

Chapter 1791: the mute man

What else could Bai Zhi say? It wasn't that the person couldn't speak, it was that he couldn't speak at all. As for matters of the heart, a person didn't even have the most basic language ability. How could he not have any matters of the heart.

Moreover, he didn't speak and just sat there like that. It was as if there were matters of the heart, let alone other matters.

Where was he now? Bai Zhi asked the nanny, and the nanny was only looking at Yan Huan.

Bai Zhi placed his hand on his waist. Okay, she endured it.

But this woman looked at women. What was there to look at? She wasn't a man.

"Yan Huan, next time, cover your face for me."

"Oh, okay. I'll buy a mask to wear."

And the nanny was even more teary-eyed now.

It was really, really, really her idol. This was her favorite idol. And why was she so beautiful? Could she touch Yan Huan's hand later? Yes, could she touch it.., just touch it, really just touch it.

Bai Zhi rolled his eyes. As for Yan Huan, she really couldn't do anything about it. She had no choice. Besides, she was so popular. She should feel honored.

Alright, Bai Zhi did not count on anyone else. She would look for him herself.

She pushed open a door and saw that the man inside was still asleep.

After a few days, he seemed to have put on some weight. He also felt refreshed. Of course, the most important thing was that he was now clean. He was very white and he was really quite beautiful.

There was nothing she could do about it. Everyone liked beautiful things, even Bai Zhi. Bai Zhi himself was very fond of beautiful things, just like Yan Huan. Just like Yan Huan's three children, they were all very beautiful and eye-catching.

She walked in and helped this man pull up the quilt. He was really a beautiful man. He was tall and thin. She thought that she had found a beggar from the black brick factory, but in the end, he was an angel, perhaps it was because he was too beautiful that he was sold to such a place. If it wasn't for her, no one would even know that he died there.

It would be such a pity for her face. It would turn into a cup of yellow dirt in the future.

Bai Zhi had seen people before, but he had thought of getting them to wake up. Even if they did, he couldn't say anything. It would be better to let him fall asleep. After she was done with her matters.., she would find a good doctor to treat him properly. She would see if the voice could come back. Also, she had to find a way out for him in the future. He couldn't stay here forever.

Her gaze shifted to the man's hand. Now, his hand had become a decoration. He couldn't even pick up his chopsticks and had to be fed by the nanny. He didn't look like an angel now, but a baby.

She walked out and saw Yan Huan talking and laughing with the nanny, but he didn't put on any airs. Of course, she also asked about the situation of the person inside. The nanny also liked Yan Huan very much, she wanted to stick her eyes on Yan Huan, unwilling to come down.

"Let's go," Bai Zhi said to Yan Huan. "Be careful that your eggs hatch out of the car."

"How can it be so fast?" Yan Huan stood up. She clearly knew that this was Bai Zhi's nonsense, but she was indeed going to leave. As for the person, she had never thought of meeting him. This was brought back by Bai Zhi. What did Bai Zhi want, that was Bai Zhi's business, but it had nothing to do with her. She had only borrowed the house for her.

Bai Zhi opened the door. Yan Huan nodded at the nanny amiably, and the nanny immediately smiled like a little girl.

The Man Bai Zhi was looking for was an old auntie in her sixties. She would not look for a young one. The Fool inside was pretty and beautiful. She was really quite afraid. What if someone had raped her?

Therefore, it was safer to look for an old one.

Of course, she would not look for an old woman. When she first looked for a nanny, she had asked around for a long time. Of course, she had also considered for a long time before finally choosing this one.

This nanny made a mistake. She loved to chase after celebrities. However, she did not expect that this nanny's favorite celebrity was not someone else but Yan Huan.

Therefore, since she had brought Yan Huan over, this nanny should be able to take care of that man a little more. After all, not everyone could see Yan Huan, and not everyone could chat with her, if one wanted to chat with her, they would have to pay. Of course, Yan Huan was priceless right now.

Bai Zhi opened the door. The sound of the door opening startled the man who was sleeping. This man could not speak, but that did not mean that his ears could not hear.

He was not deaf or mute. He only had an injury to his throat.

His ears were better than the average person's, so they were useful.

It was also possible that he was really afraid of something, so he would be alarmed if there was even the slightest movement outside. Just like now, he suddenly sat up, opened the door and ran out.

"Hey, you're awake. Are You Hungry?"

"Ah Ah..." the man pointed at the door, as if he wanted to say something.

"What?" The nanny had been with the mute man for some time, so she could communicate with him.

"Are you asking who was the person just now?"

The nanny asked the mute man, and the mute man nodded.

“It was Miss Bai who came to see you. However, she saw that you were resting, so she didn’t disturb you.”

The mute man cracked a smile.

“Oh right, there’s another person. The nanny couldn’t help but say, ‘there’s also Yan Huan. Do you know Yan Huan?’” “She’s my favorite actress. Everyone in my family likes her. My Son brought me to see Bai Guhe several times before she started filming. Today, I actually saw her in person. She even talked to me.”

The nanny became more and more excited as she spoke, but she did not notice that the mute man’s face had suddenly turned white.

He suddenly ran towards the door without wearing any shoes. When the nanny reacted, he had already run out. Even if he wanted to chase after him, he would not be able to do so.

“Ah Ah... Ah...”

The mute man ran out as if he had gone crazy. His mouth would occasionally say such ‘Ah Ah’sounds.

“Ah Ah... Ah Ah...”

This was the only sound in his throat.

Bai Zhi was just about to drive when he heard those sounds. They seemed to be anxious, excited, and scared

Bai Zhi stopped the car and also got out of the car. The mute man was crying and laughing, and his mouth was still making those sounds.

From time to time, he wanted to go to the car, but Bai Zhi stopped him.

“You can’t get on that car.” Bai Zhi blocked the mute man, and the mute man suddenly squatted down on the ground and began to wail loudly. A grown man would cry until his nose was snot and his eyes were filled with tears.., even if he looked like a celestial immortal, crying like this would turn him into a retard.

Chapter 1792: found ye Xinyu

Yan Huan could not help but feel drowsy as she sat in the car. Perhaps it was because she did not sleep well last night, but her recent sleep had not been very good, perhaps it was because her head had been smashed, but she did not know if she should go and have her head examined some other day. For some reason, it did not seem to be working very well. Now, she had insomnia every day.

She yawned and fell asleep. In the end, there was a burst of wailing outside, which also gave her a big fright.

Who Was This? She touched her forehead, put the egg aside, opened the car door, and walked out.

In the end, when she saw the man who was squatting on the ground crying like a fool, she was also stunned. Then, when the man saw Yan Huan, his eyes squeezed, and it seemed as if he wanted to dry his tears for several lifetimes.

“Ah Ah, ah...”

He continued to roll and crawl towards Yan Huan. Before he arrived, his entire body rolled forward, and his head hit the ground heavily. Then, he climbed up and directly hugged Yan Huan’s leg, there was only that kind of whimpering sound in his mouth.

Why did it sound so pitiful and so uncomfortable.

How much suffering did he suffer.

Yan Huan also squatted down and gently placed her hand on the mute man’s head.

“Ye...”

She probed.

“Ye Xinyu?”

The man lifted his face and cracked a smile. However, his smile was uglier than crying.

“Ah, ah...”the man pointed at himself and kept mumbling. He also nodded like he had gone mad and was about to break his neck.

Yan Huan did not believe it. He placed his hand on the mute man’s face and pinched it hard.

His face was torn. There was no problem. The bones did not seem to have been moved. There was no problem either.

“Ye Xinyu!”

Yan Huan asked again in disbelief.

The mute man pointed at himself and nodded hard.

He was, he was.

He was called by this name. He was this person. He was really this person.

Yan Huan’s hands trembled as she took out her phone and called Lu Yi.

“What’s wrong, Huanhuan?”

Lu Yi was still at work at this time. It was also the busiest time for him. However, no matter how busy he was, he had to answer his wife’s call. Moreover, Yan Huan would never make a call easily when he was at work, if she was really making a call, then she had her own reasons. It was also possible that something had happened.

“Lu Yi...”

Yan Huan felt that her voice was a little hard to say.

She lowered her head and pulled the Mute Man's face again. Why did it feel like a dream? It really felt like a dream..

"I found ye Xinyu..."

"Ah Ah..."

The mute still needed to add a few more soundtracks.

Lu Yi stood up immediately. "Where are you guys now? Alright, I'll be right back."

When Lu Yi reached the Lu family home, he heard ye Xinyu crying inside.

He pushed open the door and walked in. Ye Shuyun was hugging ye Xinyu and was practically wailing.

Ye Xinyu was a child that ye Shuyun raised personally. She had grown up by her side since young. Although she was called an aunt, she was actually no different from a biological mother. No, this was a mother. This was a biological mother and a biological son.

"Xinyu, tell Aunt What's wrong with you?"

"Ah Ah..."

Ye Xinyu could only make this kind of sound as he went back and forth.

"Weren't you in South Africa Yesterday? You went to the desert again tomorrow. The Day After Tomorrow, you went to some canyon. The day after that, you went to the Dead Sea again. But how did you become like this? You're so thin..."ye Shuyun almost cried to death when she saw that ye Xinyu did not have much of a body, she almost cried to death.

This was not a person. Why did he look like a ghost.

How long had it been since he ate.

"Ah Ah..."

Ye Xinyu could only make this sound, but no one could translate it for him.

"There is no South Africa Canyon," Bai Zhi's voice was still as cold as ever. "He is moving bricks for others. There is no Dead Sea or desert. He is still moving bricks for others."

Ye Xinyu had such a good life. He was running around the world every day, abandoning his old father, his aunt who raised him, and his cousin who grew up behind his back. He just ran away without any responsibility, no matter how much of a bastard he was, no matter how stupid he was, he knew that there were some things he could do and some things he couldn't.

Therefore, Ye Xincong, who was carrying his old father on his back and playing outside, ignoring ye Chuji's life and death, did not exist. It was impossible for ye Xinyu to be like this.

He didn't go anywhere. He went to carry bricks. His body was still full of wounds, big and small. There wasn't even a piece of intact flesh on his body.

"Ah, ah..."he said.

But he was like a child that no one wanted,

later, Lei Qingyi came over. When he saw ye Xinyu's appearance, he was shocked.

"Who is this ghost?"

When ye Xinyu heard the word 'ghost', his tears fell.

"I asked Yi Bin to come over first."

Lu Yi hurriedly called Bao Yibin to come over. As for what happened to ye Xinyu, Yan Huan had already told him on the way back.

Ye Xinyu was brought out of the mountains by Bai Zhi. There was a private brick burning factory there. According to the villagers there, that brick factory had been built in the village for many years. The brick factory did not want locals, the locals did not know what it was like inside, and the door of the brick factory was always closed slowly. Sometimes, they could hear the sound of ghosts crying at night

Over time, no one dared to go to that place. Even the villagers were afraid to say anything when they mentioned it. They thought it was haunted.

What haunted? In fact, anyone who was smart could guess it. It had nothing to do with ghosts and gods. The place was a private black workshop, and most of the workers were sold there.

"I'll go and take care of that black brick factory."

Lei Qingyi was a hot-tempered person. He would go there in a moment. No matter what place it was, he would take care of it. He dared to leave ye Xinyu in there. Now, he didn't need to think to know..., just how much ye Xinyu had suffered inside, and how much suffering he had endured. Now, he could not even speak. Just what had happened back then, and what kind of torture he had been put through.

When he yibin arrived, he was shocked to see ye Xinyu. After the examination, Lei Qingyi's face was almost completely black, and Ye Shuyun's tears did not stop.

Ye Xinyu was brought up by her. He had been fed and fed since he was young. In addition to his beautiful appearance, he had never suffered. Of course, he had never really hit anyone, but look at him now..., his body was almost covered in injuries. New injuries were added to old injuries. There were cuts, abrasions, and burns from cigarette butts.

Chapter 1793: was better than he had imagined

His hands could not even pick up the chopsticks, and he had become mute.

He Yibin checked ye Xinyu's arm again. Ye Xinyu quickly put his hands behind his back and avoided people the moment he saw them.

Even he Yibin's eyes turned red with discomfort.

"The nerve injury on his hand and his throat are also damaged. It's still too easy to say if he can recover. Let him be hospitalized first. I'll see if he has any other problems." He Yibin was not most worried about

the injury outside, it was whether he had been persecuted in that aspect. To a man, this was almost a fatal injury.

“Bai Zhi, come out with me once,” Lei Qingyi said to Bai Zhi. Her face was pale, her voice was solemn, and her body was tense.

“Sure.” Bai Zhi did not expect things to turn out like this. She had conveniently dug out a person, and it was actually ye Xinyu. She had heard Yan Huan mention this person. Yan Huan had said that Ye Chuji had a son, and he looked like a boy and a girl, if she liked beauties, then she would definitely take a liking to ye Xinyu.

However, she did not take Yan Huan’s words to heart.

When she saw Sun Yuhan’s appearance, she thought that it was related to the blood source and that she should not look good.

However, she did not expect that she would actually save ye Xinyu for no reason. Now, she finally understood the meaning behind Yan Huan’s words. This ye Xinyu was indeed very beautiful,

it was hard to tell if it was a good thing or a bad thing for a man to look like this.

Lei Qingyi brought Bai Zhi there directly. It was only a few days’ journey.

As for ye Xinyu, Ye Shuyun did not dare to let ye Chuji know. If Ye Chuji knew, he would not be able to take it. Ye Chuji had been looking for his son for so long. He was the same as ye Shuyun, they all thought that ye Xinyu was playing somewhere. Although they scolded their son every day, who did not feel sorry for their son? Who Did not love their son.

They scolded him, but they loved their son in their hearts.

He still sent money to his son’s card every month. He was afraid that his life outside would not be easy, and he would not be able to eat or sleep well. Even ye Shuyu had never replied to his messages, he also sent messages to his son one by one, telling him everything that happened at home. He even said that if he did not have money, he would tell him how much he wanted. As his father, he would give him as much as he wanted.

And he almost gave all of his property to ye Xinyu. However, ye Xinyu had never used a single cent of it.

If he had a piece of good flesh, would ye Chuji be able to bear it?

Ye Xinyu was sent to the hospital. What was important now was not other things, but to see what other injuries ye Xinyu had. If it could be treated, it would be treated. If it could not be treated, he had to think of a way to recover.

When the results of the examination were out, he yibin heaved a sigh of relief.

“It’s fine.” He Yibin placed the examination report in front of Lu Yi. “He didn’t suffer any injuries in that aspect.” They all knew what that aspect was. Ye Xinyu was a boy and a girl to begin with, he was very beautiful and looked like his mother, unlike ye Chuji. When ye Xinyu suddenly went missing, he yibin was most worried about this. Did someone take a liking to ye Xinyu’s face.

Now that the results were out, he Yibin was not afraid anymore. As long as ye Xinyu's body and mind did not suffer too much, he would recover one day. Now, it could be considered a blessing in disguise.

"Where's his voice?" Lu Yi was still wearing the uniform of a prosecutor. He had not had time to change it since he came back. He flipped through the inspection report in front of him and could see a little more clearly, xunxun was sick every few days when she was young. He had to take her for so many examinations almost every time. After a long time, he only knew a little.

"His voice should be able to recover. His vocal cords are injured. We need to do a small operation. His arm is also injured because of the pressure of a heavy object for a long time."

"A person's wound can be healed, his blood vessels can be connected, and his bones can also be healed. However, other than his nerves, he can't lift heavy objects with his hands. It's not because of anything else, but because of the nerves in his arms."

"This requires a long period of recovery, but it's not hopeless. After all, his nerves are still there. It's just that he was injured." "As for the other injuries on his body, there aren't too many problems. They're all superficial wounds, so overall, it's better than what we thought."

"It's better than what we thought."

"Let's go to the hospital first. He'll recover one day."

"Oh right, you can ask your uncle to come over. The physical injuries are one aspect of his current appearance, but it's obvious that there's something wrong with his mental state. Ask his father to come over. That's his biological father. You also want your mother to stay here. He's been close to your mother since he was young. If you want him to recover his body, you must first let his mental state recover."

This one year could almost be said to be his nightmare.

Now that the nightmare was over, everything would be fine,

yes, everything would be fine. They had to believe that the current medical science would definitely be able to restore his body to its original state

"I understand." Lu Yi stood up and also sorted out these examination forms before handing them over to He Yibin.

He walked into the ward. Ye Shuyun wanted to cry when she saw ye Xinyu's current appearance.

Ye Xinyu had fallen asleep, and he still had to stay in the hospital. He would have to undergo several surgeries, whether it was his voice or his arm.

It was a pity that ye Xinyu did not have a voice, and he did not even have the ability to write, so he could not tell them what had happened. Even if they wanted him to write with his feet, he could not.., his legs were not as flexible as they used to be. It could be said that he had injured his nerves, but his feet were much lighter than his hands.

He only needed to recuperate for a while, and he would be able to recover bit by bit.

Although time would slow down and he would have to suffer a little, compared to letting a man die, it did not matter even if ye Xinyu had to be a mute for the rest of his life. At the very least, Ye Chuji still had a son.

When Ye Chuji almost stumbled into the ward, he saw his ghost-like son lying on the hospital bed. The corners of his eyes burned. There was nothing he could do about the tears, he just fell down like that.

He walked over carefully, as if his feet were so heavy that he couldn't move even half a step.

It wasn't easy for him to reach the side of the hospital bed. He looked at his silly son who was so thin that he looked like a ghost standing there.

This son looked too much like his mother, almost exactly the same. However, he had been very strict with him since he was young. It was not because he did not love him, but because he was afraid that he would be bullied by others.

Chapter 1794: who said that a man should not cry

And with his personality becoming like this, as a father, did he not have any responsibility? In fact, his responsibility was the greatest.

"How did this happen?" Ye Chuji's body swayed, and his vision almost turned black. He was also dizzy. If Ye Shuyun had not held him up, he might have fallen here.

"Brother, don't worry. He'll be fine."

Ye Shuyun quickly comforted ye chuji, "Yi bin said it before. It's really just a superficial injury. He'll be fine, he'll be fine. Look, he's coming back alive."

Ye chuji only recovered after a long time, but he still felt his head buzzing. He reached out with a trembling hand and touched ye Xinyu's forehead. He was really too thin. In the past, he was more sturdy, even though he was also thin, however, young people were not always like this. Now, he was covered in a layer of skin and bones. If ye Xinyu was not his son, he had watched him grow up since he was young.

Perhaps he could not recognize this person. This person was so thin that he was covered in bones. His face was also severely deformed. It was his son. His son was so good-looking. He was exactly the same as his dead wife, he was not inferior to Yan Huan at all. If he were a woman, Yan Huan, the fifth most beautiful woman in Asia, would probably have to give up her position.

But Now?

She was not a human. She had become a ghost.

Ye Xinyu still did not sleep peacefully. He had been like this recently. He had not had a good dream for a day. He had nightmares almost every night. And every time he had nightmares, he would return to that terrifying place.

Only these few times were different. It was really different. He did not dream of that terrifying place. He was saved by a kind woman. She even allowed him to stay in a room. He could even eat and wear warm clothes, and in the end, he met his cousin's wife, Yan Huan, his aunt, his cousin, and many others, did He go home?

However, he did not dare to open his eyes. He was afraid that if he opened his eyes again, he might be beaten, scolded, and not given food or water in that terrible place. He would be like a living dog, and he would never be able to see his father again in this lifetime.

What should he do? He was his father's only son. If he died, who would care for him in the future? Sun Yuhan, that vicious woman, she would attack his father. She would definitely attack his father, and his father would be like him. He would not be guarded against that woman at all.

He even saw that the woman was going to attack his father.

That woman first got rid of him, then his father, and finally, the entire ye family was in her pocket.

"Ah Ah..."his hand kept waving randomly.

Don't touch his father. If anyone dared to touch his father, he would kill them.

"Ah Ah, Ah Ah..."

He would make such sounds from time to time.

And he could only use these sounds to vent the pain and hatred in his chest.

"I'm not afraid of my son, I'm not afraid."

Ye Chuji gently patted ye Chu's shoulder. Just like when he was young, Ye Chu was timid. Every New Year, no one in the family dared to set off firecrackers, but even so., the sound of firecrackers outside would scare him and scare him so much that he would cry.

Ye Chuji was just like that at that time. When he grew up, his father did not treat him so well anymore. Instead, he taught him with a stick, but he knew that in his father's heart.

The person he loved the most in his life was his son

"Ah Ah!"

"Ah Ah..."

He shouted loudly and sharply. He did not know how much joy and sadness people felt when he survived the disaster. Ye Xinyu was like this.

When he opened his eyes and saw ye Chuji whose hair was white, he could not hold back his tears. Ye Chuji was the same. Both father and son cried loudly.

When Ye Shuyun came in, she just stood at the side and did not disturb them.

Cry, who said that men could not cry.

Ye Chuji had been through too much these days. There was no one in the family who could talk to him. His own father had done all kinds of immoral things for his granddaughter. On one hand, he had to manage such a large ye family, on the other hand, he had to worry about his son who had run away from home.

And for so long, the only thing that comforted him was the few text messages he received a month ago. Only then did he know that his son was still there. He could still persevere. But now, what was going on? Clearly.., ye Xinyu had said not long ago that he was in a small town. However, there was no signal over there. Although he was worried, there was hope in his heart, so he wasn't afraid, he just needed to know that his son was living well in the distance.

But why did it happen? Why did it become like this? How did his son become like this? How did it become like this?

When ye Xinyu fell asleep again, Ye Chuji stood up again. He wanted to understand. Otherwise, he would not be at ease, but he was not at ease with ye Xinyu being here alone. He might be worried about gains and losses, or he might really be afraid.

"Brother, you don't have to worry. I'm here."Ye Shuyun walked over. "I'll keep an eye on him."

"Thank you."Ye Chuji had a lot to say, but in the end, there was only one thank you. Yes, thank you, thank you. The only thing he could say and the only thing he could say was this thank you.

When he reached he Yibin's office, surprisingly, Lu Yi was also there.

"Uncle,"Lu Yi called out to him. Ye Chuji's lips twitched a few times. He shook his head. No matter how many words he said, none of them came out.

"Uncle Ye, you're here to ask about Xinyu's illness, right?"

When he Yibin saw ye Chuji enter, he knew what he was thinking. Ye Chuji nodded.

"How is my son? Is he okay?"

"He's better than we thought,"he yibin comforted ye Chuji, "Although he doesn't look good anywhere, he can recover from his injuries. Whether it's his throat or his arm, it's the same. Although it may be very slow and it may take several years for him to recover, he will recover one day."

When ye Xinyu heard this, he also let out a sigh of relief.

It didn't matter. He could still wait for a few years. Ye Xinyu was only in his twenties. He would be able to recover when he was in his thirties. He was only in his fifties now, so he could at least live for another twenty years, he could finally see his son recover and marry his own son.

"By the way, Lu Yi, I happen to have something to ask you."Ye Chuji took out his phone and also took out the few messages. If ye Xinyu had always been in that black brick factory.., then where did these messages come from?

Chapter 1795: the bad guys are here

Lu Yi didn't hide anything from ye Chuji and told him the truth.

"The message Xinyu sent you to save him, including the previous one, was sent by someone else. It was just a lie. I sent the last one after the incident with ye Xinyu."

I understand now. Ye Chuji didn't ask Lu Yi to explain further. He reached out and patted Lu Yi's shoulder. "Uncle, thank you. Thank you for saving Xinyu. Thank you for letting uncle know that Xinyu is still alive during this period of time. Otherwise, I might not have been able to hold on until now. Even if I did, I would have been angered to death by ye Jianguo and his grandson."

Also, he shook Lu Yi's shoulder again.

"You can do whatever you want with Sun Yuhan. I'll take care of the old man."

Ye Chuji didn't make it too clear, but saying that he would take care of Sun Yuhan meant that it had nothing to do with him. As for ye Jianguo., to be honest, he was at the end of his rope and couldn't do much. The only one who could do anything now was ye Chuji. If Ye Chuji was willing to get involved, Sun Yuhan might get a lighter sentence, but Ye Chuji did not care. He wanted that woman to stay in prison for a lifetime.

Even if it was not a lifetime, he had to think of a way to let that troublemaker stay for a few more years so that she would not hurt people again. He did not care whether she was ye Rong's daughter or ye Jianguo's granddaughter, what did that have to do with him?

He wouldn't acknowledge a niece like her.

Ye Chuji had already explained everything that happened at the airport. He didn't go to the airport anymore. He just stayed in the hospital to take care of his son. Ye Xinyu could only sigh but couldn't say anything. However, his mind was clear, he knew everything, but he couldn't express it.

Perhaps no one had noticed that whenever others mentioned Sun Yuhan's name, the hatred that would appear on his face was so strong that it seemed like he was going to bite his teeth out.

Yes, he hated her very much. He really hated her to the extreme.

However, he still could not express it.

About three days later, Lei Qingyi returned.

"How is it?" Lu Yi asked Lei Qingyi. "Have you taken care of the things over there?"

"Yes, it's done." Lei Qingyi was also travel-worn now. He did not have time to rest and came straight over, "That's a private brick factory. The people inside are indeed not from the right path. Of course, they wouldn't let the villagers in. The workers inside are all like ye Xinyu. You Don't know, that's simply not a place for people to stay."

"Dozens of people squeezed into a small room. They ate, drank, and defecated in that fart-sized area. I don't know how the people there came in either. All of them are sallow and emaciated, and all of them are numb. Except for a few people who can cry and want to go home, most of them are probably dumb. They don't know what they're asking, don't know their names, and don't know where their homes are."

“It’s not easy for ye Xinyu to survive until now.”

Lei Qingyi drank another glass of water and continued, “Now I finally know why ye Xinyu became mute. There’s no one there who can talk. Maybe they were all mute when they went in.”

“At that time, we caught a few leaders, but we didn’t get anything out of them. As for ye Xinyu, they didn’t even know his name. They only knew that he must have bought it from someone else.”

“And the person who bought him was always in this brick factory. He worked day and night and didn’t have enough food or sleep for a day. Even if he died, no one would know. Ye Xinyu was alive, and he even managed to find his way home by accident. It can only be said that his luck was really too good.”

“We also arrived at the right time. Lei Qingyi took the cup and sat down. She crossed her legs because someone was lost inside. They felt that the situation could be serious. If they were found out, then they might be in danger. They were originally going to leave, but we suddenly went over and killed them all. Of course, a lot of things were involved in the process. I have already transferred this case to the local government. As for those people, they were all sent home. If they really don’t know the way out, the government will make uniform arrangements. We didn’t go in vain this time. We avenged that Brat ye Xinyu, and even helped the local government get rid of a big harm.”

“It’s a pity...” lei qingyi sighed. He felt that he did not achieve his goal this time because he did not get anything out of him. He did not know how ye Xinyu was sold and who sold him.

“We will find out sooner or later.”

Lu Yi did not dwell on this and there was nothing to worry about.

“It’s not like Xinyu’s throat won’t heal. His hands can’t be like this forever. When he can speak one day, we will naturally know the truth.”

“That’s true.” Lei Qingyi nodded. This was the logic. No matter how well he hid it, in front of absolute witnesses, it would still be exposed in the end. And he wanted to know how ye Xinyu got in., and how he was sold to that place. Did he offend someone, or did someone do it on purpose?

In the hospital, it had always been too quiet, and it was the same with Ye Xinyu. He couldn’t speak, and he couldn’t eat much. Ye Shuyun personally came to take care of him, she fed him three meals a day without missing a single meal. She finally made him fatter. He was no longer as skinny as when he first came back.

“Uncle, eat.” Xun Xun placed the candy in her hand in front of ye Xinyu.

Ye Xinyu grinned at Xun Xun. He lowered his head and bit the candy in Xun Xun’s hand into his own mouth. This was Xun Xun’s favorite candy, but she was willing to give it to ye Xinyu.

The door to the ward was suddenly opened.

Xun Xun glanced at the door, then pulled her small body into ye Xinyu’s arms. Ye Xinyu used his own arms to protect Xun Xun, but he didn’t have much strength in his hands, so he could only use his own body to block Xun Xun.

“Why, are you willing to come back?” Ye Jianguo walked in from outside the door. He didn’t have the joy of his grandson’s return, nor did he feel sorry for how his grandson had become so thin.

Ye Xinyu’s face was stiff. He did not treat ye Jianguo as his grandfather at all. It was all him, it was all him, it was all the granddaughter that he recognized. It was all his granddaughter’s fault that he had become like this.

“Ah Ah... Ah...”

Such a sound tore through his throat. His eyes were also red with anxiety. He wanted to kill that woman. He wanted to kill Sun Yuhan, that woman.

Chapter 1796: this grandfather was really heartless

When ye Jianguo saw ye Xinyu’s maniacal appearance, his expression also changed. He was just about to leave when xunxun, who was blocked by Ye Xinyu, was also frightened.

He immediately burst into tears.

Ye Xinyu’s widened eyes shook again. Then, he turned around and used his weak hand to gently pat Xunxun’s small shoulder.

“Uncle, don’t cry.” Xun Xun wiped her tears and took out a piece of candy from her pocket and placed it in front of ye Xinyu.

Ye Xinyu lowered his head and bit the piece of candy in his mouth. However, it was a man’s, and his tears were falling.

Xun Xun pressed her small face against ye Xinyu’s face and stared at ye Jianguo with a pair of big eyes. That face that looked like ye Rong’s when she was young also made ye Jianguo suddenly feel a little uncomfortable.

“Xunxun.” Ye Shuyun hurriedly ran in. She had heard Xunxun’s cries from afar just now. However, the moment she entered, she discovered that ye Jianguo was actually here. When Ye Shuyun saw ye Jianguo, she gritted her teeth as well, why did she only know to care about her grandson now? What did he do in the past?

However, she was wrong. Initially, she thought that although ye Jianguo was not a good grandfather, at the very least, his heart was not completely distorted. He even knew to care about his grandson.

“Ye Shuyun, I’m here to look for you. I hope that you won’t pursue the matter regarding our Yuhan.”

When Ye Shuyun heard Sun Yuhan’s name, all of a sudden, her blood rushed to the top of her head.

“You came here because you wanted to plead for Sun Yuhan. You didn’t even look at how Xinyu turned out. You’re his biological grandfather. Shouldn’t you show concern for him and not ask him what happened to him? What happened to him?”

“He brought it on himself. Ye Jianguo’s words weren’t polite at all. They were also very hurtful. He didn’t do anything proper and only knew how to do things that didn’t make sense. Everything he’s suffered

now is his own doing. Ye Shuyun, I'm only here to tell you that you have to save Yuhan. I absolutely won't let her go to jail."

After ye Jianguo finished speaking, he immediately turned around and left. Perhaps it was because he did not dare to face the child, but he could not turn around either. He did not like this daughter of Yan Huansheng, and sometimes it was difficult to face her.

It was not because he had kicked this child back then. It was because this child's appearance was really becoming more and more similar to Ye Rong when she was young.

He could not face a face that was similar to ye Rong's. He would think of that granddaughter who did not even dare to walk out of the hospital now. It was also because of his incompetence that he had no way out, there was simply no way to save his granddaughter who was already being prosecuted.

And no matter what, he would not let others take his granddaughter to jail. How could his granddaughter, Ye Jianguo, go to jail? He turned around and looked at the child in ye Shuyun's arms. The child's expression.., it was exactly the same as Lu Yi's advanced studies. He had the same pair of eyes that could remember anything.

He gritted his teeth. It was his teeth that were gnashing against each other. Then, he walked out heavily.

"Grandma." Xunxun buried her little face in ye Shuyun's arms. She raised her little face. Her eyes were red and she looked very pitiful.

"Grandma, that Bad Grandpa scolded uncle. He scolded uncle until he cried."

Ye Shuyun also felt her heart ache. She put Xunxun down and hugged ye Xinyu. "Xinyu, don't be afraid. Just pretend that you don't have that Grandpa. You still have Auntie and your father."

"Ah Ah..."

Ye Xinyu's throat was filled with the same voice. No matter how many voices were heard, they could not be found and could not be heard.

He nodded his head forcefully.

Ye Shuyun brought ye Xinyu back to the Ye family after ye Xinyu underwent surgery. She was afraid that some people would affect his recovery. Her heart ached for ye Xinyu now. To have such a grandfather.., this grandfather was going to break ye Xinyu's heart. And now, he still did not have the slightest bit of repentance. Ye Shuyun really wanted to know.

Would ye Jianguo regret it in the future.

Ye Xinyu living in the Lu family was obviously the best. Ye Chuji was a grown man. He was usually busy and had to run around the airport and home. Even if there were a few nannies at home, they would not be as attentive as his own people.

Ye Xinyu was a pitiful child. He had no mother, no mother to love him, and no mother to love him. Ye Shuyun saw how pitiful ye Xinyu was. There were two grown men at home.., how could he take care of such a small child? So, she brought ye Xinyu home to raise him. She treated ye Xinyu as her other son.

Now that ye Xinyu was like this, how could she be at ease? How could he not be difficult to love.

And there was really no one in this world who would treat ye Xinyu as well as ye Shuyun. Therefore, Ye Xinyu was indeed the best choice in the Lu family.

Uncle Ate, and Xun Xun brought her snacks to ye Xinyu to eat. Ye Xinyu was still unable to speak, but he could laugh. When he laughed, Xun Xun would also laugh. That was why Xun Xun's laughter was frequently heard recently, of course, he could also see Xun Xun's dimples from time to time.

Ye Xinyu shook his hand. His fingers still did not have much strength, and he could not hold anything.

Xun Xun automatically put his little head under ye Xinyu's palm.

Ye Xinyu's fingers had already touched Xun Xun's little head, and he could not help but laugh again. He had gained some weight, and finally did not look like a female ghost. He was starting to look like a goddess, if he wore a new year's dress.

"Let's eat."

Ye Shuyun brought the food over and placed the nursing table on the table.

"Xunxun and little uncle, let's eat," ye Shuyun said as she touched her granddaughter's little head.

"Okay," xunxun obediently promised her grandmother. Then, she stretched out her little hand to Ye Shuyun

"What's Wrong?" Ye Shuyun touched her granddaughter's little face again. Didn't she promise just now? Why did she have to let an adult hug her again?

Didn't Xun Xun promise to have dinner with her uncle? She even brought her little bowl over.

"Grandma." Xun Xun still reached out her little hand to Ye Shuyun.

"Xun Xun hasn't washed her hands yet."

"Oh, look at Grandma. She forgot." Ye Shuyun hurriedly carried her granddaughter. "Our Xun Xun is a child who loves cleanliness. She knows to wash her hands before eating."

Ye Shuyun brought Xunxun outside to wash her hands. Only then did she carry xunxun over. Xunxun was sitting opposite ye Chuji. In her small bowl, there were matched dishes. There was rice, meat, and vegetables, xunxun was not picky about food now. She was very obedient and sensible. She took the small spoon and ate by herself. Ye Shuyun picked up the chopsticks and Fed Ye Chuji.

Xunxun used his small hands to shave his face. was he making fun of ye Xinyu for being so old and still asking his grandmother to feed him?

Chapter 1797: he still hadn't taken his revenge

Ye Xinyu almost spat out the rice that was in his mouth.

This child was just a child. He really knew how to grow up. He already had his own little ideas at such a young age, and now he even knew to make fun of his uncle.

He reached out his trembling hand and placed it on Xun Xun's little head. Xun Xun smiled and curved her big eyes. She was so happy that she repeatedly stuffed rice into her mouth with a small spoon.

It was already summer vacation. Even the kindergarten had a long break. Xiao Qi and Xiao Guang had been sent to the Lei family. Currently, there was only one child in the family, Xiao Xunxun.

Yan Huan did not bring Xunxun back. Instead, she let Xunxun stay here to accompany ye Xinyu. It had to be said that with Xunxun here to accompany ye Xinyu, ye Xinyu really did not feel lonely at all.

After eating, Xun Xun rubbed her eyes and looked for someone from time to time. She was going to sleep, but she did not see anyone familiar. She did not sleep.

Ye Xinyu shouted. Every time he shouted, his throat would hurt. Ye Shuyun heard it from outside and quickly walked in

Ye Xinyu pointed at Little Xun who rubbed her eyes from time to time.

She was going to sleep. It was also time.

Ye Shuyun hurriedly hugged her granddaughter, then carried her out and handed her over to Old Master Lu. Old Master Lu's heart was filled with extreme injustice. It was clearly his granddaughter., but now, he did not see her much every day. His expression was not good every day. It was not because ye Xinyu lived here, but because ye Xinyu wanted to snatch his granddaughter away from him. No matter who it was., as long as it was someone who wanted to snatch his granddaughter away from him, even if it was his son, he would still be his enemy.

However, when old master Lu hugged his cute little granddaughter, his expression immediately turned dark.

Sigh, he finally hugged his little xun.

Ye Shuyun finally heaved a sigh of relief. She was afraid that old master Lu would explode in anger and make ye Xinyu think more about it. After all, with the two families in such a state, she was afraid that old master Lu would not be happy.

"It's okay," Lu Jin comforted ye Shuyun, "How can you not know what kind of personality father has? "He just hates people and fights with him to find them. It has nothing to do with Xinyu. He watched ye Xinyu grow up. No matter how much he hates ye Jianguo, he can't Kick Ye Xinyu out."

"I know,"but ye Shuyun was still worried.

There was nothing she could do. The Ye family had really screwed the Lu family too many times. She felt sorry for the Ye family. Although it really had nothing to do with her, it was her fault for carrying the word 'ye'on her back.

"Don't think too much," Lu Jin shook ye Shuyun's shoulder again.

Ye Shuyun smiled at him. When she turned around, she saw Old Master Lu hugging xunxun and coaxing him. Now, his face was full of smiles, and he was talking while walking from time to time.

Ye Shuyun knew where Xun Xun's habit of not letting anyone hug her came from. She was spoiled by this great-grandfather, but they did not dare to say anything.

Old Master Lu was walking around, waiting for his granddaughter to fall asleep. Even if Lu Jin wanted to help, old master Lu would not let him. The biggest person in their family was old master Lu, lu Jin would probably be exploited by the Lu father and son for the rest of his life. It was possible that the old man would live longer than him as a son.

Ye Shuyun gently opened the door. Ye Xinyu had also fallen asleep. She walked over quietly and covered ye Xinyu with the blanket. This child had really suffered a lot. Fortunately, the surgery was very successful, he would recover very quickly.

When she came out, ye Xinyu opened his eyes. He lifted his hand from under the blanket. He tried to hold his finger, but he still did not have any strength.

Was he unable to recover? was he like a good-for-nothing for the rest of his life? He even needed to be fed by others.

He turned over and did not cry this time. He would always remember who was the culprit who had caused him to be like this?

Whoever dared to help that woman would be his enemy, including his grandfather.

He had to get better quickly. He had to personally send that woman in. Didn't they say that the woman would be sentenced to five years at most? He would let her add another twenty years. No, not twenty years, but a lifetime.., he wanted Sun Yuhan to stay in prison for the rest of her life. She had to be the eldest daughter of the Ye family in prison.

And in a place that no one knew about, ye Xinyu, who had always been kind and unscrupulous, had really grown up too much. And this kind of growth was exchanged with his flesh and blood.

If that was really the case, he would rather not have this kind of growth.

However, he had still grown up. This forced growth might not be a bad thing for him. His life had been too smooth, which was why he had never grown up. He had also always been a little stupid, otherwise, how could he have been sold to that kind of place? And that kind of place was simply Hell on Earth. Although Lei Qingyi had already avenged him, he still had revenge to take. That was Sun Yuhan.

Now, he let Sun Yuhan smile first. When she couldn't smile anymore, he would make sure that she would never have a chance to turn things around in her life. Originally, he had thought that he should think of some way to tell her about this, but now, he still wanted to know what his grandfather had done for his granddaughter. He also wanted to know what their expressions were like when they were about to succeed, but their efforts were all for naught, it would definitely be very exciting.

"Auntie will take you out to buy clothes today, okay? You've stayed at home for a long time. It's time for you to bask in the Sun."

She really felt that it was not okay for ye Xinyu to stay at home every day. He still had to go out to see the servants and breathe in the fresh air. It was not like he was too ashamed to see people, nor was he disfigured. What was there to be afraid of., he had arms and legs, and he did not need to be carried.

She was afraid that ye Xin would feel burdened. He used to be a good person, but now he was not even willing to see the sun.

Ye Xinyu lowered his head and saw that Xun Xun was hugging Grandma's legs and smiling at him.

Ye Xinchou pointed at Xun Xun with his finger, trying to figure out what to do?

"Grandma, Xun Xun is going too."Xun Xun raised her little face. Sure enough, she had her own little idea. She wanted to go out with her grandma. If her grandma didn't take her out, she would be unhappy.

In the end, Ye Shuyun, the good grandma, would naturally not let her little granddaughter cry herself to death, nor would she let her drown the Lu family.

As long as Xun Xun pursed his lips, grandfather Lu would be in extreme pain. Even if he could not bear to part with his granddaughter, he would not let her cry herself to death.

What else could ye Shuyun Say? She could only bring ye Xinyu and Xun Xun out.

When the sunlight outside fell on ye Xinyu's face, ye Xinyu closed his eyes. He could almost feel the warmth of the sunlight dancing on his face.

Chapter 1798: was forced to grow up

It also brought a moment of warmth.

He opened his eyes and greedily breathed in the air outside. His hand was pulled by a small hand. He lowered his head and saw Xun Xun using her small hand to grab his palm.

"Uncle is not afraid. Xun Xun is here. Xun Xun is very powerful."

The little guy patted his small chest and promised in a baby voice, "Xun Xun will definitely protect uncle in a while."

Xun Xun was too young. Actually, she did not know what happened to ye Xinyu. She only knew that ye Xinyu must have been very sick. People who were sick must be very sick, and she would definitely protect uncle from getting sick again

Ye Xinyu did not have much strength in his hands, but Xun Xun had. Her small hands held ye Xinyu's tightly, never letting go

Ye Shuyun brought Xun Xun to a large shopping mall to buy a few pieces of clothes for ye Xinyu. Although ye Xinyu had clothes, they were all from the past. Now that he was so thin, the clothes from the past would no longer look good on him, they were like sacks, no longer good-looking.

She picked out a lot of things for ye Xinyu and did not consider choosing between the two. She bought all of them. Ye Xinyu was not picky now. He would wear whatever she bought.

Ye Shuyu was very good-looking. Although he was thin and weak, his face was indeed beautiful. Moreover, this feeling was also the androgynous beauty between a man and a woman. However.., it would not make one think that he was a woman. His skin was not white and was even a little black. However, there was a kind of beauty that was born between his brows.

A woman's beauty could make one fall head over heels for her. A man's beauty was also comparable. Even the few shop assistants were stunned as they looked at Ye Xin Yu.

Ye Xin Yu was a spoiled child in the past. He was also a fool. However, things were different now. He finally had something that time had given him. It was nothing else. He was mature and worldly. Although he was smiling.., however, he was smiling at a distance. This kind of ambiguous attitude seemed to make women even more infatuated and infatuated.

Xunxun obediently sat on the stool. Her pair of small feet swayed back and forth. She was also a very beautiful child. She could not help but make people take another look at her.

Ye Shuyun had always been paying attention to her little granddaughter. She was afraid that other people would have designs on her. What if they took her xunxun away? Therefore, having a good-looking little granddaughter was quite a headache. Ever since Xun Xun was born, she had been worried that someone would steal her granddaughter. Now that she was getting older and prettier, what should she do.

"Grandma, Xun Xun is hungry."Xun Xun tugged at Ye Shuyun's sleeve. She wanted to eat.

"Are We Xun Xun's belly?"Ye Shuyun squatted down and pinched her granddaughter's chubby little face. Every day, she would think of ways to make her eat more. She was afraid that she would be like her mother, who couldn't eat fat, in the end, her hard work paid off. She finally managed to raise some chubby little xun. Her little appearance became more tender and cute.

Uncle Ye could not bear to let his granddaughter go hungry. Her Little Xun had never been hungry before.

Ye Shuyun found a very clean restaurant nearby and ordered some dishes. They were in a small private room so that when she fed ye Xinyu later, people would gossip about her.

Ye Shuyun put some dishes in her granddaughter's small bowl and let her eat them herself. He fed ye Xinyu. The dishes in this restaurant were pretty good and quite delicious.

Xun Xun was also very satisfied with the food. It could be seen from her small smiling face.

Ye Xinyu used his fingers to touch Xun Xun's small face. Although his fingers did not have much strength, he could feel the warmth on Xun Xun's small face.

Children were truly the most incredible creatures in the world.

Their small faces were warm, and their voices were tender. No one wanted to hurt them.

Ye Xinyu thought about his childhood. When he was young, Xunxun was his age. His aunt fed him like this. At that time, he was very young and he was not sensible. He was raised by his father. What kind of

son would his father raise, he was busy with the Ye family's matters all day long. How could he have time to care about his son? At that time, it was the nanny at home who took care of him.

However, the nanny did not really care about him. He had never seen how good she was to him. He was only three years old and he was not sensible. The nanny beat him and told him not to tell ye Chuji. He was afraid of pain and did not dare to say, the nanny did not give him food or drink. He was thirsty and could not find any water to drink. He even drank the water in the toilet bowl.

On that day, elder Auntie came and saw him drinking the water in the toilet bowl. Elder Auntie cried on the spot. Later on, when she found out that the nanny had abused him, elder Auntie was so angry that she directly brought him to the Lu family to take care of him.

At that time, his cousin was already very old and carried him to school every day. For a very long time, he was afraid of meeting people. It was also because he did not know how to eat. It was his aunt who fed him mouthful by mouthful, it was his cousin who fought for him time and time again.

Just like now.

Suddenly, his mouth split open and he smiled, but he started crying like a woman.

"Thank you, Aunty."

He silently thanked her, because his voice was full of words.

"Aunty Knows, Aunty Knows."

Ye Shuyun gently rubbed ye Chuji's hair, "Have you forgotten? You were raised by Aunty. When you were young, you were timid and wanted to sleep with Aunty. You even wet the bed at night. It was much better when you were five years old."

"That's why Aunt Dotes on you the most. Even your cousin Lu Yi, aunt has never doted on you this much."

"Look at you. Why Don't you learn to be smarter? Look at what you've become now." "If anything were to happen to you, what would your Aunt Do? What would your father do? You Don't even know. Someone sent a message to your father saying that you were here today and here tomorrow. He even said that something happened to you. Your father has been looking for you for two months, but you don't know how pitiful your father is. His hair was all white because of you. Later on, that person stopped sending messages to your father. It was your brother who kept sending messages to your father, hoping that he would be safe. He wanted him to know that you were still here, so that he would have something to think about. Otherwise, your father might have already collapsed."

"Xinyu..."ye Shuyun looked just like when she was young. She gently stroked ye Xinyu's hair, "You've grown up. You're not a teenager anymore. You're already 26 years old. At 26 years old, you're going to start a family and have a family. Your father is almost 60 years old. This time, he's going to be fine. Then, he'll get married and have children. He'll slowly take on the heavy burden on your father's shoulders. His back is almost bent. He can't bear such heavy pressure anymore."

Ye Xinyu listen to listen, but listen to the heart is extremely sour, nose is sour uneasy.

Chapter 1799: had suffered enough

He nodded his head lightly. He had agreed. He had agreed to everything. He knew that his aunt was doing this for his own good. He also knew that his aunt was right. He knew that everything that his aunt said was for his sake, it was all for the sake of his father and son.

If he did not care about you and did not really love you, who would have spoken so much for you.

He had grown up. What was the point of going to so many schools? If he did not even have the most basic filial piety, then was he still worthy of being this person?

"It's good that you understand." Ye Shuyun sighed. She finally felt some comfort in her heart. It was good that she could think things through. As long as she could think things through, she would not have suffered in vain. These days were not in vain.

Ye Xinyu's life had been too smooth-sailing. That was why he had never grown up. He was already in his twenties, but he had always treated himself as a child. He did not even have the slightest responsibility.

In fact, everyone had spoiled him since he was young. The way he was now was like a spoiled child. He was the youngest child in several families. He was also good-looking. When he was young, he was young and timid.

Although everyone was afraid that he would grow crooked in the future, no one had ever been really strict with him. Otherwise, with Lei Qingyi and Lu Yi's skills now so good, no matter how ye Xinyu was.., it was impossible for him to be much worse. However, in reality, he was very bad. He was still very bad. Perhaps even the current little lei zi was no match for him.

It was not because he was not talented, but because he felt that it was too tiring and hard work. He did not study hard and was lazy every day.

They were still not strict enough with him.

Ye Shuyun fed ye Xinyu a bowl of rice. When she looked at Xun Xun, Xun Xun was still lowering his head and eating the same food in his small bowl.

When Xun Xun raised her little face, she realized that she had eaten her little face like a kitten.

Ye Shuyun could not help but laugh out loud.

I really want your great-grandfather to see what you have become.

Ye Shuyun wiped her granddaughter's little face. This little girl was really the greatest miracle in their lives. She was obedient, cute, beautiful, and very smart, just like the children of the Lu family.

Of course, Xun Xun did not know what Grandma was laughing about. Anyway, even if Grandma was laughing, she would laugh along with her.

Ye Shuyun quickly took the paper and wiped Xun Xun's little face clean. Then, she let her continue eating.

She did not eat much herself, but instead fed ye Xinyu.

Ye Xinyu's stomach was full. He had not eaten properly at the brick factory, so his stomach had become smaller. In the beginning, he could only drink soup, but now his appetite was a little bigger, however, he still could not eat too much. He had already eaten a bowl, but it was enough.

You should eat more. Ye Shuyun put the chopsticks in front of ye Xinyu again, and Ye Xinyu would eat whatever she fed him. He was not picky at all.

"Tell your father not to worry about you so much. Eat more. As parents, we don't expect you to be successful. We just need to live well."

Ye Shuyun fixed ye Xinyu's hair again.

"Look at how well-grown he is. He has finally grown up this time."

Ye Xinyu smiled bitterly. could he not grow up? If he did not grow up, his previous life would be in vain.

Xun Xun bit the small spoon in her hand. She had already finished her small bowl.

"Xun Xun, are you full?"

Uncle Ye asked his granddaughter.

Xun Xun shook her little head. "Grandma, Xun Xun isn't full."

"Our Xun Xun is great. We can eat two bowls of rice."

Her words made Xun Xun's little face lift up. This little look of hers was called complacency.

Ye Shuyun asked for a small bowl of rice for her granddaughter. She knew how much the child could eat. Every meal had passed through her hands, so how much could Xiao Qi, Xiao Guang, and Xun Xun Eat in one meal, she knew.

Xun Xun picked up her small spoon and ate the rice one mouthful at a time. She was very happy.

Ye Xinyu stretched out his weak hand and gently stroked Xun Xun's small head. Xun Xun raised her small face and smiled at ye Xinyu. Her dimples were also revealed. This really made ye Xinyu very curious.

An ordinary person would not be able to see Xun Xun's small dimples. Xun Xun was an extremely cold and aloof child. She would only smile happily in front of her family members.

Ye Shuyun was eating by herself. She could not help but look at the smiling and gentle ye Xinyu. She was truly gratified in her heart. This child had really grown up. In the past, she was still a lively child, he was also so silly that he lacked a string. She was worried that he wouldn't grow up even when he was in his forties. But now that he had really grown up, he seemed to have changed into a different person. He was mature and steady, but what kind of suffering was this.

As his aunt, she felt uncomfortable in her heart, not to mention ye Chuji, who was a father.

Ye Xinyu's hands were weak. He was fed by others. When he was in the brick factory, who would feed him? How would he eat? She didn't dare to imagine this.

Really, she had had enough this time.

She lowered her head again and ate. After eating, they continued shopping. In fact, it wasn't because they wanted to shop, but because she wanted ye Xinyu to interact with more people. She couldn't just want to stay at home, she did not want him to come out.

Fortunately, ye Xinyu adapted very quickly and was not different from the others.

After they finished eating, Ye Shuyun held her granddaughter's little hand with one hand. At the same time, she also had to pay attention to whether ye Xinyu could keep up.

She did not have to worry about this. Ye Xinyu just could not speak, but his IQ was normal. He did not become stupid. He still knew to follow ye Shuyun closely. Of course, even if he lost her, it did not matter, it was not like he did not know how to get home. The nearest place was Lu Yi's procuratorate. The people in the Procuratorate knew him. He could just make a phone call and go. This would not work. At most, he could walk for half an hour, he could also go to Lei Qingyi's current place. There were too many roads in this world. He did not have to worry that he would lose her.

In the past, he had been running all over the world, and he had never seen anyone lose him. How could he lose her now?

The person who had harmed him now even had his hands full, so how could he come out and cause trouble for him.

Therefore, he was not worried about his safety at all now.

He followed behind ye Shuyun. Sometimes, if he fancied a piece of clothing, he would ask ye Shuyun to buy it for him. As long as he fancied it, Ye Shuyun would buy it for him without a word.

Chapter 1800: child snatching on the street

Of course, it was impossible not to let him try. With ye Xinyu's appearance, no one would notice that there was a problem. He could only stand there and smile elegantly. At this moment, he was dressed very cleanly, his standing posture was also very standard. He had the appearance of a noble son. Sometimes, there would also be some women who could not help but glance at him. They really felt that this man was too good-looking, which magazine did this protagonist come from? How could he have such a good-looking smile and look so good that he wanted a woman to commit suicide.

If a man looked like this, did he still want a woman to live? And because ye Xinyu had never spoken before, it added a bit of coldness to the atmosphere.

Sometimes, it was really easy to deceive others with one's appearance. Even if ye Xinyu had a brain lacking a string, he was still a bit of an idiot. Now that he had matured, he had grown up, but he had become a mute.

As for when he would recover, no one knew.

Ye Shuyun bought a bunch of things, and they were all carried by her. Xun Xun held onto ye Xinyu's hand tightly, afraid that he would lose ye Xinyu. Ye Xinyu, of course, also paid attention to Xun Xun, even though his hand was weak, however, he could protect Xun Xun. The two of them, one big and one small, could help each other.

“We’re going back.” Ye Shuyun looked at the time. There was not much time left. They should have gone home and bought everything that they should have bought. Even if it was an oversight, it would be the same the next time they came.

Ye Shuyun made a call. The chauffeur at home would come to pick them up in a while. She did not know how to drive, and Ye Xinyu’s hand was like this. Naturally, it was impossible for him to drive, so they waited outside.

“Are You Sleepy?” Ye Shuyun asked her granddaughter worriedly. At this time, it was also time for Xun Xun to fall asleep. This child should be sleepy.

“Yes.” Xun Xun nodded her little head. Standing for too long would make her little feet uncomfortable. After all, she was not a big child. She was only a three-year-old little bean. Her physical strength was limited, and her energy was also limited.

Ye Shuyun placed the bag in her hand on the ground and let Xunxun sit on it. Xunxun sat obediently. It was really just a small step.

Ye Shuyun looked at the time from time to time and waited a little anxiously.

Why was it that they were a little slow today? According to her calculations, they would arrive in half an hour according to the usual car journey. They had been waiting here for half an hour, so why was the car still not here?

Ye Shuyun put the bag away and let ye Xinyu sit down. They did not go to the coffee shop or the teahouse either. The car might arrive in a while, so it would save them the trouble of going back and forth.

Ye Xinyu also sat down and pulled ye Shuyun.

“Aunty doesn’t want to sit. You can sit. Aunty isn’t tired.”

Ye Shuyun just stood there. He still had to wait for the car to arrive. Moreover, she was really not tired. Every day at home, she would either stand or sit. Even if she was tired from sitting, she could just stand for a while.

Xunxun was about to fall asleep on a pile of bags.

Ye Shuyun could not do anything to her and could not let her not sleep. She only covered Xunxun with the clothes she bought for ye Xinyu. Fortunately, the weather was not too cold, or else she would not have dared to let xunxun sleep. She was afraid that she would catch a cold from sleeping again. This child’s health had been poor since she was young, and she loved to get sick very much when she was young, they were all frequent visitors to the hospital. It was not easy for them to grow until they were three years old, but they seemed to have gotten better. They did not like to get sick anymore, and their bodies had grown a lot recently. They had grown taller and fatter, all of this made ye Shuyun feel as if all the hardships had come to an end.

Yes, all the hardships had come to an end. Her family’s Little Xun finally did not have to be a frequent visitor to the hospital anymore. Now, her resistance had also increased. Otherwise, she really would not have dared to bring her out.

She stood for a while longer and felt that she was a little sleepy. She also found a place for herself to sit down. It was strange. She did not know if the wind was very comfortable now, or was it because the air was a little smoky? Or was it because the weather today was just right? They had walked for half a day. If they stood for a while longer, it would really tire them out. Didn't they say that they were tired in the spring and tired in the autumn, wasn't it just about autumn now.

Ye Shuyun was still a little drowsy, but she had been paying attention to her granddaughter. She carefully placed Xunxun between her and Ye Xinyu. Although she was sleepy, she didn't dare to sleep, she was afraid that the car would arrive soon.

In just a short while, she felt her head starting to feel drowsy. She did not know if it was because of the food, but she was so sleepy.

She leaned her body to the side, but she still tried to open her eyes with great effort. She touched her granddaughter's small hand and seemed to be mesmerized for a while

What she did not know was that someone had sneakily approached them. Then, he reached out and directly carried Xun Xun up. The little hand in his hand suddenly disappeared, ye Shuyun also shivered.

And she opened her eyes wide and saw the person who was carrying Xun Xun and running away.

"Xun Xun..."Ye Shuyun was frightened and quickly stood up. She was going to save her granddaughter. How could there be someone who would snatch a child in broad daylight.

At this moment, there was someone who was even faster. It was ye Xinyu. Putting everything else aside, ye Xinyu's legs had already healed, so he was running extremely fast.

As for the person who was carrying xunxun and running away, he thought that he had lost the others. In the end, when he turned around, he saw someone following behind him. Moreover, they were getting closer and closer.

How could he run so fast? That person hugged the child in his arms tightly. At first, he ran very fast. However, no matter what, he was still carrying a child in his arms. This child was not heavy. In fact, it was quite light, however, after hugging it for a long time, he could not take it anymore.

It was not until he saw a white van in front of him that his heart was filled with joy. He had finally arrived. However, when he carried the child and entered, he did not have the time to close the car door, a person also squeezed in.

It was ye Xinyu. This was the first time ye Xinyu hated himself for being so powerless. He reached out his hand, but his hand kept trembling. He wanted to speak, but he couldn't find any sound of his own.

Suddenly, the back of his head hurt and he fell down.

"What should we do? Throw him away?"The person who snatched the child asked the driver.

"It's too late. We have to take him away first."

The driver was afraid that someone would chase after him. The child was quite difficult to catch. He went back and forth, and there were adults around him. It was not easy for them to do something to the

food, they had also caused some trouble for the family's driver. Otherwise, the child would not be easy to catch. The family was really watching him too closely.
