

Chapter 2081: Money or life

No one could blame them for their current situation. If anyone was to blame, it would be because they were too greedy. They always wanted to get something, but they were not willing to pay anything.

All of this was their own fault. They could not blame anyone else.

Qin Xiaoyue had been eating instant noodles for the past few days. Other than eating instant noodles, she could not do anything else. She did not know how to do anything else. However, it was already good enough to have a bowl of noodles in her mouth.

After all, during her years in the Lu family, she had only been able to reach out for food and clothes. Other than eating and drinking, she was unable to do anything else. Of course, it was impossible for her to earn money to support herself.

Even Qin Xiaoyue, who was unwilling to wash the bowls, bought instant noodles in buckets when she bought them.

At night, Qin Xiaoyue slept soundly. She had slept well these past few days. She ate instant noodles during the day and slept after watching TV at night. She also felt that these days were not bad and did not feel that anything was wrong.

“Bang Bang, Bang Bang...”

The door outside was suddenly knocked with a bang. Qin Xiaoyue sat up with a whoosh.

“What are you knocking on the door for? What are you shouting for?”

She was asleep just now. Why were you knocking on her door in the middle of the night? Why? Did you want to rob her or rob her? Although she admitted that she was as beautiful as a flower and although she was old now, she still retained her charm, however, it was not to the point where people had to come knocking on her door to rob her of her.

However, she still took the mop, but it seemed that she had never used this mop before.

The door outside was still banging.

She walked over.

“Who is it?” She shouted towards the door and clenched the mop in her hand tightly. However, no one outside answered, and of course, no one knocked on the door again.

“Lunatic!” She cursed and threw the mop aside.

However, she had only taken a few steps when the door outside rang again.

“Lunatic!”

She opened the door with a whoosh. Before she could see anything clearly, the people outside walked in with the sound of the wind. They also walked straight into the kitchen. Qin Xiaoyue was stunned. Where did this robber come from, how could he just enter someone else's home and run into someone else's kitchen? What, did he still want to eat plain rice?

She picked up the mop again and was about to go up and hit someone. However, a dirty-looking homeless man walked out. He was so skinny that he looked like skin and bones.

"Mom, what are you doing?"

After saying that, the homeless man threw the bowl on the table and sat down, waiting for the noodles to be ready.

"Lu... Lu Qin..."

"Son?" Qin Xiaoyue was shocked. This was Lu Qin, her son. But how could this be her son? How could her son become like this

But this voice was clearly her son's.

The tramp sitting on the chair was so skinny that only bones could be seen. His hair was also very long and had long hair knots. Even if he wanted to comb it, it would be impossible to comb it.

Also, his eyelids were almost green and his eyes were black. He was so black that it was as if he had been beaten by someone. Stubble could be seen all over his face. It was possible that he had also been cut, he cut himself as if he had been bitten by a dog. His body was dirty and smelly.

Even if he was so dirty, it was impossible for Qin Xiaoyue not to recognize him. This dirty homeless man was none other than her son.

"Lu Qin, how did you find Him?"

Qin Xiaoyue screamed and hugged her son. No matter how bad Lu Qin was now, no matter how bad he was, he was still her son. She had thought that her son was gone, but now, her son was standing in front of her. Even if he was a little embarrassed or ugly, he was still her son, her biological son.

"I have always followed you." Lu Qin separated Qin Xiaoyue's hands and pulled the instant noodles on the table in front of him. He didn't care whether the noodles were soaked or not. He opened it and ate it.

"You followed me?" Qin Xiaoyue was stunned, "Then why did you come to me now? Also, she rolled up her sleeves. Lu Qin, You Bald Bastard, you are not dead. "Why didn't you tell me that they took me as a hostage? Why didn't you come to me? Didn't you take me as your mother?"

Lu Qin continued eating his instant noodles and didn't want to answer Qin Xiaoyue's question.

He had always been careful. He had also observed for a few days. It was only when he knew that there was no one watching that he came over. Otherwise, how could he appear and expose himself so carelessly in front of others.

Don't forget, he was now a wanted criminal, and a wanted criminal who was already dead. If he was caught, then there was only one path waiting for him, and that was death.

He had not lived enough, and he had not thought about death.

Therefore, he was very careful now. Also, while eating these disgusting instant noodles, he did not even eat anything else.

After he finished a big bowl of instant noodles, he threw his chopsticks on the ground. He did not even change his clothes before he pulled open the blanket and went to sleep.

Qin Xiaoyue asked him for a long time, but her son did not answer her. She was angry and scolded him, but in the end, she could not do anything to Lu Qin.

Neither mother nor son were people who lived their lives. No one was willing to clean up the instant noodles on the table. The floor hadn't been dragged for a long time. If the clothes were dirty, they would be thrown away, and they were still piled up in the bathroom.

Qin Xiaoyue didn't have many clothes to begin with, and she wore them less and less. When she was too dirty to wear them anymore, she would find clothes to wear from the pile of dirty clothes. After all, these clothes would be left for a few days, the smell would also be gone, so she could still make do with it.

She was wearing her own dirty clothes, so what was there to be afraid of?

Lu Qin fell asleep with the blanket wrapped around him. He had never thought that there was only one bed here, and there was only one blanket. He occupied the bed and the blanket, so where the hell was he going to sleep?

Right now, he was only controlling himself, but he could not control others, even if that other person was his biological mother.

Qin Xiaoyue did not know where she was going to spend the night. She lived alone, and if she lived alone, what was the point of having so many blankets? Was it a waste of money?

To her, money was something that she did not have even if she spent it. Although she had a few million dollars in her hands, it was not enough. According to her previous spending methods, she would not feel much even if she had a few million dollars.

Qin Xiaoyue did not have a pillow, a blanket, or anything. She could only sleep on the sofa outside for the entire night. Even after tossing and turning, she could not fall asleep no matter how hard she tried. She finally fell asleep.

However, when she slept in a daze at night, she felt that one position was a little stiff. It was also very uncomfortable to sleep in.

Chapter 2082: you will definitely die in my hands

She turned her body, trying to find a comfortable position for herself to continue sleeping.

In the end, with a plop, she rolled down from the sofa, but she did not smash herself to death.

She touched her butt, which had been hurt from the fall, and climbed back onto the sofa. She thought that if she were to buy a bed tomorrow, she had to buy a blanket. Otherwise, how could she sleep?

“Mom, go buy some for me.” Lu Qin had been tormented by this drug addiction. He had quit, but he was infected again. The money that she had deducted from Su Muran was almost used up, otherwise, he would not have come back. It was dangerous to stay by Qin Xiaoyue’s side, but he could not bear the torture of the drug addiction.

For those things, he was willing to be treated like a pig or a dog.

Qin Xiaoyue saw that her son was suffering, so she could only buy it for him. This thing was not allowed in the market, and it was illegal. Of course, no one dared to sell it, but Qin Xiaoyue had helped douqin buy this thing before, so she knew where to find it. However, this purchase cost her thousands of yuan. She left with a stack of red notes, and her heart ached for God knows how long.

Lu Qin had had enough of this, and only then did he sprawl on the ground.

What was the point of him living like this, neither human nor ghost? He was just barely surviving.

He sat up and tugged at his sleeves. Even if he didn’t want to live anymore, he had to pull those people along.

That day, he finally had a good sleep, but he also had a strange dream. He dreamed that he was holding a knife in his hand, and he stabbed it into Lu Yi’s back one knife after another, the stab almost turned him into a hedgehog, and of course, it also drained the precious blood from his body.

And after a while, the person who was stabbed until his body was full of bloody holes turned into Yan Huan, regardless of whether it was Lu Yi or Yan Huan. He had to hold the knife, and the moment he stabbed their bodies, he felt a sense of satisfaction and excitement that he had never felt before.

It was as if this was what the heavens wanted him to do.

He was going to drain the blood from Lu Yi and Yan Huan.

How could they exist in this world? If they didn’t exist, he would be the best actor and the last heir of the Lu family. The entire Lu family would belong to him. He would be famous, rich, famous, and hopeful. He could have anything he wanted, he would be glorious, and he would be proud of himself. Everything he wanted would come true.

But now, he was nothing. He was a eunuch, a eunuch who was addicted to drugs, and a eunuch who had died.

He held the knife in his hand and laughed like crazy. Of course, it also gave Qin Xiaoyue a big scare.

She really felt that her son was crazy. Why was he laughing in the middle of the night?

When Lu Qin opened his eyes, the sky was already bright. He was still lying on the small old bed. His hands were also flat. He lifted his hands and placed them in front of him, in the end, there was nothing.

There was no knife, no blood. There was also no satisfaction that made his entire body tremble from excitement.

At this moment, the muscles on his body were trembling, but his heart could not help but feel empty. This emptiness was torturing him, making him want to go crazy and scream.

“Mom, can you get something else to eat?”

Lu Qin pushed the instant noodles on the table forward and threw the chopsticks in his hand. “It’s instant noodles every day. Can’t I change it?”

“I don’t know how to cook. In our current situation, it’s already good enough to eat instant noodles. Why are you still picky?” Qin Xiaoyue also ate instant noodles. In the past, she did know how to cook. After all, with the conditions at home., however, after she entered the Lu family, she had to open her mouth and stretch out her hands. She had never cooked or entered the kitchen. It had been decades since she entered the kitchen, and she didn’t even know how to hold a knife, now, it was already good enough to have instant noodles to eat. Anyway, it would not die from eating. There were no shops in the village, so what else could she eat if she did not eat instant noodles?

Lu Qin threw his chopsticks down and stopped eating. He lay on the old bed again and slept like a dead pig.

The television was on. Qin Xiaoyue lived here, so she did not watch much television. Why would she watch television? The electricity bill was free, but Lu Qin was watching it. His favorite program was a food program, Qin Xiaoyue thought that Lu Qin wanted to eat, but she didn’t know that Lu Qin was always watching that program, the woman who was in the limelight.

“Yanhuan...”

“You will die in my hands.” The corners of his lips suddenly cracked, and there was an indescribable strange look on his face.

Lu Qin still lived here. He couldn’t eat, drink, or defecate without his old bed. Qin Xiaoyue wasn’t a good wife and mother. She gave her son something to eat every day. It was either instant noodles or instant noodles, because instant noodles were the simplest. She didn’t even have to wash the dishes.

There was still a take-out or something, but she didn’t dare to order it. Those things were expensive, so it was more cost-effective to eat instant noodles. In a day, she and Lu Qin were alone. It was less than twenty yuan, but if she ordered that take-out, twenty Yuan wasn’t enough for this meal. It was still for one person.

If it was two people, then it would be 50 yuan, then it would be 60 yuan.

How could they have so much money to spend now? Of course, Qin Xiaoyue could also understand some things. For example, money was her own money when she put it on her body, but if she spent it, then it wouldn’t be her money., but it would become someone else’s money.

She valued her own money and jewelry more than her own life. Every day, she had to split one yuan into two halves and use it. She couldn’t bear to eat meat. Moreover, even if she bought the meat back., she had to cook the meat well.

That would be troublesome. She might as well eat instant noodles. Yes, to her, it was just a sentence. She might as well eat instant noodles.

However, there was no more instant noodles at home. Now, she and Lu Qin were both instant noodles. At the end of the day, the two of them needed six buckets. She had to go down and buy them once a day.

Now, she was going to buy them again. She took her wallet and counted the change in her bag. She really felt that she had spent the money too quickly. Now, for every 100 yuan she spent, her heart was almost bleeding, fortunately, there was still some money in her bank card. Otherwise, she might not even be able to eat.

She went downstairs to buy food. Of course, she had never thought of letting Lu Qin go. Even if Lu Qin was dog meat and couldn't help her, in Qin Xiaoyue's heart, Lu Qin was her son and her hope for the future.

She bought a few more buckets of instant noodles. Just as she opened the door, she felt that something was wrong.

But for a moment, she couldn't remember what was wrong with the house.

Chapter 2083: the jewelry was gone

Her heart was suddenly shocked, and a lot of cold sweat fell from her forehead. Not Good, the cabinet where she kept the jewelry was opened.

With a Dong Sound, she threw the instant noodles in her hand on the ground. She hurriedly went over to look for her precious jewelry.

But it was gone, all of it was gone. Her jewelry, his jewelry, that was her life, it was her everything, it was everything that she could live in peace in the future, she could live on.

The cabinet was opened. The things inside were all gone. Of course, Lu Qin was also gone.

"Lu Qin, come back here. Return the things to me..." Qin Xiaoyue turned around and chased after him. If she couldn't find the jewelry, she wouldn't be able to live anymore. She wouldn't be able to live anymore. And her heart.., was also bleeding.

Every time she thought about how her jewelry was missing, she wanted to scratch her face. Her heart ached, and she couldn't sit still.

However, when she ran out, she couldn't see Lu Qin anymore.

Her legs went weak and she sat on the ground. She hugged a rock and cried. Just when she was desperate and felt that she couldn't find her jewelry, she saw Lu Qin's figure flash past, however, she got on a bus and left.

She quickly chased after him, but she was already a step too late. The bus had already left in front of her.

Coincidentally, another bus came from behind. Qin Xiaoyue didn't think twice and got on the bus. She clenched her hands uneasily, but she didn't know where the bus was going, where would Lu Qin stop.

No, she heard the people inside say that this car was direct. In other words, it wouldn't stop in the middle until it reached the next city. Therefore, she had to sit until the end. Yes, she had to sit until the end.

No matter what, she had to get her things back.

Those were hers. Those were her things, so they could only be hers. She couldn't even take her own son. Besides, it wasn't like she didn't know Lu Qin's current character.

She could only save the money if she had it in her hands. However, if it was in Lu Qin's hands, it would be like a meat bun hitting a dog. It would be impossible for her to come back. Just like that, she got on this long-distance bus without any purpose, when she bought the bus ticket, she almost felt her heart ache to death. This time, she had charged more than a hundred dollars. How could it be so expensive.

When she thought about how Lu Qin had taken away her jewelry and how the jewelry was worth a few hundred yuan, she felt her heart ache, but she still obediently took out the money, she had to find her jewelry back.

At this moment, in a hotel, General Yan was still lying on the big bed in the hotel. He was a little sleepy.

Recently, she had recorded quite a few out-of-the-box programs. She was about to rest, but she ended up in the city again. She then took a car over. Because it wasn't too far away, they drove over by themselves.

Of course, Lu Yi also came over.

She was on a business trip, and Lu Yi was accompanying her on business trips. Of course, he also had work to do. He only needed to bring his laptop.

Lu Yi's laptop had always been a high-end product and was the best to use. This was because Yan Huan loved to collect all kinds of laptops for him. Such electronic products were always updated very quickly, perhaps after a few days, new products appeared again. Yan Huan also knew a person who specialized in these kinds of connections, so every time something good came out, she would buy it back, so much so that their family's notebooks had piled up quite a number of them.

Later, there was no other way, so Lu Yi could only take his used notebooks to the prosecutor's office and prepare them for public use.

And his notebooks were all bought by Yan Huan through special channels at a high price, so their performance was very good. Moreover, Lu Yi did not use these notebooks for too long, and it was not like before.., one of his notebooks could last for five to six years, but it wasn't easy to change them. It wasn't for other reasons, but because he had used them for a long time, he was probably used to the feel of them.

However, ever since Yan Huan bought so many notebooks for him, he was used to changing the feel of them whenever he was free. Of course, the notebooks that Yan Huan bought were all top-notch.

Of course, the feel of them was also very comfortable.

Lu Yi walked over and patted Yan Huan's shoulder.

"Huanhuan..."

"Huh?" Yan Huan rubbed her eyes and buried her face under the blanket. She really did not want to wake up.

"You can sleep after you shower. It's been a whole day's ride."

Lu Yi pulled Yan Huan up and gently patted her face.

Yan Huan reached out and grabbed Lu Yi's neck. "Help me wash. I don't want to move," she mumbled and placed her chin on Lu Yi's shoulder. As expected, she was too tired.

She was so tired that she didn't even want to open her eyes.

Lu Yi could only bring her to the bathroom. Fine, he would help her wash. With her current state, even if he forced himself to wash, she might fall asleep after washing. When that time came, it would be a small matter if she got sick..., what if she drowned?

Moreover, Yan Huan disliked trouble the most. Of course, there was also trouble for others.

If she fell sick, the program could not be recorded. In other words, it would be a waste of effort for others. Yan Huan was such a dedicated person. How could he possibly do such a thing.

And now, she was only following this program. Other than learning a lot of dishes, it was also because she herself liked this program. and Yan Huan treated this program as his own business to manage.

Of course, Lu Yi would naturally support what Yan Huan liked to do.

Yan Huan probably had too many programs recently. In addition, she had been running around for the past few days, so she couldn't wake up until Lu Yi helped her dry her hair, she still didn't wake up.

"Alright, go to sleep."

Lu Yi pulled the blanket for her.

Then, he opened his laptop. He still had to work for a while. This was the new laptop that Yan Huan had bought for him. It had a better performance than the one he had used before. Of course, it was also lighter and easier to use, it was also very easy to use.

His fingers quickly typed on the keyboard.

Then, the phone that he put aside also rang.

He took the phone and it was lei qingyi calling. He stood up and walked to the balcony with the phone in his hand.

His voice was also through the layer of glass. It did not enter the room, but through the light from the glass. He saw that Lu Yi did not know what he was talking about, but he was still outside the room, there was no sound.

Chapter 2084: had been stolen by her son

Yan Huan turned over and continued to sleep. She hugged the blanket and her delicate brows furrowed slightly. Perhaps she did not sleep well. It was not a familiar place and she was not used to everything, that was why she did not sleep well.

Lu Yi hung up the phone and walked over from the balcony. He put his phone aside and sat down.

He gently stroked Yan Huan's soft hair while Yan Huan slept peacefully and never woke up.

"Everything will be fine soon. Don't worry."

He smiled. The light from the crystal lamp hanging above his head was a little warm. This was the kind of light with a faint yellow halo, so when it fell on their bodies. They could not help but feel that the warmth from his body had warmed up a few degrees.

Of course, Yan Huan did not know about the conversation between Lu Yi and Lei Qingyi. She was still sleeping peacefully. Finally, she could fall asleep without thinking or doing anything.

Lu Yi pulled the blanket for her, but she hugged it tightly. Lu Yi was afraid of waking her up, so he did not move in the end. He just let her fall asleep like this.

Yan Huan had the habit of hugging things to sleep. If she really didn't have anything to hug, then she would hug the blanket. However, after she fell asleep, she would put the blanket down.

Lu Yi sat back in front of his laptop and continued to finish his unfinished work.

The hotel room was very quiet. Only the sound of his fingers touching the keyboard could be heard, but the rhythm was fast.

Yan Huan woke up early the next morning. She slept well, and because she slept early at night, she also woke up early in the morning,

"You're Awake?" Lu Yi walked over and sat next to her. He tidied up her messy hair while she slept, "Go freshen up first. I'll bring you to eat some of the specialties here. Then, I'll bring you to record the program."

"Sure." Yan Huan immediately woke up when she heard that there was delicious food. She was indeed famished. Her evaluation of herself was that only Lu Yi and delicacies in this world could not be let down.

Of course, not to mention that Lu Yi would also bring her to eat the famous specialties here. If she were to do it herself, she might not know anything., of course, she would miss out on a lot of delicacies that had once been on the tip of her tongue.

And some things would only appear in such a small place.

As for why Lu Yi knew, it was because he had done his homework when he came here. Even if he did his homework, it was impossible for him to find it so easily. He had come here a few times before, so he was very familiar with this place, of course, he also knew where there were some good things. He wasn't

a person who liked to eat, but Lei Qingyi was different. When Lei Qingyi came here, she would look for food here every day. Of course, she also found a lot of good things here.

Moreover, this place was also known as the land of delicacies. Some of the things here were indeed very unique. It should be a place that Yan Huan liked. Yan Huan wasn't delicious now, but he liked to study, it was also possible that because she was currently participating in a gourmet program, she was very picky about food. Of course, she also had her own standards. It was not bad to say that she was a gourmet.

Of course, she went from being a best actress to being a gourmet. It was obvious that Yan Huan was quite satisfied with the change in her identity. She was also enjoying herself.

After all, this wasn't considered filming and she didn't have to stay in the production set for long periods of time.

She only had one day of recording time a week and sometimes she had to go out to film scenes, so she wasn't too busy.

She could take care of the children while also having her own work. Of course, she didn't forget her original intentions. For her, such a program couldn't be any better.

Of course, Lu Yi was also very supportive of this.

Yan Huan couldn't stay at home every day. After a long time, he was afraid that she would become silly. Although there was no need for Yan Huan to go out to work at home, for a woman, having her own career..., it was also important to have her own social circle. Although Yan Huan didn't like acting now, recording such a program allowed her to find another good goal to work towards. Compared to acting, being a movie queen..., she felt that it was better to be a gourmet.

She had heard from ye Shuyun that her mother, Ye Rong, had always wanted to be a gourmet when she was young. She wanted to eat all the delicacies in the world, so the dishes that ye rong cooked were always very delicious, she would turn ordinary dishes into the most delicious dishes. This was something that Yan Huan had eaten since he was young. She knew and believed it. When her mother was a nanny for others, it was also because of her excellent cooking, therefore, it was easier for her to find a job than others and she could also get a higher salary.

It was also because of this that Yan Huan really did not suffer much when he was young. Moreover, even if they found Yi Ling in the future, the money that Ye Rong earned was enough for her daughter to spend. She taught her daughter very well and also gave birth to her daughter well.

It was just that Ye Rong left very early, but Yan Huan was living very well now. She did not need her mother to worry. She had inherited her mother's bloodline and also inherited ye Rong's pursuit of delicious food. Now, she was treating her as a gourmet for her.

"What are you thinking about?" Yan Huan came out of the bathroom and realized that Lu Yi seemed to have thought of something. His face was slightly absent-minded.

What's wrong? Shouldn't this kind of action only be done by a woman like her? Lu Yi had always been thinking a lot, but the opportunity to be absent-minded was indeed very rare.

“It’s nothing.” Lu Yi stretched out his hand and placed his palm flat on Yan Huan’s forehead. He saw that her face was really very, very small. Such a small face, almost even half of her hand was missing.

It seemed to be similar to their four-year-old daughter. Year after year passed, but it seemed that she had not changed much. She had maintained herself too well, just like when she was twenty years old, of course, Lu Yi hoped that Yan Huan would continue like this. Women naturally loved to be beautiful.

“Uncle wants to send your mother to your grandmother’s place. Do you agree?”

Lu Yi said to Yan Huan. Of course, he was also observing Yan Huan’s expression. Ye Rong’s ashes could not be kept there forever. It was time to find a place. In his opinion, there was no better place than Grandma Ye’s place.

Children needed to return to their parents’ side. The fallen leaves returned to their roots. Wherever they came from, they had to return to. Grandma Ye had thought about her daughter for her entire life. Perhaps the thing that ye Rong felt the most guilty about was her daughter, Yan Huan, it was her own mother,

however, he was afraid that Yan Huan would not like ye Jianguo. He was also unwilling to place ye Rong’s ashes there.

Chapter 2085: finding someone

Yan Huan pursed her red lips tightly. As expected, she didn’t like to mention the ye family at all, much less the name of Ye Jianguo. Her originally happy face instantly turned slightly gloomy.

She raised her face and looked at Lu Yi for a long time.

Finally, she nodded her head gently.

“Okay.”

That was it. She agreed.

She agreed to let her mother return to her grandmother’s place so that her mother would not be lonely. But even so, it did not mean that she had forgiven ye Jianguo. She would never forgive ye Jianguo in this lifetime.

Of course, no one would force her to really forgive anyone. After all, no one could accept the things that ye Jianguo had done. No matter if he smashed ye Rong’s ashes, left no remains of Ye Rong’s body, or left his son with no peace after his death.., he would attack Yan Huan again and again. He would even make a small search, but he would not let it go. And these were things that could not be forgiven.

He might not even be able to forgive himself, let alone make others forgive him.

“Alright, let’s go out.” Lu Yi did not want to put all their experiences on these unpleasant things. It was not easy to come here, so it should not be so heavy.

“Okay,” Yan Huan also laughed. “Let’s Go Eat Something Delicious.”

In this world, food, clothing, shelter, and transportation were ranked first, and humans were often powerless to the temptation of delicious food.

Even Lu Yi couldn't avoid it. In the past, he could be said to be a person who didn't want anything, but now he was with Yan Huan. He actually liked delicious food, and there were three four-year-old children at home.

What was their greatest evaluation of their mother?

Her mother was beautiful

Her mother was the best.

The food that her mother cooked was the best.

Of course, this was also the best evaluation that Yan Huan felt he had received. Therefore, she wanted to continue working hard in this field, so that her children could eat the best food.

Of course, the culinary skills of best actress Yan were no longer inferior to that of a chef.

After learning from Master Xie for half a year, coupled with the fact that she had come into contact with such programs, her horizons were now higher. Of course, her mouth was also more poisonous. She commented on the dishes made by others., it could be said that she had hit the nail on the head.

Lu Yi brought Yan Huan out. He turned his head and glanced at the room card placed on it. He pursed his thin lips slightly, but he did not remove the room card.

"Room Card?" Yan Huan turned around and wanted to remove the room card. Although they did not bring anything valuable this time, she did not want others to invade their privacy.

"It's okay. They will help us change rooms." Lu Yi brought Yan Huan away, but he still did not touch the meal card.

Change Rooms? Yan Huan was puzzled. They were living well, why would they change rooms? She did not feel that the room was not good. Really, she felt that it was good. Yes, it was still good.

It was comfortable to sleep and had a good view. Of course, the most important thing was that it was quiet and no one disturbed them.

However, Lu Yi said that they could change rooms, so she did not care too much about it. Of course, she did not think too much about it.

Lu Yi brought Yan Huan out. It was also rare for the two of them to come out at the same time. It was not like the last time at the Gourmet Street, where they had to leave in a hurry. This time, they did not have to rush, of course, the state of mind was also completely different from the last time. Yan Huan had walked from one place to another. If she met someone who was interested, she might even try her best to learn the ancestral skills of others.

Actually, what else could she say.

This was her current hobby. Ever since she was young, Shadow Queen Yan had always acted recklessly. She had never seen her shrink back.

She was the type of person who would not turn back until she hit the wall. Even if she hit the wall, she still would not turn back.

What they did not know was that a bus had stopped inside the station. A skinny man who had wrapped his entire body tightly walked out. He was very inconspicuous among the crowd, other than the fact that his body was as thin as a rib.

His face was blocked and he looked like he was cowering. There was nothing to see. What caught people's attention was his outfit. No matter how cold it was, he could wrap himself up like this, only his eyes were exposed.

The bus suddenly stopped, and Qin Xiaoyue's head almost hit the seat in front of her.

What kind of car is this? She complained in her heart. The road was bumpy, and she didn't spit out all the food she had eaten. It wasn't easy for her to arrive here, and she didn't even give anyone a reminder, did she have to hit someone else? What kind of heart did she have to hurt her? She looked outside and found the tall and thin man. If that wasn't her son Lu Qin, then who was it?

Yes, that was Lu Qin. That was her good son. It was her Lu Qin. Others might not be able to recognize him.

However, Qin Xiaoyue recognized him at a glance because he wasn't anyone else but her son. If she couldn't even recognize her own son, then what kind of mother would she be.

She hurriedly ran out of the car, but the man in front of her was like a wandering soul. In the blink of an eye, he disappeared.

Where did he go?

Qin Xiaoyue felt as if a cat's paw was scratching her heart. She could not sit still. She could not calm down when she thought of the jewelry on Lu Qin's body.

That was her last possession. It was the only thing she had. It was her life. Even her son could not take it.

She continued to run forward, trying to find Lu Qin. But now, she had been driving for a day and a night. She was tired and thirsty, and she hadn't even had a sip of water.

And after looking left and right, she finally found Lu Qin.

"Lu..."

Before she could say the next word, Lu Qin had already gone far away, so she could only starve. With a dry throat, she gritted her teeth and followed him.

In any case, she had to get her jewelry back. Don't come back. She couldn't even eat. Without those things, how could she eat? Sooner or later, she would starve to death.

She didn't know what kind of luck she had. Every time she was about to catch up, Lu Qin would turn into another small path, so she could only go over again, of course, Lu Qin didn't realize that there was someone following him.

His mind wasn't on the back, but on the thing he was about to do.

He put his hand in his bag, took out something from it, and sped up.

Qin Xiaoyue ran very hard behind him. She was old, and she lacked exercise all year round. Running around like this was indeed not suitable for her, and it tortured her to death, in addition, she had not eaten for almost a day. She was tired, thirsty, and hungry, so she wanted to find a place to lie down.

Chapter 2086: Die

Lu Qin raised his head and looked at the hotel in front of him. This hotel might not have any stars, but it was very unique. Of course, the environment was also very good, and it could be considered very famous in the local area, Lu Qin lowered his head and walked into the hotel.

When Qin Xiaoyue ran over, she just happened to see Chu Qin enter.

Qin Xiaoyue's entire heart was dripping with blood. She was still staying in a hotel. Couldn't she find a small hotel to stay in? It would cost a lot of money.

Qin Xiaoyue also followed him in. However, when she entered, she found that Lu Qin had disappeared again. She glanced at the bar counter and then touched her pocket. Where did she get the money to stay in a hotel now, she wanted all her jewelry back.

Seeing that no one was paying attention to her, Qin Xiaoyue ran into the elevator and randomly pressed a floor.

When the elevator stopped, she couldn't find Lu Qin, so she could only walk around randomly.

In the end, her sharp eyes found Lu Qin again. Lu Qin walked very fast, but she walked slowly not because she didn't want to be fast, but because she couldn't run anymore. She had been following him for so long, and she wasn't a runner, it was already not easy to follow him for so long. If she had dared to run for such a long time in the past, she would probably be lying on the ground and unable to get up.

Would she be able to run a marathon for a person who hadn't moved all year round? The answer was, it wasn't running, it was killing her.

Qin Xiaoyue was panting as she walked forward. She saw Lu Qin pull out a room card and walk in.

Her heart couldn't help but ache. How much did this cost? These were all from the jewelry she had sold. How could she buy them like this? How could she spend them like this? In their current situation, could they still spend money like this? Could they.., could they? They couldn't do it anymore.

She moved forward again, and when the door opened again, Lu Qin had already left.

"Lu..."

She had wanted to call her son again, but her voice didn't come out. In the blink of an eye, Lu Qin had disappeared again?

Qin Xiaoyue walked to the room that Lu Qin had just entered. She was happy to find that the key card of the door hadn't been removed.

“How can we not remove the key card?” Qin Xiaoyue was unhappy, and she also removed the key card. What if they lost the thing? There was still so much money there, and all their leaders were inside.

If they really lost it, how would they live in the future? Would they starve to death.

She opened the door and took the room card in her hand. It was such a clean hotel, with a soft bed and a clean environment. In the past, it was almost a floor-to-ceiling window with a wall, it hurt so much that her heart was filled with resentment and hatred

It was an unremarkable hotel outside. How could there be such a house inside? How much did it cost for one night? Without thinking, she kicked off her shoes, pulled open the blanket, and went to sleep, she also covered her head tightly.

When Lu Yi brought Yan Huan back, he couldn't help but take another look at the room. He saw that the room card outside the room was gone

He already had another room card in his hand. He opened another door and brought Yan Huan in.

“Where are our luggage?” Yan Huan wanted to look for luggage as soon as he entered. Didn't he say that he would help them change rooms? This room had already been changed, so why wasn't the luggage here.

“It'll be here soon. You should sleep for a while first.”

Lu Yi turned Yan Huan's face over. He wanted to be a pig and sleep after eating his fill.

Yan Huan pinched the meat on Lu Yi's waist. She humphed. She would be a pig if she was a pig. No matter how a pig was, she would still be the most beautiful one.

Moreover, she didn't have to have luggage. Regardless of whether there was luggage, she would still sleep. The most important thing was whether or not she would change into her pajamas. It was daytime now, not night. Anyway, she would sleep for a while.., she still had to go to that beautiful street. There were still many delicious things that she had yet to taste. It was not that she did not want to eat, but because the capacity of her stomach was really limited, she had already eaten until she was full, she could only wait for her digestion before continuing. It was not like she was going overseas anyway. She could stay longer and play for a few more days.

She was tired from shopping. Before she could complain, she had already fallen asleep.

Lu Yi helped Yan Huan cover herself with the blanket before walking over. He then turned on his computer and started to get busy. He took his phone and placed it by his ear before deliberately lowering his voice.

“He's already here. Make some preparations.”

After he finished speaking, he turned around to take a look at Yan Huan. He saw that she had kicked the blanket away again. Was it because it was too warm here.

He walked over and helped Yan Huan pull the blanket back up. Then, he sat down beside her and did nothing.

Don't be afraid. Everything will be fine soon.

Lu Yi placed his hand on Yan Huan's face. Yan Huan opened her eyes tiredly.

"Go to sleep." Lu Yi patted her shoulder, "When you wake up, we can go and eat those things again. There are many kinds of food there. You Won't be able to finish them even if you eat for three days and three nights. I still have a few days left on my holiday. I'll accompany you to finish those things. There's also a pretty good night market there. We haven't shopped around yet."

"So rest well. Only then will you have the energy to do other things."

Yan Huan quickly closed her eyes again. It was unknown if it was because Lu Yi's voice had a hypnotic effect. Or was it because she was really too sleepy? Very soon, she fell asleep again.

And in her dream, there were piles of delicious food. She ate whatever she wanted to eat. and in front of her, there seemed to be the fragrance of birds entering the flowers, and the sun was shining brightly.

Of course, if she could solve this dream, she would know that fresh flowers and sunlight were good omens.

Her life seemed to be breaking through the layers of clouds and mist, and she finally saw the dawn.

A woman in clean clothes and a mask walked over. The woman's figure was very tall, and the clothes on her body seemed to be a little short. She took a room card and walked in.

At this moment, the blanket on the big bed was bulging. It was obvious that there was someone. Moreover, she could hear the sound of someone snoring

A bloody light flashed in the woman's eyes. No, this was not a woman. This was a man. It was just that his behavior was a little like a woman. However, if a man was like a woman, wouldn't he become too.., it was just that there was something wrong with his body.

The man who was pretending to be a woman took out a fruit knife from behind him.

"All of you can go to hell!" His voice was filled with viciousness and madness. Even the rims of his eyes were filled with a bloodthirsty madness.

His hands must be stained with blood. His hands must take the lives of others in order to be considered complete. This was his life. His life was used to kill people.

He laughed maniacally in his heart, and his face was extremely ferocious. He also stepped forward step by step.

Chapter 2087: is your real mother

He walked to the bedside, but the sound of snoring continued. He knew how solid this person's sleep was. No matter how loud the noise outside was, it was impossible for him to wake up.

Go To Hell. Just as he was about to stab down, there was a sound coming from the door outside. There was no clarity in his eyes. He just wanted to kill people and perish together with them.

He almost used all his strength to stab the knife in his hand. A pig-like sound was heard.

Before he could react, a foot came out of nowhere and kicked him directly in the face. He was kicked into the wall and then fell to the ground.

“Eh, there’s someone here?”

Someone suddenly called out for someone, giving Lei Qingyi a big fright.

“How can there be someone here? Isn’t this an empty room?” He opened the door and saw that there was indeed someone there. The fruit knife was stuck in the quilt, and the person inside the quilt was trembling. No, he was twitching.

Lei Qingyi walked over with big strides, his palms covered in sweat. Didn’t he say that no one could come here? Could it be that Lu Yi was really here? The more he thought about it, the more scared he became, and his body was covered in cold sweat, even his clothes were almost drenched.

With a whoosh, he pulled the quilt away, but he was also shocked. The room was filled with a thick smell of blood.

There was a woman lying on the bed, and the fruit knife was directly stabbed into her body. The woman rolled her eyes, and her mouth was spitting blood. Her body was also twitching.

“Call an ambulance,” lei qingyi hurriedly said to the person beside him. When he saw the middle-aged woman who was twitching from time to time, he also felt his scalp go numb.

“Lu Qin, you stupid pig,” he strode over and pulled the man who was kicked to the ground.

“Take a look. Take a good look. Who Did you kill?”

“That’s your mother. It’s your biological mother.”

Lu Qin’s face was swollen from the kick. His eyes were bloodshot and he could hardly open them. When he looked at the woman on the bed with her eyes wide open, his throat let out a grunt, he couldn’t see anything in front of him in an instant. All that was left was a hazy fog.

Lu Yi walked in. When he saw the chaos inside, he couldn’t help but frown. “What’s Wrong?”

“What else can it be? Look!” Lei Qingyi pulled Lu Yi forward.

“Why is Qin Xiaoyue Here?” Lu Yi smelled the stench of blood the moment he entered. Of course, he wasn’t worried about Lei Qingyi. This trap was set up by him and Lei Qingyi. They wanted Lu Qin to be caught here, it was an attempted murder, and he had to die in the end. Even if there were ten su murans, they wouldn’t be able to save him. Besides, there was only one Su Muran in this world, and that Su Muran was more or less the same, it was almost gone.

Of course, he always thought the blood smell was on Lu Qin’s body. After all, Lei Qingyi’s skills were there, so he couldn’t be injured.

He was also surprised. Why was Qin Xiaoyue Here?

"I don't know either." Lei Qingyi shook his head. "We had planned everything well, but in the end, there was Qin Xiaoyue, and Lu Kieran wanted to kill his own mother."

"She won't die yet." Lu Yi glanced at Qin Xiaoyue's injuries calmly.

She wouldn't die from such a light injury. Yes, she wouldn't die. It didn't hit her vitals, but at most, she would bleed a little to nourish her internal organs and get a few stitches. However, Yan Huan was turned into a porcupine by Lu Qin at that time, even the blood on her body had flowed out.

He would never forget his joy, how his wife had died in his previous life, how she had closed her eyes forever, and how he had spent his entire life alone until he was old.

And in this life, as expected, Lu Qin had still done such a thing.

He really hated them to the point that he wouldn't rest until they were dead.

Lu Qin's eyes widened in anger when he heard that. However, he only glared at one eye, and the other eye had already swollen into a slit.

Lu Yi walked over and pulled Lu Qin up from the ground. Then, he punched his other eye. Lu Qin only felt a pain in his eye, and in the end, he could not even see anything.

He tried to move forward, but he didn't know what he wanted to do. He wanted to run or escape, but in the end, he was powerless. He couldn't move forward at all.

He knew that he was finished. He was completely finished. He didn't even have a chance.

The hatred he had for his entire life ended here. He was destined to lose to Lu Yi in this life. In the end, Lu Yi got everything, but he lost everything. The Lu family, money, fame, and finally, his life, power, fame, and, finally, his life.

Qin Xiaoyue was taken away by the ambulance. As they saw, although Qin Xiaoyue was miserable and also lost some more blood, her injuries were really not fatal. After all, through the quilt, moreover, with Lu Qin's body, he didn't seem to have much strength. Therefore, the knife didn't stab him very heavily. It only injured a little of Qin Xiaoyue's internal organs. However, if a few more knives were used, even if Qin Xiaoyue didn't die, she would still need to shed a layer of skin.

Yan Huan didn't know about these things. After she slept, she still dragged Lu Yi to the beautiful street and ate from one end to the other. After she was full and drunk, she would start recording this episode.

The recording of the program was very successful. She also ate very happily. Of course, she also learned a few authentic snacks. Of course, she didn't spend any money. The program team invited her over to teach, and she also came over., yan Huan followed suit and learned it. Of course, these were not some ancestral secret recipes or anything like that. They were all authentic local snacks. However, this place was small, and almost every household knew how to make some., it was just that the taste was different. Of course, what Yan Huan learned was authentic.

And she did not know at all what had happened in their isolation. She was still eating and drinking happily, and then recording the program.

Until one day, Lu Yi told her something.

“What?” Yan Huan was a little surprised, but she was still very surprised. “You mean, Lu Qin is going to be executed today.”

Yan Huan had been living too well recently, so she had turned some things into houses. But even if she had forgotten, there were still some parts of her that made her uneasy.

And this unease was all because of the name Lu Qin.

But she was still inexplicably uneasy, and Lu Qin over there was actually going to be executed.

The death penalty, how big of a crime was that?

Chapter 2088: the second half of his life that he could not remember

“Yes, he said it was today.” Lu Yi tucked Yan Huan’s hair behind his ear. “He almost killed Qin Xiaoyue. In addition to that, he escaped from prison, abducted and sold people, attempted to kill someone, and then he became a drug addict, so he had to die.”

As Lu Yi said this, although his expression was calm, he could not ignore the cold light in his eyes that flashed past.

“Do you want to watch him die?” Lu Yi asked Yan Huan. “I want to watch him die with my own eyes.”

Yan Huan shook her head. She was not going to watch him die. There was nothing to see in a dead person, and Lu Qin deserved to die. Why? Did he want her to send him off and set down a few firecrackers to celebrate? If it was possible, she really wanted to stab hundreds of holes into Lu Qin’s body. She wanted him to experience what it meant to live a life worse than death. She wanted him to watch as the blood in his body flowed away, but there was nothing she could do.

It was fine if he didn’t go. It would be fine in the future.

Lu Yi placed his chin on Yan Huan’s head. Everything was in the past. The past was also in the past. We are now living in this life. There will be no more danger in the future. Trust me.

Yan Huan pressed his face against his chest and listened to the sound of his heart beating. The sound was strong, powerful, and eternal.

The sunlight outside finally penetrated through the clouds. Although the wind was still a little cold, he could still feel a warmth. Although it was not the warmth of spring, it was still more precious.

Lu Yi sat opposite Lu Qin.

At the last moment in Lu Qin’s life, he was almost on equal footing with Lu Yi. However, there was a world of difference between them now. One was a prosecutor, and he could instantly convict a person, the other was a criminal who was about to be executed.

And Lu Qin and Lu Yi could never be compared.

Lu Yi was the pride of the Lu family, but he was the shame of the Lu family.

“Qin Xiaoyue is fine. She will help you collect your body.”

Lu Yi said to Lu Qin lightly. If it were up to his temperament, Lu Qin would be like in his previous life. After he died, he would be thrown into medical school. He would let everyone see his body, and he would be naked.

However, in this life, Lu Yi did not do this. After all, Lu Qin did not manage to kill him in the end, and he did not manage to kill Yan Huan. His hatred for Lu Qin., had not reached the point of wanting to tear him apart like in his previous life.

Moreover, Yan Huan was still a public figure now. He did not want Yan Huan to be embarrassed because of Lu Qin. No matter what, his surname was still Lu. He would not allow Yan Huan's name to be mentioned together with Lu Qin, even if it was a misunderstanding or something like that, he was initially unwilling.

Lu Qin had a cold expression on his face. He was also wearing a pair of handcuffs. He was very clear that once he was captured again, he would not have the chance to do it again.

"I want to know..."he suddenly pressed his arm against the table. The Madness in his eyes was still there, but he did not have the chance to do anything.

"How did you know where I was? Could it be that you can predict my whereabouts?"

He wanted to kill someone, but he had made the decision all of a sudden. No one else would know about this, and they would definitely die under his knife. He had even made perfect preparations, whether it was the route., the time, the place, and even how he was going to run after the matter was completed. He had a perfect plan.

But he did not understand why his plan failed. Yes, why did it fail? Why did it fail.

This was impossible. How was this possible? And how could he fail? Such a perfect plan, such an impeccable arrangement.

"Tell me, how did you know?"Lu Qin slammed the table with force, his fingernails gripping the table tightly. Could it be that Lu Yi had already known something, or could he still predict the future., knowing that he was going to kill someone.

Lu Yi lowered his head slightly and gently turned the wedding ring on his finger. If you really want to know, he asked Lu Qin calmly, his calm black eyes were so calm that there was not a trace of light in them.

"Say it!"Lu Qin's eyes almost went blind. Even if he was really going to die, he had to drag Lu Yi down with him. Minamata, yes, why did he fail.

Lu Yi stood up and looked down at Lu Qin's crazy look. Unfortunately, just when Lu Qin felt that he wanted to know the answer, Lu Yi turned around and walked out.

"Lu Yi, Lu Yi, say it, say it..."Lu Qin shouted crazily behind Lu Yi, but he was pressed against the table by the two prison guards. His face was pressed against the table, no matter how hard he struggled, it would only hurt his skin.

And tomorrow was his death sentence.

This time, no one could save him.

And he had to die.

And on this night, he actually had a dream. He dreamed that he married Yan Huan, and he got all of Yan Huan's resources. He became an international best actor, and his life was also glorious. And Lu Jin died., lu Yi married Fang Zhu. He could stand in front of Lu Yi every day. It was as if he was using his status as the winner to mock the loser.

He chuckled and drooled. But when he woke up with a smile, he was still in the cold and dark prison cell. There was nothing inside, only the darkness outside, when the darkness broke, it was the day he left. However, why did he leave? He could have lived well.

He could have become the best actor. He could have everything. Even the entire Lu family was his.

He was crazy. He was also crazy. He could not distinguish between the dream and the outside world.

What he did not know was that he only dreamed of half of his life. For the rest of his life, he still spent his time in this cell. Day after day, year after year. No, there might not be a day. There might not even be a year. It was just tomorrow.

That was the date of his death.

The clouds outside finally broke and burned, and he stared blankly at the beams of sunlight that occasionally penetrated in. In an instant, the waves of pain finally made him burst into tears..

After crying, his entire body became numb..

It was dawn, and he should be on his way.

The law would not tolerate him, and neither would love.

When he could not bear the consequences of his own mistakes, he could only use his only life to atone for his sins.

The sky outside had finally broken, and he could already hear the sound of bellies coming from outside..

These were the footsteps that sent him away,

closer, closer.

His face was expressionless, and the light in his eyes had completely dimmed.

"Open the door,"Yan Huan said to the two police officers guarding outside the hospital.

The police officers also opened the door. This was a hospital room, and it was almost completely enclosed. Only a small window could let in some light, and on the bed was a woman who was about to die from illness.

Chapter 2089: I'm Waiting for you underground

This woman was none other than Su Muran. It had only been a few days. Yes, it had only been a few days, and Su Muran was already a beauty, now, no one could recognize this half-dead woman who was also waiting to die. It was the former domestic movie queen Su Muran, who was also the eldest daughter of the Su family.

Su Muran opened his eyes. The corner of his mouth was not even a trace of blood.

“I just came to tell you something.”

Yan Huan originally did not want to come, but in the end, she felt that she had to tell Su Muran something. No matter what, she and that person were both ex-husband and ex-wife. The two of them had been husband and wife for two lifetimes, although they couldn't live together, they could die together. It seemed like it was a good thing.

Su Muran closed his eyes again, as if he didn't want to hear it.

“Lu Qin is dead.”

Yan Huan said faintly, “He was executed and left one step earlier than you.”

“Haha...”

Su Muran suddenly laughed out loud. He died well, he died well, he died well, he died well, he died well. If such a person didn't die, there would be no justice. Of course, if a person like her didn't die, there wouldn't be much justice.

However, she was not alone anymore.

“Yan Huan.” She raised her eyelids with difficulty. She was still smiling, but her tears kept rolling down and falling.

“I will wait for you underground. No matter how long you can live, you will eventually come down.”

Yes, Yan Huan did not feel much fear when she heard these words. Of course, she would not jump into the hole that Su Muran had dug for her. Everyone would die. The moment they were born, they were destined to die, regardless of whether it was an unnatural death or a normal death from old age.

Everyone would reach that step.

And now, there was still a long time before her death. She did not know how long it would be, but it would definitely be a very long time. She still had a few decades of time to use it and enjoy life, and she also had her own life to continue, her three children.

Yan Huan walked out. As for Su Muran, whether she lived or died had nothing to do with her.

The rays of light that penetrated through the clouds finally landed on her face. She raised her head and saw the sun above her head. It was gently shining on the entire land. The sunlight was clear and warm, and the wind blew gently on her face.

Because it was late autumn, the sunlight at this time was not dazzling. In fact, it was very warm.

She took out her sunglasses from her bag and put them on.

As she walked through the crowd, she would pass by many people. Many people would stop for her because her face was very familiar to many people.

Perhaps in a short while, she would be able to walk on the streets openly. She would no longer need to be secretly photographed. She suddenly smiled.

In fact, she was not that famous. In the advertisements on the large screens of the shopping malls on both sides, there were also those advertisements that she had shot in the past. Other than those colors that faded with time, there seemed to be nothing else.

Her time was still there, and so was her youth.

And she was still alive. Yes, she still had to watch her children grow up. But, what if she did not want to be Old?

She sat in her R car. Ah Shi was still focused on driving. However, it seemed that she really didn't have much to do recently. She wasn't like Bai Zhi, who had to be afraid every day, now, she could go wherever she wanted. It could also be because her heart had begun to relax.

"Miss Yan, where are We Going?" Ah Shi asked Yan Huan.

Yan Huan was a famous star, and of course, she was also a billionaire. However, she was very easy to get along with because she had never forgotten her original intention.

"Let's go to the children's clothing store," Yan Huan Thought for a while.

"Let's go and look at the clothes for this season."

She had not bought clothes for Xun Xun for a long time. In fact, the three children of the Lu family were not very pampered. They did not buy clothes for them every day, and of course, they did not throw them away every time they wore them. If they wore them too small., or if they were worn out, they would not change the children's clothes. Even Xun Xun's little skirt would only be bought new when she grew up and could not wear it anymore.

The main reason was that the children grew too fast. They looked the same every year. The clothes and shoes that they bought this year would not be able to be worn anymore.

Xiao Qi and Xiao Guang were especially like bamboo shoots. Every year, their height would grow to around ten centimeters. No one knew how they grew, but it was fortunate that they did not grow to be like little lei, otherwise, Yan Huan really did not know how to face these two sons. They were clearly both children, yet they had to grow to the height of an adult. Just look at little lei.

There was also xunxun. Xunxun grew a little slower than her two older brothers. A year was just a little longer. Compared to her two older brothers, she was much shorter. However, compared to the other children, she was not short at all, in fact, she was even taller than the other children.

Yan Huan was not too short, but he was not tall either. He was considered the standard height in the country. As for Lu Yi, he was very tall. Hence, regardless of whether it was little qi, little light, or xunxun, they would definitely not be too short in the future.

It was just that they grew up too quickly and used up too much of their clothes.

Yan Huan opened the door and walked in. In the end, he felt that the atmosphere inside wasn't strange at all. Xun Di sat on her small stool and pouted her small mouth. It was obvious that she was angry.

"Mommy..."Xun Xun saw her mother and hurriedly ran over with her small legs. She also stretched out her small arms and hugged her mother's legs. Her eyes widened and her small mouth also flattened, her small appearance was as pitiful as it could be.

"What's Wrong?"Yan Huan squatted down and placed the clothes in his hands on the ground. In the past, whenever she came, the little girl would be extremely excited. She was very smart and would recognize the packaging bag, since she knew that this was a child's clothing store's bag, it meant that she had brought back new clothes for her.

A little girl was a little girl.

Xunxun loved to look beautiful and wear skirts, but Xiao Qi and Xiao Guang were not so particular about it. They would wear whatever was given to them. As long as it was clean and did not affect their movements too much, they would accept it.

However, xunxun was different. She liked to wear small skirts and pink colors, so she would wear this and that every day when she woke up. Fortunately, Ye Shuyun was a grandmother who liked to dress her granddaughter very much, every day, she dressed her up beautifully. Otherwise, with Xunxun's temper, she would definitely worry the adults to death.

"What's wrong with you?"Yan Huan pinched his daughter's little face.

"How Bitter is your little face? who provoked you?"

Xunxun pouted her little mouth. The more she spoke, the more aggrieved she became.

"Mommy, Daddy won't let Xunxun drink milk powder anymore. Xunxun won't be able to grow up."

Chapter 2090: milk bottles

How was this possible? Yan Huan absolutely did not believe it. Such a young child, what would they eat if they did not drink milk powder? They only ate a small amount of rice a day, and the nutrients in their bodies came from a few meals of milk powder.

Even if Lu Yi was a father who did not eat or drink, he would not cut off his daughter's milk powder.

"Daddy is bad, he won't give Xun Xun Xun milk powder."

Xun Xun was still scolding her bad father

Ye Shuyun came out from the kitchen and was very helpless about this.

"She should quit the milk bottle. Yi Bin said that if she continues to drink like this, it will affect her teeth. Moreover, Xun Xun is biting the milk bottle now. She is afraid that Xun Xun will get used to it and bite her little teeth until they are broken."

No matter how good Xiao Qi and Xiao Guang's little teeth were, there would not be any problems.

However, Xun Xun was clearly worse than her brother. It was all because she loved to bite the bottle. Therefore, they had to ask Xun Xun to quit the bottle now. However, this child was unwilling.

If they asked her what she wanted to quit, she would say that she would stop using the bottle when she was the same age as her mother. However, she really could not use it anymore. Otherwise, she might have a toothache in the future.

So that was how it was.

Yan Huan also felt that she couldn't use the bottle anymore. After all, she was already a big child and not a little baby anymore.

Lu Yi's personality had always been tough. Although he had carried xunxun since she was young, he wouldn't be careless when it came to her daughter's health. Of course, there was no room for discussion.

Ever since the last physical examination, Xun Xun's teeth had not been too good. Perhaps it was because she loved to bite the bottle and pacifier, so Lu Yi decided to give up the bottle for his daughter. But how did this child grow up, she was shrewd and shrewd.

She had found so many backers for herself and so many small reasons. She had to go against her father.

However, she shouldn't think too much of her father.

Her father had been a prosecutor for more than ten years. All those criminal offenses, which one of them wouldn't break out in cold sweat when they saw him? How could they not be able to deal with a little girl? Did you look for an adult? Fine.., if he dared, he would send the adult away.

Looking for his biggest backer, Old Master Lu was going to go for recuperation recently. He was willing to do anything for his own body and to live a few more years to protect his little great-granddaughter.

So now that xunxun had no backer, Lu Jin and ye Shuyun did not spoil xunxun so much. Although they did not want their granddaughter to suffer, the bottle was indeed going to be thrown away. If they did not throw it away, if they had a toothache in the future.., what should they do.

So now that xunxun had no backer, the bottle was confiscated, and Lu Yi threw it away. Even if grandfather and grandmother wanted to secretly use the bottle to give her milk, they could not find the bottle.

Now there was only the cup and the straw.

If she didn't want to drink, she would go hungry.

Lu Yi also came out of sight and out of mind, ignoring his daughter. When he came back, xunxun had to change this little problem of hers, or else.., she really thought that the adults would be obedient to her.

Although she was wearing a cotton-padded jacket, she couldn't be too indulgent.

"She hasn't drunk milk for a day."

Ye Shuyun held the cup and felt a headache. She had changed several cups for her. There were all kinds of colors, but she didn't want to drink them. Otherwise, she would use a large washbasin. Such a pretty little lady.., if she drank milk with a washbasin, would that be acceptable?

Therefore, Lu Yi made up his mind this time. He wanted to give his daughter a break, but he threw them away. It could be seen how desperate he was.

Why was it that Xiao Qi and Xiao Guang were so easy to raise, while Xun Xun had to be so delicate? He couldn't scold or hit her, but he couldn't hit her. If Lu Yi dared to hit her, Old Master Lu would definitely fight to the death with him.

Also, Xun Xun's big eyes, if she looked at you aggrievedly, would she still be able to hit him?

But if she didn't hit him, she would still be disobedient.

See, she was fighting with her father to the end. In any case, she didn't want to use a cup.

"Mommy bought a new dress for you. Do you want to try it?"

Yan Huan touched his daughter's little face, and he also turned her attention to him.

"Yes." Xunxun heard that she had to wear a new dress. It was obviously very tall, but she still felt wronged. However, she was really defeated by the new dress and forgot about drinking milk. She had to eat, therefore, she wasn't too hungry, but she had to drink milk. If she didn't drink it, how could she sleep at night?

Yan Huan picked up the bag and brought Xunxun to try on the dress. This season's little princess dress was really beautiful. Xunxun's eyes were big and her skin was white, so she looked very beautiful when she wore it, of course, Xun Xun also liked her new dress. She had been smugly looking at herself in the mirror for a long time.

Such a beauty-loving person was definitely her mother's biological child, and not something that came from a flood. It was also not something that was given to her as a phone bill.

Yan Huan pulled her little hand out again and asked her to sit down.

She took the cup and placed it in front of her daughter.

"Let's drink the milk."

Xunxun turned her little face away. This temper of hers was really brash. If she said she wasn't going to drink it, then she wasn't going to drink it. Yan Huan had never thought that xunxun would just give up on her milk bottle. To put it bluntly, she didn't have the right. When Lu Yi was two or three years old.., she could stop using the milk bottle. She didn't use it until she was five years old, so xunxun had definitely followed her.

Initially, she had thought that she would have to wait until she was five years old at the latest. At that time, no matter what, she would have to help her get rid of the bottle. But now, why did she feel that xunxun would not be able to last until she was five years old.

Lu Yi was a man of his word. He insisted that his daughter throw away the bottle right now.

“Lu Wei!”

Yan Huan narrowed her eyes and called out Xunxun’s name.

Xun Xun quickly turned her face away and looked at her little finger pitifully.

“Mommy, can you not drink it?”

See, she knew that she was showing weakness, so she started to call out ‘Mommy’ instead of ‘Mommy’.

Yan Huan also sat down. This was a long-term guerilla war.

“Did Xun Xun Say Mommy was pretty?”

Yan Nan asked his daughter.

“Yes, Pretty.” Xun Xun nodded her little head vigorously. “Xun Xun’s mother is the most beautiful.” Xun Xun stretched out her little arms and hugged her mother’s neck, pressing her little face against her mother’s face.

“Xunxun will also be as beautiful as her mother.”

Yes, she will be as beautiful as her mother. Yan Huan stroked her daughter’s long hair. Of course, her xunxun would be as beautiful as her. She did not have dimples, but xunxun still had two dimples, usually, she was a cold and aloof little girl, but when she smiled, she was absolutely soft and cute.

“That pretty little xunxun, if we drink the milk, it will turn white and won’t get tanned. She doesn’t look like a little black girl in a toddler...”
