

Sweet Wife 2241

Chapter 2241: his mother was angry

It also made them want to cut off his flesh piece by piece and eat it into their own stomachs, so that they would never be separated from him again.

He knew how attractive he was to women.

Therefore, most of the employees in his company were also men, and there were very few women. He also did not allow office romance in his company. This was the rule of the company's prestigious family. Romance would lower People's IQ, and what would he do with an employee without IQ?

Among all the men, there were only three women.

One, the cleaning woman.

Two, the Auntie who prepared work meals for them.

And one, Lu Guang's own secretary.

A woman.

Yes.

A woman, a woman

The reason why Lu Guang could tolerate having a female creature by his side was because of the secretary's outstanding work ability. At the same time..

The door opened and a woman wearing a black suit walked in. His face was wearing a pair of thick black-framed glasses that almost covered half of her face.

Moreover, one could see the marks on the lenses with such thick and heavy lenses. This was genuine myopia and there were so many circles. Just how many degrees were there? 500 degrees, 600 degrees, or 1,000 degrees.

Could this be the proof of this woman's profound knowledge.

Lu Guang took off his glasses. His vision was still very clear, and the scenery in front of him did not change at all.

Because he was not short-sighted, his vision was very normal. No, it was still quite good. It was also thanks to his mother who insisted that he wear goggles when he was young, moreover, it was also strictly set the time when they watched TV, especially for him. He either watched TV or played computer games. Otherwise, his eyes would definitely be short-sighted, at that time, he did not know how many layers of beer he would have to bring along. He looked just like his new secretary.

That's right, it was just like that

His secretary was a woman, but it was a woman who did not look like a woman at all. She was a woman, right? She should more or less be amazed by him, even if she would not show anything in front of him, but for his admiration, it was a kind of nature.

It was like a man being amazed by a woman's beauty.

It was like a woman admiring a man's handsomeness.

It was not love, but it could also be admiration.

If it was not admiration, it could also be a second look.

But there were people who were immune to him in this world.

Women who were immune.

It was this secretary of his. When he first met this woman, he was an interviewer. At that time, he wanted to find a male secretary. But for a secretary, it was better to find a woman in the end. A Woman's bones were in the.., there was a kind of carefulness that a man could not compare to. Moreover, in the company, it was obvious that the Yang was flourishing while the Yin was declining. If he wanted to find a woman to adjust it, all of them were men. Usually, they did not even have any gossip.

And the first time he met his secretary, it was really amazing.

Right, this was the secretary he was looking for. A woman who wore the skin of a man, a woman who would not have any thoughts about him.

Just as he was about to write again, he received a call from Lu Qi. He had no choice but to answer Lu Qi's call. He was more afraid of Lu Qi than he was of his father, the boss of his family.

The boss was a man of his word. He was afraid.

His father no longer beat him up. His mother was ignoring him now.

However, if his big brother beat someone up, he would really beat him up. He would not go easy on him at all. The troublesome thing was that he could not beat him up.

"Lu Guang, go home immediately. If I don't see you before nightfall, you'll never come back."

These words were really heavy.

Lu Guang put down his phone. He wouldn't go home or go home for the rest of his life. He couldn't abandon his parents, his grandparents, and his home. So, he could only take his briefcase and go back listlessly.

When he first arrived at the detention center, to be honest, he didn't know if he should enter or not, whether he should enter or not. He was so depressed that he couldn't make up his mind.

Could he not go?

Could he hide for a while? Could he run first?

But there were so many yes and no. In the end, his reaction was that he couldn't.

In the end, he still braced himself and walked forward. Sigh, this life was really full of all kinds of fists.

He walked in and saw that Lu Qi was still sitting in the living room while Yan Huan was sitting at the side. Lu Yi was away on a business trip and Yan Huan was still holding a terrifyingly fat cat in her arms. It was just a doubao, doubao grew fatter and fatter. No one knew how Yan Huan raised him. He was fatter than the previous doubao, but he was just as stupid and cute.

Yan Huan hugged Doubao. She did not have a grandson yet. She had a grandson, but it was not her turn.

It just so happened that Yan Huan's health had been getting worse over the past few years. The symptoms of neurasthenia were also quite severe and he could not get tired. Therefore, although she thought about her grandson every day, she could not go, going would also be helpful. Could it be that she had to let Lu Wei chat about taking care of her son and also take care of her as a Mother?

She sat on the sofa and gently leaned her back against it. Her face was still young, but she did not seem to be in good spirits. However, if one were to say that she was not feeling well in any way...

Actually, she was not feeling well in any way. Perhaps she was just a little out of breath.

Of course, when it was necessary, she could not scold Lu Guang. With Lu Guang's character, he would not be swayed by force or persuasion.

"Come over." Yan Huan straightened his body slightly and patted Doubao's fat head. Doubao shook his head and lazily walked to the other side of the sofa, he found a place for himself to lie down. There was a master who did not like to move much and a cat who ate until he was fat as a pig.

And this 'You' was none other than Lu Guang.

At this moment, Lu Guang really felt that his hair was going numb.

It was over. It seemed that not only was his big brother angry, but even his mother was angry as well.

His big brother could be angry. In any case, he wouldn't die from anger. His psychological endurance was really too strong, but his mother was different. If his mother got sick from anger, he wouldn't be able to pay for it. He would definitely be beaten to death by his big brother.

Lu Guang hesitated for a long time before it was over.

Then, he stood in front of Yan Huan.

"Mother, What's wrong? Did you miss me?" He cracked a smile. It was a smile that could not be seen. This smile was as good-looking as it could be. It was as likable as it could be. Of course, this smile at this moment also contained a bitter smile. It was not his usual fake smile.

Lu Guang was also used to using this fake smile

Yan Huan stretched out his hand and placed it in the air.

Chapter 2242: it's not easy to be a son

Lu Guang quickly stretched out his face. His mother could slap him to death if she wanted to, and hit him in the head if she wanted to. He was right there, waiting for his mother to hit him.

Yan Huan placed his hand on Lu Guang's face and forcefully tore his face off.

"Tell me, when did I Get Married? Lu Guang, don't tell me that the reason you haven't gotten married for so long and you don't have a proper girlfriend is because you like men?"

Now Yan Huan finally understood why ye Shuyun was even willing to marry an ugly woman like Fang Zhu. Fang Zhu was obviously not good enough for Lu Yi, but she still agreed.., she was willing.

It was not because of anything else. No matter how ugly, stupid, or ugly she was, she was at least a woman.

If Lu Guang really dared to find a man for her...

He would swear that he would break Lu Guang's legs.

She could not afford to lose such a person.

"Mom, what nonsense are you talking about?"

Lu Guang's eyes twitched. Could it be that if he did not find a woman, it was not because he was mentally ill, but because he liked men?

He, Lu Guang, was 183 centimeters tall and weighed 65 kilograms. He was a professional lawyer and had his own law firm. So far, in the five years he had been in the industry, he had never lost a single case. As long as it was a case he had taken on.., he was 100% confident that he could win.

Of course, there was one last point. He, Lu Guang, was a straight man.

His sexual preference was also very normal.

As for why he did not have a girlfriend now, it was not because of anything else but because he had not met a woman that made his heart beat faster and worried about him.

He would marry his own love and never settle for anything else. That was why he was single until now. It was because he was ning que and not promiscuous. However, his mother thought that he liked men. How was this possible? Yes, how was this possible, it was absolutely impossible. It was too humiliating for him.

"Then find me one."

Yan Huan Tore Lu Guang's face hard.

"Your sister has already given birth to four children. Your little nephew is already three years old. Your elder brother has been married for two years. You are still single. With your father's temper, he has married a peerless beauty like your mother. Tell me, when can you get your daughter-in-law back? When can you also give birth to your descendants?"

“Mom, it’s almost time, be gentler...” Lu Guang’s heart ached for his face. If he continued to tear it off like this, what would happen if his skin was loosened? His facial features were so handsome, and his smile was so flawless. If he lost his skin, wouldn’t that be terrible?

“It’s almost time, how fast is it? Tell me!”

Yan Huan wanted to stuff Lu Guang back into his stomach and give birth to him again.

Why was it that out of the three children, he was the most obedient and sensible in the past? But now, he was also the most disobedient and the most worrisome.

“Xiao Guang, do you still remember?” Yan Huan’s eyes were filled with a heartwarming sadness.

“Back then, when mom brought you to buy toys, a big truck crashed into us. It was mom who protected you. Later on, Mom almost died.”

“MOM values your life more than her own.”

“You actually sang such a song for me now. Do you have to make me so angry that I’ll die?”

Lu Guang cried out in her heart, and her scalp suddenly went numb. Her mother was performing again. Don’t forget, what did their mother do for a living? She was a movie queen. Even now, she had long stopped acting, she almost never appeared in public anymore. Instead, she went to happy away to be the boss’s wife, and she was still quite happy.

But she also never wanted a house. What was she best at.

Singing, reciting, and fighting. She was good at everything. She could shed tears whenever she wanted. She could have any expression she wanted. One moment she was crying, and the next moment she was laughing. As she laughed, another vat of tears fell.

It was just like now. He clearly knew that his mother was playing the role of a celebrity for him to see, but he still felt his scalp go numb. It was still very scary.

Mom, can we not be like this? You are obviously cheating. Lu Guang himself was about to cry. Even if it was true, could you not cry in front of Big Brother? Big Brother’s beating was very painful, and it was especially directed at his face, this face was his trademark, and this smile was his trademark. He had already beaten his face into a pig, so how could he still laugh? Without his trademark, was he still the great lawyer Lu?

“Tell me, when do you want to Get Married?” Yan Huan was almost driven mad by this son of his, and he even said some harsh words. For example, if you don’t want to get married, then get lost and never come back again.

If she dared to say that, Lu Guang would immediately find a place to hide and never come back. After a few more years, she would be in her 70s and 80s. If Lu Guang came back again, he would kneel down and say, “Mommy, I was wrong.”

What was the use of saying “I was wrong”? She wanted a daughter-in-law, she wanted grandchildren. She had four grandsons, but she didn’t have any biological grandchildren. She wanted the Lu family to have children.

Why did Old Master Lu insist on marrying Xun Xun before he died? wasn't it because he was afraid that if he wasn't around, Xun Xun would choose the wrong person and ruin his life? What would he do then?

He couldn't climb out of the coffin again because he was burnt to ashes.

Old Master Lu was only worried about Xun Xun because Xun Xun was getting married. Lu Qi and Lu Guang were men, and they were all under their noses. No one could bully them. Besides, about Lu Qi and Xiaomei., it was only a matter of time. Xiaomei had a good personality, and her family had watched her grow up. They all knew what kind of girl she was.

Lu Guang and the others had never been worried. His luck with women was too good. If he wanted to get married, it would be a matter of minutes. But tell him, what kind of situation was this.

Lu Guang was already 27 years old.

He was still not getting married. Could it be that he had to walk the same path as Lu Yi in his previous life? He would only get married when he was in his thirties, and he still had to marry a woman like Fang Zhu. He would not have children for the rest of his life.

No, Yan Huan shook his head. She could not accept it, and she could not accept it either.

After a while, she felt that she had a headache.

"Mom, Mom, What's Wrong?" Lu Guang saw that Yan Huan's expression was terrible, and he was also frightened.

"Mom..." Lu Qi quickly came over and called the family doctor, asking him to come over.

When the doctor came over, he immediately scolded Lu Qi and Lu Guang to the point that they couldn't control their anger.

"Didn't I already tell you that your Mom's health isn't Good? Her health was damaged a few years ago. Although she has been recuperating, she hasn't fully recovered yet."

Chapter 2243: was kicked out of the house

"How did you make her angry again? Do you have to anger your mother to death?"

Lu Qi's face was cold, while Lu Guang's face was full of guilt.

"Lu Guang, come out with me!"

Lu Qi directly threw a cold sentence at Lu Guang, and then he strode out.

Lu Guang touched his face and knew that his boss was going to beat him up. He deserved to be beaten up. He was the one who had angered his mother to this extent. His mother had said that he was really not a human being. He was the son of a man in vain. Back then, in order to save her., he had almost lost his own life, but now, he had actually angered his mother to the point of making her sick. He had no choice but to endure this beating.

After Lu Qin and Lu Guang left, Yan Huan opened her eyes. She sat up and sighed softly.

“Thank you, Doctor Zhang.”

Yan Huan thanked Doctor Zhang. Her expression was still a little pale, but her spirit was not as bad as before.

“Ms. Yan, you can’t just take those pills recklessly. Your blood sugar is not high. If you take any more hypoglycemic pills, your blood sugar will drop too much. You’ll really be in trouble.”

The doctor also advised Yan Huan. He really felt that Yan Huan was too messy.

“It’s fine. It’s just one time. I know what to do.” Yan Huan rubbed her forehead again. Her head was still a little dizzy. She looked at the needle on the back of her hand. She had sacrificed a lot this time for that stinky brat.

If he didn’t marry her again, she would let Lu Qi knock him out. She would find a random woman and lock them up. If they couldn’t have children, they wouldn’t be allowed to come out.

In any case, they had to get married before they turned 30.

When Lu Yi returned, when he saw Yan Huan’s appearance, his body was filled with a ruthless aura that made people fear him.

The Pitiful Dou Guang had been beaten up by his big brother. His handsome face was now covered in bruises. He was as pitiful as he could be. However, this was not the end. He would be beaten up by his father again.

Yan Huan’s heart ached for his son. However, he had no other choice. If they continued to ignore him, he would have to go up to the house and tear the roof off.

If you don’t get married and make your mother angry and sick, Don’t Call Me Dad in the future.

Lu Yi gave his son a good beating. Moreover, he did not hit him lightly.

Lu Guang stood there with a look of despair on his face. Indeed, in his father’s heart, the three of them added together were not as important as his mother. Moreover, he could forget about seeing anyone with his current appearance.

Moreover, even if he was asked to find a woman and marry a woman, could he not slap his face? His face was so handsome. If he lost his face, which woman would take a fancy to him.

Therefore, they really did not understand him at all.

Moreover, no matter who it was, they all liked to greet his face.

Big Brother was the same. They clearly looked exactly the same. Could it be that his own face would not hurt if he was punched in the face?

With a bang, he was locked outside. It was so cold outside. He could not help but shrink his neck. Only then did he remember that his poor feet were still wearing a pair of slippers, and the clothes on his body were also thin, this was what they would wear in the heating room. It was freezing outside. were they trying to freeze him to death?

If he really froze to death, what good would it do them.

But in the end, he still shrank back and walked straight ahead. He also had a pair of slippers on his feet. He was as cold as a dog. And now, he did not even have his wallet with him. He did not have an ID card or money, where could he go?

He sniffled and thought about where to squat. Anyway, he could not stay in a hotel. Even if he wanted to, he had no way to go. He had no ID card and no money.

He should go find his friends. He had a lot of friends. Any one of them could provide him with a place to stay.

However, he lowered his head and looked at his clothes. Also, he touched his face. With his appearance, he didn't want to lose face, he was afraid that he would become a laughingstock in the future.

He would still be the laughingstock of his entire life. He would be beaten up and thrown out.

However, if he didn't look for his friends, who would he look for?

He had a house outside, but he didn't have the keys. He couldn't look for his friends. He was afraid of losing face. He wanted to stay at the Happiness Inn for a night and hide from the anger of his family. That Was.., he didn't know how to get there.

It was such a long way, and he didn't have a car. By the time he reached there on two legs, it was almost dawn. Moreover, it was a tourist attraction. If he met a guest who used to stay there in the middle of the night.., wouldn't it be even more embarrassing.

He had thrown the face of Hai city out of the province.

He wasn't that thick-skinned. What if there was another international person? His face would float across the ocean.

He was shivering from the cold. The winter wind blew on his body, causing him to have blue snot running down his nose from time to time. His body also had goosebumps from time to time.

Should he find a corner or a 24-hour bank to squat for a night? If he squat again, by tomorrow, if his face still looked like this, it would be just as embarrassing.

He was a famous person in hai city. He had been on television countless times. If he was photographed like this, how would he have the face to face people in the future?

The cold wind blew on him from time to time. He was frozen in the wind like he had a stroke. Now, he really wanted to hug a telephone pole and crash himself to death.

He was a great lawyer, Lu Da. He had never experienced a defeat in his life. He was also a famous diamond bachelor in the entire Hai City. His identity was more than a hundred million. It was more than a few billion.

But even so, what could he do.

He was still kicked out of his home. No one cared about him. He was also frozen like a grandson. Now, he was homeless. He didn't know where to go.

Could it be that he really had to stay out all night? But the world was so big, where could he stay? He didn't bring his cell phone, ID card, or money. He didn't bring the keys to the apartment where he lived.

As he walked, he remembered that his little secretary seemed to live in this area. Oh right, where was she? Where exactly was she? He used his photographic memory to think hard.

He really thought of her. He more or less knew the address of every employee in the company, including his little secretary.

He rubbed his hands that were about to freeze off. There was no other way. If he could not pull down his face, he could only freeze outside for a night. If he really did not have a place, he would definitely freeze himself to death.

Chapter 2244: GO to her house

After tonight, she would be fine the next day. She could still go to the office.

Qin Yushi was in a daze when she heard the banging on the door outside. She thought she was dreaming and pulled the blanket over her head, but the banging on the door.., it was almost endless.

Suddenly, she pulled away the blanket covering her head and sat up, resigned to her fate. She looked around for her glasses, but she couldn't find them, she could only use her 800-degree nearsightedness to find her shoes and put them on. Then, she opened the door as if she was blind. She could still hear the knocking on the door, it also woke her up. She had only slept at 1:30 am. In other words, she had only slept for less than half an hour.

This was a good deed, knocking on the music door in the middle of the night.

She was probably still half asleep, so her mind was a little sluggish. She did not think too much about it. For example, if the table was on a normal day, she would definitely not open the door. At the very least, before opening the door.., should she ask who was outside?

She opened the door in a daze.

Then, she narrowed her short-sighted eyes, which couldn't see anything clearly, and stared at the person outside in a daze.

That was, she couldn't see anything clearly. Everything in front of her was blurry. Although he took off his glasses and didn't look like a blind person, she couldn't see clearly without her glasses. She could only see a blurry mass.

And this blur was a person.

When the door opened, Lu Guang was still standing outside the door calmly. He stood with his arms crossed in front of his chest. He was also displaying his aloofness to the fullest.

He originally thought that what he saw was his little secretary, who was so serious that she didn't even have any color. She had her hair combed into a neat mess, she also had to carry a thick and heavy beer bottle as she stood in front of him.

But what did he see?

He rubbed his eyes in disbelief and saw that the woman in front of him had narrowed her eyes. It was a pair of extremely beautiful eyes that seemed to always have some mist added to them. Her fair little face had an indescribable sense of gentleness, her hair was also extremely long. It was pure black and had not been dyed by any perm. It hung freely around his waist. She was wearing pajamas that looked like Han Chinese clothing. The black and red clothes made her lips appear red and her teeth appear white, what surprised Lu Guang the most was this pair of eyes.

It was blurry, as if a layer of mist had quietly covered her eyes. It was very round, very big, and also very beautiful. It looked like her sister's eyes, but it was not as bright as her sister's eyes, because his eyes were full of fog.

"Who are you?"

Lu Guang did not connect her to Qin Yushi at all. In his opinion, this woman could be anyone, anyone, but it was absolutely impossible for her to be Qin Yushi.

Qin Yushi was a disciple who had received grand master extinction's true teachings, and the woman in front of him was clearly a female demon from God knows where. She should be a rabbit spirit or a sheep spirit.

Lu Guang took a step back, thinking that he had knocked on the wrong door and found the wrong place. He couldn't help but take another look at the house number. There was clearly no problem. He was quite confident in his memory, of course, his vision was normal. He wasn't blind yet.

However, this woman was clearly not Fang Yuxin's. Could it be that he was really frozen? Even his brain was not clear.

Qin Yushi yawned, but she still couldn't see who the person outside was. However, that sentence of 'who are you' made her want to roll her eyes. Her eyes were not used to roll her eyes, but to sleep.

How did this voice sound so familiar?

So familiar that she seemed to have heard it somewhere before.

No, so familiar that she had heard it everywhere?

She had heard of him every day,

she had heard of him every day even in her dreams.

"Say another word." She rubbed her eyes, but they were still sore. Of course, it was also because of her high myopia, so she still couldn't see anything. She could only see the shadow of a person, it was a man.

A man that she was very familiar with was a man that she saw every day.

"Qin Yushi?"

Lu Guang tried to ask again.

He stretched out his hand in disbelief and placed it in front of the woman's eyes. He also covered half of her face, leaving only her nose to her chin.

He covered his eyes and tied up his hair

This was clearly Qin Yushi's.

What did Qin Yushi look like? How could he not know that he could recognize this woman even if she turned into ashes? Regardless of whether she was beautiful or ugly, whether she had a high level of recognition or not, they had been together for almost three years, in the 365 days of the year, he had to squeeze his unattractive secretary every day when he did not go to work, every day when he did not see this woman, and every day after eight hours.

He knew her habits, actions, looks, and personality very well.

However, he still could not believe that the woman in front of him was none other than Qin Yushi, he didn't walk into the wrong door, nor did he find the wrong place, nor did he find the wrong person.

"HM?" Qin yushi narrowed her eyes.

Who Was this again?

It seemed like..

She suddenly opened her eyes wide, but no matter how wide they were, what she saw was still an extremely blurry figure. She reached out for the water in her hand and went forward. She also grabbed the door on one side, or else.., she would definitely fall to her death. Right now, she was almost as blind as a blind man.

She was even closer to Lu Guang. She almost wanted to put her face in front of Lu Guang. who asked her to be so short-sighted.

But right now, she only wanted to see the man's face clearly. She wanted to know if he was Lu Guang or if she had seen a ghost in the middle of the night?

Lu Guang actually came to her house. Wasn't that strange?

Was she dreaming?

She was 800 degrees nearsighted. When she looked into the distance, everything was blurry. She could see a full moon every day. She couldn't see her own face clearly.

She was so close to the man's face that she finally saw his face clearly.

Her eyes widened again.

"Lu... Lu Guang..."

"Boss?"

Lu Guang could not help but take a step back. This bold woman in front of him had a very special face. Although she was not a top-notch beauty, her eyes were misty and Misty, he had seen countless women, but none of them had such eyes.

Chapter 2245: looking for glasses

It was a very unique feeling.

“Qin Yushi, what are you doing?”

It was the first time he had stuttered so stupidly. To his surprise, she actually blushed.

“Boss, why are you here?” Qin Yushi finally straightened her body and rubbed her temples. “What are you doing at my house in the middle of the night?”

“What else can I do?” Lu Guang rolled his eyes at Qin Yushi. “Don’t think that I came to your house because I have designs on you. I don’t like your looks,” Lu Guang said, why did he feel a little guilty? It wasn’t like he hadn’t said this before. Although it wasn’t sarcastic, after listening to it for a long time, his ears started to hurt.

“I know.” Qin Yushi never thought that Lu Guang would be interested in a woman like her.

“My appearance is quite safe.” She didn’t belittle herself. What she said was the truth. She reached out to touch her glasses, wanting to look for them.

“What’s wrong with your eyes?”

Lu Guang walked over and grabbed her arm, preventing her from falling to her death. However, he realized that her arm was much thinner than he had imagined. It seemed like it would break at any moment. In his heart.., a woman like extermination should be very strong. She was also a strong woman who could not be blown down by the wind or drenched by the rain. She was a tough woman.

As for Qin Yushi’s performance in the company, she was a tough woman.

She could even change the tires of her car. What did she need a man for? She could do whatever a woman could do. She could do whatever a man could do. From the beginning.., lu Guang had never treated him as a woman.

But what was going on today? Why did he feel like his hand was holding a woman’s arm.

What Woman’s Arm? He scolded himself again. She was a woman, but she was not a woman. Was He a woman?

He was holding Qin Yushi’s arm, and her body temperature felt like it was scalding his hand. His face could not help but turn red. Why was he blushing?

No, it must be because he had been exposed to the wind. That was why his face was burning. Perhaps he had caught a cold.

Right, what was he thinking about?

What was going on with Qin Yushi? Why did he have to touch her when she walked? Was she blind?

“Boss, you forgot. I’m short-sighted. Without my glasses, I’m like a blind man.”

“Where did you put your glasses?” Lu Guang asked her to stand up straight. He wasn’t afraid of falling when he touched her. He still remembered the feeling when he was blind when he was young, sometimes, he didn’t want to recall it.

It was impossible to know that pain without experiencing it.

Although Qin Yushi was short-sighted, she was no different from a blind man. She had to touch her.

“In the room.” Qin Yushi still wanted to grab something. Without her glasses, she couldn’t see anything clearly, so she didn’t feel safe. For people with high myopia like them., glasses were their eyes. Without them, their eyes were blind.

“Alright, I’ll help you find them.” Lu Guang couldn’t stand a half-blind woman. He rampaged around the room. He grabbed Qin Yushi’s arm and sat her down on the sofa, “Sit down by yourself. I’ll help you find your glasses.”

“Thank you, Boss.” Qin Yushi touched the sofa and sat down carefully.

It was all thanks to her good temper. She was the kind of person who would submit to adversity and wouldn’t have any thoughts of resisting. Otherwise, she would have been angered to death if she stayed in the company after being tortured by Lu Guang’s poisonous mouth for three years, she would have died of anger if she hadn’t cursed him to death. However, she could still live on as Lu Guang’s secretary. It was clear how good her temper was.

Other people would bend at the slightest bend, or break at the slightest bend

On the other hand, she was a good person. She was like a noodle. She could bend and bend however she wanted. Even if she was rolled into a ball, it didn’t matter. She could tolerate it.

Lu Guang walked into Qin Yushi’s room. It was definitely a woman’s room. Everything was simple and generous. Of course, there were no vulgar hobbies, for example, pink bows and other disgusting things.

The room was very clean. There weren’t many decorations, but the bed was very comfortable. It was thick and soft. It was a plain bed that he liked. He couldn’t help but rub his eyes.

He wanted to sleep when he saw the bed, but his stomach was even hungrier.

As though he was responding to him, his stomach growled.

He walked over and began to look for Qin Yushi’s glasses. It was where this woman would put her glasses. According to his habits, he pressed his finger under his chin. He also wore glasses, however, it didn’t matter whether he wore his glasses or not, so he didn’t rely too much on them.

He would usually put his glasses by the bed, but he looked at the magnetic field on the bed.

It was obvious that he didn’t have them.

He either dropped them on the ground and searched for a long time, but he didn't find anything. Of course, he didn't find the corpse of the glasses. He was afraid that.., did Qin Yushi accidentally step on her glasses and break them into pieces.

There was nothing on the bedside table or on the ground. Then, he walked to the big bed and stretched out his hand to pull the blanket away. When he saw the thing in the corner of the blanket, he finally let out a sigh of relief.

He curled the corners of his lips.

Alright, he finally believed that the woman who looked the most like Qin yushi outside was Qin yushi herself.

He had never seen a second person who liked to wear glasses like that.

He walked over and took the glasses over. When he took them, he realized that they were really heavy. He didn't know if they would collapse his nose and face if he wore them on his face every day.

His flat glasses were always very light. They didn't weigh anything on his face, but the weight of the glasses was no different from carrying the bottom of a beer bottle.

He tried to put the glasses on his face, but he couldn't see anything clearly. He quickly took off his glasses and counted the circles on them.

How High was it?

He walked out and saw that Qin Yushi was still sitting on the sofa. Her eyes were wide open and slightly narrowed. She was still dazed and couldn't see anything clearly.

Chapter 2246: Boss's stomach

Lu Guang walked up to Qin Yushi and squatted down in front of her for some reason. This was the first time he had made such a mistake. His little secretary didn't look like teacher extinction anymore, she looked more like the Dragon Girl, and she was also a very short-sighted dragon girl.

He picked up the glasses in his hand and personally took care of Qin Yushi.

Qin yushi blinked her eyes. Finally, she closed her eyes and heaved a sigh of relief. It was good that she had found it.

She habitually pushed up her glasses so that she could finally see clearly. Of course, her sense of security had returned.

When she looked up, she met Lu Guang's pair of peach blossom eyes. She couldn't help but feel a slight shock in her heart. Then, she pretended as if nothing had happened and tied her hair with the rubber band on her arm.

This time, she looked a little like the priestess extinction.

"Boss, what are you doing at my house?"

She stood up and peeked at her clothes. Fortunately, her pajamas were very conservative. Otherwise, she wouldn't be able to see anyone. Otherwise, when she went to work tomorrow.., it would definitely be awkward.

Lu Guangtian grinned and sat on Qin Yushi's sofa. It was a small sofa, but it was not bad. It was already pretty good for a single woman's apartment to be like this.

"Shishi, your boss is homeless today. He was chased out of the house and didn't bring anything. So, he can only stay at your place for the night."

"Alright, I'll give you the sofa." Qin Yushi didn't care. After all, the sofa outside was the only place Lu Guang could think of. The bedroom was the most private place for a person, so even her boss couldn't take it by force.

As for what kind of person Lu Guang was, she knew him well. He didn't smile at everyone, especially women. He seemed like a playboy, but he wasn't. He was just a hypocrite while talking and laughing, there was a butcher knife hidden in his sleeve. He didn't touch anyone else's flowers.

He was three meters away from them.

The Lu family had always been chaste. They were obsessed with cleanliness in relationships. If Lu Guang dared to flirt and play around in the world, Lu Yi would be the first to be beaten to death, Lu Qi would be the first to beat him to death.

Of course, the most important thing was that Qin Yushi knew that Lu Guang wouldn't be interested in her because of her appearance.

Therefore, she was very safe.

Of course, she should feel honored that Lu Guang could come to her place. At the very least, it was the best way for Lu Guang to look up to her and treat her as a friend.

Just as she was about to get herself a blanket, she heard a sound.

"Gulp..."

"What's that sound?" She turned her head and glanced at Lu Guang, who was sitting on the sofa.

Lu Guang touched his stomach and admitted generously.

"Shishi, I'm hungry. Do you have anything to eat?" I'm Not Picky. I just want some, even instant noodles."

"I don't have instant noodles at home."

Qin yushi didn't eat instant noodles, so she didn't keep such things at home.

"I'll go cook a bowl of noodles for you."

Qin Yushi had no choice but to take her boss in. It seemed like her boss's stomach had to be taken care of as well.

She resigned herself to fate and walked into the kitchen. She opened the fridge to see if there was anything else in it?

There were vegetables, eggs, and noodles that she had handmade when she came back in the afternoon. She had saved them for tomorrow, but it seemed that she really couldn't keep them.

Lu Guang was her breadwinner, so she had to take care of his stomach.

It didn't take long for her to bring out a bowl of noodles from the kitchen. Later, she brought out two hot steamed buns and placed them in front of Lu Guang.

There were some scallions on the noodles, a few peanuts, and some red oil. It looked pretty good. From the looks of the noodles, qin yushi probably cooked a lot, which meant.., the noodles weren't bad. Even if they tasted bad, they shouldn't have diarrhea.

Lu Guang took the chopsticks and took a bite,

as soon as he took the first bite, he knew he wouldn't get diarrhea. The noodles were pretty good and delicious.

He took another bun and took a bite. He didn't look like a noble young master at all. He was still a noble young master. He was just a homeless man.

He finished one bun and took another bun. He was really hungry.

When he finished the last mouthful of soup, his stomach was full. Of course, he finished all the noodles and buns.

He touched his stomach in satisfaction. It tasted really good.

Qin yushi stood up and walked into her room. Then, she took out a blanket and walked to the sofa to make it up.

"Boss, my place is small, so I have to trouble you."

"It's fine as long as you have a place to sleep."

Lu Guang wasn't picky. It was better to have a place to sleep. It was better than squatting under someone else's roof. At that time, he wouldn't be frozen into a ghost, but he would be laughed at.

Qin Yushi took out a toothbrush from the cabinet.

"Boss, I have a toothbrush here. It hasn't been used before. If you want to take a shower, you can use it."

Before she could finish, Lu Guang snatched the new toothbrush from his hand and swaggered into the bathroom.

He opened the bathroom door. It was really clean inside. Even the toilet was polished as if it was new. There wasn't any strange smell, but it made him feel a little better. Otherwise, he would have been so obsessed with cleanliness.., he would have died from being wronged..

He took the shower gel from the side and smelled it.

It was the smell. He finally knew where the clean and refreshing smell from Qin Yushi's body came from. It was clearly from this.

He took off his clothes and threw them to the side. Only then did he take a shower. When the hot water came down, he couldn't help but Shiver.

Thinking about the weather outside, he didn't dare to imagine. If he really wandered on the streets all night, he didn't know if people would find his frozen body the next day.

Turning off the water, he pulled a towel from the side. Regardless of whether it was used by Qin Yushi or not, he didn't mind it at all. He wrapped his lower body with the towel. Otherwise, what would he do? Where would he find clothes to wear, he would just have to make do with it. Tomorrow morning, he would just ask his secretary to go to the office and bring his clothes over.

When he came out, Qin Yushi had closed the door of her room. She had been sleeping soundly, but when a certain man came, he was eating and drinking. Not only did he disturb her sleep, but he was also disturbing her sleep, he was even causing trouble until two or three in the middle of the night.

Chapter 2247: no bed to sleep on

The lights in the living room were not switched off. There was also a very small night light. The light was slightly bright, but he still could not feel it. If he switched off the headlights, then this small light would have some use. At least, there was still a ray of light., at least, it could still be seen. Ever since he was young, he could not be too suitable for the dark world. Even when he slept, he had to leave behind a bedside lamp.

Qin Yushi had been with Lu Guang for three years, so how could she not understand his lifestyle? Lu Guang was famous for being afraid of the dark, so she turned on the small lamp so that he wouldn't dare to turn it off, just like that, the sleeping lamp was turned on, and the lamp was right above his head. When he opened his eyes, he could see such a bright lamp. With such a big lamp, how was he supposed to sleep?

Lu Guang turned off the big lamp. As expected, the small lamp was of great use. The light in the living room dimmed, but he could still barely see.

Forget it. He walked over to the sofa and lay down as well. He pulled the blanket aside.

However, he shook his big feet that were exposed outside.

The sofa was too small, and the blanket was too small. It was okay to sleep with Qin Yushi, but to sleep with a man like him, wasn't it a little too unfair? No, it wasn't too unfair., it was rather unfair.

He turned his body, but he didn't notice that he had rolled off the bed, along with the blanket.

Fortunately, he wasn't too high from the ground, so even if he fell, he wasn't smashed into a pulp. He stood up and sat on the small bed. Then, he closed his eyes and fell asleep.

According to his calculations, the sofa was a small house. It was about 1.5 meters long and 50 centimeters wide. He was 1.83 meters tall and weighed 64 kilograms. If he stretched his body, it would be at least 1.5 meters wide.

Therefore, he really didn't need to sleep. The possibility of him falling was 100% . Even if he paid attention now, after falling asleep, he had no way to control his body's posture, what kind of angle? Moreover, after he fell asleep, he would probably forget that he was sleeping on the sofa. Then, he would turn around and roll down.

In the end, he sat up again and spread the blanket and other things on the ground. In the end, when he laid down, it was not bad. Although it was a little hard, it was definitely not as comfortable as the big bed at home, but at the very least., it was much more comfortable than the small sofa. Of course, he did not have to worry about whether he would fall asleep in the middle of the night and roll down from it.

He had just closed his eyes and sat up again. This did not seem to work. The heating system in hai city was on now. If he dared to stay in such a heated house for the whole night, he would definitely get angry the next day.

Could it be that he didn't want to sleep today and insisted on sitting there for the whole night.

Lu Guang glanced at the closed door, then stood up and walked over. He placed his hand on the door handle and gently twisted it.

The door wasn't locked. He walked in and used the dim light outside to walk in unceremoniously. Then, he reached out and pressed a button. The small light at the side also lit up.

Luckily, he remembered the location of the light when he came in to look for Qin Yushi's glasses. This had been his habit for so many years. No matter where he went, the first thing he had to do was to find out where the light was, moreover, the light couldn't be turned off because of the power outage.

The Darkness in his heart never let him go.

Of course, this was also a kind of illness. He himself was clear that it was a psychological reason. All these years, he had been following him. Of course, it was not a problem. He had long gotten used to it.

Moreover, uncle he had said that this did not need treatment. It might get better after a long time. It might also follow him for a lifetime. However, he was used to it. Moreover, it was not a secret that he was afraid of the dark.

Others were used to it, but he himself had long since gotten used to it.

As for the reason, it was because of the car accident when he was young. It had blinded him for about half a year. When he could see again, it would be like this.

There was a faint light in front of him, so he could barely see. He wouldn't bump, walk, or fall everywhere.

At this moment, Qin Yushi was still asleep. She was already fast asleep. No matter how bright the lights were, she didn't have any reaction. She only slept in a small corner of such a big bed, almost half of the bed was empty.

However, due to the dim light, she didn't seem like master extinction's disciple. Instead, she seemed to have transformed from a martial arts film into a fairy tale rabbit spirit.

Her eyes, which had always been blurry, were tightly shut. Her long eyelashes also fell down, leaving two exquisite shadows underneath. Her face wasn't particularly stunning at first., but for some reason, she wanted to make people want to pinch her.

He walked over, squatted down, and reached out to Pat Qin Yushi's face gently.

"Hey, Shishi?"

"Yes..."

Qin Yushi was in a daze and didn't open her eyes. She couldn't see clearly even if she did,

"Shishi..."

Lu Guang pinched Qin Yushi's face again. He was really happy with this feeling. It was clean and refreshing. It was as soft as a bun. He didn't know if it was inherited from his family., his mother liked to pinch the faces of the three siblings, and the two brothers liked to pinch his sister's face. Now that his sister had been taken away by the wolf, he couldn't pinch her anymore. He hadn't wanted to pinch anything for a long time. This time., it was interesting. He wanted to see what kind of good toy he had found for himself.

He finally had something to pinch. He didn't have to idle his hands anymore.

Qin yushi pushed Lu Guang's hand away uncomfortably. It was indeed faint and blurry. She might have thought that it was a mosquito from some city.

However, where did the mosquitoes come from in the middle of winter?

"Shishi, look at the size of this bed. Can you give me half?"

Lu Guang reached out and pinched Qin Yushi's face again to wake her up. Unfortunately, Qin Yushi slept late and was disturbed by him in the middle, she was so sleepy that she couldn't even open her eyes.

"If you don't say anything, I'll Take That as a Yes?" Lu Guang didn't realize how shameless he was.

He was her boss. She wouldn't reject such a request.

He couldn't sleep on the sofa outside. He was also sleepy and wanted to find a place to sleep.

Chapter 2248: let you take advantage of me for a while

Of course, Qin Yushi, who was about to die of sleep, couldn't answer him at all, so he took it upon himself to think that she had agreed to sleep with him, and that she could share a bed with him, a handsome man who was hated by both gods and men, it was also a blessing that she had cultivated over several lifetimes. Could it be that she didn't know that those women treated him like a monk's flesh?

One bite could grant him immortality, and two bites could grant him longevity and wealth.

Lu Guang stood up again and carried the mattress back from outside. He threw the pillow on the bed and lay down himself.

Qin Yushi was a strange woman. She did not care about anything else, but the bed had to be very comfortable. When Lu Guang laid down, he felt it, the bed was quite nice to sleep on. It had a moderate softness and hardness. Of course, the most important thing was that it had a good rebound and didn't press down on the body at all.

He had never felt this way before. His sleeping partner would just lie down there. Anyway, it was the same when he slept. The bed at home was just like that when he slept, so he had never paid much attention to it, however, when he laid there today, he felt it.

His little Shi Shi's personality was a little old-fashioned, but she was quite enjoying life.

Of course, he did not realize now that he kept mentioning his little shi shi. who was his little Shi Shi? She was clearly an independent entity and was her own. When did she become his.

She was only working for him. They were in a relationship of employment, not a business relationship.

Lu Guang pulled the blanket over and stretched his arms and legs. The two-meter-tall bed could accommodate three Qin Shiyu, but it could also accommodate two of him.

There were three Qin Shiyu and about two of him. It did not feel cramped at all. Of course, it was also comfortable to sleep.

Lu Guang liked to stretch his limbs when he slept, so he needed to take up most of the space. As for Qin Shiyu, her habit was the opposite of Lu Guang's. She liked to sleep in the corner of the bed, therefore, Lu Guang felt like he was at home, so he slept comfortably.

"Good night, Little Shishi."

Lu Guang closed his eyes and slept on his back.

This bed was quite comfortable, so he quickly fell asleep as well. Of course, it was not like he was on the sofa. No matter how much he calculated, he would still fall off.

He had a good sleep. When he opened his eyes again, he was still a few seconds awake. He looked at the bright white ceiling above his head and the floral curtains hanging on the window. The room was a little small, however, it was spacious. Of course, it couldn't be compared to his house. The few properties he owned in Hai City also paid great attention to sleep, so the bedroom was very large and didn't have much fancy decorations, it was similar to his place, so it was clear that Qin Yushi had the same taste as him.

He yawned. He was still very sleepy, so how could he not be sleepy? He only slept a few days yesterday. It was three or four, four or five, so he didn't pay attention to the time, however, it shouldn't be too early.

He hugged the blanket and pulled it under his nose. There wasn't any strange smell on the blanket. It smelled like the sun, but it was clean. He turned around, he saw the woman sleeping at the corner of the bed. Why was she not afraid of falling? Lu Guang felt that the small sofa outside was actually prepared for Qin Yushi.

Looking at her current posture, she looked like she was sleeping on the sofa.

“Hey...”

Lu Guang picked up Qin Yushi’s blanket out of boredom.

Qin yushi still did not move. Her breathing was very light and even. It was obvious that she was still in deep sleep and had not woken up. It was not easy to wake her up.

Lu Guang rubbed his chin and thought for a while.

If he was smart, he would have gone to the sofa outside and lay down by himself. If that was the case, nothing would happen. However, he didn’t want to make things difficult for himself. Furthermore, he hadn’t slept enough yet.

Furthermore, with his current state, the possibility of him being kicked out of the house was very high. Based on the attitude of his family, he might be kicked out again and this place would become his refuge, could it be that he still had to sleep on the sofa?

So..

He had to think of a way. He didn’t want to make things difficult for himself, so he could only make things difficult for others.

He suddenly reached out and placed his hand on the back of Qin Yushi’s neck. Then, he pulled her into his embrace.

“Mm, I’ll let you take advantage of me for a while.”

When he lowered his head, he saw that Qin Yushi was still not asleep. That face really made him want to pinch her again. His hands were itchy, and her eyelashes were very long, it was also possible that there was a sudden sound, so it trembled slightly. It was like the wings of a butterfly, and in that instant, it seemed like it was about to shatter.

Lu Guang’s heart trembled for some reason. He stretched out his finger and gently stroked Qin Yushi’s eyelashes.

He gently stroked it again. Not only did it tremble to his fingertips, even his heart trembled. This feeling..

He couldn’t help but place his finger under Qin Yushi’s eyelashes again.

Again and again, it was strange, as if something was tickling his heart.

Lu Guang felt a little regretful after a while. He had placed a magnetic trap on someone else, but in the end, he had fallen into it. He was a normal man. Of course, he would have a normal man’s needs, but.., he was a person who loved his own body. Although he was not a virgin, he was almost a virgin. if he dared to mess with women outside, he believed that his boss’s fist.., would hit him.

Since he was young, he had never been able to beat his boss,

his boss was really a soldier. He had never been lacking in skills. As for him, it was not a big problem for him to randomly hit a few people. However, if he were to fight with his boss., he would start to doubt his life.

The difference between the two of them was not just a few minutes.

It was the difference between a general and a scholar.

His big brother was a fighter, and he was a scholar.

How could this be compared?

Lu Guang pinched Qin Yushi's face hard and carried her into his arms. It was as if he was hugging a big soft pillow.

It was quite easy to hug. He suddenly raised the corner of his lips proudly and prepared to continue sleeping. With such a big pillow, he felt quite comfortable no matter how he slept. However, he opened his eyes after a while.

Chapter 2249: I Like Fair Skin

He grabbed Qin Yushi's arms and let her wrap her arms around his neck. If that was the case, it would be as if she was taking advantage of him.

In terms of scheming, Qin yushi naturally couldn't compare to Lu Guang. If Lu Guang really wanted to scheme against someone, he would have to escape for the rest of his life.

His hands were tightly wrapped around Qin Yuji's waist. He realized that under his old-fashioned clothes, his little shishi's figure was surprisingly good. The main thing was that her skin was very good, and it was very fair and clear, of course, there was no other strange smell on her body. There was no perfume, essence, or anything else. It was clean and clean, and it made people want to take a bite.

He closed his eyes in satisfaction and suppressed all the excitement in his body. It was normal for him to have such a reaction. He was not a eunuch.

The pillow in his arms felt really comfortable. He sighed and continued sleeping.

In short, he slept very comfortably. He had forgotten how long he had slept. It was the weekend anyway, so he did not have to go to work. He could sleep for a day. However, he could sleep for a day, but he had to check on other people, could he sleep for a day too.

Qin Yushi was also drowsy. She hugged the pillow in her arms tightly. She felt that the pillow was somehow warm and soft. She couldn't help but tighten her arms, she also wrapped her arms and legs around the pillow.

Suddenly, she seemed to hear a soft laughter.

Laughter? Where did the laughter come from? She tried to hug the large pillow tightly, but another wave of strange laughter came.

She suddenly thought of something and opened her eyes, only to meet a pair of peach blossom eyes with a smile.

She was stunned for a long time, staring at the enlarged...

Man's face.

Lu?

Lu Guang?

"Why? You haven't taken advantage of me yet. Are you trying to rip off my last piece of codpiece?"

Lu Guang teased her and smiled as though he had just picked up a hundred yuan.

Qin Yushi quickly released her hand and pulled the blanket away. She looked around for her glasses.

"On the cabinet to your right."

Lu Guang kindly reminded her so that Qin Yushi, who was half blind, wouldn't fall to her death.

Qin Yushi quickly grabbed her glasses from the cabinet and put them on. After seeing everything clearly, she turned to Lu Guang and saw him sleeping on her bed, his arms and legs were exposed. Of course, he wasn't wearing any clothes. He didn't have any clothes to wear. When he came, he was only wearing slippers. He couldn't wear Yushi's clothes, right?

Qin Yushi lowered her head to check her clothes again. Fortunately, the clothes were still the same. She didn't feel anything. They shouldn't have had anything to do with each other.

"Don't worry." Lu Guang pulled Qin Yushi's blanket over his body again. The blanket was covered with her scent. It didn't smell like perfume, but it smelled really good.

Qin yushi frowned. "Don't worry about what?"

"I didn't do anything to you. Lu Guang looked Qin yushi up and down. I like big breasts, thin waist, and fair skin. I'm not interested in you doing this. You're the one who took advantage of me."

As Lu Guang said this, he couldn't help but sigh. It was as if he had been wronged.

"Why are you here?"

Qin Yushi raised her voice in shame and anger. She also wanted to smash the table lamp into Lu Guang's face. Of course, she had already imagined this scene dozens of times, but she didn't dare to take any action. This so-called action., required a certain price to be paid, and it seemed like she couldn't afford such a price.

Lu Guang could crush her to death with one hand.

After working under Lu Guang for three years, how could she not understand Lu Guang? He was a terrifying smiling fox.

Lu Guang generously revealed his hands and feet under the blanket. "The sofa is too small. It Can't Sleep on me."

“Then you can’t sleep on my bed either?”

Qin yushi had never been so stupid. She had never wanted to kill anyone. And now, all of this, all of these setbacks, came from Lu Guang.

“I asked you, and you agreed.”

Lu Guang closed his eyes. “Who knew that you would sleep so restlessly and use me as a pillow? Miss Qin, you took advantage of me quite a bit this time.”

Qin Yushi was so angry that she almost spat out a mouthful of blood.

She had seen shameless people before, but she had never seen such a shameless person.

Also, it was hard for her to say whether she had used him as a pillow or not. That was the reason why she was so silent and couldn’t be so confident, she couldn’t be sure that she had really done all those things and taken advantage of Lu Guang.

Lu Guang saw her hesitation and his struggle.

Qin yushi was a harmless cabbage, but what was Lu Guang? He was a vixen who had cultivated for a thousand years. How could the simple and unscrupulous Qin Yushi ever play with a vixen.

Lu Guang slept soundly, but Qin yushi was still immersed in the matter of whether or not she had taken advantage of Lu Guang, so she slowly ignored many things.

Qin Yushi opened the closet and took out her clothes. She was ready to change outside. A man was lying on his bed with no clothes on. This scene was too beautiful. She really didn’t dare to look at it.

Her face was burning with pain and regret. She had left Lu Guang behind at that time. He should have kicked him out. Of course, she could only think about it. She dared to kick him., her heart was happy, and so was her foot. Then, immediately, she lost her job and had to drink the northwest wind. The northwest wind was too expensive, and she really couldn’t afford it.

“Shishi...”when she was about to open the door and leave, Lu Guang’s voice was almost haunting her.

“Remember to go to the office later and bring a few sets of clothes from my office. I also need to bring my underwear. I’m not wearing any clothes right now. I’ll sleep for a while more. Remember not to wake me up.”

Then, Lu Guang really fell asleep at the drop of a hat.

Qin Yushi reached out and grabbed the doorknob forcefully, resisting the urge to Kick Lu Guang in the face.

When Lu Guang said “I’m not wearing any clothes,”her face couldn’t help but turn red again. This wasn’t embarrassment, it was pure shame and anger. There was no need to remind her so deliberately. It wasn’t like she hadn’t touched it., as for whether he was really not wearing any clothes or whether she felt Lu Guang’s physiological reaction, of course, she dared to know that this was a normal bodily reaction of a man. She wouldn’t be arrogant enough to think that it was caused by her

Chapter 2250: was kicked out by the empress dowager

Lu Guang had never treated her as a woman, and she did not feel like a woman at all. Other than being weaker than a man, she was not feminine at all.

She took her clothes and went into the bathroom to change. When she saw herself in the mirror, she almost wanted to bang her head against the wall.

Her face was now hot and her hair was a mess. She had grown up so much. It was the first time she was so close to a man. She even treated her boss as a pillow. Now she really wanted to bang her head against the wall.

She put her glasses aside and turned on the tap. She kept pouring cold water on her face.

The cold water gradually lowered the temperature on her face. She was about to change her clothes. Also, she lowered her head and pinched her waist.

Big Breasts, thin waist, white skin.

Oh, so Lu Guang liked it like this. As for her, it didn't seem to fit either.

Her breasts weren't too big, and her waist wasn't thin enough. Of course, her skin was barely enough, but it couldn't be as white as Lu Guang had requested.

Lu Guang had chosen women better than his job

The women around Lu Guang were all good-looking and well-built. Therefore, Lu Guang really treated her as a friend, but she had flirted with her own friend.

She poured some cold water on her face and lowered the temperature on her face to prevent her from burning too badly. She was afraid that she would catch fire.

She changed her clothes and put on her glasses. Only then did she walk out energetically. However, when she thought about what Lu Guang asked her to do, her head hurt and she felt powerless.

She picked up her bag from young master sha and walked out. Then, she took a taxi and was ready to go to the company.

She had always been very frugal. Although Lu Guang gave her a very high salary, she was still very frugal. She wanted to save some money and buy a small house for herself. In the future, this would be her home, it was a place where she could shelter herself from the wind and rain. However, the expenses here in Hai City were too high. Even the house price was higher than the average place. She had been here for three years and had been frugal. Now, it was not enough for her to make a down payment, she had also done some calculations. If she was given another three years, she might be able to make a down payment on a house. Then, she would be able to pay the mortgage bit by bit. At the very least..., she could be considered to have taken root in hai city.

Therefore, she had been saving as much as she could. She made it herself in the morning and at night. There was nothing fancy about it. It only cost a few dollars for a meal. She also walked to work, her place of residence was very close to Lu Guang's law firm. If she walked, it would only take about ten

minutes. Therefore, she walked to and from work every day. Sometimes, she even rode a bicycle, this saved time. Of course, the bicycle was free as long as she had the manpower.

There was no need to charge or pay the parking fee. She could just find a place to park.

But now, she was going to get clothes for her boss, so she could only be extravagant and take a taxi there.

Because it was the weekend, there was no one in the law firm. She went through a special passage to reach the upper floors. This 30-story building was the private property of the Lu family, however, the lower floors had other uses, and the upper floors were his office. Lu Guang liked quiet and refused to argue, so he put his office on the top floor, of course, this was also a place where he could take care of everyone. He could look at other people or things, but they were all under his feet. He enjoyed the feeling of looking at the distance, but he did not know.., if he would feel lonely at a high vantage point.

However, these were all Lu Guang's own matters, and had nothing to do with her.

She walked into Lu Guang's studio. In this office, there was a small suite. Usually, when Lu Guang was busy, he would rest here. She opened the door, but this was the first time she had entered this place.., there weren't many things in there. A wardrobe, a bed, and nothing else.

Qin Yushi walked over and opened the wardrobe. She took out a few clothes and stuffed them into a bag. She also took out a few pairs of underwear. She was a good secretary, she could draw inferences from one example.

After she packed everything, she didn't forget that Lu Guang was still wearing slippers when he escaped to her house. She couldn't let him wear a suit, tie, and a pair of slippers, right?

So, she took another pair of slippers and a pair of leather shoes.

Then, she walked back.

It wasn't even 8:30 in the morning. Logically speaking, she should still be sleeping at home at this time. Normally, she wouldn't talk about it, but when it was the weekend, she just wanted to sleep well, at the very least, she would sleep until around 9:00 in the morning before she would wake up. Even if she woke up, she would not eat or drink. She would read a book until noon. This was an irregular pattern in her life. However, to put it bluntly.., it was not a big deal.

However, she actually woke up so early. She did not sleep late, did not read a book, and did not stay in bed until noon.

Instead, she got up early to get clothes for the big boss. She even had to take a taxi. She wondered if Lu Guang could reimburse her for the fare.

She took the clothes back. Lu Guang was still sleeping shamelessly and had no intention of waking up.

It was no wonder. Lu Guang had always paid attention to the quality of life and did not like to stay up late. His schedule was very regular. When he woke up at six in the morning, he would jog outside for an hour, after that, he would come back to do other things.

For example, if he did not sleep at two in the middle of the night, that would be less. It was no wonder. If he had followed his usual schedule and slept so late last night, he would have slept until at least ten in the morning.

Qin yushi put her clothes on the side of the bed. Just as she was about to go out, she sighed again. She accepted her fate and walked over. She also pulled the blanket over Lu Guang.

“Boss, why aren’t you home in the middle of the night? What are you doing wandering around outside?”

“Your boss was chased out by the Empress Dowager.”

Lu Guang opened his eyes and sat up. Of course, his muscular upper body and beautiful muscles were also revealed.

Lu Guang didn’t care at all whether he would be seen naked. He took his clothes and put them on.

Qin yushi quickly turned around. She also felt her temples suddenly jump up.
