

Sweetheart 1411

1411 it's more difficult to coax a husband than a daughter

"qingze, say goodbye to tang tang. her sister has already said goodbye to you. you have to be polite."

teng siqing touched teng qingze's fluffy little head and specially reminded him, afraid that her aloof and unsociable son would make the little dumpling unhappy.

however, before she could finish her sentence, teng qingze had already dashed over and stopped in front of the little dumpling.

"tang tang, i'll definitely come and play with you!"

the little boy stared at the little dumpling with a serious expression on his fair and delicate face.

the little dumpling blinked its big eyes and nodded. "okay, then i'll wait for you."

luo chenxi chuckled to herself when she saw how serious the two little fellows were. she bent over and picked up the little dumpling. "alright, tang tang, let's go back." your father will be waiting anxiously."

she had promised to rush back tonight. mu yichen would be angry again if she missed the time. coaxing her husband was a more difficult task than coaxing her daughter!

luo chenxi and yan heng got into the car and left.

teng siqing heaved a sigh of relief. she held onto teng qingze's small hand and was about to bring him back. however, after pulling twice, the little fellow just stood there, not moving.

teng siqing was slightly surprised. she lowered her head and looked at him. are you feeling uncomfortable?"

teng qingze raised his little head, and his expression was even more serious than when he was facing the little dumpling.

"mom, i want to make a deal with you."

"..... ha?"

teng siqing was a little confused.

.....

an hour later, yan heng personally sent luo chenxi to the airport.

before luo chenxi left, she was still a little worried. "director yan, it seems that teng siqing won't agree to our request. what's the next step of the production team's plan?" do you need my help?"

yan heng took a deep breath and shook his head. "teng siqing is not willing to join us. we still have three or four backup candidates. some second-and third-tier female stars have also taken the initiative to

contact us, wanting to replace zhong xiuna as huo daining. so, finding a new female lead should not be a problem. it's just that ... i still think that teng siqing is the most suitable candidate. it's a pity ..."

" next, our crew will continue to audition for the female lead. xing chen, you don't have to worry. you can take a break and go home to accompany young master mu and miss tang tang. "

luo chenxi was also aware that she could not be of much help in the casting. after all, yan heng and the rest were the professionals. hence, she did not insist on it anymore.

"okay, i'll go back to T city first. if there's any work, feel free to contact me ..."

she held the little dumpling's hand and walked towards the mu family's private plane.

just as they were about to enter the cabin, yan heng's excited voice suddenly came from below the accommodation ladder, " wait a minute! wait a minute, xingchen, don't go yet!"

luo chenxi was stunned for a moment. she thought that she had misheard him.

she turned around and saw yan heng waving at her with all his might, his other hand holding a phone.

"director yan, is there anything else?" she turned around and asked.

"yes, of course there's something!" yan heng quickly ran to her side, his face full of surprise. " i just received a call from teng siqing. she agreed to be the female lead for 'gorgeous turn'! she agreed to it!"

"what? really?" luo chenxi had a surprised look on her face as well. however, she felt that something was amiss after some careful thought. " but didn't she say that she would never consider this role? why did she change her mind so soon after we left?"

1412 chapter 1416-teng siqing's request

yan heng was stunned for a moment upon hearing luo chenxi's question. he had a slightly embarrassed expression on his face.

after a while, he coughed lightly. " ahem, xingchen, um ... teng siqing agreed to give the role of huo daining, but she had a condition. this condition ... the rest of the crew can't do anything about it, so we can only ask you for help ..."

"me?" luo chenxi was even more puzzled now. " what can i help you with? could it be that teng siqing's pay was too high, and the production team could not afford it? that's nothing, you don't have to worry. i'll go back and discuss with my husband and second young master bai to see how much more investment we can add ..."

"no, no, no, it's not a problem of money! teng siqing said that as for the remuneration, we only need to pay according to zhong xiuna's original number." yan heng hurriedly denied it.

luo chenxi blinked. " are there any other questions? siqing is really a good friend!"

although zhong xiuna's salary was an astronomical figure, which was tens of millions, because of the fu family, she was only a pretty face. she couldn't be compared with an international movie queen like teng siqing.

with teng siqing's social status, just this bit of remuneration was already a huge discount!

yan heng looked even more embarrassed. "that ... ahem, xingchen ... teng siqing just said that her only request is that you can often bring miss tang tang to the capital to play with her son when you're filming ..."

"eh? what? "she wants tangtang ..." luo chenxi widened her eyes. she almost thought that she had misheard him.

she had never heard of anyone who did not want a high salary, but instead made such a request!

what was teng siqing thinking?

boxn ov el. c o m

yan heng passed the phone to her in a timely manner. "miss teng hasn't hung up yet. xingchen, you can talk to her yourself."

luo chenxi frowned slightly and took yan heng's cell phone. teng siqing's gentle voice was immediately heard from the other end of the line.

"xingchen, i know that this request will put you in a difficult position, but ... i really have no other choice. to tell you the truth, my qingze isn't just a loner. he even talks very late and only calls for his mother when he's two years old. i was so scared at that time that i took him to see many doctors. in the end, i diagnosed that he has serious autism."

"what?" luo chenxi was stunned for a moment. 'autistic? that's impossible, right? i think qingze is very cute."

teng siqing frowned. "i don't know why he's acting so normal today. maybe ... maybe it's because he knows tang tang?" he rarely got along so well with children of the same age. today, after you left, he made his request for the first time. he hoped to see tang tang more often in the future and play with her. i ... i really can't bear to reject him ..."

teng siqing paused and continued, "xingchen, i think this might be a sign that qingze's condition is improving. i don't want to miss this opportunity." if you're willing to help me with this, i'll take on this movie for free. you can ask for anything in the future!"

luo chenxi was shocked upon hearing his words!

in fact, when she first heard teng siqing's request, she was unwilling.

although she quite liked teng qingze, her little dumpling wasn't just a playmate. how could she sacrifice her little dumpling's freedom for the sake of filming a movie?

1413 my tang tang is really loved by everyone!

however, teng siqing's sincere words touched her.

her tang tang ... was also a child with a mental illness, so she still couldn't call her mother.

when a child had such an illness, the parents would be the most worried and afraid.

luo chenxi pitied teng siqing a little more due to her similar experience.

“this ... i can't agree to it so easily. i can only say that if tang tang is willing to come to the set to play for a few days, i will bring her over. but if she is not willing, i will not force her. ”

luo chenxi did not make a clear promise, but teng siqing nodded after a moment's hesitation. ” alright, we'll do as you say. ”

the two of them exchanged a few more words before luo chenxi returned the phone to yan heng.

“big sister, why aren't you on the plane? tang tang misses daddi and brother shaoxuan. are we not going back?”

the little dumpling had been sitting on the plane for a while, but she did not see luo chenxi at all. she could not wait any longer and ran out on her own.

she hugged luo chenxi's thigh in one swift motion. she tilted her little head and raised her head to look at her.

she looked like a little angel when she blinked her big eyes.

boxn ov el. c o m

luo chenxi was afraid that she would fall down on the steep ramp, so she bent down and picked her up hastily. at the same time, she planted a kiss on her toot little face.

“my tang tang is really loved by everyone! i helped big sister again today, that's great!”

the little dumpling did not understand what was going on. it was a little dazed from the kiss, but it quickly wrapped its arms around luo chenxi's neck and returned the kiss with a chirping sound.

“big sister is even better!”

.....

at the same time, in the study of the mu family's villa.

mu yichen's cold and stern black eyes squinted as he fixed his gaze on brother liang who was trembling before him. there was a gloomy gloominess in the depths of his eyes while his clenched jawline revealed that he was already on the verge of exploding in rage.

“what did you just say? say that again!”

the back of liang bro's shirt was completely soaked with cold sweat.

he had been in the security profession for many years and had seen countless storms and waves, but in the face of young master mu, who was emitting a cold aura, he almost couldn't help but kneel on the spot.

” first ... first young master ... i just received news that the presidential palace has mobilized an army and surrounded the mu family's villa in the suburbs of the imperial capital. they rescued miss fu and the others ... ”

mu yichen's expression darkened. he slammed the table heavily. " what did i tell you two a few days ago? eh? i've already told you that the president's house will definitely come to take her away. you must be prepared. no matter what, you can't not let her go! and the result? did you all just turn a deaf ear to my words?"

liang bro's head almost dropped to the ground as he spoke in a trembling voice,"young master, we ... we've really tried our best. in order to save miss fu, the president's house even sent out the army. every soldier is armed with live ammunition. if we refuse to let them in, they ... they will shoot ..."

"so what if i shoot? the fu clan dared to mobilize the army to surround our mu clan's territory. this is a direct provocation to the mu clan! do you think we'll be afraid of them? the mu family's security system is not to be trifled with. if the fu family's army really dares to shoot, then we'll shoot back!"

mu yichen glared at brother liang.

while he was angry, he was also shocked.

he didn't expect that the fu family would mobilize the army for fu jiatong. they didn't care about the friendship between the fu family and the mu family at all.

1414 i can't let my woman be wronged

the only way to mobilize the fu family's army was through the president's personal order or fu linchen's order.

however, fu linchen had been in country M for a long time and had not returned to the country.

although she didn't know if fu linchen knew about it, he didn't even call her. even if he knew, he should know that the fu family was in the wrong and didn't want to get involved in this.

therefore, it could only be the president ...

it was said that fu jiatong was doted on by the fu family, but mu yichen only knew how she was doted on now.

brother liang was in a difficult position. cold sweat broke out on his forehead, but he didn't dare to wipe it away. " reporting to the young master, i ... i was planning to fight back. however, just as i gave the order to take action, the old master called and asked us to release her ... this ..."

mu yichen was stunned for a moment upon hearing her words. he then frowned deeply. " a call from my father? "

" that's right. master ordered us to release her immediately and didn't let us tell you. this ... this is really difficult for me ... "

although mu yichen was the one in charge of the mu family now, and mu yunfeng had always supported and trusted his eldest son, rarely interfering with his decisions, he had been in charge of the mu family for decades. his prestige was still there. if he really came out to say something, no one would pretend that they did not hear him ...

" i can't believe father is involved in this ... " mu yichen squinted his eyes.

although this was out of his expectations, it was not incomprehensible.

boxn ov el. c o m

mu yunfeng had served in the special forces with the president in his early years. they were comrades who had worn the same pants. the two had a deep friendship, which was the main reason why the mu family had firmly supported the fu family in taking over the position.

mu yunfeng didn't want the relationship between the two families to be affected by the younger generation's affairs, so he forced his bodyguards to let her go ...

"hehe, very good. my father doesn't care if his daughter-in-law is wronged, but i can't let my woman be wronged!" he pushed the table and wanted to go out and question them.

"ahem, young master, please don't be rash ..."

brother liang was scared to death. he wanted to stop her, but he didn't dare.

at this extremely tense moment, suddenly, there was a "click" sound from the door of the study room. the door was pushed open.

"who's there? he actually dared to enter the study! did the mu family not have any rules now? you dare to treat my words as air? you're really looking for death!"

mu yichen was already in a fit of anger. when he realized that someone had the audacity to barge into the study, he could not help but vent his anger on the person.

at the door of the room, luo chenxi, who had just arrived home before nine o'clock in the evening as promised, was dumbfounded by the scolding. she widened her eyes and stared at the furious mu yichen in a daze.

"you ..."

mu yichen's body froze at once when he saw the person at the door clearly.

in the next second, he walked toward the door in quick strides. he grabbed luo chenxi's wrist and pulled her into his arms. "stupid woman, why are you back at this time?"

"didn't you say that i have to be home before 9 am today? in order to rush back, tang tang was so tired that she fell asleep! you don't even remember?" luo chenxi pouted her lips in dissatisfaction.

she recalled the commotion she heard at the door earlier. she looked at mu yichen uneasily. "were you throwing a tantrum just now? what are you and liang bro discussing? did something happen?"

mu yichen's brows furrowed ever so slightly before he shook his head. "it's alright. there's nothing wrong at all. you heard wrong. "

1415 your wife is as beautiful as a flower

luo chenxi furrowed her brows and looked at mu yichen suspiciously. she then turned to look at brother liang.

“are you really fine? why do i feel like you’re lying to me? i heard your voice when i was outside the door just now. you seemed to be angry? also, wasn’t brother liang’s face a little too ugly? she was obviously frightened by you. what’s going on?”

mu yichen turned around and glared at brother liang. he was so shocked that he almost jumped up.

“young madam, he’s really fine. it’s just ... it’s just that ... there’s been a small problem at the company today ...” brother liang said quickly.

“is that so?” luo chenxi was still in slight disbelief.

brother liang nodded his head vigorously. “ it’s true, young madam. i wouldn’t dare to lie to you! ”

luo chenxi stared at him for a while. brother liang’s forehead was covered in cold sweat.

after a long while, she seemed to believe him. “ alright, i can’t help with the company’s matters. but, honey, you can’t earn all the money. don’t let these things affect your mood ...”

“stupid woman, i didn’t expect you to care so much about me. if that’s the case, then don’t run around. as long as you’re with me, it’s hard for me to be in a bad mood.”

mu yichen’s lips curled up ever so slightly. he stretched out his arm and pulled the slightly dazed mrs. mu into his arms. he lowered his head and gave her a light peck on her cheek.

luo chenxi did not expect him to say sweet nothings all of a sudden. she pushed him away in slight embarrassment. “ brother liang’s still here ... ”

boxn ov el. c o m

mu yichen squinted his eyes when he heard that. his cold and sharp gaze swept across brother liang’s face.

liang bro didn’t dare to say anything and turned to leave.

it was not until he walked out of the study and closed the door, isolating all the movements inside, that he raised his hand and wiped the cold sweat on his forehead.

their family’s eldest young master was really becoming more and more terrifying. as he took over the mu family for a longer time, the aura on his body became stronger and stronger. just a single look from him could make people’s hearts turn cold.

however, in front of young lady, he was so shameless.

this skill of lying through his teeth was really unparalleled!

although this dog food wasn’t good, he should at least thank young madam. if it wasn’t for young madam’s sudden return, he would have lost his life today!

liang bro didn’t dare to stay in the villa any longer and ran away in a hurry.

in the study room, luo chenxi raised her little hand and covered mu yichen’s thin lips that were so close to her while she grabbed his tie with her other hand.

“mu yichen, what are you and brother liang doing? don’t think i didn’t see you two secretly giving each other meaningful looks!”

mu yichen paused in his actions. ‘oh no!’ he thought to himself.

how did his stupid woman understand him so well now? it was getting harder and harder to hide things from her!

however, he still did not wish to tell luo chenxi about the presidential palace’s movements.

the president had always been protective of his own people. he must have secretly held a grudge against luo chenxi for not heeding to deploy his troops to snatch fu jiatong away. if the stupid woman were to find out about this, there would be no benefit for her other than making her feel worried.

it was better to wait until the matter was resolved.

mu yichen lowered his gaze. his thick, black, and ink-black eyes were focused on meeting luo chenxi’s gaze. he said on purpose, “stupid woman, what are you thinking? you’re so paranoid, are you already at menopause?”

“who are you calling menopause?” as expected, luo chenxi was infuriated upon hearing that. she glared at him ferociously. “are your eyes bad? can’t you see that i, your wife, am as beautiful as a flower and loved by everyone? how dare you say i’m going through menopause!”

1416 you’re so lucky to have such a lovely wife!

mu yichen’s smiling gaze swept past her face.

luo chenxi’s angry look was quite similar to the little dumpling’s. her puffed-up cheeks made her look like she was easy to pinch.

mu yichen did as he was told.

he pinched luo chenxi’s face and felt the soft touch under his hand. he chuckled softly and said, “there’s actually someone who says that he’s as beautiful as a flower? let me touch you. isn’t your skin thicker than the city walls?”

“mu, yi, chen!” luo chenxi’s eyes were about to spew fire. she slapped away his hand that was causing trouble.

mu yichen seized the opportunity to grab her wrist and pulled her into his arms once again. at the same time, he changed the topic, “i was just joking with you, why are you so angry? let me ask you, did you go with yan heng to interview for the new female lead today? how did the discussion go?”

luo chenxi was stunned for a moment. she retorted subconsciously, “it’s not an interview. we’re going to invite her to act in the movie. it’s already a blessing that a big shot like movie queen teng is willing to join our production team. after all, we’re not going through a formal casting process. we’re only looking for her as a substitute at the last minute.”

if the casting was made public before the filming, with yan heng’s reputation and the huge investment from the bai family, it would not be difficult to pick an international best actress.

however, the shooting of the movie had already started, and they were in a hurry to find someone at the last minute. the replacement was still a pretty actress like zhong xiuna.

generally speaking, an actor who was willing to come as a substitute would definitely be less well-known than the actor who started at the beginning. this was an unspoken rule in the industry.

under such circumstances, it was indeed not easy to get teng siqing to agree to act.

boxn ov el. c o m

mu yichen noticed that her attention had been diverted as expected. he raised his brows slightly. " so ... did you guys succeed? "

"success! of course, i succeeded!"

luo chenxi became excited at the mention of this. she could not help sharing the joy of her success with her husband. " i didn't expect teng siqing to be so beautiful and have such a good temper! " not only did she agree to take on the female lead role in 'gorgeous turn', she didn't even ask for a pay ..."

upon hearing this, mu yichen's eyes flickered. he appeared to be slightly surprised.

he asked tentatively, "is that so?" teng siqing actually agreed? didn't you say yesterday that she didn't want to film in china?"

luo chenxi raised her chin with a smug look on her face. " why don't you take a look at who's the one who's trying to persuade me? is there anyone i can't convince? you're so lucky to have such a lovely wife!"

usually, mu yichen would not refrain himself from teasing her when he saw luo chenxi's smug little face.

however, today, young master mu's brows furrowed as he muttered to himself, " "that's strange, she actually agreed! how could she possibly agree to it?"

"why not? i'm very eloquent and my attitude is sincere. besides ..."

at this point, luo chenxi suddenly paused for a moment.

she originally wanted to tell him that the little dumpling had met a new brother, but after thinking about it, she swallowed her words.

if the news of teng siqing giving birth before marriage were to spread, it would definitely be an explosive big gossip. it would also be a devastating blow to teng siqing's acting career!

before luo chenxi left, yan heng had ordered her time and time again to never reveal a single word to the outside world!

of course, luo chenxi did not intend to hide it from mu yichen on purpose. she only felt that young master mu would definitely not be interested in such entertainment industry gossip.

1417 since you're full, it's ... my turn ...

since that was the case, it was better to avoid trouble. why did he have to be so talkative and deliberately bring up other people's private affairs?

at the thought of this, Luo Chenxi changed her words. " Besides, you're well aware of the lineup of our production team. There's still hope for us to win an Oscar. Isn't it a good choice for Teng Siqing to join our production team for the sake of her own future development? "

Usually, Mu Yichen would have noticed that his stupid woman was hiding something.

But today, he didn't know why he was a little absent-minded.

After being stunned for a moment, the corners of his mouth curled up into a faint smile. He nodded and said, " " Very good. It seems that your work is going well. Our Mu family is about to produce an international-grade great designer! "

Luo Chenxi raised her chin and said in a righteous manner, " " Of course. I've always been Mrs. Mu when I attended banquets in the past. You'll be Luo Chenxi's husband after I win the grand prize! Don't be too excited! "

" Hehe, I'm truly honored then ... " The corners of Mu Yichen's lips twitched.

She thought to herself, " This stupid woman is really bold now. I didn't teach her the house rules for just one day and she's already trying to climb over my husband's head? " It seemed that tonight ...

He calculated in his heart, but he said, " " Since the female lead is here, you should work hard. I'll be waiting for you to take me to the red carpet for the Oscars. "

Luo Chenxi was even more suspicious now. For some reason, she felt that something was off about her husband today. It seemed like ... he was up to something.

" Mu Yichen, what's wrong with you today? Don't you usually object to me going out to work the most? And you're saying that this movie has to be filmed in another city, but you're actually encouraging me to work hard today? "

boxn ov el. c o m

Mu Yichen interrupted her, " I'll support you in your work, alright? "

" It's not that it's bad, but ... it's a little strange. By the way, it's strange that you got angry at Liang Bro, I feel ... "

Mu Yichen's heart skipped a beat when he heard her bringing up the incident earlier.

He thought that he had already dealt with the matter, but he did not expect Luo Chenxi to still remember this matter.

Mu Yichen's eyes flickered. " Stupid woman, have you had dinner yet? "

" Ha? " Luo Chenxi was stunned for a moment. It was apparent that she was surprised that the topic of their conversation had changed so quickly!

" I've already eaten. There's a special chef on the private plane and the food is delicious. There's even strawberry pudding for Tang Tang! Mu Yichen, don't change the topic ... "

" That's good! "

mu yichen's thin lips parted ever so slightly. his arm that was wrapped around luo chenxi's waist suddenly tightened while his other hand lifted the hem of her skirt at the same time ...

"mu yichen, you ... what are you doing?" luo chenxi's face was blushing slightly. she quickly pressed down on her skirt.

however, mu yichen had already bent down and carried her in his arms. he placed her on the sofa in the study room.

the man's tall and strong body pressed down on her.

a low, magnetic chuckle sounded in her ear. "since you're full, then ... it's my turn ... "

"boohoo, mu yichen, your hand ... where are you touching?!"

.....

two hours later, young master mu walked out of the study with mrs. mu in his arms.

he placed luo chenxi gently on the large bed in the master bedroom and covered her with the blanket.

"mu yichen, you ... you beast ... go away!"

luo chenxi mumbled subconsciously in her sleep when she sensed the familiar masculine scent approaching her.

1418 why must you protect fu jiatong?

young master mu's face darkened. "you're talking in your sleep and you don't forget to scold your husband! stupid woman, i think you won't be able to learn the house rules well!"

despite saying that, he did not do anything when he noticed the faint exhaustion in luo chenxi's eyes. he pinched her petite face secretly again before he stood up and left.

it was already past ten at night, and the entire villa was very quiet.

mu yichen called out to aunt chen who was passing by and asked, "where are my parents? are you already asleep?"

aunt chen was stunned for a moment. "young master, don't you know? "old master and madam went to the airport this afternoon. they said ... they said they were going overseas for a while and wouldn't be back for the next few months. they even specifically told me not to take a break during this period and to help young madam take care of her child ..."

"what did you just say? mom and dad have already left T city, how come i didn't know about it?"

mu yichen's face was as black as it could be.

sure enough, there was no one in the world who understood his son better than the father!

his father knew that he was going to fly into a rage, so he simply left with his wife and let him do as he pleased!

this move was truly too vicious!

if mu yiling and mu weiwei ran away after causing trouble, he could freeze their credit cards and arrest them. but the two elders of the mu family ... what could he do?

boxn ov el. c o m

mu yichen was so angry that he almost could not catch his breath. he only smacked the table heavily after a long while.

aunt chen was so frightened that she took a few steps back and looked at him guardedly. " young master, you ... "

" it's alright. since dad and mom are not around, i'll have to trouble you to take care of tang tang during this period of time. "

mu yichen suppressed his anger forcefully and sent aunt chen away. he went upstairs to the study room and picked up his phone. he pondered for a moment before he dialed a number.

half a minute later, someone picked up the phone.

"mu yichen, why did you call?"

fu linchen's deep voice came from the other end of the phone, and he sounded obviously displeased. " how dare you call me! " the fu family was in the wrong regarding jiatong's matter, and i also agree to teach her a lesson, so i didn't make a fuss about it with you. why are you still looking for me? could it be that you're prepared to let him go?"

mu yichen scoffed coldly, "do you think i need to let her go just because she's the president's daughter? anyway, even if i don't let go, the fu family can send the army to take it! what is the mu family?"

fu linchen was stunned for a few seconds before he asked in surprise, " "what? you mean ... the fu family sent the army to take jiatong back? how is this possible?"

"why is it impossible?" mu yichen's anger had yet to subside. " do you need me to send you the surveillance video of the fu family's kidnapping? "

that being said, mu yichen was certain that fu linchen really did not know about this matter after a few probing sentences.

fu linchen also realized that mu yichen would not lie to him about such a matter. he frowned immediately.

" the chinese generals all have the right to mobilize troops, but they can't just send troops without my father's permission. i can also guarantee that i've been very busy during this time and have never interfered with the domestic political situation ... "

" so, this was indeed an order from the president himself, right? " mu yichen's cold voice interrupted him.

fu linchen was speechless and didn't know how to answer.

of course, he knew that this was most likely his father's instructions. however, it was too unreliable. if he admitted it, it would definitely damage the president's prestige.

mu yichen did not need his answer. he continued to ask, "fu linchen, i really don't understand. isn't fu jiatong the one who caused so much trouble? she clearly knows about the relationship between the mu family and the fu family, yet she still targets my wife again and again! didn't the president know who was right and who was wrong? this was not the kind of person to protect his own people! why is he so stubborn, and why does he have to protect fu jiatong?"

1419 she used to be the little princess that the whole family had been looking forward to

fu linchen was rendered speechless by mu yichen's fierce questioning.

he was silent for a moment before he sighed deeply.

"i shouldn't have brought up my father's private affairs, but i'm afraid that you'll misunderstand my father and ruin the relationship between our two families, so i have to say a few words for my father. i hope the content of our conversation today won't be leaked out."

mu yichen furrowed his brows. " what are you trying to say? "

fu linye paused and hesitated for a while before he said in a low voice, " "there's a reason why my father likes my cousin so much."

"i still remember that when my mother was pregnant with my sister, i was already four or five years old. my father especially likes daughters. when my mother was pregnant for the first time, he had always hoped that it would be a daughter. in the end, it turned out to be a son like me. after that, she recuperated for a few years before she got pregnant with my sister again."

"at that time, the whole family was overjoyed. do you remember the set of SD dolls i gave chenxi? there were only three sets in the world and it was very difficult to buy, but i thought my sister would definitely like it, so i took out all my red packet money that i had saved up for a few years and bought her a gift."

"my father was even more exaggerated. before my sister was born, he decorated a children's room for her, which was even bigger than my room. the cloakroom was filled with all kinds of cute princess dresses and toys. even my mother complained that when my sister was born, she would be spoiled by my father. our entire family ... has been looking forward to the arrival of this little angel. but ..."

fu linchen couldn't continue, and his voice was trembling.

mu yichen was silent for a few seconds. he did not pursue the matter further because he had a rough understanding of the story that followed.

more than 20 years ago, although the news of the fu family's young mistress being kidnapped had been suppressed by the media and not spread to the ears of ordinary people, the mu family was well aware of it.

miss zhong's love turned into hatred for the president, who had married someone else. she kidnapped his wife, who was already eight months pregnant, and even killed her cruelly.

for a long time, everyone thought that the kidnapping had caused a tragedy where two lives were lost, and that the young mistress and the unborn daughter of the fu family had long been dead.

it was only a few months ago, when fu linchen was ordered by the president to go to T city to investigate his younger sister's whereabouts and asked mu yichen for help, that mu yichen found out that the real daughter of the president's house was still alive.

however, it had been more than 20 years since the incident, and many clues had been cut off. it was difficult to trace the incident back then.

fu linchen stayed in T city for a few months, but he still found nothing. he could only leave in disappointment.

at that time, fu linchen had brought fu jiatong to T city with the intention of marrying her off to mu yichen. he wanted to fulfill the marriage agreement between the fu and mu families that had been made many years ago.

later on, mu yichen announced the fact that he had a secret marriage with luo chenxi, and the engagement was ruined as well.

on the other hand, fu jiatong was the one who felt indignant. as a result, she hated luo chenxi and caused so many troubles.

"i'm very regretful ... about what happened to auntie too ..." mu yichen said softly.

fu linchen was silent for a while, then sighed. "after my mother passed away, i suffered a huge blow. however, the one who suffered the most was my father! when he heard the news of his mother and sister's death, he vomited blood on the spot and fainted."

1420 mr. president is really old and muddled!

"after that, after emergency treatment, although father regained consciousness, he was in a daze for a long time. he couldn't accept the fact that his mother and sister had passed away. she could even talk to the air as if her mother was still alive. at that time, my grandparents were so scared that they invited many psychologists to treat him, but there was no effect."

fu linchen paused again, as if he was trying to recall something.

"after that ... just when everyone was at their wits" end, my aunt suddenly gave birth. she was pregnant at about the same time as my mother, and her expected date of delivery was also very close. at that time, we were afraid of agitating father, so we didn't dare to let him know about this. however, when uncle brought the child to grandpa, my father still heard the child's cries."

" he ... he rushed out and hugged my newborn cousin. he called her tiantian ... oh, right, i forgot to tell you. that was the nickname my father gave her because he thought that she would look a lot like my mother and would be a super cute little sweetheart ... "

" anyway, father took jiatong as his own daughter. no matter what grandfather said, he refused to return the child to her. in the end, grandfather had no choice but to take jiatong into our house and raise her for a while. "

"of course, after a psychologist's counseling, my father gradually returned to normal. he also found out that jiatong wasn't my sister, tiantian, but his niece ... however, he's always been biased towards jiatong and was very tolerant of her. in the fu family, even my status couldn't compare to jiatong's."

fu linchen explained the whole story in detail. at the end, he sighed and said, "so, yichen, you should know now, right? there's a reason why my father looks at jiatong differently, it's not that he's old and muddled ..."

however, he was interrupted by mu yichen before he could finish his sentence.

"i understand what you mean. i can empathize with the president's experience. if something happens to my stupid woman and tang tang, i won't be able to take it either. however, i don't care which niece the president dotes on or what has happened to her. i only know that i will not tolerate anyone who makes my wife unhappy!"

mu yichen's voice was cold and stern as he spoke without the slightest trace of politeness.

"yichen, you ..."

fu linchen wanted to say that mu yichen was being unreasonable, but he swallowed his words when they were at the tip of his tongue.

it was because mu yichen was right. no matter what the fu family's situation was, it was their business. lu chenxi was completely innocent. fu jiatong was so willful and arrogant because the fu family had not taught her well. she had been spoiled.

"sigh, the fu family is indeed in the wrong. i'll go back and explain it to my father. but you'd better be mentally prepared, father shouldn't do anything to jiatong."

"hehe, in that case, mr. president is really old and muddled!"

hearing this, fu linchen pursed his lips and didn't know what to say.

to be honest, he also felt that his father's love for fu jiatong was too irrational.

although he was sad and regretful that he had lost his sister, he was sure that if his sister was still alive, she would grow up to be a truly elegant and outstanding daughter of a rich family, not like fu jiatong!

what right did fu jiatong have to take his sister's place and become the daughter of the president's house?
