

Chapter 2471: the bottom line could not be lost

Whether su Muran was dead or Alive was a matter for the SU family. It had nothing to do with Yan Huan.

Yan Huan was Zhou Li's daughter. Only Ye Rong, Zhou Li, Lu Yi, and Yan Huan knew about this matter. Lu Yi had already dealt with the matters that could be found out.

Unless su qingdong really suspected Yan Huan's identity and could conduct a DNA test with Yan Huan. However, with Su Qingdong's character, he would avoid ye Rong whenever he saw her. It was impossible for him to suspect this matter.

Lu Yi, who could be erased, was erased. Yan Huan's current identity could not be any more innocent.

Grandma ye missed her daughter too much. They had not seen each other for more than ten years, and she could not bear to part with her grandson. Ye Rong was also filled with guilt towards Grandma Ye. She remembered that her mother had been thinking of her for more than ten years, if she did not appear again, Grandma Ye might not exist in this world anymore. Therefore, she did not want to leave Grandma Ye Now.

She directly brought Grandma Ye into her own home. Grandma ye sent her grandson to the son kingdom every day and brought her grandson to play. Her body was also getting better day by day. With such a body, it was likely that she would live for another ten years, twenty years was really not a problem.

Whether it was ye Rong, Little Fatty, or just Yi Ling and Zhou Li, they were all very close to the Ye family. Only Yan Huan seemed to be a little too thin-skinned, and everyone thought that she was too precocious, this was also her natural temperament.

However, no one knew that Yan Huan had a deep-rooted dislike for the ye family and ye Jianguo.

And this dislike was as if it was imprinted in her mind and could not be erased.

Of course, what she did not like would not carry her own liking. Although she also knew that the ye Jianguo in this life was different from the Ye Jianguo in her previous life, they were not the same person.

It was just that she was always so petty and vengeful.

Lu Yi also knew about this, but he had never thought that Yan Huan would have to accept it. In her previous life, she had suffered too much. In this life, she could live as she pleased.

She could do whatever she wanted. He was still here.

"Mom, I want to live outside." After graduating from junior high school, Yan Huan was already sixteen years old. Of course, she had also become a high school student. She could live on campus, but of course, she could also live outside.

"Live on campus?"

Ye Rong really felt that time passed very quickly. In the blink of an eye, her little Huanhuan was already a high school student.

“No, I’m going to live outside.”

Yan Huan hugged ye Rong’s arm. “Mom, I asked Lu Yi to help me find a house. It’s very close to my school. I can partner with him in the future.”

“What Lu Yi?”

Ye Rong looked at her daughter’s face and said, “Call him Big Brother.”

“Okay, Big Brother.”

Yan Huan was an obedient child. Calling him big brother meant calling him big brother. In any case, Lu Yi was already five years older than her.

“Mom, Okay?”

Yan Huan had been thinking of such an excuse for a long time. Now that she was finally a high school student, she had grown up a little. She realized that she had grown up too slowly. How could she have grown up so long and still not reach adulthood.

If she wanted to be together with Lu Yi openly, she really needed to wait a little longer.

Ye Rong thought about it. Actually, there was nothing that she needed to object to. Lu Yi, her older brother, was now working. Of course, Lu Yi’s personality was also steady. He would definitely take good care of his younger sister.

And now, she still regarded Lu Yi as Yan Huan’s biological brother. She would never have thought that Lu Yi would become her son-in-law in the future.

“Alright,” ye Rong readily agreed. However, she had spoken first. “You can’t cause trouble for your brother. He’s very busy with work, do you understand?”

“I understand, mother.”

Yan Huan’s eyes curved into crescents.

She was so obedient, how could she possibly cause trouble for Lu Yi? And in Lu Yi’s heart, everything she had, wasn’t that all trouble.

After ye Rong left, Yan Huan finally heaved a sigh of relief. It was great, she had finally convinced Ye Rong. She could openly cheat with Lu Yi now, but she was still underage, of course, they just covered the quilt and chatted. The most they did was kiss and hug. They had been husband and wife for their entire lives, and they had already eaten meat. Now, it was just a sip of soup, what else could they do?

Yan Huan tidied up some of her clothes. Actually, she didn’t bring too many. Lu Yi had a lot of her clothes. If she didn’t have enough, she could buy more. There was no need to make it look like they were moving, even though she was really moving.

“Let’s go.” Lu Yi lifted Yan Huan’s suitcase with one hand and bent down. He gently placed his head on Yan Huan’s forehead. “We’ve finally moved out.”

“MHM, we’re out.”

Yan Huan lifted her face. Seeing that there was no one around, she kissed Lu Yi on the cheek.

Lu Yi’s eyes turned slightly dark. However, he only rubbed the top of her head and did not do anything. He was still waiting for her to grow up.

He held Yan Huan’s suitcase with one hand and held Yan Huan’s hand tightly with the other as they walked towards the apartment they were staying in.

The high school that Yan Huan was going to attend was not far from the apartment. It was only a ten-minute walk away. Yan Huan had chosen this high school because he could openly move to Lu Yi’s place.

She did not have to run around every day and avoid suspicion so that others would not find out. Although she and Lu Yi would definitely be together in the future, they still had to be legitimate.., she didn’t want Lu Yi to be accused of abducting an underage girl.

However, was she an ignorant girl?

That didn’t seem to be the case.

I want to sleep here. Yan Ge pointed at Lu Yi’s big bed. Her small face was smiling like a little fox.

Lu Yi raised his eyebrows. Then, he pulled Yan Huan’s hand and opened a door before stuffing her in.

“Yours.”

He pointed at the room. There was everything inside. Even the cabinet was Yan Huan’s favorite. She should be very familiar with it. It was exactly the same as her previous life, and this familiarity could definitely make her.., sleep well every day.

“No, I want to live with you.” Yan Huan hugged Lu Yi’s waist in a delicate manner.

“Don’t worry, I’ll take care of myself. I Won’t touch you.”

Yan Huan put her finger to her ear and gave a standard military salute.

Lu Yi pulled her hand away. “Clean it up yourself. I’ll show you something when I come out.”

Yan Huan pouted. Her dream of sharing a bed with Lu Yi was shattered. Lu Yi was really old-fashioned when it came to certain things. This was the Lu family’s fine tradition, even if no one knew about it.., however, they were still avoiding his bottom line.

The Lu family’s bottom line would never be broken.

Of course, Lu Yi’s bottom line would also never be broken.

Yan Huan fell backward, causing her to lie on the big bed behind her and roll a few more times.

Chapter 2472: Lu Yi’s surprise

Yes, it was exactly the same feeling. This was where she liked to sleep, and it was her favorite bedding. Even the softness and hardness of the bed were the same. It was so comfortable.

She hugged the pillow and rubbed her face against the pillow. Even the pillow was her favorite pillow. It was soft, suitable for height, and fragrant.

She rolled on it a few more times. When she was done, she sat up and squatted on the ground. She opened the box and put her things away.

Every room here had its own bathroom, so she finally had a place to put her things.

She opened the cabinet and saw that there were a lot of things in the cabinet. There were her underwear and a few sets of pajamas. These were all bought for her by Lu Yi. They were also her favorite clothing brand in her past life, although they looked a little rustic, they were already very popular in this era.

After all, their city still needed seven to eight years of development.

And seven to eight years was enough to change a lot of things.

Alright, it's done. Yan Huan kicked the box under the bed and stretched his body.

She opened the door and walked out. She still hadn't forgotten what Lu Yi had said that he had something to show her. What was it exactly.

Outside, Lu Yi was sitting in front of his desk. His back was very straight. From this sitting posture, it could be seen just how determined this man was. Of course, he was also a little stubborn, it was even more difficult to reason with him.

"What good stuff did you give me?"

Yan Huan ran over and laid on Lu Yi's shoulder. Her rebirth in this life was truly blessed by the heavens. From a young age to a young age, of course, she couldn't help but be influenced by some of the habits of children.

It was much easier and smoother compared to the best actress Yan in her previous life.

Of course, this was also because she had yet to become best actress Yan?

"Sit properly." Lu Yi patted Yan Huan's hand.

Yan Huan could only obediently sit properly. Then, she propped up her face on the table. "You're not just showing me these, are you?" She pointed at the documents on the table.

"I don't want to look at them." She shook her head. "I don't want to look at your documents. You Don't know that once I look at your documents, I want to sleep." People always said that there was a mountain between the two of them. wasn't there a mountain between her and Lu Yi, there was a mountain between them.

She didn't want to be reborn again. Even if she was reborn eight or ten times, she still wouldn't be able to learn Lu Yi's work.

Intelligence was something that was congenital. It was hereditary.

Her mother wasn't very smart, so it was impossible for her to have a high IQ

Although she didn't want to admit it, she was a little stupid. Of course, compared to prosecutor Lu, who had a high IQ, she was a fool.

Lu Yi placed the documents in his hand in front of Yan Huan.

Yan Huan curiously took it over, placed it in front of her, and flipped a page.

"Eh?" She cried out in surprise. Then, she sat up straight and brought the materials closer to her

Then, she put down the documents in her hand.

She reached out and hugged Lu Yi's arm. Then, she put her head on Lu Yi's arm.

"I haven't even started school yet, and you're using these things to attack me. Are you trying to attack me? Although I'm not at the bottom of the class, it's not a good reason either. Don't I have to film?" Yan Huan found an excuse for himself, however, she never used these things as an excuse. She had something important to do.

She still wanted to retire early. She was making a contribution to the country's film industry. Without her, how could there be so many popular films? Without her, how could there be a famous international movie queen? Without her.., how could there be the sea city's iconic tax industry? Without her, the world would be boring.

But if she wanted to become famous, if she wanted to become outstanding, it was not all time. But where did time come from? That was how it came. She was not like other students who just watched school every day and lied on their desks, she was still chewing on her books. She spent most of the year outside filming, so she didn't spend too much time in school. But she also worked very hard. When she was on set, she always brought her homework with her, every day, other than memorizing the stage notes and memorizing the lines, she really worked hard, okay?

That's right.

In primary school, she was very skilled. But after junior high, it was obvious that she was struggling. However, she could still keep up, and her grades were always within the top fifteen in the class. Although it wasn't too good.., it was still considered to be slightly better than her expectations. At the very least, it wasn't embarrassing. This was also the reason why she insisted on studying when she was on set.

And now, she was a high school student.

And as everyone knew, she couldn't continue to be a high school student. If she continued to be a high school student, she wouldn't be able to enter university. She would be laughed at to death by others. Of course, it would also have some impact on her future star path.

A straight-a student actor like Lu ran was much more likable than an idiot student.

Even if Yan Huan wanted to be a straight-a student and let her be reborn for the rest of her life, she might really be able to do it. However, Yan Huan did not even dare to think of such a possibility. Therefore, it was impossible for her to be a straight-a student. Even if she did not act now, it was also impossible.

Ask the reason.

Her IQ wasn't high enough.

Although it hurt her self-esteem a little.

But now, what did Lu Yi bring so many test papers for? To let her take the test?

She piled the test papers to one side. She really felt that her IQ had been insulted by someone. and the person who insulted her IQ was none other than Lu Yi.

Lu Yi turned her face back.

"What, you don't have anything to say to me?"

Yan Huan's eyes widened.

"Lu Yi, you're insulting my intelligence."

Lu Yi frowned. "Miss Yan, your intelligence isn't high enough to begin with. What's there to be insulting?"

Yan Huan, "..."

"I don't want these. I Don't do exams. I haven't started school yet."Yan Huan turned her face away. She still had to film, so she didn't have that much time to do these exams every day, however, she felt that her head was a little big. If this continued, what if she didn't manage to get into university? Wouldn't that be embarrassing.

Lu Yi stretched out his hand and pulled her face over. "Take a good look first."

Alright then. Yan Huan glared at Lu Yi with red eyes. She had no choice but to pick up the exams and place them in front of her.

It was quite formal, quite difficult, wasn't it.

Her gaze suddenly fell on the beginning of the papers.

XX School's first year midterm exam papers.

She flipped to the next page,

this was the second semester's papers.

And when it reached the last page, it was actually the college entrance exam papers.

"Wow..."she almost screamed out loud.

Lu Yi did not cover her mouth. Just Scream, Scream, Scream. It was nothing anyway. There weren't many families living here, so no one would know what their families were doing?

Chapter 2473: Old Couple

"Lu Yi!"

Yan Huan stood up with a cheer and pounced on Lu Yi.

Lu Yi quickly held her up so that she wouldn't fall down on her face.

"Are these my exam papers for the past three years?" Yan Huan asked with a smile. Although she asked, she was certain that these were the college entrance exam papers.., could it be that not only did Lu Yi get the college entrance exam papers for her, but he also got his hands on the midterm and final exams every year? This way, she wouldn't have to spend all her time in high school.., she would be able to film from time to time. There were many classic dramas that she wanted to film, but if she were to film, she would have to spend all her time here, and after that.., she would not have the time to study.

And filming and studying really could not be done at the same time.

She had been worrying about this matter for God knows how many days, and now Lu Yi was giving her a surprise? was he da Bai or Doraemon? What was it? What did she want, he was giving her something.

She wanted to sleep, so Lu Yi gave her a pillow. Such a good thing had happened to her. It was too wonderful.

"Is this really the test paper for My Exam?"

Yan Huan's eyes lit up. She was waiting for Lu Yi's answer.

Yes, is it? It must be, right?

Lu Yi gently rubbed the top of her head.

"Yes, these are the midterm and final exam questions for the three years of high school. They are the same across the entire sea city. There are also your college entrance exam papers three years from now. You can be the college entrance exam champion if you want, as long as you are willing."

"Yeah!"

Yan Huan happily kissed Lu Yi. This was what she wanted. As for the college entrance exam champion 0 yuan or something, she had never thought that she was already famous enough. It was better to keep a low profile. As long as she could pass the exam.., it would be fine as long as she could get into university.

However, Yan Huanlou rested her head on Lu Yi's neck and rested her face on Lu Yi's shoulder.

"No matter how capable you are, it's impossible for you to get your hands on these, right? Even if you can get them, it's impossible for them to be turned into exam papers three years in advance."

"Did you forget?"

Lu Yi pulled his clothes over and covered Yan Huan to prevent her from freezing. The air conditioner was on at home, so it was a little cold.

“What did I Forget?”

Yan Huan bit her finger.

Her memory wasn't very good, but she didn't feel like she had forgotten too much.

“Didn't you say it before?” Lu Yi reminded Yan Huan, “If I gave you another chance, you would definitely take the university entrance exam. So at that time, I didn't know where it came from, but I suddenly thought of something and found all the college entrance exam papers in your world. In the end, you only wanted the college entrance exam papers, but Xiao Guang found all the mid-term and end-of-term papers in the three years of high school for you.”

“You even pretended to do some research for a long time, but in the end, you ended up giving your grandson the test paper and folded it into a paper airplane.”

It seemed..

Yan Huan thought hard

Yes, it seemed, it seemed like there was such a thing. However, it was too far away, so she couldn't remember it. No, her memory at that time was already very bad, so there were really not many things that she could remember, however, it seemed like she really had such an impulse one day. She thought that she could be reborn in the future. If she knew the answers to the college entrance exam, how great would that be, this way, she wouldn't have to be so tired that she would chew on the cover of the book like a dog. In the end, she might not even be able to pass the exam.

However, what happened after that couldn't be known.

“Could it be?” Yan Huan narrowed her eyes suspiciously. “You saw these test papers back then?”

“Yes,” Lu Yi admitted generously.

“Then you memorized them?”

Yan Huan screamed in shock again.

What kind of brain was this? They had all been reborn when they were young. How could she have forgotten all the films that she had memorized in her previous life? But Lu Yi actually remembered these. Even the punctuation marks on them, could it be that he had memorized them all?

Lu Yi pointed at his head. “It's all here. It's all here.”

“Including the punctuation marks?”

Yan Huan did not believe him.

“What do you think?” Lu Yi rubbed Yan Huan's head, “Although I helped you cheat, you still have to study hard on weekdays. I'll help you make up for your lessons. Otherwise, if you don't study well on

weekdays, you'll be able to get high marks as soon as the exams arrive. That's abnormal. It's better to take it easy."

"Don't worry, I got it." Yan Huan happily took the exam papers again and kissed them hard. Lu Yi was really prescient. He had prepared everything.

To others, these exam papers might be the exam papers, but to her, they were her time. Of course, they were also her university.

Moreover, she didn't think of being the college entrance examination champion. In the future, with these exam papers, she could act well. Although it was a little cheating, there were many things in this world that couldn't be done both ways, she could only shamelessly cheat.

However, it did not matter. Her skin was extremely thick and she would not take these things to heart. Moreover, she did not do anything outrageous, nor did she snatch the top scorer's spot or anything like that.

Yan Huan picked up these test papers like a baby and ran into her room to study them. She was prepared to memorize all these as though she was memorizing lines. If that was the case., there was no need to be anxious during the exam. Of course, this did not mean that she would really use all these to cheat and not study. The life of a student was quite fun. As long as she was not forced to do it., she could still enjoy it.

"Knock, knock..."there was a knock on the door from outside.

Yan Huan opened the door and pounced on Lu Yi.

"We're an old married couple, there's no need to knock."

Lu Yi supported Yan Huan's body with one hand. "Miss Yan, please pay attention to your image."

"What image does a female hooligan want?"

Yan Huan was really a dead pig that was not afraid of boiling water.

"Alright." Lu Yi did not argue with Yan Huan. Yan Huan always had a thousand and a hundred reasons to say everything in a dignified manner. and her thick skin seemed to be even thicker than before, it was unknown how much steel and cement had been added in.

"Female hooligan, aren't you going to memorize your test questions?"

Lu Yi held Yan Huan's shoulders and made her turn around. Then, he pushed her into the room. Without saying a word, he slammed the door shut. Yan Huan was so angry that she kept grinding her teeth.

"HMPH!" Yan Huan shook her hands and ran to the table. She took the test papers and began to memorize them. She memorized them every day. She had to memorize them every day.

If it was her in the past, she would not be able to do it. Her learning was really average. She was very intelligent and talented in acting. She could perfectly create a character.

Chapter 2474: that was Yan Huan

But when it came to learning, not to mention elementary school, even a reborn person would be able to get 100 marks. Otherwise, they would all be idiots. It was easy to say that they were in middle school. After all, they had to squeeze in time, so they wouldn't be too bad, but high school was difficult.

She wanted to sleep when she saw the textbooks. She thought that if she didn't have the experience accumulated in her past life, she might really have to take the countdown test.

For the sake of not losing face, she had to work hard. Yes, it was just like memorizing a script. She even remembered the punctuation marks.

If she could not memorize well in one day, she would memorize for two days. If she could not memorize for two days, she would memorize for three days. In any case, she still had three years. It was enough.

On the day of the start of school, Yan Huan had almost finished memorizing the test papers. After all, she had seen it every day. Moreover, she was young. Of course, her memory was not bad. She was not at the age where her eyes were blurry.

Lu Yi stopped the car.

"Come, let this empress give you a kiss."

Yan Huan kissed Lu Yi's face. Lu Yi was very well-behaved towards her. She was such a beautiful beauty, yet Lu Yi did not even have the slightest bit of intimacy with her. If she did not know where her charm lay.., she would have really thought that Lu Yi was going to become a monk.

Lu Yi had his own principles and didn't touch minors. As for her, she was addicted to teasing Lu Yi. In any case, she could only tease him a few times now. In the future, she wouldn't have the chance.

"I'm leaving." Yan Huan took her schoolbag and walked into her high school. Oh well, she was finally a high school student. In her previous life, when she was in high school.., she was already on the verge of dropping out.

After taking a few steps, she turned around and leaned against the car window. She gestured to Lu Yi, indicating that she wanted to eat something good tonight.

Lu Yi knocked on the car window, indicating that he agreed.

Yan Huan couldn't see the middle of the car, but Lu Yi could see every expression on her face.

Yan Huan Winked at her for a long time before she carried her bag and left. At this moment, she was like a small sun. The smile on her face was light and warm, and the coldness from her previous life was a little less.

Lu Yi leaned his back against the seat behind him and could not help but raise the corners of his lips slightly. The wisps of a smile also dyed his brows.

'mm, that's it.'

'as an ordinary student, I'm here for everything.'

Yan Huan was walking towards the classroom. She could clearly sense that wherever she went, there would definitely be many people gathering and following her. Of course, there would also be many discussions.

This was unavoidable. It wasn't because of anything else, but because she was a celebrity.

And if there was a celebrity in the school, it would obviously have a huge impact

However, Yan Huan did not have any pretense. She had already said that her skin was very thick. Even if she was turned into a monkey by these people, it did not matter.

Who had ever seen such a beautiful monkey like her?

She walked into her classroom and found her own seat. Her seat was also found by Lu Yi through good connections. It was also her fixed seat. It was not far away, and she did not need to eat chalk dust, a few days ago, Lu Yi took advantage of the fact that no one was around to bring her over to recognize the door. It was to prevent her from walking in the wrong place. Not only did she make a fool of herself, even asking for directions was troublesome.

Not long after she sat down, the number of people in the classroom increased. Of course, she could still hear the whispers of others, and even the exclamations of the students.

She pretended not to hear it and took out a book from her bag to flip through it.

But the voices in her ears continued.

"Look, that's Yan Huan."

"Oh my God, that's right, it's Yan Huan. I grew up watching her on TV. I knew that she was the same age as us, but I never dreamed that we would become classmates."

"She's really beautiful, even more beautiful than on TV."

"Yeah, I thought so too. I thought it was made up of makeup and lighting, but it turns out that she herself is also so beautiful."

Yan Huan raised the corner of her lips slightly.

Sigh... What did she mean by makeup and lighting made up? She had to have a good foundation. If her foundation wasn't good, even if she smeared her face into a cement wall, even if the lighting softened her face so that only her nostrils could be seen, she couldn't be that beautiful?

Just like Sun Yuhan.

Wasn't Sun Yuhan an actress who couldn't even look after removing her makeup? Even if her face was full of knives, she couldn't compare to the natural beauty of others.

She tucked some of her hair behind her ear. She had foreseen such a situation in advance. Of course, she also knew how to deal with it.

She was really here to learn, not to be a celebrity or walk on the runway.

Although she was already a celebrity.

Yan Huan's high school life was actually very simple. She missed a lot of classes. Her current situation was that she would not let go of any opportunity to have a good endorsement.

Therefore, her current endorsement advertisements were shot one after another, and magazines were shot one after another. The longer her facial features grew, the more superior she became, of course, she was also closer to the former best actress Yan.

And the desk in her high school classroom was always empty, so no one dared to sit there. That was because it was Yan Huan's special seat.

Her development in the entertainment industry was very smooth. In this industry, her promotion in the past two to three years was not simple. She should understand the interpersonal relationships better than anyone else, so she could handle it with ease, moreover, she was still underage, and no one dared to lay a hand on her. In the past, she was still young. Now that she had grown up, she would be an adult in two years. There were people who had designs on her, but don't forget., who was standing behind her? It was Lu Yi, the grand prosecutor Lu.

Although Lu Yi had just entered the procuratorate not long ago, he had already used the most extreme methods in his two lifetimes. He had practically tortured the entire procuratorate, moreover, it seemed that he was about to sit at the number one position in the Hai City Procuratorate.

Lu Yi walked both the black and white paths. He made money extremely quickly. It was so fast that Yan Huan wanted to cry. She thought that if she could find that gemstone in this lifetime, she might have some confidence in the end.

The money that Lu Yi had earned had all been necessary investments. He was not stupid. In this world, other than having a certain amount of money, luck and opportunity were also indispensable.

This money would be the Lu family's wealth in the future. As long as they were strong, Yan Huan's career would not be affected by others.

However, if someone knew Lu Yi's current thoughts, he did not know if they would bite off a piece of Lu Yi's flesh.

Chapter 2475: was the real deal

Prosecutor Lu, could you be any more hypocritical?

That was still not enough. With your status, it was enough to make people avoid you, not to mention that you forgot about the Ye family.

Although Yan Huan could not be cordial to ye Jianguo because of her past life, she liked Grandma Ye. Of course, the resources of the Ye family were given to her.

Behind Yan Huan were the Lu family, ye family, and the Lei family. which one of them didn't have eyes and dared to cause trouble for her.

It was just that her life seemed to have been a little too smooth. Why did she always feel that something wasn't so exciting.

“We’re here.” Lu Yi opened the car door and let Yan Huan Out. Yan Huan got out of the car.

Flat-bottomed shoes, shoulder-length hair, clear soup noodles, not ironed or dyed. Everything was natural. The clothes on her body were simple and could not be any simpler. An ordinary white shirt and a denim skirt., there was also a pair of flat-bottomed shoes and a lollipop in her mouth. No matter how one looked at it, she was a young girl.

No, she was a young girl to begin with.

Yan Huan lifted his face and looked at the Lu family’s mansion in front of him. And now, this mansion was separated from the middle. This was what Lu Yi had proposed to Lu Jin after he became an adult. Now, he wanted Qin Xiaoyue and her son to get lost, it was not a very realistic thing. After all, even Lu Yi could not find a suitable excuse. Therefore, Qin Xiaoyue’s Lu Qin still lived here. However, even if they were separated, the people of the two families would not see them, they lowered their heads and didn’t see each other

And Lu Yi wanted to find a chance to stop Qin Xiaoyue and her son, and turn a blind eye to them in the future.

Yan Huan was here today as a guest of the Lu family.

Just as Lu Yi opened the door, a little fatty flew over. No, he ran over. He didn’t know how the Little Fatty’s body grew. He was clearly round and chubby, but when he ran., he was not slow at all.

“Big sister, Big Sister...”

Zhizhi ran over and hugged Yan Huan’s legs. “Zhizhi misses big sister.”

After saying that, he even used his little head to Caress Yan Huan’s legs. This little girl was really cute and tight.

Yan Huan reached out and hugged her little brother. Yan Huan’s strength was now terrifyingly strong. However, she did not know much about divine powers, so she almost never hugged her little brother outside, she was afraid that someone would take a photo of her. However, if people found out that such a soft and cute girl like her turned out to be an ape in the end, wouldn’t that be hilarious?

“Sister, do you want to know?”

Knowing that she could not get an answer from Yan Huan, she tugged at her sleeve from time to time. wasn’t her personality like Yan Huan’s? She was the kind of person who would not turn back until she had hit a wall. She also had to break the casserole and get to the bottom of it.

“Yes, I’ve thought about it.” Yan Huan followed his brother’s words and also made the little fatty happy. She moved her face closer to Zhizhi and gnawed on his sister’s face happily. Although it was said that his sister loved to snatch his snacks the most., he still loved his sister the most.

“Huanhuan is here.” When Ye Shuyun saw Yan Huan walking over, she could not help but pinch Zhizhi’s little face, “He was still talking about you just now. Why didn’t he mention anything else? Why does he love you so much? It’s true. His biological son is his biological son.”

“Yes, his biological son is his biological son.”

Yan Huan was also rubbing her little brother's little face. However, she was smiling because her words of 'biological son' made Yan Huan somewhat sarcastic. Of course, she was not mocking ye Shuyun or zhizhi, but Su Muran.

If they were biological children, then she and Su Muran were also biological children. However, what relationship did they have? Did they have any feelings for each other.

Therefore, the word 'biological child' was really different for some people.

Yan Huan put Zhizhi down and let him play by himself. Zhizhi ran to Ye Shuyun and directly climbed onto ye Shuyun's leg. He then sat down obediently while ye Xinyu sat at the side and teased his little cousin with a big smile on his face, he was originally the youngest in the family, and the youngest was not a reason for him to be liked. Instead, it was the beginning of his miserable fate.

Anyone who saw him would beat him up

Who did he offend.

Fortunately, he had returned the youngest to Zhizhi's hands. Ye Xinyu was extremely sympathetic towards his chubby cousin who only knew how to eat and play.

This was because Fatty's life was going to be worse than death soon.

Fatty did not know that he was laughing like a little fool. If he could laugh now, he would cry in the future.

He was not spouting nonsense. Fatty was directly thrown into the Lei family a few years later. From then on. Fatty had lived through the most miserable period of his life. It also let him know how miserable he was when he was tortured like a dog.

Ye Shuyun pulled Yan Huan to sit down and asked her about the school and filming. Yan Huan answered all of her questions, which made ye Shuyun like Yan Huan even more. There was nothing she could do. She was still a fan of Yan Huan, therefore, she took up Yan Huan's time now. She wanted to ask Yan Huan for some autographed photos and distribute them to her sisters.

Of course, Yan Huan had planned it since the first day he came in. She had spent a lifetime with Lu Jin and ye Shuyun. Did she not know about their hobbies? At the very beginning.., their hobbies were very normal. Ye Shuyun liked jewelry and beautiful clothes. Lu Jin liked antiques, and so did old master Lu.

And in the end, their favorite was their grandson.

So now, before she had a grandson, Yan Huan had to brush up on her presence. She originally wanted to enter the Lu family, but now she was just taking precautions.

Of course, up until now, no one had forced Lu Yi to get a girlfriend or get married. After all, he was only twenty-one years old, and Yan Huan was still underage. Therefore, before he was in his seventies or eighties, he had already helped her find a wife. Of course, no one was worried that he would become an unwanted bachelor in the future.

Of course, Lu Yi wouldn't have to meet that master extinction, Fang Zhu.

Lu Yi handed an item to Lu Jin. Then, he pointed at Yan Huan. Lu Shi's eyes lit up. He immediately knew what it was. Yan Huan had already given him many good things. They were all genuine antique calligraphy and paintings. Of course, Old Master Lu didn't give them away for free. Didn't the saying go, 'the mouth that eats a man is short, but the hand that takes a man is soft'?

Yan Huan did not give away so many things for free. It also made old master Lu say that sometimes his eyes were not his eyes, his nose was not his nose, and his words were sour, however, he did not say that to her every day like he did in his previous life.

An actor was heartless, but an actor did not mean it.

Chapter 2476: Little Fatty becomes little skinny

Of course, that was because Yan Huan paid special attention to her reputation. Her reputation was well known in the circle.

In the future, these antiques would naturally be given to her.

Where would there be antiques? Where would the antiques be real? Yan Huan and Lu Yi had done some research when they were free. Lu Yi had also remembered the provenance of these antiques, therefore, he was currently searching for them one after another.

Of course, they would not let go of such good things. This was because many of these antiques had been accidentally destroyed. Some were destroyed by people, some were destroyed by time, and some were destroyed by greed.

What they took would be destroyed in the future. Those that originally belonged to the country had not been touched by him. Some things could be left alone, they did not really have to move all the antiques back to their own homes.

Lu Jin took something and gave Yan Huan a friendly smile. At this time, he looked around forty years old. He was energetic and young. When he put on his military uniform, he looked really like a teacher, in fact, this was the first time Yan Huan saw Lu Jin like this. It turned out that when Lu Jin was young, he was also a handsome man.

In fact, it was no wonder. If he was really ugly and miserable, Ye Shuyun, who loved to be beautiful, would have vomited to death long ago.

Yan Huan took the initiative to take care of the kitchen matters at home. She was the only one who came. The chefs of the Lu family had to give up the kitchen. Of course, Ye Shuyun had to come out and Yan Huan had to cook by himself.

Her strength was very great. In addition to the art she had accumulated in her past life, the dishes she cooked were absolutely delicious. She was a good wife and mother. She knew how to cook and earn money. Moreover, she was so beautiful. Who wouldn't want her.

Lu Yi was also happy to see her performance. He himself was busy with other matters. Yan Huan was never unfamiliar with the Lu family, nor did he find it awkward. In fact, there were many times..., she thought that she had always been here. She was still the same Yan Huan from before. There were a few

times when she almost called ye Shuyun 'mother'. Fortunately, she changed her words. Otherwise, it would really be embarrassing.

Therefore, she had to change her words faster.

And she was looking forward to this day.

She had been busy in the kitchen for less than two hours, and she had already prepared a table full of dishes. They looked, smelled, and tasted good. Every dish was like a work of art. It was cut well and tasted even better.

Not only did it let people's taste buds enjoy it, even their vision was the same.

And these dishes had already aroused everyone's appetite before they had even tasted it. Not to mention, when they started to eat again, ye Xinyu could not stand it the most. His saliva even dripped onto the little fatty's shoulder.

"Big Brother, it's raining."

The little fatty stretched out his little finger and pointed at ye Xinyu.

Ye Xinyu glared at the little fatty. Why are you being so honest? You Won't let him play with the turtle later, and you won't let him eat the spicy sticks. How expensive are the spicy sticks now, he used his pocket money that he had saved for a long time to buy them.

When the little fatty heard the spicy sticks, he didn't say anything. He was as obedient as he could be. Of course, he was even more obedient to his little cousin.

At night, Ye Xinyu hid a bag of things to look for the little fatty.

"Here, it's for you. Don't say that I don't keep my word."

He proudly took out the bag of spicy sticks and placed it in front of the little fatty.

The little fatty used his little finger to poke at the spicy sticks and licked it by his little mouth. The little fatty had eaten the sweetest things ever since he got here. Ice Cream, cream, cakes, and the like. He had never eaten spicy food before.

Therefore, towards this kind of novel food, his little heart and liver were trembling. He used his little hand to grab a handful of spicy sticks, and ye Xinyu was also generous towards this new cousin of his.

The little fatty could have just licked it, but in the end, the attraction of this kind of food to the little fatty was not too low. In the end, the little fatty opened his mouth and swallowed it. At first, there was nothing much.., but after he tasted it...

His eyes squeezed and his mouth twitched. He cried so hard that it shook the sky and Earth. It was a tragic sight. His pink lips were swollen, and his eyes were all red. It was as if even his little face was swollen. He used to be a tender bun.., but now, he was like a swollen bun that had split open.

Ye Xinyu wasn't surprised that he was beaten up. After his cousin beat him up, his father beat him up. After his master beat him up, his grandfather beat him up.

In any case, this little flower that was still growing up immediately wilted. As for the little fatty, his small mouth was swollen for a week because he ate too spicy food. He also had diarrhea for a week, this time, he paid too much price for his slanderous mouth.

In addition to the swollen small mouth, the little chrysanthemum also suffered. He even stayed in the hospital for a week. The originally fat children suddenly lost a lot of weight. This was really like he Yibin's little fatty he, back then, he was also a little fatty. Later, he was fat until he was in high school. When he went to college and lost weight, he went from a dead fatty to the school Belle at that time.

Therefore, all fatties had potential, and the little fatty was obviously the same. After all, his parents were not ugly, and his sister was even more beautiful. Although they were not a father, they were a mother. More or less, they all looked like mothers, didn't he not grow up or grow up? When he grew up, he would look better.

Little fatties should also be grateful to ye Xinyu. Perhaps little fatties were frightened by this incident, so they did not eat so much in the future. They encountered things that they had never seen before, he did not dare to stuff it into his mouth, so he became thinner and thinner day by day. He used to be a fat child, but now he was a skinny child. Could it be that this physique of his was also with Yan Huan, he would not be fat in the future.

Ye Xinyu used his beating to exchange for his younger cousin's slimness. In this era where thinness was beauty, ye Xinyu really saved a handsome man in the future. Although, he was not that handsome.

When the little fatty came out of the hospital, he was always listless, which made ye Shuyun's heart ache. There was only one child in the family now, so everyone was a little more rare.

Especially Grandma Ye. When she saw that her grandson was clearly as thin as a bolt of lightning, she was also sad for a few days. She began to give the little fatty supplements, but it seemed that the little fatty couldn't get them in, he became skinny in an instant.

"Sister, zhi zhi wants to eat that."

Fatty pointed at the nearby cake shop with his little finger. He wanted to eat the cake, and he was being hugged by Lu Yi. His small arms and legs had slowly become slim and slender.

Chapter 2477: was the first time it had been slandered

Yan Huan lowered her hat. When she saw the little fatty's small bones, her heart softened. Yan Huan actually had to film today. She had escaped and if someone caught her, she might not say a word, yan Huan was pregnant out of wedlock.

Of course, no one would dare to say such a thing. After all, Yan Huan was only seventeen and the little fatty was already five. How could she give birth when she was eleven? However, what could not be stopped was the imagination of those people.

Lu Yi carried fatty to the cake shop. Yan Huan and fatty met Face to face.

No, he was no longer fatty. He had become slimmer and his facial features were more obvious. He was no longer the same as before. His eyes were narrowed into slits and his face was full of flesh. Now, the flesh on his body was tighter, he was a handsome young man.

Of course, this was also the first time Yan Huan saw her younger brother looking so cute.

“Actually, you’re quite good-looking even if you’re thin.” Yan Huan impolitely poked her little face. She knew it. How could Yan Huan’s younger brother be ugly? It turned out that he wasn’t ugly, but fat.

Therefore, losing weight really had to start from a baby.

The little fatty smiled foolishly and allowed his sister to rub his little face like she was kneading bread. He still had the silly look on his little face. This silly look on his younger brother’s face really pleased Yan Huan the most. This was her biological younger brother.., although she often bullied him, Zhizhi was still her favorite little brother.

In a short while, Lu Yi Yi Yi Yi Yi Yi ni brought two pieces of cake, one for Yan Huan and one for Little Zhizhi.

“Which one do you want?” Yan Huan placed the two pieces in front of Little Zhizhi. Little Zhizhi gnawed on her fingernails. Now, Lu Yi finally understood why Yan Huan liked to gnaw on his fingernails so much. This was hereditary.., this was definitely hereditary.

Zhizhi stretched out her little finger and pointed at a piece of strawberry cake. He liked things with bright colors.

Alright, this piece is for you.

Yan Huan gave the piece of cake to his younger brother. Although she also liked eating strawberries, occasionally eating chocolate was not a big deal. The little fatty happily ate his piece of cake, Lu Yi sat beside Yan Huan. Yan Huan also ate it bite by bite. She really wanted to let Lu Yi have a taste too. However, in the end, Lu Yi’s face was clearly much younger than his previous life, a 22-year-old man. This was a proper piece of fresh meat. She didn’t expect that Lu Yi, this old bacon, would one day become a piece of fresh meat. It really wasn’t easy.

She scooped another mouthful of cream and stuffed it into her mouth. HMM, if she didn’t give it to Lu Yi, she wouldn’t give it to Lu Yi. She would eat it herself.

But even so, she didn’t know that someone outside had already set their eyes on her. They even gave her a few close-ups.

It wasn’t until the next day that her manager angrily told her that she had been slandered by a reporter.

Slandered? Slandered her? What did she have to be slandered for? She was such a pure and self-loving artiste. Moreover, she was only seventeen years old now. She was still a child star. Child Star. Did you know that?

She was an underage child. She wasn’t the Yan Huan of her past life.

Who slandered an underage child like her? Was this the rhythm of a donkey kicking her brain?

She took out a notebook. At this time, the notebook was black and heavy. It was like a brick compared to a brick. Moreover, it was much more expensive than before.

She opened the web page and Yan Huan looked for her name on it.

However, when she saw the photo again, she almost turned her back in anger. Who Did This? Her chest was heaving up and down in anger. Who Did This? She was still underage, okay?

Look, what's written on this?

The man behind the bosom friend, the child star, Yan Huan. It was said that the two of them were already married and had children.

Have a child? Hehe, have a child.

Didn't the article say that she was a child star? Since she was a child star, how could she have a child.

She was a child star. She was only seventeen years old, how could she have a child.

Of course, the comments on this article were even more explosive than the content.

"Which idiot wrote this? How could he write such a thing? Yan Huan is only seventeen years old, and this child is at least five years old. What? who has the ability to have a child at twelve years old?"

"Maybe Yan Huan's period came early, and she can give birth too."

"Or maybe it's because Yan Huan has already matured. She's not 17 years old at all, but 27 years old."

"Upstairs, are you sure that Yan Huan looks like she's 27 years old? She clearly looks like a minor. Could it be that upstairs suddenly grew from 17 years old to 27 years old, so she's jealous?"

In short, these sentences were one after another, and most of them could be imagined. The truth of this report was mostly true, but most of the time, there were still people who liked to slander others. Now, not to mention slander.., with such a thing happening, no matter what, Yan Huan's reputation was also damaged.

Yan Huan was really mad. She had lived for three lifetimes, but no one dared to throw dirty water on him like this, especially now that she was still a minor.

Not long after, the reporter who wrote this gossip was sued. It was old man Zhou who sued because the little one in it was the only son of the Zhou family. Although the Zhou family was a newly established company in Hai City.., but in recent years, it had developed very quickly.

That child was Zhou Li's only son. He had been a precious egg since he was young. How could he let his son be exposed to the media and give him so many accusations.

Who would dare to lay a hand on such a young child? Zhou Li was very angry. The consequences were very serious.

Zhou Li directly sued the reporter and the company that the reporter worked for. He fabricated the truth and destroyed the reputation of others. This matter was extremely big. After that, no one had

seen that reporter again, even that not small company only struggled for a few months after the incident. In the end, they disappeared from Hai City.

After this incident, no one dared to mention Yan Huan. From the beginning to the end, no one mentioned Yan Huan's name. It was clear that Yan Huan had been removed cleanly, of course, everyone understood that Yan Huan's background was not ordinary. As for what her background was, no one knew until now. Even if they didn't know, they still didn't know, yan Huan's name was now even more important in the industry.

Of course, everyone could also foresee that this world's rising star was about to grow up.

Ever since she debuted as a child star, she had starred in countless movies and television shows. Her looks were good, and her acting skills were comparable to those of the veteran actors. She was also hard-working, and her positive reputation was very good. All the actors who had worked with her before.., her evaluation of her was very high, so Yan Huan's reputation had always been very good.

Chapter 2478: you're so Shameless

Zhizhi lifted his little toe. He was already a first-grade primary school student and had grown taller. Of course, his personality had not changed at all. People said that age was judged by the age of three. Zhizhi, on the other hand, was gluttonous and silly, all of this absolutely did not look like Yan Huan. Zhou Li, for example. In any case, Yan Huan did not believe it at all. Zhizhi's personality now contained many things that even she herself once possessed.

Who Knew? Zhizhi was actually the most similar to Yan Huan. It was just that Yan Huan did not admit it.

The Lu family's door opened and ye Shuyun walked out. She liked Zhizhi the moment she saw her.

"My Little Zhizhi is here."She scratched Zhizhi's little face and held her little hand tightly. "Let's go. Aunt will bring zhizhi something delicious to eat."

Ye Shuyun brought Zhizhi in as she spoke. Ye Shuyun knew that Zhizhi was coming today, so she had prepared a lot of things in advance. She was here to wait for Zhizhi.

Yan Huan also walked in. She put down her bag and went to the kitchen to busy herself. Anyway, it was the same every time. As long as she came, the Lu family's kitchen would be hers.

She might really be the most relaxed sophomore in the world. Her studies in the class could be considered average and not too outstanding. However, during the exam, she could always get into the top ten in the class, her results had always been very stable and could not be considered to be at the bottom.

Therefore, Old Li also turned a blind eye to the matter of her filming while she was in school. As long as it did not affect her studies too much, the teachers usually would not mention her name.

During the exam, no one knew that she cheated. They all took the exam together with everyone. Moreover, her results seemed to be pretty good, so no one would say anything about her. As for her usual Cheng Chun, it was Lu Yi who forced her to make up for her lessons, otherwise, she might really have to get the last place in the exam.

Lu Yi's requirement for her was that her results did not have to be within the first few places, but they had to be in the middle range. Even if she did well in the exam, everyone thought that it was because of her exceptional performance, perhaps she was more suitable for the exam, but if her results were at the bottom of the exam, it would be a problem if she did too well in the exam.

And Yan Huan was clearly still too young. After all, she still had to attend high school for three years. It had only been a year.

When Lu Yi arrived, he found Zhizhi sitting in front of the table. She was eating snacks with her small belly. Her small mouth did not stop, and her face was full of crumbs.

He stretched out his hand and patted his little tummy. It was still quite flat, so it still had some capacity. Zhizhi had grown taller in the past year, but he did not gain any weight. He was not as cute as the little fatty from before, however, he was rather handsome.

Zhizhi was here, and so was Yan Huan. His mother was outside, and there were sounds coming from the kitchen from time to time. So, Yan Huan was inside.

Not long after, Yan Huan had already prepared a table full of dishes. Every time Yan Huan came, their family would be able to enjoy a good meal. Yan Huan's culinary skills had never fallen from his past life to this life, it had never fallen from his hands.

Ye Shuyun personally brought Zhizhi to wash her hands, but she was worried.

How could she not be worried? She had already eaten so many snacks, so how could her stomach still be able to eat? She even felt a little regretful. No matter what, it was almost meal time, yet she gave so many snacks to the child, this made the little guy unwilling to eat.

However, she seemed to have underestimated Zhizhi's stomach. Even if she gave him a few more packets of snacks, he would still be able to eat a lot of food.

Yan Huan also washed her hands and came over. She narrowed her eyes and stared at Zhizhi's small stomach.

"Can it still hold it?"

"Yes," Zhizhi straightened his small stomach. "Sister, don't worry. Zhizhi's stomach can still hold it."

Lu Yi rubbed the top of his head and passed the chopsticks to him.

Zhizhi held the chopsticks, but it was still okay. Although he was a little stupid, no matter how stupid he was, he could still stuff the food into his mouth, and it didn't reach his nostrils.

Just as they were eating, there was a sudden noise from outside.

"Big Brother, sister-in-law, how can you eat? Didn't I say that our Lu Qin is coming back today?"

This was Qin Xiaoyue's voice.

Yan Huan knew from the moment Qin Xiaoyue said the first word that there was no one else in this world who could make her so disgusted, other than Lu Qin and his mother.

“What has your Lu Qin’s return got to do with our family?”

Ye Shuyun continued to serve Zhizhi food. In the past, she could still tolerate that family, but later, when the two families’ courtyards were separated, she realized how good life was now, if Qin Xiaoyue wanted to mess around with her again, she would have to ask if she was willing or not?

“Sister-in-law, this is your fault. We are a family. Do you know that you are treating me like an outsider?”

Yan Huan rolled his eyes.

F * ck!

Qin Xiaoyue, do your mother know that you are so Shameless?

Qin Xiaoyue walked in with her son. It was as if her son was the top scorer. This time, when she came back, she wanted to show off to Ye Shuyun. In the end, Ye Shuyun was jealous to death.

Look at his son. He graduated from a famous university overseas and had already shot many magazines. He was now very famous. In the future, he would enter the entertainment industry. As long as he became famous.., he wouldn’t be able to get whatever he wanted?

She didn’t hold back and placed her butt on the chair. Then, she picked up her chopsticks and started eating. Of course, this was also because Yan Huan and the rest had not touched their chopsticks, the only one who had touched their chopsticks to eat was Zhizhi. They were all eager to eat before Zhizhi. In the end, it was their turn.

And they had not touched their chopsticks. How Could Qin Xiaoyue have the face to eat just like that? She did not know what it meant to be polite. It was what it meant to be humble.

Lu Qin also sat down, but his gaze stopped on Yan Huan. His eyes flashed, and he seemed to have thought of something. He lifted the corners of his lips, his eyes filled with affection. However, Yan Huan only felt disgusted by his coquettish appearance.

Lu Qin had used this coquettish expression of his to deceive one stupid woman after another. He had also deceived Yan Huan.

It was just that his face, which had always been successful, had kicked iron in front of Yan Huan.

Of course, he did not know about Yan Huan’s identity. He had only been away for two years and had not returned to the Lu family for two years. However, he knew more than anyone else about the matters of the Lu family.

Yan Huan was now the granddaughter of the Ye family. Not to mention this, her status in the entertainment industry was terrifyingly high. Of course, in everyone’s hearts, she was extremely popular.

Chapter 2479: she endured

She had been filming since she was three years old. Her acting path was very wide, and she could mold any character. Everything was easy for her. And now, she could already foresee Yan Huan's future achievements, it was almost to a terrifying degree.

Lu Qin was naturally calculative in his heart. As long as Yan Huan could help him, then he could rely on Yan Huan to rise to the top. Moreover, as long as he could establish a foothold in this circle, he believed that in the future, his achievements., would definitely not be inferior to Lu Yi's.

That damned Lu Yi. He was clearly a fool when he was young, but why was he not a fool now? He could even skip a grade and become a prosecutor. He should be so stupid that he would die.

Lu Qin's heart had always been thinking about things. One moment, he was worried about his future, and the next moment, he hated Lu Yi. He probably did not even know what the dishes on the table looked like or what kind of taste they had, he just kept stuffing the food into his mouth. Then, his eyes would glance at Yan Huan from time to time.

A seventeen-year-old girl was just about to bloom. However, it could already be seen that she would have a rare appearance that could topple cities in the future. Of course, it also tickled Lu Qin's heart.

Suddenly, a cold light appeared out of nowhere. It made Lu Qin instinctively feel his scalp go numb. Even the chopsticks in his hand paused for a moment. He almost fell to the ground.

He had just raised his head when he met a pair of extremely cold eyes. Those eyes were like ice and snow that had not melted for a long time. In an instant, his body stiffened from the cold, and his head felt dizzy, he could not help but touch his arm. The fear in his heart caused him to be unable to breathe. This was like the deep hatred that he had accumulated for several lifetimes. It was neither warm nor terrifying.

Lu Qin hurriedly lowered his head and pretended to eat. However, he could not stop his heart, which was trembling uncontrollably, he could not even clench his chopsticks.

He had to admit that he was afraid of Lu Yi. He was still extremely afraid, to the extent that he was afraid.

Yan Huan had just come out. Initially, she had wanted to find a place where no one was around to memorize the script. In the end, before she could even recite a few sentences, a person had already walked up to her, he was still very flashy as he brushed the hair beside his ears and blew at his bangs. How could he describe this feeling? It was as if he was an idiot from somewhere. It was so wretched that it was disgusting.

"This is the first time I've seen you." Lu Qin wore a smile that had always been successful. Perhaps many people would not be able to escape from his smile. They would feel that it was very charming and attractive. However, in Yan Huan's eyes., this was not a smile. This was a dead snake spitting out its bright red tongue.

Yan Huan laughed coldly in his heart. What was wrong? Did he want to seduce her who was still underage? Just how beast was this Lu Qin to dare to lay his hands on an underage person.

"I've seen many of your films. You're very intelligent."

Lu Qin continued to speak. His eyes were filled with love. If he wasn't careful, he would have given her a spinach. If it was anyone else, they would have already been knocked unconscious by the vegetables. Even if they didn't die, they would have fainted, then, they would be blind again.

Lu Qin's skin was indeed very good-looking. However, other than this skin, there was a black heart. Yan Huan really wanted to dig out this man's heart. She also wanted to know.., just how Black was Lu Qin's heart? Why was his face so smooth? However, the things he did were so disgusting.

Yan Huan kept his script properly and turned around to leave.

Lu Qin was stunned for a moment. He did not expect Yan Huan to not give him any face and leave just like that. In school, he was a popular man in front of many women. There was not a woman who did not like him, there was also not a single woman who could escape his charm. No matter how difficult a woman was to deal with, she would still be completely loyal to him in the end. Moreover, Yan Huan was only seventeen years old now. He was at a time when he was ignorant of the feelings of men and women. Naturally.., he should not be able to escape his charm. However, tell him, what exactly happened?

Why did Yan Huan Leave? She left, but she actually left?

"Wait a minute." Lu Qin didn't give up and went forward. He didn't believe that there was anyone who could escape his charm. He also didn't believe that a little girl like Yan Huan actually didn't like him.

Didn't like him? How was that possible? He was so handsome, and he had the most popular prince face. No woman could escape his charm, and no woman could treat him like nothing, but Yan Huan actually did it.

And his male pride could not tolerate such humiliation and failure.

In his eyes, ignoring him was a silent humiliation to him.

Yan Huan continued to walk forward. Of course, she was not afraid. She would never be afraid of anyone in this life. It was just that she was too strong. She was afraid that she would cripple Lu Qin. In fact, even if she was crippled, she would still be crippled, she was even more afraid that Qin Xiaoyue would come looking for her to avenge her son. She would also be unable to resist kicking Qin Xiaoyue to death. Her self-control wasn't bad. After all, she had lived for so long. Even if she wasn't a thousand-year-old demon.., she was still a hundred-year-old little demon.

However, she couldn't stand Lu Qin and Qin Xiaoyue, this mother and son pair. She was really afraid that she would really kill them.

"Wait a moment, I have something to say to you."

Lu Qin quickly stepped forward. He took three steps and two steps at the same time. He was tall, so his steps were also big. In just a few steps, he had already caught up with Yan Huan. In addition, he deliberately quickened his steps, so he was already standing in front of Yan Huan, he was also blocking Yan Huan's path.

I'll endure it.

Yan Huan used all her strength to endure her clenched fists. She really wanted to punch Lu Qin's face, but she was afraid that this punch would smash Lu Qin's face into pieces.

Sometimes, she didn't know why the heavens gave her such good strength in this life. Why did she get all kinds of golden fingers, but she always had to restrain herself.., don't beat him to death.

However, if Lu Qin was still unwilling to let her go and still wanted to show off in front of her, she felt that she couldn't hold it in any longer.

"I don't think you know me, right?" Lu Qin acted as if he really wanted to know who she was. Then, he turned his face slightly to the side and revealed a coquettish smile.

"Gebang..."

He seemed to have heard something, but he didn't care.

"You're an actor, and so am I. I think we have a lot of common topics to talk about. Besides, I've also shot a lot of films. I've taken photos for magazines overseas and acted in a few good movies. When I return to China, I'll come here to develop. Then, we can work together."

Chapter 2480: could not be tolerated

"Crack..."

It was the same voice again.

The corners of Lu Qin's eyes twitched slightly, but he still maintained his smile. But for some reason, the smile on his face also became stiff.

"I..." He was about to say something, but Yan Huan turned around and left.

"Wait..."

Lu Qin did not give up and took another step forward. He ignored Yan Huan. He thought she was shy, and this was also a rare opportunity. Although Yan Huan was young, he was not an adult yet, however, she had a lot of face in the entertainment industry. There were many actors who worked with her. There was no lack of veteran actors nowadays. As long as they could speak up for him, or if they wanted to promote him.., that would be a piece of cake. However, he had very few opportunities to interact with Yan Huan. It was almost impossible.

Actually, he had been planning this matter for almost a year. However, it was precisely because he had yet to finish the other side's matters that he was able to find Yan Huan and come back only now. He had also waited for a very long time, only then did he meet Yan Huan in person. After all, if Yan Huan did not come to the Lu family, he would not have the chance to meet Yan Huan. Actually, it was very easy to find Yan Huan. He naturally knew about Yan Huan's school, however, he could not openly go over. If he really went over, he might be hated by Yan Huan.

Therefore, such an opportunity was really rare.

And he was unwilling to give up such a good opportunity.

Yan Huan stopped and turned around. She looked at the claw on her shoulder. She resisted the urge to chop off this claw. She endured it, she endured it, but what if she really could not endure it anymore?

“Move your claw away.”

Yan Huan lowered her voice and clenched her fists tightly. It was best for her to move away. Otherwise, she wouldn't even know what she would do.

She hadn't crippled anyone up until now?

She only hoped that Lu Qin didn't want to be the first to die.

Lu Qin's fingers shrank slightly, but he did not move them away. Perhaps he was thinking that a young lady like Yan Huan should be acting reserved. And now, if he did not take the initiative.., it was likely that this opportunity would not belong to him.

Whether he could succeed in the future would probably depend on this Yan Huan. As long as Yan Huan could help him, there was no need to fear that he would not become famous. There was no need to even mention the financial resources of the Zhou and ye families, in the future, all of these could be owned by him. Hence, whenever he thought of this, his heart would surge with excitement. He could not help but feel excited in his heart.

He had endured for so many years just to wait for this day. Now that this day was right in front of him, he could obtain it easily. How could he give up? How could he give up willingly.

Yan Huan loosened his grip on her and then clenched it again.

“I'm going to say it one last time. Let Go!”

Yan Huan's voice was already a warning. Although she was still calm, she really couldn't help but want to beat him up. If he was beaten to death by her, then don't blame him.., if you want to blame someone, blame someone for not understanding human language.

Even if he was beaten to death by her, he deserved it.

However, Lu Qin clearly didn't know how terrifying Yan Huan was. In his heart, she was just a little girl. Even if she was angry, he could just coax her.

When he was in school, it wasn't like he had never met such an arrogant and successful girl. In the end, she was still easily captured by him.

Therefore, he really didn't take Yan Huan's threat to heart.

In the end, not long after, Lu Qin's miserable scream that sounded like a pig being slaughtered was heard.

Yan Huan picked up his script from the ground and patted the dirt on it before he turned around and left. As for Lu Qin, he was currently curled up on the ground, hugging his arm as he cried out in pain. His arm was broken.., his arm was really broken. He could hear the sound of his bones cracking. That woman, that woman, that underage woman whom he looked down on, had actually crushed the bones in his hand.

Qin Xiaoyue rushed in from outside the door. Her nostrils were spewing hot air like an ox.

“Yan Huan, where’s that little B * Tch Yan Huan?”

“Qin Xiaoyue, how can you speak like that?”

When Ye Shuyun heard Qin Xiaoyue Address Yanhuan this way, her face immediately darkened. She also slammed the table with force.

“Why can’t I call her that?”Qin Xiaoyue placed her hand on her waist. Her entire voice was so loud that it hurt the eardrums of the skilled people, “Ye Shuyun, quickly call that little B * Tch out. If I don’t beat her to death today, my name won’t Be Qin Xiaoyue...”

“Then your name will be Qin Xiaoyue.”

A cold voice came from not far away, and it was so cold that it reached Qin Xiaoyue’s bones. Qin Xiaoyue could not help but shiver, and she could not recover for a long time.

As soon as Qin Xiaoyue saw Yan Huan, her pupils constricted immediately.

“Little B * Tch, I’m going to smash your face today. You Little B * Tch, who knows where you came from. You actually dared to break my son’s hand bones...”the anger that came out of her nose was even more furious, she directly stood towards Yan Huan. Ye Shuyun wanted to pull but she couldn’t.

Before she could say her word, she saw Qin Xiaoyue actually fly in front of her. Then, she appeared like a parabola and smashed into the wall. Then, there was a hissing sound, the tight-fitting clothes on Qin Xiaoyue’s body were also torn apart. In an instant, her white body, which already had a lot of fat, fell into the eyes of the crowd.

And Ye Shuyun’s mouth did not close.

Tell me, what kind of situation is this?

Is My Eyes playing tricks on me?

Yes, it must be my eyes playing tricks on me. Otherwise, why would I feel that my head is a little dizzy? Oh right, it must be like this. The Way I opened it is wrong. I have to go back and sleep for a while.

“I must be dreaming. I must be dreaming.”She turned around and walked towards her room. When she turned around, she saw Yan Huan stepping on Qin Xiaoyue’s chest with just one foot. That valiant look., it seemed that she could only see it in a dream, right?

Her Huanhuan was a soft and cute little girl. The generations in her family were all bald. In the past, there was only one girl, Ye Rong. Now, there was only Yan Huan. The boys in her family were not worth much anymore, however, Yan Huan was the only girl in this generation.

Yan Huan was originally delicate and delicate. One look and one could tell that she was an obedient and gentle girl. How could she be violent? Hence, the one who kicked someone away., the one who stepped on someone’s chest was definitely not Yan Huan.
