## Chapter 421: Tan Yueru, That Old Fart... She's So Nice To That Little SI\*t!

"This tea tastes horrible! Plus it's so hot! Who brewed it? Are you trying to poison me to death?"

Sister Chen did not expect her to suddenly lose her temper and was shocked.

"Ah? Young... Young Madam, isn't this your favorite black tea? Because you like it, the Second Young Master even bought out the best tea plantation in Sri Lanka to pick out this year's latest tea leaves. He's going to have it sent to you immediately..."

Hearing this, Luo Chenxin's expression became even uglier.

'I didn't expect for Luo Chenxi, that little b\*tch to actually subdue Mu Yiling!

'Although he's the Mu Family's Second Young Master and looks like a heartless profligate son, in reality, he has inherited the Mu Family's black-hearted genes and is full of evil.

'When I lived in the Mu Family's villa, Mu Yiling has dealt with me a few times and I even had a psychological trauma because of it!

'Yet, this guy is actually gifting tea leaves to Luo Chenxi?'

"That little b\*tch... What kind of magic potion has she given to the Mu Family? Is it possible that she has such a good method of seducing men?"

Luo Chenxin became extremely unhappy, so she directly pushed the teacup onto the ground.

Hence, the exquisite and beautiful bone china teacup that looked like a work of art instantly shattered into pieces.

boxn ov el. c o m

"Stop coming up with all sorts of nonsense. You can't even make a cup of tea properly, so what's the use of keeping you around? Make me another cup of tea immediately! This black tea is so disgusting, don't ever brew it ever again. Throw it all away!"

"Ah? But... But..."

Sister Chen was a little confused and didn't know what was going on.

"But what? I'm the Young Madam of the Mu Family, so how dare you servants disobey me? What are you waiting for? Go make another cup of tea!!"

Sister Chen immediately came back to her senses and quickly picked up the teapot before running into the kitchen.

Thus, for the entire afternoon, Luo Chenxin put on the airs of the Young Madam of a wealthy family and ordered the servants to serve her.

Actually, she chose a good time to return. Mu Weiwei had gone to school, and the two elders of the Mu Family had also gone out to visit their friends, so they were not at home.

This way, she had enough time to familiarize herself with the environment, which reduced the chances of her being exposed.

After tormenting the servants, she went upstairs and entered the master bedroom.

On the dressing table, Luo Chenxi's jewelry box was placed, which was originally filled to the brim.

Tan Yueru had taken out most of the Mu Family's ancestral jewelry and insisted on giving it to Luo Chenxi. Apart from that, there were also small jewelries that Mu Yichen would bring back everyday.

Before Luo Chenxi left, she thought about it and took the brooch that Young Master Mu had given her when he proposed to her.

Then, she went to Tan Yueru the night before and wanted to return the rest to her.

However, Tan Yueru refused to take it back. Therefore, because she couldn't explain the real situation clearly, she could only leave it in the jewelry box.

When Luo Chenxin saw those jewelry, her eyes immediately lit up.

"Tsk. tsk, these jewelries alone are already worth hundreds of millions of yuan, aren't they? Tan Yueru, that old fart... She actually treats that little s!t so well! When we were engaged in the past, she didn't even want to take out any of these jewelry, but now, she's given all of them to that little s!t!"

Luo Chenxin was quite angry at first, but on second thought, she felt better since all of it belonged to her now.

"Hmph... No matter what, I'm now the Young Madam of the Mu Family! These jewels belong to me, and only me!"

Then, she happily played with these jewels, her eyes filled with greed.

'If it wasn't for my sudden inspiration back then, I wouldn't have even been able to see these expensive jewels, much less wear them as now!

'It hasn't been easy for me to get all of these, so that little s!t shouldn't even think of snatching them away from me!'

At that thought, Luo Chenxin stayed on the second floor for the whole afternoon.

Not only did she take away the jewelry, but she also looked inside Luo Chenxi's changing room.

#### **Chapter 422: Why Do I Feel Weirded Out With Whatever She Does Today?**

Mu Yichen had given Luo Chenxi a lot of expensive gowns.

However, all of the gowns were styled very conservatively.

Therefore, they didn't really suit Luo Chenxin's taste.

However, the finished and semi-finished clothes hanging next to those luxury brands attracted her attention.

They were all ready-made clothes designed by Luo Chenxi herself.

Because Luo Chenxi left in a hurry, she couldn't bring so much luggage with her, so she could only leave them in the villa.

Luo Chenxin was also a student of fashion design. Although she had never worked seriously, her aesthetic standards were above that of ordinary people.

Hence, she immediately saw the value of these clothes.

"This is..."

Luo Chenxin suddenly thought of something. "If I recall correctly, that little b\*tch is a fashion designer. Could all these be her designs? I really can't tell that a wild girl like her who grew up in an orphanage actually has some ability..."

At that thought, a trace of coldness flashed across her eyes as she put away all these clothes.

It was not until evening that Tan Yueru and Mu Yunfeng returned together.

boxn ov el. c o m

Luo Chenxin hurried downstairs and took the initiative to greet the two elders.

"Dad, Mom, you're back? It's sunny outside, you haven't basked in the sun, have you? Come, come sit down. Sister Chen, why are you standing there like a fool again? Can't you go make some tea? How did such a senseless servant like you sneak into the Mu Family?"

Tan Yueru was originally in a good mood with a smile on her face when she saw her.

However, before she could say anything, she was shocked by Luo Chenxin's words.

It was obvious that Luo Chenxin wanted to please them. However, her attentive smile seemed a little exaggerated.

'She seems to be a little too attentive today!

'Moreover, Daughter-In-Law rarely orders Sister Chen to do these things. Instead, she prefers to make her own tea and would adjust the amount of tea according to everyone's health.

'Although I wouldn't need her to do this, every time I see Luo Chenxi's calm and sweet smile, I would laugh along with her.

'But today, something feels wrong...

'It's fine if she doesn't want to do anything, but her attitude towards Sister Chen is just too bad, isn't it?

'It's completely different from her usual gentle and polite attitude.'

"Ahem, Daughter-In-Law, we have a car to drive us around, so how could we possibly get exposed to the sun? Plus, there's no need to make tea, Sister Chen is busy making dinner right now..."

“Making dinner wouldn’t hinder her from making tea, would it? Plus, how many minutes would it take? The Mu Family doesn’t feed idle people!”

Luo Chenxin didn’t feel that there was anything wrong with her attitude at all.

Hence, she walked over enthusiastically and was about to help Tan Yueru up.

However, Tan Yueru was shocked and quickly took two steps back. “Um... Daughter-In-Law, aren’t you very busy with work? Your father and I can sit by ourselves for a while. You don’t have to be bothered about us.”

Although she said it politely, she felt a little uncomfortable in her heart.

‘Why do I feel weirded out with whatever she does today?’

Madam Tan was less than 50 years old that year. In modern society, this age was not considered old at all.

Apart from that, she took good care of herself and was in good health. Thus, she looked like she was only in her early 30s, and had always viewed herself as a young person!

‘Usually, what I liked most about her was that she is spontaneous and lively. So, the two of us got along like we were peers and had lots to talk about.

‘Now, after my trip back, why does she look like she’s trying to curry my favour?’

‘I’m not even the Empress Dowager!’

‘Why would I need help to walk?’

However, Luo Chenxin did not notice that Tan Yueru was unhappy with her.

### **Chapter 423: That Little B\*tch’s face is so useful!**

Because of what Luo Chenxin did to the little dumpling three years ago, Tan Yueru had never treated her kindly.

Plus, Luo Chenxin had zero intention to interact with the elderly.

Therefore, she hated Tan Yueru from the bottom of her heart and was barely trying to please Tan Yueru just to pretend that she was a good wife.

Hence, now that she heard that Tan Yueru didn’t need her to stay by the side, Luo Chenxin was overjoyed. Then, she immediately turned around and was about to leave.

However, just as she walked to the edge of the stairs, she thought of something and turned around.

“Um, by the way, Mom...”

“Yes?”

“Mom, about that...” Luo Chenxin pretended to be embarrassed for a while before she said, “I heard that our family has a set of red jade jewelry that was auctioned in Country Y more than 10 years ago at an extremely high price...”

Tan Yueru was slightly stunned. “That’s right, there is such a set. Why do you ask?”

Luo Chenxin quickly said, “Ahem, Mom, you see, I’m going to attend a friend’s birthday party, but as the Young Madam of the Mu Family, if I wear something too shabby, I’m afraid I’d embarrass the Mu Family! Mom, can you give me this set of jewelry?”

‘I’ve long heard that the Mu Family has such a priceless set of jewelry in their collection.

‘Plus, in the past, when Tan Yueru had a photoshoot for this set of red jade jewelry, it was in the headlines.

boxn ov el. c o m

‘But, I couldn’t find it in the jewelry box left by Luo Chenxi.’

At that thought, Tan Yueru asked curiously, “Weren’t you not interested in jewelry previously? Why do you have a special interest in the red jade now? Amongst the jewelry I gave you, there are several pieces that are much more valuable than that set, but I’ve never seen you wear them before.”

Luo Chenxin’s body stiffened when she heard that and she almost couldn’t believe her ears!

‘I thought that the set of red jade worth tens of millions of yuan is already priceless, but I didn’t expect that the Mu Family would actually have a collection of more expensive ones!

‘Moreover, she gave it to Luo Chenxi so casually?!

‘What’s so good about that little b\*tch?

‘Why does everyone like her so much and treat her well unconditionally?’

On the other hand, Tan Yueru would never have thought that her daughter-in-law would have been swapped out.

Hence, she only hesitated for a moment and immediately nodded in agreement.

“If you like it, then I’ll give it to you! However, I seem to have left this set in Country R’s villa. I’ll have to find someone to bring it back.”

Luo Chenxin smiled so much that she could not close her mouth.

“Thank you, Mom! You’re so generous!”

‘That little b\*tch’s face is actually so useful!

‘In such a short time, I’ve gotten my hands on a set of jewelry worth tens of millions of yuan!’

At that moment, Luo Chenxin became even more determined.

‘I absolutely can’t let Luo Chenxi get the chance to come back!

‘Apart from that, I also had to work harder to fortify my position in the Mu Family.

‘Most importantly, of course, I have to win over Young Master Mu and make him heads over heels for me.

'As long as I can make Mu Yichen fall in love with me, it wouldn't be a problem even if I revealed a little flaw.'

Thinking of this, Luo Chenxin asked, "Mom, why isn't Yichen back yet? Has he gone out to socialize today?"

Tan Yueru looked at her with an even stranger gaze.

"You're asking me? How would I know? That brat has become a wife slave now, so wouldn't he always report his schedule to you? How could he still remember me as his mother? So, if you don't know where he's gone, there's no way I would know. You might as well call and ask yourself."

However, where would Luo Chenxin possibly get Young Master Mu's phone number?

Hence, she could only bite the bullet and say, "I... I dropped my phone, so I've lost Yichen's phone number."

#### **Chapter 424: He Clearly Just Had His Fill Yesterday, So How Could They Not Be Newlyweds?**

"I see! Come, I'll write it down for you."

Tan Yueru did not suspect Luo Chenxin in the slightest and gave Mu Yichen's phone number to her.

Luo Chenxin held the piece of paper with her number written on it and was so excited that she almost fainted!

Ever since her cell phone number was blocked by Young Master Mu three years ago, she could no longer contact Mu Yichen.

Hence, she couldn't even find a chance to ask him about his well-being.

Now, she's gotten it so easily!

However, she wasn't in the mood to get any more information from Tan Yueru, so she quickly ran upstairs to call Young Master Mu.

...

In the CEO's office at Mu Group, Mu Yichen was looking at his two best friends with an impatient face.

"Alright, we're done talking about business, so why aren't the two of you leaving yet?"

At the same time, he kept looking at the watch on his wrist, eager to go home.

'Last night, my little woman actually wore a set of sexy lingerie and danced on a pole to seduce me!'

Although he did not know why the usually shy little woman suddenly became so bold, after that night, his mind was filled with that sweet and hot little woman all day long. Even during meetings, he would occasionally be distracted.

Hence, after finally negotiating the project, he was no longer interested in anything else.

Instead, he just wanted to hurry home and be by his little woman's side.

'It would be best if we get to do some shameless things together, which would be perfect!'

On the other hand, He Jinsi sat casually on the guest sofa with no intention of leaving at all.

"What's the matter? Why are you chasing me and Tingyuan Away? We supported you in negotiating such a big project together, so even if you are not a friend but an ordinary client, you still have to treat us to a meal, don't you? How can you be so impersonal?"

Bao Tingyuan smiled, "That's enough, Jinsi, it's not like you don't know that our national husband, Young Master Mu, has become a slave to his wife. He must be in a hurry to go home and hug his wife, so you shouldn't be a busybody already."

However, He Jinsi was not very happy, "Hold on just a minute, Yichen and Luo Chenxin aren't newlyweds, so is there a need for him to be so clingy? It's just a meal, isn't it? Do you not even have that little time for it?"

When Mu Yichen heard this, he could not help but snort coldly.

'Not newlyweds?!

'I clearly just had my fill yesterday!

'How could we not be considered to be newlyweds?'

Thinking of this, he stood up immediately and picked up the suit on the back of the chair. As he put it on, he walked out.

"If the two of you want to eat, then you can go ahead by yourselves. Just put it on my tab!"

He Jinsi was even more displeased at this point. "What do you mean put it on your tab? Do I need you to pay for my meals? You're simply Inhuman!"

Mu Yichen stopped in his tracks before he turned around to look at him and curled his lips.

"So what if I'm inhuman? Are you envious, jealous, hateful? You bachelor!"

'Ba... Bachelor?!'

He Jinsi felt as if he had been shot in the chest and blood was dripping at that moment.

As Mu Yichen walked to the door... Suddenly, his phone rang.

Hence, he stopped in his tracks and took out his phone to take a look. Then, a gentle smile immediately appeared on his face.

He Jinsi's mouth twitched. "With such a wide smile on your face, it looks like it must be Sister-In-Law calling."

Mu Yichen proudly raised his chin and fully looked down on that bachelor before picking up the phone.

"Hello?"

“Hubby, when are you coming home today? I really miss you! Come back soon!”

A sweet voice came from the other end of the phone.

Mu Yichen’s hand trembled and he felt a little uncomfortable.

### **Chapter 425: What Could Us Bachelors Be Afraid Of?!**

‘My stupid woman rarely calls me “Hubby” and would always call me by my name fiercely.’

Luo Chenxi rarely called him “Hubby”, so when she actually did, it would often ignite the fire in his heart and made him feel horny.

But on that very day...

For some reason, the voice on the phone actually made him feel a little uncomfortable...

However, Mu Yichen didn’t think too much about it and replied, “Be good, I told you to wait for me at home. I’m a little delayed, but I’ll be home soon.”

That gentle tone made He Jinsi and Bao Tingyuan shudder at the same time.

This was because they really couldn’t imagine that Mu Yichen, who had always been cold and arrogant, would actually talk like that!

‘Is he still the childhood friend I grew up with?’

‘It’s likely that he’s a fake Mu Yichen!’

At that moment, Mu Yichen’s mind was completely focused on the little woman at home, so he left his two good friends behind him and left.

He Jinsi was a little confused. “So... He left? Just like that?”

boxn ov el. c o m

He turned to look at Bao Tingyuan. “What about you? If you’re going to fetch your son home, I can only look for Shixun.”

Bao Tingyuan had fallen in love with his wife when he was young, so everyone tacitly agreed that he would get married very early, so it was not a big deal.

However, Mu Yichen was different.

‘We clearly agreed to be single together!’

‘In the end, not only has he secretly stripped naked, he’s actually turned around and laughed at me!’

‘I’m so tired!’

‘There’s no more love anymore!’

‘It looks like I can only huddle together with Bai Shixun to keep warm now.’

Unexpectedly, Bao Tingyuan glanced at him and said, "You should just go home and not look for Shixun. He's currently feeling annoyed!"

He Jinsi was stunned. "What's wrong with him now?"

Bao Tingyuan said, "Don't you know what happened to Bai Xinxin? I heard that Shixun sent her to Country F with the intention of letting her recover from her sickness and reflect on her mistakes. Who knew that she didn't have any intention of admitting her mistakes and even bribed the bodyguards to sneak out. So, the Bai Family has sent many people out to look for her, but they just couldn't find her."

At that moment, He Jinsi's eyes flashed with disdain, "Hehe, where else could Bai Xinxin go? She must've found a way to sneak back into the country! However, this woman is just too good at courting death. If not for the fact that she's Shixun's sister, she would have been killed by Yichen several times already! She's already been sent abroad, but she still ran away. I don't think Shixun should care about her anymore. He can't care for her even if he wants to!"

"That's true, but she is Shixun's sister after all, so he can't just ignore her."

On the other hand, Bai Shixun had obviously also thought that Bai Xinxin had run back to the country on her own.

Therefore, he was not that worried about her safety and did not find her at the time, nor was he anxious.

However, never in his wildest dreams would he have expected that Bai Xinxin had already fallen into Luo Chenxin's hands and was suffering at that moment.

On the other hand, Bao Tingyuan curled his lips and said, "Actually, compared to Bai Xinxin's matter, I think Shixun is more worried about another matter."

He Jinsi raised his eyebrows. "Why can't I understand what you're saying? What's this matter you're talking about?"

"To put it simply, I feel that you'll probably become the only bachelor among us very soon!" Bao Tingyuan smiled meaningfully.

He Jinsi was stunned for a moment. When he reacted, his face immediately darkened.

"F\*ck, do you have to provoke me like that? You're no better than a bachelor!"

Seeing Bao Tingyuan's face turn black, He Jinsi's mood was finally a little better.

'Come on, let's hurt each other!

'What could us bachelors possibly be afraid of?!

...

At the entrance of the Mu Family's villa.

Mu Yichen was eager to return home, so as soon as the car stopped, he couldn't wait to open the door and get out.

## Chapter 426: She's Clearly My Little Woman, The One I Proposed To The Day Before

After last night, he missed his little woman more than ever.

Then, right at that moment...

“Daddy, wait for Tang Tang! Uwuuu!”

The little princess's cries came from behind.

Hence, Mu Yichen stopped in his tracks and finally realized that he had forgotten about the little dumpling whom he had just picked up from kindergarten!

Because he felt that his daughter was running too slowly with her short legs, he bent down, picked her up, and strode towards the villa.

As soon as he entered the house, Mu Yichen felt that the atmosphere was a little strange.

Usually, when he entered the house, he would see the little woman chatting passionately with Tan Yueru and Mu Weiwei. Sometimes, they would even hold an iPad in the living room and watch a melodramatic drama together online, causing them to snort and cry.

Yet, on that day, the house was a little too quiet.

Tan Yueru and Luo Chenxin sat on separate ends of the sofa, not saying a word.

However, before he could make a sound, the woman on the sofa had already noticed his presence.

boxn ov el. c o m

Instantly, her eyes lit up, and she immediately walked over to him and hugged his arm.

“Hubby, you're finally back. I've been waiting for you all day!”

Luo Chenxin tried her best to stick close to Mu Yichen as she forced out a sweet smile.

Actually, she made reference to Luo Chenxi's dress style and came to a conclusion that Young Master Mu preferred innocent and naive women.

Therefore, before Mu Yichen returned home, she specifically changed into a white lace dress and put on light makeup.

She was confident that Young Master Mu would definitely look at her differently this time.

Indeed, when Mu Yichen saw the little woman throwing herself into his arms, a smile immediately appeared on his handsome and perfect face.

However, when he touched the woman's soft body, his entire body stiffened.

For some reason, there was an unspeakable discomfort.

Thus, the smile on his face also faded.

Then, he subconsciously raised his arm and pushed Luo Chenxin away. "Sorry to have kept you waiting. I originally wanted to come back earlier, but today's meeting is very important. It didn't end until 6 or 7pm."

"Hubby, it must be hard for you to have to end the meeting so late. Come on in, let me massage your shoulders."

When Luo Chenxin was pushed away, she thought that Mu Yichen had done it by accident, so she immediately leaned over again.

This time, she even rubbed her ultimate weapon against Mu Yichen's arm.

Feeling Young Master Mu's strong muscles, she couldn't help but feel a little distracted.

However, Mu Yichen's body instinctively reacted by pulling back his hand.

Moreover, his movements were very fast, as if he had encountered some kind of virus.

Luo Chenxin never thought that Mu Yichen would shake her off. Therefore, her entire body's center of gravity leaned on the man's body.

When Mu Yichen jolted his arm away from her, her center of gravity immediately became unstable. Her body swayed a few times before she directly fell to the ground.

However, she was able to react very quickly, grabbing Mu Yichen's sleeve, turned around, and fell into his arms again.

Then, Luo Chenxin had an aggrieved expression on her face. "Hubby, why... Why did you push me? I almost fell!"

Mu Yichen frowned.

'Something's wrong... But I can't tell what it is.

'The woman in my arms is clearly my little woman, the one I proposed to the day before.

'The woman where before dawn today, we were still entangled together on the big bed, not being able to leave each other for even a moment.

'When I left the company, I was still thinking that once I saw my little woman, I was going to kiss her fiercely. Better yet, kiss her until she faints!

'Yet now...'

### **Chapter 427: I Hate That Bad Auntie, She's Not My Big Sister!**

At that moment, the little woman was in his arms. He was finally getting what he wanted. However, the romantic and lingering thoughts in his heart disappeared in an instant.

In fact, He even felt a slight and inexplicable disgust when he was being leaned against by her.

'What... What's wrong with him?'

'Could it be that he didn't get enough sleep yesterday, does he have a problem somewhere?'

While Mu Yichen was struggling to understand his thoughts, Luo Chenxin was also wondering.

'A few days ago, when I was tailing Luo Chenxi and Young Master Mu, the two of them were so intimate that they could suddenly kiss while walking on the street.

'Yet, why is Young Master Mu treating me so coldly today?'

'Is it possible that... He can tell that I'm not Luo Chenxi?'

'No, that's impossible, absolutely impossible!'

'I've obviously been made to look exactly like Luo Chenxi, I've even been injected with botox the day before yesterday just so that my face can be shaped perfectly identical to Luo Chenxi's.'

"Hubby..."

boxn ov el. c o m

Luo Chenxin was unwilling to give up, so she called out again.

However, Mu Yichen felt even more uncomfortable when he heard her coquettish voice. "Wha... What's wrong with you today? It's getting late, plus it's time for dinner, let's eat first."

However, Luo Chenxin was unwilling to let go just like that, so she simply moved closer.

She breathed in Young Master Mu's ear like an orchid. "Hubby, let me give you a kiss to relieve your hard day's work!"

As she said that, she pouted her beautiful red lips and was about to kiss Mu Yichen's face.

However, before she could touch those beautiful thin lips, she suddenly felt a pain in her chest...

"Go away! Go away! Don't kiss my Daddy!!"

The little dumpling suddenly raised her foot and kicked Luo Chenxin in the chest since Mu Yichen had been hugging the little dumpling with his right hand the entire time.

Therefore, every time Luo Chenxin fell into his arms, she would push the little dumpling out a little.

In fact, the little dumpling had been pouting from the start, but no one noticed her.

Hence, it was only when Luo Chenxin was about to kiss Mu Yichen that the little dumpling suddenly flew into a rage.

On the other hand, no one expected the little dumpling to suddenly kick her "favorite Big Sister"!

In fact, even Mu Yichen was stunned. He frowned and subconsciously scolded her, "Tang Tang, what are you doing? How could you kick your Big Sister? Who taught you to do that? Have I spoiled you too much?"

'I can accept when she usually kicks me.

'But, how can she kick her own mother?'

'That's outrageous!'

When the little dumpling was scolded by her father, she had an aggrieved look on her face and her big eyes turned red. "Uwuuu, Tang Tang hates her!! Go away, hurry up!"

As she said that, she raised her little foot and kicked Luo Chenxin again, which landed on Luo Chenxin's chest with both force and ferocity.

Hence, Luo Chenxin almost gasped for breath!

Aside from the pain, what made her even more depressed was that the little dumpling's kick was so accurate that it almost broke the silicone that she had placed inside!

This time, not only Mu Yichen, even Tan Yueru stood up in shock and walked towards them.

"What's happened? Why is Tang Tang crying? Why are you unhappy? Don't you like Big Sister the most?"

Mu Yunfeng and Mu Weiwei, who were sitting on the sofa, were also very surprised.

Everyone knew that the little dumpling liked her Big Sister the most. Except for that one time when she was deliberately provoked by Bai Xinxin. Otherwise, she was always obsessed with Luo Chenxi.

'This has never happened before.'

When the little dumpling saw Tan Yueru, she decisively abandoned her father and threw herself into her grandmother's arms.

Then, she cried out, "Daddy scolded Tang Tang, I hate him! I hate that bad Auntie, she's not my Big Sister!"

#### **Chapter 428: The First Time The Little Dumpling Did Not Glue Herself To Her Big Sister**

Hearing this, everyone was stunned, including Luo Chenxin, whose heart skipped a beat as cold sweat broke out on her forehead on the spot.

She had never thought that despite being able to deceive Tan Yueru, Mu Weiwei and even Mu Yichen, the little dumpling would have been able to see through it in a glance!

'Could it be that the mother-daughter bond from the legends is real?'

'Could this little thing actually recognize that I'm not her biological mother!'

The little dumpling then buried her head in Tan Yueru's arms and cried loudly.

Hence, Mu Yichen frowned and looked at her. "What's going on? What's wrong with Tang Tang today?"

At that point, Luo Chenxin's body had already turned cold as she thought that she would definitely be exposed that time.

However, Mu Yichen did not get angry immediately. Although he looked unhappy, he still asked her patiently.

Hence, Luo Chenxin instantly understood.

'It seems that Luo Chenxi is really trusted by Young Master Mu, so even though his little princess is crying, he doesn't doubt me at all...'

At that thought, she recovered some of her calmness and immediately said, "Hubby, I... I don't know what's happened either. Maybe it's because... When I went out today, I said a few words to Tang Tang, and she bore a grudge..."

boxn ov el. c o m

Luo Chenxin had no choice but to lie.

However, Tan Yueru was stunned when she heard this and remembered what happened this morning.

"Oh right, I remember now. This morning, when Chenxin was about to go out, Tang Tang kept pestering her to not go. Then, Chenxin used too much strength and accidentally pushed Tang Tang away. I guess Tang Tang's unhappy and holds a grudge! Sigh, children are like that!"

Mu Weiwei also remembered this matter and nodded. "Yes, I also told Mom to tell Tang Tang to be good, but I think she's really unhappy..."

Thus, the two of them had completely misunderstood the situation, because when the others heard their explanation, they all felt that it made sense.

At that moment, Mu Yichen's tensed nerves also relaxed, because he knew that his little woman would never mistreat the little dumpling.

However, it was still a little unbelievable that the little dumpling would kick her Big Sister. 'Is it possible that the little dumpling has grown up and doesn't like to listen to her mother's teachings?'

On the other hand, Luo Chenxin also did not expect that Luo Chenxi and the little dumpling would really have an argument this morning.

However, because of this, she found a reasonable explanation for the little dumpling's reaction.

Hence, she let out a long breath and secretly rejoiced in her heart.

'The heavens have really helped me this time!

'It seems that my position as the Young Madam of the Mu family will definitely be stable!'

Because of this matter, Luo Chenxin did not dare to continue messing around.

In fact, during dinner, she was very quiet throughout. Other than occasionally calling her "Hubby" and acting coquettishly, she did not say much else.

She also realized that she was a little too proactive that day, which would make it very easy for her to be exposed.

Ever since Luo Chenxi married Mu Yichen, that was the first time that the little dumpling didn't glue herself to her Big Sister. Instead, she pitifully hid in Tan Yueru's arms. As she ate, she bit the rabbit-eared spoon and looked at Luo Chenxin warily.

The little girl had already said “she’s not my Big Sister” several times. However, everyone assumed that she was angry with Luo Chenxi because the little girl was at odds with her, so they did not take it to heart.

Hence, only Luo Chenxin harbored a grudge against the little girl.

“D\*mn that stupid girl. She caused me to get chased out of the Mu family that time, and she’s doing it again this time!”

#### **Chapter 429: This Isn’t The Way To The Airport. Where Are You Taking Me?**

At that thought, Luo Chenxin gnashed her teeth in hatred. She really hated herself for not poking the little dumpling to death with the needle back then!

‘For a moment, I ended up being merciful and left this troublemaker behind. I’ve almost scr\*wed myself over because of this!’

She pondered in her heart. ‘After all, she’s not my biological daughter. I wasn’t even able to raise her properly for a few months in the past, so there’s no way I’ll be able to raise her properly now that she’s three years old and has met her biological mother. So, since it’s useless to keep this daughter around, why don’t I...’

Perhaps it was because Luo Chenxin’s gaze was too fierce, the little dumpling suddenly burst into tears halfway through her meal.

She even pointed at Luo Chenxin’s nose and cursed, “Bad Auntie, I hate you!! Uwuuu!!”

Tan Yueru frantically coaxed her for a long time but to no avail. Hence, she hurriedly carried the little dumpling upstairs and returned to the children’s room.

Seeing this, Mu Yichen also furrowed his brows.

‘Something’s really wrong.

‘Ever since the little woman married into the Mu Family, the family has been filled with a warm and harmonious atmosphere everyday.

‘But today, the atmosphere at home is making me very uncomfortable.

‘The kind where I’m feeling the discomfort throughout my entire being.

‘What’s wrong with me? Why am I having such thoughts?’

After eating, Mu Yichen stood up and coldly said, “I’m going to my study to deal with some business.”

After that, he turned around and left, with Luo Chenxin gritting her teeth as she watched him walk away.

Mu Yichen's coldness towards her was obvious. However, she did not know if it was because he was tired from work or if he had actually noticed that she was different from Luo Chenxi.

'However, it doesn't matter how capable that little b\*tch is at seducing men! After today, there will only be one Young Madam Mu in the world!'

...

At that moment, a black car of an unknown brand was speeding down the highway.

Luo Chenxi sat in the back seat of the car and watched the night slowly fall outside the window.

Then, her thoughts drifted away.

'By now, Luo Chenxin should've already arrived at the Mu Family's villa and replaced me.

'I wonder if Mu Yichen and the little dumpling would notice the difference between the two of us?'

Luo Chenxi's mood was extremely conflicted at that moment.

On one hand, she knew very well that if Luo Chenxin's disguise wasn't successful and she was found out as soon as she arrived at the Mu Family, then the first one to suffer would be Lu Wenjun!

If her plan failed, Luo Chenxin and her accomplices would definitely fight to the death and would never reveal Lu Wenjun's whereabouts.

However, if Luo Chenxin's disguise was successful...

Wouldn't that mean that Luo Chenxi's cutest little princess would call Luo Chenxin "Big Sister" and cling to her to ask for kisses and hugs...

Then, there was Mu Yichen as well...

The night before, she had just spent that night with him. On top of that, he was still hinting at her that he wanted to continue where he left off that night.

'If he doesn't see through her disguise, wouldn't he and Luo Chenxin...'

At that thought, the feeling of being hugged tightly by the tall and handsome Young Master Mu from last night was still lingering on her skin.

Thinking about how Luo Chenxin would take her place today and be kissed so intimately by Mu Yichen...

She suddenly felt a sharp pain in her heart!

At that moment, the car suddenly made a sharp turn, causing Luo Chenxi to lose her balance, and she almost hit her head on the car window.

When she regained her senses and looked out of the window, she realized that they were driving on a steep mountain road.

She was shocked!

T City was a city close to the sea, so there were no hills around it, let alone on the way to the airport.

Therefore, she knew that they had already left T City!

At that moment, Luo Chenxi's face darkened. "This isn't the way to the airport. Where are you taking me?"

### **Chapter 430: This Place Is Very Suitable To Murder Someone Without Leaving A Single Piece Of Evidence**

Reese didn't even turn his head when he heard her question.

Instead, he casually explained, "Oh, I just received a notice from Luo Chenxin that the flight you're taking has been suspended. I'm taking you to an airport in another location..."

Luo Chenxi frowned. "I'm not going to another airport. Drive back to T City right now, or stop the car!"

Seeing that he couldn't fool her, Reese simply sneered.

"Miss Luo, you're too naive. After getting into my car, I can drive wherever I want and stop whenever I want. It's not up to you anymore! So, I'd advise you to be obedient, and you might suffer less. Otherwise..."

He suddenly stopped mid-sentence and looked down at the bottom of his cheek in disbelief.

This was because a sharp military knife was flashed from the back seat and landed on his neck.

The edge of the knife reflected the moonlight and the light from the street lamps, making it look very cold.

"You...!"

Reese was shocked.

He didn't expect Luo Chenxi to carry such a lethal weapon with her. She even took it out and put it on his neck without saying anything.

'I assumed that Luo Chenxi was a delicate little white flower judging by how pure and beautiful she looks. Also, she seems like the kind that would only cry when something happens...'

"Stop the car and let me out."

Luo Chenxi's cold voice came from the back seat.

Hence, Reese quickly calmed down, stepped on the brakes, and parked the car on the side of the road.

Then, he said, "Miss Luo, what are you doing? I don't have any malicious intentions. I was just entrusted by Luo Chenxin to send you to a hidden place and ask you not to contact the outside world so as to not ruin her plan! You're a girl after all, so don't you think you're going too far by flashing a knife and threatening others with a knife all of a sudden?"

Luo Chenxi narrowed her eyes and said, "You call this not having any bad intentions? Do you really take me for a fool? If you wanted me to live in seclusion for a while, you could've just told me directly. Did

you think I wouldn't have agreed to it, especially when my Mommy's life is at stake? So, why did you have to lie to me that we're going to go to the airport and deliberately take a detour to drive to this wilderness? Don't you think that this place is very suitable for killing people without leaving a single piece of evidence? Plus, there's not even a surveillance camera to be seen."

"Miss Luo, you've really misunderstood..."

"Really?"

Reese's expression did not change as he calmly said, "I really mean no harm. If you don't believe me, I can..."

Halfway through his words, his body suddenly swayed and his right hand suddenly grabbed towards Luo Chenxi's wrist.

His action was very fast and sudden.

'Anyone who hasn't undergone special training would be frightened even if they're injured and holding the weapon. So, it would be very easy for me to take their weapon away.'

At that thought, Reese believed that Luo Chenxi was a weak girl, so he first used words to lower her vigilance, and then he reacted quickly, wanting to subdue her in one fell swoop.

However, he had just turned around when he felt a cold sensation on his neck.

Not only did Luo Chenxi not stop in fear, she also pushed the knife forward very decisively.

In this way, Reese directly sent his neck to the edge of the saber, and a red scar immediately appeared, and fresh blood flowed out!

Instantly, Reese's heart went cold.

'This seemingly weak girl is actually so ruthless!

'If I hadn't reacted fast enough, my carotid artery would've been cut on the spot.

'In such a wilderness, if an ambulance doesn't arrive, I am going to die soon!'

At that thought, Reese became so angry that he immediately turned around and punched Luo Chenxi.
