

## Sweetheart 691

Chapter 691: let big brother and the others see that she's no longer a child!

luo chenxin's voice was very similar to luo chenxi's, so it was difficult to distinguish them.

however, mu weiwei immediately recognized him when he mentioned the matter of borrowing money. her expression changed abruptly.

if it were not for the sake of borrowing money for luo chenxin, she would not have returned to the villa yesterday. she would not have found out about chen xiluo's true identity, and she would not have been so shocked that she went to the bar to get drunk!

if that was the case, she would not have mistaken him for chen xiluo and harassed him in public.

she definitely wouldn't have stayed in a hotel with a strange man for a night and even now, she wasn't even sure if she had lost her virginity.

she was in such a miserable state because of luo chenxin!

not to mention, luo chenxin had used such despicable means to almost kill her real sister-in-law!

mu weiwei was furious when she thought of this. she said coldly, "luo chenxin, don't call me anymore. i don't have money! even if i had money, i wouldn't give it to a woman like you!"

luo chenxin obviously did not expect that even mu weiwei would fall out with her.

boxn ov el. c o m

after a moment of silence, he carefully probed, "wei wei, what ... what's wrong with you? didn't you go to your brother to borrow money? did ... did he say something to you?"

mu weiwei suddenly came to her senses when she heard this.

she could not help but curse at luo chenxin just now.

fortunately, she remembered what mu yichen had said the day before. luo chenxin was still unaware that her sister-in-law had returned to the mu family. the reason why everyone in the family kept it from her was that they felt that she was unreliable and would definitely spill the beans!

so, this time, she must keep it a secret and let big brother and the others see! she was no longer a child!

mu weiwei scoffed coldly, "hmph, you still have the nerve to say that! i've already heard from big brother that the reason he wants to divorce you is because you pushed aunt chen down the stairs and broke her bone! how could you be so cruel? i was brought up by aunt chen! i won't acknowledge a vicious woman like you as my sister-in-law!"

luo chenxin choked. "i ... i was just careless. i didn't mean to ... "

"not on purpose? then why did my mommy fall sick because of you? big brother is determined to get a divorce for you and won't give me a single cent. i have no other choice, so you can find someone else!"

mu weiwei was afraid that the more she said, the more mistakes she would make. so, she finished her sentence in one breath and hung up the phone immediately.

.....

luo chenxin's face turned ferocious when she heard the toot sound from the phone.

"dammit! even the brainless mu weiwei refused to lend him money! what was wrong with this girl? why does the whole world want to go against me?"

just then, reise called.

" luo chenxin, tomorrow is the day we agreed to meet. have you prepared your three million dollars? "

luo chenxin looked nervous. " reese, can you ... ask for less? " i really don't have three million dollars. i've thought of many ways, but ..."

reese sneered. " are you joking? the young mistress of the mu family couldn't even take out three million us dollars? i can give you another seven days. after seven days, i want to see this money without a single cent missing. otherwise ... just wait for me to tell young master mu the truth!"

"you ...!"

luo chenxin wanted to say something else, but reese hung up the phone.

she was in complete despair.

"what do we do now? where should i get the money? that's 3 million us dollars!"

just as luo chenxin was at her wits 'end, her gaze swept across a row of wardrobes by the wall, and her eyes suddenly lit up.

the gowns hanging in the cabinet were from the mu family's villa. they were all designed by luo chenxi.

Chapter 692: xingchen is the first prize winner of the chinese style competition

at that time, luo chenxin only thought that these dresses were beautiful and wanted to keep them for herself.

so, she secretly moved the clothes back to her maiden home.

now that he thought about it, these clothes were of the highest quality, be it in design or hand-made. such a standard of formal wear could already be compared to high-end custom-made clothes. if they were placed in the exclusive stores of luxury brands, they would definitely sell for a lot of money.

moreover, she had done some research before.

luo chenxi had taken part in the chinese fashion competition under the alias xingchen. she had even won the first prize, so she had already gained a certain level of fame in the fashion circle.

it shouldn't be difficult to sell these clothes at a high price.

even if it couldn't be sold for three million dollars, it could at least subsidize a little.

under the pressure of reese's debt collection, luo chenxin did not hesitate. she immediately went to the closet and checked the clothes.

then, she took a single-lens reflex camera and took a photo of the clothes. she then used meitu to trim them a little.

boxn ov el. c o m

next, she registered a new weibo account and named it "stars."

the verification information of the account was filled in as "chinese style competition first prize winner, former senior designer of SL group".

luo chenxin was aware that luo chenxi already had a weibo account that was specially used to display her design. however, she could not get the password for that account, so she had to register a new one.

after the picture was uploaded, she was worried that no one would notice it, so she specially posted it on weibo.

"@ stars: due to the restriction on weibo, i've changed to a new account. in the future, i'll be posting my new designs on this account. i hope everyone will pay more attention to it."

there were also a lot of famous designers under the SL group who were tagged.

luo chenxin speculated that these people should be aware of xing chen's existence. even if they were not familiar with luo chenxi, they would certainly help to repost the post on the account that they were colleagues in the same company.

in order to make sure that more people saw it, she even took a few videos of her trying on these dresses and posted them on tiktok.

after everything was ready, luo chenxin began to wait.

" i heard that the little b \* tch, luo chenxi, has been very popular recently. her designs are highly sought after in the socialite circle. i hope it's true ... "

she had thought that it would take at least a few days for someone to come to her.

however, just as she put down her phone, she heard a series of message notifications.

luo chenxin was excited and picked up the phone.

in less than ten minutes, the short video she sent had been played more than ten thousand times. moreover, almost everyone who had seen it had given her a like.

the comments below kept popping up.

"this dress is really beautiful! what brand is this gown? why didn't i see any brand tags? i'm going to buy one too, post owner, tell me!"

“are you stupid to ask what brand it is? this was definitely a gown from a top luxury brand. such an exquisite design and the embroidery patterns on it were most likely handmade. you won’t be able to afford this piece of clothing even if you don’t eat or drink for ten years!”

“that’s impossible! in the video, the young lady had said that she had designed and made it herself! isn’t this too amazing? she must be a famous designer!”

“didn’t you see that little miss’s authentication information is stars? xingchen is the first prize winner of the chinese style competition. her designs are first class!”

the number of people who reposted these videos was like a rolling snowball, growing in number.

very quickly, it became a popular video.

not only that, there was also news on weibo.

Chapter 693: are the clothes designed by that little b \* tch so good?

luo chenxin was right. many designers of SL holdings had shared her weibo post.

soon, she received a private message on weibo.

” miss xingchen, that’s great. i’ve finally found you. i’ve left many messages on your previous weibo account, but you didn’t reply. i thought i couldn’t contact you. do you remember the last time i told you that i wanted to have a custom-made evening gown from you?”

luo chenxin glanced at the other party’s account subconsciously.

the name that was displayed was shen qi!

the shen family was a well-known wealthy family in T city, and the eldest young lady, shen qi, was also a socialite with a high status.

this was a big client!

luo chenxin was overjoyed and quickly replied, ” “i remember, of course i remember! which one do you like?”

“can’t you design it according to my requirements?” the other party seemed a little disappointed.

boxn ov el. c o m

luo chenxin brought out the reason she had thought of earlier. ” “ i’ve been very busy recently and don’t have the time to make new gowns. if you insist on a custom-made one, you’ll have to wait for at least three months. ”

“i see ... alright, i’ll choose the gold one then! how much is it?”

luo chenxin originally thought that if a gown could be sold for more than 100000 to 200000 yuan, the dozen clothes could be sold for a few million yuan in total.

but when she saw shen qi’s carefree look, her heart moved and she changed her mind.

“this gown ... i’ll charge you a million yuan!”

for a top international luxury brand like yl, most of the haute couture gowns only cost a few million yuan.

it was a sky-high price for a new designer’s work.

luo chenxin deliberately raised the price, waiting for the other party to bargain.

however, she did not expect that shen qi would immediately reply to her after seeing the price. ” “so cheap? it’s actually not as expensive as the yl! great, i want this one!”

shen qi’s happiness was definitely not faked.

he transferred the money to luo chenxin immediately after he settled the price with her.

“xingchen, i really like every one of your designs. you’re really the most capable designer i’ve ever seen! i’m so lucky to be able to buy your design at such a cheap price! i’m so happy today!”

luo chenxin should have been very happy that the first piece of clothing had been successfully sold.

however, her face was green and white, and there was an unspeakable displeasure.

“damn it, are the clothes designed by that little b \* tch so good? you’re selling it for one million and you’re saying it’s too cheap?”

she studied fashion design and had even won awards in country F. however, a dress that cost more than a million yuan ... the clothes she designed could not even sell for a fraction of a million!

“that shen qi must be blind! however, it was good that she was blind! with a spendthrift like her, i can quickly gather three million dollars!”

luo chenxin felt much better at the thought of this.

however, just as she sat down, her phone rang again, and it rang a few times.

“xingchen, do you sell all these gowns? i’d like to buy one for the banquet the day after tomorrow. hurry up and reply to me, i’m waiting online, urgent!”

” i want to buy that black gown, but i’m a little short. can i change it? ”

“stars, i want ...”

without exception, the messages were all from china’s first-class socialites and various internet celebrities.

these people had been following xing chen’s weibo for a long time. they had been waiting for luo chenxi to establish her own brand.

however, as he waited, the stars seemed to have evaporated from the world, and there was no more news.

it wasn’t easy to see her new weibo, and these people swarmed to her.

Chapter 694: it seems that the name of xingchen is more useful than i thought

in less than two hours, half of the gowns were sold.

moreover, none of them were worth less than one million.

luo chenxin had received more than ten million yuan in liquid capital during that time.

she had settled more than half of the three million dollars she owed reese.

luo chenxin was even more upset than she was happy.

“that little b \* tch is actually so famous! how did this happen? what was so good about her design? it was nothing more than bold colors and fine workmanship, but it could be sold for one or two million yuan so easily? are these people blind?”

“and the audience on tiktok, they’re all country bumpkins who haven’t seen the world, right? otherwise, why would he treat these few pieces of torn clothes as treasures, and even say that they could be compared to the high end designs of the chf? a bunch of country bumpkins. have you ever seen a real high-end customization? what do you know!”

the more luo chenxin looked at the gowns, the more she disliked them.

if she didn’t have to rely on these clothes to make money, she would have cut them into a pile of rags on the spot!

boxn ov el. c o m

at this moment, another private message popped up.”miss xingchen, are you willing to sell that dark red velvet evening dress? i really like it, and i want to wear it to an important award ceremony. i don’t care what the price is.”

an awards ceremony?

luo chenxin was stunned when she saw the word.

she took a closer look and realized that the person who had sent her the message this time was actually someone more famous than the socialite.

this year, the female star, deng zhihan, became famous overnight with the film “ life like summer flowers ” and even won the newcomer award at an overseas film festival.

at her level, there were already countless international stars competing to work with her. she didn’t lack any dresses at all, and she didn’t need to spend any money.

however, deng zhihan still used such a polite tone to ask “stars” to buy the dress she designed, and she was willing to pay a high price!

luo chenxin was so jealous that she almost smashed her phone.

however, thinking of the three million dollars, she calmed down.

“i didn’t expect that little b \* tch’s design to be so attractive. it seems that the name of constellation is more useful than i thought. since that’s the case ...”

luo chenxin’s eyes flickered. she moved her fingers and replied, “ ” miss deng, the award ceremony you’re talking about, don’t tell me it’s the angel film festival in three days? ”

“that’s right, it’s for the angel film festival. miss xingchen, are you willing to part with your treasure?”

“i can sell it to you, but i need to ask miss deng for a favor ...”

.....

three days later.

the angel film festival’s award ceremony officially began.

this was the most important film festival in the entire country. the angel award was the most authoritative film award in the country.

it was even very influential internationally.

the awards ceremony was full of champions.

not only were there famous directors and movie stars in the film industry, but there were also celebrities from all walks of life in china.

the reporters were already waiting at the entrance, holding cameras in their hands and desperately pressing the shutter button, not willing to miss any star walking on the red carpet.

” there are so many big-name movie stars at the venue today. i can’t even finish all the filming. ”

” wasn’t that director xu who just won the oscar for best director? ”

“don’t just look at director xu, look behind you, look at that car! the people in that car are the important people!”

a silver-white rolls-royce was approaching from not far away and stopped in front of the red carpet at the entrance.

Chapter 695: what’s going on? where is young master mu?

this limited edition luxury car was worth tens of millions, and there was only one in the whole of china.

the person who bought it was the president of the mu group, mu yichen, who was also known as the nation’s husband.

in the reporter’s line of work, they all had the ability to recognize people by their car.

therefore, everyone was excited when they saw the car.

“it’s young master mu! this is young master mu’s car. he’s here for the film festival today!”

“my god, we’re so lucky today. we actually managed to get a picture of young master mu himself! it’s been a long time since he’s appeared in public, right?”

“i heard that the angel film festival invites young master mu every year, but he has never been there. i wonder why he’s here this time?”

“who cares? hurry up and get ready to take photos!”

a few big-name celebrities had just walked down the red carpet, but they had all been completely forgotten by the reporters.

boxn ov el. c o m

everyone raised their cameras and aimed them at the rolls-royce, not even daring to blink.

he was afraid that he would miss the moment young master mu got out of the car.

however, everyone was on full alert. after waiting for a long time, even their arms were sore from raising, they still didn’t see anyone come out.

“what’s going on? where is young master mu?”

at this moment, in the car.

a tall man in a black suit was pressing a handsome and gentle man into the seat.

the two of them were very close to each other, and the car was filled with a hot and ambiguous atmosphere.

mu yichen lowered his head. his thin, sexy lips were curled up ever so slightly as he inched closer to the corner of luo chenxi’s lips.

luo chenxi pushed him away instinctively. “m-mu yichen, that’s enough! go away! we’ve already arrived at the venue, it’s ... it’s time to get off! there must be a lot of reporters outside. don’t ... don’t be like this!”

mu yichen was unconcerned. “the car window blocks out the light anyway. you can’t see in from the outside. what are you afraid of?”

luo chenxi was exasperated.

the people outside couldn’t see what was going on inside, but they could see what was going on outside!

with so many reporters pointing their cameras at them, even if they knew that they couldn’t take any pictures, it was still scary enough.

besides, if they didn’t get out of the car, others would definitely find it strange.

“besides, when we left, you promised me that you would listen to everything i say today.”

luo chenxi wanted to cry but had no tears when she heard mu yichen’s words.

she had actually been tricked by this man again!

although young master mu had received an invitation to the film festival, he had no intention of attending the award ceremony.

however, chen xiluo, who was a new popular model, had also received an invitation.

as luo chenxi was planning to launch her own brand soon, sheng yu suggested that she wear the men's clothing that she had designed to attend the event and advertise her own brand.

luo chenxi thought that it made sense, so she changed her clothes decisively. in the end, she bumped into young master mu who had gotten off work early just as she was about to leave the house.

in order to get mu yichen's approval for her to attend the event in a male outfit, luo chenxi agreed to a bunch of his conditions on a whim.

however, she regretted it the moment she got into the car.

this man had actually touched her the moment he got in the car. he was a beast!

"we really should get out of the car. when we get home, i'll listen to everything you say, okay? now, get out of the car ..."

luo chenxi blinked her large eyes and imitated the little dumpling by using her unique skill of acting coquettishly and cutely.

mu yichen furrowed his brows and looked at her for a while before he finally stood up.

"remember what you said. when we go back ..."

luo chenxi suddenly felt a little cold upon hearing his profound words.

did she agree to something she shouldn't have?

however, she didn't have time to think about it. she quickly pushed the car door open.

Chapter 696: young master mu doesn't get close to women, there have been rumors that he's gay

at the entrance of the venue, all the reporters were ready to go.

the moment luo chenxi alighted from the car, countless flashes lit up. she was almost blinded by the blinding lights.

the reporters' actions of taking photos were completely subconscious.

after taking a few photos in a row, someone felt that something was wrong.

"wait, what happened? this doesn't seem to be young master mu?"

"it doesn't seem like it! this ... this person looks a little familiar too. isn't he that popular young hunk, chen xiluo?"

"what fresh meat? she was a famous model who only walked the high-end shows! this year's new prince charming! oh, oh, oh, chen xiluo is so handsome!"

“don’t be so smitten, okay? the problem now is, did we get the wrong car?”

just as the crowd was dumbfounded, mu yichen followed suit and came out of lao sles.

boxn ov el. c o m

he was dressed in a dark black handmade suit with the most classic and traditional cutting. however, it had incorporated some new elements, and the neckline, cuffs, and tie had been changed.

this made him look less arrogant and cold than usual, and more approachable.

moreover, some sharp-eyed people quickly noticed that the suit on mu yichen was from the same series as chen xiluo’s.

however, chen xiluo’s suit was white, and there were more changes in the details.

realizing this, many people were stunned.

when he finally reacted, he immediately pressed the shutter even more frantically.

at this kind of occasion, other people would bring their wives to attend, but young master mu actually appeared with a man, and the two even wore the same series of suits.

in particular, young master mu didn’t get close to women, and there were always rumors that he was gay.

this made one’s imagination run wild.

luo chenxi’s face froze a little when she sensed the gazes from her surroundings.

she knew that she should not have agreed to appear with mu yichen!

it’s all young master mu’s beauty trap that’s too powerful, she couldn’t resist it ...

on the other hand, mu yichen’s expression did not change. he strode straight to the red carpet with his long legs.

it was not that he did not notice the reporters’ ambiguous gazes, but it was his intention of sticking to luo chenxi.

even if he couldn’t reveal his identity for the time being, he had to show his sovereignty over this little woman.

“why aren’t you leaving?”

mu yichen took a few steps forward before he turned around and looked at luo chenxi with a frown. “do you want me to drag you along?”

“no need!”

luo chenxi dodged to the side subconsciously.

two ‘men’ holding hands on the red carpet of the film festival ... they would really make the entertainment headlines tomorrow!

neither of them noticed that luochenxin was staring at the two people on the red carpet with a livid face in the corner.

"damn it, why did mu yichen come here with that chen xiluo? wasn't chen xiluo just a pretty boy who relied on women to get to his position? why is young master mu so close to him? they even attended the film festival together!"

at this time, deng zhihan came from behind her. "xingchen, have you seen young master mu? didn't you come here today for him?"

luochenxin quickly put away her ferocious expression. "zhihan, thank you for bringing me in!" however, mu yichen has so many people around him, so it seems like it's difficult to get close to him. do you have any way to do that?"

deng zhihan nodded. "there will be fewer people after the film festival ends. i'll take you there." i didn't expect you to be the young mistress of the mu family! don't worry, young master mu has never had any scandals outside. he must care a lot about you. as long as you meet, you'll definitely be able to make up."

Chapter 697: mu yichen is xingchen's husband!

although she said that, deng zhihan looked at luochenxin with amazement.

if luochenxin had not told her in person three days ago, she would never have thought that the mu family's eldest young master, mu yichen, was xingchen's husband!

who was mu yichen?

he was the heir to china's richest family, voted by all the women in the country to be the "most charming prince charming," and was known as the nation's husband.

how could such a man be married in his twenties?

moreover, the wife he married had a very different family background from his!

xingchen was indeed outstanding and had extraordinary talent in design. she would definitely become an internationally renowned master designer in the future.

however, under the halo of the no. 1 wealthy class, they seemed too unremarkable.

luochenxin noticed her probing gaze, but she did not feel guilty. instead, she looked proud and puffed out her chest.

boxn ov el. c o m

"zhihan, i really have to thank you this time. after i've reconciled with my husband, i'll definitely tell him that you've helped me a lot and ask him to take care of you."

as soon as she heard this, the slight doubt in deng zhihan's heart disappeared.

the mu family's wealth and power were astonishing, and it was easy to make anyone famous.

originally, she would not have been able to get such a backing even if she racked her brains.

now that the opportunity was presented to her, she would be a fool if she didn't grab it!

thinking of this, deng zhihan immediately patted her chest and promised, " don't worry, mrs. mu. leave this to me! "

"alright, i'll be counting on you then."

the corners of luo chenxin's mouth curled up, and she cursed in her heart, " idiot. "

while they were talking softly, luo chenxi and mu yichen had already walked down the red carpet and arrived in front of the autograph wall.

the two of them stopped in their tracks and signed their names, as usual.

at the same time, it also allowed the major media to find the right opportunity to take photos.

the two male gods appeared at the same time, and their clothes were so fascinating.

this was big news!

the entertainment reporters swarmed forward and started taking photos of the two of them.

in the beginning, luo chenxi had a gentle and refined smile on her face to maintain the perfect image of a newly-promoted prince charming.

however, the reporters kept taking photos from different angles for a long time, but they were still not done. her smile gradually stiffened.

on the other hand, mu yichen's face remained cold and expressionless.

just as the two of them were about to lose their patience, the host hurriedly walked up to them.

"young master mu, i didn't expect you to come to the award ceremony today. it's a great honor. also, chen xiluo is here too. today, our live audience and the female audience watching the live broadcast are all in luck!"

mu yichen's expression remained aloof.

on the other hand, luo chenxi felt a little awkward upon seeing the situation. she said, " " the angel film festival is a big event in the chinese entertainment industry. we're all honored to be invited. "

the emcee looked at her perfect facial features and elegant smile, and praised her in her heart.

chen xiluo was really good-looking. no wonder so many girls were attracted to him.

she was stunned for a few seconds before she remembered why she had come and asked the question that the audience was most concerned about.

"excuse me, but i've never heard of young master mu and hilo's friendship before, but the two of you are here together today, and you're wearing a suit. excuse me, did you guys dress like this on purpose?"

upon hearing this question, the originally noisy venue instantly quieted down.

countless pairs of eyes were staring at the two of them, waiting for their answer.

everyone had been curious for a long time!

Chapter 698: was he afraid that others wouldn't know about his sexual orientation?

ever since luo chenxi and mu yichen entered the venue, everyone's gossipy soul was burning with passion!

luo chenxi had anticipated that she would be asked this question. hence, she had already prepared the answer while she was in the car.

however, to her surprise, just as she was about to speak, young master mu spoke first.

"chen xiluo and i ... are good friends who have known each other for a long time. he has a very close relationship with the mu family. you can say that he's a member of our mu family!"

the corners of luo chenxi's lips twitched.

the smile on his face could no longer be maintained.

'what is mu yichen saying!'

so ambiguous!

it was simply making things worse!

boxn ov el. c o m

the emcee was stunned for a while. when she opened her mouth again, she couldn't even speak clearly.

"young ... young master mu, you ... you mean ... you and chen ... chen xiluo are ... are ..."

"we're future uncles!"

luo chenxi reacted to the situation in time. she immediately snatched the microphone and cut into the conversation as she spoke loudly.

the emcee was really dumbfounded. "uncle ... uncle?!"

luo chenxi suppressed the urge to kick young master mu off the stage with all her might. she tried her best to maintain the smile on her face.

"yes, that's right. i've been dating the young lady of the mu family for a while, so i got to know young master mu. i didn't expect us to get along so well. i originally planned to attend with miss mu today, but she wasn't feeling well, so she came with young master mu."

after luo chenxi finished speaking, she even secretly extended her hand behind mu yichen's back.

then, she pinched mu yichen hard under the cover of her suit where no one could see.

young master mu almost cried out in pain.

he frowned in dissatisfaction and turned around to see that his little woman's eyes were about to spew fire!

the corners of his mouth curled up imperceptibly, and he nodded slowly. " yes, that's it. "

this time, the audience and reporters present were a little disappointed.

although the news that the new prince charming was in a relationship with the mu family's young lady and had even been recognized by the mu family was shocking enough, it was more than enough to make the entertainment headlines.

however, what everyone was looking forward to was the even more explosive news of young master mu coming out of the closet!

in comparison, miss mu's love story was far from explosive ...

when luo chenxi saw that she had finally managed to muddle through the situation, she quickly signaled mu yichen with her eyes to get off the stage with her.

however, the emcee could tell that they wanted to leave, so he quickly called out to them, " please wait a moment. i have another question! "

luo chenxi pretended that she did not hear him and continued walking forward.

on the other hand, mu yichen was calm and composed. " do you have any other questions? i'll give you one last minute."

the host quickly said,"okay, okay, just one minute will do!" are the suits you're wearing today from the same series? did you guys dress like this on purpose?"

mu yichen paused for a moment. " well ... i'm indeed wearing this on purpose. "

luo chenxi almost exploded on the spot when she heard that!

this man ... was actually talking nonsense again!

she had used her wits to the extreme just now to come up with such a reason to cover up his nonsense.

what nonsense was mu yichen spouting now?

was he afraid that others wouldn't know that there was a problem with his sexual orientation?

the audience's enthusiasm for gossip was once again ignited.

"then ... what's the special meaning behind this?" the host asked hurriedly.

Chapter 699: a dazzling new star in the chinese fashion industry

mu yichen noticed that luo chenxi's face was filled with rage.

not only was he not in a hurry, a hint of a smile even flashed in his eyes.

he paused for a moment on purpose. he waited until luochenxi's petite face was tensed up in anger as if she was about to explode at any moment before he coughed softly.

"actually, the suits that hilo and i are wearing are all designed by the same independent designer. this designer's style is very unique. it's not just hilo and i, but my entire family likes her designs very much. even my mother only wears her designs to formal events."

"we're all wearing her work to attend the film festival today so that more people will pay attention to her work."

the audience did not expect such an answer.

however, many people noticed the suits mu yichen and chen xiluo were wearing when they entered the venue.

it had a unique design, elegant tailoring, and exquisite handiwork.

each of them reflected a noble temperament that did not fall into the conventional ways.

boxn ov el. c o m

such a suit, played out by two prince charming-level noble young masters, simply made people unable to look away.

if it wasn't for the strong sense of love between the two and the fact that they were stealing the show, people would probably notice the clothes they were wearing at first glance instead of the scandal of coming out of the closet!

the host's eyes lit up as he watched.

"the two of you are really eye-catching today. i wonder, who is this designer that everyone in the mu family loves?"

mu yichen had been waiting for this question.

"her name is xingchen, the first prize winner of this year's chinese style competition." she's about to establish her own brand, so please pay more attention to her."

the host had some understanding of the fashion industry and immediately revealed a look of realization.

"so it's a star! if i remember correctly, young master mu appeared in the final of the chinese style competition wearing the clothes she designed."

in fact, even if she did not introduce them, the reporters already had some understanding.

the moment mu yichen said the two words 'xingchen', everyone lowered their heads and searched for the name on baidu.

for a time, all sorts of envious discussions could be heard.

"stars! it really was her! last time, mrs. mu and miss mu also wore the clothes she designed!"

"she's so lucky to be recognized by the mu family. now ... it won't be long before she becomes a dazzling new star in the fashion circle of china!"

"what do you mean by not long? i'm already one, alright? even a fashion guru like ms. tan yueru likes her designs. she's going to be popular!"

mu yichen turned around and walked to luo chenxi's side.

when he saw her dazed expression, he lifted his lips. "what are you in a daze for? weren't you in a hurry to get off the stage just now?"

luo chenxi did not expect that young master mu's words earlier were to promote her personal brand.

he was so touched that he couldn't speak.

mu yichen had a smug expression on his face.

this stupid woman finally realized the importance of her husband.

he did not expect that his words would not only move luo chenxi.

at the back of the crowd, luo chenxin looked pleasantly surprised.

deng zhihan came over and said in an envious tone, "xingchen, young master mu is really good to you! didn't you guys have a fight? he actually remembered to promote your personal brand. this is true love, i'm so envious!"

luo chenxin could hardly suppress her excitement.

Chapter 700: how could there be overnight hatred between husband and wife?

that day, luo chenxin was ruthlessly driven out of the villa by young master mu.

along the way, she was surrounded by the daughters of the wealthy families in cloud lake pavilion.

he didn't know how embarrassing and embarrassing he was!

she thought that mu yichen was already extremely disgusted with her and had no intention of taking her home at all.

unexpectedly, after the two of them had been separated for a few days, young master mu actually took the initiative to wear a suit designed by stars to attend the film festival. he even promoted stars 'personal brand in front of so many audiences.

that little b \* tch luo chenxi has already died somewhere.'

therefore, the 'star' in young master mu's heart was naturally her, luo chenxin!

this showed that young master mu still cared about her. he might have regretted it after kicking her out.

however, he had long been used to being high and mighty. even if he regretted it, he couldn't bring himself to coax her to go back. he could only express it in such an obscure way.

boxnovel.com

luo chenxin was very surprised, but she had to pretend to be calm.

”hehe, my relationship with yichen has always been good. i was too impulsive when we fought the other day. i ran away from home because of a small matter. now that i think about it, i was really too insensible.”

“there’s no such thing as overnight hatred between husband and wife,” deng zhihan quickly said. when young master mu sees you take the initiative to look for him, his anger will definitely subside.”

luo chenxin thought so too.

she had a smile on her face all the way until the award ceremony started.

on the other side, the staff member had already led luo chenxi and mu yichen to the audience seats.

“mr. chen, your seat is here ...”

the seat arranged for chen xiluo was in the second last row of the inner field area. it was also a very close position.

however, luo chenxi was not dissatisfied with that.

she wasn’t a movie star to begin with. she was just someone from the fashion industry who came to freeload on popularity. moreover, she was a newcomer who had just made her debut. compared to the big-name movie stars before her, there was a big gap in qualifications.

it was only natural for him to be arranged to stay here.

in any case, her task would be completed once the red carpet was over. she was just sitting there and watching the show.

luo chenxi nodded at the staff and thanked her before she prepared to take a seat.

she did not expect mu yichen to sit down next to her.

the staff member was stunned. ” young ... young master mu, your seat is not here. it’s in the first row ... ”

the mu group was an important sponsor of the angel film festival, and young master mu was the nation’s male god that was a hot topic. everyone had to give way to him when he was there.

the preparation team had already adjusted the seating arrangement and arranged him to sit in the middle of the first row.

young master mu had a lazy look on his face as he leaned back in his chair. ” i’ll sit here. ”

“but ...”

the staff member still wanted to say something, but under his sharp gaze, he couldn’t even make a sound.

luo chenxi kicked him secretly. " mu yichen, that's enough! don't scare the little girl, okay? there were name tags behind every seat. if you took someone else's seat, where would they sit? quickly go to the first row and sit down!"

mu yichen sneered. " i'd like to see who dares to snatch my seat. "

he turned around to look at the name tag on the back of his chair.

at this moment, a familiar voice was heard.

"mu yichen! why are you sitting here? get up, our seats are in the first row."

mu yichen furrowed his brows when he saw the person who had come. " bai shixun, why are you here? "

"what's with that look?" bai shixun said with dissatisfaction. can't i come to the film festival?"
