Chapter 1051

“I can’t help you.”

However, Jason was playing hardball this time.

“You!

“I’m going to ask you one last time. Are you not going to do anything?”

Jon got angrier until he finally screamed.

“You don’t have to guilt trip me.

“No one can save you if you don’t want to be saved.

“You made a mistake. Shouldn’t you go to him yourself and apologize?”

Jason frowned. They were relatives, after all, so he spoke further.

“Are you kidding me?

“I’d rather die than apologize to Sean!”

Jon snorted coldly, his tone dismissive.

“Then die.” Jason hung up.

It was a waste of breath to persuade incorrigible people.

When Jon called again, Jason hung up without hesitation and blocked him right away.

“Whew! “I tried to talk him out of it. “He wouldn’t listen.’

Jason let out a sigh and leaned back in his chair.

He was able to bite the bullet, forget his dignity, and plead with Sean for Jon.

However, he was too embarrassed to go to Sean.

Sean had given Jon a chance for Jason’s sake.

However, they did not cherish it.

Jen–Bond Holdings came, and Jon thought he could turn the tables.

However, Sean defeated the Zimmer family and Jen–Bond Holdings.

Jason’s news caught Sean off guard.

Although he figured the more people he came into contact with, the sooner he would reveal himself.

Still, he did not want the day to come so soon.

What Sean wanted was to catch Blaze off guard without him knowing.

If Blaze learned about Sean’s existence and targeted him, it would affect many of Sean’s plans.

After all, Blaze now held a high position in the army and was influential.

He would not have a hard time dealing with Sean.

Therefore, Sean had to push all his plans forward.

As soon as everything was settled, he could arrange his return to the army.

Time went by.

Two law enforcement vehicles drove to Jon’s private villa an hour later.

Jon was discussing what to do with Quill.

“Dad, it looks like the people outside have already left.”

Quill pulled the curtains to take a look before returning and saying.

“No.

“Sean’s not going to let us off the hook easily.

“There must be someone watching us secretly.”

Jon snorted coldly. He did not believe Sean would let them go free.

Jon was stunned as he panicked immediately.

However, the men had no intention of explaining and simply restrained Jon.

“Okay! So you’re blatantly in cahoots with Sean.

“What are you arresting me for?”

Jon struggled hard, his face unconvinced.

Click!

There was a loud click. Jon’s hands were twisted behind him and handcuffed.

Before Quill knew it, he received the same treatment as Jon.

“This is an approved arrest warrant for both of you.

“I can tell you clearly that you are under arrest.

The staff held up an arrest warrant and shook it in front of Jon’s eyes.

Jon was dumbfounded when he saw the stamped arrest warrant.

It was now a big deal!

They even brought an arrest warrant. It was already a criminal matter!

“Who... Who are you to...”

Before Jon could finish speaking, he was pushed into the car.

Quill and Jon sat in two separate cars and were taken to the government building.

It turned on the Zimmer family and plunged them into the abyss.

Several staff members looked at Jon again.

“What else do you have to say now?”

The staff looked at Jon and asked indifferently.

After all, 80% of the River City business circle was owned by Sean.

If Quinn Corporation wanted to grow, they would inevitably go against Lennon Group.

Would Sean show mercy to them when that happened?

"How did it go with Sean?"

Old Madam Quinn paused for a moment before looking at Kent.

Now that all hope was gone, the Quinn family had to look to Sean again.

"Sean was very clear.

"The Quinn family has to put up 80% of our stakes to cooperate with him.

"Then the entire Quinn family will have to apologize and make amends for Willow's two years of mistreatment."

Kent looked up at the crowd and told them Sean's offer.

"80%? No way!"

Old Madam Quinn gritted her teeth. There was no way she could give away that much of her company.

"Yes! No way! And there's no way we're going to apologize to Willow.

"Who owns it?" Samuel froze at that.

Harry's question stunned him. He wanted to know but had no idea!

Samuel and every company in River City also wanted to know who was behind Reach For Will Group.

Knowing a big shot like that was like having a trump card.

"Do you wanna know?"

Harry sounded more playful.

Samuel was dumbfounded.

They were talking about getting rid of Sean.

'Why did Harry change the subject and mention the chairman of Reach For Will Group?

'What did kicking Sean out have to do with the chairman of Reach For Will Group?

'Or is Sean related to the chairman of Reach For Will Group?'

The more Samuel thought about it, the more confused he was.

He would never expect Sean to be the chairman of Reach For Will Group.

Reach For Will Group was unimaginably wealthy, and their background was terrifying.

Reach For Will Group had even gotten rid of Janestown's Jen-Bond Holdings.

There must be a terrifying big shot behind such a giant.

Sean was no big shot!

"Forget it if you don't want to know."

Harry was going to hang up when Samuel said nothing.

After all, what Kent said carried little weight due to his lowly position. No one cared what he said.

Every member of the Quinn family remained here. They waited for Samuel and Harry to seal a deal.

Reach For Will Group building.

A fancy car pulled up slowly. The car door opened, and Samuel stepped out.

Samuel was now smug and triumphant.

After all, as long as they could make a deal with Reach For Will Group, the Quinn family’s status in the River City would inevitably skyrocket.

Sean would not be a problem.

“Hello, Sir. What can I do for you?”

Samuel had just reached the entrance when two ushers came up and asked with a smile.

“I’d like to see Mr. Clarke.”

Samuel walked proudly into the company building.

“Sorry, Mr. Clarke isn’t here today.”

However, Samuel was stunned by the beautiful usher’s reply.

‘No way!

‘How could Harry not be here when Harry had asked me over to meet him?’

“I have an appointment with Mr. Clarke. You can call and ask him.”

Samuel said to the usher with a slight frown.

“Excuse me, are you Mr. Quinn?”

He was the only person in the office standing with his back to Samuel.
'It seems this is the mysterious chairman behind Reach For Will Group.'
Samuel slowly stepped forward, smiling.
However, Samuel's smile stiffened after taking two steps.
The man had his back against him, but there was something familiar about him.
He felt like he had seen it before.
Samuel was even more shocked when he thought about what he had just heard.
Is the chairman of Reach For Will Group someone I know?
Samuel's Adam's apple rolled twice. He wanted to greet him but did not know how.
He was so excited that he had forgotten to ask the last name of Reach For Will Group's

chairman.

“Sir, I’m the chairman of Quinn Corporation, Samuel Quinn.”

Samuel was silent for two seconds before greeting him respectfully.

The young man standing at the windowsill turned around slowly at Samuel’s voice.

Samuel immediately looked in his direction with a brighter smile.

They met each other’s eyes from a distance of about three meters.

The next moment, the smile on Samuel’s face froze instantly.

There was a pause of nearly ten seconds before Samuel reached out, rubbed his eyes,

No one could understand how Samuel must be feeling right now.

Shock, astonishment, horror, distress...

Perhaps some regret!

He had mixed feelings as if he had knocked over many expensive bottles of wine at once.

The office was extremely quiet.

Samuel sat on the couch in a daze and said nothing.

"I don't understand.

"Has the Quinn family ever thought about the meaning of Reach For Will?"

Sean looked at Samuel, his tone mocking.

Reach For Will!

Sean chose the name himself.

"Will" was derived from Willow's name.

The meaning of the name was that Sean wanted to reach for Willow.

He would reach for Willow and make her happy all her life.

However, the Quinn family never thought about the name's true meaning.

Even when Sean repeatedly showed extraordinary skills, they never thought about the relationship between the name Reach For Will Group and Willow.

Samuel heard Sean speak and looked up in a trance.

However, his head was buzzing. All he could see was Sean's mouth moving.

Everyone chimed in.

"Grandma, do you think we'll prosper if we establish a cooperation with Reach For Will Group?"

Simon rubbed his hands together, his eyes full of expectation.

"Of course.

"Reach For Will Group is wealthy and powerful."

Old Madam Quinn nodded and replied earnestly.

“Yeah! Even that loser Sean is connected to Reach For Will Group and can throw his weight around.

“The Quinn family is already strong and will only get better.

“He isn’t good enough for Willow anyway. He’ll be less worthy of her if he gets kicked out.

“You know what? You’d better get Willow to come back.”

The Quinn family discussed as they laughed.

They seemed to think the Quinn family had already risen to the top.

They seemed to think Sean was dumped by Reach For Will Group and is now a nobody again.

“Willow is coming back, of course.

“There’s no need to waste time on Sean.

“I wonder if Reach For Will Group’s chairman has any children who are the right age for Willow.
