

Chapter 2261:

However, she had never had any improper thoughts about her boss. Could it be that she thought all this was true? In fact, deep down, she had feelings for her boss.

However, this didn't seem strange. She could figure it out. After all, for a person like her boss, as long as she was a woman, she wouldn't be able to reject him. However, she knew her identity and her boss's thoughts. It was impossible for her to have anything to do with a woman like her, therefore, she would not do such an impossible thing.

However, she was not rational when she was sleepwalking, and she did not have any consciousness when she was sleepwalking. Could it be that she really had improper thoughts about the boss.

In fact, she did not dare to sleep. On one hand, it was because she was afraid of sleepwalking. On the other hand, her hands and feet were tied. Even if she wanted to turn over, she could not do it. This was not sleeping, this was suffering.

She endured it with all her might. She squeezed her eyes hard and refused to sleep no matter what. However, in the end, she couldn't defeat the sleeping God and fell asleep with her hands and feet tied.

When the door opened, Lu Guang walked out and heard her breathing outside. She was really asleep.

Lu Guang walked over and squatted in front of Qin yushi, poking her face.

"Shishi..."

He shouted.

Qin Yushi didn't wake up. She was already dreaming and was about to Sleepwalk.

"We were sleepwalking."

He stretched out his hand and untied the ropes around Qin Yushi's wrists. However, he realized that the ropes had left red marks on her wrists.

"How stupid."

Lu Guang poked her face again, then untied the ropes around her feet. He lifted her up easily.

When Qin Shishi woke up, she used her hands to rub her eyes out of habit. However, she seemed to have recalled something. This time, she was not as chaotic as she had been a few days ago. They came together., she was practically rolling and crawling as she ran. She was used to it. She was helpless. It could be said that there was nothing she could do.

She stood up slowly, pulled the blanket aside, and fumbled forward again.

"Shishi, you really turned me into a pillow. But don't worry, I Won't take it to heart. Your boss is very generous anyway. If you want to hug me, just do it."

When Qin Yushi heard Lu Guang's generous words, she wanted to die.

At night, Qin Yushi took a new rope and placed it in front of Lu Guang.

"What's Wrong?" Lu Guang took a rope and smiled. Qin Yushi's smile made her eyelids twitch and her scalp tingle.

"Shishi, do you want to play with the whip? If you want to, boss is willing to sacrifice himself to play with you."

Zou Yushi's face was completely red. It was so red that it was about to bleed. At this moment, Lu Guang's clothes were half-open, revealing his well-defined muscles and sexy chest, because he had been practicing martial arts for a long time, his figure was very good. In addition, his height was superior to others. He had a model-like figure, and in terms of sex., sometimes, men and women were exactly the same.

Men thought nothing of women's sex.

And women also coveted men's sex.

Qin yushi quickly moved her face away, telling herself not to look, not to look, and not to think.

She lay flat on the sofa, waiting for Lu Guang to tie her up. She thought that if she tied herself up, she wouldn't be able to untie herself again

Lu Guang, on the other hand, tied her up firmly.

Alright, Lu Guang was very satisfied with Qin Yushi, who was tied up like a dumpling. He was ready to go back to sleep, but the poor qin yushi couldn't move. In a moment, she wanted to go to the toilet again, which made her very uncomfortable, however, she didn't dare to move recklessly. She was afraid that if she moved, she wouldn't be able to hold it in any longer and would have to deal with it on the spot.

People said that people were in a hurry. Some things could be tolerated, but some things couldn't be tolerated. For example, she was in a hurry right now.

"Boss, boss..." her face was flushed red, but she couldn't hold it in any longer.

"Boss!" She called out to Lu Guang again. She really felt that her calculations were too wrong. They were too wrong. What if she tied herself up? She could untie herself when she was sleepwalking.

But now that she was tied up like this, what else could she do? In the past, she could untie herself, such as going to the bathroom or something like that. And what if her period came? Was it going to flow everywhere, like a murder scene?

And she really couldn't hold it in anymore.

"Boss..."

She was about to cry. She would never do such a stupid thing in the future. Anyway, she would never tie herself up like this again. It wasn't saving her, it was suffocating her.

The door suddenly rang.

Qin yushi also heaved a sigh of relief. Lu Guang walked out in his pajamas and stood in front of Qin Yushi.

“What’s wrong, Shishi?” He could clearly see that Qin Yushi’s face was flushed red, but she still stood there unmoving.

“Boss, quickly untie me.”

“Why?” Lu Guang half-squatted down and propped up his face with one hand. “It’s tied properly, why do you have to untie it? Shishi, you have to know how difficult it is to tie this knot.”

“I want to untie it.”

Qin Yushi’s face was red, but she couldn’t say anything. She had to go to the bathroom, and it was too hard for her to hold it in now. She would hold it in for a while, and her entire forehead would break out in cold sweat, however, Lu Guang was still squatting there in a bad and playful manner.

“Shishi, this is your fault.”

Lu Guang narrowed his eyes, “You Asked Me to tie you up. Fine, I’ll tie you up. Now that you’re not sleeping in the middle of the night, you’re asking me to untie you. You treat me like a pillow every day, so I won’t say anymore. Now that you’ve tied me up and untied me, are you playing with me, Qin Yushi? “You don’t want to sleep, so why do you want me to stay awake with you?”

“Boss, untie me.” Qin Yushi’s face was already red from holding it in. “I need to go to the bathroom.”

She couldn’t care less about her face now. Now, she just wanted to go to the bathroom. When she was done with all this, they could talk about other things, okay?

She could let him do whatever he wanted. She couldn’t care less if he wanted to kill or cut her up. Could she untie him first.

Lu Guang touched his chin. If you want to go to the toilet, you should have said so earlier. What if you were suffocated? He said that, but he still had the intention to make a move.

“Look, you’re sweating.” Lu Guang seemed to be torturing her. He slowly untied the rope. Before he could untie her completely, Qin yushi couldn’t wait to pull the rope open, she ran into the bathroom in one breath. When she was done with her matters, she looked like she was about to die. She was also sweating all over. Her clothes were almost drenched, and her stomach was aching, she would never do such a stupid thing in the future.

Chapter 2262: where did her stuff go?

When she came out, Lu Guang was still sitting there. He was looking at his fingers, but he didn’t know what he was looking at. Qin Yushi was Lu Guang’s secretary. Of course, she knew Lu Guang’s personality. It was already so late, he couldn’t possibly be holding his phone just to post a few sour words on wechat. It was possible that he was investigating a case, or he was watching the news, but entertainment was always far away from him.

Although Lu Guang was not a workaholic, when it came to women, he was cold-hearted and cold-hearted.

Qin Yushi walked over and sat in front of Lu Guang.

Lu Guang looked up at her with a smile that was not a smile. Qin yushi almost burst into tears on the spot. How could he not be like this? How could he not bully people like this?

“Shishi, I have a proposition for you. Do you want to hear it?”

Lu Guang put down his phone and spoke to Qin yushi seriously.

Qin yushi sat there like a well-behaved baby. She would agree to anything, even if it was just ten or eight things. As long as she didn't mention it, she would suffocate to death from holding in her pee, her stomach was still sore and uncomfortable.

Lu Guang's dark eyes were calm. It was so calm that it was as if nothing had happened.

“Shishi, you should know that I have a house not far from the company.”

Qin yushi nodded her head vigorously. She knew this. Lu Guang usually lived there. However, did this house have anything to do with them?

“My Place is big,” Lu Guang continued. Of course, he was very serious. I want to move back.”

After she said that, Qin Yushi's face suddenly lit up with joy.

Was he going to voluntarily terminate the contract?

However, what Lu Guang said next made Qin Yushi want to jump into a well.

“Shishi, my rent isn't for free.”

Qin yushi tugged at her clothes. Should she return it? Her heart ached for the money, but she also wanted Lu Guang to get lost.

“You're thinking too much.” Lu Guang really wanted to laugh at Qin Yushi's naivety.

“Shishi, you've been following me for a day or two. Don't you know my personality? Or do you think that I'm bankrupt and that I have to get the money back?”

Yu Yushi didn't dare to say anything. Of course, she knew how much money Lu Guang was worth? How could she not know that he was worth billions? Just that building was now under Lu Guang's name, as well as his own law firm and the Lu family. Seriously, not to mention 70,000, even if it was 700,000., seven million, 70 million, he really didn't care.

“Then, boss, what do you want?”

Qin Yushi's eyes were about to burst into tears. She really didn't know why she had provoked her boss. Now, she couldn't run away, she had debts on her, she couldn't hide or hide.

She really didn't know what she should do?

It was simple. Lu Guang took his phone and stood up. "Where are you moving to with me? Although it's my house and you have to pay the rent, your boss is generous." "He doesn't care about the rent."

Qin Yushi wanted him to be calculative.

"Think about it..." Lu Guang's voice continued, like a wolf seducing Little Red Riding Hood.

"I have a few houses with big windows and balconies. Most importantly, you can choose a house. If you lock the door, you won't have to tie yourself up anymore."

"Shishi..." his voice sounded like he was bewitching her.

"You said that sleeping on the sofa for a year is more comfortable than sleeping on a soft bed. Moreover, there's no rent for you there. You can rent a house for your cousin."

Qin Yushi suddenly raised her head and widened her eyes. However, they were blocked by a pair of thick glasses.

"Are you asking me how I knew about your cousin's graduation?"

Lu Guang was still smiling, but what was hidden in his eyes? Qin Yushi was still too young. To an old fox with a high IQ, she was indeed no match for her.

Qin yushi nodded obediently.

"I'm your boss. Of course I know about you." Lu Guang placed one of his hands in his pocket and stood there casually. The height and figure of a model made every woman's heart itch, they didn't want to take a bite.

"Alright, that's it. I'll get someone to move the things tomorrow."

Lu Guang had always been a dictator in the company. To his employees, what he said was an imperial edict that could not be disobeyed.

The next day, when Qin Yushi returned home, she was dumbfounded. Everyone in her house had been emptied. Even the bottle of rich bamboo that she had placed on the table had been taken away.

Where were her things? Where was her rich bamboo? Where was everything? Why was it all gone? Where did this thief come from? Why did he steal her bamboo?

Just as she took out her phone to call the landlord, she remembered something. Lu Guang had told her last night that he wanted to move and haul things.

Could it be him?

But she really thought that he was joking.

However, she seemed to have misunderstood. Lu Guang was joking. How could Lu Guang Joke? When it came to certain things, was he joking? The answer was self-evident. It was simply impossible.

She gripped her phone tightly. In the end, she was really forced into a corner and called Lu Guang directly.

“Boss, do... Do you have anything from my house?” She asked with difficulty.

“Didn’t I say that I was going to move?” Lu Guang’s voice sounded from the phone, “Remember to go buy groceries. It’s already after work. If you want to be hungry, I don’t want to be hungry. You know where my house is. Come over immediately. I’ll give you half an hour to get there.”

Qin yushi gritted her teeth and had no choice but to throw her phone into her bag. She sprinted to the market at the speed of a 100-meter sprint to buy the food they needed for dinner, then, she sprinted to the door of Lu Guang’s house at the speed of a 100-meter sprint.

“Knock, knock...” she knocked on the door.

Not long after, the door opened and Lu Guang stood at the door. Qin yushi walked in and saw that her slippers were still outside. She took off her shoes and brought the food into the kitchen, she threw her bag to the side and opened the fridge. There wasn’t a lot of food in the fridge, and there was a lot of meat as well. All kinds of seasonings were arranged neatly, there wasn’t anything missing. The place was the same as the house she used to live in. It was exactly the same and there was no difference. It was just that the place was a little bigger and there were more appliances, the new things allowed her to maintain her old habits. It was not that difficult.

Chapter 2263: the new house was not bad

She brought out the dishes she had prepared, and Lu Guang was already sitting outside the dining room, waiting to eat.

He unceremoniously put down the document he was holding in his hand, picked up his bowl, and started eating.

“When you’re done eating, go and pick a room for yourself. Other than the first room on the left, which is mine, you can stay anywhere you want.”

“MHM,” Qin Yushi replied gloomily. She could never have imagined that she would end up at her boss’s house just because she wanted to earn some extra money. Moreover, it was hard for her to get out of it, she couldn’t leave if she wanted to, but she didn’t dare to stay if she wanted to.

“There will be hourly maids at home to clean up after we go to work every day. If you have any clothes to wash, just leave them outside. They will wash them naturally,” Lu Guang said as he brought his bowl forward.

Qin yushi sighed and only ate her plain rice. She barely took a few bites of the food. Lu Guang picked up his chopsticks and picked up a pile of food for her. She usually enjoyed eating, but what Qin Yushi ate was poison.

Lu Guang didn’t care how painful Qin Yushi’s food was. He continued eating his own food, and the two of them fell silent.

When Qin Yushi heard that there would be hourly workers at home, she heaved a sigh of relief. It was good that there were hourly workers. Otherwise, she really didn’t know how long she would have to clean such a large house by herself, if she were to really start cleaning, she might have to spend the

entire day cleaning. The house she used to live in was small, so she could clean it in half an hour. She didn't even have time to wash her clothes, however, this place was so big, with two floors and such a large space, how could she finish cleaning it in a few hours?

After eating, she took the dishes into the kitchen and washed them. There was also a dishwasher in the kitchen, but Qin Yushi felt that it was too high-end. She couldn't afford it and it still cost her electricity. She might as well wash it by hand.

After she finished washing the dishes, she walked out and picked up her bag from the sofa. Then, she hugged it in her arms. Who knew where she was going to sleep?

Lu Guang stayed in the first room on her left. She wanted to stay further away from Lu Guang, so she went to the first room on her right. She really ran to the first room on her right and opened the door to the room. There was a big bed inside, there was a new quilt on it and the smell of the Sun could be smelled. There was also a big wardrobe. She opened the wardrobe. The wardrobe was new and there was nothing in it. There was also a beautiful balcony in the room, in the future, if she washed her underwear or something like that, she could hang them outside. The window faced south, so the sun would shine in.

She pushed open a small door, and inside was a small bathroom. There was also a small window, and the bathroom inside was bright. There was also a large bathtub.

Qin yushi used to think that if she had a house, she would definitely get a bathtub for herself. That way, she could take a bath. She was very satisfied with this room.

Even though it wasn't hers.

If this was her house, it would be great. However, she would never be able to afford it in her lifetime. Furthermore, this wasn't her house. It was the boss's house.

She was only a guest who stayed here and owed the boss money.

She had never thought of returning the place she used to live in. It just so happened that she wanted to buy some things and let her cousin live in it when her cousin came over. She had been thinking.., how could she rent a cheap house for her cousin? The houses in Hai City were really expensive. It didn't matter if she bought or rented the same house. The house she used to live in couldn't be any cheaper, however, if she wanted to find another house with the same cheap price as the one she lived in, it would be really hard to find one.

Now that the house was vacant, it was just right. She had signed a one-year contract with Lu Guang. She knew Lu Guang's personality the best. In this one year, as long as she did not have any thoughts towards him, she would not be kicked out by Lu Guang. In other words.., she could stay here for a year. When the next year came, if she worked hard and worked overtime, she might be able to save up enough money to buy a house, then, she could have a house of her own.

With that thought, she did not want to live with anyone anymore. She did not want to worry about whose house it was anymore. She threw herself onto the soft bed, from time to time, she would rub her face against the clean and sunny bedding. It was so comfortable. She finally had a bed to sleep on instead of the small sofa. Of course, she did not need to tie up her own bed.

At night, she locked the door from the inside. Only then did she heave a sigh of relief. That would be great. She also felt that she had her own private space. In the future, when the door was locked from the inside, she could do whatever she wanted inside, she took a bubble bath comfortably. Then, she took her favorite romance novel and sat there to read it. When she yawned and pulled up the blanket, she thought to herself, she could finally have a good night's sleep.

When she fell asleep, she didn't even hear the knocking on the door.

The door creaked open and a man walked over. There was a lamp by the bed. This was Qin Yushi's habit. Since her eyes weren't good, she needed to leave a lamp behind, otherwise, she didn't know where she would bump into it.

"Shishi..."it was a ghostly voice that seemed to haunt her. Wherever she went, the voice would follow.

Of course, this wasn't a horror movie. This was a romance movie.

Qin Yushi was really good at sleeping. No matter where she went, whether it was the sofa or the old bed, this unfamiliar place was fine. There was no place she couldn't sleep. She would still sleep on her own, she slept until the sky was dark and the sun and moon were not sharp. No matter how she screamed, she would not wake up. No matter how she screamed, she did not want to wake up.

She was still a little cuter. Lu Guang scooped her out of the blanket and carried his pillow back into the room.

When Qin Yushi woke up, she felt that something was wrong again. She opened her eyes and touched for a long time. In the end, she found a soft and warm... person

She hurriedly sat up. This feeling was extremely familiar. She turned around and was about to run, but a hand pressed down on her shoulder. The gravity pressed down on her shoulder, and she tried to pull it out for a long time, but she couldn't pull it out.

She was like an ostrich, almost burying herself.

Chapter 2264: she paraded on the streets

"Shishi, I think your sleepwalking disorder is getting worse. Now That You've come to take advantage of me, I won't say anymore. What do you think you'll do if you run out one day? "There are so many bad guys out there. Although you don't look that good, you're still a woman. It's fine if you get robbed, but if you get raped, you won't even have a place to cry. I'm really worried about you. Why do you think you have such a problem at such a young age?"

Qin Yushi felt her scalp tingle when she heard those words. She had to admit that she was ugly, so she never thought that Lu Guang would take advantage of her, however, she had already taken advantage of Lu Guang. She might have touched his entire body, but she never thought that Lu Guang was lying to her.

And if she really ran out, what would she do?

Was she really going to be robbed, or raped, or hit by a car? She could accept the first one, and the third one, but she would rather die in the middle, she did not want that to happen.

She was so scared that she broke out in a cold sweat.

“Shishi, your sleepwalking is getting worse.”

Lu Guang added fuel to the fire. Qin Yushi wanted to die.

“Tie it up with a rope?”

Qin Yushi didn't know what to do with her illness? It wasn't an illness, but if it happened, it would kill her.

“It's not like you haven't tied yourself up before.” Lu Guang sighed, “But it's too light. You can untie it yourself, but if it's too tight, you won't be able to untie it. But what if you want to go to the bathroom? You Can't suffocate yourself to death, right? Why Don't You Solve it on the spot?”

Qin yushi put her shoulder down.

“Yeah, then what should we do?”

“I think...” Lu Guang sighed again and patted Qin Yushi's shoulder lightly. It felt like he had made a huge sacrifice, and this decision.., made him feel so wronged.

As Qin yushi listened, her brows furrowed tightly. She could use her own ability to solve any problem, and she didn't need to trouble others. But the problem was that this sleepwalking disorder.., it wasn't something she could solve or cure herself. She didn't even know how she got it.

“Then, what can boss do?” Qin Yushi looked up, eager to know how to cure this type of sleepwalking. She had thought of everything she could think of and did everything she could, she couldn't stay awake, but even if she didn't want to sleep one day, she would still fall asleep in the end. When she woke up, she would definitely be with Lu Guang.

Lu Guang placed his arm on Qin Yushi's shoulder, “I don't have any other good solutions. I can only sacrifice myself and watch you every night. That way, you won't run outside, lest someone snatch you away or rape you.”

Qin Yushi put her shoulder down again. She wasn't willing to do that.

Sharing a bed with her boss, was her brain damaged or something?

Lu Guang raised his eyebrows. He put his hand behind his head. Of course, he didn't force Qin Yushi. Anyway, she would agree one day. Well, he wasn't in a hurry. If this was a game.., then their game had only just begun.

Qin Yushi tied her feet up again. In the end, she felt that it wasn't enough. She tied one of her hands up again. This way, it should be able to make up for some use.

After she tied her hands up, she pulled up the blanket and went to sleep. In a short while, she fell asleep.

Suddenly, she shivered. She had been woken up by the cold.

Woke up by the cold?

She hugged her arm and instinctively reached out to pull the blanket. However, her hand was empty. She widened her eyes and woke up as well.

She looked at the streetlights on both sides of the street in disbelief and the empty street in front of her. She almost screamed and turned around to run towards Lu Guang.

It was too scary. She had actually sleepwalked out.

Fortunately, she was right outside Lu Guang's house. When she ran back, the door was still open. She hurriedly rushed in. After a while, she ran back and closed the door. Only then did she run into her own room, she pulled up the blanket and stuffed her arms and legs, which had been frozen until they were blue, under the blanket. Her entire body was trembling in fear. She was really scared. She was really scared.

Was she really sleepwalking on the street? Could she not even tie her up?

She almost did not dare to sleep that night. In the morning, she went to work with two big dark circles under her eyes. Anyway, she still had her glasses on. They covered everything on her face, so she could not see her face clearly, of course, she could not see her dark circles.

She was not in good spirits all day, but she would not make any mistakes at work. What she had been worried about was her sleepwalking. The more sleepy she was during the day, the more she would sleep at night, and the more she slept, the greater the chances of her going out to Sleepwalk.

It was no wonder that her sleep was a little too good. Everyone said that as long as she fell asleep, no matter what kind of noise was outside, it would not wake her up. Could it be that she was sleepwalking at that time?

At night, she was obviously very sleepy, but she didn't dare to sleep. Now, as long as her head touched the pillow, she could fall asleep. If she was sleepwalking again, she might be raped by someone when she woke up.

She sat on the sofa and yawned. She opened her eyes with difficulty and perked up. She insisted on watching TV. According to the current time, she had not slept for two days and two nights.

Lu Guang walked out and poured himself a glass of water. He carried the glass over and sat across from Qin Yushi.

"What's wrong? How's My Tiyi?"

He brought up the matter again.

Qin yushi instinctively wanted to reject him. She was about to blurt out, but in the end, she held it back.

Lu Guang placed the cup to his lips and put it down. Then, he stood up and walked into his room. When he reached the door, he stopped and turned around.

“I’m only waiting for you for ten minutes. If you don’t come over, I Won’t care about you anymore. If you go out and Sleepwalk, you’ll still be sleepwalking somewhere. “It’s none of my business. If you get robbed or raped, that’s your own business. Don’t Expect Me, your boss, to clean up after you. Also, didn’t you buy insurance? If you really lose your life, the insurance company will compensate you anyway.”

Chapter 2265: She didn’t see anything

After Lu Guang finished speaking, he walked in and sat on his bed. He put one of his feet away and flipped through a document in his hand.

He didn’t even move when he heard a noise. He just sat there without saying a word.

Qin yushi carried her blanket and walked over. She placed the pillow on a small corner and carefully sat on it. Then, she laid down and covered herself with the blanket, she wasn’t afraid that she would fall off. The sofa was small, and she would always fall asleep.

As soon as her head touched the pillow, she fell asleep. It was obvious from her breathing.

Lu Guang looked at the document for a while and wrote some notes on it. After an unknown amount of time, he put the document aside. Then, he pulled the blanket aside and lay down, however, he stretched out a hand and pulled the human-shaped pillow into his embrace.

He had not hugged a human-shaped pillow for a day, so he did not sleep well that night. Where did he find all these strange problems? However, he was fine now. He could finally sleep well.

Yes, he could have a good sleep, and Qin Yushi could also have a good sleep.

They slept quite well that night and almost never woke up. When Qin Yushi opened her eyes, she also woke up. She instinctively wanted to grab something. She grabbed the blanket..., of course, she also grabbed something else.

She quickly let go of the blanket and her face turned red. She seemed to have grabbed something amazing just now.

Even if she wasn’t ignorant, she was still short-sighted. What was that? She had learned physiology in junior high school, but she had grown to such an old age. She had watched TV for nothing, and she had watched scenes from romance novels, she had never seen it before. She didn’t know what happened to men and women, and she didn’t know how babies were born.

Lu Guang’s dark eyes were filled with a cold fire that burned in his heart.

He really knew how to grab. If he did it again, he would chop off her hand. How could he grab a man’s hand?

Qin Yushi was a coward. She immediately ran out with her blanket in her arms. She also ran to her own room in the morning. Why did she feel like she had done something amazing? Facing this matter..., it was still a very troublesome matter in this life.

She seemed to have taken advantage of the boss, but the size of the good citizen of the boss was not small

She hurriedly shook her switch, not thinking about this anymore.

She narrowed her eyes. Everything in front of her was blurry, and she couldn't see anything clearly. Where were her eyes? She touched them for a long time, but she couldn't find them. Only then did she remember that she seemed to have moved to the boss's place.

She turned around, took a deep breath, and walked out.

However, just as she came out, there was something on her face, and her vision instantly became clear.

"Thank you, Boss." Qin yushi adjusted the angle of her glasses. She held one of her hands behind her back and scratched it. The palm of her hand was burning, and even her face was burning.

"You're welcome." Lu Guang was still smiling, but there was something in his eyes that made her uneasy. He didn't mention what happened just now, which made Qin Yushi sigh in relief, if he didn't mention it, she wouldn't be able to go out.

It was time for dinner, and Lu Guang didn't mention it. Qin Yushi thought that Lu Guang had forgotten that her hand finally dropped after burning for an hour.

At night, she raised her head and looked at Lu Guang's open door. In the end, she hugged her blanket and ran into Lu Guang's room, she picked a small area for herself and lay down to sleep.

When she opened her eyes and was about to go to the bathroom, she sat up and touched her glasses. She put them on and walked to the bathroom in a daze, she opened the door, but as soon as it opened, her eyes widened. Outside her glasses, there was a clear world. In the bathroom that was not considered small, there was a naked man, he had just taken a shower, and there was a dense heat inside. The Heat had also caused his glasses to turn white. However, after a while, the rules became clear again. The Man in front of her was still there, and he was still naked, her gaze stopped at his chest pain, then his waist. When she finally reached that place, she hurriedly covered her eyes and closed the door with a whoosh. Don't look if you're impolite, don't look if you're impolite., she ran out with her face covered and went to the bathroom in the other rooms. She placed her hands on her chest, and her chest was beating violently from time to time. There was also that kind of parched mouth and dry tongue, it was the most normal reaction for a person.

She quickly slapped her face to calm herself down.

She didn't see anything. Yes, she didn't see anything. She really didn't see anything.

She didn't have the courage to go back to Lu Guang's room. After all, she had made a fool of herself, so she didn't have the face to go back. However, after thinking about it, if she didn't go back, wouldn't it make people feel guilty? She had clearly done nothing, and she did not do it on purpose.

When she mustered up the courage to go back, Lu Guang had already put on his pajamas and was sitting there looking at the documents. Qin Yushi was stunned at the door. She did not know if she should go in or not, but she stood there for a long time., lu Guang did not seem to notice it either

Qin Yushi stood there for a while more. In the end, she gritted her teeth and walked in. Then, she laid down on her own spot and pulled open the blanket, wrapping herself up like a silkworm baby.

She gnawed on her fingers. Never in her dreams would she have imagined that she would see her boss naked, or her entire body naked. If those women who missed their boss found out about this.., they would tear her into pieces.

She didn't sleep the whole time, nor did she feel sleepy. It wasn't until she fell asleep in a daze that she heard Lu Guang put down the things in his hands. She pulled the blanket away and lay down as well.

She closed her eyes and was about to fall asleep. However, a hand reached out and pulled her aside. Before she could react, she was hugged tightly by a man, her nose was filled with the unique smell of this man. It was the smell of used body wash. It was a refreshing mint fragrance.

Chapter 2266: there was hope for her eyes

She opened her eyes gently and did not dare to move. Her eyes were also filled with confusion and she could not see anything clearly. Although she could not see clearly, and although she was in the darkness, she still knew.., what had happened.

Her rationality told her that she should stay away.

But in the end, she did not move. Instead, she obeyed her heart. She leaned her body even closer into his embrace and continued to sleep.

She had a kind of dependence. She did not know when it started, but she was unwilling to leave. In fact, this was also good. A woman like her had never yearned for love. In junior high.., many boys and girls were already in love, but she was still studying. In high school, other people had the desire to move, but all she could think about was going to college. After going to college.., she was even busier. Other people were in love and looking for boyfriends, but she was still busy working and studying. Sometimes, she had to find a job that was a few minutes a day to cover her living expenses, after all, she had no reason to ask for money for her uncle and the others.

They had already helped her too much, so much that she would not be able to pay them back.

When she finally found a job with great difficulty, all of her dreams became a sentence, that was, she wanted to have a house, and she had been working hard for that house in the future, as for love, she had never thought about it.

She had thought about it. If she met someone suitable, she would get married. If she did not mind that she was half-blind, she would marry him. No matter how ugly he was, no matter who he was, that old cripple who was fifteen years older than her.., she was almost married. Then, who else could she not marry?

As for Lu Guang, she really had never thought about what would happen with him. They were just the relationship between the boss and the employees. Nothing else would happen.

However, she wanted to spend more time with him, just like this. Perhaps she would never be able to forget him.

In the morning, Yu Yushi made breakfast. After eating, she took her bag and headed to the office. Lu Guang went out for a jog. He was the boss, so he didn't care if he left early or if he was late, moreover, she had never thought that she would appear in the office with the Big Boss. This time, no one would suspect her, and it would only be a coincidence. However, the more times she did it, the more people would see through her, she still wanted this job, but she didn't want to leave yet. Otherwise, where would she find a suitable job? She was a half-blind woman.

When she arrived, she put down her bag and took some documents to organize. A colleague walked over. When she saw that she was here, she was quite surprised. It was as if a flower had bloomed above her head, it's like a flower has blossomed.

"Yu Shi, why are you still here?"

Qin Yu Shi pushed up his eyes, "I am not here where, could it be that the company is going bankrupt?"

"What nonsense are you talking about?" The colleague quickly came over and grabbed Qin Yushi's sleeve, pulling her toward the outside. "We are going to leave soon. Be careful not to leave you here alone."

"Go, where are we going?"

Qin Yushi felt that something was wrong. "What's wrong? Aren't you going to work early in the morning?"

"We're going for a physical examination today." That colleague still tugged at Qin Yushi and left.

"A physical examination?" Qin Yushi couldn't help but quiver. How could she have forgotten about this? The company had a physical examination every year. This was a benefit given to employees by the company.

Recently, Qin Yushi had been feeling exhausted because of her sleepwalking, so she had forgotten about the physical examination. In fact, she had been very afraid of the physical examination ever since her eyes weren't good, her body was very healthy, but her eyes hurt her heart. She was afraid that the Doctor would say something during the physical examination, and her eyesight would decline again, she was going blind or something.

"What's wrong? Why are your hands so cold?"

Her colleague turned to look at Qin Yushi. "Yushi, are you afraid of drawing blood? Let me tell you, I'm afraid too, but I'm not as afraid as you are."

"Yes." Qin yushi smiled nervously. Even she felt that it was fake when she smiled.

When they reached the hospital, someone would come over to receive them. Lu Guang had also arrived. Just like everyone else, he also had to undergo a physical examination. Of course, looking at his current complexion and energy, it was clear that.., this man was absolutely harmless.

Qin yushi rolled up her sleeves and stretched her arm in as well. The piercing pain from her arm made her forehead break out in a cold sweat. She wasn't in pain, but she was scared, she walked to the ophthalmologist, but she didn't dare enter.

She looked behind her and saw that the people behind her were still waiting. She couldn't just stand there forever. She lowered her head and walked in. When her feet touched the ground, for no reason.., she felt her heart palpitate.

She walked over and sat down.

The Doctor asked her to take off her glasses and examined her eyes for a long time.

"Miss Qin, we have a new type of surgery that can treat your eyes. Do you want to try it?"

The Doctor asked Qin Yushi. After all, Qin Yushi had undergone a physical examination at his place for the past three years. In Lu Guang's company, there were only a few people who had eye problems, and Qin Yushi was the most serious, after all, as long as she did not wear these special glasses, she would not be able to see anything.

"What surgery?" Qin Yushi did not wear glasses, so she could not see anything clearly. After her eyes became like this, she did not think about getting her eyes back, after all, she had been half-blind for several years.

"It's a type of laser surgery," the Doctor explained to Qin Yushi.

"There's no risk in the surgery, but the surgery will have a certain recovery period."

"How long will it take?" Of course, Qin Yushi wanted her eyes to be fine. She had had enough of this feeling of being blind without her glasses. As long as the recovery period wasn't too long, she still wanted to give it a try.

Moreover, she had not taken her annual leave last year. In addition to the few days of vacation she had recently saved up, she might have about half a month's time, if the surgery was not expensive.

The doctor looked at Qin Yushi's eyes. No matter what time it was, her eyes were blurry. They were blurry, and it was unbearable to look at them. She felt like a little girl who had been bullied.

It was true that such a beautiful girl had been ruined by her eyes.

Chapter 2267: was for Lu Guang

"The cost of this surgery is very high. The doctors in our country don't have the skills of this side for the time being. They all want to hire foreign experts to come over. Coincidentally, this expert will come to our hospital in a month's time. The cost of the surgery is about 500,000 yuan. It's not considered the later stage of treatment. The recovery period is about three months to half a year."

"That long?" Qin Yushi was shocked. The first 500,000 yuan already made her want to give up. She still had three months to half a year's recovery time. The shortest was three months.

The longest was half a year. In other words, she couldn't go to work for at least three months. She didn't think that a boss would need three months of employees who couldn't go to work. It was the least.

Yes, this was still conservative. What the Doctor said next made Qin Yushi lose all the excitement and excitement of having her eyes healed. She couldn't afford the surgery, and she couldn't afford it either.

She didn't have 500,000 yuan. Back then, Lu Guang had given her around 70,000 yuan.

In addition to the money she had saved over the past three years, it was only around 100,000 yuan. She didn't even have the money to pay for the surgery. If it was a few tens of thousands of yuan, she might consider it if she had to take care of it for another ten days or half a month, however, the surgery fee of five hundred thousand Yuan, three months to half a year of rest, she did not want to consider it. It might not be treatable. If it was cured, would she still be like an ordinary person? No one could guarantee that. and for this pair of eyes that she did not know how to look at, she would have to give up her current job and leave the law firm. Then, she would be left with nothing.

She shook her head. She still could not do it.

"Can the time be any shorter?" "Qin Yushi tried asking sexually. She was too embarrassed to ask about money, so she first asked about the time. Perhaps the doctor could be cheaper. and the rest that he mentioned could not be used for intense exercise. Her job was not to let people climb mountains and run."

"No." The doctor shook his head, "After your eye surgery, you can't use these special glasses. You can say that you can't see anything. For the first three months, you can't even see light. After three months, you can slowly recover. But even so, you can't use your eyes too well."

"Miss Qin," the Doctor said again. He was very serious, "This is a good opportunity for you. After the surgery, your eyes might still be fine. If it were a few years later, you might not be able to recover very well. This is also a good opportunity. This foreign expert will be coming to the country. If you miss this opportunity, you might not know if you can wait until the next time."

"I'll think about it," Qin Yushi said as she stood up. She wanted to think about it, but she had already given up on it.

She didn't have the money or the time, and she couldn't afford the surgery.

She didn't tell anyone about it. She went to work and got off work as usual. At night, she would curl up in the corner of Lu Guang's bed, as if she had never sleepwalked again, she started to feel uneasy when she was told to sleep somewhere else. She knew that this wasn't a good habit, but she had never thought of changing it. She couldn't change it.

"Have you been busy recently?" Lu Guang reached out to take off Qin Yushi's glasses. He looked at her blurry eyes and her long eyelashes that were trembling slightly. She felt very pitiful.

"No." Qin Yushi reached out to grab her glasses, but she couldn't even grab the air.

"Is that so?" Lu Guang Poked Qin Yushi's face with his finger, "Qin Yushi, I'm your creditor now. I don't want you to hide anything from me. If there are irreparable consequences, then you'll have to take responsibility for everything."

"I understand." Qin Yushi finally grabbed her glasses and put them on properly. Only then could she see everything clearly. As for hiding it from Lu Guang, she didn't feel anything. As for the consequences.., no matter what the consequences were, they were all hers. It had nothing to do with Lu Guang, right?

As for the surgery, she didn't think too much about it. Of course, since she came back, she already had a house. And she really didn't think that she would have to carry out a surgery that couldn't give her any guarantees.

A week later, the medical reports came out. They had all just had their physical examinations last year, and they were all young people. Other than a few of them who were angry, there wasn't much of a problem

Qin Yushi looked at her own examination report. There was a column that said that her vision was numb. Her vision had been like this since high school. It was close to a thousand degrees of nearsightedness.

She threw her examination report to the side and didn't think too much about it. She continued sitting in her seat and started working.

The ray of sunlight outside was really warm, bringing some warmth to a winter day like this. It wasn't spring sunshine, but it was unusually warm.

A car stopped at the entrance of the building, and a woman walked out. The woman looked to be in her thirties. She was wearing a light purple dress that fitted her body, and she was wearing a pair of flats, her hair was slightly wavy, and her features were exquisite. However, her eyes were clear, as if she had been advised to age, or as if she had experienced the world. In short, it was a contradiction between time and time. At this moment.., she was holding a cat in her arms, a fat cat that had been raised to an unknown breed.

She walked up and directly reached the top floor of the building. When she went up, many people forgot about their work and stood there in a daze. They couldn't even say a word.

The woman walked straight in.

Then, she stood in front of Qin Yushi's desk.

"Is Lu Guang Here?"

The woman asked faintly. Her voice was unique and pleasant to hear. It was elegant and had a slightly hoarse charm.

Qin yushi hurriedly looked up. When she saw the woman's appearance, she couldn't help but feel inferior. She pushed up her thick glasses frame.

"Um, do you have an appointment?"

"No."The woman's gaze stopped on Qin Yushi's face. Why did Qin Yushi feel that this woman's eyes seemed to pierce through the glasses on her face? Her entire face.., her entire body was exposed in front of her, and she also became unperturbed.

The woman lazily narrowed her eyes. Even the expression on her face when she was carrying fat cat in her arms was the same.

"Tell her that there's a Yan looking for him outside."

Qin yushi really couldn't guess who this Yan person was. Looking at her appearance, it seemed like she had known Lu Guang for a long time and was very familiar with him.

"Please wait a moment."

Chapter 2268: You're 28

Qin Yushi was the kind of woman who felt as if she was cutting off her flesh and drinking her blood. Her heart was very calm, and she didn't have any other thoughts. Her expression.., of course, she was also very calm. She had already dialed Lu Guang's number.

"Hello, Mr. Lu. There's a lady with the surname Yan outside looking for you..."

Before she could finish her sentence, the call was hung up. In just a few seconds, Lu Guang had already come out.

The woman who was carrying the cat was still standing outside. She lowered her head and gently stroked the fat cat in her arms.

Lu Guang quickly came over and also picked up the fat cat in the woman's arms. "Didn't I tell you not to always carry bean buns out? It's as fat as a pig now. How Heavy Is It?"

The woman gently stroked the Fat Cat's head in Lu Guang's arms. "It's a little depressed to stay at home alone. I'll bring it out for a walk."

Lu Guang really wanted to throw the cat out of the window now. He was so lazy that he only knew how to eat every day and didn't know how to move. He also didn't know how to catch mice and made himself so fat, and he liked to be hugged.

This wasn't a cat, it was clearly a pig.

"Let's go in first." Lu Guang quickly reached out and held the woman's arm. He was so careful, as if the woman was made of glass. It would shatter at a touch.

The door closed with a bang. Qin Yushi was still sitting in her seat. She picked up the documents and continued reading. She knew that such a day would come, but in her eyes.., there were still some incurable wounds.

Some people were poison, but she didn't know how to give up

Some people were addicts, but she didn't know how to give up.

Some people were life, but they were also the calamity in her life.

She endured the pain in her heart. Suddenly, her nose turned sour. Then, she looked up. A drop of water slowly formed in her eyes, which were still blurry, it rolled down her face, but no one noticed it.

In Lu Guang's office, the Fat Cat found a place for herself to hide. Lu Guang quickly poured a glass of water and placed it in front of the woman.

“Mom, why are you here today? Does Dad Know?” Also, why didn’t you let anyone accompany you? It’s so dangerous.., and now, when Lu Guang saw that he had a mother, he was covered in cold sweat.

“It’s not like I can’t walk. Why do I Need Someone to follow me?” Yan Huan rolled his eyes at his son. “Do you think I’m very old?”

“Not old, not old, of course not old.” Lu Guang hurriedly sat over and hugged Yan Huan’s arm, “My mother is young and beautiful. Look at your face. which woman can compete with you? Even a woman in her twenties can’t compete with you, let alone a woman in her thirties.”

“You’re the one with a sweet mouth.” Yan Huan reached out and pinched his son’s face.

Among the three children, he had the sweetest mouth and was the best at making people happy. But why wasn’t he the one who got married first?

Could it be that the women’s hobbies had changed and they liked Lu Qi who was quiet? But that was not right. If she pinched her son again, Lu Guang should still have some market. No matter what.., he should still be able to sell himself.

“Tell me, when are you getting married?”

Yan Huan asked Lu Guang calmly. Her expression wasn’t too good, and her lips were pale as well. Lu Guang was immediately frightened. He quickly took out his phone and dialed Qin Yushi’s number.

When the call connected, Lu Guang’s voice sounded anxious and angry.

“Shishi, do you have any candy? Bring me one.”

Qin Yushi had a low blood sugar level. This was a problem that had been left behind ever since she hurt her eyes. That was why she always brought a few pieces of candy with her. Now, he couldn’t think of where to find candy, he could only think of Qin Yushi. He hoped that Qin Yushi still had it with her today. Otherwise, it would take a long time to buy it.

Qin Yushi took her bag and took out a milk candy. Then, she walked to Lu Guang’s office and knocked on the door.

Lu Guang opened the door with a whoosh.

“Where’s the candy?” He was a little anxious, but he was still very anxious. Qin Yushi had followed him for three years, but she had never seen such an anxious and anxious expression on his face.

She stretched her hand forward and opened her fingers. There was a milk candy in her palm. It was a big white rabbit candy.

Lu Qian quickly took it over and peeled off the candy wrapper. Then, he strode over and squatted in front of the woman inside. He fed the woman the candy and gently patted her back. At that moment.., he put away his cheeky smile and looked at his daughter worriedly. He also lowered himself and half-knelt on the ground. There was nothing else in his eyes except for this woman.

Qin yushi gently closed the door. Although the bitterness in her heart had not subsided for a long time, she was still holding on to her original heart. She was also holding on to the things that she had to hold on to.

Her self-awareness was well-known, and so was her life.

In fact, she hadn't changed much. This was her own life to begin with.

In the office, Lu Guang was worried that he would squat in front of Yan Huan. He didn't even dare move. His mother's low blood sugar levels had been getting worse over the past few years because she had hurt her body too much when she was young. Furthermore, after giving birth to the three of them.., she had also caused herself a lot of trouble. She did not feel anything in the past and her body was fine. However, it became worse as she grew older. During these few years, they could tell. Hence, they were quite afraid that she would come out, moreover, she had to follow someone when she came out. Otherwise, if her low blood sugar level broke, she could faint at any time. This was the reason why he was so surprised when he saw Yan Huan.

Yan Huan drank another mouthful of water and his expression became better. She reached out and pinched Lu Guang's face. Don't worry, Mommy is fine. I'm not as weak as you think.

Lu Guang finally heaved a sigh of relief. He was really scared to death just now.

He sat on the ground as per his nature to prevent his mother from scaring him again later.

"Xiao Guang, tell your mother. When are you getting married?"

Yan Huan's voice was very serious. Of course, she wasn't joking with Lu Guang. In this matter, there was no room for jokes?

"You're already 28 years old, Xiao Guang."

"I know." Lu Guang was actually quite distressed. He didn't expect himself to be 28 years old all of a sudden.

Yan Huan reached out and placed his hand on Lu Guang's head. He gently stroked it again, just like how he treated Lu Guang when he was young.

Chapter 2269:

"Xiao Guang, it's not that I'm forcing you." She really didn't want her child to do things that she didn't like to do, but sometimes, she couldn't turn a blind eye just because she didn't want to.

"You know about your sister-in-law's health."

"I know." How could Lu Guang not know that Xiao Mei's health had been bad since she was young? Perhaps it was because Xiao Mei's mother was an old woman who gave birth, so Xiao Mei's health had been bad since she was young, there was no improvement. Of course, it was not good either. She and Lu Qi had been married a few years ago. Later, when they were preparing to have a child, they found out

that Xiaomei's heart had some problems and she could not get pregnant, otherwise, it would be dangerous for both adults and children.

Later, Lu Qi decided not to have a child. Wasn't there still Lu Guang? In the future, Lu Guang could have another child and let Lu Qi take care of it. In any case, it was fine as long as it was a child of the Lu family.

As a result, the matter of carrying on the family line would ultimately fall on Lu Guang. However, Lu Guang was unwilling to get married no matter what.

If he did not get married, the Lu family would have no grandchildren, and there would be no next generation to be born. Xiaomei would feel guilty, unhappy, and sick. Lu Qi loved his wife very much, how could he let Xiaomei think about these things every day? That was why when he attacked Lu Qi, he was really beaten up.

There were two men in the Lu family. Although Xun Xun was already married and had two sets of twins, a family like the Fang family would never give their children to them. That kind of family valued their children the most, even if Xun Xun and her brother-in-law were willing, they would never agree to it.

Their family also had two sons. If they really wanted their sister's children, it would be to continue the Lu family's name. Who knew how people would mock the Lu family.

The Lu family was also a well-known figure in Hai City. Would they really be laughed at until they could not have children? Without the ability to carry on the family line, the Lu family had been famous in Hai City for so long, it was impossible for them to be caught in such a scandal in the end.

Everyone could understand Lu Qi's reason. After all, they could not let Xiaomei risk her life to have children, let alone let Lu Qi divorce Xiaomei.

The men of the Lu family were married, so divorce was not allowed. Lu Qi could not divorce Xiaomei, so they placed all their hopes on Lu Guang, the grandparents at home were still waiting for their great-grandsons. Now that they were old, they always had to see the birth of their children. Now, the two elders were looking for that place, and their eyes were slandering their grandsons every day, but there was still a shadow of their biological grandsons.

And the only one who could give birth to a grandson for the Lu family was Lu Guang. However, Lu Guang did not marry or find a woman. Could it be that he loved men?

"Mom, what are you thinking about again?"

When Lu Guang saw Yan Huan's narrowed eyes and that kind of awkward sizing up, he could not be more familiar with it. He knew what his mother was thinking about?

"It's normal for me to have a sexual orientation. I'm just looking for what I want."

"Then when can I find it?"

Yan Huan gently pinched the space between her eyebrows. She felt her temples aching. In the past, she was afraid of having a grandson. Because of the dream she had when she was young, she felt that as long as she had a grandson, she would grow old, but now, she wanted a grandson. A child was so

beautiful, so soft, and so cute. Why did he have two sons? But no one was willing to hatch a grandson egg for her.

Lu Guang had to think carefully. How should he answer this question?

“Mom, I Want...”he held Yan Huan’s hand tightly. But when he felt the coldness in Yan Huan’s hand, he could not bear to let his mother worry. He knew that his mother’s health was not good.

“What do you want?”Yan Huan sighed. She gently stroked her son’s hair, “Xiao Guang, I’m not forcing you, but you have to know the current situation of the Lu family. Your elder brother and sister-in-law are both waiting for your son. Your Sister-in-law’s body is like that now, and she’s a schemer and overthinker. You’ve grown up together. Don’t you know her personality?”

Lu Guang nodded. How could he not know?

She was a woman like Lin Daiyu. In this world, perhaps only big brother could accept a sister-in-law. If he saw such a woman who was about to fall in the wind every day, he thought that he would definitely run away from home.

“Mom...”Lu Guang held Yan Huan’s hand tightly again.

“I think, I found it.”

Yan Huan was stunned. Found It?

“It feels like it.”Lu Guang smiled. It did not look like he was smiling like a tiger when he was at work. Only in front of his family would he reveal this truth.

“Who is it? Can Mom Know?”

Yan Huan thought that she would have to talk to her son for a long time. After all, whether it was Lu Qi, Lu Guang, or the stubbornness of the Lu family, they were all there. It was just that she did not expect that she would hear such news.

She found it.

She found that person

Did she find the woman who told him not to abuse himself?

“The one outside, how does mom feel?”

Lu Guang admitted it generously. In fact, he himself also admitted that sometimes relationships were such wonderful things. Sometimes, even if you lived with a person for your entire life, it was impossible for you to have that kind of relationship. However, there were some people who only needed a glance.., it was only for an instant, and it would make your heart pound. That kind of feeling would make you experience all sorts of ups and downs, but it would also leave a lasting aftertaste.

“The one outside?”Yan Huan thought about which one was outside. There seemed to be only one outside, and the others were all on the lower floors. This son of hers had a strange personality, and he didn’t really like having too many women around him, so the one outside referred to the girl with the glasses. She was quite young, and from her appearance, she looked like Fang Zhu. No, she wasn’t like

Fang Zhu., fang Zhu had received Grand Master Extinction's true teachings, but that girl only looked like her. The others didn't look like Grand Master extinction at all. At most, they looked alike, but they didn't look alike.

"Mother hasn't said how you feel?"

Lu Guang asked Yan Huan. He was indeed a little nervous. If he was really certain that it was her, then it wouldn't change. The men of the Lu clan were all devoted, and similarly, they were also infatuated, no matter who the other party was, as long as they were chosen, then they would spend the rest of their lives together.

However, he was worried that his parents would not agree. After all, his sister-in-law was the daughter of a high-ranking official, while his brother-in-law was the overlord of a region, inheriting a family. However, he was marrying an ordinary woman who could no longer be an ordinary woman.

Actually, he also knew that as long as he wanted to marry, his parents would eventually agree. However, he did not want his parents to say that they did not like him in the end, causing his woman to be wronged, causing his parents to be angry again.

"You Know Fear Too?"

Chapter 2270: Doubao forgot

This was the first time Yan Huan Saw Lu Guang being cautious.

Lu Guang only smiled. Although he was twenty-eight years old, he was still the same child as his mother. This child had grown up to be a responsible man, and he would think of everything in person, everything was done to the best of his ability.

It might not be perfect, but he would do his best.

"Don't worry." Yan Huan touched his son's hair again. This head of hair was all standing up, which showed how stubborn he was.

"Mother won't disagree. We are not people who care about family background. If that's really the case, Yan Huan shook his head. Back then, your mother and I, to your great-grandfather, would never be an actor in the Lu family. Of course, if I didn't join the Lu family and marry your father, there wouldn't be the three of you."

Lu Guang hurriedly poured a cup of water for Yan Huan. Yan Huan took the cup and heaved a sigh of relief.

"When you're sure, take it home. No matter what family background it is, it doesn't matter. Our Lu family doesn't need to rely on women to get to the top."

"Mom, I'll do it as soon as possible." Lu Guang was already doing it. However, he had to first trick that woman into his hands. He had no choice. If it was an ordinary woman, a monk's flesh like him., she would want to come over and take a bite. However, to some women, he was a disaster. If he could stay away from them, he would immediately stay away from them

Otherwise, he would not have been able to do it step by step until now. Actually, thinking about it, he himself felt that it was quite difficult.

“Alright, I’m going back.” Yan Huan put down the cup in her hand. She was also going back. She was a little tired and needed to go back and rest.

Lu Guang hurriedly helped Yan Huan up and took his own clothes.

“Mom, I’ll send you back.”

He was worried about Yan Huan going back alone. He had to send her back personally. He would only be at ease after the arrangements were made. No, he had to get the family doctor to come over and take a look. Otherwise, he really wouldn’t be at ease.

Lu Guang opened the door and helped Yan Huan Out.

Yan Huan stopped and adjusted his son’s collar. This child had grown up. He was just like his father. Back then, he was always looking for his mother’s child, but now, he had grown up.

Time really didn’t wait for anyone. She was the one who refused to admit that she was old, but now she really admitted that she was old because she wanted to have a grandson.

Lu Guang bent down and let Yan Huan help him adjust his clothes. His smile was as warm as spring. Very few people would see him smile like this without any impurities, and his smile was only for the women at home.

“Let’s go.” Lu Guang held onto Yan Huan’s arm and led her out. When Yan Huan passed by the table outside, his gaze swept over Qin Yushi, however, he didn’t feel that it was intentional. He shifted his gaze away and followed Lu Guang out. They seemed to be in a house now, and at this moment, the Fat Cat in Lu Guang’s office., they had forgotten to bring it away.

When Yan Huan came back, he realized that Dou Bao had forgotten.

“I’ll help you take care of Dou Bao for a few days. I’ll bring it back to you in a few days.” Lu Guang was afraid that Yan Huan would think of looking for Dou Bao again and go back to work.

Yan Huan rolled his eyes at his son. “Your mother is not too old to walk.”

“I know.” Lu Guang rested his chin on his mother’s shoulder, “My mother is the most beautiful. People say that we are siblings. I believe that no one would believe that we are mother and son. Let me take care of that cat for a few days so that I can go and coax your future daughter-in-law.”

“Alright, Alright, take it.” Yan Huan tore his son’s face with both hands. He wanted to tear his son’s face until it was deformed. However, Lu Guang still moved his face closer to his mother and continued to tear it.

When Lu Guang returned, Qin Yushi was gone.

“Where did she go?” He raised his wrist to look at the time. It wasn’t time to get off work yet. Why did she leave early? If she left early, her salary would be deducted. To Qin yushi who valued money so much., how could she leave early? To be honest, he didn’t believe it.

He might be back soon. He opened his office door and saw Qin Yushi squatting on the ground. She was holding a piece of bread and feeding the fat cat Doubao.

"It's hungry." Qin yushi broke another piece of bread and fed Doubao. "It kept barking inside and kept pushing at the door."

Lu Guang walked over and squatted down as well. Then, he poked the Cat's big head. It was really hungry. If it didn't want to eat, it would probably have stayed there motionlessly, this was the reason why they had forgotten about the cat when they left. It was so lazy that it didn't even want to bark.

Lu Guang stood up and sat down at his desk. He began to work. Yan Huanlai had interrupted him for a while. He needed to finish the work that he hadn't finished yet, he might still need to work for a while when he went home.

Who said that being a boss was easy? Being a boss wasn't easy at all. In the entire company, he was the one who did the most work. He was also the busiest. Of course, his workload was also the most terrifying.

He was already busy there, so he did not pay attention to Qin Yushi and Doubao anymore.

Qin Yushi had already fed doubao three small loaves of bread. Only then did Doubao wipe his cat face with his paw. Only then did he jump onto the sofa at the side and curl up his big head to sleep.

Qin Yushi also stood up. Then, she glanced at Lu Guang, who was sitting there working seriously. At this moment, his face did not have the usual smile. Instead, it was very serious. It was so serious that it was somewhat cold, she stood there for a long time and looked at him for a long time until her eyes started to ache. Then, she opened the door and walked out.

She sighed softly.

She didn't know what she was sighing about? She didn't know what she was annoyed about?

Was it the ruthlessness of time, the passage of time, or was there something in her heart that had died before it even started to sprout.

That day, Lu Guang had to work overtime. Qin Yushi, who was the secretary, was the same. If Lu Guang didn't leave, it was impossible for her to leave, so only the two of them remained in the company.

In fact, it had been like this ever since she first entered the company.

Lu Guang had this weird habit. If he worked overtime, the Secretary wouldn't leave either. Fortunately, she was single. Fortunately, she had a lot of time. Fortunately, the overtime pay was quite high, so she was happy to accompany Lu Guang, the boss, to work overtime, and this additional time would be three years. This additional time would be added until now.
