Chapter 1071: chapter 1075-guilty

“what do you mean?” sheng xiao was confused.

luo chenxi pursed her lips and voiced her speculations. “on the surface, han meixin revealed this matter to the media because she was dissatisfied with the production team. however, there must be someone else behind this. after all, all the designers could see whether the crew is fair or not during the interview. it’s impossible that she didn’t object at the time and only appeared a few days after the interview.”

sheng xiao nodded. “you can tell too?” “that’s right, fu jiatong is most likely behind han meixin. after you left with mu yichen the other day, fu jiatong accepted the interview and deliberately led the reporters to write unfavorable reports about you. that already explains the problem. but ...”

“but, ” he paused, “you have no grudges with fu jiatong, and the fu family and the mu family are friends. the reason you two have a conflict is because of this interview. ” it’s mainly because the crew didn’t make proper arrangements.”

in sheng yu’s opinion, the interview organized by the crew this time was meaningless.

he had already recommended luo chenxi to yan heng and guaranteed that luo chenxi would be competent enough to take on the role of the fashion design director in the production team.

if yan heng and fan yinghua had listened to him earlier, wouldn’t everything have been fine?

now that things had come to this, he had first called fu jiatong for an interview, and even gave her the illusion that she had been selected, but in the end, she was not used!

this kind of thing was meant to offend people!

boxn ov el. c o m

luo chenxi blinked her eyes as she came to a realization.

it was obvious that outsiders would not know that fu jiatong had feelings for mu yichen. of course, they would not expect her to have a personal grudge against fu jiatong either.

she thought for a few seconds and decided not to expose him.

“uh, then what should we do now? i’ll post on weibo to explain the situation and clear things up?” luo chenxi asked in an attempt to probe.

sheng yu immediately said, ‘clarification is necessary, but it’s not appropriate for you to do it. later, yan heng and i will be making a statement on behalf of the production team and the review team. don’t make a sound and don’t post anything new on weibo for the time being. just pretend you don’t know about this.’

as one of the parties involved, luo chenxi’s silence was the highest level of response.

after all, she had indeed won with her own strength. at this time, she should be more aloof and ignore any doubts.

luo chenxi nodded. " alright, i got it. "

she hung up the phone.

ten minutes later, the top searches on weibo were " the crew clarified the truth " and " sheng yu spoke up for xingchen again " .

yan heng and sheng yu both released new weibo posts to clarify the false rumors about the fishy interview of the design director of " gorgeous turn " crew.

yan heng's weibo account was rather official. he had only explained that the production team had its own judging criteria and that luo chenxi's victory was the result that was unanimously agreed upon by the production team. it was fair and just. there was no sneaky act that was rumored to exist. no one had used their power to force the production team either. he hoped that the netizens would not believe the rumors.

such a statement was obviously not approved by the netizens.

a group of internet water army arrived at the first moment and flooded yan heng's weibo.

" director yan, can you please explain to us if the two pictures on the internet were really the designs completed by fu jiatong and xing chen on the day of the interview? "

"how can this be fake? there was no need to ask! if there's a problem with the picture, yan heng will definitely make it clear in the statement. if he didn't say anything, it means that he's guilty!"

Chapter 1072: this is a real critical hit!

"the difference between their designs is so big, and you still have the nerve to say it's fair! yan heng's statement is simply an insult to the intelligence of the netizens!"

the netizens had already doubted yan heng's statement, and with the water army leading the way, they immediately began to blame the crew.

yan heng didn't explain much and only replied, " " i'll ask chief sheng from SL holdings to explain the details. after all, he's the professional in fashion design. "

sheng yu's weibo post was a few minutes later than yan heng's.

but the content was much more detailed than yan heng's official response.

he briefly explained the interview and the assessment requirements that the crew had put forward to the designers.

at the same time, it also explained the standards by which the crew judged the quality of the design.

"from the design itself, it's obvious that miss fu jiatong's design is more modern and more in line with the aesthetic taste of ordinary people. however, the crew doesn't want to choose the designer for the

fashion week, but the designer for the plot of the movie. from this point of view, xingchen's design is clearly more in line with the original plot, and miss fu ... i have to say, she's a very talented designer, but her understanding of the original work is clearly not enough."

sheng yu's answer was simple and clear. in just a few hundred words, he had explained the cause and effect of the matter.

boxn ov el. c o m

at the same time, he also released a full set of high-definition photos, showing the designs of each designer on the day.

this was the real critical hit!

the sharp-eyed netizens immediately realized that han meixin did not even have the time to finish a ready-made outfit in four hours. the clothes on her model were not even sewn up and looked like a cloth bag hanging on her body. one look and one could tell that it was a semi-finished product.

in an instant, the direction of public opinion changed.

"so that's what the crew is thinking. well ... i think you have a point, mr. sheng ..."

"that's right. the design director of a production crew must have different requirements from ordinary designers. i've really learned something this time. it's my lack of knowledge that caused me to misunderstand the production crew and xingchen."

"what the hell is han meixin's own design? you didn't even finish the clothes, did you?"

"isn't it? with her standard, where did she get the face to question xingchen? a designer who can't even make a piece of clothing, i'm going to laugh my head off!"

what sheng yu released was all real.

in front of such irrefutable evidence, the internet water army all fell silent and did not speak.

luo chenxi scrolled through weibo for a while. she could clearly see that the comments questioning her and the crew had decreased a lot.

on the contrary, many people specially left comments on her weibo, expressing their love for her designs and looking forward to her participation in the filming of "gorgeous turn" to become a real classic.

the corners of luo chenxi's lips curled up. she casually replied to a few encouraging weibo posts.

at this moment, the sports car stopped in front of the mu family's villa.

xiao tuanzi, who had been waiting at home for the whole day, ran out of the villa and rushed to her. "big sister, you're finally home!" i've been waiting for you for a long time!"

luo chenxi pinched her toot little face and lifted her up.

"i was delayed by something on the way. did tang tang miss me?"

“i want! i’ve been thinking about big sister since this morning!”

when she heard the little dumpling’s sweet voice, luo chenxi immediately tossed the unpleasant incident that she encountered earlier to the back of her mind.

Chapter 1073: fu jiatong was so scheming!

however, the situation was not as simple as luo chenxi had imagined.

she played with the little dumpling for a while before she received a call from mu yichen.

” tingyuan isn’t in a good mood, he doesn’t seem to be himself. jingsi and i are worried about him, so we plan to go to Secret for a few drinks. you don’t have to wait for me for dinner. ”

luo chenxi agreed, ” alright, i’m here. you should talk to young master bo. ”

luo chenxi had dinner with the little dumpling alone before she coaxed her to sleep.

mu yichen had yet to return.

luo chenxi was aware that he would have to drink until midnight to accompany his brother who had failed in his marriage, so she was not bothered by it.

after covering the little dumpling with the blanket, she turned around and went to the studio.

however, at this moment, her phone rang again.

boxn ov el. c o m

“director yan?” luo chenxi was rather surprised.

“ahem, miss xingchen, it’s so late. are you asleep? “i’m sorry to call you at this time to disturb you ...” yan heng spoke very politely.

luo chenxi was puzzled. ‘director yan, is there anything i can help you with? do you have any work to assign me?’”

” no, no, that’s not it ... ” yan heng hesitated a little, but still continued, ” “this ... miss xingchen, you should have seen the news about han meixin on the internet, right? this ... the situation is not good ...”

luo chenxi raised her eyebrows in puzzlement. “what’s wrong, director yan? did something happen again? didn’t you and mr. sheng already post a clarification post? i see that the netizens are quite reasonable. most of them have been convinced by chief sheng.”

yan heng sighed. ” so, you haven’t seen fu jiatong’s weibo post? ”

luo chenxi was stunned. “fu jiatong’s weibo?”

she held her phone between her neck and turned on her laptop. she quickly entered her account password and logged into weibo.

fu jiatong’s response was clearly on the hot search.

“@ fu jiatong: i think it’s necessary to say a few words about the interview for the” gorgeous turn “crew. sheng yu is a senior in the fashion industry that i’ve always respected. director yan is a director that i’ve liked since i was a child. before the interview, i was full of anticipation to join the crew, but the result was very disappointing. however, i respect the crew’s different understanding of the original work, and i also think that they have the right to choose the designer they like. i hope my fans and netizens will stop harping on this matter.”

luo chenxi immediately frowned deeply after reading the message.

she didn’t expect fu jiatong to be so scheming!

her words were said in a rather professional manner.

on the surface, it seemed like he respected the crew and wanted to keep the peace.

but in fact, every word she said was subtly expressing her dissatisfaction with the crew’s decision and her disagreement with the judging standards.

however, most of the netizens were very innocent.

seeing fu jiatong’s words, he was immediately won over by her deliberate “magnanimity and humility.”

“miss fu is indeed the daughter of the president’s house, such magnanimity! i really can’t help but admire you!”

” they’ve already been inexplicably eliminated, but they’re still thinking about the crew and not letting the fans talk about this matter ... sigh, it’s really too heartbreaking! ”

“that’s right. i think what sheng yu said was obviously irrational! it’s obvious that he saw that the unfair matter had been disclosed, so he deliberately made up the so-called test question and forcibly explained it. he’s obviously deceiving people!”

Chapter 1074: fu jiatong ... how dare she bully you?

of course, there were quite a number of people who supported luo chenxi and the production team.

on the other hand, the internet water army hired by fu jiatong was obviously more powerful. they chased after a few netizens who supported luo chenxi and tore them apart.

the netizens who were passing by did not dare to say anything.

“fu jiatong is quite capable, as expected of someone from the president’s house. it’s a pity that it’s not used on the right path!” luo chenxi snorted coldly.

he would first use han meixin to test the public opinion and the attitude of the film crew, then he would pretend to be a white lotus.

moreover, he was obviously targeting luo chenxi, yet he had deliberately pointed the finger at the production team.

this was several times more brilliant than luo chenxi’s personal defaming of her!

yan heng heard the sound and immediately said, "xingchen, have you finished reading? we're in big trouble now! the production team has already made a detailed clarification, but the netizens still don't believe it. many fans of the original work were incited by fu jiatong."

"this afternoon, the production team received a lot of threatening calls from the fans of the original work. they think that by using you as the design director, our production team has ruined their dream work. they want to boycott our movie!"

boxn ov el. c o m

yan heng was worried to death.

this was a serious matter.

as a movie adapted from a popular novel, the most important contribution to the box office was made by the fans of the original work.

if they jointly boycotted the movie, the box office would be greatly reduced.

the bai corporation and he corporation had invested more than a billion yuan in this movie. if he couldn't earn back the investment, he would lose all his face as an international director!

luo chenxi frowned. "this matter is really tricky ..."

after all, they were facing millions of netizens and not designers. they did not have a professional appreciation level.

they were very subjective when it came to judging the quality of a piece of clothing.

even if she explained herself, they might not listen to her ...

"miss xingchen," yan heng probed in a low voice, "do you think ... that young master mu can step in ... and help settle this?"

luo chenxi was slightly stunned.

"miss fu is the daughter of the president's house," yan heng continued. "the bai and he families can't offend her. but the mu family is different ..."

luo chenxi was a little hesitant.

mu yichen was always throwing tantrums because of her work. that was why she would not usually tell him about her work.

"this ... my husband has been very busy recently, i'll wait for him to come back ..."

"stupid woman, who are you talking to on the phone?"

just as she finished speaking, she heard a familiar voice coming from the door.

mu yichen swaggered into the room. he reeked of alcohol.

because of the alcohol, his handsome face was slightly red, making his usual cold aura weaken a little, and he seemed much gentler.

the corners of his mouth curved up and his eyes were misty, with a primitive male charm.

luo chenxi's heart skipped a beat at once.

she completely forgot about yan heng on the other end of the phone.

"ah ... mu yichen, you're back?"

mu yichen furrowed his brows. " what did you say just now? "

luo chenxi blinked. " it's something related to work. please take a seat first ... "

before she could finish her sentence, mu yichen's gaze had already landed on her laptop screen. he had a clear view of fu jiatong's weibo and the comments below.

a cold glint flashed across his dark eyes. " fu jiatong ... she actually dared to bully you? "

"i ..."

luo chenxi had just opened her mouth when the phone in her hand was snatched away by the man.

Chapter 1075: offending my wife is equivalent to offending the entire mu family!

"young master mu ..."

yan heng, who was on the other end of the line, also reacted and realized that the person on the other end of the line was mu yichen.

he suddenly felt a little nervous.

however, just as he was thinking about how to explain it to young master mu, he heard a " beep " from the other end of the phone.

the call was directly hung up!

luo chenxi was puzzled by mu yichen's actions. " mu yichen, why did you ... "

before he could finish his sentence, mu yichen brought up the dial interface and swiftly entered a series of numbers.

the call went through, and he immediately said in a cold voice, " "fu linchen, what do you mean? is the fu family planning to cut off all ties with the mu family?"

luo chenxi's jaw almost dropped to the ground when she heard fu linchen's name.

boxn ov el. c o m

she did not expect that mu yichen would call fu linchen over such a small dispute.

it was obvious that this was fu jiatong's own decision, and young master fu would not get involved in such a low-level fight.

on the other hand, mu yichen's thoughts were completely different from luo chenxi's. his expression was cold and sunken as he sneered.

"what? what had happened? are you kidding me? everyone in the country now knows that your sister fu jiatong doesn't like my wife, and thinks that my wife has stolen her job. she even mocked my wife for bullying people online!"

"heh, you don't understand? do you think i'll believe you? if it wasn't for you, the fu family's heir, giving us your silent approval, would fu jiatong dare to publicly challenge the mu family? or ... in your hearts, my wife isn't even a member of the mu family?"

"i don't care if you really don't know or if you're just pretending. in any case, you have to give me an explanation! to offend my wife is to offend the entire mu family! i can let it go if you go against me, but if you make my wife unhappy, i can't pretend that this never happened!"

mu yichen did not hold back at all as he bombarded fu linchen on the other end of the phone.

fu linchen was speechless.

then, he hung up the phone.

luo chenxi was dumbfounded and her mouth was agape as she listened to the conversation from the side.

"mu yichen, you ... you ..."

mu yichen turned around. his pitch-black eyes squinted, making his well-defined and handsome face appear even colder.

he stared at luo chenxi's petite face. 'stupid woman! what is wrong with you? i've only been away for one day and you're being bullied again! i've already told you not to attend any interviews. i'll just pay for the production team to appoint you, so why would there be so much trouble?"

luo chenxi came back to her senses after being reprimanded by him.

when he heard this, he subconsciously retorted, " these ... these are two different things? everything was going smoothly and i passed the interview, but i didn't know that fu jiatong would be so narrow-minded. she couldn't accept it after just one failure and was so persistent ..."

"you still dare to talk back!" mu yichen glared at her. " can't you be clear about your own status? you're my wife. with this layer of identity, even if you rely on your own strength, others will still say that you rely on the mu family! there's no point in you working so hard!"

his overbearing remarks infuriated luo chenxi.

"how do you know it's meaningless? as long as i'm capable enough, one day, i'll let everyone know that xingchen is the best designer and not just the young mistress of the mu family!"

now, people were only doubting her because she was not strong enough.

Chapter 1076: i've been tricked by the big bad wolf again!

when she produced more works and received higher honors, who could deny her own talent?

take sheng yu for example. although he was the third young master of the sheng family and had an illustrious background, he had long gotten rid of the influence of his family background.

when the name sheng yu was mentioned, people would only think of the top designer in china.

one day, she would also stand at such a height.

mu yichen snorted. " you have such a good resource like the mu family, yet you don't use it. you must rely on yourself. i really don't know what you're thinking, you stupid woman! "

luo chenxi looked at the tense side profile of his face. she blinked and moved closer to him. she stretched out her hand and grabbed his strong and muscular arm.

" hubby, thank you for always supporting me and understanding me. you're the best! "

the little woman's sweet voice lingered in his ears. mu yichen's furrowed brows relaxed a little at once.

however, his tone was still very cold. " stupid woman, don't think that acting coquettishly will work. i don't eat this at all ... "

boxn ov el. c o m

before he could finish, he felt a soft touch on the right side of his face.

mu yichen's body stiffened. he suddenly realized that he had been kissed by luo chenxi!

he was stunned for a few seconds. he immediately tossed the trace of displeasure he felt earlier to the back of his mind. he grabbed luo chenxi's slim waist and lifted her chin in an attempt to kiss her.

he did not expect that luo chenxi would raise her hand to stop him the moment he lowered his head.

"wait, mu yichen, let me finish first ..."

"what else is there?" mu yichen furrowed his brows. " what else did fu jiatong do to slander you? "

"no, no, that's not it!" luo chenxi shook her head hastily. " that's right ... don't be so impulsive in the future. the matter between fu jiatong and i can only be considered as a personal grudge. it's not like i've never been defamed by others before. i'm used to it. " don't be so unhappy with young master fu over this kind of thing ..."

the mu family and the fu family had several generations of friendship and were close business partners.

if mu yichen offended the fu family in order to stand up for her and the entire mu family was affected, she would not be able to bear the responsibility.

mu yichen looked down at her with a complicated gaze. " are you ... worried about your husband? "

luo chenxi hesitated for two seconds before she nodded. " that's right. i'm already married to you ... "

mu yichen curled his lips in satisfaction. he lowered his head again and inched toward her.

luo chenxi pushed him away anxiously. " hey, did you hear what i said? "

mu yichen curled his lips lazily. " you don't have to worry about me. your husband is definitely more capable than you think. you don't have to take such a small matter seriously. " besides, do you think i'll sit by and watch my wife suffer, and even be a coward? what a stupid woman!"

luo chenxi was called 'stupid woman' a few times for no reason.

however, the meaning revealed in mu yichen's words still made her chest tremble. she was so touched that she was speechless.

mu yichen took the opportunity to lower his head and sealed his pinkish lips that he had been longing for for a long time.

the little white rabbit was still deeply touched, and she was pushed onto the bed again as she let the man do as he pleased.

he only realized it the next day.

she had been tricked by the big bad wolf again!

.....

at the same time.

at the fu family villa.

fu jiatong was sitting in front of the computer, looking at the comments on weibo, and she couldn't help but feel proud.

"luo chenxi, you're still trying to fight me! and you want to fight for my job? why don't you take a look at your own identity!"

**Chapter 1077: no one would offend their own allies for a woman who could be changed at any time!**

"you're just a lowly person from an orphanage. do you really think that by bewitching young master mu and making him get married to you, you'll really become the young mistress of the mu family and the top person? it's ridiculous!"

fu jiatong's eyes were full of disdain.

in the upper-class society's circle, a woman like luo chenxi who elevated her status by marrying into a wealthy family was still looked down upon by others.

compared to her, who was born to be a proud daughter of a large family, her status was completely different.

luo chenxi was truly unaware of her own identity yet she still dared to fight with her!

this time, she was going to make luo chenxi suffer a great loss and teach her a lesson.

creating a commotion online was only a part of fu jiatong's plan.

later on, she even organized a large number of people to cause trouble at the " magnificent turn " crew in the name of being a fan of the original novel. they even wanted to protest at the original author's place.

as a result, the production team had no choice but to replace luochenxi under the pressure no matter how much they liked her.

" this time, i'm definitely going to make yan heng beg me to join the crew! " fu jiatong sneered.

as for the possibility of mu yichen's interference, it was not as if she had not considered it.

but she was sure that young master mu wouldn't offend her just because his wife had lost her job.

boxnovel.com

as the daughter of the president's house, she thought she was very familiar with the unspoken rules between the rich and powerful.

no rich young master would offend his own ally for a woman who could be changed at any time!

just as fu jiatong was feeling smug, she heard footsteps coming from the door, followed by an urgent knock.

fu jiatong frowned impatiently, "who is it?" didn't i tell you that i'm very busy today and won't be going down for dinner?"

at this moment, an unexpected voice came from outside the door. " it's me. "

"brother yan?" fu jiatong was stunned.

fu linchen couldn't wait any longer. he pushed the door open and walked in.

fu jiatong looked at him in surprise. " brother zheng, you're back so early today. what's the matter? "

fu linchen had come to T city this time with the heavy responsibility of contacting allies for the president and preparing for the election. at the same time, he had to find time to look for his sister, so he had been busy.

he would only return home in the middle of the night almost every day.

fu jiatong couldn't help with the fu family's business.

fu linchen's face was gloomy. he stared at her coldly for a while, then suddenly turned to look at the computer screen behind her.

fu jiatong noticed his gaze and suddenly remembered that she was still on weibo.

she immediately turned around and wanted to close the webpage.

" ah, brother zheng, take a seat first. i was looking for information on the internet just now ... "

before she could finish her sentence, fu linchen pressed her hand down and took the mouse away from her.

“jiatong, what are you looking at on the internet? what information? can i take a look?”

“ah, this ... brother ben, there’s nothing to see ...”

fu jiatong wanted to snatch the mouse back, but it was too late.

fu linchen had already seen all the comments on the web page.

fu jiatong immediately felt that something was wrong, and she quickly lowered her head to explain, “ well ... brother zheng, i just didn’t pass an interview and was a little unhappy. the crew wasn’t fair, so i couldn’t help but say it. it’s nothing serious ... ”

she explained a few words to avoid the important points, trying to fool them.

fu linchen shouldn’t be interested in such a trivial matter like her posting on weibo to insult others.

fu linchen frowned immediately.

### **Chapter 1078: fu jiatong, you’re really bold now**

if he had not received mu yichen’s call in advance, he would have been fooled by fu jiatong.

he wasn’t the kind of person who would care about his sister’s weibo.

but now, he was filled with anger.

“fu jiatong, you’re quite bold now. how dare you go against mu yichen’s wife!”

fu jiatong was stunned.

fu linchen even knew about this.

he was immediately tongue-tied. “ brother yang, why did you ... ”

“you want to ask me how i know?” fu linchen sneered. “ young master mu called me personally just now to ask what the fu family was trying to do. why would my sister defame his wife for no reason when she had lost in a fair competition? ” he even asked me what the fu family’s position was, and if they were deliberately going against the mu family! how do you want me to answer him?”

this time, fu jiatong was completely stunned.

she had never thought that mu yichen would actually call fu linchen over such a matter!

furthermore, he had spoken in such a strict manner.

mu yichen had always been known for being expressionless. he was not inferior to those sly old foxes in the political scene.

boxn ov el. c o m

but now, she had said such harsh words to fu linchen ...

after a long while, fu jiatong finally found her voice.

“brother che, please listen to me ... listen to my explanation. it’s not what you think ... i didn’t know that luochenxi was attending the interview as well. “moreover, that interview was utterly unfair. my work is obviously better, but the production team chose luochenxi as the director. the fu family is clearly behind me, but the crew can only see the mu family. they’re not taking the fu family seriously! i was angry, so i was a little impulsive ...”

fu jiatong’s explanation made herself the victim.

it was as if luochenxi was abusing her power to bully her, the daughter of the president’s house.

he even made the situation more serious and elevated the nature of the matter to the extent that the production team valued the mu family more than the fu family.

fulinchen’s eyes turned even colder when he heard these words.

she couldn’t help but sneer, “ fu jiatong, i really don’t know if uncle has taught you too well or too badly! you actually know to use the family’s banner to distort the truth! and those words you posted on weibo, i’ve seen them too. your words are really provocative, even i, as your brother, can’t help but admire you.”

these words were obviously a compliment, but fu jiatong knew her cousin’s personality well. seeing his cold eyes, her heart started to beat faster.

“brother ben, you’re overpraising me. i ... i was really just acting on impulse ... did i say something inappropriate? please give me some pointers, brother ben ...”

“guidance? since you said so, i’ll tell you!” fulinchen took a deep breath. “ your biggest mistake is treating others like fools! ”

fu jiatong was shocked. “ brother yang, i ... i didn’t ... ”

“you didn’t? do you think you’re very smart with what you just said? eh? to tell you the truth, i just got a call from yichen and went online to check it out. i even called third young master sheng to confirm it. ”

“there’s nothing wrong with the crew’s approach. third young master sheng explained it to you personally on the day of the interview. just tell me, what did young lady mu do to you? when did the production team look down on the fu family?”

### **Chapter 1079: an inexplicable sense of familiarity**

fulinchen glared at his good-for-nothing cousin and was furious.

the presidential election was in three months.

if fu jiatong went to provoke the mu family at this time, wouldn’t she be looking for death?

if the entire fu family was implicated, she couldn’t bear the responsibility!

moreover, even if the election had not happened, he did not believe that luochenxi would be as arrogant and despotic as fu jiatong had said.

even though the two of them had only met once at the mu family's villa, fu linchen felt an inexplicable sense of familiarity and intimacy toward lu chenxi for some reason.

she felt that mu yichen had a good eye for women to marry such a beautiful and adorable wife.

fu jiatong was shocked and angry, and her face turned pale. " brother yi, i ... i ... " she said.

she opened her mouth, but she didn't know how to explain.

she didn't expect that fu linchen had already asked the crew about it and that he attached so much importance to this matter!

why was that?

she had only offended an ordinary person!

boxn ov el. c o m

brother yan actually said that about her!

no matter how fu jiatong thought about it, she couldn't accept it. but in the face of fu linchen, who was obviously in a state of anger, she didn't dare to say anything.

he could only say in a low voice, " brother yang, i'm sorry. i was too impulsive. i didn't think before i did anything. i already know that i was wrong ... "

fu linchen glanced at her coldly. " i hope you really know you're in the wrong. stay at home for the time being and don't go out anymore. reflect on your actions! " by the way, i'm going to the mu group tomorrow. come with me and apologize to young master mu properly, understand?"

fu jiatong felt even more aggrieved when she heard that she had to apologize.

as the president's niece, she had been able to get whatever she wanted since she was young. no one dared to offend her.

usually, when she had a dispute with others, they would come to apologize to her.

since when was it her turn to apologize to others?

however, when she heard that they were going to the mu group, she became excited again.

because she could see young master mu again!

she must use her apology as an excuse and make good use of this opportunity to attract mu yichen's attention!

.....

fu jiatong's dream was perfect, but unfortunately, reality did not go as she wished.

the next day, fu linchen took her to the mu group.

before she could enter the office, she was stopped by zhuo feng.

"miss fu, i'm sorry, but our president said that he and young madam don't want to see you. please leave the mu group as soon as possible. you're not welcome to take a single step into the mu group in the future!"

fu jiatong was stunned for a moment, and then her face twisted in anger.

"you ... what did you say? you're just a small special assistant, how dare you talk to me like that?"

zhuo feng's attitude was neither haughty nor humble. he said calmly, "miss fu, i'm really sorry, but this is the president's order. i'm just following his orders. please understand."

fu jiatong gnashed her teeth. "it must be that woman, luo chenxi, who's spreading rumors in front of brother mu!" what did she say about me? get out of my way, i want to go in and explain to big brother mu personally!"

"no, you can't go in." miss fu, please don't make things difficult for us ... " zhuo feng and his two secretaries stopped her at the door. "miss fu, please leave. if you don't, i'll call the security."

"you dare to stop me? who do you think you are?"

#### **Chapter 1080: the good-for-nothing luo chenxi is certainly worthless in young master mu's heart**

fu jiatong shouted in exasperation.

she was already furious after being reprimanded by fu linchen yesterday. if it were not for the fact that she could see mu yichen, she would have lost her temper.

not only was she rejected by mu yichen at the door, but she was also threatened by a puny special assistant ...

this anger could not be suppressed no matter what.

"get lost immediately!"

"fu jiatong!"

fu linchen couldn't stand it anymore. he frowned and shouted at her to stop, "that's enough. look at your words and actions. what are you doing?"

fu jiatong kept her mouth shut, but she clenched her fists.

fu linzheng said,"since young master mu doesn't want to see you, you can go back first. i'll talk to young master mu myself." after you go back, stay at home. i've already cleared your weibo account. you're not allowed to use it for three months."

before the presidential election, he could not let fu jiatong cause any more trouble.

"what? brother ben, you can't do this ... it's my freedom to go on weibo ..."

"the trouble you've caused shows that you don't deserve this freedom!" fu linchen frowned. "cut the crap and do what you're told. otherwise, i'll send you back to the capital!"

fu jiatong bit her lip and glanced at the locked door of the president's office again. then she turned around reluctantly and walked to the elevator.

if she was sent back to the capital, she would never see mu yichen again.

so, she could only endure it.

fu linchen watched his cousin walk into the elevator, then nodded at zhao feng and turned to walk into the president's office.

fu jiatong took the elevator to the first floor and was about to leave.

however, as soon as she reached the door, she noticed two suspicious-looking women not far ahead.

the two of them were dressed in branded clothes, but they were obviously old. they also had heavy makeup on their faces. they were completely different from the normal white-collar female employees who went in and out of the mu group, and were particularly eye-catching.

the two of them hid by the door and discussed in low voices.

"i didn't expect young master mu to be so stingy. we clearly asked for 200 million, but he only gave us 20 million! the mu family's wealth is comparable to that of a country's. he married our lu family's daughter and gave her such a small amount of money. is he not embarrassed?"

"mom, you don't understand. the amount of betrothal money a man is willing to pay represents the position of the woman in his heart! luo chenxi, this money-losing thing, is certainly worthless in young master mu's heart. it's already a good thing that he's willing to give us twenty million yuan!"

"ya jing, you're right, but what do we do now? your dad is still waiting for the money to get his sentence reduced. now that we can't even get 30 million, are we really going to sell our property? how are we going to live the next few days?"

"no, we can't sell the house!" lu yajing suddenly remembered something. she grabbed luo xiudi's wrist and said, "i don't want to live a homeless life. i want to buy branded goods and marry into a rich family! " i've had enough of this poor life!"

luo xiudi stomped her feet anxiously. "you child! do you think mom can bear to let you suffer? however, we've already been to the mu family a few times, but we've never seen young master mu. now that the front desk doesn't even let us in, what else can we do?"

lu yajing gritted her teeth. "since ... young master mu is not willing to give us the money, we'll ask that little b \* tch luo chenxi for money again! " if she can coax young master mu to marry her, she must have some tricks up her sleeve and gained a lot of benefits!"
