

Sweetheart 1251

Chapter 1251: i'm really amazing, i even worship myself!

luo chenxi was lying on the bed with a pillow in her arms. the more she thought about it, the more excited she became.

it was no wonder that the first time she saw the little dumpling, she felt that she was so cute and considerate. the little dumpling was also so close to her and insisted on sticking to her the moment they met.

at that time, she thought that if she could have such an adorable daughter, she would wake up laughing even in her dreams!

how beautiful, gentle, and talented her mother must be to be able to give birth to such a little angel like the little dumpling! she was definitely on the level of a goddess!

now, it turned out that the little dumpling's mother was just as she had imagined.

the little dumpling's toot, fair, and tender little face emerged in luo chenxi's mind. she felt as if she was the happiest mother in the world at once.

she sat up immediately and picked up the phone from the ground.

her phone had just been taken away by he tina, and after he tina was caught, her phone fell to the ground.

luo chenxi picked it up and realized that it could still be turned on. she was about to make a call back to china.

after not seeing the little dumpling for so many days, she had missed her very much. now that she knew that she was her biological daughter, she wanted to hear her call her 'mommy' even more.

however, just as she was about to dial the number, she suddenly remembered that there was a seven-hour time difference between china and country f. it was still five o'clock in the morning in china, so the little dumpling must still be asleep ...

luo chenxi hesitated for two seconds before she put her phone away again.

boxn ov el. c o m

" forget it, i'll just bear with it for a while longer. i'll call her tomorrow ... i can't disturb my little princess's sleep. otherwise, it'll affect her growth and she won't be able to grow tall. "

luo chenxi had adapted well to her new identity. she switched to her motherly mode in a second and began to worry about her daughter's health.

it had never crossed her mind that with her and mu yichen's height, it was impossible for the little dumpling to not grow taller. she should be worried that she would not be able to find a son-in-law if she was too tall ...

even though she had given up on the plan to make a phone call, luo chenxi still could not fall asleep as she lay on the bed.

“such a handsome husband, i already pounced on him and ate him four years ago! i gave birth to such a cute daughter! i’m so amazing, i even worship myself!”

luo chenxi flipped the book over and over again. the more she thought about it, the happier she became.

it wasn’t until early in the morning that she felt sleepy and fell asleep without realizing it.

.....

luo chenxi felt that she had not slept for long when she heard the doorbell ringing.

she had not woken up yet, so she grabbed the blanket and covered her head, trying to pretend to be an ostrich.

it was obvious that other than the man who had been chased out of the room yesterday, who else would come to the hotel to look for her so early in the morning?

it seemed like mu yichen was really anxious.

however, she had just escaped from this man’s demonic claws with great difficulty and had only recuperated for a day. how could she easily “forgive” him? of course, it was gone!

luo chenxi buried her head in the blanket and ignored the incessant ringing. she firmly believed that mu yichen would give up and leave soon as long as she refused to open the door.

as expected, the doorbell stopped ringing after a dozen rings.

luo chenxi adjusted her posture. she was about to continue her beauty sleep when her cell phone rang.

she picked up the phone and saw that it was fang ziqian.

“little qianqian, you were looking for me? what’s wrong? didn’t you get discharged? are you feeling uncomfortable anywhere? or did something happen to second young master bai?”

mu yichen had locked her up in the hotel for the past few days to “teach her the family rules”. she did not have the chance to see fang ziqian at all. even fang ziqian’s discharge from the hospital was arranged by zhao feng and the others.

Chapter 1252: little qianqian, you’ve fallen!

even though fang ziqian was no longer a patient, she did not leave the hospital.

that was because bai shixun had shamelessly used all his tricks, pretending to be pitiful and affectionate, to make fang ziqian stay and take care of her.

fang ziqian had always been a soft-hearted person, and she was grateful for bai shixun’s life-saving grace, so she stayed.

luo chenxi, who only learned of the situation after the incident, felt like vomiting blood in secret. her precious little cabbage had been stolen away by a pig! and a cunning and sinister pig!

on the other end of the phone, fang ziqian was stunned for a moment before she replied, "i'm fine. shixun is fine too. i want to say ... i'm just outside your room. if you wake up, can you open the door for me?"

luo chenxi widened her eyes in surprise. you're at the door?"

she subconsciously lifted her blanket and was about to get out of bed to open the door. however, she suddenly remembered something and stopped halfway.

"wait, there's no one else beside you, right? don't tell me that mu yichen will scuttle out from your side when i open the door later ..."

fang ziqian coughed twice, "ahem, why would i?" you don't even trust me?"

she made a hand gesture to mu yichen who was standing in the corridor as she spoke, signaling him to keep his distance.

young master mu was extremely aggrieved.

since when did he, the great young master mu, need the help of an ordinary person like fang ziqian to see his wife?

boxn ov el. c o m

furthermore, he had to listen to the other party's commands ...

however, he felt a sense of relief when he recalled luo chenxi's murderous declaration that she would cripple the man on that night.

at least ... a certain part of his body was saved ...

the door opened a crack. luo chenxi saw fang ziqian standing at the door. she stretched out her hand and pulled her into the room.

he then slammed the door shut.

the series of movements was as smooth as floating clouds and flowing water. it was swift and smooth. mu yichen was already prepared to seize the opportunity to force his way in, but he did not manage to find an opportunity.

he could only look at the tightly shut door in frustration.

mu yichen gritted his teeth. he suddenly took out his phone from his pocket and called bai shixun.

"bai shixun, you'd better make sure that your woman can really convince my wife to forgive me. otherwise ... you'll be beaten up!"

"damn it, mu yichen. why are you pushing the blame on me for the sin you committed four years ago? what does it have to do with me? i ..."

bai shixun was so angry that he almost jumped out of his bed.

however, before he could finish his emotional words, the phone was hung up rudely.

if she had the time to listen to him ramble, she might as well think of a way to eavesdrop on the conversation between the stupid woman and fang ziqian ...

.....

in the room, luo chenxi pulled a long face as soon as she closed the door.

“little qianqian, you’ve fallen! why did she lose her humanity when she just got together with bai shixun? you’re even selling out your best friend!”

fang ziqian’s face was innocent. “ what did i sell you? i’m worried about you, can’t i even come and see you?”

“keep pretending! let me ask you, is mu yichen outside?” luo chenxi swept her a glance.

fang ziqian coughed twice before saying, “ahem, this ...”

luo chenxi was infuriated!

this was really a plastic bestie!

fang ziqian dropped her act when she realized that she could no longer keep up her pretense. she walked up to luo chenxi and held her hand. “little wei xi, what young master mu said ... is it true? that night four years ago, the man you were with was him? you’re tang tang’s biological mother?”

Chapter 1253: i’ve already become a winner in life!

luo chenxi nodded.

when she thought of the happy things, she quickly threw her dissatisfaction to the back of her mind and smiled.

“of course! one look at our tang tang, she’s so cute and beautiful, and i know i gave birth to her!”

fang ziqian still remembered that she was here to persuade her, so she quickly took the opportunity to persuade her when she saw that she was in a good mood.

“little wei xi, for the sake of the little princess, can you give young master mu a chance and not be angry with him? strictly speaking, he’s also a victim. he didn’t mean to drug you and rape you ... even if he got drunk and forced you to have a psychological shadow, he still compensated you with such a cute little angel, right?”

“ young master mu really loves you. after you kicked him out yesterday, he was so anxious that he ran to the hospital to look for me. he almost quarreled with bai shixun. ”

luo chenxi raised her eyebrows and asked in puzzlement, “ why did mu yichen quarrel with bai shixun?”

“ uh ... ” fang ziqian didn’t expect her to ask that and was stunned for a moment.

she recalled that she and bai shixun were on the hospital bed when mu yichen barged into the room ... fang ziqian blushed. " well ... that's not important ... " she quickly changed the subject. " the point is, he told me what happened four years ago. he even sincerely asked me to put in a good word for you. "

"i think young master mu is also very pitiful. if it weren't for you, he might have been traumatized as well!" fang ziqian said after some thought.

"what kind of trauma can he have?" luo chenxi frowned.

boxn ov el. c o m

fang ziqian said, 'think about it, young master mu thought that luo chenxin was the one who spent the night with him! it's rare for him to get drunk, and he was schemed against by the woman he hated the most. he even had a daughter and had to get engaged to her. in the end, he was forced to get married ... if he really married a wife like luo chenxin, i feel pity for him!"

luo chenxi touched her chin and nodded in agreement. " hmm ... you're right! "

"you think that makes sense too?" fang ziqian quickly asked. then don't be angry with young master mu ... "

"who said i'm angry?"

fang ziqian was stunned for a moment. " you ... you're not angry? "

luo chenxi was sitting on the sofa with her legs crossed. her fair feet swayed back and forth while she had an extremely smug expression on her face.

"why should i be angry? my daughter is so cute, she's simply a little angel! my husband is so handsome, and i've already pounced on him so early! to be honest, if these things didn't happen back then, i would have taken the initiative to attack and take him down if i saw him! after all, he's so handsome. i've never seen anyone more handsome than my husband!"

as someone who was obsessed with her looks, luo chenxi felt that she had already become a winner in life!

fang ziqian's mind went blank as she listened to the story. when she heard the last part, she couldn't help but cover her face, not having the heart to admit that she knew this perverted woman in front of her.

wasn't he just a face-con? why did he feel that she was so proud?

fang ziqian snapped back to her senses and realized something was wrong. " if you're not angry, why did you kick young master mu out? "

luo chenxi pulled a long face again at the mention of this.

"i'm not angry about what happened four years ago, but mu yichen already knew that tang tang and i are biological mother and daughter, yet he's been hiding it from me! this kind of behavior can not be tolerated!"

Chapter 1254: my biological daughter, i gave birth to her!

fang ziqian finally understood.

she thought about it and immediately chose to stand on luo chenxi's side. "that's true. you're right. men can't be spoiled! especially this kind of strong-willed man. once you give in, they will take advantage of you and go overboard!"

for example, someone had started to act pitiful to trick her into staying in the hospital to take care of him.

and the result?

now, they were simply treating the hospital as a sex hotel!

luo chenxi blinked her eyes upon hearing that something was amiss. she said in a profound manner, "little qianqian, i've realized that you're getting a lot more experienced in managing your boyfriends now, aren't you?"

fang ziqian's body stiffened, and her angry expression turned into embarrassment.

"ahem, you ... what are you talking about? managing your boyfriend? i don't have a boyfriend."

luo chenxi's gaze fell on the suspicious red mark on fang ziqian's neck. she clicked her tongue twice. "you're already like this, and you're still not calling him your boyfriend ... are you planning to skip this step and directly upgrade to the child's father and mother?"

"luo chenxi!" fang ziqian was furious.

luo chenxi's eyes curved into crescents as she smiled. she finally felt that she had gotten her revenge.

she had made fang ziqian laugh at her last time, saying that her husband-controlling skills were useless!

boxn ov el. c o m

luo chenxi got up and walked to the bathroom to wash up quickly. she changed into yesterday's clothes and was ready to leave the house.

seeing this, fang ziqian finally found her conscience. she remembered that they were still best friends and reminded her, "well ... little wei xi, young master mu is waiting outside right now. i don't know when he will leave. if you want to go out, it's better to wait for a while. "

luo chenxi replied nonchalantly, "i know. i don't plan to avoid him all the time. after all, i still have to go home to see my daughter!" my biological daughter! i gave birth to it myself! don't be too envious, i'm just average!"

luo chenxi emphasized in delight.

last night, she was still thinking of calling home. now that she thought about it, what was she supposed to call? since fang ziqian and bai shixun had been found, she had nothing to do here anymore. she wanted to go home immediately to see xiao tuanzi!

the mu family's private plane could take off at any time anyway.

luo chenxi opened the door as she spoke.

however, as soon as the door opened, a black shadow came toward her.

mu yichen was trying his best to eavesdrop when the door opened all of a sudden. he almost fell onto his stupid woman. his body swayed for a while before he regained his balance.

luo chenxi was stunned for a moment. she pouted her petite face. " mu yichen, you're eavesdropping! "

mu yichen strode forward and pulled her into his arms without giving her a chance to explain herself. " wifey, i wasn't eavesdropping. i was just ... just passing by. really! "

young master mu felt that he had been wronged.

because, although he had the heart and courage to do so, he really didn't hear anything.

he tina was afraid that the two hooligans would make too much of a commotion and attract the attention of other guests, so she had specially found a high-end couple's hotel with good soundproofing

...

"you let me go! i haven't even forgiven you yet, and you're eavesdropping again today! his crime was doubled! if you don't let go now ... you'll be sleeping in the study for the entire year!" luo chenxi pulled a long face and glared at him with her beautiful big eyes.

fang ziqian, who was watching from the side, was amazed.

where's the woman who was smugly saying, " i'm proud to have slept with such a handsome husband "?

her little wei xi was really a drama queen!

"no, honey, you can punish me however you want. you can hit me or scold me, but sleeping in the study ... that's impossible!"

"then let me go first!"

"promise not to let me sleep in the study first!"

as the two of them were arguing, fang ziqian was engrossed in the show when a weak voice suddenly came from the side.

" eldest young master, young madam, i have a very important matter to discuss ... "

mu yichen furrowed his brows and glared at zhuo feng who had suddenly appeared out of nowhere.

he had waited the whole night before finally meeting his wife. he had not even coaxed her yet, and this guy had actually appeared without any sense! was he tired of living?

zhuo feng shuddered in fear. he did not want to disturb the young master, but ...

" young master, well ... luo chenxin has been caught by the people of lengyu. mr. luo has sent her here personally. what do you think? "

Chapter 1255: luo chenxin has been caught

mu yichen was stunned for a moment when he heard luo chenxin's name. his thick, black, and straight brows immediately knitted together.

he looked at zhuo feng with a sharp gaze.

zhuo feng felt goosebumps rising on his back from mu yichen's stare. he was extremely puzzled. it was the young master who had asked him to report to luo chenxin as soon as he caught her. why did he look so upset when he heard the news?

little did he know that mu yichen was in such a hurry to meet luo chenxin because he wanted to clarify the matter in the past. only then would he have more confidence when he faced luo chenxi. he did not want luo chenxi to catch him by surprise and chase him out of the bedroom again.

in the end, zhuo feng had revealed the news in front of luo chenxi!

as expected, luo chenxi widened her eyes and became excited. 'what did you say? caught luo chenxin? that's great! hurry up and bring me there! i have a lot of questions to ask her face to face!'

although she and mu yichen had a rough idea of what had happened four years ago based on he tina's confession, there were still many details that they were unclear about.

especially when it came to the little dumpling ...

mu yichen knew in his heart that it was impossible for him to stop luo chenxi now that the situation had developed to this point.

he could only sigh and grab her slender waist. he leaned close to her ear and said, "don't worry, i'll take you there now."

the two of them took a car to the headquarters of cold rain.

on the way, the secretary sent by luo xiong briefly explained the process of tracking down luo chenxin.

boxn ov el. c o m

"luo chenxin is so cunning. even the assassins who grew up in the gangs in the slums can't compare to her. if i didn't see it with my own eyes, i wouldn't have imagined that she was born in china and lived a comfortable life."

"after she escaped from the warehouse that day, she actually hid in an abandoned fuel pipe and avoided our search. then, she sneaked into the red light district at night and disguised herself as a prostitute. we didn't expect that a rich young lady like her would seduce a man on the street, so we didn't recognize her in person! in the end, i had to ask simon and the others to identify him."

"right, there's one more thing!"

the secretary suddenly thought of something and slapped his forehead. "when we were searching for luo chenxin in the red-light district, we found the bai family's young lady who was in the same nightclub

as her. miss bai's situation is much better than we thought. the heads of the nightclub seemed to be worried about miss bai's identity and that she would get into big trouble, so they didn't abuse her much and only strictly detained her. "

" of course, i've suffered a lot, but at least it's not like the worst case scenario we've guessed ... "

luo chenxi was secretly shocked upon hearing those words. at the same time, she heaved a sigh of relief.

she did not have a good impression of bai xinxin at all, so she would not sympathize with her. however, bai xinxin was bai shixun's younger sister. if she lost her life because of luo chenxin, she was worried that it would affect the relationship between the bai family and the mu family.

now that bai xinxin had also suffered, as long as he did not provoke her in the future, he would let bygones be bygones.

mu yichen did not even raise his eyebrows when he heard bai xinxin's name. it was as if he had just heard the news of someone who was not related to him.

after the secretary finished, he asked, " "does second young master bai know about this?"

the secretary hurriedly nodded. " as soon as we found the person, we informed second young master bai. second young master bai and secretary fang have already rushed over. "

while they were talking, they had arrived at the headquarters of cold rain.

Chapter 1256: mu yichen had actually come and wanted to see her!

luo chenxin was locked up alone in the dark cell.

however, simon and his men were in the cell next to hers.

as soon as the assassins saw luo chenxin, they all shouted and cursed excitedly.

"damn b * tch, it's all because of you! if it wasn't for you, how would we be in this state?"

"it's all your fault, you b * tch! you lied to us that you could make a fortune by kidnapping second young master bai! and the result? when something happened, you used us as your shield and ran away!"

"just you wait, don't fall into my hands. otherwise, i'll disfigure your face and cut you into pieces!"

although she knew that these killers were separated by solid iron bars and would never be able to rush to her side, she was still very calm.

however, luo chenxin still felt a chill down his spine when he heard these terrifying threats.

what if ... what if bai shixun and the rest really wanted to take revenge on her and threw her to simon and the rest? then she would definitely not be able to live!

she had schemed and schemed to get to where she was today ... she hadn't enjoyed the luxurious life of a rich young mistress. she didn't want to die!

at this moment, the door of the cell was opened from the outside.

"luo chenxin, come out. young master mu and mrs. mu are here to see you." one of the bodyguards said expressionlessly.

boxn ov el. c o m

luo chenxin's eyes flashed with a hint of joy.

'mu yichen's here!' he still wanted to see her!

although young master mu also hated her, as the young master of a rich family, he was different from those assassins who had no bottom line. there were some things that he couldn't do.

besides ... she still had a chance to win young master mu's sympathy ...

luo chenxin followed the bodyguard to the guest room.

"young master mu ..."

the moment she entered the room, she was stunned.

the excuse that he had prepared was stuck in his throat.

that was because the scene in the guest room was beyond her expectations. it was a scene that she had never dreamed of.

luo chenxi was leaning back in a relaxed manner on the spacious and comfortable leather sofa.

on the other hand, mu yichen was standing behind her. he was bending down his noble waist and bending over to massage her shoulders.

the great young master of the mu family had actually lowered himself to massage his wife's shoulders!

this scene was already shocking enough. however, what surprised her even more had yet to come.

luo chenxi did not seem too happy to be served by her husband who came from a distinguished family. she pouted her pink and tender lips all the time.

not only was mu yichen not angry when he saw her like this, but he even moved closer to her ear with a doting expression and asked softly, "honey, how was my massage? does it feel good?"

"it's just so-so." luo chenxi scoffed.

mu yichen humbly asked for advice, 'which part of me did i not do well? do you feel sore anywhere else?'

luo chenxi took a glance at him. "my waist is aching too. it's almost broken, alright?"

mu yichen immediately turned to massage her slim waist attentively. at the same time, he chuckled softly and said, "honey, you don't seem to be in good shape ... you're so young, but you're hurting here and there ..."

"who am i to blame for this?!"

upon hearing his words, Luo Chenxi, who had just been appeased, turned into a flustered little white rabbit once again.

It wasn't easy for her to come to Paris, and a certain someone had even said that he was bringing her here for an early honeymoon. In the end?

From the beginning to the end, she had only seen a big bed in a six-star hotel, and she even had backaches all over her body!

"Okay, okay, okay. Don't be angry. It's all hubby's fault." Mu Yichen immediately coaxed her.

Chapter 1257: both of them have the same face, so why is young master mu treating Luo Chenxi so well?

Normally, even if young master mu doted on his wife, he would not give up the opportunity to teach her the family rules.

However, now that he had finally managed to protect a certain part of his body, he was willing to give it his all so that he wouldn't be kicked out of the house by his wife when he returned home.

In Luo Chenxin's eyes, this scene was more magical than a fantasy novel!

For a moment, she thought she was hallucinating. She stood at the door in a daze, unable to come back to her senses.

Her heart was burning with jealousy and hatred.

Why was this happening?!

Both of them had the same face, but why was young master mu treating Luo Chenxi so well? He was simply spoiling her to the heavens!

But towards her ... he could be so heartless?

Luo Chenxi shifted her gaze and noticed Luo Chenxin's arrival. The relaxed expression on her face vanished at once.

She nudged Mu Yichen. "You ..."

"What's wrong, honey?"

boxn ov el. c o m

Luo Chenxi could only feel her ears burning.

It was only then that she realized that Mu Yichen's large hands had already wrapped around her slender waist and pulled her into his arms.

"You ... don't massage anymore, sit properly! Luo Chenxin is here!"

upon hearing that, mu yichen raised his brows and glanced at luo chenxin indifferently. then, he got up as if there was no one else around and sat on the sofa next to luo chenxi. one of his hands was still wrapped tightly around his wife's waist, refusing to let go.

luo chenxi pushed him twice but failed to push him away. she had no choice but to give up.

he turned to look at luo chenxin and said, " " luo chenxin, you should know ... "

she had just spoken when luo chenxin suddenly pounced on the ground. she knelt on the ground and rubbed herself against mu yichen. she stretched out her arms to hug mu yichen's thigh.

at the same time, he cried and shouted, "young master mu, i'm sorry. i know i was wrong. i really know i was wrong!" i ... i was just impulsive and unwilling to give up! "i didn't mean to harm anyone. i just wanted to escape. i didn't expect simon and the others to be so cruel and merciless. they actually took the opportunity to kidnap second young master bai ... i pleaded for mercy on second young master bai's behalf, but they threatened to kill me. i didn't dare to say much ..."

with snot and tears, she cried like a pear blossom bathed in rain.

luo chenxin knew that the little face that she had put on, coupled with some tears, would be enough to move almost all men.

what a waste that mu yichen was no ordinary man.

without waiting for luo chenxin to touch his trousers, he suddenly raised his leg and kicked her aside.

"don't give me that! simon and the others have already confessed. you deserve to die for what you've done!"

luo chenxin fell to the ground and almost fainted from the pain.

however, in order to survive, she couldn't care about anything else. she turned around and pounced on him again.

"young master mu, i ... i really have no choice ... please spare my life! i can be your slave to repay you, i'll do anything you want!"

she threw mu yichen a flirtatious look as she spoke.

unfortunately, mu yichen's gaze was fixed on luo chenxi. he did not even spare her a glance.

luo chenxin could only make up his mind and throw out his last trump card. " young master mu, please let me go this time. i ... i'll never dare to do it again! " you ... you have to think more for tang tang! if you kill me or allow the bai family to kill me ... how are you going to tell tang tang in the future? are you going to tell her that you, her father, caused her mother's death when she grows up?"

Chapter 1258: young madam is little miss's biological mother!

upon hearing her words, mu yichen's originally cold expression turned even gloomier in an instant.

"what did you say?"

luo chenxin gritted her teeth. " i know you don't want to admit our relationship and you don't want tang tang to be involved with me, but this doesn't change the fact that she was born from my stomach! " tang tang is still young now, so she can't tell luo chenxi from me. however, she'll know that her real biological mother is someone else when she grows up ..."

mu yichen sneered and interrupted her, " luo chenxin, you're really not going to shed tears until you see the coffin! " you're still trying to lie at a time like this?"

luo chenxin was stunned. " what ... what lie? " i'm telling the truth. if tang tang knows about this when she grows up, she won't be able to accept it ..."

mu yichen squinted his eyes. he could not be bothered to talk to a woman like her anymore. he raised his hand and called for zhao feng who was standing in the corner.

"let her see!"

"what?"

luo chenxin was confused.

zhao feng understood what she meant. he walked forward and took out a document from his briefcase. he showed it to luo chenxin from afar.

"i'm sure it's not the first time you've seen this paternity test report, miss luo. this time, our eldest young master personally brought little miss and young madam's hair to the hospital to do a dna test. the truth had proven that young madam was little miss 'biological mother! and you ... you're just a fake!"

mu yichen had requested his subordinate to send the report to him on a private plane overnight yesterday. it was meant to be used if he could not coax his wife during a crucial moment.

boxn ov el. c o m

he did not expect to show it to luo chenxin first.

luo chenxin's eyes widened as she stared at the personal report in disbelief.

the conclusion was written in black and white on the paper, 'i support the biological mother-daughter relationship between madam luo chenxi and little mu tianxin.'

in fact, luo chenxin knew the conclusion without looking at the report.

however, she could not figure out how mu yichen had thought of doing the dna test himself!

she had been so secretive about what she had done back then.

under the investigation of the he family's third young master, he was almost exposed several times, but he miraculously avoided danger and kept the secret, as if he had the help of a noble.

luo chenxin had always felt that she was so lucky because she was destined to be the young mistress of the mu family!

but now ... the truth had been revealed ...

this time, luo chenxin suffered a huge blow. she could not say anything. her face was pale and her body was trembling. she fell to the ground.

mu yichen sneered but did not speak.

on the other hand, luo chenxi could not help but stand up at once. " luo chenxin, what else do you have to say? i really didn't expect you to be so heartless as to steal tang tang from me! she ... she's still so young, a premature baby, and you stole her out of the hospital! have you ever thought that you might accidentally kill her? she's still so young, even if you didn't give birth to her, she's still your niece ..."

every time she thought of her family's cutest and softest little dumpling being taken away by someone the moment she was born, luo chenxi would feel waves of indescribable grief and indignation in her heart.

it was because of luo chenxin's selfishness and ambition that the mother and daughter were separated for three years. even when they met later, they did not know each other's identity.

what made luo chenxi even more afraid was that she was bleeding profusely during dystocia while the little dumpling was born prematurely. the little dumpling could have lost her life under such circumstances!

luo chenxin lowered her head. seeing that she could not hide it anymore, she simply sneered, " luo chenxi, you're the one who's the least qualified to criticize me. you should be thanking me instead!"

Chapter 1259: do you regret giving birth to tang tang?

"if not for me, would you have chosen to give birth to this child? he would have already aborted that little girl, right? 'if i didn't bring tang tang to the mu family to look for mu yichen, a woman of ordinary birth like you wouldn't have had a second chance with young master mu!' you should really thank me for being able to marry into a rich family. you actually repaid my kindness with ingratitude!"

luo chenxin went all out and shouted.

when everyone present heard these words, they almost vomited from disgust.

how could one be so shameless?

luo chenxin had caused so much harm to their young madam and little miss, yet she still had the nerve to ask them to thank her?

mu yichen's expression darkened. a cold glint flashed past his eyes. he was about to speak, but luo chenxi had already spoken first.

"you ... luo chenxin! what do you mean by that? you said that i gave birth to tang tang because of you ... could it be ..."

luo chenxi's expression changed abruptly as she suddenly recalled something.

upon seeing that, luochenxin cracked into a malicious smile. "luochenxi, luochenxi, you finally understand! you were so innocent four years ago. you actually thought that the doctor wouldn't harm you. hehe, isn't that ridiculous?"

luochenxi cried out involuntarily, "so, the gynecologist told me the other day that my uterus is naturally diseased and i can't get an abortion as i please. otherwise, i'll never be able to get pregnant again. in serious cases, it might even be life-threatening. so ... this is all fake?"

luochenxin sneered, "of course it's fake!" that kind of case was one in a million. how could it be so coincidental? if i didn't let the doctor say that, would you have left behind a child that was conceived by a drunk woman?"

luochenxi's face was ghastly pale. she glared at luochenxin and almost could not refrain herself from rushing forward to strangle her to death on the spot!

it turned out that luochenxin had done so many things behind muyichen's back in order to get muyichen's daughter!

four years ago, when she first found out that she was pregnant, her first reaction was to go to the hospital and abort the child.

she wasn't a saint. because she had been drugged and got pregnant with some man's child, no matter what, she couldn't keep it.

however, who knew that when she went to the hospital for a checkup, the result was that ... her physical condition could not support an abortion.

before she had the time to go to other hospitals for further examinations, her pregnancy was exposed by heta.

next, she would be investigated, expelled, driven out of the school to live on the streets, and finally, she could only return to china ...

the series of events had caused her to miss the best time for surgery.

in the end, she could only choose to keep the child.

of course, if she was asked if she regretted giving birth to tangtang, she would definitely not regret it! and it could be said that he was extremely glad that he had insisted on giving birth to this little angel!

however, when she thought about how she had no choice but to do that because she was being schemed against ... luochenxi was so angry that her face turned pale.

"luochenxin, how dare you ask me to thank you? do you think that you can do anything immoral just because you want to marry into a rich family? do you think that others are like you?"

luochenxin sneered upon hearing that. "tsk tsk, luochenxi, stop pretending! if you didn't care about your status as the young mistress of a wealthy family, why would you secretly go back after you left the mu family? you're really good at pretending, even young master mu thinks you're pure ..."

Chapter 1260: who spoiled her?

“pa!”

the sound of a heavy slap echoed in the empty room.

luo chenxin was stunned by the slap. her clamoring stopped abruptly, and she could not come back to her senses for a while.

a few seconds later, a large patch of red and swollen appeared on her face, and blood flowed from the corner of her mouth.

“you ... luo chenxi, you ... you hit me!”

luo chenxin glared at luo chenxi. the moment she opened her mouth, she felt as if her entire face was in excruciating pain. her mouth was filled with the taste of blood. she could not even speak clearly.

she did not expect luo chenxi to hit her with such force!

luo chenxi looked at her expressionlessly. “ this slap is for my husband. ” you’ve forced him to get engaged to an extremely disgusting woman. you’ve caused him to be the laughing stock of the entire upper-class circle! i think this slap is too light!”

zhuo feng and his bodyguards ‘faces twisted when they heard this. they wanted to laugh, but they didn’t dare to.

their young madam ... was standing up for the eldest young master, wasn’t she? it should be?

it was really cool to see her attack so swiftly and decisively!

it was just that ... he felt that there was something wrong with what she said ...

the corners of mu yichen’s lips could not help twitching.

this stupid woman!

if it wasn’t for his guilty conscience, he would definitely press her on the bed and teach her the family rules!

she actually dared to say that about her husband!

however, luo chenxin covered her face with her hands. her heart was full of shock and humiliation.

“luo chenxi, you ... stop pretending ... argh!”

before she could finish her sentence, luo chenxi’s palm swung toward her face again.

moreover, this time, he slapped her three times in a row, each more severe than the last.

luo chenxin felt that both her cheeks were bulging, and she could barely open her eyes. she was in so much pain that she was a little numb.

“you ...”

“these few slaps are for my tang tang! you can even hurt such a small child, you’re not human! no, it’s not enough to just slap her a few times. didn’t you use a needle to stab my tang tang? why don’t i let you experience what it feels like to be pricked by a needle?”

every time luo chenxi recalled how weak, helpless, and pitiful the little dumpling was under the control of luo chenxin, the fake mother, when she was young, she would tremble with rage. she wished that she could tear luo chenxin into pieces immediately!

“go get me a needle!” she turned to liang bro.

brother liang and the other bodyguards were watching the show with great interest, but they suddenly snapped back to reality and realized that something was wrong.

“young madam, you don’t have to do this kind of rough work yourself. we ... we’re all professionals. just leave it to us to deal with this bitch!” i guarantee you’ll be satisfied.”

mu yichen walked over as well. he wrapped his arms around luo chenxi’s waist and pulled the troublesome little woman into his arms.

“liang’s right. honey, you’ll dirty your own hands if you beat this kind of woman yourself. there’s no need to be nanny rong for luo chenxin ...”

“who did you say was nanny rong?” luo chenxi turned around and glared at him. “ go away! ”

mu yichen was pushed away by his wife. he felt so aggrieved that he wanted to hide in the corner and draw circles.

only she was allowed to say that there was a green grassland above his head, but he was not allowed to say anything about nanny rong?

why did this woman have such double standards? who spoiled her? he was simply lawless!
