

## Chapter 1 Reborn

Oh my god...

It hurts!

Bena opened her eyes with a splitting headache and found it was early morning.

She was the only one in a strange room.

It seems that the man has left.

Bena came back to the realization. She swallowed the pain, bathed and dressed.

Come to the mirror.

Staring at the person in the mirror, She thought lot of things have changed.

In the mirror, she is young and beautiful, and her skin is fragrant. Not the woman of sallow and emaciated before.

She had a car accident and died on the spot. But when she opened her eyes, she found herself back ten years ago, at the party where Tiana drugged her.

Although she was shocked at that time, she knew that she could not repeat her previous experience, so she fled desperately and ran into the restricted area of the hotel.

But she met a strange man, and what happened later is self-evident.

Although this subverts the previous history, it is better than caught by Tiana anyway!

The soreness in the body and the face in the mirror all prove that Bena is reborn!

She really returned to the age of twenty, the year when her fate was

rewritten!

Suddenly, the door was pushed open.

Bena turned quickly to see a man in black uniform, standing upright like a trained bodyguard, come in.

He politely handed Bena a check. "Hello, Miss, please keep your mouth shut about last night."

Bena looked at it. It was a check for five million.

"What? It was you last night?" About last night, she didn't see clearly what the man looked like in the dark.

Hearing this, the man was shy and nervous, and immediately explained, "This is from our boss. Although I don't know what your purpose is, please keep your mouth shut and don't crazy ideas!"

The man just conveys the exact words for her, but the woman's face immediately cold!

It seems that the man thinks she is easy virtue, a woman who will do whatever it takes for money!

Now that she's born again, she must not be so humbled.

Bena tore the cheque in the man's hand to pieces, then dug out the few coins she had in her pocket and stuffed them into the man's hand.

"Look, this is my reward. By the way, tell him that people who dare not show their faces are cowards!"

The man was embarrassed when heard this, If he did it, he would be dying!

He thought for a while, turned and left.

Watching the man's back, Bena's eyes shone like never before.

Since God gave her a chance to rebirth, she must make those who deceive

her, hurt her and insult her pay the price!

Change the tragic fate of past lives!

...

"Boss, this is what the woman asked me to give you." Assistant Kevin reluctantly handed the coins to his boss.

3.8 dollars!

The man's slender and tall body sat in the sofa, and a pair of slim hands took the coins and put them in his hand to play with them. An kind of unknown emotion flickered in his sharp dark eyes.

Kevin wiped his sweat as he spoke. "She tore up the check you gave her. Also, she asked me to tell you that you are..."

"What am I?"

"It's a coward who doesn't dare to show his face." Kevin lowered his voice and said, He was afraid that his boss would be furious!

That is really true, the man's face immediately darkened.

But soon he chuckled and whispered, "Interesting."

His whole body exuded an powerful momentum.He looked at the Kevin and said"Run a background check on this woman."

"Yes!"

Kevin did not dare to stay and turned and left quickly.

His boss's mood is really uncertain and elusive!

Galen pinched the coin in his hand,as if deep in thought.

He didn't want to touch his family's money at first, but thinking about the delicate woman was poor, he asked Kevin to prepare a hush money.

But this little wildcat was more interesting than he thought.

## Chapter 2 You get on your knees!

Before Bena went back, Bena used the savings left by her mother to buy new clothes. She didn't want appear in front of her grandfather in a mess.

She remembers this day in her previous life, when she fled back to T's house in a mess, and was mistaken by Smith—her grandpa for having gone out to fool around with people.

Tiana has already decorated trap, waiting for Bena to trap herself!

At that time, she was unable to argue, even lost her grandfather's trust in the end, and was finally expelled from T's home!

In this life, she will never allow herself to be as timid and trampled upon as in the previous life!

An hour later, she stopped a taxi and came to a duplex villa.

Standing in front of the gate, she took a deep breath, and the picture of her being driven out of the villa in previous lives is still vivid.

She rang the doorbell with complicated emotions.

The servant who came to open the door saw her appearance and paused.

Bena ignored the servant and strutted into the hall.

The woman is quite different from Bena, who usually has a hunchback.

On the sofa in the hall, her grandpa and Tiana, who had been waiting for a long time, there was also an old man standing beside them in his forties and fifties.

Seeing this picture overlapping with previous lives, Bena's eyes were stained with hatred.

But she kept calm and walked past, and called sweetly to the old man, "Grandpa."

In the last life, it was because she was stupid and introverted that she would not please the old man, which made Tiana, the girl brought by her stepmother, take the lead!

This sweet voice made the old man froze. He did not blame Bena as he had done before.

Tiana on the side saw this situation and suddenly felt bad.

Hurriedly pulled the sleeve of Grandfather and beat about the bush: "Grandpa, don't be angry, you see, my sister is coming back safely."

After her reminder, the little love in Smith's heart disappeared without a trace, and his face was gloomy. He knocked on his crutches and said seriously, "You went out to fool around for a day and night, Do you know it was wrong?"

Bena was no longer as timid as she had been in her previous life. She had already figured out the reply, looked at the old man and replied, "Grandpa, I didn't go out to fool around. I went to study with Robles!"

"What?" Smith stare at Bena blankly after hearing this name.

Tiana also didn't understand what Bena said and almost thought she had misheard.

"I said I was going to study with Robles, a talented jewelry designer."  
Repeated Bena.

Tiana couldn't help but feel funny ...

Although T's family is engaged in jewelry business, Bena is a fool. How can she know Robles, a famous talented man?

She pretended to be helpless to Bena, "Bena, even if you want to lie, you should take a reliable reason, Robles is in the United States, how can you..."

Everyone thinks that Robles is still in America, but in the last life, Bena

accidentally knew that Robles had returned one month ahead of schedule and was secretly preparing for his solo exhibition.

Smith obviously has no patience to listen to Bena, knocking on crutches, and said angrily, "You are still lying! I had already knew everything! You shameless girl!"

"It's really embarrassing for us." Tiana also shouted.

Smith became more and more angry.

T's family is also a noble family. How can he not be furious when Bena has made such a scandal?

"Grandpa, I really was..."

Before Bena finished her words, a man stood up at the Tiana's cue, pointed to Bena and said, "Bena, how can you not deny it? Last night, you said you wanted to play with three men, but I disagreed, which made you angry, so you run to find another man in the middle of the night!"

The old man said these false things in a serious way, which is exactly the same as the scenes in previous lives.

Bena couldn't help but feel that she was funny in her past life. She was so clumsy, because she was stupid and couldn't refute them, she was framed by Tiana.

She didn't rush to refute, but let the man go on. She wanted to make Grandpa more angry, which would be more beneficial to her later.

"I thought our relationship would be closer, and you would be with me, Bena. I really want to be responsible for you. Don't fool around with men outside. Trust me, and I will guarantee you love and happiness in the future."

Smith was furious to the utmost.

"Bena! You...Shameless!"

"Bena, I can't believe you... not only fooling around with old men, but also playing threesome with people, my god... I really can't believe it..."

Tiana added on the side, although her disguise was very good, Bena saw through her plot.

Smith severely smashed crutches to the ground. "Get down on your knees!"

### Chapter 3 He has no evidence, I do!

The more angry he is, the more happy Tiana is. This time she must ruin Bena's reputation!

"Wow!" Just when everyone thought that Bena was going to plead guilty, Bena cried with a loud voice. Her tears as big as beans dropped like pearls with broken lines.

"Grandpa, what's wrong with you? Why don't you trust me? I'm your own granddaughter!"

Bena cried and complained. After that, she knelt down and sat on the leg of Smith, holding his leg and crying.

This made everyone stunned .

Is this still the Bena they know?

She was the girl who shivered when seeing Mr. Smith dare to hold the old man's legs now!

Smith froze, and his heart trembled as he watched Bena cry.

That's right. Bena is his own granddaughter. No matter how compliant Tiana is with him, she is just a drag.

"Then tell me." Smith turned tender to Bena.

See that, Bena stopped crying to wipe tears, immediately stood up.

That is what people said, crying children have sugar to eat!

"You said there was something disgraceful between us, so can you show the evidence to me?" Bena looked at the old man leisurely.

The man was frightened by Bena's harsh eyes. He secretly glanced at Tiana and retorted nervously: "You asked me to delete all those evidences in order to protect your reputation. Now you ask me for evidence, how can I get it out?"

Seeing that the man continued to pour dirty water on her, Bena sneered at her heart, but her face was still simple and said, "Then you don't have it?"

The man raised his hand and wiped the sweat on his forehead. He was actually panicked by this little girl.

She is different from the rumored cowardly girl!

Tiana's face was also very cold at that time.

She didn't believe Bena would say do something like this.

Today's Bena makes her feel very different from the past!

At this time, Bena took out a USB flash disk from her pocket. She held it high, smiled at Grandpa and quipped: "Grandpa, he has no evidence, I do!"

What? Bena has evidence?

Tiana's heart thumped, and then a bad feeling came into her heart.

What's this Bena doing?

Before Tiana could think much, Bena had already called the servant.

After waiting for the servant to bring the laptop, Bena plugged the USB flash disk into the computer.

Then a video captured by surveillance appeared in front of everyone.

This video was copied by Bena when she sneaked into the monitoring room before leaving the hotel.

Everyone was surprised by the content in the video.

They saw two people in the video were cuddling in front of the hotel, and their figures were ambiguous. Although the picture is vague, it is not difficult to see that the people in the video are Tiana and the old man who poured dirty water on Bena!

At the moment, Tiana was completely panicked.

She didn't believe that Bena would come up with such a thing!

"What the hell was going on here!" Smith angrily shouted to Tiana.

He is not too old to understand anything, so when he saw the video, he knew what was actually happened.

What he didn't believe was that it was Tiana, whom he loved very much, did something wrong!

"Bena is your sister, how can you design and frame her like this?!"

Tiana was frightened by the momentum and cried out in fear: "Grandpa, I didn't do this, you misunderstood..."
