

Sweetheart 451

Chapter 451: If You Can't Do It, So Be It!

Furthermore, she had thrown away her cell phone when she was running for her life, plus Sheng Yu's mansion didn't have a phone.

Hence, she wanted to call Mu Yichen, but there was no chance for her to do so.

However, these were just the secondary reasons.

The most important thing was that both of her legs were seriously injured. Even after lying in bed for seven days, she still hadn't fully recovered.

At that moment, she could bear with the pain and get out of bed to walk a few rounds.

However, it was impossible for her to even run a little faster.

Thus, how could she sneak out under the watchful eyes of so many bodyguards in such a situation?

Just when she was feeling depressed, there was a knock on the door.

Sheng Yu pushed the door open and entered.

Seeing her leaning against the window, he couldn't help but frown.

"Hey... Little Cutie, are you planning to climb down from the window? I forgot to tell you that in order to prevent any theft, there is an electric fence under every window. So, if you casually climb through the window, you might just get stuck in mid-air break dancing..."

boxn ov el. c o m

"Who said I'm going to jump out of the window?" Luo Chenxi turned her head and glared at him.

After all, she was not stupid. She already knew that it was an impossible task, so why would she torture herself?

Plus, the room she was in was on the third floor.

So, even when she was not injured, it would have been impossible for her to climb down, let alone at that moment, when she was half-crippled...

She did not have the hobby of courting death.

"Sheng Yu, have you found out where my mommy is?"

Hearing this, Sheng Yu looked a little embarrassed.

"About that... Ahem, not yet..."

"Not yet? It's already been seven days. Can you do it or not? Didn't you swear that you would help me find out where my mommy is?" Luo Chenxi looked at Sheng Yu with contempt.

Sheng Yu's face turned even uglier. "Is... Isn't this a special situation? I didn't expect Luo Chenxin to be so capable of covering all of her tracks. She's done it so well that even I can't find Lu Wenjun's whereabouts."

Luo Chenxi snorted coldly. "What's this special situation you're talking about? If you can't do it, so be it! What kind of powerful force could Luo Chenxin control that you, the dignified Third Young Master Sheng, can't do anything about? Either you didn't look for her seriously, or you're just boasting."

"Who says I can't do it?! I told you, this is a special situation!"

Sheng Yu was about to vomit blood at that moment.

'Today's been a completely weird day because of this matter.

'Although the Sheng Family can't compare to the top aristocratic families like the Mu Family, because there are elders in our family who are involved in politics, we could use a lot of resources.

'So, I originally thought that it would be very easy for me to find someone.

'Yet, who would've thought that after Lu Wenjun was taken away from the hospital, she'd disappear as if she's vanished into thin air? No matter how hard I tried, I just couldn't find her.

'Everytime there's a little clue, I would hit a dead end the moment I try and pursue the lead.

'It's as if some force is secretly stopping me from looking into the matter.

'However, it's useless for me to explain all of this to her.

'After all, according to common sense, Luo Chenxin is only the daughter of the Luo Family, so she should not have such great power to be able to even affect my investigation.'

In fact, Luo Chenxi obviously did think so.

She glared at Sheng Yu. "Since you can't find her, why are you keeping me here? Hurry up and let me go. I want to see Mu Yichen! Do you know how bad my mommy's health is?"

'Theoretically speaking, Luo Chenxin wouldn't have done anything to her before she found me.

'However, there are exceptions to everything.

'Every single day that passes, the uneasiness in my heart grows.'

Hearing this, Sheng Yu pursed his lips and suddenly threw a newspaper in front of her.

"Do you think that Mu Yichen will believe you when you go back to him? Look at this article!"

Chapter 452: He Hasn't Even Noticed That You're Gone

Luo Chenxi was stunned for a moment before she lowered her head to take a look.

On that day, the headlines in the entertainment section of T City Daily were abnormally sensational.

'The national husband, Mu Yichen, is suspected to be in a secret marriage. His trip with his wife and daughter has been exposed!'

Luo Chenxi's pupils constricted as she looked down.

The Entertainment section had always been pedantic. With a blurry photo, 99% of the audience couldn't see who was who. Then, they would use a red circle to mark the characters.

However, Luo Chenxi could still recognize him.

The man in the photo standing next to the sports car was indeed Mu Yichen.

The little dumpling in his arms was their little dumpling.

Luo Chenxin stood not far behind the two of them and was walking towards them.

Hence, it undoubtedly looked like a family of three.

The following article was about how Young Master Mu's family of three went on a sweet trip. It was especially exaggerated, saying how Young Master Mu doted on his wife.

When she saw this article, Luo Chenxi's first reaction was, 'It's fortunate that readers aren't able to leave comments on newspapers.'

boxn ov el. c o m

'If this were to be on Weibo, the comments section would have exploded with such an article!

'A national husband with his secret marriage!

'Such a sensational headline would probably be filled with words of spite by Mu Yichen's female fans.'

Sheng Yu looked at her slightly stunned expression and a smile curled up on his lips.

"Little Cutie, do you see that? Mu Yichen is still very happy without you in the Mu Family."

Luo Chenxi had been reading the report with her head lowered and only raised her head when she heard his words.

However, she did not look as shocked as Sheng Yu had expected. Instead, she appeared rather calm.

"Chief Sheng, why are you showing me this? These entertainment sections are always writing nonsense every day and aren't responsible for anything in the slightest at all. So, do you think I will believe this kind of article?"

'These paparazzis would follow celebrities everyday and even make up some kind of story whenever they can't get their hands on some real gossip.'

'So, anyone with a little bit of common sense would know that whatever they write isn't believable.'

'For example, Mu Yichen's childhood friend, Young Master Bai, was reported to be the number one playboy in T City. According to the gossip, it would not be an exaggeration to call him a scumbag.'

'But in fact, based on the few times I interacted with Bai Shixun...

'He doesn't seem to be like how the rumors portray him to be...'

Seeing that she did not believe him, Sheng Yu was a little frustrated.

Then, Luo Chenxi pushed the newspaper to the side.

Sheng Yu frowned, "What's the matter? Can you not see the problem at all? That's right, this article is probably exaggerated. However, Mu Yichen and Luo Chenxin are getting along quite well. So, doesn't this mean that he hasn't noticed that you've left? He couldn't even recognize you and Luo Chenxin at all!"

Hearing this, Luo Chenxi's hands paused.

Seeing this, Sheng Yu was delighted, he then continued, "Besides, look at the following report. It's so detailed. It says that Young Master Mu took Luo Chenxin's daughter out to play and carried her in person. He didn't want her to suffer too much. "Tsk, tsk, how sweet! He and Luo Chenxin seem to be in a very good relationship!"

As Sheng Yu added fuel to the fire, he finally saw the change in Luo Chenxi's expression.

Hence, he quickly advised her, "That's why I said that this man... Most likely relies on his lower body to think! When Mu Yichen was with you, although he acted like he cared about you, he only took a liking to your beauty. If it was someone else who looks like you, he would love them as well. So, you shouldn't rely on him anymore."

"Enough!"

Luo Chenxi suddenly spoke up to interrupt him.

Chapter 453: Tang Tang, Do You Miss Big Sister? Also, You Annoying Tsundere...

When Sheng Yu saw her agitated expression, not only did he not stop, he even wanted to add more fuel to the fire.

"Chenxi, you have to accept reality..."

"Reality? The reality is... Not a single word of this article can be trusted!"

Luo Chenxi's face was full of anger and determination, she said unhappily, "Mu Yichen isn't that kind of person! This is just the paparazzi spouting groundless assumptions. With just this photo, how could you possibly tell that he's intimate with Luo Chenxin? Maybe it's Luo Chenxin who sent this photo to the news agency on her own to publicly announce her marriage with Mu Yichen!"

Sheng Yu frowned. "Chenxi, will you wake up? The facts are right in front of you, and you're still finding excuses for Mu Yichen?"

"I'm very awake! Chief Sheng, if you say something like that again, don't blame me for having a falling out with you!"

Luo Chenxi put on a straight face and rudely said that.

Sheng Yu had never expected that Luo Chenxi would trust Mu Yichen that much!

The "evidence" is right in front of her eyes, but there's not even a shred of a doubt in her eyes!

'She trusts him from the bottom of her heart.'

For a moment, Sheng Yu was shocked.

boxn ov el. c o m

'I've always thought that Luo Chenxi is just Mu Yichen's substitute wife and that they've only been together for a few months.

'So, even if they have feelings for each other, it shouldn't be too deep.

'Who would've thought that Luo Chenxi has fallen so deeply in love with him...

'Does she actually think that Mu Yichen, a Young Master from a wealthy family who has seen all kinds of beauties, would have genuine feelings for her?'

At that thought, Sheng Yu seemed to have suffered a blow and turned around to leave.

Then, Luo Chenxi picked up the newspaper again and finished reading the article that she had not finished reading.

However, this was not because she believed the content of the report.

What she said to Sheng Yu just now was not a lie. She really believed what she said from the bottom of her heart.

In fact, it could be seen from the picture that was attached to the report.

Mu Yichen was walking in front with the little dumpling in his arms, while Luo Chenxin tagged behind.

If it were her, Mu Yichen and the little dumpling going out to play together as a family of three, Mu Yichen would not leave her side for even a moment.

Even if he was holding the little dumpling, his other hand would be firmly interlocked with her fingers, as if he was afraid that she would run away halfway.

Not to mention Mu Yichen, the little dumpling would be the first to panic if she walked a little further away and would look for her Big Sister everywhere, so she would not just stay in her father's arms and not move.

Even though she believed in Mu Yichen's feelings for her, she still felt that it was impossible for him to not realize that she wasn't the woman next to him right now. The fact that she had swapped places with Luo Chenxin was just too bizarre after all. Hence, she did not think that Young Master Mu would be able to realize the truth.

'If Luo Chenxin were to do something malicious, Mu Yichen would be fine since he's an adult.

'I'm just afraid that the little dumpling would be hurt.'

Hence, now that she saw the cute little dumpling lying on her father's shoulder as if she was asleep in the photos, Luo Chenxi was finally relieved.

At the same time, an indescribable sour feeling gradually rose in her heart.

Guilt, reluctance, regret...

All sorts of complicated emotions surged into her heart.

“Tang Tang, do you miss Big Sister? Also, you annoying tsundere...”

‘If you even touch Luo Chenxin’s finger...

‘I’ll steal the little dumpling away!

‘I’ll let him cry alone under his quilt at home!’

Just as Luo Chenxi was daydreaming, a strange female voice suddenly came from the door.

“Is this the woman whom Third Brother Sheng is hiding so badly?”

“Um, Miss... Miss Tang, you can’t go in! Third Master said that no one is allowed to go in and disturb Miss Luo.”

“Well, well... So it really is a woman! Get out of my way!”

Chapter 454: He Insisted On Bringing Me Back, So What Can I Do About It?

Following that was a series of chaotic footsteps and screams.

With a “Bam”, the door was suddenly pushed open from the outside.

Then, a girl angrily walked in...

The moment she saw Luo Chenxi, her face was filled with anger. She angrily questioned her, “What’s your relationship with Third Brother Sheng?!”

Luo Chenxi was stunned when she saw who it was.

When she heard the commotion outside, she guessed that it was probably a girl who liked Sheng Yu. Hence, when she heard that Sheng Yu had brought Luo Chenxi home, she came looking for the latter.

Chenxi had the impression that the woman who was screaming behind the door was most likely an arrogant and despotic beauty. However, it was a girl who entered... ‘I don’t think she’s even an adult yet... She doesn’t look like one.

‘Her baby face is quite exquisite, even the baby fat on her face hasn’t faded.’

At that thought, Luo Chenxi looked further down...

‘Flat chest, short legs...’

Sensing her gaze, the girl was so angry that her face turned red. “What are you looking at? Who gave you the right to look around? Are you even listening to me?”

Luo Chenxi leaned on the pillow, glanced at her, and lazily said, “Who are you? Shouldn’t you be introducing yourself first before asking others who they are? That should be basic manners!”

boxn ov el. c o m

“You... Are you saying that I’m rude?!”

The girl was hopping around in a fit of rage.

“Fine, I’ll tell you! I’m Third Brother Sheng’s fiancée, Tang Yunfei!”

Luo Chenxi’s eyes flashed when she heard this.

‘Tang...

‘The Tang Family is also a well-known wealthy family in T City.

‘However, what really surprises me is that Sheng Yu has a fiancée?’

Before Luo Chenxi could figure it out, the maid who rushed over said, “Miss Tang, stop talking nonsense! Third Young Master will be very angry if he finds out that you’re claiming to be his fiancée again! You’d better leave quickly...”

“My parents are already discussing it with Uncle Sheng. So, how can I not be Third Brother Sheng’s fiancée? Get lost!”

Tang Yunfei shook off the maid and walked to the bedside, sizing up Luo Chenxi. “Who exactly are you to Third Brother Sheng?”

Luo Chenxi blinked.

At first, she wanted to say “no one at all.”.

But on second thought, she thought that that might be an opportunity...

Hence, she suddenly changed her mind and deliberately half-laid on the pillow and made a seductive pose, looking like a seductive slut.

Then, she looked askance at Tang Yunfei. “What do you think? Sigh, I don’t want to come back with Sheng Yu either, but he insisted on bringing me back. So, what can I do about it?”

In fact, Luo Chenxi wasn’t lying.

However, her answer seemed so ambiguous.

Thus, Tang Yunfei was so angry that she almost exploded!

“You, you, you... You shameless vixen! Are you trying to seduce Third Brother Sheng by posing like that? Let me tell you, I’ve seen many women like you, so don’t even dream of marrying into a rich family. Get out of the Sheng family residence right now!”

Luo Chenxi said, “What? You want to kick me out? Have you asked Sheng Yu for his permission? He will never let me go!”

“Don’t lie to me like that! You are obviously clinging to Third Brother Sheng for money!”

“Miss Tang, don’t be naive. You really don’t understand men. So what if I love money? Sheng Yu still insists on keeping me here, doesn’t he?”

“Hmph, do you think I will believe your nonsense? Leave the Sheng Family right now, or I will have someone throw you out!”

Luo Chenxi pretended to be in a difficult position and slowly got up from the bed.

“Alright, alright... I’ll go, I’ll go, alright?”

She glanced at Tang Feifei and sighed in her heart.

‘This little girl really doesn’t know the ways of the world... How is she not even throwing me a cheque to chase me away?’

Chapter 455: Is Young Madam Planning To Divorce The Chairman?

She desperately needed someone to humiliate her with money at that moment!

In fact, the more the better!

Otherwise, after leaving the Sheng family, she would be penniless and without a mobile phone. How would she find Mu Yichen?

For this reason, she did not hesitate to repeatedly say that she “loved money”!

Yet, in the end, Tang Yunfei actually didn’t take the bait...

Thus, Luo Chenxi did not hesitate anymore.

‘Fine, penniless it is then.

‘The most important thing right now is to take this opportunity to leave the Sheng Family.’

Then, she stood up from the bed. However, because the wound on her leg hadn’t fully healed, it was still a little difficult for her to walk.

Yet, she still endured the pain and was just about to leave.

Suddenly, Sheng Yu’s cold voice sounded, “Tang Yunfei! What are you doing this time?! Who allowed you to come in?”

Tang Yunfei and Luo Chenxi froze at the same time.

boxn ov el. c o m

Tang Yunfei seemed a little nervous, but she quickly straightened her back and said loudly, “Third Brother Sheng, You... How could you treat me like this? We’re about to get engaged, and you brought a woman back! What position have you put the Tang family in?!”

Sheng Yu took a deep breath and said coldly, “I never promised to get engaged with you! Tang Yunfei, you may leave now, and don’t come here again!”

“No... No! Third Brother Sheng, you can’t...”

Then, Sheng Yu personally dragged her out, and the room returned to silence.

Luo Chenxi looked at the closed door and almost swore!

'Damn, just one more step!

'Just one more step and I would have been able to leave the Sheng family's old mansion!

'Why did Sheng Yu appear so timely?

'Could it be possible that he installed a spycam in the room to spy on me?'

Not long after, Sheng Yu returned to the room.

"Are you okay? Tang Yunfei is a spoiled daughter from a rich family, so don't hold it against her," Sheng Yu said in a low voice.

Luo Chenxi held her chin. "Why would I? Actually, I think this Miss Tang is quite nice and is quite compatible with you."

'At least, Tang Yunfei isn't the kind of Young Miss who's extravagant and would hold onto her moneybag.

'She didn't even know how to spend money to chase away her love rival. Sigh...'

Sheng Yu glanced at her. "Stop talking nonsense and take care of your injuries."

...

On the other hand, at Mu Group's headquarters.

Mu Yiling carried the little dumpling and walked to the door of the Chairman's office.

In the corridor, he saw Zhuo Feng sneakily peeking at the door from afar.

"Assistant Zhuo, what are you doing?"

Zhuo Feng raised his head and saw Mu Yiling... With the little dumpling in his arms, and heaved a sigh of relief.

"Second Young Master, why are you here? You and Little Miss came just at the right time... Today, for some reason, the Chairman got angry again..."

As Zhuo Feng spoke, he wiped the cold sweat off his forehead.

For some reason, in the past few days, Young Master Mu's anger was extremely bad. In fact, everyone in the Mu Group felt a huge pressure.

As his personal assistant, he became Mu Yichen's number one punching bag. Hence, he was so scared that he didn't dare to make a sound.

He stole a glance at the little dumpling and whispered, "Second Young Master, what happened to the Chairman? Did he quarrel with Young Madam?"

'Everytime the Chairman got angry, it would basically be related to Young Madam.'

However, Zhuo Feng, a bachelor who was abused every day, was already very used to it.

However, this time, Mu Yichen's anger lasted for way too long.

'Aren't the two of them very close? What exactly happened that they would actually quarrel for seven days without making up.

'Plus, today, Second Young Master's actually the one who brought Little Miss to the company...'

"Could it be possible that the Young Madam is going to divorce the Chairman?"

Chapter 456: Why Did She Suddenly Turn Timid When It Came to Him?

'Moreover, they're even preparing to leave their daughter alone, they've cast her away to the Second Young Master...

'That man's bad temper really is an issue!

'No matter how rich and handsome he is, his wife would still dump him.'

Mu Yiling's face darkened. "Assistant Zhuo, if my brother hears what you said, you'll die, do you understand?"

'Divorce is completely off the table.

'There's no way they'd ever get divorced in this lifetime.

'What Brother is afraid of isn't divorce, but losing his wife...'

On the other hand, Zhuo Feng shivered and quickly made a gesture to seal his mouth.

"Second Young Master, are you going to go in and look for the Chairman now? Actually, now is not a good time, he just lost his temper..."

Mu Yiling hesitated for a moment.

However, the fragrant and soft little dumpling in his arms nudged him. "Uncle, Tang Tang wants Daddy! Does Daddy not want Tang Tang anymore?"

Mu Yiling quickly said, "Of course not! You're the cutest little princess! Your Daddy is just busy with work! He also misses you very much, I'll bring you to him now."

boxn ov el. c o m

'It was already the seventh day since he found out that Sister-In-Law had been swapped by Luo Chenxin.

'Yet, he still hasn't found her.

'So, Mu Yichen's anger is also growing day by day.

'If it weren't for the little dumpling's incessant crying and wanting to find her Daddy, there's no way I would've wanted to send myself to my death.

'But now, for the sake of the little princess, I suppose I can only bite the bullet.'

Mu Yiling hugged the little dumpling tightly. "Tang Tang, when your father goes crazy later, you have to protect Uncle well!"

He raised his hand and knocked on the door.

A man's cold and gloomy voice immediately came from the office. "Who's outside? I've already said that no one is allowed to bother me. Do you want to die?!"

Mu Yiling shivered.

He said in fear, "Brother, it's me..."

There was no response from inside.

Mu Yiling waited for a while before saying carefully, "Brother, if you don't say anything, I'm coming in!"

He pushed the door open and entered. Just as he took a step in, a folder was thrown at him!

It landed right beside his feet.

Mu Yichen's cold voice followed, "It seems that you really want to die!"

Mu Yiling shivered. Before he could say anything, the little dumpling in his arms quickly buried her head into his arms.

Her tiny body then curled up as she tried to reduce her presence.

At the same time, she mumbled, "Uwuuu, Daddy is so fierce! Tang Tang doesn't want to die. It's all because of Uncle. Uncle's the one who brought me here!"

Mu Yiling was dumbfounded.

In fact, he was so shocked that he forgot his fear.

'What's going on?'

'In the past, when Luo Chenxi brought the little dumpling, she would bravely stand up and fight against evil, a.k.a. her Daddy, to protect her Big Sister.'

'Yet, why has she suddenly become timid when it's now my turn?'

'Plus, she's even blaming me for it?!'

On the other hand, Mu Yichen was stunned when he heard the little dumpling's voice. He immediately stood up from his seat and walked over quickly.

"Tang Tang, Tang Tang, don't cry! Daddy wasn't scolding you, I was just scolding your Uncle!"

Mu Yichen took the little dumpling and hugged her to coax her.

Mu Yiling was left standing in a mess in the wind.

'So, there's no issue with scolding me then?'

The little dumpling hugged Mu Yichen's neck tightly and stared at him with a pair of round cat eyes. There were two tears in her eyes and she looked aggrieved.

"Daddy, why hasn't Big Sister come home yet? Tang Tang misses her so much!"

When Mu Yichen heard her mention the little woman, his heart ached.

He gritted his teeth and tried his best not to lose his composure in front of his daughter.

“Tang Tang, be good. Big Sister is only on a business trip. She will be back soon. She will definitely be back!”

Chapter 457: The First Time He Gets Exposed, It's With The Imposter, Luo Chenxin!

Mu Yichen emphasized his last sentence.

Rather than trying to convince the little dumpling, he was trying to convince himself.

During that period of time, he couldn't even sleep well at night. The moment he closed his eyes, he would have nightmares.

In that state, he couldn't take care of the little dumpling.

Hence, he could only let Mu Yiling bring the little dumpling to his house.

Thinking of this, he raised his eyes and glared at Mu Yiling.

Mu Yiling could tell from the look in his eyes that his brother was dissatisfied with him bringing the little dumpling to the company and almost scared the little princess.

But, in good conscience, he had no choice!

‘The little dumpling was having fun with my dog when she first came.

‘In fact, I even thought that I was a genius at taking care of children. I even patted my chest and promised Brother that I would be able to take care of the little dumpling well.

‘Yet, never would I have thought that the little dumpling would think of her missing Big Sister and burst into tears all of a sudden.

‘I haven't got any experience in raising children to begin with after all. Although I coaxed the little dumpling every day, nothing just seemed to work no matter what. My nerves have almost gone nuts.

boxn ov el. c o m

‘The two dark circles under my eyes have even become darker and darker, and I'm no different from a panda right now.’

On the other hand, Mu Yichen carried the little dumpling and the little one finally quieted down.

In fact, she had not slept well for several days, so the moment she was in her father's arms, she finally felt safe and fell asleep very quickly.

Mu Yichen carried the little dumpling into the lounge and carefully placed her on the bed. Only then did he turn around and return to the office.

Then, Mu Yiling asked, “Brother, do you have any leads... About Sister-In-Law's whereabouts?”

Mu Yichen leaned against the back of the chair and rubbed the space between his eyebrows. He looked exhausted.

"I have some leads. After Chenxi left the Mu Family, she got into a black car. The car then left T City and went onto a mountain road. Since there were no surveillance cameras there, we couldn't track it. But, we can be sure that the black car entered from one end of the road but didn't come out from the other end. It seemed to have disappeared into thin air."

Mu Yiling frowned. "Disappeared? How could it have disappeared? Did you check the license plate of the car?"

"I did. The license plate is a fake. There's no way they would use a real license plate to do such a thing."

"Then... What should we do now?"

"We can only confirm that Chenxi definitely had an accident on that part of the mountain road. However, this road is very long, and there are several small counties beside it. It's possible that many people have suddenly appeared on the road. We can't confirm what exactly happened in a short period of time, so we can only investigate it bit by bit."

After saying this, Mu Yichen punched the table hard.

'If we continue to investigate like this, who knows when the results will come out.'

When he thought of his little woman, where she was at the moment, and what kind of harm she might have suffered, his heart ached so much that he could not help it!

Mu Yiling could only advise him, "Big Brother, don't worry. Sister-In-Law will definitely be fine. Besides, it's useless for you to be anxious now. You have to take care of yourself and Tang Tang. Otherwise, when Sister-In-Law comes back, she will also feel sorry for you."

"I know, but I can't bear it anymore. Luo Chenxin actually took such a photo and leaked it to the media!"

Mu Yiling lowered his head, saw the entertainment section of T City Today and finally understood why his brother was angry again.

'When Brother was with Sister-In-Law, they were still only secretly married.

'Yet, the first time he gets exposed, it's with the imposter, Luo Chenxin!

'Luo Chenxin is trying to announce it to the world, now that she's taken over!'

Looking at her smug face in the photo, even Mu Yiling couldn't stand it.

"Brother..."

Suddenly, the phone on the desk rang.

Mu Yichen picked it up and said unhappily, "What's the matter?"

"Young Master, we have a lead on Young Madam!"

Chapter 458: Our Initial Speculation Was Incorrect

Three hours later.

A Cadillac sped along the mountain road and suddenly braked.

The wheels of the car scraped against the ground, making an ear-piercing sound.

Before the car could come to a complete halt, the door of the backseat opened.

Mu Yichen, dressed in a black suit, strode out. On his handsome and cold face, there was a rare expression of anxiety and panic.

“How is it? Did you find any clues?”

“Young Master, you’re here!”

Brother Liang quickly went over to greet him.

He even subconsciously glanced at the sports car behind Mu Yichen.

‘We’re very far away from T City’s city center.

‘I was already driving very fast when I brought the security department over, but it still took me nearly five hours.

boxn ov el. c o m

‘Yet, now, it has only been three hours since I called Young Master Mu.

‘Did... Did he fly here?!’

“What’s the situation? Hurry up and tell me!”

Mu Yichen frowned and urged impatiently.

Brother Liang came back to his senses and said hurriedly, “Young Master, we have already fished out a black car at the bottom of the freshwater lake. Compared to the surveillance footage we have, this should be the car the other party used to kidnap Young Madam!”

On both sides of the mountain road, one side was along the mountain wall, and on the other side was a freshwater lake. It was also a famous tourist spot in the area.

However, no one could hide in the lake water.

Therefore, from the beginning, the direction that Brother Liang and the others searched was mainly towards the people who had appeared on the mountain and in the nearby small towns.

On that day, the tourists who went fishing by the freshwater lake noticed a strange commotion.

They followed the sounds and became suspicious. They then sent people to the bottom of the lake to fish out the sunken car.

When Mu Yichen heard this, his expression suddenly changed and his voice trembled.

“The car sank to the bottom of the lake? Then, inside the car...”

Brother Liang could hear the fear in his words, he hurriedly explained, “Young Master, please don’t panic, there was no one in the car. Based on the traces around, it doesn’t seem to be caused by a murder or accident. Most likely, the kidnapers pushed the car into the lake to destroy the evidence.”

Mu Yichen said in a deep voice, “Bring me there to take a look.”

Brother Liang brought him to the wreckage of the car.

The car had been seriously eroded by the mud and water at the bottom of the lake. From the exterior of the car to the interior of the car, it was all in tatters.

However, it was indeed impossible to tell how much man-made damage there was in the car.

It seemed that when the car sank to the bottom of the lake, there was indeed no one in it.

Mu Yichen secretly heaved a long sigh as he could finally calm down and think, “It seems that this is why we only saw the car entering the highway from the surveillance cameras, but not out... This means that our initial speculation has been incorrect. The murderer didn’t kidnap Luo Chenxi to a nearby town. He must have done the deed halfway, or switched to another car...”

‘This makes it even more complicated.

‘At first, we thought that we would know Chenxi’s whereabouts once we found the black car, so they focused on searching the nearby towns.

‘But now, it seems that the murderer was just using it as a smokescreen.

‘There’s more than a 90% chance that he’s left with Chenxi through other means.’

“Continue to search. This time, the focus is on the other cars that entered and exited this section of the road that night!”

Brother Liang hurriedly responded.

“By the way, Young Master, there’s one more thing...”

Chapter 459: Does This Little Woman Only Take Photos Of Her Daughter Everyday?!

Mu Yichen turned around. “Is there something else?”

Brother Liang hurriedly said, “When we were looking for clues just now, we found this in the bushes near the freshwater lake...”

As he spoke, he took out a paper box. Inside was a cell phone with a broken screen. He then carefully presented it to Mu Yichen.

“Young Master, this should be Young Madam’s cell phone, right?”

Mu Yichen lowered his head to take a look. His pupils suddenly widened as he grabbed the cell phone.

His little woman liked to whip out her cell phone to browse Weibo whenever she had nothing to do. Hence, he knew very well who the cell phone belonged to!

'What kind of dangerous situation has my little woman encountered that she would actually drop her cell phone here?!'

He pressed the "On" button, but the screen didn't light up.

Mu Yichen turned around and looked at Mu Yiling who had rushed over behind him. "Fix it!"

Mu Yiling almost choked. "Cough, cough... Brother, I don't know how to..."

'Does Brother have some kind of misunderstanding about me?

'I'm a hacker, not a phone repairman...'

Sensing Mu Yichen's displeased gaze, he quivered and hurriedly said, "Brother, I think that Sister-In-Law's phone might not be broken, it might just be out of battery! Come on, who's Sister-In-Law? How could her phone be broken so easily? I have a charger, you can try charging it first!"

Mu Yichen ran back to the car and took the charger. He held it with both hands and offered it to his Brother.

He was just short of kneeling on the ground and shouting 'long live Brother, take your time'.

Then, Mu Yichen connected the phone to the charger.

After a while, the screen lit up as expected.

The picture of the phone being turned on appeared. On the screen was a lock screen background. It was a picture of the little dumpling wearing a rabbit-eared hoodie.

She was wearing a hood, and her two long rabbit ears were drooping down.

Plus, her big eyes were sparkling, and her small mouth was pouting. She looked like she was begging for a kiss and a hug.

Mu Yichen looked at the cute picture of his daughter, but his expression was rather ugly as he snorted lightly.

'That stupid woman...

'What's the meaning of this?

'Don't most people use their husband's picture as their lock screen background?'

He swiped the screen and saw the password input interface. He casually entered the little dumpling's birthday.

With a "Beep" sound, the lock screen was successfully unlocked.

Mu Yichen's face darkened a little.

'There's no need to consider any privacy issues at this time.'

In order to find clues, he quickly checked the contents of Luo Chenxi's phone. He looked through WeChat, Kou Kou, Weibo, and all sorts of social media.

These chat records proved that his little woman was indeed Luo Chenxi and not Luo Chenxin!

However, other than that, there were no new clues.

Mu Yichen was a little disappointed. Just as he was about to turn off the phone and put it away, his gaze suddenly swept over the photo album icon, and his heart moved.

His finger slid down and opened it.

In the photo album, as expected, it was filled with a large number of the little dumpling's cute photos.

Their family's little princess was extremely cute from every angle.

However, Mu Yichen's expression was getting darker and darker.

'Does this little woman only take photos of her daughter everyday?!

'No wonder she complained about the lack of storage memory on her phone everyday!'

"Wow, Tang Tang is really too cute! When she's not crying, she's really like a little angel!"

Mu Yiling appeared out of nowhere and stretched his neck to peek.

Mu Yichen narrowed his eyes and was about to kick this guy away.

Suddenly, Mu Yiling said, "Hmm? What's this? Brother, there seems to be a hidden photo album here. Hurry, change the settings and open it."

Chapter 460: Not Only Is She Stupid, She's Also Very Selfish!

Mu Yichen followed his brother's instructions and adjusted the settings. Then, he opened Luo Chenxi's hidden photo album.

The moment he opened it, he was stunned.

Because... They were all his pictures inside!

There were pictures of him eating, drinking, working, and cooking.

There were pictures of him building blocks, telling stories, and doing puzzles with the little dumpling.

There were also pictures of his family of three going to the amusement park.

Finally, there was...

His fingers slowly slid across the screen, and the color in his eyes gradually deepened.

At the end of the album, there were... Bed pictures of him!

When he was sleeping soundly on the bed, there were close-ups of his face from all angles.

There were even pictures of him with his upper body naked.

The corner of Mu Yichen's mouth twitched, and he quickly flipped through the pictures!

At the end of the photo, he realized that only his upper body was naked.

For a moment, he did not know whether he was relieved or a little disappointed.

"Wow... Sister-In-Law actually secretly took photos of you! Brother, you really have to admit that Sister-In-Law has pretty excellent photography skills. As expected of an art student. These photos can really be put on display! She actually took so many handsome photos of you! But why did she take your naked photo? Could it be..."

Mu Yiling's excited and gossipy voice sounded behind him.

Mu Yichen's expression instantly turned ugly as he slapped her away.

"Get lost! Is this something you're allowed to see? Hurry up and assist with Brother Liang and the others with their investigation! You can't take care of the little dumpling well, and you don't know how to do anything else. So, what's the point of keeping you here?"

Mu Yiling's body instantly stiffened.

'Is... Is he really my Brother?!

'If it wasn't for me just now, would he have discovered this hidden photo album?

'Now, he's actually chucking me away and he's not even going to let me see the photos of him?

'After all, those aren't pictures of Sister-In-Law, they're his own bed photos... Did he actually think that I want to see it?!

On the other hand, Mu Yichen chased his younger brother away and returned to the car. He took out his cell phone and flipped through the photo album again.

The little woman actually didn't have the habit of taking selfies. There were only a few photos of her in the album, and almost all of them were of the little dumpling and... Him!

Moreover, he also noticed that many of the photos in the album were taken on the last day before she left.

Mu Yichen looked at them, and his eyes gradually dimmed.

The hand holding the phone also gradually became powerless.

"You stupid woman..."

'Not only is she stupid, she's also very selfish!

'She secretly took so many photos of me, but she didn't even remind me to take any of her so that I could have a chance to keep her photos.'

During those days, when he missed her, he could only picture her sweet smile in his mind...

“Come back soon...”

...

At the Sheng family’s old mansion.

Another three days passed, and the injury on Luo Chenxi’s leg was almost healed.

Her right leg, which had been shot by the bullet, was scabbed, and her sprained ankle was also recovering well. When she walked, it basically did not hurt anymore.

After being able to move freely, she wanted to leave this place even more.

However, Sheng Yu rarely appeared in front of her those days. Without Third Young Master Sheng’s order, the servants of the Sheng family would not let her out at all.

Even her request to borrow a phone was rejected.

“Miss Luo, why do you always think about leaving? Third Young Master is deeply in love with you!” A middle-aged maid could not bear to watch and could not help but advise her.

The corner of Luo Chenxi’s mouth twitched. “Deeply... Deeply in love?”

“Isn’t that so? I’ve worked in the Sheng family for more than 10 years, but this is the first time I’ve seen Third Young Master treat a girl so well. It’s also the first time he’s brought a girl back to the old mansion!”

“But, I’m already married...”

Halfway through her words, the door was suddenly violently pushed open.
