

Swordsman 1311

Chapter 1311: Interpreting

“No restrictions except having to come back to save Scarlet Island once a crisis happens?”

Without much hesitation, Jian Wushuang nodded, “Yes!”

The only condition was absolutely acceptable to him.

Even if he did not join the Lineage of Scarlet, he would definitely offer a hand whenever the island met with a crisis.

After all, it was the first place that welcomed him after he entered the Eternal Chaotic World, and the island master was very kind to him.

“That’s the deal.” Scarlet Island Master smiled.

Tian Ying Universe God who was near the master took out a command token to give to Jian Wushuang, “Drip a drop of blood to it and you will become a member of the Lineage of Scarlet.”

Jian Wushuang glanced at the command token with his soul power, nodded, and dripped a drop of blood into it.

Scarlet Island Master smiled, “Welcome. From now on, just call me Brother He Yuan, as we are both from Lineage of Scarlet.”

“Brother He Yuan?” Hearing the real name of Scarlet Island Master for the first time, Jian Wushuang felt a little bit awkward.

“Now, I will take you to the cultivating place of Scarlet Kingdom.”

Scarlet Island Master took Jian Wushuang to the core place of the Lineage of Scarlet.

The place was over ten thousand miles below the Scarlet City.

Right in this place sat a tremendous palace, hidden by an advanced forbidden token. Ordinary Gods, including Universe Gods in the Third Heaven, could not find it.

Jian Wushuang followed Scarlet Island Master and Tian Ying Universe God, and came to a wide square in the palace.

In the middle of the square, there was a stone monument with ancient words written on it.

Each of these words was magical and grand.

“The stone monument was left by the founder of our Lineage of Scarlet. The powerful descendants all depend on them to interpret the secret skills of Scarlet Kingdom.” Scarlet Island Master said.

Jian Wushuang looked at the stone monument in front of him, feeling amazed.

He knew how extraordinary it was. The material, for example, was unknown by Jian Wushuang.

“Interesting.”

The King of Venomous Worms in the body of Jian Wushuang said, “This stone monument is made up of Ancient Magic Crystals, which are precious in the Eternal Chaotic World. Such a huge piece of Ancient Magic Crystal must be invaluable. And the founder of Lineage of Scarlet used it just to record the secret skills! It is too luxurious even though the lineage is powerful!”

“It feels like the founder of the Lineage of Scarlet had very extraordinary power.”

“On what level?” Jian Wushuang asked.

“I can’t tell from just an ancient magic crystal monument. But no matter how powerful it was, the founder lagged far behind the founder of the Lineage of Stars.” The King of Venomous Worms said.

“Doubtless.” Jian Wushuang replied.

After all, the Lineage of Stars was among the top ones in the ten Cultivation Sanctuaries.

If the founder of the Lineage of Scarlet had been powerful enough to be compared with the founder of the Lineage of Stars, the Lineage of Scarlet wouldn’t only stay in a small universe like this.

“The secret skills of the Scarlet Kingdom are divided into four parts. Even the simplest part is very difficult to interpret. I spent three thousand years in front of the monument to figure out the first part and I still can’t interpret the second one.”

“You are more talented than me but your time is limited. So you should seize the time and try to interpret the first part. It is enough to finish the first part. As for the next three parts, you can work on finishing them until you pass your God Test.” Scarlet Island Master said.

“OK.” Jian Wushuang nodded.

“Then we will leave you alone to stay here to interpret. Remember to keep track of the time.” Scarlet Island Master reminded Jian Wushuang again and left with Tian Jie Universe God.

After they left, Jian Wushuang immediately sat down. His soul power instantly covered the entire monument, and he could clearly see what was hidden within the monument.

Then he began to meticulously interpret it.

After only three days, Jian Wushuang opened his eyes.

“Well? What happened?” Jian Wushuang frowned.

“Why did I spend just three days to interpret the first part while Brother He Yuan used three thousand years?”

Jian Wushuang was confused.

When he heard about what Scarlet Island Master said, he felt that it was not easy to interpret the secret skill of Scarlet Kingdom.

But unexpectedly, he just took three days.

With another two days, he could even interpret all the four parts of the skills.

“How come?” Jian Wushuang was still puzzled.

At this time, the King of Venomous Worms gave him an answer. “Scarlet Island Master said it was difficult based on his own intelligence and capability. First of all, he is far less intelligent to you. More importantly, it is because you have ignited the Soul Fire!”

“This stone is made of Ancient Magic Crystal, which makes obstacles in people’s consciousness. Therefore, people covering this monument with consciousness find it hard to see all the hidden things. I guess the founder of the Lineage of Stars deliberately set this obstacle in order to test the intelligence of his descendants. Although you don’t have enough magic power, you are doing Inverse Cultivation and you have ignited the Soul Fire, which covers this monument and offsets the obstacles for you. So it is much easier for you to interpret.”

“In this way, you easily outpaced Scarlet Island Master.”

Jian Wushuang fully understood and felt amazed by his power.

The powerful Inverse Cultivation facilitated the Soul Power and ignited the Soul Fire, contributing to incomparable advantages for Jian Wushuang.

“The next three secret skills won’t take long for me to finish, I think.” Jian Wushuang smiled and then continued to interpret.

Chapter 1312: Scarlet Kingdom!

Jian Wushuang understood the first level of Scarlet Kingdom in three days. Although the following second, third and fourth levels of the secret skill were more difficult than the first, Jian Wushuang found it rather easy to understand.

A year passed by very quickly.

Before the stele, Jian Wushuang opened his eyes and a bright light swept out.

Vroom!

A terrifying crimson flame surged and formed a huge scarlet sea fire which filled the universe.

Jian Wushuang was right in the core of the scarlet sea fire. The surrounding crimson flame that filled the air was submitted to him and he became the ruler of the scarlet sea fire!

“Such a strong power. This is Scarlet Kingdom. It feels rather similar to Realm techniques,” Jian Wushuang looked around in astonishment.

However, Scarlet Kingdom was different from Realm techniques after all.

Realm techniques were a great technique to suppress opponents and weaken their power.

But Scarlet Kingdom wouldn't pressure the opponent. Even when the opponent was right in the core of sea fire, he wouldn't be affected much. However, Jian Wushuang who was in the sea fire would be able to perform stronger swordsmanship.

Among the scarlet sea fire that filled the air, Jian Wushuang stood up and the Blood Mountain Sword was already in his hands.

Jian Wushuang wielded the sword and there was immediately a bolt of lightning. An explosion of terrifying power, and there was immediately a twisted black hole in the scarlet sea fire.

"The power..." Jian Wushuang was beaming with joy.

He could clearly sense the tremendous increment of his power in swordsmanship.

The increment was about seventy percent more!

Seventy percent was already quite significant.

"No wonder even though the Master of Golden-sun Sect and Holy Prefecture are both Universe Gods in the Second Heaven but they couldn't win against the Master of Scarlet Island. It is because the Master of Scarlet Island possesses the secret skill of Scarlet Kingdom and the moment he carries out the secret skill, his overall power would increase by seventy percent straightway!"

"And, merely the first level could be so strong. The following second, third and fourth, would only be stronger!" Jian Wushuang gasped with admiration.

Of course, although he understood all four levels of the secret skill, he could only really perform the first level of the secret skill.

As for the second level of Scarlet Kingdom, maybe he could only be qualified to perform it after he become a Universe God when he passed the Inverse Cultivation Test.

"With Scarlet Kingdom, my overall power increased tremendously again. I am even more confident to pass the Inverse Cultivation Test!" Jian Wushuang clasped his hands tightly together. After he understood all four levels of the secret skill, he didn't continue to stay but got up to leave.

When he arrived outside the cave dwelling, Jian Wushuang saw the Master of Scarlet Island and Universe God Tian Ying that were waiting outside.

"Sorry to keep you waiting," Jian Wushuang smiled faintly.

"Jian Wushuang?" The Master of Scarlet Island and Universe God Tian Ying were both shocked to see Jian Wushuang.

"You came out so quickly?"

"How long has it been?"

From what the Master of Scarlet Island and Universe God Tian Ying said, even though Jian Wushuang was extremely gifted, it would require at least ten years time to understand the first level of Scarlet Kingdom.

But it had only been a year.

“You have mastered the first level secret skill?” The Master of Scarlet Island asked in disbelief.

“Yes,” Jian Wushuang smiled faintly, “Not only have I understood the first level, but I’ve also understood the latter three levels too.”

“Four levels of secret skill, you understood them all?”

The Master of Scarlet Island and Universe God Tian Ying stared.

“Understood all four levels of secret skill in one year? How is it possible?” The Master of Scarlet Island was astonished.

One must know that he himself had spent almost three thousand years on only understanding the first level of secret skill, and he had yet to understand the second level of secret skill until then.

Jian Wushuang understood all four levels of secret skill in one year?

Merely a year?

We were all human, why are we so different?

“Monster!”

The Master of Scarlet Island and Universe God Tian Ying looked at each other in surprise and could only describe Jian Wushuang with that particular word.

“Jian Wushuang, the most impressive thing about the Scatletian was the secret skill, Scarlet Kingdom. It is also the only thing that we could help you with. The rest of the things depend on yourself,” the Master of Scarlet Island said.

“Mm.” Jian Wushuang nodded heavily.

He was very clear that understanding Scarlet Kingdom really did increase his power quite a bit. But even with the secret skill, he still couldn’t undergo the Inverse Cultivation Test with no worries.

He still had to get ready!

He still had to continue to increase his power.

He focused on increasing his level of swordsmanship.

Jian Wushuang returned to where he had stayed in Dayu Palace. In the secret room, the Little Scattered Stars Game was before Jian Wushuang and he started studying and resolving it again.

He resolved thirty-five moves the previous time and then he continued to resolve the chess game from thirty-sixth move onwards.

Then, he obviously had more time compared to the previous time.

Vroom!

The scene fast forwarded.

Again, there was a boundless land covered in white. At the far front of the land, there was a figure in a white robe standing there.

The moment Jian Wushuang saw the white robe, the figure withdrew his long sword and charged towards Jian Wushuang.

Jian Wushuang couldn't feel the existence of any Sword Principle but he could merely depend on his understanding towards nature of swordsmanship to resolve the problem before him.

While Jian Wushuang was resolving it, he continued to accumulate experience like before.

He immersed himself in resolving the Little Scattered Stars Game.

As time flew past...

The Little Scattered Stars Game was extremely profound and every thirty three steps marked a threshold.

Under normal situation, a Universe God in the First Heaven of a top genius level, could spend ten years and resolve the thirty-third move. However, every move after that represented a level higher. In a twenty year time period, one might not even resolve the fortieth move, and in a hundred years... One might only be wandering around over forty moves.

Jian Wushuang started resolving from the thirty-sixth move and he spent a hundred years on the chess set.

After a hundred years, the fifty-first black chess gradually disappeared from the Little Scattered Stars Game before Jian Wushuang.

The fifty-first move was resolved!

Until then, Jian Wushuang opened his eyes.

"The fifty-first move is finally resolved," Jian Wushuang sighed, "In a hundred years, from the thirty-fifth move to the fifty-first move. I only resolved sixteen moves?"

Jian Wushuang wasn't pleased with the outcome.

However, King of Venomous Worms who was in his body spoke, "Jian Wushuang, you think the Little Scattered Stars Game is easy? Don't forget that to you, just a Universe Master, this is too high of a level. To be able to resolve the fifty-first move in a hundred year's time, it's incredibly good. How dare you dream for more?"

"Mm. True that," Jian Wushuang smiled, "It's nearer to my Inverse Cultivation Test. There is only a decade left. I have to make use of the last decade wisely!"

Chapter 1313: Everything Is Ready!

In the last ten years before the God Test, Jian Wushuang kept cultivating in the the secret room.

He had kept trying to understand the swordsmanship that he had learnt from the Little Scattered Stars Game.

His swordsmanship had also reached a new height.

And the God Test was approaching.

...Time passed quickly and there were only ten days left!

The LAST ten days.

Jian Wushuang was sitting in the secret room quietly, breathing slowly.

The closer the God Test was, the more peaceful he was.

“In the past one hundred and twenty years, I have already improved myself as needed, and made all necessary preparations!”

“Everything is ready!”

Jian Wushuang held his hands tightly.

In the past one hundred and twenty years, he had cultivated the second part of the Gold Secret Skills to dramatically improve his magic power. Then he got the Green Bell, through which he mastered the “Mountain Stillness” secret skill to greatly enhance his body defense ability.

Then, he interpreted the first part of the Scarlet Kingdom Secret Skills, which further improved his overall power.

Finally, there was his swordsmanship.

He figured out a way to do the Little Scattered Stars Game using a hundred years, and spent more than ten years to understand what he learnt, so that his swordsmanship also skyrocketed.

In a word, he had done his best to raise his abilities in all aspects.

Now he was in the best condition in his current level!

Whether he could survive the God Test all depended on his Luck now!

“It’s time to go.”

Jian Wushuang slowly stood up, took a breath, and then went to the Tribulation Passing Pinnacle.

He arrived at the top of the Tribulation Passing Pinnacle ten days before the God Test and sat there to wait.

As soon as he sat down, the heavens started rumbling. The universe changed its color and a large block of thunderclouds began to gather.

King of Venomous Worms sighed, “There are still ten days left before the God Test but the thunderclouds have already begun to gather and accumulate power.”

Jian Wushuang could feel what was happening but he did not care. Instead, he closed his eyes and tried to make his heart empty and peaceful.

After Jian Wushuang's arrival, Dayu Palace began bustling.

Many talents and disciples from Dayu Palace all rushed to the Tribulation Passing Pinnacle. They just stood ten thousand miles away from the Pinnacle and watched Jian Wushuang in the distance.

Of course, they were also aware of the thunderclouds that were gathering.

"Why are the thunderclouds gathering so early?"

"Indeed too early. Ordinary practitioners usually see thunderclouds gather an hour before the God Test. But I guess Jian Wushuang's God Test will still be a few days later!"

"Ten days exactly!"

The talents that had arrived were having a heated discussion.

They couldn't believe what was happening.

On the day when the Omen came, Jian Wushuang could accurately feel that the God Test would come one hundred and twenty years later.

In another word, there was exactly ten days left!

Powerful Gods in Scarlet Island, Gold-sun Sect and Holy Prefecture also came here one after another.

"Jian Wushuang."

"I have done my best to help you. Whether you can get through the God Test now all depends on you."

Scarlet started at Jian Wushuang and said to him.

Beside him, there were more than a dozen Universe Gods from Scarlet Islands, including the Universe God.

More than half of the Universe Gods from Scarlet Island had made acquaintances with Jian Wushuang in Dayu Palace. All of them came here to see him except Tian Ying Universe God, who couldn't show up due to his special identity.

"The God Test will come in ten days, but the thunderclouds have already been gathering?"

The Universe Gods looked worried.

Next to the group from the Scarlet Island was the Holy Prefecture.

More than ten Universe Gods came here too, led by Universe God in the Nine Oceans.

Universe God in the Nine Oceans watched Jian Wushuang with a murderous expression.

"Jian Wushuang, you are now the recognized genius in Dayu Universe, and even Qingyang was defeated by you. But the more powerful you are, the more dangerous the God Test will be!"

“Nothing but thunderclouds have gathered for an entire ten days! I guess you are doomed to die in the God Test!”

Universe God in the Nine Oceans was excited about that.

He was eager to see Jian Wushuang die in the God Test.

It was because he wouldn't have to make so much efforts to take revenge of Jian Wushuang.

Gold-sun Sect Master also hoped Jian Wushuang to die.

He was aware of the genius of Jian Wushuang after witnessing how Qing Yang Universe God was killed in the battle with Jian Wushuang.

“But this time, Jian Wushuang won't be so lucky!”

He also looked grim.

In the heaven near the Tribulation Passing Pinnacle stood Dayu Palace Master and Lord Wu Cang.

Dayu Palace Master had already banned anyone from disturbing Jian Wushuang, and anyone who disobeyed would be killed.

No one dared to violate the rule under the authority of Dayu Palace Master.

And at that moment, two Universe Gods from the Third Heaven were also looking at the thunderclouds.

“The thunderclouds formed as early as when the Omen came. And now they start to accumulate power ten days before the God Test and will continue for entire ten days. How powerful it is!”

“During my countless years in Snow Kingdom I have seen countless talents going through the God Test. The highest record of thundercloud gathering I know was only two days. But in Jian Wushuang's case, ten days!”

They had had rich experiences and witnessed a lot of cases.

But what was happening was astonishing to them.

From the ten-days gathering clouds, they could see how crazy and horrible the coming God Test would be.

In the heaven, endless thunderclouds gathered, with increasing power and pressure.

Ten days soon passed by.

...

Chapter 1314: The Arrival of Inverse Cultivation Test and The First Divine Thunder

Jian Wushuang sat on the peak of the Tribunal Passing Pinnacle with his eyes closed, just like an old monk in deep meditation.

In the surroundings of the Tribunal Passing Pinnacle, if it could have been described as noisy when the experts were in discussion among themselves earlier, then it was now dead silent.

Dead silent.

There were no other noises.

The reason wasn't that the experts didn't want to talk among themselves but because they were astonished by the thundercloud gathered in the void above.

Ten days, a total of ten days!

The thundercloud in the void above continuously gathered and were constantly saving more power.

The thundercloud only covered the Tribunal Passing Pinnacle at the beginning but it then expanded to a range of a few hundred thousand miles.

The experts who were waiting around the Tribunal Passing Pinnacle retreated to a few hundred thousand miles away as they were afraid that they might be within range of the terrifying God's Test.

The most crucial part was that the pressure from the thundercloud constantly turned stronger as the thunderclouds continue to expand.

In the ten days, the pressure from the thundercloud had reached an unbelievable level!

The power was too strong. Even though they were out of the coverage of the thunderclouds, even though the pressure wasn't aimed at them, it still scared the wits out of the experts at the scene and made their hairs stand on end.

Their eyes were wide open in terror and they couldn't even utter a word.

"Too... too powerful!"

Even the two Universe Gods in the Third Heaven, Master of Dayu Palace and Wu Cang were both in an unprecedented state of horror.

"Wu Cang, when you undergo the third God's Test, was the pressure given out from the thundercloud this powerful?" The Master of Dayu Palace asked.

"No," Wu Cang shook his head, "How about you?"

"My third God's Test was a fire test and it was known to be terrifying but I feel that it couldn't be compared to the power of Jian Wushuang's God's Test in the First Heaven," the Master of Dayu Palace said.

Then, the Master of Dayu Palace and Wushuang gasped simultaneously.

God's Test was supposed to be more and more powerful.

As for the God's Test in the Third Heaven, supposedly the last God's test, it should be ridiculously powerful.

However, they felt that the pressure spread from the thundercloud when they underwent their God's Test in the Third Heaven couldn't match with Jian Wushuang's God Test in the First Heaven.

What's going on?

Just then...

Rumble!

In the middle of the huge thundercloud that covered a range of ten of hundred thousand miles, there was a fierce roar suddenly.

The thunder roared and shocked all the experts gathered around Tribunal Passing Pinnacle.

"It's going to start!"

Everyone held their breath and looked towards Tribunal Passing Pinnacle.

On the peak of the Tribunal Passing Pinnacle, Jian Wushuang, who had been sitting in peace as though he was in complete isolation, finally opened his eyes.

"Is it coming?"

Jian Wushuang lifted his head and looked at the sky. Even though the pressure from the thundercloud was terrifying, he was extremely calm on the inside.

"Jian Wushuang," a low voice was heard, "I have been living off you for a few thousand years. In the few thousand years, I could give you advice and assist you whenever you come across any danger or trouble. However, you have to depend on yourself this time."

"Mm." Jian Wushuang nodded faintly, "Go ahead."

Jian Wushuang waved and a red stream flowed.

Jian Wushuang could only undergo the Inverse Cultivation Test on his own. If he failed to, he would definitely vanish into thin air. If King of Venomous Worms were to stay in his body, he would definitely be involved. Hence, he had to leave.

"King of Venomous Worms, if I were to die in the Inverse Cultivation Test, please head back to the Eternal Chaotic World on your own and look for a new Ancient God. If you can't find any Ancient Gods in a short time, you can opt to return to the Green Fire World and back to Star Foggy Sea. You can at least stay alive until the new Ancient God descends," Jian Wushuang said.

"I know," King of Venomous Worms looked into Jian Wushuang's eyes and said solemnly, "Jian Wushuang, don't give up even when you reach the last critical moment. You must pass the test!"

Then, King of Venomous Worms dug downwards and disappeared very quickly.

After Jian Wushuang heard that, he smiled and lifted his head again.

"Inverse Cultivation Test!"

“It’s the scariest God’s Test in Eternal Chaotic World. Besides, I am a Four-Star Imperial Ancient God at the highest level. After I pass through this test, it’ll be followed by the Ancient God’s Test straightaway!”

“Haha, God thought too highly of me. However, no one can take my life as they wish!”

“Even if He’s a God!!!”

“Inverse Cultivation Test, Ancient God Test... Come on!”

Jian Wushuang had light spurting out from his eyes and his body suddenly grew into a three-meter tall bronze Ancient God. In the middle of his eyebrows, there was an upside down Four-Star where surging power flowed out ferociously.

“Roar!!!”

Jian Wushuang bellowed and it shook the earth.

In the middle of the thundercloud which covered tens of thousands of miles above him, it seemed to received Jian Wushuang’s provocation. The terrifying thundercloud raged.

The universe roared.

Rumble!

The loud rumble was from the core of the thundercloud, right in the middle of the boundless power. There was a bolt of purplish gold lightning which was as thick as a pail that struck through the thundercloud and descended to the earth.

The moment the lightning appeared, there was a terrifying power that seemed as though it could destroy the earth spreading across.

The moment the experts gathered around Tribunal Passing Pinnacle saw the purplish gold lightning, they were paralyzed with fear.

“Purplish gold!!!”

Some inner disciples of the Dayu Palace couldn’t help but let out an exclamation.

In God’s Test, the most commonly seen was thunder test. The purplish gold lightning obviously belonged to thunder test.

However, there were different level in thunder test too. For instance, when Universe God Dong Men underwent the God Test in the Second Heaven, his second divine lightning was gilded.

Then, the divine thunder that Jian Wushuang was dealing with was in purplish gold!

The purplish gold lightning was much stronger compared to the gilded lightning back then!

On the peak of Tribunal Passing Pinnacle, Jian Wushuang who had already become a bronze Ancient God stared at the purplish gold lightning that was above him, and there was madness in his eyes!

“Purplish gold divine lightning?”

“A divine lightning of such level isn’t even worth it for me to take defense!”

Jian Wushuang let out a bellow and he waved to take off his Blood-killing Plate Armor. He stripped his upper body naked and exposed his Ancient God body on the peak. He stared at the purplish gold lightning as it descended but he didn't look like he was going to block the strike at all!

He, wanted to resist the terrifying purplish gold lightning with his divine body directly!

Chapter 1315: Fought Hard Against Three Sacred Thunders!

What Jian Wushuang did on the Tribulation Passing Pinnacle astonished everyone.

"What the hell is he doing?"

"Why did he take off his sergeant's armor when the God Test came? He doesn't even have an intention of warding off the Sacred Thunder!"

"Did he give up resisting and is waiting to die?"

"Is he going to die?"

At this moment, the heavens were roaring continuously.

Everyone witnessed that the purple-gold Sacred Thunder directly struck the body of Jian Wushuang without weakening at all.

Bang!

A deafening noise broke out.

Even Universe Gods in the Second Heaven expressed their surprise about the annihilatory power.

Obviously they were amazed about how powerful the purple-gold thunder was.

Everyone was fully concentrating on what was happening on the Tribulation Passing Pinnacle. After the purple-gold thunder disappeared, Jian Wushuang, a three-meter-tall ancient god still stood there and held his hands tightly, with the force of the purple-gold thunder covering his body.

And, suddenly, he raised his head.

"Humph!"

Jian Wushuang violently shook his body. The force of the purple-gold thunder dispersed instantly and his bones produced a cracking sound.

"Great!" Jian Wushuang felt excited.

He rumbled, with a sound loud enough to shake the whole universe.

Talent out of the Tribulation Passing Pinnacle couldn't believe their eyes when they saw Jian Wushuang.

"He is still safe and sound? How come?"

"Impossible!"

“He hasn’t got any injuries after being stuck by the Scared Thunder? Even his breath remains the same, or, has become powerful?”

All bystanders were speechless.

Among them, a Universe God from the Second Heaven cried out, “If I were him, I would have to do whatever I could to resist such a huge thunder. But he just...resisted it only with the power in his body?”

In the distant heaven afar, Dayu Palace Master and Lord Wu Cang looked at each other, feeling amazed.

“Resist the thunder with his own body power. How brave he is!” Dayu Palace said.

Actually, there had been similar cases in the Eternal Chaotic World but they were few. After all, no one wanted to risk dying with his body totally destroyed.

But today, they saw Jian Wushuang successfully resist the Thunder Test with his own body power.

“It is just the start of the Test.” Dayu Palace Master murmured.

Lord Wu Cang also raised his head and looked at heaven.

Other bystanders also stopped talking.

Normally, cultivators only had to go through one Sacred Thunder in the first part of their God Test.

But obviously, the God Test of Jian Wushuang was far more difficult than that. After the first Sacred Thunder, the thundercloud did not dissipate, but quickly begin to form the second thunder.

At this time, Jian Wushuang stood at the Tribulation Passing Pinnacle and stared at the heaven, with his blood violently boiling and his hands filled with electricity.

After the a while, the second Sacred Thunder shot from the center of the thundercloud.

With the same purple-gold color, the second Sacred Thunder was twice as large as the first one.

Boom!

The second purple-gold Sacred Thunder, which contained far more annihilatory power than the first one, shot to Jian Wushuang all of a sudden.

Under unimaginable pressure, Jian Wushuang still left the Blood-killing Plate Armor aside and stood there without any intention to use defense.

He only used his own body power to resist the second thunder!

“Doesn’t he need defense yet? The second thunder is much more powerful!”

“This crazy man!”

Those watching Jian Wushuang couldn’t help crying out.

Under the gaze of all, the second thunder struck Jian Wushuang, who still took no defense at all.

Bang!

A horrible power broke out from the thunder, strongly hitting the Tribulation Passing Pinnacle, which then sunk and formed into the endless hole. In that hole, the earth was severely burnt and barren.

Right at the bottom of the hole, a figure, still strong and powerful, resiliently stood all the torture.

Although parts of his body were bleeding or burnt, or even mutilated, he still stood firmly and his breath and power didn't weaken but even strengthened!

He stepped out of the huge hole, and at the same time, his mutilated skin all recovered at an incredibly fast rate.

Without the help of King of Venomous Worms, Jian Wushuang could still recover himself within a short time.

"He hasn't....died?"

"Despite more efforts and injuries as well, he finally resisted the second thunder!"

"Genius!"

Those bystanders were all impressed by Jian Wushuang.

And now, at the center of the vast thundercloud, the third Sacred Thunder was forming...

Boom!

The third Sacred Thunder was shot out with a deafening bang that was able to shake the universe.

The same color, but the size was ten times larger than the last one!

The annihilatory power, ten times larger!

Seeing that the third Sacred Thunder had come, Jian Wushuang got alert.

"The first Sacred Thunder caused no trouble for me, but the second one almost reach the highest threshold level that I can bear. And the third one may kill me if I still use nothing for defense."

Jian Wushuang clenched his fists. In an instant, the Blood-killing Plate Armor that he had thrown aside was reshaped into a scarlet flowing light, flowing around him and then turning into the scarlet armor again. Automatically, the armor covered the whole body of Jian Wushuang, including his head.

Boom!

Then the third Sacred Thunder struck onto Jian Wushuang heavily.

The annihilatory power it produced was far more destructive than the previous ones.

But thanks to Jian Wushuang's Blood-killing Plate Armor, the power of the Sacred Thunder was weakened sharply to one tenth.

The remaining power didn't cause much damage to Jian Wushuang.

"Carry on!"

With tightly clenched hands, Jian Wushuang stood there looking up to the endless heaven. He roared with a firm determination, and his voice reverberated through the whole universe.

Those watching Jian Wushuang all became speechless.

They had witness him get through three Sacred Thunders already!

Formidable power!

Formidable Jian Wushuang!

Chapter 1316: Breakthrough With Power, Deal With Another Three Strikes!

Rumble.

In the void, the thundercloud continued to churn and the originally terrifying pressure became worse.

Under a normal situation, even when one undergo God's test in the Third Heaven, they would only come across three strikes of lightning if it was thunder test.

But then Jian Wushuang, who was undergoing his God's Test in the First Heaven, had already been through three strikes of lightning. After the three strikes of lightning, the Inverse Cultivation Test didn't end there but looked as though it had just begun.

As everyone held their breath, in the depth of the thundercloud, the fourth divine lightning was brewing.

Plus, when the fourth bolt of lightning was brewing, it obviously took longer than the third strike.

Rumble. The fourth divine lightning finally descended!

Wow!

A huge crimson lightning rumbled and struck towards Jian Wushuang like a snake.

"Crimson divine lightning?"

The experts surrounding Tribunal Passing Pinnacle revealed a terrified expression.

Jian Wushuang's face grew grave, as he could feel that the crimson divine lightning was far greater than the previous three strikes.

It was on an entirely different level.

Regarding the diving lightning, Jian Wushuang didn't resist it with his divine body recklessly. The very moment the divine lightning struck, there was a flash of gold light from his eyes.

Rumble. The billowing power of Ancient God suddenly surged.

Jian Wushuang looked cold as the boundless Ancient God power converged on the index finger of his right hand.

Then, the index finger which was covered entirely by the golden energy suddenly spurted.

“The third finger of Ancient God, destroy the world!”

Rumble!

The sudden crack in the void expanded into a huge black hole.

In the black hole, there was an Ancient God figure which was tens of thousand meters tall and shimmering in gold that appeared from nowhere. The Ancient God condensed into a substantial figure from an imaginary shadow at the beginning. His strong feet stepped on the ground and he roared when he pointed his ridiculously huge index finger!

The third finger of Ancient God!

The power to destroy the world!

Before everyone’s terrified gazes, the huge gilded finger and the crimson lightning descended from above collided.

Bang!

The two terrifying powers exploded.

Both contained the power to destroy the world.

The terrifying impact shook the void.

In the end... The gilded Ancient God forcefully broke the crimson divine lightning. Even though there was partial crimson lightning that gushed onto Jian Wushuang, it wasn’t enough to pose a threat for Jian Wushuang.

The fourth divine lightning was broken apart by Jian Wushuang!

After the fourth strike, rumble!

Without any interval nor time for formation, the fifth divine lightning struck immediately.

It was also a crimson lightning but it was a great increment of power.

There was fire in Jian Wushuang’s eyes. The Ancient God power in his body had depleted almost eighty percent after he performed the third finger technique. He naturally couldn’t pull the same trick again. Then, the Blood Mountain Sword appeared in his hand.

It was the first time Jian Wushuang took out the Blood Mountain Sword since he started the Inverse Cultivation Test!

It was as though the sword felt Jian Wushuang’s feelings. After the Blood Mountain Sword appeared, it gave out a shrill buzz. It was like it was roaring, bellowing in anger!

“Good brother, let’s do this!”

Jian Wushuang smiled faintly and raised Blood Mountain Sword with both his hands.

The terrifying sword power spread from his body and soared up into the sky.

“Eternal Light!”

Jian Wushuang bellowed without hesitation and put the rank one Strongest Unique Skill that he had created a hundred and twenty years ago to play.

Suddenly, a brilliantly beautiful light shined.

When the light shined, it was as though it formed eternity and didn't go away from the universe for very long. In the end, it finally clashed against the fifth divine lightning that was descending from the sky.

Bang!

The universe shook vigorously.

The ground under Jian Wushuang's feet cracked and the terrifying crimson lightning formed a superstorm above the peak of the Tribunal Passing Pinnacle.

However, the core strength of the fifth divine lightning shattered by the hit of the brilliantly beautiful light.

After the fifth divine lightning, rumble!

The sixth divine lightning followed closely behind without giving Jian Wushuang any time to catch his breath.

Jian Wushuang looked cold. As the Blood Mountain Sword shook vigorously in his hand, there was an unprecedented madness twinkling in his eyes.

Buzz!

A shapeless power swept out from Jian Wushuang's body.

The power seemed illusory and almost no one noticed it. However, it was extremely extensive at the same time.

Along with Jian Wushuang wielding his sword tightly, the shapeless power exploded the very next second.

“Dragon roar!”

Jian Wushuang's eyes were giving out.

“Roar!”

A towering dragon roar was heard across the sky.

Everyone held their breath as they watched and there was a dark grey giant dragon that appeared out of nowhere.

The dark grey giant dragon had an unprecedented rage and a miraculous power that plundered toward the sixth divine lightning with madness.

Rank one Strongest Unique Skill... Dragon Roar!

Jian Wushuang invented the technique after he had spent a hundred and twenty years resolving the Little Scattered Stars Game and increased his understanding towards Sword Principle.

The technique was different from Eternal Light as Eternal Light was an absolute power.

Dragon Roar was a combination of Soul Power and Sword Principle. On top of that, it mainly depended on Soul Power.

The dark grey giant dragon was formed and substantiated through Jian Wushuang's Soul Power!

The Soul Power was immeasurably extensive. The combination of a giant dragon substantiated through Soul Power and impressive Sword Principle, structured the terrifying technique.

By performing this technique alone, Jian Wushuang's Soul Power was exhausted entirely!

In the air, the dark grey giant dragon finally collided with the sixth divine lightning descended from the sky.

During the collision, the dark grey giant dragon opened its mouth and swallowed the sixth divine lightning.

When the divine lightning entered the dark grey giant dragon's body, the terrifying power erupted and its huge body suddenly exploded. However, the power of the sixth lightning was used up as well. Hence, it dispersed in the end.

The sixth diving lightning was forcefully broken apart as well!

Everyone was in awe.

The people who are watching Jian Wushuang going through God's test outside Tribunal Passing Pinnacle was all left speechless in shock.

They originally thought the fourth divine lightning was extremely scary and it'd be difficult for Jian Wushuang to resist. Who knows...

After the fourth divine lightning, the fifth and the sixth divine lightning struck without interval. Even so, Jian Wushuang performed a strong power. He broke through with his power and resolved all three divine lightnings directly!

A terrifying power.

That's Jian Wushuang!!!

...

Chapter 1317: Spared No Efforts!

Boom!

Three Sacred Thunders had shot down from the heavens one after another. However, the huge thundercloud showed no signs of dissipating. Instead, it began to slowly form the next Sacred Thunder.

“Another one?”

“How come?”

“This is impossible!”

All cried out in astonishment.

Even the experienced Master of the Dayu Palace and Lord Wu Cang had never seen many cases.

Why would only a Universe Master have to continuously receive more than six horrible Sacred Thunders just in his first part of the God Test?

“The seven Sacred Thunders?”

“It is definitely an unusual God Test!”

Bang!

Under the gaze of all, the Thundercloud shot a brand new Sacred Thunder again.

And after seeing the seventh Sacred Thunder, everyone’s eyes were wide open.

It was also of crimson color, but different from the last one, this crimson Sacred Thunder was accompanied by a stream of green fire.

That small fire scared everyone.

“It’s a Fire Test!”

“Oh my goodness!”

The crowd cried out.

Jian Wushuang was also alarmed.

He couldn’t be more familiar with that green flame. He remembered that Dong Men Universe God, who could have resisted the second Sacred Thunder, was burnt to die because of that little stream of green fire.

What’s worse, the fire that Jian Wushuang met this time was far larger than that of Dong Men Universe God’s test.

“Is the most dangerous part of the Inverse Cultivation Test coming?”

Jian Wushuang stared at the heavens. Even though the seven Sacred Thunder seemed creepy, Jian Wushuang didn’t feel afraid at all.

He was ready to embrace the challenge no matter how difficult it was.

“Come on!”

Jian Wushuang got several elixirs in his hands by using his magic power.

He had collected those elixirs exclusively for the Inverse Cultivation. Each of them was very precious.

With the help of elixirs, Jian Wushuang's weak body recovered soon. Then he took out another two treasures.

They were the Blaze Quicksand Gourd and the Dark Green Bell.

He once lent Blaze Quicksand Gourd to Master of the Dayu Palace and didn't take it back even when he would battle with Qing Yang Universe God. And the Master of the Dayu Palace hadn't returned to him until 20 years ago. Now this treasure might help Jian Wushuang in his Inverse Cultivation.

As he opened the Blaze Quicksand Gourd, a large amount of Blaze Quicksand gushed out.

The Blaze Quicksand flew at a crazy speed to the seventh Sacred Thunder, which helped to weaken its power and lower its speed.

And the small Dark Green Bell on his other hand, transformed itself into an enormous ancient bell.

"Immovable Mountain!"

Jian Wushuang murmured a spell, catalyzing the secret skill of the Dark Green Bell.

Immediately, this green bell produced a green halo, which surround the whole body of Jian Wushuang.

Boom!

The seventh Sacred Thunder came with irresistible force. It went through the Blaze Quicksand and instantly struck the bell, producing a low and deep sound.

The bell violently shook, with a crack appearing on the surface.

And the crack became larger and larger at an alarming rate and finally it burst.

However, the seventh Sacred Thunder, as well as the green fire within it, was still powerful and continued to attack Jian Wushuang.

Jian Wushuang felt shocked, and he tried his best to mobilize all his remaining power.

"Go, Blood Mountain Sword!"

Jian Wushuang generated all his power into the Blood Mountain Sword and ordered it to collide with the seventh Sacred Thunder.

This time, the collision slashed the power of the seventh Sacred Thunder by more than half. Only a tiny fraction of power, along with a small part of the green fire, rushed to Jian Wushuang.

At this moment, Jian Wushuang was instantly equipped with the Blood-killing Plate Armor.

Bang!

Despite being weakened by the Blood-killing Plate Armor, the burning green fire was still furious enough and caused great pain to Jian Wushuang.

Oh!

Jian Wushuang spit a large amount of blood and went pale immediately as the green fire also went out.

Finally, Jian Wushuang successfully resisted the seventh Sacred Thunder.

But only after a moment, Jian Wushuang found that deep in the heaven, the eighth Sacred Thunder was simmering.

“The eighth?”

There was nothing but dead silence among the talents who were watching.

Jian Wushuang didn’t expect that either.

“Now nothing is left except the Tribunal Passing Elixir!” Soon, another elixir turned up in his hand.

The invaluable Tribunal Passing Elixir!

It was prepared especially for the God Test, in which Jian Wushuang could recover his power to one hundred percent within an instant!

An extraordinary elixir!

But only one elixir could be taken in one test.

That was why Jian Wushuang didn’t swallow this elixir when he exhausted almost all of his power under the attack of the fourth, the fifth and the sixth Sacred Thunder. But this time, he had no choice.

He swallowed it without any hesitation.

As soon as he swallowed the elixir, he recovered his power at an astonishing speed, faster than that with the help of King of Venomous Worms.

“One extraordinary function of the Tribunal Passing Elixir is transforming the power of the surrounding Sacred Thunders into my power. No wonder I was told that it could only play a role in the God Test! Wonderful!”

Jian Wushuang’s power reached its best now.

However, his Ancient God Power and Soul Power was still exhausted because the elixir could only be used to help recover Spiritual Power.

Right at the moment when Jian Wushuang fully recovered his Spiritual Power, a booming sound shook the universe.

The eighth Sacred Thunder arrived, completely composed of green fire!

“The Fire Test!”

“The entire Fire Test!!”

...

Chapter 1318: The Last Bolt of Lightning!

Fire test!

It was a complete fire test!

The moment it took shape, everyone on the scene was shaken!

Jian Wushuang's expression looked extremely solemn.

He watched as the fire test slowly descended.

Vroom!

The terrifying flame suddenly swept out from Jian Wushuang's body. Suddenly, the universe became a scarlet fire sea.

Jian Wushuang stood right at the core of the scarlet fire sea. The scarlet flame submitted to him and he was the king of the scarlet fire sea.

"That is... Scarlet Kingdom?"

"It's Scarlet Kingdom, the secret skill that the Island of Secret Island gained fame with!"

"The Master of Scarlet Island passed down Scarlet Kingdom to him?"

Many experts that recognized the scarlet fire sea couldn't help but gasp.

Scarlet Kingdom was quite famous in the Dayu World.

The Master of Scarlet Island swept over Dayu World with the secret skill and he was all and might among Universe Gods in the Second Heaven.

Then, Jian Wushuang learned the secret skill and he performed the secret skill as he underwent God's Test. He used the scarlet fire sea to fight against the horrifying fire test that was descending from the void above.

"Come on!"

Jian Wushuang gripped Blood Mountain Sword in his hand tightly as he bellowed. The scarlet fire sea surged as though it too was roaring in anger and giving vent to its unhappiness.

The next moment, he held the handle of Blood Mountain Sword with both of his hands.

A surging sword aura that made people hold their breath was given out from Jian Wushuang's body.

The Blood Mountain Sword was also trembling in rage.

"After I cultivated in seclusion for a century, I accumulated swordsmanship through resolving the Little Scattered Stars Game and spent another dozen of years to constantly digest and understand. Then, I finally created the stroke technique!"

"I created this stroke technique specifically for the Inverse Cultivation Test!"

"It is born to fight the test and it exists to resolve the test!"

"It's name... is Test Wrecker!!!"

Jian Wushuang mumbled. The moment he finished talking, an unprecedented brightness flashed from his eyes.

He gripped his Blood Mountain Sword tightly as he waved it without hesitation.

“Buzz!!!”

A cold, ear-piercing noise was heard across the universe.

It was extremely shrill, as though someone were roaring hysterically.

A cold sword light that was eye-catching suddenly lit up.

“That is...”

“A rank two unique skill?”

The experts outside Tribunal Passing Pinnacle stared.

The sword light appeared and was followed by dark whirlpool forming around it. There was an unprecedented rage and determination along with Jian Wushuang’s billowing fighting spirit and unhappiness!

Surrounded by the scarlet fire sea, it suddenly collided with the emerald green fire test descending from the sky above.

Poof!

There wasn’t the clashing noise that they imagined there’d be, nor was there any terrifying pressure that spread around.

The moment the two collided, it started melting at a terrifying speed.

The boundless emerald green flame burned everything mercilessly. The sword technique that Jian Wushuang performed earlier was extremely fierce, and it was the strongest stroke he had performed as of then. It was a full force stroke with the assistance of Scarlet Kingdom!

However, he was facing a real fire test.

Among the three God’s Test, the fire test was in second place. Its scary level wasn’t comparable to thunder test.

Looking at the cold sword light melting at a shocking speed, it disappeared entirely very soon. However, the divine lightning that was formed with emerald green flame had parts of its power left and it surged towards Jian Wushuang.

Vroom!

The emerald green flame came into contact with Blood-killing Plate Armor and suddenly started burning crazily.

Even though it was separated by the Blood-killing Plate Armor, Jian Wushuang could still feel the blood all over his body and all his organs were burning altogether.

“Humph!”

A coolness grew, and the Soul Power in Jian Wushuang’s body spurted out and wrapped around the emerald green flame on the surface of his body.

Poof poof poof!!!

An enormous amount of Soul Power was burning mercilessly, but the emerald green flame gradually slowed down.

“Wow!”

Jian Wushuang suddenly spat two mouthfuls of blood. His face grew pale and his body started quivering. He looked like he couldn’t stand straight on his feet.

But the very next moment, he lifted his head.

He could clearly feel that the thundercloud in the void above had started brewing again.

The movement of brewing was much bigger than the previous eight times of divine lightning.

“Is it the last strike?”

Jian Wushuang’s pupil contracted and he waved his hand directly to wipe away the blood on the corner of his lips. Then, he stood straight.

Even though his divine body was severely damaged under the eight strikes of divine lightning and he couldn’t stand firmly, he was still standing proudly.

He, from when he was born till now, no matter what kind of danger or hardship he faced, he... Never backed off!

Such firmness and determination, that’s Jian Wushuang!!!

Looking at the thundercloud’s transformation, everyone outside of Tribunal Passing Pinnacle was stirred.

“There’s a ninth strike?”

“There’s one last one!”

“This is the last test!”

Everyone gripped their fist and they were shouting at the bottom of their heart.

They were glad, glad that they didn’t come across such terrifying God’s Test.

At the same time, they were also looking forward, looking forward to Jian Wushuan who had created a lot of miracles in the God’s test to create another miracle in order to cross the last move.

“The last divine lightning, it should be the strongest strike!” The Master of Dayu Palace too clenched his fist as his eyes beamed with excitement.

“The first God Test and he encounters a total of nine bolts of divine lightning. This is unbelievable. If he were to die at the last divine lightning, it ends here. However, if he were to pass this, his achievement after this would be unpredictable!!!” Wu Cang clenched his teeth and thought excitedly.

“Jian Wushuang, one last one! You must pass this last move no matter what!” King of Venomous Worms who was hiding deep in the ground was watching Jian Wushuang all this while. He was also cheering him up at that very moment.

“Pass it!”

“It’s the last, don’t give up!”

“You can do it!”

The experts surrounding Tribunal Passing Pinnacle started cheering for Jian Wushuang in their heart too.

The God’s Test that day sent all the spectators to astonishment.

Jian Wushuang revealed his capability and stubbornness in the God’s Test, and he turned people around. Even Universe God Jiu Hai and the Master of Golden-sun Sect, who harbored deep-seated grudges against Jian Wushuang, were impressed with Jian Wushuang performance in the God’s Test, even though they wanted Jian Wushuang to die in the God’s Test.

On the peak of Tribunal Passing Pinnacle, Jian Wushuang lifted his head to look at the sky above. His body trembled faintly and he felt every living thing in the universe was cheering for him.

The last bolt of divine lightning!”

“Life or death relies on this move!”

...

Chapter 1319: Nine Sacred Thunders And Three Tests All At Once!

Boom!!!

The ninth Sacred Thunder, which had drawn every one’s attention, finally stopped simmering.

The last Sacred Thunder could determine whether Jian Wushuang could survive.

It gradually revealed its formidable force.

At that moment, the dark clouds separated from each other, from which two flashes of dazzling light

One flash of light was endlessly dark and the other, deep green.

“Two Sacred Thunders?”

These two flashes of light staggered all of the talents who were watching.

They knew there were two Sacred Thunders.

And the endless dark one was the most powerful Dark Sacred Thunder, and carried an annihilatory power.

And the deep green one was an entire Fire Test Sacred Thunder. A deep green Fire Test!

“They arrive at the same time?”

Astonishing!

Everyone was speechless.

Generally speaking, three kinds of God Test came separately.

Occasionally, the Thunder Test came with a trace of fire, only a small trace.

But now, an entire Dark Sacred Thunder and a Fire Test Sacred Thunder came simultaneously!

Worse still, Jian Wushuang felt a sense of anxiety.

The anxiety came without a sign.

Actually, he had been able to stay calm in any dangerous situation after he had tackled so many challenges.

Even at the brink of death, he had always been calm without even a trace of anxiety.

But now...He was upset, and this irritability intensified, directly affecting his emotions and even his control of his own power!

At this moment, Jian Wushuang found it extremely difficult to control his own Spiritual Power!

“Shit!”

He bit his lips violently, causing a great pain that made his mind clearer.

However, his face became completely distorted and horrible. The eyes were also full of unprecedented aggression and madness.

A dark fog containing a mysterious power rose slowly rose in his body, triggering his irritation and conquering him.

Bystanders outside the Tribulation Passing Pinnacle didn’t know what was happening.

“What is he doing?”

“What on Earth is going on?”

“What is happening?”

Many practitioners who were watching felt confused.

Only a few distinguished Gods, including the Master of Dayu Palace and Lord Wu Cang, knew what happened. They were shocked!

“It’s a Mind Test!”

“Really?”

Even Master of the Dayu Palace, the supreme God in the Dayu Universe, felt amazed and exclaimed,

“A Mind Test!”

Everyone was shocked when they knew what was exactly happening.

It was true. A Mind Test.

The most difficult one among the three kinds of God Tests, and also the one that had been rarely seen.

It was said that only a vicious sinner taking numerous lives would meet with the Mind Test, with a certain yet low possibility.

Within the long history of the Dayu Universe, the Mind Test had never happened at all.

That was why Master of the Dayu Palace didn't know much about it and had only mentioned a little information in classes.

And now, Jian Wushuang was receiving the Mind Test?

Furthermore, it came with the Thunder Test and the Fire Test!

Three kinds of test came to the same person at the same time!

“How can it be possible”

“This is impossible!!!”

The usually indifferent and calm Lord Wu Cang couldn't help crying out.

“Why is only the first part of the God Test already so catastrophic?”

“I have never heard about this!”

“Under normal circumstances, no matter how a cultivator is genius or vicious, he will never meet with such horrible test...”

“Unless...”

Lord Wu Cang figured out one possibility.

More specifically, he was reminded of a legend.

“Unless Jian Wushuang is undergoing the so-called Inverse Cultivation Test.” Lord Wu Cang felt staggered.

“Inverse Cultivation Test?” Master of the Dayu Palace couldn't believe what he heard.

Inverse Cultivation Test?

The most horrible God Test in the Eternal Chaotic World!

Also the most unique one.

And the God Test for Universe Gods was the most deadly in the Inverse Cultivation Test.

Even though Master of the Dayu Palace and Lord Wu Cang were experienced, they had just heard of Inverse Cultivation but never seen it, let alone the Inverse Cultivation Test.

And now they realized that Jian Wushuang was receiving the Inverse Cultivation Test.

Only this could explained why the undergoing test was so horrible.

“Jian Wushuang was practicing Inverse Cultivation!”

Master of the Dayu Palace and Lord Wu Cang clenched their hands excitedly.

They were now sure of who Jian Wushuang was.

Now on the peak of the Tribulation Passing Pinnacle, the dark fog had already covered the whole body of Jian Wushuang, whose breath was getting more and more violent.

“Ooooooh!”

He roared with a distorted face.

He roared, with an unprecedented determination.

He didn’t want to lose!

He didn’t want to end his cultivation journey right now!

He didn’t want to die!

After all, there were still many things for him to accomplish.

He haven’t met Shuang Er. He haven’t known who his master was. He could NOT die!!!!!!

...

Chapter 1320: Alive or Dead?

Outside the Tribunal Passing Pinnacle, countless experts held their breath as they watched everything that was happening on the Tribunal Passing Pinnacle.

They could feel Jian Wushuang’s rage clearly, and they could tell how tough the test was that Jian Wushuang was going through.

But at that very moment, Jian Wushuang, who was mad, suddenly lifted his head and stared into the void before him with his bloodshot eyes.

In those bloodshot eyes, they were covered in a murderous aura and madness. However, there was a stronger sense of determination!

“I, Jian Wushuang, cultivated till today. I have been following my conscience whenever I do anything. Although I have killed many, those who are killed deserved it!”

“I never fail my conscience!”

“I never fail anyone!”

“Nor have I failed the Way of Heaven!”

“Now, you are trying to influence me with just the devil? Dream on!!”

Jian Wushuang’s shrill scream was heard across the universe. The very moment he shouted, he hammered his chest with his fist.

“Poof!”

Jian Wushuang spat a mouthful of blood but it stimulated his consciousness with the sharp pain. In turn, it suppressed the devil in him that was growing. Followed by Jian Wushuang’s will power, the Star power that had regathered in his body for the past century suddenly erupted!

The Secret Skill of Star Palace was suddenly carried out.

At the same time, Jian Wushuang waved his hand and a scroll appeared from nowhere. It was the Chaos Divine Treasure, Mountain River Map.

“Up!”

Jian Wushuang bellowed and the power of Star suddenly erupted along with the remaining Soul Power in his body. Then, it flowed towards the Mountain River Map without holding back.

Under the drive of the Soul Power, the Mountain River Map opened directly.

The very next moment... Vroom!

The extreme power of the dark and light combined together flawlessly, and a swirling vortex of black and white appeared from nowhere.

The swirling vortex immediately covered a range of hundreds of thousand miles the moment it appeared and it ceaselessly grew larger in lightning speed while Jian Wushuang was positioned right in the middle of the whirlpool.

The Grand Formation of the Enduring Samsara!

It was the most impressive technique of Master Xuan Yi, Jian Wushuang’s master. He forcefully refined the Grand Formation of the Enduring Samsara within the Mountain River Map!

The formation refined and suddenly became a technique that the Mountain River Map that could use!

Different from the Nine-province Seal, the Grand Formation of the Enduring Samsara could both attack and defend. Jian Wushuang could only put the technique to play when he disregarded the cost. In collaboration with the eruption of the Secret Skill of Star Palace, it became Jian Wushuang’s strongest trump card.

Then, he used the trump card to resist the thunder test and fire test that descended from the sky!

“Come on!”

Jian Wushuang was persistent. His entire body and mind were drowning in the struggle of the mind test.

In the outer world, the two lightning rods and the huge swirling vortex of black and white clashed before every cultivator's eyes.

Boom!!!

The explosion was heard across the universe.

The scary whistle spread and the experts surrounding Tribunal Passing Pinnacle felt a sharp pain in their eyes.

Boundless dark lighting and emerald flame filled every corner of Tribunal Passing Pinnacle.

Poof poof poof!!

The spine-chilling sight took place.

The peak of Tribunal Passing Pinnacle which was specially designated for undergoing God's Test started disappearing at a speed which one could see with naked eyes.

Yes, disappear.

From the top to the bottom, the entire peak was eaten up by the emerald flames mercilessly.

While Jian Wushuang who was on the peak was naturally within the scope of the disaster.

It only took a brief moment until everything slowed down. Everyone saw that the peak of Tribunal Passing Pinnacle had disappeared entirely. Not only the peak, but even half of the hillsides were also taken down. The only part remaining was the bottom half of the Tribunal Passing Pinnacle.

Silence!

The entire universe was in dead silence!

Everyone was shocked and was left speechless.

The terrifying God's Test, an unprecedented God's Test, shocked everyone.

Every expert from all over the world only came back to reality after a long pause.

The moment they came back to reality, they immediately looked towards the Tribunal Passing Pinnacle that was beyond recognition.

"Jian Wushuang? Where's Jian Wushuang?"

Everyone stared at the huge pit on Tribunal Passing Pinnacle. The pit was so deep that they couldn't see the bottom. With their naked eyes, they couldn't see the bottom clearly.

They could only rely on their own consciousness to feel.

They tried to feel...

"No sound!"

“No sound at all,”

“Is he dead?”

Everyone became silent.

They couldn't feel any movement on Tribunal Passing Pinnacle. It meant that Jian Wushuang... passed away.

“Sigh!”

The Master of Scarlet Island sighed but his emotion was extremely complicated.

Those behind the Master of Scarlet Island were Universe Gods from the Scarlet Island. They exchanged glances and shook their head.

God's Test was a situation which, out of ten, one would survive and nine would be dead. Hence, they were mentally prepared beforehand.

However, when Jian Wushuang revealed his impressive ability during the process of undergoing God's Test, they were looking forward to Jian Wushuang passing through it.

Because once he passed through, it represented the birth of a true expert.

But in the end... He failed.

“Sigh!”

Universe God Jiu Hai from Holy Prefecture let out a heavy breath.

“Luckily he failed in the end. Otherwise...” Universe God Jiu Hai exclaimed. He recalled the process of the God's Test and he who was a Universe God in the Second Heaven was shocked too.

He couldn't imagine what he would do if Jian Wushuang passes through the God's Test?

By then, would he still have the guts to look for Jian Wushuang to take revenge?

Luckily, Jian Wushuang failed. Hence, whatever it was, it naturally wouldn't happen.

The Master of Dayu Palace and Wu Cang stood side by side in the void above.

“It's such a pity,” the Master of Dayu Palace let out a sigh.

“It's really a pity,” Wu Cang nodded solemnly, “A true prodigy. There might not be anyone from Snow Dojo who could be compared favorably with him. If he were to pass through the Inverse Cultivation Test, he was destined to become a real Peak expert. He is definitely far beyond me, but he failed in the end!”

“Of course, we can't blame him. The Inverse Cultivation Test was really too scary!”

Thinking of the Inverse Cultivation Test that Jian Wushuang had been through, Wu Cang still felt astonished.

The Inverse Cultivation Test was a definite nightmare.

Everyone sighed!

Everyone sighed with respect.

More so that everyone thought it was regrettable for Jian Wushuang.

At the depth of the pit, King of Venomous Worms stared at Tribunal Passing Pinnacle.

“Jian Wushuang!!!”

“No way, it’s impossible!”

“If you were to really be dead, I, as your parasite, should definitely feel something. But I don’t feel anything!”

“We still maintain a string of connection. It means that you aren’t dead!”

King of Venomous King was emotional and his mind and body were trembling. He let out his sensing power and tried his best to look for Jian Wushuang’s whereabouts.

In a brief moment, the King of Venomous Worms felt an extremely weak aura that might vanish into thin air at any time in the deepest part of the huge pit on Tribunal Passing Pinnacle.
