

Sweetheart 531

Chapter 531: it's as if a piece of the starry sky has been cut

the moment she raised her head, her beautiful peach-shaped eyes narrowed slightly, and the corners of her mouth revealed a trace of an evil smile.

mu weiwei's eyes were dazed. she clutched her chest with her hand.

she didn't even know what to say.

luo chenxi opened the car door for her.

mu weiwei then took a few quick steps and went around to the other end of the sports car before she got in.

"brother hilow, where are we going now?"

"let's do the styling first."

luo chenxi stepped on the accelerator and the sports car sped away. they arrived at a styling studio in no time.

the women of the mu family naturally had their own stylists.

boxn ov el. c o m

however, this kind of stylist who specialized in the heiresses and madams of rich families might not be the best.

the studio that luo chenxi brought mu weiwei to was recommended by sheng yu.

sheng yu knew that she always had high standards, so he promised her that she was the best stylist in T city.

the staff moved luo chenxi's gown into the sports car from the back seat and removed the cover used to block the dust.

when the full appearance of the gown was presented to everyone, everyone was stunned.

it was a dark blue evening gown, the long hem dragging to the ground.

the cutting was very particular, perfectly outlining the woman's enchanting figure.

the entire dress was embedded with countless broken diamonds, and no matter from which angle, they refracted a bright light.

matched with the deep base color, it looked as if a starry sky had been cut out to make this dress.

the exclamations of admiration rose and fell.

"waa! this ... this is too beautiful!"

“so beautiful! the diamonds on the clothes were like stars in the night sky! it’s indeed a dress that only the mu family’s daughter can afford!”

“you’re an amateur when you say this. this dress can’t be made with just money. the way these diamonds were sewn on is very special. otherwise, it wouldn’t have such a dreamy effect ...”

mu weiwei covered her mouth. she could not believe her eyes!

a few days ago, when she heard luo chenxin reject her, she thought that she would only be able to wear an ordinary dress to the graduation ball.

even when chen xiluo consoled her and said that xingchen had made her a beautiful dress, she still did not believe it.

but now ... her sister-in-law had given her such a big surprise!

luo chenxi was very satisfied with the crowd’s reaction.

she slowly walked behind mu weiwei. “ how is it? do you like it?”

“i like it, i like it so much! brother hilow, you have to help me thank my sister-in-law properly! i really love her so much!”

the corners of luo chenxi’s lips curled up. “ alright, i think she’ll be very happy too. now, hurry up and change into that dress!”

mu weiwei could not wait any longer.

upon hearing this, he couldn’t wait to run to the locker room.

luo chenxi waited outside in silence for a while. she even took a look at the styling photos posted on the studio’s wall and chatted with the staff for a while.

most of the staff members were young girls.

originally, she was already very excited when she saw the extremely popular male model, chen xiluo.

she didn’t expect him to be so approachable. he didn’t look impatient at all when he accompanied his girlfriend to the shop for a makeover.

in an instant, these girls became his fans.

mu weiwei only came out of the changing room a few hours later.

luo chenxi turned around and her eyes lit up at once.

the stylist introduced by sheng yu was indeed worthy of his reputation. mu weiwei seemed to have changed into a different person after some cleaning.

Chapter 532: waiting to see a joke

of course, mu weiwei’s foundation was not bad.

after all, her parents' genes were there, and her two brothers were also top-grade handsome men. how could she be bad-looking?

however, she had just come of age and was usually dressed very casually. she looked like an ordinary female student and was very young.

now, with the starry sky dress as a foil and the appropriate makeup, mu weiwei was reborn in an instant.

her youthfulness faded, and her entire person presented a fusion of pure sexiness. coupled with her innate high and mighty temperament of a young lady, she was really dazzling.

even luo chenxi was stunned for two seconds.

she immediately came back to her senses and walked over. "weiwei, you're really beautiful today! you'll definitely be in the limelight at the graduation ball and let those people who laughed at you see!"

"really? brother hilow, i'm relieved to hear you say that."

mu weiwei's face was flushed.

boxn ov el. c o m

although she had looked in the mirror just now and felt that she was very beautiful today.

however, luo chenxi's words gave her more confidence.

the two of them packed up and prepared to leave.

the staff member brought the bill over for luo chenxi to look through.

"mr. chen, this is the fee for today's styling. it was a total of five million. it's mainly because the diamonds on miss mu's hair accessories are more expensive ..."

luo chenxi took a glance and took out a black card from her pocket.

upon seeing this, mu weiwei hurriedly stopped her. "brother xiluo, i'll pay for it myself. i'm already very grateful that you accompanied me to the ball today. how can i let you spend more money?"

luo chenxi shook her head. "it's alright. i'll do it." "you don't have much pocket money every month, do you?"

young master mu was very strict with his underaged sister.

"but ..."

mu weiwei still wanted to say something.

luo chenxi had already stuffed the black card into the staff's hands.

at the same time, she took out a jewelry box from her pocket and gently opened it. she took out the pink diamond necklace she had won at the charity banquet.

"this set of necklaces matches your gown perfectly. i'll put it on for you."

mu weiwei's mouth was agape. she was so touched that tears welled up in her eyes. " brother xiluo, you're the best. you're even nicer to me than my brother! "

upon hearing that, luo chenxi's hand trembled and she almost broke the necklace.

ahem ... why did he feel that there was something wrong with what he said?

besides, my sister, do you know that all this ... is actually your brother's money?

if he knew what you said, he'd probably die of anger ...

under the staff's envious gaze, luo chenxi brought mu weiwei back to the sports car and set off to attend the ball.

.....

at the graduation party.

mu weiwei was studying at silver dragon academy, which was the most famous school for the elite in hua country.

the students in school were either rich or noble.

therefore, the graduation party was arranged to be held in the most luxurious private clubhouse in T city.

at this moment, there were already many graduates who had arrived.

a few heiresses from wealthy families gathered in a corner and gossiped.

"hey, do you guys see that side? lu zheqing had actually come in with xu mengya's hand in his! when i saw it, i was shocked! doesn't he like mu weiwei?"

"why did you only find out now? i've heard from others that lu zheqing pursued mu weiwei because of the mu family's power. however, mu weiwei was still putting on airs. xu mengya took advantage of this and seduced lu zheqing!"

"haha, this is going to be fun! mu weiwei was so arrogant all day long. wasn't it all because she was the eldest young lady of the mu family? if it wasn't for that, with her average looks and lack of femininity, which man would like her?"

Chapter 533: she has the capital to be arrogant!

"that's right! if it wasn't for his family background, how could lu zheqing possibly pursue her? you even chased me for three years!"

as the eldest young lady of the mu family, mu weiwei's family background was one of the best in silver dragon academy.

in addition, the mu family also held shares in silver dragon academy. even the principal was very polite to mu weiwei.

she enjoyed many privileges in school and was sought after by many people.

as a result, the daughters of the rich and powerful families who came from rich and powerful families all felt psychologically unbalanced.

however, he could not do anything to mu weiwei.

he had the capital to be arrogant!

what was even more annoying was that lu zheqing, the silver-armored school hunk, had been following mu weiwei around like a loyal dog!

one should know that lu zheqing's family background, looks, and talents were nothing in mu weiwei's eyes. however, to other young ladies from rich families, he was already on the level of a male god!

boxn ov el. c o m

they could not even get what they wanted, yet mu weiwei actually looked down on him!

this time, it could be considered that he had offended the public.

therefore, mu weiwei was not very popular in school. she did not have any good friends other than xu mengya.

many people were waiting to see her make a fool of herself.

in the other corner of the banquet hall, xu mengya was holding onto lu zheqing's arm, looking like a little bird.

sensing the gazes of the students around her, she lowered her head shyly, but in fact, she was very proud of herself.

she had endured so many years of humiliation in this elite school, and today, she could finally hold her head high!

she had snatched the school prince charming from the eldest daughter of the richest family!

in the future, she would even marry into the lu family and become a true rich lady.

those classmates who had looked down on her in the past would have to address her as mrs. lu in the future.

xu mengya was so excited that her hands were trembling.

lu zheqing sensed it and thought she was afraid. he consoled her in a low voice, " "mengya, don't worry. mu weiwei wouldn't dare to do anything to you. she was obviously the one being pretentious in this matter. if she was even a fraction as gentle and considerate as you, i would have been with her long ago! she's definitely asking for it now that she has such an outcome!"

" but ... " xu mengya lowered her head and said deliberately, " " but, she's my best friend after all ... i still feel sorry for her ... "

“what do you have to do to let her down? i’m not even engaged to her, so we can’t even be considered as boyfriend and girlfriend. everyone has a chance to choose again! besides, she even bullied you and slapped you in star dream restaurant. it’s already a good thing that i didn’t go to her to settle the score!”

“zheqing, don’t say that. i think ... wei wei still has feelings for you.”

“so what if you have feelings? i’ve had enough of her missy temper!”

lu zheqing said in disdain.

although he said that, he was actually feeling a little guilty.

this was because he was the only one who knew that mu weiwei had never actually shown him any attitude. she had merely rejected him out of courtesy.

he was the one who couldn’t accept it.

after all, in the past 18 years of his life, he had been a proud son of heaven in the eyes of everyone else. he was someone who was looked up to and worshipped.

he was only an ordinary person when he was with mu weiwei.

moreover, mu weiwei had every reason to treat him as an ordinary person. after all, he was just a young boy compared to mu weiwei’s brother and her brother’s friend. his family background, his looks, and his talents were all not worth mentioning!

Chapter 534: today, she finally didn’t have to suffer this anger anymore!

xu mengya almost could not hide the smile on her face after hearing lu zheqing’s words.

even though mu weiwei treated her well, she had always been secretly jealous of her.

she thought that she was better than mu weiwei in every way. she had good grades and was pretty.

however, mu weiwei was able to suppress her with just her family background. everyone could only see the halo of the eldest young miss mu.

today, she finally didn’t have to suffer this anger anymore!

moreover, she could even see mu weiwei’s envious and jealous expression ...

it felt great just thinking about it!

at this moment, there was a sudden exclamation in the banquet hall.

“ah, quickly look! the limited edition rolls-royce at the entrance was worth more than 40 million yuan, right? who drove such a good car here?”

boxn ov el. c o m

“do you still need to say that? that’s definitely our big miss mu!”

” she’s finally here. i thought that she would be too embarrassed to show up today! ”

“do you guys think she came alone, or did she find another male companion?”

“he’s probably coming alone, right? lu zheqing had just stood her up. where was she going to find another man to come with her? even if someone came with her, it would definitely be young master mu’s friends, right? i only accompanied her here because i pitied her.”

everyone rushed to the door at once and stuck their heads out to look outside.

even though mu weiwei had yet to arrive, she was the center of everyone’s attention today.

from this point of view, miss mu was indeed an influential figure in the school.

under everyone’s gaze, the door of the sports car opened.

a pair of exquisitely handmade leather shoes stuck out from the crack of the door.

immediately after, a tall figure appeared in everyone’s line of sight.

everyone was stunned when they saw the man.

because he was not the second young master bai or third young master he that everyone thought he was. instead, he was a man that most people were unfamiliar with.

however, he was wearing a well-tailored, hand-made suit. his facial features were exquisite and handsome, and his every move was full of an elegant and noble temperament.

he didn’t look like an ordinary person.

the man went to the other side of the sports car, opened the door, and bowed very gentlemanly, making a gesture of invitation.

a pair of white hands landed on his arms.

the woman in the car supported him and slowly walked out.

the moment they saw her, the banquet hall fell silent.

that was because the girl who got off the car was simply too beautiful. the long dress that trailed the ground seemed to be made of starlight.

as she walked forward step by step, the diamonds inlaid in her dress reflected the light and gave off a dazzling light. coupled with the special material of the skirt, it looked like a dream.

the young girl wrapped in the starry sky dress had bright eyes, white teeth, white skin, and a long neck that revealed an elegant and noble temperament.

his entire body was filled with a powerful aura.

this kind of beauty had a little bit of pressure. students from slightly weaker family backgrounds didn’t even have the courage to look up at her.

even so, the man beside her was not suppressed by her aura at all.

there was a faint smile on his handsome face. although he was dressed exquisitely, there was nothing particularly eye-catching about him.

however, for some reason, everyone who saw him would be attracted to him.

especially those young girls, they couldn't even move their eyes away.

"i'll go! who were these two people? are you a student from our school? why do i feel like i've never seen it before?"

" at least one of them is from our school. otherwise, he wouldn't have been able to get in today! "

Chapter 535: the moment chen xiluo appeared, those adoring gazes instantly disappeared

at this moment, someone at the side gasped.

"i recognize it! that man ... wasn't he chen xiluo? oh my god, that's my prince charming! why is he here at our graduation ceremony? who invited him here? this ... this is such a pleasant surprise!"

"yes, it really is chen xiluo! oh my god, it really was him! i'm going to faint!"

"so handsome, so handsome, so handsome! as expected of my male god, he's simply too handsome! up close, it's still 360 degrees without any blind spots, even more handsome than on the t-stage!"

"it's the right decision to come today!"

hearing the girls 'excited discussion, lu zheqing, who had been standing to the side with his arms crossed, suddenly looked a little upset.

before chen xiluo appeared, he had always been the focus of all the young ladies present.

as the most handsome guy in the third year of silver dragon academy, his popularity among the girls had always been high.

otherwise, mu weiwei would not be the subject of so many people's jealousy.

boxn ov el. c o m

but today, as soon as chen xiluo appeared, all those adoring gazes immediately disappeared.

lu zheqing frowned. " mengya, do you know who this chen xiluo is? why are these girls so excited?"

he asked his girlfriend a question, but after waiting for a long time, he did not hear an answer.

lu zheqing turned around and saw that xu mengya was staring at chen xiluo with her bright eyes, just like the other girls.

she did not hear his question at all.

lu zheqing's face instantly darkened.

a breath of air was stuck in her chest, and she felt like it was stuck there.

he coughed heavily. " mengya?! "

only then did xu mengya snap out of her daze and realize that she had lost her composure. feeling a little embarrassed, she immediately lowered her head and coughed twice to cover up her embarrassment.

"hmm ... zheqing, you ... you called me?"

lu zheqing looked at her with dissatisfaction. " who exactly is this chen xiluo? " why are you also staring at him?"

xu mengya quickly shook her head. " no, i didn't! i just heard everyone calling his name, so i took a few more glances. this chen xiluo is the most popular male model now. he's handsome and mysterious, and many people are after him. many girls in our school are his fans."

lu zheqing felt even more uncomfortable when he heard this. " it's just a male model? he's not that good-looking, and he's even a smiling person, but so many people like him? are you girls all brainless?"

xu mengya felt a little uncomfortable after hearing that.

this was because she was actually one of the girls who had been conquered by chen xiluo's charm.

however, lu zheqing was her sugar daddy after all. he was someone she couldn't afford to offend. she could only go along with what he said.

" i think so too. people who chase after stars are too shallow ... "

however, lu zheqing was no longer listening to her.

after confirming that chen xiluo was just a male model without any background, lu zheqing's gaze turned to the young girl beside him.

a look of surprise flashed in his eyes!

this young lady was simply too beautiful, and her temperament was unique.

her pure, sexy, and cold temperament could easily attract the attention of all men.

"then, who is the girl beside chen xiluo?"

the more he looked at her, the more familiar she looked. he felt that she was someone he was very familiar with, but he just couldn't recognize her.

"ah? by his side?"

xu mengya was also one of the people who was suppressed by mu weiwei's glamor and did not dare to raise her head. she did not take a close look at her at all.

Chapter 536: don't lie to me, how could this be mu weiwei?

when she heard her boyfriend's question, she looked at it seriously.

with one look, her body instantly became stiff.

mu weiwei!

it was mu weiwei!

how is this possible? isn't mu weiwei an ordinary-looking and short-tempered girl? how could she suddenly become so beautiful?

"how is it? you don't know him either? she looks familiar. she should be a student from our school, right?"

lu zheqing was vexed.

there was actually such a beauty in the school, and he didn't even know about it!

not only did this beauty have an outstanding appearance, but she could also afford such an expensive dress. her family background was definitely not bad!

boxn ov el. c o m

if he had known earlier, he would have wooed her!

he was entranced, and his eyes revealed a drooling look.

he didn't even notice that xu mengya didn't answer him.

he even shook off xu mengya's hand and walked in the direction of the beauty.

however, someone had already recognized the great beauty's identity before he could even approach mu weiwei.

"mu weiwei! the beauty beside prince chen xiluo was actually mu weiwei! f * ck, i thought i was seeing things!"

"what did you just say? don't lie to me. how could this be mu weiwei? we've been classmates for three years, how could i not know her? i'm not blind!"

"i think you're blind! that's really mu weiwei! that face shape, that facial features, if one looked closely, they were exactly the same! what the hell, how could this be? i just changed into a dress and put on some makeup, how did i change so much?"

everyone present was incomparably shocked, and some people even dropped the wine glasses in their hands and smashed them to pieces.

this was truly too surprising.

it was even more shocking than seeing chen xiluo just now!

after all, mu weiwei was their classmate who had been with them for three years. everyone assumed that her looks were average and that she only had an outstanding family background. that was why she had so many suitors.

but now ...

when they saw mu weiwei dressed up to the nines, they finally understood what it meant to have an overbearing air of nobility, and what it meant to have her beauty outshine all the other beauties!

compared to her, the other so-called “daughters of rich and powerful families” were nothing more than village girls.

the heiresses who were mocking mu weiwei for “not being that good-looking” earlier were so angry that their noses were crooked.

lu zheqing’s face was filled with disbelief as his eyes widened.

“what? mu weiwei? ‘is ... is this mu weiwei? that’s impossible ... how is that possible?”

however, reality was reality.

while the crowd was still in a state of shock and loss, mu weiwei had already linked her arm with luo chenxi’s and walked into the banquet hall with her.

the hall fell silent again.

mu weiwei was indeed the eldest daughter of the richest family. she did not panic at all despite being stared at by so many pairs of eyes.

she nodded at the teacher who was in charge of organizing the dance. “teacher han, i’m here. i seem to be a little late. i hope i didn’t affect everyone’s mood.”

teacher han was also a little confused. “uh, mu ... mu weiwei?”

mu weiwei nodded. “that’s right. it’s me.”

“you ... you ... ahem, the person beside you doesn’t seem to be a student from our school, right?”

upon hearing his words, luo chenxi took a step forward and explained, “hello, teacher han. i’m mu weiwei’s boyfriend. my name is chen xiluo, and i’m here today to accompany weiwei to the ball. i heard that you can bring your family along to the graduation ball. i ... i don’t think i’m breaking the rules, right?”

teacher han didn’t say anything.

the girls who heard the conversation between the three of them exploded together.

Chapter 537: lu zheqing ... he’s just a pestering suitor

“what? did you guys hear what our idol said just now? he ... he actually admitted that he’s mu weiwei’s boyfriend?”

“impossible! how was this possible? mu weiwei must have paid him to come here. how could he really be her boyfriend?”

“yes, i don’t believe it, i definitely don’t believe it! the prince charming belongs to everyone!”

the girls simply couldn’t accept this fact.

when they saw chen xiluo come in earlier, they were as excited as they were now.

mu weiwei was indeed very beautiful today. she had completely subverted their usual impression of her.

however, this did not mean that she could conquer everyone's prince charming.

chen xiluo wasn't an ordinary school hunk like lu zheqing. he was a true prince charming who became popular all over the country overnight!

when luo chenxi heard these discussions, she stretched out her arm and placed it on mu weiwei's waist.

boxn ov el. c o m

he pulled her into his arms.

mu weiwei's face blushed instantly when she saw such intimate behavior.

there were also gasps of envy and jealousy coming from the surroundings.

the two of them greeted teacher han. luo chenxi wrapped her arm around mu weiwei and protected her considerately as they walked toward the center of the banquet hall.

as soon as the two of them stood still, a few girls walked over to them.

"mu weiwei! you're so late today, we thought you wouldn't come!"

"yes, yes, we've all missed you to death! i've been looking forward to your arrival."

mu weiwei glanced at them. the corners of her lips curled into a disdainful sneer.

these girls weren't her good friends at all, yet they said that they had been looking forward to her arrival. clearly, they had ulterior motives!

as expected, the girl greeted mu weiwei before she turned to luo chenxi eagerly.

"mr. chen, how are you? i'm mu weiwei's classmate, sun xuezhen."

"i'm mu weiwei's classmate too. i was her desk mate before. my name is ma jjajia."

"mr. chen, let's add each other on wechat. i'm your loyal fan!"

the crowd gathered in front of luo chenxi and extended their hands in an attempt to shake her hand.

even so, luo chenxi had no intention of extending her hand at all. she even took a step back without leaving a trace.

"it's a pleasure to meet you. thank you for taking care of my wei wei. but i'm sorry, wei wei and i are going to dance. let's talk again next time."

he nodded slightly, an elegant smile on his handsome face.

he spoke with a sense of propriety, but his attitude was extremely firm.

he had portrayed a model boyfriend to perfection.

the girls were all stunned.

seeing that he was about to leave with mu weiwei, someone could no longer hold it in and asked the question that had been in his heart, " m-my idol, are you ... are you really mu weiwei's boyfriend? "

luo chenxi stopped in her tracks. " of course it's true! how could this be fake? i've been dating weiwei for a year, and i've even met her big brother and her parents!"

"ah? but, isn't mu weiwei a couple with lu zheqing?"

a girl with bad intentions said this on purpose.

a wisp of coldness flashed past luo chenxi's eyes. she turned around and asked, " weiwei, who's lu zheqing?"

mu weiwei glanced at them from the corner of her eyes and saw lu zheqing and xu mengya walking over. her face turned cold instantly.

she snorted. " lu zheqing ... he's just a pestering suitor. no matter how i reject him, he just has to pester me. i'm so annoyed! "

"this annoying fly, why bother with him?" luo chenxi frowned.

lu zheqing happened to walk in and overheard their conversation. he almost fainted from anger.

Chapter 538: delusional disorder is also an illness, it needs to be treated!

mu weiwei had actually said that he was pestering her relentlessly and that he was determined to pester her!

even though this was the truth, lu zheqing had always thought of himself as a casanova.

even the girls in the school were touched by the affection he deliberately showed and pursued him even more.

however, mu weiwei had exposed his true nature with a single sentence.

and chen xiluo was even more excessive. he had actually called him an annoying fly!

lu zheqing's face was ghastly pale. he strode over and glared at luo chenxi.

"chen xiluo, what did you just say? who are you calling a fly?"

luo chenxi did not even spare him a glance. the corners of her lips were curled upward. speaking of flies, the flies really began to buzz! this fly is really too self-conscious!"

lu zheqing almost fell over in anger again.

boxn ov el. c o m

chen xiluo was pointing at his nose and scolding him as a fly!

moreover, he had taken the initiative to step forward and provoke them. it was as if he had taken the initiative to assume the role.

there weren't many people who had heard this earlier, but now, the surrounding students had all noticed the dispute between them.

upon hearing lu chenxi's words, someone could not help but burst out laughing on the spot.

lu zheqing was even more embarrassed.

he had never thought that chen xiluo, who was just a model, would be so arrogant!

facing a young master from a rich and powerful family like him, he was still so confident and had no fear. he even dared to mock him!

lu zheqing gritted his teeth and turned to mu weiwei.

"mu weiwei, what's the meaning of this? the mu family's young lady had actually found a model as her boyfriend. furthermore, it was a male model who had no manners at all. i know that i've hurt you this time, but you can't do this ..."

xu mengya also came over with a look of self-blame.

"that's right, wei wei. you can't give up on yourself just because zheqing chose me! there are so many good men in this world, you can't give up hope ..."

if one didn't understand the truth of the matter, just by listening to the two people's words, it didn't seem like lu zheqing was pestering mu weiwei at all. instead, it was mu weiwei who was chasing after him!

moreover, he was chasing after her with xu mengya.

in the end, lu zheqing chose the pretty girl from a humble family, xu mengya, and not mu weiwei, which made miss mu angry.

mu weiwei was so angry that she could not speak after hearing his words that turned black into white.

"you ... lu zheqing, you're too thick-skinned! how could you say such words! you ..."

"wei wei, listen to me, i didn't mean to hurt you ..." he said.

lu zheqing wanted to continue.

"young master lu, delusional disorder is also an illness, you have to treat it! how can you tell that my wei likes you? and injured? stop putting gold on your face! which part of you is worthy of my weiwei? you know very well what the lu family's situation is like. who gave you the right to think that you're good enough to be associated with miss mu?"

luo chenxi sneered. she exposed lu zheqing's secret without holding back at all.

"what ... what are you talking about? our lu family ... is doing very well! it's one of the old rich families in T city, what do you know as a model?"

when lu zheqing heard this, a hint of panic appeared on his face. he immediately retorted.

the lu family had been an empty shell for the past few years. otherwise, he would not have been forced by his family to pursue mu weiwei with all his might.

however, how would a male model know about this?

“whether or not you’re a rich or not isn’t something you can say with your mouth.”

luo chenxi glanced at him indifferently. “the suit you’re wearing is an old model from more than ten years ago, isn’t it? why? you can’t even afford a formal suit, so you’re going to borrow from your dad?”

Chapter 539: no wonder lu zheqing had to cling onto mu weiwei’s thigh

lu zheqing’s heart skipped a beat when he heard this.

he did not expect luo chenxi to be able to tell that his suit was an old model!

after all, usually only girls would pay attention to whether the clothes were new. most guys didn’t have this kind of nerve.

moreover, the style of men’s wear had not changed much, and the one he was wearing was well maintained.

how could one tell if it was new or old?

lu zheqing forced himself to calm down. “chen xiluo, stop talking nonsense! how could a low-class person understand the fashion of the upper-class society? this suit of mine is indeed a style from more than ten years ago, but it’s called retro! don’t you know about retro? only nouveau riche chase the new designs every day.”

luo chenxi smiled disapprovingly upon hearing that.

“retro? indeed, some people just liked classic designs and didn’t like trendy designs. the real rich and powerful are indeed low-key and reserved ...”

like her young master mu.

boxn ov el. c o m

before he met her, he had always worn the most classic three-piece handmade suit.

he did not look like a real brother to mu yiling, who liked to dress up in fancy clothes!

“at least you have some knowledge ...”

lu zheqing heaved a sigh of relief secretly. he thought that luo chenxi was frightened by his imposing manner.

however, he was only halfway through his sentence when luo chenxi suddenly changed the topic.

” however, just because the designs are classic and retro doesn’t mean that you have to wear uncomfortable fabrics to suffer! ”

“for example, the one you’re wearing is made of a fabric that was popular more than ten years ago. if you wear it in summer, you’ll die of heat. the new fabric is not only lighter, but it also looks more solid and classy ...”

“another example is the way to sew this pocket. the previous method was to sew two layers, but this affected the movement of the arm and was very uncomfortable. now that i’ve improved the sewing method, i only need to sew one layer ...”

these details were impossible for the customers themselves to notice.

that was because it was difficult to tell from the appearance.

the difference could only be felt when it was worn.

however, for designers and tailors, this was a very important change.

through these details, it was easy to distinguish the year of the clothes.

upon hearing lu chenxi’s words, the guests in the surroundings gathered around. they cast curious gazes at lu zheqing and looked left and right.

as he looked at it, he compared it with the clothes he was wearing.

“damn, it seems to be true! lu zheqing’s piece is completely different from mine!”

” that’s right. my suit is from the same brand as his, the same series, and also the retro style. but the stitches in my pocket are exactly the same as what chen xiluo said! ”

” oh my god! does this mean that lu zheqing is really wearing old clothes from more than ten years ago?
”

“how poor are you? you can’t even afford a suit that costs hundreds of thousands? just look at mu weiwei. the diamonds on her dress alone were worth millions! it’s no wonder that lu zheqing is clinging onto mu weiwei’s thigh.”

“but, why did he get together with xu mengya? it doesn’t make sense.”

“what’s there to be confused about? they must have rolled onto the bed. although xu mengya seemed very smug, it was impossible for her to marry into the lu family! it’s impossible for lu zheqing and miss mu to get together, but he’ll definitely have to find another rich girl to marry.”

hearing the discussions around him, lu zheqing’s face turned pale.

he was still in a daze, not understanding how things had turned out like this!

Chapter 540: a pheasant will always be a pheasant, and will never become a phoenix!

in silver dragon academy, he had pretended to be a young master from a wealthy family for three years, and there were no flaws.

not only did no one realize that the lu family was gradually declining, but he had also become the male god of the school hunk in the eyes of all the goddesses in the entire academy.

in the end, he was exposed because of a piece of clothing today?

lu zheqing's face turned red.

not only was it embarrassing, but it was also extremely depressing!

initially, even if he could not catch up to mu weiwei, it was still easy for him to find a young lady in the academy whose family background was slightly inferior to the mu family's.

there were too many girls in the academy who had a crush on him.

when he was tired of xu mengya, he would pursue another rich lady and get married. nothing would be delayed.

however, chen xiluo had exposed the lu family's situation in front of so many people ...

how was he going to survive in this industry in the future?

even if she was willing to marry the heiresses of the top rich families, their families would never agree.

xu mengya's eyes widened in disbelief.

"zheqing, you ... how could you ... no, this can't be true, right? the CHL dress i'm wearing was bought by zheqing! this dress is worth a million yuan! how could the lu family not have money? you ... you can stop talking nonsense and slandering others!"

luo chenxi squinted her eyes and stared at her for a while. she shook her head and could not help but sneer.

"miss xu, the dress you're wearing can't be any more fake. you still have the cheek to say it's worth a million? i think it's not even worth a thousand yuan! look at the pearls on the collar, they're definitely man-made. it's not only man-made, but it's also crooked. if you move too much, it'll probably fall off ..."

it was as if she was trying to verify her words.

as soon as luo chenxi finished speaking, the pearl on xu mengya's collar fell for real.

moreover, these pearls were all strung together, so when one fell, the others would fall as well.

for a time, the light crackling sounds continued.

when the surrounding students saw this scene, they couldn't help but laugh out loud.

"this ... this gown is really a fake? i thought it didn't look like it when i saw it just now, but xu mengya is lu zheqing's female companion. i thought young master lu wouldn't buy a fake for his female companion. i thought it was because i was ignorant ..."

“hahaha, this is going to be fun. xu mengya was just bragging to me that this is the latest design of the season in the chf, and it’s limited in quantity. as expected, you can’t buy it with money. if you have money, who would buy such a low-quality fake?”

“but, isn’t young master lu a little too much? no matter what, the lu family isn’t bankrupt yet. they can still afford a gown that costs 80 to 100 thousand yuan. why are you so stingy?”

silver dragon academy was an elite school.

however, not all the students were as rich as mu weiwei.

most of the ordinary students could only afford a dress that cost about 100000 yuan to attend the ball. although they couldn’t stand out in this dress, at least it wasn’t rude.

at least, it was much better than being exposed on the spot for wearing a fake.

the corners of luo chenxi’s lips curled up when she heard the discussion. she said with a faint smile, “one hundred thousand, eight hundred thousand ... the lu family does have that, but it depends on who they’re spending it on! who would spend money on such a woman who they just wanted to play with? spending 100,000 yuan was already too much, so wasn’t it just a fake? after all, a pheasant will always be a pheasant, and will never become a phoenix!”
