

Sweet Wife 1981

Chapter 1981: Lu Qin is dead

The children were still young, so of course they didn't know what was going on outside. However, they knew that there was a very fierce grandmother at home who would glare at people. As long as that grandmother came, Grandpa Zeng would be unhappy, and Grandpa and Grandma would also be unhappy, at that time, they were still young and didn't know who that bad grandmother was.

Maybe when they grew up, they even forgot about Qin Xiaoyue.

"Grandma, Xiao Qi wants to eat meat." Xiao Qi looked up. He liked to eat meat cooked by his mother the most.

"Grandma, Xiao Guang also wants to eat meat." Xiao Guang also wanted to eat with his brother. He wanted to eat what his brother ate?

Xun Xun bit the little spoon and said softly.

"Grandma, Xun Xun wants to eat vegetables."

Ye Shuyun rubbed Xun Xun's little head. "Xun Xun, are you a little rabbit? Why do you want to eat vegetables? The meat is also very delicious. This is the meat that mommy made."

Ye Shuyun coaxed and placed a small piece of meat next to Xun Xun's little mouth and let him eat it. How could such a young child only eat vegetables? She coaxed him every day and only managed to eat a little bit of meat, it was no wonder that no matter how she fed her, she did not gain any weight.

Xun Xun looked at the piece of meat for a long time, but then she remembered that her grandmother said that this was meat made by her mother. She opened her small mouth and ate the piece of meat.

Ye Shuyun fed her piece after piece, and she really ate quite a lot.

At this moment, outside the door, it was almost like a battlefield. Old Master Lu was so angry that his face was red and his neck was thick. The fierce meat on his face was also swaying. She really had to be careful. In a while, he might think that he was going to throw something at her again.

Yan Huan hugged Lu Yi's arm. Lu Yi comforted her by holding her hand tightly. Why? was he afraid.

Yan Huan nodded obediently. "I always thought that grandfather was very rude to me. Now it seems that grandfather is still very polite to me. There really is no harm without comparison..." Yan Huan only understood now, whether it was in her previous life or this life, Old Master Lu had only talked about her verbally. He clearly hated her, but he did not hate her to the extent that he wanted to smash her to death. It was as if he wanted to eat human flesh and drink human blood.

Old Master Lu glared at Yan Huan. "You're the one who talks too much."

Lu Yi hurriedly covered her mouth.

"Don't talk. Watch the show."

Yan Huan nodded vigorously. Fine, she did not say a word. She did not say a word. She just watched.

The moment the door outside opened, she heard Qin Xiaoyue's almost ghostly wailing.

"Dad, Dad..."

Qin Xiaoyue knelt on the ground and grabbed old master Lu's pants with one hand. Old Master Lu kicked her away.

"What the hell are you shouting for? Who's Your Dad? Go back to your house and look for him."

Qin Xiaoyue picked herself up and cried.

"Dad, go and see Lu Qin. Something happened to Lu Qin. He was beaten to death."

As Qin Xiaoyue said this, she immediately beat her chest and feet and wiped the snot off her face.

"Dad, no matter what, he is still your grandson. He is Lu Jing's son. No matter how many mistakes he made, he is still a member of the Lu family. Dad must avenge our Lu Qin..."

Qin Xiaoyue glared at Lu Yi again. At this moment, her eyes looked as if she wanted to kill Lu Yi. It was all him, it was all him. It was all Lu Yi's fault that her son was killed. If he had pleaded for mercy for his Lu Qin back then., her Lu Qin would not have gone to jail, and he would not have been in jail for the rest of his life. Even if he had gone to jail, as long as he had spoken to those people, her Lu Qin would not have been beaten to death, and he would have died a horrible death., she had not even seen the last of her son.

And up until now, she still could not believe that her son was dead. She only had one son in her entire life.

It didn't matter even if he was in prison. It didn't matter even if he was in prison for the rest of his life. It didn't matter even if he couldn't get out of prison for the rest of his life.

At the very least, she still knew that she had a son.

She could still see her son once a week, but now there was nothing. Nothing.

"I'm going to fight you to the death." Qin Xiaoyue picked up her body and pounced on Lu Yi. It was as if she wanted to bite off a piece of Lu Yi's flesh.

In the end, before she could come over, a cup had already smashed in front of her, giving her a fright. This cup was almost going to really smash into her face.

A drop of cold sweat oozed out from her forehead. She sat there paralyzed and then burst into tears.

She also started to curse uncleanly.

"Don't be afraid, it's fine." Lu Yi patted Yan Huan's shoulder. Yan Huan's muscles were stiff, but her hand was still in the air. She was the one who had thrown the cup. Why did she still want to kill? It was exactly the same as her previous life. Only a mother like this could raise a son that was so cruel.

Lu Yi put her hand down. He clenched it again and realized that Yan Huan's hand was very cold. She was scared.

Lu Yi frowned slightly. He was still thinking about what Qin Xiaoyue said just now. Lu Qin was dead. Yes, Lu Qin was dead. How could he be dead?

He had thrown Lu Qin in, but he had never thought that Lu Qin would die. It was not because he was soft-hearted, but because Lu Qin did not deserve to die so quickly. And now, he actually died just like that?

It was really unexpected. This person's death seemed to be quite strange.

Lu Yi did not feel much about Lu Qin's death. This kind of person deserved to die. In his previous life, he had done so many bad things. Did he still want a good death? In this life, he had only let him go to prison. It was already too easy for him.

Qin Xiaoyue was still crying in front of old master Lu about Lu Qin's miserable life. She was also insinuating that how black their hearts were. They wanted Lu Qin to die, but they just could not bear to see their mother and son be good.., what did Lu Qin do wrong? Why didn't someone else die, but her Lu Qin. She was the one who had let a white-haired man like her send a black-haired man off.

Qin Xiaoyue cried for a very long time. It was as if they wouldn't leave without saying a word. She cried like a ghost. Old Master Lu was afraid that she would scare the three children, so he had Yan Huan bring the three children back to the detention center first, he didn't want to go to school for the next few days. He wanted them to take good care of the three children. Qin Xiaoyue wouldn't stop until someone was killed. They weren't afraid. No matter what, he wouldn't be able to cause any trouble, however, they were worried that the three children would be scared.

Moreover, how could they not know Qin Xiaoyue's character? She was shameless.

Lu Yi stood up and carried one child each with Ye Shuyun and Lu Jin. When face Xiaoyue saw the three children being carried by Ye Shuyun, her face contorted with hatred.

Chapter 1982: dead beyond recognition

Why did her son die for no apparent reason, but the eldest's family was still alive and well. There was no one missing, and there were three more children.

Xunxun stole a glance at that terrifying grandmother, and then buried her little head in her grandmother's arms. She was obviously frightened, and ye Shuyun threw Xunxun even tighter. If it wasn't the child in her arms now.., she immediately went over and gave Qin Xiaoyue a slap. if she dared to scare her grandson, she, Ye Shuyun, would fight him to the death.

How Could Lu Qin Die? Wasn't it all taught by her as a Mother? She hadn't taught him well since he was young. Now that he was in prison, who could be blamed for his death? Even if he died, he deserved it. He was fickle and had lost his wife who was seriously ill. He wanted to climb up to a higher branch, but in the end, he ended up cutting off all his children and grandchildren. In the end, he did those illegal things.., all of this was his own fault. It was all Qin Xiaoyue's fault for not teaching her son well.

"Grandma, I'm not angry."The sensible Xun Xun rubbed her little face against Grandma's face. She knew that Grandma was angry.

“Xun Xun is very brave. Don’t be afraid.”

“Yes, We Xun Xun is very brave.”Ye Shuyun kissed her granddaughter’s little face. She really did not want to leave her at the moment. Forget it. She thought about it. She would follow her. With Lu Jin around, the old man also had someone to take care of him, if she were at home, she would want to hit Qin Xiaoyue every time she saw her. She was afraid that she might beat Qin Xiaoyue to death?

“I’ll go with you.”Ye Shuyun carried xunxun and got into the car. She let her three grandsons sit beside her. She did not need to bring anything. There was everything in the garden. She could not bear to part with her grandsons, moreover, the three children were all there. Lu Yi had to go to work, and Yan Huan delivered lunch to Lu Yi at noon. There was only the nanny, so how could she be at ease.

Well, Lu Jin actually wanted to go, but..

He sighed. No matter what, no matter how much he refused to admit it, he was still surnamed Lu. He was grandfather Lu’s grandson. Now that he was dead, what was the point of bringing that up? It could be considered that he had done all those things for himself. He had atoned for his sins.

After this matter was over, he would ask the children to come back. The children were so young, but they could not see Qin Xiaoyue.

“Grandma, where are We Going?”

Xun Xun raised his head and asked his grandmother, “Aren’t we going to Kindergarten?”She counted on her little fingers. They were the ones who had gone to her mother’s house to finish their meal. Then, when they came back to Grandma’s place, they would have to go to kindergarten for five days, she remembered that it was only two days now. There were still three days left.

“Let’s go to Mom’s place.”Ye Shuyun carried her granddaughter to her lap. “We won’t go to kindergarten for the next few days. Let mom make delicious cookies for you, okay?”

“Okay.”

Xun Xun agreed happily. As long as the little foodie mentioned food, she would forget everything.

Ye Shuyun was now worried. How was the family?

“Lu Yi, do you think Lu Qin is really dead?”

In fact, Ye Shuyun did not believe it. Lu Qin died just like that, and it was so sudden?

“I’ll find out tomorrow.”

Whether he was dead or alive, he had to go there once. As for the true cause of Lu Qin’s death, he would only know after he went there. And he always felt that there was something strange about this matter.

But she could not say what was strange about it.

At the very least, Qin Xiaoyue was not a person who could act. She did not have the ability to act so realistically, so there was an 80-90% chance that Lu Qin would really die like this.

But what he felt was telling him that things could not be so simple.

He pursed his lips tightly, and his hands gripped the steering wheel tightly. There was an indescribable darkness in his eyes, so dark that it was almost impossible to see the Sun.

Lu Yi went to the prison the next morning, and Lei Qingyi went as well.

“We want to take a look at the surveillance cameras.”

Surveillance cameras were installed everywhere in this era. If something happened in the prison, it would be obvious at a glance.

“Our surveillance cameras are broken,” the prison guards were both helpless and embarrassed when they talked about this matter, “It just broke not long ago. Originally, they said that they wanted to find someone to fix it. In the end, before they could fix it, something like this happened?”

“What happened?” Lu Yi narrowed his black eyes and asked dangerously, “How did the person die?”

“It was a fierce battle.” The prison guard thought for a moment before saying, “That Lu Qin did not have a good relationship with people. Perhaps he offended someone in there. Perhaps it was just a small quarrel. In the end, it turned into a fight. When we went over, he was already dead. Moreover, his face was completely unrecognizable.”

“Beyond recognition...”

Lu Yi repeated these four words, and it was beyond recognition. Beyond recognition was a very serious word. The surveillance cameras were broken, and his face was beyond recognition. It would make people wonder if it was intentional.

“Where’s the body?” Lu Yi stood up. Let’s not talk about anything else first. What happened was not important. If the person died, it would be useless to pursue the matter?

In the doctor’s mortuary, he yibin might have come to this place a lot, but why did Lei Qingyi and Lu Yi come here for no reason? Were they stupid, or was there something wrong with their brains?

“This is the place.” The Doctor pulled open a drawer and pulled out the body.

Lei Qingyi pulled open the white cloth covering the body. Sure enough, it was beyond recognition. The person had died less than a day ago, so it did not feel anything. However, what was there to see about a dead person? It was still very uncomfortable.

The face of the corpse could be said to be a bloody mess. Even if Qin Xiaoyue came, she might not be able to recognize that this was her son.

It was indeed Lu Qin.

Lu Yi asked the doctor beside him.

“Yes,” the doctor nodded. “It’s him.”

The corpse was very thin. It was so thin that it almost lost its shape. It also had some hair loss.

Lei Qingyi wrapped his arms around himself. Of course, this was normal. Don't forget that Lu Qin was a drug addict, and drug addicts were like this. In addition, he had just gotten rid of his drug addiction, so it was normal for him to be so thin.

Lu Yi then removed the white cloth and pulled out one of the corpse's hands. The corpse was naked, so there was no need to specifically roll up its sleeves? The corpse's wrist was also covered in abrasions, and nothing else could be seen.

Why, what did he find?

Lei Qingyi put down his hand and asked Lu Yi as well. It looked like Lu Yi was looking for something. "Is there a problem with the identity?"

Lu Yi shook his head.

"No problem?"

Lei Qingyi took a few steps back and looked at the corpse. It was about the same height and height, and Lu Qin was about the same size.

"Then why are you looking at this?" Lei Qingyi asked, pointing at the body's hand.

"He has a birthmark here," Lu Yi said, pointing at Lu Qin's arm.

Chapter 1983: had nothing to do with him

Lei Qingyi also checked his face, but it was all gone now. Not only was his face badly mutilated, but the part with the birthmark was also badly mutilated, so badly that his bones could be seen, of course, the birthmark was also injured and gone.

"There's nothing else?"

Lei Qingyi asked Lu Yi again. He also felt that things were not that simple. Based on his years of experience in handling cases, this should be the case. This was a kind of intuition. He thought that Lu Yi might also have this kind of intuition. Otherwise, some things could not be so coincidental. Even if it was really a coincidence, it was because it was too coincidental.., that was why it seemed a little strange.

To get to the point, was the person who died him? It should be. No matter how one looked at it, it was that bastard Lu Qin.

"Let's go." Lu Yi turned around and left. There was no need to look anymore. Even Qin Xiaoyue, the mother, would not be able to recognize him, let alone them.

The body was placed here first. They would talk about it after they were done with the investigation.

It was not a normal thing for a person to die for nothing. If it was a fight, then Lu Qin's death was really quite unjust. Moreover, it was beyond recognition.

"What do we do now?" Lei Qingyi asked Lu Yi. No matter what, Lu Qin was still a member of the Lu family. He could not just deny it.

Lu Yi shook his head. "We don't know yet. Let's first deal with that one at home."

And that one, they all knew what it was.

Wasn't it that Qin Xiaoyue who cried, made a fuss, and hanged herself every day? They did not know what sins the Lu family had committed in their past life. How could there be a woman like Qin Xiaoyue, moreover, she had given birth to a grandson like Lu Qin who wasn't at ease at all.

When a great disaster came, he flew away with a whoosh.

When he was prosperous, he wanted to come back again with a whoosh.

His son was in prison, and he wanted to look for the Lu family.

When his son died, he also wanted to look for the Lu family.

Actually, it wasn't wrong to look for the Lu family. It was Lu Jing who gave birth to him, and he could be considered a member of the Lu family. Even if their relationship was severed, he was still a member of the Lu family. However, it was useless to cry like that every day.

If he had known that his son would be so crooked, why didn't he teach him a good lesson first? All manners and shame were taught to him. Why did he have to be taught to be like him, selfish and wanting to grope others, stepping on women to climb up.

This was also karma. He deserved to die.

Anyway, Lei Qingyi did not sympathize with Lu Qin at all. What was there for him to sympathize with? He would be relieved even if he died. After all, he was already half-dead. He was not even a man. He was just a eunuch.., what fun was there in life.

The women who followed him did not have a good ending. Su Muran would not live for long, and Sun Yuhan was the same as him. This round would last for a lifetime, and there would be no light in the world, there would be no light in the world for a lifetime.

"I'll go and check it out first." Lei Qingyi put on his hat. He and Lu Yi had the same thoughts. They always felt that Lu Qin's death was a little strange. Perhaps he was really dead, but there were too many coincidences, so, was he really dead? Could it be that he had escaped? But that was also impossible. If Lu Qin still had someone who could help him escape, then he wouldn't have gone in, he really couldn't think of anyone who could help Lu Qin do such a thing.

Was It Sun Yuhan? Ever since Lu Qin became a eunuch, Sun Yuhan couldn't even hide in time. How could it have anything to do with him? Sun Yuhan couldn't even protect herself now. How could she help Lu Qin, if she really had such a way out, then she wouldn't be the first to be saved. or could it be that she truly loved Lu Qin.

True Love, my ass.

Lei Qingyi didn't believe what she said. They were all selfish. To them, their lives were much more precious than others'.

If it wasn't Sun Yuhan, then could it be Su Jiuran.

That was even more impossible. Su Muran was already so sick. How could he still come to save Lu Qin? Moreover, if she didn't kill Lu Qin, she wouldn't have saved him?

Qin Xiaoyue, this should be the most impossible. But now, it didn't seem like it was fake. She was crying like that. It didn't seem like she was faking it. Qin Xiaoyue was the worst at faking it. If Lu Qin wasn't really dead., it wouldn't have ended up like this.

Alright, he didn't want to make wild guesses. There was no need for him to let his imagination run wild. It was better for him to go back and investigate on his own. He hoped that he could find some clues. However, he had seen the scene and also asked the people who were causing trouble, the people who were locked up in that place were all severely punished. Some were sentenced to death while others were sentenced to life. Don't think that that place was a good place. It was a place where people ate people.

If you didn't have the ability, you could only be bullied by others.

It seemed that Lu Qin had not been bullied by others anywhere. Could it be that Lu Qin had really died.

Lei Qingyi had thought about it along the way, but in the end, he still could not come up with a definite answer. Perhaps they were really wrong and had thought too much. That was Lu Qin's., Lu Qin deserved to die like this.

Lu Yi returned to the Lu family. Before he arrived, he heard Qin Xiaoyue's roar. He felt as if his brain was being pricked by the sound.

He walked in. The Moment Qin Xiaoyue saw him, she glared at him with hatred in her eyes.

"Lu Yi, it's all your fault that my son is dead. It's all your fault that my son is dead!"

"What does his death have to do with me?" Lu Yi stopped and asked Qin Xiaoyue coldly.

"I was the one who sent him there. Did I make him take drugs, or did I make him break the law?"

What was his identity? He was a prosecutor. It was impossible for him to break the law.

Qin Xiaoyue was angered by Lu Yi's rude rebuttal.

"Lu Yi, he is your younger brother. If you didn't help him, if you didn't force him to go to jail, he wouldn't have died," Qin Xiaoyue screamed hysterically, now, she had to find a creditor for her son. Otherwise, who would be responsible for her son's death.

Were those criminals who were going to die? Could they afford to pay for her son's life? And now, he wanted to blame all the crimes on Lu Yi. It was him, yes, it was him. He was the one who caused her son's death.

Now that her Lu Qin was dead, she had no hope left.

And she wanted to avenge her son. He had to avenge his son. Her eyes were filled with venom from time to time, and it was almost as if she wanted to break Lu Yi into pieces.

She lost her son. Why did she, Ye Shuyun, have a son?

“What do you want?” Lu Yi didn’t want to waste a second with Qin Xiaoyue.

“What do I want?” Qin Xiaoyue screamed again, “I want them dead. I want those who beat my son dead.”

Chapter 1984: wanted a son

“They have the sanction of the law.”

Lu Yi interrupted Qin Xiaoyue’s words. Whether they died or not, it was not up to them to decide.

Qin Xiaoyue raised her chin. The heaving of her chest was also very rapid, as if something was brewing. Even the facial features on her face were constantly distorted.

“Lu Yi, I don’t have a son anymore.”

“Do you still want to investigate?”

Lu Yi didn’t do things that he wasn’t sure of, so whether that person was Lu Qin or not still needed to be investigated. Oh right, how did he forget about this? Wasn’t there a thing called DNA in this world?

Lu Yi raised his head and glanced at Qin Xiaoyue. He pursed his lips slightly before picking up his phone and dialing.

“How could I have forgotten about this?” Lei Qingyi threw the things in his hands on the ground. “I’ll go get a sample right now.”

As he spoke, he stood up and went to the morgue of the hospital, preparing to cut some of Lu Qin’s hair.

“Have you cut it?” Lu Qin asked the doctor in the white coat. Of course, he was there to watch him do it himself.

“It’s done.” The doctor handed the hair to Lei Qingyi. Lei Qingyi also put the hair in his pocket.

“Mr. Lei, aren’t you going to confirm it?” The Doctor asked Lei Qingyi.

“No need.” Lei Qingyi waved his hand. He already looked like that. How disgusting was that? Did he still want to eat dinner tonight?

He took his hair and turned to leave. Why didn’t they think of this at the beginning? Yes, after this investigation, they would know everything.

What he didn’t know was that just as he left, a person walked into the morgue. Then, he took something out from his body and handed it to the Doctor. The doctor took it over and stuffed it into his arms.

No one knew about this. No, there were still people who knew about it. It was the corpses. However, it was impossible for them to speak anymore, and it was even more impossible for them to expose this shameful business.

Lei Qingyi took two samples and sent them to be examined. If the Security Bureau wanted to investigate, the results would be very quick.

He received the results on the third day. The results were unexpected, but it was also not unexpected. He threw the results aside and took the phone that he had put aside, then, he dialed the number.

“Lu Yi, the results are out.”

“How is it?”

Lu Yi asked. Lei Qingyi’s tone did not seem to show much emotion, which meant..

It was Lu Qin.

Lei Qingyi took another look at the results of the examination, “It’s written clearly that it’s Lu Qin’s. There’s no problem. You can rest assured that I did the work. I personally saw the hair cut and sent the sample over. Even when the sample was taken, I personally took it. Those people didn’t dare to lie to me with a fake one.”

“It’s up to you.”

Since they were already dead, they would follow the procedure of a dead person.

As for Qin Xiaoyue, she was just a shrew. To put it bluntly, Lu Qin’s death was nothing. After all, it had nothing to do with the Lu family, and even more so, it had nothing to do with Lu Yi.

Why should Lu Yi care about her? The only reason he took action was to show mercy.

If Qin Xiaoyue continued to pester him, then she would scam as far away as possible. If it was Lei Qingyi, who was unreasonable, regardless of whether he was a man or a woman, he would have kicked him to the bottom of the wall long ago.

Lu Yi put down the phone. Yes, there was no need to look into it. Now, he would talk about handling the problem.

“What do you want?” Lu Yi asked Qin Xiaoyue again, who refused to leave the Lu family.

“Let those people...”

“They will be punished by the law,” Lu Yi interrupted qin xiaoyue, “Of course, the law will solve it. Everything will be done according to the law.”

“Lu Yi!” Qin Xiaoyue screamed Lu Yi’s name again.

“If you insist, you can kill them yourself.”

Lu Yi’s face remained expressionless, and his heart was the same. What did Lu Qin mean to him? He was a murderer. In his previous life, he had killed his huanhuan, and now he was dead. What was wrong with that, should he be allowed to bury him in glory? Should he use the heads of those people as a sacrifice?

How Could Qin Xiaoyue really kill someone? She didn’t have the ability, nor did she have the courage, nor did she have the connections.

She gritted her teeth and sat down on the ground. However, it was useless to be a shrew. Even if she really killed that person, Lu Qin wouldn’t be able to come back to life. She still didn’t have a son.

She suddenly glared at Lu Yi.

She did not have a son, so Lu Yi could forget about having a son. His son's death was because of Lu Yi. It was all because of him. It was all because of him.

"Lu Yi, I want a son."

"I am not a god," Lu Yi stood up, "Miss Qin, if you miss your son, I don't think I need to help you with such a matter. This is only out of humanitarian reasons. Of course, you can think of it as your moral kidnapping of us."

They could totally not kick her out. It had nothing to do with them to begin with.

It was just for the sake of some blood ties. However, the one with blood ties was Lu Qin, not Qin Xiaoyue.

He walked towards the door. There were still security guards here. No matter how capable Qin Xiaoyue was, she could not destroy his house.

"Lu Yi!" Qin Xiaoyue suddenly stood up and sneered like a duck. What do I want? I can tell you right now, what do I want?

Lu Yi stopped, but he didn't turn back.

"I want you to give my son."

Lu Yi's brows furrowed. It was the same sentence again.

What did this mean?

"Lu Yi," Qin Xiaoyue took another step forward, "You, Me, you give me one of your sons. Don't you have two? Anyway, you gave me one, not the other one. But I don't have a son, so you should give me one. Who asked you to make me, Lu Qin, Lose My Life..."

Before she could finish her words, the door was violently pushed open.

Ye Shuyun was standing outside. Everyone could see that her breathing was violent, her eyes were burning with anger, and her clenched fists were ready to punch someone.

"Qin Xiaoyue, who gave you the courage?" Ye Shuyun rolled up her sleeves. "Who do you think you are?" Well, she was really good. She was really brave. She dared to take her grandson, and what did she want her grandson to do, was she going to bring him back and torture him to vent her anger?

She brought up Ye Shuyun's grandson with her own hands. She raised those little children with great difficulty. These three children were more important than her life. What did she, Qin Xiaoyue, want to do? What did she want to do to her grandson?

Everyone had a bottom line, and it was also a reverse scale. and her reverse scale was none other than her three grandchildren.

Who dares to hurt her grandson a hair, she and who desperately.

Chapter 1985: beat her to death

Qin Xiaoyue's mouth was still wide open. She wanted to say something, but she was shocked by the commotion Ye Shuyun made and interrupted her words. She was also shocked, she didn't even retract her mouth.

Of course, Qin Xiaoyue's face changed from green to white, then from white to red, then from white to red, then from white to white again.

Of course, Qin Xiaoyue was also afraid now. She thought that she was an old woman that no one dared to mess with. That was because in the army, there were still people who were afraid of her, because no matter if it was Old Master Lu., Lu Jin or Lu Yi would always look at the word 'lu' and tolerate her. After all, she was the one who had lost her son. Moreover, she was a woman. The men of the Lu family would not lay a hand on a woman., that was why she dared to say such words.

Of course, she did not think that Lu Yi would really hand her son over to her. She was just saying it. What she wanted was the compensation from the people of the Shu family. Lu Qin was dead. She no longer had a son. The money in her hands., there was not much left. At that time, she had spent almost all of it in order to get someone to save Lu Qin. In the end, she did not manage to save him. Instead, she had spent all of the money. How much money did she have left, even if she wanted to go back to her family, no one could tell how many things her family had taken from her over the years. But now that she had lost power, they were like beggars, they wanted to simply send her away. Why was it that when she was still in the Lu family, they were like dogs, wishing they could kneel on the ground and lick her toenails.

After she left the Lu family, she had lived like a dog. What would happen if she did not have the Lu family or money in the future? Her first thought was that if her son, Lu Qin, died, the rest of her life would be over.

Therefore, she came to the Lu family to cause trouble because no matter what, Lu Qin was still a member of the Lu family. She talked about Lu Qin's death every day, but in fact, it was for herself. He wanted to live back in the Lu family, and she wanted to return to her previous life, it was just that leaving was easy, but wanting to return was even harder than ascending to the heavens.

She did not have a son now. Could it be that Lu Yi could not let her have a son? When the time came, the child would also call her grandma. Then she would have a legitimate reason to stay, right?

Of course, this was only her initial thought. She knew that it was impossible, but she had to fight for it for herself.

But she did not expect that she would say it out loud today, and it was even heard by Ye Shuyun.

If Ye Shuyun was even more ruthless than her, she would have seen it long ago.

And now, when she saw Ye Shuyun's face, she was also afraid, and she could not help but take a step back.

Ye Shuyun was so angry that she had lost her rationality. When she thought of her three adorable grandsons, she knew that her heart ached for her grandmother. They would save her snacks and massage her legs, each and every one of them was very obedient. Now, there was actually someone who dared to have designs on her grandsons. These three grandsons were her eyes and her life.

“Qin Xiaoyue...”Ye Shuyun clenched her fists. “Today, I must let you know what will happen to those who have designs on my grandsons.”After saying that, she directly kicked her, this kick was fierce and heavy, and it also scared Qin Xiaoyue, who wasn’t prepared at all, to the ground. Even though ye Shuyun could vent her anger, she went up and sat on Qin Xiaoyue’s body, she directly slapped Qin Xiaoyue’s face. This slap was really fierce. The more she loved her three grandsons, the harder she hit them. The more she loved her three grandsons, the harder she hit them.

The men of the Lu family did not hit women, but there was no rule that women of the Lu family could not hit women.

Qin Xiaoyue had not eaten or rested well these few days, but she could not compare to ye Shuyun, who was in good health. She could only cover her face and scream, but she could not return the slap.

When Old Master Lu and Lu Jin came back after seeing their grandsons, they saw ye Shuyun beating Qin Xiaoyue valiantly. Qin Xiaoyue’s face was swollen from the beating.

What are you guys still standing here for?

Old Master Lu pointed at the two women who were fighting so hard that they couldn’t part. Why are you still not pulling them away? What kind of decency is this? If someone were to see this, how would they laugh at us.

Lu Jin was also frightened. It took him a long time to react. It had been a long time since ye Shuyun had such a bad temper. What was going on.

He hurriedly took three steps and pulled ye Shuyun up.

Why are you hitting her? Aren’t you afraid of dirtying your hands.

Ye Shuyun had not had enough yet. She stretched out her leg and kicked Qin Xiaoyue with force.

Lu Yi stood at the side, silently paying attention to everything. If anyone found out, they would be able to see his hand holding hers. They would know what he was enduring?

If he wasn’t enduring, he would really kick Qin Xiaoyue to death.

She really dared to have designs on his child. The child was Yan Huan’s, and he risked his life to give birth to it. How could he hand his son over to someone else? Could it be that he, Lu Yi, couldn’t afford to raise his son or something?

Lu Jin hurriedly pulled ye Shuyun’s hand. This move was so heavy, did it hurt her hand? As for Qin Xiaoyue, with a roar, she finally got up from the ground, and her face that had been beaten into a pig’s head., it made people feel more disgusted.

“What happened? Why did you hit her?”Lu Jin felt sorry for ye Shuyun’s hand, look, her hand was beaten to such a state. This hand was used for maintenance and pampering. It really wasn’t used to slap people. Moreover, wasn’t Qin Xiaoyue’s greasy face disgusting?

What else could it be? The more Qin Xiaoyue howled, the angrier ye Shuyun became.

“Lu Jin, her son, Lu Qin, is dead.”

Lu Jin knew. wasn't it because of these things that he had been quarreling here every day? It was so noisy that people died. They hadn't seen their three grandsons much, so he and old master Lu avoided it, he left everything to Lu Yi. He just hoped that the matter would be settled quickly and that this woman would be sent away. It was really too annoying.

Ye Shuyun extended her finger and pointed at Qin Xiaoyue who was still howling.

"Do you know what she wants?"

"What?" Lu Jin's face darkened. How big was her mouth? She wanted money, but she still wanted our half of the house. That house was left behind for their grandson. Initially, it was only separated by one room, but who knew that there would be three.., so there were three more rooms, one for each child. It was also their private territory in the future.

Could it be that Qin Xiaoyue wanted that place? No, that place belonged to the three children. They even brought the three children There and promised the three children that it would be theirs in the future.

Chapter 1986: locked up

And they had all decided to wait until the three children were older before letting them live there. Didn't Qin Xiaoyue own a house?

Or did she want money? Fine, if she wanted money, she wanted money. As long as she could obediently get out of their place and stop looking for them, he would give her as much money as she wanted.

Ye Shuyun raised her hand and fixed her hair. Then, she glared at Qin Xiaoyue fiercely.

"She wants Lu Yi to give her his son."

"What do you mean give her one?" Lu Jin was still confused. What kind of son could Lu Yi give her? She was already dead, and Lu Yi was not a god. How could he have the ability to resurrect people?

"She wants Lu Yi's son," ye Shuyun said. She could not help but step forward, wanting to step on Qin Xiaoyue's face.

Lu Jin finally reacted. "You mean, whose son does she want?"

"Lu Yi's son, your grandson," Ye Shuyun glared at Lu Jin. "She wants Xiao Qi and Xiao Guang. She wants to torture my grandson."

"Get her out of here, get out of here right now!" Not to mention Lu Jin, when Old Master Lu heard this, he was so angry that his heart was in a mess. The security guards quickly helped him sit down and hurriedly took the medicine for Old Master Lu, they were really afraid that the old chief would anger them to death. And now, even the security guards were not looking at Qin Xiaoyue well.

Her own son deserved to die, but she wanted someone else's son. Xiao Qi and Xiao Guang were only four years old, and they were both sensible children. How could she have such evil ideas on the children? was she even human?

Lu Jin was dumbfounded when he heard that. It took him a long time to react.

“Throw her out!” Lu Jin stretched out his finger and pointed at Qin Xiaoyue with a trembling finger.
“Don’t let her in in the future. If she makes a scene again, let her go to the police station and let her squat.”

Qin Xiaoyue was scared when she heard this. She knew Lu Yi’s methods. If Lu Yi really wanted her to go to prison, she would definitely go in. She could be charged with any crime., moreover, she wasn’t innocent. who hadn’t done something shady in their life.

She didn’t dare to make a scene or cry. At the very least, she didn’t dare to take her son anymore.

Just as the security guards outside came to grab her, she hurriedly got up and ran out.

“Lu Yi...” old master Lu finally recovered. Fortunately, his heart was strong enough. Otherwise, he would have been angered to death by Qin Xiaoyue.

“Grandfather...”

Lu Yi walked over and stood in front of Old Master Lu,

“Find out what she did and lock her up until she dies.”

Old Master Lu gritted his teeth. No one in this world could touch his three precious grandsons.

These three children were the Lu family’s lives. How dare they let others think about them? Did they think that he was just a decoration, or was he dead?

“I understand, grandfather.”

Lu Yi turned around and walked out. Actually, Old Master Lu didn’t need to say anything. Lu Yi was already prepared to do this. He wouldn’t let Qin Xiaoyue appear in front of them again, he would not let her appear in front of them again. Of course, he would not allow those potential dangers to point directly at his three young children. They were still too young, and they could not protect themselves well.

And as a father, he had to protect them. He had to protect them from other people’s harm. He would not let go until they had grown up and had the ability to protect themselves.

As for Qin Xiaoyue who stumbled out of the Lu family, she really wanted to slap herself. But just as she touched her face, she almost cried out in pain, her face was already beyond recognition by that shrew, Ye Shuyun.

“Ye Shuyun, just you wait. I will definitely take revenge on you, hiss...”

She carefully touched her face and went back dejectedly. She was waiting for the Lu family’s anger to be sharpened in a few days. If she came again, all she wanted was a grandson, were they not really going to beat her to death.

Moreover, there were already three of them. Could they not give her one? Lu Qin did not have a son. All she wanted was to find a descendant for her son. was that wrong? Lu Yi was surnamed Lu. Could it be that Lu Qin wasn’t surnamed Lu.

She hissed again. It was so painful that she was grimacing in pain. She couldn't swear now, but she was cursing in her heart. She cursed old master Lu and Lu Jin, she cursed the three children that Lu Yi gave birth to.

She didn't take these things seriously in the first place. Anyway, she didn't have a son now. Even if it was Lai, she would still have to blame the Lu family. However, before she could come over and blame them again, she was taken away by a few police officers. At that time, her face was still swollen.

The prosecutor said that she had committed theft because the piece of jewelry she sold belonged to a madam. Of course, when that Madam lost the piece of jewelry, she had already called the police, but they had never found it, recently, because Qin Xiaoyue's finances were too tight, she took the piece of jewelry out and sold it. In the end, she was caught red-handed in front of everyone.

"Steal your ass!" Qin Xiaoyue was used to being unreasonable. She jumped and cursed directly in the police station. She stole, how could she steal? These pieces of jewelry belonged to Ye Shuyun.

She was about to say something, but she swallowed it. This jewelry was not given to her by Ye Shuyun. She took it for herself.

But she also took it. She would never admit that she stole. These people could not arrest her.

But in the end, no matter how she made a scene or threatened them, they still decided that she was guilty of stealing. Moreover, it was violence that affected law enforcement. Of course, some things could be found out after a quick investigation, for example, Qin Xiaoyue had even let a private loan shark, causing a student to jump off a building.

This was enough to send Qin Xiaoyue to prison for a few years. Also, how did her mouth grow? She didn't even have the slightest bit of moral integrity. She had learned to speak first and then speak. She was already so old., why was her mouth still so foul? It was really a waste of her old age.

"Mr. Lu, don't worry. We will definitely discipline this Ms. Qin."

The police officer assured Lu Yi. However, the word discipline did not seem to suit Qin Xiaoyue. Qin Xiaoyue was already in her fifties and was almost sixty. She really wanted to go to jail, it would also allow her to quietly think about the first half of her life. How did she live it?

Lu Yi narrowed his eyes. "Thank you." Then, he slightly curled his thin lips, but there was not even a hint of an arc.

"She has nothing to do with our Lu family now. If she mentions our Lu family, please don't mind."

Chapter 1987: the children's little friend

"Don't worry, I understand." The police obviously understood that Mrs. Qin was mentally ill, so they wouldn't believe her words.

Lu Yi stood up, picked up his briefcase, and left.

Lu Yi could easily send a person in. As long as he wanted to, of course, he wouldn't do anything illegal. As for Qin Xiaoyue, if she didn't do those things, if she was really a law-abiding person., lu Yi wouldn't send her in so easily. Of course, Qin Xiaoyue would stay here as well. When she learned to be smarter, she would say those words again.

He took out his phone and placed it by his ear. Huanhuan, I'll go back later. Yes, there's no big thing today, and there's no need to work overtime. Whatever you want to eat, I'll listen to you. Whatever you cook, it'll be delicious.

A faint smile hung on his face, as if the gloomy sky had suddenly brightened up. In an instant, he felt like spring had arrived.

He drove his car back. However, when he passed by a shopping mall, he got out of the car and entered the shopping mall. Xiao Qi and Xiao Guang were dismantling their toys faster and faster, and their loading speed was also faster, when other children played transformers, they would either play with themselves or a few people playing a robot. However, his children were different. His children liked to disassemble and assemble. This was a game that they liked to play since they were two years old. In the past, their hands might have been slower, but now, the speed of disassembling was really getting faster and faster, however, after they disassembled it, they no longer liked it. There was already a room full of robots and other toys, but they would not touch them again if they liked them.

Lu Yi bought two more robots and asked them to disassemble them when he got home. The two children were never short of toys. Ye Chuji, ye Xinyu would buy them whenever he was free, and Zhu Meina would come over every few days, he would also buy a bunch of toys for the children. Otherwise, where did the children's ability to dismantle come from? It was all experience.

He had always treated his two sons equally. Whatever Xiao Qi had, Xiao Guang also had. The toys he bought for them were all the same size, except that they were of different colors. Xiao Qi was the older brother, he had the demeanor of an older brother. Of course, his personality was also the most similar to his. If there was anything, he would first stick close to his younger brother and sister. Finally, it was his turn.

After buying the two robots, he also bought two dolls to bring back. Yan Huan said that Xiao Mei would be coming over today. Xiao Mei was a friend of three children and had come to the house quite often. He would buy a doll for Xun Xun, he would also bring one for Xiaomei.

He took the toys and walked out of the shopping mall. The two robots and the two dolls looked somewhat different no matter how he looked at them. However, this was the case for a father who had a family and children.

Lu Yi drove to the Liuyuan Garden. Just as he entered, he was surprised to see a special guest. The mayor of Hai City and the mayor's wife had both arrived.

They had seen each other not once or twice, so the two of them could be considered close. However, they weren't that close in the past. At most, the two of them had gone to the table a few times on official business, the mayor of Hai City had also gone to the Procuratorate a few times. It was all official business, but they didn't have any personal relationships. It could be considered fate. The children of

their two families went to kindergarten together, Mrs. Gao had brought Xiaomei here a few times, but Mayor Gao hadn't. This time, it was an accident. He had come too.

"Mayor, you're here." As soon as Lu Yi's voice came out on Sunday, Mayor Gao reached out and patted Lu Yi's shoulder, "Don't act so raw. It's not the first time we've met. This isn't work. I'm older than you. It's not like you don't know my name. You can just call me big brother Gao. And there's a glint in Mayor Gao's eyes. Maybe in the future, our relationship will be even closer."

Mayor Gao glanced back at Xiao Qi. The children of the Lu family were all outstanding. It would be best if they could be his half-son in the future. Moreover, he liked Xiao Guang very much. At such a young age., he had the demeanor of an elder brother. He would always give in to his younger siblings. Of course, he was also very protective of Xiao Mei.

It was not like Lu Yi did not notice the brilliance in the Mayor's eyes. Of course, he did not expose his intentions. In any case, there were still a few decades left. He would talk about it in a few decades. Moreover, he would not tell Yan Huan about this matter, Yan Huan was most afraid of mentioning the matter of her child growing up because she would feel that she was getting older. She would cry. She would cry herself to death.

As for Mayor Gao, Lu Yi's evaluation was that he was a very smart person. If he wasn't smart, how could he have been sitting in this position for so long? Moreover, the Mayor was famous for doting on his wife, of course, there was no difference between men who doted on their wives.

The Mayor's name was Gao Yuling, and he was currently 47 years old. Mrs. Gao's surname was Mei Ru, and her nickname was Mei Mei. Gao Yuling and Mrs. Gao had only given birth to a daughter, this daughter was Mei Ru's 40-year-old daughter. She was also their only daughter, and both of them treated her like a treasure. Xiaomei, like Xun Xun, had always been weak and sickly since she was young, she was a few months older than Xun Xun and was a child of the same age. However, Xun Xun loved to get sick when she was young. He Yubin was afraid that she would not be able to take care of her, because she was too weak. She would stay in the hospital every two to three days, every time, people would break out in cold sweat. They were afraid that she would not be able to recover in a short period of time and she would be gone.

However, after she was three years old, her body gradually recovered. The strong genes of the Lu family had also come out. She was as lively and lively as a child of the same age, it was a pity that her family members followed her every day. They wanted to feed them more food. They also followed their two older brothers and ran around randomly. Therefore, they did not love to get sick anymore. They just needed to be careful, at the end of the year, they did not even catch a cold. If they did not mention it, perhaps no one would know. When Xun Xun was born, she weighed less than two kilograms. But now, she had grown into such a big child., she was a healthy child again.

Xun Xun was also quite timid. However, she had two older brothers, and both of them were with her. Therefore, she felt that she had a strong backing, so she was very brave. She made a mistake. She had an older brother, and she wanted to drink water., she had an older brother who wanted to eat snacks, and she also had an older brother who did not want to leave. Phew, this older brother could not do it at the moment.

Her older brother was too young. However, she had a father, a mother, and her grandparents and great-grandfathers. They did not lack love, so they were especially courageous.

However, Xiaomei could not do it. She had always been a timid little girl. In the beginning, when she saw Lu Yi's serious face, she would still be scared to tears. Later on, it was only because she had been here for a long time that she was not afraid, she knew that this uncle of Lu Yi's only had a scary face, but he was a good uncle.

Chapter 1988: the mayor's family

They would give her snacks, hug her and play with her. They would also buy her dolls. She would have what Xun Xun had. She would eat what Xun Xun Ate, just like her father and mother. They treated her very well.

According to Lu Yi's thoughts, Xiaomei was timid partly because she was born timid, but also because she was from the same family.

Gao Yuling and Mei Ru had grown up together from a young age. They had been together from primary school to university. The two of them could be said to be childhood sweethearts. However, Mei Ru had never been liked by the GAO family, in addition, she was not in good health and had never given birth to a child. That was why she was not liked by the higher-ups and did not like Mei Ru. Of course, she did not like Xiaomei too much,

that was why Xiaomei was so timid. Perhaps it was also because she was frightened by the GAO family. This was different from Xun Xun. His Xiao Xun had been pampered by the entire family and was also the eyeball of old master Lu, others would not be able to stop her even if they glared at her. Although they were pampered, they did not see how delicate Xun Xun was. She was a very sensible and obedient child.

A family's influence on a child was simply too great. It would also imperceptibly change a child's character. In fact, he could not help but think that if something really happened to Yan Huan., xunxun might become a child like Xiaomei. An outsider like Xiaomei would feel heartache just by looking at her. Moreover, it was xunxun who was brought up by him. Back then, because her mother was no longer around, xunxun did not even go to kindergarten., xiao Qi Xiaoguang was a little better than her. It was unknown if it was because she was a girl.

Xunxun ran over as soon as she saw her father. A pair of small hands tugged at her father's sleeve.

"Daddy, does xunxun have a new doll to play with?"

Even though she had clearly seen it, she still had to ask. This child really had a mind of her own.

"Yeah, there's something we're looking for."

Lu Yi placed the doll in Xunxun's arms. Xunxun hugged it. She loved dolls, but her family had bought too many for her, so she didn't know which one to hug. Instead, she liked the new one. She hadn't hugged enough of the new one yet., since she had bought it again, she could only carry the new one.

Xiao Qi and Xiao Guang also obtained their own toys. The two little ones found a place to play the game of unwrapping toys.

Xiao Mei hugged her mother's leg. She was a shy little girl, but she stuck her little head out and blinked her big eyes.

She was also a very cute child. At this age, there were no ugly children. Children were all cute and innocent. It was also the biggest surprise that heaven gave their parents. They were like angels, extending the lives of adults, it was also extending the future of the entire world.

"Xiaomei, come here. Uncle bought it for you too."

Lu Yi smiled at Xiaomei. He also liked this little girl who had been shy since she was young. She was very well-behaved, just like his xunxun. His family's xunxun.., she did not have a fearless personality in front of her family. However, when she met strangers, she would also like to hug the legs of adults. Then, she would stick out her little head and curiously open her big eyes to look at this.., and then look at that..

It was exactly the same as Xiao Mei's current appearance.

Xiao Mei bit her little finger. She also liked the doll that Xun Xun was holding in her arms. Although she had quite a number of dolls, Xun Xun's doll was so cute. She looked at her mother.

Mei Ru gently rubbed her daughter's hair. "Go, but you have to thank uncle."

Only then did Xiao Mei run over and stand in front of Lu Yi. Children's thoughts were indeed something adults could not understand. A few days ago, she was so afraid that she would cry the moment she saw Lu Yi, but now, she did not know fear at all.

Lu Yi also ruffled Xiao Mei's little head and placed the doll on Xiao Mei's little hand. The two dolls were exactly the same, and the little girl's thoughts were much more delicate than a boy's.

"Thank you, uncle," Xiaomei happily hugged the doll, but of course, she did not forget to say thank you.

At this time, Xun Xun ran over and stretched out his little hand for his father to hug.

Lu Yi carried his daughter after that. After he freed one hand, he also conveniently carried Xiaomei. With one child in each hand, he did not feel very tired.

Gao Yulin couldn't help but laugh. "How did you carry the three of them?" These two were easy to deal with, one on each side, but what about these three? He carried these two and left the other one behind.

"I usually only carry Xun Xun," Lu Yi smiled and stretched his face forward. Xun Xun picked up her father's face and used her little face to rub against her father. This action was too familiar.

"What about them?" Gao Yuguang just couldn't understand it. He only carried his daughter and didn't want any sons.

"Xiao Qi, Xiao Guang, come over here," Lu Yi shouted to his two sons. Gao Yulin wanted to know. Fine, he would satisfy his little curiosity. Xiao Qi and Xiao Guang ran over and pulled at the corner of his father's clothes, they were obviously very cute little faces, but they had to put on a serious expression.

Gao Yuling couldn't help but laugh out loud. Okay, okay, he got it. It was unfortunate that Lu Yi was able to teach his children to be like this. They were only having three children at once. He was really lucky, but he still liked his daughter more, clearly, Lu Yi also liked his daughter more.

Lu Yi put the two children down and let Xun Xun bring Xiaomei to play.

Xunxun was a very hospitable child. Of course, she was also very good at taking care of little miss. . She took Xiaomei's little hand and brought her along to watch the two brothers unpack their toys. This was already xunxun's favorite thing to do, because she really felt that the two brothers were too amazing, just like their father.

The children naturally had their own world. Gao Yuling was also very gratified when he saw this. He had never seen Xiaomei get too close to any child, mainly because Xiaomei was too timid, he was also unwilling to talk to children. Now that he finally had a little playmate, he was relieved. He was too busy with his work and couldn't care about Xiaomei. He only had one daughter, and he was really afraid that she would be wronged.

"It just so happens that I have something to tell you. Oh right, Lei Qingyi, call him over too." Gao Yuling knew the relationship between the Lu family and the Lei family, therefore, he had to find Lei Qingyi, the director of the Security Department.

"I'll ask him to come right away." Lu Yi took his phone and asked Lei Qingyi to come over. It was probably not a small matter for an Yulin to say something at this time.

The two of them chatted outside and looked at the four children at the same time. The Lu family had always been very lively. Of course, it was also because of these children that they would go outside to collect eggs and grow their own vegetables, they would also carry a small basket to pick vegetables for their mother to eat.

Chapter 1989: Big Shot

Meanwhile, Yan Huan and the nanny were still busy in the kitchen. Madam Gao was too embarrassed to come over to eat plain rice and drink for free. Although she didn't know how to cook, she could help out by washing the vegetables and taking out the garbage, this really didn't require too much skill. Fortunately, Madam Gao wasn't a kitchen killer like Zhu Meina. She wouldn't go into the kitchen. Even if she had a conflict with the kitchen, she wouldn't break the plates or the bowls, she was still fine. She didn't break a plate or a bowl. She could still cook herself a bowl that she could eat, and she wouldn't eat noodles that hurt her stomach.

Because there were four children present, Yan Huan followed their instructions when he cooked. He made the dishes a little cartoon-like. Of course, the taste was also what the children liked, so it was a little bland, he didn't put too much chili in it, so the children couldn't eat anything too spicy.

Outside, Lei Qingyi had already arrived. He wasn't far away, and this was mayor Gao's call. He hurriedly put down the work in his hands and followed him.

"Don't be nervous." Gao Yuling smiled. "This isn't an official meeting. We don't need to have a meeting."

Lei Qingyi's face tensed up.

Yes, it's not a meeting, but here you are. It's like a meeting. Am I not nervous?

Usually, mayor Gao was high and mighty. As the director of the small security department, he had never seen him before. How could he sit at the same table as him now? This was really..., everything happened. He wiped his forehead. In fact, he did not break out in cold sweat. This was just an instinctive action.

Don't look at how tall, strong, and poisonous he was. He was afraid of teachers when he was young, and afraid of leaders when he grew up. Now, he was not afraid of leaders, but the immediate superior of his leaders.

It was really true. Sigh, how could he sit so close to the mayor at the same table.

"Let's get down to business." Gao Yuling turned back to look at his daughter. This was his precious child, the only child in his life. Seeing her play so happily.., as a father, he was very pleased.

Lei Qingyi immediately sat up straight. He had been in this position for decades and had always been conscientious. He had also been careful not to have any problems. In his position, he couldn't have any problems, once he did, he would be dead.

Could it be that there was really something wrong with him?

He was so nervous that he was sweating. However, Lu Yi had always been drinking tea. It was as if the person sitting across from him was not mayor Gao, but an ordinary person.

Yes, he was an ordinary person. Gao Yuling, who had given up his identity and burden, was just like them. He was just a husband and a father. They still had to protect their wives and young daughters.

Their children were born late. Lu Yi was late, and Gao Yulin was even later. He only had his first daughter when he was in his forties. Lu Yi was in his thirties, but Lei Qingyi was different. Little Lei was born early and had grown up a long time ago, he could be beaten up. Their children could not be beaten up now. They were still young.

"Don't be nervous. I Won't eat you." Gao Yulin patted Lei Qingyi's shoulder.

Lei Qingyi jumped up with a whoosh, scaring Gao Yuling.

"That..." Gao Yuling looked at his hand. "There are no thorns on my hand, right?" He was really that scary.

"No, no..." lei qingyi wiped the sweat from his forehead again. "I didn't do it on purpose, I was just too nervous." Yes, he was too nervous, too nervous.

He hurriedly sat down to tell himself that he could no longer be so shocked. He might have lost all the people in his life here, but there was nothing he could do. Wasn't he afraid?

However, how could he not be afraid? This was not someone else, but a leader.

The mayor of Hai City, who often appeared on TV. Whether he, Lei Qingyi, could guarantee his job or not, whether he could sit as the director of the Safety Department for a long time depended on his mood.

Gao Yuling didn't know whether to laugh or cry. was he really that scary?

However, he clearly felt that he was quite amiable. The three children of the Lu family all liked him. Why? was he such a good person in front of the children? Did he become a bad person when it came to Lei Qingyi.

Lei Qingyi laughed awkwardly and his butt couldn't help but move a few times. However, for some reason, he couldn't sit still and felt uneasy.

Gao Yuling shook his head. It seemed like he really needed to reflect on himself. Was he too strict during normal times? That was why he was scared out of his wits.

He touched his face and put on the most friendly expression. That should be enough.

"Alright, let's get down to business. This isn't a formal occasion, so don't be so formal. Be more natural and relax."

Gao Yuling personally picked up the teapot and poured a cup of tea for Lei Qingyi.

Lei Qingyi was overwhelmed by the favor. She lifted her butt and was about to stand up again, but after Gao Yuling's cold glance, she could only sink her butt down again, she pressed down firmly on the chair below, not daring to move at all.

"You all know that the flood news from Haijiang is coming soon, right?"

Gao Yuling looked at Lei Qingyi, then Lu Yi. They should have a very fresh memory of this flood news. The flood last time almost didn't take Lu Yi's life. It must be something like this.., those who were related to Lu Yi would never forget it for the rest of their lives.

It was impossible to forget such a soul-stirring event.

Lei Qingyi nodded when she heard this. Yes, that's right. We are already in the midst of preventing the news. Ever since the last flood in the Sea River, they had been making preparations in this area for the past few years.

Even if it was a once-in-a-century flood, they could still survive it. However, they still couldn't let their guard down.

Recently, the police had already set up a cordon around Haijiang. Pedestrians were prohibited from entering and leaving. They had overlooked this last time, which was why they had suffered such a huge loss. And this loss.., thinking about it now, they would break out in cold sweat. It was just like what Gao Yulin had said. Even if they wanted to forget, they could not.

Gao Yulin was silent for a while before saying, "I think that we will have to face another big challenge soon. We will have to work harder these few days. We can not have any thoughts of luck."

Chapter 1990: Was really dead?

Lei Qingyi nodded heavily. He had to go back and prepare properly. Even a fly would not be able to fly in. At this moment, the three of them were thinking about the flood season that Haijiang might usher in.

Haijiang was usually gentle and gentle. However, it was unavoidable. It would have its own little temper. Of course, it would occasionally have a big temper. Although it was not much.., however, it was only these few times that they would be completely overwhelmed and at a loss. They just hoped that this year's flood news was not that big and that they would be able to pass this session safely.

Lu Yi placed his hand on his temple and gently knocked on it. Actually, for the memories of his previous life, the most he felt was that he was in Mengchen. He did not know if he was in Zhuang Zhou or Mengdie.., the most he remembered was not anything else, but the heartbreaking moments when Yan Huan left. He also remembered the days when he felt as if he was walking on meat. The rest of his memories were not too clear. He was not like Yan Huan, who really went through it once.., however, even Yan Huan did not know what would happen in the future.

To be honest, none of them knew what would happen. They could only take precautions and be fully prepared.

While they were still studying, Yan Huan had already placed the dishes on the table. There were a lot of people in the morning, including Lu Yi's five and Gao Yuling's family of three, with Lei Qingyi, there were nine people. Therefore, there was quite a lot of food. They didn't eat much, but where were their small stomachs? Each of them took a small bite, four big ones. No matter what, they were still comparable to an adult.

The three children of Yanhuan's family ate by themselves, but Xiaomei was fed by her mother. Xiaomei did not know how to eat in school, but she could still use a small spoon to eat into her small mouth, however, when she was at home, she insisted on having her mother feed her.

However, when she glanced at the three of them, she shook her little head and insisted on eating by herself. Madam Gao couldn't help but sigh, the child had finally grown up. She felt both gratified and sad.

Look, he had grown up and didn't need his mother to feed him.

However, it was more gratified than uncomfortable. The child had to grow up eventually, right?

The food that Yan Huan was cooking was very delicious. This was also the first time that Gao Yuling had a new understanding of Yan Huan, a big star. Not only was he good-looking, his acting skills were good, and his cooking skills were truly superb, he was a decisive and good wife and mother.

However, there were still many people who were unable to match up to his abilities.

They had three children in one go.

Moreover, they had three children in one go. Each of them was more mature than the other and had a cute personality.

He reached out and rubbed Lu Qi's little head. Unfortunately, he did not have a son in this life. However, if he had a son-in-law, he would naturally be willing.

After Gao Yuling and his family had eaten here, they did not have the intention to stay any longer. After all, it was already late. Moreover, it was their first time coming to someone else's house. In fact, they did

not really not know each other that well, perhaps when they became more familiar with each other and became closer, they would be able to disturb the other party for an entire night.

Gao Yuling picked up his daughter, and Xiaomei stretched out her little hand to shake the three children of the Lu family. In her arms, she was still holding the doll that Lu Yi had given her. The two dolls were exactly the same. If she found one, she would find one., she really liked this doll. She was willing to let go of it even if she held it.

After Gao Yu Lin and his family left, Lei Qingyi had to go back. He rubbed his very satisfied stomach. Sometimes, he thought about how good it would be if he could eat like this every day.

However, on second thought, forget it. He would just eat vegetables and tofu. He had gained a lot of weight recently. He had also been ordered by Yiling to lose weight. He was already very tall. If he gained more weight., in the future, he might not even be able to squeeze into the house.

Aunt Gu cleared the table and washed the dishes. Yan Huan washed the three children one by one. Then, he changed their clothes and coaxed them to sleep. They all slept very well, each of them was like a little pig, and they even snored. As long as they were covered with blankets, they did not even need to tell bedtime stories. They would already sleep on their own obediently.

“Are you asleep?” Lu Yi walked over and slowed down his footsteps. He looked at the three children one by one before covering them with blankets.

He still had to send them back the next day. The three children still had to go to school.

Yan Huan understood that she could not bear to part with the three children. She wished that she could take care of them every day. However, they still had to go back to the Lu family’s house. They still had to go to school and grow up.

Auntie GU would be coming over in a while. She still had to accompany the three children to sleep. Of course, she also liked it. If she could not see the three little fellows, she might not be able to sleep properly.

Lu Yi waited for Yan Huan to come out. He did not have anything to do today. It was rare for him to be able to sleep early and wake up early.

“Is Lu Qin really dead?”

Yan Huan asked Lu Yi. In fact, she still could not believe it. Why did she always feel that this was not possible? A person like Lu Qin would not die so easily.

And now, he died just like that. Wasn’t that strange?

“Yes, he’s dead.” Lu Yi tidied Yan Huan’s hair, then placed his hand on her forehead, “Even though he’s completely disfigured now, and all the marks on his body can not be seen clearly, because his entire body is covered in injuries and he was severely beaten up when he was alive, it’s not easy to find out if it’s him from the outside. That’s why I asked Lei Qingyi to do an NDA test. It’s Lu Qin.”

He had said that he had been severely beaten when he was alive. Perhaps this sentence would make people feel uncomfortable when he mentioned it. Of course, they could not help but sympathize with him. However, for a person who had committed many evil deeds...

He was not worthy of other people's sympathy at all?

"Go to sleep." Lu Yi covered Yan Huan with the blanket and laid down on his own.

He did not tell Yan Huan that Qin Xiaoyue had designs on the three children. The three children were things that they absolutely could not compromise on. Others could do whatever they wanted to them., however, they absolutely could not have designs on their three children. These three children were the lifeblood of the Lu family. No one could touch them.

Qin Xiaoyue actually wanted one of his children. Even the Su family did not dare to mention the idea of having children now. Even if the Su family were to have no children in the future, it would have nothing to do with them.
