

Sweet Wife 1811

Chapter 1811: was arrested again

She pushed the wheelchair and was about to walk out. However, just as she opened the door, a few police officers came over and blocked her way.

I'm sorry, Miss Sun. We have some matters that we need your cooperation on.

Sun Yuhan was stunned. She raised her face and looked at the police officers suspiciously. Then, she shouted into the room.

"Grandpa, save me. They want to arrest me."

Ye Jianguo sat inside. His skinny hands clenched tightly.

No matter how Sun Yuhan shouted and screamed outside, she was still taken away in the end.

This was something that ye Jianguo had known for a long time. When ye Xinyu left with Xun Xun, he knew that it was impossible for Sun Yuhan to immigrate. Moreover, she was going to be imprisoned again.

He wanted ye Chuji to think of a way to get Sun Yuhan out, but ye Chuji did not even care. This time, he was determined. Not only did he not care about his niece, he did not even want to acknowledge him as his father.

He stood up again with a slight tremble. He felt as if he had aged several decades.

He walked to the phone and picked up the phone to call ye Chuji. At first, he did not answer, but in the end, he picked up the phone.

"Ye Chuji, I'll Let You Immigrate Yuhan overseas. Otherwise, you'll have to collect my corpse."

He used his life to threaten ye Chuji.

In this life, the person who treated Sun Yuhan the best was either him or someone else.

It was a pity that his life could not buy Sun Yuhan back from ye Chuji.

If Sun Yuhan did not have such big ambitions and thoughts, she would not be so arrogant. As long as she was ye Rong's daughter, no one would mistreat her. She could marry into a rich family, she could have had a beautiful family, but her heart was too big. She had always wanted to compare herself to Yan Huan, but she had forgotten her identity. She was an imposter., she was not ye Rong's daughter

So she had spent all her efforts to kill Yan Huan, but now she was harming others.

No matter how expensive the clothes were, they could not hide her true nature.

No matter how high-end the jewelry was, it could not hide the kind of lowliness that seeped out from her bones.

She screamed and cursed crazily, but in the end, she was still taken away. This was the first time she had entered such a place, and as soon as she entered, she felt that things might not be too good, so she was arrested again, but she was clearly about to emigrate.

When these people wanted to ask her something, she did not want to answer anything. She would not answer anything, only saying that her leg hurt. She was a patient now. Could it be that they wanted to do something to the patient?

Sun Yuhan's plan was good, but others were not stupid.

It did not matter. If she was sick, they would treat her until she was cured. However, if she wanted to go out, there was absolutely no door. Even ye Jianguo could not see this granddaughter now, staying here every day was a great harm to a person's spirit. Sun Yuhan couldn't stand the silence and loneliness here for long.

She felt like she was going crazy.

Until one day, the door opened and a middle-aged man walked in. The middle-aged man's face was a little thin, and his eyes didn't show much emotion. He stood straight in front of Sun Yuhan and looked at her coldly.

"Uncle..."

Sun Yuhan was delighted and quickly pushed her wheelchair over. Uncle, did Grandpa come to ask you to pick me up? Take me away quickly. I've had enough of this place. I want to leave this place immediately. I want to go abroad., i want to emigrate. I don't want to stay here for the rest of my life.

Ye Chuji clenched the examination report in his hand tightly.

He had the nanny at home pull out the hair personally. He had taken a strand of ye Rong's hair personally. Then, he went to check on Dan again. The final result was just as ye Xinyu had said, the results of the DNA test this time were completely different from the previous time.

There was no relationship.

Yes, there was no relationship. Sun Yuhan was indeed a liar.

This liar had lied to their entire family and also tested their feelings. She had even caused a complete break between the ye family and the Lu family. She had caused him to lose a sister and almost lost his only daughter, that was his true niece, and it had also caused him to lose another younger sister and even his only son.

Their ye family had never been so miserable before. They had never been so toyed with by others. This could not be tolerated. This could not be tolerated.

And he suddenly smiled. That smile was like the teeth of a wild wolf, incomparably cold.

Don't treat ye Chuji like a sheep. In fact, he was a wolf. When necessary, he would always give others the most fatal blow, causing them to bleed on the back of their heads.

In this world, those who dared to lie to him did not have a good ending. As for Sun Yuhan, he would definitely make her suffer a fate worse than death.

Ye Chuji looked around. He had seen it for himself. Ye Jianguo still had the ability to make such a ward for her. This place seemed to be quite good. It was in the form of a small suite, with both bathrooms and bathrooms, there was still a bouquet of flowers on the table. Her days were good. Why? was she planning to retire here?

However, how did Sun Yuhan get these? was she qualified?

The Ye family had fattened her up over the years.

She had eaten a lot of food from the Ye family. She had also taken a lot of profits.

Sun Yuhan was a little uneasy. She was very afraid of Ye Chuji. Ye Chuji had the shrewdness of a businessman and the fortitude of a soldier. Sometimes, she did not dare to face ye Chuji's eyes, she was afraid that Ye Chuji would suspect something?

Moreover, she also knew that ye Chuji did not like her. Fortunately, she had a grandfather.

However, it had already been so long. Sun Yuhan's heart was getting more and more frustrated by the day. She did not know how much longer she would have to stay here. If she were to continue being locked up like this, she would go crazy, the things that she had deducted from the ye family over the past few years were worth tens of millions. Every time she thought of these things, her heart would ache. However, she was cheated away by that man, Lu Qin.

However, these things could not make her collapse to death. After all, the Ye family had not collapsed yet. If she wanted money, it was only a matter of reaching out her hand. She could save up so much. As long as the ye family was around, as long as she had her current status., how much money she wanted was just a matter of time.

What she was worried and afraid of now was that one day, Lu Yi would directly send her to prison. She did not want to go to prison, and she could not go to prison either. She was still young, she still had a lot of youth, and she still had so much money, and with such a good family background, every day here felt like a year. Those dark days, she might as well die. Her whole life was going to be ruined here.

Chapter 1812: the wound on your mother's hand

"Uncle, did you bring me away?"

She asked expectantly, thinking that it should be. Otherwise, ye Chuji would not have come here. It must have been ye Jianguo who sent him here. She knew that her grandfather would not leave her alone., he would not let her stay here to fend for herself.

She was the only child left behind by Ye Rong.

Ye Chuji Sized Up Sun Yuhan from above. He really wanted to know where this Sun Yuhan got the guts to dare to have designs on their ye family. However, he was really hit by her, he also wanted to know how blind ye Chuji was to actually believe her nonsense.

How was this similar to his sister? His sister was such a gentle and graceful woman, and this Sun Yuhan, what was she? How was she similar to his sister? His sister wasn't so greedy, nor was she so ugly.

"Uncle, why are you looking at me like that?" Sun Yuhan was a little taken aback by Ye Chuji's eyes, and these were like a hand, stripping away the unbearable ugliness beneath her bright and beautiful appearance, all of them were stripped away.

Although her past was not disgraceful, it was a poor past.

And even if she died, she was unwilling to return to those days.

"Has the burn on the back of your mother's hand recovered?" Ye Chuji asked faintly. At this moment, the bottom of his eyes was as deep as a flat lake, almost without any ripples.

"Burn?" Sun Yuhan suddenly felt her scalp tighten. Burn? Where did the burn come from? How did she know what kind of Burn Ye Rong had on the back of her hand? Her eyes also dodged for a moment, then, she hurriedly replied.

"En, it's fine. It's all healed. It wasn't that serious in the first place."

"Really? That's good." Ye Chuji also heaved a sigh of relief. His expression was indeed like this, and his words were also like this. However, there seemed to be something more in his eyes.

Sun Yu, of course, did not understand. She only felt that her heart was still hanging in the air. There was an indescribable nervousness. Even when she spoke, she had to be careful, she did not even dare to breathe loudly.

Ye Chuji was still coldly staring at Sun Yuhan's expression. The way she dodged was because she had a guilty conscience.

"I was the one who scalded the scar on the back of your mother's hand back then. Fortunately, it wasn't serious after that. Otherwise, I would have let your mother down for the rest of my life."

"My mother didn't Blame You," Sun Yuhan followed Ye Chuji's words and said. In her heart, she was also glad that her quick-witted reaction just now, or else Ye Chuji would have noticed something.

Ye Chuji was not Ye Jianguo. Ye Jianguo believed in her identity, but Ye Chuji did not like her from the beginning. However, what happened today? Usually, he did not pay much attention to her, she would not take the initiative to speak. Even Ye Xinyu did the same. He really had a son like his father.

The same fox, the same scheming.

However, she felt that she should not have revealed any fox tail. Of course, he could not let them catch any evidence.

Ye Chuji clenched the inspection report in his hand again, and then coldly Glanced at Sun Yuhan before striding out.

Sun Yuhan was dumbfounded by his actions.

How could he leave? Yes, how could he leave? How could he leave just like that? wasn't he here to rescue her?

She didn't want to stay here. She didn't want to stay here at all.

She pushed the wheelchair forward and slammed the door hard, asking her to go out. She wanted to go out. She didn't want to be locked in here. She wanted to go home.

However, even though she had shouted until her vocal cords were hoarse and her hands were swollen, no one paid any attention to her.

Compared to being lost in the future, her helplessness now was what made her break down.

Ye Chuji got into the car and threw the test report in his hands to the side. Sun Yuhan, you will soon know what it feels like to fall from heaven into Hell.

Do you really think that our ye family is so easily fooled by you?

Ye Chuji's hatred for Sun Yuhan's face had reached its peak.

He finally understood why he couldn't have feelings for his niece.

Because they weren't related by blood, because of the deception, because of the shameful and disgusting deception.

Ye Chuji asked the driver to drive the car to the Ye residence.

The car also stopped, and this home was also the place that Ye Chu had not returned to for a long time.

He had come today to see ye Jianguo. Of course, he also wanted to know what would happen if ye Jianguo found out Sun Yuhan's true identity?

"Come in." Ye Jianguo was not surprised that she was inside. Now, he could not leave the house. As long as he went out, he would definitely run for Sun Yuhan. However, unless Sun Yuhan died outside, otherwise.., she would definitely be sent to prison for life.

Such a serious crime could not be solved with just a word of illness.

"What are you doing here?"

Ye Jianguo also did not have any good face for ye Chuji.

He sneered, and the words that came out of his mouth were also a little harsh.

"How did I raise such a selfish thing like you? That's not someone else, it's your sister's daughter. Do you want to send your sister's daughter to prison just for these uneaten and untaken properties? Ye Chuji, are you still human? Your sister has been lost for so many years, and she only has one daughter now. Can't you tolerate her?"

As Ye Jianguo cursed, the words he cursed became more and more unpleasant. This was not the first time that ye Chuji had been scolded because of Sun Yuhan, and every time, there was an uncomfortable feeling of resistance. The more he scolded.., the more this feeling of resistance grew.

This was also the reason why he disliked Sun Yuhan more and more.

And now, when he learned of some things, those uncomfortable feelings had gradually disappeared. Instead, they turned into a kind of tragedy. Yes, it was a tragedy.

Their entire ye family had actually been played by a woman to such an extent. It was just a little short of causing the family to be uneasy. Their family had been destroyed. Now, it was almost all destroyed. As for the person, he really felt that.., sooner or later, ye Jianguo would be angered to death by Sun Yuhan.

Ye Jianguo was tired from scolding. He sat there and glared fiercely at his son. That kind of gaze did not seem like a father's gaze towards his son, but more like an enemy's gaze towards his own enemy, it was almost as if they were about to go forward and skin the person alive.

Ye Chuji placed a stack of documents in front of ye Jianguo.

"Why are you showing me these? Why?" Ye Jianguo sneered. "Are you trying to make a will before I die? I'm telling you, you're dreaming. Even if I die, everything I have is for my granddaughter, and you won't get anything."

Chapter 1813: isn't your granddaughter

"Whatever." Ye Chuji stood up. "It would be better if I could give it to your granddaughter." Ye Chuji really didn't want to talk about it anymore. If he said too much, it wouldn't be tears, it would be his blindness and his incompetence.

Of course, the granddaughter he was talking about wasn't that Sun Yuhan.

What was that Sun Yuhan? She had never had anything to do with the Ye Family?

After ye Chuji left, ye Jianguo picked up the things on the table and threw them into the trash can on the ground. Then, he took his phone and contacted his old friends, he wanted to see if he could dig them out, but no one could help him. It was either because they were incompetent or because they didn't want to get involved in this mess.

After all, this matter involved the Lu family, and Old Master Lu was still around. If they helped the ye family, then they would be going against the Lu family. With Lu Yuanyang's weird and hot-tempered personality.., they had to scold them until they were a bloody mess.

Therefore, in this matter, the best thing for them was to remain neutral. They wouldn't help anyone, and they wouldn't offend anyone. and the doctrine of the mean was obviously the most suitable to be used here.

However, it was because of their golden mean that ye Jianguo was about to go crazy. What did they say in the past? If there was anything, they would speak up. They were friends who had risked their lives. However, when it came to them.., they ran faster than a rabbit.

He had helped many people in the past. No matter how much strength and energy he had expended, he had spared no effort. However, what were these people doing to him now?

Now that he had encountered such a huge crisis, almost all of them were at the end of their lives. None of them had come over to help. He could even explain it for them because that was the Lu family. But in

the past., the Ye family had almost been swallowed by the Su family. Each of their mouths sounded as sweet as honey, but the things they had done were like poison. They were all ungrateful things.

However, when he thought of this, his face could not help but burn.

Because when he scolded others for being ungrateful, he seemed to be scolding himself as well.

If he said that he would burn the bridge after crossing the river, if he said that he was ungrateful, he, Ye Jianguo, would be the one to do it.

The most that others did to him was to drop a few stones and ignore it. However, he wanted to take the life of his benefactor.

The more he thought about it, the hotter his old face became. Even the things in the rubbish heap were a little dazzling.

Alright, he had to take a good look. What kind of document did his good son want him to sign? He would sign it for him. In the end, he and his granddaughter depended on each other, causing him, Ye Chuji, to be scolded by people who pointed at his spine for the rest of his life.

He picked up a few pages from the trash can. He did not know what was written on them. The words were very close to each other, but they were also densely packed. He could not read them clearly.

When he saw so many words, he felt a little annoyed. He really wanted to crumple these things into a ball and then throw them into the trash can. It was really uncomfortable and annoying.

But in the end, he still pulled open the drawer and took out his reading glasses. The words were finally clearer.

This was a DNA test report. What was it?

And the final result was that there was no blood relationship between the two people tested.

What was this thing? When he wanted to take a closer look, he found Sun Yuhan's name and Ye Rong's name.

This was the DNA, a monitoring report between Sun Yuhan and Ye Rong.

The two of them were not mother and daughter.

Not mother and daughter.

Not..

How was this possible? Ye Jianguo suddenly felt a pain in his heart. He carefully read the report a few times, but no matter how many times, the final result was in the following sentence.

There was no blood relationship between the two.

What was this?

This was impossible?

He gripped his hand tightly, and all the blood in his body seemed to rush to his head. For a moment, he could not hear anything, only the buzzing sound of his head.

There was also the sound of needles piercing his brain.

There was also the pain in his eyes caused by some kind of light.

He did not believe it and looked at the name again. He could read, he was not illiterate, and he was not blind.

He was so sure that Sun Yuhan was ye Rong's daughter, Ye Jianguo's granddaughter. Was it because of this test report? But what did the other test report mean here?

Was he saying that he had made a mistake?

Or was Sun Yuhan lying to him?

He was not ye Rong's daughter at all. He was not Rong Rong's daughter.

And he was not his granddaughter.

In his entire life, he had never been schemed against like this, nor had he been slandered like this, nor had he been schemed against so severely. No one dared to use ye Rong's name to scheme against him. His reverse scale was not someone else's, it was Ye Rong.

At this moment, his eyes were filled with fury, and it was as if a hole was about to be opened in the wall. He picked up the test report on the table and tightened his fingers. It was almost as if his palm had been pricked, and then he used all his strength to hiss until it shattered into pieces, and he just clenched it so tightly, clutching it so tightly that he would not let go even if he died.

"Ye Chuji, what do you mean by this?" He put down his hand weakly again, and the pieces of paper in his hand fell to the ground page by page.

"Didn't dad see it?" When Ye Chuji stood there again, he knew that ye Jianguo had seen it, and he also knew it. Now, he had given up.

Ye Jianguo was very angry, but ye Chuji was very cool. Father and son, one was water, the other was fire. Such a collision was like fire and water.

"Say, did you deliberately use this test report to lie to me?" Ye Jianguo's first feeling was like this. Yes, it must be like this. It must be ye Chuji who lied to him. and at this moment, he would rather ye Chuji lie to him, than Sun Yuhan lie to him.

He could bear with his son scheming against him, but he could not accept that the granddaughter in his heart that he had been hurting so much was fake.

"You can go and check again on your own. After all, Rong Rong's hair is not with you." Ye Chuji said faintly. In this world, if it was true, it would be true. If it was fake, it would be fake. If it was true, it would not become fake, and if it was fake, it would not become true

"Also..." he suddenly smiled. His smile was cold and icy.

“This test report is your grandson, my son. He had the life to get it back. It was because of this test report that your good granddaughter sold him to the brick factory. Do you know what kind of pain he suffered?”

“They broke his throat. They even crippled his arm. Now he needs someone to feed him.”

“Dad, you’ve done so many bad things, but why didn’t you get your retribution? Instead, it’s my son. What did my Xinyu do wrong?”

Chapter 1814: Who knows where his granddaughter is

And he wasn’t that bored to get a fake test report. There were some things in this world that people didn’t know unless they didn’t do it. Sun Yuhan thought that she had done it flawlessly, so she just took it away, after the D, a, and N test, it was done. But she would never dream that everything she had worked so hard for was ruined by her hair.

Ye Chuji did not want to face ye Jianguo, just like how ye Jianguo did not want to see him now. He only asked the nanny at home to keep an eye on him so that he would not anger him to death. However, from the looks of it now.., such a situation was already rare. How could ye Jianguo anger him to death.

Now that his granddaughter was a fake, he still wanted to find the real one. If he could not find the real one, he would die with a grievance.

Ye Jianguo didn’t speak anymore. He just breathed with a pale face. He opened his eyes wide again and again, as if he had died with a grievance.

He couldn’t bear the truth, and he couldn’t bear the lie.

After half a day, he sat up, but his face was still terrifyingly pale.

He walked to the phone and called ye Chuji again.

“Sun Yuhan is fake, so who is my granddaughter? Tell me.”

“Aren’t you going to do another check-up?”Ye Chuji’s words sounded so harsh in ye Jianguo’s ears.

“Don’t talk nonsense with me. Where is my biological granddaughter? Where is my biological granddaughter? Who is my biological granddaughter?”

“You’ll have to ask your good granddaughter about that.”

Ye Chuji also wanted to know, but unfortunately..

“I don’t know who your granddaughter is?” “No one knows either. Maybe your biological granddaughter was killed by your fake granddaughter. That’s why she could brazenly assume the identity of your real granddaughter and live such a good life. She even played you like a fool. Of course, it was also because you indulged her.”

After he finished speaking, he directly hung up the phone. He walked to the door, opened it, and closed it forcefully.

The moment he closed the door, the hatred in his eyes was replaced by a kind of sorrow.

So what if he found a fake?

How could they return what they had lost?

How could they get past the lies they had suffered?

What about the victims, how could they come back?

The door to the ward was pushed open again. Sun Yuhan suddenly looked up and saw ye Jianguo. She always had a sinister smile on her face.

“Grandpa, you’re finally here. Are you here to pick me up? Grandpa, take me out of here quickly. I don’t want to stay here. I want to go home. I want to go abroad. Oh right, I want to go abroad. I want to go to the place you mentioned.”

There was anticipation in her eyes. She was relaxed and excited.

She knew that she could finally leave and not go to jail.

She knew that ye Jianguo would definitely not ignore her. Anyone in the world might ignore her and give up on her. However, ye Jianguo would not. He would definitely do everything he could to save her.

At this moment, the corner of her mouth was smiling, her eyes were smiling, and everything about her was also smiling. She turned around and looked at the bright sky outside the window, as well as the warm rays of light that were coming from the sky.

What was going on? It was all shining on her.

And now, she was immersed in her own thoughts, but she did not realize that what ye Jianguo revealed was not the love he had for her in the past, but a kind of sharpness that was almost enough to kill her.

Suddenly, with a bang, an ice-cold Cup smashed onto her wrist, but she was stunned.

She slowly turned her head and saw that the light from outside had actually pierced her eyes. She hurriedly closed her eyes, and when she opened them again, she saw the cold man standing in front of her, there was almost no expression on the man’s face, and there was also ye Chuji who was standing not far away. She did not know when ye Jianguo had left, or could it be that he had never been here.., all of this was Sun Yuhan’s dream, auditory hallucination, and visual hallucination.

“Lu Yi, what are you doing? Who allowed you to come in? Who allowed you to come in?”

“Uncle...”she turned to ye Jianguo again. “If you treat me like this, grandfather will definitely not let you off. Grandfather is already old. Do you think that he will be angered by you to the point of being hospitalized?”

“Uncle, I am your biological niece. I Am Ye Rong’s daughter. I Am Ye Rong’s daughter.”

It was still fine if ye Rong was not mentioned. The moment Ye Rong’s name was mentioned, the hidden light in ye Chuji’s eyes seemed to have grown many thorns.

She still had the face to mention Ye Rong. She used his sister's name to replace his sister's daughter's identity. However, it caused the ye family to be separated from their family and the family to be destroyed. All of this was her, Sun Yuhan's fault, it was all her fault. It was all her fault.

Sun Yuhan called him Uncle again and again. It did not make him feel the warmth of a relative. On the contrary, it was a kind of irony. It was ironic that his eyes were blind and that he had even mistaken his sister's daughter, his sister was so beautiful. How could she give birth to such an ugly thing?

Sun Yuhan's mouth was still moving. She was practically threatening him hysterically, saying that her grandfather would not let him off and that they wanted her grandfather to die.

When the door opened again, an extremely thin young man walked in from outside. At This Moment, Sun Yuhan's eyes suddenly blurred. She could not even see clearly what this thin man looked like?

This blurry figure made her heart tighten. When she wanted to see clearly again, that person turned around and left. All that was left for Sun Yuhan was a back view. Other than that., there was nothing else.

She let the door close again. Ye Jianguo left. Ye Chuji also left. Even Lu Yi left. Meanwhile, she stayed in this silent place alone like a fool. She was about to be driven to madness after a few stops.

When the door outside was opened again, Sun Yuhan suddenly raised her face. She thought ye Jianguo had come, and that ye Jianguo had come back to save her.

She had always believed that everyone in the world could be heartless to her, and they could turn a blind eye to her. However, only ye Jianguo would not.

Her grandfather would save her. He would definitely do everything he could to save her.

However, the people who came in were not ye Jianguo, but two policemen.

"What are you doing?"

Sun Yuhan screamed.

The two policemen directly pressed Sun Yuhan onto the wheelchair. Then, one of the two people on each side carried the wheelchair and walked out.

"What are you doing?" Sun Yuhan continued to scream and struggle from time to time. However, the two policemen did not even glance at her and did not say a word, they brought her away in such a stiff manner.

Chapter 1815: Grandpa Came

She went from a relatively comfortable single ward to a dark place.

It was a prison. Yes, it was a prison

Sun Yuhan was forcibly locked in. At this time, it was impossible for anyone to run around for her and hide things for her. No one would do anything for her.

And she didn't have any right to appeal.

"I want to see my grandfather." After Sun Yuhan arrived at the prison, she was completely uncooperative. She did not admit that she was a criminal and did not cut her hair. She wanted to see ye Jianguo now. Other than seeing ye Jianguo, she did not do anything else, it was impossible for her to go to prison.

"Are you deaf? I want to see my grandfather." Sun Yuhan slammed the table hard, she had a very bad temper and almost knocked the table over. She was also a public figure, so the prison guards did not force her to do anything. Moreover, this was a woman with a problem with her legs, even if she was sentenced to a few years in prison, they still did not dare to use overly forceful methods against her. Otherwise, if something really happened to this woman, it would be very troublesome.

The prison guards had no choice but to first ask the Ye family and convey Sun Yuhan's current meaning.

She didn't want to see anyone, only ye Jianguo.

Ye Chuji walked to ye Jianguo and sat down.

"Your granddaughter wants to see you."

Ye Jianguo's mood had been very bad recently and he was very irritable. Compared to the calm old master Lu, it was as if he had eaten a ton of explosives. If he was slightly unhappy, he would explode this and that, who would dare to say another word to him.

And right now, no one was willing to say another word to him, and no one came over to comfort the old master that he had been bullied. Furthermore, his heart was full of scars. He had offended all the people around him, and Ye Shuyun was not willing to care, she was simply out of sight and out of mind. She did not have much time to take care of her three grandchildren every day, so how could she care about an enemy like ye Jianguo.

When he heard the word 'granddaughter' again, ye Jianguo's eyes almost popped out of their sockets.

"Ye Chuji, how many times have I warned you? Don't ever mention this again." He had been defeated by a little girl all his life, and she had played him like a monkey. Why, these people.., did they not find him annoying enough?

"It's not that I want to mention it." Ye Chuji was too lazy to mention that woman's name again. She was the one in prison who insisted on seeing him.

"I won't see you." Ye Jianguo stood up. "I said I won't see you. I don't want to see a liar."

"You used to be so sincere to a liar." Ye Chuji hit the nail on the head, and it hurt ye Jianguo's heart.

"She is now mentioning your name in everything. She is mentioning our ye family. Our Ye family has already been dragged down to this state by her. In the past, you had a daughter, but now you don't have a daughter."

Ye Jianguo's body stiffened. This knife was filled with pain and hatred. He could not see her. He was afraid that if he really saw her, he would strangle that woman to death. Ye Rong was the pain that he

could not bring up in his entire life, and there was actually someone who used ye Rong to hit him. They even gave him some unknown ashes and buried them with his wife.

He had let down his wife. Was he looking for a daughter for his wife, or was he looking for a dog for his wife.

Sun Yuhan waited and waited, but ye Jianguo did not appear. She thought that ye Jianguo had been angered by her and was hospitalized. Was he already dead? At this moment, she was thinking.., if ye Jianguo died, what would she do? In this world, only ye Jianguo could save her. What made her sad was not ye Jianguo's death, but the fact that no one came to save her.

Her selfishness was destroyed by these material conditions. The more she gained, the less she wanted to pay.

Sun Yuhan was still shouting and making a scene. She did not stop every day. If she could not find ye Jianguo, she would look for ye Chuji. If she could not find ye Chuji, she would look for Lu Yi. She had to come alone, otherwise.., no one could convict her. Even if she was here now, even if she was really in prison, the airport shares that belonged to her grandfather were hers. No one could take them away.

"Where are you taking me?" A few expressionless prison guards lifted Sun Yuhan and her wheelchair outside. Sun Yuhan was still shouting and her voice was shrill and piercing, even the people who were used to hearing her voice were starting to break down.

However, the psychological quality of these people was not ordinary. Even though they were tortured by these voices every day, they still pushed Sun Yuhan into an empty room expressionlessly, then, they closed the door with a bang.

Only then did Sun Yuhan feel afraid. She looked around in fear, as if a ghost would come out and bite her.

What were these people trying to do? They couldn't be lynching her. What should she do? Who would save her? Who would come and save her? She didn't want to die yet. She was still young, and she still had so much money to spend, she still had a lot of years to live.

When the sound of the door opening came from the other side, Sun Yuhan suddenly felt nervous. She almost wanted to stand up and run away, but her legs couldn't move, as long as she wanted to move, her entire leg would hurt like needles.

It was so painful that a layer of cold sweat appeared on her forehead.

With a bang, the light came on. When the light from the outside stimulated her pupils, Sun Yuhan's scalp almost went numb as she opened her eyes and looked at the door.

When she saw the person at the door, she was also stunned. Of course, in her eyes, there was a pleasant surprise and excitement that almost made her cry.

"Grandpa, you came to see me."

"Grandpa, did you take you out?"

"Grandpa, I don't want to stay here. Grandpa, can you take me out of here? I don't want to go to jail."

Ye Jianguo just stood at the door. His shrewd eyes were filled with a deep layer of coldness, and Sun Yuhan obviously still couldn't see it

Ye Jianguo walked over and stood in front of Sun Yuhan. He looked down at her face. In the past, it was his preconception that she was his granddaughter, born of his daughter, even if they did not look alike.., he could comfort himself that she looked like her father, but no matter how much she looked like her father, there would always be some similarities with his appearance. But now, it really did not look like anything.., the shape of his face wasn't like his, his eyebrows weren't like his, and his eyes weren't like his. His appearance was a beautiful child, and his brows and eyes were like his wife's. But what about this Sun Yuhan? He couldn't see any trace of his daughter on her.

Chapter 1816: who is your granddaughter

It was only now that he felt that he had been deceived.

"Grandpa..."Sun Yuhan pulled on ye Jianguo's sleeve. "Grandpa, please take me away from here. I don't like it here. I want to go home,"she said pitifully. If it were in the past.., ye Jianguo's heart might have been broken. He loved his daughter as much as he loved her. He felt guilty toward his daughter and indulged Sun Yuhan as much as he could. But now, everything was just a lie.., he felt that his life had been ruined by a lie. In all these years, he had never been so thoroughly defeated like this time. This woman had used his daughter, his granddaughter.., it was almost as if their entire family had been thrown into chaos.

He reached out and placed his hand on Sun Yuhan's hair.

Sun Yuhan finally heaved a sigh of relief. Her grandfather could definitely save her. She believed that he could definitely do it. Moreover, her grandfather still liked her. That was good. Yes, that was good.

"Yuhan, do you know what grandfather hates the most in this life?"

Ye Jianguo's sudden voice made Sun Yuhan stunned for a moment. Then, she thought for a long time and realized that she could not answer at all.

Ye Jianguo moved his hand away, and Sun Yuhan suddenly felt a chill on the top of her head. It was as if a gust of cold air had poured in, and it actually caused her to shiver.

"In Grandpa's life, the most annoying thing..."ye Jianguo stared straight into Sun Yuhan's eyes. That pair of hands that had killed people almost pinched Sun Yuhan's neck.

"What is the most annoying thing?"Sun Yuhan's eyes widened, and her heart actually gave a sudden thump. It actually jumped wildly. There was also a hand that seemed to be placed on her neck, and it was that kind of unbearable suffocation.

"You don't know?"Ye Jianguo didn't laugh, but the bloodlust in his eyes hadn't appeared for a long time.

"In my life, what I hate the most is lying, and using the people that I care about the most to deceive."

Sun Yuhan's palms were covered in cold sweat, and the muscles on her face twitched. Why did she feel that ye Jianguo's words were said for her? But it was impossible, Sun Yuhan was sure.., she didn't give

herself away, and those things were in her hands. No one else knew, so even if they wanted to investigate, they wouldn't be able to find anything?

"Say it." Ye Jianguo put his hands on Sun Yuhan's wheelchair again. At this moment, his hands were like dried tree bark. Except for the blue veins that popped up on them, they were like dried tree bark, the vitality in his body was almost all slowly lost due to the invasion of time. It was as if time had evaporated all the moisture in his body. In the end, he would turn into a skeleton and turn into dust.

Sun Yuhan looked at the dried fingers. All of a sudden, she opened her mouth wide and wanted to scream. However, she could only wiggle her mouth. No matter how hard she tried, she could not utter a single word.

The light in Ye Jianguo's eyes became colder and colder. His hand also tightened the armrest of the wheelchair.

"Sun Yuhan, tell me, where did those things come from?"

"It's me..."

Ye Jianguo suddenly narrowed his eyes. "Don't mention my daughter's name to me. You're not worthy. Tell me, where did those things come from? Where is my granddaughter? What did you do to my granddaughter?"

"Grandpa, I'm your granddaughter." Sun Yuhan's red lips were still trembling, but she couldn't stop herself from speaking.

She was guilty, but she was also afraid.

Ye Jianguo could tell at a glance whether she was lying or not. He had been through a lot in his life, and he had eaten more salt than Sun Yuhan had eaten. Sun Yuhan still wanted to cover up this lie in front of him, that was impossible. There was nothing when there was no doubt. If there was a seed of doubt, then there would be loopholes everywhere.

"Speak!" At this moment, his voice was almost cold, as if it had frozen into ice. All of it pierced into Sun Yuhan's neck. Sun Yuhan could not help but shrink her neck, and her scalp went numb.

"Where is my biological granddaughter? where is she?"

Sun Yuhan opened her mouth. She sat weakly in her wheelchair. She did not dare to say anything. Her eyes kept blinking, but she kept her mouth shut. She knew that her good days were coming to an end, but even so, she could not say anything.

She was not stupid. She had been a member of the Ye family for so long. Could it be that she did not understand Ye Jianguo's character? If it was someone else, it would not matter. But the person who happened to be Yan Huan., if Ye Jianguo knew that it was that woman, and she had let him personally deal with that woman, he would definitely kill her.

Ye Jianguo snorted. At this moment, he really wanted to break Sun Yuhan's neck. In This World, Sun Yuhan was the first person who dared to lie to him like this. In this lifetime, she would just stay in there, wanting to come out, wanting to see the light of day again., she should just wait until all the members of the Ye family died

Ye Jianguo was just like that. He was a person who clearly distinguished between love and hate. He treated you as a family member and could do anything for you, even if it was a crime. However, if you used these deceitful methods, then he would hate you for several lifetimes.., at the very least, he still had a grandson now. As long as Sun Yuhan could die a few years later than ye Xinyu, she might still be able to come out in the end and spend her old age peacefully. However, this was basically impossible. With ye Jianguo's character.., how could he let Sun Yuhan go to jail peacefully? Her chances of getting out alive were very slim.

This was because Sun Yuhan had committed not only the crime of intentional murder, but also the crime of fraud. With her extravagance, who knew how many hundreds of millions of ye family members she had swindled to get out? This figure did not even carry any water.

When the door closed with a bang, large beads of cold sweat seeped out from Sun Yuhan's forehead. She opened her mouth and could hardly breathe the air in front of her. She placed her hand on her neck, her face turned red.

At this moment, she did not know who to look for to save her. It was clear how many people she had offended when she used the ye family's reputation and identity. She did not leave herself any way out.

It seemed that she did not leave herself any way out. This was because she had never thought that she would be exposed one day. However, in reality, she had been exposed. Moreover, she did not leave her any face, ye Jianguo had already shed all pretenses with her, and he never came to see her again.

She knew that her identity had been exposed, and she knew that she had no one left. People said that the wildfire couldn't be extinguished, and the spring wind would blow again.

But she had already pulled out all the roots.

She couldn't go out, and she couldn't go out for the rest of her life.

There was only one ye Jianguo in the world who was good and selfless to her.

Chapter 1817: the Ye family's granddaughter only has me

But now, she doesn't even have this sincerity anymore.

She doesn't even have this grandfather anymore.

How could this be? Yes, how could this be? She clearly didn't reveal any flaws. She clearly didn't do anything. She was clearly fine. Not long ago, Ye Jianguo was still helping her with the formalities to go abroad. Clearly, she was still the eldest daughter of the Ye family, she still had a net worth of billions.

She was clearly just one step away from going abroad. She had already packed all her things. She was going to live her new life. She had already decided to change her appearance and life in that country, she could clearly live under the sun.

But why did everything change now.

Everything was over.

She sat weakly in her wheelchair. Her hair was originally very long, but now it had been cut short. She didn't know how ugly she was, but this must be the time when she was the ugliest.

She still remembered when these people cut off her precious long hair.

She screamed, she begged, she threatened, she cried.

But no matter what she did, she struggled for a long time. In the end, the hair was cut off by a pair of scissors.

She had no identity. She didn't even have her own name. From now on, she only had one code name.

This was her name now.

And she might have to be locked up for the rest of her life.

For the rest of her life, it might be for the rest of her life

She, Sun Yuhan, was still in her prime. How could she be locked up for the rest of her life? How could she spend the rest of her life here in the dark.

She was a celebrity,

she was also Sun Yuhan.

She was the eldest daughter of the Ye family

How could they do this? How could they limit her like this.

How could they treat her like this.

"7056."

Suddenly, a voice came from outside.

"7056."

What was this?

Yes, what was this? What was this? What did this mean? What was 7056?

After a long time, she finally realized what 7056 was.

7056 was her. Yes, this was the current her. She was now a string of numbers, and this string of numbers represented her. She, Sun Yuhan, had actually lost her name for a day and became a number instead.

She used to be extremely extravagant and generous, but now, no one came to see her.

Why, was there still someone looking at her now?

The door outside opened, and an overly bright light came in from the door. She was also somewhat unable to open her eyes because of this ray of light. She hurriedly used her hand to cover her eyes, after getting used to this light, she finally removed her hand.

However, when she clearly saw the person standing in front of her, there seemed to be a voice stuck in her throat.

She wanted to scream, but she also wanted to scream.

However, she realized that she could not make any sound. She was like a mute.

Standing in front of her was a thin young man. He was very young and thin. He was as thin as a skeleton, but he had an extremely beautiful face. Such a face on a man's face would make a woman feel ashamed, to be honest...

He walked over and sat down as well

"Are you surprised?"

He asked her.

His voice had a unique raspiness, but it was also very special. He did not know what was the reason for his voice. If one listened to his voice, one would feel that he was an attractive and successful man, however, it was accompanied by a beautiful face.

This was a completely different feeling.

But it also had a fatal attraction.

"Did you say that?" Sun Yuhan took a long time to find her voice, but her hands were holding onto the wheelchair, almost breaking her nails.

She knew, she finally knew, she knew where the problem was?

"You said it, you sold me out?"

"Sold out?" Ye Xinyu really felt that it was a little funny, but it was still very funny. "I haven't worked with you before. Tell me, what is called selling out? En."

"You actually didn't die?"

Sun Yuhan had never thought that her failure was actually in this place, in the hands of someone she could have killed with one hand.

"I'm not dead, and God won't let me die." Ye Xinyu looked at the woman in front of him who had a head of hair that had been bitten by a dog, "I feel that you should stay in that place for the rest of your life, but this place seems to be more suitable for you."

"Those people in the brick factory don't have time to watch TV. They do nothing but work every day. They get beaten and beaten every day. How could they remember who is a star? But it's different here. Think about it, if you watch your own TV show, you will be very happy."

"Shut up!"

Sun Yuhan screamed in a high-pitched voice, but the prison guard beside her hit her on the shoulder.

"Behave yourself."

Her body was trembling, and her face was trembling. Tears and Snot kept falling down.

“You are not human.”

Yes, this ye Xinyu was not human. He knew that looking at his past glory and comparing it to his current life would make a person crazy. They wanted to make her crazy, make her feel bad, make her uncomfortable.., make her suffer, make her life worse than death, right.

“Then what are you?”

Ye Xinyu asked Sun Yuhan in return, “Taking over someone else’s identity, even abandoning your own parents. People like you seem even more inhuman, right?”

“What do I want them to do?”

Sun Yuhan sneered, and these smiles were almost crazy and crazy.

“They didn’t think of wanting me. What do I want them to do?”

“My biological mother gave me something. She gave me a broken box with dozens of dollars in it. That’s all she gave me. What can dozens of dollars do? Tell me, what can I Do?”

Ye Xinyu just looked at her coldly.

There was no sympathy or pity.

The woman he wanted was selfish and evil. Even if she died, it would be too good for her. She should be begging for death.

He pressed his hands on the table.

“Where did your hair come from? where is my aunt’s biological daughter?”

Sun Yuhan suddenly trembled. She was laughing. She was laughing like crazy. She was laughing so hard that tears were coming out of her eyes.

Didn’t I already say, “She’s dead. Tell me, if it were you, would you let her live? Even I wanted to kill you, let alone her?”

She had a dark expression on her face, like an evil ghost that ate human flesh.

“You can forget about finding her in this lifetime because she’s dead. She’s already dead.”

“I’m the only granddaughter of the Ye family. I, Sun Yuhan, am the only one. All the assets of the Ye family are mine. Everything is mine. Everything is also mine.”

Yes, everything is hers. Everything is hers.

She is the granddaughter of the Ye family.

Chapter 1818: ended just like that

Even if she was no longer around, even if she was dead, she was the only granddaughter of the Ye family. She was the only one who had sat in the position of the Ye family's granddaughter. No one would be able to get the position because it was his., everything belonged to her. Everything belonged to her alone.

"Haha..."she laughed like a lunatic

She would not let them get what they wanted, let alone that person. With the Lu family, she still wanted the ye family. In the future, she would take away all the things that belonged to Sun Yuhan, her family assets, and her life.

Even if she did not want them, she would not give them to anyone else.

Ye Xinyu stood up. He knew that he could not get anything out of this woman's mouth. Perhaps she had really told the truth. That so-called cousin of his was no longer around.

As for Sun Yuhan, she would have to stay here for the rest of her life and enjoy the rest of her life. The people here would take good care of her. They would let her live every day happily.

Of course, he would visit her often in the future. No matter what, she had been his fake cousin for so long.

He stood up and walked out

The Light in Sun Yuhan's eyes was green. She was like a vicious wolf. She wanted to bite anyone she saw and rip a piece of meat off anyone she saw.

Sun Yuhan really did go to prison, and it was for the rest of her life. She, who had always been pampered, seemed to have returned to the poor life of the past. She did not even have her own name anymore.

However, even if she was poor in the past, she was free. She could leave as she pleased. Now, there was only a dark prison cell. A few people squeezed together in a small window. It was very extravagant, she was used to enjoying herself, and she could not stand it. At night, the unpleasant snoring sounds and the stench that accompanied the farts., in the past, these female prisoners had been unwashed socks and underwear for a few days.

Not to mention being locked up for a few years, even if she was locked up for a few days, she would not be able to stand it.

But unexpectedly, she had to be locked up here for the rest of her life. No, it was possible that she could be locked up for two lifetimes. Now, she would rather be sentenced to death. Perhaps death would be more enjoyable for her.

This place was simply not a place for people to stay. She knew that if she continued like this, she would go crazy. No, she had already gone crazy. But now, she was begging for death. She was begging for death.

She pulled her leg. That long and short leg was struggling to live in such a place, waiting and getting old.

Day by day, she lived like a dog.

She knew that they could torture him.

He also wanted to torture each and every one of them.

She wanted someone to be more ruthless. He was already like this anyway.

And they could forget about knowing where Ye Rong's biological daughter was. She would never tell them in this lifetime.

She would only tell them that Yi Ni was dead.

"Have you found out?" Lu Yi asked Lei Qingyi. This was the question he often asked. Have you found out? Have you found out?

"It's been a few months. Why? Have you not found out yet?"

Lei Qingyi shook his head, "I haven't found out anything. In this world, I suspect that there really is such a person. I've checked everyone who interacted with Sun Yuhan, but I still haven't found out anything. Who could it be? Who could it be?"

"In the end..." he spread his hands. "I can only say that I'm sorry. I can't find anything. Maybe it's because the person is really dead. That's it."

Yes, that's it.

"What? are the Ye family still looking for him?" Lei Qingyi sat on his chair again. "Alas... I can't find him. There's no point in looking anymore." He wanted to search the entire sea city, however, he still couldn't find any clues. He didn't believe that someone could find him before him. Anyway, he wouldn't believe it. He definitely wouldn't believe it. Yes, just like that, he wouldn't believe it.

"You should know that person's character very well." Lu Yi also found a chair for himself and sat down.

"At that time, he treated Sun Yuhan the same way he treated his own granddaughter whom he had never met before. He spent his entire life looking for his daughter. He finally found her after much difficulty. His daughter died and he only had one granddaughter, but it was a fake. How could he be willing? He might still be thinking in his heart that if he found that granddaughter, he would be able to find his own daughter. Perhaps Ye Rong is still alive?"

"That's impossible."

Lei Qingyi did not even suspect this point. Yes, it was impossible. If Ye Rong was still around, Sun Yuhan would not have dared to make her actions known to everyone. She had blatantly said that she was Ye Rong's daughter, how could Ye Rong not know this? No matter what, she could not let her family be harmed by a swindler. Furthermore, letting someone else take her daughter's place and live in the Ye family was harming the Ye family.

Therefore, Lei Juyi had never doubted this.

Ye Rong was dead, but she couldn't be alive. Just as Sun Yuhan said, she was already gone.

As for Ye Rong's daughter, it wasn't easy to find. It was really like looking for a needle in a haystack. If you wanted to find her, how could you find her just like that.

“Has brother Hua confessed?” Lu Yi asked Lei Qingyi again. They had been busy with Sun Yuhan’s matters recently, so they had forgotten about brother Hua.

“Him?” Lei Qingyi shrugged. “These desperados don’t even care about their own lives. Why would they say anything?”

“That fat doctor and Blondie can’t confess anything either.”

“As for people like brother Hua, I’ve seen many of them. People like him usually die a horrible death. Of course, he himself knows that they have their own way of doing things. It’s impossible for them to reveal the information behind the scenes.”

“As for who did it, maybe we need another chance. When the chance comes, we might find out.”

“Oh, right.” Lei Qingyi suddenly remembered something, “My Lingling is coming back today. She’s going to your house for dinner. Ask Yan Huan to make more food. You know that I’ve eaten too much. and...” Lei Qingyi naturally wanted to give her some benefits.

“That fried meatball. That’s right, it’s the fried meatball. Remember to make more for me. I like to eat that the most. My little lei zi also wants to eat it.”

He immediately placed his legs on the table. “Why do I have a feeling that the world is at peace? Finally, I’ve gotten rid of a scourge. I Won’t be able to cause any waves in the future.”

Chapter 1819: was about to be moved

“I’m just waiting for Lingling to start filming. If the box office earnings this time can reach six billion, that would be great. My Lingling would also become a rich lady.”

He could be said to be very proud of his life here because to them, the world was at peace. However, Lu Yi would not.

This was because there were some things that he did not know and did not understand. Sometimes, it was too clear, but it was not necessarily a good thing.

Perhaps life really should be muddled. For example, Lei Qingyi, who could fill his stomach, make him happy every day, and catch a few more criminals for no reason, had no regrets in his life.

Perhaps to many people, Lu Yi should be the most proud person. After all, he married not someone else, but Yan Huan. He also had three children. The three children were very well-behaved and very cute.

He shouldn’t have anything to worry about, but it wasn’t right. It was completely wrong.

Lu Yi felt that things might not be that simple.

Perhaps an even bigger storm would appear, and he only hoped that such a storm wouldn’t affect too much. And there might be too much behind-the-scenes that they couldn’t bear.

When Lu Yi returned home, Yan Huan was flipping through the script before the start. She had only gotten the script a few days ago, and the first two chances were set half a year later. first-class team,

first-class venue selection, first-class technology., there were also first-class investments and first-class actors. They all had great confidence in this drama.

They believed that it would definitely surpass the previous one.

After all, after so many years of preparation, there was also the investment that was nearly double that of the previous one. If it couldn't surpass the previous one, it would be a little embarrassing.

As soon as Lu Yi returned, Yan Huan knew. She put the script aside and quickly stood up.

“What’s the matter? Are you here to welcome me?”

Lu Yi took her place. Her expression was relaxed, and the more she looked, the gentler she looked.

She must be in a good mood right now.

“Do you want me to find a flower and shake it for you?”

Yan Huan took Lu Yi’s uniform and hung it at the side. Lu Yi had always respected his uniform, just like how he respected his job. Yan Huan was the same

In her heart, the prosecutor was very serious and very serious. This was not something that could be joked about.

Lu Yi walked to the side and sat down. He also took Yan Huan’s script. Of course, he did not forget to answer Yan Huan’s question.

“If you really want to shake it, I won’t object.”

Yan Huan turned around and glanced at him, then walked into the kitchen.

In a short while, he had already taken out two fresh flowers. mm, green organic cauliflower.

“Welcome, welcome...”

She shook the green cauliflower. This was really serious.

Lu Yi looked at her for a long time, then suddenly burst out laughing.

Alright, the welcome was over. Yan Huan Fried the flowers in a while.

MMM, cauliflower.

She was thinking about how she was going to greet lei qingyi’s family the next day.

She felt that Lei Qingyi’s appetite was quite scary. He ate three or four people’s meals alone, but his stomach didn’t seem to be full. Of course, what was even more incomprehensible was his weight.

He wasn’t much fatter than the others, and he ate like this every day.

At noon, they ate noodles. She made it herself, and it was for her and Lu Yi. Auntie Gu went home once, and when she came back the next day, it was just right. She would help to buy the things they needed, it also saved Yan Huan from going out again.

As for Yan Huan and Lu Yi, they ate simply. It was just a pot of noodles, a soup, and two small plates of dishes. They were all made by her, and Lu Yi liked them very much.

“I want to meet that brother Hua.”

Yan Huan put down her chopsticks. In fact, she had thought about it for a long time before she made her decision. That brother Hua could not live on. If he died, she would never know who hated her so much.., he actually smashed her mother’s urn. She did not care about anything else, but she just wanted to know who would not let her off after her mother’s death.

She had once sworn that she would never be the one who smashed her mother’s urn. Whoever dared to make her mother’s ashes scatter, she would make her entire family follow her and be crushed into ashes as well.

Lu Yi also put down his chopsticks. He thought for a moment before nodding. “When Lei Qingyi and the others come over tomorrow, I’ll find a time to bring you there again.”

As for now, he placed the chopsticks in Yan Huan’s hands again. During meal time, don’t think about anything else. Also, during meal time, don’t let your thoughts run wild. Otherwise, you might suffer from indigestion.

“Got it.”Yan Huan picked up his chopsticks and started eating the rice in her bowl again.

She still had half of it. Lu Yi added some more to her bowl.

Of course, Yan Huan didn’t reject anyone. These noodles were very filling, but it would be digested in a moment, so it was fine to eat more. As for the pot of noodles that she made, she ate a little, lu Yi ate almost half of the pot.

“I’ll be moving in a few days.”

“Moving?”Yan Huan was still unable to react at first. “Moving? Moving where?”

“Eh?”Yan Huan suddenly remembered. Didn’t Lu Yi say, “The procuratorate is moving to a place not far from the foot of Liuyuan Mountain? Didn’t they say they’re moving next year? Why are they moving ahead?”

“Are they moving ahead?”Yan Huan asked Lu Yi, a little excited.

“Yes.”Lu Yi nodded. “They’re moving ahead. In a few days, I’ll be able to go home and have dinner with you every day.”

“Hooray!”Yan Huan stood up happily and leaned on Lu Yi’s back, pressing his face against his shoulder.

“I’m most afraid that you won’t eat properly. That’s good enough. When we’re done filming the first two scenes, I’ll stop filming and accompany you every day. If you’re busy, I’ll Cook good meals for you every day.”

In her previous life, they hadn’t been together for long, and the days they spent together were too little. In this life, from the moment they met until now, they had been together less and apart more. She really didn’t want to live like this anymore.

Her life was just a few decades. In the blink of an eye, it was gone. Therefore, she didn't want anything in the future. She only wanted Lu Yi. She would wait for time with him and grow old together.

Lu Yi held her hand tightly.

"Okay."

Between two people, there was a need to be tolerant, and there was always a need for one person to compromise. This time, it was Yan Huan who compromised. She knew that Lu Yi liked his work, and Hai City could not do without such a good prosecutor.

With him around, he could punish many bad people, and he also had to return the light to many people.

He was the blue sky, he was the breeze, he was justice, he was also justice.

Yan Huan was willing to use her acting career to exchange for Lu Yi's justice. This justice was left for her and everyone else.

Chapter 1820: a woman

Besides, she didn't have much ambition in the first place, and all she wanted was to get it. She had received countless honors, and she had won the shadow awards at home and abroad. She had long since put an end to her career, it was a wonderful ending.

As for the second part of the shoot, could she say that she was actually driven to the top? But whether it was to drive a duck to the top or to roast it over a fire.., she would always give everyone a different movie queen. After going through so many things, she believed that her acting skills would be better. Her acting skills came from everything in life.

Regardless of whether she really wanted to act in the second part of the shoot, she had to act well this time.

Early the next morning, she got up to prepare. She and Auntie Gu were busy with business. In the end, they cooked a table full of dishes. In fact, it was Yi Ling, Lei Qingyi, her, and Lu Yi.

Little Lei was originally a good person, but he just wanted to play with his younger siblings, so he stayed at the Lu family, so there were only a few of them. But even so.., lei Giyi's stomach alone was enough to fill three people's stomachs. There was nothing left on the last table of dishes, and the plates were almost licked.

Yi Ling felt embarrassed. She had not eaten for several lifetimes. Or was it that she had not fed him and had been torturing him every day? How could he be so useless and treat her like a pig.

Yi Ling did not care about Lei Qingyi anymore. She once again stopped Yan Huan. As she talked about the previous two, Yan Huan felt that Ling was a little obsessed. She was always the first two, first two, and first two.

"What expression is that?"

Yi Ling pinched Yan Huan's face. "Be more serious."

“I’m not not serious.”

Yan Huan felt that she was quite serious. When she did not listen, she would think about it. But when she listened, she was fully focused. Hence, she listened to whatever Yi Ling said and naturally understood it.

“I’m a producer. You Can’t drop the ball for me.” This time, Yi Ling did everything herself. She had blocked Ming Sheng for the rest of her life. She had spent her entire life in the primeval forest, she had stayed there for almost three months. She ate there and slept there in the morning. She had worked so hard for what? It was all for the success of the first two places. Of course, it would be best if there was a new record.

For example, the number one spot in the box office was still broken by their dazzling performance.

“You should train your body well recently. Also, you must not eat fat.”

Yi Ling was most worried about Yan Huan finding a body. Yan Huan’s current condition was pretty good, but she could not be satisfied just because she was satisfied now. Therefore, she began to indulge in eating and drinking. That way, she would become fat very soon, and when she gained weight, what would she do?

Although Yan Huan had not changed much in the past few years, it was hard to guarantee that she would suddenly become fat. After all, she was already middle-aged.

Fortunately, she had not said those words. Otherwise, Yan Huan would really cry.

She only dreamed that she had become old. When she became a grandmother, she cried for a few days. If Yi Ling said that she was middle-aged again, Yan Huan would definitely cry for her to see.

“Don’t worry, I understand. I won’t gain weight.”

Of course, Yan Huan knew that she wouldn’t gain weight. Although she stayed at home every day, she exercised a lot. When she woke up in the morning, she would run for an hour. She would get Bai Zhi to teach her kung fu and she would also do advertising gymnastics, in addition, her body was naturally thin. Therefore, no matter what, it was impossible for her to gain weight.

Yi Ling gave Yan Huan a very thick notebook, which was filled with her own records. She wanted to take a good look at the basic information regarding the first two steps, and she also wanted to study it carefully.

Now that Sun Yuhan, that Scourge, was gone, no one could bully Yan Huan, and no one dared to go against her. Of course, there was no need to mention Su Muran, who had stepped into a coffin.

As long as Sun Yuhan was gone, Yan Huan’s life would obviously be much better.

A door opened. Brother Hua was still the same as before. He did not change much. It was just that his appearance was not too pleasing to the eye. It was also possible that everyone was used to his long hair appearance, so now that he had suddenly become bald, he was not pleasing to the eye.

He looked here and there from time to time in annoyance. Out of habit, he always wanted to touch something in his pocket. However, after touching it for a long time, he still couldn't find anything, and he naturally knew what he was looking for.

He was looking for cigarettes.

He was the kind of person who smoked all year round. Now that he didn't have any cigarettes, other than breathing, he was living a life worse than death.

Why did he still want to get something from him?

He had already said that those things would be brought to his grave. No, maybe he didn't have a grave either. He was just burned into a pile of ashes.

Then, the wind blew and it was gone. He would walk the way he came.

He changed his sitting posture again. Since he sat down, he had changed his posture many times. His feet were pinned to the leg of the table. It was impossible for him to move at all. His wrists were also chained, he knew that he could not move, and it was impossible for him to escape from here.

This was the safety hall. He was not stupid. Of course, he did not have the daydream that other people would let him go.

He was a felon, and the death penalty was set. How could anyone let him escape.

And now, he did not ask for anything. He only asked for a pack of cigarettes.

As long as he was given a pack of cigarettes, he could call him grandpa.

The door opened a little. His cloudy eyes stared coldly in the direction of the door. How many times had it been? Stop asking. He could not tell.

The light and shadows outside seemed to have become a circle. He narrowed his eyes. Oh, it was a woman.

Her shoulder-length hair was very shiny. It had not been permed, dyed, or rolled up. It was very natural.

The sunglasses on the woman's face covered most of her face, and the hat on her head covered almost all of her forehead.

She walked over, but did not hear the sound of high heels stepping on the ground.

Brother Hua's gaze stopped on the woman's feet.

Women always wore high heels for beauty. If a woman could not even wear high heels, then she was not a woman.

But this daughter was different. She wasn't wearing high heels, just a pair of flat shoes. Even so, she still wore a temperament and aura that others didn't have.

It was as if she should be a star on the red carpet.

Even if she wasn't wearing a gown and he wasn't wearing high heels, this kind of feeling was a mature and flamboyant beauty from her bones, as well as extreme elegance and wealth.
