

Chapter 2481: female Tyrannosaurus Rex

Yan Huan would definitely not be so Valiant?

She placed her hand on her forehead and gently massaged it. In any case, she would never believe that the person she saw just now was Yan Huan. She would rather believe that she was dreaming and that she was sleepwalking.

At this moment, Yan Huan's foot landed on Qin Xiaoyue's chest. Qin Xiaoyue had just been ruthlessly kicked and had yet to recover her breath. Meanwhile, Yan Huan's foot landed on her chest again. At this moment, she was filled with hatred and fear, the words that came out of her mouth and the violence that suddenly appeared in Yan Huan's eyes frightened her so much that she could only cower in fear. She only dared to tremble her body, but she did not dare to act like the little slut that she was earlier. The Little Slut had scolded her.., moreover, she was certain that if she dared to call her a little slut again, Fang Chun would definitely step on her chest and crush it.

This wasn't a woman, this wasn't a woman, this was a female devil.

"If I hear anything I don't want to hear from you in the future, believe me, I can crush the bones in your son's hand and crush your head." Yan Huan stepped on Qin Xiaoyue's chest again, of course, she was also using her strength. Otherwise, she would really crush Qin Xiaoyue to death.

As for a woman like Qin Xiaoyue, she couldn't understand it better.

Qin Xiaoyue was a bully. The More You Were Afraid of her, the more she wanted to climb on top of you. The more you tolerated her, the more she would take an inch and take a mile. She was unreasonable, but you had to be more unreasonable than her.., there was no need to reason with such a woman. You just had to use your fists.

Of course, she wasn't afraid of Qin Xiaoyue going to complain. Complain? Where could she go to complain to Old Master Lu? She couldn't even beat a woman. Old Master Lu would only feel ashamed of such a grandson, moreover, Old Master Lu had never liked Qin Xiaoyue in his entire life. If Qin Xiaoyue dared to complain, not only would she fail to do so, she would also be scolded back.

What did Lu Jin have to do with Qin Xiaoyue? Of course, he was helping ye Shuyun. At most, he would say a few words on the surface. Would he really scold ye Shuyun's niece for Qin Xiaoyue?

Finding Lu Yi, sure, find him. Lu Yi hated Lu Qin and his mother. They were on par with Yan Huan as long as he did not want to be beaten up again.

Yan Huan bent down and indeed saw the fear and fear in Qin Xiaoyue's eyes.

As expected, she was really bullying the weak and fearing the strong.

She reached out and gently patted Qin Xiaoyue's face, but she hit a hand full of oil. How much powder had been applied to her face? was this dug out from the flour vat?

Yan Huan really felt that she was not patting a face, but a bag of flour. Even the air seemed to be filled with flour powder that flew everywhere.

“Remember.” She patted the flour bag again, “In the future, Tell your son to be more honest. I’m not interested in him. Don’t think of using my power to climb up. I can tell you clearly that as long as he is patting in this world, I will not participate.”

“Also...” her eyes turned cold again, like a cold wind blowing past, bringing with it a wave of sharp ice blades.

“Don’t provoke me. Otherwise, I will see you once and hit you once. I am not my elder sister-in-law, and I still have to endure you. I am not a member of the Lu family. I can hit you if I want to. If I want to hit you, I can hit you. Don’t take yourself too seriously.”

She warned him word by word. As expected, she noticed that Qin Xiaoyue’s face had already turned pale. She also avoided looking at him from time to time. However, he did not want to take another glance at Yan Huan. It was as if he had one more glance, her face was about to be slapped by Yan Huan until it was swollen.

A woman, no, it was a girl. She was an underage girl. She actually crushed the bones of Lu Qin’s wrist with her bare hands. She could also send her flying with a kick, where did this monster come from?

Yan Huan stood up and patted her clothes again. She did not feel guilty at all after doing something bad. She was upright and upright. She was the one who had beaten him up, but she was not afraid to admit it.

Of course, she was not afraid that Qin Xiaoyue would take revenge on her. With Qin Xiaoyue’s character of bullying the weak and fearing the strong, she would definitely stay three meters away from her obediently in the future.

Yan Huan swaggered away without a word of apology. She hit someone, broke someone’s bones, and slapped someone’s face. She was really fearless to leave so openly.

“You broke Lu Qin’s hand bone?”

Lu Yi bent down and looked at Yan Huan. Your temper in this lifetime was much more irritable.

“I’m already going easy on him.” Yan Huan snorted. “I didn’t cripple his third leg.”

Someone like Lu Qin still dared to have designs on her. He really couldn’t change his mind. Even if she was reborn a few times, he would still be the same man. Did he still want to use her shoulder to climb up?

Dream on.

“Isn’t your strength a little too strong recently?”

Lu Yi didn’t feel anything about Yan Huan beating up Qin Xiaoyue’s mother. They would settle the matter one day if they were late, so there was no need to be afraid of them. It was just that..

He pinched Yan Huan's fingers. In fact, he also realized that Yan Huan's strength seemed to be really strong. When she was in the kitchen, she lifted the pot as if she was holding a piece of paper.

In the past, he thought that Yan Huan was used to being busy in the kitchen, so it might be because practice makes perfect. But later, he felt that something was not right. Yan Huan was used to holding the pot as well, but he had never seen her lift the pot with one hand for so long.

It was only until she crushed Lu Qin's bones and kicked Qin Xiaoyue away that he finally believed that Yan Huan's strength was pretty great. Otherwise, with her small arms and legs., she would probably break her small bones.

Yan Huan placed her hand on Lu Yi's arm. Then, she moved her hand down and moved it to Lu Yi's waist. Then, her other hand moved up as well. He carried Lu Yi up like this without any change in expression, of course, it was even more relaxed.

"This is a golden finger." Yan Huan pouted. "Why do you have to give me strength? Give me some intelligence."

Yan Huan put Lu Yi down. She really felt that this golden finger of hers was not of much use. It could only be used to beat people up. Reality proved that her thoughts were very wrong, this kind of strength was something that others could not get even if they wanted to. And because of this strength of his, she could not tell how much he had helped her in the end.

But now, in her eyes, this strength was indeed useless. She was such a beautiful young girl, yet she was a monstrous female Tyrannosaurus. This made her sound really unpleasant.

I'm clearly very gentle.

Chapter 2482: the bitter student

I'm clearly very weak.

Lu Yi knocked on her forehead. "It's already good enough to give it to you, but I don't have it even if I wanted it." He casually opened a door.

"Why do you want it again?"

Yan Huan lowered her head and tugged at the corner of her shirt. "Can you not take it?" She discussed with Lu Yi. "It was already there yesterday. Can you take a day off today?"

"Go in. There's no reason. Don't explain, and don't try to twist my words."

Lu Yi turned his head towards the door. Although there wasn't a hint of threat in his tone, Yan Huan could hear that it was all a threat. Every sentence was a clear threat and a warning.

"Alright." Yan Huan walked in bashfully and took off her clothes.

Not long after, she sat in front of the desk and was calculating the questions in distress. When the light from outside fell on her face, one could see the distress in her eyes as well as the helplessness on her face.

It was really tough being a student.

“Write well and don’t be lazy. You should know that the result of being perfunctory is to start all over again.” Lu Yi lifted his face from a book as if he was holding a small whip in his hand, he was whipping Yan Huan, this pitiful little donkey. There was nothing Lu Yi could do. Yan Huan’s temper in this life was becoming more and more willful. He would do whatever he thought of. He simply did not put anyone in his eyes, she had even dared to beat Qin Xiaoyue and Lu Qin to the point of being half-dead. She knew that there was really nothing in this world that she did not dare to do.

It was just that she hadn’t been paying much attention to her studies recently. If it wasn’t for him urging him to study every day, who knew if he would end up at the back of the queue? His, Lu Yi, had always been ranked first in his studies, why? She hadn’t learned anything at all.

Therefore, there was really no way to change this kind of congenital inheritance.

Yan Huan held the pen and her head was also nodding bit by bit. She was sleepy and wanted to sleep.

“Write.” Lu Yi held the book and knocked on Yan Huan’s shoulder, waking her up a little. Yan Huan yawned and then lowered her head to write her homework.

However, the homework in high school was indeed a little too heavy. She could still do it in the first year of high school, but after she reached the second year of high school, she really felt a little exhausted. Even if she didn’t film, just learning these content., she felt that she could be crushed to death. If she didn’t have that cheating method that was most beneficial to her, which allowed her to not have to worry, she thought that she might really die on it.

It was still better to go to university. Then, she could start dating

“What are you thinking about? Write.”

Lu Yi gave her another book. Yan Huan turned around and made a big face at Lu Yi. Then, he picked up a pen and seriously wrote his homework. Although she was quite unwilling in her heart., however, she didn’t want to waste any more time, so she still did her homework seriously. These were the contents of the teacher’s lecture the next day. With Lu Yi’s explanation, at least., she wouldn’t lag too far behind others.

It was just that..

She yawned again. She was really sleepy. What should she do?

She rubbed her eyes and threw the pen to the side. Then, she turned around and pounced on Lu Yi. She hugged his waist tightly as well.

“Yeah, I’m sleepy. Let’s go to sleep.”

“Are you really sleepy?” Lu Yi lowered his head and patted Yan Huan’s shoulder. It wasn’t that he didn’t notice the bruises under Yan Huan’s eyes. She was indeed tired. Not only did she have to go to school, but she also had to film and shoot commercials, sometimes, after a day, she was so tired that she didn’t even have the time to drink a mouthful of water.

But there was no other way. Now was the most difficult time for her. This was also the path that every university student had to take. If she wanted to go to university, then she had to go to the third year of high school and take the college entrance exam.

Yan Huan had said that in her previous life, the most regretful thing was that she did not go to university. So if there was a chance, she had to go to university.

So now, no matter how difficult it was, for the sake of a dream of university, no matter if it was him or Yan Huan, they had to persevere.

Actually, many people had gone through this way. It was the same for him, and it was the same for Yan Huan.

Even though she had the ability to cheat, even though she could guarantee her exam results. She could place as many places as she wanted, and she could even control how many points she got.

However, she still had to do what she was asked to do.

She also had to memorize what she had to memorize.

What she had to learn was to study together like the other students.

Therefore, she did not earn much compared to the others. In fact, she was more tired than the others. After all, the students were all focused students. However, other than going to school, she still needed to film.

“So Tired?”

Lu Yi sighed and did not move. He casually took Yan Huan’s homework.

When he saw the answer above, he could not help but smile in relief.

“Mm, not bad.”

He had already finished answering.

It was still considered gratifying. He had some self-control. Lu Yi touched Yan Huan’s forehead. He was really helpless against this strange girl. In his previous life, he had been spoiled to the point of being lawless, in this life, with this strange strength, he did not know how wild he would become.

He then placed his notebook on the table and busied himself on it. At this moment, he had funds and had accumulated more than a billion. Of course, this had nothing to do with the Lu family. It was all earned by him over the past few years, some people might not believe it. Lu Yi’s net worth was already in the billions. Moreover, he had a piece of land that was almost the most valuable in Hai City. If he sold this piece of land., then his assets would probably increase by several times.

Of course, now was not the time to use this piece of land. He would wait until it could be used. There were two pieces of this land that Lu Yi would not sell. One was the Ye family’s airport, and the other was the future Linlang’s, as long as the land was in their hands, if they wanted to build these two iconic buildings of Hai City, then they could give the least amount of things and obtain a greater return.

He then looked at the page. The place shown on the page was the place that Yan Huan had said he had been to before. It was none other than the underground trading market.

In fact, Yan Huan was still a little off. This underground trading market was far more complicated than she had imagined. Such an underground trading market had actually existed since ancient times, it had been hidden in the market all the way until now. It had been in the country for the past few years. Later on, it was a little inconvenient in the country, so in the end, they all moved abroad. Therefore, they all thought that there was no news, in fact, the news was not important. As long as you had the ability, you could go.

Lu Yi found out that the most recent event was in the sea city. In three days, he was going to go once. He was prepared to go over and take a look in the next few years. He had to buy that sapphire.

Chapter 2483: saw the Sapphire again

That Sapphire had saved their family's lives in her previous life, so it was something that should belong to the Lu family. When she got her hands on it, it might be a form of consolation for Yan Huan, she didn't have to put too much pressure on herself every day.

After all, that was a ten billion yuan item. It could definitely support the Lu family's glory for a hundred years.

Yan Huan did not know about this matter. She had been busy with filming recently. Otherwise, she would not have to come back so late every day to study. It was just to not miss too many lessons. When she returned to school.., it was embarrassing to be ignorant again.

When this day arrived, Lu Yi arrived early in the morning. Although he had never participated in such an underground trade fair, he had heard Yan Huan mention it before, so he was not unfamiliar with it, he took a mask and put it on his face. At this time, there were no future electronic tickets. Instead, there were real-life tickets. He handed the tickets to the security guards at the entrance, after those people carefully checked the tickets, they let Lu Yi in.

This was the first time Lu Yi had seen this place. It was all unique to this era. Of course, it was also much simpler than in the future. At the very least, no human organs had been sold yet, there were also no large numbers of electronic products being sold. Even if there were, they were all products of this era. Lu Yi's previous generation had seen extremely high-end electronic products, so he really didn't care about the things here, however, there was nothing he could do about it. The world was progressing and the era was developing. The electronic products were also changing from generation to generation.

In the end, he still chose a lighter laptop for himself. At the very least, it would be better than the current one. He also chose a mobile phone for Yan Huan. Although the mobile phone had gradually become lighter and thinner, but.., the ones sold here were indeed better looking than the ones sold on the market. They were also barely passable, so he took one

Of course, there were also cases of human trafficking here. As long as you could afford it, no matter what color the person was, there were all kinds of people here, and there were also a lot of antiques here.

If one knew the trade, this was indeed a good place to make a fortune. After all, the antiques produced here were all real. Lu Yi picked a few and brought them home. Although there was enough at home, it was still better to buy some, these things could not be bought with money in the future. This was also the cultural heritage of their country. Of course, it also depended on the old master's intention to keep all of them or donate a few to the country. After all, there were some things here., they were not eye-catching at the moment, but in the end, they were all priceless. Of course, it was also not something that money could buy.

He walked around inside but could not find the sapphire. He could not help but feel a little disappointed. After all, the main purpose of his visit this time was to find the sapphire, but he had returned empty-handed.

Perhaps he could only wait for the next opportunity. Such an underground trade fair was held once every three years. If it really belonged to them, it would return to their hands no matter what, when he was about to leave with his things, his sharp eyes discovered that there seemed to be a flash of blue light in an inconspicuous stall. After which, he had an inexplicable feeling that it was waiting for him and also seemed to attract him, this was a very mysterious thing. If it was the Lu Yi of his previous life, he would definitely not believe such a thing. After all, he was an atheist. However, after he was reborn, he knew that., there were many things in this world that science could not explain.

He walked over and squatted on the ground. Then, he reached out his hand to the thing on top and picked it up. After he took down a few things, there was a gray stone that was not even a little gray.

Lu Yi took out a few things from inside and asked for the price.

The prices were not too expensive. Although it was very old, it was made of gold. The material of these items was gold. Lu Yi could guarantee this. Of course, in an underground trade fair like this., they would never sell things that were too cheap.

Although these items were old and could be exchanged for money, they could still buy a few pieces of clothes for Yan Huan. To an ordinary person, they could be considered a huge fortune. However, to Lu Yi and Yan Huan in this life., they were indeed like mosquito legs.

Only then did Lu Yi obtain that inconspicuous stone. The feeling in his hand was so real. That's right, this was it. There was nothing wrong with it. It was as if they were in the cycle of reincarnation., even this gemstone was following their cycle of reincarnation.

Therefore, this was theirs, and it was indeed theirs. It also belonged to them.

"What about this?" Lu Yi asked casually and threw the gray stone aside. As for the first few pieces of gold equipment he picked, he didn't seem to pay much attention to them.

The peddler was anxious, and his forehead was sweating nervously.

The tickets here were quite expensive. He had thought that he could catch a few big fish so that he could eat and wear for a while, but when he arrived, he realized that this place wasn't as beautiful as he had imagined, the people who bought these things were all from the big stalls. His half-new and not-too-old and not-too-expensive items were not sought after by anyone. It looked like he was going to be bald today.

It was not easy for someone to come and ask for a price. Regardless of whether it was a big fish or not, he had to eat this order.

“How about this...”the peddler gritted his teeth. He felt that his teeth were about to be sore. Finally, he hardened his heart. However, his heart really hurt.

“Don’t look at these things that are old. They are all made of pure gold. It wasn’t easy for me to get these things. I don’t want you to have more. Just give me this number.”That person stretched out his hand.

“Five thousand?”

Lu Yi raised the corner of his lips indifferently.

The peddler was stunned. His eyes widened and he hurriedly nodded. That’s right, that’s the number.

He actually wanted five hundred, but this person said five thousand, which was beyond his expectations. Even if it wasn’t five thousand in the end, it was still fine to give him two thousand.

Lu Yi took out his wallet and pulled out a stack of money from it. Currently, there was no electronic accounting method. Of course, there was no future mobile phone payment. Most of it was cash, and there wasn’t even any card swiping here, therefore, the people who came here all carried very large bags. The bags were also filled with cash, and all of them were used for consumption here. Of course, no matter how much cash they brought., it was impossible for something like a plot to happen here. They were all transported by car. Furthermore, the security system here was very good, and no one dared to offend the person-in-charge of this trade fair.

Chapter 2484: Write your own homework

He took another look at the gray stone. No one knew what he was thinking, but his eyes remained very calm. There was an indescribable distance in his calmness.

“I’ll give it to you. I’ll give it to you. It’s free.”The vendor seemed to be afraid that Lu Yi wouldn’t buy it. He quickly stuffed the gray stone into Lu Yi’s arms and the pile of old gold. He stuffed it all in, he wouldn’t return it if he sold it anyway. He didn’t have three bags with him.

Of course, Lu Yi had no intention of returning it. He threw the gray stone into his pocket, picked up the few pieces of old gold, and Strode out.

His luck seemed to be pretty good. He managed to get the gem in his hands in advance. However, this gem wasn’t something that could be sold now. Ten years later, it would bring a significant amount of wealth to the Lu family.

After returning home, Yan Huan was extremely serious today. She was also very conscious as she held a pen and was writing her homework. The classes in high school were getting heavier and heavier. Right now, other than working overtime every night., there was really no other way. She could not learn anything as long as she did well in the exams. However, Lu Yi did not agree. If she did not work hard herself, she would definitely end up in Lu Yi’s hands., that Lu Yi would definitely skin her alive.

“Why are you so obedient today?” Lu Yi walked over and sat opposite Yan Huan. He was indeed obedient and proactive. It was rare to see Yan Huan take the initiative to learn, she was the type of person who could not achieve anything without fighting.

Yan Huan raised his eyelids. “I have to be obedient. The teacher has given me too much homework. If I don’t write it now, do you want to help me write it?”

“Then you...” Yan Huan’s face was full of anticipation. “Will you help me write it?”

“Think about it.” Lu Yi unceremoniously destroyed all of Yan Huan’s hopes. That’s right, just think about it. Just Dream on. How could Lu Yi let someone become Yan Huan’s hot commodity, people like him disdained such things the most. He was a prosecutor, so he could not tolerate the word ‘fake’.

“I knew it.” Yan Huan picked up the pen again and wrote her homework. It wasn’t that she had no choice. She knew her own limits. Otherwise, how could she bury herself in these books every day.

After all, whenever she saw a textbook, she wanted to doze off. With great difficulty, she finally overcame such a bad habit and became a good student who loved her students.

Yan Huan yawned and wiped away her tears. She wasn’t crying, she was sleepy.

Sigh, these days were really not easy.

It wasn’t easy for her. She started writing from nine o’clock until it was almost ten o’clock. Only then did she finish writing. However, she was so sleepy that she wanted to sleep on the table. She didn’t even want to sleep on the bed and pillow.

“Go back to the bedroom and sleep.”

Lu Yi patted Yan Huan’s face. What was it like sleeping here? What if she caught a cold?

“Carry me,” Yan Huan rubbed her eyes. In any case, she did not want to leave. She either had to carry her or let her sleep here. She had never known that.., lu Yi was really a scapegoat.

Lu Yi pinched Yan Huan’s face hard.

In this life, her temper had indeed grown a lot. Of course, she was also a violent woman.

Lu Yi helped Yan Huan cover herself with the blanket before walking out. He then placed his phone beside Yan Huan’s bag. She would be able to see it the next day as soon as she woke up. She would have to make do with this first. It would not be long before.., the era of mobile phone updates had also arrived. At that time, she would have all kinds of mobile phones she wanted. Of course, she must not forget Yan Huan’s identity.

Yan Huan had endorsed many mobile phones in his past life. Her mobile phones had always been given to her by those merchants, so she had almost never bought one herself. Even he had followed suit.

As for the Sapphire, Lu Yi placed it on the table.

She would know when she saw it.

No matter what happened, they still had one last move. If that was the case, who knew if that woman who had always been as stubborn as a donkey would not push him so hard.

He could see that in this life, Yan Huan had forced himself into a tight bow. If he was even a little careless, he might be forced to death.

It was rare to be able to do it all over again. There was really no need to be so tired. Wasn't there still him?

However, Lu Yi would not interfere in Yan Huan's life trajectory. The path she wanted to take, and the kind of path she wanted to take, was up to her to decide.

He turned around again and sat in front of the desk. He took the homework that Yan Huan had just done and flipped through it page by page.

He took the pen and started to annotate it.

This was Yan Huan's mistake when he was solving the problem. Such a small mistake was not considered a big mistake. As long as he corrected it, it would be fine. He was afraid that it would be a mistake, but he did not know how to correct it.

Fortunately, Yan Huan's awareness of this point was quite high. He would not fight to the death with him on learning.

After he finished his annotations, he kept the books and notebooks on the table. Then, he took them over and placed them in Yan Huan's bag. Only then did he go to rest.

Tomorrow was his normal work. The work of the Procuratorate was extremely easy for him. Therefore, he never took his work to heart.

What worried him was Yan Huan.

By the time he woke up, Yan Huan was already awake. She had also prepared breakfast for him. Of course, she was very conscious for the rest of the time. At this moment, she was holding a book and reading it. This was a good habit.

After eating, Yan Huan saw that he had woken up. He put down his book and ran into the kitchen. He scooped a bowl of porridge for Lu Yi. The two of them were an old married couple. The tacit understanding between the two of them.., it didn't just happen overnight.

This was their understanding of time. It was only after a long period of time and long-term companionship that they got used to it. And this kind of habit would last for a lifetime. Once it came, it would be impossible to change.

Yan Huan took out two bowls from the kitchen and placed them in front of Lu Yi.

Lu Yi took the chopsticks and started eating. Then, he turned around and glanced at the table. He kept his phone and she saw it.

"Where did you find that gemstone?"

Yan Huan asked Lu Yi with a smile. She was very calm now, but she wasn't so shocked that she jumped up and screamed a few times. This gemstone had been with her for three lifetimes. Ten billion., that was a lot of money. Of course, she had already placed this gem in the safe. It was hidden well and no one could find it. Their place was safe as well., even a mosquito could not fly in, let alone a thief.

Chapter 2485:

Therefore, Yan Huan was not afraid that her gemstone would be stolen.

And where exactly did she find it? The Lu Yi of this life was simply omnipotent.

"I bought it from the underground trade fair."

It was that place again. Yan Huan did not have much interest in the underground trade fair. It was mainly because that was where Arnold came from. Therefore, she had an instinctive resistance and dislike towards that place.

However, in her previous life, that Sapphire had been found from that place, so it was probably the same in this life. This time, Lu Yi had really found it.

"How much did you spend?" Yan Huan propped up his face on the table. He had a faint smile on his face, and his eyes were full of tears. The young girl's skin was really good. It was simply flawless.

"Take a Guess?"

Lu Yi had also learned to keep Yan Huan guessing.

"En..." Yan Huan tapped his chin.

"One million."

She said a very low-key number. Of course, this one million was several times lower than when she bought this gemstone in her previous life because she was still counting the time. The time was not up yet., the price did not rise so quickly, so the figure of one million yuan should be quite conservative.

Lu Yi shook his head. "No."

"Then five hundred thousand?"

Yan Huan guessed again.

And Lu Yi shook his head again.

"One hundred thousand?"

Yan Huan narrowed her eyes. "It can't be that cheap, right?"

"Miss Yan," Lu Yi reached out and poked Yan Huan's face. "You must know that one hundred thousand yuan now can buy half a small house in the suburbs of Hai City."

"How much is that?" Yan Huan was indeed impatient.

Lu Yi raised the corner of his lips again.

“I didn’t ask for money.”

“You didn’t ask for Money?”

Yan Huan stood up in joy. How could she not ask for money? How could she give it away for free.

“I didn’t ask for it.” Lu Yi picked up some vegetables elegantly and put them in his mouth. “I bought some old things and gave them to me.”

Yan Huan really wanted to strangle Lu Yi’s neck.

Wasn’t her luck a little too good? In her previous life, she had spent a lot of money, but when it came to Lu Yi, how did it become a free gift?

This was too much of a bully.

Height was a bully, body muscles were a bully, IQ was a bully, and even luck was a bully.

Yan Huan grabbed her schoolbag, grabbed a bun from the table, and started eating.

I’m leaving first. I’ll wash the dishes when I get back.

Yan Huan waved her hand at Lu Yi. She didn’t want to talk nonsense with him anymore. She had to go to school, or else she would be late. If she was late, she would have to stand outside and be punished, best Actress Yan couldn’t afford to lose face like this.

She ran downstairs and pushed out her small bicycle from the garage. She rode it and left. She had a bicycle and she knew how to drive it. However, she wasn’t an adult yet. Besides, she had to keep a low profile as a student.

Even though she couldn’t keep a low profile no matter what.

Yan Huan parked her bicycle in the school and then carried her bag as she ran towards the classroom. Perhaps it was because she had appeared in school many times, and everyone was already familiar with her, therefore, she didn’t have the same kind of unblinking gaze that she had when school first started.

After all, she was actually just a person. An ordinary person with two eyes, a nose, and a mouth.

She walked into the classroom and smiled as she greeted everyone. Of course, it was the same for her classmates. They were very familiar with each other. When she was filming, she would bring small gifts to them. Her classmates were also very good to her, therefore, to be honest, other than being a little busy with her studies, there was nothing else in this high school. It was quite interesting. As long as it wasn’t that tiring, it was just a pity that she was still so busy, she was still so tired.

And she had always been busy with her own things. She was also living in such a relaxed and busy environment. Of course, things like The Troubles in her past life had never come to him.

Therefore, she lived a rather carefree and comfortable life. She could do whatever she wanted. In the entertainment industry, no one dared to bully her. Now, not only did she have her own acting skills and

statement, but she also had her own backers, of course, the most important thing was not to forget that she had backers

Her backers were quite strong.

At this moment, her backers were in the Liuyuan Garden. Qin Xiaoyue's half-dead wailing could be heard from the Liuyuan Garden from time to time.

"Dad, Dad, you have to avenge our Lu Qin..."

"Look at our Lu Qin's arm." Qin Xiaoyue placed her son's arm, which was still fixed, in front of Old Master Lu.

"Dad, how could this happen? How could the Ye family bully us like this? They even crushed Lu Qin's wrist and hit me. Where did they put our Lu family and your face?"

"Dad, you have to make a decision for us. You have to take revenge for us."

While she was yelling and cursing, both in the open and in the dark, she was carrying the ye family and Ye Shuyun.

What right did ye Shuyun's niece have to bully her son? She broke his bones and humiliated her. What? She just wanted to let it go? She didn't even have any intention of apologizing.

Was she treating them as if they weren't human? Was she looking down on the Lu Family?

If Ye Shuyun didn't give them a proper explanation, she wouldn't give up no matter what.

Lu Yi stood to the side and looked at the clown-like Lu Qin and his mother indifferently. His lips were slightly pursed, but the irony in his eyes could be seen, it had always been Lu Qin and his mother.

Old Master Lu was obviously not a fool. If Qin Xiaoyue hadn't moved her mouth a few times, howled a few times, and shed a few tears, he would have really believed it. He would have slapped his old face and fought with the Ye family, Lu Qin and his mother were not qualified to make him fight with his life.

At this moment, Old Master Lu was playing with the board finger on his thumb. This was a good product. It was a high-quality emperor glass seed, and it was even new. It was the best piece of water color that had been specially cut out from the jade that he had bet on, it was made according to his finger. It was said that Jade raised people. Of course, it was also very honorable to bring it along.

This jade finger was really sent to old master Lu's heart. The old father and son used to like to play with antiques, but his temper was really too bad. He was also too hot-tempered. He would throw dishes and bowls at any time, he didn't know how many good things had been thrown by him, and those were all real antiques. They were not fakes.

It was also unknown how many times Lu Jin's heart had been pained by this. Old Master Lu had fallen to his heart's content, and after the fall, he regretted it even more. His temper was even more explosive, and if it exploded, he might fall again. Ever since he had this board finger, he had never thrown anything again, and of course, he was even more reluctant to throw his most beloved board finger.

Chapter 2486: did not dare to say

From then on, his mother no longer worried about the safety of the Lu family's antiques. She could completely leave these behind for the future generations of the Lu family, and these would be the foundation of the Lu family's culture.

Back then, he had actually destroyed so much of the Lu family's heritage and culture. In the past, when he did not care about it, he did not feel that it was a big deal. Anyway, the things were all his. He could smash them if he wanted to, and keep them if he wanted to.

However, after he found out about it, he regretted it. Of course, he also lifted it up to smash that morning's items.

Those were all left for future generations. However, they could not be turned into worthless fragments from his hands. Even if he wanted to repair them, he would not have the ability to glue those broken antiques back together.

Look at how good this jade finger was now. This was a gift from the granddaughter of the Ye family who had found it for him. It was very disrespectful to his identity and intentions. Of course, when he mentioned the granddaughter of the Ye family, he felt quite comfortable in his heart.

In the past, he had either had problems here or there. Of course, other than physical problems, there were also problems with his thoughts. It could not be said that he had changed too much. It could only be said that he had lived for too long, his personality also became more and more strange.

The granddaughter that the ye family had found was not close to that old man ye Jianguo at all. She was not willing to return to the ye family, but was close to him. Look, his face was indeed much more pleasing to the eye than the one from the Ye family.

And every time he thought of this, naturally, he would feel extremely happy in his heart. If his mood was good, it meant that he did not like to break things. Of course, even if he wanted to break this finger, he would not be able to do so. He would fall here and there, what was the meaning of this? No matter how much he fell, he would not be able to kill anyone. When the time came, he would have to make his heart ache. Therefore, he could not break this finger.

Of course, it was just as he had said. If he took someone's hand short, he would eat their mouth soft. After receiving so many gifts from others, how could he not be short-handed? He lifted his eyelids indifferently and his needle-like gaze swept over Lu Qin.

Lu Qin's body suddenly stiffened. He had always been unperturbed by such a sharp gaze from old master Lu.

In the Lu family, there were only two people he feared the most. One was old master Lu, and the other was Lu Yi. Old Master Lu had spent his entire life in the military. He had spent his entire life fighting the Japanese, having experienced civil war, of course, he had many lives in his hands. As long as he dug out his butt, old master Lu would know what kind of shit he was going to shit. Thus, ever since he was young, in front of Old Master Lu., he had never done anything good. Even if he wanted to throw a tantrum, as long as he was here, he would not even speak.

As for why he was afraid of Lu Yi, it was not because of anything else. It was because Lu Yi was the most similar to Old Master Lu. He was also the most similar to the members of the Lu family. His IQ was extremely high and his vision was accurate. Of course, he was also very painful when he beat people up.

Lu Qin had naturally been beaten up by Lu Yi before.

It was guaranteed. He did not expect that he would actually be beaten up by Yan Huan this time. He had even been beaten up by a woman. Moreover, she had even cupped his hand until the bones of his hand were shattered. How could he swallow this down, how could he swallow this down.

Old Master Lu still had the same expression in his eyes. This also caused Lu Qin to involuntarily tighten his grip on his clothes. The injury on his hand bowl could not help but start to throb in pain. It was so painful that a layer of sweat had appeared on her forehead.

“Father, you must make a decision for our Lu Qin.”

Qin Xiaoyue saw that old master Lu did not speak for a long time. Other people were not anxious, so she naturally became anxious first.

“What do I have to make a decision for him?”

Old Master Lu played with the jade plate finger on his finger again.

“Lu Qin, why did she crush your hand bone? Tell me why. As long as you tell me why, I will immediately go to the ye family to demand an explanation and seek justice for you.”

“I...”

Lu Qin licked the corner of his dry lips. No matter how he looked at it, he could taste the bitterness in his mouth.

How did she crush it? What was the reason? This directly stumped him. What else could he say? How could he have the face to say that he only wanted to flirt with Yan Huan, to seduce Yan Huan, to seduce an underage high school student, and to want her resources and fame?

He originally thought that she was a soft and cute girl, but in the end, she wasn't a girl. She was simply a girl who had become too strong. This was the first time he, Lu Qin, had kicked such a hard iron plate.

Not only did he break his bones, but he was also completely speechless and had nowhere to complain.

“Say it!”

Old Master Lu placed his hand on the table and slapped it hard. Lu Qin, say it for me.

“I...”

Lu Qin was shocked and couldn't utter a single word for a long time.

“What? You Don't want to tell me or you don't dare to?” Old Master Lu narrowed his eyes and spat out sharp words, “If you don't want to tell me, I'll tell you. You'd better take back your methods of seducing women.”

“Don’t say that Yan Huan is a member of the Ye family. It’s mainly her fault. They’re both underage children. Lu Qin, you’re bold enough. I don’t care what happens to you outside. That’s your own business. Who You Want to talk to is also your business. But don’t ruin my Lu family’s reputation. Do you want that Old Man Ye to point at my nose and scold me? You deserve it this time. I think breaking your hand is considered letting you off easy. Just like that, you still want me to seek justice for you. I don’t have the ability to find such justice for you. If you want to find it, go look for it yourself. You Go look for ye Jianguo and look for the Ye family.”

Old Master Lu’s words did not give Lu Qin any face at all. He also scolded Lu Qin to the point where he was so humiliated that he vomited blood on the spot.

Lu Qin really kicked an iron plate this time. He was almost smashed into pieces.

Of course, he did not dare to seek justice. Moreover, he went to the ye family to seek justice. Ye Jianguo’s temper was much more explosive than old master Lu’s. The Ye family’s people were protective of their own shortcomings, everyone in their circle was aware of this.

Moreover, Lu Qin did not dare to offend the Ye family. If he really offended them, the Lu family would not help him. It was also impossible for them to become enemies with the ye family because of him. That was Lu Yi’s uncle’s family and not his.

At this moment, he fiercely glared at Lu Yi. In the end, he was faced with Lu Yi’s pair of cold pupils. Those pupils were very black and too dark. It was even more wordless, causing Lu Qin to feel fear. The broken bones on his wrist twitched once again, such pain was almost unbearable to him.

A bean-sized bead of cold sweat fell from his forehead.

Qin Xiaoyue left while cursing Lu Yi’s family. She also hated Yan Huan in her heart. She had never suffered such a big loss before. If she did not take revenge, how would she be able to establish herself in the Lu family in the future.

Originally, Ye Shuyun had always been stronger than her.

They were clearly the Lu family’s wives.

They had given birth to a son.

Chapter 2487:

They were all carrying on the family line for Lu Qin, but why was ye Shuyun always stronger than her? Even the house she was living in now belonged to her uncle Lu Jin, so the noodles didn’t belong to her and her son

They could have had dinner together, but now there was a courtyard wall in the middle, separating the two courtyards. Now, even if she wanted to disgust ye Shuyun, she couldn’t do it, let alone steal some things., and save some money.

She tolerated all of this, but tell her why ye Shuyun bullied her. Ye Shuyun’s niece also bullied her son and broke her son’s hand bone.

If she really tolerated this matter, would she have to be a turtle for the rest of her life?

And when she looked at the plaster on Lu Qin's hand bowl, a sinister look flashed in her eyes.

"Ye Shuyun, I won't let you off."

"Yan Huan, I'll make you pay for what you've Done!"

Yan Huan placed her school bag in the basket of her bicycle. Then, she got on her bicycle and rode forward. However, after riding for a short distance, she realized that someone was following her.

Yes, following her.

Who was following her.

She deliberately slowed down her bicycle. In fact, she wanted to know who was so interested in her and had been following her for such a long time. What was going on? Was this a celebrity chaser or a money chaser.

If it was a celebrity chaser, then it was easy to say. She could even fulfill his wish with a signature and a photo.

However, if he really had other intentions, then she was sorry. Her fists did not bother him. Moreover, it had been a long time since she had a good fight, which was why she was itching to fight.

She deliberately rode the bike into an empty path, and the footsteps behind her also became more frequent. Judging from the footsteps, there were probably three or four people?

And the footsteps were slightly heavy.

She couldn't feel any kindness, only malice, only intent, and only scheming.

She slightly curled the corners of her lips. She had grown up until now, but she had never offended anyone. Of course, her smooth handling of things made her reputation and connections in the entertainment industry quite good.

She believed that she did not have any enemies.

Moreover, she seemed to only have one enemy. Up until now, she was only an enemy. As for the others, she had yet to meet them, so they did not count.

She propped her feet on the ground and stopped her bicycle.

The moment she stopped, a one-syllable word was clearly transmitted into her ears. Her red lips curved even more. That kind of curvature was clearly an innocent and innocent face., her eyes were clearly clear. She was clearly a young lady with an innocent and innocent face. It did not possess any lethality.

However, this smile of hers caused one's hair to stand on end. As long as someone saw it, as long as someone noticed it.

Yan Huan could hear the footsteps of those people running towards her. It became increasingly chaotic and anxious.

However, she did not move. When a hand reached out and wanted to grab her shoulder, she directly grabbed that wrist. It was clearly so white, so tender, and so thin.., but it made a grown man feel unable to move. His entire arm became numb. Of course, his face also turned purple.

Then, with a plop, she just..

Gently.

Yes, gently.

Gently..

With a swing.

The person was thrown out. Then, the person crashed heavily into the wall at the side. She was still smiling like a flower. Her soft and cute appearance and sweet smile made people's scalps go numb.

Where did this monster come from? Was this still a woman? A woman could throw a man away. This was an arm, not a crane.

But this was what had happened. They had seen it with their own eyes and heard it with their own ears.

"Brothers, give me..."

Before the leader could finish his sentence, a fist had already smashed towards him, hitting half of his face. Before he could react, he felt the scenery in front of him shake, with a plop, his old waist was about to break. The person who was pressing down on him behind him let out a muffled groan, almost causing him to cough up a mouthful of blood.

In the end, in less than a few minutes, he was about to cough up another mouthful of blood. The weight on his body increased again, and another person was smashed down. When the others saw this, they wanted to run away, no longer caring about their boss and brothers.

It was at this time that everyone knew how to do things like 'Die a fellow Daoist, not die a poor Daoist'. Therefore, abandoning one's companion now was such an outstanding quality. It was also the best quality of a brother.

However, before they could walk far, the necks behind them tightened, and then they were directly pushed onto the ground.

Yan Huan clapped her hands.

There weren't so many fights in her past life. She clenched her wrists tightly. She could really be considered a martial arts expert now, but she just couldn't understand why she still couldn't beat Lu Yi.

Although she had great strength, her attacks weren't strong enough. Lu Yi could use a method of four taels of silver, but she still couldn't deal with him.

Lu Yi had said that she could not use her brute strength to its fullest because she had not been properly trained. However, fighting and beating people were not bad. Crushing People's hands and bones was not a problem.

She walked over and stood in front of the men who had piled up like arhats.

Then, she squatted down in front of them.

“I’ll give you ten thousand. Tell me, who let you guys follow me?”

Yan Huan did not mention any threats. Sometimes, there were no threats, and no one would not go against money. At this moment, ten thousand was already a very large sum. Although she already knew in her heart who wanted to deal with her., who Dared to make a move against her? However, if she heard it with her own ears, she would confirm it again.

Those people were now being beaten until they cried for their parents. They were all regretting having accepted such a deal. Now that they had been beaten up to such a state, they did not know if their hard-earned money would be enough to pay for the medical expenses.

When they heard Yan Huan Say Ten Thousand, they only made a move but did not move their mouths.

They were quite righteous in the pugilistic world. Since they had taken the money from the other party, they had to help the other party out of trouble. Hence, they were naturally poor and lowly, and rich and noble could not be moved.

Yan Huan stood up and kicked the person at the top down.

“Ouch...”that person screamed and fell to the ground. His facial features were twitching from the pain.

“Aunt, stop kicking. It hurts.”

How was this a human’s foot? This was obviously a hammer from somewhere?

Chapter 2488: continued for the rest of her life

Yan Huan walked in front of the man who was screaming in pain. Then, she lifted her foot and placed it on a certain part of the man’s body. The Man’s face was originally pale, but it turned green in an instant. Great-aunt, you can’t step on this place., if you step on it, you’ll become a eunuch.

“Speak, who is it? I asked you to follow me, but you didn’t listen to my good words and didn’t want the good money. Do you have to have a pain in your balls?”

Of course, such a wicked method was taught to her by Zhu Meina. This method was the most effective way to deal with men. No man wanted his balls to be shattered and he wanted to be a eunuch.

“Great-aunt, don’t...”

The man hurriedly covered a certain part of his body with his hands. What kind of sin did they commit? Why would they provoke such a female king.

Was she still a woman?

Yan Huan finally retracted her foot.

“Then say it. Don’t refuse the toast and refuse the punishment. Otherwise, I will definitely let you know what is called a testicle’s yousang?”

Yan Huan admitted that she had become bad. Of course, she could not let Lu Yi know that she had become bad.

In front of Lu Yi, she was still a young and beautiful girl.

For the sake of her testicles, the man’s nose was Snot and tears were flowing down his face. He had no choice but to tell her that he was truly afraid of losing his life, but not of dying. He was afraid that he would not be able to win.

Yan Huan patted his own hand again. As expected, it was her.

Qin Xiaoyue, this skin was really loose. It should be tightened a little.

She asked some more questions. How could the man not answer honestly? If he did not answer, then his testicles would be shattered.

Yan Huan also remembered what he said. She let these people go. Of course, these people were also beaten up quite badly by her. Don’t think that she liked to repay grudges with kindness. She had lived for three lifetimes, she would never become a saint in any lifetime.

The word ‘good person’ also depended on who it was used on. To some people, they would never remember who they could not offend, who they could not offend, and who they should stay away from.

And if they really did not know, she did not mind teaching some people how to behave. As a person, one had to know that it was better to avoid the important things than the important ones. Sometimes, it was best to avoid certain people, or else..., the only one who would be at a disadvantage was herself.

Qin Xiaoyue moved her butt from time to time. Why did she feel uneasy? It had been so long, and there was still no news?

Could it be that she had failed?

This was impossible. Qin Xiaoyue shook her head. Yes, it was impossible. It was impossible to fail.

Yan Huan was just a little girl. What ability could she have? She had found several people. This one person might not be able to deal with her, but if there were several of them, then even if she had wings, it would be impossible for her to escape.

When that time came, if people found out that Yan Huan was fooling around with a bunch of people at such a young age, Hehe... the corner of Qin Xiaoyue’s eyes lifted, and her heart was incomparably happy.

At that time, she would have to take a good look at how ye Shuyun was going to lose face. Wherever she went, she would lose face. Of course, this included the Ye family. The Ye family and ye Shuyun’s family were involved in such a scandal, the Ye family would never be able to hold their head up high for the rest of their lives.

Weren't they very proud of themselves? weren't they looking down on others because of the Ye Family? Fine, she would make them look down on others., at that time, all the spittle would be spat on their faces.

The more she thought about it, the more excited she became. The more she thought about it, the more delighted she became.

Suddenly, the phone that she put aside rang. She hurriedly ran over and took out her own phone.

Ms. Qin, we have done everything you asked for. Bring us the money and remember to deliver it to me exactly as we asked.

There was a series of strange and fearful voices on the phone. Of course, other than that, there was nothing else. Before Qin Xiaoyue could ask about the specific situation, the other party had already hung up.

Of course, Qin Xiaoyue did not think too much about it. It could also be because she was too excited. Perhaps it could also be said that she was not that smart in the first place.

She didn't even think about it before opening a drawer at the side. She took out a large amount of money from the drawer and stuffed it into the drawer in annoyance. She didn't inform anyone either, she walked out. Of course, she went to the place they had agreed on.

She didn't have the slightest doubt that the people she invited had failed. This was just a complete set-up to trick her. It could also be said that someone had dug a hole for her.

To think that she was so pleased with herself along the way. It was as if she would be able to see that happy scene immediately. It was too exhilarating.

As she thought about it, she actually laughed as she walked, as if she was a lunatic.

When she reached the agreed place, she hugged her bag tightly and walked into a small alley. It was very quiet here, and there were no humans. She was not afraid at all. In fact, she was even excited.

However, before she could be proud of herself for long, she felt her nose turn sour as if she smelled something.

With a bang, the money in her hand fell to the ground and she fell to the ground.

A woman was staring at her from above. If it wasn't Yan Huan, who else could it be?

Yan Huan squatted down and really wanted to give Qin Xiaoyue a slap. She really did not want to get along with this woman for a few more years in this life. She did not have that much patience.

In her previous life, how did they end? In this life, they would continue.

Oh right, so what if she bullied people? If she had the ability, she would be reborn. If she had the ability, she would be reborn again and again. Yan Huan was just lucky, so what if she was lucky?

She took out a bottle of medicine from her body, pinched Qin Xiaoyue's mouth, and stuffed the medicine into her mouth.

Don't ask where these medicines came from, but they were just some stimulants. They were quite common, and they were sold everywhere.

Mm... She shook the bottle in her hand again. Eating only one pill was a bit too little. Although the instructions on the bottle said that one pill was enough, Yan Huan still felt that one pill was far from enough.

This woman in her forties was like a wolf and a tiger. Moreover, it had been many years since she had eaten meat. If she didn't help Qin Xiaoyue, she would feel sorry for her, moreover, don't think that Qin Xiaoyue was some kind of chaste and virtuous woman.

How could a woman like her keep her virginity for Lu Jing? Everyone knew this. Only Qin Xiaoyue thought that she had done it secretly. In fact, everyone knew it, she just didn't say it because it was embarrassing.

Since Qin Xiaoyue liked to do this kind of thing so much, how could she not do it for her? who asked her to be such a smart and cute young beauty.

Chapter 2489: minors

After Feeding Qin Xiaoyue the medicine, she immediately lifted Qin Xiaoyue up. It was all thanks to her great strength in this lifetime. Otherwise, with Qin Xiaoyue's tonnage, she really didn't know.., how could she carry her over.

OK, done.

Yan Huan clapped his hands, satisfied to hear one voice after another not far away.

A woman in her forties was indeed like a wolf and a tiger, not something an ordinary woman could compare to.

Tsk, who would have thought that Qin Xiaoyue was really like a wolf and a tiger. Could she have squeezed all the men dry?

She smoothed the corner of her clothes, then turned around and left in large strides.

"Qin Xiaoyue, Lu Qin, enjoy the gifts I've given you."

I Won't wait for you to harm me. If I don't Cripple You, I won't be called Yan Huan. After all, there's a saying in this world that goes like this: Sympathy for the enemy is cruelty to oneself.

Initially, she wanted to let them live a few more days with pride, but in the end, they were the ones who wanted to die. They didn't want to cause trouble for her.

Fine, they could look for trouble as they pleased. Yan Huan naturally wouldn't reject them. However, he wanted to know if they could bear the consequences of provoking her, especially since she was the one who had a feud with them from the beginning.

Not long after, a few people walked past and heard a sound coming from the alley. TSK, the sound was so loud that it gave people goosebumps.

The few young people looked at each other. One of them pointed to his bag and winked at the other two.

Coincidentally, he had bought a new digital camera today. This camera was really expensive, and he hadn't thought about how to use such an expensive camera, what could he shoot to make up for a camera that cost over a thousand yuan.

This was his chance.

Who asked them to be so bold, to actually fight in the wild here.

The few of them quietly entered the alley. Sure enough, they saw two white blobs of bodies engaged in a fierce fight. One of the young men directly took out a camera from his bag, although they didn't manage to capture the entire scene, they managed to capture quite a few. Moreover, this camera was really not bad. It was even high definition. The human faces were clearly captured. Even the expressions were clearly captured.

Coincidentally, it was also the time when the internet and internet cafes were rising. The few young men didn't even think about it. They directly ran into the internet cafes and captured this explosive video of themselves, it was immediately uploaded onto the Internet.

The few minutes of the fight between the goblins had really caught the attention of more than half of the sea city.

Lu Yi immediately closed his laptop, his face not looking too good either.

"What's Wrong?"

The moment Yan Huan returned, she noticed that Lu Yi's face was not looking too good. Come on, his face was already dark. She ran over and pinched Lu Yi's face. You must be born with a dark skin. You're so young now, but you're not white anymore.

Lu Yi pulled her hand away. "Don't you already know if I'm white or Black?"

"Of course," Yan Huan admitted without a trace of embarrassment. They were already an old married couple. Although she was still a minor now, deep down, she was a very mature woman, anyway, she couldn't do anything with Lu Yi now. It was a matter of love and courtesy. Of course, she herself knew that it wouldn't be good for her body if they did it too early.

Therefore, they could still cover the blanket and chat. As for the rest, she didn't dare to think about it.

"Oh right, what did you see just now? Let me take a look too."

Yan Huanhe hugged Lu Yi's notebook and was about to open it. However, Lu Yi pressed his hand on the notebook. It was clear that he didn't want her to look at it.

"Alright, I won't read it then." Yan Huanhe placed her hand behind her back. She knew what it meant to be a wise man who knew how to adapt to circumstances.

At night, Lu Yi was actually about to fall asleep. He had worked overtime the day before and did not think about anything else. He just wanted to sleep and learn. However, not long after he laid down, he heard some sounds from outside?

He sat up and placed his hand on his forehead before gently pressing on it.

The sounds from outside continued and he really let out a helpless sigh.

No matter what, he had forgotten Yan Huan's character. With her bad temper, how could she be so easy to talk to? So it turned out that she was secretly cultivating a secret path for him. He opened the door., he also leaned his back against the door and looked at Yan Huan, who was sitting cross-legged on top of his dirty hair and playing with his laptop.

She looked straight ahead. He didn't even know that he was here?

"Tsk..."

Yan Huan was still watching with relish. When the sounds of Vixens fighting followed, her face was still not red and she was not panting. Yan Huan was indeed Yan Huan. As expected of a woman who had three lifetimes of experience.

If she was really a young and beautiful girl, she would have covered her head and blushed a lot, not to mention that she was able to study with such a straight face.

"As expected, she is like a wolf and a Tiger..."

Yan Huan said as if it was a matter of fact. However, she really did not feel that there was anything to see with these two white meat buns. However, Qin Xiaoyue really impressed her. She was so bold., she was about to break her worldview.

When she saw the most exciting scene, a hand stretched out from nowhere and closed the notebook.

Yan Huan raised her face. When she saw that it was Lu Yi, she didn't feel guilty.

"I haven't seen enough." She was about to snatch Lu Yi's notebook. It was rare to see such an exciting scene. If she didn't take a few more glances, she would be letting herself down.

"Stop it." Lu Yi poked Yan Huan's forehead.

"A minor, don't even think about reading this. Be careful not to be corrupted."

Yan Huan, "..."

How was she a minor? She was already an adult, she couldn't be an adult anymore, alright?

Lu Yi took his notebook with one hand and placed it on the table behind him.

If he wanted to, he could have deleted all these things at the first moment. There wouldn't be any news like this either. However, he didn't. Some people needed to be educated, and some people weren't worthy of sympathy.

Just like Yan Huan, he had never thought of getting along well with Qin Xiaoyue and Lu Qin. He also did not want to live under the same roof. Therefore, he tacitly agreed and kept these things.

He wanted to leave these things for Qin Xiaoyue. He wanted to let her know how ugly and disgusting she was.

No matter how many times a woman who bullied Yan Huan reincarnated, the hatred between them would only increase.

“I wonder who got it?”

Lu Yi said to himself as he touched his computer.

Yan Huan pushed open the door to her room. She would never answer Lu Yi’s question anyway. And now, she had to sleep. She still had to go to school tomorrow.

Chapter 2490: Get Lost

Sigh, as a student, this was unavoidable. Of course, it wasn’t something that could be done in private. She still had to go to school and do her homework, but the good thing was that she was about to be liberated. Another year.., another year. A year was only 365 days and nights. He would be free very soon.

Yan Huan would never tell Lu Yi that the video that went viral on the internet was actually caused by her. Of course, she would never say that Qin Xiaoyue had designs on her, but that she was schemed against by him, she did not want Qin Xiaoyue to die too quickly.

The next day, such a video was still circulating on the internet. Last night, it was half a sea city. Today, it was a sea city. If this continued, the whole country would probably know about it.

It was not until Lu Yi turned on his computer that he entered something on it. In an instant, those videos were no longer there.

Now, there was no longer any video like that on the Internet. After all, it was not something good and it had corrupted everyone. Moreover, not only did this insult Qin Xiaoyue, even people like them.., it was likely that they would also lose face once.

Although the photos and videos had been deleted, they did not forget that there were still local downloads on it. Therefore, this small video had been saved by an unknown number of people. When they were free, they would take a look, although the main character in the video was a little older and fatter, the fat on his body was also a little loose, and he was also a little uglier.

But there were people who liked this.

In the Liuyuan Garden, Old Master Lu’s face was livid.

And there were very few things that could make old master Lu show such an expression.

Qin Xiaoyue knelt on the ground, her entire body was shaking. When she thought of the video on the Internet, she actually wanted to die. She couldn’t even cry.

In fact, she didn't even know how she became like that. She had no memory of it at all. When she woke up, she found herself still lying on top of a man, and her entire body was naked. It didn't need to be guessed to know what kind of good deed she had done.

At that time, she randomly put on her clothes and ran back. However, she was quite open-minded. She was already so old. Of course, she couldn't be like some young aunts who were withered and half dead.

She might not even shed a single tear.

Actually, it was nothing, really nothing. It was just that she had done that kind of thing with a man. She would treat it as if she had been eaten by a dog. Moreover, she was so old and the other person was still young. In the end.., in fact, she had taken advantage of him.

She really did not take this matter to heart. Of course, she had almost forgotten about it. Of course, she also did not think that those images would be taken by someone and even uploaded onto the Internet, right now, the internet was very close. As long as there was even the slightest movement, it would be known everywhere. It was faster than radio waves. And now, her face had been known by the entire country. She was famous, she would be famous everywhere.

But she did not know. She did not know anything. She thought that this matter would be over. Anyway, as long as she did not admit it, it would be fine. In the end, she did not expect that the flesh all over her body would have such an ugly scene, everyone saw it.

And not long after she knew about these things, she was called here by Old Master Lu. At this moment, she was so embarrassed that she even wanted to die. But she couldn't die. She couldn't bear to die.

No matter how bad old master Lu scolded her, she refused to admit it and said that she didn't know.

"Dad, I was framed."

Qin Xiaoyue was sobbing as she was explained to herself. She wanted to get past Old Master Lu. As long as she could get past Old Master Lu, she would be more careful in the future. She couldn't make such a mistake again. After a long time.., who would still remember who?

Old Master Lu had always been the loudest but the smallest. She didn't know his personality. It didn't matter even if he scolded her for a few days. After all, it was her fault.

However, she forgot that Old Master Lu didn't break the dishes or the bowls this time. Instead, he stared at her without saying a word and was expressionless.

And now, Qin Xiaoyue wanted old master Lu to scold her. She could scold her however she wanted.

However, she couldn't be silent like this. She couldn't be silent either. Because in this way, she could completely figure out old master Lu's thoughts. Of course, this was the first time Qin Xiaoyue had met old master Lu like this.

"Dad, about that, I can explain..."she took another step forward. In the end, she would never allow herself to be in a passive situation. She would turn the tables now, she definitely couldn't let Old Master Lu have the chance to chase her out. She didn't know which wicked person took those photos and videos, but now that she thought about her naked appearance.., she didn't know how many people had seen it. To be honest, her face was burning with pain and she felt nauseous.

“Dad...”

Qin Xiaoyue saw that old master Lu still didn't say anything, so she could only shout again.

“Shut up!”

Old Master Lu finally raised his eyelids.

“Qin Xiaoyue, our Lu family doesn't have a daughter-in-law as shameful as you. Pack up your things immediately and get out of here.”

Old Master Lu was so angry that his heart ached. He had spent his entire life in the army. Although he didn't have much battle achievements, he didn't make any mistakes. In the early years, he was also a person who loved to fight, of course, as long as these people loved to fight, as long as they were alive, their achievements would be on the surface. His status wasn't less than some people. However, he didn't like to fight with others. Otherwise..., there was a place for him among the leaders now.

And the most important thing in his life was his reputation. The most important thing was his face. The older he was, the more he valued it. The older he was, the more he cared.

Old Master Lu still sat there without moving. Anyway, this time, Qin Xiaoyue was determined to stay in the Lu family. She also insisted that she had been schemed against. As long as Old Master Lu did not pursue the matter..., then she would definitely be fine.

She still looked like she was in the right, and Old Master Lu was so disgusted that he wanted to throw up. He felt that the food he had just eaten had not been digested at all, and now it was already in his throat.

And when he thought of the two white bodies again, he suddenly felt an itch in his throat. He hurriedly stood up and covered his mouth. His body trembled as he went into the bathroom. Not long after..., the sound of him vomiting could be heard from inside.

The guard's eyes also swept over Qin Xiaoyue many times.
