

Sweetheart 1131

Chapter 1131: mrs. mu and young master mu are really in love!

however, it was too late to say anything now.

luo chenxi had no choice but to brace herself. she turned toward mu yichen's direction and forced a smile on her face.

"my dear husband, you're so busy with work, but you still took the time to pick me up. i'm so touched ... actually, you don't have to go through so much trouble ..."

"it's no trouble at all," mu yichen strode toward her and looked down at her from above. "after all, my wife won't even go home if i can't make time ..."

luo chenxi met the man's dangerous gaze. she felt her legs go weak subconsciously.

she laughed dryly and said, "hehe, hubby, you've misunderstood. how could i not go home?" today was just ... just a coincidence. it was the first time that all the main creative staff of the crew had arrived, so it didn't take much time for everyone to have a meal together. don't be such a wet blanket ..."

mu yichen raised his eyebrows upon hearing this.

he turned around and looked at yan heng and fan yinghua who were standing next to luo chenxi. "what's wrong? did i dampen your spirits?"

since young master mu had asked, who would dare to nod?

yan heng and fan yinghua both shook their heads like rattle-drums.

"no, no, how could that be? young master mu, please ..."

"the gathering is voluntary, so it won't affect the work of the crew if you don't attend. since mrs. mu is busy, why don't you go back with your husband?"

boxn ov el. c o m

"that's right, mrs. mu. you can't just focus on work. you have to take care of your family. young master mu is such a good husband, where can we find him?"

luo chenxi almost vomited a mouthful of blood!

these people ... why were they all so easily swayed?

they had just encouraged her to stay for dinner, but when they saw young master mu in person, they immediately cowered, and their attitudes took a 180-degree turn!

he sold her out in minutes.

mu yichen's eyes flickered ever so slightly. he looked at luo chenxi with a cold expression. "how is it, mrs. mu? it's time to go home? our daughter is still waiting for you at home!"

“hehe, mrs. mu and young master mu are so loving!”

” yeah, yeah. i’m really envious. ”

“xingchen, hurry up and go. don’t let young master mu wait too long.”

” xingchen, i had a good chat with you today. let’s talk next time! ”

under the pressure of young master mu’s powerful aura, the members of the film crew spoke one after another. they bid luo chenxi farewell in a hurry. they were so close to pushing her into mu yichen’s arms.

luo chenxi was speechless.

what kind of people were these!

however, after seeing young master mu’s cold and handsome face, she ... also gave up.

“hubby, thank you for coming to pick me up. you’re so good to me!”

for the sake of her small waist, she should not go against the devil ...

luo chenxi stretched out her hand and took the initiative to hook her arm around mu yichen’s. she leaned toward him.

mu yichen’s expression turned for the better. he wrapped his arm around luo chenxi’s waist and chuckled softly, ” “you still know that i’m good to you, so i didn’t dote on you for nothing!”

luo chenxi gritted her teeth when she heard his infuriating tone.

however, she was forced to obediently follow him into the car.

luo chenxi initially thought that mu yichen would be ‘punished’ severely by being crushed on the back seat of the car after being caught by him today, knowing his character.

who would have known that mu yichen would suddenly fall silent after he got into the car?

he stared at her for a long time, as if he wanted to say something, but in the end, he did not say anything.

along the way, the sports car was eerily quiet.

just as luo chenxi was filled with suspicion, the car stopped.

Chapter 1132: with them around, what more could he ask for?

at the mu family’s villa.

tan yueru had already picked up the little dumpling from the kindergarten, and the family was already sitting at the dining table, ready to eat.

she was very surprised to see mu yichen and luo chenxi returning home all of a sudden. " daughter-in-law, didn't you say that the production team is having a dinner gathering and you won't be coming back for dinner? "

luo chenxi laughed drily. " uh, that ... i've changed my mind at the last minute ... "

although she didn't say it clearly, tan yueru saw her son standing there with a cold face, so how could she not understand?

he could not help but glare at mu yichen.

"you little brat, you're bullying my daughter-in-law again, right?"

mu yichen was already used to tan yueru's favoritism, so his expression did not even change.

the little dumpling jumped down from her high chair when she saw luo chenxi. she pounced toward her in excitement and hugged her thigh.

"big sister, did you come back to accompany tang tang for meals?"

luo chenxi hugged the little dumpling and kissed her toot little face. " of course, i missed tang tang, so i went home earlier. "

upon saying that, she glanced at mu yichen in a provocative manner on purpose.

boxn ov el. c o m

however, to her surprise, mu yichen was not as arrogant as he usually was. on the contrary, the corners of his lips curled up ever so slightly while his eyes flickered as he watched her and the little dumpling.

he noticed luo chenxi's gaze so he strode toward her. he spread his strong arms and pulled her and the little dumpling into his arms.

luo chenxi was stunned as she did not expect him to behave in such a manner all of a sudden.

the little dumpling was a little unhappy. she kicked her short legs, trying to kick her father away.

" daddy, go away. you're pressing on tang tang! "

however, not only did mu yichen not let go, but he exerted even more force and held the two of them tightly in his arms.

feeling the warmth of the mother and daughter, his chaotic and uneasy mood for the whole day finally settled down.

no matter what, at least he was lucky enough.

his beloved woman and adorable daughter were by his side. they were the happiest family of three.

with them around, what else could he ask for?

luo chenxi noticed that something was wrong with him. she frowned slightly and pushed his chest. " mu yichen, what's wrong with you? " let me go, it's time to eat! the dishes will be cold by the time we finish."

mu yichen did not answer. he hugged them for a while more before he relaxed his grip.

he lowered his head and kissed luo chenxi on the cheek before he turned around and went to the dining room.

tan yueru stared at luo chenxi. she was grinning from ear to ear. " tsk, tsk. i didn't expect my son to dote on his wife so much even though he's usually so arrogant. "

mu yichen raised his chin slightly and pulled out a chair for luo chenxi personally.

"have a seat."

luo chenxi could not help but shiver.

'did mu yichen ... take the wrong medicine today?'

he was still so happy after being despised by her and madam tan?

her little animal instincts told her that something was wrong, very wrong ...

however, mu yichen seemed to have returned to his normal self after they started eating.

other than looking at her from time to time, he did not do anything unusual.

as usual, luo chenxi carried the little dumpling to the children's room to play after she was done feeding her.

after the little dumpling fell asleep, she returned to the master bedroom and wanted to use the time before bed to study the script.

she did not expect to see mu yichen standing in front of the window as soon as she pushed the door open. he was looking at the pitch-black night sky outside with a profound gaze.

luo chenxi was startled. " mu yichen, what are you doing? "

Chapter 1133: it was as if he had returned to that dark, chaotic, and painful night many years ago

mu yichen turned his head and looked at her deeply.

he had been standing there for more than two hours, thinking about the conversation he had with he jinsi in the evening.

the struggle in his heart grew more intense when he saw luo chenxi and the little dumpling being intimate with each other.

on one hand, he wanted to let luo chenxi know that she and the little dumpling were truly mother and daughter. they were a family of three and no one could ever separate them again.

but on the other hand, he jinsi's words were still echoing in his mind.

the stupid woman and the little dumpling were no different from their biological mother and daughter anyway. was there a need for him to tell the truth at the risk of being kicked out of the house by his wife?

if luo chenxi really wanted to divorce him, where would he go to cry?

luo chenxi felt goosebumps on her back when mu yichen was staring at her.

“uh, that ... you’re sleeping so early today? then ... you go to sleep first, i won’t disturb you. i’ll go to the studio next door ...”

before she could finish her sentence, mu yichen had already strode up to her.

he grabbed her wrist and stopped her from escaping.

“stupid woman, there’s something i want to talk to you about.”

boxn ov el. c o m

mu yichen’s gaze fell on her fair and delicate face. his thin lips parted slightly.

luo chenxi raised her head in puzzlement. she suddenly puffed up her cheeks and asked in an overbearing manner, “what is it? mu yichen, you’ve been acting really strange these past two days. don’t tell me you’ve really done something to let us down!”

mu yichen was stunned for a moment upon hearing this.

wasn’t it because he had done something wrong to them that he felt so guilty?

luo chenxi noticed that he was in a daze. she seized the opportunity to withdraw her hand in an attempt to slip away.

this preemptive strike was indeed useful!

however, mu yichen grabbed her slender waist and pulled her back just as she sneaked to the door.

“stupid woman, wait! i really have something to tell you!”

luo chenxi frowned. “ what’s the matter? ”

mu yichen pursed his lips and pondered how he should say it. “ hmm ... stupid woman, have you ... been to paris? ”

as soon as the question left his mouth, mu yichen could clearly feel that the petite figure in his arms had become extremely stiff in a split second.

luo chenxi was stunned for a moment before she found her voice. her lips trembled ever so slightly as she made a barely audible sound.

“why ... why are you asking ... this kind of question?”

mu yichen regretted it the moment he asked the question.

this was because luo chenxi's reaction was too intense. the color of blood drained completely from her petite face which was initially pale with a tinge of red.

the terrified expression on her face and the stiff reaction of her body all showed her fear and uneasiness.

mu yichen quickly corrected himself. "ahem, that ... it's nothing, actually. i was just thinking that we haven't had our honeymoon after we got our marriage certificate. since the company is free now, i thought of taking you to europe. why? don't you like paris? didn't they say that ... women all liked paris? especially a professional in the fashion industry like you."

"i ..."

luo chenxi opened her mouth. she did not know how to answer him for a moment.

when she heard mu yichen mention paris, she felt as if all the blood in her body had been drained dry at that very moment.

it was as if he had returned to that dark, chaotic, and painful night many years ago.

she had once thought that she had completely forgotten that nightmare.

however ...

Chapter 1134: mu yichen, do you know something?

mu yichen's heart clenched when he saw her face turning paler.

he could guess that the incident that happened that night was a huge blow to the stupid woman just by looking at her reaction.

the mere mention of paris made luo chenxi feel terrible.

if ... if she knew that he was the man who had raped her ...

mu yichen's remaining curiosity was suppressed by his heartache.

he was really courting death to ask such a question.

the truth of what happened back then wasn't important. what was important was that the three of them were happy together.

why would he want to destroy such a peaceful life?

mu yichen hastily hugged his little woman tightly and said, "ahem, you don't like paris? it seems that i have misunderstood. let's go to another place for our honeymoon. you can tell me where you like to go and i'll go with you. by the way, if you don't have any special place you want to go, i have two private islands in the pacific ocean. we can stay on the islands for a while."

mu yichen spoke quickly in an attempt to change the topic to the honeymoon.

on the other hand, luo chenxi was still in a daze and she did not move at all.

mu yichen listed a few more ideal vacation destinations.

boxn ov el. c o m

...”any of these places will do. however, we have to make this clear first. a honeymoon is a honeymoon and you can’t bring tang tang with you. this little fellow is the best at acting cute and pitiful, you can’t be soft-hearted.”

luo chenxi pursed her lips and did not speak.

mu yichen looked at her pale skin that was almost transparent. he felt uneasy in his heart. ” stupid woman, are you listening to me? ”

“mu yichen,”

it was only then that luo chenxi called out his name softly.

mu yichen moved closer to her. ” huh? what’s wrong?”

luo chenxi took a deep breath. ” mu yichen, do you know something? ” about ... what happened to me in paris four years ago?”

mu yichen was stunned upon hearing this.

he had never imagined that he had already thought so much about it and tried his best not to reveal his true intentions, and that he had even said so much later to try and change the topic.

however, luo chenxi saw through him.

luo chenxi stared at his dazed, handsome face. she clenched her teeth and continued to speak, ” “you’ve been acting weird since yesterday. today, your actions, expressions, and tone are all different from usual. i was just thinking why you were so strange. when you asked me if i’ve been to paris, i finally understood ...”

despite that, mu yichen’s behavior was only slightly different from his usual self.

however, as young master mu’s bedmate, luo chenxi felt that she understood him very well.

to be able to make such a strong and steady man so uneasy, this matter ... was most likely related to her.

mu yichen knew that he could no longer hide the truth after luo chenxi exposed him on the spot. he could only say, ” “alright, stupid woman, don’t get too excited. listen to me ... i’ve heard some rumors about you. last night, fu jiatong brought your aunt and cousin to the mu group to stop me ...”

mu yichen briefly explained what happened in the garage the other day.

“stupid woman, don’t get me wrong. i don’t blame you ...” he said in a low voice.

“i know,” on the other hand, luo chenxi appeared to be rather calm. ” i wanted to tell you these things before we got married. you’re the one who didn’t want me to say it. ”

Chapter 1135: she was so young and reckless back then

mu yichen's handsome and jet-black eyebrows were tightly knitted together. "stupid woman, you really don't have to ..."

he was halfway through his sentence when he felt a soft little hand pressing on his lips, stopping him from finishing his sentence.

"no, i want to tell you." luo chenxi raised her head and met his deep, black eyes. she spoke in a determined tone.

even though she could still feel the pain in her heart when she recalled the unbearable scene in the past, luo chenxi understood that she could not keep these things from mu yichen forever.

she was already married to mu yichen.

as her husband, mu yichen had the right to know about the things that happened to her.

mu yichen's furrowed brows did not loosen, but he could not come up with any words to refute her. he could only look at her quietly.

luo chenxi closed her eyes and recalled for a while before she slowly spoke.

"lu yajing is right. i was ... i was pregnant four years ago ..."

luo chenxi paused for a moment and took a deep breath to ease the sour feeling that was churning in her chest. she continued, "but, that child ... already ... died the moment he was born ..."

just saying this sentence seemed to have used up all her strength.

luo chenxi shut her mouth, but her body was trembling continuously.

boxn ov el. c o m

whenever she thought of that cold, rainy night, she felt as if she had fallen into an endless nightmare.

at this moment, she suddenly felt her body warm up.

a pair of strong arms wrapped around her, pulling her into a warm and broad embrace.

the man hugged her tightly and coaxed her softly by her ear, "chenxi, this is not your fault. you ... don't blame yourself ..."

mu yichen felt as if his heart was being cut by a knife when he saw luo chenxi's reaction.

he could not allow luo chenxi to continue blaming herself!

mu yichen pursed his lips and decided to tell the truth."chenxi, listen to me. actually, that child ..."

however, he had just opened his mouth when he was interrupted by luo chenxi once again.

"mu yichen, let me finish first. i know you don't mind what happened back then, so i should tell you the truth."

mu yichen's brows twitched. "alright, tell me then. what exactly happened four years ago?"

luo chenxi calmed down for a moment and organized her thoughts. " i'll start from the beginning. "

"in my third year of high school, i received a scholarship from country Y's royal academy of fine arts and went to country Y to study. in the beginning, everything went smoothly, and i even won the first prize at the freshman show. during the christmas holiday, my classmates made plans to travel to the neighboring country F, and i joined them ..."

luo chenxi's eyes flashed with a hint of nostalgia.

she was so young and reckless back then.

her design talent was enough to crush all her peers even in this international school.

this gave her the illusion that her future was a smooth one. as long as she worked hard enough, she could become an internationally renowned designer.

in reality, luo chenxi came from an ordinary family. she did not have the money to go to country F.

however, because she won the first prize at the freshman show, she received a 20000-pound prize money, and paris was the city of her dream.

that was why she decided to go on a trip.

whoever knew that this would become a nightmare of her life ...

"we had a lot of fun in paris. we visited everywhere during the day and went to the local bar at night. one night, i was drunk ..."

Chapter 1136: that was his and that stupid woman's baby!

mu yichen's dark eyes squinted when he heard the crucial part. he fixed his gaze on the petite woman in his arms. he did not want to miss a single word.

luo chenxi's fingers that were holding onto the hem of mu yichen's clothes trembled ever so slightly.

however, he still managed to speak as calmly as possible.

" actually, i don't really remember what happened at that time. later, when i thought about it, someone must have drugged my wine when i wasn't paying attention. i didn't notice at all at that time. after drinking a few glasses, i felt that something was wrong, so i ran out. i can't remember what happened after that. when i woke up the next day, i found myself lying in a small hotel, naked ..."

upon hearing this, mu yichen could not help but exclaim in surprise.

"wait, what did you just say? you woke up in a small hotel?"

luo chenxi did not expect him to ask such a question. she blinked her eyes in surprise before she nodded and said, " yeah ..."

"you didn't remember wrongly? shouldn't it be in the presidential suite of a five-star hotel?"

luo chenxi was stunned for a moment. i definitely won't be mistaken. do you think that everyone is like you, staying in a presidential suite when they go out? i don't know who took me away that night ..."

at this point, luo chenxi's face turned pale again.

mu yichen furrowed his brows once again. his eyes were filled with confusion.

what was going on?

boxn ov el. c o m

he was clearly staying in a five-star hotel that day!

moreover, he jinsi was the one who personally sent him back to the hotel that night. after that, he got drunk and fell asleep. he couldn't possibly have sleepwalked out in the middle of the night and slept with his future wife, right?

wasn't this a little too strange?

luo chenxi continued speaking when mu yichen was deep in thought.

"i was so shocked that i quickly escaped from the hotel. however, i was too young back then and forgot about birth control ... by the time i realized it, i was already two months pregnant. i wanted to abort the child ..."

mu yichen's heart clenched at once.

that was his and that stupid woman's baby!

however, he immediately calmed down and realized that he was overthinking.

luo chenxi certainly did not have the chance to abort the child. otherwise, it was impossible for her to have such an adorable little dumpling.

as expected, luo chenxi continued, " " ... in the end, during my prenatal checkup, the doctor told me that my body wasn't suitable for pregnancy, so if i aborted the child this time, it would be too harmful to my body. there's a high chance that i won't be able to get pregnant in the future. he advised me to give birth to the child. "

" i ... i hesitated for a long time. at first, i just couldn't make up my mind. later, i gradually developed feelings for the child in my stomach and couldn't bear to abort it. later, when my mommy found out, she brought me back to china and supported me in giving birth to the child ... "

" however, the lu family has always valued the family's reputation. my pregnancy has angered grandpa, so, just like what lu yajing said, my mom and i were kicked out of the lu family and moved to T city. "

"i've already thought about how to make up for the baby's fatherless childhood after he's born. i've even made a lot of small clothes for him, waiting to welcome the arrival of this little life. however, just as my due date was approaching, another accident happened ..."

at this point, luo chenxi's body shuddered involuntarily once again.

Chapter 1137: i really thought i was going to die ...

mu yichen hugged her even tighter. it was so tight that he felt like he was about to embed her into his body.

" alright, alright. i already know. you don't have to continue ... " mu yichen said softly with a deep frown.

luo chenxi gave him a gentle push and shook her head.

" no, i've finally mustered up the courage to mention what happened back then. let me say it all at once!
"

mu yichen had no choice but to remain silent when he saw how insistent she was.

luo chenxi thought for a moment before she continued, " " in order not to affect the lu family's reputation, grandpa paid a sum of money to send me abroad. he didn't want me to give birth to a child in the country. "

" i guess i'm just unlucky. that day, my mommy was in trouble, so i went to the hospital alone for a check-up. on the way, a car suddenly lost control and rushed towards me. i actually already felt that something was wrong at that time and wanted to hide in the store on the side, but the car seemed to be coming for me. it drove straight onto the sidewalk and hit me. "

"at that time, i really thought i was going to die ..."

"don't say anymore, stupid woman, don't say anymore!" mu yichen noticed that her little hand was getting colder and colder. he wanted to stop her from continuing.

however, luo chenxi acted as if she did not hear him. her voice was weak yet determined as she continued, " ... the car accident caused massive bleeding which resulted in premature labor. even though the doctor tried his best to save me and saved my life, the child ... was not saved ... "

luo chenxi could not hold back her tears in the end. they rolled down her fair cheeks.

luo chenxi's tears fell onto mu yichen's neck as the two of them were hugging each other tightly.

boxn ov el. c o m

mu yichen felt as if he was scalded.

at this moment, other than heartache, there was only regret.

back then, why did he think that the women who climbed into his bed had ulterior motives? why didn't he find out who the woman was?

if only he had been more careful, that stupid woman wouldn't have to suffer like this!

" alright, chenxi, stop crying ... you have me and tang tang now ... don't cry ... you ... listen to me ... "

mu yichen tried to coax his wife.

however, luo chenxi had been holding it in for too long. today, she finally managed to force herself to speak about the incident that happened in the past.

on the other hand, not only did mu yichen not blame her in the slightest, but he was also so gentle toward her.

she really couldn't help but want to vent all the grievances and pain she had suffered in the past.

mu yichen was about to tell the truth, but he did not know how to bring it up when he saw luo chenxi crying so hard that she could not stop.

"chenxi ... can you not cry ..."

"i can't even cry! how can there be such a bad person like you! wuwuwu ..."

"alright, alright, alright. you can cry, you can cry all you want ..."

mu yichen felt helpless.

he finally knew why the little dumpling loved to cry so much when she was young. moreover, she was the kind that could not be coaxed when she cried.

it's all hereditary!

however, he didn't dare to say this out loud.

he could only hug his wife and coax her for a long time.

luo chenxi did not know how much time had passed before she gradually calmed down. she leaned into mu yichen's arms and did not make a sound.

it was only then that mu yichen opened his mouth cautiously and asked probingly, "that ... chenxi, do you have any impression of the man who was with you that night?"

Chapter 1138: cut off his lower part and feed it to the dogs!

upon hearing his words, luo chenxi's body turned stiff at once.

mu yichen was regretting his question. he was about to say something when luo chenxi suddenly gritted her teeth.

"no, i don't have any impression at all! who would remember ... remember a rapist? this kind of man who drugged a girl in a bar and then brought her to a small hotel was definitely not the first time he had done this kind of thing. he was simply a scumbag! i only regret not having the ability to catch this person back then, otherwise ..."

"otherwise what?" mu yichen suddenly felt a chill on his back.

luo chenxi's petite hand on his shoulder suddenly clenched into a fist. "otherwise, i'll definitely cut off his private part and feed it to the dogs!"

mu yichen shuddered subconsciously.

he suddenly felt pain in a certain part of his lower body.

“but, what if ... i’m saying what if ... this man didn’t do it willingly? are you also a victim?”

“victim? does he think i’m stupid? if a man doesn’t want to, do you think i have the ability to rape him? he’s definitely up to no good!”

when luo chenxi finished speaking, she noticed mu yichen’s pale face. she pursed her lips and explained hastily, “hubby, well...you... you don’t have to worry. the past is in the past. i know that after so many years, we can’t catch that scumbag anymore. although i still hate him, i already have such a happy life now. i have you, tang tang, dad, mom, and wei wei. i don’t want to recall the past. let’s ... let’s just pretend that nothing happened ...”

“cough, cough, this ...”

for a moment, mu yichen did not know how to respond.

boxn ov el. c o m

was he really going to tell luo chenxi that he was the man who had spent a night with her and even impregnated her?

he ... he was a little worried ...

at least ... at least put away the kitchen knife at home, right?

he also had to keep the scissors that the stupid woman used to cut cloth ...

more importantly, he could not figure out why luo chenxi would wake up in the motel.

‘could it be that luo chen’s heart was really moved and he secretly took luo chenxi away after spending the night with her?’

however, with luo chenxin’s ability, how could she manage such a large five-star hotel chain and do such a thing without anyone knowing?

besides, why did luo chenxin send luo chenxi to his bed? he’s not going up?

countless riddles emerged in his heart repeatedly. mu yichen was at a loss.

after a long time, he said in a low voice, “stupid woman ...”

mu yichen paused for a moment as he waited for luo chenxi’s response.

however, he did not hear any sound.

he lowered his head to take a look and realized that luo chenxi was tired from crying earlier. he did not realize that she had fallen asleep while leaning on his shoulder.

mu yichen looked at her fair little face and her slightly red and swollen eyes with mixed feelings. he didn’t know if he was relieved or even more disappointed.

it seemed that even the heavens felt that today was not a good time to reveal the truth ...

mu yichen heaved a sigh in his heart. he carried luo chenxi up and placed her gently on the bed before he covered her with the blanket.

luo chenxi revealed the secret that had been buried at the bottom of her heart for many years. she felt relaxed and fell into a deep sleep.

however, mu yichen tossed and turned in his bed. he could not fall asleep no matter what.

it wasn't until early in the morning that he finally felt a little tired.

however, just as he closed his eyes, his phone rang.

mu yichen frowned. he picked up his phone and took a look. he suddenly came to his senses.

Chapter 1139: missing bai shixun

the person who called him was actually he jinsi!

the two of them had just parted ways at the mu group this evening. how long had it been since then, and he was already calling him?

could it be ...

mu yichen suddenly recalled that he jinsi had mentioned that he would think of a way to contact bai shixun ...

he immediately turned his head to look and confirmed that the little woman beside him was sleeping soundly, showing no signs of waking up.

he lifted the blanket and got up. he picked up his phone and walked to the balcony."jingsi? did you find shixun?"

mu yichen felt a little nervous in his heart.

as long as he could capture luo chenxin and interrogate her properly, he would be able to figure out the mysteries of the past.

he could only come clean to luo chenxi after the truth was revealed.

otherwise, luo chenxi had already determined that the man she had spent the night with was a rapist with ill intentions. how was he supposed to explain this to his wife?

however, he jinsi's panicked and anxious voice came from the other end of the phone.

"yichen, bad news! something had happened! i just received news from country F. i heard that shixun and his secretary haven't returned for three days, and we can't get in touch with them no matter what."

boxn ov el. c o m

"what did you say?" mu yichen turned pale with fright as well.

"i can't explain it clearly over the phone," he jinsi said. now, master bai had also heard the news. he fainted on the spot. i'm going to the bai family now, do you want to come with me?"

"of course, i'll be right there. let's meet at the bai family." mu yichen immediately responded with a solemn expression.

although he was still worried about what had happened four years ago, he immediately threw all the other things to the back of his mind when he heard the news of bai shixun's disappearance.

the incident from four years ago could be investigated slowly, but bai shixun's disappearance was a big deal.

when he went to country F, he had brought a large group of bodyguards with him. how could ...

mu yichen hung up the phone and immediately returned to his room. he changed his clothes and was about to head out.

the commotion was so loud that it woke luo chenxi up.

she rubbed her eyes and sat up. she looked at the sky outside the window and saw that it was just getting bright.

"mu yichen, where ... where are you going so early in the morning?" she could not help but ask in puzzlement.

mu yichen was already at the door when he suddenly heard luo chenxi's voice. he stopped in his tracks.

his handsome face showed some hesitation, "this ..."

luo chenxi frowned. "what happened?" hurry up and tell me, something big must have happened, right?"

mu yichen realized that he could not hide it from her. he decided to tell her everything after some thought.

"it's ... it's news from the bai family. i heard that shixun went to country F to look for his sister, but he went missing too. it's been three days since he heard from her ..."

"what? how was this possible? what had happened? could it be that luo chenxin has done something to it?" luo chenxi widened her eyes in shock.

her first reaction was that the matter was related to luo chenxin.

after all, luo chenxin had lived in country F for several years, and she could even order an internationally renowned assassin like reese around.

this meant that she had a deep connection with the underground forces.

mu yichen furrowed his brows and shook his head. "it's possible, but we're not sure about the exact situation yet." i'm planning to go to the bai family now to ask."

luo chenxi suddenly thought of an important question.

"wait, bai shixun is missing. then ... where's my little qianqian?"

Chapter 1140: something happened to little qianqian too?

fang ziqian had gone to country F with bai shixun!

now that she thought about it, fang ziqian had not contacted her for a few days ...

an ominous premonition arose in luo chenxi's heart at once.

mu yichen pursed his lips. " secretary fang ... i think she went out with shixun. neither of them came back ... "

luo chenxi's face turned paler at once upon hearing his words.

"what? how ... how did this happen? little qianqian is in trouble too?"

mu yichen could not help frowning. " stupid woman, calm down. don't be anxious. " no one knows what's going on right now. perhaps they just forgot to contact the bai family ..."

he was afraid that luo chenxi would be worried. that was why he had planned to visit the bai family in secret to clarify the matter before he made any further plans.

he did not expect that he would wake luo chenxi up in a moment of carelessness.

even he didn't believe what he had just said.

of course, it was even more impossible for him to convince luo chenxi.

luo chenxi immediately lifted the blanket and got up from the bed. " are you going to the bai family's residence now? give me two minutes, i'll go with you!"

"stupid woman, you don't have to go. i'll tell you when i come back ..."

mu yichen's heart ached for her for sleeping late last night. he wanted to stop her, but luo chenxi had already dashed into the cloakroom.

in less than two minutes, she changed her clothes and ran out.

mu yichen had no choice but to bring her along and rush to the bai residence together.

the sports car sped under the dim light of the early morning.

as soon as the car came to a stop, mu yichen pulled luo chenxi out of the car and bumped into he jinsi who had arrived at the same time. the three of them rushed into the bai family's villa.

the villa was in a mess.

the butler was so anxious that he was sweating profusely, as if he was going to faint at any moment.

when he saw he jinsi and mu yichen, it was as if he had seen his backbone. he heaved a sigh of relief and went up to them in a hurry.

“young master mu, third young master he, and mrs. mu, you’re finally here! this is really ... really making me anxious to death! second young master and eldest young miss are both missing, and the old master has fainted. there’s no one in the family to make a decision ...”

luo chenxi was secretly shocked upon hearing that.

she had heard about the bai family’s situation from mu yichen in the past.

bai shixun’s parents had passed away a long time ago. although he still had an elder brother, it was said that he had mental problems and had been hospitalized for treatment.

bai shixun was the only child left in the bai family.

if something really happened to second young master bai, it would be a huge blow to the old master.

moreover, it would be a fatal blow to the entire bai clan.

mu yichen was more aware of this than she was. there were stormy waves gathered in his deep, ink-like pupils, but nothing could be seen on his face. his expression was still cold and stern.

“enough!” he shouted in a low voice. “why are you so flustered? what are you doing?” who said that shixun must be in trouble? she just couldn’t contact him! all of them had long faces. were they cursing him? go do what you need to do!”

after being reprimanded by young master mu, the servants of the bai family finally calmed down.

mu yichen and he jinsi dismissed the other servants to work before they got the butler to bring them to old master bai’s room.

master bai was leaning against the bed. he had already woken up.

however, her face was still very pale. she looked out of the window with her brows furrowed, thinking about something.

mu yichen and he jinsi exchanged glances and walked over.

“ old man, we’ve heard about shixun’s incident ... what happened? ”
