

Swordsman 1261

Chapter 1261: Action

“Lin Dong, although the commander let us give Jian Wushuang more chances to practice, it’ll be too hard for him to fight Universe Master Bei!”

Mo You looked at Lin Dong and said, “Universe Master Bei is the first Universe God in Red Water Alliance. Based on his strength, only you, the top Divine General in Scarlet Island, are able to defeat him. Jian Wushuang just left his hometown and hasn’t got enough experience to battle with Invincible Universe Masters. It’s a joke for him to fight Universe Master Bei.”

“Isn’t that even better?” Lin Dong laughed. “He just left his hometown and hasn’t met any ideal opponents. Now, he is too proud, so I want to teach him a lesson. In the Eternal Chaotic World, there are thousands of experts. When we just got here, the commander also challenged us a lot, didn’t he?”

“That’s true.” Mo You nodded, “In this case, let him learn a lesson first, but we need to be cautious. If he can’t keep up, then we need to take the action. Otherwise... if he is killed by Universe Master Bei, we will be in a big trouble.”

“Don’t worry, everything is under control” Lin Dong was very confident.

While Lin Dong and Mo You were supervising, Jian Wushuang flew into the city.

“Invincible Universe Master.”

Jian Wushuang stared at Universe Master Bei who was in the battle. His eyes turned cold, “Lin Dong is right. Before when I stayed in the Green Fire World, although I fought the experts from the Jin Kingdom, I indeed lacked killing experience. It’s time for me to practice!”

“Although Universe Master Bei is a Universe Master, his sledgehammer skills and unique skills are barely acceptable for me to practice my swordsmanship.”

Jian Wushuang made a decision in his mind.

He would conceal his strength and only rely on his swordsmanship in the fierce battle. When it was the right moment, then he would quickly kill him.

In an instant, Jian Wushuang showed up in the center of the battlefield.

“The bastard from Scarlet Island, go to hell!”

Universe Master Bei’s eyes were scarlet, and his face looked evil and horrible. His scarlet sledgehammer madly smashed out. Many Universe Master around him were already dead. When Jian Wushuang appeared, he did not even pay attention and smashed his hammer towards him.

“Humph!”

Jian Wushuang snorted and exploded with Universe Master power, waving his Blood Mountain Sword.

Without any swordsmanship, the sword collided with the sledgehammer.

Snap!

Following the explosion, a Scarlet Thunderbolt shot out from his sledgehammer. It flew to a pavilion, and the pavilion was smashed to pieces instantly.

After retreating for dozens of meters, Universe Master Bei raised his head and looked at Jian Wushuang.

“Invincible Universe Master.”

“You are the Divine General from Scarlet Island?”

Universe Master Bei stared at Jian Wushuang with his cold eyes and groaned, “There are six Divine Generals in the Scarlet Island, but I haven’t met you. Who are you?”

“Jian Wushuang, the Seventh Divine General in the Scarlet Island!” Jian Wushuang answered.

“The Seventh Divine General?” Universe Master Bei instantly realized that Jian Wushuang had just become a Divine General. He was furious and roared, “A new Divine General who dares to challenge me alone is asking for death!”

As his voice died, Universe Master Bei suddenly stepped out.

Unlike when he was killing the sergeants, Universe Master Bei exploited his full strength when he realized Jian Wushuang was an Invincible Universe Master.

Grand aura emitted from his body, full of endless killing. It turned to a dark cloud and enveloped Jian Wushuang.

The oppressive force was absolutely enough to make an ordinary Universe Master feel scared. Even a Peak Universe Master would feel terrified. However, when Jian Wushuang was under this pressure, he looked calm. When Universe Master Bei was coming towards him, he immediately joined the battle.

“Little kid, go to hell!”

Universe Master Bei was full of Killing Intent, and his scarlet sledgehammer turned to a scarlet Thunderbolt.

The Scarlet Thunderbolt flew through the Void and appeared in front of Jian Wushuang.

Jian Wushuang waved, and then his Blood Mountain Sword turned into a beam of Flowing Light.

Clang!

These two attacks collided, and an anti-shock force was sent to Jian Wushuang, forcing him to frown.

“*This Universe Master Bei is quite strong,*”?Jian Wushuang chuckled inwardly, but his power then skyrocketed, and he exploded with power.

Ten percent...

Jian Wushuang owned the Inverse Cultivation of combining three strongest Sword Principles. Also, he was the Four-star Peak Ancient God from the Imperial Kinsmen. Without using the Blood-killing Plate

Armor, his strength could already compete with the ordinary Universe Gods. Even only using ten percent of his strength still made him slightly better than Invincible Universe Masters.

Bang!

His swordsmanship exploded.

Universe Master Bei was still very arrogant. His scarlet sledgehammer turned into lightning and started the attack again.

These two people were having the war in this city. The strong power flew out and terrified the sergeants and experts. Soon, they all ran away.

Outside the city, Lin Dong and Mo You who had been waiting there were shocked when they witnessed this.

“Didn’t he just leave his hometown? Didn’t he have no experience in battling with Invincible Universe Masters?” Mo You was stunned. She knew how strong the Universe Master Bei was. Ordinary Universe Master were not match for him, not even her.

But now...

“Jian Wushuang is able to fight Universe Master Bei?” Lin Dong frowned, “Universe Master Bei’s power is far stronger than an ordinary Invincible Universe Masters’. How is Jian Wushuang able to confront him?”

Lin Dong had fought Universe Master Bei before, and he was only slightly better than Universe Master Bei.

However, he had used his speed and skill to win.

Universe Master Bei was good at strength, and Lin Dong knew he was not as good as his, but now Jian Wushuang dared to confront him and still was not defeated?

In the battlefield, Jian Wushuang and Universe Master Bei had a half-hour fierce battle with no sign of defeat.

Jian Wushuang also noticed that the Universe Master Bei was already exploiting his full strength.

“He has done the best, but still can’t force me to use more strength?” Jian Wushuang shook his head.

“The game is over!”

Jian Wushuang started another attack.

Chapter 1262: Three Months

Weng!

A raging wind carrying dense sword shadows blew violently to Universe Master Bei.

“Spell of Disturbance!”

As a light of killing intent flashed in Jian Wushuang's eyes, the sword lights covered Universe Master Bei with an overwhelming Soul Attack behind each of the light.

If Jian Wushuang only used one-tenth of his power in the move, Universe Master Bei might be able to withstand the attack.

However, Jian Wushuang's move was a perfect combination of Spell of Disturbance and Soul Attack.

The moment the sword light flashed, the Soul Attack behind it crushed to Universe Master Bei.

As a Universe Master, he could barely take it and immediately gave up struggling. Covered by the countless sword shadows, he was crumbled into pieces before he could even let out a scream.

As the Soul Attack had made no sound, the onlookers all thought that Universe Master Bei was killed by Jian Wushuang's swordsmanship.

Losing their leader, the remaining experts of the Red Water Alliance in that city lost their morale and was eradicated by the soldiers of the Seventh Army in a short while.

After killing Universe Master Bei, Jian Wushuang returned to the void outside the city.

"Gentlemen, I didn't let you down." Jian Wushuang voice was loud and clear.

Lin Dong and Mo You looked at Jian Wushuang with a strange expression.

Before when Jian Wushuang and Universe Master Bei were equally matched, it had surprised them. Now, they were even more surprised that Jian Wushuang actually managed to kill the master.

"Universe Master Bei is so powerful that though I can defeat him by a neck, it will take me a lot of effort to kill him. However, you have just killed him on your own." Lin Dong squinted his eyes.

"I was lucky. I had fought with him hard-on-hard at first, but later, I changed my strategy. I improved my speed to the extreme and therefore launched an unexpected attack. Universe Master Bei could barely dodge it and was killed." Jian Wushuang answered with a smile.

"Is that so?" Lin Dong and Mo You exchanged a glance at each other. They all thought that there was something fishy about Universe Master Bei's death; otherwise, that master should not have been suddenly killed in a close fight.

They nodded at Jian Wushuang's explanation but were full of doubt in fact.

"Now, since Universe Master Bei was dead, the only leader of the Red Water Alliance will be their Young Master, Gu Nan. Though he is a Universe Master as well, he is no match for even Universe Master Bei. As long as he dares to show up, any of us three can kill him." Lin Dong sneered.

Jian Wushuang and Mo You also showed a smile at the words.

In less than half a day, the sergeants of the Seventh Army wiped off all the remaining experts of the Red Water Alliance in the city.

After that, Jian Wushuang and other two Divine Generals led the Seventh Army to the second city under the control of the Red Water Alliance.

With the fall of the Universe Gods, the Red Water Alliance existed in name only, and its power was crumbled. Many Universe Masters and Holy Masters withdrew from the alliance, leaving it with only a few loyal men.

Led by Universe Master Bei, those loyal people had fought against the Seventh Army in the first city. Now, without that master, they could barely organize another resistance again.

Therefore, they would be easily eliminated.

In fact, it only took Jian Wushuang and his army no more than two hours to wipe off all the remaining experts of the Red Water Alliance in the second city and set off again.

Three months passed in the blink of an eye.

The headquarters of the Red Water Alliance was in a city named Red Water City—the core place of the alliance.

At that moment, in a hidden underground palace in the Red Water City, two figures sat together chatting.

“Just in three months, the Scarlet Island had swept over the cities under our control. This city the last city they yet to come. During those days, few of our Universe Masters and Holy Masters survived their massacre. Even Universe Master Bei was killed by them.

“Bastard! “Bastard!

“Damn the Scarlet Island!”

One of the two figures was a young man dressed in a luxurious golden robe. He clenched his hands and snarled in a rage with a grave expression.

His handsome face was twisted with hatred.

“Alas!”

On hearing the young man’s roars, the other man, a humpbacked, black-robed elder, sighed before saying, “The Scarlet Island is so powerful that none could contend with it in our region except for the Dayu Palace, Golden-sun Sect, and Holy Prefecture. Our alliance is too weak when compared with it.

“We shouldn’t have combated with it for benefits before!

“We shouldn’t.”

The elder kept shaking his head as he spoke.

“There is no use for us to regret now.” the young man shouted in a low voice.

“You’re right.” The black-robed elder looked at the young man and continued, “Young Master, we should leave the Dayu Region as soon as possible. I have everything prepared for us in the somewhere else.”

“Leave?” The young man trembled and asked, “Elder Li, are we really going to leave here?”

“The Dayu Region has no place for us now. We have to go and even if we leave, it will be lucky if the Scarlet Island won’t hunt us where we go.” the elder answered.

“Scarlet Island!” The young man’s eyes became chilling. “Alright, I’ll leave with you but not in secret. I’ll have the Red Water Alliance pay for what they have done.”

“Young Master, what do you mean?” The elder looked at the young man.

“The Scarlet Island has three Divine Generals in the army against us this time, right?” the young said with a cold smile.

“Lin Dong and Mo You have stayed in the Scarlet Island for many years and won a big fame. As for Jian Wushuang, who has emerged recently, he may be less famous but is powerful enough to have killed Universe Master Bei alone. If we can kill them three, it will be a great loss even to the Scarlet Island. After all, Divine Generals are fewer than the Universe Gods here.”

“Young Master, you want to kill those three Divine Generals?” The elder frowned.

“Right.” The young man nodded with a cold face. “And I’ll need your help. I want you to kill them in person. After you succeed, we’ll leave here before the Scarlet Island could react. By then, they won’t be able to even lay a finger on us.”

Upon hearing this, the elder pondered for a moment before heavily nodding his head with his eyes sparkling.

This elder, in fact, was a Universe God.

Chapter 1263: The Last City

Jian Wushuang, Lin Dong, Mo You, the three Divine Generals, and the sergeants of the Seventh Army were gathered in the void outside the Red Water City.

They all surveyed the giant city in front of them.

“Red Water City is the last city still controlled by the Red Water Alliance, whose headquarters is also in this city. Lord had led many Universe Gods to wipe off all the experts of the alliance in this city before, however, as we conquered other cities of the alliance, the refugees all escaped to this city. It looks that they want to have a final fight with us here,” Mo You said with a smile.

“The last fight? hump, it will be futile.” Lin Dong snorted.

“Guys, do you think whether the Young Master of the Red Water Alliance is in this city or not?” Jian Wushuang asked with a smile.

It had been three months since they worked together, plus that Jian Wushuang had gained Lin Dong’s and Mo You’s recognition, the relationship between the three was closer than before.

“Are you referring to Gu Nan?”

Lin Dong looked over with a cold smile on the corner of his mouth. "The last time when Lord attacked this city, Gu Nan was lucky. He was not in the city; otherwise, he would have been killed. Now, the Red Water Alliance is going to fall, and his title as the Young Master exists in name only. If I were him, I would have fled away to other regions. Waiting here is just courting for death."

"Indeed." Jian Wushuang raised his brows.

Not being a fool, Gu Nan should have left the city if he did not have absolute confidence in winning the battle, because he was just a normal Invincible Universe Master who had a duty to revive the Red Water Alliance.

"Well, let's stop talking and get into the city to kill all the remaining experts of the Red Water Alliance. Complete this mission, and we can have a celebration party after we return back." Lin Dong smiled when speaking.

"The Seventh Army, let's fight!"

Jian Wushuang immediately ordered the soldiers of the Seventh Army.

Taking the order, the soldiers immediately swarmed into the city.

"Jian Wushuang, this is the last battle in our mission. Are you going to practice your skill as before?" Mo You asked Jian Wushuang with interest.

"Well..." Jian Wushuang showed an embarrassed smile and replied, "I'll decide when I meet a proper opponent!"

Mo You and Lin Dong looked at each other, smiling, wordless.

Have been staying with Jian Wushuang for three months, they knew how crazy Jian Wushuang was about cultivating.

Yes, crazy!

During the last three months, they had experienced many battles as they conquered cities of the Red Water Alliance one after another, and normally, because there had been none Invincible Universe Masters among their opponents, they, as Divine Generals, could have stood by and watched the soldiers fight. However, Jian Wushuang could not hold his fight intent and had joined soldiers to fight.

Moreover, Jian Wushuang had not tried to overpower those Universe Masters and Holy Masters of their rival camp as Lin Dong and Mo You had expected; he had restrained his power while fighting with his opponents to practice his swordsmanship.

All the opponents Jian Wushuang had picked were the experts with excellent fighting skills and brilliant moves, and some of them even had impressed him much.

During that period, Jian Wushuang had over a hundred fights, and each of them was not ended until he thought he had practiced enough.

He could have killed those opponents easily, but as if he was making fun of them, he had restrained his power all the time.

At first, Lin Dong and Mo You was confused by his actions.

However, as Jian Wushuang had fought more and more, they figured out his intention.

Jian Wushuang had been trying to practice his swordsmanship, not making fun of his opponents.

No matter how weak his opponents were, Jian Wushuang seized every opportunity to train himself with those people.

“He is crazy!”

“Yes, a crazy man who won’t let go of any chance to improve his power!”

The longer Lin Dong and Mo You had been with Jian Wushuang, the more they thought that Jian Wushuang’s power was not as simple as they could see.

They started taking this young Divine General who had just left his hometown and cultivated less than ten thousand years even more seriously.

As they stayed outside the city with Jian Wushuang, suddenly...

“Scarlet Island!!! ”

A loud roar resounded throughout the city like a thunder, shaking the place.

Then, a young man wearing a luxurious golden robe rushed out of the city with a group of experts of the Red Water Alliance following him.

“He is...”

“Gu Nan?”

“The Young Master of the Red Water Alliance?”

Jian Wushuang, Lin Dong, and Mo You all looked surprised seeing the young man.

They had just thought that this Young Master could not be in the city, but now...

“Haha, this Young Master is courting death.” Lin Dong immediately laughed.

“Is him so stupid?” Jian Wushuang was amused.

“Let’s go to meet with this young leader.” Mo You also smiled.

The three Divine Generals all rushed into the Red Water City.

When the three entered the city, Jian Wushuang’s expression slightly changed.

“Guys, I’m afraid we are in trouble,” he suddenly said.

“In trouble? Why?” Lin Dong and Mo You looked confused.

Jian Wushuang did not explain to them further. His Soul Power had targeted an aura hidden deep beneath them.

The owner of the aura had hidden very well that Lin Dong and Mo You could not sense him, but it was hard to cheat Jian Wushuang, who had Soul Fire.

“Are the three of you the Divine Generals of the Scarlet Island?”

The voice of anger came from the Young Master Gu Nan, who came up to the three Divine Generals, eyes full of hatred.

“Gu Nan, you know that we will come here to kill you. It’s courageous of you not to escape.” Lin Dong’s voice sounded cold as well.

“Escape?” Gu Nan said with a sneer, “Yes, I am going to escape, to somewhere beyond your reach, even somewhere out of the Dayu Region. But before that, I have to kill the three of you to have the Scarlet Island pay for what they have done to our alliance.”

“Kill us three? On your own?” Lin Dong looked disdainful.

Right then, with the Soul Power, Jian Wushuang felt that the aura hidden in the ground rose up sharply.

Chapter 1264: Universe God?

“Lin Dong, Mo You, step back!” Jian Wushuang shouted hurriedly.

“Why?”

Lin Dong and Mo You were startled, but they still subconsciously drew a few steps backward.

Just as the three drew back, a black flowing light flashed where the three had just stood. The light was so powerful that perhaps Jian Wushuang could protect himself with his Blood-killing Armor, but if Lin Dong and Mo You got hit by it, they would definitely be killed.

Swish!

A black figure appeared where the three had just stood.

It was a black-robed elder with a rolling aura, radiating a faint Divine Power. The elder had cold eyes.

“He is a Universe God?” Lin Dong and Mo You were both shocked.

Universe Gods were those who had experienced a God Test to become a god. They were top experts.

Jian Wushuang and the other two generals were Invincible Universe Masters with unparalleled battle strength in their realm, but they were no match for a Universe God.

“How could it be possible?”

“Haven’t all the Universe Gods in the Red Water Alliance been killed? Why there is another one?”

As two powerful Divine Generals, Lin Dong and Mo You, however, looked horrified at that moment.

Gu Nan, standing behind the elder, smirked while speaking, “Elder Li, kill them three.”

“Be assured, Young Master. None of them can escape from me today.”

As the elder's chilling voice fell, a Divine Power started running inside his body. He neared Jian Wushuang and the two generals through the void like a black flowing light. The black scimitar in his hand gleamed with a terrifying light.

"Run!"

"Quick, run!"

Lin Dong and Mo You headed away running without thinking.

They had become the Divine Generals for so long that they had seen many battles between Universe Gods and therefore knew very well how powerful the Universe Gods were. They were no match for the elder even if they joined their hands.

"Run!" "Run!" "Run!"

Lin Dong and Mo You started running desperately, and at the same time, they also noticed that Jian Wushuang remained standing where he was.

"Jian Wushuang, what are you doing? Run quickly!" Mo You shouted at him.

"Jian Wushuang, are you insane?" Lin Dong also yelled at him anxiously.

When they saw that Jian Wushuang remained indifferent towards their warns, Lin Dong could not help but shake his head. "Alas, he is too shallow, too proud, and too confident. That elder is a Universe God. Does he think that he can battle a Universe God?"

"He has just arrived here without encountering any Universe God before. He knows nothing about their power." Mo You also sighed.

"Alright, we have already reminded him, but since he is courting death himself, we are not the one that he should blame. We can't even protect ourselves now, let alone to save him."

Lin Dong and Mo You kept running madly to the outside of the city.

As for Jian Wushuang, they were incapable of helping him.

They did not know that when Jian Wushuang saw that Universe God, he was not surprised or afraid but excited.

"Universe God!"

He looked at the elder with frenzied eyes.

He had only battled two Universe Gods yet—Universe God Chen and the monarch of the Jin Kingdom. He had fought with the former in a very friendly way, practicing his swordsmanship. Therefore, he actually battled only the later. Now, the black-robed elder standing in front of him was his second opponent as a Universe God.

"The elder is in the First Heaven. Who is the stronger one among him and the monarch?" With a smile, Jian Wushuang held the Blood Mountain Sword in his hand and charged at the elder.

Seeing his move, the onlookers all thought Jian Wushuang mad.

As a Universe Master, he did not escape from but choose to challenge a Universe God, wasn't he mad?

The elder was amazed as others, but the next moment, his eyes turned cold. *"You want to sacrifice yourself to protect your partners?? Well, you're a loyal friend yet a fool."*

"Since you want to die, I grant your wish!"

The elder shouted, and his black saber struck out in a strange way, cutting the void open.

A black light appeared in front of Jian Wushuang.

Facing a Universe God, Jian Wushuang became extremely cautious, and he dared not to restrain his power anymore like battling Universe Master Bei before.

He used eight-tenth of his power to attack.

It was a strike as powerful as the one from the elementary Universe Gods in the First Heaven. As for swordsmanship, he randomly displayed one.

This strike was meant to test the elder's power.

However, when his sword met with the elder's saber, Jian Wushuang was dumbfounded.

The elder's attack was crumbled by his causal strike, and even the elder was thrown far away under the force before regaining his balance.

"How could this be possible?"

Jian Wushuang paused in the void, staring at the elder with a frown.

"I only used eighty percent of my power in the just casual move, but still, I overpowered him. Is he really a Universe God?"

Jian Wushuang could not believe what had happened.

Could a Universe God be so weak?

"Haha."

Gu King, which parasitized in Jian Wushuang's body, suddenly laughed and said, "Jian Wushuang, don't be so surprised. It is normal for you to suppress him."

"Why?" Jian Wushuang asked.

"Simple, because this person has just passed the God Test to become a Universe God and his power has not been completely transformed into Divine Power. Therefore, he is not a real Universe God as those we have normally known. It's true he is more powerful than the Universe Masters, but, he is no match for the real Universe Gods like the monarch of the Gold Kingdom."

"Eighty percent of your power can surpass all his power, let alone that your Blood Mountain Sword is much superior to his weapon."

"Therefore, shouldn't it be natural that you can overpower him?" Gu King explained in a laughing voice.

"Is that so?" Jian Wushuang finally understood the reason.

Gu King's words reminded him that it would take a Universe God some time to transform his power after he passed the God Test.

This black-robed elder obviously had passed the test not long enough to transform all his power yet.

Such a Universe God was not a real god.

"The Scarlet Island is excellent in collecting intelligence in the Dayu Region, but as the elder just passed the God Test not long ago, no wonder the island doesn't know him."?Jian Wushuang showed a faint smile.

Chapter 1265: Jian Wushuang's Disappointment!

Jian Wushuang was surprised by the elder's lack of strength; on the other hand, the elder had a look of total disbelief on his face.

"How could this happen?"

"I've passed the God Test only recently and even though it was not long enough to enable me to transform all my powers into Divine Power, I should still be much more powerful than ordinary Universe Masters. How could this kid overpower me?"

The elder stared at Jian Wushuang coldly.

"Kid, go to hell!"

The elder turned into a flowing stream of light and charged directly at Jian Wushuang. This time, he exerted all his transformed Divine Power to the extreme and displayed a unique skill with his black saber.

Woosh!

A black shadow in the shape of a saber which covered half of the void, appeared and slashed at Jian Wushuang.

The saber shadow had not reached Jian Wushuang yet, but its powerful saber essence could be felt as it swept over the area.

When he saw the saber shadow, Jian Wushuang frowned.

This was because, in his eyes, this strike was too weak.

"It's indeed a unique move, but its lacking in power."?Jian Wushuang's eyes were icy.? *"A Universe God who has just passed the God Test and whose power has just started to transform into Divine Power. Even his unique skill is weak."*

JJian Wushuang secretly shook his head, wanting to end the fight quickly.

Whoosh!

His Sword Essence shot into the air, filled with a dazzling light of hope and life.

He struck out with his sword, using all his power and might.

He displayed his unique skill—Nirvana.

Boom!

The terrifying sword light immediately reduced the saber shadow to pieces. It continued to flash and engulfed the elder totally.

“Impossible!”

The elder let out a desperate scream before he was overwhelmed by the sword light and was killed.

The Universe God who had terrified everyone who was present; even Lin Dong and Mo You were trying to escape from him, had just been killed by Jian Wushuang.

Silence!

The entire Red Water City was in utter silence.

The people who were fighting all over the city paused and watched incredulously at the scene before their eyes

The Young Master of Red Water Alliance, Gu Nan, was stunned.

After killing the elder, Jian Wushuang paused for a moment in the void. He frowned as he gazed at the elder’s fragmented body and had a serious expression on his face. He roared silently in his mind.

“Weak!

“Too weak!

...“I just exerted the power of the first step of the Blood-killing Plate Armor and managed to kill him so easily. I still have so many skills to display and I did not even use the power of the second step of the Blood-killing Armor...”

“This Universe God turned out to be a disappointing opponent.”

Disappointing!

When he first encountered the elder, Jian Wushuang had hoped that the elder would be the first person who could bring out his best fighting ability after he came to the Eternal Chaotic World.

However... he was disappointed at the elder’s power or lack of it.

Even the monarch of Jin Kingdom could have killed the elder without any effort, let alone Jian Wushuang, who was the one who had killed the monarch.

“Few Universe Gods in the Eternal Chaotic World are as weak as this elder. Given that a whole lot of power is required to pass the God Test, weak as the elder was, he must have had someone help him to pass it.” Gu King’s voice suddenly echoed in his mind.

“Had someone help him? “Can a person help another to pass the God Test?” Jian Wushuang frowned.

“Of course, in the case of some small God Test, but a price must be paid. Don’t think about it, Jian Wushuang. As an Inverse Cultivator, you can only rely on yourself to pass your Inverse Cultivation Test,” said Gu King.

For a moment, Jian Wushuang was speechless

What the king said was true.

The black-robed elder was very lucky. It was Gu Nan’s father, the master of Red Water Alliance, who had helped him pass the Universe God.

In return, the elder had stood by the alliance when it was in danger. He had supported Gu Nan, out of his gratitude and loyalty to the master.

Unfortunately, he had encountered Jian Wushuang.

As a result, he was dead!

...

Jian Wushuang thought it a pity that the elder was not a worthwhile opponent, but what happened had happened.

Next...

“The Young Master of Red Water Alliance.” Jian Wushuang looked at Gu Nan with an imperceptible smile.

“This, this...”

At that moment, Gu Nan was frightened out of his wits. He stood there for some time, unable to utter a single word.

His plan was to let the elder kill the three Divine Generals after drawing them into the city. He could not believe that it had failed and that his last supporter, Elder Li, had also been killed.

A Universe Master killing the elder on his own?

It must be a joke!

Without a word, Jian Wushuang drew closer to Gu Nan in an instant.

An icy sword light flashed in the air as a Soul Attack broke into Gu Nan’s consciousness.

Gu Nan immediately felt dazed, but before he could react, Jian Wushuang’s sword pierced through his head.

The deaths of Elder Li and Gu Nan, especially the way Jian Wushuang had killed the elder, shattered the confidence of the remaining experts of Red Water Alliance so greatly that the Seventh Army did not meet much resistance from them. They were all slain in a short while.

Lin Dong and Mo You, who had fled from the city, returned to the void above the city and came up to Jian Wushuang.

“Jian... Jian Wushuang.”

Lin Dong and Mo You stared at Jian Wushuang in amazement.

At first when they ran away from the elder and failed to get Jian Wushuang to join them, they had thought he was too arrogant and proud. However, now, Jian Wushuang had killed that elder.

A Universe Master killing a Universe God?

If they had not seen it with their own eyes, they would never have believed it.

“What’s the matter with you two?” Jian Wushuang looked at Lin Dong and Mo You with a smile.

The two of them remained in deep shock for some time.

Lin Dong finally spoke after a long while. “Jian Wushuang, you killed a Universe God!”

Chapter 1266: A New Mission!

“I killed a Universe God?” Jian Wushuang shook his head and continued with a smile, “No, that elder has just passed the God Test and has yet to transform all his powers; His skills are very common, so he is not much stronger than the Invincible Universe Masters.”

“But still, he is more powerful than us and yet you managed to kill him!” Lin Dong’s eyes were wide open, staring at him in amazement.

“I had some chances to gain a stronger power than the ordinary Universe Masters, so my skills are better than his. With a bit of luck, I managed to kill him.” Jian Wushuang answered.

After hearing that, Lin Dong and Mo You began looking at Jian Wushuang in a different way.

Especially Lin Dong.

He had taken Jian Wushuang to be a weakling, since he knew that Jian Wushuang had just left his hometown and was a new arrival to this region.

Even when Jian Wushuang managed to kill Universe Master Bei, who was a powerful Invincible Universe Master, he still thought that Jian Wushuang’s power was only average. He regarded himself as more powerful than Jian Wushuang, who, however, had now killed a Universe God!

Despite that the elder was weaker than other Universe Gods, he was still a Universe God.

“We have flushed out all the enemies in the last city and killed Young Master Gu Nan; Our mission is complete. It’s time to go back.” Jian Wushuang changed the topic with a smile.

“Yes, it’s time to go back.”

“We finally finished this boring task.”

Both Lin Dong and Mo You had smiles on their faces.

After wiping out all the remaining experts of Red Water Alliance in the city, the three Divine Generals led the Seventh Army back to their camp.

After their return, the three went to meet their commander.

“Jian Wushuang.”

Lin Dong suddenly called Jian Wushuang’s name and said, “Many sergeants have witnessed our performance during the mission, therefore, I have to report everything that has happened to the commander, including your killing of Universe Master Bei and that elder. You’d better be prepared in case the commander will question you about that.”

“Understood, thanks.” Jian Wushuang nodded.

He also knew that it was impossible for him to keep the happenings during the mission, a secret from Commander Man Yi.

Soon, the three entered the palace and met with Commander Man Yi. Lin Dong simply reported everything that had happened during the mission to him.

When he heard the report, the commander, who was sitting on a throne, looked toward Jian Wushuang.

“Jian Wushuang, you killed a Universe God by yourself?”

The commander ignored the fact that Jian Wushuang had also killed Universe Master Bei.

“Yes, I did.” Jian Wushuang gave a slight nod.

“You two can leave now.” The commander waved his hand at Lin Dong and Mo You while giving the order.

“Yes.” Lin Dong and Mo You nodded respectfully at the commander. When they left, they could not help glancing at Jian Wushuang.

Soon, there were only Jian Wushuang and the commander in the palace.

The commander sat on the throne, towering above him like a brown bear, his eyes fixed intently on Jian Wushuang.

“As a Universe God, even though that elder had not completely transformed his power into Divine Power, a Universe Master would still not be his match. However, you managed to kill him. You really surprised me, Jian Wushuang.” The commander praised him.

“Commander, I am...” Jian Wushuang could barely finish his speech when the commander interrupted him.

“Don’t tell me you were just lucky.” the commander said while waving his hand, If with a bit of luck, a Universe Master can kill a Universe God, all the Universe Gods in the Dayu Region would have been killed a time long ago. There must be some reasons behind your killing him, but, don’t worry, everyone

has their secrets. I won't dig deeper into this matter. After all, the more powerful you are, the more it will benefit us."

Jian Wushuang was speechless.

"For my next question, you must answer me truthfully," the commander suddenly continued.

"Of course, I will," Jian Wushuang replied humbly.

"Since you have killed a Universe God who has just passed the God Test, you should be as powerful as the normal Universe Gods in the First Heaven. If I tell you to go and battle a real Universe God in that realm, are you confident enough to defeat him?" the commander asked.

"Battle a Universe God in the First Heaven?" Jian Wushuang frowned and asked, "There are several kinds of Universe Gods. What kind of Universe Gods are you referring to, commander?"

"An elementary one in the First Heaven." the commander answered casually.

"Yes, I am" Jian Wushuang replied.

"You're so confident." The commander shot an amazed glance at Jian Wushuang before he continued, "What if it is an advanced Universe God in the First Heaven?"

"I can give it a try." Jian Wushuang answered.

"Haha, that's great." The commander laughed and said, "Jian Wushuang, I asked you this because I need a Universe God to deal with an urgent matter for me now."

"Are you referring to that matter, commander?" Jian Wushuang furrowed his eyebrows.

"Yes," The commander nodded and started to explain. "The thing is that on the vast Nine Star Sea, our frontier area, there are always battles between us and the Golden-sun Sect, Holy Prefecture and other forces. You know, for benefits.

"Not long ago, we, together with the Xiu kingdom, found an island on the Nine Star Sea, where the Leopard-print Gem Mine was buried in it. We fought fiercely for it. At last, we won the battle and took over the island.

"Although the island is under our control now, Xiu kingdom will not give up trying to seize it back. Therefore, Universe God Qian Luan sent me a message to place another person to guard the island with her, until all the gems are extracted."

"So, is that what the matter is all about?" Jian Wushuang finally confirmed what the matter was about.

He knew that the Xiu kingdom was as powerful as what Red Water Alliance used to be.

With Holy Prefecture's support, the kingdom was not afraid of offending Scarlet Island.

"Universe God Qian Luan wants someone there to help her, but the other Universe Gods on the Nine Star Sea have their own affairs to attend to and it will be too late if I dispatch a Universe God there from our headquarters.

“Before considering sending you there, I had planned to send the first Divine General there. Although he would not be a match for a Universe God, he can defeat some of the weaker ones. Now, it seems that you are obviously more suited for this mission than he!” the commander stated.

Chapter 1267: The First Divine General!

“This is the island where Universe God Qian Luan is at now. We call it Leopard-print Island. Go prepare yourself and set off as soon as possible,” said the commander.

“Understood, commander.” Jian Wushuang replied.

Then, he left quickly.

Seeing Jian Wushuang walking out, Lin Dong and Mo You, who had been waiting outside, immediately came up to him.

“How did it go, Jian Wushuang? What did the commander say?” Lin Dong asked Jian Wushuang.

“The commander just asked me a few questions and he gave me another mission which requires me to set off as soon as possible.” Jian Wushuang chatted with Lin Dong and Mo You while walking.

“Another mission?” Both Lin Dong and Mo You had odd expressions on their faces. The former spoke in a pitying tone, “I planned to hold a welcoming feast for you, for joining us and also to celebrate our completed mission, but now, it seems you are going to leave us soon?”

“We can hold it sometime later.” Jian Wushuang smiled.

The three men continued chatting for a while in the camp before Jian Wushuang set off to Leopard-print Island. He did not have to make any preparations.

But just as he was ready to leave,

Weng!

An overbearing force oppressed him, followed by a figure that approached him speedily from a distance. Soon the figure appeared in front of the trio.

“Who is it?” Jian Wushuang looked at the newcomer with a frown.

“It’s him!” Lin Dong and Mo You both looked surprised.

The newcomer wore a green robe, had a thin moustache and a swarthy complexion. He had a savage look about him.

After he appeared, he glanced at the three and finally, his eyes landed on Jian Wushuang. “Are you the seventh Divine General, Jian Wushuang?”

His loud voice resounded throughout the camp and an uproar broke out immediately.

Woosh! Woosh! Woosh! Woosh! Woosh!

Soldiers rushed toward the three from all directions after hearing the commotion, including some sergeants and Divine Generals.

"It is him, Hong Shou!"

"The first Divine General!"

"He looks very angry. Who provoked him?"

The sergeants started talking about the man in extremely low tones.

"Jian Wushuang, he is the first Divine General, Hong Shou, the strongest among all the Divine Generals. He is very narrow-minded and overbearing." Lin Dong lowered his voice when he whispered to Jian Wushuang.

"The first Divine General?" Jian Wushuang frowned and took a step forward, asking, "Yes, I'm Jian Wushuang. Why are you looking for me?"

Jian Wushuang looked quite calm as if he did not take this powerful Divine General seriously at all.

"Jian Wushuang." Hong Shou stared at Jian Wushuang coldly.

"Hong Shou, Jian Wushuang has just received a mission from the commander and is about to set off. At this point, what is your business in looking for him?" Lin Dong chimed in with a frown.

"Shut up!" Hong Shou shouted fiercely at him, giving out a sense of Killing Intent.

"Hong Shou!" Lin Dong's face suddenly darkened.

Although he was a bit weaker than Hong Shou, he was the second Divine General and in the same position as Hong Shou in the army, therefore, he was annoyed at being shouted at in front of so many soldiers.

"Just received a mission from the commander?" "Hump, that mission should have been mine!" Hong Shou roared.

"What?" The surrounding sergeants were surprised to hear that and all looked toward Jian Wushuang.

With eyes fixed on Jian Wushuang, Hong Shou shouted again. "If you want to take charge of that mission, just take it, I don't care. But the commander told me that he turned the mission to you because you're stronger than me and he has more confidence in you!"

"Hump, I can't accept that excuse!"

Upon hearing this, all the sergeants present immediately understood what the whole thing was about.

"I can finally understand what they are talking about."

"No wonder the first Divine General is so angry. It turns out that the commander thinks Jian Wushuang is stronger than him."

"The first Divine General is full of pride. No wonder he is so angry about the commander's comment."

Jian Wushuang was confused for a moment after hearing Hong Shou's words, but he quickly understood the situation .

"The commander has deliberately enraged Hong Shou by saying that." He thought to himself.

He was sure the commander must be watching them from somewhere at this moment.

"He wants to test my power through Hong Shou."

Thinking of this, Jian Wushuang smiled faintly before looking up and said, "The first Divine General, did you come here to challenge me?"

"Of course." Hong Shou nodded intently, "The first Divine General post of our island has always been served by the strongest Universe Master among us. If you win, you can take my place to be the first Divine General; but if you lose, hump, you can still carry on with that mission, only that you should be more humble after that."

"Ok, now, make your move." Jian Wushuang smiled slightly, still looking very undisturbed.

"Hong Shou is asking for trouble."

"Hump, Hong Shou has never respected other Divine Generals. Now, since he dared to provoke Jian Wushuang, we will wait and watch him get into trouble. His time as the first Divine General has come to an end."

Lin Dong and Mo You, who stood next to Jian Wushuang, secretly laughed at this.

Hong Shou was very unpopular on Scarlet Island and was not on good terms with the other Divine Generals, who had detested his supercilious manner for a long time. Now, seeing that he would be in trouble, Lin Dong and Mo Youxin gloated over it.

The two of them had witnessed Jian Wushuang's power in Red Water City. In their view, Hong Shou was no match for Jian Wushuang.

Hong Shou had no idea about their thoughts.

He only knew that Jian Wushuang had accepted his challenge.

With a sneer, he held a cyan saber in his hand.

"Jian Wushuang, I don't want to bully you, so I will let you attack first!" Hong Shou stood in a commanding manner, saber in hand.

Seeing that, Jian Wushuang forced a smile and shook his head secretly.

"If so, then you should be careful."

Jian Wushuang did not want to waste his time on Hong Shou. He took out his Blood Mountain Sword and struck first.

With that move, a dazzling sword light flashed to Hong Shou through the void. When it was about to strike Hong Shou, Jian Wushuang's eyes sparkled as if he had only exerted only about thirty percent of his powers.

Chapter 1268: The Leopard-print Island

By using only ten percent of his power, it had been enough to match the strength of Universe Master Bei. Now, using only thirty percent of his power... it was beyond what the Invincible Universe Masters could withstand.

Moreover, the swordsmanship he displayed was extremely skilful.

Hong Shou defended himself with his saber at once. However, after it collided with Jian Wushuang's sword, his saber almost bent under the force. The power behind the strike immediately fell on Hong Shou.

Boom!

Hong Shou was sent flying from the impact of the collision.

The impact was so great that he knocked down some barracks and palaces before regaining his balance.

After the strike, under everyone's stunned eyes, Jian Wushuang sheathed his sword and bowed in a certain direction. After that, he headed off to Leopard-print Island.

There was dead silence in the barracks.

The sergeants were still in shock long after Jian Wushuang had departed.

After a long while, an uproar broke out in the barracks again.

"This Jian Wushuang..."

Lin Dong's and Mo You's eyes flickered.

"I told you the death of that Universe God of Red Water Alliance was not as simple as what Jian Wushuang had explained. I'm right. his power is unfathomable." Lin Dong said in a low voice.

"Hong Shou is able to withstand several blows, even with a Universe God. How could he be defeated by a single blow from Jian Wushuang?" Mo You was full of disbelief.

They were so amazed by Jian Wushuang's power despite having seen it in action before. Those who did not know that were even more amazed.

The news that Jian Wushuang had defeated Hong Shou spread through the barracks like wildfire. Hong Shou was too ashamed to show his face.

In the void above the barracks, where Jian Wushuang had bowed to before he left, stood a man who resembled a towering brown bear. The man was no other than Commander Man Yi.

"Jian Wushuang is really an interesting character"?The commander thought with a smile.*"He figured out my intention of testing his power through Hong Shou, so he defeated Hong Shou with a quick strike. He wanted me to see that.*

"Besides, before he left, he bowed toward the direction where I stood as if he knew I was here all this while, watching them. I thought?I've hidden myself well?"

"Given all this, he is really a genius of wisdom, as talented as the Universe God Qing Yang of the Holy Prefecture!"

"I should observe him secretly first. When he comes back from Leopard-print Island, I will tell the Lord my findings regarding him."

Leopard-print Island was so far away from Scarlet Island that it took Jian Wushuang five days to get there, even when he was travelling at full speed.

The moment he arrived on the island, he was surrounded by the auras of the cultivators.

"Who is there?"

A patrol of cultivators spotted Jian Wushuang and immediately rushed to surround him.

As soon as they approached him, they immediately sensed the aura of Jian Wushuang's token.

"Divine General."

The cultivators saluted Jian Wushuang respectfully.

"I'm here under the commander's order. Is Universe God Qian Luan on the island?" Jian Wushuang asked them.

"Yes." the leader of the patrol answered respectfully.

"Great, take me to her immediately." Jian Wushuang ordered.

"Yes, sir."

The sergeants led Jian Wushuang deep into the island. It did not take them long to arrive at an exquisite pavilion. Entering it, Jian Wushuang saw Universe God Qian Luan.

The Universe God was a beautiful and graceful lady, dressed in a green robe.

From the information Jian Wushuang had gathered about her, she was an advanced Universe God in the First Heaven.

"Universe God Qian Luan!" Jian Wushuang saluted her respectfully.

"You are Jian Wushuang, the person who has just joined our Scarlet Island?" Universe God Qian Luan looked at Jian Wushuang and had a worried expression on her face. "I asked the commander to send a Universe God here, but here you are, a Divine General."

From her look, others could tell that she was not happy about Jian Wushuang's status.

"The commander said that the other Universe Gods on Nine Star Sea were busy with their own business and can't leave their positions and it would be too late if he assigned someone here from the headquarters. Therefore, he ordered me to come here." Jian Wushuang explained to her.

"It doesn't help much to have you here. You're just a Universe Master." Universe God Qian Luan waved her hands.

Upon hearing that, Jian Wushuang responded with a wry smile. "Don't worry. The commander must have known about your situation when he made the decision, but still, he sent me here. He thinks I can help you."

"You will be able to help me?" Universe God Qian Luan glanced at Jian Wushuang and said with a smile, "Answer my question, what do you think about your skills when compared with the first Divine General Hong Shou?"

"Compared with Hong Shou?" Jian Wushuang was surprised by the question, but he answered without hesitation. "I am stronger than him!"

"Stronger than him?" Universe God Qian Luan was amazed. "Are you sure about that?"

"Of course I am, because before I left the island, I defeated him in a fight." Jian Wushuang replied.

He only said that he defeated Hong Shou, without mentioning that it was through a single strike.

"Oh?" Universe God Qian Luan raised her eyebrows and her eyes lit up.

She was well aware about Hong Shou's power. That man was powerful enough to battle the weaker ones among the Universe Gods in the First Heaven. If what Jian Wushuang said was true, that he was more powerful than Hong Shou, he could battle those Universe Gods as well.

"It seems that the commander did not lie to me. I know his difficulties, so, I am really happy that he sent you here at such a crucial moment when we are in a fierce battle with the Golden-sun Sect." Universe God Qian Luan showed a smile of understanding.

"Jian Wushuang, I see you carry a sword with you, are you a cultivator in Sword Principle?" Universe God Qian Luan suddenly asked.

"Yes." Jian Wushuang nodded.

"What a coincidence." Universe God Qian Luan continued with a smile. "Two days ago, we made a new discovery in the Leopard-print Gem Mine. It may be helpful to you."

"What's the discovery?" Jian Wushuang was excited.

"Come with me."

Universe God Qian Luan stood up from her seat and led Jian Wushuang towards the core place of the Leopard-print Gem Mine on the island.

Jian Wushuang followed her curiously.

Chapter 1269: A Secret Chamber

Though it was an island, Leopard-print Island was very vast and was no smaller than the cities in the Dayu Region.

It had a lot of Leopard-print Gems buried in its grounds. After Scarlet Island took over it, many cultivators started mining for the gems in it.

Following Universe God Qian Luan, Jian Wushuang moved slowly toward the core place.

Along the way, he could see many people mining.

"The Leopard-print Gem is widely used in refining weapons, setting Formations and it can also help cultivators comprehend. Therefore, it's more valuable than many other gems in the Eternal Chaotic World. I can't imagine how much such a large area of Leopard-print Gem Mine under this ground is worth."

"No wonder Scarlet Island and Xiu kingdom have fought aggressively for it." Jian Wushuang gasped in admiration.

Universe God Qian Luan, who was leading the way, suddenly paused in her steps.

"We are here" She turned back and said to Jian Wushuang in a hushed tone.

"Wow." Jian Wushuang immediately looked ahead and his eyes narrowed.

"This is... a secret chamber?"

He was surprised.

At that moment, they were in the depths of the Leopard-print Gem Mine. However, there was a large secret chamber in front of them.

"Let us go in." Universe God Qian Luan led Jian Wushuang into the chamber.

The chamber was empty, except for a piece of cyan stone in its center.

"It looks like a Formation has been set up in this chamber." Jian Wushuang looked around and he could feel that doing one's cultivation in this room would be much more efficient than on the outside.

"You're right. There is a Formation which has been set up based on the Leopard-print Gems, in order to improve the efficiency in cultivating," Universe God Qian Luan said to Jian Wushuang.

"Well, it's true that with the help of the Formation and the gems, cultivating here will be more efficient than cultivating outside. This, however, would not make the chamber so rare that any Universe God can achieve that through setting up some better Formations" Jian Wushuang said.

"You're right. The most precious thing in this room is not the Formation or the room itself but that cyan stone. Take a closer look at it, Jian Wushuang," she said.

"The stone?" Jian Wushuang immediately took a closer look at the cyan stone in front of him and he noticed that there were two large words etched on it.

The words had been engraved deep into the stone with some sharp tools, probably with a sword.

"Yan Jiu?"

Jian Wushuang stared at the two words.

“Is that a person’s name?” Jian Wushuang asked, seemingly confused.

“Yes, it’s a name.” Universe God Qian Luan nodded and continued, “This name may sound quite strange to you, a new arrival from your hometown, but for those cultivators who have spent millions or even tens of millions of years in Dayu Region, this name has a special meaning.”

“Yan Jiu was a formidable Universe God who rose in fame in our region seven million years ago.”

“His swordsmanship was extremely brilliant. At the same time, he was the only person who had dared to threaten Dayu Palace during the past years.”

Jian Wushuang was stunned when he heard that.

Threaten Dayu Palace?

The palace was the local tyrant of the Dayu Region.

No matter how fiercely Scarlet Island, the Golden-sun Sect and the Holy Prefecture fought with each other, none of them dared to provoke the Dayu Palace.

The palace was a force of real supremacy. The Master of the palace was the only Universe God in the Third Heaven in the Dayu Region, who was recognized even by the Snow Kingdom..

However, seven million years ago, Yan Jiu threatened Dayu Palace and even threatened its master?

“Seven million years ago, Yan Jiu fought with the Master of Dayu Palace and it ended in a draw. At that time, he was just in the Second Heaven.” Universe God Qian Luan continued.

“What?” “A Universe God in the Second Heaven was evenly matched to a god in the Third Heaven?” Jian Wushuang became even more stunned.

After all, there was a big difference between two levels of the Universe God, let alone between the two Realms.

Even Jian Wushuang, as an Inverse Cultivator, had no confidence in breaking into the Third Heaven from the Second Heaven, although Yan Jiu made it.

“Yan Jiu was really strong at that time. After he his battle with the Master of Dayu Palace, everyone assumed that when he reached the Third Heaven, he would replace the master and become the number one expert in the Dayu Region. However, after the battle, he disappeared. Some people said that he had left the region while others said that he died after the third God Test. Since then, there has been no news of him.

“He has, therefore, become a legend in the Dayu Region, but just two days ago, when we were exploring this mine, we discovered this secret chamber. It is obviously related to Yanjiu. He might have set up the Formation and practiced here for some time,” Universe God Qian Luan said to Jian Wushuang.

“I agree.” Jian Wushuang nodded. Judging from the words on the stone, he could tell it had been left by some experts of Sword Principle.

It probably was Yan Jiu.

“Jian Wushuang, you are good at Sword Principle as well. You must know what these two words mean, right?” Universe God Qian Luan continued.

“Yes, I do.”

Jian Wushuang smiled and there was a sparkle in his eyes. By observing how the two words “Yan Jiu” were engraved, he discovered an extremely powerful and terrifying skill hidden behind them.

Though it was just a single move, for those cultivators of Sword Principle, it meant a great opportunity.

“Although I can’t fully learn the skill of this move left by Yan Jiu, I can observe its essence; it will be helpful for my own swordsmanship. As I see it, this skill is aimed at speed. Based on this, I may create a skill of high speed.” Jian Wushuang thought to himself.

“Jian Wushuang, I’ll leave this secret chamber to you. You can meditate in it before the experts of Xiu kingdom invade the island. By then, I hope that you have improved your power and can give us more support in fighting against them.” Universe God Qian Luan told Jian Wushuang her wish.

“I understand” Jian Wushuang nodded.

Chapter 1270: Chant of Disturbance

After Universe God Qian Luan departed, Jian Wushuang was the only one left in the chamber.

He sat down directly with his legs crossed, released his Soul Power and started meditating on the skill hidden behind the words “Yan Jiu”.

Though he did not know the concept of the skills yet, he felt he could gain a lot from its essence.

“This skill is obviously powerful, but why do I get this feeling that it is also very swift?”

Jian Wushuang closed his eyes and devoted himself to the meditation of the sword’s skills.

At the same time, he also tried to figure out the shortcomings of his own swordsmanship.

Time went by...

On an uninhabited island, not far from Leopard-print Island, there was a gathering of many cultivators.

There were two men there who were clearly the leaders.

The duo’s roaring auras showed that they were Universe Gods. Standing side by side, they looked at the void in front of them, obviously waiting for something.

Before long, a black figure appeared in the distance.

“Here he comes.”

One of the leaders was a man over two meters tall and wearing a body armor. He grinned when he saw the black figure. Beside him was a good-looking young man, whose face looked pale. The young man’s eyes sparkled as well when he saw the figure.

Woosh!

The figure, dressed in a black robe, appeared on the island, where the two were waiting.

"Mr. Zhuge."

The two men saluted the newcomer.

"Your presence is very welcome here." An old voice came forth from the black robe. "This time, I came to help you, under my master's order, but he also told me that I'd better not have a hand in your affairs unless it's necessary. It is best for our Holy Prefecture to stay out of the raging battle between Scarlet Island and Golden-sun Sect now."

"We understand, Mr. Zhuge." The young man answered with a smile. "Before you arrived, I've confirmed that there is only one Universe God named Qian Luan on Leopard-print Island. She is in the First Heaven and I can hold off her on my own. With the two of us here, we can certainly take over the island."

"The reason why we asked you for help was just to be a backup. After all, such a large Leopard-print Gem mine must be really worth a lot."

"So much the better." The black-robed man nodded. "It seems that Scarlet Island hasn't gained any advantage over Golden-sun Sect yet. Otherwise, they would have more than one Universe God to guard the island. When do you guys plan to start your action?"

"We're ready, Mr. Zhuge. Since you are here, let's go now," the young man replied.

"Great." The black-robed man nodded slightly.

Immediately, three experts from Xiu State headed to Leopard-print Island, with the tall man in armor and the young man, leading the way. As for Mr. Zhuge, he set off with them but kept his presence hidden.

Boom!

As soon as the army of Xiu State arrived on the Leopard-print Island, their aura immediately oppressed the whole place.

Jian Wushuang was still in the secret chamber in the core place of Leopard-print Gem Mine.

Weng!

A cold sword light flashed in the room like a meteor; it seemed to have a sword chant in it. This quickly died away.

Jian Wushuang stood with the Blood Mountain Sword in his hand, with a faint smile at the corner of his mouth. He stared at the two words in the cyan stone.

"Yan Jiu... I want to thank you!"

"You might not have left those words here on purpose, but it still inspired me a lot. I have meditated on it for ten days in this room. Using that and the Spell of Disturbance, I have created a new skill."

Jian Wushuang murmured joyfully.

Before he entered the room, he had only created two unique skills for himself—Dawn Light and Nirvana. Now, based on Spell of Disturbance, he created the third one.

This new skill was aimed at improving his attacking speed and was a perfect combination of speed and Soul Attack. It was a real Killing Move.

The difference was that the Spell of Disturbance was able to display dozens of moves or even hundreds of moves without pausing. There was a Soul Attack behind each of the moves; even though there was only one move in the new skill, the Soul Attack behind it was much more powerful.

The new skill could exert the power of the Soul Attack to the fullest.

“What should I name this skill? Since it’s created based on Spell of Disturbance and there is a chant of the sword in it, let me call it Chant of Disturbance then.”?Jian Wushuang smiled as he named his new skill.

His third unique skill—Chant of Disturbance was thus created, following the previous two moves—the Stroke of Dawn and Nirvana.

Like the two previous skills, the new skill was also of a high level.

At this level, Nirvana was powerful in attacking while Chant of Disturbance was very strange and fast!

Although this new skill would not increase Jian Wushuang’s overall power, it could help him have a better chance to defeat his opponents in a fight.

Right then...

Boom!

He felt a strong aura overwhelming the entire island.

“What’s that?” Jian Wushuang immediately looked up.

“Jian Wushuang, come out quickly, the experts of Xiu kingdom have arrived,” Universe God Qian Luan summoned Jian Wushuang urgently.

“They have arrived?” Jian Wushuang’s eyes lit up and his heart was filled with anticipation.

“I have set foot on the Eternal Chaotic World for so long, but I have never had the chance to go all out to fight. Now, the experts of Xiu State have come... I hope I can go all out and make good use of my skills..”

Jian Wushuang immediately rushed out of the secret chamber to the void above Leopard-print Island.

The arrival of the experts of Xiu State caused a great commotion on the whole island. A large number of Universe Masters and Holy Masters who were guarding the island reached its edge.

Outside the island, there were also a large number of experts gathered.

“Are all these experts from Xiu kingdom?”

Jian Wushuang stood in the void, staring at the crowds gathered nearby.

The number of Universe Masters and Holy Masters present from Xiu State were no larger than that on Leopard-print Island; There were two towering figures with unusually strong auras, standing in front of the crowd. Obviously, these two were Universe Gods.

However, there was only one Universe God on Scarlet Island's side.

In view of this, Scarlet Island seemed to be the weaker opponent.
