

Chapter 2461: Big Brother's child

Even Yi Ling was puzzled. Why did her mother cook so much today for the first time? Usually, their family did not eat so much. It was not because they were afraid of spending money, but because there were only a few people in their family, Zhou Li had a big hand now. He usually went on business trips, so there were few people in the family. It was just the three of them, the mother and daughter, and Xiao Zhi.

They couldn't eat much, so the dishes were always few. But today, there was a table full of dishes, how could they finish? She sat down and bit into her chopsticks. She looked at this and then looked at that.

Why did she feel that there was something strange here? She couldn't tell what was strange about it.

She picked up some food from her bowl and stood up.

"Mom, I'll go take a look at Zhizhiqiu."

She felt that it was better for her to leave. Otherwise, she might have indigestion in a while. However, she felt that she was a little redundant.

Yan Huan was sitting quite far away from Lu Yi. They were trying to avoid suspicion.

She was only 15 years old. She was too young and was still a junior high school student. If she were 20 years old, she would be able to bring Lu Yi home when she went to university. She could also announce to everyone that they were boyfriend and girlfriend, but now, she did not dare to do so.

"Lu Yi, how many children do you have at home?"

Ye Rong asked casually. She had wanted to take a look at the photo earlier, but the others did not change because the population of the Lu family was very simple. There were only a few people.

She recognized Ye Shuyun at a glance. She really had not changed at all. She just felt like a rich lady. Her personality was not as carefree as before. She was mature and a lady, of course, there was also the child sitting next to Ye Rong. Compared to Huanhuan, she was still younger.

Was that also Ye Rong's son?

"I'm an only child."

Lu Yi did not eat much. He had tried every dish on the table before, so he gave Ye Rong enough face. Of course, he also realized that Ye Rong made a lot of dishes that might be from his memories, she thought that he loved to eat, but in fact, there were a lot of dishes that he did not like anymore. People changed. Age changed, heart changed, and of course, taste changed too.

He might not like what he liked when he was young, but he had eaten those dishes.

There were still some subtle memories that came from the taste here, but because it had been too long, they were a little blurry.

Ye Rong held the chopsticks in her hands and slightly clenched them. She was only eating plain rice and not eating vegetables. In fact, she still had many questions to ask, but she did not know how to ask, and how could she ask.

Ye Rong tried to ask about the child in the photo again. On the family photo, there were only people from Lu Yi's family, Lu Jin, Lu Yi, Ye Shuyun, and a child around ten years old.

If Lu Yi was an only child, then where did that child come from? And who was he?

"Auntie, are you asking about him?"

Lu Yi continued to eat, then picked up a piece of meat and placed it in Yan Huan's bowl. This action was natural. It was originally a habitual action.

Yan Huan used his foot to step on Lu Yi a little. Pay attention. They were different from the past. They had not grown up yet.

Lu Yi picked up some vegetables without batting an eyelid and placed them in his bowl. Fortunately, Ye Rong was a little absent-minded now, so she didn't notice the strange atmosphere between Yan Huan and Lu Yi.

When she noticed it, Yan Huan and Lu Yi couldn't be more serious. They didn't seem to be too familiar with each other. They were just acquaintances who couldn't be ordinary anymore.

In fact, she didn't know that Yan Huan was playing with Lu Yi's finger with one hand under the table.

She hadn't seen Lu Yi for such a long time. It had been fifteen years. She really missed him too much. If it weren't for the fact that she wasn't allowed to see him now, she would have wanted to be with Lu Yi every day.

It was just like their previous lives. They would live their whole lives and would never be separated.

Just as Ye Rong was about to speak, Lu Yi took out the photo from his pocket again. "Auntie, are you asking him?"

Lu Yi placed the photo in front of Ye Rong, and Ye Rong's eyes could not help but ache again, but this time, she held it back.

"Yes, yes."

Ye Rong nodded. "This child is really good-looking. She's a girl. Why does she have to be like my Yi Yi and make herself look like a tomboy?" Fortunately, Yi Ling was not here right now. If he heard this., he would definitely cry.

Of course, the little one in the photo was not here either. Otherwise, he would cry himself to death even more.

He was not a girl. He was a pure man. A pure man.

"Auntie, he's a boy."

Lu Yi's eyes had always been very calm. It seemed like he was only answering, but he did not think too much about it. Ye Rong had always thought that he was beating around the bush, but Lu Yi did not realize it. What she did not know was that all of her current problems.., it was all done on purpose by Lu Yi. When he first arrived here, he had already dug a hole for Ye Rong, just waiting for Ye Rong to jump into it.

And Ye Rong was such a pure and simple woman. How could she escape from the scheming Lu Yi who had spent his entire life scheming.

In his previous life, Lu Yi had been difficult to deal with, not to mention that he had been reborn for his entire life. From the moment he was born into this world, he had already begun to calculate all of this.

Actually, with Grandma Ye's body, it was impossible for her to live until now, and it was also impossible for her to be so healthy. In her previous life, after her daughter was lost, Grandma Ye had already been somewhat unaware of it. Now, at this time.., she had practically been living day by day, waiting for death.

But now, she was still alive because Lu Yi had given her a hope, a hope that she could see her daughter. Therefore, Grandma Ye's body was now far better than Yan Huan had imagined.

Ye Rong's gaze was glued to the photo. So much time had passed. Even if it was just a photo, it made her nose ache.

"This child is really good-looking."She smiled slightly, but who knew that the corners of her mouth were curled up with a bitter expression.

"He is my uncle's son. My mother raised him since he was young."

No matter how low Lu Yi lowered his head, it seemed like he had unintentionally revealed all these things to Ye Rong.

Ye Rong was stunned. The hand that was holding the chopsticks was clearly tightening. Perhaps even her heart was also tightening at this moment.

However, she did not dare to ask any further. Lu Yi clearly did not have any intention of saying anything. These things were like a thin thread that was pulling her heart tightly. It was so tight that she could not breathe at all.

That child was the eldest brother's son, but why did he have to let the eldest sister take care of him?

Chapter 2462: she missed home

Where was the child's mother? Where was his mother?

Back then, she had impulsively left home. For Yan Huan, she had given up everything she had, including her family. She already knew that in this lifetime, she would never be able to see her family again.

She had also accepted her fate. She had also decided that in this lifetime, she had let down her family, and she had let down her parents. Therefore, in the next life, even if she had to work as hard as she could, she would still have to pay off all the debts she owed.

However, one day, she found out about what had happened at home. When she met her family, she had never known. When she found out about the news of her family, her heart still ached, and her people became uneasy, she became even more restless.

She wanted to know how her family was doing. She wanted to know what had happened to the Ye family. She wanted to know. She really wanted to know. She wished that she could grow a pair of wings right now and fly over it, whether it was thousands of mountains and rivers or thousands of rivers, she just wanted to take a look at her mother, her father, her brother, and that little nephew that she had never seen before.

Lu Yi had grown so big, but what about the child that was raised by Ye Shuyun's side? How Old was he? What was his name? And what about the child's mother? Why didn't he raise the child himself but instead left it to Ye Shuyun? Was it the Ye Family? Did something happen to them?

"What's wrong with you?" When Zhou Li returned from his business trip this time, he discovered that ye Rong's mood was very strange. She had been absent-minded throughout the day. The food that she cooked was either salty or sweet, this was probably because she couldn't differentiate between sugar and salt.

At night, she also did not sleep through the night. It was as if her entire person had become neurotic. Even Zhizhi was now afraid of his mother because his mother had just given him milk, but in a while, she brought him another bottle of milk, it filled his small stomach, but sometimes she would not give him milk for a day. He could only wait for his sister to come back from school before he could pitifully eat a meal of milk powder.

Zhizhi in this life was exactly the same as Yan Huan in his previous life. He was already five years old, but he still had to use a milk bottle. If he didn't drink milk for a day, he wouldn't be able to sleep.

Zhizhi was pitifully abused by his mother for a few days. In the end, Yi Ling had no choice but to take leave and not go to school. Yan Huan was still out filming, so she was the only one in the entire family who could handle it.

If she did not return, her little zhizhi would either be stuffed to death or starve to death.

"Nono, what's wrong with you?"

Zhou Li placed his hand on ye Rong's shoulder. wasn't he fine before his business trip? Why did ye Rong become so jumpy the moment he returned.

"I'm fine." Ye Rong wanted to laugh, but no matter how hard she tried, she could not lift the curve of her mouth.

How could she possibly want to laugh? She wanted to cry.

"You still say you're fine?" Zhou Li really understood ye Rong now. He sighed and then put his arms around her shoulders, "Nono, what can you tell me? We're husband and wife. We're the closest people

in this world. There's nothing in this world that can't be crossed. Even if it can't be crossed, isn't there still me? "You're my wife. Your matters are my matters. If you don't believe me at all and carry everything on your own, then tell me how Useless I am as a husband."

The More Ye Rong thought about it, the more uncomfortable she felt, and the more sour her nose became.

"Ali, what do you think I should do?" She suddenly hugged Zhou Li and burst into tears, "I miss my mother. I don't know how she's doing. And my father. He's already in his seventies. And my elder brother. What happened to him? Why did he give the child to my elder sister to raise?"

Ye Rong kept saying these things. Sometimes, she would also cry. Her words were also incoherent. Zhou Li was also confused, but in the end, he still understood some of the meaning.

Ye Rong still had a family. She still had her parents and her elder brother. He had always thought that there was no one left in ye Rong's family, and Ye Rong's background could not be any simpler. Her parents had both died, and his parents were surnamed Yan, they were also ordinary workers. However, not long after Yan Huan was born, the couple died.

As for Yan Huan, she was a child whose father was unknown. However, this would not affect Zhou Li's love for Yan Huan. He really treated Yan Huan as his own daughter. He was even more doting and loving than Zhou Yan Zhi that child.

However, what was Ye Rong saying now.

Her parents, her brothers and sisters. Did she still have many relatives?

"There's no rush. Tell me slowly." Zhou Li comforted ye Rong's emotions.

"Nono, you can completely trust me. You can also tell me everything."

Ye Rong's Red Lips moved a few times. However, there were some things that she could not say out loud. This was the biggest secret of her life. It was also the biggest bump and variable in her life.

But up until now, she still did not regret it. If she had not escaped alone, then she would not have Yan Huan, Zhou Li, or Zhizhi.

But not regretting it did not mean that there was no guilt in her life. She could feel at ease and abandon her parents, regardless of that family.

And this guilt would always follow her, perhaps until the day she died.

"No rush, speak slowly."

Zhou Li gently stroked ye Rong's hair. Even if you don't say it now, it doesn't matter. As long as you want to say it, I will always be there. No matter who you were in the past, or what your status was, you are only my wife now., you are the mother of my child.

Ye Rong held Zhou Li's hand tightly, and the guilt in her heart was almost driving her crazy.

Only now did she stutter about her past matters, and these matters had been pressing down on her heart for sixteen years.

Her name was Ye Rong, and she was not called Yan Nuo. She was originally the daughter of the Ye family, and the life she wanted to live was just like all the women in their circle. She would find a man with a household registration, marry him, and then take care of her father and son, it was also a smooth life. However, her fate changed after she left home, her family, and everything that she had abandoned.

She became a single mother. In order to raise her daughter, she had suffered a lot. If she had not met Zhou Li, if Yan Huan had not been obedient since young, if Yan Huan had not embarked on the path of acting.., if Yan Huan had not been able to earn money for his mother and found a husband for his mother and a stepfather for himself...

It was hard to believe that a woman like ye Rong would die in such a world. In the past few years outside, she had never forgotten about the matters at home.

She was also burdened with such guilt and longing. Every day and night, it was almost unbearable.

Chapter 2463: Zhenping

She did not want her family to feel guilty with her. She did not want her daughter to be despised before she was born. She also wanted to give birth to this child, because no matter whose child it was, and for what reason, this was her child, her mother. She wanted to protect her daughter. She wanted to raise her daughter.

However, the price of all this was that she would be separated from her family forever.

She was still selfish. Her old father and mother must hate her very much.

Zhou Li had been listening quietly the entire time. In fact, he had also thought about how ye Rong could give birth to a child like ye Huan. The Yan family was an extremely ordinary family, but ye Rong could play the piano and know the tea ceremony, she could dance. These were not children that an ordinary family could raise. Instead, they were like the daughters of a noble family.

However, he had not thought about anything else. He had not even thought about the fact that the elders of the Yan family were not her biological parents and that she was indeed the daughter of a noble family.

Regardless of whether she was Yan Nuo or Ye Rong, she was Zhou Li's wife and had nothing to do with anyone else.

And the man who harmed Ye Rong, was he from the Su family of Hai City? He was not afraid. Although he could not compare to the Su family now, he would definitely work hard and strengthen his company, he would also have the ability to protect his wife and daughter.

He placed his hand on his wife's face. His wife had not changed in the past few years. She was very young and beautiful. She gave birth to a son for him and also gave him a beautiful and obedient daughter.

"Nono, there is no parent in the world who does not love their child. You are also a mother. You should know that no matter what your Huanhuan did, in your heart, she is your most beloved daughter, right?"

Ye Rong nodded. Yes, that's right. No matter what her Huanhuan did wrong in the future, she would not let anyone hurt her daughter.

"And your mother is the same."

Zhou Li persuaded Ye Rong. Only now did he know what Ye Rong had been suppressing in her heart. It turned out that it was nothing else but these things. And he would definitely untie the knot in Ye Rong's heart, otherwise, if such a knot was forcefully pressed on her body, sooner or later, it would drive her crazy.

"But I don't dare."

Ye Rong lowered her head and also tugged at the hem of her clothes. "I don't dare to go home, and I don't dare to see my mother. I'm afraid that they will hate me, and I'm also afraid that they will kill My Huanhuan."

That wouldn't be the case. Zhou Li hurriedly squatted in front of ye Rong's room, afraid that she would go to the ends of the Earth.

"They are your parents. No matter what you have done, they love you. Moreover, this matter has nothing to do with you. It's all that man's fault. They have plotted against your home, and they have plotted against you."

"Moreover, how can they kill you? Huanhuan is my daughter. Even if they want to hate me, they will hate me. It was I who hid their daughter for so long. It was I who did not let you and them believe that everything is my fault and has nothing to do with you."

Ye Rong finally could not hold it in any longer. She lay on Zhou Li's lap and cried loudly. She also cried out all the grievances that she had suffered over the past few years.

Yan Huan stood outside and actually heard ye Rong's cries from inside.

Actually, it was good that she could cry. At the very least, there were still tears that could fall. There were also people who could make one shed tears. Some things could not wait. There were also some people who could not wait. They only met when they were alive, and those who died.., then they could only reminisce.

She took out her cell phone and called Lu Yi.

Not long after, she stood outside. There was already a car parked outside. She walked over and got into the car as well.

The car also started to drive and disappeared from this place. No one knew where it went.

Lu Yi opened the door and also let Yan Huan in.

After Yan Huan entered, he first searched the entire room for a long time. He did not know what she was looking for?

"What are you looking for?"

Lu Yi pulled Yan Huan and asked her to sit down. Why was it so quiet in her past life? was she suffering from ADHD in this life?

“Looking for a woman.”

Yan Huan stretched out her finger and gently poked Lu Yi’s chest.

“You’re already 20 years old. You’re a 20-year-old man. You’re in the prime of your life. I want to see if you’ve hidden a woman for me somewhere.”

Lu Yi rubbed the top of her head. “Alright, then you can continue searching. However, before you find her,” he placed a cup in front of Yan Huan.

“Finish drinking the water first.” Lu Yi had recently discovered that Yan Huan did not like drinking water very much. It could also be because she had always been filming and could not care less. Therefore, the amount of water she drank from day to night was pitifully little.

This was not possible.

One had to drink more water. If one did not drink it well, one would really grow old.

Yan Huan hugged the cup and drank the water. Her eyes were sparkling. A fifteen-year-old girl had not yet grown up, but she was already so beautiful that she was exquisite. She was like a fresh and tender flower, at this moment, she was faintly emitting her fragrance. To an adult man, this was an irresistible attraction.

Yan Huan and Lu Yi had been husband and wife for a lifetime. There were some things that they naturally understood.

“I’m still young.” Yan Huan hugged her chest. She really didn’t think that she would have anything to do with Lu Yi at such a young age. Although, in their previous life, everything had already happened.., even though they had three children, Yan Huan’s thick skin still caused her face to turn red.

“What nonsense are you thinking?” Lu Yi pinched Yan Huan’s tender face. “Do you think I’m such a beast to lay my hands on a minor?”

“Who’s a minor? I’m already an adult.”

Yan Huan put down the cup and her face swelled up. How was she not an adult? How was she not grown up? She was pretty big, alright?

“Are you an adult?” Lu Yi glanced at the flat flat land on Yan Huan’s chest. As expected, this was not his huanhuan. This was just a small bean sprout.

And this small bean sprout really made Lu Yi feel frustrated.

Although he was very unwilling to admit it, he had to admit the fact that Yan Huan was still a child. A fifteen-year-old child. Of course, he really would not do anything to a fifteen-year-old child?

He was a law-abiding person. His position as a prosecutor wasn’t for nothing.

Yan Huan hugged her face with both hands. Was he disliking her flat chest? But how was she flat? Although she was really flat now, she hadn't really developed yet. When she did., she had become the Yan Huan of the past.

Lu Yi found it funny and pinched her face again. "You play by yourself. I have something to do."

Chapter 2464: was bought by him

Lu Yi raised his wrist and looked at the time. It was almost time.

Yan Huan rubbed her cheeks that were red from Lu Yi's pinching. She hugged her cup and drank from it. Of course, she also wanted to see how this house was different from their house in her previous life. It was as if everything was the same.

However, when she first entered this house, it was still a simple male residence. There were only a few things in it, but now, it was obvious that the two of them had lived here before, there were also traces of her living here.

She put down the cup and walked behind Lu Yi. She also leaned on his back. Fortunately, her chest was flat now. She really didn't have any intention of teasing him.

She was a very innocent and beautiful young girl.

Besides, she was fifteen years old. She was not an unattractive little bean sprout.

"What are you doing?" She rested her chin on Lu Yi's shoulder and looked at what he was doing on the computer. Lu Yi would not officially report to the prosecutor's office until the second half of the year and become the youngest prosecutor in the history of Hai City, he was the youngest prosecutor in the history of Hai City.

Yes, he was a prosecutor. In his previous life, he was 23 years old when he was a prosecutor. In this life, he would be sitting in that position when he was 20 years old because he had skipped a grade.

"Take a look for yourself." Lu Yi turned his head back and pinched Yan Huan's face. He really felt good. How could a fifteen-year-old girl not be good? She was at a tender and tender age, especially since Yan Huan was already extremely beautiful, this was like a beautiful flower in full bloom. It was just about to bloom.

Yes, Yan Huan nodded at her face. To her, who had learned computer science from Lu Yi in her previous life, she knew how to grow vegetables, raise some small animals, play games, and chat with a little penguin.

But she didn't know anything else.

However, she should be able to understand this

"Lu Yi, are you trading stocks?"

“Yes.” Lu Yi’s hands were very fast. Yan Huan didn’t know how to trade stocks. Otherwise, she would have done it long ago. She only knew how to cook noodles and fried rice. In fact, it proved that trading stocks wasn’t something she could do.

Of course, it was not something that an ordinary person could do.

After all, Luck was a big part of it.

As for luck, it did not need to be mentioned for the rest of his life. Lu Yi himself was luck. He knew that the world had changed in the past few decades, and he had a good memory of it.

Of course, it was the same for stocks. He knew how to trade stocks. In addition, he also knew about the development of stocks. Therefore, he would not lose money if he decided to buy and sell.

On his account, there were a few stocks. He would buy them in batches and when the high point fell, he would buy and sell. Of course, Yan Huan still did not understand this. However, he knew that Lu Yi must have earned quite a lot of money.

Perhaps, the money that Lu Yi had earned from stocks over the past few years might be more than what she earned from filming.

“It’s a pity about the land at the Ye family airport.”

Yan Huan pursed her lips. “I just saved up enough money, so I asked my stepfather to help me buy that land. In the end, I arrived late, and that land had already been bought by someone else.”

“But...” Yan Huan didn’t understand. “In my previous life, no one was interested in that land, so how did someone buy it?”

“You.” Lu Yi touched her head and let her sit on his lap.

“What’s wrong with me?”

Yan Huan used her forehead to gently knock Lu Yi’s face. “Don’t you think I’m very beautiful?”

“Yes.” Lu Yi had always known that his wife was very beautiful. She had been beautiful since she was young. Otherwise, the fifth most beautiful woman in Asia wouldn’t have fallen on her for no reason.

He patted Yan Huan’s head. “I know that although you have never forgiven Grandpa in your heart, you’ve been thinking about how to help the ye family survive that disaster from the very beginning of your life.” and the simplest and most practical thing.., was to buy the land of the Ye family’s airport. When that time came, the amount of money the ye family would invest in it would only be one percent of what it used to be. And with the Ye family’s current financial resources, they could completely support the construction of the airport, the competition would not be emptied out so quickly.

In the end, they would not even have the funds to work around.

However, they did not expect that she would still be a step too late.

“Come with me.” Lu Yi held Yan Huan’s hand tightly and brought her into his room.

Yan Huan's little heart was beating very fast at that moment. Of course, her face was also running a fever. Even her breathing seemed to be a little strange.

"That, Lu Yi..."

Yan Huan really did not know when she had become so bashful.

What happened? Lu Yi stopped and tucked the hair by her ear behind her ear. The hot air that he exhaled also sprayed onto her ear, causing Yan Huan's body to stiffen involuntarily.

She bit on her fingernails.

"Lu Yi, I'm still young."

Lu Yi could not help but rub his aching forehead.

"Miss Yan, I remember saying many times that I won't lay a hand on a minor. Don't you understand? Or did you treat what I said as wind in your ears?"

Yan Huan bit her fingernails again, looking really aggrieved.

It was her fault..

But didn't he think that he wouldn't let people misunderstand him by bringing a beautiful girl into his room?

Lu Yi pulled Yan Huan to the chair inside and asked her to sit down.

Then, he opened the safe at the side and took out something from the safe and placed it in front of Yan Huan.

"What is this?" Yan Huan took it. It was a very thick stack.

"Take a look for yourself."

Lu Yi sat down beside her.

Yan Huan placed the thick stack of documents on her lap and flipped to the first page.

"Ah..." when she saw the contents clearly, she almost jumped up in shock.

These were all the books on that piece of land. Could it be..

She stared at Lu Yi suspiciously for half a day. "You bought that piece of land?"

"Yes. Lu Yi admitted that I bought this piece of land five years ago."

Five years ago?

Lu Yi was fifteen.

"Where did you get so much money?" Yan Huan pounced on it. Although the price of this piece of land was not too similar in this era, it was still pitifully low compared to the future of Hai City, where every inch of land was worth a penny, at that time, many people were beating their chests and stomping their

feet, thinking about how they didn't have a good grasp of their own land and didn't buy themselves an additional piece of land or a few houses.

If they bought that piece of land, it might be the birth of a new rich big family.

However, they didn't know if there was such an opportunity to do it all over again.

There weren't many people like Lu Yi and Yan Huan who could have another life, could do it all over again, and could completely remember the things that happened in their previous lives, they could be prepared in advance.

Chapter 2465: she wanted to go home

On the other hand, Yan Huan pouted. She was fifteen years old and did not have much money now. Although she was already very famous, it would be seven or eight years before she could really make money, at that time, the domestic market would be prosperous, and she would be just like the real estate market in Hai City from then on. Only then would she be able to steam up. Of course, she would also earn a lot of money every day.

Because she wanted to buy that piece of land, she had to work day and night. It was not easy for her to save enough money, but that piece of land was bought by someone else. At that time, she felt very sad for many days.

And now, Lu Yi actually told her that he was the one who bought that piece of land.

This really could not be compared.

Comparing people, bullying the dead.

Lu Yi found it funny to pinch Yan Huan's very wronged steamed bun face again. I earned it by trading stocks. However, we thought of the same thing. In this way, you don't have to work so hard.

Yan Huan walked forward and hugged Lu Yi's neck.

"Your IQ is really bullying others. Your speed of earning money is also bullying the dead."

Yan Huan really felt that she had suffered a blow. Everyone was clearly reborn, but she had worked so hard to exchange for it. It was not as much as Lu Yi's earnings from trading stocks for a few years.

It was also luck.

Lu Yi gently stroked Yan Huan's hair. The stock market was inherently risky, but my luck was not bad.

I already got the land, how could it be bad?

"Oh right," Yan Huan shook her legs in the air.

"Didn't you say that you would think of a way to solve the problem between my mother and the Ye Family? Although I don't like the Ye family, and I don't like ye Jianguo, that's my mother's home. I want to help her get it back."

In this life, she had thought it through. She was here to repay ye Rong's debt.

She let ye Rong live, found her a husband, and gave birth to a fat son. Of course, there was still one last thing she had yet to do. She still had to help her mother find her parents.

Although, she really did not like that place in the Ye family at all.

"You'll know in a few days."

Lu Yi did not go into detail. If he were to go into detail, then there would be a lot of things that needed to be resolved. These things would be left to him. She just had to wait for the results.

And now, even if he wanted to say it, Yan Huan might not be able to hear it because she was sleepy and had already fallen asleep on his shoulder. She had been working overtime recently to shoot advertisements for magazines, she had been busy for a few days and had not slept well.

She had always been a dedicated actress. No matter how old she was, her attitude towards work had always been strict and serious.

Otherwise, as long as she was lazy, how could she be so tired.

Lu Yi let Yan Huan lie down and covered her with the blanket. He sat at the side and stared at Yan Huan's peaceful sleeping face. She was really a young child.

She was really a child, wasn't she?

She was only fifteen years old.

Fifteen years old, she was still a junior high school student. However, she was going to attend high school next year, and she was still a high school student. How was he so much older than her?

He could not help but place his hand on Yan Huan's forehead.

"En, sleep well. Don't worry. I will take care of the things you are worried about. I will get what you want for you. If you don't want it, I will also keep those things away from you."

In this lifetime, no one could force you anymore. Of course, no one could hurt you anymore.

Whether it was ye Jianguo or Su Qingdong, it was the same.

Ye Rong could not help but stand up again. She was the only one in the house now. Yan Huan went to film, while Yi Ling took Zhizhi out to play. Zhizhi had been brought up by Yi Ling since she was young, so she gave Zhizhi to Yi to take care of, it could not be any safer.

It was only because she was the only one in the house now that she felt so uneasy. She knew what she was uneasy about. She missed the house too much. She missed her parents too much. She also wanted to know too much, what was the current situation at home? Her parents were fine. Where was her eldest brother? Both of them had children. What about sister-in-law? When she left, her eldest brother was not married yet?

And why did they teach their eldest sister to take care of their son?

Zhou Li had said that he would help her investigate. She did not know if he had found anything yet, or if he had found nothing, or if he had found something bad, which was why he had not told her.

The quieter the house was, the more ye Rong's thoughts ran wild. In a short while, she was already extremely agitated, and it made her break out in a cold sweat. It was as if even her heart began to beat irregularly.

When the door outside creaked, she hurriedly stood up and walked towards the door.

When she saw Zhou Li, she also hurriedly went over to welcome him.

She stretched out her hand and grabbed the corner of Zhou Li's clothes, but after a long time, she was unable to say a single word. She was afraid, she was worried, she was nervous, and she did not dare to ask.

She was afraid that something had happened to her family. Was it something that happened to her parents? Or was it something that happened to her elder brother? If nothing had happened to them, why would they hand their child over to elder sister to raise, no matter what the situation was, it was impossible. How could the people of the Ye family allow their children to be taken care of by others?

Although that was eldest sister, that was a married eldest sister.

Zhou Li hurriedly held ye Rong's hand tightly, but he could clearly feel that her palm was covered in sweat. She must have been frightened.

"It's fine, don't be afraid." Zhou Li patted the back of Ye Rong's hand. Things were not as serious as we had imagined.

It was still serious.

Ye Rong's eyes instantly reddened.

"It's really fine." Zhou Li was clearly comforting ye Rong, but ye Rong was certain that something must have happened at home. Of course, she also blamed herself even more. It was all her fault, it was all because of this unfilial daughter of hers.., if something happened at home, but she was not there, then why did the ye family give birth to her? She had eaten the rice grains of the ye family for so many years, but in the end, she only did things that brought shame to the ye family, she even almost destroyed the ye family's hundred-year-old foundation. If she had really been deceived by Su Qingdong back then, then would there still be the ye family now?

That was why she had left. An unclean woman like her was not worthy to be a child of the Ye family. However, in the ten years that she had been away, what had happened to the Ye Family? What had happened to her eldest brother? What had happened to her little nephew?

"Wait for me to tell you slowly."

Zhou Li gently patted ye Rong's hand, but ye Rong was still nervous. The muscles of her entire body were almost as stiff as rocks. No matter what Zhou Li said, she could not relax.

Zhou Li let her sit down and poured a glass of water in front of her.

“Drink it first. I’ll tell you later.”

Ye Rong took the glass and then picked it up with a trembling hand. She put it next to her almost dry lips and then drank the glass of water one mouthful at a time.

Chapter 2466: she decided

With a bang, she pressed the cup against the table, and her fingers gripped the cup tightly, as if she was going to crush it.

She stared at Zhou Li with her eyes wide open.

How could Zhou Li not know his wife? He knew that she was too nervous and too scared.

“Don’t worry.” Zhou Li did not keep her in suspense. Instead, he talked about the information he had asked someone to find out.

“Your parents are fine. It’s just that your mother’s health is not very good.”

Ye Rong’s body stiffened after hearing this. She lowered her head and tightened her clothes again.

“Your Big Brother is also doing well,” Zhou Li continued to say. He also placed his hand on the back of Ye Rong’s hand, letting her feel his body temperature. He also let her know that no matter what happened.., there was still a him in this world.

She was not lonely, nor was she lonely. She still had a husband and children. They would all help her, care for her, and support her. No matter what she did wrong, she was the closest person to them.

Ye Rong had only just learned about the ye family from Zhou Li’s mouth. Also, she had left the ye family, and everything that had happened to the ye family had happened.

His parents were indeed good, but her leaving without saying goodbye had also broken his parents’ hearts. Her mother had also fallen ill because of her daughter, and her current health was not good, other than worrying about her as a daughter, what else was there?

Her eldest brother had only gotten married a few years after she had left. He had also married an older sister that she knew. Unfortunately, a beautiful woman had a short life, and her new sister-in-law had a short life.

When she gave birth, she died in childbirth. With the current medical conditions, this was almost impossible. However, her sister-in-law was indeed unfortunate. She did not manage to save her, she only left behind a crying child that was waiting to be fed.

That child’s name was ye Xinyu. Her elder brother was busy with work, and Grandma Ye had been sick for a long time. Ye Jianguo had to take care of his wife and also take care of this little one. He was almost unable to free his hands. Later on, he specially hired a nanny to take care of the child.

However, no one expected that the nanny would actually abuse the child and make the child drink the water in the toilet bowl. Later on, Ye Shuyun couldn’t bear to part with this little nephew, so she directly brought him to her own home to take care of him.

Ye Xinyu had grown up by Ye Shuyun's side since he was young. The members of the Ye family were all present, but it was a pity that the young ye family's eldest sister-in-law was gone just like that, she didn't even have the time to look at her own son.

And now, everything in the Ye family was actually better than they had imagined. However, Grandma Ye was seriously ill. In the past few years, she hardly appeared and only had her own wife to accompany her.

"Nono, I don't want to lie to you."

Zhou Li Sighed and then held ye Rong's hand tightly. "Your mother is really very ill."

Ye Rong's body swayed again. Then, she pulled at the corner of her clothes with all her strength. She had torn a piece of cloth in a few stops, and then there were the tears that fell on the back of her hand.

It had been a long time since she had cried like this.

It had been a long time since she had felt such pain.

It had been a long time since she had been hurt like this.

When she had been deceived by Su Qingdong, she had cried. She had also cried when she was pregnant with Yan Huan and could not even eat her fill. She had cried when she had brought Yan Huan, who was still young, to work.

But she had not cried for a long time, and now she was crying.

Sorry, sorry..

There were too many sorrows. She had let down her family, her father, her mother, and even her eldest brother. She had not even seen her sister-in-law, she had not even taken care of her poor little nephew. If she were here, perhaps nothing would have happened to her mother. and her eldest brother's son and nephew would not have suffered so much. In the end, it was her eldest sister who raised them.

"Think about it carefully." Zhou Li stretched out his hand and placed it on Ye Rong's shoulder.

"Think, think about what?"

Ye Rong shook her head. She did not know. She did not understand.

Zhou Li sighed again. He then shook Ye Rong's shoulder and let her lean against his shoulder. However, in a short while, he felt that his shoulder was almost drenched.

If he continued to cry like this, the whole house would be flooded.

If he continued to cry like this, Haijiang might have a flood.

But he did not persuade Ye Rong. He only patted her shoulder gently and then silently accompanied her.

He knew that ye Rong needed to vent. If it was anyone's fault, in Zhou Li's view, Ye Rong was really not at fault. She just wanted to protect her daughter. Was she at fault? And all the fault was that Su Qingdong.

Therefore, such a heavy pressure should not be borne by his promise. Everything was done by that Su Qingjiang. Even if there was retribution, it should be on that Su Qingdong.

And he did not know that he was actually right.

Su Qingdong naturally had his retribution. The Su family had no children and no grandchildren. And in the end, he was also alone. And those who he had harmed would never forgive him. He had been scheming all his life, in the end, he had plotted everything he had.

After crying for an unknown amount of time, Ye Rong lifted her face and wiped it clean as well. But when she wiped it again, it seemed that her face was still full of tears.

Zhou Li offered up his sleeve, while Ye Rong unceremoniously pulled it over and wiped her face. But when she wiped it, she had a look of disdain on her face. "Why is it so hard?"

"It's useful, but you still dislike it?"

Zhou Li tidied up ye Rong's clothes, then stood up and went to the bathroom. When he came out soon after, he had already taken out a wet towel from his hand.

Ye Rong pulled it over and controlled her face.

"I've decided." She put down the towel. Her eyes were still red and swollen, so it was clear how she could cry. Fortunately, she did not flood the house, nor did she flood hai city.

"What have you made up your mind?"

Zhou Li sat down again. He wanted to know what ye Rong had made up her mind. was she going to be brave or continue to be a turtle.

"I want to go back to the Ye family." Ye Rong tightened her husband's sleeve, "I want to apologize to them. I want to kneel down to them. I want to support my parents. I want to take care of my little nephew. No matter if they hate me, blame me, or scold me, I want to go home even if I have to kneel down in front of them."

"Don't worry, I will think of a way to have it both ways." Zhou Li wanted to laugh, but he grimaced.

"What's wrong with you?" Ye Rong saw Zhou Li's pained look and was somewhat puzzled. "Why are you in so much pain?"

Zhou Li lowered his head and pointed at Ye Rong's hand.

"You are almost tearing a piece of meat off my arm."

Chapter 2467: this was her uncle

Ye Rong quickly put her hands down and quickly put them behind her back. was he trying to destroy the evidence?

Only then did Zhou Li Shake his arm. Also, the arm was still there, and the flesh was still there.

“Um, are you okay?” Ye Rong asked Zhou Li carefully. The sobs in her voice were even more intense. Was she going to cry again?

“I’m fine, I’m fine.” Zhou Li shook his arm to let Ye Rong rest assured. In fact, he really wanted to sigh in his heart. Even if it wasn’t broken, it would still be green for a few days, it was no wonder that he could give birth to Yan Huan’s daughter who was as strong as an ox. In the past, he really didn’t know where Yan Huan’s innate divine strength came from. It turned out that it wasn’t innate, but inherited.

Who would have thought that such a delicate little girl could actually lift a wardrobe easily with one hand. Her strength was as strong as an ox, but she looked like a small flower.

As expected, Zhou Li was not an ordinary person. Otherwise, he would not have been able to obtain a daughter like Ye Rong and Yan Huan.

“Alright, let’s get down to business.”

Zhou Li saw that Ye Rong had finally stopped crying, so he told her about the things that he had been thinking about recently.

Ye Rong’s heart was still a little unsettled. She had decided to return to the Ye family, but she still could not think of an excuse.

The sunlight outside was warm, and a lot of sunlight was reflected from the window. It was as if she could still see those distant memories, and in those memories were her young face and those spring years that she did not know why.

Time was merciless, but one could not be careless.

Ye Chuji lifted his face, and it was only after a long time that he discovered Lu Yi who was standing beside him.

“When did you come?” He put down the pen in his hand and turned his neck slightly. The sound of bones rubbing against each other could be heard from his neck, it could be seen how long he had been using this kind of power.

His entire shoulder was about to stiffen.

Also, when did Lu Yi come?

“Is it because it’s not easy to control that Brat in my house?” Ye Chuji thought of his beautiful son that made people want to beat him up. He really wanted to drag him out now and give him a good beating.

“No, he’s quite well-behaved.” Lu Yi walked over and sat down. At this moment, Ye Chuji in front of him still looked like a middle-aged man in his forties. He was still very spirited, however, he lost his wife when he was young. Everything in the family was placed on him. He was working too hard, so in short, he overdrew on his health. When he got old, he got sick all over again.

“That’s good.” Ye Chuji relaxed a lot when he heard that his son didn’t cause any trouble for him.

“Oh Right, why are you here today? Didn’t you have something to do?”

Ye Chuji stood up and patted his nephew's shoulder. This kid was indeed worthy of being a member of the Lu family. He was too smart. He was only twenty years old now, but he could already be a prosecutor. One had to know.., some people in their thirties and forties might not be able to climb to such a position. But for Lu Yi, he had already jumped two levels. In the end, when he was in school.., he was directly poached by the Procuratorate. Regardless of whether it was the treatment or the position, they were all top-notch.

It couldn't be helped. Even if you worked in the Procuratorate all your life, you might not be as efficient as them. They had such a unique vision, a ruthless style, a super strong memory, and a talent with an absolute IQ.., if the Procuratorate didn't settle down for themselves earlier, they would have been poached by others. That was why the Procuratorate was so smart. When Lu Yi was in university, they had asked him to sell himself to the procuratorate ruan.

It was unfortunate that the Procuratorate had acted quickly. Otherwise, Lu Yi would have been poached away by an unknown department. The people in the procuratorate were drinking tea and were all beaming with joy, however, the people from other units were beating their chests and stomping their feet. They wished that they could break their chests. How could such a good talent be poached away by the procuratorate.

With such a strong sense of perception, he should be in their administrative department. With such a good memory, he should be a criminal police officer. With such good skills, why didn't he become a police officer? Why did he have to deal with a pile of cases every day, even if he couldn't, he was a computer genius. Right now, there were quite a few departments that lacked such a genius.

Heating in the winter, air-conditioning in the summer, and high treatment. He didn't have to offend people every day. It was such a good thing, but none of the good ones left Lu Yi. No, it was the people from the Procuratorate who beat them to it.

Ye Chuji made a cup of tea and put it on the table. This was his only entertainment in all these years. He had no choice. The entire ye family depended on him to support himself.

The old, the young, the sick, and the sick.

He was the only normal person in the family. If he did not carry it, who else would carry it? Fortunately, he had a big sister. Otherwise, his stupid son would have drunk an unknown amount of toilet water by now.

The dense fragrance of the tea was also mixed in between the two people's brows.

"Uncle, how is Grandma?"

Lu Yi took the cup. The delicate cup was gently touched by his fingers, and the fragrance of the tea was light yet cold.

Ye Chuji's eyes darkened, and then he shook his head. "It's not that you don't know your Grandma's personality. She has a mental illness. Ever since your little aunt went missing, she has been thinking about your little aunt every day."

"At that time, your little aunt was not even twenty years old. Where could a girl who doesn't know anything go? What did she have to live on? How did she survive?"

“Sixteen years have passed in the blink of an eye. I wonder how she is now. Is she still alive? If...”Ye Chuji suddenly tightened his grip on the cup in his hand. Ye Rong could return with a smile, perhaps his mother could live for another two years. In fact, they all knew that the old lady had been enduring for these few years. There was also hope that one day, her daughter could return, but the greater the hope., the greater the despair.

And now, she really could not wait any longer. After all, she was old. After all, too much time had passed.

It was all thanks to you these past few years. Ye Chuji patted Lu Yi’s shoulder again, and it was all thanks to Lu Yi. If it wasn’t for Lu Yi’s constant coaxing of the old lady, the old lady might have already passed away, no matter how much he coaxed her, he still had time. No matter how much vitality he had, it would all be squandered just like that.

There were some things that they could only accept their fate when they were powerless.

“Uncle...”Lu Yi let go of the Huaizi, is fixed on staring at Ye Chuji.

Chapter 2468: Family Recognition

“Yes, What’s Wrong?”

Ye Chuji forced a smile, but it was just the corners of his mouth. As for his real smile, it wasn’t that he didn’t want to smile for his nephew, but that he really couldn’t smile at all. Even breathing was tiring for him now, how could he still have the mood to smile?

Lu Yi put down the cup in his hand and moved his fingers away, but there was still a trace of tea fragrance between his fingers.

“I’ve found little aunt...”

The cup that Ye Chuji had just picked up paused for a moment before it fell to the ground with a bang. The cup then shattered..

The faint fragrance of tea wafted through the air. At this moment, it was also in the hearts of the two of them.

There was also that sentence from Lu Yi.

“I’ve found little aunt.”

Little Aunt?

Ye Rong?

Ye family’s Ye Rong. Have you found her?

“Is it here?”Ye Chuji stood at the door of a house, his voice trembling slightly. He was being careful.

Lu Yi nodded. “It’s here.”

“Then...”ye Linji quickly tidied his clothes.

“How do you think Uncle is dressed today? Isn't he very young? Your little aunt has been away from home for sixteen years. At that time, your uncle still had a young and handsome man, but now he has become an old man.”

“Uncle is very good.”Lu Yi placed his hand on the door, then turned back to look at Ye Chuji. “He is pretty good, very young.”

But no matter what Lu Yi said, Ye Chuji had done a lot of psychological work along the way, but even now, he was still afraid. Not only was he afraid that his sister was wonderful, but he was also afraid that Lu Yi would mistake him for the wrong person.

The door opened. It was opened by a young man. His hair was quite short, but his appearance was similar to his son's. He looked like a boy and a girl, and he was really not interested in this kind of appearance.

At this moment, a small head popped out. It was a chubby little guy. His arms and legs were really strong, and the flesh on his small face was about to fall off, there was also that small belly that protruded out slightly. This should be a full stomach. Otherwise, how could he be so fat?

Yi Ling looked at Lu Yi, then looked at Ye Chuji, and then made way. She also held her little brother's little hand and stood to the side

“Big Brother...”the moment the little fatty saw Lu Yi, his small mouth split open and he smiled foolishly. He was as cute as he could be. This little fatty was smart. He knew that as long as he followed by Lu Yi's side., he would be able to eat a lot of delicious food. If his sister didn't buy it for him, his brother would definitely buy it for him. If his sister didn't let him eat it, his brother would definitely let him eat it.

Therefore, in his little mind, if he was given food, it meant that it was good for him. If he wasn't given food, it meant that he was a bad person, including his sister.

Lu Yi bent down and picked up the little fatty. He then pinched his little nose. “Why has Zhizhi lost weight recently?”

The little fatty pursed his little lips. His sister was wicked. “If you don't feed Zhizhi, Zhizhi is going to lose weight from hunger.”He cupped his little face with a pitiful expression. He did not know where he had learned this from. This silly and cute little look., it was really unbearable. It was really too cute.

Ye Chuji widened his eyes and could not speak for a long time.

Could This child be..

He had heard from Lu Yi that his younger sister Ye Rong was kidnapped back then. Later on, he escaped but hit his head. As a result, he lost his memory and was adopted by another family, she did not even know who she was. She knew that her surname was Yan and used this identity to get married and have children. Her husband treated her very well. She had a daughter who was fifteen years old and a son, she was only five years old this year.

Could it be this little fatty?

“Zhizhi, call me uncle.”

Lu Yi pinched the little fatty’s little face again, asking him to call someone. He knew that although the little fatty was young and greedy, he was very smart and knew how to be polite.

She was brought up by Yan Huan. How could she not be polite.

“Hello, uncle. My Name is Gu Yanzhi and my nickname is Zhizhi. I’m the most obedient baby.”

The little fatty called for help with a smile. He was originally quite cute. With this smile, his eyes curved into crescent moons. No matter how he looked at it, he was pleasing to the eye and made people like him.

He was still extremely cute and could not help but make people like him.

Ye Chuji couldn’t help but stretch out his hand. Now, he didn’t care if it was his sister’s child or not. This child was really too likable. Moreover, he had fallen in love with it at a glance. He didn’t know if it was because they were close by blood.

He really liked this child.

He held the little fatty in his arms. The little fatty’s small body really rolled away. It was too strong. Ye Chuji liked strong children, but his ye Xinyu was born thin and small, he was like a little girl. No matter how much time and effort he put in, he still raised his son so delicately. Not to mention a grown man looking like that., but with his temperament and mother, what was there to live for?

Therefore, he liked children that had a lot of texture, just like the little fatty in his arms.

“Big Brother...”

The sudden voice also caused ye Chuji’s body to stiffen. The moment he lifted his face, he saw the woman standing not far away. His eyes also began to heat up, and his head also began to feel dizzy.

This was her Rong Rong, his younger sister. His younger sister could not be wrong, she really could not be wrong.

Rong Rong..

He opened his mouth, but no matter how he said these two words, he couldn’t say them out loud. There was also his eyes, which were gradually heating up. It was as if something was about to fall off.

He hurriedly coughed and returned the little fatty in his arms to Lu Yi. Then, he turned his face and waited for the sourness in the corner of his eyes to subside. However, when he turned his head again, he saw his younger sister, when he saw his sister who was still alive, he could not help but want to cry.

He had already been looking for his biological sister for sixteen years. In fact, they were all in despair. They could not find her even after such a long time. It was possible that they would not be able to find this sister for the rest of their lives. It was possible that when he died, they would not be able to find this sister.

It was possible that they would meet again and be in the netherworld

However, they never thought that they would meet again. This was his sister, his biological sister.

“Rong Rong...”Ye Chuji walked over. His feet were so heavy that he could not move a single step. He did not know how long he had walked for. It was ten steps, a hundred steps, ten years, or sixteen years.

He finally saw his sister again.

He reached out and placed his hand on his sister’s face. There was no mistake. Yes, there was no mistake. This was his sister. He felt that he could not change her. His blood ties could not be changed. This was his sister.., he could use his own life to guarantee it.

Ye Rong’s heart was filled with bitterness. She truly regretted it. She regretted that she had been so stubborn for so many years, yet she had forgotten those family members who loved her.

Chapter 2469: Home

Sixteen years, sixteen years. Big Brother was old. His hair was white, and his body was pitifully thin. She wanted to cry, but she could not cry. She had no right to cry, she had made her family suffer enough in the first half of her life. In the second half of her life, she lived for her family. She would return everything she owed her family to them, and it seemed that she always had a feeling.

In fact, she owed not just this life, but also the previous life, and the previous life.

Zhou Li and Lu Yi had discussed the matter of her being kidnapped and losing her memory. Zhou Li had also discussed it with Lu Yi when he met him, and Lu Yi had one more request. Otherwise.., he would not agree.

Zhou Li was still very nervous. He did not know what kind of request Lu Yi wanted him to agree to for the seller’s honor. In the end, Lu Yi only said that in front of others, he wanted to protect Yan Huan’s background, it was also a lie that Yan Huan was his and Ye Rong’s biological daughter. Even if Lu Yi didn’t say it, he would still agree. Moreover, he originally had this plan. Ye Rong told him about Su Qingdong’s matter, he told him everything without holding anything back. What Lu Yi was afraid of was what he was afraid of. If they really acknowledged each other, it was hard to guarantee that the shameless man would come and acknowledge Yan Huan.

Yan Huan was his daughter. She had nothing to do with anyone else. Those who had nothing to do with her would not dare to touch his precious daughter.

And as long as they were willing, the traces of Yan Huan’s past life could be completely erased. Even if someone were to find out, Zhou Li would still have a way to cover up this lie. At most, he would just be a scumbag, in the end, the scumbag turned around again.

As long as Zhou Li insisted that Yan Huan was his daughter, who would dare to say otherwise.

Therefore, there was a reasonable explanation for ye Rong’s inexplicable departure from home. Although there were still some loopholes, compared to a life-and-death separation, wouldn’t such an outcome be good?

Moreover, to the members of the Ye family, a younger sister who had not suffered at all, wasn't the greatest comfort in their hearts, which was exactly what they wanted the most.

They were only afraid that Ye Rong would be lonely and bitter for the rest of her life. They did not know where she was and what kind of changes she was going through. And now, they knew that although ye Rong had left home, she really did not suffer, she met the Yan family's parents and also met Zhou Lili. Zhou Lili was very good to her. She was now a person who had both children and children.

"It's good that you're back." Ye Chuji secretly wiped his tears. "If father and mother see you, they will be very happy. Mother's illness will be cured very soon."

Ye Chuji was no longer worried about Grandma Ye.

In fact, Grandma Ye's illness was a mental illness. It was a mental illness that had been accumulated over the past sixteen years. Her mental illness was ye Rong. Now That Ye Rong was back, she would be fine. She would be fine very soon.

At this moment, the door outside opened and Yan Huan walked in. The fifteen-year-old girl was already tall and graceful. Her eyebrows were curved. She was clearly young, but there was a childish air about her, however, it made people feel as if she was extremely worldly.

With a sweet smile, confused Yang City was mesmerized by Cai. Even though time had passed, she was still as beautiful as ever.

Was this the indifference of a thousand sails, or the indifference after experiencing hardships.

And why did Yan Huan give people the feeling that there were too many accidents compared to Ye Rong

And he did not know that Yan Huan's worldly wisdom was only because of her rebirth, her experience, and her reincarnation.

"Huanhuan, quickly come over and call me uncle."

Zhou Li hurriedly pulled Yan Huan over. "This is your mother's biological older brother. Your mother has found a relative. This is also your uncle, your biological uncle."

"Hello, Uncle."

Yan Huan smiled and called out to him generously. Her facial features were almost exquisite and beautiful. She really looked similar to Ye Rong when she was young. However, when she grew up, she had her own looks. She did not really look like her, however, she was better than Yan Huan.

When Ye Chuji saw Yan Huan, he was also surprised. Wasn't this..

Her name was Yan Huan?

"You're that Yan Huan?"

Although ye Chuji did not often stay under the television, it was not that he did not watch it. He knew about Yan Huan. After all, when Yan Huan was three years old, she would receive several awards every year. She was also publicly acknowledged as the most popular child star in the country, and now, her fame in the entertainment industry had already reached a terrifying level.

“Yes, I’m that Yan Huan.”Yan Huan did not feel that she could not see anyone. Actors were human too. They used their own labor to earn money and were no different from other people. She would not tarnish her mother’s reputation, not for the rest of her life.

“You look like your mother.”Ye Chuji sized Yan Huan up and down for half a day. The more he felt that Yan Huan looked like his younger sister, just like his younger sister who was still in school, just like his younger sister who did not lose her at that time.

Yan Huan only smiled and did not say anything. Yes, she did look like him, a little like him.

Ye Chuji wiped his face, then picked up the little fatty from Lu Yi’s arms. He left and followed his uncle to meet his grandparents. His grandmother loved fat children the most.

Ye Chuji really could not wait any longer. He could not wait to bring his younger sister and family to meet his parents right now. He thought that as long as his mother knew that his daughter was safe and sound, and that she had given birth to such two good grandsons and granddaughters., her illness would definitely be cured immediately.

“Let’s go.”Zhou Li held ye Rong’s hand tightly. “Seeing them earlier will also make you wish earlier. No matter how much you try to hide, you won’t be able to escape. If you delay any longer, you will still have to face them.”

“Alright.”Ye Rong nodded. She had dreamed of meeting her parents, but now that she was really going to meet them, she was afraid.

Fortunately, she turned back to look at Zhou Li and also clenched his palm.

He said.

“Don’t worry, I will be with you.”.

He said

“Everything will have me.”.

He said.

“I will carry everything on my back, but you will only go back to your mother’s house.”.

There was some moisture in the corners of Ye Rong’s eyes, but she held it back.

Yes, there was no need to be afraid. Zhou Li was right. There was no parent in the world who did not love their child. This was only known to her after she became a mother. Her mother would definitely forgive her, right?

She would definitely forgive this unqualified daughter of hers.

When Grandma Ye heard that her daughter was coming back, she almost jumped up from the hospital bed in shock. Ye Chuji was also right. Grandma Ye was not sick at all. She was sick in the heart.

She missed her daughter too much. She had missed her daughter for sixteen years. When she heard ye Chuji say that her daughter had been found, the old lady who was lying half-dead on the hospital bed instantly.., she stood up energetically and even asked ye Jianguo to dye her hair black.

When Rong Rong left, her hair was still black. Now, her hair was white. She was afraid that Rong Rong would not recognize her.

When Grandma Ye Met Ye Rong's mother and daughter, they were in complete chaos. The two of them hugged and cried together. No one could stop them.

Chapter 2470: Zhou Li, the scapegoat

In the end, it still scared little zhizhi. Zhizhi had never seen his mother cry so sadly. He was so scared that he started to howl at the top of his lungs. No one could coax him.

“My grandson! Grandma's Darling.”

Grandma ye carried her little fatty grandson. When she saw the little fatty's chubby appearance, she really cried and laughed. For no reason, she shed a lot of tears. And this child was her grandson.

She originally thought that she did not have many days left. She missed her daughter too much and wondered if her daughter had already passed away. However, she did not expect that one day.., she would actually be able to see her daughter again. She even had a grandson and a granddaughter.

This was a joyous occasion for Grandma Ye.

Not to mention that she was half dead, even if she was already lying in a coffin, she would still have to crawl out. She still had a lot of things to do. She still had her grandson to raise, and she still had her daughter to take care of, how could she die? How could she die.

Grandma ye hugged her eldest grandson and wept. However, no matter how much she wept, she could feel that her body was already full of vitality.

Sometimes in a person's life, the so-called life or death, apart from the physical reason, there was also a person's mentality.

Living was not easy, but dying was very easy.

And now Grandma Ye wanted to live. She wanted to live longer. Her grandson was only five years old.

Ye Jianguo also stared at his grandson from time to time. Although he had a grandson and also had a twenty-year-old grandson, Ye Rong's birth was really different.

And from this point, it could be seen.

In the Ye family.

As expected, Ye Rong and his wife doted on Ye Rong the most.

And Ye Rong's disappearance almost wiped out the entire ye family. Now, the heavens were finally not ending their ye family. Their daughter had returned, and her Rong Rong had returned. Their entire family was finally reunited.

And Grandma Ye's body was getting better and better every day. She ate with the little fatty every day. The Little Fatty's taste was good, and he ate several meals a day. Grandma Ye's heart ached for her grandson, and as long as his grandson wanted to eat, she would give it to him, indirectly, she also ate quite a lot. The meat on her body was piling up on her body at a visible speed.

She was originally about to become skin and bones, but now she had finally grown some meat.

The little fatty was indeed very likable. Even ye Xinyu liked this little brother. Of course, he did not have the slightest intention of being jealous. He did not want to stay in the Ye family. He would rather go to his aunt's place.

In the Ye family, he would be beaten up by his father every day. At his aunt's place, there were delicious and fun things. And now, he was especially sympathetic towards the little fatty's cousin. He could not eat too much of these meals. Now that he had eaten too much.., he would have to pay it back in the future.

The poor little fatty was still very young. Other than playing and sleeping, he could only eat. Therefore, he did not understand the sympathy in ye Xinyu's eyes. Even when he grew up, he still had such a chubby body, and after being forced to lose weight, he spent the most inhumane year of his life

Of course, this was all in the future. Let's not talk about it first. After all, the little dirty boy had not grown up yet. He was still a little child.

Grandma ye held a bamboo fan and fanned the little fatty. Although there were fans and air conditioners now, Grandma Ye still liked to fan her grandson personally.

How could the wind from those machines be as gentle and comfortable as the wind from a fan.

"Do you think Huanhuan has a prejudice against me?"

Ye Jianguo had actually discovered long ago that Yan Huan did not like him very much. Even he himself was baffled by her dislike. The child's thoughts were really hard to guess.

"Her personality is like that. There's nothing you can say."

Grandma ye glared at Ye Jianguo, "I'm warning you. You Can't go looking for trouble with my granddaughter. Rong Rong is the only girl we have. In this lifetime, Huanhuan is the only granddaughter we have. Look at how good-looking she is, how much she looks like our Rong Rong. She's still a minor celebrity now. In the past, I always found the television to be so good-looking. My Little Huanhuan has been acting since she was young. Look at how smart she is, and how talented she is. She definitely resembles my mother's family in this aspect."

Grandmother Ye's family was a scholarly family. In the Manqing dynasty, they were considered royalty. If the Manqing dynasty was not destroyed, she would at least be a relative of the royal family. Her etiquette was naturally not bad.

She had also taught ye Rong to be a well-bred lady. However, Ye Rong's personality was a little soft and she was not as tough as Yan Huan. Therefore, grandmother ye felt that women should be more domineering, just like Yan Huan.

She had witnessed Little Huanhuan's skills. She was truly blessed with innate godly strength. It was also thanks to this child that she matured so early. If she did not mature early, how would she be able to take care of her mother.

As for Yan Huan's background, they were also aware of it. Of course, the colleagues that they knew were all different. Zhou Li was the scapegoat for all of this. Ye Jianguo was indeed ye Jianguo. He had spent the past few years of Ye Rong's life.., on the surface, everything was clear, including the matter of Ye Rong raising a child.

Therefore, Zhou Li was the scapegoat.

Zhou Chu said that when he first met Ye Rong, the two of them were originally very good. However, the two of them had some misunderstandings, and in the end, the two of them separated. However, they did not expect that Ye Rong was pregnant at that time, she raised the child alone until she was three years old. In the end, when Zhou Li returned, he found out that she had a daughter.

Of course, everyone had already thought about what happened afterwards. The two of them had put aside their past differences. From then on, there was no longer any blush on their faces.

Yan Huan's name also followed the previous Yan family's parents. Because the Yan family had saved Ye Rong, in order to repay the kindness of the Yan couple, Ye Rong changed her surname to Yan.

This story was easier to understand. The parts that did not make sense were completely normal. It could also be completely explained.

And because of this, Zhou Li was even beaten up by Ye Chuji.

It was indeed not easy for Zhou Li to take the blame. But after this beating, he could let ye Rong return to the Ye family with no burden. He could let the Ye family's parents know.., ye Rong had never suffered in the past ten years since she came out. This was more important than anything else.

Of course, she also hid Yan Huan's identity. As for the date of birth, others could not change it. However, to Lu Yi, this matter was simple. Lu Yi had already changed Yan Huan's date of birth, he would not let Yan Huan's past life happen again. Yan Huan was not born to provide bone marrow for Su Muran.
