Chapter 1341: A Woman in a Robe

The time just flew by.

Nine years passed.

And there was just one year left.

Jian Wushuang finally opened his eyes after cultivating in the third layer for nine years.

"After cultivating the Universal Dao Scripture for nine years under the pressure of the consciousness attack, I have doubled my Soul Power." Jian Wushuang was excited.

"Now your Soul Power and also your consciousness strength has reached the level of a Universe God in the Third Heaven." King of Venomous Worms said to Jian Wushuang.

"Tian Yuan Mystery Land is indeed a good place to cultivate. No wonder everyone from the Snow Dojo was eager to come here." Jian Wushuang thought, "There is one year left. Maybe I can go to the fourth layer."

The fourth layer!

The most powerful and wonderful layer in the Tian Yuan Mystery Land.

Jian Wushuang was interested in what the fourth layer was about.

He stood up and moved slowly to the fourth layer.

As he stood up, the other nine Universe Gods in the Third Heaven were surprised by him.

"What does he want to do?"

They soon figured out the intention of Jian Wushuang.

"This guy wants to go the fourth layer!"

Few Universe Gods in the Third Heaven could go there except Chen Feng. Jian Wushuang, only a Universe God in the First Heaven, dared to go there?"

They couldn't believe that.

But they saw Jian Wushuang walk determinedly to the juncture between the third layer and the fourth layer, which was only a thin barrier. Jian Wushuang took a deep breath and entered into the fourth layer.

At that moment, Jian Wushuang felt a much stronger consciousness attack soar!

Boom!

Jian Wushuang felt a roar inside his head which nearly drove him crazy, and his eyes turned blood-red. He bit his lips and resisted the astonishing consciousness attack. Finally, he crossed through the barrier.

“He crossed through the barrier?”

“He managed to do so?”

“Unbelievable...”

The other nine Universe Gods in the Third Heaven were astonished.

Though they were Universe Gods in the Third Heaven and elites in the Snow Dojo, they could only stay in the third layer. But Jian Wushuang, a Universe God in the First Heaven, got to the fourth one!

They felt ashamed.

The fourth layer of the Tian Yuan Mystery Land.

Though Jian Wushuang successfully crossed the barrier, he couldn't move on anymore.

His face turned red. Under the effect of the consciousness attack, he felt the Soul Fire in his body was all burning, nearly exploding.

“Just hold on, Jian Wushuang. You are almost there.” King of Venomous Worms told Jian Wushuang at this crucial moment.

Jian Wushuang also encouraged himself, “I have resisted the Mind Test, only a consciousness attack is nothing to me!”

Under the unimaginable consciousness attack, Jian Wushuang improved his Soul Power slowly.

As he gradually improved, he felt the stress was released a little bit and he was now kept stable.

“Finally I resisted the most difficult part.”

Jian Wushuang took a deep breath.

“Keep cultivating here, Jian Wushuang and you could gain more benefits.” King of Venomous Worms said.

Jian Wushuang nodded. Though he felt tired, he struggled to sit down and cultivate Universal Dao Scripture.

At the center of the Tian Yuan Mystery Land, there was a mountain made of white crystals, which looked mysterious and valuable.

Inside the mountain, a huge palace was located.

There was a lady in a robe inside the palace, keeping still for millions of years.

But at this moment, she opened her eyes and sent out a flash of purple light.

The light crossed through the mountain and the boundless heaven, helping the lady to see Jian Wushuang trillion miles away.

And the lady felt alarmed when she saw Jian Wushuang.

Amongst the thirty talents entering into the Tian Yuan Mystery Land, only Chen Feng entered into the fourth layer and walked for a long distance. His consciousness was much stronger than Jian Wushuang, who had just reached the margin of the fourth layer.

But Chen Feng didn't draw the attention of the lady in a robe.

Only Jian Wushuang woke the lady and made her alarmed.

"The Soul Power?"

The lady in a robe said.

The lady's words would have surprised Jian Wushuang and King of Venomous Worms if they had heard them.

After all, Soul Power was the supreme power of Jian Wushuang in the Inverse Cultivation. For many years, others often mistook the Soul Attack for the consciousness attack. Even Master of Silence Gloriette didn't know the truth.

But now, the lady with a robe felt Jian Wushuang's soul power without even seeing him exercising the Soul Attack.

"Only a Universe God of the First Heaven can ignite the Soul Fire?"

"It is Inverse Cultivation!"

"I could feel from his breath that he belongs to the lineage of Ancient Gods and is very prestigious!"

"A descendant of the Lineage of Ancient Gods who has passed through the First Inverse Cultivation is now in my land. Interesting!"

The lady knew immediately who Jian Wushuang was and started to ponder.

...

Chapter 1342: Secret Skill of Tian Yuan

"The Ancient God clan..."

"I bear the Ancient God clan's fellowship. Now that that young man has come to my mystery land, let me make good affinity with him."

"Ah Qi."

Swoosh!

A purple-haired lady appeared next to her.

"In the mystery land right now, there's a Universe God in the First Heaven who is at the fourth level. When he's preparing to leave, pass this to him," the woman in the Taoist robe took an item out.

"Yes," the purple-haired lady took over and vanished into thin air.

The woman in the Taoist robe closed her eyes and the cave became quiet again.

On the fourth level of Tian Yuan Mystery Land, Jian Wushuang had been cultivating. With the aid of the assault of consciousness, his Soul Power had improved tremendously.

The ten-year time limit was ending soon.

Jian Wushuang could feel the surrounding sky and land rejecting him faintly.

“Have to leave soon.”

Jian Wushuang said regrettably, feeling a little disappointed.

The assault of consciousness in Tian Yuan Mystery Land was extremely useful for his training. In ten years, his Soul Power improved tremendously. If he were to continue to stay, he would definitely improve even more greatly. It’s a pity that he could only stay in Tian Yuan Mystery Land for ten years. The moment time was up, he had to leave.

Just when Jian Wushuang had stood up and was preparing to leave...

Swoosh!

A green flowing light suddenly spurted before him.

Jian Wushuang was stunned and extended his hand instinctually. He grabbed the green, flowing light straightaway.

“This is...?” Jian Wushuang spread his hand and looked at the green crystal in his hand. A green crystal with a green tinge. It looked rather unusual.

“This is the Paradise Stone that the experts or ancestors of Eternal Chaotic World used for recording secret skills and important information,” King of Venomous Worms’ voice was heard.

“Paradise Stone?” Jian Wushuang squinted his eyes.

“Jian Wushuang, use your Soul Power to examine the internals of this Paradise Stone,” King of Venomous Worms instructed.

“Mm,” Jian Wushuang nodded and covered the Paradise Stone with his Soul Power. Suddenly, there was a tremendous momentum of information that surged out.

“The Secret Skill of... Tian Yuan!”

“This is it?” Jian Wushuang was shocked.

“The secret skill of Soul Attack!” King of Venomous Worms let out an exclamation.

In the Paradise Stone there was a secret skill and it was the extremely rare secret skill of Soul Attack!

“Soul Power is extremely high-end on its own, while the secret skill of Soul Attack is – just like the Universal Dao Scripture that your master gave you – rare. You’re that lucky that you got the secret skill of Soul Attack?” King of Venomous Worms exclaimed.

“No, maybe it’s not luck,” Jian Wushuang shook his head and said solemnly, “although I possess Soul Power, I could only integrate my Soul Power into Sword Principle for an attack. Although it would be considered as a Soul Attack too, it wouldn’t allow me to give full play to my Soul Power entirely!”

“I really am lacking of the real secret skill of Soul Attack!”

“I happen to be lacking it and I got it? And I got it when I am about to leave Tian Yuan Mystery Land? How could it be such a coincidence?”

“Jian Wushuang, you mean...” King of Venomous Worms lowered his voice as he thought of the possibility too.

Jian Wushuang didn’t speak but lifted his head. He looked afar at the vast expanse of whiteness before him, into the depth of Tian Yuan Mystery Land.

Jian Wushuang took a deep breath and said, “Although I do not know your name, I, Jian Wushuang will owe you a debt of gratitude for your kindness. I’ll definitely repay you in the future.”

Then, Jian Wushuang stood there for a while before he left.

In the cave dwelling in the depths of Tian Yuan Mystery Land, the woman in the Taoist robe opened her eyes again.

“Definitely repay me in the future? This young man is quite interesting.”

The woman in Taoist robe shook her head and became turned quiet again.

Soon enough, the thirty geniuses in Tian Yuan Mystery Land were all sent out.

In the ten years duration, the geniuses were more or less rewarded.

While Jian Wushuang was obviously the one with the biggest reward.

Not only did he increase his Soul Power tremendously with the aid of the assault of consciousness, he even obtained the secret skill of Soul Attack in the end.

The secret skill of Soul Attack in particular was extremely hard to come by.

“The secret skill of Tian Yuan.”

After getting out from Tian Yuan Mystery Land, Jian Wushuang couldn’t wait but started to study the secret skill.

“The method of using Soul Power is very unique. This is the secret skill of Soul Attack?” Jian Wushuang praised.

“Jian Wushuang, back when I was wandering around Eternal Chaotic World with King Luo Zhen, I’ve seen countless experts. I’ve also seen some people who pulled the secret skill of Soul Attack. But from what I see, this secret skill of Tian Yuan would be an extremely strong secret skill of Soul Attack,” King of Venomous Worms said, “Such an impressive secret skill of Soul Attack wouldn’t be easy to perform.”

“Mm, I understand,” Jian Wushuang nodded.

The secret skill of Tian Yuan had four levels of attack in total.

Even at the very first level, Inextinguishable Light required an enormous amount of Soul Power to be pulled off.

Jian Wushuang just ignited his Soul Power not long ago and it had yet to take shape as a real Soul Power. Hence, his Soul Power wasn't as immense.

"According to the standard of my current Soul Power, I could barely pull off Inextinguishable Light. I reckon I would only be able to do it once and my Soul Power would be exhausted," Jian Wushuang sighed.

Of course, although it was difficult to perform, its power was definitely ferocious.

"Jian Wushuang, after ten years of training in Tian Yuan Mystery Land, the strength of your soul has improved tremendously. It could be compared favorably to a Universe God in the Third Heaven. Even if you do not perform the secret skill of Tian Yuan, I reckon there wouldn't be many Universe Gods in the Second Heaven who could resist your Soul Attack performed via Sword Principle. With this point alone, you are already at the peak of Universe God in the Second Heaven!"

"If you could perform the first level of the secret skill of Tian Yuan, Inextinguishable Light... even if you could only do it once, the Soul Attack is enough to threaten a Universe God in the Third Heaven. If I'm not mistaken, with this technique alone, it's even possible to kill a Universe God in the Third Heaven straightway!" King of Venomous Worms said.

"To kill a Universe God in the Third Heaven?" Jian Wushuang was dumbfounded, "Universe God in the Third Heaven is so easily killed!?"

Although Jian Wushuang replied so, he was extremely delighted.

He knew that he had himself another trump card, which was the secret skill of Tian Yuan.

"Jian Wushuang, with your current power, although it is still risky to travel to the Ten Cultivation Sanctuaries alone, it is still equally possible for you to reach there alive. You can depart now," King of Venomous Worms said.

"If so, let me bid farewell with Lord Wu Cang and I shall make a move!" Jian Wushuang smiled.

He immediately sent a message to inform Lord Wu Cang.

Wu Cang knew long ago that Jian Wushuang wanted to leave, so he wasn't surprised.

Soon, Jian Wushuang left Snow Dojo, left Snow Kingdom and departed towards the Ten Cultivation Sanctuaries.

...

Chapter 1343: The Ancient Star Sea

Jian Wushuang's spaceship was flying fast in the dark heaven.

"I have revised the route to the Ten Cultivation Sanctuaries. You can have a look." King of Venomous Worms said.

Jian Wushuang started to read the route.

"Two routes?" Jian Wushuang asked.

"Yes, one is going through the Ancient Star Sea, and the other is bypassing it." King of Venomous Worms explained.

"What are the differences?"

"A lot. The Ancient Star Sea is a dangerous place in the Eternal Chaotic World. Though it is nothing for those almighty, it poses a big risk to Universe Gods." King of Venomous Worms explained.

"In the Ancient Star Sea, there are not only natural crises, but also many Exotic Beasts that are hostile to human cultivators. They may hurt you."

"Therefore, the first choice is full of risks of death, but it's also time-efficient. It will take less than two thousand years to get there."

"And the second choice is safer but it takes more time."

"How much time does the second option take?" Jian Wushuang asked.

"It's hard to predict. Maybe thirty thousand years." King of Venomous Worms answered.

"Thirty thousand years?" Jian Wushuang was surprised.

He had cultivated for less than ten thousand years.

As he was unwilling to waste thirty thousand years on the journey, he chose to go through the Ancient Star Sea.

"I guessed you would choose the first one. I was right!" King of Venomous Worms smiled, "So, before getting to the Ancient Star Sea, you should try your best to improve your skills and power. The stronger you are, the more possibility you will have of surviving."

"I know." Jian Wushuang nodded. And he soon started to cultivate.

He had just left the Snow Sacred Land with his Spaceship, and it would take at least one hundred years for him to arrive at the margin of the Ancient Star Sea.

It was long enough for him.

"I have just created the advanced rank two unique skill. With the accumulation of swordsmanship, I could definitely create more powerful unique skills." Jian Wushuang was confident.

"I will spend these one hundred years on improving my unique skills."

Jian Wushuang was quite determined.

The journey in the dark heaven was boring, through which Jian Wushuang used all his time to cultivate.

And the one hundred and ten years passed soon.

“Jian Wushuang, you are now close to the Ancient Star Sea. Don’t get to the sea alone or you will die.” King of Venomous Worms said, “Go to the Land Six first.”

So Jian Wushuang followed the suggestion of King of Venomous Worms and drove his spaceship to a floating Land Six.

The Land Six was small. It was not a universe, but a station for human cultivators.

Jian Wushuang now stood on the Land Six.

Many geniuses from different Universes or Kingdoms came to the Land Six. They were all mighty talents.

And Jian Wushuang, as a Universe God, seemed trivial.

“Are they all coming for the Ancient Star Sea?” Jian Wushuang murmured.

“Of course. Some talents go there to cultivate, some go through the sea as a time-efficient way to go to the Ten Cultivation Sanctuaries!” King of Venomous Worms said.

“They often team up to get through the Ancient Star Sea, which increases the possibility of success.”

“Team up?” Jian Wushuang was interested.

“There are many teams of cultivators who are going to the Ancient Star Sea. You can choose one and go to the sea with other Universe Gods. I think many teams would welcome you since you are a Peak Universe God in the First Heaven.” King of Venomous Worms suggested to Jian Wushuang.

“OK, I will have a try.”

Jian Wushuang started to find teams to get through the Ancient Star Sea.

Soon he received an invitation and joined a large team with around one hundred cultivators.

The cultivators in the team were at least Universe Gods in the First Heaven.

Three days later, at the margin of the heaven, a huge, ancient spaceship was ready to depart.

“Be prepared, guys. We are departing in an hour.”

The person who was talking was an elderly God with a green robe. His breath was full of power. Apparently, he was a Universe God in the Third Heaven.

Jian Wushuang was one member of the team. He knew that the elderly God was named Yu Shan, and that he was the leader of the team.

The team was made up of one hundred and forty cultivators.

Among them, there were three Universe Gods in the Third Heaven, twenty in the Second Heaven and the rest were all in the First Heaven.

One hour passed. The ancient spaceship departed in the direction of the Ancient Star Sea.

Jian Wushuang sat at the deck of the spaceship, ignoring other talents nearby, some of whom were chatting and some were cultivating.

“Huh?”

Jian Wushuang raised his head and found a boy.

The boy was around twelve years old. He was staring curiously at a bald man in front of him.

Chapter 1344: Duan Lingfeng

On the bald man’s face, there was a strange pattern while the youth was obviously staring at that pattern.

The bald man who was cultivating seemed to notice the youth and he opened his eyes to glare at the youth with his cold stare. The rage in his eyes terrified the youth as the youth moved backwards.

Then, there was a lady in red who walked forward and embraced the youth as she apologized, “I’m sorry, my brother didn’t intend to disturb your cultivation.”

“Universe Master?”

The bald man stole a glance at the lady in red and there was a stroke of coldness on his face, “Who brought the two Universe Masters on board? Doesn’t he know how dangerous the Ancient Star Sea is? How could he bring two Universe Masters to drag us down?”

The bald man was very loud and everyone on the deck stared.

When they saw the lady in red and the strong, honest youth, their facial expressions changed.

They could tell that the lady in red was merely a Universe Master while the strong honey youth was just an eleven year old kid who had only just started cultivation. There was not much power, to begin with.

They were going to go through the Ancient Star Sea which would be very dangerous. Hence, the threshold to join the troop was to be a Universe God in the First Heaven.

But the lady in red and the youth were obviously just Universe Masters, how could they join the troop?

“Who brought them up? Hurry up. Otherwise, I shall kick them off the ship directly,” the bald man bellowed and his voice traveled across the spaceship.

Just then, the cabin’s door suddenly opened and there was a figure that moved out slowly.

It was a young man in a white robe who was carrying a saber. He had long brown hair, sleepy eyes, slender body, and a cold manner. He looked dignified and dauntless.

The young man in white robe walked before the bald man and looked down in his eyes, “I brought the two of them up, do you have an opinion?”

The young man in the white robe looked calm, but with every word he uttered, his aura grew stronger. When he finished his sentence, his aura was at a terrifying level which suppressed the bald man. The bald man’s face was distorted, he opened his mouth but he couldn’t say a word.

“Brother Duan,”

The lady in red pulled the young man in white robe’s sleeve and his aura slowed down slightly.

“Humph!”

The young man in white robe humped. Then, he looked at the lady in red and the youth, and said, “Let’s go into the cabin.”

The lady in red nodded and then they returned into the cabin with the youth.

On the deck, a discussion was stirred.

“The one earlier, is one of the Universe God in the Third Heaven in our troop, right?”

“The lady called him Brother Duan means that his surname is Duan. I wonder what his name is.”

“Just now – that person, I know him. He’s called Duan Lingfeng.”

“Duan Lingfeng?”

Everyone immediately looked over.

The Universe God who spat the name Duan Lingfeng slowly started with his story, “Mister Duan Lingfeng is a Universe God in the Third Heaven, but he just underwent his God’s Test in the Third Heaven not long ago. I heard that the movement was not small when he underwent his God’s Test. There were even experts who saw him undergo his God’s Test with their own eyes and said that the God’s Test that he went through was a mind test!”

“Mind test?” Everyone was astonished.

Even Jian Wushuang was stunned when he heard the word ‘mind test’.

In the Eternal Chaotic World, not everyone was qualified to undergo the scariest mind test among the three kinds of God’s Test.

“Under normal circumstances, Mister Duan Lingfeng passed through a mind test, his power definitely would be extremely strong. Unfortunately, he just passed the test not long ago. His divine power has just started to transform to be like a Universe God in the Third Heaven. Hence, I’m afraid he isn’t that strong yet either,” the Universe God continued.

“Is that so?”

“That’s such a pity.”

Everyone continued to chat for a while until the deck finally quiet down again.

When Jian Wushuang heard the people discuss him around him, he remembered the name ‘Duan Lingfeng’.

The spaceship was moving in Ancient Star Sea at a speed that wasn’t too fast nor too slow.

Three years flew past.

In the three years, Jian Wushuang's troop was rather calm. There wasn't any danger but merely two interruptions by some exotic beasts.

On the deck.

Wow! Wow! Wow!

There were swift and fierce sword lights.

Very soon, the training ended.

"Brother Wushuang, what do you think about my swordsmanship?"

In three years' time, the strong, honest youth had grown up quite a bit and he was smiling right before Jian Wushuang.

"Not too shabby. If your foundation of swordsmanship were to be improved, that'd be great," Jian Wushuang smiled faintly.

In the three years, he had got along with the rest of the troop quite well, especially the youth before him, Luo Hai.

At the beginning, Luo Hai was practicing swordsmanship alone on the deck while Jian Wushuang watched by the side. But when Luo Hai finished practicing, he commented casually. Luo Hai was extremely delighted with his advice. Ever since, Luo Hai had always looked to him for pointers.

"Luo Hai, your Brother Duan is a Universe God in the Third Heaven. You have been by his side all the time. Why didn't you practice with a saber, only a sword?" Jian Wushuang asked.

"Ever since I was born, my sister and I are always with Brother Duan. But Brother Duan never taught me how to use a saber and I don't like sabers. I prefer swords. I must become a swordsman that travel the universe in the future, just like my father," Luo Hai said.

"Oh, your father uses swords too?" Jian Wushuang raised his eyebrows as he smiled.

Just then...

"Shriek!"

There was a sharp shrill.

On the spaceship, those who were originally chatting casually, or cultivating were suddenly shaken. Their gazes were cast to the source of the shrill.

They saw a sea of purple torrents surging towards the spaceship at an unusually swift speed. There were sharp shrills among the purple surging torrent.

"That is..."

"It's a Purple Marten!"

"So many, so many Purple Martens!"

"Quick, turn the direction of the spaceship."

Raging voices were heard across the spaceship.

Purple Martens were one of the scariest pack exotic beasts in Ancient Star Sea.

Purple Martens had always been hostile to human cultivators. They killed each and every human cultivator without mercy every time they saw one.

Then, there was a pack of Purple Martens before them.

"No way, it's too late."

The one who controlled the spaceship was the leader of the troop. The elderly man in a green robe, his face grew grave. He wanted to change the direction of the spaceship as fast as possible but he still couldn't change it in time.

Chapter 1345: A Fierce Battle Full with Swords and Blood

Booming!

The purple flood immediately submerged the spaceship, making resounding noises. Numerous Purple Martens were hitting the barrier of the spaceship.

The barrier almost was shaking and almost crashed

"Damn it!"

Yu Shan shouted, "All the Universe Gods of the Second Heaven should take actions to find the leader of those Purple Martens and kill it!"

Then he rushed out of the barrier.

Many Universe Gods of the Second Heaven didn't hesitate and followed him immediately.

"Luo Yu, Luo Hai!"

"Go into the cabin!"

After telling them to hide from danger, Duan Lingfeng got into the battle.

Luo Yu and Luo Hai entered into the cabin for shelter.

Bang!

A fierce battle began out of the spaceship.

Three Universe Gods in the Third Heaven and almost twenty Universe Gods in the Second Heaven fought together violently against the Purple Martens. The heavens roared.

But soon...

Bang!

Flashes of purple light burst out, breaking the three heads of the Universe Gods in the Third Heaven apart.

"What?!"

"Damn it!!"

And those fighters soon found five much larger Purple Martens rising from the purple flood.

Those Purple Martens each had three golden lines on their backs.

"Five Three-lined Purple Martens?" Yu Shan was shocked.

The more powerful the Purple Martens were, the more lines they had on their backs.

One-Lined Purple Martens were as powerful as Universe Gods in the First Heaven.

Two-Lined Purple Martens were as powerful as Universe Gods in the Second Heaven.

Three-Lined Purple Martens were as powerful as Universe Gods in the Third Heaven.

Five Three-Lined Purple Martens were able to contain five Universe Gods in the Third Heaven.

Apart from that, there were ten Two-Lined Purple Martens and numerous Three-Lined Purple Martens.

Boom!

Those Purple Martens popped up.

Twenty Universe Gods were far less powerful than much a powerful group of Purple Martens. After just a moment, the barrier of the spaceship crashed.

And all Universe Gods in the First Heaven were confronted with the rising threat.

"Watch out!"

"Come on!"

In the sounds of screaming and shouting, all Universe Gods in the First Heaven, including Jian Wushuang, carried their weapons and started to fight against the Purple Martens.

Jian Wushuang, with his eyes full of anger, beat a Purple Marten with his Blood Mountain Sword.

The Purple Marten had intended to kill Jian Wushuang, but as Jian Wushuang waved his sword toward it, it soon lost consciousness.

It was torn apart.

But Jian Wushuang didn't stop. He waved his sword toward other Purple Martens.

Another two Purple Martens died.

Jian Wushuang killed three Purple Martens all together.

But it didn't have much of an effect on the large group of Purple Martens.

At this time...

Bang!

A roar came from the spaceship cabin. Almost ten Purple Martens rushed toward it.

Other Universe Gods didn't pay much attention to it.

But Duan Lingfeng felt alarmed.

"Oh, no!"

His face distorted, and he rushed to the cabin like crazy. But he couldn't arrive in time.

He saw that Luo Yu and Luo Hai were scared.

As many as ten Purple Martens rushed to Luo Yu and Luo Hai. No Universe Gods could help them.

Hum...

At this moment, Jian Wushuang waved his sword to the spaceship, swiftly like autumn wind and leaving no trace.

Fizz! Fizz! Fizz! Fizz! Fizz!

All Purple Martens around Luo Yu and Luo Hai stopped rushing and fell down.

Swoosh!

Jian Wushuang flew to Luo Hai and Luo Yu.

"Brother Wushuang!" Luo Hai got excited when he saw Jian Wushuang.

"Stay with me, don't move around, OK?" Jian Wushuang told them.

They nodded vehemently.

Duan Lingfeng rushed to the spaceship and finally felt relieved after he saw Luo Yu and Luo Hai were safe. Then he turned around and looked at five large Three-Lined Purple Martens.

He felt furious.

"Luo Yu and Luo Hai almost died because of these monsters!"

Duan Lingfeng clenched his hands and felt a strong desire to kill those Three-Lined Purple Martens.

"Go to hell!"

A flash of blood-red light burst out from Duan Lingfeng. His figure appeared in front of a Three-Lined Purple Marten.

Then he waved his sword.

Bang!

A blood-red sword light flashed.

Silently!

And suddenly, the boundless battlefield went silent, without any sound.

"Is that it...?"

Yu Shan and other Universe Gods turned around and looked at Duan Lingfeng.

"What?"

Jian Wushuang was also attracted to the sword light.

That sword light turned everything into silence.

Yu Shan and other Universe Gods' jaws dropped.

Jian Wushuang was also shocked.

Everything in the heavens came to a standstill.

Swoosh!

The blood-red light stabbed into the Three-Lined Purple Marten.

The Three-Lined Purple Marten, which was as powerful as Universe Gods in the Third Heaven, could hardly resist, and died under the attack of Duan Lingfeng.

And Duan Lingfeng strode forward to the second Three-Lined Purple Marten.

Bang!

Another flash of blood-red sword light appeared.

And it was still silent.

Swoosh! Swoosh! Swoosh! Swoosh!

Just like this, once Duan Lingfeng strode and waved his sword, he could kill a Three-Lined Purple Marten.

Soon he had killed all the Three-Lined Purple Martens.

Five waves of his sword, five Three-Lined Purple Martens killed.

All the human cultivators couldn't believe that.

Those Two-Lined Purple Martens and Three-Lined Purple Martens roared crazily.

They felt scared that their five leaders were all killed.

They disappeared immediately from the huge purple flood.

Chapter 1346: The Real Genius!

The Purple Martens fled and the crisis was over.

On the spaceship, everyone was still in a shock and had yet to come back to reality.

They were all astonished by Duan Lingfeng's five incredible strokes.

The five strokes were too terrifying...

"Jian Wushuang, you have come across a real genius," King of Venomous Worms said in Jian Wushuang's head.

"A real genius? Duan Lingfeng?" Jian Wushuang stunned.

"It's him," King of Venomous Worms sounded rather serious, "If I didn't sense it wrongly, Dean Lingfeng should be quite badly injured. To be more accurate, he was poisoned, and that caused him to be unable to give full play to his power. Otherwise, he could have killed the five three-marked Purple Martens long ago."

"Badly injured?" Jian Wushuang was shocked.

He was badly injured, power severely hindered, but he still could kill five three-marked Purple Marten in an instant?

"Don't find it strange. Duan Lingfeng is really impressive. If he wasn't badly injured, if he didn't just pass through God's Test and his divine power wasn't just starting to transform, forget about the five three-marked Purple Marten, even in the entire Eternal Chaotic World, he could definitely be unrivaled among the countless Peak Universe Gods in the Third Heaven!"

"He has such ability!" King of Venomous Worms said.

"In the Eternal Chaotic World, among countless Peak Universe God in the Third Heaven, he could be unrivaled?" Jian Wushuang was astonished.

"He is a real genius. Even in the vast expanse of the Eternal Chaotic World, he's the top super genius. He is totally different from those geniuses you met in Snow Dojo, Snow Kingdom. Those geniuses would only be qualified to carry his shoes for him," King of Venomous Worms said.

"Of course, although Duan Lingfeng is the real genius, you're not that much weaker than him.

Jian Wushuang heard that, and there was a surge of emotions.

King of Venomous Worms was experienced and knowledgeable. For him to give such high compliments Duan Lingfeng must be really impressive.

Before everyone's shocked gaze, Duan Lingfeng retrieved his saber and came to the spaceship. He came before Luo Yu and Luo Hai.

"Yu, Hai, are you okay?" Duan Lingfeng asked.

"We're okay." Luo Yu shook her head.

"It's Brother Wushuang that saved us," Luo Hai immediately added.

Duan Lingfeng looked at Jian Wushuang.

"Thank you," Duan Lingfeng expressed his gratitude.

"Don't mention it. What's more, if it wasn't for you killing the five three-marked Purple Martens, I'm afraid no one in our troop could have escaped. It should be us who thank you," Jian Wushuang smiled.

Duan Lingfeng nodded faintly, but didn't say anything else.

The Universe Gods on the spaceship finally came back to reality and slowly recovered.

Their troop lost quite a few Universe Gods in the fight earlier and there were many that were injured.

Besides, the surrounding set up on the spaceship was broken. Yu Shan had to repair it.

When the recovery work was almost done, the spaceship continued its journey.

In the corner of the spaceship, Jian Wushuang lay alone.

Swoosh!

A wine pot was thrown directly at Jian Wushuang and he caught it with ease.

"Let's have a drink together," Duan Lingfeng took a seat. He had a wine pot in his hand too.

Jian Wushuang creased his eyebrows but he didn't refuse.

"Luckily you saved Yu and Hai in time today. Otherwise, I would be too embarrassed to see Brother Luo Yan," Duan Lingfeng said coldly.

"Brother Luo Yan?" Jian Wushuang was confused.

"Brother Luo Yan is their father. He's my best friend!" Duan Lingfeng said, "Not long ago when I was undergoing my God's Test in the Third Heaven, my enemy suddenly came to look for me. Brother Luo Yan fought alone against three Universe God in the Third Heaven fully aware that he wasn't their match in order to stop them from bothering me. In the end, I passed my God's Test but Brother Luo Yan died in my enemy's hand!"

"It can be said that I owe Brother Luo Yan my life!"

Jian Wushuang heard and secretly admired Brother Luo Yan in the story.

He knew that he wasn't the enemy's match but in order to not let them bother his best friend's God Test, he blocked the three Universe Gods in the Third Heaven forcefully until he sacrificed himself!

The friendship ran really deep!

"Before Brother Luo Yan died, he told me to send Yu and Hai back to his hometown, Imperial World. I must send them back to his hometown regardless of my life. But now..." Duan Lingfeng shook his head as he blamed himself.

If it wasn't because of Jian Wushuang, Luo Yu and Luo Hai might really be dead.

"If I'm not mistaken, you should be quite heavily injured, huh?" Jian Wushuang asked.

"You can tell?" Duan Lingfeng looked surprised.

"You must be quite badly injured and it is affecting your fighting power. Otherwise, you could have killed the few three-marked Purple Martens right at the beginning," Jian Wushuang said.

“True,” Duan Lingfeng nodded, “I am poisoned by my enemy and I can’t use too much of my power. I killed the few three-marked Purple Martens at the risk of poison spreading to my heart.”

“Is that so?” Jian Wushuang was shocked and said, “What kind of poison is that? I might have a way to cure it for you.”

Speaking of antidotes, Jian Wushuang was an expert on them.

“It’s okay,” Duan Lingfeng shook his head, “I have kept the poison under control. Give me some time. In less than a hundred years, I will be able to clear the poison.”

“If so, why didn’t you clear the poison first before you come to Ancient Star Sea?” Jian Wushuang was confused.

Ancient Star Sea, just how dangerous was it?

He had yet to recover to his peak and he had brought two Universe Masters to Ancient Star Sea.

Isn’t this too risky?

“I have no choice because my enemy is coming after me. I have to leave immediately,” Duan Lingfeng said.

“Oh, I see,” Jian Wushuang understood.

“Jian Wushuang.”

Duan Lingfeng suddenly looked over as he also knew Jian Wushuang’s name.

“I saw you killing ten over Purple Martens with one stroke. You are quite strong,” Duan Lingfeng said.

“I’m not up to your par,” Jian Wushuang smiled.

“If I’m not mistaken, the reason why you want to go through the Ancient Star Sea is to head to the legendary Ten Cultivation Sanctuaries, right?” Duan Lingfeng asked.

“Yes,” Jian Wushuang nodded.

“The Ten Cultivation Sanctuaries...” There was a spark that appeared in Duan Lingfeng’s eyes, “The legend says that there are countless geniuses and experts. It’s a pity that I still have tasks on hand. Otherwise, I’d go there too. I’d like to see what sort of monsters there are in the Ten Cultivation Sanctuaries!”

Chapter 1347: A Formidable Enemy!

Duan Lingfeng and Jian Wushuang talked for a long time in the spaceship.

Jian Wushuang felt happy to be exchanging ideas with Duan Lingfeng, a real genius.

And it was also a pleasure for Duan Lingfeng to make friends with Jian Wushuang.

The spaceship kept traveling through the Ancient Star Sea.

The Ancient Star Sea was full of dangers, in which there were beasts much more scary and violent than the Purple Martens Jian Wushuang's team had met.

But the team was powerful enough, especially with the top talent, Duan Lingfeng, to tackle any problems or dangers.

The forty years passed quickly.

Jian Wushuang's team finally arrived at the verge of the Ancient Star Sea.

"We are already at the verge of the Ancient Star Sea. I guess we can leave here within one month!

"Finally. I have been feeling nervous along the way."

"We are all terrified!"

"We couldn't survive without Duan Lingfeng being here."

Everyone was talking happily.

After all, they thought they could get free of the anxiety and fear that they had been feeling all day and all night in the past forty years.

However, they didn't realize that at the peak of the mountain that they were heading for, a black-robed man felt them coming and opened his eyes.

The black-robed man said, "I feel a calling, a very strong calling."

"Who is giving me that calling?"

The black-robed man stood up and looked around.

He looked in the direction from which the spaceship came and went into ecstasy.

"It's my prey!"

"A very delicious prey for which I have a crazily strong desire!"

"I could have a feast today!"

Then the black-robed man transformed into a spirit and flew toward the spaceship.

"Come on, my prey!"

"I am coming!"

...

And passengers in the spaceship had no idea of what was happening.

Jian Wushuang was sitting on the deck of the spaceship with a flagon beside him, watching a young talent practicing swordsmanship.

The young talent was Luo Hai, who had grown up.

Within forty years, the gifted Luo Hai had improved his swordsmanship a lot by studying in the Ancient Star Sea and also with the help of elixirs given to him by Jian Wushuang and Duan Lingfeng.

Shoo!

Luo Hai waved his sword, producing a dazzling light.

Soon Luo Hai stopped his exercises and the light disappeared.

“Brother Wushuang, what do you think of the swordsmanship I have created?” Luo Hai asked Jian Wushuang.

Jian Wushuang said, “Not bad. As you have already created your own Sword Principle, you can develop your swordsmanship based on it so that you can unleash the potential power of your Sword Principle.”

“Thank you, brother Wushuang. Can I follow you as your disciple? I have really improved a lot with your help!”

“My disciple?”

Luo Yu and Duan Lingfeng also looked at them.

Jian Wushuang shook his head, smiling, “I am not qualified actually.”

Luo Hai was a little disappointed, but he didn’t continue the conversation.

Bang!

Suddenly, a very strong consciousness attack hit every one in the spaceship.

Jian Wushuang and Duan Lingfeng frowned.

Other Universe Gods also felt alarmed and looked in the direction of the attack.

Shoo!

A black-robed man appeared at the front of the deck and intercepted the spaceship.

Everyone in the crowd was now looking at the man through the barrier.

“Only a man?”

“He comes here alone intending to intercept us?”

“He seems to be powerful...”

Everyone in the crowd was discussing it.

The team leader in the spaceship, Yu Shan, asked politely, “Is there anything that we could help you with?”

Yu Shan felt that the man was at least at the level of Universe Gods in the Third Heaven.

“Haha!”

The black-robed man didn't pay much attention to Yu Shan but stared at only one man on the spaceship while wearing a cunning and vicious smile.

He was looking at Jian Wushuang!

"You are my prey now!"

The black-robed man murmured, licking his lips.

He was extremely excited.

His face turned red and his eyes were full of craziness.

"What wonderful prey you are!"

"That blood of his smells so good!"

The black-robed man's voice was heard by members on the spaceship.

They frowned, feeling the coming danger.

Jian Wushuang was also alarmed.

He had already felt the craziness in the man's eyes.

Obviously, the black-robed man was coming for him.

King of Venomous Worms said to Jian Wushuang, "You are in danger now. I think that man is from the Sky-devouring Clan.

"Sky-devouring Clan!" Jian Wushuang was reminded immediately of two Sky-devouring Clan descendants he met in his hometown of the Green Fire World.

They Patriarch of Empyrean Glory and his son Emperor Yan!

He had heard from King of Venomous Worms about the Sky-devouring Clan.

Chapter 1348: Duan Lingfeng's Choice

"Sky-devouring Clan... It's one of the top clans in Eternal Chaotic World. They feed on exotic beasts' blood. They are overbearing with almost no natural enemy!"

"Plus, a pure Sky-devouring Clan is born with natural senses towards certain blood lineages. I reckon the Sky Devourer before you could sense your Ancient God blood flowing in you. That's why he rushed over."

"The Royal Ancient God blood is extremely attractive for the Sky-devouring Clan. Hence, he wants to kill you now and consume your Ancient God blood!" King of Venomous Worms said in a serious voice.

Jian Wushuang squinted his eyes and he saw madness and greed in the eyes of the man in black robe.

On the spaceship, Yu Shan saw that the man in the black robe didn't respond for so long, he bellowed, "Mister, if you do not move aside, please do not blame me for not being polite."

“Impolite? Hehe. I’d like to see how impolite you can be.”

The man in the black robe laughed maliciously. At the same time, there was a terrifying power erupting from his body. The strong aura exceeded the scope of an ordinary Universe God in the Third Heaven. It was almost at the level of a Peak Universe God in the Third Heaven.

“Peak Universe God in the Third Heaven?”

Every cultivator on the spaceship gasped simultaneously.

Jian Wushuang’s face grew grave.

In the ranking of Universe Gods, every level makes a huge difference. An ordinary Universe God in the Third Heaven and a Peak Universe God in the Third Heaven was two entirely different concepts.

Plus, the man in the black robe before him was a member of the Sky-devouring Clan. With the power of his blood lineage, he was definitely a scary one among Peak Universe God in the Third Heaven.

Jian Wushuang reckoned that the man in black robe was much scarier compared to the Universe God in the Third Heaven from Snow Dojo, Chen Feng. Although there was some difference, it wouldn’t be too far off.

Such an expert, Jian Wushuang wouldn’t be able to deal with in his current state.

Even though they were in this troop, even though there was an expert like Duan Lingfeng, they might not be able to win against an expert at such level.

“Hehe, human cultivator,” the man in the black robe smiled maliciously and his voice spread, “I am only interested in one of you. Hand over that person to me and the rest of you can leave.”

“He only wants one person?”

“He’s not interested in us?”

“Would one of us be his enemy? He chased us all the way here?”

It stirred a commotion on the spaceship.

Yu Shan took a deep breath and asked, “I wonder who you are looking for?”

“It’s him,” the man in black robe pointed from afar.

Everyone looked at the direction the man in black robe was pointing at and saw Jian Wushuang.

“It’s Jian Wushuang!”

“It’s him?”

“The Universe God in the Third Heaven came for him!”

The Universe Gods looked at Jian Wushuang under a different light.

“Brother Wushuang,” Luo Hai and Luo Yu looked worried.

As the leader of the troop, Yu Shan looked at Jian Wushuang for a very long time until he said in a cold voice, "Jian Wushuang, I'm sorry, please leave the spaceship."

Everyone's gaze turned cold.

At such a crucial moment, everyone seemed to have made a decision.

Give him Jian Wushuang!

"Fickleness of human nature," Jian Wushuang saw and laughed at himself but wasn't surprised.

In the Eternal Chaotic World, it was extremely cruel and cold.

Previously, when Jian Wushuang revealed his decent fighting power, the troop of Universe Gods accepted him delightedly.

However, when a strong enemy came and made clear that he wanted Jian Wushuang, the Universe Gods gave him up without hesitation in order to protect themselves.

After all, they didn't build any relationship with Jian Wushuang. They were merely a troop that was temporarily formed in order to pass through Ancient Star Sea.

It was only normal that the Universe Gods wasn't willing to risk their lives to save Jian Wushuang.

Jian Wushuang didn't bother to blame them.

Then, Jian Wushuang slowly walked towards the exit of the spaceship.

Just as he walked, he quickly communicated with the King of Venomous Worms, "King of Venomous Worms, you told me previously that there were many kinds in Sky-devouring Clan. Patriarch of Empyrean Glory who I met back then was a Sky Devourer Bat. Hence, he's good at speed. This Sky Devourer I meet now might be powerful but might not be good at speed?"

"Maybe," King of Venomous Worms replied.

"In other words, with my current power, once I leave the spaceship, I put full play to all my trump cards and start running, I should stand a chance to escape," Jian Wushuang was extremely calm.

"If it was any other place, it would be almost impossible. However, in the Ancient Star Sea, there's hope," King of Venomous Worms said solemnly.

"That's great!" Jian Wushuang held his fists tight and there was hope in his eyes.

"Jian Wushuang," there was a voice suddenly.

"Huh?" Jian Wushuang turned around.

After Duan Lingfeng reassured Luo Yu and Luo Hai, he walked ahead slowly and said, "I'm coming with you."

"You're coming with me?" Jian Wushuang was shocked.

Although he had drunk with Duan Lingfeng before, they couldn't be considered best friends. He could actually treat him like any other person.

“You saved Yu and Hai previously. Now, I’m going to save you. Then, we are even,” Duan Lingfeng looked cold, “Let me take care of the person outside!”

Jian Wushuang was stunned.

Every Universe God on the spaceship looked at Duan Lingfeng in shock.

“Are you confident you can take care of him?” Jian Wushuang couldn’t help but ask.

Duan Lingfeng was very strong, but the poison in him had yet to clear and his fighting power had yet to recover to its peak. On top of that, his diving power started transforming not long ago. The man in the black robe was an actually a Peak Universe God in the Third Heaven, and he was a Sky Devourer!

Could Duan Lingfeng fight against him?

Duan Lingfeng’s voice was cold and he simply said, “Let’s give it a try.”

“Yu, Hai, stay on the spaceship.”

Just as Duan Lingfeng spoke, he plundered out from the spaceship.

Jian Wushuang’s facial expression changed and he left the spaceship.

Looking at Jian Wushuang leaving the spaceship, the man in the black robe beamed with joy.

“Haha, here he comes. My prey is coming!” The youth in the black robe was in total madness and his body moved towards Jian Wushuang.

Humph!”

Duan Lingfeng humped and took a huge stride. The saber behind him was suddenly out of its scabbard too.

Buzz!

A crimson sword light suddenly swung out.

The exact same technique as when he killed the five three-marked Purple Martens but the only difference was that the manner of the stroke was much stronger!

The crimson sword light plunged towards the youth in the black robe.

“Which idiot is this? I have no time to play with you. F*ck off.”

The youth in the black robe didn’t bother with Duan Lingfeng but waved his hand and let his divine power flow out.

Chapter 1349: Amazing Duan Lingfeng

The vicious man in a black robe had obviously underestimated how powerful Duan Lingfeng was.

Shoo!

Duan Lingfeng waved his sword, cutting half of the palm of the black-robe man. Then Duan Lingfeng continued his attack, intending to cut the man's head.

"Damn it!"

The black-robed man quickly jumped away and avoided another attack after his palm was cut.

He looked at his wounded palm and frowned.

And Duan Lingfeng held his sword and stood in the heavens.

"Idiot!"

Duan Lingfeng, "You would die now if I recovered my full strength."

The black-robed man felt nervous when hearing those words.

Jian Wushuang was also shocked by Duan Lingfeng's power.

Jian Wushuang had heard about Duan Lingfeng's incomparable power. If Duan Lingfeng could recover his full strength and totally unleash his soul power, he would be invincible among the Universe Gods in the Third Heaven.

Now he had just sixty percent of his power.

But despite that, Duan Ling cut half of a palm of one man from Sky-devouring Clan.

The black-robed man said, "So...Before I eat Jian Wushuang, I had better clear all of the obstacles in the way." He smirked and immediately recovered his palm, leaving no scars at all. Then after a second of simmering, his power skyrocketed and his figure enlarged and covered Duan Lingfeng.

But Duan Lingfeng was indifferent.

He strode forward.

"The seventh skill."

Duan Lingfeng waved his sword again.

The sword attack was still done briefly and silently.

Bang!

But Duan Lingfeng was hit by the black-robed man's power and he had to jump backwards.

The black-robed man laughed, "Your skills are just...mediocre. Nothing to me."

After being attacked, the robed man kept focus and exercised his real power.

His one hundred percent power.

But Duan Lingfeng was still calm. His eyes sent out an appalling light.

"Come on!" Duan Lingfeng shouted.

“The eighth skill.”

Duan Lingfeng waved his sword again.

Another blood sword light.

The heavens darkened..

Two opponents rushed toward each other.

Bang!

The heavens blared again.

Their figures collided violently with each other and they both jumped backward.

Duan Lingfeng now felt a strong sense of excitement.

A feeling of aggressiveness rose within his body.

“Not bad.” The black-robed man said.

“You are better than other Universe Gods in the Third Heaven that I have met.”

“So...take my next attack!”

“The ninth skill!”

Duan Lingfeng shouted resoundingly.

Then, within a second, Duan Lingfeng waved his sword again and accumulated an unimaginable power.

“Another one?” The black-robed man was shocked and he didn’t underestimate Duan Lingfeng anymore.

He felt that although Duan Lingfeng’s breath hadn’t recovered, he still had incomparable power.

And the last two attacks were more powerful than the previous ones.

Shoo!

Another blood light.

The whole heaven was silent.

A dead silence.

The black-robed man experienced a rising force within his body. His power and figure exploded, and he turned back into his original shape.

His original shape looked like a giant gorilla, scary and savage.

After turning into his frightful original shape, he rushed to Duan Lingfeng with all of his power.

Bang!

However, the black-robed man was hit back by the collision with Duan Lingfeng

Now the black-robed man was at a disadvantageous position.

But Duan Lingfeng was still standing stably in his original place.

“Wow!”

Looking at Duan Lingfeng, Jian Wushuang was impressed and even shocked.

King of Venomous Worms said to Jian Wushuang, “I have told you that Duan Lingfeng’s power is at a further level than you might imagine.”

“What level?” Jian Wushuang didn’t understand.

But he knew that he himself was still far from that level.

Bang!

The black-robed man got furious and impatient.

His original shape continued to grow, while his power and breath kept rising.

He generated an appalling evil spirit, creating an evil storm in the heavens.

Jian Wushuang felt more pressure from the black-robed man.

“The black-robed man is by no means an ordinary Sky-devouring Clan descendant. His secret skills are also powerful.”

King of Venomous Worms said, “Although Duan Lingfeng was powerful, he hasn’t recovered to his full strength and the black-robed man now has an edge over him in terms of soul power. Duan Lingfeng is also enduring the poison in his body. Jian Wushuang, you should give him a hand or he may be defeated.”

After hearing that, Jian Wushuang asked King of Venomous Worms, “The Sky-devouring Clan descendants aren’t good at consciousness attacks, right?”

“Yes. They accumulated power by eating Exotic Beasts instead of cultivating. As such, they are not so good at consciousness attacks.”

“However, the black-robed man is a Peak Universe God of the Third Heaven. Ordinary consciousness attacks are nothing to him. Jian Wushuang, though your soul power is more powerful than your peers at the same level, I don’t think it’s realistic for you to attack the black-robed man with a Soul Attack!”

Chapter 1350: Exterminate!

“Unrealistic?”

Jian Wushuang smiled faintly, “I never expected to kill him with my Soul Attack. I only wanted to catch him by surprise in order to create an opportunity for Duan Lingfeng. This is unrealistic?”

“Create an opportunity?” King of Venomous King was shocked, “If it was merely to merely create an opportunity, it might work!”

“If so, I shall give it a try. I happen to have yet to put the secret skill of Tian Yuan to play. Today, let’s try the power of the secret skill on this Sky Devourer.”

“However, with my current Soul Power, I can only pull off the secret skill of Tian Yuan once. If I were to create an opportunity for Duan Lingfeng with the secret skill, I could only run for my life after he was killed or severely injured.”

“In other words, I only have one chance!”

Jian Wushuang held his fists tight as his gaze grew solemn.

Then Jian Wushuang sent a message to Duan Lingfeng.

“Duan Lingfeng, I will create an opportunity for you. It will be rather short and it will pass almost instantly. You must grab this opportunity.” Jian Wushuang sent a short message.

Duan Lingfeng received the message as he was fighting against the man in the black robe. He looked at Jian Wushuang in shock.

Jian Wushuang was just a Universe God in the First Heaven after all.

He was able to create an opportunity for him.

Jian Wushuang didn’t explain further but started taking various measures.

Vroom!

A terrifying crimson flame erupted from Jian Wushuang.

The crimson flame formed a huge fire sea and filled the entire universe. Jian Wushuang was right at the core of the fire sea, as though he was the king in the fire sea.

The secret skill of Scarlet Kingdom was performed straightaway.

At the same time, the power of Stars within his body was triggered entirely!

If Scarlet Kingdom could merely increase the speed of Jian Wushuang’s attack, then the secret skill of Star... As the scariest and the most fundamental secret skill for Lineage of Star, not only can the secret skill of stars increase Jian Wushuang’s power by ten-fold in a short period of time, it could even enhance his Soul Attack by ten-fold.

Vroom vroom vroom.

Jian Wushuang’s Soul Power was burning insanely with an enormous amount of Soul Power surging. His eyes turned cold as he stared at the two of them who were fighting before him.

The very next moment, his body suddenly charged forward.

The man in the black robe revealed his terrifying fighting power and he was fighting against Duan Lingfeng face-to-face ferociously.

During the fight, the man in the black robe had been keeping an eye on Jian Wushuang at the same time. After all, his target, his prey was Jian Wushuang. He naturally couldn't let Jian Wushuang run away.

When Jian Wushuang charged forward, the man in the black robe noticed at the very moment.

"Asking for it!"

The man in the black robe immediately turned and charged towards Jian Wushuang.

Jian Wushuang looked cold, but there was an absolute calmness in his faint gold eyes.

Blood Mountain Sword was in his hand when the man in the black robe turned to charge at him. Jian Wushuang wielded the sword subconsciously.

He looked like he wielded the sword and he really did swing out sword light. But in actual fact, it was just a cover-up to mislead his opponent. The true move lay in the Soul Power that Jian Wushuang transferred, with which he performed the secret skill of Tian Yuan!

"The first level of secret skill of Tian Yuan, Inextinguishable Light!"

Swoosh!

A bunch of light that was transformed solely by Soul Power and was sent out in silence.

Under the cover of the sword light, no one noticed.

Everyone on the scene, regardless if it was the man in the black robe, Duan Lingfeng, or even the Universe Gods on the spaceship afar, no one noticed the existence of the light bunch.

The light bunch was hidden among the sword light and charged towards the body of the man in the black robe.

The man in the black robe glared at Jian Wushuang with madness. When he saw the sword light that Jian Wushuang sent out, he looked at it in disdain.

"It is futile!"

Along with the loud thud and soaring fierceness, the man in the black robe laughed maliciously. He held his fist and smashed it over ferociously.

Hong!

The sword light that Jian Wushuang swung out shattered while part of the impact of the terrifying power from the punch landed on Jian Wushuang's body.

"Poof!"

Jian Wushuang immediately spat a mouthful of blood. His face grew pale in that instant. However, it was merely part of the power. So, it was sufficient to kill him.

“Luckily, I am only affected by parts of the power. If I were to take a punch directly, even though my divine body was strong, I wouldn’t be able to take it. I would definitely die!” Jian Wushuang’s gaze was cold as he glared at the man in black robe, “If I am severely injured, don’t you think you’ll be okay.”

Jian Wushuang saw the Inextinguishable Light immersing in the man in the black robe’s body under the concealment of his sword light.

The man in black robe didn’t notice the Soul Attack previously. When the Inextinguishable Light entered his body, he finally reacted.

“This is...?” The man in black robe contracted his pupils.

After the light bunch entered his body, it suddenly formed a huge Soul thorn and attacked his consciousness.

Although he was a Peak Universe God in Third Heaven, the strength of consciousness was merely at the level of a Universe God in the Third Heaven. Plus, he wasn’t under any prevention, the Soul Attack with the secret skill of Stars and Tian Yuan that Jian Wushuang performed gave him a direct hit. Suddenly...

“Ah!”

The man in the black robe groaned in pain and he sounded hysterical. His eyes were bloodshot red as he hugged his head and shook insanely.

Looking at the sight, Jian Wushuang quickly shouted, “Duan Lingfeng, right now. Do it now!”

Behind the man in the black robe, Duan Lingfeng acted swiftly when he noticed the transformation. He seized the opportunity and took action.

“The tenth!”

Another crimson blade light descended.

In the dark universe, there was only the crimson blade light that lit up the world.

Everyone was uncontrollably attracted to the crimson blade light.

The tenth!

When Duan Lingfeng was fighting with the man in the black robe earlier, he had only played till the ninth. Then, the tenth was Duan Lingfeng’s real strongest stroke.

That stroke shocked Jian Wushuang entirely.

The blade light appeared behind the man in the black robe like lightning. The man in the black robe noticed the light and he forcefully resisted the pain his consciousness was feeling and wanted to block the attack.

However, under the sharp pain in his consciousness, it was extremely tough for him to manipulate his divine power. He could barely lift his head but in the end... The blade light swept past his palm brutally and over his neck. His head flew off just like that.

...
