

Sweetheart 1121

Chapter 1121: why did she send luo chenxi to your bed instead of doing it herself?

“what do you mean? speak clearly!” he jinsi urged.

mu yichen composed himself before he told her about his encounter with the lu family’s mother and daughter, as well as fu jiatong, at the mu group today.

he jinsi’s expression changed immediately when he heard that.

“what? fu jiatong actually brought two people to you and said such things! ‘mu yichen, don’t tell me that you can’t tell that she likes you! a woman would do anything to deal with her love rival. this kind of thing ... was most likely fabricated to slander sister-in-law! i don’t believe that luo chenxi is someone who would engage in improper relationships. please don’t misunderstand her!”

mu yichen’s expression turned even uglier at once. the corners of his lips twitched. ” what made you think that i’d misunderstand my wife? of course, i knew that fu jiatong’s words were not reliable, so i sent someone to investigate. chenxi was really pregnant ...”

“what? ” this ... ” he jinsi’s mouth was wide open in shock.

she was about to say something when she heard mu yichen continue,“moreover, if we reverse the time of her pregnancy, it matches the time when i was drunk four years ago. in other words, if her child is born, it should be the same age as my tang tang!”

he jinsi was stunned. ” this ... you mean ... you’re not really suspecting that tang tang is sister-in-law’s child, are you? ” but if she was the one who gave birth to the child, how could she not know that you’re the child’s father? moreover, how did luo chenxin get her hands on the child? this doesn’t even make sense?”

“i think it’s probably just a coincidence. don’t think too much about it ...”

he jinsi thought for a moment and shook his head.

mu yichen glanced at him. he hesitated for a moment before he continued to speak,“there’s another suspicious point. the woman i slept with back then had an obvious birthmark on her body. i always remember it very clearly. this birthmark ... chenxi also had it! i don’t think this is a coincidence, right?”

“what?” he jinsi was so shocked that he couldn’t speak for a long time.

boxn ov el. c o m

it was only after a long time that he finally came back to his senses.

“if that’s the case ... that’s a possibility ...”

“it’s not just a possibility, i’m more than 80% confident!” “i’ve come to find you to confirm what happened that night.” what you’ve said should be enough to piece together the situation that day.”

"luo chenxin broke the hotel's surveillance system on purpose and sent chenxi to my bed. then, she secretly took her away while i was drunk. after chenxi gave birth to tang tang, she stole the child and returned to T city. she pretended to be tang tang's birth mother and forced me to marry her. this can also explain why she would mistreat tang tang. after all, she's not her biological daughter ..."

mu yichen mumbled to himself as he gradually analyzed the situation that day.

however, before he could finish, he jinsi interrupted him.

"wait, wait! i don't think it's that simple. don't you think what you're saying is illogical?"

mu yichen furrowed his brows ever so slightly. he had a look of displeasure on his face.

however, he jinsi wasn't afraid of his cold face. he continued, "first of all, the biggest problem is, since there's a chance to climb into your bed, do you think luo chenxin will miss it? why didn't she sleep with you herself? why did she send luo chenxi to your bed instead?"

Chapter 1122: can't you wake up?

"that's because ..." he said.

mu yichen instinctively wanted to retort when he heard he jinsi's doubts.

but when he opened his mouth, he was at a loss for words.

because he jinsi was right. it didn't make sense and couldn't be explained.

he jinsi glanced at him. "also, do you think sis-in-law is the kind of person who'll be manipulated by others? she would sleep with a stranger just because luo chenxin asked her to? she'd give birth just because he told her to? with sister-in-law's personality, she would have blown luo chenxin's head up a long time ago!"

"besides, when i was chatting with my sister-in-law last time, she mentioned that she knew luo chenxin before and didn't know that she had an older sister. she was only acknowledged by luo anguo two weeks before she married you. she has nothing to do with luo chenxin at all!"

he jinsi's words were reasonable and reasonable.

by the time he was done speaking, mu yichen's expression was already ghastly to the extreme.

when she came to look for he jinsi just now, most of her excitement was instantly extinguished.

he jinsi looked at his gloomy and cold face, shook his head slightly, and sighed. he walked up to him and patted him on the shoulder.

"alright, yichen, we have to face reality. no one could have guessed sister-in-law's past. however, i don't think she's the kind of girl who would mess around. you must listen to her explanation and don't do anything that you'll regret on impulse. and you can't ... make such unreasonable assumptions just to make yourself feel comfortable ..."

when he jinsi saw mu yichen's expression, he was reminded of the time when he was in so much pain that he wanted to die when he broke up with his girlfriend.

boxn ov el. c o m

he could not help but sigh in his heart.

"how about i go to Secret with you for a drink? it's better than you letting your imagination run wild. come, let's go!"

he jinsi reached out to pull mu yichen up.

unexpectedly, mu yichen stood up from the sofa on his own. he took out his phone from his pocket and lowered his head to make a call.

he jinsi looked at his actions in confusion. " yichen, who are you calling? " don't tell me you're going to question sister-in-law?"

"no, i'll give shixun a call," mu yichen said expressionlessly.

"why are you calling him?" he jinsi was puzzled.

"luo chenxin is the only one who knows what happened four years ago. i must find out what she did to my chenxi at that time. shixun has been in country f for a long time. i heard that bai xinxin has been found. i'll ask shixun to send luo chenxin back immediately. i want to ask her personally!"

he jinsi's eyes widened as he looked at him in disbelief.

"mu yichen, y-y-you ... i've already made myself clear just now, yet you're still daydreaming here! can't you wake up?"

he had always been a shrewd and steady childhood friend. why did his mind suddenly become so muddled when it came to matters related to luo chenxi?

it was fine for him to show off his affection on a normal day, but mu yichen had actually developed to the point of delirious!

this matter was troublesome!

however, mu yichen completely ignored he jinsi. his eyes were fixed on the phone.

he jinsi knew that he wouldn't be able to persuade her, so he could only watch from the side.

the two of them did not speak for a moment.

a clear dial tone was heard from mu yichen's phone.

however, for some reason, the phone rang again and again, but no one picked up.

in the end, the line was cut off.

Chapter 1123: you want to do a dna test?

mu yichen's sharp brows were tightly knitted together. he did not believe in the rumors and made another call.

however, there was still a busy tone on the other end of the phone.

"damn it, what the hell is bai shixun doing? why did she seem to have disappeared ever since she went to country F? it's fine if they don't contact each other, but no one even picks up my phone calls!" he threw the phone on the table.

he jinsi quickly caught the phone and advised, "why are you venting your anger on the phone? it's still night time in country F and he's probably still sleeping. i'll contact him again after a while."

mu yichen took a few deep breaths and gradually calmed down.

"no, i can't wait that long. i must get to the bottom of this matter immediately!"

this matter concerned xiao tuanzi's family background and luo chenxi's past. he did not want to wait for even a minute. how could he possibly contact bai shixun slowly?

"shixun?" he jinsi frowned and said, "but we can't find shixun now. there's no other way ..."

"no, there's another way to know the truth immediately." mu yichen interrupted him.

"what is it?"

"DNA test!" mu yichen opened his mouth and spat out a few words indifferently.

he jinsi was stunned. "you want to do a dna test?!"

boxn ov el. c o m

mu yichen said, "i didn't do it. it was tang tang and my wife. no matter what happened four years ago, blood ties don't lie. we'll know if the woman from that night was my wife after we do a dna test."

in fact, luo chenxin had done a paternity test when she came to the mu family with the little dumpling.

however, only mu yichen and the little dumpling were tested at the time.

after all, most people would only think that someone would carry a child with a wild man and attach it to a rich young master. who would think that the woman who carried the child to the house might not be the child's mother?

no one had considered the possibility that the little dumpling was not luo chen's.

mu yichen turned around and walked toward the door after he finished speaking. he did not want to waste any more time.

as he walked, he said, "i'll go back first. help me contact the hospitals under the he corporation. i'll ask zhuo feng to send tang tang and chenxi's hair samples over later. the results must be out as soon as possible!"

he walked so quickly that he jinsi didn't even have time to pull him back.

he could only chase after him and call out, "mu yichen, you ... do you really want to do a DNA test? this ... this is impossible. it's useless even if you test it!"

he jinsi thought that this childhood friend of his was really crazy.

she thought that mu yichen had regained his senses after she analyzed the situation with him earlier.

she didn't expect that he didn't listen at all!

he still firmly believed that luo chenxi and the little dumpling were her biological mother and daughter.

"don't say anymore. if you're a brother, then do as i say!"

mu yichen did not even turn his head around. he walked out of the door and entered the elevator.

he jinsi chased after her for a few steps before stopping. "sigh, she's really crazy! men who fall into the net of love are indeed terrifying!"

even mu yichen, who had always been cold and calm, had become so unreasonable.

"however, since you insist on it, i'll help you this once."

mu yichen would only give up when the results were out and proved that the two of them were not related by blood. he should be able to regain his rationality by then.

he jinsi took out his phone and started to contact the hospital.

.....

at the mu family's villa.

in the master bedroom, luo chenxi opened her eyes when she heard the alarm clock ringing. she stretched herself.

in the end, she realized that she was in pain everywhere.

Chapter 1124: little princess tang tang, don't you want your face?

"mu yichen, you beast!"

luo chenxi's expression was contorted. she could not help but spurn mu yichen.

she turned around and realized that the man beside her had disappeared.

moreover, half of the bed sheet was already cold. it was obvious that mu yichen had been up for a long time.

she could not help frowning. 'that's strange. why is mu yichen up so early? did something happen at the company? why didn't you mention it yesterday?"

she had made an appointment with yan heng and the other main cast members of "a magnificent turn" today. she had especially woken up early and even set an alarm for this.

it was only seven o'clock in the morning.

'mu yichen's up already?'

luo chenxi's mind was occupied with work, so she did not dwell on this matter. she turned around and went to the bathroom to wash up. she changed into her professional attire and put on some light makeup before she went downstairs.

in the end, she heard the little dumpling's scream from the first floor while she was still on the stairs.

"wuwuwu ...! it hurts! my hair hurts! stinky daddy, big bad guy, go away, go away!"

the little dumpling's voice sounded like she was crying. she was full of disdain for mu yichen.

boxn ov el. c o m

luo chenxi was stunned for a moment before she quickened her pace and ran downstairs. "tang tang, what's wrong with you? what happened?"

"big sister!"

as soon as luo chenxi appeared, the little dumpling jumped down from the sofa with a whoosh and pounced into her arms. she complained loudly.

"wuwuwu, big sister, daddy is bullying tang tang!!"

luo chenxi bent over and picked her up in a hurry. she coaxed her, "tang tang, be good. daddy is so bad. big sister will help you scold him!"

the man sitting on the sofa immediately pulled a long face.

is there a mistake?

his wife didn't even ask what was going on and wanted to help her daughter scold him!

who was the head of the family?

he didn't even know that she was his biological daughter, but he already regarded the little dumpling as more important than him. what if the test results came out ...

mu yichen was still in a daze when luo chenxi walked over to him. "what's wrong with you? why did you make tang tang cry?"

mu yichen snapped back to his senses and explained calmly, "i saw that you were exhausted last night, so i thought you wouldn't be able to get up today and send tang tang to kindergarten. so, i wanted to help her comb her hair into a ponytail ..."

in fact, pigtails was just an excuse. the more important reason was that he wanted to take advantage of the time when he was combing his hair to get two strands of xiao tuanzi's hair as material for the paternity test.

he did not expect that luo chenxi would only need two minutes to braid the little dumpling's hair.

when he started, he realized that the difficulty was so high!

with a casual pull, the little dumpling lost not just two strands of hair, but a handful ...

the little guy started to cry unceremoniously.

he didn't manage to coax her properly and was caught red-handed by his wife.

luo chenxi lowered her head to take a look. as expected, the little dumpling's hair was a mess. even though a pearl hair clip was clipped on the top of her head, the hair at the back of her head was all perked up.

the corners of luo chenxi's lips twitched. " don't mess around if you don't know how to braid your hair. just let aunt chen help you! " our tang tang is so pretty, how can she go out with such a braid?"

the little dumpling lay in luo chenxi's arms and nodded repeatedly. " i'm vegetarian. daddy's bad! "

actually, she had cried so sadly just now. the pain from being scratched was secondary. the main reason was that she felt that it was too embarrassing to go to kindergarten with such ugly hair!

what if brother shaoxuan and other good-looking boys saw her?

she, little princess tang tang, didn't want to save face?

"come, big sister will help you comb it again."

Chapter 1125: this stinky man ... was he addicted to bullying her?

luo chenxi carried the little dumpling and sat on the sofa. she combed her hair into two braids in no time and even tied her hair with a red ribbon.

the little dumpling touched her hair, looked at herself in the mirror, and finally smiled through her tears.

he then went to have breakfast with luo chenxi.

mu yichen was completely ignored by them and cast aside.

however, he wasn't as angry as he usually was. on the contrary, looking at the adult and the child being so intimate, the corners of his mouth curled up slightly, and his eyes seemed to be deep in thought.

the more they looked at each other, the more they looked like a mother and daughter.

although he jinsi thought he was crazy to make such an unreliable guess, he felt that his intuition could not be wrong.

mu yichen stood up and walked toward the dining room when he saw the two of them seated at the dining table.

when he walked past luo chenxi, he stretched out his hand and grabbed a strand of her hair. he exerted some force ...

"aiyo! what are you doing?" luo chenxi turned around to glare at him in pain.

this stinky man ... was he addicted to bullying her?

he had been oppressing her for the entire night last night, and now he was going against her today!

boxn ov el. c o m

mu yichen had a serious expression on his face. "stupid woman, why are you glaring at me? i saw that you had a strand of white hair and kindly helped you pull it out. it's fine if you don't thank me, but you actually glared at me? you really don't know what a good person is like!"

luo chenxi was stunned for a moment. she widened her eyes soon after with a terrified expression. i have white hair!"

she was only twenty-three years old!

he actually had white hair!

she must have been angered by this stinky man in front of her!

luo chenxi was worried that she would age prematurely, so she could not be bothered to denounce mu yichen anymore. she finished her meal quickly and ran upstairs to look at herself in the mirror.

mu yichen seized the opportunity when she was not paying attention to pass the hair sample he had just collected to zhao feng who was waiting at the entrance.

" take him to the he family hospital as soon as possible. don't waste a single minute on the road, do you hear me? "

zhao feng nodded. " yes, young master. don't worry! "

mu yichen heaved a sigh of relief after the test samples were sent away.

but immediately after, he became even more anxious.

normally, it would take at least 24 hours to get the results from a dna test.

although the he family's hospital would definitely give him an urgent treatment, it would still take a few hours to know the results.

the past few hours had been too hard to bear ...

meanwhile, luo chenxi was holding the little dumpling's hand in one hand and carrying a sl bag in the other. they came down from the second floor and walked toward the villa's main entrance.

mu yichen immediately frowned. " you're going out? "

luo chenxi blinked. " that's right. tang tang is going to kindergarten today. i'll send her there. " by the way, i have an appointment with the crew today to discuss the script and costume. i don't know how long it will take, so i might be back late tonight. if you don't come home for dinner, i'll call and tell you."

mu yichen pursed his lips with a displeased expression. " what? you're still not coming home for dinner?"

luo chenxi had a matter-of-fact expression on her face. " if there are too many things to handle, i might not be able to make it back for dinner. " this time, the competition between me and fu jiatong has been

hyped up by the media. although fu jiatong doesn't say anything now, there are many people waiting to see me make a fool of myself. i must make good achievements and not let others look down on me!"

as she spoke, she winked at mu yichen. " hubby, you'll support me, won't you? "

Chapter 1126: i have something very important to tell you!

support my ass!

mu yichen did not even go to the office because he was feeling anxious. he went home on purpose so that he could stay by his wife and daughter's side.

in the end, his wife was so focused on her work that she didn't have the time to bother with him.

as for the daughter ...

the little dumpling tugged at luo chenxi's clothes and urged her anxiously, " " hurry up, big sister. tang tang and brother shaoxuan have agreed to meet at the entrance. he said he brought some delicious food for tang tang! "

when would that rascal of the bo family graduate from kindergarten?

just as mu yichen was grumbling, luo chenxi had already said, " "honey, we're leaving. see you tonight!"

then, she left the house with the little dumpling.

mu yichen had the intention to pull them back, but he did not do so after some thought.

the results of the dna test were not out yet, so everything was just his guess.

even though he was 80% sure that the result would be as he expected, there was still 20% uncertainty.

what if xiao tuanzi was really not luo chenxi's child ...

boxn ov el. c o m

let's wait until tonight.

.....

luo chenxi sent the little dumpling to the kindergarten and watched her walk through the main entrance with bo shaoxuan.

only then did he instruct the driver, old liu, to turn around and meet with the main creative staff of " a magnificent turn. "

when the crew saw her, they were all full of smiles.

"xingchen, you've finally come! come in quickly, come in quickly."

yan heng introduced the crew members to her. " xingchen, you've met producer fan and co-director li before. the rest of them are important members of our crew. this is ... "

yan heng pointed to a woman in her thirties sitting at the conference table.

" i know that. it's teacher lan zhi, the original author of 'a magnificent turn'! "

luo chenxi was excited all of a sudden. " teacher lan zhi was my idol when i was a young girl! i like every one of your works, and i'm really honored to be able to participate in the filming of 'gorgeous turn'. i'll do my best to make every set of clothes in the movie."

lan zhi did not expect luo chenxi to be so approachable despite being the young mistress of the richest family in the country. she was slightly surprised, but she immediately laughed out loud.

" xingchen, you're too kind. i've been paying attention to your designs. i believe we'll have a good time working together. "

after getting to know each other, they didn't waste any time and quickly began to discuss.

luo chenxi had received the entire script of 'a magnificent turn' after she was selected. she studied it in detail overnight.

according to the script, the male and female protagonists needed to wear more than a dozen sets of clothing for various occasions.

apart from that, some of the clothing that would be used in the fashion show would be sponsored by brands, and some would need to be redesigned.

today's discussion was to determine the specific requirements for some of the designs.

luo chenxi was very serious. she took notes in her notebook as she listened.

time passed by unknowingly.

it was almost seven o'clock in the evening when the meeting ended.

fan yinghua stood up. " it's so late. let's all stay for dinner. i've already booked a table at the restaurant next door. "

luo chenxi was about to agree when her cell phone rang all of a sudden.

she lowered her head and saw that it was mu yichen.

"stupid woman, what time is it? why haven't you come back yet?"

luo chenxi consoled him hastily, " my dear, didn't i tell you this morning? i'll be home late today ..."

"come back immediately, i have something important to tell you!"

mu yichen urged her in an anxious tone while he held a thick file in his hand.

Chapter 1127: yichen, you're really a god this time!

"ah? but ... but, mu yichen, i'm not done with my work yet ..."

luo chenxi was stunned for a moment before she quickly spoke.

however, before she could finish speaking, she was interrupted by the man. "you're having a meeting at the SL group building, right? i'll come and pick you up immediately, you're not allowed to run around! did you hear me?"

"ah? don't come over, i'm not planning to ... hey hey hey, don't hang up!"

luo chenxi was about to refuse when the call was hung up.

"what's mu yichen up to this time? didn't we talk about this this morning?"

.....

half an hour ago, at the mu group.

he jinsi sped all the way to mu yichen's office.

his handsome face was filled with shock.

she sized mu yichen up from head to toe a few times as soon as she entered the room.

mu yichen allowed tang wulin to size him up expressionlessly. he waited for a while before he asked in a slightly impatient tone, "are the results of the dna test out?"

boxn ov el. c o m

only then did he jinsi snap back to his senses and throw the document bag in his hand on the table.

"see for yourself!"

a crack finally appeared on mu yichen's calm face. his hand that was pressing on the document folder trembled slightly, revealing the excitement and uneasiness in his heart.

he pulled out the test report, skipped the various data analysis, and jumped directly to the final test result.

"the hospital has confirmed that the person supporting the test is the biological mother of the child."

mu yichen's body did not move at all when he saw the line of words. he stood frozen on the spot.

although he had already guessed it, he was still indescribably excited when he saw the results.

countless complicated emotions surged into his heart. other than joy, there was also a trace of heartache and pain.

it turned out that the 'scumbag' who made luo chenxi pregnant and caused her to lose her degree and future was him!

mu yichen did not know whether he should cry or laugh when he recalled how he had cursed this scumbag who had hurt the woman he loved.

"stupid woman ... i didn't expect that our fate had already been decided four years ago ..."

mu yichen clutched the appraisal report in his hand tightly. he was extremely excited.

he jinsi had been observing his expression and reaction from the side.

seeing how excited he was, she couldn't help but say, "yichen, you've really become a god this time! 'how did you guess that luochenxi is tangtang's biological mother?' such an unscientific thing was actually true! when i saw the results, i thought i was still sleeping!"

she initially thought that mu yichen was muddleheaded because he loved his wife too much. in the end, he was the one who was slapped in the face.

mu yichen darted his good friend a glance. the corners of his lips curled up ever so slightly beyond his control.

"intuition ... do you understand? she's my woman, so of course i have a connection with her. a single dog like you won't understand."

"i'll go!"

when he jinsi heard that, he couldn't help but curse.

he had worked so hard to give mu yichen ideas and help him do a dna test. in the end, not only did he not get any benefits, but he was also fed dog food?

the corners of his mouth twitched. "if you could sense it, why did you only know that the person you slept with wasn't luochenxin today?"

mu yichen's expression changed.

this stab was really hateful and accurate.

he scoffed coldly. "at least i know who the woman i like is! i told you, even if i'm drunk, it's impossible for me to sleep with a woman like luochenxin. my taste is not that bad!"

Chapter 1128: it was no different from a nightmare that was hard to wake up from!

he jinsi couldn't help but chuckle.

however, he did not continue to stab mu yichen when he considered the fact that the knot in mu yichen's heart had finally been untied after so many years.

instead, he asked, "although the results are here, i still don't understand. what exactly happened four years ago?" i still can't explain the three questions i asked earlier!"

mu yichen furrowed his brows upon hearing that. however, he soon calmed down.

"we'll investigate this matter in the future. it's not important. i just want to know that tangtang is my and chenxi's biological daughter!"

no wonder he felt that the little dumpling looked very similar to luochenxi.

not only did they look alike, but their personalities were also very similar.

they were usually smart, cute, and cute, but at critical moments, they had a black-bellied and overbearing side, and they were very agile.

both of them were especially talented in art and had a very high aesthetic standard.

'they both like sweets, like ...'

there were too many similarities between the two.

in comparison, luochenxin had nothing in common with xiaotuanzi except for their similar looks.

boxnovel.com

since a long time ago, mu yichen had always had the feeling that the little dumpling and luochenxi were the biological mother and daughter!

and all of this was not his illusion.

the more mu yichen thought about it, the happier he felt. he almost could not control the excitement in his heart. he stood up from his chair and picked up his suit jacket before he walked out of the office.

he jinsi quickly called out to him, " wait, yichen. where are you going? "

mu yichen did not stop walking. he answered casually, "i have to inform luochenxi of this good news as soon as possible. this woman was really stupid. she didn't even know that her biological daughter was right in front of her and thought that she couldn't have children! he clearly won the bid in one try!"

of course, it could also be because he was too powerful.

mu yichen felt smug in his heart. he gave luochenxi a call immediately and told her that he would be picking her up to bring her home.

then, he hung up the phone without waiting for luochenxi's reply.

"alright, my wife is still waiting for me. i'll go first. for today's matter ... with our friendship, i won't say thank you."

seeing that he was about to leave, he jinsi hurriedly said, " hey, wait! yichen, are you sure you want to tell sis-in-law about this? "

mu yichen did not expect him to say that. he stopped in his tracks and frowned slightly. " what do you mean? if you don't say it directly, how else do you want to say it? "

he jinsi glanced at him and said meaningfully, " what happened that night was a good thing for you. you spent a night with the woman you liked, and she even gave birth to such a lovely daughter for you. you took advantage of her! however, that might not be the case for sis-in-law ... "

"what do you mean not necessarily? she also ... "

mu yichen spoke subconsciously, but he stopped halfway through his sentence. the expression on his face turned stiff at once.

that was because he suddenly realized that he jinsi was right.

when luo chenxi rejected his proposal the last time, he realized that she was keeping the incident from four years ago a secret. she would rather break up with him than to mention the incident that happened in the past.

however, it was normal for her to be like this.

after all, to luo chenxi, she was raped and was pregnant with an unknown man's child. later on ... the child was taken away by someone with ulterior motives.

this was no different from a nightmare that she would never wake up from when she was only 18 years old!

Chapter 1129: a man who pampers his wife as much as his life is really too unreasonable!

also, luo chenxi had mentioned that she had lost a lot of blood due to the car accident. as a result, she could no longer conceive. she had even used that as a reason to reject him.

mu yichen did not think much of it at the time.

however, now that he thought about it, luo chenxi's infertility should be the after-effect of giving birth to tang tang ...

thinking of this, a sharp pain suddenly streaked across his heart.

his stupid woman had given birth to xiao tuanzi alone somewhere, and she might have even bled a lot because of it.

and he, the man who was supposed to be by her side, had long forgotten about her ...

mu yichen was deeply vexed at the moment.

he regretted that he did not pay more attention back then. he did not insist on staying in country F to investigate the matter thoroughly and look for luo chenxi.

if he had known the truth back then, he would have gotten together with that stupid woman a long time ago. luo chenxi would not have to suffer at all.

perhaps tang tang already had a few younger brothers and sisters.

however, it was too late to regret now.

the truth was that the incident four years ago was just a painful memory for luo chenxi ...

boxn ov el. c o m

and this pain was brought to her by him.

he jinsi pursed his lips when he saw mu yichen's gloomy expression. he consoled him, " yichen, i'm just reminding you not to be too rash. you don't have to worry too much. " to be honest, you were also a victim back then, and you didn't know anything about what happened! sis-in-law loves you so much. as long as you think of the right way and explain it to him, she will definitely forgive you."

mu yichen took a deep breath. " i know. i'll definitely coax her properly. even if she has a knot in her heart, she won't divorce me for tang tang's sake. i'm worried about something else ..."

he jinsi was puzzled. " what is it? "

" it happened four years ago ... " mu yichen furrowed his straight brows. " we still can't find out what happened back then. i don't know what happened to chenxi. " just like you said, everything that happened back then was strange, and there were many things that couldn't be explained."

he jinsi was obviously a bystander. after thinking for a while, he had an idea.

"in this matter, the people involved are the clearest. " among them, you're completely out of the picture. the remaining two parties are sister-in-law and luo chenxin. i'll try to contact shixun again, and you ... you can try to find out more from sis-in-law ... she must know something."

"no!"

upon hearing this, mu yichen immediately rejected the idea without even thinking.

" i don't want to mention those things when i'm not confident. if i agitate my chenxi, will you be responsible? "

young master mu's tone was unfriendly, and he couldn't help but glare at he jinsi.

he jinsi was speechless.

a man who doted on his wife as much as his life was really too unreasonable!

"i'm not asking you to provoke sis-in-law, i'm just asking you to test her. can't you be more indirect? what's more, what happened four years ago is a hurdle that you can't get around between you and sis-in-law. you'll have to talk about it in the end, and you can't avoid it. "

mu yichen's expression was gloomy. he stood on the same spot for a long time without nodding or shaking his head.

at that moment, zhuo feng called.

" young master, you said you were going to pick up young madam. may i know when we're leaving? "

Chapter 1130: what a pig teammate!

mu yichen squinted his eyes. " i'll be down right away. "

he turned back to look at he jinsi and quickly said, " alright, i have to go and pick up my wife. about the dna test ... you must keep it a secret for me. i don't want my wife to know about this from other people."

he jinsi nodded. " don't worry. i know what's important. "

"also, find bai shixun quickly and ask him to bring luo chenxin back to me! no one should know this better than luo chenxin!"

” alright, i’ll try my best. you take care of sister-in-law first. ”

after mu yichen left, he jinsi furrowed his brows deeply in a place where mu yichen could not see.

in fact, he had already called bai shixun a few times today, but none of his calls went through.

although bai shixun was usually a little unreliable, he had never been uncontactable.

he thought about how bai shixun was in country F, which was thousands of miles away, and that he still had to get him out of the hands of the local underground forces ...

he jinsi suddenly felt a little uneasy.

hopefully ... he was overthinking it.

SL holdings.

luo chenxi hung up the phone with a ghastly expression on her face.

‘this man, mu yichen ... isn’t he a little too overbearing?’

yan heng and the rest had already walked to the entrance of the conference room. he turned around when he saw luo chenxi falling behind alone.

“xingchen, what’s wrong?”

luo chenxi gritted her teeth and said, “well ... director yan, producer fan, and teacher lan zhi, i can’t have lunch with you anymore ...”

lyndin’s face revealed a look of pity. ” what’s wrong? do you have anything on tonight? can i reject it? it’s rare that the main cast and crew are all here. let’s have a meal together and get to know each other.”

“that’s right, xingchen, let’s go together!”

“it’s just dinner, it won’t take long.”

luo chenxi had a troubled expression on her face.

she really wanted to agree to everyone’s request, but she was a married woman. she even had such a domineering and jealous husband at home ...

lan zhi observed her for a while and guessed a little. ” xingxing, is it because the mu family has strict rules that young master mu doesn’t allow you to eat out? ”

“uh, this ...”

luo chenxi truly did not feel like nodding.

although lyndin’s guess was pretty close, if she admitted it, wouldn’t she lose face?

she was an independent and professional woman. why didn't she have this little freedom?

"i'm mainly worried that no one will pick our daughter up. alright, i'll tell my parents that i won't be coming home for dinner today."

luo chenxi made another call back to the mu family's villa.

tan yueru was very supportive. she patted her chest and told her not to worry about the little dumpling.

luo chenxi heaved a sigh of relief. she quickly caught up with the film crew members in an attempt to slip away before mu yichen arrived.

however, the heavens obviously did not want to stand on her side.

she had just gone downstairs and walked to the entrance of SL holdings when a familiar black sports car stopped not far away.

the car door opened, and a tall and imposing figure appeared in front of everyone.

luo chenxi shuddered at once. she shrunk back and hid behind yan heng. at the same time, she quickened her pace in an attempt to slip through.

he muttered in his heart, i can't see it, i can't see it ...

unfortunately, the rest of the crew could not understand her intentions at all.

when yan heng saw mu yichen, he immediately greeted him in surprise, " "young master mu! what are you doing here? what a coincidence!"

mu yichen's gaze fell upon luo chenxi. he squinted his dark eyes ever so slightly.

luo chenxi wanted to cry but had no tears.

what coincidence!

what a pig-like teammate!
