

Swordsman 1441

Chapter 1441: Collapse

Dead silent!

The entire universe was dead silent!

The countless Universe God from Hei Longshan stared at demon-like Jian Wushuang whose hands were covered with fresh blood.

Everyone shivered in fear from the bottom of their hearts.

“Too... too strong!”

“Demon, he’s a demon!”

“Such a demon, how could we match him evenly?”

The Universe Gods from Hei Longshan shouted.

They saw the earlier scene clearly.

The ten Kings of Hei Longshan had joined forces and became a war formation, demonic dragon knight. But Jian Wushuang swept them off and the ten Kings died!

With his thought, thousands of Universe Gods had suddenly died!

The head of Hei Longshan, who was the strongest among them, couldn’t make one single move on Jian Wushuang and was instantly killed.

Everything shocked them and they were dumbfounded.

“Run!”

No one knew who the first person who shouted was. The very next moment, the surrounding countless Universe Gods, including the few heads of Hei Longshan didn’t hesitate but opted to run for their lives.

Run! Run! Run!

The bandits forgot about everything but only knew to run.

In an instant, the large number of bandits who were originally surrounding the spaceship ran away.

The danger vanished into thin air in a sudden.

On the deck, Universe Gods in Hong Ri Mercenary Group looked surprised and it stirred a commotion in everyone’s heart.

Especially Yu Gang. He looked as though he had seen a ghost.

One must know that the people in Hong Ri Mercenary Group were unhappy with Jian Wushuang’s existence earlier. They thought it’d be more than enough for Su Hong to hire Hong Ri Mercenary Group

alone. He didn't need to hire another person. On top of that, Jian Wushuang wasn't famous and they didn't think just how strong Jian Wushuang was.

But then... After Jian Wushuang had showed his power, everyone was taken by surprise.

"Too strong!"

"This... he definitely has the fighting power of one on Universe God ranking list!"

"Mm, definitely. Otherwise, he wouldn't be able to defeat Hei Longshan's troop all alone!"

"This Jian Ke, is he an expert on Universe God ranking list?"

The people in Hong Ri Mercenary Group were hot with emotion.

They finally understood why Su Hong would hire Jian Wushuang.

Just then, swoosh!

Jian Wushuang landed on the deck once again, among the people in Hong Ri Mercenary Group.

The people in Hong Ri Mercenary Group looked at Jian Wushuang again at a close distance and all of them were gulping their saliva, including Yu Gang. There was an unprecedented reverence in their eyes.

Jian Wushuang stole a glance at everyone but didn't say much. He walked into the cabin before everyone's gazes.

When Jian Wushuang entered the cabin, the people in Hong Ri Mercenary Group let out a breath of relief.

"Go, go, go. Let's continue with our journey."

Yu Gang said and continued to drive the spaceship again.

In the spaceship cabin.

"You live up to your reputation as disciple of Star Palace. I'm impressed."

Su Hong looked at Jian Wushuang in shock and smiled, "To have you, Jian Wushuang, escort me personally, is my pleasure."

"Don't be too happy just yet. After all, our real trouble has yet to arrive," Jian Wushuang looked solemn.

Su Hong squinted his eyes, "The expert that Chu Sect sent might be very strong, but with your power, you should be able to deal with them, right?"

In Su Hong's view, Jian Wushuang could deal with a huge bandit group like Hei Longshan. The expert that Chu Sect sent wouldn't be any stronger than Hei Longshan, so Jian Wushuang should be able to deal with it easily.

"If it was before Hei Longshan, I definitely could. But now, it's hard to say," Jian Wushuang said.

"Why?" Su Hong was confused.

"I told you before that Chu Sect definitely sent experts to hide among Hong Ri Mercenary Group. I didn't take any action before, so Chu sect didn't know my background. They'd only treat me as an ordinary Peak Universe God in the Third Heaven. But now that I have exposed my power, Chu Sect will definitely know and they will definitely lay down a plan according to my power. The experts that they send will definitely be extremely strong!" Jian Wushuang said.

Su Hong was stunned and immediately understood.

The experts from Chu Sect either did not take action at all or took action with full confidence. They naturally took Jian Wushuang's power into consideration.

"What can we do?" Su Hong creased his eyebrows and asked.

"I don't know, but when I attacked earlier, I did something on purpose. I didn't show my full power. Plus, the expert that Chu Sect sent to hide among Hong Ri Mercenary Group is most likely a Universe God in the Third Heaven, or even lower. Hence, his understanding is limited and he won't be able to tell my true ability. I reckon he will only treat me as an expert suspected to have fighting power like one on the Universe God ranking list. Hence, we are still at an advantage," Jian Wushuang said.

Hearing what Jian Wushuang said, Su Hong was extremely shocked, "What you revealed earlier wasn't your full power?"

Jian Wushuang glanced at Su Hong but didn't answer.

In actual fact, he did hold back during the battle earlier.

He didn't give full play to the Power of Reincarnation and his swordsmanship wasn't performed to the limit.

He had just passed through his second Inverse Cultivation test and his swordsmanship was in an advancement period. During the years he was preparing in Lineage of Star, he had improved in swordsmanship tremendously with the aid of the Painting of Understanding Sword via Reincarnation. The most distinguished achievement would be that he had created the Reincarnation Sword Principle.

The Reincarnation Sword Principle... He had named it so because he had comprehended from the Painting of Understanding Sword via Reincarnation.

There's seven strokes in the Reincarnation Sword Principle. Every stroke was a fierce unique skill. He had only performed two of the fiercer strokes, the Bleeding Technique and Bleed to the end of the world Technique. Among the Reincarnation Sword Principle, he had also created another stronger stroke compared to the two but he had yet to perform it.

"Just wait, the expert that Chu Sect sent will be here in no time."

Jian Wushuang muttered, then he closed his eyes.

Just as Jian Wushuang had expected, the experts sent by Chu Sect immediately found out about Jian Wushuang's power after their encounter with Hei Longshan and they made a corresponding plan.

In the boundless void, there were a dozen figures waiting patiently on a mini island that was abandoned.

Very soon, a crimson spaceship stopped before the island in the void. Then, there was a crimson-robed figure that walked out slowly from the crimson spaceship.

“He’s here!”

Looking at the crimson-robed figure, people who were waiting on the island looked excited.

Chapter 1442: Fighting Power Like One on Universe God Ranking List

“Mister Zhao Han!”

Looking at the person in the crimson robe walk out from the scarlet spaceship, the dozen experts that were waiting on the island bowed politely, except for one.

The cold-looking young man in the crimson robe overlooked everyone on the island. Then, he shook and suddenly appeared before the Peak Universe God in the Third Heaven that never bowed.

“Pang Bo, long time no see. You’re here too?” The young man, Zhao Han, said with a smile.

The person who was called Pang Bo was a brawny, middle-aged man who was more than two meters tall. The brawny, middle-aged man carried a green saber on his back and his figure looked bold and strong, with a tinge of imposing manner. Hearing what Zhao Han said, Pang Bo replied coldly, “There’s some trouble. Otherwise, there would be no need for you to be here.”

“What kind of trouble? Even you, an expert who is extremely close to the standard of Universe God ranking list, can’t deal with it?” Zhao Han smiled.

“The enemy is suspected to have fighting power like one on Universe God ranking list,” Pang Bo replied.

“Oh?” Zhao Han squinted his eyes.

Being extremely close to the standard of Universe God ranking list and suspected to have fighting power like one on Universe God ranking list, obviously something unusual was happening.

“Tell me, what’s going on?” Zhao Han asked.

“As you are invited by the Chu Sect, you naturally know the aim of the mission and the person that we are going to kill. Although he isn’t strong, he hired some experts to escort him. Among the experts, Hong Ri Mercenary Group is just a mercenary group after all. You can ignore them. However, when they were in Floating City, he called for extra help. The help’s name is Jian Ke,” Pang Bo said.

“Jian Ke? Who can’t tell that that’s an alias?” Zhao Han smirked, “It’s this Jian Ke who is suspected to have fighting power like one on Universe God ranking list?”

“Yes,” Pang Bo nodded, “Not long ago, Jian Ke and the rest of them encountered the bandits from Hei Longshan in the boundless void.”

“Hei Longshan?” Zhao Han looked surprised, “I happen to have been training in the boundless void for a while now and I’ve heard about Hei Longshan. It is said that Hei Longshan has hundreds of thousands of

bandits. Among them were quite a few Universe Gods in the Third Heaven, there are even a few Peak Universe Gods in the Third Heaven. They also have the ten Kings, which is quite well known.”

“That’s right. Whichever troops want to go through the boundless void, as long as they meet with Hei Longshan, will definitely experience a nightmare. There is almost no one who could escape under the watch of Hei Longshan. Jian Ke and the troop met Hei Longshan in the boundless void, supposedly, and things seemed bad. In the end...” Pang Bo creased his eyebrows.

“Why? Unless they escaped through Hei Longshan’s hands?” Zhao Yu joked casually.

“They didn’t escape but they defeated Hei Longshan wantonly with thunderous measures,” Pang Bo said.

“What?” Zhao Han’s face suddenly grew grave.

He had been training in the boundless void for quite some time. Initially, he intended to make trouble for Hei Longshan as he had heard of Hei Longshan’s power.

He knew clearly how great one’s power must be to be able to defeat Hei Longshan wantonly.

“Would it be that the one they encountered wasn’t the main force of Hei Longshan, but just a partial section of the experts?” Zhao Han couldn’t help but ask.

“No, they met the main force led by Hei Longshan’s leader. On top of that, Hei Longshan launched their full force. There was a total of tens of thousands of Universe Gods and inclusive of the ten Kings were involved in the action. But in the end, they were killed and defeated. The leader of Hei Longshan and the ten Kings all died. The person who causes that to happen is Jian Ke!” Pang Bo said solemnly.

“You meant that Jian Ke alone killed the ten Kings from Hei Longshan and their leaders in front of the Universe Gods from Hei Longshan?” Zhao Han asked.

“Yes, the ten Kings from Hei Longshan already gave their all and they even made a formation. But, in the end, Jian Ke defeated them directly,” Pang Bo said.

Then, even Zhao Han had a glimpse of shock in his eyes.

“The ten Kings from Hei Longshan, the moment they united and formed their formation, it is said that only one who possesses power like one on Universe God ranking list could be evenly matched. But Jian Ke could defeat the formation directly. His power shouldn’t be weak. However, it doesn’t mean that he possesses fighting power like one on Universe God ranking list,” Zhao Han smiled.

“Doesn’t it?” Pang Bo was stunned.

“Fighting power of one on Universe God ranking list isn’t something easily achievable. Otherwise, there wouldn’t be only a hundred of them,” Zhao Han smiled, “In the ten Cultivation Sanctuaries, how many are like you, extremely close to the standard of one on Universe God ranking list and how many are suspected to have fighting power like one on Universe God ranking list? There is a countless number of them, but among these people, how many could really be evenly matched with experts on Universe God ranking list?”

“For example, fifty thousand years ago, a genius disciple from East Royal Sanctuary, Ye Han, was naturally gifted and he defeated many experts who were close to the standard of one on Universe God ranking list. He was recognized as being suspected of having fighting power like one on the Universe God ranking list. But in the end, when he really came across an expert on Universe God ranking list and the expert was only on the ninety-third place, considered the bottom of the list, what happen then?”

“With just three moves, Ye Han was defeated, heavily defeated, without a chance to struggle.”

‘Hence, whoever has yet to fight against an expert on Universe God ranking list will not be qualified to be recognized as suspected to have fighting power like one on Universe God ranking list.”

“Just like the ten Kings from Hei Longshan. They said that no one without the fighting power of one on the Universe God ranking list could fight evenly with them once they were in their formation. But, in actual fact, have they fought with an expert on Universe God ranking list before? Do they know how strong an expert on the Universe God ranking list is?”

Zhao Han looked like he didn’t care.

Well, that’s true. In the ten Cultivation Sanctuaries, there were many that were said to be suspected to have fighting power like one on Universe God ranking list but they were actually far from the real experts on the Universe God ranking list.

“Jian Ke and the troop are still in the boundless void?” Zhao Han asked again.

“Yes. Our people are among their troop. We know of their location,” Pang Bo replied.

“If so, let’s get into action. Let’s meet with this person that you said to be suspected to have fighting power like one on Universe God ranking list, Jian Ke,” Zhao Han scoffed.

“With you involving yourself personally, there shouldn’t be any unexpected events,” Pang Bo smiled faintly.

The Universe Gods at the side were absolutely confident in Mister Zhao Han.

Forget about the fact that Jian Ke might possess fighting power like one on Universe God ranking list. Even if he did, they believed that Mister Zhao Han could easily seize control of him.

After all, Mister Zhao Han became an expert of the Universe God ranking list in the Ten Cultivation Sanctuaries long ago, and he wasn’t too low on the list!

Without much preparation, Zhao Han and Pang Bo led a dozen Universe Gods onto the delicate scarlet spaceship. Then, they plunged towards where Jian Wushuang and the troop were.

Chapter 1443: They’re Here!

In the boundless void, the spaceship was still traveling forward.

On the deck, the people in Hong Ri Mercenary Group were very free.

“It has been rather peaceful. There are not even any bandits that come and look for trouble.”

“Humph, which ordinary bandit groups dare to ask for trouble with us, Hong Ri Mercenary Group? Even if we were to encounter the extremely strong bandit groups like Hei Longshan, we have Mister Jian Ke with us. There’s nothing to be afraid of.”

“When would we be as powerful as Mister Jian Ke?”

They chatted leisurely as they gathered in groups.

In one of the corners, there were two Universe Gods together. The two Universe Gods were just ordinary Universe Gods in the Third Heaven and they were recruited by Hong Ri Mercenary Group when they were at Floating City.

“Mister Pang Bo already sent a message. They’ll be here in another half a day. By then, we carry out the plan accordingly,” an elderly with triangle eyes said in a very low voice. Besides the person before him, no one else could hear.

“On this spaceship, there’s Jian Ke who swept Hei Longshan alone. Mister Pang Bo, would they succeed?” The other blonde-haired maiden ceased her eyebrows and asked.

“Don’t worry. Not only is Mister Pang Bo coming, there’s also Mister Zhao Han,” the elderly with triangle eyes replied.

“Mister Zhao Han? The expert on Universe God ranking list?” The blonde-haired girl was shocked and immediately beamed with joy, “Then, it should be fine. No matter how great Jian Ke is, he definitely is far behind when he is compared with an expert on the Universe God ranking list.

“Let’s get ready. There’s about half a day left,” the elderly with triangle eyes said.

Half a day flew past really quickly.

In the spaceship cabin, Jian Wushuang, who had been closing his eyes, suddenly opened his eyes. His Soul Power sensed the other spaceship in the void in front of them approaching them.

“Su Hong, the person who wants to kill you is here,” Jian Wushuang spoke.

“He’s here?” Su Hong’s face grew solemn instantly.

Immediately, Jian Wushuang and Su Hong came out from the cabin.

“Mister Jian Ke, Su Hong, why are both of you out?” Group leader of Hong Ri Mercenary Group smiled and he looked over.

Jian Wushuang didn’t reply but fixed his gaze in the void before him.

“Yu Gang, tell your people to be prepared. There’s a strong enemy approaching,” Su Hong said in a deep voice.

“A strong enemy again?” Yu Gang creased his eyebrows.

“The strong enemy this time is much scarier than Hei Longshan,” Su Hong said.

“What?” Yu Gang got a shock and gave out a command in a roar, “Hurry up. Get up and be prepared to fight your enemy!”

The people in Hong Ri Mercenary Group who were on the deck were frightened. They stood up and divine weapons appeared in their hands.

Everyone was looking into the dark void before them. There was a crimson light appearing gradually and it continued to magnify.

"It's a spaceship!"

"Such a beautiful spaceship."

The people in Hong Ri Mercenary Group fixed their gazes on the beautiful crimson spaceship.

Just then, on the corner of the deck, the elderly with triangle eyes and the blonde-haired maiden who were well prepared exchanged a glance.

"Action!" The elderly with triangle eyes roared.

Suddenly, there was an eruption of two bolts of aura on the spaceship.

The elderly with triangle eyes and the blonde-haired maiden took action simultaneously. They launched their strongest attacks at the structure of the side of the spaceship.

The structure of the spaceship was heavy-duty. When a strong attack was launched from the outside, it would require time and effort to break. However, if the attack was launched from the inside, it would be much easier.

The elderly with triangular eyes and the blond-haired maiden stayed on the spaceship for a while and they knew clearly about the weakness of the structure. Then, they attacked the two weakest points directly and did so at the same time. Instantly, the structure on the side of the spaceship shattered.

"Sh*t!" Yu Gang's face grew grave, "You two b*stards!"

"There's two of them?" Jian Wushuang squinted his eyes. He knew long ago that there was an expert sent by Chu Sect among Hong Ri Mercenary Group, but he had never expected there to be two.

The two of them suddenly launched an attack at the structure and he couldn't stop them in time.

"Hurry up and run!"

The elderly with triangle eyes and the blonde-haired maiden removed the structure and left the spaceship without hesitation. They wanted to run to the crimson spaceship and meet up with Zhao Han, Pang Bo and the rest of the troop.

But just as they dashed out from the spaceship, there were two shapeless soul attacks that hit them.

"What?"

The elderly with triangle eyes and the blonde-haired maiden looked terrified. Then, their figures fell down the very next moment.

"Although I can't stop you breaking the structure in time, it's fairly easy to kill you," Jian Wushuang looked cold.

“Awesome!” Yu Gang and the Universe Gods in Hong Ri Mercenary Group at the surrounding felt great.

“Be prepared, the massacre is going to start,” Jian Wushuang said.

The Universe Gods in Hong Ri Mercenary Group suddenly lifted their heads. Swoosh! Swoosh! Swoosh! Swoosh! They saw figures with fierce auras turning into flowing light and plunging towards their spaceship. Without the hindrance of the structure, the flowing light descended onto the deck directly.

There was a total of thirty figures descending simultaneously.

Luckily, the spaceship was extremely huge. The deck was like a mini battlefield and it could fit these people.

Jian Wushuang squinted his eyes and stared at the people before him.

Yu Gang by his side and the Universe Gods in Hong Ri Mercenary Group looked on in distress.

They had already noticed the people who came were all Peak Universe Gods in the Third Heaven. There was a total of thirty of them. Among them, the one leading was the brawny man carrying a green saber. His aura was much stronger compared to the others.

“You, you are...” Yu Gang stared at the brawny man carrying a green saber and there was terror in his eyes, “Pang Bo, it’s you!”

“You know him?” Jian Wushuang glanced at Yu Gang.

“Yes,” Yu Gang nodded, “Pang Bo was originally a group leader of a huge mercenary group. But in the end, because he offended an expert on Universe God ranking list by accident and the mercenary group under his lead was massacred. The expert on the Universe God ranking list originally wanted to kill him too, but Pang Bo was too strong. His defense power is terrifyingly strong. Although the expert on the Universe God ranking list could suppress him, he couldn’t kill him and he gained fame in that battle. He is an expert who is extremely close to the standard of the Universe God ranking list.”

“Is that so?” Jian Wushuang raised his eyebrows.

“You... are you Jian Ke?” Pang Bo’s gaze was cold as he looked at Jian Wushuang.

“It’s me,” Jian Wushuang nodded faintly.

“If you were to leave here now, you might save your own life,” Pang Bo said coldly.

“Hehe, you might not be qualified to say this,” Jian Wushuang smiled faintly.

“Is it?” There was a flash of coldness in Pang Bo’s eyes and he plunged forward like a fierce tiger in the very next moment.

Chapter 1444: Universe God Ranking List, Zhao Han!

Pak!

Pang Bo charged forward and the deck broke as a terrifying aura swept in all directions.

“Ninth Thunder Sword!”

Pang Bo was raging with a fierce aura as the green saber in his hand was engulfed in green bolts of thunder. He suddenly appeared before Jian Wushuang and slashed with the green saber.

Whoosh! Whoosh! Whoosh! Whoosh!

There was a total of nine sword lights and everyone had a boundless power of thunder.

Most importantly, not only were the nine sword lights getting stronger with every stroke, their speed grew with every stroke.

Jian Wushuang concentrated and Blood Mountain Sword appeared in his hand. He erupted his divine power and greeted his opponent.

The clashing of blades was heard. The nine continuous clashes caused great impact and Jian Wushuang couldn't help but retreat.

On the other hand, Pang Bo looked even more triggered.

There was an armor made of green thunder protecting his body out of nowhere.

He wore a thunder armor and held a green thunder saber. Pang Bo then looked like he had transformed into a thunder God.

“Twelve Thunder Sword!”

Pang Bo again wielded his saber fiercely, but by then it was a total of twelve sword lights.

“This sword technique is quite impressive. Although it isn't on the level of Real God, from the continuous overlapping of accumulated power, the last one could barely be comparable with Real God unique skill. No wonder he was said to be close to the standard of one on Universe God ranking list,” Jian Wushuang smiled faintly. He could tell that Pang Bo's power couldn't be much weaker than the top genius of Dark Phoenix Pavilion who was a Universe God in the Third Heaven, Lin Xue.

The twelve sword lights descended one after another.

Jian Wushuang immediately raised his sword to block. He blocked eleven sword lights in an instant.

When the last sword light had descended, Jian Wushuang's gaze turned cold.

“Reincarnation Sword Principle, the Bleeding Technique!”

Rumble!

A terrifying crimson light suddenly exploded and the entire void drowned in a crimson ocean.

In the crimson ocean, a scarlet sword light soared along with boundless power, including the slight bit of Power of Reincarnation that Jian Wushuang comprehended.

The scarlet sword light collided with the last sword light that Pang Bo had performed directly.

Bang!

There was a loud, vigorous noise before the entire spaceship broke entirely. The terrifying divine power shattered it while the people on the spaceship fall and dispersed into all directions from the impact.

In the midst of the divine storm, a figure suddenly retreated and finally regained his stability. The person was Pang Bo.

“So strong. Such strength!”

Pang Bo was still engulfed in the green thunder but his palm started shivering. Both arms were going numb.

Jian Wushuang gradually revealed his figure among the divine storm. His face turned cold as he stared at Pang Bo, “No wonder experts on Universe God ranking list couldn’t kill you, your defense power is not bad. However, with you alone, you’re not qualified to be my opponent yet. Let the person behind come forth.”

“The person behind?”

Su Hong and the people from Hong Ri Mercenary Group were stunned.

“Haha, very well. You could identify my existence.”

A malicious laughter suddenly burst out. Then, there was a figure in crimson robe that floated out from the delicate crimson spaceship and appeared before everyone.

He looked cold but he was wearing a creepy smile as he measured Jian Wushuang up and down. Although he looked calm, every Universe God from Hong Ri Mercenary Group stiffened at the sight of him.

Jian Wushuang’s face also grew grave when he see the approaching person.

“Expert!”

“He is at least ten times stronger than Pang Bo, Lin Xue from Dark Phoenix Pavilion, or even Hou Yi who defeated Lim Xue and declared that he was going to challenge an expert on Universe God ranking list!”

Jian Wushuang clenched his fists.

He lit up his Soul Power and he could clearly sense the boundless pressure that the other person was giving him.

“Zhao Han, number seventy-six on Universe God ranking list!” The man in the crimson robe, Zhao Han, smiled faintly.

Hearing what he had said, everyone from Hong Ri Mercenary Group were shocked.

“An expert on the Universe God ranking list?”

Shocking!

To people from Hong Ri Mercenary Group, Pang Bo, who was close to the standard of one on Universe God ranking list, was already an existence that was beyond reach.

Let alone Zhao Han who was truly an expert on Universe God ranking list.

“As expected.”

Jian Wushuang wasn't surprised.

To be able to place such great pressure on him, only experts on Universe God ranking list could do so.

On the Universe God ranking list, there was a total of a hundred top experts. Although Zhao Han was only on the seventy-sixth, even the strongest Universe God in the Third Heaven in Lineage of Star was only on the fifty-first on Universe God ranking list, which was not much stronger than Zhao Han.

“I do not kill anybody. Tell me your real name. Don't try to fool me with a pseudonym like Jian Ke,” Zhao Han spoke in a cool tone.

Jian Wushuang smiled faintly and replied, “Star Palace, Jian Wushuang!”

“I see. A genius disciple of Star Palace from Lineage of Star. No wonder you have such power,” Zhao Han said, “Lineage of Star, overlord of Purple Moon Sanctuary in Star land. Such great power, normally no one has the guts to provoke them while disciples of Star Palace are Lineage of Star's precious. Whoever kills disciples of Star Palace will definitely trigger Lineage of Star. However, I, Zhao Han, happen to be the kind of person who isn't afraid of anything.”

“If you intend to kill me, you can't do it with words,” Jian Wushuang said coldly.

“Of course.”

Zhao Han's smile turned cold and there was suddenly a terrifying aura soaring from his body. Simultaneously, boundless divine power flowed out and formed an illusionary image of a huge golden bear in an instant.

“Jian Wushuang, let me see just how capable are you as a disciple of Star Palace.”

Zhao Han fixed his gaze on Jian Wushuang and his figure shook the next moment.

The void before Jian Wushuang shattered while Zhao Han appeared from the shattered void. He swung his palm that was covered in faint gold light.

Then, the huge golden bear too swung its paw ferociously.

Hong!

The golden paw continuously grew and suddenly covered a range of more than a hundred miles. The void within the range shattered and collapsed.

The terrifying force locked Jian Wushuang within.

“Such power?” Jian Wushuang's face grew solemn.

“Jian Wushuang, be careful. Zhao Han is just like you. He has already comprehended a slight bit of Power of Heavenway and he has grasped the Myriad Beasts Doctrine in the Nine Heaven God Doctrine. This scariest part about the doctrine is its attack power. Not only is it strong, it is also extremely ferocious,” King of Venomous Worms said in Jian Wushuang's head.

“Myriad Beasts Doctrine?” Jian Wushuang smirked, “We shall see if his Myriad Beasts Doctrine is stronger or if my Reincarnation Doctrine is more powerful!”

Chapter 1445: Jian Wushuang Versus Zhao Han

With a slight bit of scorching heat, Jian Wushuang’s swordsmanship erupted.

Jian Wushuang slashed with his sword. Not only did he give full rein to his divine power and ancient God power to his extreme limit, but he had also performed with the slight bit of Power of Reincarnation that he had comprehended.

“Break!”

The cold sword light brought along a shrill piercing whistle and instantly hit the golden palm that was pressing down.

Hualala. An enormous amount of divine power dispersed and the huge golden palm was torn apart by the sword light.

“Mm? Not bad.”

Zhao Han saw the scene and sneered. He then flipped his wrist to reveal that he was wearing a pair of golden gloves.

The golden gloves gave out an outstanding power. They were obviously a very fierce Chaos Unique Treasure.

“Then, let’s give it a try!”

Zhao Han’s face grew ferocious as boundless divine power flowed into his hands in an instant. The golden bear statue that soared up from his body immediately bellowed at the sky above. The golden bear was acting as though it was insane. The two huge bear paws slapped out at lightning speed like a huge golden mountain. Every golden mountain covered an expanse of thousands of miles and traveling towards Jian Wushuang.

Looking at the golden mountains that were pressing in on him, Jian Wushuang couldn’t dodge.

“So strong. Compared to the earlier slam, it is much stronger,” Jian Wushuang’s face grew solemn, “If so...”

Vroom. The billowing scarlet flame suddenly soared up and formed a crimson sea, surrounding Jian Wushuang.

And Jian Wushuang was the King of the crimson sea.

Once the secret skill of Scarlet Kingdom was put to play, Jian Wushuang’s overall performance doubled.

“Kill!”

Jian Wushuang roared and wielded his sword. A fierce power tore the golden mountains that were pressing towards him. Simultaneously, Jian Wushuang's figure was moving closer to Zhao Han at a terrifyingly fast speed.

After a short while, Jian Wushuang appeared before Zhao Han.

"Reincarnation Sword Principle, bleed to the end of the world!"

Jian Wushuang wielded his sword directly.

Wow!

Shrill crimson swordlight filled the air. In the dark void, it was like writing a bloody and sad yet stirring road to the end of the world,

The road to the end of the world was unusually brilliant.

The swordlight was aiming at Zhao Han's throat.

"Funny!"

Zhao Han's gaze fixed and the right hand in a golden glove suddenly became a dragon claw and clawed out at lightning speed.

Behind his back, there was instantly a powerful golden dragon and the golden dragon was clawing out with his claw.

Clash!

The dragon claw that Zhao Han struck out with grabbed Jian Wushuang's sword directly. The clashing sound of enormous divine power didn't move him at all.

"Grabbing my sword with a bare hand?"

"You have guts!"

Jian Wushuang smirked and Blood Mountain Sword in his hands immediately let out a shocking sword intention. The entire sword was giving out a shrill sword whistle.

"What?" Zhao Han's face changed. He could clearly sense the terrifying sword intention from the sword and the shrill aura. He had an illusion that if he didn't move his palm, he would definitely be chopped into two by the shrill aura.

Swoosh!

Without hesitation, Zhao Han immediately let go of Blood Mountain Sword and his figures

"Demonic dragon!"

Jian Wushuang's eyes grew cold, then his Soul Power turned into five demonic dragons in an instant. The five demonic dragons carried terrifying murderous intentions and charged forward like lightning.

"Five worms, how dare you act wildly before the real, huge dragon?"

Zhao Han shouted and the golden dragon behind him opened its mouth. A terrifying roar was heard. The sound wave of the angry bellow shattered the five demonic dragons directly.

But the demonic dragon just shattered and a black light shot towards Zhao Han in silence.

"That's it..." Zhao Han contracted his pupils. He already could see that the black light was a black longspear. The black longspear carried a unique power and it came before his eyes in an instant.

"Humph!"

Zhao Han huffed and clasped his hands together. The huge golden bear was originally behind him but it suddenly appeared before him. The golden bear solidified its body and he blocked the spear, relying on its huge body.

Although the longspear was blocked, it contained a Soul Attack and it hit Zhao Han without hindrance.

"Consciousness attack?" Zhao Han creased his eyebrows and instantly recovered.

"He blocked my attack of Inextinguishable Light that I used with his God Killing Spear so easily?" Jian Wushuang was shocked.

In the void, Zhao Han stood and regained stability. There was shock in his eyes as he looked at Jian Wushuang.

On the battlefield, there was a temporary silence.

At the surrounding, Hong Ri Mercenary Group, including those Peak Universe Gods in the Third Heaven who were there to kill Su Hong were gawking at the scene.

When Jian Wushuang and Zhao Han stopped, they came back to reality.

"So strong!"

"Too strong!"

"This is the fighting power of one on Universe God ranking list?"

"We are all Universe Gods in the Third Heaven but we are of a totally different level compared to the two of them. I feel that Mister Zhao Han could easily kill me with a casual slap, same goes for Jian Wushuang's swordsmanship."

Everyone was shocked.

Everyone was shocked by the terrifying battle.

In the middle of the battlefield, Zhao Han finally spoke again.

"It seems that I've belittled you. You really do have the fighting power of one on the Universe God ranking list," Zhao Han smiled faintly. "As you are quite powerful and you're a disciple of Star Palace, as long as you can take my next move, I'll let you live."

"You're boasting shamelessly," Jian Wushuang shouted.

"Then, take this."

There was a loud shrill and there were two rays of brilliant golden light from Zhao Han's hands. The golden light was constantly magnifying like two golden suns. Then, there was an ancient, strong beast that appeared behind him out of nowhere. The beast had three heads and no one could recognize it.

However, the moment the beast opened its eyes, it sent chills down everyone's spine.

Then, Zhao Han's sun-like palm swung.

Rumble. The surrounding void started trembling with madness.

The terrifying power made every surrounding person roar uncontrollably.

Everyone couldn't help but stare at the two golden suns.

"Real God unique skill!"

Jian Wushuang's face grew grave. He knew Zhao Han, an expert on Universe God ranking list who had already comprehended a slight bit of Myriad Beasts Doctrine. He had already created Real God unique skill.

Then, he tightened his grip and Blood Mountain Sword quivered in madness and let out its extreme power.

"Reincarnation Sword Principle, Enduring Samsara!"

Chapter 1446: Myriad Beasts Idol

Rumble!

A black and a white ray of unusual sword light merged together perfectly and there was a huge, black-and-white whirlpool that appeared out of nowhere.

The Formation of the Enduring Samsara... It was the strongest technique that Jian Wushuang had created through the Painting of Understanding Sword via Reincarnation over a dozen years!

Although the technique wasn't a Real God unique skill, it had reached the extreme limit of a rank three unique skill!

The huge, black-and-white whirlpool and the two golden suns collided.

There wasn't any ferocious rumble like how they had imagined, nor was there any explosion of terrifying power. There were only noises from the two bolts of forces madly colliding with one another.

The two bolts of strength were continuously wearing down but, finally, the golden sun had won by a notch. However, after the golden sun defeated the black-and-white whirlpool, it didn't have much strength left. Hence, it couldn't have any effect on Jian Wushuang's divine body.

"He withstood my technique directly?" Zhao Han squinted his eyes.

"Jian Wushuang, I can tell that you've already comprehended a slight bit of Power of Heavenway. It's only a matter of time until you enter the Universe God ranking list. You probably wouldn't need much

time to catch up with me on the ranking. A genius like you is someone I'd really love to eliminate ahead of time. However, I will honor my words. As you withstood my attack earlier, I shall show mercy."

"Please leave."

Zhao Han stood there as he stared at Jian Wushuang as though he was watching his junior.

"You sound as though you are being lenient and letting me live but I didn't see your ability to kill me," Jian Wushuang sneered, "Zhao Han, if you were to really have the ability to kill me, show me. Otherwise... You, an expert on the Universe God ranking list, shall die here today."

"Jian Wushuang, are you trying to die?" Zhao Han's face turned cold.

He really didn't want to kill Jian Wushuang.

Firstly, Jian Wushuang wasn't that weak. Unless he performed that technique, otherwise, he wouldn't be able to kill him. However, it wouldn't be easy for him to perform the technique. Unless it was necessary, he wouldn't perform it.

Secondly, Jian Wushuang was a disciple of Star Palace. He had scruples towards Lineage of Star, after all.

If Jian Wushuang were to provoke him, he had no alternative.

"Hehe, I'm trying to die? The person who is trying to die might be you," Jian Wushuang's voice was cold and the aura in his body continued to strengthen.

"Humph, if so, you can't blame me then," Zhao Han's eyes were covered with murderous intention as an enormous amount of divine power crazily soared.

Rumble! There were suddenly three huge figures behind Zhao Han.

The three huge figures were three golden idols that were tens of thousands of meters tall. The three golden idols looked as though they had the power to break the heaven and the earth.

Zhao Han, who created the three golden idols, his face became ferocious and his eyes were red.

"This is... Myriad Beasts Idols?"

King of Venomous Worms, who resided in Jian Wushuang's body, suddenly exclaimed.

"Myriad Beasts Idols?" What's that?" Jian Wushuang asked closely. He could feel the terrifying power of the three golden idols.

"Myriad Beasts Idols is a kind of powerful secret skill that was specially created for experts who can comprehend Myriad Beasts Doctrine. The secret skill gathers the power of idol and every idol will be extremely strong. When the three idols gather together, it is enough for Zhao Han to enhance his strength to another level," King of Venomous Worms said, "However, I can tell that Zhao Han has barely comprehended Myriad Beasts Doctrine. Hence, he can barely perform the secret skill. I reckon it should countercharge him too. It is the power of idol, after all. It isn't so easily controlled."

"Zhao Han has such a trump card?" Jian Wushuang creased his eyebrows and his face grew extremely solemn.

“Jian Wushuang, die!”

Zhao Han let out a furious roar, then he took a heavy step and clapped.

The three tall golden idols suddenly let out brilliant golden light.

The three powers of idol flowed into Zhao Han’s hands and his palm became extremely terrifying.

Rumble. The towering golden palm slammed down on Jian Wushuang directly. Before the palm descended, the mere handprint brought about a terrifying pressuring force and the blood in Jian Wushuang started boiling and churning as though the bones all over his body were going to explode.

Then, the golden palm finally arrived.

Just then...

“Roar!”

There was a sudden angry roar that could break the universe. Underneath the golden palm, there was an extremely rich golden light that soared.

There was a divine ape soared up while it engulfed in golden light. The divine ape appeared and immediately let out a terrifying roar. Then, it straightaway knocked the golden palm away.

In the void, Jian Wushuang stood coldly as he held Blood Mountain Sword in his hands while the golden divine ape that soared up from his body also held a huge sword in his hand with towering aura.

His personal eruption of divine power, in combination with the extreme explosion of Soul Power, had formed a divine ape. It was a perfect match of personal divine power and Soul Power. Jian Wushuang’s fighting power was billowing.

“How could he?”

Zhao Han, who was under the illusionary image of the three idols, saw the divine ape that Jian Wushuang had created and his face grew grave.

He never thought that after he played his trump card Jian Wushuang could still withstand his attack.

“Zhao Han, you and I, let’s battle again!”

Jian Wushuang, who was engulfed in the golden divine ape, had fighting intention. He fixed his gaze on Zhao Han then took a huge stride forward. The huge golden divine ape suddenly charged forward.

“Sh*t!”

There was fear from the bottom of Zhan Han’s heart.

“It is too difficult for me to perform Myriad Beast Idols. Forget about how long I can even stand, handling the counter-charge itself from performing Myriad Beasts Idols is suffocating enough but Jian Wushuang... It is obviously not difficult for him to perform his masterstroke. If we continue to fight, I will be at a disadvantage.”

Zhao Han thought and immediately made a decision.

“Dumbasses, what are you doing there? Hurry up and take action. Kill Su Hong!”

“Pang Bo, hurry up!”

Zhao Han let out a roar and he looked as though he was going to bother Jian Wushuang again.

Pang Bo and the dozens of Universe Gods in the Third Heaven who were around the battlefield immediately came back to reality.

Actually, they took action long ago. However, Jian Wushuang and Zhao Han’s fighting impact was too huge. They hid far away as they were afraid that they might be impacted. Hence, their fight naturally ceased.

Then, when they heard Zhao Han’s bellow, Pang Bo and his troop quickly took action again.

They just moved and Jian Wushuang, who was at the core of the battlefield, his face changed and immediately the huge divine ape suddenly shook and appeared before Su Hong. His cold gaze swept towards Pang Bo and the Universe Gods in the Third Heaven.

...

Chapter 1447: The Second Part Of The Task Completed

“This...”

Looking at Jian Wushuang who stood right at the front, Pang Bo and his troop were frightened. His figure paused in the void too.

“Jian Wushuang, I, Zhao Han, will remember what happened today. In the future, I must take revenge.” Zhao Han’s cold voice rang.

“Mister Zhao Han left?”

“Hurry up and let’s go!”

“With Jian Wushuang around, it’s impossible for us to kill Su Hong. Let’s go!”

Pang Bo and the other Universe Gods in the Third Heaven weren’t stupid either. They naturally left immediately.

Looking at everyone leaving, Jian Wushuang didn’t chase and the people in Hong Ri Mercenary Group let out a breath of relief.

The huge golden divine ape on the surface of Jian Wushuang slowly dispersed. He watched the direction the crimson spaceship went in and his face grew solemn.

“Expert on Universe God ranking list, he lives up to his reputation!” Jian Wushuang muttered.

He had given his all during his earlier battle. He put all his techniques to play but he could only be evenly matched with Zhao Han.

“Zhao Han comprehends Myriad Beasts Doctrine. He should be one notch higher than I in terms of realization. Plus, he created a Real God unique skill and even possesses strong secret skills like Myriad Beasts Idols!”

“Compared to him, my comprehension of Reincarnation Doctrine and my unique skills are slightly weaker. The reason why I could be evenly matched with him was because of the combination of Soul Power and personal divine power, and also my possession of various treasures and secret skills...”

“With such power, he will only be seventy-sixth on the Universe God ranking list. I really wonder just how powerful are those people before him. Especially those above twenty and those in the top ten, Just how scary of a monster are they?”

Jian Wushuang clenched his fist.

He had just broken through and become Universe God in the Second Heaven after all. There was still extremely huge space for improvement.

Only when he had reached his peak might he be qualified to be evenly matched with the top twenty on the Universe God ranking list and those monsters in the top ten.

“Jian Wushuang.”

Su Hong’s voice was heard from behind, “I never thought Chu Sect was capable of hiring an expert on Universe God ranking list. Luckily, we have you. Otherwise, we would be doomed.”

Su Hong was glad. At the same time, he marveled at his power.

One should know that Zhao Han was a true expert on Universe God ranking list and he was at the seventy-sixth place on the list. With such power, Jian Wushuang had forced him to retreat?

Just how strong was Jian Wushuang?

Not any weaker than Zhao Han, right?

“Experts on Universe God ranking list are extremely rare. Chu Sect was able to hire Zhao Han and he was already really hard to come by. It is impossible for them to hire another expert on Universe God ranking list who is stronger than Zhao Han to kill you at such short notice. Plus, the two persons among Hong Ri Mercenary Group were exposed. Without the two of them providing information, the experts from Chu Sect won’t be able to trace us in the boundless void. Hence... On our journey, we won’t come across any danger,” Jian Wushuang explained.

Su Hong beamed with joy.

“Let’s continue our journey.”

Jian Wushuang didn’t say much but urged everyone to depart once again.

The group leader of Hong Ri Mercenary Group, Yu Gang, quickly took out a brand new spaceship and everyone continued their journey on the new spaceship.

On the way, the people of Hong Ri Mercenary Group treated Jian Wushuang even more reverently.

After all, forgetting about the fact that Jian Wushuang was a disciple of Star Palace, his capability to force Zhao Han's retreat alone had instilled fear in them.

On the other hand, in Lineage of Star, in the cave dwelling that was made of special gemstones, Hall Master Yuan received an update.

"Chu Sect sent Zhao Han, who was at the seventy-sixth place on Universe God ranking list to stop and kill him, but in the end he couldn't complete his mission. Zhao Han fought a battle against Jian Wushuang and they were evenly matched? How is this possible?"

After receiving the news, even Hall Master Yuan was shocked.

But, very soon, he calmed down.

"It seems that I've belittled the young man's potential."

"To be able to fight against Zhao Han like that, his power definitely reached a standard to be listed on the Universe God ranking list. Plus, he had just passed through his second Inverse Cultivation Test and it had only been a hundred years. If he were to continue to improve, he could reach the top twenty on the Universe God ranking list, or even the top ten. Until he passes through his Inverse Cultivation Test in the Third Heaven, it should be easy for him to be listed in the top ten on the Universe God ranking list. Such a gifted genius, there's never been one in the history of Lineage of Star!"

"On top of that, he's an inverse cultivator!"

Hall Master Yuan was beaming with joy.

"This young man, the arrangement that I specially made for him wasn't in vain!"

"I hope he can continue to surprise me."

...

In the boundless void, the following journey went as predicted by Jian Wushuang.

They didn't come across any other experts that Chu Sect sent and only encountered some bandits.

But none of those bandits came to find trouble with them.

In a dozen years, the troop traveled across the boundless void and stepped foot in Purple Moon Sanctuary.

"The second part of the task is finally completed," Jian Wushuang had a smile on his face.

The second part of the task was definitely much more dangerous than the first part of the task.

Not only did they come across Hei Longshan, most importantly, they encountered the attempted murder from the experts sent by Chu Sect. They even had experts on the Universe God ranking list to launch the attack.

However, to Jian Wushuang, it was a great reward that he could fight a battle against an expert on the Universe God ranking list.

To obtain another chance to enter Real God Hall after the completion of the task, the reward itself was abundant.

“Su Hong, my task is to escort you to Purple Moon Sanctuary. As we’ve arrived, for the rest of the journey you’ll have to rely on yourself,” Jian Wushuang looked at Su Hong.

“Thank you so much for escorting me on this journey.”

Su Hong was extremely grateful. As soon as he arrived at Purple Moon Sanctuary, the experts from Su Family found him. With the experts from Su Family around, Chu Sect wouldn’t be able to play any more tricks. In other words, he was already out of danger.

“Take care!”

Jian Wushuang said and then turned to leave.

Su Hong and Universe Gods in Hong Ri Mercenary Groups watched Jian Wushuang as he left. Everyone was sighing.

“If everything goes to plan, on the Universe God ranking list, there will be Mister Jian Wushuang’s name in no time.”

“Definitely. To be able to fight against Zhao Han like that, he definitely will enter Universe God ranking list!”

“From what I can see, not only will Jian Wushuang be listed on the Universe God ranking list, his ranking will surpass Zhao Han’s in no time!”

“Tsk tsk. When will I be able to have Mister Jian Wushuang’s power?”

Chapter 1448: Sky Sword Mountain

After Jian Wushuang had parted ways with Su Hong, he found a bar and sat down. At the same time, he sent a message to Hall Master Yuan to inform him that he had already completed the second part of the task.

“Jian Wushuang, I heard that you met an expert on Universe God ranking list, Zhao Han, in your second part of the task? How do you feel?” Hall Master Yuan asked casually.

“The expert on Universe God ranking list was really strong,” Jian Wushuang solemnly said, “According to my power now, I could barely match Zhao Han evenly. If I intend to defeat him, I have to have a breakthrough on my Sword Principle again and create a unique skill of Real God level.”

On Sword Principle unique skill, he had already created the rank three strongest unique skill, Enduring Samsara. Hence, to be stronger, he naturally had to create a Real God unique skill.

Hearing what Jian Wushuang said, the King of Venomous Worms couldn’t help but mutter, “If it wasn’t because you had to protect Su Hong, you could totally try to keep Zhao Han behind and replace him easily on Universe God ranking list.”

“Er...” Jian Wushuang smiled in reply.

Previously, when Jian Wushuang was fighting against Zhao Han, Myriad Beast Idols counter-charged Zhao Han’s body too vigorously and he wasn’t able to withstand for long. If they were to continue to fight, Jian Wushuang could definitely defeat him or even kill him. However, the victory would depend on his divine power and King of Venomous Worms’ recovery power. As for his real power, he was really slightly weaker than Zhao Han.

“Regardless, you performed well to be able to fight against Zhao Han like that. Considering your ability now, I can be less worried about the third part of the task,” Hall Master Yuan said.

“Huh?” Jian Wushuang was surprised.

The way Hall Master Yuan spoke made the third part of the task seemed unusual.

“Jian Wushuang, I shall assign you the third part of your task, also the last part. Listen carefully,” Hall Master said.

Jian Wushuang listened with full attention.

“The ten Cultivation Sanctuaries, which are outside of the boundless void, in-between Holy Kingdom of Green Thunder and Holy Kingdom of Illusionary Sea. There is a huge piece of land. This land is where the Sky Sword Mountain is located!”

“Sky Sword Mountain is an extremely strong force in Eternal Chaotic World. Although they aren’t within the Ten Cultivation Sanctuaries, the overall power they contain isn’t ordinary. Even compared to us Lineage of Star, they aren’t that far off.”

Jian Wushuang was shocked when he heard that.

A force that wasn’t much weaker the Lineage of Star was definitely at the top in Eternal Chaotic World.

“Back when I followed King Luo Zhen to wander around in the Eternal Chaotic World, I’ve heard of Sky Sword Mountain. The owner of Sky Sword Mountain is extremely hard to deal with,” King of Venomous Worms’ voice was heard.

Hall Master Yuan continued, “Sky Sword Mountain has many experts and also many Real Gods. Besides, Sky Sword Mountain has a total of one hundred and eight white deacons. These white deacons are all Peak Universe God in the Third Heaven. Among them, there is Universe God Mo Yan. He once joined forces with a bunch of Universe God in Purple Moon Sanctuary to kill one of the disciples of Lineage of Star. Your task is to head over to Sky Sword Mountain and find an opportunity to kill Universe God Mo Yan.”

“Head to Sky Sword Mountain to kill Universe God Mo Yan. He’s the only target?” Jian Wushuang asked.

“Yes, just killing him will do,” Hall Master Yuan replied.

“How strong is Universe God Mo Yan? Was he on the Universe God ranking list or close to having fighting power like one on Universe God ranking list?” Jian Wushuang asked again.

“No, he isn’t strong. He’s just an ordinary Peak Universe God in the Third Heaven,” Hall Master Yuan said.

Jian Wushuang creased his eyebrows when he heard Hall Master Yuan’s reply.

Only to kill an ordinary Universe God in the Third Heaven, the task seemed quite easy.

But it was the final part of the task?

“Jian Wushuang, although Universe God Mo Yan wasn’t strong, he is from Sky Sword Mountain, after all. Plus, he is very cunning. He has been staying in Sky Sword Mountain all these years and he has never left. You have to kill him in Sky Sword Mountain if you were to kill him, under the watch of many experts in Sky Sword Mountain. If you make any careless mistakes, you’ll be chased after by the experts in Sky Sword Mountain, even if you kill him. In turn, you might lose your life!” Hall Master Yuan said.

“Is that right?” Jian Wushuang’s face grew solemn.

He knew that killing Universe God Mo Yan was an easy task. The crucial part of the task was that he had to escape from Sky Sword Mountain after he had killed him or he wasn’t discovered by anyone after he killed Universe God Mo Yan. Hence, the difficulty of the task instantly became a few times higher.

“The reward for the third part of the task is for you to stay in Real God Hall for two months and, on top of that, you’ll be rewarded with a Chaos Unique Treasure of Real God level!” Hall Master Yuan said.

Jian Wushuang immediately beamed with joy.

It was unnecessary to talk about Real God Hall. For the second part of the task, he was only allowed to be in Real God Hall for a month’s time.

However, upon completion of the third part of the task, he could stay for two months.

“As for the Chaos Unique Treasure of Real God level...”

In Eternal Chaotic World, the treasures were segregated into Chaos Divine Weapon, Chaos Unique Treasure and Chaos Divine Treasure.

Among Chaos Unique Treasure, there was a difference between Universe God and Real God levels.

The name itself revealed that Chaos Unique Treasure of Universe God level was for Universe God while Chaos Unique Treasure of Real God level was for Real God.

For instance, among the treasures that Jian Wushuang had, Blaze Quicksand Gourd could only be considered a higher class Chaos Unique Treasure of Universe God level.

Blood Mountain Sword was just an embryo sword. By then it had already merged with the strongest unique skill in the third Heaven that Jian Wushuang created. The eruption of its power could be compared favorably with the top-notch Chaos Unique Treasure of Universe God level.

Blood-killing Plate Armor could also be considered as a top-notch Chaos Unique Treasure of Universe God level.

As for Real God level, Jian Wushuang really didn’t have any.

He possessed Mountain River Map which was a Chaos Divine Treasure. It was a pity that, due to its high level, Jian Wushuang couldn't give full play to its power. He reckoned that he could only use the treasure after he became a Real God.

Hence, if he were to obtain Chaos Unique Treasure of Real God level at such a critical point, it would definitely be useful to Jian Wushuang.

"Although the third part of the task is very dangerous, the reward is generous," Jian Wushuang smiled.

Opportunity and danger co-existed.

"Jian Wushuang, let me remind you that the third part of the task is not ordinary. You might lose your life if you make any careless mistake. Hence, before you launch an attack to kill Universe God Mo Yan, be well prepared. Keep an escape route open. If you aren't well prepared, don't act hastily," Hall Master Yuan exhorted.

"Understood," Jian Wushuang nodded heavily.

"Besides, if you were to be in life-threatening situation, tell them your identity as a disciple of Star Palace directly. You might stand a chance," Hall Master Yuan said again.

Jian Wushuang's eyes contracted, and then he nodded.

"I sent you the location of Sky Sword Mountain. Go ahead."

Hall Master Yuan cut off their communication.

Jian Wushuang departed shortly after.

...

Chapter 1449: Nine Sword Mountains

A huge piece of land was located in-between two Holy Kingdoms. The piece of land was where Sky Sword Mountain was.

Jian Wushuang spent another ten years traveling by spaceship and went through the boundless void once again. He then appeared on the land.

"This is Sky Sword Mountain?"

Jian Wushuang looked over the huge piece of land before his eyes and he could faintly see the nine lofty mountains at the end of his view.

Even though he was at a far distance, Jian Wushuang could feel the boundless aura of the nine mountains.

"It is said that there are nine sword mountains in Sky Sword Mountain and the nine sword mountains were made by the owner of Sky Sword Mountain himself. It is said to be impressive," King of Venomous Worms' voice was heard in his head.

“Let’s take a look.”

Jian Wushuang smiled faintly. After he got off the spaceship, he relied on his own speed to travel to the nine lofty sword mountains at the end of his sight.

After a short while, Jian Wushuang appeared in the huge, empty land.

In the empty land, there were many cultivators gathered together. Some were chatting casually, some were practicing swordsmanship, but a lot more of them were closing their eyes as they sat there. It seemed that they were comprehending something.

Jian Wushuang stood on the empty land and lifted his gaze to look at the nine mountains before him.

The nine mountains gave everyone an extremely magnificent feeling.

Just as Jian Wushuang looked at the first huge mountain... Vroom!

A terrifying sword intention spread over. The sword intention spread with great momentum that made people submit.

“This sword intention...”

Jian Wushuang’s eyes contracted suddenly, and his mind and soul immediately drowned in the sword intention.

It was quite some time until Jian Wushuang came back to reality.

“I... I am drowned by the sword intention?” Jian Wushuang was shocked.

With his understanding of swordsmanship, he wouldn’t be bothered with ordinary sword intention. However, the sword intention spread by the lofty mountain made him drown uncontrollably. Just how strong was the sword intention?

Jian Wushuang immediately looked at the second mountain.

Vroom!

Similarly, a terrifying sword intention spread over, but it was like all rivers running into the sea. It included everything in the universe.

Jian Wushuang was affected by the sword intention and drowned uncontrollably.

After a short while.

“So magical,” Jian Wushuang opened his eyes and they beamed with excitement.

The nine lofty mountains, every one of them contained a terrifying sword intention. The strength of the sword intention was so enchanting and one would automatically submit.

Nine unique mountains. If he were to cultivate and comprehend there for a short while, his swordsmanship would definitely improve tremendously.

“My friend...” A gentle voice was heard.

Jian Wushuang turned around and looked. He saw an old man in a white robe walking towards him. The old man in a white robe looked at him in a friendly way.

"You are?" Jian Wushuang looked at the person approaching him.

"I am the white deacon of Sky Sword Mountain, Bing Cong," the elderly in a white robe smiled.

"White deacon?" Jian Wushuang looked shocked.

One must know that the target of the task, Universe God Mo Yan, was also a white deacon of Sky Sword Mountain, who shared the same position as Bing Cong.

"Looking at your reaction, it should be your first time in Sky Sword Mountain, right?" Bing Cong smiled as he looked at Jian Wushuang.

"Yes," Jian Wushuang nodded.

"Well, of course. Only cultivators who are in Sky Sword Mountain for the first time would be so shocked when they see the nine sword mountains," Bing Cong smiled and continued, "The nine sword mountains are the foundation of Sky Sword Mountain, also made by our owner. The nine sword mountains, every one of them contains terrifying sword intention. Also, it's the best place for cultivators of swordsmanship to comprehend and cultivate.

"No wonder they are so many sword cultivators here," Jian Wushuang looked around and saw the cultivators on the empty land were mostly sword cultivators.

"The purpose of your visit will be the same as the rest, right?" Bing Cong looked at Jian Wushuang. He had already noticed the sword that Jian Wushuang was carrying on his back.

"Of course," Jian Wushuang nodded and asked, "Mister Bing Cong, if I were to intend to comprehend and cultivate before the nine sword mountains, what would be the criteria?"

"Criteria? There are no criteria. Our owner exhorted us long ago that the nine sword mountains were open to all sword cultivators. Regardless of who they are, they can comprehend sword intentions before any sword mountain, and for however long they want," Bing Cong said.

"What?" Jian Wushuang was shocked, "Nine such impressive sword mountains are open to the public? Just how generous is the owner of Sky Sword Mountain?"

One must know that there were many forces and sects in Eternal Chaotic World and they possessed some land of opportunities. But even their disciples had a certain limitation, let alone outsiders.

For instance, in Lineage of Star, only the disciples of Star Palace were permitted to enter Real God Hall, Scripture Depository and Reset Palace.

But Sky Sword Mountain... From Jian Wushuang's point of view, although the nine sword mountains couldn't be compared to Real God Hall favorably, it was a rare cultivation place. Especially for sword cultivators, it was definitely a chance that was hard to come by.

But the owner of Sky Sword Mountain had opened the nine sword mountains to public.

That was very generous of him.

"There were many places for comprehension and cultivation on the empty land. You can pick anywhere you like to cultivate on your own. You can cultivate for however long you wish but remember to not break Sky Sword Mountain's rule." Bing Cong said.

"Rule, what rule?" Jian Wushuang asked.

"Very simple. Just don't kill anyone in Sky Sword Mountain," Bing Cong said.

Jian Wushuang's eyes contracted.

The aim of his visit to Sky Sword Mountain was to kill someone. It seemed that he definitely had to break Sky Sword Mountain's rule.

"What would happen if one accidentally broke Sky Sword Mountain's rule?" Jian Wushuang asked casually.

"One who breaks the rule will be punished in Sky Sword Mountain, which means..." Bing Cong sighed with emotion.

"What will happen?" Jian Wushuang asked curiously.

"I don't know," but Bing Cong shook his head and continued, "it is the higher up who is of Real God level in Sky Sword Mountain who is in charge of punishment ,after all. But I've heard that rulebreakers end very tragically."

"Oh?" Jian Wushuang raised his eyebrows slightly.

"Alright, friend. Take your time to comprehend and cultivate. If there's any problem, you can look for me. We are the white deacon after all, and we are obliged to take care of trivial matters," Bing Cong smiled and turned to leave.

Jian Wushuang stood there quietly as a strange light shimmered in his eyes.

"They are so many experts in Sky Sword Mountain. There are even so many Real Gods. To kill under the watch of so many experts, it definitely will not be easy."

"But I'm not in a hurry either. I'll stay under the nine sword mountains to comprehend slowly and get to know the environment better. Then, I'll look for an opportunity to take action."

Chapter 1450: Universe God Mo Yan

After Jian Wushuang had made up his mind, he immediately found a space and sat down while his gaze fixed on the nine lofty sword mountains in front of him.

Every one of the nine sword mountains contained boundless sword intention and all nine of them were different.

Jian Wushuang could feel every single one of the sword intentions.

After a while, Jian Wushuang chose one of the sword mountains.

The sword mountain contained an extremely swift and fierce sword intention that seemed to be able to tear the universe.

It was extremely similar to Jian Wushuang's sword intention.

According to Jian Wushuang's understanding towards the sword, the sword aimed to kill and it originally contained boundless spearheads.

Only a rusty sword would lose its swiftness.

Jian Wushuang started to comprehend in silence and feel the sword intention of the sword mountain.

Along with the comprehension, his understanding towards the sword principle and sword intention continuously increased.

The time slowly passed...

Sky Sword Mountain had strict rules that no one dared to break.

Jian Wushuang stayed silent as he comprehended. No one came to interrupt him either. In the blink of an eye, it had been seventy years.

Jian Wushuang already stood up from the ground. Then, he held Blood Mountain Sword with his eyes still closed but Blood Mountain Sword started to be wielded slowly.

Whistle!

A ray of sword light suddenly flashed.

The sword light was like a frightened swan. It suddenly swept past. However, at the instant when the sword light pierced through, an extremely terrifying fierce aura suddenly erupted.

A terrifying stroke.

The stroke even attracted many cultivators' attention.

"Rank three strongest unique skill?"

"The sword principle is so... so swift and fierce!"

"Such swift and fierce stroke carries a power that can't be blocked."

"I definitely couldn't withstand that stroke."

The cultivators complimented in silence.

There were many sword principle cultivators but there weren't many who had reached the level of Peak Universe God in the Third Heaven. One who could create a rank three strongest unique skill was even more scarce.

Hence, the sword principle that Jian Wushuang performed received their compliments.

After Jian Wushuang had performed his sword principle, he immediately stored his sword and slowly opened his eyes.

“Phew!”

Jian Wushuang let out a breath of relief and revealed a smile across his face.

“After comprehension for seventy years on the sword mountain, my understanding towards sword principle has increased tremendously. Although I still have yet to create a unique skill of Real God level, I have created the second rank three strongest unique skill besides Enduring Samsara.”

“This stroke advances bravely. It won’t stop without tearing apart or eliminating the person. As the sword light swings out, it is like a frightened swan. As such, the stroke should be named Frightened Swan.”

Jian Wushuang smiled.

Frightened Swan Stroke was created and Jian Wushuang’s swordsmanship was one step closer to perfection.

In Sky Sword Mountain, there were many buildings. Among these buildings, there were stores, bars and also entertainment places.

He was in front of a store then.

“Take your leave leisurely,” a malicious youth in a white robe said humbly as he sent two Peak Universe Gods in the Third Heaven away.

“Sorry for giving you so much trouble,” the two Peak Universe Gods in the Third Heaven didn’t act haughtily but one of them took out his Qian Kun ring, “This is a token of appreciation, please take it.”

The malicious-looking youth in a white robe beamed with joy and accepted it, “If you were to come across any trouble in Sky Sword Mountain in the future, come and look for me.”

“Sure.”

The two Peak Universe Gods in the Third Heaven left very soon after.

The malicious looking youth in white robe watched the two of them left and immediately ran through the Qian Kun ring. Then, he immediately wore a satisfying smile across his face as he walked into the store again.

Jian Wushuang, who was in the bar opposite the store, saw the scene.

“Universe God Mo Yan.”

Jian Wushuang’s gaze was fixed on the malicious-looking youth in the white robe. His Soul Power covered the store entirely then.

“Universe God Mo Yan is really cunning. I’ve been in Sky Sword Mountain for seventy years but I’ve never seen him leave the mountain. Plus, even when he’s in Sky Sword Mountain, he normally stays in the store. In the nearby stores, there are at least four Real Gods,” Jian Wushuang sighed in silence.

He had waited in Sky Sword Mountain for seventy years. In the seventy years, most of the time he had comprehended at the sword mountain, but he was looking for a chance to take action simultaneously.

However, for seventy years, he had never found any chance to take action.

In the end, Jian Wushuang concluded that if he wanted to kill Universe God Mo Yan, he could only do it in the store, under the watch of the four Real Gods.

"If it were to be any ordinary cultivator, even if he was an expert of Real God level, to kill Universe God Mo Yan under the watch of four Real Gods and leave would be almost impossible. However, I might stand a chance," Jian Wushuang muttered to himself.

He was different from ordinary cultivators. After all, he was good at Soul Attacks.

The scariest part about Soul Attacks were that he could kill his opponent quietly without much movement.

"Although the four Real Gods are nearby, it is impossible for them to disperse their consciousness at all times to pay close attention to their surroundings. Even if someone died near them, as long as there was no noise, no eruption of divine power, they shouldn't be able to discover it. This is my chance!" Jian Wushuang squinted his eyes.

"Universe God Mo Yan, although he is a Peak Universe God in the Third Heaven, he isn't strong in consciousness. He should only be at the level of an ordinary Universe God in the Third Heaven. According to my current soul strength, if I were to perform the Inextinguishable Light with the secret skill of Tian Yuan with full force, the sudden attack should have a high, seventy-percent chance to be able to kill him!"

"A seventy-percent success rate is already very high!"

"After killing him, I will leave immediately. By the time the Real Gods realize, I should be out of Sky Sword Mountain."

Jian Wushuang thought it through again and decided to take action.

Immediately, Jian Wushuang left the bar and walked into the store opposite Universe God Mo Yan.

Jian Wushuang arrived in the store and he saw the malicious-looking youth in a white robe who was inspecting a ton at the desk, Universe God Mo Yan.

Besides Universe God Mo Yan, there were two servants at the entrance of the store. Universe God Mo Yan's eyes beamed with joy the moment he saw Jian Wushuang enter.

He could feel Jian Wushuang's aura, which revealed him to be a Peak Universe God in the Third Heaven. On Sky Sword Mountain, Peak Universe Gods in the Third Heaven were all big customers.

"Mister, how can I help you?" Universe God Mo Yan stood up and asked with a smile.

"I need a few elixirs to help to stabilize my mind and body. It must be of a higher level. I wonder if you sell them?" Jian Wushuang asked.

"Of course. But we at Sky Sword Mountain sell things at a higher price compared to other places. I wonder if mister can accept this?" Universe God Mo Yan asked again.
