

Sweetheart 1511

1511 that's not a reason to bully my stupid woman!

luo chenxi frowned ever so slightly. even though she concealed it immediately, tan yueru could still see through her.

tan yueru smiled and said, "daughter-in-law, do you have something against the president?" in fact, mr. president has always been an upright and fair person. although his style of work is a little strong, he can still understand the feelings of the people. he is a president that is truly loved by people."

" the chinese people respect him so much and call him the most outstanding president in the history of the country. it's not a lie, it comes from the heart. "

upon hearing this, luo chenxi could not help saying, " "mom, did you forget that he sent troops to surround our villa the other day?"

in fact, it was understandable that the president was too extreme when he was worried about his niece and came to ask for her.

however, mobilizing the military ... that was using the country's resources for his personal service. furthermore, it was to save fu jiatong, who was obviously in the wrong.

no matter what, this was not worthy of the evaluation of "fairness."

tan yueru stopped smiling and sighed softly. " well, your father and i were shocked by what happened that day. yichen was even angrier. however, based on my understanding of the president, he's usually very fair and just. it's just that when things involve fu jiatong, he's not rational enough ..."

the more luo chenxi listened, the more she found it strange. she frowned.

"why is it like this? wasn't fu jiatong the president's niece? was there a need to protect her so indiscriminately? don't tell me ..."

"cough, cough, chenxi, don't think of anything wrong!" tan yueru almost choked on her saliva and coughed.

boxn ov el. c o m

"it's not what you think. everyone knows how deeply the president loved his wife back then! if it wasn't for that incident, he wouldn't be in this state ..."

"which matter?" luo chenxi was confused.

tan yueru hesitated for a moment. in the end, she decided to tell luo chenxi roughly about what happened back then.

back when the fu family's young mistress had gone missing, the mu family had also helped to save her, so she knew a lot of inside information.

luo chenxi was stunned when she heard that. she was only shocked and surprised at first, but she was deeply touched when she learned that fu jingxuan could not forget his deceased wife and had not been involved in any scandals for more than twenty years.

” i didn’t expect mr. president to actually ... it’s really rare to see such an affectionate man ... ”

tan yueru nodded. ” so, you should know why he sees fu jiatong in a different light, right? ”

” hmph, the president’s experience is indeed pitiful, but that’s not a reason for him to let fu jiatong bully my stupid woman! ”

mu yichen’s voice was suddenly heard from behind them.

he stretched out his hand and clasped luo chenxi’s waist. he pulled her into his arms in a possessive manner.

”chenxi and i will not be attending the mid-autumn festival banquet this time. as for mom and dad, i don’t care.”

mu yunfeng immediately frowned. ” rascal, what are you saying? your uncle fu treated you very well back then. you even went to the presidential palace to play when you were young! just because of this small matter, you won’t even attend the mid-autumn banquet?”

” if word gets out, people will think that the mu family is on bad terms with the presidential palace! ”

that day, the presidential palace sent troops to the mu family to take someone away. although the matter did not blow up and the military involved was also strictly confidential, there were no walls in the world that could not be kept secret. the matter still spread.

1512 i have the final say in this family

from that time on, there were all kinds of rumors in hua’s political circle, saying that the indestructible alliance between the mu and fu families had ended, and they had even turned against each other.

if young master mu, the head of the mu family, didn’t appear at this mid-autumn banquet, it would be tantamount to proving to the outside world that the two families had really gone their separate ways.

this was something that mu yunfeng and fu jingxuan didn’t want to see.

mu yunfeng glared at mu yichen with a fierce aura. he was trying to force his son to submit.

however, mu yichen did not fall for it at all. he did not even frown. his expression was calm as he said, ” that’s your business. ” besides, it’s fine to bully me, but it’s not a small matter to bully my woman! this matter ... is not up for discussion!”

”you ... you little brat! how did i give birth to such an insensible son like you!” mu yunfeng was so angry that he clutched his chest and his blood pressure rose.

tan yueru was frightened. she quickly went forward to support mu yunfeng. ” mu yichen! your father is doing this for the good of the mu family and for you. how can you anger him like this?”

mu yichen pursed his lips. he did not refute her as he refuted mu yunfeng. however, his slightly raised chin still showed that he was against her.

tan yueru knew that she would not be able to convince her son, so she had no choice but to turn to luo chenxi.

“chenxi, help me talk to yichen! i’m not asking you to be so close to the fu family, but the interests of the two families are tied together. at least on the surface, you must give the presidential palace enough face. otherwise, if the president fails to be re-elected, the mu family will not have a good ending!”

luo chenxi pondered for a moment before she walked to mu yichen’s side. she stretched out two fingers and tugged at his sleeve gently.

boxn ov el. c o m

“hubby, i ...”

“shut up! don’t talk! don’t think that i don’t know that you’re here to persuade me on behalf of my parents! you don’t have to say any more nonsense, i won’t change my mind!”

“even if i want you to accompany me to the banquet, you won’t agree?”

“i don’t agree! no matter how you try to persuade me, it’s useless!”

luo chenxi lowered her head and lowered her eyes. she looked like she was about to cry.

mu yichen’s heart skipped a beat when he saw that. he was about to agree to her request subconsciously. ” stupid woman ... ”

however, when the words were on the tip of his tongue, he suddenly sobered up and hurriedly changed his words.”no, if i say no, it means no! i have the final say in this family. once i’ve decided on something, even you can’t change my mind!”

mu yichen said firmly.

now that even his parents knew that they couldn’t persuade him, he would let the stupid woman do it.

he had to firmly defend his position as the head of the family.

luo chenxi pouted her lips and appeared even more aggrieved. in the end, she still responded, ” “then ... alright, if you don’t want to go, then don’t go ...”

mu yichen was satisfied now. he noticed that luo chenxi was not in a good mood and was about to coax her.

to his surprise, he saw luo chenxi pick up her cell phone in the next second. she pulled up her contact list and started making calls.

why did she suddenly start to call at this time?

mu yichen peeked at her in confusion. his face darkened instantly. ” stupid woman, why did you call sheng yu?! ”

luo chenxi took a glance at him. she spoke as if it was only natural, " i've never been to the presidential palace. of course, i'd like to go and see the world with such a good opportunity. " i understand that you don't want to go with me, and i won't force you, but i can find someone else to bring me along."

1513 i've never seen such a tsundere man

" mr. sheng is the third young master of the sheng family. he might be qualified to attend the presidential banquet. he doesn't have a girlfriend, so he should be willing ... sob! "

before luo chenxi could finish her words, she was pulled over by the exasperated man and kissed her forcefully.

it was luo chenxi's turn to be embarrassed. her petite face blushed red in an instant. she widened her eyes and stared at the man before her. she could not believe that he was actually here ... everyone in the mu family was watching from the side!

mu yichen only let go of the disobedient woman in his arms after a long while.

there was still no expression on his handsome face, as if the kiss just now had no effect on him.

"mu yichen, you ..."

luo chenxi covered her mouth. she was about to speak when the man swept his cold gaze across her.

"stupid woman, how many times have i told you not to contact sheng yu! isn't it just to attend the presidential banquet? you have a husband, so i'll take you there! i can let you sit at the main table, but sheng yu can probably only sit in the corner!"

"really?" luo chenxi had a surprised look on her face.

"you still dare to doubt my words? then, you'll know how powerful your husband is!"

mu yichen's face was ashen. he grabbed luo chenxi's wrist and pulled her into his arms.

boxn ov el. c o m

mu yiling, who was following behind mu yichen, almost burst out laughing when he heard the conversation between the two of them.

he had never seen a man as proud as his big brother.

he had just said that he would definitely not attend the banquet, but now?

it was simply a slap in the face!

tan yueru and mu yunfeng looked at each other, and a smile also appeared in their eyes.

"it seems that our daughter-in-law has a way!" tan yueru shook her head with a smile.

her eldest son had been particularly stubborn since he was young. no one could persuade him once he had made up his mind. however, ever since he married luo chenxi ... even though he refused to admit it verbally, he had never rejected luo chenxi's requests.

meanwhile, mu yichen had already pulled luo chenxi to a corner and was interrogating her.

“stupid woman, don’t think that i don’t know what you’re thinking. why don’t you let me help you vent your anger?”

luo chenxi looked at her husband’s sour face. she stood on her tiptoes and kissed him on the cheek. she said in a fawning tone, “ ” my dear, don’t be unhappy. i really want to visit the president’s house. you love me so much, so you’ll definitely satisfy me, right? ”

naturally, she understood that mu yichen valued her more than anything else, and she was deeply touched.

however, the more she acted this way, the more she could not take mu yichen’s kindness for granted.

if the relationship between the mu family and the fu family was affected because of her, she would really feel guilty to death.

thus, even if she still did not like the presidential palace, she could not allow mu yichen to be so willful.

“hehe, who said i love you?” mu yichen’s expression remained unpleasant.

“you don’t love me? then i’d better go find sheng ... ouch!”

” stupid woman, try and mention that name again!! ”

mu yichen was exasperated. he could not help but bite her lips.

.....

two days later, in the imperial capital.

the usually solemn presidential palace was now filled with all kinds of luxury cars.

not far away, countless reporters had rushed over to report on the grand occasion of the presidential palace’s mid-autumn festival dinner.

however, no one dared to cross the cordon, so they could only take photos from a distance.

1514 the nation’s husband is already taken!

“wow, what a big scene today! it’s the first time i’ve seen so many noble families appear at the same time.”

“isn’t that obvious? but which family would dare to not give face to the president’s dinner?”

“that might not be the case ...”

a certain reporter who was secretly discussing lowered his voice. “haven’t you heard of that gossip? for some reason, the mu family had fallen out with the presidential palace. i heard that the president even sent troops to surround one of the mu family’s properties a while ago!”

“are you kidding me? how was that possible? the mu family had always been the fu family’s strong backing! if nothing else, the president entered politics when he was young. when he ran for the speaker for the first time, if it wasn’t for the support of the mu family’s old master, the fu family’s power at that time wouldn’t have succeeded at all!”

“the president is about to fight for a second term. is he crazy to leave the mu family at this time? could it be that the mu family has given up on the fu family and decided to support another new president?”

” that’s impossible. if the mu family breaks up with the fu family, their own business will also suffer serious losses. they would not do such a losing business! ”

“my sources are absolutely reliable! if you don’t believe me, just wait and see. the mu family definitely won’t appear at the mid-autumn banquet today ...”

the reporter who was gossiping at the beginning said with confidence.

however, before he could finish his sentence, he saw two rolls royces drive over from the end of the street and slowly stop in front of the presidential palace.

mu yunfeng and tan yueru got out of the first car.

boxn ov el. c o m

the reporter who had spoken just now suddenly choked and stopped talking.

sensing the mocking gazes of his peers around him, he laughed dryly and tried to regain his dignity. ”

“well ... the old master of the mu family and the president have been friends for many years. it’s not unusual for him to attend the banquet. however, the mu family’s eldest young master is the one who has the say in the mu family now. he definitely won’t come!”

the second car also stopped, but the reporters held up their cameras and waited for a long time, but no one came out.

just as everyone was puzzled, the car door opened, and a tall figure appeared in front of everyone.

“young master mu!”

“young master mu really appeared! who said he wouldn’t come?”

hearing this, the reporter’s face turned green and white. he secretly moved back a few steps, hoping to disappear from the public’s view.

he had been sent by fu jingxuan’s competitor to take advantage of this opportunity to hype up the news of the mu and fu families turning against each other. who would have thought that mu yichen would actually appear!

how did this happen?

‘isn’t there news that has confirmed that mu yichen is gradually withdrawing from the collaboration project with the presidential palace?’

mu yichen’s appearance had not only attracted the attention of the political and economic reporters, but it had also caused a commotion among the young women on the scene.

some of the daughters from wealthy families who had yet to enter the presidential palace stopped in their tracks. they wanted to turn around and talk to mu yichen.

however, mu yichen did not even turn around to take a glance. instead, he turned around, bent down, and stretched his hand toward the back seat of the car. he then led a tall, elegant, and beautiful woman out of the car.

after a short silence, the camera flashes started to light up like crazy.

“right, it’s young mistress mu! it’s that designer, xing chen!”

“i almost forgot that young master mu is already married this year!”

since mu yichen had always appeared alone in the past, many people had forgotten the fact that he was married.

it was only when he held luo chenxi’s hand and appeared together that the public realized that the nation’s husband was already taken!

1515 so many people were eating dog food with him

for a time, the daughters of the rich and powerful families who were paying attention to mu yichen had rather unpleasant expressions.

even though news of young master mu’s marriage had been spread, many rich young ladies were still unable to accept the fact that he was married. they felt that luo chenxi’s family background was not worthy of him at all!

in fact, she was even criticizing luo chenxi in her heart when she saw the photos of the two of them attending various events together published in the newspaper. she felt that luo chenxi’s photos must have been photoshopped with great care. otherwise, it was impossible for her to be so beautiful.

however, they realized that luo chenxi was even more beautiful in person than in the magazine photos after seeing her in person today. moreover, she was even more beautiful from all 360 degrees without any blind spots.

even when she was standing next to young master mu, who was famous for his looks, she didn’t show any signs of being inferior.

moreover, she exuded an elegant and unhurried aura which was very compatible with mu yichen’s aura. every tiny movement between the two of them revealed an intimate feeling as if no one else was around.

everyone present, whether they were single or not, felt a little full ... this amount of dog food was too much, and they couldn’t accept it ...

luo chenxi sensed the countless complicated gazes from the surroundings. she was not used to it. she frowned ever so slightly and her footsteps came to a halt.

in the next second, the strong arms around her waist suddenly tightened.

a familiar masculine scent blew into her ear. ” stupid woman, are you nervous? you were the one who wanted to attend the banquet at the presidential palace. how was it? there’s still time to regret ...”

“who said i’m going back on my word? of course i’m going! i was just not used to it.” luo chenxi snapped back to her senses. she pursed her lips and turned around to glare at the man beside her.

boxn ov el. c o m

mu yichen’s eyes suddenly darkened.

very good, his stupid woman even dared to glare at her husband now!

he narrowed his eyes and chuckled in her ear. ” “not used to it? then ... do you want your husband to help you get used to it?”

“what do you mean ...”

before luo chenxi could finish her sentence, she felt a familiar warm touch on her lips.

her eyes widened abruptly and her body stiffened. she could not believe that mu yichen would kiss her under the watchful eyes of so many reporters and onlookers!

they were still at the entrance of the president’s house!

however, mu yichen remained calm throughout. he lowered his head and kissed her on the lips. then, he raised his head and pulled her into his arms. he smiled at her affectionately.

his entire movement was very elegant and calm from the beginning to the end. his every movement was full of the style of a young master from a rich family.

this made the little woman in his arms look even more dazed and adorable.

fortunately, luo chenxi was not the only one who was dumbfounded at the moment. the onlookers had shocked expressions on their faces. they felt as if they were about to choke to death from the mu family’s brand of dog food.

the reporters didn’t even have time to press the shutter. they were beating their chests and stomping their feet in frustration for missing this photo that would definitely make the entertainment headlines!

the heiresses gnashed their teeth in hatred. they were even more envious of luo chenxi.

no matter how much gossip she had read about young master mu and his wife, it was not as impactful as seeing them in love with her own eyes!

mu yiling, who followed the two of them out of the car, laughed instead.

mu yiling was usually the one who suffered the most from being abused by the public. he did not feel so upset when he had so many people to eat dog food with him today?

luo chenxi came back to her senses. her petite face was blushing slightly. ” mu yichen, you ... ”

“how is it? are you still nervous?” mu yichen’s thin lips curled up.

1516 they were all leftover from his father thirty years ago!

“if you’re still nervous, hubby can help you ‘relax’ again?”

“you ... don’t need to!”

was this man’s face made of city walls? why was it so thick?

luo chenxi wished that she could give him a bite!

however, as the occasion was not right, she could only glare at him, grab his arm, and speed up, leading him in the direction of the presidential palace.

her intuition told her that the man beside her had a habit of showing off his affection.

the more people there were, the greater the urge to show off their love.

in order to prevent him from doing something more embarrassing for her, they had better hurry into the presidential palace!

at least, there were no reporters in the presidential palace.

mu yichen did not resist and allowed his wife to pull him inside. however, his gaze swept past the porsche that was following behind them.

the man who had just gotten out of the car was sheng yu.

boxn ov el. c o m

from the angle he was standing, he could clearly see the scene of the two kissing.

mu yichen scoffed coldly in his heart when he saw the stiff expression on sheng yu’s face. his wife was too beautiful and outstanding. that was why she was always attracting annoying flies. he wanted everyone to know that he, mu yichen, was luo chenxi’s legal husband!

luo chenxi pulled mu yichen’s hand and walked forward. her footsteps became faster and faster.

soon, he caught up with mu yunfeng and tan yueru, who had left first.

the two elders of the mu family had arrived at the entrance of the presidential palace a long time ago and were staring at them!

mu yunfeng’s face was expressionless. there was even a hint of disdain in his gaze as he looked at mu yichen.

did this brat feel like he was in the limelight? he didn’t know that these lovey-dovey methods were all leftover from his father’s 30 years ago!

tan yueru showed a relieved smile with an “ i understand, i understand ” expression.

luo chenxi felt even more embarrassed when she was being stared at. she wanted to explain herself but she did not know what to say.

mu yichen broke the silence in time. “ father, mother, let’s go in. ”

the family of five turned around and was about to enter the presidential palace.

the reporters behind them raised their cameras and took pictures of their backs.

seeing that they were about to enter, suddenly, a sharp female voice was heard.

“wait, uncle mu, aunt mu, please wait for a moment.”

the voice sounded familiar. the five of them were surprised and turned their heads together.

she saw fu jiatong walking out of the president’s house in a wine-red evening dress.

the reporters took pictures even more enthusiastically and exclaimed, “this is the fu family’s young miss, fu jiatong! the president actually asked his niece to personally come to the door to welcome the mu family. this showed that he attached great importance to the mu family! just now, there were even rumors that the two families had a falling out. what a load of nonsense!”

everyone knew that the president doted on his niece and treated her like his own daughter since she was young.

moreover, the president’s wife had passed away at an early age, so fu jiatong would accompany the president to some events from time to time after she became an adult. she was no different from a real president’s daughter.

seeing fu jiatong appear, the mu family couldn’t stand her.

however, considering the current situation, they didn’t flare up. mu yunfeng even smiled and nodded at her. “ jiatong, why did you come out personally? jingxuan is too polite!”

fu jiatong’s face had an elegant and magnanimous smile on it, but she almost could not hold it in the moment she caught sight of luo chenxi.

this was because luo chenxi was wearing the same color gown as her!

1517 chenxi is my wife

as the saying goes, it’s not scary to wear the same clothes, but whoever is ugly will feel embarrassed!

but now, she was obviously the one who was embarrassed ...

luo chenxi’s perfect face and figure appeared even more charming and moving under the contrast of the bright and magnificent colors.

in addition, the dress she was wearing had been personally tailored by her, and the cut was clear and neat, looking many times more advanced than the one on fu jiatong.

fu jiatong had thought that she had dressed up very well today, showing the bearing of the president’s daughter, but in the end? he was immediately made into a minor character who was akin to a lackey when he stood next to luo chenxi ...

the corner of fu jiatong’s mouth twitched, and then twitched again. she finally managed to hold back her anger and said with gritted teeth.

“uncle mu, you’re the one who’s being polite! you and my uncle are like real brothers. as a junior, it’s only right for me to come and welcome you. if it wasn’t for the fact that uncle is too busy today, he would have come out personally.”

these words were very appropriate.

the two elders of the mu family heaved a sigh of relief. they felt that there would not be any accidents at today's banquet.

the two of them looked at each other and took the lead to enter the gate.

luo chenxi held onto mu yichen's arm. she was about to follow him when she was stopped by an arm that suddenly stretched out.

boxn ov el. c o m

"wait! i'm sorry, miss luo, but you can't enter the president's house!"

fu jiatong still had the same elegant smile on her face, and in the eyes of the onlookers, she was still polite.

on the other hand, luo chenxi, who was standing opposite her, could clearly see the sneer and mockery in fu jiawan's eyes.

luo chenxi frowned. before she could speak, mu yichen spoke first, "miss fu, what do you mean? chenxi is my wife and she came with me. if you stop her, do you mean that you don't welcome our mu family?"

"how could this be? big brother mu, you've misunderstood me!" fu jiatong looked like she had been wronged. "it's the fu family's honor that you, uncle mu, and aunt mu are here at the presidential banquet. how could i not welcome you?" she said. but ... but we didn't invite luo chenxi to the banquet. she ... can't go in!"

mu yichen's expression darkened instantly. "what do you mean? what did he mean by no invitation? i've made it clear just now that chenxi is my wife! i'm bringing madam to the banquet, what's the problem?"

at this moment, the reporters who were following them also felt that something was wrong.

fu jiatong had come out to welcome the mu family, shouldn't she quickly bring them in?

why did he stop at the door?

moreover, mu yichen's expression was so unpleasant ...

could it be that things were different from what they had thought?

fu jiatong's eyes were cold, but she still looked very sincere.

"big brother mu, it's like this. the number of people invited to our presidential banquet every year has to be counted in advance. everyone has to enter with an invitation card. if there are too many people, we won't be able to receive them at all! there's only uncle mu, aunt mu, you, and second brother mu on the invitation card for the mu family this time. luo chenxi isn't on it!"

"what?"

the people of the mu family were all shocked.

mu yiling could not help but scream.

mu yichen swept a glance at him. "where's the invitation?"

"oh, it's with me. i'll look at it immediately!"

mu yiling dared not delay any further. he took out the invitation from his suit's inner pocket at once. he opened it and took a look. he discovered that there were only the names of mu yunfeng, his wife, and the two brothers on it. luo chenxi was not on it!

1518 the fu family's matters have nothing to do with me from now on!

this time, the few of them were all stunned and looked at each other.

although they had received the invitation letter a few days ago, none of them had realized that there was something fishy about it.

to ordinary people, an invitation from the president's house might be very precious. but to a top-class family like the mu family, this thing was not rare at all. there was no need to even look at it.

it was not the mu family's honor to attend the presidential banquet, but it was more of a show of respect to the president.

the name of the mu family's eldest young mistress should not have been left out on the invitation.

even if the staff had really made a mistake, the president's house should be the one feeling guilty. fu jiatong should be the one apologizing on behalf of the president's house!

no one had expected that not only did fu jiatong refuse to apologize, but she even wanted to shut luo chenxi out of the door!

the mu family were all smart people. after some thought, they understood.

luo chenxi's name was not written on the invitation on purpose!

fu jiatong thought that her plan had worked, and she had a smug smile on her face.

"miss luo, i'm really sorry. it's not that i don't welcome you, but ... the guest list for the banquet has been set in advance," he urged.

boxn ov el. c o m

mu yichen glanced at fu jiatong coldly. his voice was filled with iciness. "fu jiatong, you're the one who's behind this, aren't you?" my wife has no grudges with you, but you're always targeting her. do you think the mu family is easy to bully? to be honest, if my wife didn't insist that i accompany her to the banquet today, i wouldn't have come at all! since the fu family doesn't welcome her, we'll take our leave!"

"the fu family's matters have nothing to do with me from now on!"

after mu yichen finished speaking, he did not wait for anyone's response. he immediately wrapped his arms around his wife, turned around, and walked back.

he still remembered the incident with the president's house. if it wasn't for mu yunfeng, he would have taken revenge.

in the end, he had suppressed his anger for the sake of his parents and that stupid woman, and even went to the banquet, but fu jiatong still dared to do this!

in his heart, mu yichen had already decided to draw a clear line between himself and the fu family.

he didn't support the fu family's rise to power just to let his woman suffer.

fu jiatong was obviously stunned when she saw that he was leaving.

"big brother mu, you ... you wait, you ... don't go! i absolutely don't have the intention to drive you away. you're an important guest of our mu family!"

however, mu yichen acted as if he did not hear her voice. he strode away without even turning his head back.

fu jiatong panicked. she didn't even care that she was wearing a long dress and high heels. she rushed over. "brother mu, stop! uncle president wants to see you the most!" it was true! i didn't mean to pick on miss luo, but you ... you haven't had a wedding yet! according to the customs in our circle, if you don't have a wedding, you can't be considered as the official mrs. mu. i really didn't mean to ..."

fu jiatong explained as she ran, feeling both angry and anxious.

she did not expect mu yichen to turn around and leave without saying a word!

was he crazy? was he really going to give up the presidential palace's mid-autumn festival banquet for that b * tch, luo chenxi?

could it be that mu yichen did not know the importance of matters?

attending the presidential banquet represented the honor of the entire mu family!

he should have sent luo chenxi away immediately. how could he argue with her in front of the presidential palace?

1519 mrs. mu is a femme fatale?

so many reporters are still blocking the entrance!

did mu yichen not care about the mu and fu families' reputation at all?

at the thought of this, fu jiatong stopped and turned to mu yunfeng and the others behind her, looking for help.

"uncle mu, aunt mu, you ... you guys quickly stop big brother mu! if he does this, who knows what kind of reports the reporters will write when they go back? they might even think that our two families have turned against each other. this way, the mu family and the fu family will have no place to put their face. you must stop him and not let big brother mu make a mistake!"

in fu jiatong's opinion, mu yichen had been bewitched by that vixen, luo chenxi, and his actions were irrational. however, the rest of the mu family must have known what was more important.

it was definitely not worth it to offend the presidential palace and spread rumors that were detrimental to both families for Luo Chenxi!

however, as soon as she finished speaking, she heard Mu Yiling's cold voice, "I think ... it's not my big brother who is muddled, but your Fu family! not only does my big brother have to leave, we can't stay here either!"

Mu Yiling said ruthlessly, but he was not in a hurry to catch up with his brother and sister-in-law.

he knew that if he followed her, he would definitely be fed dog food again. he was not that stupid.

"you ... second brother Mu, why are you also ... Uncle Mu, Aunt Mu, look at this. a woman like Luo Chenxi has not only bewitched Big Brother Mu, but even second brother Mu has ... you can't indulge her like this anymore!"

Fu Jiatong couldn't hold back her pride as the president's daughter anymore, and she was so anxious that she almost jumped up.

however, Tan Yueru just glanced at her coldly and didn't even bother to say a word to her. she directly hooked her arm around Mu Yunfeng's.

"hubby, let's go!"

Mu Yunfeng hesitated for a second. "I ... I don't believe that Jingxuan would ..."

"are you leaving or not? if not, I'll leave on my own!"

Mu Yunfeng was halfway through his words to protect his friend when Madam glared at him. he was so frightened that he quickly nodded. "go, of course!" how dare you bully my daughter-in-law! even my brother can't forgive you!"

actually, Mu Yunfeng didn't really care what kind of daughter-in-law Mu Yichen found for him.

however, Tan Yueru liked Luo Chenxi and treated her like her own daughter. of course, he would have to agree with his wife.

Tan Yueru snorted and was barely satisfied. she dragged him outside.

in the blink of an eye, the Mu family of five had left.

the reporters outside had already gone crazy, fighting to be the first to press the shutter. the flashes were so continuous that they almost blinded people!

if it were not for the large number of security personnel keeping the scene in order and keeping the reporters outside the safety line, they would have rushed in to interview Mu Yichen and the rest.

however, even now, the reporters still tried their best to extend their arms and move their microphones as close as possible.

"young master Mu! young master Mu, are you really not going to attend the presidential banquet? is it because the president's house didn't send an invitation to your wife?"

“young master mu, are you doing this for the sake of a beauty? have you considered the consequences of your actions?”

“mr. mu, what are your thoughts on your son’s actions? is the mu family officially breaking off relations with the fu family?”

” mrs. mu, because of you, the relationship between the two families has been broken. the outside world is saying that you’re a femme fatale and have implicated the mu family. what do you have to say?
“

1520 the president appears

mu yichen was holding luo chenxi’s hand as they walked straight to the parking lot. he acted as if he did not hear any of the reporters’ questions and did not stop walking.

however, he suddenly stopped when the last reporter mentioned luo chenxi.

his thick and black eyebrows furrowed, and a sharp aura flashed through his dark eyes.

“you’re saying ... my wife is a femme fatale?”

” uh ... ” the reporter was shocked by his cold tone and subconsciously swallowed. it took him a long time to find his voice. ” that ... it’s ... it’s a saying on the internet ... the mu family and the fu family used to be close allies. now, because of the conflict between mrs. mu and the young lady of the fu family, the two families are gradually drifting apart and have even broken off ... this will definitely affect the mu group’s stock price and the mu family’s status in china ... ”

luo chenxi’s mood turned heavy upon hearing the reporter’s words.

the mu family did not hesitate at all and stood on her side. of course, she was touched.

however, he felt even more guilty than touched!

as the daughter-in-law of the mu family, not only did she not have an outstanding family background, but she was also unable to help the mu family’s business to go further. instead, she even caused the mu family to break off relations with the presidential palace ...

“stupid woman, don’t let your imagination run wild!”

mu yichen seemed to have guessed her thoughts. he tightened his arms around her and hugged her even tighter.

at the same time, he turned to the reporter who asked the question and snorted. ” “my wife is very good, and my whole family is very satisfied with her. i don’t want to hear anyone slander her! if the fu family and the mu family break off, the responsibility will be on the fu family, and it has nothing to do with my wife!”

the reporter refused to give up and continued to ask, ” but, i heard that mrs. mu first used underhanded methods to snatch miss fu’s job, which caused the conflict between the two families to become more and more serious ... ”

” sir, let me remind you that slandering others is a legal responsibility! ”

this time, luo chenxi spoke before mu yichen could.

she straightened her back, her delicate and fair face expressionless. however, she naturally exuded a powerful aura of a superior.

for a moment, the reporters were all stunned. they opened their mouths but couldn't even say a word.

luo chenxi continued, ” it's true that miss fu and i used to compete for the same job. however, we've been competing fairly from the beginning to the end. i'm only able to win against her because of my own standard! ” i don't think this information is difficult to understand. i hope that before the reporters ask questions, you can do some basic investigations. if anyone else is speaking without thinking, i can only understand that you are deliberately slandering me and the mu family!”

her words were powerful and resonating.

the reporters who wanted to play dumb could no longer keep up their act. they lowered their heads and retreated in shame.

the corners of mu yichen's lips curled up ever so slightly when he saw his little white rabbit suddenly throwing a tantrum. he did not say anything else but took her hand in silence as he prepared to take her away.

however, when the two of them were only a hundred meters away from the parking lot, the gate of the presidential palace suddenly opened from the inside.

after a series of hurried footsteps and whistles, all the security guards at the scene were obviously nervous. they stood up straight and clenched the electric batons in their hands.

a deep voice came from the door.

“what's going on? yunfeng, why didn't you come in when you arrived? you didn't even say goodbye before leaving?”
