

**Chapter 2441: my mother is sick**

If this continues, it will really be too late. There are so many wolf-like women in this world, and there are even more women with poisonous eyes.

Should she get her mother drunk and let them cook rice for her, preferably giving birth to a younger brother for her once? In fact, if they really could give birth to a younger brother, she could do without her, she could support herself.

In her previous life, her mother had sacrificed so much for her. This time, it would be her turn to sacrifice.

As for getting her drunk, she didn't seem to be able to do it. Besides, it was Zhou Li who needed to get her drunk. However, Zhou Li didn't seem to be able to do it. If he really could do it, he could get lost.

Then what should she do? If this continued, she wouldn't be able to film or go to Kindergarten?

Zhou Li was really living comfortably in the Ye family. He had delicious food to eat every day, beautiful women to admire, and a cute daughter. This was simply the greatest happiness a man could have in his life, he wouldn't change a mountain of gold or silver.

When he woke up, he was a little thirsty. He laid on the bed for half a day before he sat up and prepared to pour himself a glass of water. However, just as he was about to go out, he heard the cry of a child.

"Little Huanhuan..."

His heart tightened and he hurriedly opened the door to Yan Huan's room. In the end, he saw Yan Huan sitting there alone like a pitiful little girl, constantly shedding tears. It made his heart ache.

This was not his daughter, but he had long treated this child as his own daughter.

"Little Huanhuan?"

He hurriedly ran over and carried Yan Huan in his arms.

"Little Huanhuan, tell uncle, what's wrong? Are you feeling unwell somewhere?"

He asked anxiously. At this moment, he was also flustered by the child's crying.

Yan Huan blinked her eyes and hid the thing in her hand behind her back.

"Wu, uncle..."

She cried until she was out of breath.

"Mommy is sick and she's about to die. Daddy, is she dead? Huanhuan won't be able to see Mommy in the future. Huanhuan doesn't want mommy to die..."

Zhou Li's hands suddenly trembled. He almost threw the child in his arms out.

His body was covered in cold sweat, and even his palms were so slippery that he could not hold the child.

“Your mother, is she sick?”

Zhou Li spoke with difficulty. When this voice escaped his mouth, it was as if something was tearing his throat, and it was so painful that it was sand.

Nono, she was sick. What kind of illness did she have? Was it very serious? Was it because she was sick that he had been unwilling to accept him? was he afraid of implicating him?

Yan Huan continued to cry. She rubbed her eyes with her small hands. In a moment, her eyes were so red that they were very pitiful.

“Mommy is sick,” she said in a hoarse voice. She was as pitiful as she could be.

“The Doctor said that Mommy’s kidney has a problem and she can’t use it anymore. Daddy, is Mommy Really Going to die soon? What about Huanhuan? Huanhuan won’t have a mommy in the future...” the more she cried, the sadder she became, in the end, she cried until she was heartbroken.

Zhou Li stumbled and ran out. He did not even knock on the door and ran into Ye Rong’s room. He even gave ye Rong a big scare.

“Nono...”

Zhou Li’s eyes were red. A grown man crying like a child even scared ye Rong silly.

What was all this?

Before she could react, Zhou Li strode over and hugged her tightly in his arms.

“Nono, it’s okay, it’s okay. “You won’t die, you definitely won’t die. I’ll treat you. We’ll go to the hospital tomorrow. I’ll give you my kidney. Don’t be afraid. I have a company. Although it’s not big, it definitely has the money to treat the illness.”

Ye Rong was almost unable to breathe after being hugged by him.

She just listened to Zhou Li’s mindless words in a daze. However, these words were true. They came from the bottom of his heart. He was not afraid that others would step on his honorific words, he was willing to even make him kneel on the ground.

Ye Rong listened. Her heart, which was originally filled with thousands of wounds, actually healed bit by bit. He reached out and gently hugged Zhou Shize’s waist.

Actually, it was not that she did not feel anything, nor did she have no feelings. Sometimes, feelings came very quickly, but she was unwilling to get close to them.

Suddenly, the corners of her lips overflowed with softness. She wanted to struggle, but in the end, she tasted a salty and bitter taste.

This is..

He cried.

A man can cry for you, a man is willing to shed tears for you, and a man is also willing to die for you.

How many women in this world can meet such a man.

Ye Rong did not know. Ye Rong was confused. At this moment, her emotions had taken over her rationality. She did not even know what she had done. She seemed to have become a small paper boat, just like that, she floated in the vast ocean.

Until she met a very large passenger ship, and she hid behind this passenger ship. No matter if it was wind or rain, no matter if the weather was cold or freezing, from the beginning to the end, she did not suffer this bit of wind and rain.

And what should not have happened, what should have happened, had all happened.

Just like that, it happened naturally, just like that.

At that time, when Ye Rong woke up, she looked at the man who was sleeping soundly beside her. But even so, his brows were tightly knitted together, as if he was also sleeping too restlessly.

It was not that she did not have any memories, and even how it happened, she remembered it clearly. She also tacitly agreed, but of course, she also did not regret it.

“Nono...”

Zhou Li suddenly sat up. He was so scared that he broke out in a cold sweat.

“Nono, you’re still here. That’s Great.”When he opened his eyes and saw that ye Rong was still there, he reached out and hugged her tightly.

“Nono, don’t be afraid. We’ll go to the hospital in a while. I’ll donate a kidney to you. Everyone has two kidneys. It doesn’t matter if one of them is missing. You’ll definitely recover. You’ll be fine. I won’t allow anything to happen to you.”

Ye Rong raised her face. Her long eyelashes were hidden, but she was really touched.

This man really loved her very much. A person could only grow two kidneys in their entire life, but he was willing to give her one of his kidneys. This was not something that every man could do. To put it bluntly,.

Actually, everyone loved themselves more. Who would be willing to give half of their life to others.

Parents, children, and..

Loved ones.

“Nono, let’s go to the hospital. I will definitely cure you.”

Zhou Li cupped ye Rong’s face and solemnly swore that he would be willing to exchange his life for ye Rong’s.

Without any explanation, he pulled ye Rong out. Ye Rong had explained that she was not sick. She really was not sick, but Zhou Li did not listen. He did not believe it either. Right now, he only trusted the doctors and the hospital, he also only trusted the results of the tests at the hospital.

## Chapter 2442: was a misunderstanding caused by the script

People who were sick would say that she was not sick.

And he thought that Ye Rong was also like this, but he was not afraid. He was really not afraid. This was not a disease that required death. As long as they treated her well and cooperated well, she would definitely recover, right?

If she could not be cured domestically, they would go abroad. No matter what, he would pay any price to cure ye Rong.

And they had even forgotten about Little Yan Huan.

Yan Huan stood at the door with the doll in her arms. She turned around and closed the door again. She walked to her little bed and took a script. Just like that, she flipped through the pages one by one.

The script was about a woman who suffered from kidney disease. Her husband divorced her, and the last woman met another man. The man was willing to donate his kidney for her.

When she had nothing to do at night, wasn't she just acting with herself? When it was time to film, she would have some experience. It had been a long time since she had acted in such a scene, so couldn't she be a little more professional? But it seemed that she was a little too professional, and her acting was too engrossed, and even Zhou Li was stunned by her acting.

In other words, her acting skills had improved even more. Yan Huan flipped through the script and felt a little sour in his heart. It seemed like she had really given her mother away. In the future, there would be more people who would share her mother with her, her mother would not be hers alone, so why was she feeling a little sad.

Meanwhile, in the hospital, Zhou Li brought ye Rong for a checkup. It was the same for himself. He wanted to be a match for ye Rong and he wanted to donate a kidney to Ye Rong. However, after doing this for half a day, the results of the checkup were out.

He held a test report in his hand. His face was simply too interesting.

"Are You Alright?"

Ye Rong's body could not be any better. She did not have any kidney disease at all.

"But..."

While Zhou Li was happy and relieved, his mind was still muddled.

"Little Huanhuan said that you..."

At that time, Yan Huan was crying so hard that his mind was hot. He only thought about the fact that ye Rong was sick, and he did not listen to anyone's explanation, including Ye Rong herself.

Did he set himself up, or did Yan Huan set him up.

"Huanhuan is reading the script."

Ye Rong knew that Yan Huan was preparing to take on a film. The filming would start three months later, and they were currently making preparations. The child star had already chosen Yan Huan. He did not have many scenes, but it required a lot of acting skills, that was why they had chosen Yan Huan. This was taken on by Yan Huan's little manager. Ye Rong also felt that it was not bad. She would not take on any weird-looking scenes for her daughter.

It was such a thought-provoking scene. After watching it, one would still reminisce about it for a long time. It was also a scene with positive energy. Ye Rong was willing to let her daughter act in it.

And she had never expected that Yan Huan would get up in the middle of the night to practice his acting skills. In the end, he had even scared Zhou Li, making Zhou Li think that she was the one who was sick. However, it was also because of this that she had seen a man's true heart, she had also understood a man's determination.

Script? What script? Why did Zhou Li become more and more confused the more he listened to it? However, no matter how confused he was, it was still better than being on tenterhooks. As long as Ye Rong was healthy, as long as Ye Rong was alive and well, that was more important than anything else.

As they walked, they talked. Ye Rong secretly glanced at her surroundings. She did not know if it was because of her psychological effects, but she always felt as if everyone was looking at her, making her feel embarrassed,

she was not a monkey in the zoo. She was only there for people to admire.

Whatever she said, of course Zhou Li would agree. Even if he had to make Zhou Li kneel down and propose to her in front of so many people, he would still be willing. However, Zhou Li was willing, however, Ye Rong did not have the face to do such a thing in front of so many people.

Along the way, Ye Rong told Zhou Li about Yan Huan's filming. Zhou Li was so shocked that his jaw almost fell off.

This could not be blamed on him. It really could not be blamed on him.

He had been so busy that he had not watched television for a long time. He did not even know about famous actresses and actors. How could he know about child stars? He only found out today, it turned out that Xiao Huanhuan was really a child star. She seemed to be very famous. He would immediately check it out when he went back.

And last night, Yan Huan was indeed memorizing the script. It was just that his little friend was a little too engrossed in his character and directly made him make a big mistake. When he thought about how he had cried and laughed at night, now that he thought about it., he felt a little embarrassed.

But..

He finally returned with the beauty in his arms.

He held ye Rong's hand tightly.

Ye Rong pulled her hand away

"Don't be like this, someone is watching."

Ye Rong was very unused to being pulled and pulled by others on the street.

“I won’t let go.” Zhou Li held ye Rong’s hand tightly again. “I won’t let go even if I die.”

In the end, Ye Rong realized that she really could not pull herself out, so she could only let him be. When they reached a jewelry store, Zhou Li directly dragged Ye Rong in.

Ye Rong was so embarrassed that she wanted to find a hole and stuff herself in it.

Wasn’t it strange that so many people were pulling and pulling at each other?

Although young people nowadays were all like this, Ye Rong always felt that she was old. She was a middle-aged woman. After all, she already had a five-year-old daughter. Although, in fact, she was still quite young, she was only twenty-four years old. If she had attended school properly, she might still be in university, studying for graduate school.

However, she did not have that fate.

She was already a mother, the mother of a five-year-old child.

Zhou Li brought ye Rong to the counter and directly selected two rings for ye Rong to choose from.

Ye Rong’s head still seemed to be dizzy. Perhaps it was because she felt a little embarrassed and shy. Her entire mind was focused on paying attention to others, but now her IQ was a little low.

Li asked her which one was good-looking, and she immediately picked one that she liked.

Zhou Li happily took it and paid for it. Of course, Ye Rong did not look at the price. In fact, this ring was a real diamond. It felt like brother had a lot of it, and it was worth more than a hundred thousand.

Zhou Li did not even blink his eyes and directly handed his card over.

“We’re leaving.” Zhou Li happily held ye Rong’s hand and held it very tightly. In the end, Ye Rong let him hold her hand. Although she was still a little unwilling, she seemed to be a little touched as she walked on the road, it was as if she could be like the others and be a person with her head held high.

By the time they returned, it was almost two o’clock in the afternoon. Ye Rong took out her keys and opened the door. As soon as they entered, they smelled a very fragrant smell of food inside.

Were there any guests at home?

There were no guests at home. Ye Rong walked to the side and changed her shoes. She naturally knew what kind of situation her family was in. They had no friends or relatives, so it was impossible for anyone to come knocking on the door.

### **Chapter 2443: was about to have a father**

“Who’s cooking in there?”

Zhou Li pointed at the dishes on the table. The dishes were all prepared. There had to be someone.  
Could It Be Yan Huan?

But Yan Huan was only five years old. How could she possibly know how to Cook?

Anyway, even if someone told him that it was Yan Huan who cooked, she would not believe it.

At this moment, he had already walked to the kitchen. He was the only man in the family, so he naturally had to go over to take a look. Otherwise, he would be in danger.

He blocked ye Rong behind him. In any case, if anything happened, it would be directed at him. There was no one in this world who could hurt ye Rong. As long as he was there, no one could think about it.

Unless they stepped over his corpse.

Ding ding dang sounds came from the kitchen. It seemed that someone was really cooking.

Alright.

Zhou Li rolled up his sleeves. Where did this thief come from? He was really bold. He actually dared to start a fire in someone else's home. Was he really bullying the ye family because they did not have a man.

Not Good, Little Huanhuan.

Only then did he remember that Yan Huan was still at home. His palms were already covered in cold sweat. He walked to the kitchen door and clenched his teeth until they cracked.

In the end, when he saw the person inside, he was so shocked that his jaw almost fell off.

Who was that? who was that?

If that wasn't Yan Huan, then who else could it be?

He saw Yan Huan stepping on a small stool with a spatula in his hand. He was stir-frying the dishes with all his might. She might have also noticed Zhou Li. When she turned her head around, she only raised her eyelids to glance at Zhou Li.

Why was that look of dislike in her eyes.

Zhou Li was still stunned. After a long while, he stretched out his finger and pointed inside.

"Nono, what is your Huanhuan doing?"

"Cooking."

Ye Rong was already used to having a child who matured a few years earlier than other children. She walked into the kitchen and brought out the stir-fried dishes. Coincidentally, Yan Huan also brought out a plate, on the plate was a large plate of sweet and sour pork ribs. Putting aside whether it was edible or not and whether it would cause diarrhea, the color of this plate of sweet and sour pork ribs was pretty good.

It tasted like a dish made by a great chef.

Yan Huan placed the plate on the table. At this moment, there were already four dishes and a soup on the table. From the looks of it, it seemed pretty good. In any case, it looked better than the color that Ye Rong had made. It also looked good, but she did not know if it could be eaten?

Yan Huan had already picked up a piece of ribs and placed it in her bowl to eat.

Ye Rong picked up another piece and placed it in her daughter's bowl.

"Eat more."

"Okay." Yan Huan obediently ate the dishes that her mother picked up. Whether it was meat or vegetables, she was not picky at all. In this world, she could still eat the dishes that her mother picked up for her. That was truly more blissful than anything else.

Meanwhile, Zhou Li swallowed his saliva. Could This be eaten? Could it really be eaten?

Would it cause diarrhea?

Would it cause food poisoning?

"What, you're not eating?"

Ye Rong raised her face and glanced at Zhou Li, who was sitting there laughing bitterly.

"Eat, eat, I'll eat."

Zhou Li picked up his chopsticks and directly picked up a piece of rib. Even if this rib was poisonous, he could still eat it. In the end, he had just taken a bite. Why? There wasn't any strange smell.

The taste of the authentic sweet and sour rib wasn't bad at all. In any case, it was better than what he had eaten in the hotel.

He took another bite in disbelief. It was quite delicious, and the taste was really not bad at all.

And then he picked up the other dishes. The taste of each dish was very authentic. If he hadn't seen it with his own eyes, he really wouldn't believe that this rice was made by a five-year-old child.

Wasn't this child a little too monstrous.

She knew how to act, earn money, and now she even knew how to cook. She still did it in a decent manner. She told him that Ye Rong was clearly so honest and was such a simple woman. How could she give birth to a little monster.

Not long after they finished eating, Ye Rong picked up the bowls and chopsticks and took them to the kitchen to be washed.

Yan Huan and Zhou Li stared at each other.

"Any relationship that does not aim at marriage is a hooligan."

Zhou Li's eyelids twitched. He heard Yan Huan Say these words from his mouth.

These words, no matter how they were said, it hurt his face.

He reached out and picked Yan Huan up. He also let her sit on the table. There was nothing he could do. The difference in height between them was too great. He really did not feel threatened by Yan Huan's actions. He just wanted to laugh.

So it was better to be like this. The two of them were slightly parallel, and he was afraid that if he really laughed, Yan Huan's little face would really be pulled.

He had yet to marry someone else's mother.

And he also clearly knew that in Ye Rong's heart, he could not be compared to a single strand of Yan Huan's hair. Yan Huan was ye Rong's everything, and also ye Rong's everything.

Of course, he had to admit this.

"When are you going to marry my mother?"

Yan Huan's small mouth burst out one word after another.

"Right away." Zhou Li was beaming with joy. He also rummaged through his pockets for a long time before he finally found a velvet box. He opened the box and inside was an extremely large diamond ring.

"What a big piece of glass."

Yan Huan raised his eyelids indifferently. Why did his tone sound a little strange.

"Yeah, what a big piece of glass." Zhou Li was not angry at all. "I just wanted to use this piece of glass to propose to your mother because I think it looks good."

Yan Huan knew that Zhou Li was someone with a family background. He opened his own company and the number of people in his family was too simple. His parents passed away one after another a few years ago and there weren't many people in his hometown, he used the money his parents left him to start a decimal point company. After working hard for so many years, he could be considered to have started from scratch and earned himself a decent company, although he didn't have as much background as the Su and ye families in the future, it was based on his own way of living.

Of course, his identity was the most suitable for ye Rong.

Yan Huan was also the most satisfied with this point. Her mother had an unmarried daughter. In short, it was not a glorious matter. If there was a large family, those gossips would definitely attack ye Rong.

And now, there was only one person attacking Li. So no matter what kind of past ye Rong had, it did not matter. As long as Zhou Li accepted it, as long as Zhou Li did not care, no one else had the right to say anything?

As for Zhou Li's character, Yan Huan could naturally guarantee it. Otherwise, she would not have given her mother to someone else for nothing.

The Way Yan Huan looked at Zhou Li now was like looking at an enemy.

And Zhou Li could not help but shudder. He really felt that his body was a little cold. Of course, he did not think too much about it. After all, he was an ordinary person, he was also an ordinary person who was immersed in love and whose IQ had seriously declined.

However, Yan Huan was different. She could be said to be the evildoer of this era.

#### **Chapter 2444: requirements**

After all, she had lived for three lifetimes. Her life could not be said to be a cheat. It could really be said to be a demon.

“I have conditions.”

Yan Huan said it seriously. It was fine if she wanted to marry her mother. She would not give her mother to others for no reason. She wanted to fight for the best welfare for her mother.

“Alright.”

Zhou Li agreed without any hesitation. He would agree to anything.

He reached out and pinched Yan Huan’s face. “Go ahead. Whatever you say, Daddy will agree to it.”

Yan Huan’s seriousness was completely broken.

They were discussing terms, alright? Could they not pinch her face? However, she did not know how cute she was. She was only a chubby little meatball. Her small body was short and cute, the little child’s voice was also very childish. However, she still had to pretend to be young and mature. However, it made people feel that she was even more soft and cute

This little sesame soup garden, Little Yuanxiao.

It was simply enough to make people want to squish her.

Yan Huan tried her best to maintain her prim and proper appearance. However, no matter what, she felt that she did not have the aura of the best actress Yan.

However, she did not even think about it. How Old was she? She was only a five-year-old brat. Where was she going to find an aura? Her temperament was still childish, but she was still cute.

Yan Huan widened his eyes. In any case, he just wanted to make himself look like an adult.

“I won’t change my name.”

This was her first request. She did not want to change her name. She was Yan Huan. She had been Yan Huan for two lifetimes. If she did not want to be Yan Huan, how was she going to find Lu Yi.

“Alright.” Zhou Li rubbed Yan Huan’s little head. Daddy never thought of asking you to change your name. You can call yourself whatever you want?

This daddy already called himself that. Yan Huan really wanted to say in her heart, ‘is he shameless or not?’?

She curled the corner of her little mouth again. “The assets under your name must be transferred to my mother. If you let my mother down in the future, you will leave with nothing.”

Yan Huan said each word very seriously.

Although she believed in Zhou Li, who knew what would happen in a few years? Therefore, she had to give her mother a guarantee before she could get enough. The mother of her movie Queen Yan was not that easy to marry?

“Okay.” Zhou Li laughed loudly. “I was originally prepared to do this. What’s mine is your mother’s.”

He really didn’t have to force himself. He earned money in order to give his future wife a better life. Otherwise, why would he bring so much money into the pipe?

Now that he had found it, of course, he had to teach his entire fortune to his woman. He had to earn more money in the future so that his wife and children could live a better life.

Unexpectedly, Yan Huan stretched out his small hand and put it in the air.

“We have a deal. I’ll hand mother over to you.”

Zhou Li also stretched out his hand and patted Yan Huan’s small hand again. Then, he carried him up.

“My biological daughter, Daddy really loves you to death.”

Zhou Li shamelessly called himself his father again. He hugged Yan Huan tightly and refused to let go.

Yan Huan raised her head and looked at the ceiling. Why did she find such an idiot for her mother?

Also, when would she be able to grow up?

“Huanhuan...” Ye Rong looked at her daughter for half a day. Some of her words were difficult to blurt out. Actually, Yan Huan knew what she wanted to say, but it was about her and Zhou Li’s matter. She was afraid that she would object, right?

“Mommy has something to say to you.”

Ye Rong gently stroked Yan Huan’s hair.

“Huanhuan, do you want a Father?”

Yan Huan knew it was about this matter. As expected, her guess was right.

“Mommy, Huanhuan has a father.” Yan Huan wrinkled her little nose.

Ye Rong clenched her fingers. She really did not know how to tell Yan Huan. Just when she was at a loss or how to explain to her daughter and communicate with her.

Zhou Li walked over. When he saw Ye Rong and her daughter, he immediately beamed with joy. His face was smiling, the corners of his mouth were smiling, and even his eyes were smiling. He could completely feel it, just how good was his mood right now?

“My good daughter.”

Zhou Li directly picked up Yan Huan. As a new father, he practically wanted to give all of his fatherly love to Yan Huan. His own daughter, no matter what, was rare. He wanted Yan Huan to be his daughter in his previous life, no matter who her biological father was, in the future, she would be his daughter, his biological daughter, and his little daughter.

“Daddy...”Yan Huan smiled happily. That small appearance, no matter who looked at it, anyone would like it. No matter who looked at it, everyone would know that she was in a very good mood. Of course, this was also due to the genius acting skills of best actress Yan.

She would act whatever she wanted, including acting herself.

“My biological daughter.”

Zhou Li lifted Yan Huan up high and kissed her little face a few more times.

Yan Huan wiped her little face. Could she stop wiping the saliva all over her face? She had goosebumps all over. However, she had sacrificed so much to make her mother feel at ease.

Yan Huan pouted her little mouth.

“Father, mother said that she wanted to find a father for Huanhuan, but Huanhuan already has a father. Why must she find another father?”

“Yes, she doesn’t want to find a father. Your mother is just fooling around with you.”

Zhou Li’s fatherly love overflowed once again. “You’re Father’s biological daughter. It’s all father’s fault. It took me so long to find the both of you. From now on, our family will never be separated.”

He turned his head and winked at Ye Rong.

Just say it to the child like this. The child’s thoughts were simple, and they could not remember many things. This was something he had discussed with Ye Rong, but it seemed that ye Rong really did not know how to lie.

Therefore, it was better for him to take the lead.

They had thought things through well, and of course, it was all foolproof. However, they did not know that Yan Huan knew everything, Yan Huan understood everything, and she also remembered everything, when Ye Rong heard the conversation between her daughter and Zhou Li, Ye Chen could not help but heave a sigh of relief. She had almost miscalculated just now. She had thought that the father that Yan Huan was talking about was the father that she had never seen before.

However, she did not expect that the father that Yan Huan was talking about was not someone else, but Zhou Li.

When she raised her face again, she saw Zhou Li smiling gently at her. Her chest jumped up with a plop, and even her ears and ears turned red.

Sometimes love comes like this.

When you don’t notice.

It comes.

Sometimes it’s easier than you think.

When you think back.

You realize that a lot of things have been forgotten, many people don't remember, and many feelings have faded away.

Maybe, she really didn't love that man much.

Perhaps, that was just a woman's infatuation at the beginning.

Perhaps, she had just met a true person.

And her heart was telling her so, and her heart was also making the right choice for her at this time.

### **Chapter 2445: she wanted a younger brother**

Just like in their previous life, they had met before, and they had looked at each other in the same way before, and they had also been so close.

Zhou Li was a person who paid attention to efficiency, and of course, he was also a person who paid attention to his word. He did not forget his promise just because Yan Huan was a child.

He registered all of his property under Ye Rong's name, and in the future, no matter how much money his company earned, it would all belong to Ye Rong. Even more plainly, he would be working for ye Rong in the future.

What he did was not forced at all. Ye Rong was once again moved, and the beginning of a woman being moved was also the beginning of a heart-to-heart.

Of course, Yan Huan's name did not change. This was what Yan Huan had requested. Her surname was still Yan, and her name was Yan Huan.

Was this place good? Zhou Li held Yan Huan in one hand and ye Rong's hand in the other. This used to be his home alone, but now it was his home with Ye Rong.

This place was really big.

Ye Rong had actually never paid much attention to Zhou Li's family situation. In fact, she had heard her mention it before. Zhou Li did not hide it from Ye Rong. He said that he had a small company and that he had earned some money. No matter what., he could make his mother and daughter not have to worry about food and clothing. They could do whatever they wanted?

She also did not expect that Zhou Li would actually live in such a big house. This house was comparable to the Ye family's house, so it could only be imagined from the house, just how thick was Zhou Li's net worth.

And he had given such a thick net worth to her.

"You..."

Ye Rong did not know what to say. He really believed in her so much. He believed that he was willing to give everything to her because he was not afraid. When that time came, would she take away all of his net worth?

"I know what you want to say." Zhou Li put Yan Huan down and let her play by herself. Meanwhile, he held Ye Rong's hands tightly.

"I'm not afraid that you will take away all my assets. If you really take them away, it will prove that I don't have any ability and can't keep you. My greatest asset is not anything else but myself."

"I will give you a home." He approached Ye Rong again and held her in his arms. "I will make you reluctant to part with me. I will make you feel that I am much better than these assets, and I have such confidence."

Ye Rong's heart trembled slightly. Then, she stretched out her hand and hugged Zhou Li's waist tightly. She buried her face in Zhou Li's embrace. At this moment, the two of them stood at the same spot. There was no room for anything else.

Yan Huan stood at the side and tugged at her clothes.

She pursed her lips. She had really given her mother to someone else with her own hands.

Why did it feel like this.

She had really been willful her entire life in her previous life. She was willful when she was young and willful when she was old. No matter if it was young or old, they all had to listen to her.

To put it bluntly, Lu Yi was the one who spoiled her.

She wanted to show off her affection when she saw others showing off their affection in front of her. However, she stretched out her little hand and looked at her little fleshy hands. It was really..

Biting her little finger, she walked around. If anyone noticed, they would know that she was actually so familiar with this place. In fact, it was her first time here.

In her previous life, she had lived here before. However, she had not lived here for a long time. However, what was stored in her memory was still the familiar layout of this place. She just wanted to know.., was the room Zhou Li had arranged for her the same one as before.

She was standing outside a closed door. Was this the room?

It was one of the rooms in her memories.

She did not remember much, but she remembered that there was such a place. It was such a door.

At this moment, a pair of hands reached out and carried her up.

"Little Huanhuan, this is the room that Daddy has prepared for you. look."

Zhou Li held Yan Huan with one hand and twisted the lock with the other. Then, with a click, the door opened.

What entered Yan Huan's eyes was a room full of pink, lace, bows, and a room full of dolls in skirts.

Yan Huan instantly felt her eyes being pricked up. She covered her face with her small hands. She really couldn't bear to look at it. who came up with such a vulgar room and such a vulgar color.

She liked white, white, white.

She liked gray, Gray, and gray

She also liked small flowers, but she really didn't like pink. She didn't like it when she was young, and even more so when she grew up. So could she not have a pink room for her, even if it was bare inside.

I knew you liked it.

Zhou Li still had a smug look on his face. Daddy had hired someone to design it for you. A little girl this big would definitely like it very much, right?

What else can Yan Huan Say.

A little girl her age.

She's So Big.

It's this big.

Big.

In her two lifetimes, she was almost a hundred years old, enough to be his ancestor.

But no matter how dissatisfied she was, how she complained about the room, she still had to live here in the end.

This was the first time she had such a bad mood. At night, she held a doll and looked at a room full of dolls. She simply could not fall asleep. Who would collect these dolls and release them to collect these monsters, she really did not like it at all. Every time she opened her eyes, there would be so many dolls accompanying her and so many eyes looking at her.

That kind of feeling was really terrible.

She used the blanket to cover her face. It was a pity that she had been sleeping separately from Ye Rong since she was young. She could completely take care of her own life. At that time, she would give the newly married couple more time to cultivate their relationship, of course, there was also the matter of giving birth to a younger brother.

Yan Huan wanted a younger brother, but she did not want a younger sister.

And when she mentioned a younger sister, she thought of Su Muran. She did not like Su Muran, and she did not want a younger sister either.

She only wanted a younger brother..,

she shrunk her small body, still wanting to know when she would grow up.

And in the following days, she completely realized what it meant to have a man's overflowing fatherly love. Zhou Li had never been a father. He practically treated her as his own daughter, buying her a bunch of things every day, she did not know how she knew that a child as young as her liked cloth dolls. The dolls that he bought could almost crush her to death.

And her life could simply be described as a life of fire and water.

Zhou Li completely took over Yan Huan's life. He sent her to kindergarten, accompanied her during filming, and told everyone that this was his daughter. Looking at her good looks, she was even a small celebrity.

Now That Ye Rong had someone to take care of her, she did not have to suffer anymore. Her complexion was also better. The Zhou family had a simple population and no one was looking for trouble. Ye Rong's life was really very good. She was also a cheerful person, of course, she also smiled a lot.

#### **Chapter 2446: was clearly very clean**

Yan Huan did not have to worry about her mother, so she only focused on filming. By the time she was in primary school, she was already a little celebrity that everyone knew about. She had also earned herself a lot of glory and all sorts of trophies, of course, Yan Huan's name was the same as Liangchen's at that time. It was famous all over the country. Liangchen was much older than her. She was already an adult celebrity, and Yan Huan was still young.

However, they were both very popular. When they were popular, they had one thing in common, and that was that they became more and more beautiful as they grew. They could be said to have been watched by the entire nation as they grew up. Of course, their looks.., were also watched by many people.

As for Yan Huan, she had only been a little when she was three years old. Now, she was already eight years old. She was still a very soft and beautiful little beauty. Furthermore, she even had some baby fat on her. She was so beautiful that it was infuriating, of course, it could also be seen that her foundation was quite good. Her limbs were long and slender, and her face shape was a standard beauty. If she continued to grow like this, it would be impossible for her to grow crooked.

Of course, Yan Huan also knew that it was impossible for her to grow crippled. She would continue to be beautiful. She would still be able to obtain the fifth most beautiful woman in Asia.

Zhou Li held Yan Huan's hand and brought her to the audition venue. Yan Huan raised her small face and her beautiful eyes narrowed.

What's Wrong? Are You Hungry?

Zhou Li stretched out his hand and gently scratched Yan Huan's face. First, you have to persevere. In a while, Daddy will bring you to eat something good.

Yan Huan sighed softly in her heart.

"Uncle Zhou..."

"Call Me Daddy."

Zhou used all his strength to pinch Yan Huan's little face. You are my daughter. Your household registration is under my name. You are my biological daughter.

“What about your biological son?”

Yan Huan wanted to sigh. Her mother was finally pregnant with her younger brother. Next year, her younger brother would be born. However, could Zhou Li be more reliable and manage his wife and son? She could do it alone, she really didn't need anyone to take care of her. She was already eight years old. In reality, she was already more than a hundred years old. She was an old demon who had lived for a hundred years.

“Don't worry.” Zhou Li thought that Yan Huan was overthinking things and was worried that she would fall out of favor.

“In the hearts of my parents, you are much more important than that stinky brat.”

Yan Huan actually didn't feel much about this. It was true.

If she really cared, she wouldn't have given her mother to Zhou Li as a wife in the first place. Since she had come this far back then, she had already decided that she wanted to be independent in the future.

She had given her mother a home. Even if she wasn't her mother's only daughter in the future, nor was she her mother's most beloved child, it didn't matter. She had ruined her mother's two lives, this life.., she was here to repay her mother's debt.

Therefore, there was really no need to comfort her. She was not jealous, nor did she have any intention of fighting for favor. It did not matter even if they gave all their love to her younger brother. When the time came, she would go live at school by herself. She would support herself and wait for her to grow up, she would go look for Lu Yi.

She really did not feel that she was out of favor. There was no need to emphasize these things over and over again. She really did not need it.

However, Zhou Li did not know what she was thinking.

Zhou Li was actually quite annoyed. Originally, their family of three was so good. Why did they have to have a stinky brat? He was satisfied with Yan Huan, a caring little cotton-padded jacket. Now that a stinky brat had come.., this definitely made his daughter feel uncomfortable. However, since that stinky brat had come, he could not kill him. Therefore, he could only let the stinky brat take over his wife first, and then make his daughter feel uncomfortable.

Ever since he found out about that Brat's existence, he had never been happy, and his face had always been sullen.

Only when he saw Yan Huan would he smile.

To be able to see someone else's daughter as more important than his own son, it had to be said that Zhou Li was truly a weirdo.

Yan Huan was like many others, sitting on a chair at the side, waiting for the audition. This was a public audition, and she could have used the back door or something like that. However, she chose to audition.

She was quite confident in her chances. Since she was three years old, she had been acting for a long time. She was no less than an adult when it came to the interpretation of roles.

“Come, my dear son and daughter. Daddy will give you something good to eat.”

Zhou Li took out a lollipop from her pocket and placed it in front of Yan Huan.

Yan Huan unceremoniously took it over. Actually, she didn't really like to eat candy, but now that she was really bored, she had nothing to do.

She tore open the lollipop wrapper and put the candy in her mouth.

“I want to eat strawberries.”

She was quite disgusted with this taste. She didn't eat apples because they were too sour. She liked to eat strawberries because she had never liked this taste.

“Okay, Daddy will go buy some for you.”

Zhou Li stood up and prepared to be a good father to his daughter. He went to buy candy for her. There was still his assistant here. Yan Huan wouldn't lose them anyway. He said a few words to his assistant and went out to buy candy for his daughter.

When he came in, he paid special attention to his surroundings. Coincidentally, there was a small shopping mall not far from here. The round trip might only take ten minutes, so he ran a little faster, it might only take a few minutes.

Yan Huan was eating the apple-flavored lollipop in her hand. Her small face also bulged, just like the big-eyed fish she had raised in the past. Actually, having a father was pretty good.

Of course, she just didn't know what would happen if she had a younger brother?

When she thought of her younger brother whom she had never had in her two lifetimes, she felt a little strange.

“There's no one sitting here, right?” A woman's voice sounded.

Yan Huan shook his head and continued to eat his lollipop.

After that, there was the sound of someone sitting down. Yan Huan continued to eat his lollipop and didn't pay attention to the people around him. Of course, he didn't pay attention to them either.

“Mommy, I want to eat that.”

The little girl's voice was soft and pleasant to the ears. This was because Yan Huan had come back to life from that time, including her voice now. It was still rather childish.

Yan Huan Licked the lollipop in his hand again. It had nothing to do with her, so she hung it up high.

She had been like this for several lifetimes.

“That lollipop is so dirty. It'll give you diarrhea if you eat it.”.

The woman said to her daughter, but why did her words make people feel so uncomfortable.

What dirty?

It was very clean.

She turned around and her beautiful eyes narrowed. When she saw the woman who was only carrying a child, she suddenly lifted the corner of her lips. Some ridicule was hidden within.

There was no place in life that did not rely on fate.

Fate was truly wonderful.

Why? They had not seen each other for a few years, yet they had met.

Could it be, this woman really want to let their daughter be a star?

### **Chapter 2447: was a step too slow**

Yan Huan's gaze shifted from the woman to the child's face. He looked very much like a woman. Perhaps in the hearts of adults, children were all cute and beautiful.

However, he had to admit that such a face was clearly too ordinary.

He was a cute child, but he was still a distance away from being beautiful. Of course, if he wanted to be a child star, to be honest, he would look at people with Yan Huan's three lifetimes of experience.

This child was not suitable for the entertainment industry at all.

The distance between her eyes was a little big. Yes, it was fine. She could open the corner of her eyes.

Her eyes were a little small, but it was fine. She could pull out her eyelids.

Her Chin was too short, so it was fine. She could have stuffed a prosthesis in.

However, the ratio of her four limbs was far too different. Yes, she touched her chin. According to the height of Zhang Shujie and Yu Qing, this child might not be more than 1.6 meters. Even if she really became a star, it was likely that.., she would not become famous.

A certain woman who liked to pinch her face. A certain woman who always abused her face when she wanted to have a child.

She would never forget this for the rest of her life.

At this moment, the woman also noticed Yan Huan. Yan Huan smiled at her. Hello, Auntie Yu.

Other people did not know how to be polite, but she knew. No matter how much she disliked it, she still had to smile like honey. People always had to learn to hide their thoughts.

Especially in this circle, she was used to it. She had already become instinctive.

When Yu Qing saw Yan Huan, it was as if he had eaten a mouthful of garlic. The stench was so strong that even he was smelly.

Yan Huan, on the other hand, continued to eat his lollipop. His taste buds were filled with the sour and sweet taste.

“My dear daughter, look, Daddy bought it for you.”

Zhou Lili took out a bunch of Lollipops and placed them in front of Yan Huan. They were all strawberry-flavored.

“Thank you, Daddy.” Yan Huan took a lollipop and peeled off the candy wrapper before eating it. An eight-year-old child could still eat candy, but she couldn’t eat too much either. As someone who loved beauty, she didn’t want to grow bad teeth.

Although she touched her gums, which had already lost their front teeth, she couldn’t help but let out a deep sigh.

No matter how beautiful best actress Yan was, there would be an awkward period.

And now was her awkward period.

When it was her turn, Yan Huan had already followed her manager in. This time, what she wanted to shoot was actually a little Lolita’s body, which had a devil’s character living inside it.

Actually, many children were unable to grasp this character. No, actually, they were unable to grasp it at all. After all, children’s expressions, expressions, and even their eyes were far inferior to that of adults, they were also unable to act out the complicated inner world that belonged to adults.

However, Yan Huan was different. She was an adult to begin with. It was extremely suitable for her to wear a little Lolita’s face and use an expression that had the thoughts of an adult to appear.

She took the script and roughly flipped through it. She had already acted for a period of time and saw the little girl sitting on the chair. Her pair of small feet were normally unable to touch the ground, and her teeth were exposed to the wind, actually, it was still a little laughable.

Suddenly, she opened her eyes and the corners of her tightly pursed lips curled upwards. The light in her eyes seemed to have been refracted. It was dense and dense, as though it had been dyed with black frost. In an instant, it was as though there was a wind blowing over, it actually caused one’s hair to stand on end.

It was this instant, this moment, and this scene.

She had already been chosen. The most spiritual child star in history had also landed on her in this instant. Shouldn’t she have felt a little embarrassed.

She was an old monster that had lived for a hundred years, yet she still had such demonic acting skills. If she wasn’t chosen, she would immediately smash her head against a tree and commit suicide.

And she had easily chosen this role. She was the one who touched her own front teeth. What should she do with her missing front teeth? Could it be that she really wanted to use her looks to leave an image for the rest of her life?

When best actress Yan lost her teeth.

No, she covered her mouth. She had to get a false tooth for herself.

When she came out, Yu Qing happened to be taking her daughter for an audition. She had spent a lot of money. It could be seen that Yu Qing's daughter had received some special training, however, Yan Huan really felt that it was best for this child not to take this path. Even if she managed to become a child star, her future development would definitely not be satisfactory.

Those who could survive in this circle had to live better than others. Those who could live longer had to have certain conditions.

Yu Qing's daughter was really not suitable in any aspect.

And it was obvious that Yu Qing had to take this path with her daughter.

Yan Huan could only spread his arms wide and wish them success.

"Let's go, Little Huanhuan. Daddy will carry you."

Zhou Li bent down in front of Yan Huan.

Yan Huan unceremoniously lay on Zhou Li's back. Zhou Li's fatherly love was overflowing. If she did not agree and this man went back, he would definitely complain to her mother, saying that his daughter did not kiss him and that his daughter did not like him, how was he not doing well or something like that.

Yan Huan did not mind, but he was afraid that Ye Rong would hear too many of these words. When that time came, what if that prenatal education gave birth to a naggy and foolish younger brother like Zhou Li?

"Father, have you bought the things I asked you to buy for me?"

Only then did Yan Huan remember that she still had things to ask Zhou Li to help her with. In these few years, she had earned a lot of money. All kinds of endorsements, advertisements, movies, television, and so on. As long as she could accept them, she would accept them all, even though.., she could not compare to her past life, where she could earn millions and tens of millions in a day. After all, she was still young, but it was already quite good. Her income was comparable to that of an average medium-sized company.

As for the money that she had earned in the past few years, Zhou Li had specially kept it in her account. He had not touched a single cent of it because it was Yan Huan who earned it. It was Yan Huan's.

It was not like he did not earn money himself. It was only right and proper for him to dote on his wife and raise his daughter. For a young daughter like him to earn money, that was his pride. However, if he dared to spend his daughter's money, he would be shameless. +

Therefore, she would definitely not touch the money Yan Huan had earned.

After all, Zhou Li still had the chauvinism in his bones.

"You mean that?" Zhou Li naturally remembered.

"We were too slow in buying that piece of land. It has already been bought by someone else."

“Bought it?” Yan Huan furrowed her delicate little brows. How could it have been bought by someone else? She remembered that that piece of land had always been neglected. It was also owned by the state.

And that piece of land was the land that the ye family would build an airport in the future. Although she had never liked ye Jianguo, he was still ye Rong’s father after all. If she did not recognize him, Ye Rong would.

She could not let the Ye family fall.

### **Chapter 2448: Don’t be tarnished**

And she wanted to start planning from now on. First, she wanted to buy that piece of land. and the Ye family’s airport, the biggest investor, was actually on this piece of land.

As long as she didn’t invest in this aspect, then the ye family would have a much easier time in the end.

But, how did it end up being bought by someone.

Yan Huan was feeling rather depressed. It wasn’t easy for her to earn enough money to buy the land, but who knew that in the end, it would be stolen by someone else and the land would be bought by someone else.

She had no other choice. In the end, she could only settle for the second best and buy other places. If the Ye family were to reach that stage again, even if she were to sell these, she would still be able to earn something out of it.

In her previous life, don’t think that just because the airport was built, it would be easy. She was able to film until she died. In the end, she was able to raise the money. But even so, it had also greatly damaged the ye family’s strength.

In this life, no matter what, they had to be prepared. They could not let those things happen again.

She had been thinking about it the entire way. In the end, as she thought about it, she did not know when she fell asleep. No matter how much she thought about it as an adult, in the end, she was still carrying the skin of a child. and a child itself was at an age where they could sleep at will.

“Why, are you asleep?”

Ye Rong walked over and lowered her voice. She saw that Zhou Li had already covered Yan Huan with the blanket. An eight-year-old child had grown quite a bit, but he was still very soft and cute.

“Yes, I’m asleep.”

Zhou Li hurriedly supported Ye Rong. When he saw ye Rong’s stomach again, his heart really felt uncomfortable.

“Why did you give birth to this brat?”

The look of disdain on his face actually caused ye Rong to be quite hurt.

No, she was the one who was injured for the one in her stomach.

This son of hers was really pitiful. Other People's families wanted to give birth to eight or ten children, but Zhou Li was really good. When he heard that Ye Rong was pregnant, and when he finally found out that it was a brat and not a little cotton-padded jacket., his face did not stop sulking.

At this moment, Zhou Li narrowed his eyes, as if ye Rong's stomach had some deep hatred towards him.

"He's your son."Ye Rong did not know whether to laugh or cry.

"I'm just worried."

Zhou Li held ye Rong's hand tightly. He had no choice but to worry. His mother had passed away when she gave birth to him. He was afraid that something would happen to Ye Rong. Actually, he really felt that it was enough for him to have ye Rong, he had treated Yan Huan as his biological daughter. He really did not think that he would have children. In fact, the doctor had already said that he was infertile. It might be very difficult for him to have children of his own, therefore, he had already come to this understanding very early on.

This child came rather suddenly. How long had it been, but Zhou Li still could not react in time. Of course, it was just that he really did not feel any kinship towards this child.

"He is our child. He is Huanhuan's younger brother."

Ye Rong also held Zhou Li's hands tightly.

"In the future, when he grows up, he can protect sister."

When Zhou Li heard this, his heart felt a lot more comfortable. mm, let the stinky brat come out. If he did not treat sister properly, he would beat him to death. One had to know, where did this little life of his come from, it was all because of his sister.

If his sister did not bring his father home, he did not know who he would be reincarnated into. He might not even have a permanent residence. He would not be able to eat his fill even if he had three meals. He might even be able to give birth to Ye Rong.

Ye Rong had given birth to Yan Huan's son who was so good-looking. The son that she gave birth to was definitely not bad.

Giving birth to the stinky brat and giving birth to a pretty boy was already letting him off easy.

"Let's go out first."Ye Rong held Zhou Li's hand and followed his hair. As expected, Zhou Li, whose hair had been smoothed out, looked better. He did not glare at his unborn child anymore.

Ye Rong touched her belly. This was only four months. This poor child had already grown to four months, but he still did not receive the approval of his biological father. How miserable was this.

After they left, Yan Huan turned over and opened her eyes. She placed her hand in front of her eyes and shook it again. It was still too small. When would she grow up.

This was a very big problem, and also the most troublesome problem she was facing now.

She pulled up the blanket and covered her little head before continuing to sleep.

About a week later, she was already going to report to the new production team. It was her manager who brought her here. Yan Huan did not think of asking Zhou Li to come over. Right now, her younger brother was still growing up. If Zhou Li was not around., what if something happened?

She had lived for three lifetimes and only had this one younger brother.

Moreover, even though she was still a little one, she was already an experienced actor. She had been filming for five years, and most of the time, it was her manager who brought her around, so she had never been lost.

Thus, in the end, Zhou Li was unwilling to stay at home to accompany his wife and that son whom he did not like at all.

When Yan Huan had just arrived at the set, he was surprised to see that Zhang Xiaomeng was also there, and Zhang Xiaomeng was the daughter of Zhang Shujie and Yu Qing.

However, Yan Huan didn't understand. was the star really that good back then?

Without a certain level of psychological endurance, this path wasn't easy at all.

She had to mature earlier than the other children, and she had to walk a little stronger than the other children. She also wanted the other children to have a rough fate.

If it wasn't necessary, Yan Huan actually wanted to be an ordinary child.

It was just that there were too many things pressing down on her.

Ye Rong, the Ye family, and the things that were going to happen in her past life, so she had to take this path. Moreover, she had been making preparations ever since she was young.

Yan Huan calculated his own time. She would be staying here for about five months. If her younger brother didn't live up to expectations and gave birth prematurely, she might have to see her younger brother earlier.

She had never had much pressure when it came to filming. After all, the foundation she had built up over the years was here. Therefore, she was most unafraid of memorizing lines and filming. Of course, no matter what role she was in., she could easily control it.

Therefore, she ate well and slept well. Of course, she was already growing. If she did not eat well now, what would happen if she turned into a dwarf in the future?

Lu Yi was already much taller than her. If she turned into a dwarf again, she wouldn't have the face to see Lu Yi in the future.

In addition to filming, she also had to do her homework when she had time. She was a primary school student who developed her morals, intelligence, body, and labor. Filming was filming, but she couldn't be an idiot in her studies. She could only develop in an all-round way, that way, she would not be discredited.

She would not smear any stain on her life.

## Chapter 2449: She could not cry

She was filming and doing her homework. Just like that, she still had free time to come out. Those who had worked with Yan Huan before knew that even though Yan Huan was young, he was very good at memorizing lines. His acting skills were also excellent, he was better than most adults. She was very good at figuring out the characters in the drama. He was the most intelligent child star. Those who had not worked with him before would really not believe it.

Of course, working with Yan Huan was very easy and very happy.

She was one of the many child stars, and she did not like to cause trouble.

As for children who caused trouble, at first, she could still think that it was because the child was young, so she was more tolerant. However, as time passed, her biological parents would be annoyed, let alone other people.

For example, Yu Qing's daughter, Zhang Xiaomeng, this child was simply spoiled by others. She did not know who spoiled the child to such an extent. She would either cry or cause trouble every day. At one point, she made the scenes that were originally shot well, because she was there, they repeated the scene a few times. In fact, Yan Huan even noticed the blue veins on the director's face.

And obviously, the director had endured it to the extreme.

Until one day, Zhang Xiaomeng continued to cry and make a fuss about wanting a mother. The noise made the entire production team's ears hurt.

Whose child was this? The director had also endured it to the extreme.

Yu Qing stood to the side and neither did she step forward. Recently, for some reason, her daughter wasn't willing to act anymore. She said that she wanted to play.

But play? Play what?

Yan Huan had already started acting when he was more than three years old. When he was three and a half years old, he had already won a small newcomer award. When he was on the same stage as the current popular movie star, Liang Chen, he didn't lose out by a single point.

She was eight years old now, and it was obvious that she had already become the number one child star in the country. However, when her Xiaomeng was three years old, she did not even know how to walk, and she stuttered when she spoke. It was not as if she had not brought Zhang Xiaomeng along for an audition, however, she had not even gone through the preliminaries.

As for Zhang Xiaomeng, it was only now that she spoke more clearly and could start filming. However, her talent was really limited, so she could only be an extras. She had never had a good opportunity to show her face

She did shoot a few movies, but they were all minor extras. Even the few scenes this time were obtained through her backdoor. If Zhang Xiaomeng was more obedient and less noisy, she could leave a good

impression on the production team., it might be a good opportunity. She would even need to add lines and time.

However, who knew that Zhang Xiaomeng was so unsupportive and was so against her own mother? Yu Qing dreamed of making her daughter a star so that she could surpass Yan Huan.

However, to surpass Yan Huan, it was impossible without three lifetimes, three lifetimes, and three lifetimes of experience. Not to mention Zhang Xiaomeng., even if Yu Qing were to go on stage now, he would be instantly killed.

“Whose child is this? Take him away.”

The director pointed at the door and immediately took him away. This one was crying, and the others were also crying. It was fine if they didn't give him face, but they still had to cause trouble for him everywhere. This was a set, a place for filming, not a nursery

Why were all of them so unintelligent? could they learn from Yan Huan? He didn't need all of them to be Yan Huan. After all, Yan Huan was good at acting, and it was rare to see a child actor with good acting skills.

He had never thought that these children would be so obedient, but at the very least, they couldn't just cry randomly for him.

“I was talking about you.”The director was furious, but of course, he was also so angry that he started to speak recklessly. “That's the one, the one with the ugliest appearance, the one in red.”

Yan Huan took the cup from her manager's hand and sat there, drinking it one mouthful at a time.

At this moment, the entire set was filled with the sound of children crying. Indeed, there were some side effects. One cry, a bunch of cries followed.

“Why aren't you crying?”

Yan Huan's manager quietly asked Yan Huan. She had been with Yan Huan for five years. During these few years, she had already taken care of Yan Huan as her own little sister. Otherwise., how could Zhou Li be so assured to hand his daughter over to someone else.

He was still afraid that someone else would have a vicious heart and sell his daughter away. Such a beautiful little girl, obedient and obedient. She was simply the daughter that everyone wanted.

Therefore, only his manager could take Yan Huan away. If it wasn't because he was familiar with her, he wouldn't leave her side. The reason why he dared to hand her over to his manager was because his manager had been with Yan Huan for five years.

Yan Huan raised his long eyelashes.

Crying? Why was she crying?

“I can't Cry.”

She continued to drink from her cup. The person who was scolded by the director and wore the ugliest red dress was none other than Zhang Xiaomeng. There were many beautiful and cute children in this

world. Although no parent would admit that their child was ugly, beauty and ugliness could be seen by everyone's eyes and heart.

Therefore, Zhang Xiaomeng was indeed ugly.

That was why it was said that she was really not suitable to take this path. If she was forced to take this path, then the consequences would be self-inflicted.

Yu Qing's face was as ugly as she could hold it in. Especially the director's good line that the ugliest person in red was her daughter, the only child in the entire set who wore red.

In other words, her daughter was the ugliest one, right?

At this moment, her face was burning hot, but she could not help but stare at Yan Huan, as if Yan Huan was a sinner from somewhere

But Yan Huan did not understand. Why was she here all of a sudden? Who Was she hindering?

As for Zhang Xiaomeng and her daughter, they left in the end. What was the use of staying here? The director did not want Zhang Xiaomeng at all. When Zhang Xiaomeng left, she rolled on the ground and cried, she also slapped Yu Qing's face.

"How did you teach your child? How did you teach your child to be like this?"

"She's clearly so ugly, yet you still want your child to be a star. Even if it's easy to be a star, it's impossible for her not to look in the mirror."

"That's right. I thought my daughter was disobedient because she was spoiled by her family. But now I know how obedient my daughter is."

Each and every word was aimed at Yu Qing's heart. Her face was purple and red. It was winter, and she was actually sweating all over.

She could only bring Tian Xiaomeng back home in embarrassment and anger. Of course, Tian Xiaomeng was also severely beaten up by her. The more she beat her up, the more she could not hold back. Especially when she remembered that Yan Huan was on set., almost all of them were like little princesses who were adored by the stars. Their hands were not light or heavy.

#### **Chapter 2450: picked it up**

Zhang Xiaomeng kept screaming and crying, but the more she screamed and cried, the harder Yu Qing hit her. In the end, her face turned red and she slapped Zhang Xiaomeng's face.

Zhang Xiaomeng also took a step back. She staggered and fell to the ground. Her head hit the corner of the table heavily, and the knife that was used to wipe away the fruit fell off the table, it was directly wiped off the child's face.

Then, Tian Xiaohong's face was badly mutilated. Tian Xiaomeng kept crying, and the blood on her face scared Yu Qing.

The nanny at home heard that Tian Xiaomeng's crying was not right. She was afraid that Yu Qing had beaten the child too much, so she hurriedly ran in. But when she saw that Tian Xiaomeng's face was covered in blood, she was so scared that she could not speak for a long time.

However, she was still much calmer than Yu Qing. First, she called Zhang Shujie, then she called the ambulance. First, she sent Tian Xiaomeng to the hospital.

When Zhang Shujie stumbled all the way there, Tian Xiaomeng's surgery had also finished. However, her condition was very bad. When the fruit fell, not only did it hurt Tian Xiaomeng's face., even her eyeball was hurt. The injury on her face was treatable, but there was no way to treat her eyeball.

So Tian Xiaomeng might lose one eye in the future.

Not to mention being a celebrity, even being an ordinary person in the future was an extravagant hope.

Tian Xiaomeng was already like this. Even if she wanted to recover, it was probably impossible. Zhang Shujie predicted that Yu Qing's feelings had also come to an end.

Yu Qing had been dreaming of making her daughter a star for the past few years. From the time she was two or three years old, it was as if she had been possessed. Not only her, but even Zhang Shujie had also become more and more neurotic, now, both of them were finally free. However, the consequences were something that they could not bear.

Using their daughter's life was the only way to end all of this.

Thinking about it, both of them would never be able to feel at ease in this lifetime.

Of course, these were all private matters of the Zhang family and had nothing to do with Yan Huan. Yan Huan continued to shoot his own films, almost always shooting a red and a red one. He would also win big and small prizes every year.

"Little Huanhuan, what are you doing here?" Yan Huan's manager followed Yan Huan in confusion. Yan Huan was carrying a backpack on her back. Initially, Yan Huan wanted to take her home directly, but she had a commercial to shoot, so she went straight to the school. Now that the commercial was finished, she should be going home. But what was going on? Why was she here?

"I'm looking for some inspiration to write an essay."

Yan Huan raised her eyelashes, but her gaze was fixed on the corner of the wall.

Oh, inspiration.

Her manager nodded. Yes, finding inspiration was the right thing to do. It was really not easy for children nowadays. They had to go to school, do their homework, and write an essay. Could it be that they were going to write a Tiger Cave, so, Yan Huan was looking for a rat cave here.

Yan Huan stopped in his tracks. Opposite him was a pile of trash cans, which also emitted a very sour and refreshing smell.

The manager smacked her nose. Oh My God, this was simply going to make her vomit.

The smell here was really too sour and refreshing. However, Yan Huan walked forward and squatted down.

Could it be that they were really looking for a rat cave? This teacher's composition was really strange. The manager constantly complained in her heart. This was the future of the country's little flower.., could it be that they were too good-looking, so she wanted to fertilize them?

Yan Huan squatted on the ground and moved a garbage bag away. The smell here was really not that good. After experiencing the superior life in her previous life, she was actually unable to endure it, or could it be that she wanted to throw up, but she still squatted here and just stared at the child who was as dirty as a beggar and as thin as a ghost.

Yi Ling, who was three years older than her, was still here.

It was at this time and in this weather that she picked her up.

She stretched out her hand to Yi Ling. "Sister, we're going home."

Yes, sister, we're going home. I'm here to pick you up. Believe me, this life will be better than the previous one. I Won't let you meet that Scumbag, and I won't let you jump off the building and fall into a bloody mess.

In this life, we want to be happy. We'll be even happier than the previous one.

When Yan Huan went back, he even brought a dirty child with him.

"Mom, can we leave sister here?"

Ye Rong stroked her daughter's little head. Her family's Huanhuan had grown up from a young age. In fact, she didn't really like to pick things up from home. A few months ago, she didn't like to pick up pebbles on the ground and stuff them into her mouth, when she grew up, she would not pick up other things. She was even afraid of germs.

In the end, this time, she did not pick up anything. Once she picked up, she directly picked up a living person.

This was a person, not some kitten or Puppy.

But when she saw the child's black eyes, they were like stray kittens. No matter how she looked at it, it made people feel quite pitiful. Ye Rong was a soft-hearted woman. She usually met stray kittens or puppies, she could not bear to part with him, let alone such a big child.

Sometimes, she would even think that even if they were still living in the past, she would still raise this child. She was afraid that she would not be able to accompany Yan Huan for too long, so she would find a relative for Yan Huan. If she was no longer around.., then her little Huanhuan would still have a relative.

And in her previous life, she had indeed done so.

To Yan Huan, Yi Ling was his elder sister, his friend, and also the only family member in her previous life.

And in this life, Ye Rong was no longer the Ye Rong of the past. She did not have to work hard to earn money to raise her daughter. Of course, she had also given Yan Huan a family member, Yan Huan's biological younger brother.

However, she still softened her heart towards Yi Ling, who was as thin as a ghost.

When Zhou Li returned, he found that there was an extra person in the house, a small person.

"Where did this child come from?"

Zhou Li stroked Yi Ling's small head. How could this child be so thin? Did parents not feed their children? How could they raise their child to be so thin? wasn't she wearing his Huanhuan's clothes.

They were all quite big when she wore them, as if she was wearing a sack.

"I picked them up."

Ye Rong placed the bowl in front of Zhou Li, feeling helpless about the extra child in the family.

"You picked them up?"

Zhou Li almost choked to death from his own saliva.

He had seen people pick up money, gold, silver, diamonds, cats and dogs, but he had never seen anyone pick up a living person.

"Let's eat first." Ye Rong hugged her stomach and sat down. She was already nine months old. She had originally thought that this child would be born earlier. After all, when she gave birth to Yan Huan..., yan Huan was born more than eight months ago. When he was born, he could be like a kitten. He was pitifully small.
