

Chapter 1801: was written by him

“Don’t tell me.” The man who caught the child pinched Xun Xun’s pretty face.

“This little girl is really good-looking. If that person didn’t give me so much money, I would have carried this child back and raised her as a daughter. I only have one son now, and I want a daughter now.”

“You’ve got it, right? We can’t touch this child. You also have to see who the child’s parents are, and who the child’s grandfather and great-grandfather are. We are risking our heads to do this now.”

The driver said as he drove the car very quickly. The more he drove, the more remote it became. The more he drove, the fewer people there were.

What else could the man who caught the child do? He wanted to carry it back, but it seemed that they should not have such thoughts. The child was worth a lot of money,

of course, the other party also paid a lot of money.

This money was enough for them to eat and drink for a lifetime. Otherwise, how could they do such a thing? If they were caught, they would go to jail. Wasn’t it because people died for cheap, and birds died for food.

They didn’t care about anyone’s face, they only cared about the money.

The car stopped at a private house.

The driver carried ye Xinyu on his back, while the other picked up Xun Xun and placed them in the private house. Then, they locked the door. This time, they had all their money in their hands.

The driver rubbed his hands and then made a call to that person.

“Boss, we’ve already done it. We’ve also captured the person. This time, we’ve done pretty well. We’ve even captured one. Buy One, get one free. You Don’t have to pay too much. This is considered a gift. We won’t charge you.”

“Captured what?”

“A young, thin, tall, and very good-looking person. Boss, don’t worry. We really won’t raise the price. I’ve already said this. It’s a gift. It’s free.”

“Alright, we’ll wait for you. Don’t worry. We’ll take the money and leave immediately. We’ll definitely go as far away as possible.”

After making the call, the driver winked at his companion, “The boss will be here soon. We’ll be able to get the money. After we get the money, we can leave and live a luxurious life.”

At that moment, ye Xinyu woke up in the room. He sat up and saw that the house was quite empty, with white walls all around. He looked down and saw that he was lying on a small wooden bed, there was no bedding, only a bed board and Xun Xun.

Ye Xinyu reached out and touched Xun Xun's small face.

He took off his clothes and covered Xun Xun's body.

"Ah Ah..."

His hoarse voice was the only sound he could make.

"Xun..."

"Xun, Xun..."

It took him a long time to make such a single syllable. His voice was extremely unpleasant and hoarse as if it was broken. However, he could finally hear clearly what he was saying.

"Xun, Xun..."

His voice was still broken, but it really did have a voice.

He could speak, but it did not make him feel very excited or happy. He was still thinking about how to escape. Even if he had to risk his life, he had to bring Xun Xun out.

Xun Xun fell asleep. After a while, she rubbed her eyes and sat up as well. The moment she saw ye Xinyu, she was so happy that she threw herself into his arms.

"Don't... talk."

Ye Xinyu said word by word with great effort.

Xunxun was a very smart child. She put her little hand to her mouth and also shushed him.

Ye Xinyu nodded at her.

Then, he took the clothes and put them on her little body. It was a little cold here, and there seemed to be moldy air around. However, it might be because he was here that Xunxun was not afraid.

Soon, they heard the sound of a door.

"Shhh..."he put his finger to his lips and lay down. He also hid Xunxun under his clothes.

There was also the sound of footsteps behind him. Then, he stopped not far away for half a day. Ye Xinyu had been pretending to sleep with his eyes closed. At this time, although he did not move, the muscles on his body tightened.

"Boss, look at the person, right?"The two people behind him quickly said in a fawning manner, "Then boss, this money..."the driver stretched out his hand and placed his two fingers in the air, gently rubbing it.

Now that he had seen the goods, shouldn't it be time to pay for the goods?

"Take it. Get as far away from me as possible."

When ye Xinyu heard this voice, he gritted his teeth. It was very painful.

Ye Jianguo, Ye Jianguo..

You're ruthless, you're ruthless enough. Haven't you harmed me enough? You're still trying to kidnap Xunxun.

At this moment, the two people who had taken the money naturally walked as far as they could happily. Moreover, they didn't do anything outrageous. They just hugged a child, didn't sell it, and didn't abuse it, they could spend the money in peace.

At that moment, after the two of them left, ye Jianguo took out his phone and dialed the number. However, he glanced at ye Xinyu who was lying on the bed. A complicated look flashed across his eyes.

"Lu Yi, it's me. If You Want Your Daughter's life, drop the lawsuit immediately. If my granddaughter goes in, your daughter won't have a good life either."

On the other side, Lu Yi put down his phone. He turned around and saw that ye Shuyun was still trembling all over. She would rather die than believe that someone had snatched xunxun away. Her little xunxun had been snatched away on the street. There were so many people.., they actually dared to snatch someone away on the street.

Lu Jin comforted her. At this moment, no one blamed her because she could not accept xunxun being lost the most. If something really happened to Xunxun, what would ye Shuyun do in the future? It was not just ye Shuyun.., even Old Master Lu and his son couldn't accept it at first. Therefore, they were in the Lei family and not the Lu family. Old Master Lu had called just now and asked when they could bring Xunxun home, he wanted to find Xunxun. They found an excuse and brushed it off. However, how long could this be stopped? Old Master Lu would eventually find out that Xunxun was taken away by someone.

"Who was it?" Lei Qingyi had already noticed that something was wrong with Lu Yi's expression. What was going on? was there news from the other side? He had already checked. This was not an ordinary child abduction. Someone had done this on purpose.., they had also been staring at them for a long time. The driver's car had been inexplicably hit by someone. Moreover, he had also found out that ye Shuyun and the others had eaten a small amount of sleeping pills in their meals. Otherwise, why would ye Shuyun be drowsy? With how careful she was towards Xunxun, she would definitely not even blink her eyes to look at her granddaughter. And now, it was obvious.., that someone had deliberately taken xunxun away.

"It was done by Ye Jianguo."

Chapter 1802: was sent abroad

Lu Yi said calmly, "He wants me to release Sun Yuhuan and not allow me to sue her."

"What?" Lei Qingyi almost jumped up in disbelief. "He must have been desperate. Doesn't he know that apart from Xun Xun, his own grandson is missing?"

Hearing this, Ye Shuyun hugged ye Chuji and burst into tears. What kind of sin did she commit? Why did she call such a person 'father'? How could he steal Xun Xun Away? Xun Xun was only three years old, three years old. A three-year-old child. What could she understand? Where was her little Xun Now? was he cold? was he crying? was he looking for his grandmother?

When she thought of her granddaughter crying in a secluded corner, her heart felt like it was being stabbed by a knife. She also broke down instantly.

What should she do now? Lei Qingyi asked Lu Yi what to do. It was not easy to find her. Ye Jianguo was simply desperate. He would do anything to harm the heavens and Earth for Sun Yuhan.

What if something really happened to Xun Xun?

"I'll withdraw the lawsuit," Lu Yi said lightly.

He couldn't take Xun Xun's life as a joke. Xun Xun was too small and couldn't withstand any harm.

"Alright." Lei Qingyi felt that this was how it was first. "Save Xun Xun first. If you withdraw, I'll Sue."

In this world, Ye Jianguo really thought that he could do whatever he wanted. There was justice in this world, and there were laws. Lu Yi could withdraw the lawsuit, and Lei Qingyi could sue again. Why.., did he still dare to arrest his family's little thunder? Little Thunder didn't care what you were. His temper was even more fiery than his father's.

If he caught you, he would beat you to death.

Lu Yi's side withdrew the lawsuit very quickly. Sun Yuhan had already swaggered out of the hospital and had already returned to the Ye family. She sat in her wheelchair and smiled very coldly. It was also very vicious, but of course, she was also very proud, she knew that she would be fine. Her grandfather would save her and want to sue her. Hehe, this was really ridiculous. Fine, Sue her. If she sued again, she would still have to withdraw the lawsuit in the end.

She, Sun Yuhan, would not fall so easily.

She had gone from being an orphan with nothing to having everything she had now. In the future, she would also be sitting on a hundred billion family assets. She would also have countless bags, jewelry, luxury cars, and villas. She would have everything she wanted, what could she not buy?

She could not be locked up. She could not be locked up for the rest of her life, much less go to jail.

She held a goblet in her hand. Her smile was very cold. Only the light from the corner of her eyes was sharp and piercing.

As soon as she saw Ye Jianguo, she hurriedly pushed the wheelchair over.

"Thank you, grandfather." She was like an ordinary child. Now, she looked obedient and sensible.

"Grandpa will send you abroad. When the time comes, I will change your nationality. First, you go to avoid the limelight. After the matter is settled, you will come back."

Ye Jianguo naturally doted on his granddaughter. No matter what mistakes she had made, in his eyes, she was an obedient child.

"Grandpa, why should I Go Abroad?" Sun Yuhan was not willing to go abroad. She did not like foreign countries. How was she going to live abroad? The first problem was the language. She had never learned any foreign languages, she did not even know the language. Why would she go over? Everything she had

was in Hai City. If she went abroad, what would happen to Hai City? Ye Chuji could give the airport to ye Shuyun last time. How would she live when Ye Jianguo was gone? Her leg was still crippled.

All she wanted now was money and her own good days in the future.

Over the years, Sun Yuhan had seen through everything. What Man? What kind of man was a man? All of them were saying that they loved you, but in the end, they still wanted your money. You Were Rich.., he was like a lapdog. They all wanted to lick your toes, but when you didn't have money, they all ran faster than anyone else. They were also more ruthless than anyone else.

Lu Qin, she narrowed her eyes. At that moment, a terrifying hatred burst out from her eyes.

He actually took her life and ran away.

He dared to lie to her.

He dared to take her money and lie to her?

Lu Qin was nothing now. He was just a dog begging on the street. Without the Lu family, he was nothing.

She, Sun Yuhan, would not suffer such a great loss. In the end, she would not do anything. She would not let Lu Qin Go, and she could not let him go so easily.

"Yuhan..."ye Jianguo sighed. When he saw the twisted hatred on Sun Yuhan's face, he really felt that she couldn't stay here anymore. They were at the end of the road, they had no way out. There was nothing they could do. This was their last chance.

"What's wrong, Grandpa?"Sun Yuhan quickly retracted her twisted face. She was as obedient as before.

Ye Jianguo reached out and gently stroked his granddaughter's hair. "Grandpa will handle the formalities and let you leave the country."

"Why?"Sun Yuhan didn't want to leave the country. "Grandpa, I'm not leaving. I want to stay here with you. You're already so old. How can I be at ease?"

How could ye Jianguo not feel uncomfortable? She was such a good child. These things weren't her fault. If it weren't for those accidents, would her legs have become like this in the end? Would she have done so many extreme mistakes?

"They've dropped the lawsuit now, but they can still sue you at any time. Grandpa must help you change your identity so that you can go to a place where they can't reach you."How could ye Jianguo Bear to let his granddaughter go abroad alone, he was old. How long could he live? This might be the last time they would meet.

However, in order to let his granddaughter live well, he could only make this choice.

When Sun Yuhan heard this, she didn't dare to interrupt anymore. She put her hand on her short leg with hatred and grasped it tightly. Her clothes began to be torn bit by bit under her hand, torn and then torn, just like how her heart was now being torn apart.

It was the same feeling of not being at peace, and the same feeling of not being satisfied.

However, if she wanted to live, this was the only way.

In a new place, she could start over with a new identity.

At this moment, the sky outside was already dark. Ye Jianguo looked at the sky outside. He did not know what he had thought of, but his pair of shrewd eyes also dimmed a little.

He did not have the time to deal with other matters. He could only set Sun Yuhan down after he arranged for her to leave the country. He did not think that everything would be fine now that Sun Yuhan was back.

Sun Yuhan had been dismissed. However, he must not forget that after the dismissal, he could still sue her. He needed to send his granddaughter out of the country as soon as possible. The comfort of his granddaughter was number one in his heart, it was irreplaceable.

Chapter 1803: they escaped on their own

As for the others, he did not have the time to care about them.

Just Like Ye Chuji, who was still locked up and did not eat or drink..

“Uncle, are you hungry?”

Xun Xun had never cried or made a fuss. She sat next to ye Xinyu. It was dark outside and she was afraid. She leaned her little head against ye Xinyu’s chest and her pair of big eyes turned dark because of the days, her eyes dimmed slightly. She missed her grandmother, her grandfather, and her great-grandfather. She wanted to eat her grandmother’s cooking and drink the soup that her grandmother had fed her.

“Xunxun... Hungry?”

Ye Xinyu’s voice was hoarse. He had finally found his voice, but his voice was still badly damaged. It might be impossible for him to be completely good for the rest of his life. His voice would also change in the future, it would no longer be the same male and female voice as before.

He did not care much about it. So Be it.

And it would not be better than before

How stupid was he in the past? He only cared about himself, but he did not care about ye Chuji. His father was already so old, yet he still had to worry about him and support the entire ye family, he still had to suffer the scheming of Sun Yuhan and the rolled eyes of that woman.

Xun Xun first nodded, then shook her head.

“Uncle, Xun Xun is not hungry.”She would be very obedient. She knew that this was not a family home. It was not the home of her grandmother, nor was it her mother’s home. They had been caught by bad people, and after they were caught., they would not give Xun Xun any food.

She had seen all this on television. Her mother had also said not to let her run around, because bad people would take her away and not give her food. In the future, she would not be able to see her parents, grandparents, great-grandfather.., and her brother.

As long as she thought that she would not be able to see her mother in the future, she was so sad that she wanted to cry.

After ye Xinyu settled down Xunxun, he also stood up. They could not stay here, and it had been almost ten hours since they had been here. It was fine if he did not eat or drink, but Xunxun was still young.., and he did not know when they would be able to leave

Ye Jianguo only cared about his fake granddaughter now. If he did not think about his real grandson...

“Sit, don’t move.”

Ye Xinyu said with difficulty. He was afraid that Xun Xun would randomly move and drop him.

“En, Xun Xun doesn’t move.”Xun Xun sat obediently and did not move. She wiped her eyes with her little hand. She would be obedient. If her uncle said that she did not move, she would not move.

It was only now that ye Xinyu had saved some strength. Just now, his hands and feet were still a little weak. Now, he was finally better. He placed his hand on the door handle. He could only hold it gently with one hand, but he didn’t use any strength.

However, even a gentle pull like this wouldn’t work. He took a step back, then stretched out his leg and kicked the door with force.

The door moved slightly, and his heart was filled with joy.

Just as he thought, this house was a little old, and so was the door. Although the door might look intact on the surface, it had been there for a long time, no matter which aspect it was.., it also had some signs of aging. A wooden door, after being exposed to the wind and sun, would eventually decay a little.

He kicked it again, and the door shook again.

He kicked it again and again. When this foot was tired, he switched to the other foot, and both feet took turns to go up. In the end, he was already panting heavily, but he did not dare to stop.

They had been eating for a very long time, and it would be very cold here at night. He did not care, but Xun was here, so they had to go home. They had to go home.

Suddenly, with a bang, the door was kicked outside. With the help of the moonlight outside, he finally saw the light of day again. He walked over.

“Xunxun, be careful. Let’s go, uncle. I’ll bring you home.”

“Okay.”Xunxun climbed down carefully and grabbed ye Xinyu’s weak finger. Then, he followed his uncle out. One big and one small, they walked alone in the dark night. They did not know how long they had walked, in the end, they reached a main road. There were cars passing by from time to time on the main road. Ye Chuji finally let out a sigh of relief.

Ye Chuji's greatest fear was that they were in the wilderness. Fortunately, they were not. There were cars here. They could just wait for a taxi here. Right now, he only wanted to wait for a taxi. He did not want to take any other cars.

Finally, they waited for the next one.

The car stopped and ye Xinyu shook his hand. At this time, a small hand had already gone up and opened the car door. Ye Xinyu gently stroked Xun Xun's small head and let him go up first, then, he also sat on it.

He carried out the words "Lu family" and the car had already sped forward. At night, there were very few cars and no traffic jams. When they reached the territory of Hai City, Ye Xinyu finally let out a sigh of relief, he could not be blamed for being too careful. He could not afford to be careless. He had suffered too much. He had to be careful everywhere. He had to be careful everywhere.

One Word of carelessness almost cost him his life.

And if he lost his life... Who would help his old father retire in the future.

He had been waiting anxiously. He was also afraid that the taxi would be a black chauffeur, so his body had been stiff. Xun Xun was still a child. She had already fallen asleep, and she did not know what her uncle had been through the entire journey.., he had experienced a kind of torture until there were more and more people. Until they were getting closer and closer to the Lu family, until they could still see under the lights, the so-called eternal city of Hai City.., until he saw both sides of the road, and only at this time would there appear all kinds of small stalls selling snacks. Sometimes, it was just a small stall, but it could support the whole family.

The night in Hai City was bright, and the night in Hai City was lively. The night in hai city was filled with all kinds of people. Some of them went to work now, and some of them just got off work.

He could see skyscrapers on both sides of the road. All kinds of shopping malls and shops were still open for business. All of these lights gathered in ye Xinyu's eyes, and the car had already arrived at the Lu family's place.

"Xun... Xun..."

Ye Xinyu gently poked Xun Xun's little face with his finger.

Xun Xun probably did not sleep very safely either. Because it was not the home she was familiar with and there was no warm blanket, she woke up very quickly.

Uncle, Xun Xun sat up and rubbed her eyes. Then, she looked around strangely. It was All Black. But fortunately, her uncle was here, so Xun Xun was not afraid. Yes, she was not afraid.., she was not afraid at all.

"A total of 157 yuan."

The driver said to Ye Xinyu.

Ye Xinyu did not have any money on him, and he did not know how to answer. He had not brought money for a long time.

Chapter 1804: the Lost Man went home

Xunxun looked at ye Xinyu and then at the driver's uncle. This was the sound of a baby's voice.

"Uncle, can you wait for xunxun? Xunxun's father will come over later to give you some money, okay?"

The driver looked at the two people's clothes and knew that they were not from an ordinary family. Also, this was the entire wealthy district of Hai City. It was unlikely that they would cheat him of 150 yuan. If they were really swindlers., then he could only admit that he was unlucky.

Xun Xun held ye Chuji's hand and walked forward. Ye Xinyu's fingers were still slightly trembling, so it was Xun Xun who held his finger. Xun Xun's small feet walked slowly, and ye Xinyu did not walk fast either, they walked for about half an hour before they reached the Lu family's door. Xun Xun tiptoed and pressed the doorbell.

At this moment, the Lu family could almost be described as cold and desolate.

Old Master Lu did not know that Xun Xun had lost her. Although he did not see his granddaughter, he had no choice because his granddaughter was still at his mother's place, he would naturally be able to see his granddaughter, so he went to sleep. At this moment, no one outside could fall asleep. Right now, Ye Jianguo was still unwilling to reveal where Xun Xun was. He had said that., he would have to wait for a few days.

But in a few days, Xun Xun would still be a child. How could she leave her family? Would they find someone to take care of her? Would they coax her? Would they wash her clothes? Would they tell her stories?

Would they beat her if she cried?

She was only a three-year-old child. She was still a child.

Ye Jianguo wanted to send Sun Yuhan away. She must be going abroad. I had heard that he was looking for the country to help Sun Yuhan go abroad

Lei Qingyi immediately thought of it. That was why ye Jianguo wouldn't let Xun Xun come back when that woman wasn't safe.

Ye Chuji sat there coldly. He didn't have any expression on his face. Ye Jianguo wasn't in the Ye family at all. He was probably wary of this son of his.

Xun Xun wasn't the only one that was lost. Ye Jianguo didn't just catch Xun Xun. He also caught his own grandson, ye Xinyu, and Ye Xinyu. What was the difference between ye Xinyu's current body and Xun Xun's?

These two children, how were they supposed to live? He clenched his hands so tightly that he almost bit off his teeth.

At this moment, the doorbell rang from outside.

Lei Qingyi hurriedly went over to open the door, but when the door opened, there was no one outside. He lowered his head again and saw a little guy standing outside. There was also a listless and extremely weak ye Xinyu.

“Xunxun, my good boy.” Lei Qingyi hurriedly carried xunxun and shouted towards the inside.

“Aunt, Xunxun is back.”

Ye Shuyun hurriedly stood up from the sofa. Because the sudden rise was too serious, she felt dizzy and Dizzy. Coincidentally, Lu Jin also helped her up. Otherwise, who knew if she would really fall to the ground.

At this moment, Lei Qingyi had already carried Xun Xun over and Ye Xinyu behind her. Both of them didn't look well. Xun Xun's clothes were wrinkled and her face was full of dust, ye Xinyu was only wearing a thin sweater.

Ye Shuyun had combed her granddaughter's hair in the morning. Now it was messy and her face was pitifully dirty.

Ye Shuyun hurriedly ran over and took her granddaughter from Lei Qingyi's arms.

Xun Xun pursed his lips and hugged ye Shuyun, crying loudly. “Grandma, Xun Xun is hungry, Xun Xun is hungry, Xun is Mommy.”

Ye Shuyun also hugged her granddaughter and almost burst into tears

Her Little Xun Xun, her poor little granddaughter.

“Don't Cry, Don't cry. Grandma Will Cook Something Delicious for us.” Ye Shuyun handed her granddaughter to Lu Jin. Lu Jin carefully hugged his granddaughter and touched her cold little face.

“Ba Ba...” Xun Xun stretched out her hand to Lu Yi again.

Lu Yi hugged his daughter and saw that although his daughter looked a little tired and was constantly sleepy, she had no intention of getting sick.

“Ba Ba, the Uncle Driver is outside. We didn't give him money.”

“I'll go.” Lei Qingyi took her car keys and prepared to drive over.

Ye Xinyu stood in front of Ye Chuji. Ye Chuji's eyes were red as well. He then rubbed his son's hair.

“It's good that you're back.”

“Dad...”

Ye Xinyu's voice was hoarse. This call of 'Dad' almost made ye Chuji cry.

“You can speak now?”

“A little... A Little.”

Ye Chuji's voice was very unpleasant. It was like a broken gong. It was very hoarse. If one did not listen carefully, they would not be able to hear what he was saying?

“Yes, my good son.”

Ye Chuji patted his son’s shoulder with relief. He turned his face away. At this moment, his face was almost covered in tears.

Xun Xun was probably scared. She did not want to sleep and had to hold on to her father’s clothes.

“How did the baby get Home?”

Lu Yi asked his daughter. He did not believe that ye Jianguo was the one who let her back. Ye Jianguo had not sent Sun Yuhan out yet, but he could find them and let her out. It was not easy to catch them once. How long had this been a trap, only when they were caught did the threat succeed. Now that they hadn’t completed the formalities to go abroad and Sun Yuhan hadn’t gone abroad yet, he was able to release her. To be honest, Lu Yi definitely wouldn’t believe it, nor would he believe it.

Xun Xun played with her little fingers and lifted her little face. Her big eyes were black and white, but there was some dust on her little face. Lu Yi carefully wiped his daughter’s face clean, he would bring her to change her clothes in a while. Fortunately, he had not told Yan Huan about this. Otherwise, she would not know how anxious she was. Xiao Qi and Xiao Guang were with her now. He had lied to her about Xun Xun, he said that his grandfather was unwilling to let her go.

In reality, their Little Xun had been captured by his maternal great-grandfather. How could he be so ruthless and make a move on such a young child.

No, how could ye Jianguo not make a move on Xun Xun? He had almost kicked Xun Xun to death.

Therefore, what could ye Jianguo not do? What could he not do. Not to mention a child, even if it was ye chuji, this grandson, if he was in his way, he could still disregard his family.

In his heart, there was only one Sun Yuhan and only one ye Rong.

Xun Xun reached out her small hand to rub her eyes, but Lu Yi held his daughter’s small hand. “Be Good, baby. Let’s not rub our eyes, okay?”

“Okay.”Xun Xun obediently listened to her father’s words.

“Then baby, Tell Daddy, how did Baby Come Home?”

Ye Xinyu was like that. Not to mention saying a word, even a single syllable was now very difficult to say. It was easier to ask Xun Xun directly. Although Xun Xun was small, her language ability was not small.

Chapter 1805: did not pay for the car

Xun Xun was very smart and had a very good memory.

It was uncle who brought Xun Xun home. We sat in the car and then went home.

“Was it a grandfather who told you to go home?”

Lu Yi asked his daughter again, using the tone that only his daughter understood.

Xun Xun shook her little head. "There was no grandfather. I didn't meet him. It was uncle who kicked the door down and brought Xun Xun out."

"Ba Ba, Xun Xun is sleepy. Xun Xun wants to sleep."

"Be good. Don't sleep yet." Lu Yi coaxed his daughter. "Daddy will bring Xun Xun to wash her hands first. After Xun Xun has eaten, she will go to sleep, okay?"

"Okay." Xun Xun nodded her little head vigorously. If Daddy said that she wouldn't sleep, then she wouldn't sleep. She listened to Daddy. She was very obedient. She was a good baby who listened to Daddy.

Lu Yi brought his daughter to the bathroom. First, he helped her wash her hands and face. Then, he helped her change into a new set of clothes. She was originally a clean little girl, but suddenly, she became a little native.

Through Xun Xun's words, Lu Yi also knew that they weren't released by Ye Jianguo. Instead, ye Xinyu had escaped with Xun Xun.

"Baby, didn't they give you food?" Lu Yi helped his daughter wash her little hands. The little hands looked very pitiful, almost as if they were broken with a pinch.

Xun Xun shook her head. "They didn't give Xun Xun Water, nor did they give Xun Xun food to eat." Xun Xun sucked on her small nose, looking as wronged as she could be, she had been a child raised in the hands of adults since she was young and had never suffered like this. Not to mention not giving her food, not giving her water, even if they didn't give her snacks, she would cry in grievance.

Lu Yi took a towel and wiped his daughter's little hands and face clean, then pinched her little face.

"We are all big children, we can't Just Cry and cry, do you understand? Daddy knows that you have suffered this time, I promise you, I will take you to buy the most beautiful doll tomorrow, Okay?"

"And brother's transformer."

Xunxun liked dolls, and of course, she also liked buying dolls. Therefore, the hobbies of young girls and young men were indeed different.

And when Daddy promised to buy her a doll, he would definitely buy it for her. He wouldn't lie to her. Of course, she also had to get some benefits for her two brothers. That was her brother's transformer. Daddy also had to buy it for her, the last time her brother went to buy transformers, she was also the one who bought the dolls.

"Okay," Lu Yi promised his daughter, "Daddy will bring Xun Xun to buy dolls tomorrow. and brother Transformers. Let's go. He picked up his daughter. Daddy will help you change into a small dress. Let's Go Eat Grandma's cooking. Grandma's cooking is very delicious, right?"

"Yes." Xun Xun nodded her head vigorously. "Grandma's cooking is of course the best."

"What about Mommy?" Lu Yi asked his daughter again. This little girl's mouth was very sweet. She had a small mouth that could talk very well. She was very good at praising people, and she also praised adults to the point that they were overjoyed, naturally, she had always been like this since she knew how to

speak. She was simply loved to death by people, and they all wanted nothing more than to carry her home and raise her.

“Mama’s cooking is also the best.”

As expected, Xun Xun praised her mother once again. Lu Yi carried his daughter and also carried her into the room. He took out a few small skirts for his daughter to change into.

Xun Xun’s clothes were all from the children’s clothing store that Yan Huan owned. They were all suitable for her to wear. It could be said that they were tailor-made for her. Each and every one of them was very beautiful, bright colors, and cute styles, of course, Xun Xun also liked them very much.

“Which one do you want to wear?” Lu Yi asked his daughter. He knew that this little girl loved to look beautiful the most now. She really loved to look beautiful just like her mother. Every morning when she woke up, she would pick out clothes to wear. It was not to her liking., she was not willing to put them on herself at all.

Xun Xun bit her little finger and picked out a small pink dress.

“Okay, we’ll wear this.”

Lu Yi changed her daughter’s clothes and combed her hair. In a while, his mother would give her a bath. After the bath, the small family could go to sleep, but they had to eat first.

He carried his daughter out and Lu Jin hurriedly took it

Poor Lu Jin. Why did he feel that his status was the lowest in this family? In the entire family, he carried Xun Xun the least. Most of the time, Old Master Lu and his father carried her., he could only carry her for a while when she went to the toilet. However, he still had to worry if she would be snatched away. Usually, at this time, Xun Xun was already asleep. How could it be his turn to carry her, it was all ye Shuyun’s embrace.

Ye Shuyun was in the kitchen. She wanted to steam an egg for her granddaughter and cook for ye Xinyu. Not only was Xun Xun Hungry, but ye Xinyu was also hungry.

Outside, Lei Qingyi had already found the taxi.

He got out of the car, walked over, and knocked on the window.

The driver rolled down the window as well.

“Do you want a car? Sorry, I’m not leaving now. I’m waiting for someone.”

The driver’s voice was a little long, but he didn’t want to wait anymore. “Forget it, why don’t You Come Up?” He thought about it, but he still felt that he couldn’t wait anymore. If he had the time to wait, he would have run a long way.

“Did you pull a young man and a child just now?”

Lei Qingyi guessed that it was this driver, because when he came, there was no one here.

“Yes, the driver nodded. The little girl said that her father would help her send money over.”

“How much money?” Lei Qingyi asked.

Only then did the driver know that Lei Qingyi was here to send money. That was, the child was so cute and beautiful, but her father somehow let the audience down. He was born too tall, just like a human bear. He was quite tall, however, it made people feel a little silly. Fortunately, perhaps it was also thanks to him that the child should look like his mother. Otherwise, if he grew up to look like her father, he thought that in the future, in this world.., with the addition of a female Mount Tai, the child would definitely cry to death.

“A total of 150 Yuan,” the driver also reported the figure. Of course, he did not underreport or overreport. He was an honest man.

Of course, he could not ask, “How did you give birth to such a beautiful child with your looks?”?

Lei Qingyi took out his wallet and counted 10 pieces from it.

He handed them all to the driver.

When the driver saw the money, he was dumbfounded.

This man doesn't know how to count, does he? How did he give so much money all of a sudden?

“Sir, a total of 150 yuan.”

“I got it.” Lei Qingyi stood up straight and looked even taller and stronger. “This is 1500 yuan. Thank you for sending them back.” After he said that, he drove away without waiting for the driver to answer.

Chapter 1806: tenfold

The driver held the 1,500 yuan in a daze. Even now, he was still a little confused.

Come on, there was really a lot of extra money tonight. He had earned more than 1,000 yuan in one go. He could bring his wife and children to a big meal. He put down the money and prepared to run a few more times, he wanted to see if he could run a few more times today.

Many of the people living in Hai City were ordinary people. They did it at sunset and rested at sunset. They used their own hands to support themselves. Of course, there were also some people who didn't earn anything, there were even some people who were deceitful.

These people not only forgot their previous identity, but they also forgot who they were. They were completely lost in their new identity. It seemed that they had never thought that the so-called lies would be exposed one day.

Then, when the time came, their loss might be proportional to what he got. It was also possible that he would pay a more painful price than what he got.

Was it worth it to spend a lifetime to enjoy a few years of wealth and honor?

And there was no way to tell that person. Of course, that person did not know about it now, and he had never thought about it.

In the Lu family, Ye Shuyun had personally cooked a few dishes for the family to eat together. They had not eaten properly for the entire day. Now, not only were they looking for hunger, but the others were also hungry.

It was good that they had found the person. Of course, it was also because they had found the person that they were able to eat. Otherwise, if they could not find the person, no one would be able to eat anything. Even if they ate.., they would be waiting for indigestion.

Xun Xun was also famished. She had eaten a bowl of eggs, but it was not enough. She even ate some food, but before she finished eating, she felt a little drowsy. She was carried by her grandfather, and she could not put it down yet, today, the child had been frightened. Perhaps she didn't feel much security, and once she put it down, she would cry.

Lu Jin's heart ached for his granddaughter, and he continued to carry her.

"Has Sun Yuhan's immigration procedures been completed?"

Lu Yi asked Lei Qingyi,

"You have to be careful. Their movements are faster than we thought."

Lei qingyi stretched his long legs a little. He was so tired that he did not want to move. He raised his eyelids and said lazily.

"It's not that easy. Even if they want to migrate now, they still need to be vetted. There are certain rules. It's impossible for anyone to do it right away."

"It might still take about three days."

These three days made ye Chuji's face darken.

"If he can't get the paperwork done for that woman, does he have to starve his own grandson for three days?"

Although the others didn't reply, they were thinking the same thing. If ye Jianguo really did this, he would forget everything for his granddaughter.

Son, grandson, morality, law

In the end, he was the only one by his side.

Ye Xinyu put down his chopsticks and opened his mouth.

"Dad..."

This voice was really unpleasant to hear, but no matter how unpleasant or ear-piercing it was, he still had to say it.

He hesitated a few more times, and the voice came out of his mouth intermittently.

"I was sold by Sun Yuhan."

Ye Chuji flung his chopsticks and stood up as well. He was going to go back and fight for his life.

“It’s her. It’s really her. She really dares. She really dares to do such a Thing?”

In fact, Lu Yi had told him that Sun Yuhan might have done it, but he did not believe it. He could not believe that ye Rong’s daughter actually wanted his son’s life. If it was not because his son was lucky..., if he was rescued in the end, he would probably die in the brick factory,

why? Why did she do this? Did He, Ye Chuji, let them down?

“Did Ye Rong teach her? Did Ye Rong ask her to do this? What did I do wrong? She wanted to torture our ye family like this. Mother almost cried her eyes out because of her. When she was dying, she was still thinking about her. I searched for her for almost a lifetime. In the end, I actually found a daughter that she gave birth to. But what about her? The daughter that she gave birth to almost caused us all to die.”

“Ye Rong, Ye Rong, how could you do this? How could you do this?”

Ye Chuji kept shaking his head, almost unable to bear it. His sister, whom he loved and doted on the most in the past, actually wanted their entire family’s life. What was wrong with her? Why did she give birth to such a daughter who caused the birth of a demon.

How big was her appetite for a Sun Yuhan? Giving her food, drinks, and flowers, what was there for her to be dissatisfied with? And Ye Chuji had already blamed all of this on Ye Rong. This was Sun Yuhan’s fault, it was also ye Rong’s fault.

Because ye Rong gave birth to such a woman, and because ye Rong hated the ye family to the core, that was why she had to treat her family like this, right?

“Dad...”ye Xinyu’s voice was still hoarse. His lips moved twice, “These things have nothing to do with Auntie. It has nothing to do with her. And he’s crying too. Sun Yuhan, Sun Yuhan isn’t. She’s not Auntie’s daughter.”

With a thud, the chopsticks in Ye Shuyun’s hands fell to the ground. Lei Qingyi’s eyes widened, and even Lu Yi’s movements paused for a moment. The only one who wasn’t affected now was probably already asleep, it was still the clueless Xiao Xun.

This sentence could change the fate of many people, and what could change was something that they didn’t know.

“What did you say?”Ye Chuji could not believe what he had heard. This was simply something that he had heard in the years he had lived. Almost everything he had heard was shocking.

Sun Yuhan was not ye Rong’s daughter.

“How is this possible?”

Yes, this was impossible. This was absolutely impossible.

There was a keepsake, not to mention this. There was also DNA to prove it. Moreover, this DNA was also personally tested by him. Moreover, he had even found the best hospital and hired the most authoritative doctor, there couldn’t be any mistakes in the process.

This was the ye family’s bloodline, Ye Rong’s daughter. There couldn’t be any mistakes.

And these things were all handled by him alone, so he believed in his own judgment. Of course, what he believed even more was that there couldn't be any mistakes in the DNA test report. Yes, there couldn't be any mistakes, and there definitely couldn't be any mistakes.

It was precisely because of so many impossibilities that in the past few years, no matter what Sun Yuhan had done, she had become an actress, kidnapped Yan Huan, and almost sold the airport.

He had endured it, and his endurance had only been because he had thought that this was ye Rong's daughter. This was the ye family's bloodline, but he had never doubted her identity. How was this possible? How was this possible..

Sun Yuhan was not ye Rong's daughter. How could he believe it? How could he accept it.

"Is your disappearance related to this?"

Chapter 1807: she was a liar

Lu Yi tapped his index finger lightly on the table. He then raised his head and asked ye Xinyu. His narrowed eyes were cold and emotionless. Could it really be related to this matter? Otherwise, he really could not figure it out, why did Sun Yuhan do this?

Lei Qingyi had suspected Sun Yuhan before.

But he said that it was impossible. Sun Yuhan did not have the guts. Moreover, she was not a businessman. Harming ye Xinyu would not benefit her at all. Moreover, at that time.., she did not interfere with ye Xinyu's business.

Unless, she really had something on ye Xinyu.

And such a thing was almost destructive to her. It was either you die or I die.

However, they had no evidence and did not know the reason. Until now, if ye Xinshou had not said it, none of them would have believed that the person who made ye Xinyu disappear was not someone else, it was Sun Yuhan.

Why Did Sun Yuhan do this? What kind of evidence did ye xinding have on Sun Yuhan? Only now did they know, however, ye Xinyu did not give them such news.

Ye Xinyu nodded. Then, he let out a bitter laugh and said intermittently, "Yes, that's right. At that time, I was too young and impetuous, but a classmate told me from time to time that he wanted me to do another DNA test, so I really ran back from abroad. I stole the hair of my aunt that my grandfather put under the bed, and then I found Sun Yuhan's hair, and then I secretly took it out to do a DNA test. The result of the test was that Sun Yuhan was not my aunt's daughter, and she had nothing to do with my aunt at all. If Dad doesn't believe me, you can go and do another test. Anyway, as long as you pull out a strand of hair, it's a simple matter."

"That's impossible." Ye Chuji stood up. "It's indeed impossible. I've already done three DNA tests, and she's the one. How could there be such a mistake? I don't believe it."

Ye Chuji definitely wouldn't believe that he had made a mistake. Everything that happened was because of him. He was the one who let Sun Yuhan into the Ye family, and he was the one who let Sun Yuhan harm everyone.

"Uncle, I believe that you are not wrong."

Lu Yi lifted his eyes indifferently. "Little aunt does indeed have a child. It should be a daughter. This is because the DNA itself can be tested to determine whether it is a boy or a girl."

"The results of the three DNA comparisons are all the same. This is indeed little aunt's biological daughter. However, it is not Sun Yuhan. Sun Yuhan might have found out about little aunt's daughter from some unknown source. Hence, she is an imposter. Moreover, she even took little aunt's daughter's hair."

"Yes, yes, that's how it is."

Ye Xinyu hurriedly replied in a raspy voice, "I, I, I just want to know who little aunt's real child is. That's why I fell for her trap," Ye Xinyu said with difficulty and spoke in an uncomfortable manner.

He was either stupid or careless. However, most of it was due to his lack of experience. If Lei Qingyi or Lu Yi had found out about this, he would have directly sent her to the police station. There.., what could he not get out of her?

Ye Xinyu was indeed stupid. Why didn't he use his brain to think? Sun Yuhan had such a big secret, and she had to shed a layer of skin. Under such circumstances.., she would often do many things, either one of them dead or the other dead. Sun Yuhan had been a member of the Ye family for so long, how could she not know what would happen to her if her real identity was found out?

She would suffer a fate worse than death, and she would die without a complete corpse.

Ye Xinyu was still too young, and he did not have enough experience in life. Not everyone in this world was a good person, and not everyone was reasonable. He also had to be careful that a desperate dog would jump over a wall and a rabbit would bite someone.

So, that was how he was tricked to death.

"What about your aunt's Daughter?"

Ye Chuji wanted to know about this right now. What about that child? What about his real niece?

Ye Xinyu shook his head. "She didn't say."

"I was in a hurry to find out who the daughter of my aunt was, so I fell for her trick. And she never said who the daughter of my aunt was from the beginning to the end."

"This woman is really amazing."

Lei Qingyi wiped the cold sweat off his forehead. In his entire life, he had never admired a few people, and this Sun Yuhan was one of the people he admired. She could actually carry such a status.., after living in the Ye family for so long, the Ye family was almost destroyed. However, no one discovered the biggest secret she had hidden.

And her biggest secret was actually this.

She was a liar.

She lied to Ye Jianguo, lied to Ye Chuji, and lied to everyone.

How did this woman do it? Lei Qingyi really wanted to know. She was really too daring. Other than swindling her to obtain the identity of a rich young lady, she could also do it without anyone knowing, she almost killed ye Xinyu. It had to be said that other than being bold, this woman's luck seemed to be even better.

If they had somehow found ye Xinyu, perhaps no one would ever know about this secret in their entire lives. Then, it would be until ye Jianguo sent Sun Yuhan out of the country and changed her nationality, then, no one in the world would ever know about this matter. Sun Yuhan would also live as ye Rong's daughter for the rest of her life. Of course, ye Jianguo would also leave a final guarantee for this granddaughter.., a guarantee that would allow her to live a carefree life. But now, they all wanted to know that if one day, ye Jianguo found out that the granddaughter that he had treated with all his heart and soul was just an imposter.., then how would he be able to live on his own? And how would he be able to face his real biological granddaughter.

This time, even if Sun Yuhan did not die, she would still lose a layer of skin.

Lu Jin lowered his head and couldn't help but sigh. He touched his granddaughter's little face. This was an adult's matter. How could even the child be implicated? His poor Little Xun Xun, who did she offend? First, she was kicked.., and then she was kidnapped. Why was this child like her mother? She was so full of disasters.

And he decided to keep his three grandchildren as far away from the ye family as possible in the future. The Ye family really wasn't a place where people stayed.

He did not have much feelings for the Ye family now. He only felt that it was very scary and very sad.

For the sake of an imposter, he did not even want his own daughter, son, and grandson. Instead, he treated a swindler so well and did everything. He even did not care about the life and death of his own grandson for the sake of that swindler.

He did not want to care about the matters of the Ye family anymore. As long as he did not implicate his little xunxun in the future, it would be fine. Ye Jianguo had to give the Lu family an explanation. He carried xunxun in his arms, then, he carefully handed his granddaughter to Ye Shuyun.

"Go and bring her to bed. Be careful not to wake her up."

Chapter 1808: can not leave the country

Ye Shuyun carried Xun Xun and glanced at ye Chuji's unhappy expression.

She had some understanding of this big brother.

He probably wanted to do some things himself. After all, this involved the ye family. Moreover, it was a scandal. It was better for them not to get involved. Moreover, thinking about it.., ye Chuji also wanted to handle this matter on his own.

Ye Shuyun carefully placed Xun Xun on her own small bed and pulled a small blanket over her to cover her.

Xun Xun slept very well at night. As long as she was in a familiar place, she would definitely sleep obediently. She would not wake up until the next morning. It was quite tiring when she was young, but now it was easier to take care of her, after being blown by the wind for so long, Ye Shuyun was afraid that she would catch a cold, so she woke up several times at night. Even Lu Jin was the same. The two of them could get up dozens of times together, she was afraid that xunxun would catch a fever and catch a cold. However, xunxun was too disappointing this time. She slept very well the whole night and did not wake up. When she opened her eyes in the morning, she wanted to find milk to drink.

Ye Shuyun placed the milk bottle on her granddaughter's little hand. Xun Xun buried her face in the blanket and held the milk bottle while drinking.

Ye Shuyun finally heaved a sigh of relief when she saw her granddaughter like this. Fortunately, Xun Xun was fine. Otherwise, what would she do? She had to take good care of her little granddaughter in the future, she absolutely could not let others hurt her little xun again.

"Don't let father know about this." Lu Jin did not want old master Lu to go and fight ye Jianguo after he found out. Old Master Lu had to be calm so that he could live for a long time. What was the point of being so angry?

Moreover, she was not fine now. Xun Xun had not suffered any injuries.

"I know." Ye Shuyun did not think of telling Old Master Lu. This was something that ye Jianguo did, and her surname was ye. Even she felt her face turn red and hot when she said this, let alone someone else.

Old Master Lu might not know what happened yesterday. He was old and had his own schedule. In addition, he was afraid of noise, so he lived in the innermost room. The soundproofing was also the best, even though they made so much noise yesterday, old master Lu didn't wake up. He still went to bed early and got up early. Then, he went to the courtyard to practice tai chi for a while. After that, he had to come back for dinner, of course, he had to see his little granddaughter when he ate. Otherwise, he would definitely not be full and would not be able to sleep well.

Xun Xun was already dressed beautifully by Ye Shuyun. Her little face was pink and tender. She looked good too. Old Master Lu really liked his little granddaughter.

"I'm going to your uncle Chen's place later. He's celebrating his 80th birthday today."

Old Master Lu hugged Xun Xun and said, "I'm going to bring Xun Xun there. I'm going to bring her to eat something delicious."

"What delicious food?" Lu Jin knew what his father was going to do. He wasn't going to eat anything good. He was clearly showing off. It was as if he was afraid that others wouldn't know that he had a.., such a beautiful and cute great-granddaughter.

Lu Yi and ye Shuyun didn't dare to say no. Of course, they didn't have to worry about Xun Xun's safety. The security guards would go. Moreover, as long as Old Master Lu brought Xun along, he would take good care of his granddaughter, he wouldn't even let others hug her.

In the past few years, he had been living more and more happily. wasn't it because he was still alive? wasn't it because he had three outstanding great-grandsons, one of them was looking for such a beautiful and cute little granddaughter.

Lu Shi and uncle ye couldn't help but heave a sigh of relief. It seemed that the talented people really didn't know about yesterday's matter., otherwise, the sun might have already started to blow up Thunder to seek revenge on ye Jianguo's Alice.

At this time, Ye Jianguo had always been handling the immigration procedures for his granddaughter. Moreover, the passport was also being processed. Of course, the immigration matter wasn't that fast, but he also had to speed up a little, without the Immigration Success, Sun Yuhan was in danger every day.

But this time, for some reason, his procedures were very difficult. And now, because Sun Yuhan had a criminal record, she was restricted from leaving the country.

When ye Jianguo heard this, he felt as if he had been tricked by Lu Yi.

Not being able to leave the country, with all the plans he had made, all the preparation work he had done, and all the effort he had put in, what was the point? He was not doing it for fun, to be played by others.

He picked up the phone and called Lu Yi directly. Of course, his tone wasn't good either. It was even very harsh.

"Lu Yi, what do you want to Do? Why Don't you just drop the case? Do You Not Want Your Daughter's life anymore?"

On the other side, Lu Yi was just calmly holding his phone. He hadn't even seen the slightest bit of wind and rain in his dark eyes.

"Old Ye, there's still your own grandson there."

Ye Jianguo was stunned for a moment, and his heart hardened once again.

"Don't talk nonsense to me. I'm only telling you now. Immediately remove all of my granddaughter's criminal records. Otherwise, don't blame me for being rude to your daughter."

"Have you sent them food and water?"

Lu Yi didn't agree to ye Jianguo's request. He only asked this question lightly. Almost a day had passed. Did Ye Jianguo ever think that ye Xinyu was there as well, did he remember to have people send them food and water? They weren't machines, they weren't wood. They were people. They were living people. They needed food and water, but., did Ye Jianguo and the others do this? Did they do this? This meant that he wanted them to starve to death and die of thirst.

But he guessed that they didn't.

“Immediately remove my granddaughter’s criminal record and immediately return your daughter to me. She’s only three years old. Aren’t you afraid?”

Ye Jianguo was at a loss for words because of Lu Yi’s words. His tone was even more aggressive.

“She’s only three years old, Old Ye. Are you really that ruthless?”

Lu Yi interrupted ye Jianguo’s words. Moreover, your grandson was there too. Why? Do you really not care about his life.

“Cut the crap.”Ye Jianguo’s voice became even louder. “I want to know that all my granddaughter’s criminal records have been revoked by tonight. Otherwise, if anything happens to your daughter, don’t blame me.”

Lu Yi tugged at his thin lips and hung up the phone. He lowered his head and saw that Xun Xun had put her little hands behind her back.

“Ba Ba, did you forget anything today?”

“Yes, what would father forget?”

Lu Yi squatted down so that his daughter wouldn’t look up at his height like she was looking at a giant.

Chapter 1809: wouldn’t be me, would it

“Ba Ba said that he would bring xunxun to buy a big doll. There’s also my brother’s robot. Ba Ba can’t go back on his words. Xunxun pouted her little pink lips. Ba Ba promised xunxun.”

“Of course Daddy Remembers.”

Lu Yi reached out and picked up his daughter with one hand. He had eaten and drank delicious food with his great-grandfather. Why was his memory still so good? He didn’t forget to buy a doll.

“Okay, I’ll take you to buy a doll. Then, I’ll send you to your mother and stay with Your Brothers.”

The Ye family had been troubled recently, so he still felt that it was safer to leave the children in the garden. They were not allowed to come out recently.

Moreover, Yan Huan still did not know that Sun Yuhan was not a child of the Ye family. No one knew where the real child of the Ye family was

He took Xun Xun to the mall and bought a big doll for his daughter. The Big Doll was picked out by Xun Xun herself. Although she already had many dolls, she liked to buy new ones, she also liked dolls that were very, very big.

This was the personality of a girl. She liked very beautiful dolls, not like Xiao Qi and Xiao Guang. They liked more things like robots.

When he carried Xun Xun out, he unexpectedly saw a person.

“Shh...”he placed his finger on Xun Xun’s small mouth.

“Baby, we’re going to be wooden people from now on. Wooden people don’t talk.”

Xun Xun nodded her small head and covered her small mouth with her small hands. This small appearance was really cute. Lu Yi pinched his daughter’s small face.

Then, he carried her and followed the woman. The woman in front of him was in a wheelchair. Needless to say, everyone knew who she was?

It was Sun Yuhan,

what? Was She Really Fearless? Did she really think that as long as ye Jianguo was around, no one could control her.

If people knew that her fake identity was known, then the first person who would not forgive her would be none other than ye Jianguo.

Sun Yuhan did not realize that there was someone behind her, but she was also a little absent-minded. She kept pushing the wheelchair forward and did not know that there was someone following her.

It was not until she entered a residential area with fewer people that Lu Yi remembered the house number that she entered. He wanted to check carefully what Sun Yuhan was doing here?

However, now wasn’t the time.

Lu Yi carried his daughter out again.

Xun Xun still used her small hands to cover her small mouth quite tightly, leaving only a pair of big eyes outside.

Alright, we might be talking. Lu Yi patted his daughter’s small head. Let’s go home with Daddy. Then, we’ll give the robot that we bought for brother to brother, okay?

Xun Xun nodded her head vigorously. Of course, she was very good at making wood. When her father asked her not to speak, she didn’t speak. She was very obedient and sensible.

At this moment, in that room, Sun Yuhan had just opened the door when the dust inside made her cough a few times.

She had thought that she would never come here in her lifetime, but she had forgotten about this place. In the end, she still came here.

She pushed the wheelchair over, then pulled open a drawer. Then, from the drawer, she took out a bag of things. Then, she poured this bag of things onto her lap, one photo after another.

“No one will know this secret. I will carry this secret with me for the rest of my life. No one will know this for the rest of my life. Actually, you are ye Rong’s daughter.” She took out a photo and began to tear it up, she tore it up one by one. One was split into two, and the other into four. In the end, they were all torn into pieces. After she tore this one, she tore that one. After she tore that one, she tore another one. Just as she was about to tear another one up.., she heard her phone ring. She took out her phone. It was a call from ye Jianguo.

“Grandpa, What’s Wrong? I’m outside.”

Sun Yuhan smiled. "Okay, I know. I'll be there soon."

Sun Yuhan threw the photos in her hands into the trash can. Ye Jianguo had asked her to go over and go abroad.

As for these things, she glanced at the photos on the ground. She first went to do other things and waited until she came tomorrow. These things had to be destroyed.

She pushed the wheelchair and walked out. With a bang, she closed the door. There was nothing to worry about. Only the dust in the room was still falling. There was still a lot..

Lu Yi let Xun Xun hold the doll herself. He took out two robots and held his daughter's little hand with one hand

Yan Huan opened the door. The moment she saw her daughter holding the doll, she wanted to pinch her little face. How could her daughter be so cute.

She really squatted down and pinched her daughter's little face a few times.

Xun Xun cracked a smile and rubbed her little head against her mother's chest.

Lu Yi gave the two robots to Xiao Qi and Xiao Guang. They each carried one away and sat at the side to study it. Of course, they were not playing. They were dismantling it.

They liked to dismantle and assemble. Xun Xun ran over as well. She sat on the ground, still holding her newly bought doll in her arms as she watched the two brothers dismantle the robots, this way, they could play for half a day without getting bored.

Yan Huan was thinking about what delicious food to cook for the three children.

However, she heard Lu Yi mention something. Her hand slipped and the bowl in her hand fell to the ground. Fortunately, a large hand reached out and caught the bowl in her hand. Then, she put it aside.

"Is this true?"

Yan Huan felt that her worldview was about to be lost.

This was the strangest thing she had encountered in her two lifetimes.

"Sun Yuhan isn't Ye Rong's Daughter?"

"Yes," Lu Yi nodded. "Xinyu's disappearance was because she knew about this matter. That's why she was sold to the brick factory by Sun Yuhan."

"Then who is Ye Rong's Daughter?" Yan Huan felt that this matter was even scarier than she had imagined. Initially, the things that Sun Yuhan used to identify her relatives were not fake. D N A could not be fake either.

If Sun Yuhan was fake, then one of them must be real.

This could only be known by Sun Yuhan.

Of course, Lu Yi also did not know who was the daughter of the Ye family. However, it did not matter who it was. Thinking about it, no one was willing to look forward to it.

“It can’t be me, right?” Yan Huan pointed at herself and could not help but shiver. “I’d rather not have a grandfather than have a grandfather like that.”

“Just think about it.” Lu Yi helped her put on the apron. “Cook your dishes well. Don’t dream in broad daylight. The children will be hungry soon.”

Chapter 1810: God’s plan is better than man’s

“I got it.” Yan Huan turned around and began to put her hands on her waist. She began to think about what kind of rice to cook. Yes, what kind of rice to cook? What kind of rice to cook?

This was a difficult problem. It really stumped her.

She opened the refrigerator and took out some eggs and some vegetables.

She would cook rice for the children.

Fortunately, Auntie GU bought a fish in the morning. She was going to cook fish soup today, but now she didn’t need to. She made fish pieces for the children. The children loved to eat this. Later, she would catch a chicken and kill it, she would cook a few dishes for the children

Well, eat more meat, and it would grow faster.

When she thought of what Lu Yi had said just now, she still felt that it was too unbelievable.

Sun Yuhan was actually a fake. Then where was the real thing? Could it really be her?

She was amused by her own thoughts. No one could be her. Her mother’s surname was Yan, and it was clearly written in their household register.

In a short while, the aunt outside had already taken a slaughtered chicken and brought it over to Yan Huan.

“Aunt, help me put it on the account first. I’ll give it to you all when the time comes.”

“Okay.” The aunt went back happily.

Yan Huan paid for the eggs and chickens. Although this was on the territory of the Liuyuan Garden, it was also painstakingly raised by others. They did not put in much effort, and even if they did not buy it here., they would still go to other places to buy them.

If they wanted to earn more, they would raise the chickens well for her. They would raise the fat ones, and the meat would taste delicious. The meat would also be tender, and they would kill the good ones for her. She was most afraid of killing the chickens, so killing a fish was still acceptable.

She divided the chickens into several parts, and the chickens were also chopped up. The few children were all her children, so she would not be biased towards anyone. She loved them all, and they were all in pain. So, if there were good things, of course, they had to be with everyone

There were few people in their family, so they could not eat that much. One chicken was enough.

She liked to personally cook good food for the children. Every time the children ate happily, she would have a special sense of achievement. Some things could never be replaced by others.

Sun Yuhan followed ye Jianguo and handed over all the information. She also carried out a lot of certification work. To be honest, she was a little annoyed. Not only did she have to write this and write that, even the video was verified several times.

The country that ye Jianguo prepared for her to emigrate to was only a small country. However, this small country had beautiful scenery. Moreover, it was also one of the richest countries in the world. Many people liked to emigrate there, however, the procedures were complicated. Moreover, the residents there were protected by the laws of their country. It was likely that Lu Yi and the others wanted to do business with Sun Yuhan in the future. As long as Sun Yuhan successfully emigrated.., then, Sun Yuhan would be able to live there in peace and without fear.

As long as she had money, she could live a much more comfortable life than ordinary people, and she could have whatever she wanted.

Ye Jianguo had already bought a large villa for his granddaughter there, and he had also found a nanny who understood Chinese. Everything there had been arranged, and now he was going with Sun Yuhan. However, the procedures were too difficult.., he had to come over every day. As long as the procedures were not completed, he would not be able to relax.

While he was waiting for Sun Yuhan to complete the procedures, ye Jianguo received a phone call. He quickly walked out and placed the phone beside his ear.

“What did you say?”Ye Jianguo thought that he had misheard. They were not in, there was no one inside, and the door was broken

He didn't know what the person on the other side said, but ye Jianguo's face turned uglier and uglier. When he turned around, he saw Sun Yuhan sitting in the wheelchair, seriously writing some form, but from her expression, it could be seen that she wasn't too happy.

When Sun Yuhan went back, she kept complaining to ye Jianguo, saying that these procedures were too troublesome and when could they be finished. She didn't want to go over anymore. She didn't stop for the whole afternoon, and her head was dizzy.

Ye Jianguo was also in a daze, so if she asked him, he didn't know. He really didn't know.

Sun Yuhan sat in the car. She didn't stop at all. She complained the whole way, but ye Jianguo didn't open his mouth.

Sun Yuhan still didn't want to leave Hai City, but there was no way for her to stay. who asked her to do so many things? She was actually a little regretful. How did she offend Yan Huan? If she didn't.., they didn't meddle in each other's affairs, and she wouldn't have ended up like this. After that, she would have to go to that foreign place to hide for the rest of her life. However, she would come back one day.

Although she really didn't want to go to that place, compared to going to prison, she was still willing to eat and drink well. She would also live in a villa, wear luxury brands, drive a luxury car, and buy such luxury goods.

Therefore, from the initial reluctance, she had already accepted it now.

Ye Jianguo's face was still dark. His pair of withered and old hands seemed to have been dried by time and wind. There was almost no flesh and blood, only a layer of skin and bones. He was still old., his skin had long aged, and his body was already at the end of its life. He might not be able to hold on for long.

He let out a faint sigh. He had an indescribable feeling of powerlessness.

God's plan was better than man's.

Ye Xinyu ran away with his child. Yes, his biggest bargaining chip was destroyed by his own grandson. Not only did he destroy that opportunity, he also destroyed Sun Yuhan.

Sun Yuhan could no longer emigrate abroad.

In the next few days, Sun Yuhan was very cooperative and completed the procedures. However, ye Jianguo didn't tell Sun Yuhan the results.

Because Sun Yuhan's immigration application wasn't approved.

Sun Yuhan was involved in a few big cases, so Sun Yuhan was restricted from leaving the country. Not to mention immigration, she couldn't even leave Hai City.

Sun Yuhan knew nothing about this. She was still packing her luggage and bringing along her favorite clothes and other valuable things. Although., she had been cheated out of a lot of money by Lu Qin and almost all of her money had been taken away in public, she was not at the end of her rope. She still had ye Jianguo. Ye Jianguo had said that he would prepare living expenses for her, moreover, she still had shares in the Ye family. The money that she had been cheated out of would come back in a few years.

After she had put away all the things here, Sun Yuhan finally remembered that there were still some things that she had not destroyed. Those things were dangerous in this world, she would have to burn them all in a moment.
