

Sweet Wife 1941

Chapter 1941: was an experimental subject

However, the two parties involved were not resolved. As for whether they did not care about the groundless rumors, or whether they had already tacitly accepted it.

Where did this luck come from? Jiayi had been staring at Xie weining for half a day. This person did not seem to have such a smart brain. How did he manage to catch song Xihua's Eye, no matter how she looked at it, she looked like a big fool.

Could it be that it was because of that sentence that she wanted to learn from Yan Huan? It was not because of how many awards Yan Huan had won, nor was it because she had obtained any results. It was because she wanted to learn from Yan Huan and get married and have children earlier.

She was really puzzled about this. It was also possible that it was because of this. However, no matter what the reason was, Xie Weining's name had started to become well-known by others, when the first two rounds were released, she would still be in the limelight.

As for Yan Huan, she was currently learning how to cook from father Xie.

Father Xie had been a chef for his entire life. No, it was because his ancestors had been chefs for generations. Therefore, some things were passed down from generation to generation. Yan Huan liked to learn, so he taught it to Yan Huan, of course, the special treatment Yan Huan gave Father Xie was also very good. If it weren't for the fact that Father Xie didn't plan to work anymore, she would have wanted father Xie to cook for the Lu family.

And everything in the outside world had nothing to do with her. Even the first two things were forgotten by her. Now, she was completely focused on cooking, she was determined to make herself a good wife and mother. Of course, her daily test subjects became food for Lu Yi and the people in the Procuratorate. They all said that the hand that eats a person is short, and the mouth that takes a person is soft, yan Huan now carried her own cooking every day. Not to mention Yu Bo and the others, she had even sent quite a number of guards to the door.

Cooking required practice, so she knew how to cook a lot. Of course, after being instructed by a national first-class chef, it was impossible for her dishes to be too terrible.

"Miss Yan, you brought us food?" Yu Bo rubbed his hands and walked over to welcome her.

"Yes, I made a lot today." Yan Huan pointed at the car. Look, she had already driven the car over. How else could she take it?

Yu Bo hurriedly walked over and opened the trunk of Yan Huan's car. The plates inside were all flat and there were really a lot of them. Moreover, they smelled so good.

Yan Huan brought a portion and sent it over to Lu Yi. The other test subjects should be given to other people to eat.

Lu Yi really liked Yan Huan learning these things. Right now, he had the same idea. She should go out less. As long as she didn't go out, she could do whatever she wanted. Of course, it would be even better if she learned how to cook from a master chef, in the end, the one who benefited was him as her husband. Although she failed to cook some dishes, the taste was still pretty good no matter how much she failed.

"Look." Yan Huan stretched out her hand and let Lu Yi look at her fair and tender little claws. Her fingers were stained today.

Lu Yi pulled her hand and saw a small cut on her finger. Fortunately, it wasn't serious. It was just a small cut. The surrounding area of the wound wasn't red or swollen, so there wasn't a big problem, such a small cut did not even need to be applied with medicine.

"You want to eat meat, don't you?"

Lu Yi held her hand tightly again. "If you want to eat meat, just say it. You can eat as much as you want."

Yan Huan quickly pulled her hand out and put it behind her back. Who wanted to eat meat? She even wanted to drink blood?

She put away all the dishes that she had brought. This was my result today. I learned this dish of fish again today. My Zuke was bitten by this fish.

No, it was stabbed by a fish bone.

Lu Yi walked over and sat down as well. He picked up his chopsticks and took a bite of the fish. The taste of this fish was really good. It was simply the best fish she had ever eaten. There were no thorns in the fish meat, and the meat was fresh and tender, it was slightly sweet. The meat of the fish was not bad, and the knife on the fish was also good. The craftsmanship was not bad.

Lu Yi reached out and pinched Yan Huan's face. "You can do it."

"Of course I can do it." Yan Huan had always had confidence in herself. No matter what, she would definitely learn well. She wanted to be a good wife and also a good mother. Of course, she had to be on the stage, she had to be able to get down from the kitchen. Of course, the most important thing was that she had Xie Weining's beautiful knife skills. Right now, she only had knife skills, but she did not dare to throw a knife into the sky. She was afraid that if she threw a knife into the sky, she would be cut into pieces.

Yan Huan happily learned to cook with her father Xie. Her daily life was full, and she did not participate in any programs. However, people did not forget about her, especially when the first two broadcasts were getting closer and closer, her fame also grew. Now that her fame was rising, even Liang Chen and the others were not left behind.

Of course, there was another one, Xie Weining.

Xie Weining's popularity had started to rise from that reality show. She had also become the darling of many media outlets. Of course, she had also become famous in Linlang. They had entered the same batch, she was originally the most transparent, and also the most unknown. However, because she had acted in a small supporting role in the first two scenes, she had become highly regarded.

The first two were not any other films. The first one was the record holder for the highest number of domestic films in the past few years. Moreover, this film had won many domestic and foreign awards. As for the first two, it was not just dazzling, even people from all walks of life in the country had a very high evaluation and expectation of it. The domestic films in the past few years had been a little sluggish, and there were not many films that could be brought out. It had to be said that the broadcast of the first two this time around.., it was also a precaution for the domestic movie industry, and it also made everyone's hearts begin to boil. They wondered if there would be a movie that could finally shake the entire movie industry this year, once again, they could have a movie that would bring glory to the country.

Therefore, this movie had almost become the most anticipated movie in the country. Linlang's biggest investment in the past six years was also the movie that they had been preparing for and had never given up on for the past six years, it was also Linlang's iconic representative.

The first film had been shot for five years. The second film had been shot for six years. The third film was still unknown.

However, the second film was indeed very eye-catching. From before the start of filming until now, Linlang had never directly replied about the specific details of this film. However, all sorts of plots had been spread on the internet, everyone wanted to celebrate the new year right away. However, there were still a few months left. They could only endure it for now. Perhaps one day, they would be able to endure it until they became Granny Ah Xiang.

It was because the popularity was too high that it was constantly on the headlines. Therefore, all the actors on top were constantly being noticed. Even a newcomer like Xie Weining was inexplicably popular.

Chapter 1942: who are you

Of course, Jiayi also used her more resources than others to prepare the best programs for her artistes. Because Xie Weining didn't have any representative works yet, when she didn't receive any good TV works, she would participate in some shadow programs. Moreover, with her baby face that loved to smile, she also gained a lot of fans. There was also that social support, even her relationship with song Xihua made Jiayi quite worried.

She was afraid that Xie Weining would do as she said and find someone to marry. Then, she would follow Yan Huan and learn from him. They both had such good reputations, but in the end, they had to quit this industry.

If she found a good man, that was fine, but what if she met a scumbag.

Of course, she didn't dare to say that Lu Yi was a scumbag. As for Song Xihua, she wasn't bad either. However, she didn't want to lose a talent that she had raised for so long just because of a marriage and a child. If that was really the case., she would cry herself to death.

That was why female celebrities were so troublesome.

However, she sometimes thought that it would be great if Yan Huan could give her xunxun. She would be the manager of xunxun, and she would definitely promote little xunxun from a young age to a great age.

Even her thoughts were just wishful thinking.

Yan Huan himself wasn't willing to stay in this circle for long, let alone her daughter.

Xie Weining's development was good, but there were always bad people, or worse.

Among the same batch of people, Yang Keke's conditions were the best. She was famous and had some connections. Of course, she also had some fans, which was her representative work, but now, she was pulled down by Xie Weining. It wasn't that she wasn't doing well. In fact, she could be considered pretty good. But no matter how good she was, she wasn't as good as Xie Weining.

Yang Keke had always been proud and arrogant. She had also described herself as Yan Huan's second-generation successor. But this time, Ju Ju had suffered a great blow. Especially after that reality show, she only knew how to cook instant noodles, her appearance without makeup made it difficult for her to meet people. Later on, she had participated in a few shows, but they were neither too hot nor too hot. It did not seem like they had stirred up any waves.

Not to mention waves, not even water droplets.

Xie Weining's growing popularity, as well as the big names that she had recently received, also caused Yan Huan's second-generation successor to shift from Yang Keke to Xie Weining, of course, it also brought a series of negative effects to Yang Keke. For example, whenever the rookies saw Xie Weining, they would take the initiative to get close to her. However, no one asked brother Yang about it, in addition to the fact that she had not done well in her recent episodes, even Linlang seemed to have given up on her. Now, even the programs that were arranged for her were much more perfunctory than before.

This was actually understandable. No matter where it was, opportunities were always left to those outstanding people. Now, the opportunity was with Xie Weining, so it could be seen that Yang Keke was not as outstanding as before, however, Yang Keke did not think so. She really felt that she had underestimated Xie Weining. In the past, she felt that she was young and naive and did not understand the affairs of the world. Now, in her eyes, that woman was simply harboring evil intentions, of course, she was also disgustingly hypocritical.

She had hugged Yan Huan's thigh tightly enough. Even her own father had been given to Yan Huan to be a chef.

She could not compete with such hypocrisy. She did not have such a good father, and she would not hug Yan Huan's thigh either. Therefore, she could not compete with Xie Weining. She would admit it. She would admit it all.

However, she would not admit defeat.

However, in the end, she realized that if she did not admit defeat now, what was the point? In the end, she was beaten back to where she was by reality, and she had the urge to leave Linlang again.

She knew that Linlang could not give her what she wanted now. Linlang could not give her her attention. She wanted better resources, wanted to act as the female lead, and also wanted a large-scale film. Linlang could not give her either.

She wanted to surpass Yan Huan, and Linlang could not help her.

What could Linlang give her? Why was Xie Weining always the female lead and the second female lead? But what she was given was either a maid, cannon fodder, or a servant. She did not want to play such a role.

She was Coco Yang, and she had won the best newcomer award last year. How could she let her own future be ruined by Linlang.

However, the contract she had signed with Linlang was still there. If she wanted to leave, she would have to pay the penalty fee. Although she had debuted for so many years, she had not reached the stage of fame yet, the money she earned was not enough for her to buy clothes. How could she afford to pay so much penalty fee.

Then what was she going to do now? Was she really going to die of old age in Linlang? Was she going to throw away all her youth here? Was she going to waste all her time here?

Her heart became more and more unjust. Her heart also became more and more twisted. Her face became more and more ferocious. It had even reached the point where she had to leave now. She did not want to stay in Linlang at all.

Until one day, another phone rang. Yang Keke suddenly sat up. She did not know why, but her heart could not help but be shocked.

This was..

She took her phone, and it was that person calling again.

Although she did not know who that person was, she remembered her voice. It was a woman, a crazy woman. But such a crazy woman said that she would help her, that she would help her leave Linlang.

She put her phone to her ear.

“Do you want to leave Linlang?” It was such a sentence again. If it wasn’t for the speed of her words, Coco Yang would really think that she was talking to the same machine.

“Do you want to leave, want to become a movie queen, Want to rise to fame?”

Coco Yang raised her red lips. Yes, these were all things that she wanted to get in her life. It was something that she dreamed of even in her dreams.

She wanted to be famous. She wanted to become the best actress. She wanted to be famous. She wanted everything.

“Who are you?”

She asked in a daze. Her mouth reacted faster than her brain.

The person on the other side started laughing. When Yang Keke heard the laughter, it sounded indescribably terrifying. It was like a gust of cold wind that came out of nowhere and blew on her body, it also caused her to involuntarily shiver.

“Who exactly are you?”

Yang Keke felt as though a ball of air was being held in her chest. It was as though she was unable to breathe.

“It doesn’t matter who I am. No matter how strange the person on the other side of the phone is, you only need to know that I can help you. I can help you. You can get whatever you want. As long as you listen to me, as long as you listen to me properly.”

Chapter 1943: Miss Yang, you’re actually not that popular

Yang Keke was not a fool. She knew very well that there was nothing in this world that could be gained without effort. If she wanted to get what she wanted, then she would have to pay a corresponding price. and such a price., was definitely something that she could not afford.

She thought about her current situation, and that Xie weining who had already surpassed her in every aspect.

In the past, Xie Weining had always been begging for mercy from her, but now, she had become one of the most popular people in the movie industry. She still clung onto Yan Huan’s thick thigh. who was Yan Huan? She was an international movie queen., she still had a gem in her hands. Now, everyone knew that as long as Yan Huan wanted to make someone famous, there would be no one who would not be famous. And now, Yan Huan clearly wanted to kiss Xie Weining.

But why? Yes, why? Why did Xie Weining get those things? Those things were originally hers. They were all Yang Keke’s. It was Xie Weining who took away her role and took away so many of her resources, it was also her who forced her to such a point.

She gritted her teeth. She was already in hell. There were eighteen levels of hell. She didn’t know which level she was in now. In any case, she was already in hell. In any case, she was already neither human nor ghost, so, what difference did it make to her which level.

She wanted to go to hell, so everyone should go.

“What can you help me with?”She took a deep breath, as if she was making a deal with a demon.

In order to have a pair of human legs, the little mermaid gave her voice to the witch. Now, she wanted a demon to make the same deal. She just didn’t know what she had lost?

I can let you leave Linlang. The voice on the other side was also weird. Now, brother Yang not only felt his scalp go numb, but for a moment, she actually wanted to refuse.

Making a deal with a demon would never end well.

Therefore, the best thing to do now was to refuse. She had not made any decision yet, so she refused.

However, she couldn't say anything as soon as the words of refusal reached her mouth.

No, she didn't refuse. She originally wanted to leave Linlang. After leaving Linlang, she would be able to start a new life. Without Linlang, she would be able to live out her life.

If she continued to stay in Linlang, sooner or later, she wouldn't be able to escape from the fate of being frozen and her popularity declining to the end. She couldn't accept such a thing, nor could she accept it.., she had yet to become famous, and she was about to become outdated.

"What do you want me to do?"

She naturally wanted to know that this person would not help her for no reason. She had to give something up?

"I want you to surpass that person. I want you to stand on that person's head. I want you to make that person's life worse than death."

"That person, who... Is She?"

Yang Ke could probably tell that this voice was filled with a hatred that was close to despair. How much hatred was there? How much did he want that person to die? Would he die without a complete corpse or without a burial ground.

"When you find out, I will naturally tell you. However, you don't have to worry. We are on the same path now. We also have a common enemy. You only need to know this."

"There's also something else. I'm the only person in this world who can help you. I can help you achieve your wishes. I can make it so that you can't finish filming television and movies. I can make it so that you can receive endless endorsements."

Coco Yang hung up the phone, but it was still like a dream. The only thing she could hear was that person's strange and inexplicable voice that made her have nightmares.

When she woke up again, she was covered in cold sweat.

And she really had a nightmare. She dreamed that she was being chased by a demon, and no matter where she ran, she would be caught by that demon in the end, then, that demon's sharp and sharp teeth would bite on his neck, and with a click, her neck would be broken.

She touched her neck. Her neck was still there, but she also felt cold sweat all over her body. Even her clothes were wet.

"Miss Yang, you are going to participate in a fashion show," her manager quickly came over and said to Yang Keke, "I fought hard to get this. Although your popularity is not as good as Miss Xie's, I believe that as long as you work hard, we will definitely succeed."

"Succeed?" Coco Yang sneered, "Can you guarantee that I will succeed?" "It's just those third-rate programs. Today is not the opening day of this place, and tomorrow is not the promotion day of that place. I will be so cheap and insist on participating in those vulgar and useless programs."

The manager was also somewhat speechless after being asked. Yes, it was exactly what Coco Yang had thought. However, who didn't have this kind of experience in the early stages? Even Yan Huan was so popular now, but in the past.., he still did not act as a stand-in for others.

Everyone would have such an awkward moment, and she had not mentioned it yet. Even Xie weining often participated in these activities. She was doing quite well. Why was it that she could not do anything when it came to Yang Keke, all the programs had become vulgar and useless?

"Miss Yang, then..."

The manager asked Coco Yang in a low voice again, "Are you still participating in this?"?

"I'm not participating."

Coco Yang's words were almost followed by a roar. In the future, if she encountered these things again, don't tell me. I Won't participate either. When Linlang has arranged a show for you, come and tell me, otherwise, it would be this kind of trash. You can directly help me reject it.

The manager's mouth twitched as she stood at the side, not knowing what to say.

In fact, she really wanted to say something.

Miss Yang, you are not that popular. Really, you are not popular enough to choose the job or program you want.

You can only follow the company's arrangements. You Are Not Liangchen, and you are not Yan Huan.

Therefore, you can not choose your own schedule, nor can you choose the life you want.

From the moment you signed your name here, you no longer belong to yourself. Everything you have is beautiful. And now, it is obvious that Linlang has not given up on her. Although some programs are not very popular.., but linlang still has programs for Coco Yang. It can be seen that Linlang has indeed never given up on Coco Yang. Of course, it is also because she has placed her hopes on Coco Yang.

However, Coco Yang was like this now. was she digging her own grave?

"Miss Yang..."the manager still wanted to persuade Coco Yang.

However, Coco Yang slammed the door. She did not want to listen to anyone's words.

Later, even the manager had no choice but to go to the program team. She said that Coco Yang was not feeling well, so she could not participate in the show.

Chapter 1944: had been typed out

After the program team heard it, they didn't say much. After all, there were so many new talents in the industry, and there had to be a few who would become famous. Therefore, these resources were first placed on these few people, since there were people who didn't want it, then they had to find someone else. There were too many people in the industry who would climb up in the morning. She didn't want it, but there were people who wanted it.

After that, many of the shows were rejected by Yang Keke. Even the company wasn't very friendly to Yang Keke. She wasn't famous, so why did she want to act like a big shot in front of them, if she really became famous, then that would be great.

Yan Huan had always been willful, but she had the ability. She had never thought of continuing to develop in this industry. However, could it be that she, Yang Keke, also wanted to imitate Yan Huan, had she decided to quit this circle now?

Obviously, Yang Keke could not quit this circle, and she could not leave this place either. She had yet to become famous, but she had already started to tell her to scram.

Yang Keke's manager had been extremely busy recently because of Yang Keke, but Yang Keke acted as if nothing had happened. Could it be that she really wanted to use her small arm to ram into someone else's thigh.

Wasn't it said that the arm could not be twisted over the thigh? Could it be that this Coco Yang really wanted to break her own arm now.

Of course, this was not what worried the assistant the most. The most annoying thing was not anything else, but the fact that one day Coco Yang had actually informed her of something.

"Miss Yang, what did you say?"

Coco Yang's manager was almost stunned to death by what she heard.

"You want to terminate Linlang's contract?"

She didn't hear wrongly, she wasn't dreaming, and she didn't hear wrongly, right?

Yang Keke actually wanted to terminate Linlang's contract. Could This contract be easily terminated? When Linlang signed a newbie, the conditions were notoriously harsh, but there were still quite a number of newbies who were desperate to get in.

And Yang Keke was naturally no exception. She wanted to terminate the contract now, and the compensation she had to pay to Linlang wouldn't be too little. And now, with Yang Keke's ability, did she have the ability to pay this compensation? How could her manager, who had been with her for the longest time, not know how much money Coco Yang had?

She didn't have much money on her. The money she earned was used to purchase her belongings. Those that could be used were also presentable. It was impossible for them to be cheap. Therefore, she had been earning all these years, however, she didn't have much left.

And now that she was going to terminate the contract with Linlang, where would the liquidated damages come from? Could it be that she was going to pawn her belongings? But even so, it was impossible for her to pawn much. Moreover, Yang Keke valued her belongings more than her life. How could she really sell those things and never see them again?

"Go and talk to the people over there now." Coco Yang hugged her chest and said without any hesitation. You Don't have to care about the penalty. I will give them as much as they want.

Her manager still felt that Coco Yang must have a fever or her brain was damaged by the door. That was why she could say these words. She almost reached out to touch Coco Yang's forehead, however, when she looked at Coco Yang's current expression, she knew that Coco Yang could not be more sober. She could not be more serious, and she could not be any healthier.

She was not sick, she did not have a fever, her head did not feel dizzy, and of course, she was not caught by the door.

She wanted to terminate the contract with Linlang for real, not fake.

Of course, Coco Yang's manager could not immediately find the company. She was still waiting for Coco Yang to change her mind, because once she said it, it would be like pouring water out of a pot. It was impossible to take it back.

"Has the matter been settled?"

Yang Keke had been waiting for a few days, but her manager hadn't given her any news. Why, was this Linlang still a company that forced her to buy and sell? Did she not want her to leave.

"Miss Yang, the penalty fee..."

Her manager reminded Yang Keke, "The penalty fee is more than six million."

Some families wouldn't be able to earn that much money in their lifetime, and if they really broke the contract this time, they would have to take out so much money in one go. And with so much money, how were they going to take it out? In fact, things that could be solved with money were not a big deal. After all, as long as Yang Ke could become famous in the future, the six million might only be her pay for a few episodes, however, the current six million was really too much for Yang Ke Ke-ke.

"I will give you the penalty for breaking the contract."

Yang Ke-ke was a little impatient and interrupted her manager's words. You Can't do these things. What do you think I want you to do?

The manager was scolded until she was stunned. In the end, she went to look for the person-in-charge of Linlang.

"Oh, she wants to terminate the contract?"

Yi Ling put down the pen in her hand. "Sure, as long as she pays enough compensation for the breach of contract, she will really treat herself as a master. That Master of my family was more famous than her back then. He has never been so famous before."

Luo Lin kept nodding at the side. It was exactly like this. Back then, when Yi Ling gave birth to little lei zi, she had brought Yan Huan along. Even then, Yan Huan was able to establish his own family, however, she was still in her previous company. She had never mentioned anything about terminating her contract. It was only when the contract was officially over that she left.

However, in Yang Keke's company, she wanted to leave. Fine, if she wanted to leave, she would leave.

There were many people in Linlang. One more wasn't much, and one less wasn't much either.

It really wasn't a big deal to leave one. Moreover, they didn't want such disobedient artistes. Moreover, they had earned six million for the company for nothing. Why Not? Of course, these artistes who had forcefully terminated Linlang's contract., they would not accept a second time. However, if the contract expired and they wanted to return after leaving, they could open the door for them to return.

Moreover, Linlang was still lacking famous stars. Yan Huan's people were still there. Linlang had always been the top box office earner. With their reputation here, wouldn't it be easy for them to create a star?

Yi Ling and Luo Lin had both agreed, so there was no need to hold them back.

Fine. Once the penalty was paid, Yang Keke could leave. Of course, she could rest assured that Linlang would definitely not sue her. This was Linlang's rule. As long as it did not cause large-scale losses to linlang., linlang would not sue the other party through the law.

Coco Yang and her manager walked out.

Coco Yang instantly felt that she was free. However, when her manager turned around, she felt that they were like dogs that had fallen into water and were beaten out.

At this moment, two people walked over. One of them was Jiayi. She was wearing a black one-piece dress. It was formal but not boring. It was simple and not complicated. She had short hair and she walked with an imposing manner, behind her was Xie Weining. She had a pair of sunglasses on her face. It was obvious that she had tanned a lot recently, but she was still smiling.

Chapter 1945: was too ambitious

She seemed to love to laugh. Yes, Xie Weining loved to laugh, so her nickname was Xie Weixiao. Of course, didn't she say that women who loved to laugh were not bad.

"Why? Are you guys going out?" Jiayi stopped and asked Yang Keke's manager. They were both managers, so they had a good relationship in private.

"Yes, yes."

Yang Coco's manager smiled awkwardly. How could she leave? They had obviously left.

Xie Weining wanted to say a few words to Yang Coco, but Yang Coco turned her face away and looked like she didn't like her.

Xie weining touched her nose. She felt a little awkward.

When they returned, they heard from the people in the company that Yang Keke had actually terminated her contract with the company.

"Why?" Xie weining did not understand. Linlang was pretty good. It was indeed right to rub her head and come in. Linlang would give rookies opportunities. As long as you worked hard, you would definitely be rewarded.

"She's too ambitious."

Jiayi had been in this industry for quite some time. Although she had not brought many artists along, she had seen quite a number of such ambitious artists. However, it was their business to terminate the contract, perhaps she would have a better development if she left them.

As for Yang Keke, after Linlang left, she went to a company. This company had only been established recently. Of course, the person behind the scenes was quite mysterious. She did not know who it was, however, they managed to poach quite a number of rookies at a high price. They were already preparing to shoot a film, and the one that hit their faces was Linlang's film.

Initially, Yi Ling did not care about this until the early part of their film just went up. The later film followed closely behind. Regardless of whether it was the theme or the plot, they were almost all similar, the impact was almost beyond recognition. It was unknown if this film had borrowed the momentum of Linlang's film. Although it was clearly not very good, it still became popular in the end. Of course, the female lead in it., if it wasn't anyone else, it would be Yang Keke. Yan Huan put down the remote control and took a small notebook to memorize the recipe. As for the matter of that film, Yi Ling would handle it herself. She did not care about Linlang's matters., she only needed to make a cameo appearance when Linlang needed it. Of course, she wouldn't get paid.

Of course, if Linlang couldn't handle this kind of matter, then it would have been established for so many years in vain.

And so far, she had only bumped into this one movie. She didn't know what happened after that. However, Yan Huan put down his pen again and felt that something was quite strange. She hadn't interacted much with this Yang Keke in her past life, it was just that she had snatched quite a few advertisements from her, so it was natural for her to do so. Therefore, this kind of person was the most untrustworthy. Of course, she could not be too close to him. To put it bluntly, there was a problem with her character.

She had heard from Yi Ling that Yang Keke had terminated her contract with Linlang. Moreover, she had also taken out six million in liquidated damages in one go. How was it possible that in such a short period of time, she had already clashed with Linlang.

Her senses were telling her that there was something wrong.

"What's Wrong?" Lu Yi walked over and also took the pen in Yan Huan's hand. "Light something on your face. Be careful that you won't be able to wash it off later. Your face will be disfigured."

Yan Huan widened her eyes and then touched her face. Only then did she remember what she had done just now. She had been absent-minded for a moment and had indeed used the tip of the pen to point at her face for a long time, she couldn't have wiped her face into a colorful cat's face, right.

She ran into the bathroom and realized that she had turned into a colorful cat. She was so scared that she cried. Her face... What if it was ruined?

She had washed her face for a long time, and it was only after she had almost peeled off a layer of skin that she finally washed her face clean. Of course, she had also forgotten about zecai, she had initially thought of asking Lu Yi to help investigate that mysterious company, but because of her face, she had really forgotten about it.

She had already learned about cooking from her father Xie for about half a year, and was now making some progress.

Moreover, it was almost Lu Yi's birthday. She was still thinking about what kind of birthday she wanted to celebrate for Lu Yi?

When Lu Yi picked up the three children over the weekend, Yan Huan sat with the three children. Xiao Qi and Xiao Guang had grown a little taller compared to last year. Xun Xun was still the same, a head shorter than her two brothers, fortunately, she was still growing. She was only growing slower and shorter than her two brothers. However, compared to the other children, she was still growing normally.

"Babies, mommy has something to say." Yan Huan told the three children to sit in a row. Yes, she was going to announce it now.

When the three children saw their mother's serious look, they immediately sat up straight and listened to their mother seriously.

"Daddy's birthday is coming up soon. Are the babies going to give Daddy any gifts?"

Yan Huan pinched Xun Xun's little face and asked the three children.

The three children blinked their big eyes. Their three pairs of innocent eyes looked at their mother at the same time. It was really hard for them to resist. They really wanted to take a bite out of this soft and cute little bun.

Xun Xun first stood up and then ran into her own small room. Yan Huan and Little Qi Xiaoguang stared at the room strangely. They did not know what was wrong with Xun Xun?

Not long after, Xun Xun came out with a doll in her arms.

"Mommy, the baby gave it to Daddy."

Yan Huan touched her forehead. "Do you want your daddy to carry it to work?"

The three children spoke more clearly now and finally learned to call her mommy instead of Mommy.

"Where are Xiao Qi and Xiao Guang?" Yan Huan asked his two sons. "You're not going to give your new toys to Daddy again, are you?"

Xiao Qi and Xiao Guang nodded their heads at the same time. They were really willing to part with their precious toys.

Yan Huan didn't know whether to laugh or cry as he hugged his three children. The little thoughts of the children were indeed not something that ordinary people could understand.

"Alright, let Mommy think about the presents."

"Okay, how about this?" She pinched the little faces of the children one by one. "The baby will learn how to make birthday cakes with Mommy. The four of us will make a big cake for Daddy and then give it to Daddy."

"Okay," the three children answered in unison.

Yan Huan was really impressed by the fact that the children had grown up now.

“Let’s go.” She stood up and stretched out her hand to the children. “We’re going to wash our hands. We’ll eat first and then study how to make a cake.”

Yan Huan brought the children to wash their hands and then asked Xun Xun to call for Daddy to eat. These children had finally grown up and could be used as soy sauce.

Chapter 1946: was yelled at

Lu Yi carried Xun Xun out in a short while. The little girl was still able to wear her own shoes and let her father carry her. Even Lu Qi and Lu Guang did not receive such treatment since a long time ago.

The table was already filled with dishes. This was the result of Yan Huan’s painstaking training. She used half a year’s time to master her knife skills. Of course, she also learned thirty percent of Papa Xie’s skills.

These thirty percent were enough. It was enough for her to enjoy for life. Moreover, the dishes that her father taught her were all home-cooked. Those troublesome dishes would only appear during the state banquet, she did not need to cook any state banquet dishes. These were enough.

“Mother’s cooking is the best.” Xun Xun ate very contentedly. She also realized that her mother’s cooking was getting more and more beautiful. There was also a very cute rice ball. It was all sweet inside, this was her favorite strawberry jam.

She loved eating the most.

She ate with a small spoon. She loved eating at her mother’s place the most. The noodles and rice in the kindergarten were not as delicious as their mother’s cooking. Their mother was the best cook in the world, she was also the most beautiful mother.

“Her little mouth is so sweet.” Yan Huan pinched her daughter’s little face. This little girl had always had a sweet mouth since she was young. She was very good at talking. She did not know who taught her and liked everyone she met.

Xun Xun bit the little spoon in her hand and happily narrowed her eyes. Of course, she also ate two small bowls of rice for her mother’s sake.

Lu Yi looked at the dishes on the table again. Yan Huan had indeed learned. She was always like this. If she wanted to learn something, she had to learn it. In half a year’s time, she had gone from not knowing anything.., to becoming a professional chef.

Another Day, Lu Yi came home from work and felt that his house was strange. Yan Huan was clearly sitting on the floor playing with the three children, but why did he always feel that something was strange? Could it be.., he was really too sensitive and thought too much.

He rubbed his forehead. Perhaps it was because he had been working too much overtime recently, which caused his judgment to be seriously messed up.

He opened the door and entered the room. He told Yan Huanhuan to go play with the three children while he took out his laptop and put it aside to prepare for work.

He had been really busy with work recently. He did not have the time to play with the children anymore.

Another Day passed. When he returned, he had just entered the house when he was stunned. There was no one in the house. Why was Yan Huanhuan not around and the three children also not around?

He sighed and could not help but sigh as well. When they were not around, he did not know why, but he suddenly felt a little lonely. He could not imagine it now, how did he come here alone in his previous life? Those days were simply unbearable.

Now, he just did not see them for a day. He could not bear it anymore.

He took off his shoes by the door and just as he was putting on his slippers, the lights suddenly lit up, making it difficult for his eyes to look straight at the blinding light.

When he put down the briefcase in his hand, he saw three children pushing a cart over. There was a five-story cake on the cart, and the children were singing a birthday song for him.

Suddenly, he felt his nose turn sour. Look at him, he had forgotten that today was his birthday. He was 36 this year, and it was his 36th birthday..,

Lu Yi walked over and saw that the birthday cake was beautifully made, with a lot of children's fun added. In fact, one look was enough to tell that there was a portion for the children here.., he finally understood why he felt that something was wrong recently. It wasn't because he was too busy with work, but because the children were all around, but it was too quiet, so what did he feel was wrong?

These children stayed here for a day. Old Master Lu was going to come and snatch them away. Why was it that this time it was all an accident? They had stayed here for a few days. It turned out that they were here for nothing else, it was because the three children were here to celebrate their father's birthday.

"Daddy, a present."Xun Xun placed the doll in her arms in front of Lu Yi.

Lu Yi bent his body and carried his daughter. He knew that this was Xun Xun's favorite doll. Usually, apart from going to kindergarten, Xun Xun would always carry it. How did it become so generous, he gave his favorite doll to his father.

Lu Yi then placed the doll in his daughter's arms. "Baby, Daddy is busy with work and doesn't have time to take care of the doll, so Daddy will put the doll here first. Xun Xun must take good care of the doll, okay?"

"Okay,"Xun Xun hugged the doll tightly and promised.

"Don't worry, Daddy. Xun Xun will definitely take good care of the doll."

Xiao Qi and Xiao Guang were naturally giving gifts to their father. They had given their favorite toys to their father. In their little hearts, they loved their father the most, that was why they wanted to give their favorite toys to their father.

“Thank you,” Lu Yi put his arm around Yan Huan’s shoulder. “Thank you for giving me a home, giving me three children, and giving me so many birthdays and countless surprises.”

He wanted to forget his own birthday, but even if everyone had forgotten it, there was one person in this world who would never forget his birthday. This person was none other than Yan Huan.

No matter what, Yan Huan would never forget everything about him. Every year, he would help him celebrate his birthday, from the moment they met until now.

“You’ve given me a home too.” Yan Huan hugged Lu Yi’s waist tightly. This was their home, and home was the most important thing in their lives. Hence, Yan Huan did not put on any act, she had also given up on her external reputation. She was willing to give up everything. She only wanted her own home, and of course, she had to meet the right person.

Never again meet a scumbag like Lu Qin. To those scumbag men, no matter how much you gave up, it was impossible to get their feelings back from them.

Lu Yi had received many gifts for his birthday. They were all gifts.

There was also a key chain. It was made of Crystal and was very beautiful. On it was their family portrait. Lu Yi had hung this on his car keys and hung it on his body every day. As for the doll that Xun Xun gave to her father, Xun Xun was now being raised by her father. She wanted to talk to the doll every day, afraid that the doll would be lonely. However, this was only a three or four-year-old child. How could she know anything about loneliness, therefore, this television was going to spoil the children.

“Yan Huan!” Yi Ling was almost shouting out on the phone.

Chapter 1947: Mr. Lu, Miss Yan has been kidnapped

“Ah!” Yan Huan put her phone on her shoulder and was making cookies for the children. She asked them to bring them to the kindergarten and treat the children to them. Children had to learn to share. It was a good child to know how to share.

However, she didn’t do anything wrong, right? She felt that she was doing quite well. She hadn’t gone out recently either. She was just accompanying her husband and her child. Was there a need to speak so loudly to her? What if she was scared? Didn’t she know that her nerves were a little weak? She wouldn’t be able to withstand being scared.

“Yan Huan, come over immediately.” On the other end of the phone, Yi Ling was practically shouting her lungs out.

“Why do you want to go over?” Yan Huan put down the phone and pressed the speakerphone.

“I’m making cookies for my three babies. They’re having a sharing session tomorrow.”

“Sharing your ass!”

Yi Ling put one of her hands on her waist and almost spat on the phone. This middle-level big BOSS was like a teapot, yelling at the phone, was this still their Ultimate Big Boss? He controlled the life and death

of the entire Linlang. He would let whoever lived and who died. He would let whoever lived a life worse than death. He would live a life worse than death every day.

“Yan Huan, come here immediately. Right now. If I can’t see your people later, I’ll Kill My Way to your house and carry you over. As long as you’re not afraid of losing face.”

“Wait for me to finish making Rao Gan.” Yan Huan placed the biscuits in the oven and set a time. Then, he asked Auntie Gu to help him keep an eye on it. It was fine as long as it didn’t burn. However, she was still worried, she felt that she had to take care of it herself. Otherwise, if it really burned and she couldn’t bring it out the next day, what would she do?

Her three children had much more self-esteem than the average children. If she didn’t leave, she could just wait for the biscuits to be baked. Actually, it wouldn’t take too long. It would only take about twenty minutes. Oh right.., she also had to make a big cake and bring it along. Her cake was specially learned from others, so the cake she made would definitely not be inferior to the ones outside.

Oh, right, after the cookies were baked, she still had to bake some cookies.

She was calculating here and there. What else did she have to do? Suddenly, there was a rush of knocking on the door.

Auntie Gu hurriedly ran over to open the door. In the end, a person wearing a black suit and sunglasses walked in. What did it feel like? Yes, what did it feel like? It felt like a triad.

Yan Huan was still counting on his fingers. What else was there to do after the biscuits were baked? All of a sudden, her feet had already left the ground and were lifted up by someone.

“My biscuits...” Yan Huan stretched out her hand. She still hadn’t forgotten her biscuits.

“Aunty, Remember My Rao Gan. It’s twenty minutes. I can’t miss it, I Can’t Burn It...”

Even after Yan Huan was carried out like an object, aunty gu still stood there with her mouth agape. After a long while, she finally reacted and ran to the phone, she picked up the phone on the table and made a call.

“Mr. Lu, something bad happened. A few triad members carried Miss Yan away just now...”

Lu Yi hung up the phone and took out his own phone to call Yan Huan.

The call went through in an instant.

“What happened? Were you kidnapped by the Triad?” Lu Yi definitely wouldn’t believe it, because it was impossible for a triad member to brazenly carry someone out of the Liuyuan Garden. Did they think that the security guards outside the Liuyuan Garden were just there to eat melon?

“What?” Yan Huan adjusted the corner of her clothes. It was a beautiful security guard. “Also...” she looked at the security guards sitting next to her. “Can’t you guys change your clothes? I scared the nanny at home.”

The few security guards didn’t look at her from the corner of their eyes as they sat there, just like a few of their leaders. Yan Huan hung up the phone, still thinking about her cookies.

Auntie, you must help me take out the biscuits. Don't burn them. What else can I do? How can I eat them? If I take these burnt biscuits, I'll make my three children cry.

The car stopped at the entrance of Linlang. Yan Huan didn't say anything before he was carried away.

When she was thrown into an office, she saw Yi Ling with a dark expression on her face. It was as if she wanted to swallow her whole. How could she not do this.

Yan Huan could not help but swallow his saliva. She did not do anything wrong, right? She really did not do anything, right?

"Yan Huan, what do you think you're doing?"

Yi Ling stood up with a Whoosh and instantly stood in front of Yan Huan. Moreover, her saliva flew all over Yan Huan's face, and Yan Huan did not even dare to wipe it, he was truly shocked by this woman who was about to explode.

"Yan Huan, what are you doing?"

Yi Ling asked again. Her saliva could be seen flying everywhere in the air.

"Yan Huan..." Yi Ling placed her hands on Yan Huan's shoulders. "Tell me, what are you doing?"

"Baking cookies."

Yi Ling's face froze. She was about to collapse.

"It's not done yet," Yan Huan said again.

Yi Ling's hands moved from Yan Huan's shoulders to her neck. She really wanted to strangle her to death. She really wanted to strangle her to death.

However, in the end, she did not strangle her. Instead, she slowly let go of her hands and walked to the corner of the wall. She pressed her face against the wall and told herself to calm down. She was different from a housewife, their current lives were completely different.

Yan Huan had already fallen. Yes, that was how it was. It had to be like this. Don't argue with a housewife. You definitely can't argue with her.

The door outside rang again. Rowling walked in as well. When she saw Yi Ling's pensive look, she looked at Yan Huan strangely for a long time.

Then she mouthed a question.

"What did you do?"

Yan Huan spread out his hands, indicating that he didn't do anything.

She was still baking cookies at home, but she was carried here. She was also baffled, so how could she explain it clearly.

After a long time, Yi Ling finally grabbed her hair and turned around. When she saw Yan Huan's innocent expression, she wanted to strangle her neck again.

“Yan Huan!”

Come on, it was a serious matter.

“What’s Wrong?” Yan Huan did not dare to joke anymore. What if the joke went too far and angered Yi Ling to death?

“When is the New Year?” Yi Ling asked Yan Huan calmly. However, she was clearly clenching her teeth.

“When is the New Year? It’s coming soon.” Yan Huan took out his phone and looked at the calendar. It was really coming soon. “There’s still a month.”

“You also know that there is a month?”

Chapter 1948: She had forgotten

Yi Ling walked to her office chair and sat down on it. Then, she placed her feet on the table. This was Lei Qingyi’s standard action. Over the years, Yi Ling had not learned anything, however, she had learned all of Lei Qingyi’s bad habits. That was why Lei Qingyi really knew how to teach her daughter-in-law.

Yan Huan blinked his eyes and said seriously, “What’s wrong? What’s wrong with the New Year? It’s the New Year every year. Don’t tell me you’re not going to have a holiday this year?”

“Yan Huan!” Yi Ling slapped the table with a bang, which gave Yan Huan a big fright. He hurriedly hid behind Rowling. Such a big temper really scared the baby to death.

“Your first two dates are set for the New Year. Did you forget?”

“Isn’t it the New Year?” Yan Huan still didn’t feel surprised. “Isn’t there still a year...”

However, when she said this, she stopped and was dumbfounded.

New Year, New Year, there’s still a month left for the New Year, the first two dates..

It would be screened during the New Year

She couldn’t bear it and turned her back to Yi Ling. She had really forgotten about that. Yi Ling had told her that after filming was over, she could continue to be a good wife and mother to her, however, when the movie was broadcast for a month, she would definitely return to Linlang because they would have a month of national publicity. This was very important to the first two, and it was also the most important publicity for the year, she had promised to do it well at that time, but she had forgotten about it.

“Alright,” Rowling advised Yi Ling. She did not want Yi Ling to vomit blood later.

“You see, people always say that a pregnant woman is stupid for three years. isn’t she not stupid enough?”

Yan Huan placed his hand on his forehead. Her child was already four years old. Really, she had been stupid before.

“Yan Huan!” Yi Ling widened her eyes and tried her best to suppress her current temper. Her temper was really bad right now. She did not want to anger her. Otherwise, she would definitely strangle her to death, she would rather die early than let her be mother Yan’s companion. She was so stupid. She did not want to anger others to death.

“Come over tomorrow and prepare for the nationwide publicity.”

“I understand.” It wasn’t as if Yan Huan was insensible. There were also priorities in matters. She wouldn’t drop the ball in such a place.

When Yan Huan returned, Auntie Gu heaved a sigh of relief when she saw that Yan Huan was safe and sound. “Miss Yan, are those people really not from the Triads?” All of them were dressed like that, they still said that they weren’t from the triads. If they weren’t, then what were they? Although Mr. Lu had promised that those people weren’t from the Triads, she was still worried. Only when Yan Huan returned safe and sound did she heave a sigh of relief.

En, it was good that he was fine.

Yan Huan was in trouble one after another. She herself was about to go crazy.

“Ah, they aren’t.” Yan Huan was rather embarrassed. “I will inform the company to change the security guards’ clothes. Indeed, that image is really bad.”

“Oh right,” Yan Huan hurriedly asked. Auntie, where are my biscuits? She still remembered the biscuits she baked for the children. “Are the biscuits alright? Are the biscuits still there? Can they still be eaten? They’re not burnt, right?”

“I’ve already taken them out. They’re roasted pretty well.”

Auntie Gu hurriedly took out the biscuits from the kitchen. These were all cartoon biscuits that Yan Huan made for the children. They were all made by himself and the ingredients used were all natural, there was absolutely no preservative added.

She saw that her cookies had been roasted quite successfully, so she breathed a sigh of relief. It was good that they weren’t burnt. Otherwise, she wouldn’t know how long she would be busy. She would have to take them to the kindergarten tomorrow morning, she still had to make some cookies.

There were quite a number of children in the kindergarten. She had to ensure that every child ate them. Of course, there were also parents’ shares. It was a pity that she couldn’t go.

She then walked into the kitchen and put on the apron before starting to make cookies. Cookies weren’t easy to make, and at the beginning, the cookies she made all failed, either collapsing.., they were either burnt to a crisp, or slowly recovered. As for those cookies that weren’t pretty, they were unsurprisingly eaten by Lu Yi in the end. They couldn’t be helped; they couldn’t waste food, and of course, those bad cookies.., it was just that they weren’t pretty and didn’t have good looks, but the taste was truly not bad.

She had been busy in the kitchen for a few hours. When Lu Yi returned, she had already made three boxes of cookies. They were all packed in special boxes and were prepared to be brought to the kindergarten by Lu Yi the next day.

Right now, she was still making a very big cake. There were two layers of cake and there were many little cartoon dolls from the country of chocolate on the same side. Lu Yi stood outside and the warm light fell on Yan Huan's face, although she was a little tired, she was still smiling elegantly. Her brows were also tinged with a gentle gentleness.

Alright, Yan Huan rubbed her shoulders. She looked up and realized that Lu Yi had returned. Of course, she did not know how long he had been standing at the door.

"Lu Yi Hubby," she ran over and hugged Lu Yi's waist. She did not feel wronged. She was just a little tired, and very tired.

"What's Wrong?" Lu Yi gently stroked her long hair, "It's fine. What did you think of? Just make the cake by noon tomorrow. Why do you have to make it now?" He raised his wrist and looked at his watch.

It was almost ten o'clock, and there were boxes outside. They were used to store biscuits and the like. At the kindergarten's sharing session, every child's parents had to make some snacks personally, Yan Huan was definitely a good mother. She would make the best for her children, and she also had to get the best. She would not let her children know how to be embarrassed at such a young age.

So, she had to let her children live indomitably from a young age. They would not be any less than others, and they would not be any worse than others?

But what was going on today? Why was she starting to get emotional.

Actually, he had spoiled Yan Huan too much. He was like a tall mountain, able to block any storm for Yan Huan. As long as Yan Huan was willing, she would be able to live in this ivory tower for the rest of her life.

"Tomorrow morning, I'll be going around to do promotions," Yan Huan tugged at the buttons on Lu Yi's shirt and muttered. Could she not leave? Could she not go? Could she not do any promotions?

"Is the first two going to be broadcast?"

Lu Yi knew that the first two would be scheduled for the New Year. Linlang's people were all frantic. Everyone was rushing for the first two. Only Yan Huan, this weirdo, had actually forgotten about such a thing.

Chapter 1949: Be a good wife and mother

Yan Huan should be feeling rather embarrassed.

Wasn't she being a little too unprofessional now.

"Perform well." Lu Yi patted her face to cheer her up. "We'll go together as a family on the first day of the New Year."

Yan Huan wanted to go as well, but she didn't know if she would be able to make it back in time.

However, it didn't matter. There was still a month's time. When she returned, she would be able to spend a few times with Lu Yi.

The next morning, Yan Huan woke up before dawn. Lu Yi had already helped her pack her things,

“Let’s go.” Lu Yi wrapped the scarf around Yan Huan. “Be careful when you’re outside. Don’t be picky. It’s not like home, understand?” He had already mentioned this matter more than once or twice, however, Yan Huan’s picky eating habits had not changed. Only at home could he restrain her. However, once she was outside, she would not be able to eat properly.

“I understand.” Of course, Yan Huan would agree. Also, she held onto Lu Yi’s hand. She really could not bear to part with him. It had been a long time since they had been separated. Once or twice, they did not get along well, it wasn’t easy for everything to be stable now. She didn’t want to push him away at all. She was just a useless woman. In fact, from her previous life, she had never thought about how much success she wanted. She only wanted a family, she had a man who loved her and her child. At that time, she had thought that if she could give them to her, then she could give up everything she had.

But, in her previous life, she entrusted the wrong person, is to put herself into that kind of field.

Fortunately, God took pity on her, let her do it again, so in this life, she will be a good wife and mother, just to stay at home.

Have a gentle husband.

Have a lovely child.

Have a warm sunshine.

Have a warm home.

She didn’t lose anything in her life, really, she didn’t lose anything, Mom, did you see, in this life I finally found the right person, he was very good to me, you also have three smart and lovely grandchildren, when you come back from the temple, I will bury you in the nearest place to Grandma, although your father is not a good thing, but Grandma is thinking of you all her life.

She loves you very much, I know that.

Just like how you love me and I love the three children.

Yan Huan raised his face and also perked up. Lu Yi’s husband, if the first two of this time were to sell well, the box office would be around 6 billion, and we would be able to get 3 billion. I would also have several hundred million in my hands, what do you want? I’ll give it to you. Your wife is going to make money.

It was all good. Lu Yi was not Lu Qin. He had been scheming against Yan Huan every day. Everything in their house, including the garden, was under Yan Huan’s name. If one day he really cheated on her., then in the end, there was no need for others to say that he would be the one leaving with nothing.

And now, Yan Huan was thinking about what gift to give Lu Yi, what Lu Yi liked, and what he liked about computers. The computer he was using now was the one she bought with Zhu Meina at the trade fair last time, it had already been used for more than a year. If it was anyone else, they wouldn’t have been able to use the computer this year. However, Lu Yi was using it too solidly and too frequently, he was using it almost 24 hours a day. He had been using it for more than a year, and it was comparable to a computer that someone else had been using for about ten years. A few days ago, she had noticed that

Lu Yi seemed to be in a daze while looking at the computer. He had even dismantled the computer later on, perhaps it was because something was broken. En, this was a good opportunity.

What she needed to do was to do a nationwide publicity campaign. If there was an opportunity, she would buy a new laptop for Lu Yi. She did not know much about these things, but if she could get her hands on a very professional computer.., that would be even better.

However, this was not something that could be bought with money. It still required luck and a certain amount of connections.

Lu Yi sent Yan Huan off to the glittering jewels. The people in the glittering jewels were all waiting to set off, especially Yi Ling. Her face had almost darkened. If it was not for Lu Yi, she might have pinched Yan Huan's face, however, how could she pinch someone else's wife's face? Her husband was still eyeing her like a tiger eyeing its prey.

Moreover, even after so many years, she was still a little afraid of Lu Yi's cold face.

After they got on the plane, they were going to start their first national publicity campaign. In fact, it was just a mobile local publicity campaign to build momentum.

Of course, there would definitely be a lot of people for such a big event. Of course, this was only the first time. When the first two broadcasts started, they might need to come out again. As for the schedule, it would depend on the specific situation.

Yan Huan always remembered that he had to buy a laptop for Lu Yi, so he asked a lot of people along the way, but he just couldn't find a suitable one.

It seemed that these things weren't easy to find. If he really wanted to buy a laptop, it would be too easy. It could be bought anywhere in the computer city and online, however, she did not want these things. What she wanted was a very high-end and very exquisite one, especially one that was very thin and had good performance. This kind of high-end product was usually from some military industry, it was not something that could be bought.

Just like that, they walked one stop after another. Sometimes, they had to fly in the air several times a day. Of course, the first two promotions were also very successful. This was a popular movie to begin with, of course, in many people's hearts, they still remembered the movie from a few years ago. Even though the current movie had been filmed for six years, it still existed in many people's memories of the morning noodles, some people would watch it every time they thought of it. Of course, it was also a movie that currently had a high click-through rate on all the major websites. Even now, all the major websites treated that movie as a paid movie, the first two movies were shot under the influence of many people. It was also a dream of many people.

There were six movies in the entire Lunar New Year. It was unknown whether it was because they were too lucky or it was deliberately arranged to make room for the first two movies. It was also because the first two movies were destined to be popular, this year's Lunar New Year films were all 2D films. Only the first two films were 3D films. Moreover, all the major cinemas had placed advertisements for the first two films in advance. It was obvious that they were not the only ones.., even the cinemas had confirmed the feeling of the first two films.

When Yan Huan was doing the promotions, she did not give up trying to find out where those sophisticated high-end notebooks were sold. However, she went to many cities and could not find them until they reached the second-to-last station, she met a military fan. Of course, he was also a fan of her movies. He promised to get her a high-end notebook, but it would only take a few days.

Chapter 1950: Razor had returned home. She was exhausted

Yan Huan had flown back again overnight because of this laptop.

Actually, she was already very tired, but for her husband, she felt that everything was worth it. It was just like how Lu Yi spent half a year to complete the work in his hands in order to accompany her in filming, after filming, he worked overtime for another half a year. It was a little tiring. They were willing, but they were also willing.

They liked to give this kind of effort, because they would feel very satisfied with this kind of effort.

Because of what?

Because..

Love.

In this one day's time, Yan Huan had already gone back and forth three times. She wanted to throw up on the plane ride, and on the second day, she still had to do publicity. Her spirit was still pretty good, of course, she had been staying in this circle for so many years. So no matter how tired she was, at least in front of the public, no one would know that she had actually not rested for the entire night.

By the time Yan Huan returned to the hotel, she was so tired that she did not want to move. However, she still had to call Lu Yi and report to him that she was safe. Of course, there were some things that she did not plan to let Lu Yi know about now.

It was almost the end of the year, and Lu Yi was actually the busiest time. Right now, Lu Yi might be working overtime.

"How are you today?" Lu Yi asked Yan Huan. Sure enough, Yan Huan could still hear the sound of Lu Yi's fingers typing on the keyboard from the other end of the phone. It could be seen that he was really busy, just as she had expected.

"Sure, it's like this every day, flying around." Yan Huan lay on the bed in the hotel, so tired that he didn't even want to move his fingers.

"What are you eating tonight?" Yan Huan asked Lu Yi. Lu Yi would sometimes work late, so when he was busy, he was used to eating again. However, in the past, when Yan Huan was at home.., she was the one who made it. But now that she wasn't here, how was Lu Yi living?

"I made noodles myself." Lu Yi stood up and focused on talking to her on the phone. "Just take care of yourself. I'm at home. I won't mistreat myself no matter what."

"Also, remember to eat well. Don't be picky with your food."

"I know." Yan Huan wasn't picky with food on the way. They were in a hurry. Sometimes, they would start again before they could finish ordering the boxed lunch. So now, no matter what kind of meal it was, they had to eat some, otherwise, with her physique, it wouldn't be long before she would lose weight. Then, Lu Yi would be like a stuffed duck, trying to stuff food into her stomach no matter what, he had to make up for the lost meat.

When Lu Yi hung up, Yan Huan hugged the blanket and fell asleep in a daze. However, she didn't sleep for long before the door was knocked on.

"Miss Yan, we should go."

It was Xie Weining. She was very gentle at the time, and even her voice was very gentle. If it was Yi Ling or Rowling, they wouldn't have knocked on the door, but instead, they would have knocked or smashed the door.

Yan Huan got up from the bed and rubbed his eyes.

She really did not have much physical strength. It was no wonder. She was already old and had become a middle-aged woman. Naturally, no matter in terms of physical strength or other aspects, she could not be compared to other young people.

She yawned again. This was even more tiring than filming a movie. She was really crippled by Lu Yi. At home, Lu Yi never allowed her to wake up, so she always slept until she woke up naturally, sometimes, on a whim, she would follow Lu Yi out for a while and then return to sleep again. Sometimes, if she didn't want to wake up and still wanted to stay in bed, Lu Yi would let her do whatever she wanted. It was obvious that she had a good father-in-law, just how important was this? This was also the biggest help for a woman who was raised like a pig.

Of course, it was also because she had a good husband, so it was obvious that she could no longer endure hardship. Where did all her previous efforts go? Why couldn't she find it at all? That was why..., she was indeed no longer the Yan Huan of the past.

Crippled. Of course, such a cripple would make many people envious and jealous.

Alright, she stood up and patted her face. It was the last few stops. Good luck. Anyway, no matter what happened before the New Year, she would definitely not come out after the new year.

The first two were for them, so of course, they were also hers.

However, she would never make movies again. She would just be a good wife and mother at home.

To her, nothing in this world was more important than her home.

Because of the loss of the past, she cherished it even more.

Because of the hardships along the way, she cherished it even more.

And because of the past, she missed it even more.

She went to the bathroom to wash her face. It was only then that she sobered up a little. Then, she flew to different places to finish the last few promotions.

When they went back, it was almost New Year's Eve. Of course, they had to attend the premiere on the first day of the New Year. But fortunately, they finally came back before the New Year, they could finally spend the Lunar New Year at home.

Lu Yi opened the door. He took off his shoes at the door and changed into slippers. In the end, he found that Yan Huan's slippers were gone.

He suddenly smiled. Yes, she was back.

"You're back?" He asked Auntie Gu

Auntie Gu nodded, then pointed inside and replied softly, "I came back just now, but I looked very tired."

"Did you eat?" Lu Yi asked Auntie Gu again.

Auntie Gu shook her head. "No, I went straight to sleep the moment I came back."

She was exhausted. Lu Yi knew that Yan Huan would be very tired when he came back. After all, she had flown dozens of times during this period of time, and it had been a long time since she had flown in the sky for such a long time.

He walked over and carefully opened the door. Sure enough, he saw Yan Huan sleeping inside. He kicked his slippers to the door and bent down to pick up Yan Huan's slippers before placing them by the bed, only then did he sit down. He carefully placed his hand on Yan Huan's forehead. He was indeed tired. He was so tired.

Her breathing was very quiet, and her eyes were so calm that they did not move at all. One could see just how deep she was in her sleep. Not to mention that he deliberately lowered his footsteps, even if he made any other movements., yan Huan would not wake up.

Lu Yi walked out and when he returned, he was already holding a glass of water.

He helped Yan Huan up and placed the glass of water beside her mouth.

"Be good, drink some water first, then sleep. You Don't know how long you're going to sleep for. You haven't eaten, and you haven't drunk any water. How can you do that?"

Yan Huan was in a daze from sleep, but in a daze, she knew to drink water. Maybe she was really thirsty, or maybe she was dreaming and looking for water to drink.
