

# Sweetheart 821

Chapter 821: you're ... thinking of moving out?

not only was he extremely handsome, but he was also unparalleled in both ability and bearing.

especially that near-perfect face, up close, it was even more attractive than what she saw in the magazine.

to girls, it was a fatal temptation.

fu jiatong recalled the moment when mu yichen had supported her. the feeling of his strong palm on her waist seemed to have not disappeared yet.

her face gradually turned red.

fu linchen saw this and understood what was going on. he couldn't help but smile with satisfaction.

fu jinze had specially asked him to bring fu jiatong along to meet mu yichen. naturally, it was not as simple as letting his niece enter T city's social circle.

if it was only for this purpose, her identity as the president's niece was enough. she didn't need tan yueru's introduction at all.

he only wanted mu yichen to have more contact with fu jiatong. it would be best if they could form a marriage alliance and further strengthen the bond between the fu and mu families.

boxn ov el. c o m

after all, the presidential election that was held once every four years was approaching.

if fu jinze wanted to be re-elected, he couldn't do without the strong support of his ally, the mu family.

" it seems that young master mu's charm is indeed amazing. even our miss fu can't resist it. " fu linchen's lips curled up.

fu jiatong felt embarrassed, but she didn't deny it.

.....

on the other side.

after luo chenxi left the mu group, she took a car back to cloud lake elegance court.

along the way, the image of mu yichen and fu jiatong standing together kept appearing in her mind.

if she was in good health, she would have rushed over and pulled the two of them apart by force. she would then hug mu yichen's arm and declare her ownership of fu jiatong.

however, now ... she knew that she did not have the right.

if she did not want to marry mu yichen, she should not affect him when he was with someone else. she should not have occupied the position of mrs. mu.

in all fairness, fu jiatong and mu yichen ... were indeed a good match.

luo chenxi's heart sank gradually.

in the beginning, she would still feel pain, but in the end, she would gradually feel numb ...

when the car returned to the mu family villa, she finally made up her mind.

when she returned to her room, she began to pack her things.

half an hour later, she arrived downstairs with the largest suitcase.

the mu family was the least in the afternoon. even the maids had gone to take a nap.

luo chenxi went to the door without making a sound. she opened the door and was about to leave secretly.

however, when she opened the door, she was stunned.

tan yueru was standing at the door. seeing her posture, she was about to ring the doorbell. beside her stood a little dumpling in a princess dress.

luo chenxi did not expect to bump into the person she wanted to avoid the most. she could not help but be stunned.

tan yueru and xiao tuanzi were also confused.

after a while, tan yueru came back to her senses and asked with a smile, "daughter-in-law, you're going out?"

"uh ... yes ..." luo chenxi's brain was about to short-circuit. she did not know what to say.

if tan yueru found out her real purpose, she wouldn't be able to leave.

however, it was obviously impossible to brush it off and slip away at another time.

there was a huge suitcase behind her!

sure enough, tan yueru soon noticed the suitcase and immediately frowned. "daughter-in-law, where are you going with the suitcase?" don't tell me that you're really going to break up with my little brat? you ... you want to move out?"

"i ... this ..."

thoughts ran through luo chenxi's mind at lightning speed. "it's my work that requires me to ... go on a business trip for a few days."

Chapter 822: big sister, are you ... are you running away from home again?

in a moment of desperation, she could think of such an excuse.

tan yueru obviously didn't believe her and snorted. "are you kidding me? do you think i'm a fool? you're no longer working at SL holdings, so why would the company still send you on a business trip? you're obviously running away from home with such a big suitcase!"

"chenxi, didn't you promise mom that you would get along well with my son? why is she running away from home again? no, mom will not let you out! otherwise, how am i going to explain this to yichen when he comes back?"

"mom, it's not what you think ..."

luo chenxi was still trying to find an excuse to fool madam tan.

however, the little dumpling was reminded of luo chenxi's absence for a few weeks after she left home the last time when she heard the words 'ran away from home'. her little face turned pale at once.

she ran to luo chenxi's side in large strides. she raised her chubby little hands and hugged luo chenxi's thigh.

her tender voice trembled a little. "big sister, are you ... are you running away from home again? don't you want tang tang anymore? you said you would be with tang tang forever!"

luo chenxi held her breath for a moment.

boxn ov el. c o m

she lowered her head and met the little furball's big eyes that were filled with accusation. her heart trembled.

a huge sense of guilt rose in his heart.

the thing she was most worried about when she left the mu family was xiao tuanzi.

if she left, mu yichen would still have miss fu or any other young mistress.

tan yueru had a new daughter-in-law. she might not be used to it at first, but when her daughter-in-law gave birth to her grandchildren, she would definitely be very happy.

only the little dumpling ...

if mu yichen were to marry another woman, would the other party be like her and love the little dumpling as if she was her own daughter?

the probability of that happening was too small ...

moreover, the little dumpling was so attached to her. the last time she left without saying goodbye and secretly left, she had already hurt the little dumpling's heart.

luo chenxi was worried that she would be severely traumatized if she were to be separated from the little dumpling by force this time.

luo chenxi looked at the little dumpling's innocent little face and her heart melted into a mess.

he squatted down and wanted to pick her up.

“tang tang ...”

whoever knew that the moment her fingers touched the little dumpling’s body, she would slap them away.

it was luo chenxi’s first time being pushed away by the little dumpling. she widened her eyes in surprise and was at a loss for what to do.

the little ball puffed up its little face, and its eyes instantly turned red.

“go away! tang tang didn’t want big sister to hug her anymore! big sister would definitely run away from home after carrying tang tang! i hate big sister the most!”

the little furball cried and screamed, and its face was immediately covered with tears and snot, looking extremely embarrassing.

luo chenxi was flustered at once. she leaned over hastily in an attempt to hug her and comfort her.

“tang tang, don’t cry! don’t cry! big sister didn’t abandon you ...”

“wuwuwu! i don’t believe that big sister is a bad person!”

the little dumpling kept pushing luo chenxi away with all its might. its big, watery eyes were filled with rage.

“big sister said that she would accompany tang tang forever! big sister is lying again, you big liar!”

“when did i lie to you? “tang tang, be good. don’t cry anymore. it’s not good for your eyes ...” luo chenxi racked her brains to coax her.

the little dumpling didn’t buy it at all.

children were very sensitive.

luo chenxi could not even fool tan yueru with the excuse of going on a business trip, let alone the little dumpling.

Chapter 823: i won’t listen, i won’t listen, i won’t believe it!

the moment the little dumpling saw luo chenxi’s luggage, she realized that her elder sister was going to abandon her again.

she was a child without a mother’s love since she was a child and had been abused by luo chenxi. although she usually looked optimistic and simple, the shadow of being abandoned had always been in the depths of her heart.

previously, luo chenxi had left without saying goodbye. she had already been triggered to a certain extent.

this time, it made the little furball feel even worse. it fell into a state of extreme pain.

luo chenxi could not hold it in any longer when she saw the little dumpling's face turning red from crying and she was panting non-stop. she ignored the little dumpling's struggle and pulled her into her arms with all her might.

no matter how hard the little dumpling writhed, she refused to let go.

"tang tang, be good. tang tang, don't cry or get angry. big sister definitely doesn't lie! i'll never leave you!"

the little dumpling could not break free from luo chenxi's grasp, but she twisted her little head with all her might to avoid luo chenxi's kiss.

he kept mumbling, " i won't listen, i won't listen. i don't believe it! "

boxn ov el. c o m

tan yueru saw this and walked over to persuade him. " "chenxi, you've seen it too. tang tang really can't leave you! if you just leave like this, i can't be bothered with what happens to my little brat. but what do you want tang tang to do?"

his words had truly struck luo chenxi's sore spot.

she couldn't leave the little dumpling and leave on her own.

she had been at the mu group just now and had seen mu yichen and fu jiatong together. she had been agitated and didn't think too much about it in the heat of the moment, so she had prepared to leave quietly.

now that she had calmed down, the little dumpling was crying and making a scene by her side again.

how was she going to leave?

however, it wasn't a good thing for her to continue staying in the mu family villa!

mu yichen would definitely misunderstand and continue to waste time on her ...

luo chenxi was at a loss for a while before she gritted her teeth.

"mom, i admit that i do want to move out. 'i've fallen out with mu yichen. i didn't accept his proposal and it's not appropriate for me to continue living with the mu family ..."

"chenxi, how can you think like this? our family welcomes you to live with us!" tan yueru said hurriedly.

luo chenxi shook her head. " mother, let me finish first. i think we'll only quarrel every day if we stay together. it's better to live separately and calm down for a while. i didn't say that i would never come back. as for tang tang ..."

she paused for a moment and looked at the little dumpling's blushing face.

the little dumpling was so nervous that she stopped crying. she bit her lips and looked at her pitifully.

that gaze could melt a person's heart.

luo chenxi lowered her head and kissed her petite face. "if you're at ease, mother, i'll let tang tang stay with me for now."

tan yueru was aware that luo chenxi's determination made it seem like she could not keep her here.

however, he was not afraid of luo chenxi going missing again with the little dumpling around.

she thought for a moment. "do you have a place to stay?"

luo chenxi could tell that her attitude had obviously softened, so she felt more at ease at once. she nodded and answered, "of course! i used to live with mommy in the community on tian he road. that's the only property my grandpa left for mommy."

tan yueru pondered for a moment.

tianhe road was not far from cloud lake elegant court. it was only a twenty-minute drive.

moreover, the environment of the neighborhood there was not bad.

she then nodded. "alright, then you can go back to your own house and stay for a few days to relax."

Chapter 824: could she have been tricked by madam tan?

only then did the little dumpling break into a smile.

not only did she stop crying, but she was also a little excited.

"too easy to provoke! tang tang wanted to run away from home with big sister! don't bring daddy!"

the little dumpling stomped its short little legs and got down from luo chenxi's arms. as soon as it landed, it ran to the second floor and into its room.

luo chenxi did not expect the little dumpling to be so excited when she heard that she would be leaving young master mu to live somewhere else.

she was distracted for a moment and did not hold on tight, so the little dumpling had already run upstairs.

she quickly chased after him.

when he entered the children's room, he saw that the little dumpling had already pulled out a small Hello Kitty suitcase from the cabinet with great effort.

this was for the little dumpling when the family went on a trip.

boxn ov el. c o m

she opened the box and imitated luo chenxi to stuff her princess dress, pajamas, and teddy bears into the box one by one.

just by looking at his movements, he looked quite decent.

her clothes had been stuffed into a mess by her and were all scattered on the ground.

the corners of Luo Chenxi's lips twitched.

Should she be glad that her little dumpling was very independent, or should she be depressed that the little guy's hands-on ability was so bad ...

Luo Chenxi squatted down to help the little dumpling pack her little box.

She wanted to help the little dumpling carry the box downstairs, but the little dumpling was unwilling and insisted on dragging it by herself, moving down the stairs step by step.

Tan Yueru didn't know what to say when she saw the two of them standing at the door of the villa with a box each.

"I'll get Old Liu to drive you to Tian He Road," she said, shaking her head.

"No need ..."

Luo Chenxi was about to refuse when she was interrupted by Tan Yueru.

"Chenxi, I'm doing this for Tangtang! Tangtang has never taken a bus before, can you bear to let her suffer like this?"

Luo Chenxi was at a loss for words.

It didn't seem like she was in a position to object to him loving his granddaughter.

Master Liu had not only sent Luo Chenxi and the little dumpling to the apartment, but he had also helped them carry their luggage and cleaned up Luo Chenxi's apartment from the inside out.

Luo Chenxi wanted to invite Master Liu to stay for dinner to express her gratitude.

Master Liu quickly shook his head and declined. "No, young madam. I still have to go home to tutor my grandson!"

What a joke. Their eldest young master had never eaten at young lady's maiden home before. If he dared to stay, he would definitely be fired tomorrow!

The apartment that Lu Wenjun had left behind wasn't big. It only had two bedrooms and a living room, but the design of the room was reasonable and the lighting was good.

It was the first time in Xiao Tuanzi's life that she had lived in such a small house, but she adapted very well.

As soon as she entered the apartment, she looked around excitedly. She even dragged her small suitcase and ran into the bedroom.

"Tangtang can sleep with Big Sister. It's good that Daddi isn't around!"

Luo Chenxi was at a loss whether to laugh or cry. She took out the relaxed bear toy and the puzzle she brought from the Mu family's villa and let the little dumpling play by herself.

She went to the market downstairs to buy some food and made a simple dinner.

At night, Luo Chenxi went to bed early with the little dumpling's soft little body in her arms.

when she was lying on the bed, she suddenly felt that something was wrong.

she clearly wanted to leave mu yichen in secret and break up with him. how did it turn out to be her bringing the little dumpling back to her maiden home?

with the little dumpling around, the mu family would definitely come and ask her how she could treat them coldly and how she could break up with mu yichen.

had she been tricked by madam tan?

Chapter 825: she's not my fiancée, not my wife, not who am i to!

at the same time.

at the mu family's villa.

the dinner table was eerily quiet.

it was because only the two elders of the mu family and mu weiwei were having dinner today.

luo chenxi and the little dumpling had moved out, but mu yichen ...

"where did that brat go? he didn't return home last night and didn't come back today! your wife is about to run away, why are you still fooling around outside?"

tan yueru was so angry that she couldn't even eat dinner. she turned around and said, " " aunt chen, bring me my phone. i want to see if this kid really doesn't want his wife anymore! "

aunt chen quickly responded and handed the phone to her.

tan yueru was about to dial the number when the door of the villa suddenly opened.

boxn ov el. c o m

mu yichen's tall figure appeared at the door.

he was dressed in a dark blue hand-made suit, looking elegant and imposing, and his expression was very cold.

however, the obvious dark circles under his eyes betrayed him.

it could be seen that young master mu did not sleep well last night.

tan yueru was furious when she saw mu yichen. " yichen, what's wrong with you? why didn't you tell me that you didn't come home yesterday? do you know that chenxi ..."

mu yichen's brows twitched ever so slightly when he heard luo chenxi's name.

he pursed his lips and immediately interrupted tan yueru, " mom, i'm going out for a drink with shixun and the others. i just came back to change my clothes and i'll be leaving soon. " if you have anything to say, we can talk about it in a few days."

after he finished speaking, he seemed to inadvertently glance at the dining room.

that stupid woman ... why didn't she come down to eat?

was it because she had seen him with fu jiatong during the day that she had been hiding in her room and crying secretly the whole time?

he didn't stop at all and went straight to the second floor.

tan yueru could not help but raise her voice. " mu yichen, stop right there. i'm telling you, chenxi ... "

"i have nothing to do with luo chenxi. she's not my fiancée, not my wife, not my anyone! it's your business that you like her and care about her. it has nothing to do with me. "

mu yichen's expression was cold. he raised his chin and spoke in disdain with a proud expression.

"you ...!"

tan yueru was almost angered to death by this stinky brat.

however, mu yichen walked very quickly. he had already arrived at the door of the master bedroom. he opened the door and walked in.

the room was pitch black.

mu yichen furrowed his brows. he reached out to fumble for the switch by the door and turned on the ceiling light.

the bedroom was lit up.

however, to his surprise ... the room was empty. there was not a single person in sight.

"stupid woman? you're hiding?"

he said subconsciously.

the moment she opened her mouth, she felt a little annoyed.

he had made up his mind that he would not take the initiative to talk to luo chenxi unless she agreed to marry him!

he immediately shut his mouth and walked to the balcony.

he looked left and right, but there was no one.

he walked into the bathroom again, but there was still no one.

cloakroom, no one ...

mu yichen refused to believe it. he walked to the side of the big bed and lifted the blanket abruptly.

unfortunately, there was still no one.

mu yichen's face was filled with regret.

why wasn't this stupid woman in the room? you didn't go to eat? could she be accompanying the little dumpling next door?

thinking of this, he changed into a casual suit as fast as he could, then went out and walked to the children's room.

"tang tang, daddy is back. why didn't you come out to welcome me?"

the only reply he got was still darkness and silence.

mu yichen became nervous and ran downstairs in a hurry.

Chapter 826: let's break up!

mu yichen stopped in front of tan yueru.

she had the intention to ask where luo chenxi had gone, but she could not bring herself to ask.

tan yueru deliberately didn't mention it.

when she saw mu yichen's fretful expression, her appetite was piqued instead. she asked aunt chen to serve her a bowl of soup and drank it slowly.

mu yichen was still holding his tongue and did not speak even after she had finished her drink.

tan yueru then said, "aren't you going to drink with shixun and the others?" weren't you in a hurry to leave? why aren't you going over?"

mu yichen pursed his lips. he could not hold it in anymore. "mother, why isn't tang tang at home? it's already so late, is there no one to pick her up from the kindergarten?"

the moment he opened his mouth, he was not asking luo chenxi, but the little dumpling.

they were the only two people in the house. it was apparent that the little dumpling was with luo chenxi.

boxn ov el. c o m

tan yueru almost laughed out of anger.

this little brat, his brain had been good since he was young, but it was particularly difficult to mess with him.

she glanced at mu yichen. "i do. why not?" tang tang went home early this afternoon. i picked her up personally."

"then why isn't she at home?" mu yichen furrowed his brows.

tan yueru didn't care. "how would i know?" anyway, tang tang is with her big sister. with chenxi around, i'm at ease. there's no need to worry. anyway, you don't care about tang tang. aren't you going to drink with your brothers?"

mu yichen felt a lump in his chest. he was at a loss of what to do.

if he could not tell that madam tan did not like him and was pranking him, he would have been madam tan's son for more than twenty years in vain!

mu yichen could not help but ask, "mother, what's going on? can't you just say it? tang tang is my daughter. i don't even know where she is. how can i be at ease?"

tan yueru smiled and said, "didn't i just tell you?" tang tang is with chenxi."

"then chen ... where's that stupid woman?" mu yichen said in an unpleasant tone.

tan yueru didn't answer immediately, but glared at him.

"mu yichen, did i give birth to you or not? why is your eq so low? you don't even know how to coax your wife. you're not like me at all ... and not like your father!"

upon hearing this, mu yichen raised his head and glanced at mu yunfeng. he was a little unconvinced.

his father had a high eq?

he was nothing more than a slave to his wife who had no opinions of his own.

he believed in the truth that his wife was always right.

this is called having a high eq?

tan yueru snorted coldly. "you're not convinced, are you? then let me ask you, do you know why chenxi refused to accept your proposal?"

mu yichen's brows were tightly furrowed. he looked depressed. "how would i know? she said that it was because we've only been together for a short time. isn't she just patronizing me?"

"since you know that this is only the surface reason, why don't you coax her and let her tell you the truth? or should i just investigate it myself?"

mu yichen was instantly enraged upon hearing that. "why should i coax her? i've proposed to her twice, but i've been rejected. why didn't she come and coax me? i know that she wouldn't reject me for no reason, but shouldn't a couple be honest with each other? he didn't confess, so why should i investigate?"

"you ...!"

tan yueru was completely speechless.

after a long while, he said, "you're not chenxi. how do you know what difficulties she has?" she won't tell you, and you won't investigate. are you really going to break up?"

mu yichen snorted coldly. "fine, let's break up!"

Chapter 827: did you fall out of love and get dumped by luo chenxi?

tan yueru couldn't help but hold her forehead. "you're stubborn!" i'm telling you, when i went home today, i saw chenxi dragging a big box. it looks like she was going to move out secretly. fortunately, i found out in time ..."

"what? she was moving out? where is she now?"

upon hearing this, mu yichen could not hold it in any longer. his expression changed.

tan yueru glared at him. "i thought you didn't care about her situation? why are you still asking me?"

mu yichen had a dejected expression on his face. "i just don't like to be dumped by a woman for no reason!"

"hehe, you can continue to be tsundere!" tan yueru glanced at him. she couldn't bear to see her son continue to be depressed.

"don't worry, chenxi just went back to her family's house. i was afraid that she would lose contact with us, so i specially asked tang tang to go with her. this way, if you miss her, you can also go through tang tang ..."

"why would i think of a woman who obviously doesn't take me seriously?" mu yichen scoffed coldly.

he heaved a sigh of relief when he learned that luo chenxi was fine and that her whereabouts were still under his control. at the same time, he began to act like a tsundere again.

boxn ov el. c o m

"it's getting late. shixun and the others can't wait any longer. i'll be leaving now."

"you ...! you brat, come back!"

however, mu yichen did not even turn his head around. he left the house immediately and got into a sports car. he stepped on the accelerator and sped away.

.....

Secret club, top floor private room.

bai shixun, bo tingyuan, and he jinsi were all there.

bai shixun was immediately excited when he saw mu yichen. he made an exaggerated expression as if he had seen a ghost.

"tsk, tsk, who did i see? was i hallucinating because i didn't wake up last night? or did the sun rise from the west today? our model wife-slave, young master mu, is not at home with his wife in the middle of the night, but in a bar!"

mu yichen completely ignored bai shixun's mockery.

he strode to the bar counter, took a bottle of vodka from the wine cabinet, opened the cork, and poured it directly into his mouth.

the way he drank it shocked the three of them.

he jinsi was the first to jump up and rush over to stop him.

“yichen, what are you doing? do you know how high the alcohol content of this wine is? you’re pouring it down like this, do you not want to live?”

mu yichen was unable to move for a moment as he was holding onto his wrist.

he didn’t struggle. he only glanced at he jinsi with a cold gaze. “let go!” i won’t get drunk, my alcohol tolerance is much better than yours!”

he jinsi refused to let go no matter what.

“no, whoever claims that he won’t get drunk will end up in the hospital! what is wrong with you today? did you run into some trouble? even when you were forced to marry luo chenxin, you weren’t as impulsive and irritable as you were.”

when mu yichen heard his good friend mention their wedding night, he immediately recalled the stupid woman who married him in his sister’s place. he was in an extremely bad mood.

“alright, don’t mention that day! otherwise, i’m going to fall out with you!”

he jinsi frowned, his face full of confusion.

bai shixun, on the other hand, did not mind the drama. he smiled ambiguously. “i say ... mu yichen, look at how you’re drowning your sorrows with alcohol ... you’re not heartbroken, are you?” was he dumped by luo chenxi?”

this was really what it meant to touch a sore spot!

mu yichen’s expression turned extremely unpleasant on the spot.

“shut up! if you don’t speak, no one will think you’re mute!”

bai shixun was even more excited. he came over and asked, “really? you guys really broke up?”

Chapter 828: quarreling at the head of the bed and at the end of the bed with ... the rest, you’ll experience it yourself!

mu yichen resisted the urge to send bai shixun flying with a punch. “what does it have to do with you?”

bai shixun laughed. “how is it none of my business? who asked you to show off your love with chenxi every day and torture dogs every day? do you think dogs don’t have a temper? besides, it’s one thing for you to show off in front of us, but you even showed off in front of my grandfather. i’m being chased by grandpa every day, forcing me to get married! you’re really a big troublemaker!”

“is it good now? i’ve said it before, showing off your love is the fastest way to break up!”

upon hearing this, mu yichen could not hold himself back anymore. he swung his fist at bai shixun.

bai shixun retreated in a hurry, but he was still a step too late.

the fist grazed his chin, causing him to feel pain.

“f \* ck! mu yichen, are you really going to fight?”

bai shixun’s first reaction was to find a mirror on the bar counter and look at his chin with a pained expression.

“look, look, it’s swollen! he didn’t know if it would become crooked after the swelling was reduced! ‘mu yichen, you’re a classic example of losing your humanity when you’re with the opposite sex. how could you harm your brother!’ it’s fine if you hit me, but you actually hit my face!”

boxn ov el. c o m

mu yichen glanced at him coldly. “ you’re the one i’m beating up! ”

“what do you mean ...”

seeing that the two of them were about to quarrel, bo tingyuan hurriedly stood up and pulled bai shixun back.

“that’s enough, shixun,” he said at the same time, “stop adding salt to yichen’s wound.” if the breakup was real, yichen would be so sad right now!”

“how can i not know that?” bai shixun said unhappily. the problem was, how could they have broken up? i think they just quarreled, right? he was most annoyed by this kind of person. when he was not quarreling with his wife, he would leave his brothers aside and come to drink to drown his sorrows when he was quarreling. we’ll patch things up in two days, and since he doesn’t care about our feelings, he’ll definitely show off to us like he usually does!”

“don’t you think this kind of person is too much?”

hearing bai shixun’s indignant accusation, bo tingyuan and he jinsi could not hold it in and laughed out loud.

in truth, they did not believe that mu yichen and luo chenxi would break up either.

they had never seen a couple as loving as the two of them.

if they could break up like this, they would not believe in love.

he jinsi took the opportunity to snatch the bottle from mu yichen’s hand. his tone was much more relaxed now. “ that’s right, yichen. you can’t do this. ” why don’t you tell me what happened between you and sister-in-law? however, no matter what happens, i’ll give you a tip! as the saying goes, quarrels at the head of the bed and reconciliation at the end of the bed ... you can experience the rest for yourself!”

bo tingyuan also asked. “ you just succeeded in your proposal. why did you quarrel with chenxi? ” he asked.

mu yichen pursed his lips and took a deep breath. “ how did you guys know that my proposal was a success? ”

the three of them were stunned.

mu yichen said, "chenxi rejected my proposal on the ferris wheel the other day, but i put the ring on her finger by force. i thought she was just shy ... in the end, she rejected me firmly when we got home. so, we started quarreling."

he jinsi was confused. " why did sister-in-law reject you? "

mu yichen was depressed. " if i knew, would i still be drinking here? "

the three of them looked at each other and finally felt the seriousness of the matter.

even though bai shixun ridiculed young master mu every day, he had never wished for him to break up with luo chenxi for real.

Chapter 829: yesterday, i accompanied my wife to the hospital for a follow-up and passed by the gynecologist's department. guess who i met?

it was one thing to joke normally.

putting aside the joke, he still hoped that his brothers could have a happy marriage and that the little dumpling could also have a mother who truly loved her.

the three of them acknowledged luo chenxi very much.

she was also envious of mu yichen for being able to find such an intelligent, beautiful, lively, and kind life partner.

she didn't expect that such a well-matched couple would fight to the point of breaking up.

"what's going on?"

bo tingyuan pressed on mu yichen's shoulder and forced him to sit down. " stop drinking. let's talk things out before you drink. "

mu yichen did not want to pay attention to him. he stretched out his hand to pick up the wine bottle on the table.

bai shixun and he jinsi simply rushed forward and held him down.

" alright, stop drinking. hurry up and explain! "

"that's right. what's so upsetting about you? hurry up and tell us so we can be happy!"

mu yichen's sharp eyes swept across bai shixun's face. " it's not enough that the left side of your face is swollen. do you want me to slap the right side of your face too? "

" tsk. " bai shixun looked at her with disdain. " you can't handle your own wife, so you're taking it out on me? "

"who's the one you said can't handle his wife? what about you? secretary fang, have you settled it?" mu yichen retorted sarcastically without the slightest trace of politeness.

bo tingyuan quickly coughed and interrupted the two of them. "let's talk about serious matters first."

mu yichen knew that his childhood friends would not let him go if he did not explain himself clearly today.

moreover, he did need to consult other people's opinions.

so, he briefly explained what happened on the day of the proposal and what happened after that.

bai shixun laughed so hard that he could not even straighten his back after hearing that.

"i say, mu yichen, you can't be that slow-witted, can you? isn't the matter obvious?"

"obviously? what did that mean? what do you see?" mu yichen frowned slightly and looked at him in disbelief.

"it's obvious that you're not good in that aspect!" bai shixun said.

his answer was exactly the same as his brother's.

mu yichen's expression changed immediately. he scoffed coldly, "you should be the one worrying about your old back!"

he jinsi sat opposite her and pondered seriously for a while. "that shouldn't be the case. could it be that chenxi dislikes you for being too arrogant? yichen, i'll be honest with you. if my girlfriend had a temper like yours, i wouldn't be able to stand it and would have dumped you a long time ago!"

mu yichen chuckled. "thank you for your analysis, but my chenxi is different from a superficial person like you!"

bai shixun and he jinsi were both despised.

bo tingyuan was the only one who remained silent.

the three of them turned to look at him.

"tingyuan, what do you think?" mu yichen opened his mouth.

compared to the two single dogs, he still valued bo tingyuan's opinion more.

after all, he was the first one to get married among them. it was said that he had been in a relationship even earlier. although his marriage was only in name, he still had more experience than the others.

bo tingyuan didn't seem to pay attention to their conversation. he held his teacup and sat quietly at the side, as if he was thinking about something.

he only snapped back to his senses when he realized that mu yichen had specifically asked for his opinion.

"by the way, speaking of luo chenxi, i've recalled something."

mu yichen was stunned. "what's the matter?"

bo tingyuan thought for a moment. " yesterday, i accompanied my wife to the hospital for a follow-up. i passed by the gynecology department. guess who i met? "

"what do you mean?" mu yichen furrowed his eyebrows.

bai shixun could not help but cry out.

Chapter 830: the person visiting the gynecologist was not fang ziqian, but luo chenxi?

"tingyuan, why are you keeping me in suspense? 'didn't i just bump into my qianqian and luo chenxi?' after you told me about this yesterday, i even went to the hospital to pick up qianqian."

upon hearing bai shixun's words, mu yichen was obviously stunned.

"what? chenxi went to the hospital yesterday? was she sick? what had happened? why didn't i know anything about it?"

before bo tingyuan could answer, bai shixun interrupted.

"i'm very clear about this," he said loudly. it's my qianqian's gong han. she's in great pain during those few days of the month, so luo chenxi accompanied her to the doctor's. as for why i didn't tell you ... didn't you guys have a fight? besides, i don't have to tell you that i'm accompanying my best friend to see a doctor, do i?"

bai shixun's explanation sounded very accurate and perfect.

even so, mu yichen's tightly-knitted brows did not relax because of that.

he didn't know why, but he felt that there was something wrong with this matter. it wasn't as simple as it seemed.

he ignored the shocked bai shixun and turned to look at bo tingyuan.

"tingyuan, did you see them with your own eyes? did you talk to them?"

bo tingyuan nodded.

"what did you two talk about? try to recall again."

bo tingyuan described the situation in detail.

mu yichen's expression turned grimmer as he listened. he kept his head lowered and did not speak.

after bo tingyuan finished speaking, he paused before continuing, " "at first, i believed what they said and even specially informed shixun to pick up secretary fang. however, you told me that your proposal was unsuccessful today. luo chenxi kept pushing the responsibility away and refused to tell you the real reason ... so i came up with other speculations."

mu yichen squinted his eyes as if he was deep in thought. " you're saying ... the person who went to the gynecologist's office was not fang ziqian, but luo chenxi? "

bo tingyuan said, "this is just my guess. of course, i can't be sure." however, you can send someone to check at harmony hospital. there might be some shocking findings. even if there's nothing special, they're telling the truth, so you don't lose anything, right?"

mu yichen scoffed coldly upon hearing that.

"no loss? why wasn't there any? 'luo chenxi is my woman, yet she peeked at the doctor without me knowing!' why? does she think that i, mu yichen, am an irresponsible man and that i'll dump her once she's ill?"

bo tingyuan saw that he did not look good and coughed a few times. " yichen, don't make wild guesses. go to the hospital to check first. i'm just making a wild guess. perhaps, this isn't the reason why your proposal failed ..."

"no matter what, i won't investigate! if that stupid woman believed me, she should have told me herself! she didn't even take me seriously, and i still went over? hehe, i, mu yichen, am not that bored!"

mu yichen's heart ached at the thought of his little woman possibly catching some illness and going to the hospital without his knowledge.

however, apart from heartache, he also had a stomach full of anger.

she began to act tsundere again.

bo tingyuan was speechless at his reaction and advised, " "mu yichen, you're not a child anymore. can you not be so childish and arrogant? it'll only be good for you if you investigate it thoroughly!"

" if something really happens to luo chenxi, it's fine if your wife flies away. but if it causes any irreversible regrets ... "
