

## Sweetheart 721

Chapter 721: you could have relied on your looks to make a living, but you had to rely on your strength!

luo chenxi was stunned for a moment, " what? what was going on? what news?"

"go on wechat, i'll send you the link. take a look first!"

two seconds after he hung up, fang ziqian sent him a video link.

luo chenxi could not help frowning when she read the title.

"a genius designer has appeared! from the young masters of the rich families to the popular female stars, they all loved to wear her designs, what kind of magic does she have? an exclusive interview with the new designer, stars."

"damn, what the hell is this? when did i ever accept an interview?"

she suddenly thought of something. " could it be ... no way? "

luo chenxi clicked on the link hastily.

it was an interview variety show with pretty good ratings.

boxn ov el. c o m

the beginning of the video was a scene from the angel film festival's awards ceremony.

the highlight was the red carpet walk between mu yichen and chen xiluo, as well as the clip of deng zhihan going on stage to receive her award.

the video zoomed in on the details of the three people's clothes and replayed mu yichen and deng zhihan's comments of admiration for xingchen.

at the same time, it was accompanied by a voiceover that expressed the admiration for the three dresses and the admiration for the designer behind them in unprofessional language.

..."there has never been a designer who has received the acknowledgment and love of everyone in the mu family. after the angel film festival, countless female stars were conquered by stars' designs. now, if you want to have a custom-made gown from stars, you'll have to order it at least a year in advance."

"what would such an outstanding designer look like? "i believe that everyone is very curious. today, we have the honor of inviting constellation to the scene ..."

with the audience's warm applause, a slender figure walked from the audience to the stage.

it was indeed luo chenxin!

luo chenxi widened her eyes in surprise.

he did not expect luo chenxin to be so thick-skinned.

she had already embarrassed herself so much on the day of the film festival, yet she had not learned her lesson. it had only been a few days, and she had reappeared.

furthermore, it was under the banner of constellation!

seeing luo chenxin's appearance, the number of bullet comments on the video increased rapidly, so dense that they almost covered the entire screen.

" my god, i never thought that the stars would be so beautiful. it's too beautiful!! "

"her face, her body, she's definitely a supermodel, right? why don't you want to be a model? why do you want to be a designer?"

" this is the legendary saying. you can rely on your looks to make a living, but you have to rely on your strength! "

"ah, ah, ah, i've decided. from today onwards, miss xingchen will be my new idol! he has talent, looks, and character. i'm gay, i'm really gay! it has already become a paper clip!"

luo chenxin had a confident smile on her face.

even though she couldn't see the comments, she clearly knew how the audience would react.

the emcee was full of praise as well, praising her from head to toe.

in the beginning, he asked her some questions about her past experiences and design ideas.

luo chenxin had no idea about luo chenxi's design idea, so she answered randomly.

fortunately, she also studied design. although she lacked real talent, it was more than enough to fool outsiders.

as the interview neared its end, the host asked, " " miss xingchen, now that you've become famous overnight, what plans do you have next? "

luo chenxin smiled and said, " i have good news to tell everyone. i've decided to create my own brand. " i'll be holding a new product launch in a week's time. at that time, i'd like to invite all my friends from the media and the audience who like my designs to come and support me. "

Chapter 722: using the name of xingchen to swindle others

the emcee's face was filled with surprise. " this is really good news! he believed that stars 'personal brand would definitely inject new vitality into the fashion circle in china. our audience must be looking forward to seeing more of your new works."

the host's words received a warm response.

countless bullet comments began to appear on the screen.

"that's great! support constellation!"

"although i can't afford it, i can admire it!"

“may i know when the new product launch is? i strongly request for the press conference to be broadcast live online! so that even ordinary people like us can see xingchen’s new work!”

“i’m so looking forward to it! this is the first time i’ve ever liked a designer so much!”

luo chenxin had a proper smile on her face all the time and accepted everyone’s praise and compliments.

luo chenxi was tongue-tied throughout the entire process.

boxn ov el. c o m

she was stunned by luo chenxin’s shamelessness.

not only did she impersonate xing chen and sell the gowns she designed, she even planned to open a personal brand store!

when she ran away from home, she had only left a few clothes in the mu family’s villa. if luo chenxin wanted to open a specialty store, she would definitely sell more than these clothes.

where would the rest of the designs come from?

wasn’t this clearly using the name of constellation to swindle people?

rage arose in luo chenxi’s heart at the thought of this.

“little wei xi, have you finished watching the video?” she received a call from fang ziqian.

luo chenxi replied, ‘i’m done. i’ve been so busy these past two days that i didn’t have time to go online, so i didn’t know about this. thank you for telling me. ’

“i was so mad when i saw the video!” fang ziqian said angrily. luo chenxin is the synonym of shamelessness. her skin is thicker than the city wall. how dare she impersonate you!”

“you don’t know, but she’s really popular now. that interview video is all over weibo! everyone said that she was beautiful and talented, and praised her to the heavens. is there a mistake? you’re the one who’s good. luo chenxin is a thief!”

“little qianqian, don’t be angry. it’s not worth it to damage your body because of this kind of person,” luo chenxi quickly said.

fang ziqian’s voice changed in anger.

“who am i angry for? you’re worried that i’ll harm my body with anger, aren’t you angry?”

“of course i’m angry. how can i not be angry?”

she almost wanted to smash her phone just now.

however, when she heard how fang ziqian was so anxious to fight for her, she calmed down.

“ a fake is a fake, i’ll expose her sooner or later! ” he consoled fang ziqian. besides, don’t you think it’s funny to see her jumping around like a clown?”

fang ziqian was still indignant. " i just can't stand it! "

she suddenly thought of something. " by the way, this interview video was released the day before yesterday. i think there's some new news this afternoon. the fashion channel of T city's tv station is going to broadcast luo chenxin's new product launch live. "

"a live broadcast on tv?"

"that's right! deng zhihan probably knew someone from the tv station. " in addition, luo chenxin is really popular now. the new weibo account she applied for has a million fans now. she's showing off her branded bag every day. it's so low. "

" she's clearly an imposter, but she's still being broadcasted live. are the people in the tv station blind? "

luo chenxi's expression turned gloomy upon hearing the news.

after a long while, he said,"little qianqian, i understand." don't worry, i won't let luo chenxin continue to be arrogant. just wait and see!"

Chapter 723: no wonder you wanted him to kneel on durians that day

luo chenxi scrolled through her weibo for a while after she hung up the phone.

just as fang ziqian had said, luo chenxin's weibo followers were growing rapidly.

however, luo chenxin's style was very different from her.

under her " starlight " account, she was showing off her design drawings and ready-made clothes. there were also some articles that analyzed fashion trends and taught her fans how to dress.

however, the content of luo chenxin's weibo was completely showing off her wealth, and there was no sign of any design at all.

however, the comments below were all praising her.

there were also many of mu yichen's 'wife fans' at the top of the post.

"the designer that my husband likes must be the best! i support you, sister xingchen!"

"a designer that young master mu likes must be of a high standard. i fully support him!"

boxn ov el. c o m

the corners of luo chenxi's lips twitched as she watched.

just as she was about to close her weibo, she saw luo chenxin's latest post.

[@ i'm stars: i'm very honored to receive an invitation from T city's tv station.] next week, my personal brand's first new product launch will be live broadcasted on the fashion channel. the specific time will be at 8 pm on wednesday. please watch on time.

" wednesday night, 8 p.m. ... there are only four days left ... "

luo chenxi furrowed her brows ever so slightly as if she was deep in thought.

at this moment, there was a knock on the door.

“young madam, madam would like to invite you downstairs for dinner.”

luo chenxi responded, got up, and went downstairs.

while she was eating, she was still thinking about the new product launch and was a little distracted.

“big sister!”

she snapped back to her senses when she heard the little dumpling’s cry.

it was only then that she saw the little dumpling pouting and looking at her with a wronged expression.

on the little ball’s toot face, there were two traces of red tomato sauce, like a cat that had just stolen a meal.

she was in a daze and actually fed the little dumpling’s face.

luo chenxi chuckled drily and retracted the spoon in her hand.

” cough, cough, tang tang, i’m sorry. big sister was distracted just now. let me help you wipe it clean. ”

she quickly took the towel handed by the maid and wiped the little dumpling’s cheeks. she even lowered her head to kiss him.

tan yueru frowned in confusion. ” what’s wrong with you, daughter-in-law? ” is work too stressful? i know you like being a designer, but you have to take care of yourself. if yichen comes back and sees that you’re tired, he’ll blame me for it. ”

” mom, that’s not true. i don’t have much work pressure. ” luo chenxi denied hastily.

“is that so?” tan yueru obviously didn’t believe him.

luo chenxi hesitated for a moment before she said, ” mother, i need your help with something. ” i just saw on the internet ...”

she told tan yueru about luo chenxi’s intention to establish her own brand.

he also briefly mentioned what happened at the film festival a few days ago.

tan yueru was so angry that she couldn’t even eat dinner and threw her chopsticks down.

“how could such a thing happen? how could this woman be so shameless? this son of mine is really useless. he actually got together with this kind of woman! even now, he was still entangled! no wonder you wanted him to kneel on durians that day.”

luo chenxi blushed upon hearing his words.

” cough, cough, cough. mom, how do you even know about this ... ”

tan yueru didn’t notice her embarrassment and continued, ” “why hasn’t that brat returned yet? how many days had he been abroad? call him and tell him to come back!”

Chapter 724: i just want her to be famous!

luo chenxi shook her head subconsciously upon hearing his words.

“ah? this ... there’s no need, right? mu yichen had gone overseas for work. how could she call him back for personal matters? if we delay the mu group’s big project, what should we do?”

tan yueru glared at her with an expression of disappointment.

“you’re still thinking about that little brat! his wife was being bullied, so why was he still talking about business outside? this was outrageous! which is more important, the mu group’s business or my daughter-in-law? call him back immediately!”

luo chenxi was stunned upon hearing that.

tan yueru actually meant that she was more important than the mu group’s business!

this didn’t sound like something a rich mother-in-law would say.

usually, after marrying into a rich family, wouldn’t the mother-in-law ask the daughter-in-law to be careful and not affect the husband’s work with her own small matters?

why was tan yueru doing the opposite?

boxn ov el. c o m

before luo chenxi could react, tan yueru had already stood up and was about to make a call.

mu yunfeng suddenly stood up and stopped her.

“wait, yueru, you can’t call her now. when yichen left, he told me that he had something important to deal with, and that he would call me when he was free.”

mu yichen and mu yiling were going to country D to visit the faires family.

he had discussed this with mu yunfeng beforehand.

therefore, he knew that it was not a good time to disturb them.

however, tan yueru was still angry. seeing that he dared to stop her, she immediately glared at him and said in a bad mood, “get out of my way! i knew it, you men all think that work is more important than your wife! as expected, no man is reliable!”

“i ...!”

mu yunfeng was also implicated.

what did he mean by not a single man was reliable?

what did this have to do with him? when did he ever say that his work was more important than his wife?

it’s all that brat mu yichen’s fault!

he couldn't protect his own wife, and he even made his wife angry.

truly trash!

mu yunfeng was afraid that tan yueru would be angrier, so he didn't dare to stop her.

however, luo chenxi reacted to the situation and walked over as well.

"mom, just listen to dad. since yichen was busy, she really didn't need to call him. i've thought of a solution to this matter."

tan yueru frowned and looked at her in disbelief. " what way? " don't tell me you want to just let it go like this? i'm telling you, even if you're willing to let it go, i can't! our mu family's daughter-in-law can not be bullied by others! embarrassing!"

luo chenxi quickly said,"of course, i won't just let it go." i've already thought of a good idea, but i need mom's help ..."

"what favor?" tan yueru was stunned for a moment, then she remembered something. " by the way, you just said that luo chenxin is going to broadcast it live on T city's tv station, right? " i'm also very close to the wife of the tv station's director. i'll call her now and ask them to cancel the live broadcast! i can't let luo chenxin continue to be famous!"

"ah? no, it can't be like this! please don't call this number!"

luo chenxi quickly stopped her.

tan yueru felt strange. " why is that? "

luo chenxi curled her lips ever so slightly. " because ... i want her to be famous! " not only did he want her to broadcast it live, but the more people who watched, the better! this way, when i slap her in the face, she will be even more embarrassed ..."

tan yueru suddenly understood. " you mean ... you're the best, daughter-in-law! "

Chapter 725: i don't want to get married or fall in love in this life!

in country D.

an ancient castle was hidden in the quiet forest.

in the living room, mu yiling could not sit still. he kept pacing back and forth.

"brother, the faires family is really too much! we've already made an appointment to meet their family head, but we've been here for more than half an hour and we haven't even seen his shadow! are you standing us up on purpose?"

"what is the meaning of this? although the faires family is a local tyrant in europe, and our mu family's influence is mainly in asia, the faires family has been out of fashion for a long time. they might not even be comparable to the mu family now, and yet they still dare to be so arrogant!"

on the other hand, mu yichen was extremely calm. he sat calmly by the table and sipped his tea. there was not much expression on his face.

mu yiling was so angry that he was stomping his feet. only then did he open his eyes and speak unhurriedly.

“enough, let’s just wait. come and sit down. you’re already so anxious over such a small matter, how can you handle a big matter?”

“i ...”

boxn ov el. c o m

mu yiling choked.

soon after, he dashed toward mu yichen in one big stride. “ brother, aren’t you angry? the faires family has gone too far!”

mu yichen swept a glance at him. “ so what if i’m angry? are we just going to leave? don’t forget, my mother-in-law is very likely in their hands. if she just leaves like this, how am i going to explain it to chenxi when i go back?”

for the sake of the little woman at home, it was not a bad thing to lower his head a little.

mu yiling was stunned when he heard that.

his big brother had always been proud and arrogant, and he had never been willing to suffer any losses.

but now, for his sister-in-law’s sake, he was actually able to endure this anger ...

oh my god, a man in love is too scary!

getting married and having children was too scary!

in order to avoid becoming like his big brother, he had decided not to get married or fall in love for the rest of his life!

just as he was feeling conflicted, he heard footsteps coming from the corridor.

then, the door was pushed open from the outside.

the housekeeper of the faires castle bowed carefully and led a tall and handsome young man in.

the man looked to be in his late twenties, about the same age as mu yichen.

he wasn’t wearing a modern suit, but rather a rather retro-style palace dress.

his black hair and blue eyes made him look like a prince from the middle ages.

mu yiling stared at the person for a while. he could not help but frown and said, “what’s going on? don’t tell me that this is the patriarch of the fields family? from what i know, the patriarch of the fields family is already over forty years old. how can he be so young?”

the butler immediately said, "second young master mu, please be more polite!" this is our patriarch's eldest son, young master cyril. the eldest young master is temporarily acting as the patriarch, so seeing him is the same as seeing the patriarch!"

cyril waved his hand, signaling for the butler to leave.

then, he walked to the two of them.

mu yiling took a step back subconsciously. his intuition told him that this man was very dangerous! he wasn't someone to be trifled with.

cyril took a few steps closer to mu yichen. he did not speak but watched him quietly.

he treated mu yiling like air.

mu yichen did not even raise his head. he did not utter a word.

the atmosphere in the quiet room suddenly became oppressive. an invisible pressure made mu yiling break out in a cold sweat.

he knew that this was a silent confrontation.

the two heirs of the world's top forces observed each other in silence, testing each other's strength.

Chapter 726: what is he hesitating about?

after an unknown amount of time.

just as mu yiling was about to sit down under the pressure ...

cyril couldn't keep his cool any longer, and he spoke first, " young master mu, you've come to our faires family as a guest, yet you don't even have the slightest bit of etiquette. it's a little inappropriate for you to still be sitting there even when the host is here, right? "

cyril stood in the middle of the room while mu yichen sat on the same spot and sipped his tea calmly.

this reduced cyril's imposing manner by a notch.

mu yichen only raised his head at this moment. a cold sneer appeared at the corners of his lips. he pouted. " although i'm a guest, one's status is more important in a big family like ours. "

"what do you mean by that?" cyril's expression changed slightly. " are you telling me that you have a higher status than me? hmph, you chinese have become so arrogant?"

"i'm telling the truth," mu yichen said indifferently. i don't mean to look down on the faires family. however, i'm already the young master of the mu family, and you ... you're only the heir of the faires family. of course, i don't have to get up to see you. if the patriarch of the fields family was here, i would naturally give him the respect he deserves."

cyril's expression became even more unsightly.

boxn ov el. c o m

however, mu yichen was speaking the truth.

he was only the heir to the faires family, and he was not the only heir!

although he was the eldest son of the family head, the faires family only looked at strength. it did not mean that he would be able to rise to the top just because he had a noble bloodline.

judging from this point, mu yichen, who was already firmly seated in the position of the mu family's young master, naturally had a higher status than him.

he had suffered a loss and didn't dare to underestimate young master mu anymore.

he put away his slightly frivolous expression and became serious.

" i know you want to see my father, but he really has something urgent to attend to. i haven't seen him in two months, let alone you. "

two months?

a dark glint flashed past mu yichen's eyes.

lu wenjun had been missing for exactly two months ...

he thought for a moment and asked, "if i may ask, what's the urgent matter that the patriarch of the fields has? why can't we meet?" i've already contacted him three days ago, and he agreed to this meeting. isn't it a little rude to change his mind now?"

cyril shook his head. " this is related to our family's secret. if i were to reveal it, i'd definitely be blamed by father. however, if you have anything, you can tell me directly. even if i can't make the decision, i can tell my father."

mu yichen squinted his eyes when he heard this. he tapped his fingers on the coffee table gently.

"this ..." he muttered.

he did not speak immediately.

on the other hand, mu yiling became anxious. he could not help but turn his head to look at his elder brother.

it wasn't easy for them to get to the faires family and meet their young master. it was such a good opportunity, why didn't his big brother quickly tell him what he wanted?

what was he hesitating about?

mu yichen muttered to himself for a long time.

cyril had been waiting quietly. mu yiling, on the other hand, almost blurted it out on behalf of his brother.

"young master cyril ..."

mu yichen suddenly spoke.

“what can i do for you, young master mu?”

“my visit to your family this time is mainly to represent the mu family to discuss the matter of cooperation with the faires family,” mu yichen said. the mu family wants to enter the european market, and i’ve also heard that the faires family is interested in the asian market. it just so happens that we can form a strong alliance ...”

Chapter 727: it doesn’t stop me from educating my son in the middle of the night!

two hours later.

cyril personally saw mu yichen and mu yiling off.

“young master mu, i’ll pass on your message to my father. i’m honored to meet you today. the legendary number one business genius in asia is indeed worthy of his name.”

“the faires family is also full of talents. i look forward to working with you.”

after a long conversation, although the two of them were not familiar with each other, they had already understood each other’s capabilities and had a sense of appreciation for each other.

however, the smile on mu yichen’s face vanished the moment he got into the car.

“start the car!” he ordered in a deep voice.

the car drove away from fiers castle and passed through the dense forest along the road.

mu yiling looked left and right. he could not suppress the doubts in his heart no matter how hard he tried. he moved closer to mu yichen.

boxn ov el. c o m

“b-big brother! what happened just now? why didn’t you mention anything about ms. lu? you’re here for sister-in-law, but you didn’t ask anything? what are we going to tell sister-in-law when we get back?”

mu yichen furrowed his brows and glared at him.

“why do i have such a stupid brother? the one who came today was not the patriarch of the fields family, but his son. judging from his expression, this young master cyril might not know about my mother-in-law. at the very least, he wouldn’t know so much about her. there’s no point in asking him.”

mu yiling was still puzzled. “ but, even if he doesn’t know, we can ask him to ask the master of the fields family. ” right, brother, don’t you still have a pinky ring on your finger? if it’s as you’ve guessed, and this belongs to the patriarch of the fields family, then as long as he sees your ring, he’ll know why you’re here, and he’ll definitely take time to see you.”

“you’re right ...”

mu yichen curled his lips coldly and changed the topic. “ but how did you know that the ring would be sent to the master? ”

" isn't it because cyril is the spokesperson of the master? " mu yiling did not expect him to ask that. he was stunned for a moment before he replied.

mu yichen sneered. " do you think that every great family is like our mu family? why did cyril give the ring to the patriarch?"

" because ... then why is he unwilling? "

mu yichen was exasperated. he wished he could throw his idiotic younger brother out.

"cyril's mother was the daughter of another european family. she's been dead for more than 20 years. in any case, he's definitely not my mother-in-law's child. if my mother-in-law is really in an ambiguous relationship with the patriarch of the fields family, do you think ... cyril will get along with her?"

" this ... " mu yiling was stunned.

" of course, we can't rule out the possibility that cyril can help us, but our understanding of the internal relationships of the big european families is limited, so we can't take the risk. "

it was only then that mu yiling understood. he had a look of sudden realization on his face.

"brother, you're amazing. you've thought of so many things in such a short time ..."

mu yichen chuckled. " what else do you know apart from programming and keeping dogs? i'll investigate cyril's position in the faires family when i get back ..."

he was halfway through his sentence when his phone suddenly rang.

mu yichen turned his head to take a look. he was slightly surprised as he reached out to pick up the call.

"mom, why did you call? it's midnight in china, right?"

"so what if it's midnight? it won't stop me from educating my son in the middle of the night! let me ask you, your wife is being bullied and you still don't know how to come back?"

Chapter 728: kicked out of the car by his own brother

mu yichen was slightly stunned. soon after, his expression darkened.

"mom, what did you just say? chenxi was bullied? who bullied her?"

"who else could it be?" tan yueru said unhappily. wasn't it luo chenxin? come back quickly or your wife will be angered. if you kneel on a durian again, i won't help you!"

"what's going on?"

five minutes later, mu yichen hung up the phone in silence. there was a cold glint in his eyes.

mu yiling could tell that something was wrong with his expression. he leaned over and asked carefully, "brother, why would mom call at this time? what's the matter?"

mu yichen's jaw clenched. he suddenly said, " zhuofeng, get the plane ready. we're going back immediately. "

"... yes, president!"

zhuo feng was stunned for a second.

boxn ov el. c o m

although he didn't understand why the young master suddenly changed his mind, he didn't dare to ask.

mu yiling could not hold it in anymore. he asked, "big brother, what happened? did something happen at home? if we go back now, what will the faires family do?"

mu yichen turned toward him. he squinted his eyes and pursed his thin lips. " who told you that 'we' are the ones going back? "

"ah?" mu yiling's face was blank.

"your sister-in-law was bullied. i'll fly back immediately to stand up for her. as for the matters in D nation, i'll leave them to you to handle," mu yichen said.

"w-what? leave it to me?"

mu yiling looked as if the sky was about to fall down. he was terrified.

"brother ... my dear brother! you can't do this to me! the faires family is so hard to deal with, i ... i don't know how to deal with them ..."

mu yichen swept a cold glance at him. " there's no good-for-nothing in the mu family! if you're my brother, you'll naturally be able to handle the matters here. if you can't ..."

he stopped.

the dragged out last syllable was meaningful.

mu yiling shivered.

she really wanted to ask, what would happen if she didn't handle it well?

however, before he could ask, the car suddenly stopped by the side of the road.

as soon as the car door opened, the mu family's second young master, who was still in a daze, was kicked out of the car by his brother.

mu yiling was stunned for a while before he reacted. he shouted, "brother, brother! what are you doing? why did you kick me?"

mu yichen's cold voice was heard.

" i'm rushing to the airport. it's not on the way. you can go back to the hotel by yourself. "

"but ... but, this place is neither a village nor a shop. where can i find a car?"

however, the car had already sped away.

only second young master mu was left in the wind.

.....

after luo chenxin's new product launch was posted on weibo, it received a warm response.

deng zhihan, who had already known her identity as the young mistress of the mu family, was the first to repost her weibo post.

"congratulations to stars for your personal brand launch! this is great news! i don't have to worry about not being able to buy suitable clothes anymore!"

after deng zhihan, many celebrities followed up and reposted luo chenxin's weibo post to support her.

these people had seen deng zhihan's outstanding performance at the angel film festival and wanted to build a good relationship with xing chen so that they could hire xing chen to design gowns for them in the future.

of course, there were also many people who saw that xingchen had a good relationship with the mu family and wanted to curry favor with xingchen to express their goodwill to the mu family.

because of these people's participation, not only did stars' popularity not decrease, but it also increased.

in just a few days, xing chen had become the most popular young designer in china.

Chapter 729: big sister, what bitch?

luo chenxi was stunned by the scene.

if she had known that there would be so many people supporting her when she created her own brand, she would not have hesitated until today.

could it be that she had underestimated her potential?

it wasn't just the celebrities and socialites who were hyping up stars. even in the fashion industry, there were many people who stood up to promote stars.

luo chenxi was extremely popular in SL holdings. many of the company's famous designers had turned around to cheer for her.

in addition, she had also made some friends in the circle when she participated in activities such as the chinese style competition. they were also fighting to repost luo chenxin's weibo post.

the purpose of these people was not so pure.

in addition to a small part of them admiring stars' talent, most of them wanted to ride on stars' popularity and increase their popularity.

but no matter what, xing chen was now popular and had a good reputation.

boxn ov el. c o m

even their professionalism had been acknowledged by many people in the industry.

for a moment, everyone was looking forward to stars' personal brand. even if it was an ordinary college girl or white-collar female, who obviously could not afford stars' designs, they could still accurately tell the time of the new product launch.

luo chenxi had stopped watching the news after she told herself that she wanted to be a buddhist.

however, tan yueru still scrolled through weibo every day, and the more she read, the angrier she got.

“this is really outrageous! i've never seen such a shameless person! luo chenxin had actually participated in a variety show again, and she was still talking about her experience and experience in artistic creation! what did she know about artistic creation? had she ever composed a song? what else could he do other than stealing? she's simply a slut!”

as tan yueru spoke, she actually cursed.

the little ball beside her, who was looking at the picture book, widened its eyes and tilted its head, looking at her curiously.

“grandma, what bitch?”

tan yueru's body stiffened. realizing that she had said something wrong, she quickly lowered her head and covered the little dumpling's ears.

“grandma didn't say ... who's that person? you heard wrong.”

“but grandma su clearly said it!”

the little furball pouted its little mouth in dissatisfaction and shook its little head, trying to shake off tan yueru's hand.

meanwhile, luo chenxi came down from upstairs.

when she saw this, she raised her eyebrows in surprise. “mom, tang tang, what are you doing?”

the little dumpling immediately forgot about her grandmother when she saw luo chenxi. she jumped down from the sofa at once and pounced into luo chenxi's arms on her short legs.

“big sister!”

luo chenxi picked her up and kissed her. “tang tang, did you listen to grandmother?”

“tang tang is super obedient!” the little furball raised its toot little face, looking like a little kitten.

luo chenxi could not refrain herself from giving her another kiss.

oh ... her little dumpling was really too, too, too, too cute!

her heart was about to melt.

just as she was feeling extremely touched, the little dumpling suddenly grabbed her collar and asked, “big sister, what's with the bitch?”

luo chenxi was stunned for a moment. " what did you say? "

" cough cough cough cough!! "

tan yueru coughed a few times behind them, not letting the little dumpling continue.

" tangtang, grandma said it just now. you heard it wrong! "

"tang tang didn't hear wrong!" the little dumpling was unhappy.

luo chenxi understood what was going on after listening to their conversation. she could not help shaking her head in amusement.

"alright, tang tang, let big sister tell you. that person is the bad auntie. but our tang tang is a polite little princess, she can't just scold people."

Chapter 730: your personal matters have nothing to do with the company, but they have to do with me!

the little ball tilted its head and thought for a while before asking, " then ... the bad auntie who looked like big sister last time, is she a bitch?"

a bad auntie who looked like big sister ...

isn't that luo chenxin?

tan yueru couldn't help but say, " tang tang is so smart! " she's the slut grandma was talking about!"

the little ball nodded its little head, looking as if it understood.

luo chenxi was at a loss whether to laugh or cry. you're still talking!"

tan yueru felt indignant. " i'm angry for you! " but you're not angry at all. why are you so strong-willed?"

luo chenxi said smilingly, "i'm angry!" i was very angry at first, but now that mom is angry for me, i'm not angry anymore. with mom so concerned about me and likes me, i don't have to be angry with that kind of person, don't you think so?"

tan yueru glared at her. " you're the only one with a sweet mouth! "

she calmed down a little and sat back on the sofa. " i don't want to criticize you, but luo chenxin is really famous now! " you really don't need mom to suppress her for you? as long as mom says a word, no media will report anything related to her!"

"no, there's really no need!"

luo chenxi emphasized once again.

tan yueru was about to say something when luo chenxi's cell phone rang all of a sudden.

she placed the little dumpling on the sofa and turned around to answer the phone.

“luo chenxi ...”

it was a deep and magnetic male voice.

luo chenxi was astonished. “ chief sheng? ”

sheng yu was a little angry. “ i was on a business trip a few days ago. i just came back today and saw the rumors flying all over the internet! why didn’t you tell me that such a big thing happened?”

“uh ... this ... because it’s my personal matter and has nothing to do with the company, i ...”

“ your personal matters have nothing to do with the company, but they have to do with me! ”

the words that came out of sheng yu’s mouth stunned luo chenxi. she did not know how to answer him for a moment.

fortunately, sheng yu quickly coughed twice. “ i mean ... we’re still friends, right? it’s not just a superior-subordinate relationship in the company? besides, i’m the first person to appreciate xingchen. i can’t stand to see xingchen’s reputation being tarnished like this!”

luo chenxi heaved a sigh of relief.

it seemed that she had been overthinking it ...

“ chief sheng, how do you know that i’m not the star on the internet? ”

sheng xiao pursed his lips unhappily. “ what kind of question is that? i saw the video of that variety show! luo chenxin’s answers to those professional questions were full of loopholes, and it was obvious that she did not understand anything. if you can act like this, i’ll really regret recruiting you into the SL group.”

“ chief sheng, you’re wise and brilliant as expected. you’ve got a sharp eye ... ” luo chenxi quickly flattered him.

“ alright, ” sheng xiao said. “ cut the crap. i’ll post a weibo post later and expose this woman’s true colors! ” don’t worry, i’m still very influential in the chinese fashion industry. i’ll definitely make this imposter reveal her true colors.”

“ah? wait, chief sheng! you can’t do this!” luo chenxi quickly stopped him.

“what?” sheng yu said angrily. do you still want to swallow your anger? why? did mu yichen ask you to do this? i’m telling you, he doesn’t have any good intentions! you’ve returned to his side for so long, but he still hasn’t gotten rid of luo chenxin. this time, you’ve caused such a big trouble, but he hasn’t spoken up for you. this kind of man can be dumped long ago!”
