

## Swordsman 1201

### Chapter 1201: Preparing for the War!

"The participants will all be equipped with the strongest magic weapons and rewarded with a drop of Ancient God Power?" Jian Wushuang widened his eyes.

Green Fire Palace was being generous indeed!

"It's easy to gather those magic weapons since there's an abundance in the Fire Points Exchange Office but are there so many drops of the Ancient God Power available?" he asked in shock.

After all, all the Dao Masters in the Green Fire World would be gathered for the war. It would be quite a stunning number.

If each of them was rewarded with a drop of Ancient God Power, they would need at least ten thousand or even hundreds of thousands of it.

Even a single drop of the Ancient God Power was invaluable in the Eternal Chaotic World. Did Green Fire Palace have so many?

Samsara Temple Master and Void Temple Master looked at each other and smiled.

"To be honest, we accumulated many drops of Ancient God Power." Void Temple Master smiled. "Never mind ten thousand, we can even afford hundreds of thousands of drops of it. Since they're precious, we typically don't use them. We've been saving them for such battles."

Jian Wushuang gasped with surprise.

Inside him, Gu King growled. "How can they afford hundreds of thousands of drops of Ancient God Power? How? It's difficult to form even a single drop! Besides the Ancient God Clan in the Eternal Chaotic World, who can provide so many drops of the power?"

"What on earth happened on this battlefield? Why are there so many drops of Ancient God Power here?"

"Did plenty of Ancient Gods die here?"

Gu King was quite surprised and puzzled.

Jian Wushuang sighed deeply.

It was no wonder that Samsara Temple Master thought that Green Fire Palace stood a 10 percent chance of success.

There were the high-realm experts in the Green Fire World, battle formations, the Battle Fortress, as well as the Puppet Fighter that can counter the Monarch of the Jin Kingdom for a short time.

Coupled that with all resources of Green Fire Palace, they did indeed stand a 10 percent of victory.

“We’ll be helping our experts improve their battle strength at all costs. Then, it’s up to them how they’ll prepare for the war.” Samsara Temple Master sighed.

The great war was imminent and Green Fire Palace would do its best to prepare for it.

They would try and improve the battle strength of Green Fire World at all costs.

Meanwhile, everyone in the Green Fire World was stunned after receiving the message from Samsara Temple Master and Void Temple Master.

Every expert and faction in the Green Fire World began actively preparing for the war.

Samsara Temple Master and Void Temple Master had made it clear how crucial this war was. This war would determine the destiny of the Green Fire World. If the Green Fire World collapsed, they would all die!

There was no plan B in this war!

This would be a desperate fight for survival!

They had no choice but to risk their lives to strive for the survival of the Green Fire World.

Over in Tang of the East in the Void Continent.

The ruler of Tang was still Emperor Xiao.

He had immediately received Tang Emperor’s command.

“Experts above the Dao Master level—be it the Mansion Masters of the 36 prefectures, experts of all clans, or solitary experts within Tang of the East—should settle their affairs and gather in Green Fire Palace in a year’s time!”

Tang of the East, as the largest country in the Void Continent, boasted a vast territory.

It took an enormous force to manage such a large country.

Yet, Tang Emperor had demanded all experts over Dao Master level in the country to head to Green Fire Palace.

Without Dao Masters playing deterrence in Tang of the East, the country would be a complete mess.

This fact was clear to both Tang Emperor and Emperor Xiao.

Even so, Tang Emperor still gave his order.

Emperor Xiao also implemented it without hesitation.

“Hurry! Dao Masters, settle your affairs immediately and gather in the imperial palace in a year’s time! Those who violate my order will be killed!”

Emperor Xiao’s order was decisive. No one in the country dared to disobey him.

Thus, all experts above the Dao Master level began to make their preparations.

Within a year, they were all gathered in the imperial palace and left for Green Fire Palace under Emperor Xiao's leadership.

The experts over the Dao Master level of the four top clans—Ancient Monster Clan, Blood Asura Clan, Python Clan, and Blood Phoenix Clan—were gathered in the Samsara Continent.

There were nearly a thousand of them hovering in the air, led by the leaders of the four top clans.

Some of the experts that had gone into seclusion were also present.

"The 266 Dao Masters and three Celestial Masters of our Ancient Monster Clan all here for the war!" Celestial Master Ku Xin said in a booming voice. His eyes were cold and grim.

"The 241 Dao Masters and four Celestial Masters of our Blood Asura Clan are all here!" The voice of Upper Elder of the clan, Su Qian, reverberated in the air. He was also the Teacher of Asura Lord, Su Rou.

"We're the Python Clan. Aside from a Dao Master who has taken 100 of our young clansmen into seclusion, all experts over Dao Master level all here!" the leader of Python Clan said.

"The whole Blood Phoenix Clan is here except for one Dao Master!" the leader of Blood Phoenix Clan said.

"The only distinction in this war is between the Green Fire World and the Jin Kingdom. Please bear that in mind." Ku Xin gave them a reminder.

The four top clans had engaged in never-ending conflicts, be it in the open or in secret, and even got into killing battles. However, they were now thoroughly united.

This was all for the Green Fire World!

"Go!"

With Ku Xin's order, the Celestial and Dao Masters of the four top clans immediately set off for Green Fire Palace.

The solitary experts on the Green Fire World also received the message about the war.

Inside a grand castle.

10 Protectors kneeled in front of Emphyrean Patriarch with reverence.

"I've always acted alone, away from anyone's influence or control."

"Green Fire Palace had repeatedly invited me but I turned it all down. But I can't say no this time!"

"When the Jin Kingdom experts arrive in 80 years, the entire Green Fire World will have to fight desperately or collapse forever. This is no other choice!"

"This war will determine the survival of the Green Fire World as well as my own. No cultivator of the Green Fire World will be able to avoid fighting in this war!"

"You've served under me for many years. Our chance of success is a mere 10 percent but are you willing to go to Green Fire Palace with me?"

Empyrean Patriarch looked at the 10 Protectors.

“We’re willing to!”

The 10 Protectors nodded as their loud voices resounded.

“Then, let’s go!”

## **Chapter 1202: Brothers Reunited**

No one could avoid this war, and neither would they want to.

Within just one year, various Dao Masters from different clans in the Green Fire World arrived at Green Fire Palace one after another.

“So many people!”

Floating above Green Fire Palace, Jian Wushuang was shocked when he looked down at the scene inside the palace.

Within the perception range of his Soul, he sensed that there were over 10,000 Dao Masters here and even more were on their way.

There were also over 100 Celestial Masters here.

Nearly all the powerful forces within the Green Fire World had gathered here.

“There are so many of them now, but how many would survive the war?” Jian Wushuang asked.

“Humph. It’d be fortunate if 10 percent of them even survived the war. If we lose, the whole Green Fire World will be destroyed and everyone here is doomed to die. The lucky survivors will have to go to Eternal Chaotic World,” Gu King replied.

“It’s dangerous there with countless bandits running rampant. If they wander around, it would be hard for even one out of 10 Dao Masters to survive. I estimate that only Celestial Masters would be lucky enough to survive.”

Jian Wushuang’s expression became sober. He clenched his fists and said, “Either way, we cannot lose the war!”

Just then, he spotted several familiar faces in the open space of Green Fire Palace. He immediately flew toward them.

Soon, he landed among the crowd.

“Uncle Xiao and Emperor Yun.”

He looked at the two men in front of him.

“Jian Wushuang.” Emperor Xiao looked at him with a smile.

“Brother Wang Yuan, Second Brother, and Fourth Sister are here too!” Jian Wushuang’s eyes shone with joy when he saw Wang Yuan, Yang Zaixuan, and Su Rou.

“Third Brother!” They greeted Jian Wushuang.

“We’ve gathered once again.” Jian Wushuang was once again reunited with his three siblings.

This was their first time gathering since Su Rou’s departure in the Ancient World.

Jian Wushuang, Wang Yuan, and Yang Zaixuan met often but Jian Wushuang was the only one to have met Su Rou as she was in the Samsara Continent.

Now that all the experts in the Green Fire World were here, there was no separation between continents and clans. Naturally, they were able to reunite.

“Brother Wang Yuan, why have you come for the war?” Jian Wushuang asked in confusion.

Only experts over the Dao Master level were qualified to participate in the war.

Yang Zaixuan had improved by leaps and bounds to become a Dao Master’s level in a short period of time. Furthermore, thanks to his powerful bloodline, his strength was close to rival Emperor Xiao’s.

Su Rou, Asura Lord of the Blood Asura Clan, was a formidable opponent. In addition, thanks to her Asura Eye, she commanded control over many experts. She was easily one of the main forces of Green Fire Palace.

Jian Wushuang sensed that Wang Yuan was still in the Eternal Realm, perhaps in the weak first or the second level.

Unfortunately, Eternal Realm experts could bring nothing to the table in this war.

Wang Yuan forced a smile. “I didn’t want to, but my master forced me to come here.”

“Your master?” Jian Wushuang was dumbfounded.

Just then, a weathered elder dressed in a grey frock walked toward them at a leisurely pace. He humbly greeted them. “Nice to meet you, Palace Master Wushuang!”

Jian Wushuang raised an eyebrow. “Alchemy Master.”

This was Alchemy Master Huo Qiong, Wang Yuan’s master. He was also acknowledged as the top alchemist in the Ancient World.

“Palace Master Wushuang, please call me Huo Qiong. I can’t bear the title of Alchemy Master in Green Fire Palace,” Huo Qiong said.

Jian Wushuang blinked and stifled a laugh.

Huo Qiong was renowned as the top alchemist of the Green Fire World but that was as far as his fame extended. There were countless monsters who had lived such long lives in Green Fire Palace. They had all made impressive contributions in refining elixirs, making formations, and forging weapons.

In elixir refinement alone, there were at least five who were more proficient than Huo Qiong.

Huo Qiong was well aware of this fact himself and thus requested to be addressed by name.

“Senior Huo Qiong, Wang Yuan is still in the Eternal Realm. Why did you send him here?” Jian Wushuang asked in astonishment.

“To be honest, I told him to come here not for the war but Dan Xin Palace!” Huo Qiong said.

“Dan Xin Palace?” Jian Wushuang was stunned.

Dan Xin Palace was the palace born on the battlefield, the one that triggered a ferocious war between Green Fire Palace and the Jin Kingdom.

Huo Qiong was also involved in the birth of Dan Xin Palace.

But no matter how hard everyone struggled, no one could claim Dan Xin Palace. The battle was fought in vain.

In the past few years, both Green Fire Palace and the Jin Kingdom had sent experts with outstanding achievements in elixir refinement to try but no one succeeded.

Just like that, Dan Xin Palace stood in silence on that battlefield.

“Senior Huo Qiong, are you planning to take the test of Dan Xin Palace yourself or send Brother Wang Yuan there?” Jian Wushuang asked.

“There were many stronger alchemists who had failed. I myself know I’m not strong enough for it, but my disciple might be able to do it,” Huo Qiong said.

“Brother Wang Yuan?” Jian Wushuang was even more puzzled.

How could Wang Yuan succeed when Huo Qiong and the other Celestial Masters who were good at refining elixirs had failed?

Jian Wushuang was truly skeptical.

“Jian Wushuang, let him have a go at it. Maybe there’s an opportunity waiting for him,” Gu King said.

Jian Wushuang was even more surprised. “Gu King, do you also think that Wang Yuan will pass the test of Dan Xin Palace?”

“I don’t know about others but I think that little fatty might stand a chance,” Gu King joked. “This little fatty is pretty interesting, isn’t he?”

“Interesting?” Jian Wushuang was confused.

Gu King snickered. “He refined himself into an elixir. Isn’t he interesting?”

“What? He refined himself into an elixir?” Jian Wushuang was aghast. “What do you mean?”

His face became somber.

Wang Yuan was his brother and one of few that he cared deeply about.

Gu King continued to laugh. “Take it easy. The little fatty will be fine.”

## Chapter 1203: Celestial Elixir

"If I'm not mistaken, the little fatty has indeed refined himself into an elixir. In other words, he's an elixir himself," said Gu King with a slight smile. "It is called the Celestial Elixir."

"Celestial Elixir?" Jian Wushuang was puzzled.

"It's a peculiar and rare elixir. Its greatest feature is that it has a spiritual nature. Once it's refined, it can directly transform into a person and can even cultivate itself just like human beings. Basically, it's not much different from humans."

"Your brother is no different from your father who is transformed from a Sword Spirit!"

"Your father is the reincarnation of a Sword Spirit while your brother is the reincarnation of a Celestial Elixir. He's a Celestial Elixir all along but it's just that he has just metamorphosized now." Gu King laughed.

"I see." Jian Wushuang was still in shock.

"Being an elixir itself, a Celestial Elixir has the blessed gift of refining elixirs. Given abundant resources and provided proper conditions, he can certainly be a top alchemist in the future!" Gu King added.

"But few Celestial Elixirs can be top alchemists in the Eternal Chaotic World. One reason is that they lack both the conditions and resources for cultivation. The other is that many cultivators covet these extraordinary Celestial Elixirs. If experts in the Eternal Chaotic World have one, their strength will improve significantly!"

"So, once found, a Celestial Elixir will probably be eaten alive by powerful cultivators!"

"Eaten alive?" Jian Wushuang was shocked.

"Look how scared the little fatty is. He's clearly worried that someone in Green Fire Palace will find out about his identity and swallowed him." Gu King jested.

Jian Wushuang looked at Wang Yuan and saw that the latter indeed look unhappy to be here. His eyes were full of anxiety.

"I did not expect his origin to be so special." Jian Wushuang's expression was strange and complex.

"Senior Huo Qiong, I'll personally escort Brother Wang Yuan to Dan Xin Palace," he said.

"Thank you." Huo Qiong smiled.

"It's my pleasure. Wang Yuan is my brother. If he can claim Dan Xin Palace, it's great news for the Green Fire World." Jian Wushuang smiled.

He then sent a message to Samsara Temple Master before setting off.

"Let's go, Brother Wang Yuan."

“Third Brother, do take care of me now that you enjoy a high reputation of a Palace Master,” Wang Yuan said unhappily.

“Rest assured that no one will hurt you as long as I’m here.” Jian Wushuang smiled.

Celestial Elixir could really bring immeasurable benefits to cultivators.

But it had no effect on the war. Besides, Wang Yuan was his brother. He would never allow harm to come to Wang Yuan.

He left with Wang Yuan at once.

Green Fire Palace was pretty far from Dan Xin Palace. It took them more than 10 years to get there.

“That is Dan Xin Palace. Go on and enter.” Jian Wushuang pointed at the golden palace floating in front of them.

The golden majestic palace had been floating there since it came into being.

Though both sides had sent experts who had made notable achievement in elixir refinement to claim Dan Xin Palace in the past few years, no one succeeded.

Wang Yuan raised his head to look at the palace. He swallowed uneasily before walking slowly toward it.

The door to the palace swung open when Wang Yuan neared and a chubby, bald elder stepped out.

The elder had a pair of small, mouse-like eyes. He was Dan Xin, the spirit of the similarly-named palace.

“Eternal Realm?”

The elder looked at Wang Yuan with contempt. In a scornful voice, he said, “You dare claim Dan Xin Palace when you’re just an Eternal Realm expert? Do you want to die?”

Wang Yuan froze for a moment but he could tell that the bald elder was just spirit. Undeterred, he replied, “You said one’s cultivation has to be less than 500,000 years and one has to have some achievements in elixir refinement. You didn’t say anything about realms!”

“Well, you’re not wrong that there’s no realm limitation. You’re free to try but the same rule applies. Dig up a million pounds of Black Iron and then we’ll talk,” the elder said with a face full of smiles.

“One million pounds?” Wang Yuan was shocked.

Behind him, Jian Wushuang’s face darkened. “Dan Xin, the war between Green Fire Palace and the Jin Kingdom is looming. I don’t have the patience to play with you. I give you two choices: either let my brother in and begin the test or I’ll kill you right now. Even if I can’t kill you, I’ll suppress you so you’ll never see the light of day!”

“You can try me if you think it’s a joke!”

Jian Wushuang looked cold.

The Jin Kingdom and Green Fire Palace both coveted Dan Xin Palace, which was why they left it here.

However, they had such a small chance of victory in the war. Their loss would spell the destruction of the Green Fire World. Put it this way, Dan Xin Palace was useless. He had every reason to destroy the palace lest the Jin Kingdom got its hand on it.

The elder immediately turned to look at Jian Wushuang.

“Jian Wushuang?”

The bald elder narrowed his eyes because he recognized Jian Wushuang. In the battle of Dan Xin Palace, Jian Wushuang’s performance was outstanding. In fact, he even bantered with Jian Wushuang.

He frowned, knowing that Jian Wushuang was not joking around.

“Oh well. If you don’t want to play with me, so be it. Come right in, young man,” the elder said.

Wang Yuan took a deep breath and entered Dan Xin Palace without hesitation.

The doors closed after Wang Yuan. Surprisingly, the bald elder walked toward Jian Wushuang.

He stopped right in front of Jian Wushuang.

“Jian Wushuang, you said Green Fire Palace is going to war with the Jin Kingdom? Tell me more,” the elder said.

The elder had lived a long and lonely life. Now there was someone to talk, he definitely would not let Jian Wushuang go.

Jian Wushuang merely spared him a glance with his cold eyes and nothing more.

To him, the bald elder was just an old madman and freak that he did not want to bother with.

#### **Chapter 1204: A Big Surprise!**

Jian Wushuang waited in silence outside Dan Xin Palace but he did not have to wait long.

In just half an hour, a powerful aura burst forth from the palace. The entire palace started shaking violently.

“What?” The bald elder was startled.

“Did he succeed?” Jian Wushuang’s eyes gleamed with delight.

“Celestial Elixir! That young man is a Celestial Elixir!” The bald elder’s eyes widened in shock. In an instant, he flew into the palace.

Jian Wushuang continued to wait until Wang Yuan came out. Wang Yuan waved his hand and the grand Dan Xin Palace immediately began to shrink. He then put it away in his body.

Wang Yuan then walked over to Jian Wushuang.

Jian Wushuang smiled at him. “Congratulations, Brother Wang Yuan.”

“It’s all luck.” Wang Yuan returned his smile and then handed him an Interspatial Ring.

“What’s this?” Jian Wushuang looked at the Interspatial Ring in confusion.

“These are elixirs that I got after claiming Dan Xin Palace,” Wang Yuan replied. “The test was something that the former owner of the palace left behind. Though I’ve passed the test, I could only obtain the elixirs on the first floor of the palace.”

“The first floor?” Jian Wushuang was puzzled.

“There are four floors inside. The higher the floor, the more precious the elixirs are. These elixirs are the ones with the poorest quality but I think they’ll be a lot of help to Green Fire Palace,” Wang Yuan said.

Jian Wushuang immediately took the Interspatial Ring and scanned it with his Soul Power. He was surprised and happy.

He was utterly stunned. “Life Elixirs! There are so many of them!”

The Interspatial Ring was filled with elixirs and most of them were Life Elixirs!

There were thousands of them inside!

Life Elixirs could help a Dao Master become a Celestial Master.

One pellet of Life Elixir could help foster a Celestial Master. Now, there were hundreds of them here.

“When Dan Xin Palace was born, the spirit of Dan Xin Palace intentionally threw out numerous Life Elixirs to attract experts. I knew then that there must be many more inside the palace but I didn’t expect there to be still so many.” Jian Wushuang’s body shook with excitement.

Besides Life Elixirs, there were Nirvana Elixirs of a higher level!

Nirvana Elixirs could help foster Universe Masters and there were dozens of them inside the Interspatial Ring.

Back then, Green Fire Palace and the Jin Kingdom had gone mad fighting over six Nirvana Elixirs. Many Celestial Masters had sacrificed their lives in that fight.

The number of other elixirs was also terrifying. The recovery elixirs were also particularly useful.

Together, all these elixirs were invaluable!

“This is great!”

Jian Wushuang tightly clenched his hands. “The main force of the Jin Kingdom is coming. The battle strength of our high-level experts is far weaker than that of the Jin Kingdom. With these elixirs, we’ll be able to produce thousands of Celestial Masters and even dozens of Universe Masters. What a great surprise!”

Surprise!

It was undoubtedly a big surprise!

“Brother Wang Yuan, thanks a lot!” Jian Wushuang said in a solemn voice as he looked gratefully at Wang Yuan.

He expressed his thanks on behalf of Green Fire Palace and the entire Green Fire World.

"We're brothers. There's no need to say thanks. Besides, I'm also a member of the Green Fire World. It's just that I'm too weak to fight with you, so this is all I can do," Wang Yuan replied.

"No one in Green Fire Palace can match you in what you have done," Jian Wushuang said. "Let's return immediately."

"Alright." Wang Yuan nodded.

Having obtained numerous elixirs from his brother, Jian Wushuang immediately returned to Green Fire Palace.

Once he returned to Green Fire Palace, he immediately summoned the other five Palace Masters.

The original bodies of these five Palace Masters were now back in Green Fire Palace, including Tang Emperor, Sunrise Sword Emperor, and Red Lotus who had left to clean out the base of Jin Kingdom. They had destroyed as much of the foundation of the Jin Kingdom as possible.

Inside a magnificent temple.

"Jian Wushuang, why did you summon us so urgently?" Void Temple Master asked in confusion.

"Of course, it's something important! It's also a great thing." Jian Wushuang looked at the five Palace Masters in front of him with a smile before taking out the Interspatial Ring that Wang Yuan gave him. "Take a look."

They promptly saw what was inside of the Interspatial Ring with their consciousness.

Their eyes widened.

"T-That many elixirs?" Samsara Temple Master could not help feeling shocked.

"More than thousands of Life Elixirs and dozens of Nirvana Elixirs!" Void Temple Master was equally as astonished.

"Jian Wushuang..." Tang Emperor stared at Jian Wushuang.

Jian Wushuang gave a slight smile. "This Interspatial Ring isn't mine. Brother Wang Yuan obtained it from Dan Xin Palace."

"Dan Xin Palace? You told us that you'd be escorting someone to take the rest. Was it your brother?" Samsara Temple Master asked.

"Yes." Jian Wushuang nodded. "He's not very strong but he's highly talented in refining elixirs. He succeeded in claiming Dan Xin Palace even though so many failed. Unfortunately, the limitations placed by the original owner of the palace meant that he could only obtain the first-level elixirs. They're all here."

"This is such great news!" Samsara Temple Master was extremely delighted.

"Jian Wushuang, your brother has done a great service to our Green Fire World!" Void Temple Master added.

“Yes, a great service indeed! It’s so much greater than ours!” Tang Emperor, Sunrise Sword Emperor, and Red Lotus were also thrilled.

These elixirs would significantly promote the battle strength of high-level masters in the Green Fire World. This would give them so much more leverage in the war against the Jin Kingdom.

“We also got some Life Elixirs and several Nirvana Elixirs in the fight over Dan Xin Palace. I’ve been pondering about how to distribute them. After all, there are many who could use them to elevate their strength but the elixirs are limited. If we don’t distribute them well, it would inevitably result in grudges.”

“That problem is now solved.” Samsara Temple Master laughed. “With so many elixirs, almost every Dao Master who is certain to make breakthroughs can get one!”

## **Chapter 1205: Stage Two**

“If each God-soul Elixir can foster a Holy Master, our Green Fire World will definitely have more than a thousand Holy Masters!” Samsara Temple Master exclaimed and clenched his fists in excitement.

“Besides, we also have the Nirvana Elixirs.

“A Nirvana Elixir pill can foster a Universe Master. During in the previous battle, we were only able to acquire four such elixir pills, which was not enough for us. Fortunately, now that we have several dozen Nirvana Elixir pills, every Holy Master at Exceptional Realm in our Green Fire World can have one. We can then give the remaining pills to other high level experts with great potential, in doing so, we’ll probably have ten more Universe Masters in our Green Fire World in the near future!”

The Samsara Temple Master’s words thrilled everyone present.

More than a thousand Holy Masters and ten more Universe Masters!

If Green Fire World has this kind of battle strength, they might have 20% or even 30% of winning, compared to just 10% before.

A 30% chance of winning is much more optimistic.

“Void and Tang Emperor, I will leave the distribution of these pills up to your discretion.” The Samsara Temple Master said.

“No problem,” the Void Temple Master and the Tang Emperor nodded their heads.

“Sunrise and Red Lotus, you will be responsible for teaching the formations, and making sure that each expert in our Green Fire World has mastered the military tactics for when the war comes.” The Samsara Temple Master said again.

“With pleasure,” the Sunrise Sword Emperor and Red Lotus said with confidence.

Their job was simply to teach the tactical formations. The ones who would be fighting in the war would be Dao Masters and experts at the highest levels. As Dao Masters, it would not be difficult for them to master tactical formations.

“As for you, Jian Wushuang... 20 years have passed already, and we only have 80 left. During the remaining time, you just need to focus on increasing your strength. If you need treasures, you can go to Fire Point Exchange Office directly. If what you need isn't there, tell me and I'll collect it for you.” the Samsara Temple Master looked at Jian Wushuang seriously.

“You're the strongest expert in the Green Fire World now. No one within the Green Fire World can compete with your strength. In the coming war, your strength will play a great role in the future of the Green Fire World. Therefore, the only thing you need to do now is focus on increasing your power.”

“I know.” Jian Wushuang nodded his head slightly. After a moment's thought, he continued, “I already have enough treasures to improve my battle strength. What I really need now is some Ancient God Power, as much as possible.”

“Ancient God Power?” the Samsara Temple Master lifted his eyebrows, saying with a smile on his face, “There's some remaining Ancient God Power in my Green Fire Palace. How much do you need?”

“Not too much, maybe around 2,000 drops.” Jian Wushuang said.

“Haha, I can give you 3,000 drops. You as much as you would like.” Samsara Temple Master said.

Jian Wushuang nodded.

Ancient God Power would indeed play an important role in his plans.

After all, he was an Ancient God himself, a four-star Ancient God of Imperial Kinsmen.

Ancient God Power contained the pure strength of an Ancient God, which Jian Wushuang could absorb completely.

However, he had tried to improve his strength with only a few drops before, which had little effect on his performance.

Now, with even more Ancient God Power, perhaps consuming all of it at once would succeed in increasing his power by a significant amount.

As a four-star Ancient God of Imperial Kinsmen, so he could reach the Four-star Peak Realm shortly after absorbing a large amount of Ancient God Power.

Only after reaching the peak realm of Ancient God, could he try to activate the stage-two power of the Blood-killing Plate Armor, as well as promote his own strength.

The stage-one power had increased his battle strength by 10 times, so he believed that once activated, the stage-two power could improve his strength even more drastically.

Without much delay, the Samsara Temple Master personally delivered the 3,000 drops of Ancient God Power he had promised.

Alone in a secret chamber, Jian Wushuang sat crosslegged with drops of Ancient God Power floating in front of him.

“Let's begin!”

Jian Wushuang gaze fixed onto a drop of power as he lead it into his body. In less than fifteen minutes, he had absorbed the entire drop.

When the drop had completely melded with his body, Jian Wushuang could feel that his power had increased slightly.

“There’s only 50 years left before the main force of Jin Kingdom is arriving. I must reach the peak realm of four stars during these years!” Jian Wushuang held his hands tightly and fierce gaze fell across his face.

“Keep going!”

Jian Wushuang continued to cultivate alone in this secret chamber as he had been for many years.

In the Green Fire Palace, the experts coming from all over the world were preparing for the final war.

All Dao Masters who had were extremely powerful and had a large chance of achieving a breakthrough into Holy Master received a Gold Soul Elixir. With the aid of the elixir, they all ascended to the status of Holy Master.

Only a few of the Holy masters also received Nirvana Elixirs.

At the same time, the Sunrise Sword Emperor and Red Lotus were focusing on training all the experts to master their tactical formations, trying their best to make the experts cooperate in a harmonious way.

Everyone was actively preparing for the coming war.

The 50 years sped by until there was only one year left before the Jin Kingdom’s arrival.

In the secret chamber.

Under the careful control of Jian Wushuang, another drop of Ancient God Power was absorbed into his body.

It was the 1,796th drop.

As its power spread through his body, Jian Wushuang started to tremble slightly. After a while, his body shook violently for a second and a strong aura spread around him.

“Peak realm of four stars!”

Jian Wushuang blinked with astonishment in his eyes.

He had reached the four-star Ancient God 1,500 years before. After consuming 1,796 drops of Ancient God Power, he finally reached the peak realm.

Then, he started to activate the stage two power of Blood-killing Plate Armor.

“Surely, I can also activate the stage two power of my armor.” Jian Wushuang was excited.

When he had become a Dao Master and his Ancient God Power had reached the four-star level, he found that he could not activate the stage two power of Blood-killing Plate Armor.

But now that he was at the peak realm of four stars could he might have just enough strength to activate it.

Jian Wushuang as he activated the second stage, power surged through him.

“Since the first stage of power increased my strength by 10 times, will this stage increase it by 20 times?”

## **Chapter 1206: The Arrival**

More than 20 Palace Masters of the Green Fire Palace gathered in a splendid hall within the palace.

80 years!

During the 80-year preparation for war, the force of the Green Fire World had greatly improved, with the help of Nirvana Elixirs and God Soul Elixirs.

The greatest change was the increased number of high level experts.

Eighty years ago, there had been only six Palace Masters with the battle strength of a Universe Master, including Jian Wushuang, in the Green Fire Palace.

Now there were 21 Palace Masters in the Green Fire Palace.

They had also managed to foster 15 Universe Masters during the short 80 years.

At this moment, all of the Universe Masters, including Holy Master Yun, were looking at the scene at the center of the palace.

At the center of the palace, the Portal that had been there was still present, but the Spaceship moving through it had come considerably closer. Under the anxious gaze of the experts, the Spaceship finally broke through the Portal and landed only the vast battlefield.

“It’s here! It’s finally here!” the Samsara Temple Master clasped his hands together

“The war to decide fate of our Green Fire World is finally here!” the Void Temple Master ground his teeth together in anticipation.

“We have been waiting for this moment for so long.” the Tang Emperor’s eyes were full of cold resolve.

80 years ago, when they first received information of the coming war, the Green Fire Palace was full of panic, and even the Palace Masters were shocked. Things were different now.

With 80 years of preparation and the help of all the elixirs they had obtained, the extent of the Green Fire World’s power had grown greatly, and they renewed confidence in their ability to win the war.

Now, some were even looking forward to the war itself.

“Everyone, settle down as we wait for the Jin Kindgom.” the Sunrise Sword Emperor said with a serious tone.

“We must all fight bravely in this war!” the Samsara Temple Master boomed.

One by one, the Palace Masters' eyes flashed with determination.

Suddenly, an expansive battlefield appeared within the void.

The ancient Spaceship soared across several plains with terrifying speed, screeching to a halt at the mouth of a secret canyon.

Whoosh!

The shadow of a figure flashed within a cave, deep inside the canyon.

"Red Snow welcomes my Lord."

The Red Snow King knelt in front of the Spaceship respectfully. Quickly, the shield surrounding the ship was unlocked and the Red Snow King stood to enter it.

At the center of the Spaceship, was a magnificent hall.

The handsome monarch of the Jin Kingdom wore a luxurious golden robe, and looked down at the Red Snow King kneeling in front of him.

"5 million years ago, I ordered you launch a sneak attack against our enemy. Unfortunately, your unit was sucked into the space storm and disappeared. This loss was a huge blow to the Jin Kingdom!" The monarch said coldly.

Hearing the tone of his sovereign's voice, the Red Snow King trembled.

"I would have executed you for your mistakes, but luckily for you, you found this hidden base after being drawn into the snow storm, which has contributed to the growth of the Jin Kingdom. Your merits offset your faults, but only by a little. I will not blame you for your actions anymore, so get up," declared the monarch.

"Thank you for your mercy, my Lord!" the Red Snow King quickly struggled to his feet, relieved.

"How is the fight going?" The monarch of the Jin Kingdom asked.

"Since our base near this battlefield was destroyed by the Green Fire Palace, the Palace Masters have continued to search for other bases from the Jin Kingdom, and have occupied them one by one. Almost all of our remaining experts have been killed by them already, and as of now, the force that we have at this battlefield is extremely weak," the Red Snow King answered.

"And what of Jian Wushuang? Did he manage to achieve a breakthrough during these 80 years?" The monarch of the Jin Kingdom asked.

The monarch of the Jin Kingdom didn't care about the loss of their camps or the growing number of Green Fire experts at all.

He only cared about Jian Wushuang.

He was the only one who could pose an actual threat to his life.

"Jian Wushuang..." the Red Snow King was silent for a while. He shook his head and said, "According to my spy in the Green Fire World, the Green Fire Palace has been preparing for this war for the past 80

years. As for any information on Jian Wushuang... he stays within the Green Fire Palace at all times, so I don't know if he has broken through.

"Jian Wushuang does have great talent in cultivation, and is even considered by many to be a monster. However, since he just had a breakthrough 80 years ago, I highly doubt that his strength has improved by much."

"Is that so?" The monarch of the Jin Kingdom lifted his eyebrow and waved his hand carelessly, saying, "Let's go, we will send a greeting to the Green Fire Palace."

Following his order, the Spaceship barreled toward the Green Fire Palace at an extraordinary speed.

The Spaceship's level was even higher than Jian Wushuang's, and any normal dangers that existed were easily avoided as they sped across the battlefield. Even the more dangerous areas were avoided with the help of the Red Snow King.

A few days later, the ancient Spaceship landed in front of the Green Fire Palace.

They were about 10 miles away from the palace itself.

"My Lord, the Green Fire Palace is located just ahead." the Red Snow King pointed in the direction of the palace and continued, "It's a huge Battle Fortress, but has been greatly damaged by our attack 5 million years ago. It can now only activate a few of its former tactics. Having said this, the Palace and its power as a Battle Fortress was the only reason why I did not achieve victory in our last attack."

"Battle Fortress." The monarch of the Jin Kingdom sneered and said, "I suppose it is still valuable to them even with all of the damages. But there is nothing to worry about, I have also prepared, and I have ways to deal with the fortress."

"Lord Jin Feng."

A calm and beautiful woman sitting by a table looked at the monarch and said, "Are you going to use your weapon to destroy the fortress?"

"There's no need to rush into things" The monarch of the Jin Kingdom dismissed her query with a flick of a hand and continued, "I have spent 5 million years preparing for this battle. It won't be fun for anyone if I just destroy the Green Fire Palace. I want to play a game with them first."

"Longxu!"

The monarch's voice boomed.

## **Chapter 1207: Challenge**

A massive figure, nearly three meters in height, entered the hall.

He wore a shining scarlet armor, a scarlet helmet and a pair of war boots and carried a blood-red saber on his back. This was a killing-machine. The murderous aura that surrounded him was so strong that one could almost see a glint of red in his eyes.

“My Lord.” The figure bowed to the monarch of the Jin Kingdom.

“I know that you’ve been looking for an opponent who could match your skills for a while. I’ve found such an opponent for you, right there within the Battle Fortress. His name is Jian Wushuang.” The monarch challenged.

“Jian Wushuang?” The scarlet figure raised his head, and asked, “Does he have the Invincible Universe Master battle strength?”

“Undoubtedly.” The monarch nodded his head.

“Amazing!” The scarlet figure in a dangerous tone, anticipation flickering in his eyes.

“Go. Kill him as soon as you have the chance to.” The monarch ordered.

“Yes, my Lord.” The scarlet figure nodded his head and turned to leave.

After the scarlet figure was gone, the monarch of the Jin Kingdom continued, “Red Snow, you can leave. I will give you your orders later.”

“Yes, my Lord.”

The Red Snow King left immediately.

In the Green Fire Palace, the massive Battle Fortress was activated, with numerous shields blanketing the palace, it was as solid as an iron bucket.

Meanwhile, the experts staying at the Battle Fortress of the Green Fire World had already taken notice of the Spaceship’s arrival.

“That is the warship of the Jin Kingdom.”

The experts of the Green Fire World were stared at the ship with anger and determination in their cold faces.

The war was about to start.

The palace masters gathered right at the center of the Void within the Green Fire Palace.

The Samsara Temple Master looked around, and said, “The Jin Kingdom has sent spies in our Green Fire World, so they must know we have gathered all the experts who have passed the rank of Dao Master. However, they might not know that we took elixirs from the Loyalty Palace, that have greatly elevated the battle strength of our high-level cultivators.”

“Now, the Jin Kingdom must think that our battle strength is about the same as before. They might think we only have six Palace Masters and around 200 Holy Masters.”

“We can use this chance to surprise the Jin Kingdom with a heavy blow!”

“Yes we can,” Jian Wushuang and the others all agreed.

The fact that the Jin Kingdom’s understanding of them hadn’t grown in 80 years was a huge advantage to them.

"The main force of the Jin Kingdom has arrived, but we have no clue as to when they will launch their attack" the Samsara Temple Master said.

"We don't have to worry about when they start their attack, we have already prepared," the Void Temple Master said seriously.

The Palace Masters around nodded their heads.

After 80 years, Green Fire World at present was well-prepared.

Suddenly...

A scarlet streak flew towards them from the direction of the Spaceship.

"Someone is coming!" Red Lotus said.

All the other Palace Master looked in the direction of the ship.

"They only sent one person?"

"What is he going to do?"

Shock filled the faces of the Palace Masters.

The red figure halted 10,000 miles away from the fortress.

The scarlet figure looked toward the Battle Fortress with blood and anger in his eyes, but no matter how he tried, he could not see who was inside the Battle Fortress due to the protections around it. But then, his horrible voice echoed out and spread across the vast distance.

"I am the first general of the monarch of the Jin Kingdom, Long Xu King!"

"Jian Wushuang, do you dare to battle with me in a fight to the finish?"

His challenge spread through the Fortress, surprising all the experts inside.

"Is he challenging someone?"

"He came alone?"

"Did he challenge Palace Master Wushuang?"

"Palace Master Wushuang is the most powerful man in the Green Fire World. This man is just asking to die!"

Voices filled the Battle Fortress, and most of the Dao Masters around the edge of the Palace were clumped together to discuss the sudden appearance of the lone scarlet figure, Long Xu King.

In the gathering of Palace Masters at the Void,

Animosity toward the Long Xu King was written clearly across their faces.

"He dares to challenge Jian Wushuang?" the Samsara Temple Master frowned slightly and said, "Jian Wushuang is the best expert of our Green Fire Palace and widely recognized as a prodigy. He could be

considered the backbone of our Green Fire World. But even before the war has started, the Monarch of the Jin Kingdom dares to issue a challenge to him?”

“Hmm. The Jin Kingdom Monarch seems to have a plan”

Jian Wushuang narrowed his eyes.

He and the other experts sensed a motive behind the monarch’s actions.

The challenge from the Long Xu King seemed normal at first, but there was definitely more to it.

After all, he was challenging Jian Wushuang, the spiritual backbone of the Green Fire World. If he failed in this challenge, their morale would suffer a heavy blow.

If the best cultivator on their side couldn’t beat a lowly general from the Jin Kingdom, what damage could the Dao Masters or even the Holy Masters do? During the 80 years, the Samsara Temple Master had tried his best to build their confidence, but he worried that this one challenge might destroy all his efforts.

And even if Jian Wushuang managed to beat the general, the outcome wouldn’t have a negative effect on the Jin Kingdom’s morale. Their monarch was even more powerful than this general that they had sent.

“Their strength is far superior to ours, but the Jin Monarch is still choosing to attack us in stages to harm our morale. What a prudent man!” Temple Master Void said.

“It said that the Long Xu King is the best general under the monarch, and he can even compete with the Red Snow King. Judging by this, he is almost unbeatable. Jian Wushuang, will you accept his challenge?” the Samsara Temple Master asked of Jian Wushuang.

The other Palace Masters around also looked to him.

Jian Wushuang thought for a moment and nodded his head, “I will accept!”

“You will?” the Samsara Temple Master was a little bit shocked.

“Our enemy has come to our territory to issue a challenge. If I don’t face him, our morale will be greatly influenced, so I have no choice but to fight him!” Jian Wushuang said resolutely.

“Are you sure you can win?” the Samsara Temple Master frowned.

“Win?” Jian Wushuang smiled, “Of course!”

## **Chapter 1208: Long Xu King!**

“Are you sure?”

The eyes of Samsara Temple Master and the Palace Masters around shone immediately.

“Guys, I just go ahead.” Jian Wushuang clasped his hands together toward these Palace Masters.

"I will order everyone to get ready for the battle. As for that Long Xu King, we are waiting for your good news!" Samsara Temple Master said seriously.

"Hmm." Jian Wushuang nodded his head. Then, quick as a flash, he moved toward the Void where Long Xu King was located.

Passing through the Restrictions above the Battle Fortress, Jian Wushuang showed up in front of Long Xu King after a short while.

His appearance caused an uproar in the cultivators inside the Battle Fortress.

"It's Palace Master Wushuang!"

"Palace Master Wushuang accepts the challenge!"

"Hum, let's see how miserable that Long Xu King will be."

Numerous Dao Masters started to expect what would happen next.

In the Void—

"Long Xu King?" Jian Wushuang said in a cold voice.

He was shocked when getting close to Long Xu King.

*"His Killing Intent is so horrible. He doesn't seem like a human, but more like a killing machine."*?Jian Wushuang thought.

Wave after wave of coldness surged out of Long Xu King's eyes as Jian Wushuang showed up.

"You are that Jian Wushuang? Just a Dao Master?" Long Xu King asked in a cold tone.

"Yes, you're right. But it's sufficient to kill you with my strength." Jian Wushuang said.

"Hum, how arrogant you are!" Long Xu King sneered and said, "I have followed my monarch to go to wars for nearly 10 million years and have killed uncountable Universe Masters. I have even encountered three Invincible Universe Masters during these years!"

"And I fought all of them face to face!"

"I won every battle and have even directly killed two of them!"

"You, however, are the fourth expert that I've encountered who possesses the battle strength of an Invincible Universe Master!"

"Show me all your strength. Or else you will follow in the footsteps of the other two Invincible Universe Masters!"

Long Xu King stressed every word. His voice reverberated throughout this space and even traveled to the Battle Fortress.

The expressions of the experts in the Battle Fortress changed as they heard those words.

"Long Xu King is an Invincible Universe Master as expected!" Tang Emperor said coldly.

“Besides, he must be one of the strongest Invincible Universe Masters. If what he has just said is true, his strength must be quite terrifying. I wonder whether Jian Wushuang could fight him head-on.” Samsara Temple Master had a worried look on his face.

The other Palace Masters also felt oppressed.

If Jian Wushuang failed in this challenge, the morale of the experts in the Green Fire World must degenerate greatly.

In the Battle Fortress, many experts of the Green Fire World became quite.

“Jian Wushuang.”

“My third brother!”

Emperor Xiao, Emperor Yun, and Jian Wushuang’s three good brothers all gathered there, clenching their fists tightly and staring at that Void.

“My Junior Brother!”

Jian Wushuang’s three Senior Brothers—Xue Lingtian, Purple Mountain, and Bai Hu also stayed at a corner of the Battle Fortress.

They were all Dao Masters, so they naturally join the Green Fire Palace. Over the past 80 years, they had several reunions with Jian Wushuang indeed.

And another three figures stood not far away from them.

They were the Sect Masters of the Firmament Territory’s three magnates.

The three Sect Masters had come into contact with Jian Wushuang. Back then, Jian Wushuang lived in the Firmament Territory and he was merely a little boy in their eyes. They had not expected to see him becoming an expert who they should look upon after thousands of years.

Though plenty of high-level experts of the Green Fire World gathered in this Battle Fortress presently, Jian Wushuang was their real spiritual backbone.

How about these three Sect Masters?

They were just normal soldiers in this war.

As a result, they could not help sighing for being fooled by the fate.

At another corner, Empyrean Patriarch stood there and had mixed feeling as he looked at the figure at the end of his line of sight.

“Jian Wushuang, you have killed my son and are my sworn enemy. I wish to peel off your skin and drink your blood! However, today’s war determines the life and death of the Green Fire World. I hope you could win!”

“Win!”

“You have to win!”

“Palace Master Wushuang, you must win!”

Numerous experts of the Green Fire World shouted in their minds.

In that Void, Jian Wushuang’s expression was peaceful, but he could not relax his vigilance for any moment.

His eyes rolled slightly and glanced at the Battle Fortress behind him. It seemed that he could see the expectant faces of many cultivators through the Restrictions.

He took a deep breath and lifted his head again. There was a touch of firmness in his eyes that had never been seen before.

“I must win this challenge, and it has to be a nice victory!”

“Let’s fight!”

Jian Wushuang screamed out and the Blood Mountain Sword appeared in his hand.

“Haha... Even my monarch appreciates your supper talent, so come and let me see what are you capable of!” Long Xu King burst into laughter.

Then, he took a huge step forward.

The Void under his feet immediately turned into powder as he unsheathed the blood-red saber on his back.

“Blood Shadow Dao!”

Long Xu King’s thunderous shout shook the heaven and earth. The blood-red saber in his hand transferred into a horrible, blood-red Blood Shadow.

It seemed to have come from the hell and could destroy everything into ashes.

Boom~~~ The heaven and earth turned dark. With unstoppable Killing Intent, the Blood Shadow locked Jian Wushuang up completely.

“A unique skill?” Jian Wushuang was a little bit shocked.

Long Xu King unleashed a unique skill for his first attack and its power was absolutely out of the ordinary.

“Humph!”

Jian Wushuang snorted and also stepped forward. At the same time, he held his Blood Mountain Sword up high.

The whole heaven and earth became totally dark.

Darkness and quietness reigned this area.

Suddenly, a flash of sword light shone. It was so dazzling that it seemed like the Dawn Light.

It was another unique skill—the Dawn Light!

Jian Wushuang directly swung his blade at his foe.

One unique skill was facing the other!

A flash of sword light and a blood shadow collapsed fiercely.

The impact of this collision could be compared with the clash of two fixed stars.

Bomb!

A booming sound resounded throughout this area, as if the heaven and earth cracked.

At the center of the collision, space was totally torn into pieces like scraps of papers, spreading around 100 miles away immediately.

The effective range of this collision got involved in a space storm.

The space storm contained a horrible shearing force, which could easily tear Dao Masters or even Celestial Masters into dust.

### **Chapter 1209: Do the best**

Silence!

The whole Battle Fortress fell into silence.

Everyone looked at what had happened in front of them with horrified expressions on their faces and they felt scared about the space storm which had spread over tens of thousands of miles far.

“Too strong, they are too strong!”

Many cultivators felt their throats getting dry.

Except for Samsara Temple Master, Void Temple Master, and a few high-level experts, even those Palace Masters who had newly become Universe Masters with the help of the Nirvana Elixirs felt frightened and panic.

Although they were Universe Masters just like the two combatants, either Jian Wushuang or Long Xu King was far more powerful than any of them.

“No, Jian Wushuang is at a disadvantage.” Samsara Temple Master said as his pupils contracted.

The other Palace Masters concentrated their attention on the battle as well.

As expected, when the two unique skills were unleashed in a head-to-head battle, Jian Wushuang was obviously the underdog. He rolled backward under the attack of the blood shadow.

“Haha, let’s continue!”

Long Xu King’s crazy laugh resound through this space. Although he was affected by the impact of the clash, he just stopped for a short while before launching another attack again.

However, Jian Wushuang was still retreating. Before he regained his balance again, Long Xu King had arrived in front of him.

“Blood Mountain Dao!”

Long Xu King screamed and his figure descended from the sky like an eagle. He brandished his blood-red saber again.

This strike was of great momentum. His saber turned into a huge blood-red mountain that came crushing down upon Jian Wushuang with great strength and horrible pressure.

Hum~~~Under the pressure of the saber shadow, Jian Wushuang felt that all of his bones were going to be crushed.

*“Is it another unique skill?”*?Jian Wushuang was shocked.

Long Xu King indeed had incredibly powerful strength given that he had defeated three Invincible Universe Masters before. Surprisingly, he was even able to create two unique skills by himself.

“Humph!”

Jian Wushuang snorted. Since he had not stood firmly, he did not have enough time to use his Dawn Light to resist his opponent’s attack. The only thing he could do was to hold his Blood Mountain Sword up high.

Clang!

A muffled sound rang out as an overwhelming and mighty power came crushing down upon Jian Wushuang.

Jian Wushuang’s body shook and he let out a muffled voice. Then, he fell to the ground like a falling stone.

Bomb!

There was a huge sinkhole with a 1,000-mile radius appeared on the ground where Jian Wushuang’s body landed. It was bottomless and was at least hundreds of feet deep.

The expressions of the Green Fire World experts in the Battle Fortress changed as they saw the scene.

Long Xu King was still quietly floating in the Void above the fortress, looking down the hole below.

“Trash!”

He shouted in a cold voice.

“My monarch said you’re a genius. Now, however, you’re nothing in my eyes!”

“You’ve barely risen into the Invincible Universe Master Level. As such, you’re much weaker than the three Invincible Universe Masters I’ve met before.”

“I was thinking that you should be a good opponent. Jian Wushuang, you totally fail me!”

Long Xu King's ironic words echoed around this space. Upon hearing his words, the faces of the experts from the Green Fire World turned pale.

Right at this moment... Bang!

Suddenly, a horrible blast of Sword Essence burst out from the bottom of that sinkhole. A figure flew out directly and showed up in front of Long Xu King again.

With a blob of blood left on the corner of his mouth, Jian Wushuang was in a sorry fashion. However, his aura had not weakened.

"Long Xu King." Jian Wushuang said while looking at him.

"Huh?" Long Xu King looked indifferent.

"It seems that I have thought too much of you. You have unleashed all your skills, haven't you?" Jian Wushuang shook his head and sighed.

"What?" Long Xu King's eyes looked cold.

Just now, he considered Jian Wushuang as a trash who had failed him. Now, however, Jian Wushuang satirized his strength on the contrary.

"Boy, can you only win by your words?" Long Xu King snorted.

"Huh?" Jian Wushuang laughed and continued, "You'll know that soon enough."

When he was speaking, the power of the Blood Mountain Sword he held enhanced a little bit.

"Jian Wushuang, you finally intend to go to any length?" Gu King's voice suddenly sounded.

"Of course." Jian Wushuang smiled and answered, "I need to win this challenge, in a smooth and neat way. By this, the morale of the experts in our Green Fire World can skyrocket again."

"But I didn't know Long Xu King's true strength before. Therefore, it was too difficult for me to defeat him decently."

"Now, however, I have figured out what he is capable of. Thus, it's time for me to show him my true strength."

Jian Wushuang was chatting with Gu King in his mind, but his eyes turned extremely cold.

"Kill!"

Jian Wushuang shouted and dashed outward.

"Ridiculous! I'll see what you can do!" Long Xu King's eyes turned grim and he moved forward swiftly as well.

Right at the moment when he was about to crash into Jian Wushuang, he brandished his blood-red saber again.

"Blood Fire Dao!"

The blade light landed as blood-red flames covered the whole sky. For a second, the Void with a 1,—miles radius turned into a sea of fire.

Long Xu King, however, was the dominator of the sea of fire.

*“Is it still a unique skill?”* Jian Wushuang lifted his eyebrows.

Long Xu King had displayed two unique skills before, and now he unleashed the third one.

It was really awesome for a Universe Master to create three unique skills.

“No matter how many unique skills you have created, they are of the same power!” Jian Wushuang sneered and lifted the Blood Mountain Sword.

The whole area fell into darkness once again.

As expected, it was also the Dawn Light.

When he saw the scene, a touch of disdain flashed through Long Xu King’s eyes.

He had experienced this blow just now. Though it was an authentic unique skill, its power was really ordinary.

Each one of the three unique skills he had created could outclass Jian Wushuang’s in terms of power.

“The same person employs the same swordsmanship will lead the same result!”

Long Xu King shouted. The raging blood-red fire suddenly formed into a huge wave, rolling toward Jian Wushuang madly.

Unexpectedly, Jian Wushuang’s mouth twisted in a contemptuous sneer.

When he activated the Dawn Light swordsmanship, the abundant Ancient God Power inside his body was totally unleashed.

Jian Wushuang activated the Four-star Ancient God Power with the aid of his Spiritual Power. The most important was that he aroused the power of Stage Two Blood-killing Plate Armor at the same time.

Of course, when fighting against Long Xu King previously, he had only triggered its Stage One power. But now, he did his best.

It seemed that there was only a slight difference between the Stage One power and the Stage Two’s, in fact, it enabled Jian Wushuang to exert a power that was ten times more powerful than his original one.

Therefore, when Jian Wushuang unleashed the Dawn Light swordsmanship with all his strength, its power became several times greater than the last time!

## **Chapter 1210: Victory!**

“Boom!”

Following the terrifying explosion, the endless sea of fire that spanned hundreds of thousands of miles blew up.

The sea of fire was cleaved in half and the burning flames subsided to reveal a huge tunnel in the middle.

A cold sword light split up the sea of fire and obliterated all the obstacles in its way. It slammed violently into Long Xu King without losing any of its power.

“What?” Long Xu King’s eyes widened in bewilderment.

Both of them used the small but how could their disparity in power be so striking?

“Bam!”

The sword light hit Long Xu King’s scarlet armor. Though the armor was a great defensive treasure that managed to weaken the power of Jian Wushuang’s attack by 80 percent, the remaining power still hurt him.

“Pfft!”

Though Long Xu King had a strong body, the remaining force in Jian Wushuang’s attack still caused him to spit out blood. He was sent tumbling backward in a miserable condition.

Just then, a ghost-like figure appeared in front of him. It was Jian Wushuang.

The grim-faced Jian Wushuang exuded a startlingly potent killing intent. Majestic power was converging on his right index finger.

That was the Ancient God Power.

“Third Finger of the Ancient God, World-shattering!” Jian Wushuang roared.

He then pointed his right index finger that harbored an intense force at Long Xu King.

“Buzz!”

The spectral image of a golden-armored Ancient God, about a hundred feet high, appeared in the sky.

The spectral image of the golden-armored Ancient God overlooked all living creatures. He gradually lifted his strong right arm and pointed his finger at Long Xu King. With a cracking sound, the space around them was crushed into pieces.

The space that spanned hundreds of thousands of miles turned into fine dust as the Ancient God pointed.

The horrible power would even startle Universe Masters.

This was the Third Finger, a skill unique to the Ancient God Clan!

Now that he had become a Four-star Ancient God of Imperial Kinsmen, Jian Wushuang could finally unleash a hint of this power.

The Third Finger had the power to shatter worlds!

“No!”

The terrified Long Xu King could not stop his momentum as he was sent flying backward. Neither could he put up any form of resistance. He watched helplessly as the giant gold finger came closer to him and finally hit him.

The tremendous Ancient God Power bombarded Long Xu King.

The finger continued to hit him until it pressed his body to the ground in the same manner a giant would crush an ant.

“Crash!”

The endless ruins below abruptly exploded, creating a sinkhole that was thousands of meters deep and hundreds of thousands of miles wide.

Long Xu King lied at the bottom of the sinkhole. No sound came from him. It was hard to tell if he was alive or dead.

“Buzz!” The giant gold finger plunged.

The spectral image of the golden-armored Ancient God gradually vanished, restoring calm in the world.

The entire Battle Fortress fell into silence.

The silence, however, lasted only for a brief moment before a violent noise resounded.

“He won! Palace Master Wushuang won!”

“Haha! He’s truly the strongest expert in the Green Fire World! He’s so powerful! So powerful!”

“Humph! Didn’t Long Xu King say Palace Master Wushuang’s strength is disappointing? Didn’t he call Palace Master Wushuang a loser? Haha! Go on! I dare him to keep spouting that nonsense!”

“It’s obvious that Palace Master Wushuang didn’t go all out. He probably just used very little of his power and that was why he was temporarily defeated. Kong Xu King thought he would win. What a joke! Palace Master Wushuang defeated him twice with his full strength and now he was almost killed. That was a great victory!”

Inside the Battle Fortress, the Green Fire World experts caused an uproar.

“We won!”

The eyes of the other Palace Masters, including Samsara Temple Master, gleamed.

“Haha! Did you all see that? That’s my Junior Brother!” Bai Hu, Jian Wushuang’s third Senior Brother, cackled among the crowd.

Xue Lingtian and Purple Mountain who stood next to him were also pleasantly surprised.

Their reactions were very different from the reactions of the many Jin Kingdom experts who were also watching the battle from inside the ancient Spaceship.

Like the Green Fire World experts, they had also seen the outcome.

“Did Long Xu King lose?”

“He’s the strongest Universe Master in our kingdom and has never lost to another Universe Master since he began serving our Monarch! He even defeated the strongest Universe Master from hostile forces more than five million years ago. How could a Dao Master defeat him?”

“I heard Jian Wushuang has been cultivating for less than 5,000 years. He really is a genius.”

“Less than 5,000 years? Is he that unbelievably talented?”

The Jin Kingdom experts were in shock.

Even so, Long Xu King’s defeat did not dampen their morale.

After all, their Monarch was their real backbone. It would take their Monarch’s defeat to deliver them a truly crushing blow.

The Jin Kingdom had seen a great many powerful enemies since its establishment but its monarch had remained undefeated.

The Monarch of the Jin Kingdom was the real God of its people.

The Monarch of the Jin Kingdom also had a clear look at the battle from the grand palace, which was the core of the Spaceship. There was an unwitting faint smile on his face.

“Jian Wushuang has made such great progress in only 80 years. That’s impressive.” He sighed in admiration. He then turned to look at the aloof girl standing below the platform.

“Jiu Xi, isn’t there a genius in your Sect? Who’s stronger, he or Jian Wushuang?” he casually asked.

“My Senior Brother is stronger in terms of raw strength but Jian Wushuang is surely talented to show that sort of ability in an isolated place like the Eternal Chaotic World. I don’t think that he’s weaker than my Senior Brother,” she replied.

“Oh?” The Monarch of the Jin Kingdom frowned. “It’s unfortunate that your Senior Brother isn’t here. I’d love to see him fight Jian Wushuang.”

“Lord Jin Feng, how can you joke around when you don’t even know if your top fighter is still alive? Shouldn’t you think of a countermeasure?” Jiu Xi asked, smiling faintly at him.

“You wanted Long Xu King to either defeat or kill Jian Wushuang to demoralize Green Fire Palace. That way, you don’t even need to use what you’ve prepared for this war to destroy them.”

“It seems that your plan has fallen through.”
