

Sweet Wife 201

President's Sweet Wife

Chapter 201 Brand Ambassador

But even so, when the evening lights were lit, the faint moonlight also shone on the bluestone road in this ancient town.

Many people had gathered at the center of the open space. They were looking at the other side with curiosity. Then Natalia finally saw Jessica was sitting on a lounge and Shawn was sitting on a taboret and talking to her there.

She wore a faint smile and held a drink in her hand. Shawn looked at Jessica. Natalia didn't know what they were talking about. She could only hear their melodious and happy laughter. It seemed the air was sweet because of them.

Someone whispered, "They are well-matched. It's obvious Shawn really likes Jessica. Maybe they will get married soon."

"Yes, it's not too much to say that they were just made for each other. Miller Prosperities was very influential in Julio, and now they are also in charge of Century Entertainment. Therefore, if Jessica really marries him, she could have all the resources the company can possibly provide."

"Even if she got that scandal, she still could take a part in this drama. Only she can make it."

"That scandal should not be true! Although Jessica sometimes would lose her temper at her assistant, she is nice to other people."

"Who knows. Her assistant is young, so it is possible for her to make some mistakes. It's all right for Jessica to scold her."

"No matter what, this is their own business. Why are you gossiping here?"

"I didn't. I just mentioned it casually."

"I wish I could have a boyfriend as considerate and rich as Mr. Miller."

"You can close your eyes tonight and lie down on the bed, and then you will have your boyfriend immediately."

"What do you mean?"

"Dreaming! You can have everything in your dream."

"Fine. How dare you make fun of me! I will give you a lesson later!"

Then there were the sound of people frolicking around happily, but soon they were interrupted by a scream over there.

"Wow, this necklace is so beautiful!"

They saw an assistant walk behind the two with a blue velvet brocade box in her hand.

Shawn took the brocade box over and opened it. An exquisite diamond necklace was lying inside.

Jessica was naturally surprised beyond belief. She covered her chest, "Shawn, is this a gift for me?"

Shawn looked at her tenderly and nodded, "Of course. When we were shopping before, you said you liked it, so I just bought it for you."

Jessica was so moved that she was about to cry.

"This necklace is quite expensive. Why must you go to this expense?"

"Because it's for you."

After saying that, Shawn picked up the necklace and stood up.

"Let me help you put it on."

Jessica nodded.

Shawn went around behind her and tenderly helped her put on the necklace, which immediately caused a wave of cheers from the people around them.

"Jessica, you are so lucky. Not only is Mr. Miller handsome and rich, but he also treats you so well. We are so jealous of you!"

"Yes. We have seen you two lovey-dovey several times after we got here. Please take more care of us as we are still single."

"Are you just going to be so lovey-dovey every day? You fall in deep love with each other. When will you get married?"

Jessica smiled and looked at Shawn.

Shawn looked at that person who asked the question and smiled faintly.

"Soon. I'm going to formally propose marriage to her family and then get married after her part is finished."

Hearing his answer, these people became more surprised.

Then they even directly gathered around them and asked about their marriage.

Seeing this, Natalia lowered her head.

Natalia curled her lips slightly and then went into the room.

Not far away, Shawn had actually seen her. When he glanced at her and found she went back into her room, he felt his heart aching.

Someone pulled him and said, "Mr. Miller, since you are getting married to Jessica, and we and Jessica are also friends who have shot a drama together, so don't forget to invite us when you get married."

Shawn came back to his senses and smiled, "That's for sure."

The most popular actresses in this set were Natalia and Jessica. The rest were just all nobodies. It was their time to make a breakthrough now.

Usually, they naturally had no chance to talk to someone as rich as Shawn, and because of this, they could only covet the life of the people in his circle.

They didn't expect that Shawn would agree with them. Everyone was immediately overjoyed.

They chatted for a long while before they dispersed.

Jessica put down the drink in her hand, wiped the non-existent sweat at the corner of her forehead, and then said to Shawn, "Shawn, it's a little hot outside. Why don't we go to the lounge?"

Shawn nodded.

There were three lounges in total, one for the heroine Natalia, one for Jessica, and one shared by the other actors.

Since there were not many people on the set, those three lounges were close to each other, and they could not hear people speaking from a different lounge.

Jessica took Shawn back to her room. The staff all left. Only they two were in this room.

Immediately after those people left, Shawn, who had been wearing a gentle smile on his face before, appeared grim.

Seeing his complexion, Jessica was stunned and didn't know what to do.

She took Shawn's hand and cautiously asked, "Shawn, what's wrong with you?"

Shawn looked at her with a grim face and said in a deep voice, "What's going on with the video?"

Jessica's spine stiffened.

She forced a smile, "Director Langes is strict. I didn't feel well these days, so my acting may not be that good. But Shawn, you believe me. I can act well in this drama. I will not give you shame."

Shawn frowned.

"Now the public is talking pretty ill of you. The company has made a lot of efforts for your comeback and even taken the risk to get the contract of Kalaneige for you. At this critical juncture, you must not have an accident."

Jessica's eyes suddenly widened after hearing his words.

"What? Kalaneige?"

Shawn nodded.

"Because of what happened in the past, almost all your contracts were withdrawn, which is not good for your future development. That's why the company have tried its best to get you this contract. You must not let me down."

Jessica hurriedly nodded her head.

She almost wept with tears of joy.

“Shawn, don’t worry! I will definitely work hard and will never let you down.”

Shawn nodded and reached out his hand to fondle her hair.

“I knew it. You are the best. After all, if we lose this contract again, the compensation for breach of contract will be ten times the endorsement fee, and you don’t want our family to become bankrupt because of you, right?”

Chapter 202 That Was Impossible

His voice was extremely soft and gentle, but when Jessica heard that, she was greatly shocked.

“What? Ten times?”

“Of course. Otherwise, how could the company get this contract for you.”

“But this...”

“What? Don’t you have confidence?”

Jessica was stunned.

She looked at Shawn. Although Shawn still appeared gentle, Jessica felt he had changed.

She didn’t know since when it was, but she could no longer feel the love in his eyes. Although he was smiling, she could feel his gaze was very cold, which even made her heart tremble.

She gulped nervously, and half a moment later, she nodded her head.

“I understand. I’m confident. You don’t have to worry about me.”

“That’s good.”

Shawn let go of her hand and turned away, playing with a porcelain teapot on the table with one hand.

Jessica thought about it and suddenly asked, “Shawn, are you serious about our wedding?”

Shawn’s hand playing with the teapot trembled. Then he nodded.

“Yes.”

Jessica was instantly elated.

“Then when will we get married?”

“After you successfully become the new brand ambassador of Kalaneige!”

After saying that, he put the teapot in his hand aside, turned to look at her, and curled up his lips.

“Jessica, you will definitely become the brightest star of Century Entertainment, right?”

Jessica raised her head, looked into his eyes, and nodded firmly.

“Yes, I will.”

Shawn fondled her hair with satisfaction. His tone also went gentle, “Don’t worry. Until then, I will try my best to be a good boyfriend in front of the public and will never embarrass you.”

Only then did Jessica smile at ease. She hugged his waist and leaned into his arms.

“Shawn, you are so nice to me.”

Shawn did not say anything else. He gently patted her back. They stayed alone for a while longer before he left.

After Shawn left, Julia came over immediately.

She also wore a delighted smile. When she saw Jessica, she immediately ran to her joyfully.

“Jessica, good news!”

Jessica glanced at her, “Is it about Kalaneige?”

Julia was stunned.

“You already know about it?”

Jessica smiled smugly.

“Just now, Shawn came over and has already told me in advance.”

Hearing that Shawn had come over, Julia was naturally happy.

After all, since the love affair between Jessica and Shawn was made public, it had gained the favor of many people.

Shawn was the young master of Miller Prosperities. He was very young, handsome and rich. He also operated the Century Entertainment, so many people knew him.

Before letting the public knew his relationship with Jessica, most people had been familiar with him. They knew what kind of man he was. Among those rich second-generations who were promiscuous, he was still outstanding.

Therefore, as soon as his relationship with Jessica was made public and people knew that they were engaged since childhood, everyone was naturally very happy.

Everyone just loved seeing them together, since their love story was almost as surreal as those in dramas.

Jessica's image had naturally improved because of this.

After all, it was nothing for an actress to marry into a rich family.

She and Shawn were both from a rich and powerful family and were engaged since childhood. And they got along well with each other for so many years and would get married soon. That's so sweet.

Even if more scandals broke out, as long as it was not a fatal one, it would not have a great impact on Jessica because of her relationship with Shawn.

Therefore, this also meant that the relationship between her and Shawn must not go wrong.

In a way, her image had been greatly impacted because of the scandal last year.

If her relationship with Shawn also went sour, then she would be literally helpless.

Jessica sure knew this. After thinking for a while, she asked, "Julia, when will they come over to sign the contract?"

Julia said, "A few days later. When you finish the scenes for these days, I'll ask Vicente for a leave and then you can go over."

Jessica nodded. She was actually relieved. Then she heard Julia ask, "I've heard others talk about Shawn's visit these days. Have you reconciled with him now?"

Jessica was stunned and then thought of something. She smiled and nodded.

"Sort of."

Julia sighed, "During the last few days, he didn't come over to you even once. I also felt he treated you coldly and was afraid you got problems. It seems that I had worried too much."

Thinking about this, Jessica felt her heart pause for a moment.

She thought of what Shawn said before he left just now.

"Don't worry. Until then, I will try my best to be a good boyfriend in front of the public and will never embarrass you."

In front of the public?

Her expression changed slightly, and only then did she finally understand what he really meant. Her heart trembled violently.

Could it be that everything he's doing now, all the tenderness and concern he's showing, was just acting in front of the public?

No, it couldn't be.

Shawn loved her.

He would rather break up with Natalia, who was with him for six years. How could he give up on her?

Yes, that was impossible.

Absolutely impossible.

Jessica tried to calm herself down. Julia noticed that she did not look well and asked with concern, "What's wrong with you? Do you feel uncomfortable?"

Jessica shook her head.

"I'm fine, Julia. Please follow up on the endorsement contract for me. The shooting will begin soon. I need to make some preparations. You can go out now."

Seeing this, Julia just nodded and didn't say anything more. Then she left.

So, only Jessica was left alone in the room.

Jessica then sat down on a chair in despair. She covered her chest and closed her eyes.

'Shawn, you must not leave me.'

'I made great efforts to let you break up with Natalia.'

'You must not let me down!'

At that moment, in another lounge.

After a while, Natalia felt better and found that it was almost time, so she was ready to go to the makeup room to let the makeup artist fix her makeup before shooting.

However, unexpectedly, just as she walked to the door, she saw a person walking towards her.

She was slightly surprised and stopped.

After a while, she showed a mocking smile.

"Hey, Mr. Miller! Are you here to see me?"

Shawn stood there, somewhat embarrassed.

For a moment, Shawn covered his mouth with his hands and coughed lightly. He looked at Natalia seriously and said sincerely, "Natalia, can I talk to you?"

Chapter 203 He'd Got A Child

Natalia was stunned and felt even more surprised.

She originally wanted to refuse him directly, but when she suddenly caught a glimpse of another lounge not far away, she agreed.

"Okay, come in!"

Shawn followed her into the lounge.

Natalia did not want to exchange conventional greetings with him at all. After walking into the room, she leaned towards the table, held her arms, and directly asked him, "What do you want to tell me?"

This made Shawn a little embarrassed.

He didn't know why. The words he had thought about in his mind countless times just couldn't be said at the moment he looked into her eyes.

After a while, he forced a smile, "Nothing. I haven't talked to you seriously for a long time. I just want to have a chat with you."

Natalia just curled up her lips and didn't make too much reaction.

"That's really embarrassing. I'm not Jessica. I'm not interested in married men. Since you don't have anything serious to tell me, we don't have to have this talk here."

She said, then stood up and walked out.

Shawn panicked, and he quickly reached out his hand to pull her back.

"Wait."

Natalia frowned.

A wave of nausea swept over her. She violently shook off his hand, took two steps back and looked at him coldly.

Shawn's hand froze in mid-air.

He was stunned. He found Natalia didn't look well. Natalia took a silk handkerchief out from her bag and wiped the wrist he had just held and then threw the handkerchief in the nearby trash bin.

"Don't touch me! Just say what you want to say."

Shawn felt his throat blocked and suddenly had a particularly uncomfortable feeling.

He felt that his heart was covered by something. It was stuffy, but it didn't hurt very much. He just couldn't say anything.

He pursed his lips. After several seconds, he said softly, "Okay, then I'll come to the point."

Natalia appeared very calm and wasn't willing to give him a look.

Although Shawn felt uncomfortable in his heart, he also knew that everything now was the fruits of his own actions. He couldn't say anything to defend himself.

So, he said directly, "I went to Eqitin a few days ago."

Natalia raised her eyebrows, "What does this have to do with me?"

Shawn said in a deep voice, "Listen to me. Guess whom I met?"

Natalia was really not interested in guessing it, so she said directly, "I don't know."

Shawn was stunned.

The undisguised rejection and impatience in her attitude made his sense of suppression in the chest even stronger.

He took a deep breath and said seriously, "I met Archie."

Natalia was struck dumb.

"I saw with my own eyes that he was with a four or five-year-old girl. The child called him daddy. I think you should understand what this means, right?"

Natalia was completely stunned.

Noticing the change in her expression, Shawn let out a slight sigh of relief in his heart and continued, "Originally I didn't want to tell you about this, but I really don't want to see you cheated by him. He is not a good man for you. You won't be happy being with him."

"He even dared to lie to you about having a child. Maybe he hides more from you. Natalia, you must think about it carefully. Don't risk your future."

Natalia finally changed her expression again after a few seconds.

She looked at Shawn with a puzzled expression, "Who told you that he hides this from me?"

Shawn said with deep hatred and resentment, "Don't you believe me? He has a child..."

"He has a child. I know that."

Shawn, "..."

Natalia gave him the cold shoulder and twitched her mouth in dissatisfaction.

"I thought you would tell me something really important. Just this? Shawn, don't you feel it boring? Don't waste my time, okay?"

Shawn, "???"

"You don't mind?"

"Why should I mind?"

Natalia laughed twice as if she had heard a big joke.

"Shawn, you came here and talked so ambiguously to me. What reaction do you want to get from me? Angry? Sad? Disappointed or furious?"

"Do you expect we will get divorced and leave each other for good? Just because of this?"

"I'm sorry. You are wrong. Not only do I not mind, but I also like Anne very much. She is also my daughter. Do you understand?"

Shawn was completely stunned.

Before he came, he had imagined all the different kinds of reactions Natalia might have in his heart.

He didn't expect the result to be like this.

He shook his head, "Haven't you always valued loyalty the most? He hid it from you, and you don't hate him?"

Natalia slightly lowered her head, "No."

Why must she hate her?

It was not because of love that they were with each other.

At that time, they couldn't tell everything to each other. She had also hidden something from him.

Shawn couldn't understand it.

"Well, to take a step back, even if you don't hate him for lying to you, that child is not your own! Have you ever thought about how difficult it will be for you to get along with each other in the future? It's hard to be a stepmother. You should understand, right?"

Natalia sneered.

"Thank you for worrying about me, but don't worry, Anne likes me a lot and I like her a lot. I think we can get along well with each other."

Shawn, "..."

Shawn was so angry.

"Natalia, just think. Even if she likes you now, she still has her own biological mother!"

"Have you ever thought that no matter how much he loves you now, he still loved another woman before and even had a child with that woman?"

"Now that woman is not here, you can be a happy family living together, but what if she comes back?"

"Are you sure that woman has no place in Archie's heart? She gave birth to a child for him."

"If they are still in love, if that woman comes back one day, will that child like you as much as now? Do you really think that you can take the place of her real mother? Do you really think that you can replace her for Archie?"

Natalia froze.

She looked at him without any expression on her face.

Shawn gasped and said with deep hatred and resentment, "Natalia, don't be silly. He is not suitable for you at all! Do not bring destruction to yourself! By then, you will lose everything and get hurt! This is my most sincere advice to you!"

Natalia was silent for a while.

For a moment, she said calmly, "Oh, I know."

Shawn, "???"

'Why won't you just care?'

Natalia curled up her lips slightly and smiled.

"Shawn, you're actually quite strange." ???? ?

President's Sweet Wife

Chapter 204 Have A Midnight Snack

“We have come to an open break in our love with each other. I think you will laugh at me and rebuke me after seeing that I was cheated by Archie.”

“Have you been stung by your conscience and wanted to do something so that you can feel better? You even tried to alienate me from Archie today! What good will it do you? Do you still like me and don’t want me to live a happy life with Archie?”

Natalia finished. She looked at him and gave a half smile.

Shawn was speechless.

He seemed to have been found doing something wrong.

He hurriedly lowered his head and said, “Natalia! I’m genuinely warning you. You can’t think I’m joking.”

Natalia just nodded in all apparent seriousness.

“Oh, I see. So, you still can’t forget about me, you like me and you want me to break up with Archie?”

Shawn, “...”

Natalia shook her head.

“Unfortunately, a good horse will never turn round to graze on an old pasture. Shawn, we broke up all because of you. Even if I break up with Archie, I will never be with you again. You are doing this just in vain.”

Shawn was excited by her words for no reason.

His heart was beating faster and faster, like the dense raindrops which fell down from the sky really quickly.

He licked his dry lips and said in a deep voice, “I didn’t expect you to come back to me again. I ... I know you hate me. Naturally, I can’t expect anything. I just hope you won’t get hurt again. I was just trying to pay back what I owed you.”

Natalia suddenly felt it ridiculous, but she held back her laughter.

She calmed her down and said seriously, “Okay, I know it. If there’s nothing else, then you can go out now!”

Shawn looked at her, wanting to say something but then stopped.

But in the end, he said nothing and just left.

Until the door of the lounge closed and Shawn went far away, she laughed out.

Nancy walked in and saw Natalia laughing there. She was somewhat puzzled.

“Natalia, what’s wrong with you? Why are you laughing like this?”

Natalia waved her hand. After a while, she barely managed to stop laughing and said, "Nothing. I just, I just experienced something really funny."

Nancy was curious, "What's going on?"

"Just now Shawn came in. Guess what he said to me?"

Nancy was stunned and shook her head.

"I can't."

So Natalia told her what had just happened.

After hearing that, Nancy felt speechless.

"He's so sick! How dare he alienate you from Mr. McCarthy! Does he still think himself innocent and noble and want you to feel grateful to him?"

Natalia almost laughed herself into convulsions. After a long time, she patted her chest to smooth her breath and said, "Maybe! But he probably didn't expect me to already know about it, so he seemed quite disappointed when he left."

Nancy sneered and skimmed her lips.

"The young master of Miller Prosperities is so vicious that he can even come to you and want to turn you again Mr. McCarthy. Does he deserve to be compared with Mr. McCarthy? It's ridiculous!"

Natalia shook her head, "He has been like this for a long time. By the way, has Archie returned to Eqitin recently?"

Nancy was stunned, and then quickly replied, "Yes. You were in the middle of shooting at that time. I answered his call. But I was too busy after that and forgot about it."

Natalia nodded.

"It's okay. It's quite late. Let's go over."

"Okay."

The night's scene was shot successfully.

Although Jessica caused them to NG several times, it was much better than before.

Vicente wasn't even willing to scold her anymore. He could see that Jessica could play well when she was opposite any other actors.

But whenever she played opposite Natalia, she would make mistakes.

She would either forget the lines or be in a bad state.

At this point, Vicente sure had known that Natalia was trying to make things difficult for Jessica.

But what surprised him was that Natalia's acting could be so good even if it was her first time to star in any drama.

There were indeed some actors who had an intimidating aura.

Some experienced actors could perfectly integrate the character's temperament with themselves and show their own personality via the character.

In the middle of shooting, other actors might find their aura either inspiring or intimidating.

If they found it inspiring, they could bring out the best of each other, but they found it intimidating, no matter how hard the actor might try, he would still feel suppressed by such an aura.

Of course, usually only actors with at least ten years of experience could have such an aura.

But Natalia was born with it, and Vicente was also very surprised.

But since he knew that the problem was not with Jessica, Vicente was relieved.

After all, although he didn't like Jessica either, he had signed a contract with her. The drama had to be filmed. If he wasted one more day, he would have wasted the budget for an extra day. He also had to consider the whole crew and wouldn't let Natalia toss about it.

So, after work that night, Vicente went to Natalia and wanted to talk to her.

Natalia seemed to have expected that he would come to her. She waited there after finishing her parts.

When she saw him approaching, Natalia smiled and asked, "Hungry? Do you want to have a snack together with me?"

Vicente touched his stomach and nodded, "Okay! Then let's go to the restaurant across the street."

Natalia agreed.

There was a barbecue restaurant across the street. They learned from their previous experience. Instead of sitting outside at this time, they ordered a box inside.

Nancy knew they want to talk about something, so she did not follow inside, and just waited outside.

As soon as they sat down and ordered their food, Natalia said directly to him, "Director Langes, are you looking for me today for the matter of Jessica?"

Vicente didn't expect that she took the initiative to mention it. He felt surprised, but didn't deny it, and just nodded.

"I know that although you are sisters, there are some problems between you two. I am not sure exactly what's wrong with you, but that is all your private matters. In the set, I still hope that you can consider the whole crew and not bring in too many personal grudges, because it will affect our progress."

Natalia nodded.

"I understand. I am also sorry about this. But there is something maybe you don't know."

Vicente froze for a while and then said blankly, "What's it?"

While arranging their forks and knives, Natalia said, "I caught the person who took the picture of me entering your room and spread it online to frame us."????????????????????

Chapter 205 Make An Issue

Vicente was shocked!

His pupils dilated and he asked angrily, "Who is it?"

Natalia looked at him and wore a mocking smile, "Jessica."

"What?"

Vicente was surprised.

Not only him, but anyone in their set must be surprised to hear this answer.

It's not that he didn't think Jessica could do this, but that this didn't do Jessica any good.

As was known to all, because of the scandal, Jessica's career seemed to be on a downward trajectory. She seldom had the chance to appear in any dramas.

In order to make a successful comeback, she spent a lot of effort and finally got the chance to play the lead in this drama. She would try her best not to let the audience down.

Because of this, the drama was particularly important for her.

If something bad happened to both the director and the leading roles, the shooting would certainly be affected. If it became serious, the drama might not even get the chance to go on air.

Then she would be affected since she also starred in this drama.

So, why had she done this?

To make her career worse?

To make other actors fail?

Vicente didn't know why Jessica had done this to them.

Natalia smiled. She poured him a cup of tea and poured herself a cup too.

Then she sarcastically said, "Although she has gotten something, she has also lost something that was worth even more. Although there are not many such fools in the world, there is no denying that there are still such fools."

Vicente was so angry that he directly slapped his hand on the table.

"I couldn't figure out who was framing us before, so it was her? Damn it! She's trying to get you down and even the whole production down, isn't she?"

Natalia laughed.

Compared to Vicente's anger, she was just so calm.

Vicente glanced at her, and suddenly felt a little suspicious.

"Do you have any evidence?"

Natalia sipped the tea and nodded, "Of course."

She took the phone out of her bag and played a video.

In the video, it was Rosa's voice. She clearly explained why and how Jessica had ordered her to do those things.

Vicente's eyes widened as he listened.

"Damn it! That bitch!"

After the video came to an end, Natalia took back her mobile phone and said, "I suspect she was the one who photographed us in the restaurant and spread the word."

To this point, Vicente naturally would no longer doubt her words.

Vicente looked gloomy. He was very angry. He gritted his teeth and stared ahead.

"I see. She can even play tricks behind my back. It seems that I underestimated her before! Natalia, don't worry. Since we have got all the evidence, I will never tolerate it! She doesn't seem to want to keep her role anymore!"

Natalia raised her eyebrows.

"You want to kick her out of the cast?"

"Of course! I can't leave such a scourge in our cast! Otherwise, I don't know what will happen later."

Natalia shook her head.

"It would be such a waste."

Vicente froze.

Natalia worked out the accounts for him.

"More than half of the drama has been shot now. It will be finished in a month at most. The sidelights will be released in a few days too. Now it's not cost-effective to replace her with a new actress."

Vicente was so angry.

"You want me to let it go?"

"Of course not."

Natalia laughed, "If we just forget about it, then why did I still keep this video?"

Vicente was stunned.

"Director Langes, do you know why I didn't let you clarify the gossip before?"

Vicente shook his head.

"I want to make use of this to do something important."

Natalia stared at him and smiled, "Jessica has let the public pay so much attention to us, so we should make use of this."

Vicente subconsciously frowned.

"You mean we have to take advantage of this issue and overhype it?"

Natalia shook her head, "This is not hyping. We just take advantage of it to give publicity to our new drama."

She showed a wicked smile, "Anyway, we have the truth in hand. In the end, we won't lose anything. Why don't we enjoy the attention for a while?"

Vicente froze for a while before he understood what she meant.

"But this is too unfair to you."

After all, the previous scandal still had quite a big impact on Natalia's reputation.

Now she had got the recording, but she didn't choose to make it public. It's unfair for a girl to let others speculate about her private matters.

However, Natalia did not care about this.

She said in a low voice, "No! I'm just delaying the announcement of the recording. Since Jessica dares to do such a thing, she has to pay her due price for it, doesn't she?"

Vicente was silent for a few seconds and then nodded, "Okay, you can take care of this issue! Until then, I'll just pretend I have known nothing."

Now that he had agreed, she also showed a smile.

"Thank you, Director Langes."

After finishing their snack, they went back to the hotel.

Just after getting into her room, Natalia received a call from Archie.

She thought of what Shawn told her today and told Archie.

Archie sneered on the phone, "He still wants to pursue you?"

Natalia's eyes rolled, "I didn't know that. Maybe he doesn't want me to live a happy life, so he came to me to disgust me."

Archie snorted disdainfully.

"He doesn't deserve to appear in front of you. I'll have someone to get rid of him."

Natalia hurriedly stopped him.

"Hey, don't! I'm still waiting to see what will happen later!"

"What?"

Natalia then told him what had happened recently, as well as her plan.

After hearing her plan, he was silent for a moment.

“Natalia, you will not use these tricks against me in the future, right?”

Just how vicious this woman could be? That was horrible!

Natalia’s eyes narrowed and said, “Then will you bully me in the future?”

“No!”

He almost instantly made a reply, and repeatedly assured, “You are the only one who I won’t ever bully in my life!”

Only then did Natalia nod in satisfaction.

“Well, that’s good.”

After talking a little longer, they hung up the phone.

The next day, Shawn came to visit the set again early in the morning.

This time, he also brought the soup prepared by his servant for Jessica.

He said Jessica had worked so hard in the set and she was thinner than before.

The actresses and staff on the set were all very envious. They said that Jessica was so lucky to Mr. Miller, such a considerate and gentle man. He was also constant in love.

Chapter 206 Politeness and Hypocrisy

Most importantly, Shawn was the general manager and future successor of Miller Group.

Although Miller Group was not as powerful as tycoons like McCarthy Properties, it was at least one of the biggest groups in Julio.

As the general manager of such a company, Shawn must be very busy every day.

But he was willing to put aside his work and come here in person to bring Jessica soup. What a great boyfriend?

All the actors and actresses there were envious and moved.

Of course, Jessica felt happy and satisfied about it. The big smile on her face was so obvious when she took the thermal lunch box from Shawn.

She even shared the soup sent by Shawn with several actresses. Those actresses were surprised and even screamed for that.

Natalia's lips twitched when she saw this.

She suddenly remembered what Shawn had said to her last night.

Natalia wondered what Jessica would do if she knew this.

Thinking of this, Natalia suddenly had an evil idea and subconsciously grinned.

"Nancy, since Jessica loves Shawn so much, what if they break up one day? She will be crazy, won't she?"

Nancy was stunned, and then curled her lips in disgust.

"They are a perfect match. A j*rk and a b*tch. They should never break up with each other in case that they hurt others. It's good for them to be together."

Natalia nodded, "You're right."

After a pause, she squinted and smiled again.

"But there is always a sullen blow on the way of love. Do you think so?"

Nancy didn't understand what Natalia meant, but Natalia didn't explain, so Nancy couldn't ask too much.

After a while, people around there finally left. Jessica held Shawn's arm and walked towards the dressing room.

Seeing this, Natalia said to Nancy, "It's about time. Let's go to make up as well."

Nancy nodded.

As soon as the two entered the dressing room, they heard Jessica saying to Shawn in a coquettish tone, "Shawn, the soup you just brought is delicious. Can you bring more to me tomorrow?"

Shawn held her hand and touched her head dotingly. "Okay."

"Shawn, you are so kind to me."

"It's because our Jessica deserves it."

Natalia and Nancy who just got to the door couldn't help getting goosebumps when they heard this.

EHHHHHHH!

Did Jessica really say such sweet and hypocritical words to Shawn, not to show something to those around her?

Taking a deep breath, Natalia felt sick of it. She tried to control her feeling and walked inside.

"Natalia, you are here too!"

Jessica saw her and hurriedly greeted her with a smile.

Instead of giving her a cold face, Natalia nodded with a smile and said to the stylist next to her, "Please."

The stylist was familiar with Natalia. Just now, she was also speechless and didn't want to watch Jessica and Shawn's show. Seeing Natalia coming, she seemed to see a savior. She quickly said, "You are finally here."

With a knowing smile, Natalia sat down on the chair.

The budget of the crew was limited. There were only two dressing rooms, one for supporting roles and extras, and the other for the main actors and actresses.

The makeup of an actress was complicated, so they usually came early. At this time, besides the stylist and Shawn, there were only two people in the makeup room, Natalia and Jessica.

Taking a look at Natalia, Jessica put on a smug smile and suddenly said, "Sis, I heard the rumor about you and Mr. Langes on the Internet is getting more and more weird. Are you okay?"

Shawn paused.

He also turned to look at Natalia.

Of course, he knew the news on the Internet, but he believed that Natalia was not that kind of person.

Although he didn't know why Vicente chose Natalia, who had never starred in any works, instead of so many experienced actresses, to play the heroine, he knew what kind of person Natalia was.

It was easy for Natalia to get such opportunities with the dirty deal, but Natalia had never done it. This time, it was just an unknown web series, and naturally it was impossible for Natalia to do that.

Natalia didn't expect that Shawn would be so confident in her.

She sat there and said lazily, "It's good. I eat well and sleep well. What's wrong? Are you worried about me?"

"Of course, no matter what, you are my sister after all. The blood relationship can't be changed. Since such a thing happened to you, of course I will care about you."

With a fake smile on her face, Natalia looked at Jessica and said, "Thank you very much, but don't worry. I've asked someone to investigate this matter. I believe the result will be revealed soon."

Jessica raised her eyebrows.

"That's good. Since you're innocent, I hope you can find out the truth as soon as possible and prove your innocence."

"Thank you, my sister."

The two sisters talked to each other. Although they said that they cared about each other, the ridiculous politeness and falsehood in their tone were undisguised.

The two stylists couldn't help feeling embarrassed.

They only heard that the relationship between the two sisters was not good, but they did not expect it to be like this.

Fortunately, they were still friendly on the surface. Otherwise, it would be more embarrassing to stay with them in the same room.

Everyone was secretly worried that the two of them might have a fight there. Suddenly, Natalia asked, "By the way, have you found your missing assistant?"

Jessica got angry at the mention of it.

But she couldn't show it in front of Natalia.

So she just gritted her teeth secretly and smiled hypocritically, "Not yet! But there shouldn't be anything wrong. I've asked someone to look for her. Don't worry."

Natalia nodded and said, "That's good. After all, she's your assistant and has followed you for a long time. It's good if she's fine. If something happens to her, you should also take the responsibility, right?"

Clenching her fists with anger, Jessica didn't answer.

Strangely enough, since Rosa disappeared that night, Jessica had asked people to look for her everywhere, even including the hospital.

But she couldn't find Rosa, as if Rosa had suddenly disappeared from the world.

At first, she thought that Rosa was caught by Natalia when Rosa went to steal something from Natalia.

But later, the rumor on the Internet became fierce, and Natalia didn't respond. If Natalia really caught Rosa, she would definitely force Rosa to tell her the truth, and then prove her innocence.

But Natalia didn't, which meant that she didn't catch Rosa.

Jessica breathed a sigh of relief when she thought of this.

However, Rosa's whereabouts were still unknown, which made her feel nervous.

She didn't know where this d*mn girl had gone! When she found Rosa, she would teach her an impressive lesson!

Thinking of this, a merciless light flashed over in Jessica's eyes.

Shawn sensed the tension between the two, but he didn't know what to say.

President's Sweet Wife

Chapter 207 She Becomes A Burden

After sitting for a while, Shawn found that it was already late and the two had almost finished their makeup. He stood up and said, "It's late. I have to go back to the company."

Jessica frowned with unwillingness.

"Why do you leave so soon? Can you stay with me for a little longer?"

Shawn explained patiently, "I have something to deal with in the company. Besides, you don't have time to talk to me when you are filming later. I'd better not disturb you."

Jessica nodded and agreed.

"All right! I'll see you out. You must come to see me tomorrow."

Shawn agreed.

Shawn and Natalia turned around and walked out. However, after they took several steps, a clear voice suddenly came from behind.

"Wait!"

The two of them turned around and saw Natalia sitting on the chair. She frowned and looked at them.

"Shawn, I have something to ask you."

Jessica looked at her warily. "Shawn is in a hurry to go back to work. If you have any questions, you can ask him next time."

She didn't know why, but when she looked into Natalia's eyes, she always felt that something bad would happen.

So it was the wisest choice not to let Natalia talk to Shawn.

However, both Natalia and Shawn wouldn't listen to Jessica.

Shawn paused and asked, "What's the matter? Go ahead."

Natalia smiled and stood up.

"Are you sure what you said to me last night is true?"

Shawn was shocked.

Natalia sighed with a look of loss on her face. "If it's true, maybe I have misunderstood you these days. I want to say sorry to you here. Thank you for your reminder. I'll be careful in the future."

Shawn didn't expect that she would ask such a question.

Countless thoughts flashed through his mind, and countless emotions welled up in her heart.

Happy, moved, relieved, guilty, and lost... What a mixed feeling...

Jessica didn't know what they were talking about, but she had a bad feeling. She looked at the two of them vigilantly and suspiciously.

"Shawn, last night... Didn't you leave after you went out of my lounge directly? Why did you... and my sister..."

Shawn was stunned for a while. When he came to his senses, he explained in a hurry, "Oh, I remembered something at that time, so I told her by the way."

Jessica's face changed.

"Why don't I know?"

"It's not something important. I didn't mention it to you."

"But..."

"Shawn." Natalia interrupted Jessica directly and smiled at Shawn. "Don't worry. I won't be like what you are worried about. In return, I also remind you of one thing."

Noticing that she was serious, Shawn also immediately became serious and nodded, "Go ahead."

Natalia glanced at Jessica, who was in a panic.

With a mysterious smile on her face, she continued, "Although Miller Group has been reputable in Julio for many years and has a firm foundation, the competition is fierce now. Even a slight mistake will make you lose everything."

"As the young master of Miller Group, I hope you can pay more attention to the people around you, and don't let them become your burden in the future."

Shawn was shocked.

He looked at her in disbelief.

Jessica, on the other hand, suddenly screamed like a cat being stepped on in its tail.

"Natalia! What do you mean? Who do you think is Shawn's burden?"

Natalia glanced at her indifferently.

She put on a fake smile and said, "Why are you so nervous? I didn't say anything about you. You should be confident in yourself. Why are you so eager to get yourself involved just because I mentioned such a matter?"

Jessica was speechless.

Shawn pulled a long face and glanced at Jessica, with a touch of disgust and impatience in his eyes.

"I know. Don't worry. I will pay attention to this matter."

Natalia nodded, then didn't say anything else, and left with Nancy.

After she left, the other two stylists realized that something would happen, so they also went out.

There were only Jessica and Shawn left in the dressing room.

Holding his arm, Jessica looked up at Shawn and explained nervously, "Shawn, please trust me. I will work hard for you and won't let you down. Don't listen to her nonsense."

Shawn looked down at her, but the tenderness on his face was gone.

He said in a cold voice, "Of course I trust you. Besides, Natalia might not be talking about you. Why are you so nervous?"

Jessica was rendered speechless.

How could she not be nervous?

She had just signed a contract with Century Entertainment, but then the scandal in the school broke out. The endorsements and contracts she had had all been denied, and she had also paid a huge fortune for breaches of contract.

Now, the rumor finally quieted down, and she got a role. However, just at such a critical moment for her to reappear, she met Natalia again, whose performance on the film set had repeatedly suppressed her.

If she couldn't take this opportunity for a comeback, or if she couldn't perform well in this series, then she would have no more chance!

This circle had always been cruel. There were more outstanding newcomers who just started their careers every day. She hadn't been heard of for half a year. Half a year was enough to make some people forget her.

If she didn't have a piece of work to prove her innocence and ability, perhaps more people would forget her.

At that time, Century Entertainment, which had put a lot of energy and budget on her, would definitely suffer a loss.

The company had already paid quite a lot for her breach of contract, and the board of directors had long been dissatisfied with it. Now if she brought a loss again, as her boyfriend, Shawn would certainly be scolded by the board of directors.

Although Miller Group was a family business, it was no longer a traditional family business after several major funding.

Henry was still the largest shareholder of the company and held the final decision-making power, but he couldn't cover up Shawn if the board of directors unanimously expressed their opinion against Shawn, even if Shawn was his son.

Just now, Natalia had made it clear. Miller Group had many companies, not only Century Entertainment, but undoubtedly Century Entertainment was the most profitable and the most promising one.

If something went wrong here, it would be difficult for Shawn to win supports in Miller Group.

As Shawn's fiancée, Jessica definitely understood this.

That was why she was so nervous.

Shawn looked down at her and smiled indifferently.

"Jessica, we are about to get married soon, so we should trust each other and share weal and woe. So you don't have to take her words seriously. I trust you, just as I trust myself. Do you understand?"

Hearing his words, Jessica finally felt relieved.

She forced a smile and said, "I won't worry as long as you trust me."

After a pause, Jessica remembered what Natalia had said before she left. She asked in embarrassment, "Shawn, then... What ... What did you say to her last night?"

Chapter 208 It Hurts

"Last night?"

Shawn raised his eyebrows and thought for a while. "Nothing. It's just something unimportant."

Jessica forced a fake smile.

He went to find her just to say something unimportant, huh?

Only a fool would believe it.

But now Shawn was totally different from before. Even his temper and personality had changed. Sometimes she really couldn't understand what Shawn was thinking.

Since he said so, she didn't dare to ask any more questions. She could only say in a soft voice, "It's good that there is nothing important. In fact, my sister has been in a bad mood these days because of the gossip about her affair with Mr. Langes. After all, you and she grew up together. If you can comfort her, it may also make her feel better."

Shawn looked at her and sneered.

"Won't you be jealous of it if I go to comfort her?"

Jessica shook her head immediately.

"Of course not. She is my sister, and you are my husband. I will be happy if you get along well with each other. Why should I be jealous?"

Shawn nodded with satisfaction.

"Good girl."

Jessica forced a smile.

Shawn didn't stay with Jessica for too long. He left soon.

Back to the set, the sweet smile on Jessica's face that she put on when she had talked to Shawn before was totally gone. With a cold face, she walked to Natalia. Before everyone could react, she suddenly raised her hand.

"Slap!"

A crisp slap fell on Natalia's face.

Everyone was stunned.

They stopped doing their work and looked at her in disbelief and confusion.

The next second.

"Slap! Slap! "

Two hard slaps fell on Jessica's face.

Jessica covered her face in disbelief, glared at Natalia and shouted angrily, "How dare you?"

Natalia's eyes were colder than hers.

Behind Natalia, Nancy was pouring juice for Natalia, so she didn't have time to come over. When she saw that Natalia was slapped, she immediately flew into a rage and kicked Jessica in the chest.

Natalia had just given Jessica two slaps in return for Jessica's slap to her. Although it hurt, it was not really a big deal.

Nancy kicked Jessica away mercilessly.

"Natalia, are you okay?"

Nancy looked back at Natalia nervously and sympathetically.

Natalia was also stunned for a while. She didn't expect Jessica's craziness. When she came to her sense again, she shook her head and said, "I'm fine."

"Your face is swollen. How can you be fine? It's all my fault. I didn't notice her move. I just focus on pouring juice."

While Nancy was still blaming herself, the onlookers had already realized what had happened and couldn't help turning pale with fright.

Rosa was missing, so the assistant beside Jessica was an older one called Ally.

Ally screamed and rushed to Jessica, trying to help her up.

"Jessica, are you okay? How do you feel?"

Jessica covered her chest with her hand. Her face was red and swollen, and her lips were pale with pain. She struggled to sit up with the help of Ally. It took her a few seconds to calm down. She said in a weak voice, "My chest... It hurts so much."

Ally was scared as she heard that.

"What should I do? I... I'll call the ambulance right away and send you to the hospital. "

Then she took out her phone and began to make a phone call.

After the phone call, she turned around and glared at Natalia and Nancy.

"You're so merciless! How dare you! If anything happens to Jessica, you'll pay much for it!"

Natalia's lips twitched.

In fact, she didn't think it was necessary for Nancy to kick Jessica. Two slaps in return would be enough.

But since Nancy had done it, Natalia also wouldn't blame her. She said coldly, "Anyone knows who started it! What? She slapped me first, but now I become the villain. I just defended myself. Isn't it right?"

The people around them all saw that it was Jessica who started the fight, so they didn't say anything.

No one helped her, so Ally also knew it was not Natalia's fault, but she was still not convinced.

She said angrily, "Then you can't kick her! And you even asked your help to bully her together! Jessica even can't stand up now. How can you do this to her?"

To cooperate with Ally's words, Jessica coughed and looked at them weakly.

"Sis, no matter how much you hate me, you can't be so cruel to me! What's more, it's your fault first. How could you do that to me since you're the one who has made mistake."

Everyone was confused.

Natalia was in the wrong first?

What was going on?

Natalia also raised her eyebrows. She didn't know what Jessica was talking about.

Jessica continued with a sad look.

"I know you hate me. Since I joined the team, I have been avoiding talking to you and don't want to cause any trouble. But what have you done? You tried to sow discord between Shawn and me. You know how important he is to me! You... "

"What? Natalia tried to sow discord between Mr. Miller and Jessica?"

"Oh my God! How could she do that? She doesn't seem to be that vicious."

"Who knows what she was thinking? At least we can't."

"Maybe she is jealous of her sister. After all, Jessica has such a good boyfriend, but Natalia is still alone!"

"Hey, I have a piece of news. You know what? Natalia didn't live in the Dawson family. It's said that she was driven out of the family. Even her family hated her like that. Is it because of her bad personality?"

"It can't be like this! I think she is a nice person since I get along well with her. I don't think there is anything wrong with her personality."

"Well, are you familiar with her? We are actually not her friends. Of course, she won't do anything to you."

"That's right. After all, even if she has a bad personality, she is not a mad dog. It's impossible for her to bite everyone. Jessica is her sister, and it is said that Jessica is the daughter of her stepmother. Of course, she is jealous and unwilling to accept Jessica."

"So what Jessica said is true..."

The people around them began to talk about it. Hearing this, Nancy was furious and her face darkened.

When she was about to say something, she was stopped by Natalia.

Natalia glanced at Jessica indifferently and stepped forward.

"You said that I tried to sow discord between you and Shawn. Then can you tell me how I did that?"

Jessica was stunned and didn't know what to say.

Natalia squatted down in front of Jessica.

"I just kindly reminded him to pay more attention to the people around him. Don't be taken advantage of by others to cause trouble to Miller Group. But you think I was sowing discord between you and him. Jessica, you've been with Shawn for several years. Are you still not confident enough in yourself?"

Jessica blushed with anger, "You!"

"And..." All of a sudden, Natalia bent over and stared at Jessica coldly. She lowered her voice and said, "Have you forgotten how you were able to be with him?"

"Or did you choose to forget what you've done before because you've been being his girlfriend for too long? Maybe that is just the reason why you're so brave to speak such words to me in front of so many people, isn't that?"

Chapter 209 Ruined

Jessica's pupils widened suddenly.

She looked at Natalia in shock and horror.

"What do you want to do? You promised..."

"I promised Uncle Miller not to talk to anyone about the relationship between the three of us, but that's based on the premise that you don't provoke me. Now you want to provoke me."

Natalia sneered with a cruel light in her eyes.

"So I also have no need to keep my words. Let's see if you can still keep the thing that you have stolen from me."

"You!"

Natalia got up, didn't bother to talk to her anymore and left straight away.

Ally didn't hear what they just said. Seeing that Natalia left like this, she got very angry.

"Jessica, we should call the police or call Mr. Miller! How dare she hurt you like this? We must not let her go!"

Jessica was angry and clenched her fists.

Hearing Ally's words, she turned around and glared at Ally, gnashing her teeth.

"Call the police?"

Ally didn't understand why Jessica showed such an expression. She nodded blankly.

"Yes."

Unexpectedly, Jessica suddenly got angry and pushed her away. "Get out!"

Ally was confused.

She didn't know what mistake she had made, but she could clearly feel Jessica's anger. She thought that Jessica was still angry with Natalia, so she hurried to help Jessica up.

"Jessica, don't do that."

Jessica took a deep breath to suppress her anger.

"Help me back to the hotel and tell Vicente that I am not feeling well and can't go to the shooting today."

Ally was stunned.

"What?"

Jessica glared at her. "Do it! Hurry up!"

"But... Shouldn't we take revenge on Natalia?"

Staring in the direction in which Natalia left, Jessica clenched her fists.

"Don't worry. I won't let her go. I will let her pay back what she has done to me sooner or later!"

Finally, Ally obediently went to find Vicente and asked for leave for Jessica.

Definitely Vicente knew what had happened on the set. After all, this was not a small case. However, he didn't say anything to Ally.

Pretending not to know, he waved his hand and said, "She's troublesome. Okay, just one day. She must go back to work tomorrow."

Although Ally was dissatisfied, she didn't dare to say anything and went back to report.

On the other side, Natalia sat in front of the mirror and asked Nancy to apply ointment on her face.

She had already put on makeup, so she had to remove the makeup first when applying the ointment.

But fortunately, Natalia had wonderful skin, so she didn't wear much makeup. All she needed to do was to use the makeup remover to wipe off the makeup on her face. After applying the ointment, she would wear it again.

While applying the ointment on her wound carefully, Nancy felt sorry for her and said, "Jessica is crazy! She will go crazy for no reason. Look, your face is swollen."

Seeing the resentment on Nancy's face, Natalia smiled and said, "All right. She will be more miserable than me, especially when you kicked her. Well, you didn't use your full strength, did you?"

Nancy snorted.

"If I used all my strength, she wouldn't have gone to the hospital by herself. Instead, she should have been carried there by a stretcher."

After all, Nancy knew that she couldn't be too cruel on the film set or she might have caused more rumors.

Natalia nodded and felt a little relieved.

Then she thought of something and couldn't help laughing.

"It seems that there is something wrong with the relationship between Jessica and Shawn."

Nancy was stunned and confused. "What do you mean?"

"She has always been a scheming woman. She is not a frivolous and irritable person. This can be seen from the fact that she could endure the humiliation together with Aleena Dawson and didn't come to my family until she was eighteen years old. But today, I just said a few sharp words, and she was already so excited. Doesn't it mean that there is something wrong between her and Shawn?"

Nancy got what Natalia meant and nodded.

"So you were provoking her on purpose just now?"

"Yes!"

Nancy was confused again.

"But what good will it do to us?"

Natalia smiled.

Good? Of course, there was good.

After all, a cornered beast would do something desperate only if they were pressed too hard, wouldn't they?

Thinking of this, she lowered her eyes slightly and showed a knowing smile. Then she took out her phone and made a call.

That morning, a video suddenly appeared on the Internet.

It was about the series again, Strategies for Cannon Fodder, about the same people, Jessica and Natalia.

Recently, there were too many topics about this series and these two people, which made the netizens almost numb.

However, when they saw the video and knew what was going on, they couldn't help but gasp.

What the h*ll? It was too cruel!

Was the woman still the gentle and kind Jessica in front of the camera?

In the video, Jessica rushed to Natalia like a lunatic and slapped Natalia hard on Natalia's face.

The video only lasted for ten seconds, very short. After the slap, the stunned face of Natalia and the confused expressions of the onlookers beside her were quickly shown.

As soon as the video was exposed, it immediately caused a great uproar on the Internet.

It was even more serious than the photo scandal of Natalia.

"D*mn it! Is Jessica crazy? I can feel that it hurts much even if I see it on the video. How could she do it?"

"Were they filming? Is it a plot or something?"

"I don't think so. They were all wearing normal clothes, not some costumes."

"Then what was going on? She would not hit someone for no reason. There must be something behind it."

"No matter what, she shouldn't do it! This is too much!"

"Yes, it's too much. She always pretends to be gentle and kind. I didn't expect her to be so vicious behind the camera."

"It's so impolite to slap someone on the face. An actress lives on her face and Natalia is still in the shooting. Did Jessica want to make Natalia unable to shoot since she chose to slap on Natalia's face?"

"It hurts, even if I saw it in the video. The person who was hit must be more painful. It's really too cruel."

"Aren't they sisters? A few days ago, Jessica had an interview and said that she had made up with Natalia."

"Oh, so what she had said in the interview was also a lie."

"It should be a lie. Otherwise, how could they fall out with each other and even hit each other just after they made up with each other?"

"I saw that Natalia was confused. Maybe she also didn't expect that her sister would suddenly slap her, so it was very likely that Jessica suddenly took action to bully Natalia."

"Alas! I even regarded her as my goddess. It turns out that all tenderness is fake. She is so cruel and fierce behind the camera. Judging from her movement and speed, I know that she doesn't do such things the first time. Maybe she is really such a person in daily life."

"Her image in my mind is ruined."

"Ruined, too."

"Ruined, too."

"Ruined, again..."

At the same time, Shawn, who was sitting in the CEO's office of Miller Group, heard the ring of his mobile phone. He took a look and then his face suddenly darkened.

Chapter 210 He Still Loved Her

Shawn stood up from the chair, staring at the phone with a livid face.

The secretary just came in from outside and reported respectfully to him, "Mr. Miller, the board meeting will begin in ten minutes."

Shawn kept silent with a straight face.

After a few seconds, he said, "I see. You go out first."

The Secretary nodded and left.

Shawn took a deep breath to calm himself down and dialed a number.

The phone was connected within a few seconds, and Jessica's surprised voice came to his ear, "Shawn?"

"What are you doing?"

"Me?" Sitting in the hospital, Jessica looked at Ally next to her and said guiltily, "I didn't do anything. I'm in the crew now..."

"In the crew? Huh! It seems that you still don't know what happened on the Internet?"

Jessica was stunned and confused.

"Internet? What happened on the Internet? "

"What happened? Read the news and see what you have done!"

After shouting, Shawn hung up the phone immediately.

Jessica was stunned by his roar. After a few seconds, she came to her senses and hurriedly login into her Twitter with her mobile phone.

It became trending on Twitter. The video of her slapping Natalia had been listed in the top search list, and the comments were full of doubts and curses, all of which were criticizing her.

Jessica's face changed. She went to watch the video and then was furious.

This b*tch!

It must be her plan!

It must be Natalia who had set her up on purpose. She wondered why Natalia was so strange today. Normally, when Natalia saw Shawn, she would be just indifferent. But she suddenly became so enthusiastic today!

Natalia must have said those words on purpose to irritate her, and then secretly asked someone to take this video.

This vicious woman!

Jessica was flustered now. Thinking of Shawn's angry tone just now, she became more nervous.

She quickly dialed back.

As soon as the phone was connected, she hurriedly explained, "Shawn, it's not what you think. It's Natalia. She framed me. What they said on the Internet is not true."

Shawn said in a gloomy voice, "You mean it was her who moved her face close to you and asked you to slap her?"

Jessica was speechless.

"Shawn, please trust me. I didn't hit her on purpose. She irritated me. I was just too angry..."

Jessica couldn't help but burst into tears. She choked, "How could she do that? It's not a big case that she set me up, but she made it bigger. She knew clearly how important this comeback is to me!"

At this time, the doctor came over and called her, "Jessica Dawson, come here to take medicine."

Shawn keenly heard this sentence through the phone and asked suspiciously, "Where are you?"

"I..." Jessica hesitated for a moment and didn't say anything.

Ally couldn't help but grab the phone and said angrily, "Mr. Miller, you only blame Jessica. Don't you see how Jessica was beaten by that vicious woman because of you!"

"Let me tell you the truth, we are in the hospital now! Jessica was not only slapped by that woman two times, but also kicked by her help. The doctor said that Jessica's ribs were fractured. If we didn't come to the hospital in time, there might be sequelae!"

"Ally, stop doing that!"

Jessica grabbed the phone in time and said anxiously, "Shawn, I'm fine. Don't worry. Natalia... Natalia has always been domineering. I don't think she did it on purpose."

There was a moment of silence on the other side.

Both Jessica and Ally held their breath, waiting for Shawn's response.

After a while, he seemed to take a deep breath and his tone slowed down.

"Are you hurt?"

Jessica shook her head. "It doesn't matter. Just a small wound."

"Which hospital are you in? I'll be right there."

Jessica bit her lips and said awkwardly, "Shawn, will it disturb your work?"

"No. send me the address."

"Well... Okay!"

After hanging up the phone, Jessica sent him the address.

Ally glanced at her face and said, "Mr. Miller came here as soon as he heard that you were injured. It seems that he cares about you very much."

Jessica nodded, "Of course."

It was not until this moment that she felt a little relieved.

No matter what tricks Natalia played on Shawn, it couldn't change Shawn's love for her.

Otherwise, he wouldn't have stopped working and rushed here as soon as he heard that she was injured.

There was no doubt that Shawn cared much about her!

Thinking of this, Jessica wasn't as flustered as before. She walked over and asked the doctor to apply ointment to her wound.

Thirty minutes later, Shawn arrived.

Along with him was Julia.

Julia had already seen the video on the internet.

She had already sent an order to her fellows to remove the topic and delete the video at all costs.

Although she knew that since half a day had passed, the heat of this matter had already risen to an uncontrollable level on the internet. Even if she really managed to remove the topic and delete the video at this time, it was still useless.

But at least it was better than doing nothing.

Julia comforted herself like this. Seeing Jessica there, she quickly walked forward, looked at her up and down, and then asked with concern, "How do you feel? Are you okay?"

Jessica pursed her lips and shook her head.

She looked at Shawn, who was standing behind Julia, with tears in her eyes.

"Shawn, I'm sorry. I got you in trouble again."

Shawn didn't look good.

What happened today was out of his expectation.

He didn't expect that Jessica would be so impulsive to hit Natalia on the film set.

It was not a big deal if she just slapped Natalia, but she was caught and there was a video. She didn't get any benefit in the end, but got herself into trouble again.

How stupid this woman was!

He was angry, but he couldn't vent his anger when he saw the weak look on Jessica's face. He had to suppress his anger and asked with a straight face, "What happened exactly? Tell me clearly."

Then, Jessica and Ally told him the real situation at the film set.

Of course, what was in the video was the facts, but some of the details were naturally biased in the narration.

After saying that, Jessica wiped her tears with a tissue, looking sad.

"I admit that I was too impulsive this time, but my sister has gone too far! I just wanted to question her a few words, but she called the bodyguard to beat me. What's the difference between her behavior and barbarian's?"

Looking at her crying face, Shawn felt inexplicably annoyed.

He waved his hand and said, "Okay, I'll deal with it. You don't have to go to the set in the next two days. I'll say this to Vicente and help you ask for a leave. You should go back after the matter is forgotten."

Jessica bit her lips and agreed in a low voice.?????
