

## **Swordsman 1321**

### Chapter 1321: The Sacred Lights Came!

“He is here!” King of Venomous Worms went wild with joy.

Although King of Venomous Worms hadn’t recovered his power to one hundred percent, his power to recover and detect was still incomparable.

Even Universe Gods in the third heaven didn’t have the power to detect as well as him.

Therefore, when everyone else believed that Jian Wushuang had died, King of Venomous Worms could detect his breath.

Jian Wushuang was still breathing. No matter how weak the breath was, he was still alive!

“Aha, you are still alive.”

King of Venomous Worms was extremely happy but he didn’t rush to help Jian Wushuang recover.

Because he knew that Jian Wushuang was able to recover himself.

King of Venomous Worms looked at the sky, “I guess the Sacred Light is coming.”

However, the huge, dark cloud was still staying in the heavens, showing no signs of dissipating.

“Why is that?”

“Why don’t the clouds dissipate?”

Cultivators outside the Tribulation Passing Pinnacle felt something unexpected.

Under normal circumstances, the thunderclouds would dissipate after the cultivators died in the God Test.

Just like the situation where Dong Men Universe God died in the God Test.

But now the clouds were still there, while others could feel the breath of Jian Wushuang.

“Maybe...Jian Wushuang was still alive?”

A Universe God guessed, surprising others around him.

Didn’t he die?

But if he didn’t die, why can’t others feel his breath?

Boom!

At the moment, a huge thundercloud split.

“What?”

Everyone looked up to the heavens, seeing and sensing a golden light from the splitting thunderclouds.

A golden light as bright as the Sun, providing everyone comfortable warmth.

“The...Sacred Light?” Everyone’s eyes were wide open.

The Sacred Light would come and shine on the cultivators who passed the God Test, helping them recover and transform their power.

Everyone was familiar with that light.

And now, it had arrived!

“Jian Wushuang is still alive!” Master of the Scarlet Island exclaimed.

Many other Universe Gods also raised their heads.

“How can it be possible?” Universe God Jiu Hai felt nervous.

Even Master of the Dayu Palace and Lord Wu Cang also felt surprised by the light.

They had just thought that Jian Wushuang had died. But now, the light was coming. And he was still alive!

Boom! Boom! Boom! Boom! Boom! Boom! Boom! Boom! Boom!

The heaven roared nine times as the golden light in the splitting thunderclouds got denser and brighter, and then was divided into nine flashes.

Each one of the nine flashes, huge and colorful, gushed right into the bottom of the huge hole in the Tribulation Passing Pinnacle.

Nine Sacred Lights coming at the same time!

“Nine Sacred Lights!”

Everyone became breathless.

The Sacred Light, containing tremendous power, helped cultivators recover and transform their power.

Generally speaking, cultivators who pass the God Test of the First Heaven only receive one Sacred Light. The Second Heaven, two. And the lights were usually narrow.

But now nine Sacred Lights came at the same time!

The size of each was a tenth as large as normal ones.

What did this mean?

Master of the Dayu Palace said, “The more difficult the God Test is, the more benefits after that. I remember I received three Sacred Lights a meter wide after the Fire Test, which already brought me huge benefits. And now, after such a horrible Inverse Cultivation Test, Jian Wushuang will certainly get far more benefits than we could imagine.

“I wonder how powerful he could become after receiving nine Sacred Lights.” Lord Wu Cang was excited.

Others cultivators were amazed and also admired Jian Wushuang.

They were all waiting to see Jian Wushuang receive the Sacred Lights.

Half of the Tribulation Passing Pinnacle was destroying, leaving a huge, dark and lifeless hole.

Right at the bottom of the hole, Jian Wushuang was lying there, injured and weak.

Despite the protection of the Blood-killing Plate Armor, the powerful Sacred Thunder struck Jian Wushuang, nearly tearing him apart and burning his skin.

Thanks to his Inverse Cultivation and the experience of immortality, Jian Wushuang became extremely resilient, which explained why he survived such a devastating attack.

Others, including Universe Gods in the Third Heaven like Master of Dayu Palace, couldn't have been as lucky as Jian Wushuang under the same attack.

"How lucky am I!"

Jian Wushuang lay there extremely weak, but he smiled happily at this moment.

He was delighted for his achievement.

Although he had almost died, he now survived and got away with death.

He had passed the first part of the Inverse Cultivation Test!

Hum!

Now he was blessed by the nine Sacred Lights.

The power of warmth went into the body of Jian Wushuang, relieving his great pain and making him comfortable.

He was embracing the Sacred Lights, safe and sound.

The nine Sacred Lights cradled him just as a kind mother would for her child.

Thanks to the lights, Jian Wushuang recovered himself just within a moment, several times faster than King of Venomous Worms.

And soon, Jian Wushuang started to transform himself!

### **Chapter 1322: Transformation!**

Transformation!

The transformation was a transformation of the divine body. The transformation was also the transformation of spiritual power to divine power!

It was a transformation from Universe Master to Universe God!

It was also a transformation from Four-Star Ancient God to Five-Star Ancient God!

At the same time, it was a transformation from weak to strong!

Universe God!

In an ordinary world, he could really be considered an expert.

At this level, he could really be considered a true God!

“This feeling... It’s such a nice feeling!”

Jian Wushuang sat up. He closed his eyes and a smile was plastered on his face while he enjoyed the nice feeling that was brought forward from the transformation.

At the same time, he was also enjoying the joy derived from the constant increment of power from the transformation.

The transformation was vast!

Jian Wushuang could feel a tremendous change happening in his bones, muscles, and cells all over his body every second.

His divine body was experiencing a frenzied enhancement at an unbelievable speed.

Vroom.

The spiritual power in Jian Wushuang’s body was also starting to transform.

The process of spiritual power transforming into divine power originally required a set amount of time. Like many Universe Gods who just passed their God’s Test, merely parts of their divine powers transformed but they still required another period of time to slowly transform. Then, they would finally complete their transformation and become a real Universe God.

However, Jian Wushuang skipped over the process entirely.

Jian Wushuang could clearly feel the terrifying transformation speed of his divine power. In a brief moment where he took a few breaths and most of his divine power had successfully transformed. As time ticked, the divine power in his body completed its transformation.

“Divine power, is this my divine power?”

Jian Wushuang could feel the surging power filling up his body.

Divine power, the symbol of a Universe God.

The strength of divine power represented the true power of a Universe God to a certain extent.

Jian Wushuang could clearly feel how ferocious his divine power was.

“The King of Venomous Worms previously said that the strength of divine power, including the strength of divine body based on the power of one integrating Sword Principle. Some were high level in integrating Sword Principle, so the moment they break through and become a Universe God, the level of their divine power would be enhanced to an advanced or Peak level; so, they could easily become an advanced Universe God or Peak Universe God after they enhanced their unique skill!”

“But there are also some who had too low of a level in integrating Sword Principle, so their divine power merely reached the level of a beginner Universe God when they become a Universe God. Even if they constantly enhance their power with the aid of unique skills and secret skills in the future, it’d still be difficult for them to become a Peak Universe God in the First Heaven. It’d be a dream for them to even undergo God’s Test in the Second Heaven!”

“As for me... I combined the three strongest Sword Principles and I am an inverse cultivator. The moment I break through and become Universe God, my divine power would be ridiculously strong. I could feel that the strength of my divine power is about a hundred times stronger than an ordinary Peak Universe God in the First Heaven!”

Jian Wushuang was surprised.

That was the benefit for cultivation from combining three strongest Sword Principle.

If he were to be like an ordinary cultivator where the combined Sword Principle wasn’t as strong, or he only combined one of the strongest Sword Principles with two other Creation Level Sword Principles, it was reckoned that the strength of his divine power after he became a Universe God wouldn’t be comparable to Peak Universe God in the First Heaven. Even with his special circumstance that he was doing Inverse Cultivation, his divine power would only be stronger by a few folds than a Peak Universe God in the First Heaven.

But then, as he combined the three Strongest Sword Principles, his divine power was a hundred times more powerful than a Peak Universe God in the First Heaven once he became Universe God!

How great of an advantage that was!

Just as Jian Wushuang transformed his divine power, a brilliant golden light lit up. The dim golden light was formed entirely by pure Ancient God power and it was soaring towards Jian Wushuang’s glabella that very moment.

His Ancient God body exposed naturally. On his glabella, there were originally four four-pointed stars. Then, along with the gathering of dim golden light, the fifth four-pointed star quickly gathered and it took shape very quickly.

Five-Star Ancient God, it’s here!

“Five-Star Ancient God!”

Jian Wushuang clenched his fist as he felt the tremendous increment of the Ancient God power. He felt extremely happy.

Right then...

“Huh?”

Jian Wushuang suddenly felt a stir in his heart.

Right when he became Five-Star Ancient God, there was an extra part of memory that appeared in his head.

The memory had no symptoms and it appeared directly in his head.

“Memory inheritance!”

Jian Wushuang shook.

He wasn’t unfamiliar with the sight.

Back then, when he first woke the blood of an Ancient God, the same scene happened. He, too, inherited part of the memory and mastered the three fingers of Ancient God!

The three fingers of Ancient God was a unique skill of the Ancient God clan and it had been rather useful for Jian Wushuang. Then, as he became a Five-Star Ancient God, there was another part of memory inheritance that appeared in his head.

The content of the inheritance memory was another unique skill, and it was also three fingers!

“It turned out that the supreme unique skill of an Ancient God clan wasn’t only three fingers!” Jian Wushuang commented.

In the inheritance memory, he received a brand new three fingers technique.

It was the fourth finger... God’s Test!

The fifth finger... Get through difficulty!

The sixth finger... Sun Corrosion!

The three fingers were fiercer compared to the three fingers, including Break Boundaries, Break the Star, Destroy the World that Jian Wushuang obtained previously. Of course, the requirement to perform was much stricter.

“With the three new fingers, I have another trump card on hand,” Jian Wushuang smiled and then closed his eyes to continue enjoying the transformation.

His divine power and Ancient God power had fully transformed.

But his divine body continued to level up tremendously.

While a large number of cultivators waited patiently outside Tribunal Passing Pinnacle.

When they saw the descending divine light, they could tell that Jian Wushuang wasn’t dead. Just as expected, they could feel Jian Wushuang’s breathing again.

The reason why they could feel him again was that the divine light helped Jian Wushuang recover from his injuries and Jian Wushuang’s aura was elevated.

Along with Jian Wushuang’s aura growing stronger and fiercer, the speed of the elevation was extremely terrifying.

The transformation continued for about an hour and finally ceased.

The huge thundercloud in the void above finally dispersed and disappeared entirely.

At the bottom of the huge pit on Tribunal Passing Pinnacle, nine rays of divine light put its capability to full play and it then disappeared entirely.

Everything settled down.

All living things in the universe resumed their tranquility.

In the silence, a figure slowly rose up from the pit and finally appeared in the universe.

When the figure appeared, he instantly became the center of attention.

Countless gazes suddenly gathered in the same direction.

### **Chapter 1323: The Only Opportunities!**

“Jian Wushuang!!!”

Cultivators and Universe Gods outside the Tribulation Passing Pinnacle started at the sight of the figure rising from the hole, standing without a word for a long time.

This was definitely the most unforgettable day for those Universe Gods!

They had witnessed the most horrible God Test ever in the Eternal Chaotic World!

And they also had witnessed the success of an unprecedented genius!

Right now the genius was in front of them.

In the eyes of all, Jian Wushuang fully recovered all his injuries and smiled to all those who were watching him.

Whiz!

A streak of scarlet light gushed from the earth and flashed toward Jian Wushuang.

And the light transformed into a Thousand-foot Moon Gazer.

“Hi my bro!” King of Venomous Worms nodded, looking at Jian Wushuang excitedly with his scarlet eyes.

“It’s good to see you again.” Jian Wushuang smiled to King of Venomous Worms.

“You too.” King of Venomous Worms nodded.

“Come back into my body. I now feel uncomfortable when I am without you.”

So King of Venomous Worms nodded and transformed into a streak of scarlet light and got into Jian Wushuang’s body.

King of Venomous Worms clearly felt the difference when he entered into Jian Wushuang’s body.

“Quite a big change!” King of Venomous Worms said.

“Yes.” Jian Wushuang smiled.

“You must be powerful at this level.” King of Venomous Worms said.

Jian Wushuang nodded, “I feel that I am much more powerful than I was. But to what extent? I should have a try and find out.

“Then have a try?” King of Venomous Worms felt confused.

Jian Wushuang headed to the crowd.

Master of the Dayu Palace, Lord Wu Cang and Scarlet Island Master came to welcome him.

“Good job, Jian Wushuang!” Master of the Dayu Palace expressed his admiration.

The words of Master of the Dayu Palace surprised others.

After all, the privileged master seldom expressed his admiration to someone in the public.

But the power and the resilience of Jian Wushuang was indeed worth his admiration.

Lord Wu Cang also asked Jian Wushuang, “How about having a talk together?”

“Sure.” Jian Wushuang nodded.

Then Jian Wushuang looked at those from the Scarlet Island.

“Congratulations!”

Scarlet Island Master expressed his congratulations after staring at Jian Wushuang for a while.

Jian Wushuang was very happy when he heard the word.

It was really a delightful moment.

“Congratulations!”

“Congratulations!”

Many Universe Gods, whether they had made acquaintance with Jian Wushuang, all congratulated him. Some talked to Jian Wushuang humbly, and even felt frightened.

After all, even though they were Universe Gods from the second heaven, they couldn’t survive such a horrible God Test.

And Jian Wushuang had impressed them with his power and skills.

After saying thanks and talking with the others, Jian Wushuang suddenly looked toward one direction.

It was where the crowd from the Holy Prefecture were standing.

They felt nervous when Jian Wushuang looked at them. Especially Universe God Jiu Hai, who had mixed feelings.

He had believed that Jian Wushuang would die in the God Test.

And the God Test had indeed caused great difficulties to Jian Wushuang.

But unexpectedly, Jian Wushuang survived!

And now, Jian Wushuang had made a breakthrough and become Universe God of the First Heaven, which made it more difficult for Universe God Jiu Hai to take revenge.

“Universe God Jiu Hai” Jian Wushuang said.

Universe God Jiu Hai looked at Jian Wushuang, “OK, You are lucky this time!”

“You are right, or I will die many times.” Jian Wushuang continued, “Very soon I will be leaving the Dayu Universe.”

“Leaving?” Universe God Jiu Hai frowned.

Other Universe Gods around them were not surprised to hear so.

For geniuses like Jian Wushuang, staying in the Dayu Universe would be a waste for their talents. Jian Wushuang could only unleash his potential in more prestigious places like the Snow Dojo or the ten Cultivation Sanctuaries.

“What do you mean?” Universe God Jiu Hai looked at Jian Wushuang indifferently.

“I mean if you are going to take revenge for your disciples, don’t lose the opportunity while I am here.”

“Do you think I will let you get away?” Universe God Jiu Hai said.

“Definitely not.” Jian Wushuang continued, “That’s why I will give you an opportunity to kill me. How about today? You can do whatever you want to kill me, without any intervention by talents from the Scarlet Island. And I would also ask Master of the Dayu Palace not to stop you.

What Jian Wushuang said stirred a strong response in the crowd.

“What?”

Universe Gods from the Scarlet Island frowned.

“Do you mean you are going to fight with me individually?”

“Exactly.” Jian Wushuang nodded smilingly, “That’s the only opportunity you have to take revenge for your deceased disciples.”

Universe God Jiu Hai felt nervous and hesitated.

Other Universe Gods were quite interested in how Universe God Jiu Hai replied.

...

## **Chapter 1324: An Explosive Roar!**

Universe God Jiu Hai had complicated feelings.

He wished to kill Jian Wushuang, but he was afraid that he wasn't Jian Wushuang's match.

He watched Jian Wushuang as he underwent God's Test. He passed through such a terrifying God's Test, then he broke through and became a Universe God in the First Heaven. His power definitely increased tremendously.

"I am a Universe God in the Second Heaven and there are so many people gathering around. Regardless, I can't be intimidated by a Universe God in the First Heaven who just passed the God's Test," Universe God Jiu Hai clenched his fists and his eyes were glistening with determination. He had obviously made a decision.

"Jian Wushuang, this is what you asked for," Universe God Jiu Hai looked towards Jian Wushuang again.

"Come on," Jian Wushuang smiled faintly with confidence.

The surrounding crowd saw and made space for it to be a battlefield.

In the void, before the gaze of various Universe Gods, Jian Wushuang was standing face-to-face with Universe God Jiu Hai.

Universe God Jiu Hai was beaming with a strong murderous intention as he glared at Jian Wushuang, "He's just undergone God's Test and the divine power in his body should have started transforming. The overall increment in power shouldn't be too vast. However, he has quite a number of trump cards. I can't give him any chance to play one."

"I shall use my strongest power and kill him straight away with Thunder Power!"

Universe God Jiu Hai thought clearly and quickly made a move.

Vroom!

A vast expanse of divine power surged out from Universe God Jiu Hai's body and it formed a huge crimson ocean that instant. The boundless divine power flowing insanely within crimson ocean while Universe God Jiu Hai flipped his palm and a crimson long spear appeared in his hand.

Universe God Jiu Hai moved his wrist and the crimson long spear parted the surrounding ocean. When he took a stride, he instantly moved across a far distance and appeared before Jian Wushuang. The crimson long spear became a crimson, flowing light and plundered forward.

The very moment the crimson long spear plundered forward, the ocean with omnipotent divine power gathered at an unbelievable speed. In the end, the boundless power of the divine power ocean flowed into the long spear and the power of the long spear increased tremendously!

"This is the strongest spear I've created through my cultivation for a long time!"

"Jian Wushuang, die!"

Universe God Jiu Hai shrilled. The long spear let out a billowing force at that very moment and everyone was astonished.

"Such strong power!"

“He lived up to his position as the Master of Jiu Hai Mansion. Although he is the last among all four Mansion Masters in Holy Prefecture, he was a Universe God in the Second Heaven after all!”

“Universe God Jiu Hai pulled the strongest unique skill right at the beginning?”

Universe God Jiu Hai didn’t show mercy at all.

He wanted to let out his strongest power right at the beginning so that Jian Wushuang couldn’t perform any trump cards in time.

His thinking was sound but unfortunately, he underestimated Jian Wushuang’s power.

In the void, Jian Wushuang stood calmly as he watched the crimson flowing light charged towards him coldly. Then, he creased his eyebrows slightly.

“This spear, feels... so weak.”

Jian Wushuang stood there without moving an inch. He didn’t look like he was going to block the attack. He let the crimson flowing light charge at his chest.

“You’re asking for death!”

Universe God Jiu Hai saw and gave an explosive roar as he laughed coldly in his head.

The very next moment, the crimson flowing light hit on Jian Wushuang’s chest straight away without hindrance.

Clash!

The noise of metal clashing against each other was heard.

The power that the crimson flowing light contained exploded entirely. The ferocious divine power pressed on the surface of Jian Wushuang’s Blood-killing Plate Armor and constantly made noises, but Jian Wushuang’s body didn’t move.

Very soon, the crimson, flowing light exhausted and dispersed. In the end, there was a crimson long spear stabbed on Jian Wushuang’s chest.

Universe God Jiu Hai opened his eyes wide then.

“How, how is it possible?”

Universe God looked at the sight before him in shock.

The strongest spear he had used with his all hit Jian Wushuang without any hindrance. But in the end, Jian Wushuang didn’t even move an inch.

From the beginning till the end, Jian Wushuang didn’t move at all.

One must know, even if Jian Wushuang’s divine body could resist his attack, the impact of his long spear should cause Jian Wushuang to move back but he didn’t even move an inch. In other words, Jian Wushuang’s divine body was stronger beyond his imagination. It was so strong that he could ignore the impact that the long spear instilled.

His strongest spear might only be a scratch or an itch to Jian Wushuang.

“Universe God Jiu Hai, your strongest power is merely at such a level?” Jian Wushuang overlooked coldly.

“I...” Universe God Jiu Hai was speechless in astonishment.

“Too weak!”

Jian Wushuang shook his head, “With power of such a level, you aren’t even qualified to be killed in my hand.”

“Go away!!!”

The divine power and Ancient God Power in Jian Wushuang’s body erupted. The roar came out from his Ancient God mouth and it suddenly shook the earth!

Rumble. A tremendous noise broke out in the universe.

Universe God Jiu Hai bore the brunt naturally as he was right in front of Jian Wushuang. The terrifying sound wave brought about an unbelievable impact and hit Universe God Jiu Hai directly. His ears, nose and mouth were instantly bleeding, while all over his body and organs got severely injured. He was shot backwards like a cannon. Even the crimson long spear in his hand flew off.

Universe God Jiu Hai stood on his feet again. He just stood up and he immediately spat a mouthful of blood again. He lifted his head and stared at Jian Wushuang. His eyes were full of terror!

The surrounding spectator was in awe.

They knew that Jian Wushuang who underwent the terrifying God’s Test definitely would have a tremendous improvement in power but no one expected it to be so great.

His divine body could resist Universe God Jiu Hai’s strongest spear without moving an inch!

Just an explosive roar led to severe injury of Universe God Jiu Hai.

How scary his ability was.

“His defensive skill was strong originally. Previously when he underwent the God’s Test, he relied on his divine body to resist three lightnings. Once he passed the God’s Test, the divine body naturally improved tremendously. To be able to resist Universe God Jiu Hai’s full blow with his divine body only, I can accept that. But with an explosive roar, he caused Universe God Jiu Hai’s severe injury. That is a little unbelievable!” The Master of Scarlet Island said in astonishment.

“It’s divine power.”

The Master of Dayu Palace who stood in the void, his pupil contracted, “In his explosive roar, it contained a fierce divine power. With the strength of the divine power, if I didn’t see it wrongly, I reckon he has reached the level of Peak Universe God of the Second Heaven!”

Chapter 1325: Jian Wushuang’s Power Soared!

“Now his Divine Power is equal to a Peak Universe God in the Second Heaven?”

“It is because of the Inverse Cultivation!”

“The legendary Inverse Cultivation!”

Master of the Dayu Palace and Lord Wu Cang were both amazed by Jian Wushuang.

Universe God Jiu Hai was only the primary-level Universe God in the Second Heaven. And Jian Wushuang’s Divine Power skyrocketed as he roared, causing severe injuries of the formal one.

“Universe God Jiu Hai.”

Jian Wushuang glanced at him, “I have given you the opportunity but it’s you who hasn’t seized it.”

Hearing the words, Universe God Jiu Hai was furious, but he could do nothing about it.

Nothing.

He also knew that today was the only opportunity for him.

And it was unrealistic for him to take revenge in the future.

Even if Jian Wushuang didn’t leave the Dayu Universe, his power would further develop to a level far beyond Universe God Jiu Hai.

Now Universe God Jiu Hai fell into silence.

And Jian Wushuang now shifted his attention to someone else.

“Golden-sun Sect Master!” Jian Wushuang said.

Golden-sun Sect Master, the thin elderly man with a golden robe looked toward Jian Wushuang.

Jian Wushuang said to him immediately, “You once asked me whether your son was killed by me. Now, my answer is YES.”

Golden-sun Sect Master looked at Jian Wushuang with a murderous look.

“Want to kill me?” Jian Wushuang sneered.

“You are doomed to die!” Golden-sun Sect Master got infuriated and jumped at him immediately.

Everyone felt surprised!

Soon after Jian Wushuang defeated Universe God Jiu Hai, he was now challenging Golden-sun Sect Master!

But Golden-sun Sect Master, as the Peak Universe God in the Second Heaven, was much more powerful than Universe God Jiu Hai.

“Why does Jian Wushuang keep challenging those powerful Universe Gods?” Talents from the Scarlet Island felt confused, including the Scarlet Island Master.

It was clear why Jian Wushuang had challenged Universe God Jiu Hai. They had an old score to settle.

But why did he choose to fight with Golden-sun Sect Master?

Golden-sun Sect Master had been unsure about whether Jian Wushuang killed his son. And now, Jian Wushuang admitted it, giving Golden-sun Sect Master an excuse to kill him.

Scarlet Island Master didn't think it was a wise choice.

But he didn't know that Jian Wushuang did so in order to know what level he was now.

Only by battling with powerful Universe Gods could he know how far he had gone.

Jian Wushuang didn't use much effort to defeat Universe God Jiu Hai.

That was why he had turned to Golden-sun Sect Master.

Jian Wushuang felt excited to battle with this Peak Universe God in the Second Heaven.

"I will kill you!" Golden-sun Sect Master took action without any hesitation, forming a horrible power immediately.

A strong pressure came to Jian Wushuang.

"A Peak Universe God is indeed superior to a primary one." Jian Wushuang smiled, without any fear.  
"Come on!"

Boom!

His Divine Power was soaring.

Fully ready and aggressive, Jian Wushuang collided instantly with Golden-sun Sect Master.

The latter, wearing a pair of golden gloves, collected all his Divine Power and beat Jian Wushuang in the instant of collision.

Bang!

After that, with a resounding tiger roar, the shadow of a giant golden tiger appeared behind Golden-sun Sect Master and slapped Jian Wushuang with its palm.

In response, Jian Wushuang operated his power of the Ancient God and the four stars between his eyebrows were shining.

He clenched his hands and a horrible power broke out.

The power, which was strong enough to smash the heavens, collided directly with the flap from Golden-sun Sect Master.

Bang!

In the collision, a tremendous Divine Power spread all around them, forming numerous power waves.

"Humph!"

Jian Wushuang's eyes were bursting with lightning.

Bang! Bang! Bang!

And he gave three punches, combining the Divine Power and the Ancient God Power perfectly. Every punch contained a deadly force.

Golden-sun Sect Master immediately responded, as fast as a thunder.

Boom! Boom! Boom!

Golden-sun Sect Master was hit back by the three collisions, while Jian Wushuang stood still and resisted the great power.

Golden-sun Sect Master exclaimed after he finally stood stably, "How powerful it is!"

Actually Golden-sun Sect Master didn't use any secret skills. Instead, he confronted Jian Wushuang only with his Divine Power. And it turned out that Jian Wushuang had the advantage over him.

Jian Wushuang, only a Universe God in the First Heaven, unleashed a power stronger than a Peak Universe God in the Second Heaven!

Jian Wushuang was delighted about his power.

"With the Inverse Cultivation, combining the three most powerful swordsmanships, I am one hundred times more powerful than the Peak Universe God in the First Heaven. With the help of the Blood-killing Plate Armor, my Divine power is now equal to the Peak Universe God in the Second Heaven. I am also a Five-star Royal Ancient God. When my power roars, I can easily defeat Golden-sun Sect Master!"

Jian Wushuang was ecstatic.

Jian Wushuang was only a Universe God in the First Heaven.

But he had unleashed a power stronger than a Peak Universe God in the Second Heaven!

"Use all your power or you will be defeated!"

Jian Wushuang laughed resoundingly.

Chapter 1326: Come To A Close!

"Son, you only got stronger by a slight bit and you thought I couldn't deal with you?"

The Master of Golden-sun Sect roared. He spoke then, and an ancient and bold aura soared up in the air. On the Master of Golden-sun Sect's right palm, a strong golden light flowed and it was harsh on the eyes. The right hand of the Master of Golden-sun Sect slapped.

"Emperor Print!"

Rumble!

A boundless golden light immediately formed a huge golden palm. The golden palm brought.

Jian Wushuang squinted slightly. His Soul Power had swept out long ago and he could clearly feel that the golden palm contained a terrifying power.

“Although I’m stronger than him in terms of strength, I’m far behind in terms of unique skill,” Jian Wushuang sighed.

He became Universe God and had a tremendous improvement in power. Both his divine power and divine body had gone through a huge transformation.

But on unique skill, there wasn’t much difference. The strongest unique skill that he created was only Test Wrecker, which was only a beginner rank two unique skill.

Then, the unique skill performed by the Master of Golden-sun Sect, its power was a Peak rank two unique skill.

Their difference in unique skill was too vast.

“I can’t win against him with a unique skill. I have to rely on other measures to compensate for the difference!” Jian Wushuang’s glare turned cold. He flipped his hand and a golden calabash appeared in it.

Swoosh.

An enormous amount of blaze quicksand flowed out and formed a boundless desert that covered the entire battlefield.

The Master of Golden-sun Sect, including the emperor-like handprint that he created, was covered by the quicksand.

The terrifying realm pressure spread across directly.

“What?”

The Master of Golden-sun sect was angry, “How is this possible? How can my power be suppressed by fifty percent?”

Fifty percent!

Yes, the Master of Golden-sun sect’s power was actually suppressed by fifty percent.

The power of the humungous handprint that he had pulled was suddenly weakened by fifty percent.

Most of the people watching the battle noticed.

“The Blaze Quicksand realm was triggered by divine power. The stronger the divine power, naturally the more ridiculous the power that was triggered. Although Jian Wushuang was just a Universe God in the First Heaven, his divine power was not any weaker compared to a Peak Universe God in the Second Heaven. To trigger realm with such divine power, even I, a Universe God in the Third Heaven, might be affected slightly too. Hence, for a Peak Universe God in the Second Heaven to be suppressed within the Blaze Quicksand realm, and to have his power suppressed by fifty percent, is actually quite normal,” the Master of Dayu Palace smiled faintly.

The Blaze Quicksand realm was already very impressive. Otherwise, he wouldn't have borrowed it from Jian Wushuang previously.

Then, Jian Wushuang became Universe God and his divine power increased tremendously. When he triggered the realm again, the power was naturally far stronger than before.

On the battlefield, after the formation of blaze quicksand realm posed great oppression to the Master of Golden-sun Sect, there was an enormous amount of red flame that soared up from Jian Wushuang's body. The red flame suddenly formed a sea fire around while Jian Wushuang was the emperor among the sea fire.

Scarlet Kingdom was performed straight away!

The blaze quicksand realm was used to oppress the opponent while Scarlet Kingdom was used to increase his power significantly.

Jian Wushuang merged the two techniques together perfectly.

Then, Jian Wushuang drew his sword.

"Buzz!!!"

A cold sharp noise broke out across the sky.

There was a sudden eye-catching sword light that caught everyone's attention.

Jian Wushuang played the strongest stroke that he had created, Test Wrecker!

With the aid of Scarlet Kingdom, the sword gave out an earth-shattering power. The very next moment, it collided with the huge handprint face-to-face.

Rumble!

A vigorous rumble and the universe shook.

After the loud noise, Jian Wushuang, who was among the sea fire, suddenly stumbled and took a few steps back. But he steadied himself soon enough.

"So strong!"

There was a tinge of terror in Jian Wushuang's eyes, "I am much stronger than him in strength. Plus, I've used both Blaze Quicksand Gourd and Scarlet Kingdom's realm and even performed my strongest Sword Principle. But I am still at an absolute disadvantage?"

Although Jian Wushuang was shocked, he understood the situation.

They were too vastly different in unique skill after all!

"Jian Wushuang, you merely created a beginner rank two unique skill. You are still slightly behind if you want to be evenly matched with the Master of Golden-sun Sect. Wait till you create an advanced rank two unique skill, then you should be able to fight face-to-face with him and not fall behind," King of Venomous Worms' voice was heard in Jian Wushuang's mind.

“Advanced rank two unique skill?” Jian Wushuang creased his eyebrows.

A beginner rank two unique skill had been created. Hence, an advanced rank two unique skill naturally shouldn't be too far away for him.

In the void before Jian Wushuang, the Master of Golden-sun Sect stood there while his face grew grave.

“Although my full blow shook him off, he wasn't injured at all. There wasn't even any weakening of his aura?” The Master of Golden-sun Sect looked glum. A simple exchange of blows and he understood that he can't possibly kill Jian Wushuang.

Even if he could defeat Jian Wushuang, he wouldn't be able to kill him.

“That's it.”

Suddenly, there was a voice.

Swoosh! Swoosh!

There were two figures that appeared right in the middle of the battlefield and stood in between Jian Wushuang and the Master of Golden-sun Sect.

Looking at the Master of Dayu Palace and Wu Cang getting involved, Jian Wushuang and the Master of Golden-sun Sect naturally ceased.

“The Master of Golden-sun Sect, Universe God Jiu Hai, I know that you bear deep-seated hatred towards Jian Wushuang. However, Jian Wushuang gave both of you a chance and you didn't seize the opportunity. From today onwards, the two of you – including the forces under your control – should not find trouble with him. Otherwise... Without him taking action, I will not be polite to any of you,” The Master of Dayu Palace spoke coldly.

“Yes.”

The Master of Golden-sun sect and Universe God Jiu Hai nodded.

The two of them didn't show any unwillingness. On the contrary, they held great gratitude towards the Master of Dayu Palace.

Because the Master of Dayu Palace got involved with resolving the matter, it helped them too. With Jian Wushuang's talent, if he were to hold a grudge against them, things definitely wouldn't end well.

As for the resentment between them and Jian Wushuang...

In this world, the strong will forever be the Master!

Jian Wushuang gave them a chance to take revenge but they couldn't kill Jian Wushuang. So, who can they blame?

“Alright. This has ended. Dismissed.” The Master of Dayu Palace waved his hand.

The surrounding Universe Gods heard, then they bowed before the Master of Dayu Palace and left one after another.

Of course, even after they left, whatever they saw that day would definitely be their topic of conversation for quite some time. They believed that it would also stir a commotion in the entire Dayu World because of what happened.

After all, Jian Wushuang just underwent a God's Test that everyone found unbelievable!

Chapter 1327: Refused!

In a lofty building of the the Dayu Palace.

"Take a seat." Master of the Dayu Palace said to Jian Wushuang.

Jian Wushuang sat down without any hesitation.

Although there was still a large gap between himself and the Master of the Dayu Palace and Lord Wu Cang, the two Gods treated him in a very respectful way.

"Jian Wushuang, I told you that I would give you a recommendation token to the Snow Dojo if you passed the God Test. Now I have decided to take you there myself." Lord Wu Cang said.

"Snow Dojo?"

Before the Inverse Cultivation Test, Jian Wushuang was eager to go there.

But now...

"It is unnecessary for you to go there, Jian Wushuang."

King of Venomous Worms told him, "Although numerous geniuses gather in the Snow Dojo, the place is actually nothing compared to the Eternal Chaotic World and Lineage of Star that you belong to. I recommended you to go there for a period of cultivation before the God Test because at that time you were not powerful enough to go to the Lineage of Star."

"But now, honestly speaking, if you spend some time cultivating your unique skills, your power can be equal to a Peak Universe God in the Second Heaven. Even when you meet with a Universe God in the Third Heaven, you can survive with your power as well as all the tools you have."

"Therefore, going to the Snow Dojo is a waste of time for you. You can directly head for the Lineage of Star.

Jian Wushuang was surprised by what King of Venomous Worms said.

But he also knew that what the Snow Dojo could bring him was limited.

And he made a decision.

"Lord Wu Cang."

Jian Wushuang said, "Thank you for your good will, but I will not go to the Snow Dojo."

"Aha?" Lord Wu Cang frowned.

And Master of the Dayu Palace was also surprised.

They never expected that Jian Wushuang would turn down their invitation.

After all, the Snow Dojo was the dream of many geniuses – including Qing Yang Universe God, who failed because Lord Wu Cang didn't think he was qualified for the opportunities."

"Think twice please." Lord Wu Cang said, "Though you are talented, you need a good environment, the guidance of other talents and plenty of resources to help you in the Inverse Cultivation."

Master of the Dayu Palace added, "Jian Wushuang, Lord Wu Cang seldom provides such a good opportunities to others. And you can also unleash your potential in the Snow Dojo. Don't be too confident about your power."

They were both trying to persuade Jian Wushuang.

In their opinion, the Snow Dojo was the best choice of Jian Wushuang.

But Jian Wushuang told them smilingly, "Actually, I am leaving the Dayu Universe for the Ten Cultivation Sanctuaries that I am really long for."

"The Ten Cultivation Sanctuaries?" Master of the Dayu Palace felt surprised at first, but soon understood.

"No wonder you are not going to the Snow Dojo." Lord Wu Cang smiled.

"The Ten Cultivation Sanctuaries are the core of the Eternal Chaotic World that all cultivators are dreaming of. They are absolutely better than the Snow Dojo. You have great talents and rich potential, even better than many geniuses in the Snow Dojo. So indeed, you'd better go to your dream place."

Master of the Dayu Palace said, "But not everyone can get there. For example, do you know the route to get there?"

Jian Wushuang had no idea.

After all, it hadn't been long since he left his hometown, the Green Fire World.

Even King of Venomous Worms, who was well-informed, had no idea.

Jian Wushuang asked Master of the Dayu Palace and Lord Wu Cang.

But they laughed.

"Although we are privileged in the Snow Kingdom as Universe Gods in the Third Heaven, even we've never been to, or planned to go to, the Ten Cultivation Sanctuaries, which are only a distant legend to us.

"OK..." Jian Wushuang frowned.

How could he go there without know the route?

At that time Lord Wu Cang said, "But I know a guy who has been to the Ten Cultivation Sanctuaries and he is in the Snow Dojo."

Jian Wushuang was interested.

“Could you just wait for me for around ten years and then go with me to the Snow Dojo? I can ask that guy for the route. You don’t have to join the Snow Dojo. It’s all up to you.” Lord Wu Cang proposed.

After hesitation for a while, Jian Wushuang agreed.

“OK, after ten years, when I and Master of the Dayu Palace have finished our current tasks, I will go to your place.”

Jian Wushuang nodded.

“You can stay here in these ten years and I can lend you the Little Scattered Stars Game for you to study.”

“Thank you very much!”

...

### **Chapter 1328: Depart to Snow Dojo!**

The incident of Jian Wushuang passing through the God’s Test stirred a commotion up within Dayu World. All the experts from various forces were surprised.

But the hubbub merely lasted for a short period of time until it settled down.

For the rest of the time, Jian Wushuang continued to stay in Dayu Palace and resolve the Little Scattered Stars Game.

In the secret room, Jian Wushuang sat before the Little Scattered Stars Game whilst the fifty-second black chess piece slowly dispersed from the chess set.

“As expected, after becoming Universe God, the speed of me resolving the Little Scattered Stars Game is much faster than before,” Jian Wushuang smiled faintly.

He was in seclusion for less than seven days but he resolved the fifty-second move of the Little Scattered Stars Game very quickly.

One must remember that he spent a few years time to resolve the fifty-first step when he was a Universe Master.

“Don’t think about how fast you can resolve the move. Take your time and accumulate slowly, according to the method I taught you. Then, you will gain huge rewards,” King of Venomous Worms said.

“Of course,” Jian Wushuang smiled.

Then, he continued to resolve the fifty-third move.

The time flew past.

Another sixty years passed.

“Done!”

Jian Wushuang opened his eyes and had a smile plastered on his face. On the Little Scattered Stars Game before him, the last black chess piece dispersed. There was nothing left on the huge chess set.

“Sixty years, from the fifty-first move, you resolved the hundred-moves Little Scattered Stars Game. If the Master of Dayu Palace and Wu Cang were to find out, they might be embarrassed,” King of Venomous Worms’ voice was heard.

“Hah!” Jian Wushuang laughed.

After becoming a Universe God, it became easier to resolve the Little Scattered Stars Game and his speed was naturally faster. On top of that, he followed King of Venomous Worms’ instruction to accumulate slowly. Hence, there was almost no bottleneck situation later in the game. That’s why he could resolve the Little Scattered Stars Game entirely in such a short period of time.

“I originally thought that the Little Scattered Stars Game wouldn’t be much use after I became a Universe God. However, from the way it seems, not only was it useful for me, it’s very useful for me. Now that I have resolved the entire game, I have reaped a bumper harvest,” Jian Wushuang exclaimed.

In the sixty years, his understanding towards the nature of swordsmanship increased tremendously. Then, if he was given time, he could definitely create an even stronger unique skill.

“Don’t panic. Follow Lord Wu Cang to Snow Dojo first. On the way, I can slowly digest the accumulated Sword Principle and then create a unique skill,” Jian Wushuang mumbled to himself.

Wu Cang and the Master of the Dayu were done three years ago and they sent a message to Jian Wushuang. However, Jian Wushuang was in the last stage of resolving the Little Scattered Stars Game then. Hence, he made Wu Cang waited for him.

When Jian Wushuang left the secret room, he immediately planned to leave with Wu Cang.

In Dayu World, at the border of the floating land, there was a boundless dark void before them.

Wu Cang waved.

Swoosh!

A huge green spaceship appeared from nowhere.

“Jian Wushuang, let’s go,” Wu Cang appeared first on the green spaceship.

Jian Wushuang didn’t hesitate, leaping onto the Wu Cang’s spaceship. The green spaceship immediately set off at a terrifying speed and moved towards Snow Dojo.

...

In the dark void, it was total darkness. There was almost no light at all.

A green spaceship swept past in the dark void. The speed was far beyond a Universe God’s ability.

In a cabin of the green spaceship, Wu Cang sat calmly while he sipped on his wine. He stole glances at Jian Wushuang next to him occasionally.

“Jian Wushuang is making a painstaking effort for cultivation. From Dayu World to Snow Dojo, based on the speed my spaceship is traveling, we will arrive in ten years time. In such a short period of time, he didn’t give up cultivation. He’s really...” Wu Cang shook his head.

However, what Wu Cang didn’t know was that while ten years was a short time to himself, Jian Wushuang could improve his power significantly in ten years. Especially considering the fact that he had just completely resolved the Little Scattered Stars Game, meaning that there were many accumulated Sword Principles waiting to be digested.

A green spaceship was moving very quickly but suddenly... A conscience abruptly swept over it.

Wu Cang’s facial expression changed and he bellowed directly, “Whoever you are, move out of my way!”

His bellow spread through the cabin and echoed in the surrounding void.

Many figures were floating hundreds of thousand miles away from the green spaceship. The moment they heard Wu Cang bellow, the figures were shocked.

“It’s a Universe God in the Third Heaven. Hurry up and leave!”

Without hesitation, the figures immediately ran away.

In the cabin, Jian Wushuang was awakened by Wu Cang’s bellow too. He couldn’t help but look over, “Lord Wu Cang, what’s going on?”

“Nothing, only some narrow-minded thieves,” Wu Cang smiled in disdain.

“Thieves? Bandits?” Jian Wushuang looked shocked.

He also knew that there were some bandits wandering in the dark void. Those bandits specialized in killing experts that passed by, and carried out a deal that couldn’t be exposed. As the dark void was really too huge, Snow Kingdom couldn’t do anything about the bandits either.

Those experts from the world were mostly very careful. In a normal situation, no one dared to wander around the dark void recklessly if they didn’t possess a level of power.

Of course, as a Universe God in the Third Heaven who was considered the top expert even in Snow Kingdom, he could totally run freely in the dark void. Almost no bandits dared to provoke him.

“Jian Wushuang, the bandits you ran into in Snow Kingdom were just child’s play. The scariest place with real bandits is the boundless void near the ten Cultivation Sanctuaries. That is the place with the most reckless bandits, with the craziest massacres and countless experts’ nightmare. Many experts from various Kingdoms and Worlds died in the boundless void on their way to the ten Cultivation Sanctuaries.”

“You are going to Lineage of Star and you will definitely pass by the boundless void. To you, it would also be a challenge. It is also because the boundless void is very dangerous, that’s why I wanted you to become stronger before going there,” King of Venomous Worms said.

"The boundless void?" Jian Wushuang memorized the name. He turned around and looked at Wu Cang, "Lord Wu Cang, if you were you come across bandits again, don't chase them away in a hurry. Let them be my lab rats."

"Lab rats?" Wu Cang looked at Jian Wushuang in surprise.

"Previously when I resolved the Little Scattered Stars Game, I came to a realization about Sword Principles. I have been figuring out ways to create stronger Sword Principles. Actually, I am really in need of someone to train with me," Jian Wushuang smiled.

"Oh, I see," Wu Cang smiled, "If so, alright. However, try not to delay too much."

"Don't worry, I won't take long," Jian Wushuang smiled.

### **Chapter 1329: Master of Silence Gloriette in the Snow Dojo!**

On the way to the Snow Dojo, Jian Wushuang tried to understand more about the essence of swordsmanship in order to develop more powerful unique skills.

When he occasionally met some bandits, he would fight with them to practice his swordsmanship.

Jian Wushuang never missed any opportunity for him to cultivate.

And ten years passed quickly.

"In front of us is the Snow Sacred Land, let's go there." Lord Wu Cang pointed to a vast floating land.

The Snow Sacred Land was the capital of the Snow Kingdom, in which the royal family of the Snow Kingdom, powerful groups and several large military forces gathered.

Jian Wushuang followed Lord Wu Cang to the Snow Sacred Land and took a wormhole to the Snow Dojo.

The headquarter of the Snow Dojo was a vast, floating building complex, with numerous palaces and attics.

Thanks to Lord Wu Cang, Jian Wushuang entered into the headquarters of the Snow Dojo.

They went into a gorgeous palace.

"Since you aren't a member of the Snow Dojo, it is better for you to stay here and I will take a chance to ask the route of the Ten Cultivation Sanctuaries for you." Lord Wu Cang said.

"Opportunities?"

Was it so difficult to ask for a route? Maybe, Lord Wu Cang was going to ask for someone with a higher status.

Lord Wu Cang explained, "Yes, the person was Master of Silence Gloriette, one of the three masters in the Snow Dojo."

"Master of Silence Gloriette?"

“He has supreme power and unimaginable talents in the Snow Dojo. He can determine my life and death. Although I am a Golden Deacon in the Snow Dojo, I don’t have many opportunities to see him.” Lord Wu Cang appeared a little bit embarrassed.

Jian Wushuang knew why Lord Wu Cang was behaving so cautiously.

After all, Master of Silence Gloriette was so powerful that he could determine the life and death of Lord Wu Cang.

“Wait here for around half a month until the Master of Silence Gloriette holds a meeting with the Golden Deacons. I will ask him at that time.”

Jian Wushuang expressed his appreciation.

He knew how difficult it was to ask the Master of Silence Gloriette for something.

So Lord Wu Cang wouldn’t help him if he didn’t think highly of Jian Wushuang’s potential or hope that Jian Wushuang could join the Snow Dojo.

The half a month passed quickly.

Jian Wushuang stayed at the palace according to Lord Wu Cang’s word.

“Lord Wu Cang must have met Master of Silence Gloriette since many Golden Deacons attended the meeting.” Jian Wushuang was curious about how things were going.

And Lord Wu Cang didn’t come back until the night.

But he looked worried when coming back.

“How is it going?” Jian Wushuang asked Lord Wu Cang.

Lord Wu Cang sighed without answering him immediately.

“Is Master of Silence Gloriette annoyed by my request?”

“No. I didn’t even ask.” Lord Wu Cang felt sorry.

“Why?”

“Actually I planned to ask him today in the meeting. But he was angry today in the meeting and he scolded us, even beating two Golden Deacons. How did I dare to ask him right then?” Lord Wu Cang explained.

Jian Wushuang understood now.

No one dared to ask anything when Master of Silence Gloriette was angry.

“But why was he so angry?” Jian Wushuang asked.

“It’s all about the ranked battle.” Lord Wu Cang signed.

“The ranked battle?” Jian Wushuang had never heard about that.

Lord Wu Cang started to explain, "It's the ranked battle with Universe God Palace. You may have only heard about the Snow Dojo when you were in the Dayu Universe. But the Snow Dojo is one of the two genius concentration camps in the Snow Kingdom. And the other one is the Universe God Palace."

"The Snow Dojo and the Universe God Palace were both founded by the royal family of the Snow Kingdom, they were divided and always competing with each other. Every ranked battle is held between the Snow Dojo and the Universe God Palace."

"The ranked battle is seemingly aimed to facilitate communication among all the talents, but it is in fact a battle to determine the winner."

Jian Wushuang nodded.

It's understandable that fierce competition rose between two genius concentration camps.

"So Master of Silence Gloriette got angry for losing the battle?" Jian Wushuang asked.

No. The battle will be held in three months but we know the possibility to win is low when comparing their strengths.

"What is the probability of victory?"

"Less than three tenths." Lord Wu Cang answered, "The fact is that the Snow Dojo has been defeated five times consecutively. Another defeat will be a stigma for us."

"No wonder Master of Silence Gloriette is so angry."

Every leader would get anxious when his team could barely win after failing in the battle for five times!

At that moment, the worried Lord Wu Cang came up with an idea and he looked at Jian Wushuang.

"I know how to ask him."

### **Chapter 1330: Snow Tower**

"Which way?" Jian Wushuang looked over.

"Very simple. I'll let you join the ranking battle as a Snow Dojo disciple," Wu Cang replied.

"I'll join the battle?" Jian Wushuang was surprised.

"This is the best way," Wu Cang said, "The ranking battle between Snow Dojo and the Universe God Palace is divided into three fights. One between the Universe Gods in the Third Heaven, one between the Universe Gods in the Second Heaven, and one between the Universe Gods in the First Heaven. The party who wins two fights out of the three will be the final winner. Then, we will be able to compete with the comprehensive level of disciples from Snow Dojo and Universe God Palace.

"Among the three ranking fights in this session, Snow Dojo only has a higher winning chance in the fight between the Universe Gods in the Third Heaven. The other two fights have a lower chance of winning. But if you were to join the fight between Universe Gods in the First Heaven as Snow Dojo's disciple, you'd definitely win!"

“Then, Snow Dojo would be able to win two fights and be the victor of the ranking battle. The Master of Silence Gloriette would definitely be thrilled. At that point, I’ll ask him on your behalf regarding the route to the ten Cultivation Sanctuaries. It’ll be much easier.”

Jian Wushuang creased his eyebrows when he heard Wu Cang’s suggestion.

He thought Wu Cang’s idea was great but as a prerequisite, he still had to join Snow Dojo.

Although he was confident with himself, it wasn’t necessary that he would win if he joined the ranking battle.

“Jian Wushuang, you don’t have to worry so much. The experts in Snow Dojo are free and not restrained much. Even if you join Snow Dojo, it’s your own decision as to whether you want to stay or leave. No one will force you into anything. Once you complete the ranking battle and obtain your travel route, you can leave straight away. No one will comment much.”

“Plus, if you were to win a victory for Snow Dojo in the ranking battle, you would get an opportunity to go to Tian Yuan Mystery Land,” Wu Cang added.

“Tian Yuan Mystery Land?” Jian Wushuang stunned.

“It’s one of the sites of opportunity in Snow Kingdom. In the past, only experts from Snow Dojo and Universe God Palace were qualified to enter. Plus, the ranking battle only takes place every ten thousand years because Mysterious Tian Yuan only opens once every ten thousand years. Every time it opens, it is limited to a quota of thirty people. The quota will be based on the winning and losing of ranking battles!”

“If Snow Dojo were to win the ranking battle, the thirty quotas would be Snow Dojo’s. On the contrary, if Universe God Palace won, the thirty quotas would be theirs. In the past, whenever Snow Dojo won the battle, the thirty quotas would be passed to thirty experts that participated in the ranking battle. By then, of course, you would be one of them,” Wu Cang explained.

“Is that so?” Jian Wushuang sighed.

“Jian Wushuang, this is the best method. You will help Snow Dojo to win the ranking battle and Snow Dojo will provide you with the travel route to the ten Cultivation Sanctuaries. On top of that, you will be rewarded with a chance to enter Tian Yuan Mystery Land. This is something that satisfies both parties,” Wu Cang said.

Jian Wushuang was left speechless. He then nodded faintly, “Alright, I’ll take it.”

“That’s great,” Wu Cang was beaming with joy.

He was very clear about Jian Wushuang’s power. As Jian Wushuang agreed to participate in the fight between Universe Gods in the First Heaven, that particular fight would have a ninety-nine percent winning rate.

“Jian Wushuang, follow me.”

Then, Wu Cang led Jian Wushuang out from the hall.

Snow Dojo was an expert concentration camp in Snow Kingdom. Whoever could enter Snow Dojo were all experts, no one would be just ordinary.

For instance Universe God Qing Yang, who died at Jian Wushuang's hand. When he was in Dayu World, he was once known as the top expert in Dayu World. But in Snow Dojo, he was at the bottom – or maybe he didn't even qualify to be at the bottom.

Plus, to join Snow Dojo, one naturally had to undergo a filtering process.

Jian Wushuang had the recommendation of Wu Cang, who was a golden-dressed deacon. Hence, he could skip the process of filtration. However, he would still be required to go through the last procedure.

Wu Cang brought Jian Wushuang to a black tall tower. In front of the black tall tower, there was a drunk elderly with messy hair.

"Old Liu," Wu Cang bowed politely at the drunk elderly.

The drunk elderly lifted his eyes and looked at Wu Cang and Jian Wushuang. He then said slowly, "It's you, Wu Cang. Who is this next to you?"

"This is someone I got to know earlier. I saw that he was quite talented so I brought him to Snow Dojo for him to try Snow Tower," Wu Cang said humbly.

'Is he?' The drunk elderly nodded and waved, "There's no one in Snow Tower. Just go ahead."

"Thank you," Wu Cang replied and turned to Jian Wushuang, "Jian Wushuang, go ahead. There are ten levels in total. The moment you passes through the seventh level, you're considered to have passed. Then, you can join Snow Dojo."

"The seventh?" Jian Wushuang nodded. Then, he walked towards Snow Tower.

Jian Wushuang entered Snow Tower while Wu Cang waited patiently outside.

"Ten floors in Snow Tower. I think Jian Wushuang could go all the way to the tenth floor with his power," Wu Cang smiled faintly.

Just then... Swoosh! Swoosh!

There were two figures that descended before Snow Tower one after another.

Wu Cang looked over. His pupils contracted when he saw someone visiting.

"Wu Cang, what are you doing here?" A fairly unfriendly voice was heard. The one who spoke was a purple-haired elderly who was walking at the front.

"I'm waiting for someone," Wu Cang looked cold.

"Who are you waiting for?" The purple-haired elderly stopped before Wu Cang.

"I got to know someone when I was wandering outside. He's not in Snow Tower," Wu Cang answered.

"Oh? Such a coincidence. I happened to know an expert on my way to a mission too. I brought him back to challenge Snow Tower too," the purple-haired elderly said.

“Wu Chao, what do you mean?” Wu Cang’s face grew grave.

“Nothing. Why are you so angry? We are both golden-dressed deacons. You can bring someone over but I can’t?” The purple-haired elderly snorted.

“I have no time to deal with your nonsense,” Wu Cang turned around and didn’t bother looking at the purple-haired elderly anymore.

The purple-haired elderly pouted but kept quiet.

Soon, Jian Wushuang came out from Snow Tower.

The moment he exited Snow Tower, the drunkard at the entrance passed Jian Wushuang a token.

Jian Wushuang took over the token and walked towards Wu Cang.

“Jian Wushuang, is everything okay?” Wu Cang quickly asked.

“Yeah,” Jian Wushuang nodded.

“How many levels did you pass?” Wu Cang asked curiously.
