

Chapter 2511: must be beaten

Good heavens, what he said. Others might not know, but how could lei qingyi not know? Yan Huan's strange strength, not to mention a slap, even if he used his finger to lightly poke it, it would be enough to cause a person to die of pain. If he dared to slap her, he would definitely be slapped to death.

Not to mention a soft-hearted Su Muran who did not have long strength, even he, Lei Qingyi, would be sent flying by Yan Huan's slap. Say, this delicate woman., she looked weak and fragile, like she was easy to bully. Of course, she also looked harmless.

But what kind of style was it to be able to send a grown man flying with just one kick?

If he had not seen it with his own eyes, no one would have believed it. Lei Qingyi was one of them.

However, he had seen it with his own eyes. He had also seen it with his own eyes.

It would be a pity if he did not lift weights with his strange strength.

Perhaps he really did lift weights. He would definitely be able to become a world champion in weightlifting and win glory for his country.

Lu Yi's request was more terrifying than Lei Qingyi beating him up three times. Lu Yi really dared to say it.

Wasn't this a little too shameless.

However, it was Su Muran's fault for being shameless first. Since everyone was shameless, it would depend on who was more shameless.

"That's it?"

Su Qingdong clenched his hands tightly and clenched his teeth. He almost wanted to smash Lu Yi's head with the chair. How did this monster come into being? Not only did he want to smash Lu Yi., he also wanted to smash Lu Yi's mother as well.

However, compared to the impact of exposing this matter, this was obviously the best, the least, and the lightest. It was just a slap, and it would only be a slap. It would not lose a piece of flesh, he continued to do his psychological work.

One slap could bring peace to the world, and the reputation of the Su family. Not to mention one slap, he would even agree to ten slaps.

Moreover, to put it bluntly, Su Muran deserved this slap. Moreover, the one who hit him was Yan Huan. How much strength could a little girl like Yan Huan have? It was just a slap, and at most, it would cause her face to swell, it was unlikely that this matter would spread to the outside world.

If he did not slap her like this, he would be able to appease the people from the Lu family. He would also be able to appease the trouble and let Su Muran learn a lesson. He would also know what it meant to be magnanimous. In the future, when he did things.., he could no longer be so reckless.

Therefore..

He seemed to have no reason to disagree.

He raised his face and looked at Lu Yi for a long time. His face was stretched to the limit.

“Okay, I agree.”

Su Qingdong agreed. Yes, he agreed. Of course, if anyone encountered such a situation, they would come looking for an explanation. There would still be witnesses and evidence. With just a slap, this matter could be resolved, presumably, there was no one who would not agree, right?

However, after Su Qingdong had agreed, he felt that Lei Qingyi was looking at him with some sympathy. The expression on his face also had a hint of pity. He really could not figure out what kind of medicine Lu Yi was selling in his bones?

“A Slap?” He asked again with uncertainty.

“It was a slap. A slap from my wife.” Lu Yi raised the corner of his lips faintly, “Don’t worry, I won’t play any profound word games with you. If you say it was a slap, it was a slap. After this slap, I will naturally dispose of the material witness.”

When Su Qingdong heard this, he did not have any doubts. Although he was very suspicious and did not believe anyone’s words, Lu Yi was a completely trustworthy person, he could guarantee this point. Lu Yi was not someone else. He was Lu Yi. He was the prosecutor of Hai City. The value of this prosecutor was like his IQ. The words that he said.., could definitely not be taken back.

When Lu Yi came out with Lei Qingyi, Lei Qingyi immediately gave Lu Yi a thumbs up.

“Lu Yi, you’re so black-hearted.”

“Thank you.” Lu Yi generously admitted that he was black-hearted. So what?

“I can’t Stand You.” Lei Qingyi touched his nose. Sigh, it was a good thing that they were friends and cousins. If this same person with an extremely high IQ became an enemy, he would die a terrible death.

Fortunately, his lingling was a normal woman and did not have that much strength. Otherwise, he would have been beaten to death. The more he thought about it, the more afraid he became. The more he thought about it, the more cold sweat dripped down his forehead.

This was too terrifying.

Of course, when Yan Huan was about to slap someone, he would bring his lingling over to admire it.

Let’s see how this Herculean Yan Huan would throw such a slap. It must be very exciting.

Lu Yi took out his phone and dialed Yan Huan's number. Yan Huan was still in school. Actually, her chances in school would be very limited. She would be flying around all year round, now, she was about to shoot other films. It was rare for her to earn credits in school.

"You want me to slap her?"

Yan Huan spun the pen in her hand.

"Sure." Yan Huan was very happy.

She wanted to let that woman experience the consequences of scheming against her. She would definitely not slap her too much.

She was still eager to give it a try. She was thinking about how to properly slap Su Muran.

And now, the Su family had also messed up.

When Su Muran heard that Su Qingdong wanted Yan Huan to slap her, it would be terrible.

In her entire life, not to mention being slapped in the face, even if she was scolded, no one dared to scold her. Who Was She? She was Su Muran, she was a rich young lady, and she was a big star.

How could anyone dare to hit her, and even slap her in the face.

She shook her head. She was not willing. She absolutely was not willing.

"Father, I won't let her hit me."

Su Muran covered her face. She would not stretch her face over and let Yan Huan's woman hit her.

"It's fine even if you don't hit me." Su Qingdong was clearly troubled because of this matter. Now that the Ye family had been suppressing them, if the Lu family and Zhou family interfered, what would happen to the Su Family, one did not need to think to know the consequences.

When Su Muran heard this, he also felt relieved. Of course, he also curled his lips. However, it was just frightening. What was there to be afraid of.

However, Su Qingdong did not finish his words.

He snorted. This was the first time he was so disappointed with his daughter. He doted on Su Muran, but if the crisis reached the SU family, then it would be impossible to compromise. The Su family could not lose, the Su family could not fall, and if the Su family did not exist., how would these people live a good life?

"It's fine if you don't let her hit you." Su Qingdong's face was so cold that it turned green. He could not help but make su Muran's body stiffen.

"The matter of you finding someone to follow her has already been discovered by others. Now, the evidence is all there. Those people even recorded your voice. Muran, if you don't let her hit you, then let them sue you. You should know who Lu Yi is. If he wants you to sue you, there's no chance for you to even defend yourself. Muran, you're a celebrity yourself. Do you want to lose your reputation?"

Chapter 2512: had really forgotten something

"This is an extremely vile act. Even if they don't Sue You, as long as the evidence is made public, your life will be ruined."

How dare she hire someone to commit murder and follow and kidnap? If this matter was really exposed, would Su Muran still have a place to turn in this lifetime?

Moreover, who was the person she kidnapped? That wasn't anyone else, that was Yan Huan.

Su Muran's face was as pale as a vegetable, and her body was on the verge of collapse. Of course, her heart was also beating a little cold, and even her hands and feet were getting cold as well.

"Are You Ready?"

Lu Yi asked Yan Huan.

"Of course." Yan Huan clenched her fist at Lu Yi. She was ready.

Lu Yi helplessly clenched her hand, and then broke her fingers one by one. "Miss Yan, take care of your strength. Don't kill her."

"Don't worry, I know what I'm doing." Yan Huan playfully scratched Lu Yi's palm. She realized that she was actually in her seventies and eighties. Now, she had really become a little childish. Of course, she also knew what she was doing, killing someone would cost her life. Su Muran was a short-lived ghost. She would not let herself be the victim of a life-threatening lawsuit for a short-lived ghost.

If Su Qingdong was really slapped to death by her, there would definitely be no one who would say, "HMM, well played, well played, and carelessly played. This is really for the world to get rid of evil, and it also lightens the burden on Earth."

If a person really died, even if Lu Yi was a prosecutor, she would most likely have to die there.

She had not given birth to her three babies yet, and she did not want to cause any trouble.

When Lu Yi and Yan Huan entered, the entire Su family was present.

Su Qingdong's face was dark, Zhu Xianglan was angry, and Su Muran's face was red.

"Ran ran!" Su Qingdong called out to Su Muran. This was to prepare Su Muran for a beating.

Su Muran's body froze for a moment. He sat there without moving. Now, it was not just letting others hit her face, it was clearly taking his life.

"Muran!" Su Qingdong called out again. This time, he naturally had the boldness of the head of the Su family. Su Muran's body froze again, and in the end, she stood up unwillingly.

Only then did she walk in front of Yan Huan.

She lifted her chin slightly, allowing others to see her triangular bichon. Of course, this expression was also saying, "I'll see how you hit me. I'll see how you dare to hit me?"

Yes, most people would not dare.

But Yan Huan did.

Yan Huan held his wrist.

“Miss Su, a slap is just a slap. After that, we’ll write off everything you’ve done to me.”

Humph, Su Muran snorted through her nose. Actually, she wanted to turn around and leave. No matter what, she did not want to be humiliated. However, she knew that she could not avoid this slap, unless she kidnapped Yan Huan and made it known to everyone, she would not receive a slap. However, she might receive countless invisible slaps. She could not bear such an outcome.

Therefore, she did not leave. She would remember this slap.

Yan Huan, you better not let me catch you. Otherwise, I will make you beg for your life.

Just as she was plotting how to torture Yan Huan, she suddenly felt her face go numb. Before she could react, she was sent flying.

Following that, Zhu Xianglan screamed.

Su Muran fell heavily to the ground. One side of her face was frozen, and there was a metallic smell in her mouth. She could not help but cough, but she coughed up a mouthful of blood foam. Among the blood foam, there were also two white teeth.

Her hands were already raw.

Yan Huan shook her wrist. It was not bad for her to use her feet to kick people. Next time, she would remember to not use her hands. She did not use much strength this time. She only knocked down two teeth. No matter what.., it was considered normal to knock down four teeth.

“Muran...”

Only then did Zhu Xianglan come to her senses. She ran over and hugged her half-dead daughter as she screamed.

None of them had expected that Su Muran would be beaten to such a state. It was just a slap, a slap. But how could this slap knock out a person’s teeth? This was the real world. This was not in a book.., nor was it in a television drama. Yan Huan was just a woman. How much strength could she have? But no matter how much strength she had, she was almost killed by Yan Huan’s slap.

Su Qingdong was so angry that his entire body was trembling. However, he said that he could not say anything. Now, he finally understood where Lei Qingyi’s pity had come from?

No wonder he had always felt that something was wrong. Lu Yi was not stupid. He could not have just wanted a slap. It turned out that he had already expected it. Even if it was just a slap.., it was enough to kill Su Muran. He also knew that a slap was enough. Even an extra slap would be useless.

Su Qingdong had lived for so long, yet he was schemed against by a young man in his twenties. It was such a miserable scheme. This slap not only landed on Su Muran’s face.., at the same time, it also landed on Su Qingdong’s face. His face was slapped until it swelled up and he could no longer see anyone.

“Let’s go.” Lu Yi pulled Yan Huan’s hand and walked out without turning his head.

“Does the slap hurt?”

He pulled Yan Huan’s hand and looked at it. This slap was probably not painful, but it was also red.

“It doesn’t hurt.” Yan Huan shook his hand that was used to hit others. “My hand slipped and I didn’t use all my strength. Why didn’t you give me two slaps? If my hand slipped, wasn’t there another slap?”

Of course, Su Qingdong also heard Yan Huan’s complaint. At this moment, Su Qingdong’s face was almost livid. He also felt that his head was buzzing. Even Zhu Xianglan’s crying couldn’t be heard.

They could only eat this loss. Even if they couldn’t eat it anymore, they still had to eat it.

When Yan Huan and Lu Yi came out, a luxury car just happened to stop. Then, a woman dressed in cool clothes walked out from it. She was also an extremely vulgar woman.

The woman walked forward with her hips swaying. The high heels on her feet were about 17 to 18 centimeters long. If a normal person wore such shoes, their feet would fall off, even if a celebrity on the runway wanted to wear a pair of shoes, they would still need to challenge them. Furthermore, they had to walk in such shoes.

Furthermore, the woman’s face was painted like a palette. There were too many colors and her face was too white. She was still wearing a tight-fitting outfit. Her high heels were swaying and the two lumps of flesh on her chest were swaying, she wasn’t even afraid of shaking them off.

When Yan Huan saw this woman, his eyes suddenly widened, and his pupils constricted as well.

Oh right, why had she been feeling a little strange lately? Was she thinking that she had forgotten something? She had even said that she was going to ask Lu Yi, to see if Lu Yi could help her think of something. Now, there was no need to ask, and there was no need to think about it.

She already know, what to forget.

Chapter 2513: How To Save a child who was raised askew

She had forgotten about Zhu Meina.

After she left, Lu Yi shook Yan Huan’s hand again and pulled Yan Huan’s thoughts back to reality.

Yan Huan did not say anything else and followed Lu Yi into his car. Zhu Meina curiously took off the sunglasses on her face.

Then, she pursed her lips.

“All the good men in this world have been picked out by others. Why haven’t I met a good man?”

Lu Yi had already left the SU family. If it was not necessary, Yan Huan really did not want to come to the Su family. She did not want to see anyone from the SU family. She did not want to shed the blood of the Su family, she did not want to think about her relationship with the Su family. She also did not want to breathe the air of the Su family.

“What about her?”

Yan Huan couldn't help but let out a sigh of relief. She took a piece of tissue and wiped her hands. She didn't know if it was because she slapped Su Muran, but for some reason, she felt that her hands were a little uncomfortable, it was all because of that oily and uncomfortable feeling. When she went home, she had to soak herself in 84 bubbles. If she didn't soak herself, she might not be able to eat. She didn't know how many bacteria she was exposed to. It was really disgusting.

"Who are you talking about?" Lu Yi continued to drive. For a moment, he didn't quite understand what Yan Huan meant.

"Who else could it be?" Yan Huan leaned his back closer. She was really regretting it. How could she have really forgotten about that woman.

"It's Zhu Meina." She grabbed her hair, "What should we do? She's already grown crooked now. It's probably not an easy thing to straighten her back. Zhu Meina, who was raised by Zhu Xianglan, is now simply big-breasted and brainless. She's no longer the Zhu Meina who experienced too much in her previous life and was finally enlightened."

To be honest, the Zhu Meina in her previous life was indeed quite pleasing to the eye in the end. Although she had no children in her entire life, with the Su family's assets, she was bound to live a rich life, moreover, Xiao Guang also treated Zhu Meina as another mother. In any case, even if Zhu Meina died in the future, he was not afraid that no one would send her to her death.

As for when Zhu Meina died, Yan Huan did not know. Because Zhu Meina died later than him, perhaps she would live to be 70 years old, which meant that she would die ten years later than him. If she lived to be 80 years old, she would die twenty years later than him.

Yan Huan felt that he should have died young in his previous life.

And Zhu Meina, who died decades later than him, had been forgotten by her. Now, she had definitely grown askew.

Lu Yi stretched out his hand and touched Yan Huan's head, as though he was comforting a disobedient child.

"You can't forcefully change her life. As long as she stays by Zhu Xianglan's side, she's destined to walk this path. It's impossible for her to be clear-headed if she doesn't suffer enough."

Yan Huan seemed to agree with what Lu Yi said. She wasn't someone who belonged to Zhu Meina, so how could she make Zhu Meina change? Could it be that one day, she was going to fall from the sky and say it in front of Zhu Meina.

I'm going to save you on behalf of the Moon.

She believed that Zhu Meina would definitely scold her until she went crazy. Moreover, she had been raised to be like this. Even if she wanted to save her, it was beyond her ability.

As long as you acted at the right time, it would be fine. Lu Yi parked the car and opened the window, allowing the wind from outside to blow in. At this moment, the wind was slightly cold, but it also seemed to clear one's mind.

Each person's path must be taken individually. You can not change too much.

Yan Huan knew that she had actually changed a lot in her life. The biggest change was her mother's fate. She also had a younger brother who was more foolish. Of course, her life was so complete.

As for Zhu Meina, this child who had been raised crooked, she could slowly change it. In the end, she could change her character in the future. In the Su family's troublesome place, even if Zhu Meina did not want to live a life with big breasts and no brains., she had to ask Zhu Xianglan if that woman was willing.

Soon, it would be a big day for the SU family. Such a big day would also cause the SU family to sink into chaos. Then, she would descend from the sky and save Zhu Meina from the fire and water.

When she thought of this, she could not help but laugh out loud. Lu Yi shook his head and continued to drive. The car slowly disappeared at the end of the road in the night.

Everything seemed to be perfect in this life.

There was no illness, no pain, and also no disaster.

After a few years, the Ye family's airport was successfully built. It was only later that ye Chuji found out that the piece of land at the airport was bought by his nephew, therefore, he forcefully divided 20% of the shares of Lu Yi to them.

Yan Huan's Linlang also began to earn money. The development of this area had also become the most fertile place in hai city. The location of the building that Qing Lin had chosen back then happened to be at the center. Yi Ling laughed for an unknown amount of time in response to this, she even said that Yan Huan's eyes were really sharp. Back then, it was a location that was not favored by everyone. However, it was now the center of the new city.

Without mentioning anything else, even Linlang's building was worth quite a lot.

Of course, the films that Linlang had produced in the past few years were also shocking. A small company that had just been established had become the number one and number two film on the box office sales list.

Yan Huan, on the other hand, became famous smoothly. She had obtained international best actress, domestic best actress, and box office sales. However, she quietly retired when she was at her most popular.

Why did she want to give birth.

During these few years, Yan Huan only thought about her three children. She just didn't know when they would arrive.

Initially, she had thought that if she didn't give birth at the age of 28, she would be afraid that she wouldn't give birth to those three children at other times. However, she didn't expect that she would accidentally get pregnant.

At the beginning, she couldn't eat or sleep well because she was worried that it wouldn't be her three children. What would she do then? Lu Yi didn't know how to comfort her. He was the same as Yan Huan, he also missed the three children. Although the children had grown up, married, and had their own families, no matter how big the children were, they were still their children.

It was only after a month of worrying and being afraid that they were finally found out.

They were said to be twins.

But Yan Huan and Lu Yi looked at each other. Only they knew that it wasn't two, but three.

His family's three children had finally returned.

And in this lifetime, they would never have to endure hardship again. Because their mother had never eaten before, they did not have to be afraid of giving them sufficient nutrition, and they were also not afraid that they would become fat from eating, of course, they did not have to compete for their sister's nutrition.

Originally, Yan Huan really wanted to know if he was looking for that child, but he insisted on hiding and not coming out. In the end, he checked a few more times. That little girl was indeed quite mischievous, she wanted to play hide-and-seek with her mother, but she refused to come out no matter what.

"Lu Qin has gone in." Lu Yi helped Yan Huan to sit down and then rubbed her belly. His face was gentle, as long as he ignored the unfeeling coldness in his eyes.

Chapter 2514: never leave, never abandon, never abandon, never leave (end)

"What?"

Yan Huan did not understand for a moment. "What went in?"

"Drug abuse, drug trafficking, life sentence. Trust me." Lu Yi met Yan Huan's eyes, "In this life, no one will save him. He will be in prison for the rest of his life. He will be in prison until the day he dies."

Yan Huan wanted to give Lu Yi a round of applause. He guessed that even if Lu Yi was not the mastermind, he must be the instigator. He would definitely do it. As for Lu Qin, as long as he went in, there would only be Qin Xiaoyue, she would not be able to turn over a new leaf?

As for Su Muran, he should have found out about that illness by now.

Her illness could not be cured, and her death was predictable. No one could save her. This was what she had to endure as Su Muran, and it was also her fate.

And she... would die.

The night was like a monster that swallowed people. Zhu Meina hugged her stomach, and her forehead was covered in cold sweat. If she wanted to run, she had to run. Otherwise, something would happen to her stomach and her people.

She did not want this child to die, and she did not want to die either.

But now, she did not know where she was going to run to. She only knew that she could not stop, absolutely not.

Until a car stopped in front of her. The car door opened and a woman walked out of the car. The woman took off the sunglasses on her face, this was the first time Zhu Meina saw a face that almost made her cry.

And she really cried.

“Save me...”

She asked the woman for help. It was as if she was an angel who could save her. He would never forget the woman’s smile at that time and the kind of déjà vu she had once had.

Later, the woman took her to a place and found a nanny for her. She did not come to see her, but everything that should have been given to her was given to her. She actually did not know why she saved her, it was as if they had never interacted before.

Later, she wondered if it was because they were both mothers. Although the woman in her stomach was not conceived voluntarily, she was also a mother. She heard that the woman was also a mother, she gave birth to triplets, two boys and a girl. The movie she made was also a big hit. She had been a winner in life all her life. She really could not feel that there was someone more suitable for this term than her.

A few months later, she gave birth to a boy. Of course, her son could not save her sister. When she heard about her son’s blood type, she smiled.

“Hehe, that’s great, that’s great. You had so many tricks up your sleeve, but in the end, you were still able to defeat Fate.”

She brought her son back to the Su family with swagger. When she saw the furious faces of Su Muran and her daughter, she really felt very happy. Only now did she know that her so-called aunt., had always treated her like a dog and raised her like an idiot. Now that her daughter was sick, was she going to let her niece take her place?

Her heart was filled with extreme hatred. Of course, she had to take revenge. She wanted to see how the daughter who was treated like a princess would look like when she was half-dead.

She was very proud. She was very happy. She was also very crazy.

However, one day, her son disappeared. He was lost. And all of this was definitely not done by that woman. Who else could it be?

She originally thought that she did not like that child because that child was a bastard. She did not want it. It was also a bastard who ruined her life and ruined her life. However, after the child was lost.,

when she looked at the child’s photo, she realized that she loved that child. That was her child, her son, no matter who his father was? That was her child, but her child was lost, gone.

And before she could take revenge, she was sold one day by Zhu Xianglan to a man called brother long.

She was forced to bargain with them like she was selling cheap pork, and she could do nothing but hate.

She knew that she was going to be sold, and she knew that she might die too.

She knew that Zhu Xianglan would not let her go, and she also knew that she might not be able to take revenge in this lifetime.

When she opened her eyes again, she saw a woman's face and the child in her arms. When she saw the child, she could not help but burst into tears.

Her throat was filled with sobs.

She missed her child so much. She wanted her child, but her child would never come back.

Zhu Xianglan had sold her child, which was the same as selling her.

Yan Huan could save her, but he could not save her child.

And she wanted to live. Yes, she was still alive. She would definitely not die. No matter how difficult it was, she had to personally witness the fate of Zhu Xianglan and her daughter? She wanted to see their retribution. She had to live longer and longer than them.

A year later, due to SU Muran's severe thalassemia, the unique blood type of XI, and the only daughter in the family, she died within a year. Zhu Xianglan almost went crazy, however, no matter how crazy she was, she could not save her daughter. From the beginning to the end, Su Qingdong did not suspect Yan Huan's identity. Of course, he could not know that Yan Huan's bone marrow could actually save her daughter.

So..

What was this called?

God will take care of the bad guys.

"You can go back." Yan Huan walked over with a sleeping child in his arms.

Zhu Meina raised her eyelids. "Why should I go back? I just need to know that that woman is dead. Now, my wishes have been fulfilled. Su Muran is dead, Zhu Xianglan is crazy. My revenge has been taken."

"But..." as she spoke, she covered her face and started crying. "But my son is gone too."

"This is for you."

Yan Huan placed the child in his arms in front of Zhu Xiang Lan.

Zhu Xiang Lan carefully held the child in her arms, tears and snot flowing down her face. She hugged the child tightly in her arms, almost crying her heart out.

She missed her son.

Yan Huan stretched out his hand and placed it on Zhu Meina's shoulder. "Kick Zhu Xianglan out. Those are all yours. They're destined to be yours."

"You're giving your son to me?"

Zhu Meina sniffled again. "Is that so? Yan Huan, you're so generous. You're so kind."

Yan Huan rolled his eyes. How could she be someone else's mother? He was clearly her son. When did he become someone else's Son? Besides, she was her own son. How could she bear to give him away?

"Zhu Meina, are you thinking too much?"

"Take a good look at this child's appearance."

Yan Huan stood up. If she really couldn't recognize her, she would directly kick Zhu Meina down the stairs. Such a stupid woman, why was she still alive? What a waste of Earth's air.

Not long after she left, she heard Zhu Meina's cries like a pig being slaughtered.

She finally recognized him, right? She had been carrying this child for a year. Why didn't she recognize her own child.

Yan Huan really felt that she had been worried to death for Zhu Meina. Not only did she have to think of ways to save her time and time again, but she also had to steal children in the middle of the night. She had three children of her own, however, she gave birth to one more child, and it was her biological younger brother.

She knew that in her previous life, Zhu Meina's greatest regret was that she did not manage to keep her son. Therefore, in this life, she had helped her keep her son. It could also be considered as leaving a queen for the Su family.

Of course, her blood had used another method to repay the SU family's kindness in giving birth.

When she walked back, she saw Lu Yi sitting at the side. He had his notebook on his lap, and there were three cradles beside him. From time to time, he would use his hands to shake one and another.

Their three children had finally returned.

Yan Huan walked over and squatted down.

"Lu Yi, don't you think we will have a next life?"

Lu Yi stretched out his hand and placed it on Yan Huan's hair, gently comforting him.

"We have walked for so long that we have no regrets in this life. If there is, it is what we earned. If there isn't, we also have no regrets, right?"

"Perhaps when we grow old and our lives are about to end, when we open our eyes again, we will return to the age when we were the most youthful. We will be able to change those mistakes and persevere in those who were right."

They were also the most important people who had found themselves.

In their lives, they would never leave, never abandon, never leave.

They were also the people who were willing to have lovers in the world and eventually get married. They also hoped that one day, they would truly have a second chance at life and have no worries for the rest of their lives.
