

Swordsman 1381

Chapter 1381: Hatred

“How can be it possible?”

The man in the golden mask was shocked.

So were other members in the Hungry Wolves Clan and Xue Feng’s group.

Jian Wushuang not only was a level-three Soul Master with formidable power, but had other formidable skills??

He had defeated a three-level Divine General?

Seriously?

No one could believe their eyes.

Even Jian Wushuang was surprised to see that he was powerful enough to blast the man out with only one sword.

But he soon realized why.

Soul Masters were more powerful than Divine General of the same level, not because Soul Masters were geniuses, but because Divine Generals were relatively weak in the whole Tian Ling Mystery Land.

Jian Wushuang knew that at the beginning of the battle.

Although the man was a level-three Divine General, equivalent to a Universe God in the Third Heaven of the Eternal Chaotic World, but he was absolutely not as powerful as he was supposed to be.

Jian Wushuang grinned, “I think his Divine Power was no more than the level of a Peak Universe God in the Second Heaven. I guess he doesn’t even know what secret skills are.”

“Go!”

The gold-masked man chose to escape.

But Jian Wushuang didn’t give him any opportunity.

He waved his sword as fast as a flash, using Soul Attack that the man couldn’t resist at all.

The sword stabbed through the man’s throat.

The man died. Seeing this, his members were scared to death and ran away as fast as they could.

Jian Wushuang didn’t follow them.

Everything became peaceful again.

Xue Feng and Xue Feng went to Jian Wushuang with fear.

“Thank you, Master Wu Shuang.” Xue Feng showed his respect.

Other members except Xue Feng didn’t even dare to look at him.

Jian Wushuang was so formidable for them.

“Are you OK?” Jian Wushuang asked.

“Yes. Without your help, we couldn’t escape from death.” Xue Feng said gratefully, “All the cultivators will respect and admire you if they know you have killed a vicious gang for us.”

“It’s just a little help, worth nothing.” Jian Wushuang said, “Let’s set out again.”

“OK.”

Soon they went on with the journey.

But on the journey, everyone was silent, continuously recalling what had happened.

When they left the forest, Xue Tong, after a long time of consideration, said to Jian Wushuang, “Could I be your disciple? I can serve you for my life.”

Jian Wushuang felt surprised.

Xue Feng also said sincerely, “My sister is gifted in consciousness and she works hard. We will be grateful if you could accept her.”

After all, few talents were as powerful as Jian Wushuang.

And Xue Feng and Xue Tong didn’t want to miss the chance.

Jian Wushuang showed his hesitation.

Xue Tong looked at Jian Wushuang with great eagerness.

But Jian Wushuang said, “Sorry, I can’t.”

He had to refuse.

First, he would leave the Tian Ling Mystery Land soon.

Second, and more importantly, he was not qualified to teach her.

His control on consciousness was actually not as good as Xue Tong.

So he had no other choices.

Xue Tong felt disappointed.

So was Xue Feng. But he continued to say, “Or, could you please introduce another Soul Master to us?”

Jian Wushuang became unhappy about Xue Feng’s requirement.

Even Xue Tong was annoyed by her brother.

He shouldn’t ask for that much.

After all, Jian Wushuang had saved them but it was not his responsibility.

“Sorry.” Xue Feng realized he was imprudent.

“Why do you want to find a master for you sister so urgently?” Jian Wushuang asked.

Xue Feng paused for a while and said, “To be honest, it is because we have to take revenge for our parents, our family members, and all others in our tribe, who were killed by our enemies.”

“However, I lost the opportunity to cultivate to be a talent. So all the hopes fall on my sister.”

“She is gifted in consciousness. If she can learn from a talent and be an excellent Soul Master, we could take revenge!”

Xue Feng clenched his hands.

Jian Wushuang also saw the hatred in their eyes.

The scene resonated Jian Wushuang.

Since he had started to journey of cultivation, he also had been bearing such a hatred.

Just like Xue Feng and Xue Tong.

It was the hatred that led him to make such great progress.

Chapter 1382: Soul Master Hall

“I will not take any disciples. However, if I come across any suitable Soul Master, I shall recommend him to you.” Jian Wushuang said casually.

“Thank you, Master,” Xue Feng and Xue Tong expressed their gratitude.

“Oh yeah, in the town on the border of the forest, is there a Soul Master Hall?” Jian Wushuang asked.

After familiarizing himself with Xue Feng’s troop in the past few days, Jian Wushuang found out that the place with the most Soul Masters gathering together was the Soul Master Hall.

In Tian Ling Land, many Soul Masters were required to get recognition from Soul Master Hall or to pass through the examination.

Jian Wushuang wanted to familiarize himself with Five Beast Soul Manipulation Knack and he had to communicate more with other Soul Masters. Visiting the Soul Master Hall would be the best choice.

“In the nearby town, the only Soul Master Hall is in White Sun Town. If you want to head there, we can bring you over. It happens to be time for my sister to sit for a test in Soul Master Hall to become a real one-starred Soul Master,” Xue Feng said.

“Let’s go together then,” Jian Wushuang replied with a smile.

Xue Feng’s troop continued their journey together.

After they exited the forest, it only took one day’s time to arrive at White Sun Town.

As the only town that had Soul Master Hall in the nearby towns, White Sun Town was rather busy.

A lofty black castle was where the Soul Master Hall was located.

"Master Wushuang, that's Soul Master Hall. You can enter with my sister. We shall wait outside," Xue Feng said.

"Mm," Jian Wushuang nodded. Then, he entered the black castle with Xue Tong.

In the lobby of the castle, it was rather crowded. There were many Soul Masters that gathered together and chatting among themselves. At the same time, there were people queuing up in the middle of the lobby.

"These people came to become Soul Masters," Jian Wushuang looked at people in the long queue and he smiled.

"Master Wushuang, let's go and queue," Xue Tong obviously couldn't wait.

Jian Wushuang and Xue Tong started waiting in the queue. Soon, it was their turn.

"You go ahead first," Jian Wushuang said.

Xue Tong nodded and went forward.

"In one breath, fill up the crystal with your consciousness. Then, you can consider yourself to have passed through fundamental recognition. Then, you will be qualified to join the one-starred Soul Master examination," the man in the black robe passed a purple crystal to Xue Tong.

Xue Tong took a deep breath and covered the crystal with her consciousness in the next instance.

In a while, the purple crystal was shimmering with purple brilliance.

"Mm, not bad."

The man in the black robe took out a token and passed it to Xue Tong, "Take this token and wait by the side. There'll be someone to bring you to the examination later."

"Thanks," Xue Tong took the token and thanked him. She then walked to the side and waited.

"Next," the man in the black robe said lazily.

Jian Wushuang walked forward.

"Same goes to you. Fill this crystal in one breath," the man in the black robe said coldly.

Jian Wushuang took over the purple crystal and fiddled with it in his hands. He then put it down and said with a smile, "Your crystal can only recognize one-starred Soul Masters, right?"

The man in the black robe was stunned and recalled her sloppy attitude earlier. He revealed a smile and asked, "Unless you want to receive recognition of being a two-starred Soul Master?"

"Two-starred Soul Master?" Jian Wushuang smiled, "No, I want to receive recognition of a three-starred Soul Master!"

“Three-starred?” The man in black robe stared.

Everyone in the lobby looked at Jian Wushuang.

Three-starred Soul Master was almost non-existent in the nearby towns of White Sun Town.

“Mas- master, you want to receive recognition as a three-starred Soul Master?” The man in the black robe’s voice was shivering.

“Why, can’t I?” Jian Wushuang smiled and said.

“No, no, but...” The man in black robe was stuttering.

Just then...

“What’s going on?” An old voice suddenly rang out and an elderly with white hair and a beard who looked like he had a divine demeanor walked forward slowly.

“Master He!”

“Soul Master He!”

“He was the only Peak two-starred Soul Master in White Sun Town!”

The moment he arrived in the lobby, everyone looked surprised and they looked like they revered him.

“Soul Master He?” Xue Tong was shocked too. There was passion burning in her eyes.

Before she met Jian Wushuang, the only Soul Master that she had heard of and talked about was Soul Master He.

The elderly with white hair and beard walked to the middle of the lobby. The man in the black robe immediately bowed and said, “Soul Master He, this is the man who wanted to receive recognition for being a three-starred Soul Master.”

“Three-starred?” The elderly with white hair and beard suddenly contracted his pupils.

Three-starred Soul Master was a level that he himself had yet to reach.

“Greetings from I, He Chang. I wonder what your name might be?” Soul Master acted rather humbly.

“Jian Wushuang,” Jian Wushuang said lightly.

Soul Master He was stunned and realized that he had never before heard Jian Wushuang’s name.

“My friend, three-starred Soul Master is an extremely high existence on Tian Ling Land. In White Sun Town, there was never anyone who possessed the power to receive recognition for three-starred Soul Master. However... I can get in touch with the headquarters of Soul Master Hall for them to send someone over.”

“But, before I sent a message, I must know if you possess the qualification to sit for the three-starred Soul Master examination,” Soul Master He said.

“This will do,” Jian Wushuang nodded faintly.

“Then, please reveal your consciousness,” Soul Master He said.

Jian Wushuang didn’t hesitate and activated his consciousness. Boundless Soul Power surged and formed into a purple tiger instantly, then charged out.

“Huh?”

Soul Master creased his eyebrows and there was suddenly a buzz before him. A long spear that was formed by consciousness appeared from nowhere.

Hong!

A long spear hit the purple tiger directly. The two were stunned for a second before they collapsed one after another.

Jian Wushuang squinted his eyes and erupted a terrifying Soul Constrain the very next moment.

Rumble.

The Soul Power covered Soul Master He like a thunderbolt. Soul Master He was like a lone boat in a storm and he started shaking.

Everyone in the lobby could feel the terrifying Soul Constrain from Jian Wushuang and they revealed faces of terror.

“Humph!”

After emitting a low humph, Soul Master He grew pale.

Jian Wushuang then reined in his Soul Constrain and everything resumed tranquility.

“Such strong consciousness!”

Soul Master He let out a breath of relief and turned to look at Jian Wushuang, “Your consciousness is really fierce and much stronger than any ordinary three-starred Soul Master. But... If I’m not mistaken, your usage of consciousness was rather inexperienced.”

Chapter 1383: Guest!

Soul Master He was the most famous soul master in White Sun Town, having a lot of experience.

When he battled with Jian Wushuang, he felt that Jian Wushuang was not familiar with consciousness control.

And Jian Wushuang also admitted, “I have always stayed in the mountains to cultivate by myself and seldom battled with others. So I am not quite proficient.”

Master He smiled, “Now I get it. You have already reached a level-three Soul Master in terms of your consciousness strength, but to be honest, there is still a way to go to pass the test.”

“Is it about the controlling technique of consciousness?” Jian Wushuang asked.

Master nodded, "As far as I know, a qualified level-three Soul Master not only needs powerful-enough consciousness strength, but also proficient techniques to use. I think you can try not until you further improved them.

Jian Wushuang understood.

Others in the hall felt sorry for Jian Wushuang.

"He just lost his chance because of his lack of proficiency."

"What a shame!"

"Proficiency is only about practicing. But he does have the potential."

People were discussing.

Master He looked at Jian Wushuang, "Now I have a suggestion."

"Tell me about it."

"Controlling consciousness proficiently needs practicing. In our Soul Master Temple, there are many excellent level-two Soul Masters."

"So, if you like, you can stay here as our guest and communicate or battle with soul masters. After you improve your skills by practicing, I will ask judges from the headquarters to give you a test, OK?" Master He said.

Jian Wushuang nodded.

Actually, he didn't care about the title, but the opportunity to practice. Though the soul master were not of level three, they were good enough for Jian Wushuang to practice with.

"OK, so from now on you are our guest, with the same status with me."

Jian Wushuang accepted delightedly.

"By the way, I have brought a gifted girl with me. Could you please arrange someone to guide her?" Jian Wushuang pointed at Xue Tong.

Xue Tong's eyes were full of appreciation.

Master He looked at Xue Tong and accepted the request, "If she is talented enough, we will give her enough chances to unleash her potential."

"Thank you." Jian Wushuang smiled.

Xue Tong appreciated him a lot.

Then Jian Wushuang stayed in the Soul Master Temple in the White Sun Town.

Though masters there had even weaker soul strength than Jian Wushuang, they definitely outperformed him in terms of controlling consciousness.

“They are indeed excellent in understanding and controlling consciousness!” Jian Wushuang exclaimed, “On the contrary, Divine Generals here are just mediocre.”

Actually, Tian Ling Mystery Land was quite different from the Eternal Chaotic World.

As was the cultivation mechanism.

The most important difference was that there were no God Tests in Tian Ling Mystery Land.

So Divine Generals here solely made a breakthrough by cultivating and by accumulating experience.

Without the challenge of the God Test, the Divine Generals here were far weaker than their equivalent in the Eternal Chaotic World.

“I have the Five Beast Soul Manipulation Knack than few soul masters have here. What I need is the practice to unleash the potential power of the Manipulation Knack.”

“That means I need to have battles with others.”

“So soul masters here are good resources for me!”

So Jian Wushuang started to invite soul masters there with a challenge battle.

In this way, he continued to improve the control skills of the Manipulation Knack.

Thirty years passed soon.

In the Soul Master Temple, two soul masters were talking.

“Have you heard that Jian Wushuang defeated Soul Master Luo Xian yesterday?”

“Of course, they both used the soul power strength of a normal level-two soul master, but Jian Wushuang obviously did a better job in using the skills.”

“But thirty years ago, how to control consciousness was new to Jian Wushuang. He has made such a great breakthrough in a short span of time.”

“Actually, Luo Xian is still more proficient in controlling consciousness. But Jian Wushuang uses the skills in a more clever way, better than Luo Xian’s Spirit Driven Skill.”

“Indeed.”

Everyone was talking about Jian Wushuang’s battle with Luo Xian.

In an independent secret room of the Soul Master Temple, Jian Wushuang was generating his soul power. He drove the power with his consciousness, transforming the soul power into a bird, a rabbit and then a ferocious beast.

Everything transformed was as if real.

“Transforming soul into animals. Now I know how to use the Five Beast Soul Manipulation Knack!”

Chapter 1384: Examination!

The Five Beast Soul Manipulation Knack was the manipulation method of Soul Power.

The method was segregated into four levels: beginner, initial success, great achievement, completely satisfactory.

After Jian Wushuang obtained the method, he simply made the method known and came to wander around Tian Ling Mystery Land. At first, he was really unfamiliar with the method and he couldn't put the power of the method to full play. It would even weaken his Soul Attack when he performed the method. So, he might as well not put the method to play.

However, in the thirty years that he stayed in the Soul Master Hall in White Sun Town, he had been fighting with the other Soul Masters and learned from one another. From continuous practice of the method, he had mastered the method better and better. At that point, he was finally at the beginner stage of the method.

Although he was just a beginner, his Soul Attack had improved tremendously, especially regarding his method of attack...

Previously, it was monotonous and it was purely killing off souls. Now, there were many ways of Soul Attack.

"The current me, merely relying on Soul Power, should be able to fight face-to-face with an advanced Universe God in the Third Heaven, and the possibility of winning is not low!"

"I am just a beginner. If I were to train myself to the great achievement stage..."

"I must continue to familiarize myself with the method and improve myself to the great achievement stage before the battle to fight for my position as a disciple of Star Palace!"

Jian Wushuang held his fists tight.

"My friend, Wushuang,"

The voice came in from outside the secret room.

Jian Wushuang changed his expression and he immediately appeared outside the secret room.

"Soul Master He," Jian Wushuang revealed a smile and looked at Soul Master He before him.

"My friend, the people from the headquarters of Soul Master Hall has arrived," Soul Master He said.

"Oh?" Jian Wushuang lifted his eyebrows.

A month earlier, Soul Master He noticed Jian Wushuang's improvement in the method of using consciousness. He was barely reaching the requirement of a three-starred Soul Master. Hence, Soul Master He sent a message to the headquarters of Soul Master Hall and told them to send an expert over for Jian Wushuang to sit for the examination for recognition as three-starred Soul Master.

Under the guidance of Soul Master He, Jian Wushuang came to the lobby of Soul Master Hall.

In the middle of the lobby, there were two figures. The two of them looked rather cold and the surrounding Soul Masters looked at them occasionally with faces of terror.

“Three-starred Soul Master?” Jian Wushuang contracted his pupils.

He already saw that the two of them were wearing robes with arm-bands that represented their identity as three-starred Soul Masters.

“My friend, Wushuang, let me introduce you. These two are Master Feng Tao and Master Huo Yi from the headquarters,” Soul Master He said.

“Greetings,” Jian Wushuang bowed politely.

“You are Jian Wushuang?”

Feng Tao and Huo Yi looked at Jian Wushuang. As for Soul Master He, they totally ignored him.

“Let’s save the courtesy and go straight for the examination,” the man in a flame red robe, Feng Tao said.

“Sure,” Jian Wushuang nodded.

Feng Tao waved and took out a transparent crystal.

“This is a crystal especially for examining the consciousness strength of a three-starred Soul Master. You give it a try,” Feng Tao passed the crystal to Jian Wushuang.

Jian Wushuang took it over. Then, he surged tremendous Soul Power into the crystal without hesitation.

Along with the surge of Soul Power, the transparent crystal immediately gave out a brilliant dark purple light.

“Dark purple?”

Feng Tao and Huo Yi were both surprised.

Under a normal situation, as long as one could let the crystal give out purple light meant that he reached the level of consciousness strength of a three-starred Soul Master. As for dark purple, it should be a Peak three-starred Soul Master’s level.

“Peak three-starred Soul Master?”

Feng Tao and Huo Yi looked at Jian Wushuang with a different gaze.

After all, although they were three-starred Soul Masters, they were merely beginner level. They were far from a Peak three-starred Soul Master.

Jian Wushuang was surprised himself.

After all, his consciousness strength was actually only like an advanced three-starred that was very close to peak level but yet to reach Peak three-starred. The reason why the crystal gave out dark purple brilliance was that Jian Wushuang’s consciousness had already transformed into Soul Power.

“There shouldn’t be any problem, right?” Jian Wushuang asked.

“Of course there’s no problem,” Feng Tao and Huo Yi immediately responded. Feng Tao replied humbly, “Your consciousness strength has reached the level of a Peak three-starred Soul Master. Theoretically,

you could become a three-starred Soul Master directly. However, according to the rules, you are required to show your manipulation method.”

“How should I show it?” Jian Wushuang asked.

“Very simple. Both of us will use a normal three-starred Soul Master’s consciousness strength to fight against each other. Then, Huo Yi and I will judge if you can become a three-starred Soul Master,” Feng Tao explained.

“That simple?” Jian Wushuang lifted his eyebrows, “Let’s start then.”

“Let us go somewhere spacious,” Feng Tao said.

They immediately moved to the outside of Soul Master Hall, which was a boundless training field.

“Be careful!”

Feng Tao warned, then he spread his fierce consciousness the very next moment.

Vroom!!!

A humongous object that was formed by consciousness suddenly appeared in the universe.

It was a green giant that was more than ten meters tall. He was holding a mace in his hand.

“With mere consciousness, he formed such a huge green giant? A three-starred Soul Master is different after all,” Jian Wushuang complimented.

Bang!

The green giant stomped his foot and the ground cracked and shattered while his figure turned into a huge green shadow and appeared before Jian Wushuang.

Wow!

There was a surge of green light. The mace in the green giant’s hand descended with a strong force.

Looking at the mace slamming down, Jian Wushuang didn’t move an inch but there was boundless Soul Power that surrounded him.

“Moo!”

An ancient and deep bellow reverberated. The Soul Power surrounding Jian Wushuang soared up and formed a huge black tortoise. The black tortoise wrapped around Jian Wushuang and the extremely solid shell blocked the mace.

Bang!

A loud bang formed a terrifying breeze and swept over the area. The cultivators who were near to the battleground were swept by the strong breeze.

The terrifying power was far stronger than the two three-starred Divine Generals’ close combat.

Although Soul Masters majored in consciousness, the items that derived from consciousness could explode in close combat with warriors and were similarly fierce.

For instance, the green giant that was transformed from Feng Tao's consciousness, the wielded mace could be compared favorably with an advance Universe God in the Third Heaven.

After a heavy collision, the green giant let out a loud groan and he started waving the mace in his hand.

Bang! Bang! Bang! Bang!

Every one of the continuous hits were heavy and forceful. The power hit the black tortoise shell and the shell grew much dimmer but had yet to shatter.

Chapter 1385: Soul Island

"My Black Tortoise's defense capability is strong and resilient!" Jian Wushuang smiled.

No matter how violent the attack was, Jian Wushuang's Black Tortoise stood still. Even when the tortoise was attacked and its halo became dimmer, it would soon recover with the flow of Jian Wushuang's soul power.

"Good defense!"

But Feng Tao continued to say, "If you only keep defending without attacking, you can't pass the exam!"

Jian Wushuang smiled, "OK, I will."

He soon shouted, "Demonic Dragon!"

Boom!

Right then, a giant, ferocious dragon rushed into the battlefield as fast as a flash, roaring resoundingly as if it would shake the sky. Then it rushed to the green giant, caught him and bit its green throat.

The green giant screeched and shivered. No matter how hard he tried, he failed to escape from the mouth of the Demonic Dragon.

The Demonic Dragon was the craziest beast in the Five Beast Soul Manipulation Knacks.

The Five Beast Soul Manipulation Knack was used to transform the great soul power into five exotic beasts.

They were Demonic Dragon, Purple Tiger, Crimson Phoenix, Black Tortoise and Divine Ape.

They were distinct from each other, and the Demonic Dragon was the most ferocious.

Black Tortoise was good at defense.

At that moment...

The green giant's neck was cut by the Demonic Dragon, so its head dissipated into nothing in the heaven.

Seeing this, Feng Tao was shocked and his consciousness power exploded.

Bang! Bang! Bang!

Another three green giants appeared in the battlefield, even bigger than the previous one.

But Jian Wushuang wasn't nervous, "You have three green giants, but I have three Demonic Dragons."

Boom!

He generated his power to transform into another two murderous dark-color Demonic Dragons.

Now it was three Demonic Dragons versus three green giants.

They continued the fierce battle.

At last, all the three giants dissipated and only one Demonic Dragon was there. A very close competition.

Feng Tao was exhausted and injured. He looked at Jian Wushuang and expressed his admiration, "Excellent!"

"Thank you." Jian Wushuang smiled.

He had defeated Feng Tao.

With the same consciousness strength as Feng Tao, Jian Wushuang had defeated him with the powerful Five Beast Soul Manipulation Knack.

Feng Tao asked Huo Yi, who was at the margin of the battlefield, "Have you recorded the battle?"

"Yes, the whole process is recorded."

"Good. We have done our jobs." Feng Tao smiled to Jian Wushuang, "We will take the recording back to the headquarters and submit it to our leaders. We will inform you of the result."

"What a long procedure..." Jian Wushuang frowned.

"Or you can go together with us to save time." Feng Tao said, "Resources there are far better than here."

Jian Wushuang felt excited.

Now he still needed to improve his skills to control the Five Beast Soul Manipulation Knack.

But the limited number of soul masters in the White Sun Town couldn't satisfy his need to practice.

In the headquarters of the Soul Power Temple, things would be different. There would be top tribes and talents who Jian Wushuang could learn from.

"Why not?" Jian Wushuang admitted.

"When?" Feng Tao asked.

"Right now."

He only had to inform Soul Master He and leave a message to Xue Feng and Xue Tong. After finishing all of it, Jian Wushuang headed to the headquarters of the Soul Power Temple.

The headquarters of the Soul Power Temple was called the Soul Island.

It was a large island with many talents.

In the Soul Island, there were also those as prestigious as Real Gods in the Tian Ling Mystery Land.

Though they were not as powerful as Real Gods in the Lineage of Star.

No almighty had existed in the whole of Tian Ling Mystery Land.

“Jian Wushuang, here are our headquarters.”

Feng Tao and Huo Yi took Jian Wushuang to the Soul Island.

As soon as he arrived, Jian Wushuang soon felt a strong force.

“Consciousness attack?”

But soon, he realized that the consciousness attack was too weak, meaning it was nothing compared with even the Tian Yuan Mystery Land in the Snow Kingdom, let alone the Reset Palace.

Moreover, Jian Wushuang could also feel the powerful breath from many talents.

Feng Tao said, “The Soul Island was founded by the creator of our Soul Master Temple, Real God Demonic Rain, who is also acknowledged as the most powerful master in the Tian Ling Mystery Land. The secret skill Eighteen Asura Hell that he created is still the most consciousness attack secret skill.”

“Real God Demonic Rain? Eighteen Asura Hell?” Jian Wushuang had no idea.

“It is also said that he has been to the world out of the Tian Ling Mystery Land.” Feng Tao said.

Jian Wushuang was surprised.

So, Real God Demonic Rain had traveled in the Eternal Chaotic World?

Chapter 1386: Peak Three-Starred Soul Master!

“Jian Wushuang, I will send your examination result to the higher ups. Wait for a while here,” Feng Tao said.

“Alright,” Jian Wushuang nodded.

Feng Tao and Huo Yi walked towards the huge, palatial buildings in the depth of Soul Island while Jian Wushuang stood there waiting.

In the lofty palace, there were three figures seated on three thrones.

The three figures had a thick aura and they were obviously experts at the Real God level.

Right in the middle of the palace, there was a mirror and it was, of course, showing the process of Jian Wushuang sitting for the examination.

“Dark purple brilliance. His consciousness strength has reached a Peak three-starred. There’s no doubt about it!”

“Black tortoise? The defense power of the black tortoise is terrifying. The demonic dragon too! This is crazy. Even Feng Tao’s green giant was defeated so easily.”

“Mm, his usage of consciousness is not too shabby.”

Only a short while passed before the three Real Gods made a decision.

“Go ahead and pass him this arm-band. From today onwards, he is one of the members of Soul Master Hall.” One of the Real God threw an arm-band to Feng Tao.

Feng Tao took it and there was a flash of strange look.

Then, Feng Tao and Huo Yi immediately left.

“Jian Wushuang, congratulations.”

Feng Tao and Huo Yi appeared before Jian Wushuang again. Then, Feng Tao passed the arm-band to Jian Wushuang.

“This is... Peak three-starred Soul Master?” Jian Wushuang was surprised.

“Your consciousness strength has reached the level of a Peak three-starred. Of course, you’ll be a Peak three-starred Soul Master,” Feng Tao smiled and revealed an envious expression, “Although there were many Soul Masters on Soul Island, there aren’t many who have reached the level Peak three-starred.”

Jian Wushuang kept quiet but he didn’t really care.

“Oh yeah, is it common for Soul Masters to fight against each other to learn from one another on Soul Island?” Jian Wushuang asked.

“Of course, and it is rather common,” Feng Tao smiled, “Why? You want to fight against someone?”

“I have been practicing in the mountains to improve my consciousness strength but I have never once fought against someone. Now that I have the chance, of course, I’d like to learn from the other Soul Masters,” Jian Wushuang smiled and replied.

“That is simple. There’s a designated battleground on Soul Island. There are many Soul Masters that fight against each other there. Let me take you there.”

Feng Tao immediately brought Jian Wushuang to the battleground.

...

Soul Island, in a lofty palace.

Bang!

The door of a secret room suddenly opened and a vicious youth who was naked from the waist up and barefooted walked out of the secret room slowly.

There were servants who waited outside the secret room moved forward to help the vicious youth with his robe.

"The seclusion this time took a thousand and eight hundred years. It's been so long," the vicious youth smiled maliciously, "However, although the time taken was longer, I finally performed that technique. If mother were to know, she should be very happy.

"Master, you're dressed," the servant next to her spoke softly.

The vicious youth looked at his robe and then walked out from his palace.

"I have not stretched for a thousand and eight hundred years. Let's go take a look at the battleground first."

The vicious youth walked towards the battleground in Soul Island directly.

Soon, the vicious youth arrived at the battleground. He had just appeared and there were many Soul Masters that noticed him in the battleground.

"Mister Bei Xiu!"

"Greetings, Mister Bei Xiu!"

Many Soul Masters, including some three-starred Soul Masters, bowed humbly at the vicious youth.

Even the two Real Gods nearby looked at the vicious youth with good intentions.

The vicious youth, Bei Xiu, had become the focus of the place quietly. However, he only glanced at everyone around him casually and came to sit down in an inconspicuous place. His gaze was fixed on the battleground below.

On the battleground, there were four of them fighting. It was three versus one.

"Oh? Black Tortoise?"

Bei Xiu looked towards the youth in the crimson robe who was covered by the huge black tortoise.

The youth in the crimson robe was wearing an arm-band of a Peak three-starred Soul Master and his aura was fierce. The people around him were three beginner three-starred Soul Masters. At that very moment, the three of them were hemming him in with their all. They performed all kinds of consciousness attacks. Such as a huge saber derived from consciousness, a huge cobra and also a single-eyed giant.

The black tortoise around the youth in the crimson robe didn't move an inch but let the consciousness attack hit him. He wasn't affected at all.

"Not too shabby," Bei Xiu looked at the sight before him.

"Master Bei Xiu, this person is called Jian Wushuang. He just arrived at Soul Island yesterday. The moment he arrived, he chose to come to the battleground to fight. For days, he continuously fought ten

over battles. He wasn't defeated even once yet. Not long ago, even Master Jin Ang fought against him personally, but he didn't defeat him," a purple-dressed elderly who was next to Bei Xiu said.

"Jin Ang took action but he didn't defeat him?" Bei Xiu raised his eyebrows.

Jin Ang was a Peak three-starred Soul Master who was powerful. His power was about his level.

"Mainly because this boy's defense power was extremely strong. The black tortoise that he formed using his consciousness was unassailable. Although Master Jin Ang is much stronger than him in terms of attack, it was very difficult for him to break the black tortoise's defense. Then, the battle was left unsettled," the purple-dressed elderly said.

"It turned out that he relied on the shell," Bei Xiu then loosened his tightly knitted eyebrows.

At that very moment, Jian Wushuang stopped defending and took action directly in the battleground below.

"Crane cry!"

A huge crimson phoenix flapped its wing and swept out.

A terrifying aura formed a blast that spread across.

"Crimson Phoenix?" Bei Xiu lifted his eyebrows but remained unconcerned.

However, after the crimson phoenix, there was another roar. Jian Wushuang used his Soul Power and transformed them into a few purple tigers.

"Purple tigers?" Bei Xiu squinted his eyes.

If it was merely Black Tortoise and Crimson Phoenix, he wouldn't care. But then, the appearance of purple tiger shocked him.

Then, it was followed by... Roar!

There were three Demonic dragons with murderous intentions that appeared on the battleground.

"Demonic Dragon!!!"

The vicious youth, Bei Xiu, who was watching by the side of the battleground, suddenly stood up and he looked extremely surprised.

"Black Tortoise, Crimson Phoenix, Purple Tiger, Demonic Dragon!"

"There's one left. The last one left. The very last one should be Divine Ape!!"

There was an unprecedented brightness in Bei Xiu's eyes. He fixed his gaze on Jian Wushuang on the battleground. He was looking forward to Jian Wushuang performing Divine Ape.

It was a pity that even though the battle was extremely ferocious, he would never see Jian Wushuang perform Divine Ape.

"Unless it was because he wasn't powerful enough that he couldn't perform Divine Ape?"

“That must be it!”

“Black Tortoise, Crimson Phoenix, Purple Tiger, Demonic Dragon. The four beasts are out and the method is rather similar. Even if it were to be a coincidence, it shouldn’t be that similar!”

“Five Beast Soul Manipulation Knack... Mother talked about it before. She once saw the Five Beast Soul Manipulation Knack in the boundless universe!”

...

Chapter 1387: Bei Xiu

“Why can he use Five Beast Soul Manipulation Knack?” Bei Xiu was curious.

“Few talents here knows this knack. I want to meet this guy.” Bei Xiu told his subordinate.

“OK. I will arrange it.” His subordinate in a purple robe said.

On the battlefield, Jian Wushuang’s battle with three level-three Soul Masters had also came to the last phase.

No matter how hard the three Soul Masters tried, they couldn’t penetrate the Black Tortoise that Jian Wushuang wore. Instead, they got beaten severely by his Demonic Dragon.

Jian Wushuang won!

After the battle, Jian Wushuang chose to have a rest and recover his soul power.

“After over ten battles, my soul power has been almost exhausted.” Jian Wushuang thought.

At that moment, the elder in a purple robe came to him.

“Master Jian Wushuang.”

As he was only a Primary Level-three Soul Master and Jian Wushuang was a peak one, he should indeed called Wushuang “Master” to show respect.

“You are?” Jian Wushuang asked.

“I was asked by Master Bei Xiu to come here to invite you. He wants to meet you.”

“Master Bei Xiu?”

“He is at the top among all Level-three Soul Masters, only second to Real Gods. Even Real Gods have to respect him for his extraordinary background.” Huo Yi said.

“Yes, but he is sometimes too proud.” Feng Tao seemed to dislike Bei Xiu.

“Whatever. I will go.” Jian Wushuang smiled.

“Please follow me.” The elder in a purple robe said.

Soon they arrived at a brilliant palace.

It was a golden palace, in which there were two luxurious tables. In front of a table sat a young man.

At the center of the palaces, many beautiful ladies were dancing.

“Master Bei Xiu, this is Master Jian Wushuang.” The elder in a purple robe told the young man.

Then Bei Xiu welcomed Jian Wushuang smilingly, “Brother Jian Wushuang? Hello! Just call me Bei Xiu!”

“Brother Bei Xiu.” Jian Wushuang said.

“Have a seat please.”

The Jian Wushuang sat in front of the other table face to face with Bei Xiu.

“I have watched your battle with other soul masters. I admire your power so much. Could I be friends with you?” Bei Xiu lifted a cup of wine.

Jian Wushuang had to accept such generosity.

They drank several cups of wine.

Then Bei Xiu asked all the subordinates and dancers to leave.

Only he and Jian Wushuang were in the palace now.

Jian Wushuang continued to drink and said nothing. He knew clearly that Bei Xiu’s intention was more than making friends with him.

“Brother Wushuang.”

Bei Xiu started to say, “I saw that in the battle you used a very powerful consciousness attack. I have a hobby of collecting those powerful tricks. Could you please show me that skill?”

Jian Wushuang was surprised.

He didn’t expect that Bei Xiu coveted his Five Beast Soul Manipulation Knack.

Five Beast Soul Manipulation Knack was indeed extraordinary.

“Brother Bei Xiu, to be honest, my knack looks powerful but actually, its level is just mediocre. And what’s more, I learned the knack from my master, who told me not to teach anyone, including my own son. So I think I have to refuse you.” Jian Wushuang said.

“Don’t hurry to refuse.”

Bei Xiu smiled and took out a token, telling Jian Wushuang, “I have a reward for you. This token is the well-known Feng Ling Knack, one of the top five consciousness knacks in the Tian Ling Mystery Land. I think it’s powerful enough for an exchange.”

Jian Wushuang took a glance without any interest.

Being famous in the Tian Ling Mystery Land meant nothing to Jian Wushuang.

Feng Lin Knack was only for controlling consciousness. But Five Beast Soul Manipulation Knack was for controlling the soul, surpassing hundreds of Feng Lin Knacks combined.

Jian Wushuang would accept only if he was foolish.

When Jian Wushuang showed no interest. Bei Xiu took out another treasure.

It was an ancient bronze mirror, looking shabby but actually having extraordinary power.

"It's a high-level treasure for consciousness attack. Generally, it can double the power of users."

"I don't think you have one."

"That's true."

"Do you want to exchange these two things with me? You can be at the top of all level-three Soul Masters with them!"

But Jian Wushuang remained indifferent.

"Thank you for your generosity. But I have to follow my teacher who taught me the knack."

Jian Wushuang said indifferently.

Chapter 1388: Huo Yi's Request

Bei Xiu's pupil contracted when Jian Wushuang rejected him once again.

After a short silence, Bei Xiu spoke again, "Wushuang, if I'm not mistaken, your consciousness attack technique originated extraordinarily, right?"

"As I've said, the consciousness attack technique was passed down by my master. I wonder what you mean when you say that?" Jian Wushuang lowered his voice.

"Shouldn't this technique be from out of Tian Ling land?" Bei Xiu fixed his gaze on Jian Wushuang.

"Outside of Tian Ling land?" Jian Wushuang looked surprised, "There's another land or world outside of this Tian Ling land?"

Bei Xiu creased his eyebrows when he saw Jian Wushuang's expression.

"This boy really doesn't know, or is he pretending?" Bei Xiu wasn't sure himself.

"Bei Xiu, it's impossible for me to teach you the consciousness attack technique. If there's nothing else, I shall leave," Jian Wushuang didn't bother with Bei Xiu's response but walked outside the palace.

Watching Jian Wushuang leave the palace, Bei Xiu's face grew grave.

"He rejected him even when I traded with my Feng Ling Knack and bronze mirror?"

"Humph, so what if you rejected me? You think you don't trade and I wouldn't be able to get the Five Beast Soul Manipulation Knack from you? That's funny!"

"Just you wait. In no time, the Five Beast Soul Manipulation Knack will be in my hand!"

Bei Xiu held his fists tight as coldness spread in his eyes.

Jian Wushuang who had just left the palace looked extremely solemn too.

“Bei Xiu recognized the Five Beast Soul Manipulation Knack and knows that the Five Beast Soul Manipulation Knack is from out of Tian Ling land?” Jian Wushuang’s eyebrows were tightly knitted. He never expected that.

Tian Ling land was merely a mystery land that Lineage of Star controlled. Theoretically, the experts in Tian Yuan Mystery Land and the Eternal Chaotic World shouldn’t be in contact.

Those impressive techniques or secret skills in Eternal Chaotic World... the experts in Tian Ling land shouldn’t be able to recognize them.

But in the end, Bei Xiu came to a realization.

“Luckily, he only noticed that my Five Beast Soul Manipulation Knack came from Tian Ling land but couldn’t tell that I’m a cultivator from out of Tian Ling land!”

“Plus, I am a Peak three-starred Soul Master of Soul Master Hall and I’m on Soul Island. Even if Bei Xiu has a powerful background, he couldn’t deal with me publicly. In other words, I am still in a safe situation as of now!”

“Even so, I have to be extremely careful,”

Jian Wushuang was already extremely careful.

Then, Jian Wushuang continued to stay on Soul Island.

He cultivated on Soul Island and he often headed over to the battleground to fight with other Soul Masters to learn from them.

His Five Beast Soul Manipulation Knack was merely beginner level. He had masses of room for improvement.

Time flowed past like water. In the blink of an eye, Jian Wushuang stayed on Soul Island for two hundred and sixty years.

In the two hundred and sixty years, he spent all his time and effort on familiarizing himself with the Five Beast Soul Manipulation Knack.

In those years, he fought countless times with a large number of Soul Masters. Along with the fights, he mastered the Five Beast Soul Manipulation Knack even better. Until then, he was at the great achievement stage of Five Beast Soul Manipulation Knack.

In the secret room, Jian Wushuang sat down as his eyes twinkled with brightness.

“Great achievement stage of Five Beast Soul Manipulation Knack. My Soul Attack became fiercer, scarier. My overall power improved tremendously too.”

“It’s a pity that after so many years of cultivation, my Soul Power has yet to break through the bottleneck.”

Jian Wushuang felt regretful.

His Soul Power had already reached the limit of an advanced Universe God in the Third Heaven back when he was in Lineage of Star. He had nearly levelled up to Peak Universe God in the Third Heaven.

But it was a pity that the last step took him so long.

If his Soul Power were to have a breakthrough again, his Soul Attack would improve tremendously.

“Jian Wushuang!”

The voice was from outside the secret room. Jian Wushuang was surprised but immediately appeared outside the secret room.

“Feng Tao, Huo Yi, why did the two of you come?” Jian Wushuang looked at the two of them outside the secret room.

Although Jian Wushuang often fought with others to learn from them during his stay on Soul Island, he never had any friends. The closest ones were Feng Tao and Huo Yi.

“We were looking for you,” Feng Tao.

“What’s happened?” Jian Wushuang asked.

“Huo Yi, you say it,” Feng Tao look at Huo Yi.

“Well,” Huo Yi started explaining, “I am having trouble in cultivation and I’ll require a few Desolate Crystal for assistance. But Desolate Crystals... They are too precious. Although there are many Soul Masters who have Desolate Crystals, their asking price is too high. I can’t afford it so I can only go to the deserted region to hunt those beasts.”

“Desolate Crystals?” Jian Wushuang was stunned.

Jian Wushuang had stayed on Soul Island for such a long period but he knew since long ago that the Desolated Crystal was Tian Ling Crystal. It was merely a different name.

Before he came to Tian Ling Mystery Land, Hall Master Yuan assigned him a task, which was for him to collect ten Tian Ling Crystals.

“You came to look for me because you want me to go to the deserted region with you?” Jian Wushuang asked.

“Yes,” Huo Yi nodded, “The deserted region is the most dangerous place in Tian Ling land. There are countless beasts in the region and they are all very strong. If I were to go to the deserted region alone to hunt the beast, it would be rather unrealistic. So, I am asking you and Feng Tao, hoping both of you will go with me. Then, I would be more secure.”

“Of course, I only want two pieces of desolated crystals that we get from hunting the beast. You can take the rest of them. If you are willing to help me, I, Huo Yi won’t turn you down if you need any help in the future. Even if you wanted me to go through a mountain of swords and a sea of flames!”

Jian Wushuang exchanged a glance with Feng Tao and they smiled.

"I'm just going to the deserted region with you. You don't have to go through a mountain of swords and a sea of flames," Feng Tao smiled.

"Huo Yi, when would you like to go?" Jian Wushuang asked.

"The sooner the better," Huo Yi said.

"Now, then," Jian Wushuang smiled.

Huo Yi and Feng Tao were the closest friends he had in Soul Island. Jian Wushuang naturally wouldn't refuse keeping Huo Yi company and making a trip to the deserted region.

On top of that, even if Huo Yi wasn't going, he would definitely need to head to the deserted region himself at some point. His task required him to go there after all. He had been practicing the Five Beast Soul Manipulation Knack and he didn't care about the task. However, when he was going to leave Tian Ling Mystery Land in the future, he was going to have to head to the deserted region to get the ten Tian Ling crystals.

"If so, let's go now," Huo Yi said.

Jian Wushuang, Feng Tao and Huo Yi immediately left Soul Island and departed towards the deserted region.

But just as Jian Wushuang took one step to leave, Mister Bei Xiu was immediately notified.

Chapter 1389: Deserted Region

In a lofty palace, Bei Xiu, who was being entertained by a few beautiful concubines, revealed a shocked gaze.

"Finally. He is finally willing to leave Soul Island?"

Bei Xiu looked unusually cold.

"Jian Wushuang, I waited for you for so long. I thought you would stay on Soul Island for the rest of your life."

Soul Island was the headquarters of Soul Master Temples. Although he had a strong background, it was best if he didn't take action against Jian Wushuang openly.

But then, it was different if Jian Wushuang left Soul Island.

"If you're leaving, don't return for the rest of your life!"

There was murderous intention spreading across Bei Xiu's sight. The very next moment, he left his palace.

...

In a deserted region.

A place that was publicly acknowledged to be very dangerous in Tian Ling land.

Even the top Gods in Tian Ling land didn't dare to let loose when they were to be in the deserted region.

After all, there was a Real God that had fallen in the deserted region.

The deserted region was famous for its beasts.

Jian Wushuang, Feng Tao and Huo Yi had already arrived in the deserted region.

However, from the beginning, they had merely wandered around the border of the deserted region, not daring to go in deep.

"It's a beast!"

Feng Tao turned to look and Jian Wushuang looked too. They immediately saw a unique-looking beast hiding among the bushes at the end of their sight.

"That is the beast?"

Jian Wushuang could feel the beast's aura, which was rather unique. It was obviously different from the beast on Tian Ling land and the Eternal Chaotic World.

And that was the kind of beast that could nurture Tian Ling Crystal.

"It's a pity that it is merely a rank two beast," Huo Yi shook his head.

Jian Wushuang shrugged.

He also knew that only when a beast reached rank three could it be compared favorably with a three-starred Soul Master or a level three Divine General, which was when they had successfully nurtured a Desolate Crystal. As for those below rank three, the crystal would only be under the process. Even if they got it, there wouldn't be much point.

Jian Wushuang's task was to get ten Desolate Crystals. The Desolate Crystals, of course, had to be complete crystals.

In other words, he had to find a way to kill ten beasts that could compare favorably with three-starred Soul Masters and level three Divine Generals.

"Look for them slowly. Although this is the border of the deserted region, there is still danger. We have to be careful." Feng Tao said.

Jian Wushuang and Huo Yi both nodded, then the three of them continued to go forward into the woods.

After a few days.

Rumble!

The green giant who was giving out a green gleam wielded his mace ferociously at the beast before him, which was more than five meters in size.

The beast swung a punch and collided with the green giant's mace directly. Bang! There was a loud collision and the green giant fall a few steps back.

“Die!”

Huo Yi roared and suddenly he appeared behind the beast and he was holding a purple spear in his hand. The spear was consolidated via consciousness and stabbed at the beast.

“Roar!”

The beast let out an earth-shattering bellow and it turned and hit the green giant. The terrifying impact shattered the long spear and Huo Yi’s figure flew out altogether.

But then, a demonic dragon with a soaring aura entangled the beast’s body straight away. The demonic dragon had great power and it squashed the beast with intensity. At the same time, its dragon claw seized the beast’s back-spine while it chewed on the beast’s skull.

Kacha!

Although the beast’s defense power was strong, the demonic dragon’s bite broke it into two and a large amount of blood and flesh splashed around. The beast’s body shook and finally collapsed.

Swoosh! Swoosh!

Feng Tao and Huo Yi appeared before Jian Wushuang.

“Jian Wushuang, you’re the best. Huo Yi and I can’t do anything about it,” Feng Tao looked at the dead body before him and laughed.

“Of course. Jian Wushuang is a peak three-starred Soul Master. How could a beginner three-starred Soul Master like us be comparable?” Huo Yi said.

“Huo Yi, hurry and dig out the Desolate Crystal,” Jian Wushuang said.

Huo Yi beamed with joy. He immediately squatted down to dissect the beast. Very quickly, he picked up a shimmering emerald green crystal.

“A Desolate Crystal. This is a good one!” Huo Yi held the emerald-green crystal and smiled delightedly.

“This is only the first one. Look how happy you are! We have a peak three-starred Soul Master like Jian Wushuang, so now we can have however many Desolate Crystal we want,” Feng Tao laughed.

“I’m flattered. I can only deal with weaker level three beasts. If we were to come across some that were stronger, I wouldn’t be able to do anything about it,” Jian Wushuang said.

“Jian Wushuang, Feng Tao, I have a suggestion,” Huo Yi suddenly said.

Jian Wushuang and Feng Tao looked at Huo Yi.

“The deserted region is huge. Although it is only the border, it is still rather vast. Although there are many level-three beasts around this area, it is not easy to find them. The three of us spent a few days finding just one and that was considered lucky. If we were to be unlucky, we might not find one that we could deal with even in ten days or half a month.”

“So, I suggest that we part ways and look for the beasts. What do you think?” Huo Yi said.

“Separately?”

Jian Wushuang was fine with the idea but Feng Tao creased his eyebrows slightly, “The possibility to find a level-three beast if we were to go in separate ways is definitely greater. However, the probability to come across danger increases tremendously too. It’s fine with Jian Wushuang, but if it were to be either one of us, we might lose our lives.”

“Don’t worry. As long as we are not too far away and we keep in contact, once any of us is in danger, the other two can rush over for support,” Huo Yi smiled and explained.

“I’m fine with this,” Feng Tao nodded in agreement.

If they were not too far apart, they definitely could rush to one another in time with their traveling speed.

“Let’s part ways then,” Jian Wushuang smiled.

The three of them immediately split up in the deserted region. Although they had separated, the three of them kept in touch at all times so that they knew one another’s rough location.

Jian Wushuang continued to look for rank three beasts in the region.

Only on the third day after they separated did Jian Wushuang find a rank three beast.

“The beast doesn’t have a strong aura. It should have just turned into a rank three beast not long ago. It is much weaker compared to the one I killed earlier. I can deal with it alone,” Jian Wushuang smiled faintly and then took quick action.

After a while, Jian Wushuang killed the beast directly. Then, he picked up a Desolate Crystal from its dead body.

Chapter 1390: Scheme

“The first Tian Ling Crystal!”

Jian Wushuang looked at the emerald crystal in his hand and revealed a smile.

“Jian Wushuang, a Tian Ling Crystal is a really good treasure. It is definitely helpful to improve your Soul Power. If it’s possible, try to get more,” King of Venomous Worms’ voice was heard in Jian Wushuang’s head.

“I understand,” Jian Wushuang nodded.

Just then...

“Jian Wushuang, quick, save me!”

Jian Wushuang received an extremely urgent SOS message and his face grew grave.

“It’s Huo Yi. He’s asking for help?” Jian Wushuang looked towards where Huo Yi was, “Hurry up!”

Without hesitation, Jian Wushuang came to the rescue straightaway.

He immediately sent a message to Feng Tao on his way there but Feng Tao didn't reply.

"What's going on? Feng Tao didn't reply at all?"

Jian Wushuang creased his eyebrows. However, due to the urgency, he didn't have enough time to think much. He could only rush over with his fastest speed to where Huo Yi was.

Huo Yi's location wasn't far from him. With his travel speed, he managed to reach him in a few breaths.

Swoosh!

Jian Wushuang's figure was stopped on the tree crown but his gaze grew cold.

"Huo Yi, what are you doing?"

Jian Wushuang looked forward, right at Huo Yi who stood on the ground.

When Huo Yi saw Jian Wushuang's arrival, he put his hands behind him and stood there in silence with a malicious smile plastered on his face.

He didn't even look in a fix, let alone in life danger.

"Jian Wushuang, don't blame me. Whatever that Master Bei Xiu is offering is too tempting, I can't reject him," Huo Yi smiled.

"Master Bei Xiu?" Jian Wushuang creased his eyebrows.

"Hehe, Jian Wushuang, at last, we meet again," A vicious laugh was heard, then a figure slowly appeared before the thick forest. It was no other than Bei Xiu.

The very moment Bei Xiu appeared, another two figures came from nowhere. They blocked Jian Wushuang's way and Jian Wushuang could tell that they were both Peak three-starred Soul Masters from their arm-band.

Even if Jian Wushuang was distracted, he immediately came back to reality with the sight before him.

"I'm trapped!"

"It is a lie that he has trouble in cultivation. It is also a lie that he needs Desolate Crystals. His goal is to lead me to the deserted region and create an opportunity for Bei Xiu!"

Jian Wushuang's gaze turned cold.

"Jian Wushuang, I guess not everyone is like you and can resist the temptation of Feng Ling Knack," Bei Xiu smiled viciously.

He had used Feng Ling Knack to buy Huo Yi over. Hence the scene before his eyes.

"How about Feng Tao?" Jian Wushuang stared at Huo Yi.

"Don't worry. He naturally has someone to take care of him," Huo Yi smiled.

“Jian Wushuang, instead of worrying about the other person, why not be worried for yourself?” Bei Xiu sneered, “Previously, on Soul Island, I really couldn’t do anything to you. But then, in this deserted region... Hehe, the deserted region is so dangerous. It is normal that a person or two die here.”

“Oh?” Jian Wushuang squinted his eyes and laughed, “Aren’t you scared that you couldn’t get the manipulation method from me if you killed me?”

“Of course I’m worried. So, I don’t intend to kill you. I only want to catch you alive. Only if I catch you alive will I be able to get whatever I want from your head,” Bei Xiu smiled but didn’t bother talking to Jian Wushuang further.

“Come on then.”

Vroom! Vroom!

Two fierce consciousnesses exploded straightway.

The two Peak three-starred Soul Masters that Bei Xiu hired had murderous intentions surging in their eyes. Then, two giants formed by consciousness entirely appeared. The moment the giants appeared, they were covered in armor, boots and helmets. One of their hands held a sword and the other held a shield. Boundless auras were emanating from the two giants.

“The way they used their consciousnesses is exactly the same?” Jian Wushuang creased his eyebrows.

Suddenly, the two giants that were giving out a soaring aura charged. Their speeds were as swift as lightning. Suddenly, they appeared before Jian Wushuang and the swords that they were holding descended one after another.

Rumble!

Jian Wushuang’s Soul Power suddenly surged and it formed into a huge dark tortoise covering his body.

Bang! Bang!

The two giants’ swords hit the black tortoise and the brightness on the shell grew dim. The black tortoise shook crazily, as though it was going to collapse at any time. But in the end, it resisted the attack.

“Humph!”

One of the Peak three-starred Soul Masters had deep ripples in his eyes and there was suddenly an amazingly huge consciousness giant behind him. The giant was also wearing armor but he wasn’t holding sword and shield but a huge bow.

Then, the huge giant was already pulling on the bow. Buzz. Boundless power concentrated in the bowstring.

Swoosh!

A ray of flowing light suddenly exploded.

The ray of flowing light went through the void and appeared before Jian Wushuang. It hit the tortoise shell directly.

Psst psst psst!!!

The terrifying penetration power spread. At the same time, the two giants in armor wielded their swords and stroked. Jian Wushuang felt pressured.

Ching ching!

Jian Wushuang's pupils contracted at the sound. The black tortoise covering his body was finally unable to withstand the consciousness giant's attack and shattered. The forceful power shook Jian Wushuang and he was in a bind.

Swoosh!

There was another ray of flowing light again. The consciousness giant pulled his bow and shot another arrow.

There was a glimpse of a glare in Jian Wushuang's eyes and a fierce Soul Power erupted.

"Inextinguishable Light!"

Jian Wushuang performed the secret skill of Tian Yuan!

The secret skill of Tian Yuan was different from Five Beast Soul Manipulation Knack. The latter was merely a manipulation method of Soul Power. It was just a foundation.

But the secret skill of Tian Yuan was the real secret skill of Soul Attack. It was definitely only focusing on Soul Constrain!

Even the current him would find it easy to perform the technique. During his years in Soul Island, although he fought ferociously with many Soul Masters, he never once performed the technique. Until just then when he had put it to play directly.

A bunch of lights condensed from Soul Power and shot out quietly.

It seemed quiet and inconspicuous, but when the bunch of lights collided with the arrow that the consciousness giant shot...

Psst psst!

It was as easy as breaking dead wood. The flowing light that was transformed from the arrow that the consciousness giant shot suddenly collapsed. The silent attack hit one of the Peak three-starred Soul Master opposites without lessening the force.
