

# Sweetheart 1201

## Chapter 1201: luo chenxi ... you've actually returned to europe ...

"of course i won't," luo chenxi promised.

the two of them chatted for a while more before they stopped at mu yichen's urging.

tang daiyuan personally sent her to the door and waved goodbye to luo chenxi.

under the night sky, mu yichen's tall figure was particularly eye-catching. he carefully protected the little woman in his arms while luo chenxi's face was filled with a blissful smile.

tang dairong looked at their backs. the smile on her face gradually turned cold, and her eyes became dark.

" luo chenxi ... you've actually returned to europe ... "

at this moment, a black shadow stumbled toward her.

"dai yuan, dai yuan! i've finally seen you!"

tang dai turned around and was shocked to see he tina limping and her clothes covered in mud.

"tina? what's wrong with you?"

.....

luo chenxi followed mu yichen back to the hotel that night.

as soon as she entered the room, she was thrown onto the big bed.

" stupid woman, you seduced me so many times in the fitting room of the sl headquarters today. you even neglected your husband so many times during the birthday banquet. now, it's time to teach you some family rules! "

mu yichen took off his bow tie and tossed it on the ground after he finished speaking.

luo chenxi was stunned by his shameless remarks!

when he finally reacted, his first reaction was to get off the bed and run away.

in the end, young master mu grabbed the hem of her dress and dragged her back.

"hey, y-y-you ... be gentler, this dress is worth 200000 euros! if i tear it ..."

before luo chenxi could finish her sentence, she heard a "chi la" sound.

the skirt was split in half from the middle.

she was immediately infuriated. " mu yichen, you're such a prodigal! you've torn such an expensive dress! i really like it!"

mu yichen did not seem to mind at all. " it's fine. i'll get that bruno to make another one and send it over tomorrow ... i would've forgotten about it if you didn't mention it. you've been making eyes at bruno quite a few times today. you've committed another crime. you'll be punished together later! "

"mu yichen, y-y-you ... you're so unreasonable ... mmph!"

luo chenxi's weak resistance was suppressed in an instant and she was pressed onto the bed.

just when she thought that she was going to be pounced on and eaten, mu yichen's phone suddenly rang.

he completely ignored her and continued to work hard on his wife.

on the other hand, luo chenxi saw the words on the phone screen from the corner of her eyes. she quickly screamed, " mu yichen, you ... you pick up the phone ... "

"i won't take it!"

" that's from elder tang. it must be second young master bai and little qianqian. they have news! "

mu yichen's body stiffened upon hearing her words. he cursed softly, 'damn, it's bai shixun again! when this kid comes out, i'll definitely teach him a good lesson!"

having said that, he still turned over, got out of bed, and picked up the phone.

luo chenxi immediately grabbed the blanket and covered her body. her large eyes were fixed on mu yichen without blinking. at the same time, she pricked up her ears to listen to what they were talking about over the phone.

however, mu yichen only listened quietly for a while. he did not say anything before he hung up the phone.

"mu yichen, what's going on? what's wrong with little qianqian and the others?"

mu yichen squinted his eyes. " i've found shixun and the rest. jingsi and i will go and rescue them now. you wait at home ... "

"no, i'll go with you!"

"no..."

"i must see little qianqian's condition with my own eyes! you promised me before you came to country F!"

mu yichen was about to reject her when he was stopped by luo chenxi's words.

### **Chapter 1202: her tears actually made his heart ache so much!**

mu yichen had no choice but to give in.

“then you must follow the bodyguards and be careful. and most importantly ... you’re not allowed to hit anyone!”

they were following elder tang’s men, so they should be safe.

however, mu yichen was worried that his stupid woman would go berserk on the spot if anything were to happen to fang ziqian.

therefore, he had to give her a warning in advance.

luo chenxi immediately raised her right hand. ” alright, alright. no problem. i’ll send four! ”

the two of them quickly put on their clothes and rushed out of the hotel.

.....

in an old warehouse in the slums of paris, the smell of decay was everywhere.

it was dark all around him, and only a very, very small vent above his head could let in a faint light.

fang ziqian sat against the wall, feeling the man’s breathing getting weaker and his body getting hotter. she was anxious.

she nudged bai shixun. ” second young master bai, second young master bai! you ... are you still awake? can you hear me?”

boxn ov el. c o m

“hiss ...! m-woman, can you be gentler? you ... you want to kill your husband?”

bai shixun gasped, but the words that came out of his mouth were still asking for a beating.

normally, fang ziqian would have slapped him.

however, at this moment, she only frowned slightly and completely ignored these words. instead, she heaved a sigh of relief.

” that’s great, you ... you’re still alive ... ” fang ziqian’s voice was choked with sobs.

after the two of them were caught by the killers in the alley, they were tied up and roughly stuffed into the back seat of the car. then, they drove for a long time before they arrived at the warehouse.

the killers threw them in, locked the door, and then disappeared.

at first, fang ziqian tried to open the door, but she later realized that it was impossible. the iron chain at the door was frighteningly thick, and there were several people on duty outside.

there was no way she could escape with a man who had lost too much blood.

he could only stay put.

every once in a while, the killers would send them food through the small vent above their heads.

the only good thing was that the other party didn't seem to have any intention of starving the hostages to death. although the food sent to them was simple, just plain bread and beef, at least they were fresh and clean.

what worried fang ziqian the most was bai shixun's injury.

when the killers caught them, they treated bai shixun's wounds and gave him anti-inflammatory medicine.

although the bleeding had been stopped, it did not change the fact that bai shixun was getting weaker and weaker.

bai shixun's heart tightened when he heard fang ziqian's cries. an indescribable bitterness surged in his heart.

in the past, in the office, when he faced this beautiful secretary who was as cold and stubborn as an ice mountain, he often hated her to the core. in his anger, he even wondered what this woman's brain was made of. why was it so infuriating?

this kind of woman ... what would she look like when she cried?

no, perhaps she didn't even know how to cry!

today, however, fang ziqian was crying ...

bai shixun did not expect that her tears would make his heart ache so much!

"f \* ck!"

'this is crazy ...

fang ziqian misunderstood him when she heard him swear. she leaned over nervously. " bai shixun, what ... what's wrong with you? " does it hurt?"

"i ..."

just as bai shixun was about to say something, a clattering sound was suddenly heard.

the metal door of the warehouse was pushed open.

" did you catch bai shixun and the little b \* tch beside him? " luo chenxin's voice was heard.

### **Chapter 1203: that's 10 billion!**

bai shixun and fang ziqian were locked up in the dark warehouse and had not seen the sun for a long time.

the iron door was suddenly pulled open, and the two of them closed their eyes uncomfortably.

hearing luo chenxin's voice, fang ziqian quickly opened her eyes and turned to look at the door.

they saw luo chenxin swaggering in from the door, surrounded by a group of tall and tough foreign assassins.

at this moment, she no longer looked as disheveled as she had been a few days ago.

on the contrary, he looked like he was on cloud nine, his face full of smiles.

as soon as she entered the room, she glanced at the two people sitting on the ground and couldn't help but sneer.

"hehe, i didn't expect that the suave second young master bai would have such a pathetic moment today!"

luo chenxin walked closer and looked down at the pale bai shixun. she gritted her teeth and said, "it's all thanks to second young master bai's 'care' for this period of time! however, it's all thanks to you that i was able to escape from mu yichen's hands! i have to thank you!"

at this moment, a tall, brown-haired man walked up to her from behind and said in french, "alright, enough nonsense. let's get down to business first."

luo chenxin reacted, nodded, and took a step back.

"i know. simon, you guys go ahead!"

boxn ov el. c o m

the brown-haired man, simon, walked forward with a few of his men. he picked up his mobile phone and aimed the camera at bai shixun and fang ziqian, taking a few close-up shots of them.

the flashing lights made the two of them dizzy.

however, in order to save their lives, they could only suppress their emotions.

fortunately, simon's actions were quick.

after a while, the video was done.

he put away his phone. "that's good. i'll find a professional hacker to send this video out later!" we'll just wait to collect the money. luo chenxin, you're not lying to me, are you? could this pretty boy's family really come up with that much money? that was 10 billion! i've never even dreamed of this much money."

little ... pretty boy?

the corner of bai shixun's mouth could not help but twitch.

if this was in china, no one would dare to say that about him!

moreover, he was so weak because he was injured. normally, even these assassins would not be his match in a one-on-one fight.

simon noticed the expression on his face and sneered. "yo, pretty boy, you're still not convinced? if he couldn't even protect his own woman, what else could he be other than a gigolo? i'm really suspicious of how he could have taken out so much money."

luo chenxin's lips curled into a charming smile. "don't you worry about that!" no one knew him in country F, but in china, the bai family was one of the top ten aristocratic families. what was 10 billion to them? besides, he's the only child of the bai family now. his old man will definitely redeem him even if he has to go bankrupt. money ... is definitely not a problem!"

simon couldn't help but laugh when he heard this. "that's good, that's great! 'luo chenxin, no wonder president reese used to say that you're the most ruthless woman he's ever seen. you're still able to bring such a great opportunity to make a fortune at this time!' it's indeed powerful!"

luo chenxin was obviously very proud.

however, after laughing, she said, " " however, there's one thing i have to remind you. i can't say for sure now, but we can definitely get the money. "

"didn't you say ... 10 billion is no problem?" simon frowned.

#### **Chapter 1204: why don't you send it directly to the nightclub to keep miss bai company?**

" 10 billion is definitely not a problem. the problem lies in our third condition! " luo chen thought.

"the third condition?"

simon raised his eyebrows in confusion and tried hard to recall.

"by the way, you said you wanted to exchange bai shixun for a woman. her name is ... luo chenxi, right? she's your sister!"

"so what if she's my biological sister?" luo chenxin sneered disdainfully, " she caused me to be in this state. i'll never let her off! "

"tsk, tsk, when a woman is ruthless, we men can only bow down to her."

even simon, who was licking the blood on the tip of the knife, was shocked by luo chenxin's ferocious expression. he could not help but shake his head.

luo chenxin glanced at him. " what do you mean? " i'm doing this for reise, aren't i?"

simon didn't argue with her and only voiced his doubts. " i remember that before you and reese went to china, you mentioned that your sister grew up in the slums. she's just an ordinary female college student. using her to exchange for the life of this young master from a wealthy family, would the bai family possibly not agree? this condition is the easiest to achieve, right?"

living in the dark, simon knew better than anyone that even though the law stated that everyone was equal, in reality, the lives of the powerful were more precious than that of the common people. it did not matter whether they admitted it or not.

if the bai family was really as powerful as luo chenxin had said, it would be a piece of cake to capture the girl and exchange her for their only young master.

the smile on luo chenxin's face gradually disappeared. she squinted her eyes and said, "it's not as simple as you think. my sister's tricks are brilliant. she's young master mu's wife now!" although the mu family and the bai family have a deep relationship, they might not be willing to hand over young lady in exchange for a hostage ..."

boxn ov el. c o m

"what? the young mistress of the mu family?" simon was shocked.

when luo chenxin and reese went to china, they did not tell the organization about their real purpose and the details of their operation.

simon and the others who stayed in fstan didn't know the truth.

hence, simon immediately changed his mind when he heard that luo chenxi had such a powerful background. i don't think the mu family will agree to this condition, so why take this risk? wasn't it better to just take the money? that was 10 billion! what is that woman ..."

"what are you saying!" luo chenxin's expression changed and she interrupted him with a sharp voice, "have you forgotten how reese missed? he was in this state because of luo chenxi and she was the culprit! even if reese is rescued, he will definitely be crippled. in the future, you will be the leader of the assassin organization. if you don't capture luo chenxi and avenge reese, how are you going to secure your position?"

according to the rules of europe's underground forces, if the old leader was framed by an enemy and stepped down, the first thing the new leader would do after taking over was to avenge the old leader.

otherwise, no matter how strong the new leader was, it would be impossible for him to convince the masses, let alone get the recognition of other organizations.

simon thought of this and immediately changed his mind. "you're right! i'll definitely catch that b \* tch and take revenge for leader reese!"

"i'll give you an idea. why don't you send that shameless b \* tch to one of the nightclubs? she can be miss bai's companion ..." luo chen's heart was full of schemes.

"that's a good idea," simon laughed, "but we'll have to wait until we're done playing. tsk, tsk, i've never played with a young mistress from a top rich family before ..."

### **Chapter 1205: you're clearly the culprit!**

"damn b \* stards, you ... where did you sell my sister to? it wasn't enough to harm her, but now you want to harm my brother's wife? you'll all get your retribution!"

while luo chenxin was discussing the plan with simon and the others, bai shixun had been trying hard to suppress the anger in his heart.

she told herself that she had to endure it, to live on, and to protect fang ziqian ...

however, when he heard luo chenxin mention bai xinxin in a teasing tone, he could not hold it in any longer. a surge of anger rushed to his head.

“luo chenxin, you’re still distorting the truth here! you know very well what you’ve been doing behind my back! you still have the nerve to say that luo chenxi was the one who killed reese? you’re clearly the culprit!”

upon hearing bai shixun’s words, luo chenxin’s expression changed abruptly, and her voice became sharp. “shut up! don’t talk nonsense there. if you dare to talk nonsense again, i won’t be polite to you!”

“hehe, luo chenxin, are you afraid? are you afraid that i’ll tell these people the truth? reese is clearly ... ah!”

bai shixun suddenly let out a blood-curdling screech as his face turned even paler.

luo chenxin was afraid that he would tell her everything that had happened in china and ruin her plan. in a moment of desperation, she rushed to bai shixun, lifted her high-heels leg, and kicked bai shixun’s wound!

this kick was ruthless and accurate.

bai shixun’s wound, which had just shown signs of healing, immediately split open again.

bright red blood immediately seeped out from the already worn out shirt.

boxn ov el. c o m

” luo chenxin, you ... ”

“shut up!”

luo chenxin took advantage of bai shixun’s weak state to pull out a pistol from her waist and pointed it at him. she seemed to be ready to kill him.

fang ziqian’s mind buzzed at the sight.

when she saw that bai shixun was about to be shot, she could not care about anything else. she supported herself with her hand on the ground, stood up suddenly, and pounced on luo chenxin.

fang ziqian’s strength was much greater than usual, perhaps because her potential had been triggered during the critical moment. she threw herself on luo chenxin and knocked her to the ground.

the gun in luo chenxin’s hand also flew out.

now ... he was safe.

when fang ziqian heard the sound of the gun falling to the ground, she felt her legs go soft. for a moment, she really thought that bai shixun was going to die!

even though she hated this playboy, the thought of him dying ...

she couldn’t care about anything else.

however, before fang ziqian could heave a sigh of relief, luo chenxin screamed.

“dammit! fang ziqian, you b \* tch! you actually ... actually dared to push me down!”

luo chen’s heart ached so much that he frowned.

fang ziqian’s sudden lunge had caused her to land on her back heavily. her internal organs were in pain from the fall, and her ankle was sprained. she was in excruciating pain, and she didn’t know if it was broken ...

luo chenxin came over with satisfaction today. she was ready to enjoy the tragic state of bai shixun and fang ziqian.

she never thought that not only did she fail to scare the two of them, but she even got injured!

luo chenxin was furious. she stared at fang ziqian coldly, and her hatred surged up.

“you damned b \* tch, i almost forgot. aren’t you best friends with that vixen, luo chenxi? aren’t you helping her to deal with me? hehe, very good! since luo chenxi isn’t here right now, i’ll entertain you properly first!”

**Chapter 1206: she was just a woman that second young master bai had played with**

” you ... what do you want to do?! ”

bai shixun’s heart sank when he heard luo chenxin’s words. he had an ominous premonition.

at this moment, luo chenxin had already stood up slowly with the help of simon and the others, enduring the pain.

she turned to the killers behind her and said with a grim smile, ” “i know that you’ve been hiding everywhere these days to look after the hostages. you haven’t had a good meal in a long time, right? isn’t there a beauty in front of you now? look at this little b \* tch, her long legs, her skin, don’t tell me you’re not interested in her?”

as soon as luo chenxin said that, all the assassins looked at fang ziqian at the same time.

everyone’s eyes were filled with desire.

fang ziqian was indeed a rare beauty. she had a model’s figure and a pair of long legs.

especially now that his clothes were in tatters and he was flipped over, it made people feel like committing a crime.

the assassins stared at fang ziqian and swallowed hard, unable to take their eyes off her.

however, they still had some apprehensions.

“is ... is this appropriate, miss luo? this is our hostage! if the hostage is injured, it will affect our ransom demand. wouldn’t that be a loss?”

although fang ziqian was very attractive, everyone would still settle scores with her.

boxn ov el. c o m

the ransom this time was 10 billion!

even if the people who participated in the operation got a small share, they would still get tens of millions of dollars.

with this money, he could sleep with any woman. there was no need to rush ...

'useless thing!' luo chen cursed in his heart.

however, he said,"hehe, what are you all worried about?" this little b \* tch can't even be considered a hostage. the bai family was willing to pay 10 billion us dollars not to redeem her, but to buy second young master bai's life! she was just a woman that second young master bai had played with. the bai family couldn't wait for such a shameless thing to disappear from the young master's side! you guys go ahead and play, nothing will happen!"

everyone immediately felt that it made sense.

after the last bit of worry in his heart disappeared, he could no longer suppress the darkest impulse in his heart.

the assassins revealed wretched smiles on their faces, looked at each other, and surrounded fang ziqian.

"you ... you ... you guys get lost! all ... all of you, get lost! don't touch me!"

fang ziqian's face was filled with fear.

no matter how steady and calm she was, she still fell into fear in the face of such a situation.

she had never expected luo chenxin to be so ruthless!

"hehe, little beauty, don't struggle anymore. we'll definitely dote on you!"

" yes, we are all boorish people. we don't know what it means to have tender feelings for women. if you cooperate with us, you will suffer less. if you struggle, you will be injured or accidentally played to death by us. then you will be the one who is unlucky! "

"all of you, get out of the way! i want to be the first!"

the killers rushed up impatiently.

fang ziqian struggled and dodged with all her might, but as a girl, she was no match for so many assassins. she couldn't resist at all and was pressed to the ground.

"stop! stop! little qianqian ..."

bai shixun was so anxious that his face turned red. he desperately pressed himself against the wall, trying to stand up to save her.

however, her body refused to listen to her and was on the verge of collapsing.

luo chenxin sneered,'second young master bai, you're already so injured, and you're still thinking of saving people? she's just a woman who can't be shown in public, is there a need?"

## Chapter 1207: are you throwing your life away for a woman?

however, bai shixun did not seem to hear her. he was still trying his best. the veins on his forehead were bulging. he used all his strength to stand up.

luo chenxin sneered and said, 'tsk, tsk. i didn't expect that the flirtatious and flirtatious second young master bai is actually a saint of love ... and he actually likes such a cheap woman!' hehe, i really don't know what kind of eyes you have."

although luo chenxin said it disdainfully, she felt sour in her heart.

he did not expect bai shixun to be so persistent about fang ziqian!

not only did he get shot to protect her, but even now, he was so seriously injured, and he was still thinking of saving her!

although luo chenxin was not interested in bai shixun, she still felt depressed.

why was it that women like luo chenxi and fang ziqian, whom she looked down on, could easily win the hearts of the high and mighty young masters from wealthy families and even risk their lives for them?

and she had tried so hard, but she had gotten nothing?

instead, he had become a rat on the street, hiding in a dark warehouse with a group of vulgar and cruel killers!

at the thought of this, luo chenxin's face became even more ferocious. she turned to the assassins and said deliberately, "all of you, why can't you even deal with a woman? after half a day of discussion, they still didn't have the guts to go up? or ... none of you can do it?"

"nonsense! who said i can't do it?!"

"we're just being tender to her. how can we spoil such a pretty little beauty after only using her once?"

boxn ov el. c o m

upon hearing luo chenxin's provocation, some people could not wait any longer and pounced on her directly ...

"little beauty, big brother is here ... ah!"

all of a sudden, a shrill scream reverberated through the empty warehouse.

luo chenxin could not come back to her senses for a while.

when she saw the scene in front of her clearly, she was stunned.

bai shixun, who had been standing up just a moment ago, suddenly kicked the killer who was on top of fang ziqian and was about to take off his pants, sending him to the ground.

his kick was ruthless and accurate, and the killer's attention was on fang ziqian, so he was completely unprepared. two or three of his ribs were broken, and he cried out in pain.

bai shixun's face turned extremely pale, and cold sweat kept dripping from his forehead.

however, he didn't stop.

after the first hit, he immediately swung his fist at another killer.

this guy actually dared to touch his little qianqian's chest with his perverted hands!

he hadn't even touched it before!

with a crack, the sound of bones breaking could be heard.

in just a minute, bai shixun had injured four to five assassins in a row. the rest of them finally came to their senses and stopped what they were doing to rush toward him.

although bai shixun appeared to be a dandy, he had actually received a comprehensive elite education like mu yichen and the rest since he was young. that was why he was very skilled in martial arts.

if not for that, he wouldn't have exploded in a fit of rage and injured so many people in order to save fang ziqian.

however, he was an arrow at the end of its flight. once the killers got serious, he was immediately outnumbered and pressed to the ground again.

"f \* ck, this pretty boy's fist is so hard, he actually dares to resist!"

"pretty boy, you're already in our hands, and you're still restless? are you throwing your life away for a woman?"

"he dared to hit me, kill him!"

the assassins were furious and started to punch and kick bai shixun.

**Chapter 1208: would bai shixun be sad for her if she was gone?**

bai shixun was already in a very weak state due to excessive blood loss, and he had completely overdrawn his physical strength by forcefully supporting his body to beat up the other person.

now, after being beaten up by the killers, he couldn't even make a sound. he lay on the ground, motionless.

fang ziqian felt as if her heart had been torn in half.

if she had not seen it with her own eyes, she would never have imagined that bai shixun would risk his life for her even in such a state!

fang ziqian shrieked as she heard the sound of the impact.

"no, don't fight anymore! i beg you, stop fighting! let him go, quickly let him go!"

unfortunately, her voice did not attract the attention of the killers at all.

in a moment of desperation, she could only shout, "stop fighting. if you continue, he ... he's really going to die!" you ... do you still want the ransom?"

the killers were still in a fit of anger, but they still didn't listen.

however, as the leader, simon still maintained some rationality.

when he heard this, he reacted. " stop! all of you stop! did you hear that? this was 10 billion! whoever loses 10 billion, i'll fight him to the death!"

he pulled out his gun and fired a shot into the sky to calm the killers down.

boxn ov el. c o m

when they thought of money, no one dared to be heavy-handed.

not only did he not dare to, but he was also a little scared.

if they let the 10 billion go just to vent their anger, the other people in the organization would kill them all!

they quickly stopped and swarmed over. they reached out their hands to bai shixun's body, checked his breath and pulse to make sure that he was still alive. only then did they feel relieved.

"damn it, it's all that little b \* tch's fault!"

"hehe, now that your lover is lying on the ground, let's see who can save you!"

the killers were not done with their revenge yet, and they did not dare to hit bai shixun again. they could only turn their attention to fang ziqian.

he dragged her over and was about to continue his unfinished evil deed.

fang ziqian had already given up on resisting and closed her eyes in despair.

she knew that she would not be able to escape today.

as a beauty with such an outstanding appearance and figure, fang ziqian had countless opportunities to climb up the ranks with her body. however, she had never been tempted and had always maintained her original heart. she hoped to meet someone who truly loved and understood her, to have a small and harmonious family to make up for her regret of not having a home since she was young.

unfortunately, her wish would never come true after today.

she was not bai xinxin, who had no family and no ties to her.

she would rather die than suffer such humiliation!

the only regret she had was that she had never realized her feelings for him after all these years. she had never realized that when she first reported to the bai family and saw bai shixun's devilish smile on his handsome face, her heart had already lost its place ...

however, she was shocked by the series of gossip about bai shixun.

she didn't dare to admit that she would fall for such a playboy.

she knew now, but it was too late.

fang ziqian looked at bai shixun, who was lying on the ground, with a lingering look.

if she was gone, would bai shixun be sad for her?

maybe.

however, he was so handsome and outstanding, had a prominent family background, and was so good at flirting with girls. as long as he could escape from here, there would naturally be countless girls who would like him in the future.

it didn't matter if she was there.

it didn't matter if she was missing.

at that thought, fang ziqian suddenly exerted force and bit down hard ...

### **Chapter 1209: chapter 1213-young master mu is here**

at this moment, there was a "clang" sound at the door.

the deafening sound shocked everyone in the warehouse.

the assassins who were pouncing on fang ziqian stopped in their tracks.

fang ziqian's teeth loosened a little and she couldn't bite down completely, but she could still taste the strong taste of blood in her mouth.

she was about to bite again when she heard a flurry of footsteps from the door.

a wretched-looking thin man rushed in and shouted in a panic, "mr. simon, ms. luo ... ms. luo, bad news! it's bad!"

at the same time, luo chenxin was looking at fang ziqian who was pinned to the ground by the assassins with a smug expression. she had even taken out her phone and was planning to take a video to send to luo chenxi for her to enjoy later.

in the end, he was interrupted before he could get to the main point.

her expression was extremely ugly as she turned around and snapped, "what's going on? what happened? why are you so flustered? can't you be more calm? are you trying to let the people around us know what we're doing here?"

the thin man was so anxious that he explained hurriedly, "no... no, miss luo, something really happened! it's ... it's the headquarters of 'cold rain'!"

luo chenxin had yet to realize the seriousness of the matter, but simon's face had already changed in horror.

“what? how was that possible? how did this matter reach the headquarters? who did the headquarters send?”

boxn ov el. c o m

“it’s mr. luo xiong, one of the three big shots in the headquarters,” the thin man said. he ... he seemed to have brought a few unfamiliar faces with him. mr. luo wants you to see him immediately. he has five minutes ...”

“damn it, did the news get leaked?”

simon’s brows were tightly furrowed, and his expression was unusually grave.

luo chenxin looked at him strangely. “ what’s wrong? ” wasn’t it just that someone from the headquarters had come? in the past, when reese was around, didn’t the headquarters send people over from time to time? with good food and drinks, and some benefits, he’ll be sent away very quickly!”

simon, however, was not as relaxed as her. “ what do you know as a woman? it’s good that things are so simple! after leader reese was captured, i didn’t tell the higher-ups about this. this kidnapping of second young master bai was also kept from the headquarters. the higher-ups must have found out something. otherwise, how could they have come here so coincidentally?”

“so ... so what if you know?” luo chenxin was still puzzled.

simon glared at her. “ the previous leaders of ‘cold rain’ were all chinese. they didn’t allow us to kidnap chinese! it’s already a taboo to arrest bai shixun, and this time, it’s a big business worth ten billion yuan ... now we can only hope that they’re really here by chance!”

he turned to look at his subordinates and waved his hand. “ alright, don’t blame it on the woman. get up! leave two guards behind and the rest of you follow me!”

the group of people hurriedly left the warehouse as if they were facing a great enemy.

luo chenxin’s plan to take revenge on fang ziqian was only halfway through. she stomped her feet angrily before she followed him out.

.....

on the pier not far from the warehouse.

simon’s men had their heads lowered as they looked at the people who had just gotten out of the luxury car in fear.

the only person they recognized was luo xiong, one of the three giants of cold rain.

however, this big shot, who was usually arrogant in the underworld, was now following behind the young people with a respectful expression.

“young master mu, third young master he, the person you asked me to investigate is here. i didn’t expect them to be so bold. i hope the two of you can put in a good word for me in front of old master tang ...”

## Chapter 1210: it doesn't matter if you kill the hostage when necessary

luo xiong hastily explained to mu yichen and the others as they walked.

when he received elder tang's phone call today, he had been given a huge shock.

the old man had not asked about the organization's affairs for many years. he had handed all the underground forces under the tang family to him to manage.

in the beginning, luo xiong was very respectful of the tang family and didn't dare to make the slightest mistake. however, as time passed, he gradually became arrogant and no longer took the rules set by old master tang seriously.

however, he didn't dare to go against elder tang.

therefore, he did not know about the kidnapping of bai shixun.

after being reprimanded by elder tang, he quickly sent someone to investigate and finally found the location where second young master bai was being held.

luo xiong sent the news back to the tang family, and old master tang ordered him to personally bring young master mu and the others to pick her up!

"if the hostage isn't rescued in one piece, you'll have to do as you see fit!" she warned him sternly.

even though elder tang was no longer in the organization, his reputation was still there.

luo xiong naturally did not dare to be negligent.

however, he had only intended to be polite to the two young masters for the sake of elder tang.

however, after seeing mu yichen and he jinsi in person, luo xiong immediately realized that these two young masters were no ordinary people!

he was definitely not someone he could afford to offend.

instantly, he lowered his posture.

mu yichen glanced at luo xiong and spoke in a neutral tone, "thank you for your hard work, mr. luo. as long as shixun can be saved, we won't make things difficult for you. we've even prepared gifts for you to express our gratitude. however, i've heard that simon and the others are ruthless. i'm afraid that something might happen to the hostage ..."

"this ... i don't think so ..."

luo xiong was also afraid that something might happen to the hostage.

how was he going to explain this to elder tang?

moreover, he was chinese, so he naturally knew the true strength of the big families in china. if the only young master of the bai family died in paris, the bai family would definitely not rest until " leng yu " died! even if they were the biggest underground force in country F, they didn't want to fight with such a big family.

at the thought of this, luo xiong turned around and scolded,"where's simon? where the hell did he go? the five minutes are almost up. if he still doesn't come out, does he want me to blow up the warehouse?"

"mr. luo, please calm down! your subordinate, simon, is here. please give me your orders."

simon rushed out of the warehouse in a hurry.

when luo xiong saw him, he immediately sneered,"simon, you're really bold now, even more so than that guy reese! he even dared to kidnap the eldest young master of the bai family in china and even sold the eldest young lady of the bai family? and extorted 10 billion? are you crazy about money? did you feed your brain to a dog for money?"

when simon came out, he had already come up with countless explanations in his mind. he still held a glimmer of hope that he could get away with it in front of luo xiong.

who knew that luo xiong would expose his plan the moment he opened his mouth!

simon froze on the spot. after a few seconds, he laughed dryly."mr. luo, you ... what are you saying? i don't understand ... what bai ... bai family ..."

"stop talking nonsense and quickly release the person! you still have a chance to live. otherwise, you should know the rules of our organization!"

luo xiong did not give him a chance to explain.

simon was shocked.

it was only then that they realized that luo xiong had come prepared this time. he already knew what they were going to do.

this time, it was impossible to get away with it.

however, if they really pleaded guilty, they might not be able to keep their lives even if they handed over the hostage.

" cold rain " had very strict rules. this time, they had done too much. once it was exposed, they would definitely die!

simon was suddenly filled with anger and courage. he secretly gave a look to his subordinate who was hiding in the right corner.

now that things had come to this, he could only fight to the death!

the subordinate sneaked back and ran in the direction of the warehouse.

according to their plan, once their plan was exposed by “cold rain,” they would immediately escape with the hostage.

as long as they had the hostages, the other party would not be able to do anything to them!

if necessary, he didn't even mind killing the hostage.
