Yan Huan.

“Yes, she’s been arrested.”

“I just don’t know what the sentence will be in the end.” Yan Huan propped up her face in the car. “It’s just that... that woman has a problem with her legs, so she’s being imprisoned in the hospital.”

“Aren’t you afraid that her grandfather will take her away again?”

“Not this time,” Yan Huan answered with certainty. It was not because she had confidence in herself, but because she had confidence in Lu Yi. Moreover, the person who provided this evidence was not someone else, but Lu Yi himself.

If Lu Yi wanted Sun Yuhan to go to jail, then Sun Yuhan would go to jail in a while. As for how long she could stay in jail, it would depend on the final verdict. The charge of attempted murder would not be light.

Unless ye Jianguo implicated himself in all these crimes.

However, he would not.

It was not because ye Jianguo did not love his granddaughter anymore. In fact, he loved his granddaughter too much. If he went in, he would only leave Sun Yuhan outside. She would be eaten up by others very quickly, there wasn’t even a piece of trash left. He could only let Sun Yuhan be locked up first while he looked for a way outside to see if there was still a chance of survival.

However, Lu Yi cut off this chance of survival.

Sun Yuhan, she had to go to jail.

Bai Zhi brought Yan Huan to a shopping mall. Yan Huan wanted to buy some things for herself, but Bai Zhi followed her very closely. He was also afraid that something would happen to her. Yan Huan really felt that Lu Yi was thinking too much. She didn’t have many enemies, her enemies were Su Muran and Sun Yuhan. Now, whether it was Su Qingdong or ye Jianguo, they couldn’t take care of themselves. How could they spare any attention on her.

Chapter 1778: was captured

Therefore, she was very safe.

Yan Huan bought a lot of things and sat in the car. Just as she was about to go back, she saw a person. Even if she turned into ashes, she would still recognize this person.

Not far away, a man was courting the woman sitting opposite him. The woman picked a necklace and was reluctant to put it down. She knew at a glance that she liked it. Of course, the man was also generous. He directly threw his card over, which also made the woman giggle.

“What are you looking at?” Bai Zhi followed Yan Huan’s line of sight and saw a man. His facial features were ordinary, and his figure was also average. However, the clothes on his body were pretty good, he should be a nouveau riche from somewhere, and the man’s hands were still on the woman’s buttocks. Sometimes, he even pinched her on purpose.

“Why? Are you interested in this kind of person?”

Bai Zhi was really not interested in this kind of dead fat pig at all.

“Bai Zhi, help me do something...” Yan Huan propped up his face on the side of the car seat. In this world, sometimes, the word ‘fate’ had to be used. Yes, fate.

Fate..

It was really wonderful.

That Fat Man had taken advantage of his female companion. Only then did he stand up. He hugged the woman’s waist, and there was clearly a special meaning on his lewd smile

He also did not know what he had said to the woman?

The woman wanted to say something, but she did not stop. She also kept sending the man spinach from autumn.

However, Yan Huan would rather believe that this woman was looking at this man in front of her and did not imagine him to be a man. In that case, there was no need to say what she thought he was.

Of course, she thought he was money.

Otherwise, she would not be blind if she still loved such a dead fat pig.

The man continued to walk with the woman, occasionally taking advantage of her with his hand.

In the end, the woman suddenly felt a pain in her neck, and her entire body fell limply to the ground.

The man was also shocked. Just as he was about to help the woman up, a bag was placed over his head, and his vision went black. Then, his entire body seemed to be twisted into a twist, he was also directly stuffed into a car.

“What are you doing?”

The man asked in fear and trepidation. He also broke out in cold sweat.

Yan Huan stretched out his hand and also pulled off the piece of cloth that was covering the man’s head.

“What are you doing?” The man cried out again. The muscles on his body were tight and his body was trembling. He looked like a little girl who was about to be bullied.

“Who are you?”

When the man saw Yan Huan’s face, a flash of surprise first flashed across his face. Then, it turned into greed. Finally, it turned into fear.

“You’ve gained a lot of weight.” Yan Huan’s gaze fell on the man’s belly, which had gained a lot of weight. “It’s only been a year. How much weight can you gain? How did you become a fat pig?”

The man could not help but quiver. “Who are you?”

“Why? You Don’t recognize me?” Yan Huan laughed mockingly, “I recognized you at first sight. Even if you suddenly became a fat pig, I could still recognize you because I will never forget how you injected drugs into my blood vessels time and time again. Why, you didn’t get strangled by me. Do you feel very regretful? Do you want me to help you recall it again? I think...” Yan Huan clapped his hands again, the smile on his face was cold, but there was also a tinge of sarcasm. “You should have a very deep impression of me.”

“You’ve done so many bad things. I must be the only one who can strangle your neck, right?”

“It’s You?” The man suddenly screamed. He forcefully pushed his body back. “You... Yes, you have...”

“I know what you want to say. Are you trying to say that I have AIDS?”

The man was so frightened that his face turned pale.

“Unfortunately, you might be disappointed. I don’t have AIDS.” Yan Huan turned around again. The cold light in his eyes caused the man’s heart to stop beating nervously.

Also, what did she just say? She didn’t have aids?

“You... did not catch it. Is this impossible?”

“How is this possible?”

He did not believe it. He absolutely did not believe it. He had injected it into her personally.

Yan Huan continued to smile. However, none of these smiles reached the bottom of his eyes, “You must remember that there is nothing impossible in this world. Perhaps you did not extract the blood of an AIDS patient. Perhaps my luck was better.”

“This time, it really didn’t take much effort. I didn’t look for you, but you showed up.”

The man behind him was so frightened that he started to struggle violently.

Yan Huan directly picked up his own cup from the car and without thinking, he smashed it on the Fat Man’s head, telling him to behave himself.

The man’s body trembled and he didn’t dare to move. At this moment, there were only two words that kept exploding in his heart. It was over. Yes, it was over. It was really over. It was also completely over.

“I got it. I’ll go back immediately and ask Bai Zhi to keep an eye on that person.”

Lu Yi closed his laptop, then took out his phone and called Lei Qingyi.

“What? He’s been caught?”

“That’s Great.” Lei qingyi twisted his wrist, and his knuckles emitted a cracking sound. “I’ve been looking for these sons of B * tches for quite some time. I’ve finally caught him.”

When Lu Yi and lei qingyi arrived, they found a fat man sitting on the ground. His face and body were full of wounds, and the man was still crying with Snot and tears.

“Who hit him?” Lei Qingyi saw the man’s face full of wounds and the pig face squeezed together. She almost spat out the last night’s meal.

“That Tigress hit me.” The Fat Man pointed at Yan Huan and wanted to cry even more. How could he provoke such a tigress? He was clearly so thin, but how could he hit someone so painfully.

Lu Yi walked over and squatted in front of the Fat Man. His cold gaze and cold voice made the Fat Man Shiver involuntarily.

“Where is brother Hua?” He asked faintly.

The Fat Man’s body trembled again. His lips moved but he did not make a sound.

“Who told you to watch over my wife’s Drugs and HIV?”

The Man’s face turned pale instantly. Needless to say, he had already guessed something. He was caught. He was done for.

“Speak!” Lu Yi’s voice was very soft, but it was like a rock smashing into the ice. In an instant, the ice shattered, and it was cold without any warmth.

Fatty’s teeth were also chattering.

“I... I don’t know.”

He was still being stubborn.

“You don’t Know?” Lu Yi sneered. “Fine, then you continue not knowing.”

Chapter 1779: big business

Lu Yi turned around and took Yan Huan away. As for Lei Qingyi, he clenched his fingers.

“Yeah, that was just a warm-up. We’re going to start the main meal now.”

“You don’t want to talk about it, do you? I have my ways.”

Lei Qingyi loved doing this kind of thing the most. Wasn’t he being stubborn? He wanted to see whether it was his fists that were tough or their mouths that were stubborn. He would make them wish they were dead.

Not long after, he heard the screams of men coming from inside. It was as if they were being tortured. The screams continued for three days.

“Did you confess?” Lu Yi asked Lei Qingyi.

“You can rest assured that I will do my job.”

Lei Qingyi lowered his head and picked up a ball to eat. "I thought he could last a few more days. In the end, it was obvious that he was a coward. He confessed in three days. I haven't even used my ultimate move yet."

"What did he say?" Lu Yi put down his chopsticks and caught the culprit. The person behind the scenes would soon be revealed. He wanted to see who had done those things to Yan Huan., and what was the reason for destroying the couple to such an extent.

Lei Qingyi picked up another ball and put it in his mouth.

"That brother Hua is indeed the leader of a group of foreign mercenaries. He has been arrested many times. Brother Hua's transactions with that person were carried out over the phone. The person behind the scenes said that he wanted to capture Yan Huan, not to take her life, but to let her destroy everything. Initially, they did not think of injecting her with HIV. However, because your Yan Huan was a little fierce, that Fatty's neck was strangled by her. That was why the fatty held a grudge in his heart. In the end, he injected Yan Huan with HIV."

"And your Yan Huan's life is really good. He didn't get infected. Otherwise..."

Lei Qing picked up another ball and put it in his mouth, "I told him to be more strict if he resists, and more lenient if he confesses. Don't look at this damn fatty. He has a wife and children at home. He likes to eat wild flowers and weeds outside, and he also likes to be fickle. But I have to say, he treats his wife and children quite well. The money is also given to his wife and children. So you say that he is heartless, but in fact, he has a little meaning."

"At the very least, he's not worse than a pig or a dog or a beast. I used his wife and children to threaten him. If he dares not to say anything, I'll cut open his wife and children together."

"In the end, he broke through his psychological defense. He said what he could, couldn't, should, and shouldn't say."

"He said that brother Hua was a tough guy. He couldn't get anything out of him. Moreover, brother Hua had no relatives. He would rather break than bend. Otherwise, he wouldn't have such a brother under him. Therefore, it's not easy to pry brother Hua's mouth open."

"However, there's a little brother by brother Hua's side. His surname is Huang, and his name is Huang Song. He dyes his yellow hair all day long, so he even forgot his real name. Everyone calls him Huang Mao. Huang Mao is very loyal to brother Hua and is also the number one brother under brother Hua. Huang Mao is a person with a family background. He has parents. Huang Mao has done many things that hurt people's sense of justice. He is also ruthless in doing things. However, Huang Mao loves his parents very much. So, if we hold Huang Mao in our hands well, we will probably know the whole story."

"Also, I've already gotten the signal from their side. Very soon, we might be able to catch a turtle in a jar," lei qingyi said as he shook his big hand.

Finally, they had found these people. These people had caused serious harm to Yan Huan and Lu Yi. Moreover, these people had done all kinds of evil things. They had sold people, sold human organs, walked on drugs, and committed all kinds of crimes. They had helped them in all sorts of ways, it was unknown how many people's lives were in their hands that they did not have.

In this world, Karma was a bad thing.

If one did too many bad things, one day, they would return the favor.

At this moment, in an underground warehouse, everything here was damp, including the people who lived in it. However, these people had already gotten used to it. After all, they were existences that could not be seen in the light, so what if it was a little damp? As long as there was a place to sleep, it would be fine.

A rough man was holding a cigarette between his fingers, and there were already many cigarette butts on the ground

“Brother Hua, we have business here.”

A blonde ran in and sat on the chair across from him. He also put his feet up. They had waited for months in vain, but there was no business, this poor guy was about to eat dirt. Finally, this business came to him.

“Where is it from?” Brother Hua blew out another puff of smoke. He didn’t even look up.

“It’s from Hai City,” the blonde said quickly. “We killed a man. The commission is 20 million.”

“Oh, where is it from again?” Brother Hua reached into his pocket and took out a pack of cigarettes. Then, he took out another one, put it in his mouth, and started to smoke.

He was not unfamiliar with the name of Hai City. After all, he had been here and there several times. He was almost familiar with the place.

“Yeah.” When the Blondie heard that it was a business deal, his expression was piercing. “This is a big deal.”

“Have you checked?”

Brother Hua asked lazily again, “Be careful that the cops over there have dug a hole for us. They are waiting for us to jump into it.”

“Don’t worry, brother Hua,” the yellow-haired guy patted his chest and assured him, “I’ve checked everything. There’s no problem. It was fatty Xu who pulled the strings. He said that there’s no problem. Of course, he also said that he wanted to participate. After the matter is done, we’ll give him five million yuan.”

“Five million yuan?” Brother Hua threw away the tobacco in his hand. Then, he raised his face and stomped down hard. At the same time, he stepped on a cockroach.

“His taste is really big?”

“It is quite big.” The yellow-haired guy also felt that the fatty’s eating style was too ugly. He didn’t even look at his current appearance. He was already as fat as a pig, yet he still had such a big taste.

“Brother Hua, when do we make our move?” The yellow-haired guy rubbed his hands, feeling a little impatient.

“Why are you in such a hurry?” Brother Hua glanced at the Blondie. “Do you want to go home again?”

“Isn’t That So?” The Blondie scratched his head in embarrassment, “It’s not that I miss my parents. I just happened to close this deal this time. I want to take some money back for my parents so that they can buy a few more houses.”

“People like us can’t have family ties.”

Brother Hua took out another cigarette from his body and put it to his mouth before he started smoking. Under the hazy smoke, his expression was a little ruthless.

“Be careful that your parents will become your fatal wound in the future. They are spending your guillotine money.”

Chapter 1780: was a business that he had to take on

“I believe in brother Hua.” The yellow-haired guy did not take brother Hua’s warning seriously at all, “Moreover, didn’t we already say that if we do a few more big jobs, we will stop. Isn’t this a good opportunity?” 20 million. He and brother Hua would each get 10 million. In the future, they would be multimillionaires, he would no longer have to live a life of licking blood on the edge of a knife. He would just take this money, go home, marry another wife, and have a son. This life would be as comfortable as it could be.

Thinking of the good days in the future, even if he took the risk again, it wouldn’t be a big deal.

“Brother Hua, we have to take this deal.”

The yellow-haired man’s eyes were filled with an almost piercing certainty. He had to do such a big deal, and he had to do it well. Of course, he had to get the 20 million, of course, he wasn’t as worried as brother Hua.

Brother Hua had been doing this for a long time, and his courage was getting smaller and smaller. Otherwise, it was impossible for them not to have any business for half a year. They either didn’t have much money, or they didn’t have much interest, they were just waiting for this big deal. Finally, a big business came to them.

Brother Hua smoked another cigarette. At this time, he had already smoked who knew how many cigarettes. The basement was only such a large area. Other than the smell of cigarettes, there was a musty and unpleasant smell.

“I don’t really want to do it.”

Brother Hua said calmly.

“What, you don’t want to do it?”

The yellow-haired guy almost jumped up. He didn’t know what was wrong with brother Hua’s brain. He actually didn’t take the business and even lost 20 million.

“Brother Hua, such a good business, why don’t you do it? It only took us a few minutes to do it.”

With just a few minutes, he had obtained 20 million.

“Things that go too smoothly don’t feel good.”

Brother Hua was not as excited as Goldie. Perhaps this was his keen sense of danger, just like the instinctive reaction of some animals.

And this could be seen as his instinct.

“Brother Hua, we can’t refuse this time. The fatty over there has already agreed to it.”

The yellow-haired guy took out his trump card. This time, they had to go. No matter what, they had to complete the deal. Of course, they had to get their hands on the 20 million.

“We have already agreed that after we finish this deal, we will take the money and leave. We have waited for more than half a year, but this deal is not the only one that is the cleanest and easiest. Moreover, it is not that difficult.”

“Why should we let go of such a good opportunity? When the time comes, we’ll give it to someone else.”

Brother Hua was also considering this question. He still didn’t want to go, but what annoyed him now was that Fatty Xu. He actually agreed. Even brother Hua didn’t agree to it, so what did this damn fatty promise him?

Or could it be..

The damn fatty wanted his opponent, but could he?

He did not want that body of fat anymore, right?

“Brother Hua,” the yellow-haired man tried to persuade brother Hua again. “We have been idle for so long and have not worked for half a year. If this continues, I’m afraid that my hands are going to give birth.”

Brother Hua still did not want to go, but the yellow-haired man was like a fly, buzzing outside brother Hua’s head every day. In the end, brother Hua might be tired of being fired, or he might really want to exercise his skills.

After hesitating for a long time, he still agreed.

But when he boarded the plane, for some reason, he had a bad feeling in his heart. And this feeling seemed to be asking him to stay.

He suddenly stood up, but at this moment, he heard the sound of the plane taking off, asking him to fasten his seatbelt.

He sat down again and fastened his seatbelt, but there was still an indescribable feeling in his heart. It was as if he was in danger.

Maybe he was destined to take this case?

He closed his eyes and suddenly felt a little irritated. He started to feel around his body out of habit, but he couldn't find anything. He just remembered that he was on the plane right now and didn't smoke.

And for a desperate man like him, who knew how many lives were in his hands when he was using such a skin bag and wearing such a skin bag?

This was why he always liked to smoke.

Smoking could temporarily numb something, and it could also make him forget things he didn't want to remember.

He wasn't a good person, and of course, he wasn't afraid of nightmares.

But he hated the faces of those people when he opened and closed his eyes.

Perhaps the yellow-haired guy was right. After doing this deal, he could take the money and find a place to live a good life.

However, what good life did people like them have?

What they were waiting for was retribution.

When the plane arrived, he finally stood on the border of Hai City. His addiction to cigarettes was also starting to kick in. He took out a cigarette, found a place, and started to smoke, one cigarette at a time, he took a deep breath, and the cigarette went into his lungs.

The yellow-haired man was still communicating with those damn fatties.

"Okay, I got it. That's it."

"What? You Want Five Million?" The yellow-haired man curled his lips. "Damn fatties, you have more and more fat on you, and the taste is getting stronger. I want five million. I'll give you three million. That's it."

"Oh right, I want to keep it for myself. How about those two? You're just a contact. It's not a small amount even if I give you three million. How much more do you want?"

"We're the ones who put in the effort, the ones who put in the blood, and the ones who put their lives on the line."

"Okay, okay, don't talk so much nonsense. Just three million."

The yellow-haired guy directly hung up the phone. As soon as he came over, he complained to brother Hua, "That damn fatty is getting greedier and greedier. He even mentioned five million."

Brother Hua took out another cigarette and put it in his mouth.

In that case, there should be no problem. The earlier they finished the work, the earlier they could get the money. After they got the money, they wouldn't do it anymore.

At this moment, they didn't know that the damn fatty they were talking about had lost more than one round of weight. In just a few days, his eyes had turned black and his skin had collapsed. He had a greedy look on his face just now, but now, he was trying to curry favor with them.

“Sir, Look, I’m turning over a new leaf. Can You Give Me a lenient treatment? Don’t worry, I always have a purpose in doing things. Brother Hua is very suspicious. If I don’t appear to be greedy, they won’t believe me.”

Lei Qingyi patted the fat on the fatty’s chin. “Don’t worry, I’ll definitely give you a lenient treatment. I’ll lock you up for a few years less.”

“Thank you, sir.”The Fat Man finally let out a sigh of relief. “Then…”the fat man asked carefully, “Can you not tell my wife and Son About This?”
