

Swordsman 1361

Chapter 1361: A Fierce Fight

“Come on!”

The Universe God called Luo Xu started the attack.

He was confident, believing that he was as powerful as Jian Wushuang.

However...

Jian Wushuang's Blood Mountain Sword transformed into a bright flash of light and went through the throat of Luo Xu. A horrible Soul Power exploded from the sword, tearing Luo Xu apart. Luo Xu's eyes were wide open, but soon became lifeless.

“Killing with only one sword attack?”

Everyone from both the Thunder Fire Sect and the White Flame Palace couldn't believe what they had seen.

Luo Xu died in the first round of the battle with Jian Wushuang.

Lei Chao was still calm and called the next Universe God.

“Next, Xu Meng.”

Xu Meng went out and looked at Jian Wushuang aggressively.

As the Universe God in the Second Heaven, Xu Meng was much powerful than Luo Xu.

So Xu Mang was supposed to defeat Jian Wushuang.

However...

Shoo...

Jian Wushuang waved his sword, which sent out a freezing cold light to surround Xu Meng and kill him.

“Also with one attack?”

Everyone from both the Thunder Fire Sect and the White Flame Palace was speechless.

Lei Chao felt satisfied and nodded, and he continued to call the next person.

After pausing for a while, he pronounced a name.

“Chen Bin!”

Other Universe Gods started a heated discussion.

A youth came out from the group of the White Flame Palace.

“Chen Bin is the top guy amongst the Universe Gods in the Second Heaven! It is said that he fought against a Universe God in the Third Heaven and wasn’t defeated! What if Chen Bin kills Jian Wushuang?” Someone from the Thunder Fire Sect commented.

“Impossible. I know Lei Chao. He is at the top of the Real God List, and he is able to kill a group of Real Gods. So he would not even allow a Real God to kill that Universe God in the First Heaven, let alone only a Universe God in the Second Heaven.” The master of the Thunder Fire Sect said.

But he was also shocked that Jian Wushuang was going to fight with a Universe God in the Second Heaven.

Now the sect master fully understood why Lei Chao was confident enough to go to the White Flame Palace.

By himself, Lei Chao could ruin the whole White Flame Palace.

In the heaven, Chen Bin came to Jian Wushuang with a long purple sword, sending out a scary power.

Jian Wushuang could feel that the pressure brought by Chen Bin was much stronger than the previous two talents.

“Watch out, I am different from them.” Chen Bin said coldly.

“Come on.” Jian Wushuang held his Blood Mountain Sword tightly.

Bang!

Chen Bin unleashed his strong power. His breath transformed into a giant purple exotic beast, rising from Chen Bin. Chen Bin hurled out his sword, producing a resounding cracking sound.

Bang! Bang! Bang! Bang!

Several attacks came at Jian Wushuang and surrounded him.

“A very fast attack!” Jian Wushuang was surprised.

He generated his Divine Power and waved his sword whilst combining it with the Ancient God Power.

Boom! Boom! Boom!

Several resounding booms exploded.

“Purple Thunder!”

Chen Bin started to generate another skill.

A giant shadow of an exotic purple beast appeared behind Chen Bin.

The beast opened its giant mouth. Its roar shook the whole heaven and formed a horrible force rushing toward Jian Wushuang. Jian Wushuang shivered under the powerful attack and couldn’t open his eyes.

Shoo!

The flash of purple light stabbed into Jian Wushuang’s heart.

Although Jian Wushuang didn't open his eyes, he managed to defend himself with his Soul Power against the attack of the purple light. He stepped back further and adjusted his position.

"I have said that I am different from the precious ones." As Chen Bin spoke, he generated power in the purple sword in his hand.

The horrible power gradually dispersed.

Jian Wushuang was undergoing high pressure from Chen Bin, "Although my Soul Power is better than Chen Bin's, from which I could defend myself, he has many more powerful unique skills than I have!"

And immediately, Chen exercised another attack.

Boom!

Chen Bin's horrible Divine Power tore a hole in the heavens and the power rushed towards Jian Wushuang.

Then, several attacks came suddenly.

A purple tornado rose up. Though its power had yet to explode, its formidable strength had already shocked many Universe Gods in the Second Heaven.

"Rank three unique skill?"

"He's even using an advanced rank three unique skill?!"

Jian Wushuang was amazed.

It was so amazing that a Universe God in the Second Heaven could generate an advanced rank one unique skill. Jian Wushuang now could only generate a peak rank second unique skill, far behind this top genius from the White Flame Palace.

"Though I am not as good at unique skills, I can make up for it with secret skills!" Jian Wushuang started to generate a golden light, igniting a blood-red fire.

The fire spread and formed a vast, blood-red sea.

At the same time, Jian Wushuang took out his Blaze Quicksand Gourd, from which floods of sand gushed out and rushed to Chen Bin.

"Blaze Quicksand?"

Even the used-to-be-indifferent Lei Chao was surprised by Jian Wushuang's secret skills.

"The Dragon Roar!"

Jian Wushuang generated another secret skill!

Boom!

With a startling roar, the power of Jian Wushuang's sword skyrocketed.

The Dragon Roar, one of the three Peak Rank Second Secret Skills, was the one which had the feature of being able to generate power.

Chapter 1362: Revealed!

Bang!

A vigorous rumble echoed across the void. After the rumble, there was a figure that retreated rapidly. The figure constantly flipped as it retreated and finally calmed down.

“So strong!”

Jian Wushuang wiped off the blood stain at the corner of his lips as he spoke the compliment.

He performed a Dragon Roar with his all but it was suppressed by Chen Bin directly.

“He is so much stronger than I in unique skill. I would not be his match if I were to fight head on. I can only play that trick.”

Jian Wushuang’s face grew solemn as he oppressed the churning energy and blood in his body. The very next moment, he suddenly exploded and the Blood Mountain Sword in his hand suddenly shook vigorously.

“Blood!”

The long sword swept out as it revealed its earth-shaking power, and a soaring Soul Power exploded.

“Useless!”

Chen Bin’s gaze turned cold as he suddenly turned the purple long spear in his hand and let loose.

Rumble. A simple action that caused another explosion of earth-shattering power in an instant. It was an advanced rank three unique skill again.

When the two collided...

“Poof!”

Jian Wushuang spat a mouthful of blood and his face turned pale while he retreated.

As for Chen Bin, he easily collapsed Jian Wushuang’s Sword Principle, but the fierce Soul Attack in the Sword Principle caught him off guard.

However, Chen Bin was a genius at the end of the day. He had created an advanced rank three unique skill and his consciousness wasn’t weak either. He could compare favorably with an advanced Universe God in the Third Heaven. Although he was surprised by the hit of Jian Wushuang’s Soul Attack, it merely turned his face pale for a while before he recovered.

Jian Wushuang couldn’t help but smile bitterly.

“He deserves to be called the top genius in White Flame Palace. Even his consciousness is that fierce. Even if I perform the secret skill of Tian Yuan with my all, I might not be able to kill him. I could only severely damage him at most,” Jian Wushuang thought to himself.

In the void above, Lei Chao who was hanging in the air quietly suddenly contracted his pupils.

“Just now, that was a consciousness attack?”

“No, it’s not consciousness, but...”

There was a flash in Lei Chao eyes and he resumed normalcy very quickly.

Swoosh!

Lei Chao appeared in the middle of the battlefield. He stole a glance at Chen Bin and said, “You saved yourself and also White Flame Palace.”

Chen Bin was stunned.

Lei Chao then looked towards Thunder Fire Sect Master, “the danger of Thunder Fire Sect has been resolved. I shall make a move.”

“Jian Wushuang, let’s go!”

“Yes.”

Jian Wushuang nodded. Without waiting for anyone’s response, the two of them made a move immediately.

...

After leaving Thunder Fire Sect, Lei Chao and Jian Wushuang moved forward. Soon, Lei Chao stopped on a remote mountain.

“Jian Wushuang,” Lei Chao looked at Jian Wushuang and asked, “Where did you get your Blood-killing Plate Armor?”

Jian Wushuang was stunned.

He had obtained the Blood-killing Plate Armor long ago but it was the first time someone had recognized it.

However, Jian Wushuang didn’t find it strange. After all, a top expert like Lei Chao was definitely knowledgeable and experienced. When he was fighting with Chen Bin, Lei Chao could recognize Blood-killing Plate Armor the moment it revealed its power.

Jian Wushuang immediately replied, “I obtained the Blood-killing Plate Armor from a Universe Master in my hometown.”

“Universe Master?” Lei Chao creased his eyebrows.

“Back then, the power that he revealed was merely Universe Master level. However, it might be because his fighting power was damaged,” Jian Wushuang said, “His name was Dao Yuanzi. He should be an

expert from the Eternal Chaotic World. I don't know why he came to my hometown and set up the great formation. The formation should be called the Life-devouring Formation. He wanted to refine all the living times in my hometown with it."

"But I killed him in the end. So all his treasure fell into my hands, including this Blood-killing Plate Armor."

Jian Wushuang was telling the truth and Lei Chao nodded without suspicion.

"It's great that you got the treasure from killing him. You can continue to use Blood-killing Plate Armor but remember, don't get involved with Holocaust Sect. Otherwise, you are making yourself an enemy with all the cultivators in the Ten Cultivation Sanctuaries and the Eternal Chaotic World!" Lei Chao exhorted.

Jian Wushuang shook when he heard that.

He found out from King of Venomous Worms that the Holocaust Sect was hated by everyone in Eternal Chaotic World.

But he never thought that the experts in the Eternal Chaotic World would hate Holocaust Sect that much.

Anything that was related to the Holocaust Sect would cause one to become the other cultivators' enemy.

"Tsk ts," Jian Wushuang pursed his lips and complimented.

"One more thing," Lei Chao looked at Jian Wushuang.

"Inverse Cultivation!" Lei Chao said lightly.

The moment Jian Wushuang heard the two words, his face tremendously changed and there was surge of emotions in him.

"Why? You find it strange that I can tell you're an inverse cultivator?" Lei Chao said coldly.

"Yes," Jian Wushuang nodded subconsciously.

He was really shocked.

Because ever since he had started inverse cultivation, including the time he wandered in Eternal Chaotic World, it was the first time someone pointed out his identity as an inverse cultivator.

Of course, in Tian Yuan Mystery Land, the expert who gave him the secret skill of Tian Yuan would be able to tell his identity as an inverse cultivator. However, the expert didn't reveal himself.

Then, Lei Chao talked to him face to face. Of course, Jian Wushuang was surprised.

"Not just me. In the Ten Cultivation Sanctuaries, whoever studies Souls and knows a bit about Souls, such as experts who lit their Soul Power or prepared to light their Soul Power, could tell that it was a Soul Attack when you fought with Chen Bin earlier!" Lei Chao said.

Jian Wushuang shook.

What Lei Chao said revealed that he had studied a little about the Soul.

“You, a Universe God in the First Heaven, know a Soul Attack? Plus, your divine power is far beyond a Universe God in the First Heaven. How could an ordinary cultivator do that? Only an inverse cultivator which is rare in the Eternal Chaotic World, an existence which could light up the Soul Power during a Universe Master state could do that. Hence, I am sure that you are an inverse cultivator!” Lei Chao said faintly.

Jian Wushuang couldn’t help but smile bitterly.

He had been trying very hard to hide his identity as an inverse cultivator. Back then, in Dayu World, because he passed through the Inverse Cultivation Test, he had had no choice but the Master of Dayu Palace and Wu Cang recognized his identity as an inverse cultivator. However, he didn’t proactively tell anyone before.

However, he never expected that there were so many people who could recognize his identity as an inverse cultivator with the aid of his Soul within the Ten Cultivation Sanctuaries.

“Inverse Cultivation is very rare. Especially rare for those who could pass through Inverse Cultivation Test. Almost one in hundreds of millions of years.”

Lei Chao continued.

Chapter 1363: The Galaxy

“In the millions of years since our creator founded the Lineage of Star, we have embraced numerous genius disciples, but we’ve never received anyone practicing Inverse Cultivation.” Lei Chao said.

“So you are the first one!”

“Now you have just passed the first round of the Inverse Cultivation Test. After passing the second and the third, you will definitely make extraordinary achievements.”

Lei Chao knew about Jian Wushuang’s potential.

After Jian Wushuang passed the Inverse Cultivation Test, he would become a top almighty in the Eternal Chaotic World, much more powerful than Lei Chao.

“Does anyone in the Ten Cultivation Sanctuaries know that you are practicing for the Inverse Cultivation Test?” Lei Chao asked.

“No.”

“OK, that’s good.” Lei Chao smiled, which was a rare occurrence.

“Keep it a secret from others.” Lei Chao said, “Let’s go to the Lineage of Star and I will report to our master about the Inverse Cultivation. He will make decisions.”

Jian Wushuang nodded.

So they set out.

They headed for the Lineage of Star as quickly as possible.

In order to save time on the journey from the East Royal Sanctuary to the Purple Moon Sanctuary, they were going to use a wormhole.

Wormholes were only owned by powerful sects and tribes in the East Royal Sanctuary. Many tribes couldn't even afford it.

But it didn't worry Lei Chao.

By wormhole they soon arrived at the Purple Moon Sanctuary.

The Purple Moon Sanctuary was different from the East Royal Sanctuary.

The East Royal Sanctuary owned as many as six pieces of land, each of which was home to countless talents.

The Purple Moon Sanctuary, however, only had four pieces of land. But each land was far vaster than those in the East Royal Sanctuary and the number of talents was higher.

Among the four pieces of land, one was called the Star Land.

The Star Land was home to the Lineage of Star.

Jian Wushuang was impressed when he heard about the Star Land.

Everything in the Star Land was named with "Star", which showed the dominating power that the Lineage of Star had.

And indeed, the dominant group in the Star Land was the Lineage of Star.

"How powerful this lineage is!" Jian Wushuang was amazed.

"After all, the creator of the Lineage of Star was at the top amongst the almighty in the Eternal Chaotic World. The best of the best. Although King Luo Zhen is among the almighties, he is far less powerful than the creator of the Lineage of Star."

"King of Venomous Worms added, "Moreover, it was King of Venomous Worms alone that united the Star Land. So you can imagine how powerful he is."

Jian Wushuang felt stunned.

Soon he had arrived at the base of the Lineage of Star with Lei Chao.

It was a vast galaxy.

The galaxy was stunning and filled with numerous shining stars.

"We are in the base of the Lineage of Star?"

Jian Wushuang was amazed by the glamorous galaxy.

How powerful could the Lineage of Star be to occupy such a vast galaxy?

"I heard about this galaxy during the time I followed King Luo Zhen. The creator of the Lineage of Star discovered the galaxy when he travelled to the Eternal Chaotic World and transformed the galaxy and moved it to the Star Land. Now it's said that the secret sect skills of the Lineage of Star are combined with the galaxy." King of Venomous Worms said.

"Wonderful!" Jian Wushuang exclaimed.

"Let's go." Lei Chao said.

Jian Wushuang followed Lei Chao and went into the vast galaxy.

As Jian Wushuang entered the galaxy, he felt the power explode.

He was surprised and he asked Lei Chao, "I can feel the unlimited strong Divine Power here! Can I absorb this power?"

Lei Chao said, "Of course. We are now in a Divine Power Sea unique to the galaxy. The Divine Power will never be depleted here and you could refill your power here anytime."

"So amazing..." Jian Wushuang said.

"Its power is more than that." Lei Chao pointed in one direction.

Jian Wushuang then looked in that direction.

In the galaxy, a three-meter-tall exotic beast near them seemed to be playing.

"What is that?"

"It is one of the exotic beasts born with power generated by the galaxy. We call them Meta Beasts. They are valuable." Lei Chao explained.

"How valuable are they?"

As Jian Wushuang asked, a golden flash of light flew to the exotic beast quickly.

"That light is a cultivator, right?!" Jian Wushuang asked excitedly.

"Yes, a disciple from our Lineage of Star." Lei Chao answered calmly.

The exotic beast who was playing saw the golden light and immediately fled rapidly.

It couldn't escape from the cultivator with the golden light.

As that cultivator caught the beast and the golden light around her dissipated, Jian Wushuang saw clearly that she was a lady in a golden robe. The lady left, satisfied with her prey.

"A powerful cultivator!"

"I bet this cultivator is far more powerful than Chen Bin who I once fought with!"

"Is she from the Star Palace?" Jian Wushuang asked.

"No, she is just an ordinary disciple from the Lineage of Star." Lei Chao answered calmly.

Jian Wushuang was shocked!

Chapter 1364: The Second Heaven

“Only an ordinary disciple?” Jian Wushuang felt overwhelmed.

Only an ordinary disciple would already be that strong. Just how strong are the disciples of Star Palace?

“What is the disciple going to do with the Meta Beast?” Jian Wushuang asked.

“Meta Beast is a strange existence derived from the Milky Way. It is extremely intelligent and it contains an enormous amount of meta strength. The usage of meta strength is extensive. It could be used to make pills, make a weapon, aid cultivation of secret skill. Besides, meta strength is extremely nourishing for one’s consciousness,” Lei Chao said.

“As such, the disciples from Lineage of Star often capture the Meta Beast in the Milky Way to extract the Meta strength from their bodies for cultivation. After extracting their Meta strength, they would release the Meta beast. The Meta strength in the Meta Beasts’ bodies would recover over a period of time.”

“I see,” Jian Wushuang nodded.

“Let’s go. Lineage of Star’s old lair is right ahead.”

Lei Chao continued to move forwards with Jian Wushuang and they soon arrived before Lineage of Star’s old lair.

Looking at the majestic palace that stood before him, along with the large amount of buildings above the stars, Jian Wushuang was astonished.

Lofty! Magnificent!

It was definitely one of the loftiest sects Jian Wushuang had ever seen.

How many forces could place their old lair within the Milky Way in the entire Eternal Chaotic World after all?

“Jian Wushuang, follow me.”

Lei Chao led Jian Wushuang towards one of the stars. He intentionally detoured from the buildings on the way. It seemed that he didn’t want anyone to see Jian Wushuang and himself.

In the Stars, there was a huge cave dwelling which was formed entirely with special crystals.

Lei Chao and Jian Wushuang walked into the cave dwelling.

The moment they entered the cave dwelling, Jian Wushuang immediately saw the long-haired middle-aged man who sat on the stone bed like a statue before him.

The long-haired middle-aged man had a natural manner.

“Yuan!” Lei Chao spoke softly.

The long-haired middle-aged man, who was like a statue, slowly opened his eyes and a ray of purple light flashed like a purple gemstone.

"You have returned."

The long-haired middle-aged man looked at Lei Chao then at Jian Wushuang, "This is the young man, Jian Wushuang who passed the test that the Palace Master set up personally and became the disciple of Star Palace?"

"Mm," Lei Chao nodded and introduced, "Jian Wushuang, the person before you is one of the three Hall Masters in Lineage of Star. You can call him Hall Master Yuan. In the Lineage of Star, the Palace Master and the other two Hall Masters are mostly cultivating in seclusion. Any matters will be decided by Hall Master Yuan."

"Greetings, Hall Master Yuan," Jian Wushuang bowed politely.

"Young man, there's no need to stand on ceremony," the long-haired middle-aged Hall Master Yuan smiled and said, "Lei Chao sent me a message earlier and I already reported it to the Palace Master. The Palace Master told me to bring you to see him directly when you arrive in Lineage of Star. Follow me."

"See the Palace Master?" Jian Wushuang was surprised.

The Palace Master of the Lineage of Star was the founder of the Lineage of Star. He was the superior existence in the peak of the Eternal Chaotic World.

The superior existence wanted to see him?

"Jian Wushuang, well done. You have been summoned by the founder of Lineage of Star. The other experts, including many real Gods, didn't even stand a chance to meet him, but you get to see him the moment you step foot in the Ten Cultivation Sanctuaries. Tsk tsk..." King of Venomous Worms teased.

Jian Wushuang smiled bitterly but he followed Hall Master Yuan.

As for Lei Chao, he stayed back in the cave dwelling instead of following them.

In the depth of the boundless Milky Way, there was a cave dwelling. The cave dwelling merged into one with the Milky Way. If it didn't reveal itself actively, no one would notice the existence of the cave dwelling. Then, Hall Master Yuan brought Jian Wushuang before the cave dwelling.

The two of them didn't enter the cave dwelling but stood outside. Hall Master Yuan bowed slightly at the cave dwelling and said, "Palace Master, I brought the young man with me."

"Mm."

An ancient yet thick voice broke the silence. The voice traveled lightly as though it was from far far away.

"Young man, you're the one who passed through the test that I left in the Star Foggy Sea?" The founder of the Lineage of Star asked.

"Yes," Jian Wushuang replied politely.

"As expected..." The founder of the Lineage of Star sounded melancholy, "Star Foggy Sea, it has been so many years!"

"Not long after I created Star Foggy Sea, I lost it at that place. I thought no one would ever find it nor would there be anyone who could pass the test there. Who knew you would pass through it successfully in the end, and you even found Lineage of Star on your own. Very good."

"Hearing what the founder of Lineage of Star said, Jian Wushuang was shaken, "Which place?"

"Star Foggy Sea. You kept it with you or you left it in your hometown?" The founder of Lineage of Star asked.

"I left it at my hometown," Jian Wushuang replied.

"Mm. That's good too." The founder of Lineage of Star kept quiet for a while before he spoke again, "Your identity as an Inverse Cultivator, I already know. Inverse Cultivator... It is really rare. Ever since I started Lineage of Star, I have never gotten any disciple that did inverse cultivation. You're the very first!"

"Inverse cultivation, great potential. Once you pass the Inverse Cultivation Test in the Third Heaven, you're destined to go right to the top, and the possibility of becoming an Almighty is very high."

"However, the route for inverse cultivation isn't an easy journey!"

"I already made some arrangement for you after I received Yuan's message. Your identity as an inverse cultivator shouldn't be exposed or publicized before you become an Almighty or before you stand on the peak of the Eternal Chaotic World."

Jian Wushuang was stunned.

Can't expose my identity as an inverse cultivator before I become an Almighty?

"I refined a treasure for you in the past few days. Take it."

In the cave dwelling, a ray of black light spurted out and Jian Wushuang extended his hand to take it. He spread his palm and saw that it was a black bead that gave out a mysterious aura.

"This bead has just been refined. I have yet to name it, you can name it yourself. After you refine it, it will blend into your divine body. After that, there will be a tremendous change in your aura. You are just a Universe God in the First Heaven now. However, after you refine the bead, your aura will improve to the level of a Universe God in the Second Heaven. You will then look pretty much like an ordinary Universe God in the Second Heaven!"

"Besides, the bead will cover your Soul Power. When you are fighting with the others, you can still use Soul Attacks. With the bead, even an Almighty who hasn't reached my level, or an Almighty who purely studies the Soul won't be able to understand your actual situation!"

"From today onwards, you must remember, you are not a Universe God in the First Heaven but... the Second Heaven!"

Chapter 1365: Disciple from the Star Palace

Jian Wushuang felt surprised about the reminder of the creator of the Lineage of Star.

That is to say, he had to pretend to be a Universe God in the Second Heaven.

At the same time, he was supposed to cultivate and improve his power, just like a Universe God in the Second Heaven.

After he passed the Inverse Cultivation Test and became a real Universe God in the Second Heaven, he would have to pretend to be a Universe God in the Third Heaven.

“Yuan, please take care of him. You should especially remember that during his Inverse Cultivation Test, no one can be present except you and Lei Chao.”

“Yes, your Majesty.” Hall Master Yuan nodded.

“Now you can leave.”

As the conversation ended, everything in the heaven fell into silence and the palace disappeared from Jian Wushuang’s eyes.

“You are quite lucky to get a treasure cultivator from our master in person.” Hall Master Yuan smiled to Jian Wushuang.

“Yes.” Jian Wushuang held the black bead in his hands and started to absorb the power within it.

When he finished, Jian Wushuang could feel clearly that his breath and power had changed.

“Now, even I can’t imagine that you are just a Universe God in the First Heaven.” Hall Master Yuan smiled.

Jian Wushuang was relieved.

“As the master said, I should keep my identity as an Inverse Cultivator hidden. And with this black bead, I’ll definitely be able to disguise myself as a Universe God in the Second Heaven, in terms of both my Divine Power and overall strength.” Jian Wushuang was satisfied.

Then he returned to the palace of the Hall Master Yuan. Lei Chao was still waiting there.

“What??!”

Lei Chao was shocked when he saw Jian Wushuang again.

“Why has he become a Universe God in the Second Heaven?”

Hall Master Yuan then explained what happened to Lei Chao.

“Now I know why.” But Lei Chao frowned and said, “It is a good idea. But it will be difficult for you when you pretend to be one in the Second Heaven.”

Jian Wushuang was confused by Lei Chao’s words.

Hall Master Yuan told Lei Chao, "Please take care of him and help him in his Second Inverse Cultivation Test."

Lei Chao nodded and didn't refuse.

After leaving Hall Master Yuan's place, Lei Chao took Jian Wushuang around the numerous buildings in the Lineage of Stars.

Along the way, Jian Wushuang met many disciples from the Lineage of Star.

They felt surprised when they saw Jian Wushuang.

"Who is that Universe God in the Second Heaven?"

"I have no idea. But he is the disciple of the Star Palace!"

"Wow, a new one?"

Every disciple from the Lineage of Star had their own token that showed their identity as an ordinary disciple or as one from Star Palace. Those ordinary ones could tell that the token of Jian Wushuang came from the Star Palace.

That was why they knew Jian Wushuang's identity even though they didn't know him.

Jian Wushuang could feel that disciples were looking at him with envy and admiration.

"Why do they envy me? Is there a great difference between an ordinary identity and one from the Star Palace?" Jian Wushuang was curious.

Lei Chao didn't answer his question. Instead, he said, "As you are going to spend a long time here, it is necessary that you know about the cultivation resources in the Lineage of Star."

Jian Wushuang listened to Lei Chao attentively.

He was eager to know what valuable resources the Lineage of Star had as the top leader of the Purple Moon Sanctuary in the Ten Cultivation Sanctuaries.

Lei Chao started introducing them to Jian Wushuang, "Our Lineage of Star has a long and brilliant history and so we have accumulated numerous resources. For disciples of Universe God level, the most valuable ones are Real God Hall, Scripture Depository and Reset Palace!"

"Among these three, Real God Hal is the top but only Universe Gods in the Third Heaven are allowed to use it. Though you are in Inverse Cultivation, you are still not eligible to enter until you pass the second round of the Inverse Cultivation Test and become a real Universe God in the Second Heaven."

"Scripture Depository is home to the Four Great Secret Skills in the Lineage of Star, which are the foundation of our lineage. Among these four skills, Secret Skills of Star Palace are well known even in the Eternal Chaotic World."

"Reset Palace is where we cultivate our consciousnesses. Since you are good at Soul Attacks, you can go there for cultivation, before which you'd better catch several Meta Beasts to absorb power when necessary."

“Those three places are very important, so only disciples from the Star Palace are entitled to use them.

Jian Wushuang was surprised.

Only disciples from the Star Palace were entitled to use those three great resources?

He now understood why ordinary disciples envied him.

There was indeed a great difference between ordinary ones and ones from the Star Palace.

“Apart from those three, we also have Four Mystery Lands and Nine Shrines that are open to ordinary disciples. Though they are not as valuable as the Three Great Treasures, they will also help a lot with one’s cultivation and many geniuses are eager for them.”

After a brief pause, Lei Chao continued, “Besides, we have Three Cultivation Places, namely Star Tower, Illusionary Mind Sea and Supreme Tower for disciples to cultivate and test their power. Star Tower and Illusionary Mind Sea are similar to Nine Boundaries Tower and Inadvertent Dreamland, but of a higher level.”

Chapter 1366: Sword Star

“Besides the most precious Real God Hall, Scripture Depository, and Reset Palace, there are four mystery lands, nine palaces, and three training fields.

“This definitely lives up to the reputation of the Lineage of Star. There are so many cultivation resources here. I wonder what the effect will be.” Jian Wushuang was excited.

Soon, Lei Chao brought Jian Wushuang to a corner of the void. There were stars before him.

“In the Lineage of Star, disciples from Star Palace can take up a star as a cultivation cave dwelling. Jian Wushuang, you can pick one now,” Lei Chao said.

“Use a star as a cultivation cave dwelling?” Jian Wushuang was shocked but he didn’t hesitate. His Soul Power swept out and he noticed a star.

“That one, then,” Jian Wushuang pointed at the star and said.

“Let’s go,” Lei Chao brought Jian Wushuang to the star straightaway.

That star wasn’t huge in size but there was a continuous palatial architecture on the star. Right in the middle, there was a delicate looking cave dwelling.

Before Lei Chao and Jian Wushuang arrived at the cave dwelling, they noticed that there was a large number of people already standing before the cave dwelling.

Most of them were women and every one of them looked and dressed the same. The leader of them all was a woman who had a svelte body and a beautiful face.

The beautiful woman had an elegant style and a rare beauty. The aura that she gave out was fierce and she had obviously already reached the level of a Universe God in the Third Heaven.

Seeing Jian Wushuang's arrival, everyone before the cave dwelling, including the beauty who was their leader, bowed politely as they said, "Greetings, master!"

"Master?" Jian Wushuang was dumbfounded.

The people before him were all Universe Gods. Among them, the leading beauty was a Universe God in the Third Heaven. But they were referring to him as master?

"These maids and servants are arranged for you. They will take care of your daily life while you concentrate on cultivation," Lei Chao said.

"This..." Jian Wushuang didn't know how he should react. He said, "I don't need any maids or servants. I can just cultivate on my own."

"Jian Wushuang."

"Lei Chao looked over, "These maids and servants came to Lineage of Star willingly. There are benefits for them when they work for Lineage of Star, when they take care of the disciples of Lineage of Star. You don't have to misunderstand them. To them, to be able to take care of the disciples of the Lineage of Star is definitely a great task. The benefits that they are taking is of course better. If you were to reject them, it would be a rather heavy loss to them."

Jian Wushuang was stunned as he took a glance at the maid and servants around him. They did look worried and were obviously concerned that Jian Wushuang would chase them away.

Jian Wushuang had no choice but smiled bitterly and said, "Alright, let them stay then."

The maid and servants immediately revealed a joyful expression.

"If so, you should cultivate well. This is a message token. If you run into any problems, you can look for me," Lei Chao passed him a token.

"Thank you," Jian Wushuang was beaming with joy as he took the token.

Then, Lei Chao left straightaway.

Jian Wushuang entered the cave dwelling with the maid and servants surrounding him.

At the top of the cave dwelling, Jian Wushuang stood on a stone stool while he overlooked the maids and servants who stood politely.

"Besides you, everyone can leave," said Jian Wushuang, pointing at the beauty with the svelte body.

After they heard Jian Wushuang's instructions, the maids and servants bowed and excused themselves. Only the beauty was standing there still.

"What's your name?" Jian Wushuang looked at the beauty.

"Master, I am Qiu Yue!" The beauty replied politely.

"Qiu Yue, you don't have to call me master from today onward. Nor will you refer to yourself as a servant. It's rather uncomfortable for me," Jian Wushuang said.

He knew that he was just a Universe God in the First Heaven and with the cover-up, he was just a Peak Universe God in the Second Heaven.

But Qiu Yue was a Universe God in the Third Heaven. She was much stronger than him in terms of power!

A person who was stronger than him was referring to him as master so politely. Jian Wushuang, of course, found it rather strange.

"This..." Qiu Yue muttered to herself and then nodded, "Then, I shall call you Mister."

"That's fine," Jian Wushuang smiled faintly, "Qiu Yue, let me ask you. Is what Lei Chao said real? Did all of you come to be a servant in Lineage of Star willingly?"

"Of course," Qiu Yue laughed, "Lineage of Star is the real ruling force of the Star Land. Regardless of wisdom or ability, they are at the top in the Eternal Chaotic World. Such a sect naturally has tens of thousands of geniuses and experts dying to join. However, the threshold to join Lineage of Star is too high. One must be a genius among geniuses. Like myself, even though I am Universe God in the Third Heaven, I am not gifted enough. So I am not qualified to be a disciple of Lineage of Star."

"As I can't be a disciple, there's only another way to enter Lineage of Star, which is to become a maid, a servant!"

"Although maid and servants are one level lower, and might be put to great inconvenience, we are able to receive cultivation resources. Plus, Lineage of Star treats us, maid and servants, quite well. Under normal circumstances, as long as we stay in Lineage of Star for more than ten thousand years, we will receive a chance to enter the nine shrines!"

"Stay ten thousand years and we get to choose a secret skill from the first level of Shrine of Secret Skills to cultivate!"

"Stay for a million years and we get to experience the four mystery lands once!"

"That treatment is much better than many core disciples in weaker sects in Star Land!"

"Plus, if one were to be lucky enough, if one's master were easy to talk to, he or she could ask for pointers from their master. How lucky would that be?"

Qiu Yue obviously had nothing to complain about being a maid in Lineage of Star. On the contrary, she was rather positive.

"I see," Jian Wushuang nodded silently.

He understood that any cultivator who was an expert but wasn't gifted yet wouldn't be happy about being ordinary, like Qiu Yue, as they couldn't join and be nurtured by other sects, they might as well become a maid in Lineage of Star. They might stand a higher chance.

"Oh yeah, Mister. Now that you are the master of this star, you can name this star. Then we maids and servants of the Lineage can tell each other where we serve," Qiu Yue said.

"Name?"

Jian Wushuang suddenly paused and then smiled, "My name is Jian Wushuang. I have used the word sword in my name, and I am good with swords (Jian in Mandarin). As such, from today onwards, this star shall be known as Sword Star!"

...

Chapter 1367: Star Tower

After Jian Wushuang asked Qiu Yue something about the Lineage of Star, he went to visit the vast building complex in the Sword Star.

He wanted to know more about the numerous cultivation resources in the Lineage of Star.

He chose to go to the Scripture Depository and the Reset Palace, which only allowed disciples from the Star Palace.

In the complex.

"Hi!" Jian Wushuang greeted someone.

He was an ordinary disciple from the Lineage of Star. He was thin.

He turned around when he heard Jian Wushuang's greeting.

He immediately feel the existence of Jian Wushuang's token as a disciple from the Star Palace.

"Nice to meet you, Brother. I am Qu Yang" The young man bowed to Jian Wushuang politely.

Jian Wushuang was surprised.

"You came here not long ago, right?" The young man looked at Jian Wushuang.

Jian Wushuang nodded.

"In the Lineage of Star, ordinary disciples should show respect to disciples from the Star Palace regardless of how powerful he is or how long he has joint the Lineage." Qu Yang explained smilingly.

Jian Wushuang now understood.

"Is there anything that I can help you?" Qu Yang asked.

"Could you please take me to the Scripture Depository and the Reset Palace? I am still unfamiliar with their locations." Jian Wushuang asked politely.

"OK, please follow me." Qu Yang accepted the request delightedly.

Only after a while they arrived at the Scripture Depository.

"Now we are in the Scripture Depository. You may enter and I will wait for you here."

"Thank you very much." Then Jian Wushuang entered the Scripture Depository.

Neither books nor tokens were stored in the Scripture Depository. The only thing that Jian Wushuang discovered was four secret rooms.

In front of the four secret rooms sat a white-haired elder. He raised his head as Jian Wushuang approached him.

“Are you the new member?” The elder asked.

“Yes.” Jian Wushuang nodded.

“There is a rule here. Each disciple from the Star Palace can cultivate one secret skill in the Scripture Depository with no condition. But if they want to cultivate a second one, they should meet a certain requirement. I can feel that you have already cultivated the Secret Skills of Star Palace, so you are not eligible to cultivate others.” The elder said.

Jian Wushuang then continued to ask him.

“So what requirements should I meet in order to cultivate the second secret skill?”

“Among the three cultivation places in our Lineage of Star, the Star Tower is a place where we test our unique skills and sword principles. There are three levels in the tower and you only have to pass the third one.”

“OK. The Star Tower.”

Jian Wushuang nodded and left.

Qu Yang was still waiting outside the Scripture Depository.

“How was your visit?” Qu Yang asked.

“I had cultivated the Secret Skills of Star Palace before I arrived at the Lineage of Star. So now I have to pass the third level of the Star Tower in order to cultivate the second secret skill.” Jian Wushuang answered.

Qu Yang said, “Well, the Star Tower is not far from here. I could lead you there.”

“Good idea.”

They went to the Star Tower.

The Star Tower was a splendid, purple-gold big tower with six levels.

“Good luck to you, Brother.” Qu Yang said.

Jian Wushuang started to ponder. Lei Chao told him that the Star Tower was quite similar to the Nine Boundaries Tower but was on a higher level. Jian Wushuang passed the fourteenth level of the Nine Boundaries Tower, but he was unsure which level he could pass in the Star Tower.

Jian Wushuang entered the first level with hope in his heart.

On the first level, he saw his opponent, a cold middle-aged man.

The man waved his sword when he saw Jian Wushuang, saying, "You are good at swordsmanship? Let us see who is the winner!"

Jian Wushuang took out his Blood Mountain Sword and he became excited.

"Come on!"

The man yelled and he stepped forward. Then he waved his sword to Jian Wushuang.

This attack was appalling, full of coldness and darkness.

Jian Wushuang generated his power and started to wave the Blood Mountain Sword.

"Dragon Roar!"

The power of the sword exploded.

But when the two forces of sword collided with each other....

Bang!

Under the attack, Jian Wushuang's sword power totally collapsed.

The attack from the man directly hit Jian Wushuang's body.

Bang!

Jian Wushuang's figure was blasted out.

Outside the Star Tower, Qu Yang was waiting.

He was wondering how many levels Jian Wushuang had passed.

He thought, "Though Brother Jian Wushuang is a new member here and hasn't cultivated with the resources of the Lineage of Star, he must be powerful as a disciple from the Star Tower. So, I guess...he'll pass at least the second level?"

"But passing the third level will be difficult. He may only be able to pass the third after cultivating for a long time in the Lineage of Star."

But as Qu Yang was thinking, he saw a figure blast out of the Star Tower. The figure was Jian Wushuang.

"What happened?"

Qu Yang was shocked.

"He was blasted out soon after entering into the tower?"

"In such a short time?"

Indeed, a very short time.

Within just ten breaths, Jian Wushuang was blasted out of the tower.

Jian Wushuang was as shocked as Qu Yang.

“It was just the first level...and it’s more powerful than I imagined...”

The man’s swordsmanship defeated him easily within a very short time.

Jian Wushuang had utterly failed.

Chapter 1368: Reset Palace

“Rank three unique skill!”

“It’s only the first floor but this person performed a rank three unique skill and it’s an advanced rank three unique skill!”

Jian Wushuang was astonished.

Only the first floor and he was defeated.

If he wanted to pass through the third level and cultivate the second secret skill in Scripture Depository, it’d be a joke.

“That’s not right. Even though in Lineage of Star is filled with top geniuses, the test of the Star Tower didn’t have to be that difficult, right?” Jian Wushuang creased his eyebrows.

He, a Universe God in the First Heaven went to the first floor of Star Tower but the opponent on the first floor performed a rank three unique skill straightway. What kind of sorcery was that?

“Unless...” Jian Wushuang suddenly thought of a possibility, “Unless the Star Tower didn’t treat me as a Universe God in the First Heaven, but... the Second Heaven!”

Jian Wushuang’s face grew strange the moment he thought of the possibility.

“I finally understood why Lei Chao said that I, a Universe God in the First Heaven, pretending to be a Universe God in the Second Heaven would be at a disadvantage. I guess that’s why.”

The training field in the Lineage of Star was set according to the cultivator’s level.

The starting point for a Universe God in the First Heaven and a Universe God in the Second Heaven was definitely different.

Take the Star Tower, for instance, if it were to be other disciples who were Universe Gods in the First Heaven who would go to the first floor of Star Tower, the opponent on the first floor would only perform an advanced rank two unique skill at most.

If Star Tower only treated Jian Wushuang as a Universe God in the First Heaven, he naturally could pass through the test easily.

However, the crucial part was that Star Tower took him as a Universe God in the Second Heaven!

“I only created a Peak rank two unique skill then. However, the opponent from the first floor in Star Tower only could perform advanced rank three unique skill. It is a few levels different. In other words, I

am far from passing through the first floor of Star Tower,” Jian Wushuang sighed. However, he didn’t think it was unfair for him.

He was an inverse cultivator after all!

Comparing an inverse cultivator to an ordinary cultivator, the starting point itself should be a level higher.

A Universe God in the First Heaven that did inverse cultivation was really treated like a Universe God in the Second Heaven in the Eternal Chaotic World.

“Senior.”

Qu Yang walked over and looked at Jian Wushuang in suspicion. He found it strange and asked, “Senior, which floor in Star Tower were you in?”

“This...” Jian Wushuang smiled bitterly, “To be frank, I didn’t even pass the first floor and I am far from passing.”

“You can’t even pass the first floor?” Qu Yang creased his eyebrows.

A disciples of Star Palace, couldn’t even pass through the first floor in Star Palace and he was far from passing?

What was going on?

One must know, in Lineage of Star, even with those ordinary disciples, more than ninety percent of them could pass through the first floor and some could even pass through the second floor!

“Would it be because he was careless and he didn’t put his full ability to play at the very first moment, that’s why he was defeated?” Qu Yang thought to himself. It seemed to be the only explanation he could find.

Otherwise, a disciple of the Star Palace who didn’t even pass through the first floor of Star Tower was definitely a joke.

“Senior, why don’t I bring you to the Reset Palace and take a look?” Qu Yang said.

“Alright,” Jian Wushuang nodded.

Qu Yang then brought Jian Wushuang to Reset Palace.

In Lineage of Star, only disciples of the Star Palace were qualified to enter the Reset Palace.

Jian Wushuang didn’t hesitate but stepped foot into Reset Palace straightaway.

The moment Jian Wushuang entered the palace, he could feel a shapeless force greet him.

“This is... an Assault of consciousness?”

“No, not only consciousness, it also contained magic and even a mind devil!”

“This...”

Jian Wushuang suddenly beamed.

He had cultivated for ten years in Tian Yuan Mystery Land back in Snow Kingdom.

In those ten years, he had gained a huge reward, but Tian Yuan Mystery Land was mainly about the assault of consciousness.

However, the Reset Palace not only had assault of consciousness, it also contained magic and mind devils. Jian Wushuang could also manipulate the strength of magic and mind devils. It was obviously much more outstanding compared to Tian Yuan Mystery Land's sole assault of consciousness.

"I heard long ago that there was a place in the Lineage of Star that trains and nourishes consciousness. I finally get to see it. It's really extraordinary," King of Venomous Worms' voice was heard in Jian Wushuang's head.

"The higher ups in Lineage of Star really know how to nurture their disciples. They started to think about how to improve their disciples' strength of consciousness when they were just Universe Gods. They even created Reset Palace for this purpose and also the test in Illusionary Mind Sea. They are paving a way for their disciples!"

King of Venomous Worms complimented.

Jian Wushuang could hear what King of Venomous Worms said.

He heard from King of Venomous Worms that, to become the top expert in the Eternal Chaotic World, which was to become an Almighty, one had to pass a barrier.

The barrier was to light up his Soul Fire!

How difficult it was to light up Soul Fire?

Just like Jian Wushuang, who was an inverse cultivator, he lit up his Soul Fire when he was a Universe Master. However, an ordinary cultivator put in all their effort and paid a huge price, and it'd still be rather difficult to light up their Soul Fire.

The inability to light up their Soul Fire meant the inability for them to take the leap towards the rest of their lives.

To light up their Soul Fire, consciousness was the crucial element. The consciousness was required to be trained step by step since it was weak. It was required to improve bit by bit, especially during their time as Universe God. The training and improvement of consciousness was extremely important!

Due to this, Lineage of Star intentionally created Reset Palace especially to improve and nourish their disciples' consciousness. Their intention was to lay a great foundation and pave a way that leads them to take the greatest leap.

Even though the chance was slim, they could at least try.

"The Reset Palace was useful for me to improve my Soul Power. If I were to cultivate here, my Soul Power would definitely improve tremendously. I reckon it wouldn't be long until I reach the level of a Universe God in the Third Heaven."

“Plus, there’s help from the Meta beasts!”

Jian Wushuang’s eyes were shining brightly.

When Lei Chao talked about Reset Palace back then, he said that he could try to catch a few Meta beasts and use the meta strength them to nourish consciousness. Then, he would improve even more greatly.

“Go and catch Meta beasts!”

Jian Wushuang immediately headed outside of Reset Palace.

When Jian Wushuang met Qu Yang outside of Reset Palace, he clarified his intention with Qu Yang.

“Qu Yang, I shall capture Meta beasts on my own. It will not be necessary for you to lead the way,” Jian Wushuang said.

“If so, I shall excuse myself,” Qu Yang said.

“Sorry for the trouble,” Jian Wushuang thanked him again.

Chapter 1369: Catch the Meta Beast

After saying goodbye to Qu Yang, Jian Wushuang went to the Star River.

He was searching for Meta Beasts.

“There’s one.”

Jian Wushuang soon found a Meta Beast, but it was tiny.

The beast was just half a meter tall. Obviously, its energy had been absorbed by disciples in the Lineage of Star and the beast hadn’t recovered. Jian Wushuang wouldn’t get enough energy by capturing it.

A useful Meta Beast should be at least one to two meters tall.

“Go on!”

Jian Wushuang continued searching.

The Star River was vast. Jian Wushuang couldn’t go through the whole river in only one month.

After an hour, Jian Wushuang had found another one.

This one was almost three meters tall.

“There you go!”

Jian Wushuang approached the beast quietly.

But, as he approached, the beast detected him and turned around, staring at him.

This Meta Beast was born in the Star River a long time ago. It had been captured by disciples in the Lineage of Star multiple times, knowing how dangerous its predators were. As soon as it saw Jian Wushuang, it immediately ran away.

It ran so fast, like a flash.

“You can’t escape!”

Jian Wushuang followed it.

Whoosh!

He and the beast rushed quickly through the Star River.

Jian Wushuang was surprised about the beast’s speed.

Jian Wushuang couldn’t catch up with it even though he had tried his best.

“It’s time for me to use some tools.”

Jian Wushuang then used his consciousness to generate his Blaze Quicksand Gourd, from which a tremendous amount of sand rushed out.

The rushing speed of the sand was way faster than the running beast. Soon those sands covered the beast and lowered its speed. In that way, Jian Wushuang narrowed the distance with the beast.

Soon, he caught up with the beast.

Jian Wushuang said delightedly to the beast, “I will not kill you. Just give your energy to me.”

The beast seemed to understand what Jian Wushuang said. It turned around and looked at Jian Wushuang with great hostility.

Beasts born in the Star River were docile. But they would become aggressive when faced with danger.

Especially after being caught by humans several times.

The beast roared.

The beast stopped running and rushed to Jian Wushuang.

It raised its front feet and intended to attack Jian Wushuang.

Jian Wushuang hit the beast with his fists instead of using the Blood Mountain Sword in order not to injure it.

Bang!

After an explosion, the Star River around them went dark.

Jian Wushuang was blasted out.

It took him a while to stand stably.

He was shocked by the power of the beast.

“What happened?”

While Jian Wushuang was blasted out, the Meta Beast was not injured at all.

He had failed to pass even the first level of the Star Tower. He had felt better for the simple reason that he was regarded as a Universe God in the Second Heaven, but now he had even failed to catch a Meta Beast?

Even a beast was more powerful than him?!

“I once saw a Universe God catch a Meta Beast easily so I have always thought that it would just be a piece of cake for me to catch one too. But...”

The Meta Beast was also shocked.

It had always believed that humans were so powerful.

But this time, the predator seemed weak.

“I want to try again!”

Jian Wushuang rushed to the beast again.

And the beast also rushed to him.

They were going to collide and battle again.

But at that very moment...

Two figures came. A man and a woman.

The man was slightly fat and the woman was the one that Jian Wushuang had seen catch a three-meter Meta Beast easily before.

“How many beasts have you caught?” The man asked the woman.

“Twelve. And you?”

“Roughly the same as you.” The man smiled, “I will go back after catching several more.”

“So will I.” The woman said.

As they were talking, they heard a bombing sound.

“What is that?”

“That bombing sound only exists when two people are fighting together. Who dares fight in Star Land?” The man frowned.

“Let us go and have a look.” The woman said.

As they went to where the sound was coming from, they saw Jian Wushuang and the beast.

Chapter 1370: Too Weak!

“Not any cultivator fighting a fierce battle but a disciple of the Lineage of Star is catching a Meta beast?”

“That, that is a disciple of the Lineage of Star?”

The black-haired man and the lady in a gold robe looked at the Milky Way before them, they saw Jian Wushuang, who was fighting ferociously with the Meta beast. They also felt the existence of the token that signified his identity as a disciple of Star Palace on Jian Wushuang.

“See the aura of the token, he is really a disciple of Star Palace. But why is he so weak?” The black-haired man creased his eyebrows and said.

Weak!

Too weak!

At least from what they saw, Jian Wushuang was merely showing the fighting power of an ordinary Peak Universe God in the Second Heaven. But in the place where geniuses gathered, like Lineage of Star, any ordinary disciple who was a Universe God in the Second Heaven would be much stronger than Jian Wushuang.

“Would it be that he didn’t give his all?” The lady in gold robe thought.

“Maybe,” the black-haired man nodded too.

They could only think that Jian Wushuang hadn’t given his all.

Otherwise, a disciple of Star Palace who was a Universe God in the Second Heaven who couldn’t even fight a three-meter Meta beast would definitely be a joke if the story spread.

But they didn’t know that Jian Wushuang didn’t hide his power but he really couldn’t do anything to the Meta beast.

He had already performed various measures. He even used Sword Principle with Blood Mountain Sword and also Soul Attack, but it didn’t cause any damage to the Meta beast.

“The Meta beast is born by the Milky Way. They are extremely intelligent and their consciousness is related to the surrounding Milk Way. My Soul Attack has nothing to do with it. Relying on my swordsmanship alone, I could barely suppress it. If I wanted to extract its meta strength alive, it would be impossible,” Jian Wushuang quickly understood and he didn’t waste any more time. He stopped and let the Meta beast leave.

“A three meter tall Meta beast, I’m afraid I can’t do anything to it now. I could only go look for smaller Meta beast.”

Jian Wushuang sighed and then continued to search at the surrounding Milky Way.

Jian Wushuang noticed the black-haired man and the lady in the gold robe afar with his Soul Power but he was unconcerned.

“Junior, did you see that?” The black-haired man creased his eyebrows slightly.

“Mm,” the lady in gold robe nodded solemnly, “He looked at the Meta beast escape from his hand. Was he really unable to do anything with the Meta beast?”

“The earlier sight, did you record it?” The black-haired man asked.

“Yes,” the lady in the gold robe said.

“Great, let’s return. I’d like to see what’s up with this disciple of Star Palace,” the black-haired man said.

“Alright, we are almost done with catching the Meta beast anyway,” the lady in the gold robe agreed.

Then, they returned to the old lair in the Lineage of Star.

On the training field that was formed within the nebula, a few figures were gathered. The few of them were all ordinary disciples in Lineage of Star. One of them was obviously stronger by one notch compared to the rest.

“Luo Quan!”

The black-haired man and the lady in the gold robe appeared on the training field after returning from the Milky Way.

“Didn’t you two go to catch a Meta beast? Why did you return so soon?” The disciple with the strongest aura on the training field, Luo Quan, wore a malicious smile.

“We originally wanted to catch a few more Meta beasts but we run into something interesting on the way,” the black-haired man said.

“Oh? What is it? Tell me,” Luo Quan smiled and asked.

“Don’t panic. Let me ask you first. Is there a recent new disciple of Lineage of Star?” The black-haired man asked.

“Yes,” Luo Quan nodded, “Not long ago, Mister Lei Chao brought a disciple of Lineage of Star back personally. The disciple of Lineage of Star is like us. He’s also a Universe God in the Second Heaven. As for his name, I think he’s called Jian Wushuang.”

“Exactly then. We ran into him in the Milky Way earlier and he happened to be catching Meta beasts,” the black-haired man said.

“He just got to Lineage of Star. He knew the Meta beast was useful. If he wanted to catch a few for cultivation, there is no big deal,” Luo Quan creased his eyebrows and said.

“If so, of course, there’s no big deal. However...” The black-haired man smirked and looked at the lady in gold robe, “Junior, take it out.”

“Mm,” the lady in gold robe nodded and then took out a token. She allocated her consciousness and the recorded image in the token was played before every one of them.

“A mirror image?” Luo Quan and the others were shocked but they looked anyway.

In a short time, Luo Quan and the others who watched the recorded image looked puzzled.

“How is that possible?”

“A disciple of Lineage of Star who was a Universe God in the Second Heaven couldn’t do anything to a three meter tall Meta beast. Isn’t this ridiculous?”

“Jian Wushuang, didn’t he hide his ability?”

The few disciples on training field gasped.

From what they saw, the power that Jian Wushuang showed during his fight with the Meta beast was really too weak.

Luo Quan squinted his eyes and looked at the black-haired man and the lady in the gold robe, “Are you sure that he used all of his power?”

The black-haired man shook his head, “We only saw him fighting with the Meta beast but we couldn’t tell if he gave his all. However, if he wanted to catch Meta beast, he can’t just let a three meter high Meta beast leave before his eyes, right?”

Just then...

“Everyone, what are you doing here?” A figure walked over. He happened to be the disciple that had brought Jian Wushuang around earlier, Qu Yang.

“Qu Yang, you came just in time. Quick, come and take a look at the image,” the black-haired man pulled Qu Yang over to watch the image.

Qu Yang’s eyebrows were tightly knitted after he watched.

“Would Jian Wushuang really be so weak?” Qu Yang muttered.

“Qu Yang, you meant really weak? Did you suspect his power before this?” The black-haired man said.

“To be frank, I brought Jian Wushuang to Star Tower once. But Jian Wushuang flew out almost instantly. He didn’t even pass through the first floor of Star Tower. Plus, when I ask if he was too careless and didn’t put his all to play, he said that he gave his all and he really couldn’t pass through the first level,” Qu Yang said.

“He didn’t even pass the first floor of Star Tower?”

All the disciples at the scene were shocked.

Sixth floor in Star Tower, one floor was more difficult than the other. But the first floor was the easiest.

Even they managed to pass through the first floor.

“It seems that we didn’t guess wrong. Jian Wushuang who just came to Lineage of Star was really weak but he became a disciple of Star Palace – a role that all of us desired?” The black-haired man’s eyes became fiery red as he spoke.
