

Swordsman 1371

Chapter 1371: Luo Quan challenged Jian Wushuang

“It is all a matter of luck!”

“Jian Wushuang just joined the Star Palace by luck!”

Why did Hall Master Yuan and Lei Chao allow Jian Wushuang in?”

Many disciples felt wronged and got angry.

“Stop!”

Qu Yang reminded the arguing people, “The long-time reputation of our Lineage of Star depends on our value for real ability rather than luck. I think Hall Master Yuan and Lei Chao admitted Jian Wushuang in for certain reasons.”

“Jian Wushuang must have something unusual.”

“Aha, let’s see whether he can withstand the test.” A man called Luo Quan said.

“What do you intend to do?” Qu Yang looked at Luo Quan.

Luo Quan asked people around him, “Do you guys know where Jian Wushuang lives?”

A disciple said, “In a star called Sword Star.”

“Ok, let’s go there and meet him.” Luo Quan said.

Then seven disciples went to the Sword Star.

Jian Wushuang was still in the Star River.

He had been in the Star River for four days, during which he had met many beasts, but some were difficult for him to conquer. He had caught only four, each of which was less than two meters tall and relatively weak. Jian Wushuang caught and kept them.

“They are enough for me to cultivate in the Reset Palace for a while.”

So he planned to go back.

After absorbing the power of four Meta Beasts, he went back to the Sword Star.

Qiu Yue went to him when he arrived.

“Finally you have come back, master.”

“What happened?”

“Several guests have been waiting for you for a long time.” Qiu Yue said.

Jian Wushuang frowned.

Luo Quan and other disciples now appeared in front of Jian Wushuang.

“Hello, Brother Jian Wushuang. I am Luo Quan.”

“Hello.”

Those ordinary disciples all bowed to Jian Wushuang.

After all, Jian Wushuang was a disciple from the Star Palace.

Jian Wushuang smiled to them, “What are you coming for?”

“I have competed with the most of the Universe Gods in the Second Heaven and I like competing. May I invite you to compete with me?”

Jian Wushuang said, “OK!”

Luo Quan frowned and was a little bit worried.

He thought Jian Wushuang had accepted the invitation because he was confident of winning.

But in fact, Jian Wushuang only cared about whether he could learn and improve his abilities.

He was eager to fight with geniuses from the Lineage of Star.

“Anyone who is qualified to be a disciple from the Lineage of Star must be a genius.” Jian Wushuang felt excited to have the opportunity to battle with them.

“Come on.” Luo Quan wore a pair of blood-red gloves and was staring at Jian Wushuang, ready to fight.

Jian Wushuang also took out his Blood Mountain Sword and started to fight.

Bang!

An extraordinary power was generated by Jian Wushuang.

“Divine Shadow!”

The power of Jian Wushuang’s sword exploded. A flash of light soon multiplied into thousands of flashes.

Those flashes all rushed to Luo Quan.

The Divine Shadow was one of the three Peak Rank Two Unique Skills that Jian Wushuang had created.

“Rank Two Unique Skills”

In response, Luo Quan fought with his palms with red gloves.

Bang! Bang! Bang!

Luo Quan’s power collided with Jian Wushuang’s sword, pushing back the Blood Mountain Sword.

Luo Quan generated more power.

His palms became more strong and powerful, forcing Jian Wushuang to step back.

“Show me all of your power.” Luo Quan murmured.

“Come on!”

“Blood Night!”

Blood Night was the most powerful skill that Jian Wushuang had.

He tried his best.

And Luo Quan rushed toward Jian Wushuang and generated even more power.

Boom!

A strong Soul Power directly hit Luo Quan, but didn’t affect him too much.

Bang!

Luo Quan stretched out his sharp claws, as if to tear the whole universe apart.

The claw reached Jian Wushuang. Though Luo Quan didn’t use all of his power, Jian Wushuang was hit hard. He became pale and started bleeding.

The battle ended.

“Is your power really limited to this level?”

“Any Universe God in the Second Heaven in a small sect would be better than you, let alone disciples from the Lineage of Star.”

“How could you be a disciple from Star Palace?”

“You don’t deserve it!”

Now Luo Quan showed little respect to Jian Wushuang.

The others were also indifferent.

After all, they only recognized capability.

They would respect Jian Wushuang only if he was powerful enough.

But it turned out that Jian Wushuang was weak.

“You still have eight hundred years before the Selection Battle for the Star Palace. If you are still weak by then, give your position in the Star Palace to me.” Luo Quan said indifferently as he walked away.

Chapter 1372: Battle

On Sword Star, Jian Wushuang watched Luo Quan and the others leave with no facial expression.

“Luo Quan is really strong!”

"I performed the Blood Night technique with my all and I erupted my Soul Attack entirely. Theoretically, even an ordinary Universe God in the Third Heaven would find it difficult to resist. However, he encountered my Soul Attack directly and wasn't affected at all!"

"His consciousness is very strong and he is much stronger in power than me!"

Jian Wushuang complimented him but he was looking at Qiu Yue next to him.

Qiu Yue looked strange.

"Why? Are you disappointed in my power?" Jian Wushuang said casually.

"No. I believe that you becoming the disciple of Lineage of Star definitely meant that you are unusually capable. Even if you aren't Luo Quan's match now, you could definitely catch up in no time," Qiu Yue said.

Jian Wushuang smiled when he heard that, but his pupils contracted.

He didn't care about victory or defeat.

Even if he lost to Luo Quan, he wouldn't be bothered. His power was weaker compared to the Universe Gods in the Second Heaven after all.

However, such weakness wouldn't persist.

"Qiu Yue, when Luo Quan left earlier, he mentioned something about the battle between disciples of Star Palace. What is it?" Jian Wushuang asked.

"That's a battle aiming to fight for the right to become a disciple of Star Palace. In Lineage of Star, it will be conducted every five thousand years," Qiu Yue said.

"Oh?" Jian Wushuang looked.

"Mister, you just came to Lineage of Star. There are many things that you have yet to know. In Lineage of Star, it has always been power defines one's position," Qiu Yue explained.

"Under normal circumstances, the disciples of Star Palace have always had fifteen slots. Among them, five are Universe Gods in the Third Heaven, five are Universe God in the Second Heaven and five are Universe Gods in the First Heaven!"

"In other words, they selected top five strongest Universe Gods in each Heaven to join Star Palace. The selection method is conducted through a battle between disciples in Star Palace that is held every five thousand years in Lineage of Star. In the battle, the five strongest will become disciples of Star Palace while the rest will be ordinary disciples!"

"Is that so?"

Jian Wushuang understood then, "In other words, although I am a disciple of Star Palace now, if I fail to be in the top five strongest among Universe Gods in the Second Heaven in the battle eight hundred years later, I will be degraded as an ordinary disciple?"

"Yes," Qiu Yue nodded.

Jian Wushuang lifted his eyebrows and he immediately felt pressure from the bottom of his heart.

In Lineage of Star, there was a huge difference between the disciples of Star Palace and ordinary disciples.

Especially considering that Real God Hall, Scripture Depository, Reset Palace, the three main cultivation resource were only occupied by disciples of Star Palace.

Jian Wushuang, of course, wanted to maintain his position as a disciple of Star Palace. However, with his ability then, he was at the bottom of the Universe Gods in the Second Heaven within Lineage of Star.

"I only have eight hundred years!" Jian Wushuang held his fists tight and his eyes were twinkling with energy.

Eight hundred years wasn't short to him.

With eight hundred years' time, with the aid of cultivation resources in Lineage of Star, he might stand a chance.

"Mister, you lost to Luo Quan today before the other few disciples. If I'm not mistaken, they definitely will spread the word. By then, I'm afraid it would trigger the suspicion and dissatisfaction of many other disciples. There might be other disciples who come to challenge you. You must be mentally prepared." Qiu Yue reminded.

Jian Wushuang smiled faintly, "My current power is too weak. I have to admit. Whether or not they suspect me, has nothing to do with me. If they want to challenge me, by all means, come. There is no difference between losing one battle and a hundred battles anyway."

Jian Wushuang didn't care. On the contrary, he hoped that the disciples in Lineage of Star would look for him.

Jian Wushuang treated the fights with the geniuses as a kind of training.

Plus, he had already lost to Luo Quan. So what if he were to lose to other ordinary disciples?

He didn't care about victory or defeat. The only thing that he cared about was his strength and the result of the battle that would happen eight hundred years later.

...

Just as Qiu Yue has predicted, the news about Jian Wushuang being defeated by Luo Quan spread like wildfire in Lineage of Star.

At the same time, the mirror image of their battle was spread across Lineage of Star too. On top of that, the image of Jian Wushuang trying to catch a Meta beast in the Milky Way was spread along too.

The moment the images spread, it suddenly stirred a commotion in the entire Lineage of Star.

The disciples in Lineage of Star were all astonished.

They were shocked at the fact that Jian Wushuang was defeated by Luo Quan.

There were many geniuses in Lineage of Star after all. It was normal that an ordinary disciple win against disciples in Star Palace occasionally. Plus, Jian Wushuang just got to the Lineage of Star and he had yet to cultivate while utilizing the resource in Lineage of Star. It was nothing if his power wasn't ahead of Luo Quan.

What shocked the disciples was that the power that Jian Wushuang revealed was... Really too weak!

"Weak!"

"How could he be so weak?"

"He can't even do anything to a three-meter tall Meta beast and he is a disciple of Star Palace?"

"I heard that he couldn't even pass through the first floor of Star Tower. Is this a joke?"

"Universe God in the Second Heaven with only this level of power, there are so many in Purple Moon Sanctuary. What is Hall Master Yuan thinking? How could they let such a person become a disciple of Star Palace?"

These disciples couldn't understand how Jian Wushuang, with such a weak power, had become a disciple of Star Palace.

As they couldn't understand, it naturally became dissatisfaction towards the higher ups of Lineage of Star.

"Unfair!"

"I put in so much effort but I could only maintain my position as an ordinary disciple. But Jian Wushuang is a disciple of Star Palace with only such power?"

"Would Jian Wushuang be one of the Hall Master's illegitimate children or is he related to the Palace Master by any chance? Otherwise, why would the higher ups of Lineage of Star take such a good care of him?"

Lineage of Star was filled with dissatisfaction and complaints.

The disciples of Star Palace was definitely an existence that countless ordinary disciples in Lineage of Star envied.

The three most precious cultivation resources in Lineage of Star had always been the special privilege that disciples of Star Palace possessed while ordinary disciples stood almost no hope at all.

All this while, the ordinary disciples fought for a chance to become a disciple of Star Palace. Those who were lucky enough to become disciples of Star Palace relied on their power and proved themselves to become one. Hence, these ordinary disciples could only accept them.

However, the ordinary disciples were then unhappy with the appearance of Jian Wushuang and the power that he revealed. The ordinary disciples complained that Lineage of Star was unfair and that the higher ups were biased!

Chapter 1373: Unfair!

On the Sword Star, a new round of the ongoing battle was happening.

Bang!

A giant axe hit Jian Wushuang directly, blasting at both him and his sword. It took Jian Wushuang quite a while to regain his stability.

“Is he worth his identity as a disciple from the Star Palace?! Ridiculous!”

The man using the axe glanced at Jian Wushuang with contempt and left.

Outside of the Sword Star, many disciples were watching the battle.

“Jian Wushuang has already lost twelve battles consecutively. Thirteen, if we count the battle with Luo Quan.”

“It is the first time that I have seen such a weak disciple from the Star Palace.”

Many disciples were gossiping about Jian Wushuang.

“He just joined the Star Palace by luck.”

“Still, he is quite resilient and never gave up, even though he was defeated by multiple times.”

“Resilient? I think he is stupid!”

He may step down in eight hundred years. I would be meaningless to waste time discussing him.

Many disciples left.

They had gradually lost interest in Jian Wushuang and no one challenged him any more.

Amongst those who were still watching Jian Wushuang were two particular figures.

Hall Master Yuan and Lei Chao.

Hall Master Yuan sighed, “He is having a difficult time.”

“Of course. How can it be easy to pretend to be a Universe God in the Second Heaven when he is only in the First Heaven?” Lei Chao said.

“Recently, many disciples as well as many Real Gods have complained to me that it is unfair to let Jian Wushuang in.”

“Nonsense. It is only unfair to Jian Wushuang, not them.” Lei Chao murmured.

“But they don’t know the truth, so we can’t blame them either. Let’s just see what will happen in the future. Obstacles are good for him.”

“But if Jian Wushuang becomes an ordinary disciple, he will lose many resources.” Lei Chao said.

“Maybe we won’t have to worry about this just now. Just wait.” Hall Master Yuan said smilingly and left.

Lei Chao also left.

After ordinary disciples lost interest in Jian Wushuang, he finally had time to devote himself to cultivation.

He was now in the Reset Palace.

He was sitting in the palace with a strong consciousness attack around him.

Under the attack, Jian Wushuang slowly increased his soul resilience.

At the same time, he was consuming the power captured by the four Meta Beasts, which facilitated his soul power.

“With the help of the beasts’ power, I can increase my soul power faster!”

Jian Wushuang felt satisfied.

After he had run out of all the Meta Beast power, he chose to leave the Reset Palace and started to travel around the Nine Shrines.

Although the Nine Shrines were not as valuable as the Real God Hall and the Reset Palace, they could still help cultivators a lot.

Especially the Shrine of Myriad Swords.

The Shrine of Myriad Swords was used for cultivating swordsmanship. It was home to countless secret skills, the procedures of which could be demonstrated through screens.

There were so many high-level secret skills that were convenient to learn.

The Shrine of Myriad Swords could definitely help Jian Wushuang improve his swordsmanship.

“Now my cultivation of swordsmanship is going through a bottleneck and I need a breakthrough. Maybe I could draw some inspiration and make a breakthrough here!” Jian Wushuang was delighted.

From then on, Jian Wushuang went to the Shrine of Myriad Swords and the Reset Palace every day.

The Reset Palace forced Jian Wushuang to strengthen his consciousness.

But he needed to relax after spending time under too much pressure. He chose to go to the Shrine of Myriad Swords to learn swordsmanship and occasionally caught Meta Beasts to absorb energy.

Time passed quickly.

Jian Wushuang had been in the Lineage of Star for thirty years

In the Shrine of Myriad Swords.

With a harsh sound, a bright flash of light burst out from Jian Wushuang’s sword.

The light transformed into a scarlet phoenix which could generate overwhelming power.

As the light dissipated, the phoenix also disappeared.

Jian Wushuang had succeeded!

“Finally, I have made a breakthrough in the past thirty years and created a Peak Rank Two Secret Skill.” Jian Wushuang was satisfied.

Without resources in the Lineage of Star, Jian Wushuang would have had to spend much more time.

But, inspired by resources from the Shrine of Myriad Swords, he had made a breakthrough within only thirty years.

It would take a long time to create a Rank Three Secret Skill.

“Jian Wushuang, you should integrate the Peak Rank Two Secret Skill into your Blood Mountain Sword to make it more powerful,” King of Venomous Worms commented.

“You are right!” Jian Wushuang was inspired.

Chapter 1374: Unfortunate Experience in the Milky Way

Cultivation time waited for no man!

To those experts at the top of the Eternal Chaotic World, such as Almighty like the founder of Lineage of Star, ten thousand years or a hundred thousand years were all like the snap of his fingers.

A million years was merely a blink of an eye.

Tens of million of years wasn't long either.

However, to Jian Wushuang that had yet to cultivate for ten thousand years, he could do many things in eight hundred years.

It was his one-hundred-and-twentieth year in Lineage of Star.

Star Tower, first floor.

Buzz! Buzz! Buzz!

Rays of swordlight swept out magically from Jian Wushuang continuously.

Those sword lights were beautiful, and every ray was enchanting.

His opponent, the middle-aged man with a long beard, wielded his sword. He was quick, accurate and brutal. He was extremely decisive in his moves.

Both of their swordsmanships were exposed entirely and their swords collided over and over again.

The collision of their sword lights reverberated through Star Tower.

There was suddenly a sharp glare in Jian Wushuang's eyes.

“Billows!”

Gush!

There was a boundless sword light that exploded. It looked like there was at least a thousand rays of sword lights.

The sword lights looked blurry and no one could tell which was real.

“Break!”

The middle-aged man bellowed and twitched. It slammed the core of the sword light like lightning and collided with the tip of the Blood Mountain Sword

“Ghosting!”

The divine power in Jian Wushuang’s hand surged, and boundless sword lights overlapped one another as though thousand rays of sword light had gathered into one and suddenly erupted.

“What?”

The long-bearded middle-aged man looked astonished but he couldn’t dodge in time and was hit by the sword light directly.

The first floor of Star Tower, passed!

“Finally passed!”

There was joy in Jian Wushuang’s eyes.

When he first got to Star Tower, he was defeated by the long-bearded middle-aged man directly. He was far from passing the floor.

However, one hundred and twenty years later, although he had yet to create an advanced rank three unique skill, with the two beginner rank three unique skills and with his understanding of swordsmanship and killing technique, he had passed through the first floor of Star Tower.

“In Lineage of Star, most of the ordinary disciples who are Universe God in the Second Heaven could only pass through the first floor of Star Tower. I am barely even-handed with but not at the bottom like before,” Jian Wushuang smiled.

On the day Jian Wushuang passed through the first level of Star Tower, the news spread.

Like a gentle breeze, there was not much response.

Merely passing the first floor wasn’t enough to catch the disciples’ attention. If Jian Wushuang could pass through the second floor of the Star Tower, that might catch their attention.

“The Meta strength that I obtained earlier finished. I have to catch a few Meta beasts for supplementation!”

Jian Wushuang walked directly to the Milky Way after he left Star Tower.

In the boundless Milky Way, Jian Wushuang wandered leisurely as his Soul Power spread.

Soon, Jian Wushuang found his first Meta beast.

“Oh, a three meter tall Meta beast?” Jian Wushuang’s eyes blinked.

A hundred and twenty years ago, the first time he came to catch a Meta beast it was also a three meter tall Meta beast. But then, he couldn't do anything about it and could only let it go.

But now...

Jian Wushuang immediately moved and suppressed the Meta beast's speed with Blaze Quicksand Gourd. He caught up with it and took swift action. In a short time, the Meta beast was caught alive.

"First."

Jian Wushuang smiled and continued to wander around,

Ten days passed. In the past ten days, Jian Wushuang had caught twenty-two Meta beast to extract a large amount of Meta strength.

"With the Meta strength that I extracted, it should be enough for me to cultivate for a few years in Reset Palace. Let me catch one last one," Jian Wushuang made up his mind.

Half an hour later, Jian Wushuang found his last Meta beast.

"Quite a fat little one, huh?"

Jian Wushuang looked at the Meta beast which was huge and almost four meters tall, he was impressed.

There were many Meta beasts in the Milky Way. However, as the disciples in Lineage of Star always extracted their Meta strength from them, there were very few that could reach four meters tall. Previously, Jian Wushuang had only come across one.

Rumble!

Jian Wushuang took action directly.

The Blaze Quicksand Gourd suppressed the Meta beast while he wielded Blood Mountain Sword and formed a boundless sword intention to cover the Meta beast.

Wow! Wow!

A mere collision twice, as he was worried that he would hurt the Meta beast, Jian Wushuang intentionally hit the Meta beast's body with the body of Blood Mountain Sword. However, in the end, the Meta beast retreated madly.

"Little one, don't struggle," Jian Wushuang smiled.

The four-meter-tall Meta beast could tell that he couldn't win against the human attacker, so it started running madly. Even though it was within the scope of Blaze Quicksand Gourd, it still showed shocking speed.

"It looks like I'll need to put in some effort," Jian Wushuang sighed. The four-meter-tall Meta beast was obviously more difficult to deal with than expected.

However, just as Jian Wushuang prepared to chase the Meta beast, there was a figure that appeared before the Meta beast. Then, there was a hand that swept like lightning and slapped the Meta beast.

The fierce force caused the Meta beast to groan in pain. Then, the figure took action again and caught the Meta beast easily.

Jian Wushuang moved and came before the figure.

“Qu Yang, it’s you?” Jian Wushuang looked at the person before him calmly.

He had a good impression of Qu Yang. After all, Qu Yang was the one who brought him around to the Lineage of Star back then.

“Jian Wushuang?” Qu Yang took a glance at Jian Wushuang in disdain.

“Thank you for blocking the Meta beast for me. Otherwise, It would take a while for me to catch it,” Jian Wushuang smiled faintly.

“Blocking it for you? Hehe, I think you misunderstood the situation.” Qu Yang looked cold and his voice was low, “Although you were the one who saw the Meta beast first, the person who caught it is me. The Meta beast is naturally mine, and you... You’d better stay far away!”

“Stay far away?” Jian Wushuang was stunned but he sneered in his heart, “Qu Yang didn’t know my power back then but only treated me with passion because I am a disciple of Star Palace. But everyone knows about my power now. Qu Yang has taken such an attitude to me. What a realistic person.

Although Jian Wushuang sneered, he didn’t care. He had been used to it for a long time.

“Why? What are you doing here? Can’t you hear me?” Qu Yang glared at Jian Wushuang coldly.

“Hurry up and leave!”

“Otherwise, don’t blame me!”

...

Chapter 1375: Give a lesson to Qu Yang

In the Star River, Jian Wushuang and Qu Yang stood face to face. Silence spread over the surroundings.

“Qu Yang.”

Jian Wushuang raised his head, “I’m okay with giving you the Meta Beast, but I feel uncomfortable with your attitude to me.”

“Who cares? In the Lineage of Star, no one respects you.” Qu Yang sneered.

Jian Wushuang didn’t respond but stared at Qu Yang. A flash of light was sent out from his eyes.

Bang!

The light was the great soul power generated by Jian Wushuang.

Jian Wushuang generated it so quickly and silently that it shot out to Qu Yang in just one second.

“What?”

Qu Yang was surprised. He knew it was a soul attack but he couldn't resist.

Bang!

Qu Yang felt like billions of thunderstorms had struck him, and his consciousness came to a halt.

At this moment, Jian Wushuang continued to beat him with his palms.

Bang!

The sound of the beats were resounding. Qu Yang was knocked down, causing blood to fly from his mouth. It took him a while to stand stably.

After Qu Yang recovered his consciousness, he found that a scarlet, palm-shaped scar was left on the left side of his face.

It hurt!

Qu Yang was shocked!

"If you were not a disciple from the Lineage of Star and if we were out of the territory of the Lineage of Star, I would have killed you!" Jian Wushuang said indifferently.

Then Jian Wushuang left Qu Yang alone.

Qu Yang was speechless and stunned.

The scar on his face told him what had just happened.

"How can this be possible?!"

"Why is his consciousness attack so strong?"

"Much stronger than one hundred and twenty years ago!"

...

Jian Wushuang continued to walk through the Star River.

"I have kept a low profile and stayed focused on cultivation for the past one hundred and twenty years. No one knows that my power had increased dramatically."

"Qu Yang believed that I was weak."

"And now he has learned his lesson."

Jian Wushuang laughed.

One hundred and twenty years ago, he had been defeated by thirteen disciples.

He had indeed been weak at that time. Ordinary disciples found it easy to defeat him.

But now things were different.

He had made a great breakthrough.

He had caught up with ordinary disciples and passed the first level of the Star Tower in a test of his secret skills and swordsmanship.

But the most dramatic improvement was in his soul power.

The resources in the Reset Palace, as one of the most valuable treasures in the Lineage of Star, had indeed helped him a lot.

Furthermore, he had used Meta Beast's power to facilitate his soul power.

The most important resources came from the Universal Dao Scripture from his master Xuan Yi.

The Universal Dao Scripture was a high-level guide to improving soul power.

Jian Wushuang had gained great benefits from the Universal Dao Scripture when he was in Tian Yuan Mystery Land.

But the Reset Palace was more challenging and therefore more powerful than the the Universal Dao Scripture.

Within one hundred and twenty years, Jian Wushuang's soul power had increased to nearly the level of a Peak Universe God in the Third Heaven.

He could generate soul power that even an ordinary Universe God in the Third Heaven couldn't resist.

That was why Qu Yang had been easily defeated.

Qu Yang's consciousness was just barely equal to an ordinary Universe God in the Third Heaven.

So he had lost consciousness under Jian Wushuang's attack.

In this way, Jian Wushuang could take chances to attack him.

"Since you have improved your soul power a lot, it is now easier for you to exercise the Secret Skill of Tian Yuan." King of Venomous Worms said.

"Yes, I can now use the Secret Skill of Tian Yuan five times in a short time."

One hundred and twenty years ago, he could have only used it once at a time!

"Continue to improve yourself to the level of a Peak Universe God in the Third Heaven so that you can exercise the second level of the Secret Skill of Tian Yuan rather than the first now. It will be a big advantage in the Selection Battle for Disciples in the Star Palace." King of Venomous Worms said.

"Of course." Jian Wushuang smiled.

He went back to the Reset Palace.

There he continued to improve his soul power with the help the Meta Beast's power.

As for Qu Yang, he didn't mention anything about Jian Wushuang and his scar. It was too shameful for him.

So no one else knew Jian Wushuang's power.

Six years soon passed.

Jian Wushuang paused his cultivation in the Reset Palace.

"I have consumed all my Meta Beast's power, but my soul power is still at the level of an Advanced Universe God in the Third Heaven. No breakthroughs yet."

"Maybe I should go to the Four Mystery Lands for new inspiration."

Jian Wushuang thought.

Chapter 1376: Five Beast Soul Manipulation Knack

Lineage of Star controlled four mystery lands and nine shrines.

The nine shrines were only chances, whilst the four mystery lands were chances accompanied with danger.

It was in a huge cave dwelling that was formed with special crystals.

"Jian Wushuang, you just got to Lineage of Star not long ago and you're not that strong. If you were to go to the four mystery lands, wouldn't it be too early?" Hall Master Yuan creased his eyebrows as he asked Jian Wushuang.

"My power has reached a bottleneck as of now. If I continue to cultivate in seclusion in Lineage of Star, there won't be much progress," Jian Wushuang replied.

"Which mystery land are you planning to go to?" Hall Master Yuan asked.

"Tian Ling Mystery Land," Jian Wushuang replied.

"That's not too bad," Hall Master Yuan's tightly knitted eyebrows loosened slightly, "The four mystery lands that Lineage of Star control contained hidden danger. According to the level of danger on the list, Tian Ling Mystery Land is at the last place. Although it is dangerous, the possibility of you surviving is quite high with your current power."

"Jian Wushuang, if I'm not mistaken, the reason you opted to go to Tian Ling Mystery Land is to improve your Soul Power, right?"

"Yes," Jian Wushuang replied frankly.

The four mystery lands had different characteristics and dangers. Tian Ling Mystery Land was best for experts who were good at consciousness and Soul Attacks.

That was also the reason why Jian Wushuang opted for the mystery land.

"When you entered Lineage of Star, your Soul Power wasn't weak. Now that you have cultivated in Reset Palace for so long, your Soul Power has definitely improved tremendously. However, the way you use your Soul Power is too immature," Hall Master Yuan commented.

Jian Wushuang nodded in silence.

That's true, The way he used his Soul Power really was too immature.

Under normal circumstances, he only knew to add Soul Attack into his Sword Principle and perform it together alongside his Sword Principle.

Or, he could use the secret skill of Tian Yuan to perform a Soul Attack bluntly.

However, the secret skill was merely an attack measure and not the fundamental method.

"Jian Wushuang, if you are not in a hurry, wait for another two years in the Lineage of Star. Then, you can depart again after two years," Hall Master Yuan smiled and replied.

"Another two years? Why?" Jian Wushuang creased his eyebrows.

"You'll know by then," Hall Master Yuan smiled mysteriously but didn't clarify why.

Although Jian Wushuang found it suspicious, he didn't really mind waiting for another two years.

In the two years, he stayed in the Milky Way and constantly caught Meta beasts to extract their Meta strength.

He was going to wander around the mystery land after all. He wouldn't know how long he would be gone for. It'd be good to prepare for Meta strength to nourish his soul.

Two years later, Jian Wushuang came to the cave dwelling again. This time, he saw Hall Master Yuan and also Lei Chao.

"Jian Wushuang, this is for you."

Lei Chao waved and threw a token to Jian Wushuang.

"This is it?" Jian Wushuang took it subconsciously but he looked confused.

It's a manipulation method of Soul Power. I spent time and effort to specially get this for you," Lei Chao said.

"Specially get it for me?" Jian Wushuang was shocked.

"When I told you to wait for two years previously, I was asking you to wait for Lei Chao," Hall Master Yuan laughed, "You had Soul Power, but you didn't know the manipulation method of the Soul Power. Isn't that a waste of your advantage? We at the Lineage of Star have a manipulation method of Soul Power but it is rather profound. With your current level, it would be extremely difficult for you to enter. So, I sent Lei Chao to get the Five Beast Soul Manipulation Knack for you.

"This, this..." Jian Wushuang was at loss for words.

"Why? Are you overwhelmed?" Hall Master Yuan smiled and asked.

"A little," Jian Wushuang nodded heavily.

Many ordinary disciples in Lineage of Star, including the disciples in Star Palace, relied on their capabilities to fight for resources in Lineage of Star.

As for favors bestowed to the experts in Lineage of Star... Unless you were a direct descendant of one's disciple, no one would grant the other any treasures or chances.

But then, Hall Master Yuan told Lei Chao to spend a few years time to specially get him the Five Beast Soul Manipulation Knack.

Jian Wushuang was of course overwhelmed by such treatment.

"Actually I did so because I wanted to be fair.

Hall Master Yuan looked over, "You're a Universe God in the First Heaven after all. But you have to pretend to be a Universe God in the Second Heaven. You even have to participate in the battle as a Universe God in the Second Heaven. To you, it is really unfair. So, now that I have provided you with this Knack, it can be considered compensation. As for the battle that is going to happen in a few hundred years, it'll be depending on you and if you can maintain your identity as a disciple of Star Palace."

"Oh, I see," Jian Wushuang then understood the situation.

"I have passed you the Five Beast Soul Manipulation Knack. Bring it back and study it. After you're prepared, head over to Tian Ling Mystery Land. Besides, whenever disciples of Star Palace wander in the four mystery lands, they will be assigned with a task. Same goes to you. The task in Tian Ling Mystery Land is for you to collect Tian Ling Crystals!" Hall Master Yuan continued.

"Under normal circumstances, an ordinary disciple in Lineage of Star at the level of Universe God in the Second Heaven has to collect three Tian Ling Crystals!"

"And you're a disciple of Star Palace so the difficulty of the task shall be higher. You have to collect ten Tian Ling crystals to be considered to have completed your task."

"I understand," Jian Wushuang nodded faintly. He had heard that everyone who wandered the four mystery lands would be assigned a task, so he was mentally prepared.

"Go ahead."

Hall Master waved his hand and Jian Wushuang left.

After Jian Wushuang left, he wasn't in a hurry to get to Tian Ling Mystery Land but returned to Sword Star. He started studying the Five Beast Soul Manipulation Knack.

"Five Beast Soul Manipulation Knack developed and evolved Soul Power into five beasts. It then formed a balance to fight fiercely with the opponent... Such an interesting method!"

Jian Wushuang had merely studied it for a while but he could see why the method was so amazing.

"Jian Wushuang, the Five Beast Soul Manipulation Knack is just a fundamental method of how to use Soul Power. It's not that precious. It is even far from the secret skill of Tian Yuan that you've gotten. However, the secret skill of Tian Yuan is a secret skill. So, it wouldn't be that easy to be carried out. But this fundamental method of using Soul Power is what you are lacking right now," King of Venomous Worms said.

“Go ahead and study for a few days on your own. After you master the simple way to use your Soul Power, head over to Tian Yuan Mystery Land for practical training. Then, you’ll be able to familiarize yourself with the method.”

“I know,” Jian Wushuang smiled faintly.

He stayed in Sword Star for a month. After a month, when he understood the Five Beast Soul Manipulation Knack to a certain level, he got ready to head over to Tian Ling Mystery Land.

Chapter 1377: Tian Ling Mystery Land

Tian Ling Mystery Land was one of the four mystery lands of the Lineage of Star, but the wormhole for entering the land was outside the base of the Lineage of Star, in a place called Cloud Island.

The Cloud Island was the biggest wormhole and it connected to the most places in Star Land.

It provided access to all parts of the Purple Moon Sanctuary and other cultivation places.

The Cloud Island brought tremendous amounts of profits to the Lineage of Star.

Thousands of cultivators of different levels gathered there, including Real gods and Universe Gods.

“Master, how long will you have to wait? We have been here for almost one year.” A tall man in purple armor asked an elder with brown hair.

The elder with brown hair was a Real God and the other five, including the young man, were Universe Gods.

“We should wait for longer for other cultivators to join us in the Crystal Land. Now we only have thousands of cultivators and only three Real Gods. But we still can’t afford the price for the wormhole to the Crystal Land. We should be patient and wait.” The elder sighed.

The young man murmured, “Just a wormhole is so expensive. How greedy the Lineage of Star is!”

“Shut up! Do you know what you are talking about?”

The man also realized his offense. He looked around nervously and was relieved that nobody was paying attention to him.

“Be careful not to offend the Lineage of Star. I can’t save you if you get into trouble. By the way, you don’t know the cost of opening a wormhole to the Crystal Land. It is extremely expensive.”

So the disciples all kept silent.

Whoosh!

At that moment, a figure flashed through the heavens and caught the attention of the brown-haired elder and his disciples.

They saw that a man in a black robe had paid the money needed for opening the wormhole.

“He could pay the fee by himself? How extraordinary!”

Just then,

Whoosh!

Almost one hundred Gods flew to palaces at the top of the Cloud Island.

There were four Real Gods. All the rest were Universe Gods in the Third Heaven.

“The four Real Gods are deacons from the Lineage of Star!”

“Three silver deacons and one golden deacon.”

“What do they come for?”

Other cultivators were curious.

They saw that a young man wearing blood-red robe and carrying a long sword had moved forward.

All Universe Gods and even the four Real Gods bowed to the young man.

“Oh my god!”

“Real Gods bowed to a Universe God in the Second Heaven?”

“Who is the young man?”

“Maybe he is the disciple in the Star Palace!”

All the cultivators in the Cloud Island felt shocked.

So did the five disciples of the brown-haired elder.

“Why can a Universe God in the Second Heaven like me be respected so much by those prestigious deacons in the Lineage of Star?”

Jian Wushuang didn’t care about other’s attention and was surprised. He went toward the palaces following the four deacons.

“We will open the wormhole to the Tian Ling Mystery Land for you.” The golden deacon said.

“Thank you.”

Those who could train inside the Lineage of Star were core members, including disciples and masters.

Besides them, there was another group of talents who lived in the margins, including Universe Gods in the Third Heaven who guarded the Cloud Island and the four deacons.

So their status was lower than Jian Wushuang even though they were already Real Gods.

Soon, the wormhole opened.

“Take the token with you. If you want to leave the Tian Ling Mystery Land, just smash the token.”

“Ok.”

Jian Wushuang entered the wormhole.

Now in the Tian Ling Mystery Land.

Bang!

A space twisted, and Jian Wushuang entered into the Tian Ling Mystery Land through it.

When Jian Wushuang entered into the land, he looked down at the top.

“What a large forest.”

The forest was so boundless that Jian Wushuang couldn’t detect its border with his soul power.

But he felt the breath of organisms there.

Both humans and beasts.

“As for as I know, the Lineage of Star always allows the Tian Ling Mystery Land to follow nature and develop without intervention. There are many talents here.”

“Before I start to cultivate, it’s better for me to get familiar with the surroundings.”

“As for the Tian Ling Crystal, I have to be patient and wait for opportunities.”

Then Jian Wushuang walked down through the boundless forest.

He was now in the land as an outsider.

Chapter 1378: Soul Master!

In the ancient forest, the youth in the crimson robe who was carrying a long sword slowly moved forward.

“It smells of blood. It is quite pungent. It seems that there are always fights in this forest,” Jian Wushuang smiled faintly.

Swoosh!

A crimson flowing light swept past the forest. Jian Wushuang stopped under a big tree but his gaze was fixed in front of him.

There was a two-meter tall figure at the open space before him.

“This should be the beast in Tian Ling Mystery Land, right?” Jian Wushuang thought to himself.

The beast before him was huge in size and it had three humongous heads. The eyes were bloodshot red and it looked extremely ferocious.

When Jian Wushuang appeared, the three-headed beast responded. There were two bloodshot red eyes fixed on Jian Wushuang.

Then, rumble!

An extremely savage aura exploded from the beast and it charged towards Jian Wushuang like lightning.

Jian Wushuang's eyes contracted but he didn't draw his sword. There was a strong Soul Power that surged out from his body.

Suddenly, his Soul Power turned into a purple tiger and roared as it leaped forward.

Bang!

A loud thud and the three-headed beast groaned in pain. After the huge body plundered for a while, it finally fell on the ground.

"A purple tiger formed by Soul Power nearly collapsed from the crash?" Jian Wushuang creased his eyebrows.

Although he had killed the beast, he obviously wasn't happy with the attack earlier.

"Jian Wushuang, the usage of Soul Power requires continuous accumulation and practical training. You will familiarize with the method over time. You just mastered the Five Beast Soul Manipulation Knack. It is inevitable that you will seem a little rusty in using it. It will get better after a few more times," King of Venomous Worm said.

"Mm." Jian Wushuang nodded and continued to move forward.

...

In the mid-region of the forest, there happened to be a troop of over ten people moving forward slowly.

"We will reach the Fiery Lion King's territory soon. Tread softly so that it won't sense you and escape," the man in the black shirt looked at his troop behind him.

"Mm," Everyone nodded simultaneously and looked extremely solemn.

"Sissy, the Fiery Lion King is very powerful. Our troop can barely kill it. We can't allocate another person to protect you. Don't expose yourself. Find a place to hide. Until we kill the Fiery Lion King, you can't come out. Understand?" The man in black shirt looked at one person and said.

"Mm," the maiden in black that looked innocent nodded continuously, but her eyes were twinkling with excitement.

Soon, they arrived at the territory of the Fiery Lion King.

"It's there!"

The man in the black shirt looked at the Fiery Lion King with the flaming red body which was more than three-meter tall and standing under a big tree. His eyes grew bright with the sight.

"Let's do it!"

The troop, which was well prepared and had come specifically for the Fiery Lion King, immediately took action without hesitation.

"Roar!"

A fight immediately took place.

“Be careful!”

“D*mn it, the Fiery Lion King became even stronger than before?”

“Sh*t, it’s running away!”

“Let’s go after it!”

The troop started a chase with the Fiery Lion King in the forest.

Then, the direction where the Fiery Lion King was running towards had a figure in a crimson robe that was moving forward slowly.

“Huh?”

Jian Wushuang hauled his footstep. His Soul Power was spread all the time. He naturally could feel the Fiery Lion King that was running towards his direction almost instantly.

The Fiery Lion King was running towards where he was and it suddenly appeared before him.

“Roar!”

Looking at the youth in crimson robe blocking his way, the Fiery Lion King let out a raging bellow and charged towards Jian Wushuang.

“Be careful!”

“Move!”

The man in black and the people behind him who were chasing after the Fiery Lion King immediately shouted.

Jian Wushuang didn’t move an inch but looked at the Fiery Lion King charging towards himself as though he was dumbfounded by the sight. However, perceptive onlookers would see that there was a strange light twinkling his eyes. Vroom!

A shapeless force swept out and suddenly covered the body of the Fiery Lion King.

The Fiery Lion King was originally charging towards Jian Wushuang in total madness and at lightning speed. However, the force that swept out led to the diminishment of its terrifying speed and it was soon stopped entirely. Then, its dead body fell to the ground.

“What?”

The man in the black shirt and his troop ran over quickly and came beside the Fiery Lion King’s dead body. Looking at the dead body on the ground, all of them were astonished.

“The Fiery Lion King is a extremely strong second-level beast which could be compared to an ordinary two-starred Divine General. The person before us didn’t even move and he killed the Fiery Lion King?”

“Soul Master!”

“And he’s a very terrifying Soul Master. He’s at least a Peak two-starred Soul Master!”

The man in the black shirt fixed his gaze at Jian Wushuang and he quickly bowed politely the very next moment, "Xue Feng troop captain, Xue Feng. Greetings to the Soul Master. Thank you, Soul Master, for helping us to take care of the Fiery Lion King."

"Soul Master?" Jian Wushuang lifted his eyebrows.

Before he departed, he found some information about Tian Ling Mystery Land. He also knew that there were two kinds of cultivators there. One was a warrior which was commonly seen and the other was the Soul Master that the man in the black shirt mentioned.

Soul Masters specialized in studying consciousness and soul.

In Tian Ling Mystery Land, Soul Masters were rarer than warriors and of a much higher class.

Whoever was Soul Master, even if he was just a one-starred Soul Master, which was the lowest ranking, would be respectable.

"Your troop came specially for the Fiery Lion King? Jian Wushuang asked coldly.

"Yes," the man in black shirt, Xue Feng nodded, "Our troop came across the Fiery Lion King once. Unfortunately, it happened too suddenly and we weren't prepared so it escaped. It even nearly killed one of us. Hence, our troop intentionally came to take revenge!"

"Oh, I see," Jian Wushuang nodded faintly, "The dead body of the Fiery Lion King should be quite valuable. Go ahead and take it."

"You're giving the dead body to us?" Xue Feng and the other cultivators in the group were stunned but they quickly understood.

"The dead body of a Fiery Lion King is not unimportant, but to someone who is at least a Peak two-starred Soul Master, it shouldn't be anything," Xue Feng thought to himself. He didn't refuse and took the dead body of the Fiery Lion King into his Qian Kun Ring directly.

Then, the maiden in black that had been following at the back came over.

"Brother," the maiden in black came before Xue Feng and asked with concern, "Are you okay?"

"It was nothing. Luckily, this master lent us a hand," Xue Feng smiled and continued, "Sissy, quickly come and greet the Soul Master."

Chapter 1379: Xue Feng's Team Got Into Trouble

"Hello, Soul Master." The girl in black greeted Jian Wushuang with respect.

"This is my younger sister Xue Tong, also a Soul Master. Now she has the ability to be a level-one Soul Master, although she hasn't been approved by the Soul Master Sect." Xue Feng said by way of introduction.

Jian Wushuang looked at the girl and didn't reply.

"Are you going back into the town, Master?" Xue Feng asked.

Jian Wushuang nodded.

“So are we. How about going together?”

Jian Wushuang couldn't feel any kind of enthusiasm in the eyes of Xue Feng and Xue Tong.

Jian Wushuang knew why.

“They want me to teach Xue Tong soul power skills.” Jian Wushuang thought.

After all, the number of level-two Peak Soul Masters was limited in the whole Tian Ling Mystery Land. It was a valuable opportunity to learn from them.

“OK.”

Jian Wushuang accepted the invitation.

After all, he needed to learn more about the Tian Ling Mystery Land from Xue Feng.

So they set out.

Xue Tong sought any opportunity to ask Jian Wushuang about consciousness control.

When she found Jian Wushuang was patient and kind, she felt freer and asked questions more frequently.

But Jian Wushuang had mixed feelings.

What he could teach Xue Tong was only from Five Beast Soul Manipulation Knack

He knew the theory but didn't know how to exercise.

What's more, Xue Yang was, in fact, even better at consciousness control than him.

Actually I should learn from Xue Tong, because Soul Masters like her learn from childhood. My advantage is just having the Five Beast Soul Manipulation Knack.

And in this process, the skills that Xue Tong had shown him had also benefited Jian Wushuang a lot.

Five days passed.

“Master Wushuang, we will be arriving at the town in one day.”

Jian Wushuang nodded.

He had told them his name.

But as Xue Feng was talking... something happened.

Jian Wushuang felt alarmed.

“What happened, Brother Wushuang?” Xue Tong asked.

“Some people were approaching us.” Jian Wushuang said.

“Are they also exploring the forest?”

“Not exactly, they are not coming for beasts.”

And that group of people soon appeared in front of them.

They wore black robes and scary black masks, full of aggression.

Xue Feng was nervous, “They are from the Hungry Wolves Clan.”

Others were also frightened.

“Hungry Wolves Clan?” Jian Wushuang was confused.

“They are a burglar clan killing cultivators. Over the past few hundred years, numerous people have died because of them!”

Now Xue Feng’s group was in great trouble.

They were not powerful enough to contain the clan.

“Sister, leave with Brother Wushuang. I will fight with them and buy you more time.” Xue Feng told Xue Tong.

Xue Tong felt unwilling to leave Xue Feng alone.

As for the clan, among whom there was a man who wore a golden mask, they stood there looking at Xue Feng’s group.

“Have you investigated their levels, Mei Er?” The man in a golden mask asked.

“Nine people in total. Three level-two Divine Generals and another five are level-one. And the last one is not even a Divine General but it seems that she is a Soul Master. Her consciousness is not bad.” Mei Er said.

Obviously, the ranking setting in the Tian Ling Mystery Land was different from the Eternal Chaotic World.

There were Divine Soldiers, Divine Generals and Real Gods

But the ranking was similar. For example, level-one Divine Generals were equal to Universe Gods in the First Heaven.

As for Soul Masters, a level-one Soul Master had a consciousness as strong as a Universe Gods in the First Heaven’s.

“How weak they are.” The man in a golden mask grinned, “Kill them.”

So his subordinates started the attack.

Seeing this, Xue Feng and other members were scared to death.

“Leave here!”

Xue Feng shouted and asked his teammates to leave. He rushed to the clan alone.

“But he was just a level-two Divine General, much weaker than those level-two Peak Divine Generals in front of them, let alone the level-three Divine General in the golden mask.”

Xue Feng had little hope of being able to stop them.

“Xue Feng is in danger.”

Jian Wushuang frowned. Then he generated his unimaginable Soul Power.

The power transformed into a scarlet phoenix.

The giant phoenix rushed at the clan.

Chapter 1380: Three-starred Soul Master!

“Screech!”

A shrill cry was heard across the universe. A crimson phoenix appeared before the Hungry Wolves Clan before Xue Feng.

Then, the feathers on the crimson phoenix turned into crimson flowing lights and merged into the Hungry Wolves Clan members with terrifying speed.

A dozen Hungry Wolves Clan members paused in the void. Then, fumble. Almost half of them fell forward.

“What?”

“This... This is a consciousness attack!”

“It’s Soul Master. They have Soul Master among them!”

The remaining Hungry Wolves Clan members screamed, but didn’t dare to move forward.

The leader of the Hungry Wolves Clan, the man in the gold mask, took one step back and looked at the person next to him, “Mei, what’s going on?”

“I never expected that there would be two Soul Masters in this troop, and there’s one Soul Master that I can’t even detect,” the person in the black robe named Mei lowered her voice and replied, “However, although I can’t detect his existence, his consciousness attack wasn’t strong. His earlier technique was fierce but it only killed a level one Divine General. He didn’t kill just level two Divine Generals though. It obviously meant that he wasn’t too high of a level too. He is at most a two-starred Soul Master and he has just leveled up very recently.”

“Two starred Soul Master? You take care of him then,” the man in gold mask said.

“No problem,” the person in the black robe named Mei nodded and took a step forward.

On the other side, Jian Wushuang, standing among Xue Feng’s troop, looked rather cold.

"I am out of practice. The earlier technique collapsed on the way. Otherwise... There are not many from the Hungry Wolves Clan who could have survived the technique earlier," Jian Wushuang thought in his head.

His Soul strength was near to the level of a Peak Universe God in the Third Heaven. If he were to put his full power to play, even a Universe God in the Third Heaven wouldn't be able to resist. Even if it was a group attack, it wasn't something a second level Divine General could withstand either. However, when the crimson phoenix swept out, it only killed those first level one Divine Generals.

"Huh?" Jian Wushuang lifted his head. He had already seen the person in the black robe named Mei walking towards him.

"I never expected that there would be a two-starred Soul Master in your little troop. I wonder – what's the two-starred Soul Master's name?" Mei asked.

"Jian Wushuang," Jian Wushuan replied straightaway.

"Jian Wushuang?" Mei kept quiet for a while, but she shook her head after that, "I know any two-starred Soul Masters who are slightly famous but I've never heard of you. It seems that you only just broke through and became a two-starred Soul Master. How about this? I shall give you a chance to join the Hungry Wolves Clan. This way you can save your own life."

Jian Wushuang sneered at what she said, "If you were to kneel down and bow before me to ask for mercy, I would let you live."

"You're asking for it!"

There was a flash of coolness in Mei's eyes. The very next moment, swoosh! A huge black shadow that was formed by consciousness suddenly charged towards Jian Wushuang. The black shadow was a huge cobra.

Not only was the cobra huge in size, but it was also extremely flexible.

"I'm impressed. This person's manipulation of consciousness is much stronger than Xue Tong," Jian Wushuang complimented in silence, but his eyes suddenly turned cold.

Hong!

His Soul Power suddenly erupted. Then, Jian Wushuang had never performed Five Beast Soul Manipulation Knack but straightaway performed a Soul Constrain vigorously.

Soul Power that was close to a Peak in the Third Heaven was like a heavy hammer than suddenly slammed down onto the plundering cobra. It shattered the cobra into pieces and continued to move forward at Mei.

"How is this possible?"

There was an unprecedented terror in Mei's eyes below the black mask. Her eyes were wide open.

"Three-starred!"

"Three-starred Soul Master!"

A shrill voice was heard from Mei and her eyes grew dim.

Swoosh!

Mei's figure fell down.

The sight shocked everyone on the scene, including the siblings, Xue Feng and Xue Tong.

"Three-starred Soul Master?" Everyone couldn't help but mumble to themselves.

In Tian Ling Land, if a two-starred Soul Master was rare, a three-starred Soul Master was even more hard to come by.

In the nearby towns, there was definitely less than five three-starred Soul Masters!

Such big figures would definitely make everyone around the region shiver in fear.

Then, there was such existence before them.

"Damn it!"

The leader of the Hungry Wolves Clan, the man in the gold mask, roared and glared at Jian Wushuang.

In Tian Yuan Land, Soul Masters were scary and they were definitely the strongest players within their own level.

For instance, a two-starred Soul Master would be much stronger compared to a second level Divine General.

Then, a three-starred Soul Master was naturally much stronger than an ordinary level three Divine General.

"Let's go!"

Although the man in gold mask was upset, he could only leave.

Under his command, the rest of the Hungry Wolves Clan members let out a breath of relief and retreated.

They were really not brave enough to fight against a three-starred Soul Master.

However, just as the man in gold mask turned to leave...

"You come as you wish and leave as you wish. Aren't you living a little too comfortably?" Jian Wushuang cold voice rang out. Then, the Blood Mountain Sword appeared in his hands.

Wah!

Jian Wushuang moved and suddenly charged forward.

"Such speed!"

Xue Feng, Xue Tong and the people in their troop were terrified by the speed Jian Wushuang revealed.

Such a speed was obviously faster than any of theirs.

The man in the gold mask saw that Jian Wushuang moved forward directly. He wasn't angry, but actually happy instead.

"Son, you're just a Soul Master and you dared to fight in close combat with me?"

The man in the gold mask had a murderous intention that was flaring up.

Three-starred Soul Master was scary indeed. However, such terror only existed when there was a certain distance between him and the opponent. Then, he could opt to fight with Soul Power.

But then, Jian Wushuang charged towards him to fight in close combat recklessly?

Wasn't he asking for death?

On the Tian Ling Mystery Land, which Soul Master dared to fight close combat with a warrior?

"Die!"

The man in the gold mask immediately took out a huge ax and wielded it with strong strength.

Jian Wushuang too erupted his power to its limit and performed a unique skill!

"Ghosting!"

Boundless swordlights swept out and overlapped at a terrifying speed. It was as though thousands of millions of swordlights had gathered in the same spot.

The power of swordlight then exploded.

"Dang!"

After a loud collision, a terrifying power swept through the surroundings.

After another loud clash, the man in the gold mask staggered and fell backwards.
