

Swordsman 1301

Chapter 1301: The Final Battle Day!

With the tremendous improvement of his overall power, Jian Wushuang naturally felt more confident.

After all, his power was now comparable with a Peak Universe God in the First Heaven, and he was confident that his unique skill and swordsmanship would not be any weaker than Universe God Qing Yang.

In other words, his current self could fight face-to-face with Universe God Qing Yang and the battle would be very close.

“No hurry. There’s still half a year time. In this half a year, I will continue to digest the accumulation like before, and I can continue to improve my swordsmanship.”

Jian Wushuang smiled and took a seat. He started digesting his previous accumulation.

The time flew and another half a year passed.

The final battle that Jian Wushuang and Universe God Qing Yang had agreed on finally arrived.

In Dayu Palace, there was a training field right in the middle of the sect.

The training field covered over a million miles. It was enough for two Universe Gods to fight as ferociously as they wish. The training field was where Jian Wushuang and Universe God Qing Yang would fight.

At the surrounding of the training field, many inner disciples of Dayu Palace had gathered long ago.

Not only them, but many experts from Scarlet Island, Holy Prefecture and also Golden-sun sect also rushed over too.

A year ago, the news about the final battle between Jian Wushuang and Universe God Qing Yang spread across the lands.

Regardless if it was Jian Wushuang or Universe God Qing Yang, both of them were famous in Dayu World and both of them were real geniuses.

A collision between geniuses naturally caught everyone’s attention.

In the void right before the training field, two thrones were towering side by side, which belonged to the Master of Dayu Palace and Wu Cang.

The two of them were Universe Gods in the Third Heaven. Hence, they were naturally above the others.

At that very moment, both of them were looking at the training field below. They could recognize the young figure who stood right in the middle of the training field.

“Universe God Qing Yang arrived long ago, where’s Jian Wushuang? It’s already this time and he still hasn’t shown up yet?” The Master of Dayu Palace found it strange.

The people surrounding the training field found it strange too.

"It's already time, why hasn't Jian Wushuang show up? Is he afraid?"

"Very likely. He only agreed to fight with Universe God Qing Yang out of an impulse decision. When he calmed down, he must have realized how foolish his decision was. That's why he's not showing up!"

"Hehe, not showing up is also a good choice. It's better than losing his life in the battle."

People started talking among themselves.

While on the other side, the experts from Scarlet Island saw that Jian Wushuang had yet to show up and they were surprised too. Then, the Master of Scarlet Island walked towards where Jian Wushuang was living personally.

The Master of Scarlet Island knew where Jian Wushuang was soon after he arrived at the huge courtyard where Jian Wushuang resided.

"They are going to fight now and he's still in the secret room?" The Master of Scarlet Island shook his head and shouted, "Jian Wushuang!"

His voice went through regulations outside the secret room and traveled into Jian Wushuang's ears, who was quietly cultivating in seclusion in the secret room.

Jian Wushuang was still sitting in the secret room with his eyes closed. He was still digesting the accumulated nature of swordsmanship with full attention. He suddenly heard the Master of Scarlet Island shouting for him and he couldn't help but crease his eyebrows and finally open his eyes.

"Oh, it's time?" Jian Wushuang let loose his tightly knitted eyebrows and exited the secret room.

"Island Master."

Jian Wushuang smiled and greeted the Master of Scarlet Island outside the secret room.

"Jian Wushuang, today is the day you fight against Universe God Qing Yang. Everyone is waiting for you at the training field but you are happy here. You're not even anxious, still cultivating leisurely in the secret room," the Master of Scarlet Island teased.

"Haha," Jian Wushuang laughed, "I'm just too caught up in cultivation and forgot about the time."

"Everyone outside was saying that you're not showing up for the battle as you are afraid to fight against the Universe God Qing Yang," the Master of Scarlet Island said.

"Afraid?" Jian Wushuang smiled, "I, Jian Wushuang, have never been afraid of a battle ever since I was born. In fact, I am quite excited for it."

Jian Wushuang said casually, but his eyes were beaming with excitement.

When he was in the Green Fire World, he had already heard about Universe God Qing Yang from Jiu Xi.

After he came to Dayu World, Universe God Qing Yang's name had long resounded in his ears.

The countless cultivators in Dayu World said that he was the top genius in Dayu World, said that he was the number one among Universe God in the First Heaven. Jian Wushuang had heard those claims countless times.

Maybe due to his fame, Jian Wushuang was dying to fight a battle against him.

One year ago, before he achieved such a huge breakthrough in his power, he already accepted the challenge delightedly. Then, when his power increased tremendously, he was even more excited to fight against Universe God Qing Yang.

He also wanted to see how strong the number one Universe God in the First Heaven of Dayu World was.

“Jian Wushuang, when you arrive at the training field, look for the Master of Dayu Palace before you fight. Let him return to you your Blaze Quicksand Gourd. He shan’t reject your request. With Blaze Quicksand Gourd in your hand, your power could be a notch stronger and there’s a higher chance of winning against Universe God Qing Yang,” the Master of Scarlet Island said.

“Blaze Quicksand Gourd?” Jian Wushuang shook his head, “I don’t need Blaze Quicksand Gourd now.”

“Don’t need? You’re so confident?” The Master of Scarlet Island creased his eyebrows.

“Just watch me,” Jian Wushuang smiled.

As they chatted, they arrived at the training field.

The moment he arrived at the training field, countless pairs of eyes looked at him.

“It’s Jian Wushuang!”

“He’s finally here!”

“He really dared to come here? I thought he ran away.”

The inner disciples from Dayu Palace immediately became noisy.

“Jian Wushuang!”

The Golden-sun Sect Master and a few Universe Gods from Golden-sun Sect gathered together. The Golden-sun Sect Master stared at Jian Wushuang coldly.

Although he couldn’t be certain that Jian Wushuang was the person who killed his son, Jin Feng, he was at least seventy percent sure that Jian Wushuang had something to do with Jin Feng’s death.

“At first, I wanted to find a chance to capture that kid and question him with regards to how Feng died. But from how it looks, I’m afraid I might not have that chance,” the Golden-sun Sect Master sighed.

On the other corner, the few Universe God from Holy Prefecture saw Jian Wushuang’s arrival and their gazes turned cold too, especially the Universe God Jiu Hai.

“This boy is Jian Wushuang?”

“How dare you kill my disciple? I’ll watch how you die today!”

The Universe God Jiu Hai intention to kill was soaring.

Universe God Qing Yang, who had been standing calmly in the middle of the training field, sent a cold gaze when he saw Jian Wushuang arrived.

“You’re finally here?”

Universe God Qing Yang held his fists tight and lifted his head to look at the void before him. He saw that the Master of Dayu Palace and Wu Cang suddenly appeared in the space.

“Jian Wushuang!”

“You’re lucky. Although you’re not that strong, you should feel honoured to be the stepping stone that allows me to enter the Snow Dojo

“In this battle, fully prepare yourself as my stepping stone...”

Chapter 1302: A Pitched Battle!

In the middle of the training field, Jian Wushuang and Universe God Qing Yang were standing opposite one another.

The universe was in silence.

The surrounding people held their breath as they watched the battle.

The Blood Mountain Sword had already appeared in Jian Wushuang’s hand, while the black sickle had appeared in Universe God Qing Yang’s hand. The desire to fight soared in both their eyes.

“I have been looking forward to this battle,” Jian Wushuang pointed at his opponent with the tip of his blade, “Universe God Qing Yang, I hope you don’t disappoint me.”

“I will grant your wish,” Universe God Qing Yang lifted the corner of his lips and smiled coldly as he thought to himself, “This battle, I must bring all my skills into play, but I can’t kill Jian Wushuang straightaway, right at the beginning. I have to do it slowly.”

Then, Universe God Qing Yang partially reined in his divine power on purpose. He then took action before everyone’s gaze.

From a far off distance, Universe God Qing Yang gripped the black sickle and swung.

Buzz!

The shadow of the huge blade suddenly unveiled the effect of its divine power. It formed a beautiful, mighty river of surging blades.

The blade river was crimson and it looked extremely beautiful in the void.

“Such a strong stroke!”

“So exquisite!”

“He just performed such an exquisite stroke so casually?”

The surrounding spectators saw the crimson blade river and showed terrified expressions.

They could tell that the stroke that Universe God Qing Yang did was very exquisite.

Looking at the crimson blade river surging towards him, Jian Wushuang creased his eyebrows slightly.

“He intentionally suppressed his divine power and wanted to defeat me with unique skill techniques?” Jian Wushuang snorted.

Regardless of how luxurious the river blade was, Jian Wushuang found the power ordinary. It was obvious that Universe God Qing Yang had the ability to control his divine power.

“Break!”

Jian Wushuang spat one word lightly, with a calm expression. At the same time, he waved the Blood Mountain Sword downwards casually.

With a casual stroke, Jian Wushuang didn’t even use any swordsmanship. But the sword light swung out and directly cut the beautiful blade river that was approaching him in half. The surging, divine power collapsed and dispersed into all four directions.

“Huh?” Universe God Qing Yang’s expression changed.

He never expected that Jian Wushuang could resolve that stroke so easily.

“Universe God Qing Yang, “Jian Wushuang spoke with a loud and bright voice, “Don’t hide, bring your all. Otherwise, it would be meaningless even if I defeat you.”

“In a year, your power increased this tremendously compared to before?” Universe God Qing Yang smirked, “If so, I shall grant you your wish then.”

Just as he finished speaking, rumble, there was a vast expanse of aura that surged from Universe God Qing Yang which was obviously much stronger than before.

Then, Universe God Qing Yang took action again.

Buzz.

The same beautiful surging blade river swept out, but the difference was that the crimson blade river contained a significantly stronger divine power.

“Dragon Lightning!”

Universe God Qing Yang roared and wielded the sickle in his hand. In the crimson blade river was an enormous amount of divine power surging fiercely. Suddenly, it took the shape of a humungous blood dragon. The blood dragon had five claws and it was huge in size. After it took shape, it roared and it flowed towards Jian Wushuang in the form of flowing a crimson current.

Jian Wushuang saw, then he took a huge stride forward and swung the Blood Mountain Sword at the void before him.

That stroke stabbed right at the throat of the blood dragon that was attacking with such swift action. A terrifying, strangling power burst out and the blood dragon was suddenly torn into pieces.

Universe God Qing Yang watched as the blood dragon collapsed. He couldn't be bothered. His gaze was cold and tremendous divine power surged, then he shouted again.

"Thousand Dragons Lightning!"

Roar! Roar! Roar! Roar! Roar!

Countless roars were suddenly heard across the universe. Among the huge crimson blade river, boundless divine power formed one blood dragon one after another. All the blood dragons had five claws and were all huge in size. The power didn't seem to be any weaker compared to the blood dragon before.

He looked and there were countless thousands of blood dragon that appeared from the crimson blade river.

The blood dragons plunged towards Jian Wushuang from all directions with great momentum.

Everyone who was watching showed terror in their eyes at the sight.

They could tell that every blood dragon from the blade river equaled a full blow of a Peak Universe God in the First Heaven. There were more than a thousand of them charging towards Jian Wushuang and it was like more than a thousand attacks from a Peak Universe God in the First Heaven.

It was reckoned that there weren't many who could endure such a terrifying move among Universe Gods in the First Heaven.

Looking at the blood dragons charging from all directions, Jian Wushuang didn't seem anxious at all. He stood there with his hand holding onto his sword as his Soul Power diffused. He looked at all the attacks hemming him in and he took action.

Wow! Wow! Wow! Wow! Wow! Wow!

There were cold and brutal sword lights that swung out and Jian Wushuang expelled them rather casually. However, after it was sent out from the Blood Mountain Sword, every single stroke was like a full blow of a Peak Universe God in the First Heaven, and even slightly stronger.

His swordsmanship was swift and it easily dismissed the blood dragons.

The blood dragons collapsed one after another. The dispersed divine power became an impactful force and spread all around insanely.

"Boring."

Jian Wushuang who was in the middle of the training field sighed and his gaze turned cold.

Wow!

A sword light with a string of boundless vigor and hope suddenly appeared from nowhere, it was the unique skill that Jian Wushuang created, Nirvana.

After cultivating for a year, Jian Wushuang had a brand new foundation of understanding towards swordsmanship. Nirvana was enhanced again and it could be considered the top peak rank one unique skill.

The terrifying sword light gave out earth-shattering power. Suddenly, it shattered all the blood dragons before him along the crimson blade river that filled the void. He broke a walkway in the crimson blade river.

That very moment, Jian Wushuang was holding his imposing gaze. Then, his body turned illusionary and he appeared before Universe God Qing Yang via the walkway that he broke earlier.

“Chant of Disturbance”

Jian Wushuang swung his stroke like a flash of lightning.

The blade whistled and reverberated, and it was an extremely shrill noise.

The sword light affected the space and was aimed at Universe God Qing Yang when it hit. At the instant that the blade whistled, a terrifying Soul Attack landed a heavy hit on Universe God Qing Yang.

Although Universe God Qing Yang was strong, the sudden Soul Attack made his face change.

Under the effect of Soul Attack, a terrifying swordsmanship was reigning down!

...

Chapter 1303: Three Extra Moves!

Clang!

There was a loud clash at the crucial moment. Universe God Qing Yang swung the black sickle in his hand and blocked Jian Wushuang’s attack. The strong power exploded from the sword and cast Universe God Qing Yang off. He was flung off tens of thousands of miles due to the impact, but he barely stopped and his complexion was obviously pale.

Everyone who was watching the battle saw the sight and was surprised.

“This...”

“At first, I thought it would be a battle with no suspense. However, when they started fighting, Universe God Qing Yang was at a disadvantageous position?”

“Universe God Qing Yang was cast off by Jian Wushuang?”

“Jian Wushuang has the advantage?”

Everyone was surprised.

They found it unbelievable.

After all, there was no one who believed that Jian Wushuang could be Universe God Qing Yang’s match before the battle.

Everyone was merely wondering about how long Jian Wushuang could survive under Universe God Qing Yang's attack.

However, the scene before their eyes was beyond their expectations.

The two of them fought and Jian Wushuang had the upper hand in the end and cast Universe God Qing Yang off.

"Jian Wushuang, it seems like I belittled you," Universe God Qing Yang could feel the surrounding strange looks and his face grew grave, "A year ago, your power was probably close to a Peak Universe God in the First Heaven. Any Peak Universe God in the First Heaven should be able to win against you. But now, your power has increased to such a level. I'm afraid even Chu Xiao couldn't be your match now too."

Universe God Qing Yang didn't hide his voice and everyone could hear him clearly.

What he said stirred a discussion among the spectators.

Amongst the crowd, Chu Xiao from Dayu Palace was standing there too. His eyebrows were tightly knitted and he mumbled, "Jian Wushuang, his power has surpassed me?"

He found it unbelievable.

In a year's time, Jian Wushuang had improved so tremendously.

Not just him, almost everyone at the scene found it hard to believe.

"In a year's time, your strength increased tremendously. Jian Wushuang, I am really curious... how did you do it? Was it because of the chess game?" Universe Qing Yang said and looked towards Jian Wushuang, "how many moves did you resolve in the Little Scattered Stars Game?"

The surrounding spectators too looked towards Jian Wushuang.

Especially those inner disciples of Dayu Palace. Then, only they remembered that Jian Wushuang didn't disclose the number of moves he resolved a year ago.

No one else knew how far in the Little Scattered Stars Game he had managed to get in the ten years duration.

Until then, Universe God Qing Yang only thought of asking after seeing Jian Wushuang's tremendous improvement in a year.

Jian Wushuang didn't intend to answer Universe God Qing Yang's inquiry but the Master of Dayu Palace, who was in the void in front of the training field, laughed and cut in, "I know how many moves did Jian Wushuang resolved. Just like you, he studied the chess game for ten years. But in the end, the number of moves that he resolved was three higher than your total, Qing Yang."

The Master of Dayu Palace replied so lightly, but Universe God Qing Yang heard it and it sounded so jarring.

"Three more moves than me?" Universe God Qing Yang's eyes were wide open.

The surrounding inner disciples were surprised too.

“Universe God Qing Yang resolved thirty-two moves in ten years and he made three more moves than Universe God Qing Yang. Doesn’t it mean that he resolved thirty-five moves?”

“As a Universe Master, he resolved thirty-five move in ten years? Is this a joke?”

“Didn’t the Palace Master said that the chess game was restrained by one’s level? Wasn’t there too many moves for a Universe Master to resolve? How could he resolve more moves than Universe God Qing Yang?”

“Jian Wushuang is so low profile. He resolved thirty-five moves, which was much better than Universe God Qing Yao, but when he came out from the secret room back then, he didn’t even say a word. If Universe God Qing Yang didn’t ask, we wouldn’t know the exact numbers of moves he had resolved in the game!”

“No wonder. No wonder Jian Wushuang could improve so tremendously in a year. It turned out that he was the one who had the biggest harvest from the chess game back then.”

The inner disciples of Dayu Palace were astonished.

Universe God Qing Yang and Chu Xiao were both left speechless.

When they had resolved the chess game, both of them were arrogant and resolved the chess game before everyone.

Then, only they realized that Jian Wushuang who was in the secret room was the real monster, a monster who was countless times more amazing than them!

“Jiang Wushuang, you are only a Universe Master but you resolved thirty-five moves in the chess game. That’s really impressive,” Universe God Qing Yang looked cold as he stared at Jian Wushuang. Even though he didn’t admit defeat, he couldn’t deny the fact that a Universe God in the First Heaven only managed to resolve thirty-two moves in the Little Scattered Stars Game, even when he gave his all.

However, Jian Wushuang who was just a Universe Master could resolve three more moves than to him.

“Well, it’s better this way. If you were to be too weak, I’d be constrained when I fight against you. But now, I can give my all and fight with you!”

“Jian Wushuang, you should feel honored!”

“Forget about Universe Gods in the Second Heaven or above, you are the only one who is qualified for me to give my all to, to fight against in Dayu World.

“Jian Wushuang, enjoy your last moments. You are going to die soon!”

Universe God Qing Yang’s voice was cold, and every single word reverberated in the universe.

Once again, the entire universe was in silence.

Everyone held their breath and looked at Universe God Qing Yang.

Everyone knew that Universe God Qing Yang was going to give his all in the fight!

Among the crowd, Chu Xiao held his fists tight and bit his lip.

One year ago, he exerted himself to the utmost when he fought with Universe God Qing Yang but he didn't manage to force him to fight with him all out. But then, Universe God was finally going to give his all.

"He's finally giving his all?"

The Master of Dayu Palace in the void smiled faintly while Wu Cang next to him was still calm.

Hearing what Universe God said, Jian Wushuang's lip twitched into a smile and the excitement in his eyes grew abundantly.

"I'd like to see. You, who is recognized as the number one Universe God in the First Heaven by countless cultivators, how strong are you exactly?"

"Come on!"

Jian Wushuang's calm voice was heard across the universe.

"Humph!"

There was a faint flash in Universe God Qing Yang's eyes. With a low humph, his body became illusionary before everyone's eyes.

At first, there was only one Universe God Qing Yang on the training field. But the very next moment, there were more than a dozen of Universe God Qing Yang!

Chapter 1304: All Out!

Wow!

A dozen of Universe God Qing Yang appeared on the training field from nowhere. Every Universe God Qing Yang looked identical, without any difference.

The dozen Universe God Qing Yangs besieged Jian Wushuang in the middle.

"Mm?" Jian Wushuang creased his eyebrows.

At the border of the training field, there was a sudden commotion.

"Oh my God!"

"A dozen Universe God Qing Yangs?"

"This should be a secret skill. But the secret skill is very impressive. Those illusionary figures were hard to differentiate!"

"I, Universe God in the Second Heaven, couldn't even identify his original body among these figures."

The noise resounded in the universe.

Everyone was terrified.

Even the Master of Dayu Palace and Wu Cang who were seated in the void above the training field were shocked too.

“The secret skill is quite bizarre. Even I couldn’t identify his original body among them. Wu Cang’s can you tell?” The Master of Dayu Palace asked.

“He’s just standing there without making a move. I can’t differentiate them as well,” Wu Cang shook his head and said, “But if he were to take action, the moment he makes a hit, there’d definitely be divine power. By then, we should be able to tell which is his original body.”

A dozen Universe God Qing Yang stood around Jian Wushuang. He couldn’t tell which was the original body and which were illusionary clones of Universe God Qing Yang.

“Jian Wushuang!”

“Die!”

The dozen Universe God Qing Yangs spoke simultaneously and his voice came from all directions.

From the voices, they still couldn’t tell which was the original body of Universe God Qing Yang.

Then, the dozen Universe God Qing Yang took action before everyone’s gaze. Those Universe God Qing Yangs slowly raised the black sickles in their hands. The moment they raised their sickles, a strong power soared up into the sky.

The shocking part was that the power was derived from all directions as well. The divine power that soared up felt the same. They carried an aura of fierce divine power.

“Mm?”

Wu Cang and the Master of Dayu Palace creased their eyebrows.

“I can’t tell!”

“Even when he took action, I can’t tell which one is his original body.”

“Such an amazing secret skill,” Wu Cang said softly.

There were many secret skills that could create illusionary figures in Eternal Chaotic World.

Forget about the Eternal Chaotic World, Jian Wushuang had even encountered some in the Green Fire World.

However, even with the same kind of secret skill, the difference was ridiculously vast.

The secret skill that Universe God Qing Yang was performing, even the Master of Dayu Palace and Wu Cang couldn’t tell which was his original body. It was really amazing.

“If he can’t identify the original body, he wouldn’t be able to identify which attacks are real and which are fake. How could he withstand the attacks then?” The Master of Dayu Palace was shocked.

“Jian Wushuang is in big trouble!” Wu Cang said.

Everyone around the training field was in terror.

The experts from Scarlet Island were worried for Jian Wushuang.

They thought Jian Wushuang was in a very bad situation.

While on the training field, Jian Wushuang who was surrounded by dozen of Universe God Qing Yang looked fairly calm. He didn't reveal one bit of terror.

"Die!"

The shrill scream spread from all directions.

Universe God Qing Yang prepared for his attack and the dozen of Universe God Qing Yang slammed down the black sickle in their hands.

Suddenly, there was over a dozen pitch-black faint lights that permeated the air in a similar manner and charged at Jian Wushuang from all directions.

Jian Wushuang's pupils contracted and he squeezed the Blood Mountain Sword in his hand but his eyes were fixed on one of the sword lights. Then, he lifted his sword and swung it straightforwardly.

Swoosh!

The sword light swept and collided directly with that faint light.

Dang!

A deep clashing sound immediately resounded in the void.

"What?"

Everyone around the training field was caught by surprise.

Including the Master of Dayu Palace and Wu Cang in the void, who revealed a shocking expression.

Even though the Master of Dayu Palace and Wu Cang were both Universe God of the Third Heaven, they couldn't differentiate the fake and real attack from where they were standing.

But then, Jian Wushuang took action and found the real attack straightaway.

Shattered. The void was torn and there was an enormous amount of divine power dispersing.

"Humph!"

Jian Wushuang snorted and charged forward. He immediately appeared before one of the Universe God Qing Yang.

Then, he swung the Blood Mountain Sword directly.

The Universe God Qing Yang before Jian Wushuang immediately revealed an expression of disbelief.

"How is it possible?"

"How could he know which is my original body?"

“This technique, even Universe God in the Second Heaven couldn’t differentiate. Even for Universe God in the Third Heaven, if they were to only watch from the side, they might not be able to differentiate. But, Jian Wushuang, he was just a Universe Master, he could see through my technique and find my original body with one glance?”

Universe God Qing Yang was extremely shocked but he quickly responded.

“So what if you found my original body? You still have to die!”

Universe God Qing Yang’s glare was cold and the surrounding illusionary figure vanished immediately. There was suddenly a black secret pattern that rapidly emerged on his body.

The black secret pattern surfaced and it covered his body in that instant. It even covered the black sickle of his hand.

With the black secret pattern, his aura – which was already fierce – became even more ferocious.

“Kill!”

Universe God Qing Yang swung his black sickle and suddenly clashed with Jian Wushuang’s.

Then, they were having close combat!

Clash! Clash! Clash! Clash! Clash! Clash!

The continuous clashing sound reverberated in the universe. It was so loud that every clash was deafening.

Both Jian Wushuang and Universe God Qing Yang’s power erupted entirely.

Jian Wushuang gave full play to his power and triggered the second layer of power in his Blood-killing Plate Armor. Most importantly, after his Blood Mountain Sword integrated with Eternal Lightning, the power of the Blood Mountain Sword increased tremendously. When Jian Wushuang let out his power entirely, his power could be one notch above an ordinary Peak Universe God in the First Heaven!

As for Universe God Qing Yang, after the black secret pattern surfaced, his divine power erupted entirely and it was not any weaker than Jian Wushuang’s.

Both their strengths were comparable.

Hence, they could only compete on their techniques, swordsmanship, strokes and killing power!

But both of them were even competing on their madness!

“Bang!”

The loud clash broke out and a corner of the void was broken in the next moment. The speed that both of them fought was extremely quick.

The people watching around looked and stunned. Even the Universe Gods in the Second Heaven were shocked by the ferocious battle.

Fierce!

Mad!

Terrifying!

That battle was hardly seen in a billion years within Dayu World.

The sky was bellowing while the land was shaking!

The battle was really earth shattering!

...

Chapter 1305: Life and Death!

Rumble!

There was suddenly a rumble in the middle of the training field. It was like lightning but two figures tumbled from the twisted space.

Soon, both figures stood steady on their feet.

That very moment, the two figures... The luxurious, long robe that Universe God Qing Yang was wearing was torn. His hair was messy and his aura was much weaker than before. He looked as though he was in a bind.

While Jian Wushuang was covered in scarlet armor. His face was only exposed when he stood straight. However, he looked a little pale then too. There was also blood at the corner of his lips but the intention to fight became extremely vigorous!

The spectators saw the scene and gulped a breath of cold air.

They could tell how ferocious the fight was.

From the result, it seemed that the two of them were equally capable.

“Jian Wushuang could fight Qing Yang to this point?”

People from Holy Prefecture, including Universe God Jiu Hai and the few experts from Holy Prefecture, creased their eyebrows.

They knew clearly that Universe God Qing Yang possessed terrifying power and he was definitely unmatched among the Universe Gods in the First Heaven in Dayu World. However, they never expected that Jian Wushuang, who was just a Universe Master, could push Universe God Qing Yang to that state!

They originally thought Jian Wushuang would no doubt die in the battle.

Many of the others thought so too.

But now, no one dared to say so anymore.

Whether or not Universe God Qing Yang would win the battle had already become questionable, let alone whether if Universe Qing Yang could kill Jian Wushuang.

In the middle of the training field, Jian Wushuang looked at his opponent with his shining eyes.

“Universe God Qing Yang, your strongest power is just this?” Jian Wushuang’s voice was cold.

He was looking forward to the battle.

Even though the power that Universe God Qing Yang displayed was very ferocious and it was far stronger than when he was fighting against Chu Xiao and the others, he still fought a close match.

The power that Universe God Qing Yang displayed had yet to force him to his extreme!

“With such power, it’s insufficient!”

“Universe God Qing Yang, you should have a stronger power. Show me!” Jian Wushuang roared.

In the heated battle earlier, he could tell that Universe God Qing Yang was still holding onto his last card.

Universe God Qing Yang, who calmed down in the void, lifted his head and fixed his gaze at Jian Wushuang. There was rage in his eyes, “If I’m right, you should still have a stronger force that you have yet to reveal!”

“Yes,” Jian Wushuang nodded and admitted directly.

“If so, we shall decide the victory or defeat with our next stroke. At the same time, it shall decide whether we will be meeting our life or death!” Universe God Qing Yang said coldly.

“Let’s do it,” Jian Wushuang’s eyes were beaming in excitement.

A simple exchange of words between the two stirred the emotions among the spectators.

“The two of them are finally going to decide winning and losing!”

“Not only that, it is going to be life and death too. I wonder who will be the last one standing.”

“The both of them have already displayed such terrifying power. What other measures have they yet to reveal?”

Countless exclamations were heard.

Before, there had definitely been no one who expected Jian Wushuang to win, thinking that he would definitely lose and no doubt, die.

However, the pitched battle continued till then and no one dared to make such assumptions anymore.

“More measures?”

The Master of Dayu Palace and Wu Cang in the void squinted their eyes and focused.

In the middle of the training field.

“Jian Wushuang, my next move was created after I accumulated a thousand years of training and followed by forty years of seclusion cultivation. It’s name is Ninth Heaven Crimson Moon!” Universe God Qing Yang said coldly.

“Ninth Heaven Crimson Moon?” Jian Wushuang nodded in silence and then gripped the Blood Mountain Sword in his hand as he said, “The next particular stroke was created in the past one year through digestion of accumulated experience from resolving the chess game. Its name is Eternal Light!”

“Hehe, let’s see if it’s my Ninth Heaven Crimson Moon or your Eternal Light that is stronger!” Universe God Qing Yang smirked and took a huge stride forward.

As everyone held their breath and watched, Universe God Qing Yang took action.

He swung the black sickle with both his hands and a vast, surging divine power poured into the sickle.

The originally pitch black sickle suddenly turned crimson. Buzz. A cloud of bloody mist filled the air.

There had clearly been no deaths in the training field before, and when the bloody mist filled the air, there was a terrifying stench that spread across. That smell was so pungent that it made one sick.

In the middle of the bloody mist, Universe God Qing Yang’s eyes became blood-shot red too, while his face was distorted. The black sickle that reached the limit of accumulation suddenly slashed.

Wow!

A radiant red sword light suddenly slashed.

The sword light was so swift that it tore the sky and formed a strange arc, just like the moon hanging above the Ninth Heaven at night.

But the moon was a crimson moon!

The bloody mist soared up into the sky. The crimson moon hung in the sky with a boundless murderous intention!

That was the strongest stroke created by Universe God Qing Yang who was the number one genius in Dayu World after thousand years of accumulation and forty years of cultivation in seclusion, Ninth Heaven Crimson Moon!

Just as the crimson moon swept down, the Master of Dayu Palace and Wu Cang, who was in the void watching from afar, looked shocked.

“That... That is one of the strongest Unique Skills?” The Master of Dayu Palace spoke first.

“It was really the strongest unique skill. Even though it was only a rank one Strongest Unique Skill... he’s considerably good to have been able to create that,” Wu Cang nodded faintly.

In Eternal Chaotic World, the unique skills of a Universe God was categorized into three ranks, and every rank would have three levels: beginner, advanced and peak.

Using the rank one unique skill as an example, most of the Peak Universe Gods in the First Heaven created peak rank one unique skills, but they could only create unique skill of that level.

However, there were some exceptions. A real genius with a higher level of comprehension could try to create the rank one Strongest Unique Skill.

But to create the Strongest Unique Skill, the threshold was extremely high. Not only does one has to have a high level of comprehension and luck, but he also has to be of Dao Master level and at least created Strongest Sword Principle. But how many could among Dao Masters who could create Strongest Sword Principle?

That's why it was rare to see a Strongest Unique Skill.

The stroke that Universe God Qing Yang slashed was obviously a rank one Strongest Unique Skill!

After Universe God Qing Yang slashed, Jian Wushuang who stood quietly in the void suddenly gave out an unprecedented light. He quickly grabbed the Blood Mountain Sword and swung fiercely.

Swoosh!

The sword moved and the sword light flashed.

It moved the universe that instant and a terrifying power erupted.

A brilliant light that people were intoxicated by lit up the sky.

At the moment when the light lit up, the Master of Dayu Palace and Wu Cang's eyes contracted again.

"This stroke... Is also a rank one Strongest Unique Skill!!!"

...

Chapter 1306: You Ask For It!!

Scary crimson moon!

A brilliant light that symbolized eternity!

The two rank one Strongest Unique Skills collided directly before countless surprised gazes.

Bang!

The earth shook.

The sky lost its color in front of the two unique skills.

The entire boundless training field was covered by the crimson moon and beautiful eternal light.

Rumble. Another deafening rumble was heard.

Everyone surrounding the border of the training field was left dumbfounded.

Even though there was quite a distance between them and the core of the training field, they could still feel the terrifying power of the two unique skills.

The two people in the pitched battle were a Peak Universe God in the First Heaven while the other one was a Universe Master. But the power that was given out from the collision between the two was enough to astonish all the Universe Gods in the First Heaven. Even Universe Gods in the Second Heaven didn't dare to belittle them.

Crack! Crack! Crack!

The void continuously cracked as the terrifying crimson moon and the brilliant eternal light clashed ferociously together at the core of the training field.

“The two of them gave full play to their Strongest Unique Skill and they are so well-matched!”

“They are well-matched. The power of the unique skills that they created are very similar!”

“Cool. This is a competition of endurance!”

The surrounding spectators marveled at the sight.

They saw that although the direct collision of two unique skills caused an earth shattering effect, they couldn't determine a win or loss but they were in a stalemate situation.

Yes!

It's a stalemate.

Jian Wushuang's gaze was cold while the surging power raged towards the sword continuously. His Blood Mountain Sword was trembling vigorously as it gave out terrifying power.

As for Universe God Qing Yang, he was clenching his teeth, his face was distorted and divine power all over his body was pouring down.

The two of them were giving their all to pull off their strongest stroke but no one could crush the other person directly. Then, the two of them were playing an endurance game!

They were competing who could resist longer, who was more extensive.

A Universe Master and a Universe God in the First Heaven to compete on their strength and resistance, it was obviously not going to work.

However, Jian Wushuang was no ordinary Universe Master, he had done inverse cultivation!

The strength of inverse cultivation was fundamentally stronger. The most important part was that King of Venomous Worms existed in Jian Wushuang's body. King of Venomous Worms had been recovering his Soul Power quickly.

He was not afraid of competing for endurance!

Rumble! Rumble! Rumble!

The two strong forces charged forward again and again. The longer they pushed, the bigger the expense of power. Universe God Qing Yang had blood at the corner of his lips but his face revealed insanity.

“How is it possible?”

“I am a Peak Universe God in the First Heaven. How could I not win against a Universe Master?”

“Impossible, I won't believe this!”

Universe God Qing Yang looked ferocious, just like a raging beast. His eyes were flashing with anger too.

He wasn't willing to believe but the truth was before him. He lost an enormous amount of divine power after such a mad collusion. He already couldn't continue. On the other hand, Jian Wushuang, who was opposite him, was still fierce and strong and obviously hadn't reached his limit yet.

If the situation were to persist, he would definitely lose the battle!

"I fight this battle to show Lord Wu Cang!"

"I want to receive Lord Wu Cang's recognition. I want to go to Snow Dojo. Jian Wushuang should be just a stepping stone for me to prove my ability!"

"I, Qing Yang, how could I be defeated by a stepping stone?"

"I can't lose!"

"I can't lose!"

Universe God Qing Yang was twinkling with an unprecedented madness and he was roaring from the bottom of his heart. The next moment he thought of an idea, flipped his hand and there was a cinnabar elixir that appeared.

Looking at the cinnabar elixir, there was a flash of coldness in Universe God Qing Yang's eyes. He didn't hesitate to take the elixir straightaway.

All the spectator was shocked at the sight.

"He, ate the elixir?"

"In a one-to-one battle, he had an elixir?"

"The elixir just now seems to be Blood Coagulating Elixir!"

Blood Coagulating Elixir?

The moment the elixir's name was exclaimed, everyone was taken by surprise.

Blood Coagulating Elixir was an elixir that took on one's blood as an expense in order to increase their power tremendously in a short period of time.

If a Universe God in the First Heaven were to consume Blood Coagulating Elixir, he could normally increase his power by thirty percent.

If the price wasn't huge, the increased power wouldn't be vast as well.

If it were to be a war, it's natural for Universe God Qing Yang to take a Blood Coagulating Elixir. However, it was a one-to-one battle that was happening before everyone's eyes. Even if he won the battle, it was because his power increased with the aid of elixir but not his own power!

"He had a Blood Coagulate Elixir? Such a low trick!"

"Universe God Qing Yang is so shameless!"

Everyone was raging.

The Master of Dayu Palace and Wu Cang who were in the void above too creased their eyebrows.

Universe God Qing Yang who had Blood Coagulate Elixir suddenly increased in divine power and the huge crimson moon that originally couldn't hold on suddenly became stronger too.

"Jian Wushuang, die!"

Universe God Qing Yang bellowed and his hysterical voice reverberated in the universe.

The huge crimson moon rumbled and there was a tremendous power and surged over. Suddenly, Jian Wushuang's brilliant Eternal Light retreated.

Jian Wushuang felt the pressing power and his face grew grave.

"Universe God Qing Yang, you asked for it!"

Jian Wushuang's eyes were washed with murderous intention. The moment he let out a bellow, the power of Star that was hidden in his body suddenly surged.

The Secret Skills of Star Palace suddenly erupted!

The Secret Skills of Star Palace had always been Jian Wushuang's trump card. Plus, due to the first volume of the Secret Skills of Star Palace, his power of Star could be accumulated again.

The previous time he played the Secret Skills of Star Palace was to kill the Jin Kingdom Monarch, Jin Feng. It had been many years. His Secret Skills of Star Palace could have been used again long ago. However, if it wasn't necessary, he didn't use the technique easily.

Then, Universe God Qing Yang took a Blood Coagulating Elixir and wanted to kill him with the aid of the elixir. That triggered his anger.

He carried out the Secret Skills of Star Palace and integrated the power of Stars into his sword Principle. Then, the power of the retreating Eternal Light suddenly increased by ten-fold!

One must know that Jian Wushuang and Universe God Qing Yang were evenly matched.

Universe God Qing Yang only increased his power of crimson moon by thirty percent with the aid of the elixir.

While Jian Wushuang increased his power by ten-fold after he carried out the Secret Skills of Star Palace!

Thirty percent versus ten-fold?

That was a vast difference.

Rumble!

The huge, resplendent crimson moon collapsed directly.

There was no space for a struggle but it shattered easily like dead wood.

While the brilliant eternal light continued to expand and drowned the entire body of Universe God Qing Yang!

“No!!!”

Universe God Qing Yang bellowed tragically and vanished into thin air the very next second.

...

Chapter 1307: Omen!

“Boom!”

The two appalling powers in the center of the battlefield finally dissipated.

Everything in the world finally came back into peace.

But the crowd around the battlefield remained in a dead silence.

You could have heard a pin drop.

Almost everyone stood wide-eyed, filled with horror, and apparently they had not yet recovered from what they had seen.

When the crowd saw Qingyang Universe God swallow the scarlet elixir in the final battle, they thought that Jian Wushuang was sure to die. Even Scarlet Island Master intended to give him a hand, though it was too late. However, the situation totally subverted expectation.

Unexpectedly, Qingyang Universe God, who enhanced his power by taking advantage of elixirs, was instantly killed by Jian Wushuang.

Instantly, without an opportunity to resist.

“What on Earth kinds of tricks does he use?” Everyone kept staring at Jian Wushuang in disbelief.

Now people had all witnessed how Jian Wushuang killed Qingyang Universe God.

They remained wide-eyed in horror while one person became outraged.

“Jian Wushuang!!!”

A roar resounded, full of anger and aggression. At that moment, an aged figure rushed out.

This frightening aged figure was apparently stronger than Jian Wushuang and Qingyang Universe god. He rushed toward Jian Wushuang, intending to kill him, but he was held back by another figure.

“Bastard!”

The aged figure was the Universe God of the Nine Oceans.

He shouted, bristling with rage.

“Universe God of the Nine Oceans, what the hell are you doing?”

It was Scarlet Island Master who stopped the Universe God of the Nine Oceans. The master, also with a murderous look, could easily suppress the Universe God of the Nine Oceans with his power.

Although Universe God of the Nine Oceans was one of the four masters in the Holy Prefecture, only the most powerful master there, not him, could contain the Scarlet Island Master. Universe God of the Nine Oceans, only a primary universe god in the Second Heaven, meant nothing to Scarlet Island Master.

“Universe God of the Nine Oceans, here is Dayu Palace and the palace master is also present. You should know how to behave yourself!” White Sector God from Dayu Palace also came out to control the situation.

Hearing the words, Universe God of Nine Oceans changed his attitude and respectfully said to Dayu Palace Master in the distance, “Your Majesty, my disciple Qingyang was killed by Jian Wushuang. Please help me call for the justice! ”

“Justice?” The Dayu Palace Master glanced at Universe God of Nine Oceans and sneered: “Don’t speak such a bared-faced lie!”

Universe God of Nine Oceans was surprised by the response he received.

“Humph!”

“Death and injuries are inevitable in such a fierce battle. Moreover, it’s your disciple who asked for the battle and even took the elixirs in order to kill Jian Wushuang. So why shouldn’t Jian Wushuang kill him?” Dayu Palace Master said indifferently.

The crowd also cast a taunting glance at Universe God of Nine Oceans.

They witnessed everything and could judge the situation fairly.

Qingyang Jieshen shamelessly took the elixirs in the battle in order to kill Jian Wushuang, so it was fair that Jian Wushang killed him for self-defense.

After all, they weren’t fools.

The face of Universe God of Nine Oceans went pale. He knew that he and the Holy Prefecture should accept the facts, even though he was unwilling to do so.

Everyone was on the side of Jian Wushuang.

And here was Dayu Palace, with it’s master was present.

He could do nothing but contain his own anger.

“Jian Wushuang!!!”

Frustrated, he glanced at Jian Wushuang with his indifferent and murderous eyes.

But this time, he was shocked.

As was anyone else who looked at Jian Wushuang.

It was because they found that Jian Wushuang completely ignored Universe God of Nine Oceans despite the extreme anger and murderous look of the latter.

Instead, he was looking up at the heaven above him, with an unprecedentedly serious expression.

From the heavens came a low hum, accompanied by an annihilatory power!

All the crowd were shocked, with eyes wide open when they saw the scene.

“That, that is...”

“This annihilatory power...”

“It is a God test!!!”

“Exactly, it’s a God test!”

“Oh my God!”

Everyone almost got shocked.

It was unbelievable that Jian Wushuang had immediately ushered in his important God test right after he had killed Qingyang Universe God through a hard battle.

“God test right after a fierce fight? What a coincidence!” Even Dayu Palace Master and Lord Wu Cang could hardly believe what they had seen and frowned.

Generally speaking, a cultivating practitioner could feel the coming of the God test a long time before its arrival and he could even predict the exact date because the suggestion was so clear and obvious.

But now, the God test of Jian Wushuang came suddenly without a sign.

If there had been one, Jian Wushuang would never have chosen to fight with Qingyang Universe God.

The heavens kept humming.

And the universe suddenly darkened. And in the heavens, large dark clouds gathered, in the depth of which violent forces were brewing.

Everyone could feel the horrible pressure of the dark clouds.

Suffocating.

“The pressure...”

Feeling the pressure, Dayu Palace Master and Lord Wu Cang realized something and their expression changed again.

“No, this is not a God test!” Dayu Palace Master said.

“You are right. The pressure is accumulating, there is no sign of it coming immediately!” Wu Cang added.

These two prestigious Universe Gods from the Third Heaven looked at each other, saying the same word.

“Omen!!”

Now even these two prominent figures expressed a hint of fear.

“Indeed, the Omen before the coming of the God test!” Dayu Palace Master took a deep breath and solemnly said: “All cultivating practitioners will embrace an Omen before the arrival of the God test, which serves as an indicator to practitioners”

“However, in the Eternal Chaotic World, the Omen came as a feeling to most of the practitioners.”

“But Jian Wushuang’s Omen formed into thunderclouds!”

“A thundercloud with such a horrible pressure!!”

Chapter 1308: The Descending Test!

“It isn’t God’s Test but a signifier of a descending test!”

“The signifier formed into thunderclouds?”

“Oh God!”

Everyone on the training field quickly came back to reality and exclaimed one after another.

Most of them had undergone God’s Test but they had only received some strange sensation before their God’s Test came by.

However, the signifier of Jian Wushuang’s God Test had taken the shape of such terrifying thunderclouds?

Until his God Test’s Descended, how strong would it become?

Terrifying!

Everyone was terrified!

“It is said that someone too smart dies young! Those geniuses, the better they are, the more ferocious the God’s test that they encounter. Jian Wushuang was extremely gifted and one like him is rare to come by. Hence, the God’s test that he would face would definitely be scary,” Wu Cang mumbled to himself in the void.

“Haha, Jian Wushuang, even God couldn’t tolerate with you!” Universe God in the Nine Oceans laughed hysterically and mischievously, “Even the signifier of your God’s Test has already taken the shape of thunderclouds. I have never heard of that before. When the real God’s Test comes, it would definitely be earth-shaking!”

“Aren’t you extremely talented?”

“Your power as a mere Universe Master, no one Universe God in the First Heaven in Dayu World could win against you!”

“As you are so great, I’d like to see how are you going to pass the upcoming God’s Test!”

Universe God in the Nine Oceans was extremely angry earlier.

Universe God Qing Yang died before him after all but he couldn’t do anything.

Then, he felt much better.

From the signs, he could tell Jian Wushuang was going to deal with an extremely terrifying God's Test!

Dealing with such a terrifying God's Test, Jian Wushuang had almost no hope of surviving!

On the training field, everyone came back to reality from their astonishment. They fixed their gazes on Jian Wushuang but remained silent.

Jian Wushuang was the center of attention but he didn't look worried. As for the mischievous laugh of Universe God in the Nine Oceans, he wasn't concerned about him either. His eyes were fixed on the thundercloud above him.

There was a terrifying pressure among the thundercloud. It didn't go away but lingered in the sky for a very long time.

From the thunderclouds, Jian Wushuang received a message.

"A hundred and twenty years later?" Jian Wushuang muttered softly.

The sign of God's Test had come and it would provide the cultivator a time frame for them to prepare themselves. Although Jian Wushuang was going to undertake Inverse Cultivation Test, it was the same.

The time given for him to prepare for the Inverse Cultivation Test was a hundred and twenty years.

"It's too short," King of Venomous Worms's voice sounded very depressed in Jian Wushuang's body.

In ordinary cultivation, most of them would have a few centuries to prepare for God's Test, or even longer. Hence, a hundred and twenty years was fairly short.

"It is really not long but I can at least prepare myself in time," Jian Wushuang clenched his fist.

Rumble.

The thunder sound continued to be heard but the thundercloud that lingered above the void for a very long time finally started to disperse and the terrifying pressure that covered the sky gradually dispersed too.

Very soon, everywhere became calm and resumed its original state.

Jian Wushuang reined in his gaze. He stood on the ground with his eyebrows tightly creased. He seemed to be muttering to himself.

He did that for a while, then he lifted his head. He took a step and stood before the Master of Dayu Palace and Wu Cang.

"Palace Master, I have a presumptuous request. I wish you would consent," Jian Wushuang spoke politely.

"Go ahead," the Master of Dayu Palace looked Jian Wushuang in the eyes.

"My God's Test will be here in one hundred and twenty years. The place that I will undergo the God's Test, I'd like it to be at Tribunal Passing Pinnacle. I wonder if it's okay," Jian Wushuang asked.

"Of course," the Master of Dayu Palace nodded, "Tribunal Passing Pinnacle is a designated place for undergoing God's Test. Whoever that passes their God's Test there would be beneficial for Dayu Palace. After all, the inner disciples of Dayu Palace can watch by the side to accumulate more experience, especially when a genius like you is undergoing God's Test, it's a chance that is hard to come by!"

"Focus on passing the God's Test. When you undergo God's Test, I'll personally watch over it and there'll definitely be no one who can disturb you!"

"Thank you," Jian Wushuang expressed his gratitude.

Regardless of if he was undergoing God's Test or the Inverse Cultivation Test, the most important facet in going through God's Test was to not be disturbed by external factors.

Then, there was deep-seated grudge between him and Holy Prefecture. If he were to undergo God's Test in other places, he was worried that the other experts from Holy Prefecture would make trouble when he underwent the God's Test.

But in Dayu Palace, there was the Master of Dayu Palace who would attend personally. Hence, no one would dare to act recklessly. In other words, no one could affect him. Then, he could undergo his God's Test with his all.

"One more thing," Jian Wushuang looked at the Master of Dayu Palace and continued, "The reason why I could improve so tremendously in power in the one years is because of the ten years accumulation from the Little Scattered Stars Game. If possible, I'd like another chance to resolve the chess game. If there's any condition or price that I have to pay, you can be straightforward with me and I'll try my best to fulfill!"

Jian Wushuang said in all sincerity.

If it was before, he wouldn't have had the nerve to request a chance even if he was willing to pay a price.

However, Inverse Cultivation Test was coming and Jian Wushuang felt the increase of pressure. At such a crucial moment, he would like to improve his power as much as possible.

The Little Scattered Stars Game was really helpful for him. He, of course, wanted to obtain it with his all.

Hearing what Jian Wushuang said, the Master of Dayu Palace smiled faintly and said, "Although the Little Scattered Stars Game is in my hand and Wu Cang would study it with me occasionally, it isn't much help to the two of us. It doesn't matter if we lend it to you for a hundred and twenty years.

"You are my guest. You can use the resources in Dayu Palace as you wish. Dayu Palace has treasure and elixir that could assist you in passing God's Test. Of course, you have to use treasure of the same value in exchange for the treasure."

"Besides, the Blaze Quicksand Gourd that I borrowed from you earlier, I'd return it to you before you undergo your God's Test too."

"Thank you, Palace Master," Jian Wushuang thanked him again.

The Master of Dayu Palace waved.

“Jian Wushuang.”

There was suddenly a deep voice and the owner of the voice was Wu Cang who was seated next to the Master of Dayu Palace.

“Lord Wu Cang,” Jian Wushuang immediately looked over.

“You are extremely gifted. I have come across many geniuses from wandering around Snow Kingdom over the years, but there is hardly anyone who could compare favorably with you. I hope you will pass the God’s test,” Wu Cang looked at Jian Wushuang as he announced.

“If you were to pass through the God’s Test, I will pass you a token and recommend you into Snow Dojo. There are countless geniuses and Dayu World is beyond compare. When you’re there, your potential could be put to full play!”

Chapter 1309: Defense Secret Skills!

“Snow dojo?” Jian Wushuang was quite interested.

He had heard of this place, knowing that it was a camp for the geniuses of Snow Kingdom in which there were far more geniuses than Dayu Universe.

“The Snow Kingdom is quite large, and Snow Dojo is also a good place for you now, though it isn’t as good as the Lineage of Stars.” The King of Venomous Worms said in Jian Wushuang’s heart.

“I know, but I should consider it after I finish my Inverse Cultivation Test.” Jian Wushuang said solemnly.

And soon he left.

And the people also left.

And the battle came to an end.

Jian Wushuang defeated and killed Qingyang Universe God, which was unexpected by the crowd at the beginning.

However, the topic that people talked about after the battle was not that Qingyang Universe God was killed by Jian Wushuang, but that Jian Wushuang would go through his God test in one hundred and twenty years.

Everyone was very curious about how powerful the God test could be with such an astonishing Omen.

Could Jian Wushuang pass his God test in one hundred and twenty years?

...

Jian Wushuang sat alone in the secret room, with the Little Scattered Stars Game in his front.

The King of Venomous Worms, within the body of Jian Wushuang, said to him, “The Inverse Cultivation Test is the same as God test, in which defense abilities and life-saving skills are even more important than the swordsmanship itself. So in the next one hundred and twenty years you should seek to improve different abilities rather than only polishing your swordsmanship.”

"I know." Jian Wushuang nodded, "Before focusing on the Little Scattered Stars Game, I will first improve my defense ability and life-saving skills! And the first step to develop defense ability is to cultivate defense secret skills."

Actually, Jian Wushuang had cultivated a kind of defense secret skill.

That was the Golden Secret Skill from Green Fire Palace.

Green Fire Palace, serving as a huge battlefield and a large treasure deposit, owned many secret skills with high levels, including the Gold Secret Skill, which was enough for universe gods in the First Heaven and the Second Heaven.

The Gold Secret Skill was divided into three parts.

Only cultivating practitioners above Tianzun were qualified to practice the first part.

As for the second part, only universe gods in the First Heaven were qualified.

Jian Wushuang had only finished the first part.

Now, in order to improve his defense ability of the body, it was imperative for him to practice the second part.

"Actually I have tried to cultivate the second part for several times but failed. Now, although I have developed my overall strength a lot, my magical power hasn't improved enough. I think it would be quite difficult for me to achieve that goal."

"Yep, quite difficult for you currently, but if you can get some natural treasures and a Sacred Bone Elixir, and then combine them with your magic power, you can probably finish the second part." said the King of Venomous Worms.

"Sacred Bone Elixir?" Jian Wushuang was confused.

"That is a kind of elixir that forcibly enhances the magic power in a short time. If used properly, it can help you cultivate the second part of the Gold Secret Skills." the King of Venomous Worms smiled, "As the guest of Dayu Palace, why not use the resources here? You can ask members of the palace for Sacred Bone Elixirs or ask them to find some for you if there aren't here."

"Precious as it is, the elixir isn't difficult to find in such a big and powerful Dayu Palace."

"Well, let me ask them right now." Jian Wushuang immediately sent a message to White Sector God.

And White Sector God replied soon.

There were more than one Sacred Bone Elixirs right here in the palace.

White Sector God immediately asked his subordinates to send two Sacred Bone Elixirs to Jian Wushuang, who also paid numerous Chaotic Crystals.

With Sacred Bone Elixirs in hand, Jian Wushuang started to cultivate the Gold Secret Skill under the guidance of the King of Venomous Worms.

The cultivation took three years.

After three years, Jian Wushuang opened his eyes in the secret room, with his body shaking and producing a cracking sound.

“Done!”

Jian Wushuang was extremely excited.

With the help of Sacred Bone Elixirs and the guidance of the King of Venomous Worms, Jian Wushuang spent three years completing the second part of the Gold Secret Skill.

Thanks to the cultivation, Jian Wushuang’s already incomparable magic power soared again and reached a new level.

“I feel that my current magic power is at least ten times stronger than before!” Jian Wushuang said.

His former power was equal to a ordinary Universe God in the First Heaven, and now, he was powerful enough to easily match a Peak Universe God in the First Heaven!

It was incredible for a Universe God to make such achievements.

What’s more, the most powerful skills that Jian Wushuang had was not magic power but the Blood-killing Plate Armor!

The Blood-killing Plate Armor shared a great reputation in the Eternal Chaotic World, because it could weaken the power of a Universe God by 90%.

With the Blood-killing Plate Armor, plus his soaring magic power as well as his defense ability, Jian Wushuang was definitely able to compete with average Universe Gods in the Second Heaven!

However, what Jian Wushuang was facing was the Inverse Cultivation Test.

The most terrible God test in the Eternal Chaotic World

Jian Wushuang believed that his current defense ability was not yet enough for him to get through the test.

So he went to the treasure deposit of Dayu Palace.

He wanted to pick a suitable defense treasure, just like the black turtle shell that Dong Men Universe God had used in his God test.

The black turtle shell was a very powerful defense treasure, which Dong Men Universe God relied on to resist the second Sacred Thunder. Unfortunately, that thunder also carried a trace of Fire Test, which resulted in his death.

To avoid the same situation and get through the Inverse Cultivation Test, Jian Wushuang should make full preparation. And a suitable defense treasure could help him improve the success possibility.

Finally, Jian Wushuang decided to choose a treasure called Green Bell.

Ordinary as it was, the Green Bell was more powerful than the black turtle. In order to get the bell, Jian Wushuang paid a lot.

Chapter 1310: Lineage of Scarlet

In the Dark Green Bell, there were two secret skills.

First, Immovable Mountain, which was used as a defense.

The other one was used for suppression. However, the Blood Mountain Sword possessed suppression power. Hence, the secret skill of suppression wasn't much help to Jian Wushuang.

After Jian Wushuang obtained the Dark Green Bell, he stayed in the secret room to study the defense secret skill.

Just as he mastered the defense secret skill, he received a message from the Master of Scarlet Island.

"Jian Wushuang, quickly return to Scarlet Island."

The Master of Scarlet Island only told him to make a trip back to the island but he didn't mention what happened.

"I am going all out to prepare for the upcoming Inverse Cultivation Test and the Island Master surely knows this too. If it wasn't about anything important, he definitely wouldn't bother me."

Jian Wushuang was very certain about it.

The Master of Scarlet Island knew and he still called for him, so it must be urgent.

Jian Wushuang didn't delay but immediately left to go back to the Scarlet Island.

Jian Wushuang arrived at Scarlet Island very quickly and met the Master of Scarlet Island.

In the lofty palace, there was another person besides Jian Wushuang and the Master of Scarlet Island. He was a skinny elderly with white eyebrows.

The elderly with white eyebrows had very long brows that were almost reaching his ear lobes.

"Jian Wushuang, let me introduce you. This is Master Uncle Tian Ying," the master of Scarlet Island introduced.

"Master Uncle?" Jian Wushuang stunned.

He once obtained the most detailed information about Scarlet Island but it had never been brought up that there was a master uncle of the island master.

The aura of the master uncle was extremely tough, not any weaker as compared to the Master of Scarlet Island. He obviously was a Peak Universe God in the Second Heaven as well. However, Jian Wushuang had never heard the name Tian Ying before this.

"It seems that the Master of Scarlet Island ain't as simple as he looks," Jian Wushuang complimented, "However, it is only right and proper. He has been an overlord in Dayu World for so many years, how could he be as simple as he looks?"

Jian Wushuang thought and bowed before the elderly with white eyebrows for the first time, "Universe God Tian Ying, greetings from Jian Wushuang!"

The elderly with white eyebrows waved, "I cultivate in seclusion all year round and I had no idea that a prodigy like you had appeared in Scarlet Island!"

Universe God Tian Ying looked at Jian Wushuang with admiration.

He had been in seclusion all the time. He only received the message from the Master of Scarlet Island not long ago and found out about the existence of Jian Wushuang. He had also heard of Jian Wushuang's achievements.

A Universe Master killed the strongest genius of Dayu World, Universe God Qing Yang who stood high above all Universe Gods in the First Heaven.

The achievement was simply astonishing!

Judging merely on the signs of the upcoming God's Test which had taken the shape of pressuring thunderclouds, that sight itself was unbelievable.

Both incidents clearly showed that Jian Wushuang was a monster through and through.

"Jian Wushuang, I called you here today for just one matter," the Master of Scarlet Island said.

Jian Wushuang looked at the Master of Scarlet Island.

While the Master of Scarlet Island exchanged a look with Universe God Tian Ying next to him and smiled, "I've discussed in detail with Master Uncle. We finally came to a decision for you to join the Lineage of Scarlet."

"Lineage of Scarlet?" Jian Wushuang stunned.

He only knew about Scarlet Island, but what was the Lineage of Scarlet?

The Master of Scarlet Island wasn't surprised when he saw Jian Wushuang in confusion. He explained, "Jian Wushuang, you might not know that the core of the Scarlet Island is actually the Lineage of Scarlet. However, there are not many experts in the Lineage of Scarlet in Scarlet Island. For instance, the real Lineage of Scarlet in the Scarlet Island are in fact now only Master Uncle and I."

"It that so?" Jian Wushuang was convinced.

The Master of Scarlet Island continued, "Scarletian is founded by an expert above all the Universe Gods. He was once outstanding but he declined later on. Until now, he has only existed in Dayu World."

"The Lineage of Scarlet has been passed down until now and there is an extraordinary secret skill. It's called, Scarlet Kingdom!"

"Scarlet Kingdom?" Jian Wushuang's pupils contracted.

He immediately recalled a message that he had once read.

The three overlords in Dayu World, including Scarlet Island, Golden-sun Sect and Holy Prefecture, although they were roughly the same in power, the strongest among the three overlords was definitely the Master of Scarlet Island.

As for the master of Golden-sun Sect and Holy Prefecture, although they were Peak Universe Gods in the Second Heaven, they were one notch below the Master of Scarlet Island in power.

The reason was because the Master of Scarlet Island gained fame through Scarlet Kingdom!

That technique was a very ferocious secret skill.

For the technique to be put to full play by a Peak Universe God in the Second Heaven like the Master of Scarlet Island, it was even scarier!

“Jian Wushuang, do you want to cultivate the Scarlet Kingdom?” The Master of Scarlet Island looked at Jian Wushuang.

“Cultivate the Scarlet Kingdom?” Jian Wushuang stared.

The Scarlet Kingdom was the technique that made the Master of Scarlet Island infamous. It was extremely fierce.

He, of course, would love to cultivate such a secret skill.

But, why would the Master of Scarlet Island pass on the secret skill to him so easily?

“Jian Wushuang, you are extremely gifted. If you were to pass the God’s Test, you would definitely have a bright future. However, the God’s Test isn’t ordinary. There’s a limit to how much I can help. The only thing that I could help you with, I reckon, would be the secret skill, Scarlet Kingdom,” the Master of Scarlet Island explained.

“However, Scarlet Kingdom is Lineage of Scarlet’s most important secret skill after all. Only members of the Lineage of Scarlet are qualified to cultivate the skill. I’ve discussed with Master Uncle. If you were to agree to join us as a Lineage of Scarlet, I can lead you to cultivate this secret skill.”

Jian Wushuang clasped his hands together. Even though he was tempted, Jian Wushuang replied honestly, “Island Master, to be frank, I will leave Dayu World for Snow Dojo after passing the God’s Test. Or maybe I will wander in other vast places. Hence, even if I become Lineage of Scarlet, I’m afraid I wouldn’t be able to contribute much to the Lineage of Scarlet.”

The Master of Scarlet Island and Universe God Tian Ying smiled when they heard his reply.

The Master of Scarlet Island replied, “Jian Wushuang, don’t you worry, we Lineage of Scarlet do not restrain experts under our command. If you were to become Lineage of Scarlet, you could still do whatever that you wish. Even if you are away all year round, it wouldn’t be a problem. In the Lineage of Scarlet’s history, there were a few who were the Island Masters before me, who wandered on their own for years after they found a suitable successor.”

“But, there’s only one condition. If the Lineage of Scarlet were to be in a life and death situation one day, I will signal an SOS and I hope you will be able to come back in time to provide assistance!”
