

Swordsman 1531

Chapter 1531: The Third Level Of The Cave

Atop an isolated mountain in Wu Bei's cave, the God Destroying King, a fragile-looking young man, was sitting down with his legs crossed. With a few days' time, his Divine Power had more or less recovered. However, the damage that his consciousness had sustained would still require a period of time to recover.

At the very moment, he was staring at the new Universe God ranking list.

"Duan Lingfeng is second and Jian Wushuang is third?"

"These two brats..."

The God Destroying King's eyes were glowing with a fierce, terrifying light.

Ever since he was first in the Universe God ranking list, no Universe Gods had made him so miserable before.

Not long ago, Zi Dongwang had also teamed up with three other Universe Gods who were in the top twenty of the Universe God ranking list to fight him. However, he had killed the three Universe Gods in that match and only Zi Dongwang managed to get away luckily.

From that moment on, Zi Dongwang had stopped thinking of challenging him.

However, at that very moment, Jian Wushuang and Duan Lingfeng's appearance had caused him to feel pressured.

"I hope that I can still meet the both of you on the third level of cave..."

The God Destroying King smiled. After that, he closed his eyes.

...

Within a thick forest, Zi Dongwang was hiding.

He had no choice. Since he was proud and ambitious, he had offended quite a number of people. For example, close to half of the top twenty in the Universe God ranking list could not stand him.

Previously, he was at his peak and he was not frightened at all. However, after fighting with and being seriously injured by Jian Wushuang, his power declined drastically and it still had not recovered completely. As such, he had to be careful.

Zi Dongwang had also obtained the newest Universe God ranking list.

"Duan Lingfeng is second and Jian Wushuang is third. I am actually fourth now?"

"Damn it!!!"

Zi Dongwang bellowed.

Even though he had already guessed that this would happen after his match with Jian Wushuang, he still could not help but be furious and he even harbored hatred!

He resented Duan Lingfeng. However, he resented Jian Wushuang even more.

“Jian Wushuang and Duan Lingfeng, both of you had better be prepared. I, Zi Dongwang, will definitely not accept a position behind the both of you!”

“There would definitely come a day where I seize my position on the Universe God ranking list back!!”

Zi Dongwang clenched both his fists and in no time, he continued to recuperate from his injuries.

...

Back then, when Zi Dongwang and Jian Wushuang had clashed and he was defeated by Jian Wushuang. He was the first to escape. Later on, Xin Zhu had also escaped.

However, the both of them separated from one another.

At that very moment, Xin Zhu was also in a certain place in Wu Bei's cave and he was looking at the newest Universe God ranking list.

With regard to the newest Universe God ranking list, Xin Zhu could accept it.

“Previously, when the Vientiane Tower placed Jian Wushuang fifth in the Universe God ranking list, I was a bit dissatisfied. However, looks like I was just being arrogant. With his abilities, he has the right to take the third position. As for the five people in front of me, they are indeed stronger than me,” Xin Zhu no longer had any dissatisfaction.

He was different from Zi Dongwang.

Zi Dongwang was totally dissatisfied being below others.

However, Xin Zhu did not have such thoughts. As long as the other party's abilities were sufficient, he would accept them.

Previously, he had questioned Jian Wushuang's abilities. Hence, he attacked Jian Wushuang.

However, he no longer had thoughts of fighting against Jian Wushuang.

It was clear that Jian Wushuang was not someone he could compete with.

...

Although the newest Universe God ranking list caused quite a bit of uproar when it was disseminated in Wu Bei's cave, many Universe Gods were able to accept the rankings on it.

Especially the three people who were the top three.

The God Destroying King, Duan Lingfeng and Jian Wushuang. The abilities of these three experts were proven with their own fighting capabilities and there was no need to doubt them.

However, Jian Wushuang and Duan Lingfeng themselves did not care about the rankings at all.

The both of them were the same. They were not concerned with their reputation; they were only concerned with possessing absolute abilities.

Therefore, although the Almightyies, many Real Gods as well as many Universe Gods were having a heated discussion as to who belonged in the second and third positions, they were too lazy to care about such a point.

No matter who was second or third, they were not too concerned.

Time passed slowly.

Jian Wushuang and Duan Lingfeng had gradually recovered to their peak.

Finally, one month's time was up.

Buzz! Buzz!

Space passages appeared in each and every corner of the second level of the cave.

Those space passages led to the third level of Wu Bei's cave.

"Let's go!"

"Let's go to the third level!"

"The most valuable treasure in Wu Bei's cave, as well as opportunities, are in the third level. Let's hurry over quickly!"

Many Universe Gods who had completed their preparations a long time ago moved their bodies and headed into the space passage immediately. With that, they entered the space of the cave's third level.

Naturally, Jian Wushuang and Duan Lingfeng did not hesitate and they entered the third level's space too.

...

The third level was a spacious, open land.

The open land was not very big and it was hundreds of miles wide at best. However, rays of lights glowed and a huge number of Universe Gods appeared in the open land at the same time.

From the time Wu Bei's cave had opened to the present, more than a hundred thousand Universe Gods had entered Wu Bei's cave. Even though quite a number of Universe Gods had fallen after the crazy massacre on the first and second level, there were still a little more than a hundred thousand Universe Gods remaining.

At that moment, the hundred thousand Universe Gods had gathered on the open land at the same time.

"This is..."

"What's going on? He actually gathered all of us here?"

"How exactly do we compete for the White Blaze Fruit tree?"

Many Universe Gods revealed a puzzled expression.

Within the crowd, there were naturally some people who were more conspicuous.

For example, God Destroying King.

He was standing in the center of the open land quietly. At the start, there were a large number of Universe God surrounding him. However, as soon as he made a move, all the Universe Gods surrounding him, including an expert in the Universe God ranking list, were all frightened away.

Moreover, there was Jian Wushuang and Duan Lingfeng, who stood together.

"It's Jian Wushuang and Duan Lingfeng!"

"It's the both of them?"

"Get away quickly, get away quickly!"

The Universe Gods around them also retreated to somewhere far away.

"Duan Lingfeng and I are not big demons who would start a massacre. Why are they so scared?" After seeing what had happened, Jian Wushuang shook his head and laughed.

"They are not afraid, they are being respectful," the King of Venomous Worms' voice echoed in Jian Wushuang's head.

Jian Wushuang understood. When he looked around, he also saw the God Destroying King who was a distance away, Zi Dongwang, Xin Zhu and many other similar people. All these experts who stood at the top of the Universe God ranking list had experienced something similar, where no one stood beside them.

That was the weak being respectful to the strong.

At that moment, at the void at the highest point of the open land, there was buzzing and the dim shadow appeared again.

"Haha. Little kids, welcome to the last level of my cave."

"This level is different from the previous two levels. There will not be any killings. No one is to fight in the third level. If not... Not only will he not able to get the treasure at the end, he will also die, no matter who he is!"

Chapter 1532: Three Tests, Three Chances!

Real God Wu Bei's voice reverberated in the third level in the cave and the one hundred thousand Universe Gods in the open ground were shocked.

Among them, some heaved a sigh of relief.

These were those who had gotten White Blaze Fruits in the first and second level of the cave. Then, with all Universe Gods gathered together, they would be besieged by a large crowd of Universe God if massacres were to be permitted.

Luckily, massacres were prohibited in the third level.

In the void, Real God Wu Bei's voice continued.

"On the third level of the cave, there's no fights nor massacres, only three tests."

"The one with the most outstanding performance among the three tests would receive a chance and the chance naturally means a White Blaze Fruit Tree."

The Universe Gods on the open ground were in tumult.

"Test?"

"Three tests?"

"I wonder what the context of the test will be."

As the Universe Gods were talking among themselves, Universe God Liu Ying lowered his voice and asked, "Real God Wu Bei, do you mean the final chance will be decided according to our overall performance in the three tests?"

"No, no..." Real God Wu Bei shook his head, "You misunderstood me. I mean, there will be three tests and the one who performs the best in every test will receive one chance. In other words, three tests and three chances. Naturally, there are three White Blaze Fruit Trees."

"What?" The Universe Gods on the open ground were stunned.

"Three White Blaze Fruit Trees?" Jian Wushuang's eyes opened in surprise.

In the lofty hall outside the cave.

"Impossible!!!"

"Fake. Real God Wu Bei is lying!"

"Three White Blaze Fruit Trees, is he joking?"

The experts in the hall, including the twenty Almightyies, stood up in surprise.

Three White Blaze Fruit Trees?

One must know, from the ancient times till then, there had only been two White Blaze Fruit Trees in Eternal Chaotic World.

The first tree was from the ancient times, which had been destroyed long ago.

The second tree was the one that fell into Real God Wu Bei's hands during the crazy fight.

Back then, for the sapling of the White Blaze Fruit Tree, many Almightyies had participated in the fight. There were even Almightyies that had died from the fight.

But then, Real God Wu Bei said that he had three White Blaze Fruit Trees?

“Hurry, hurry up and ask if he really has three White Blaze Fruit Trees. If yes, ask how he got the other two trees,” the red-haired elderly immediately sent in a message.

On the open ground of the third level of the cave.

“Real God Wu Bei, you really have three White Blaze Fruit Trees?” Universe God Liu Ying asked suspiciously.

“Of course, otherwise... With only one White Blaze Fruit Tree, how could I nurture so many White Blaze Fruits in such a short period of time? You must know that the total of White Blaze Fruits that appeared in the first and second level of the cave was about eighty pieces,” Real God Wu Bei smiled faintly, As for the other two White Blaze Fruit Trees’ origin, I can’t explain much. I can only tell you that there was an expert that helped to cultivate it.”

“An expert that helped to cultivate it?” Everyone on the open ground gasped.

In the lofty hall.

“Back when Real Wu Bei got the White Blaze Fruit Tree, it was just a sapling and it was not too long ago. During this time, even if the sapling grew mature, it would be impossible for one tree to have so many White Blaze Fruits. Hence, he must be telling the truth,” the red-haired elderly said.

“It is believable!”

“It seems that there was really an expert that had helped him to cultivate two White Blaze Fruit Trees. Who could the expert be? Could it be one of the few?”

“No way. Even though the few are powerful, they might not be capable of cultivating a new White Blaze Fruit Tree.

“Regardless of who the expert was, there’s a great chance laid before us. Previously, I thought there was only one White Blaze Fruit Tree and the possibility of us getting it was rather low. But now, there’s a total of three trees and the possibility of us getting one is much greater.”

“Mm, we shall see these guys’ performance.”

Although the Almightyies were thirsty for White Blaze Fruit Trees, they could only place their hopes in the Universe Gods in the cave.

They could only rely on the Universe Gods to fight for the White Blaze Fruit Tree for them.

In the cave.

“I know everything that happens in the cave will definitely be watched closely by many Almightyies. If so, let me tell the Almightyies, the chance is laid before you. As for if you can get it or not, it depends if the guys that you sent in respectively are striving for it or not,” Real God Wu Bei said with a smile.

“Alright. I’ve said what I have to. Then... three tests, let’s begin with the first one straightaway.”

As he spoke, Real God Wu Bei’s blurry shadow waved his hand.

Vroom.

A boundless power concentrated in the void above the open ground. Then, there was a huge chess board that appeared.

On the chess board, there were only black chess pieces but no white chess pieces. There was a total of a thousand black chess pieces.

Looking at the huge chess board, the Universe Gods on the open ground were shocked.

“This... what is this?”

“Chess?”

“This test, would it be for us to play chess?”

“No, it’s not that simple. Every chess piece on the board gives me a very different feeling.”

It caused a great commotion at the open ground.

Jian Wushuang, who was in the middle of the open ground, saw the huge chess set that had appeared in the void above and he stared.

“This is the Scattered Stars Game?”

“Yes, it’s the Scattered Stars Game.”

Jian Wushuang’s eyes shined.

He was not unfamiliar with the Scattered Stars Game.

Back when he had first step foot in Eternal Chaotic World and wandered in Dayu World, the Master of Dayu Palace who was a Universe God in the Third Heaven on the peak of Dayu World had taken out the Scattered Stars Game.

However, the Master of Dayu Palace only had the Little Scattered Stars Game and there were only a hundred chess pieces. Hence, there were only a hundred moves.

Even so, Jian Wushuang had received great benefits from resolving the Little Scattered Stars Game back then, especially regarding his understanding towards swordsmanship, which had advanced by leaps and bounds.

Jian Wushuang had already found out from King of Venomous Worms that the Scattered Stars Game was of an unusual origin.

It was created by an Almighty. Not only was there a Little Scattered Stars Game, but there was also a Great Scattered Stars Game

There were ten thousand chess pieces in a complete Little Scattered Stars Game, with a total of ten thousand moves.

The huge chess board that appeared in the void above the open ground wasn’t a complete Great Scattered Stars Game. After all, there were only a thousand chess pieces.

However, to many Universe Gods, the Scattered Stars Game with a thousand chess pieces were already unfathomable.

“The first test is to resolve the Scattered Stars Game?”

Jian Wushuang’s pupils shrunk.

...

Chapter 1533: Scattered Stars Game With A Thousand Moves

The dim shadow of Real God Wu Bei stood high in the sky and he was paying attention to the expressions of everyone.

“The first test is to solve this Scattered Stars Game!”

“The Scattered Stars Game was created by an extremely old Almighty. In the Eternal Chaotic World, it is extremely popular. Among all of you here, some of you must have either seen, heard of, or even tried to solve it before!”

“The rules of this Scattered Stars Game are simple. There are a thousand black chess pieces on the chessboard and this is equivalent to a thousand moves. Every move is a test. I will give all of you a hundred years’ time. After a hundred years, the person who is able to resolves the greatest number of moves will be able to obtain the White Blaze Fruit tree of this first test.”

After Real God Wu Bei had finished his speech, a small chessboard appeared in front of the Universe Gods in the open land.

Everyone had a thousand black chess pieces. For every move that was solved by the Universe God in front of the small chessboard, one black chess piece would disappear.

“Let’s begin,” Real God Wu Bei waved his hand and said.

The Universe Gods on the open land sat down in front of their chessboards with their legs crossed. After that, they entered a state of comprehension.

“Duan Lingfeng. Have you ever come across this Scattered Stars Game?” Jian Wushuang did not rush to solve the Scattered Stars Game. Instead, he looked toward Duan Lingfeng who was beside him.

“I have heard of it before. However, I have never come across it,” Duan Lingfeng said.

“Since that’s the case, I shall give you some tips. In order to solve the Scattered Stars Game, we cannot do it quickly. We need to do it step by step and also entrench ourselves in every step,” Jian Wushuang said.

Since he had resolved the Scattered Stars Game before, he had some experience and also knew of some tactics.

“Understood,” Duan Lingfeng nodded his head.

In no time, the both of them had sat down in front of their own chessboards and begun to solve the chess set.

"The Scattered Stars Game..." Jian Wushuang grinned and his consciousness entered the first chess piece.

Whoosh!

The scenery changed and Jian Wushuang appeared in a pale piece of land.

The ground was filled with snow and in the front portion of the land quietly stood a white-robed figure.

When it saw Jian Wushuang appearing, it unsheathed its long sword and an extremely sharp sword headed toward Jian Wushuang's throat.

Jian Wushuang was already prepared. With a release of his sword light, the sharp sword was destroyed.

In an instant, the first move was resolved.

"As expected, the first move is the same as the first move that I solved for the Little Scattered Stars Game back then. If I'm not wrong, the first hundred moves of this chess set should also be the same," Jian Wushuang giggled, "Back then at Dayu Universe, I had just cleared the Inverse Cultivation Test and become a Universe God of the First Heaven. At that time, I managed to resolve all hundred moves of the Scattered Stars Game. Now, I am a Universe God of the Second Heaven and my abilities are at the top among the Universe Gods. I wonder how many moves I can resolve in a hundred years' time?"

"Time to begin."

Jian Wushuang closed his eyes and started to solve the chess set with all his might.

Since he had solved the first hundred moves of the chess set before, there was no need for him to waste any time. Thus, in no time, he began to solve the hundred and first move.

For the hundred and first move, Jian Wushuang could solve it easily. Moreover, he was not anxious.

He had to do it orderly and steadily so that he could accumulate the understanding of the Sword Principles continuously.

...

In the vast hall outside the cave.

"It's the Scattered Stars Game?"

"The first test that Real God Wu Bei prepared is actually to solve the Scattered Stars Game?"

"Hmph, he wants to test out the comprehension level of those little kids."

Many experts in the big hall were having a discussion with one another.

The Scattered Stars Game had always been a test of the level of comprehension.

In the Scattered Stars Game, one would be unable sense the existence of any doctrines. Be it doctrines that one had unlocked or the Power of Heaven Way that one had comprehended, none of them could be detected.

Moreover, Unique Skills and secret skills could not be used.

Hence, no matter how high one's Unique Skill level was, when solving the Scattered Stars Game, he would not have the upper hand.

If one wished to solve the Scattered Stars Game, he could only rely on his own weapons and understanding.

Take Jian Wushuang as an example. As he was proficient in Sword Principles, what would be directed at him would be his understanding of Sword Principles.

Duan Lingfeng was proficient in Sabre Principles. Hence, what would be directed at him would be his understanding of Saber Principles.

For such an understanding, one would need to analyze and try to figure it out continuously while solving the moves. Naturally, the level of comprehension was the most important.

"The Scattered Stars Game is extremely advanced. Under normal circumstances, a Universe God of the Third Heaven solving five hundred moves within a hundred years' time could be considered a top genius. However, now, Wu Bei's cave has practically gathered all the top geniuses in the Eternal Chaotic World. As such, there should be quite a number of kids who can resolve five hundred moves."

"Haha. With so many geniuses gathered together, resolving five hundred moves alone might no longer be considered the top. Let's watch. There will definitely be someone among them who can solve six hundred moves. A Universe God solving six hundred moves of the Scattered Stars Game within a hundred years' time. Only then is that considered impressive. However, we won't know how many such monsters there will be."

"Let's wait and see."

Many experts in the big hall were waiting in anticipation.

At that moment, over a hundred thousand Universe Gods in the open space of the third level of the cave were displaying their own abilities with all their might to solve the Scattered Stars Game.

The Scattered Stars Game would get more difficult as more moves were solved with the most difficult moves at the end. As everyone present was at the peak of the Universe God of the Third Heaven, the first three hundred moves were easy to them.

In just ten days' time, most of the hundred thousand Universe Gods in the open space had solved over three hundred moves.

After one year, more than half of the hundred thousand Universe Gods in the open had solved four hundred moves.

At the four hundredth move, the difficulty level increased greatly and everyone started to slow down.

For example, Jian Wushuang, Duan Lingfeng and Xin Zhu and even the God Destroying King's solving speed was very slow. Under normal circumstances, they would require a few days to solve a move.

Compared to them, among the Universe Gods, there was one person who was very 'dazzling.'

This person was Zi Dongwang!

From the start, his solving speed was shocking.

He had only taken seven days to solve the first three hundred moves.

As for solving the four-hundredth move, he only used half a year's time.

It should be known that apart from him, the Seven Universe King, who was the second fastest to solve the four-hundredth move, had used eight months' time. As for other people, they used nine or ten months or even a year. For example, it had taken Jian Wushuang a total of one year and four months time.

Now, ten years had passed. Zi Dongwang had already solved the four hundred and ninetieth move and he was not too far away from the doorstep of the five-hundredth move.

As for the Seven Universe King, who was the closest to him, he had only solved the four hundred and eighty-second move. Moreover, it was obvious that his speed had also decreased and he was unable to compete with Zi Dongwang.

As for the people behind the Seven Universe King such as Jian Wushuang, Duan Lingfeng, the God Destroying King and Ling Luo, they were fluctuating between the four hundred and thirtieth and four hundred and fortieth move. Compared to Zi Dongwang, their speeds were obviously a lot slower.

Chapter 1534: Zi Dongwang Who Prided Himself

On the third level of the cave, Zi Dongwang's speed of resolving the Scattered Stars Game was extremely fast.

"The fifth hundredth move!"

There was a sharp light glistening in Zi Dongwang's eyes. On the chessboard before him, half of the one thousand black chess pieces had disappeared.

Then, Zi Dongwang glanced at everyone around him, especially those on Universe God ranking list.

He realized that God Destroying King, who was on the first place on Universe God ranking list, was only resolving four hundred and fiftieth move.

Jian Wushuang and Duan Lingfeng were resolving the four-hundred-and-forty-first move and the four-hundred-and-forty-seventh move.

The few others were roughly on similar moves.

"Haha, they have yet to even solve the four-hundred-and-fiftieth move. Too slow, too slow!"

“God Destroying King, Duan Lingfeng and Jian Wushuang, aren’t the three of you at a higher ranking than I am? the three of you are just so!”

“Faster and faster with every step!”

“I already solved the five hundredth move. According to this speed, in the one hundred time frame, I shall solve six hundred moves or even seven hundred moves. These people will fall far behind me!”

“The White Blaze Fruit Tree for the first test is mine. No one can fight against me!”

Zi Dongwang was smug with success and he felt every inch a hero.

Very soon, he continued to solve.

He didn’t know that in the crowd around him, some of the top geniuses behind him were looking at him in ridicule.

In the lofty hall in the outside world.

“Zi Dongwang has already solved the five hundredth move. It has only been twelve years. Hehe, he is really quite fast!”

Among the Almighty, the unicorn red-haired elderly sneered.

The other Almighty around him were ridiculing Zi Dongwang too.

“This Zi Dongwang, I thought highly of him previously. Even though he lost to Duan Lingfeng and Jian Wushuang, he was still considered an impressive genius. But from what it seems now, he is just an idiot! He thought to solve the Scattered Stars Game with only speed?”

A coldly elegant woman spoke. The coldly elegant woman was also an Almighty.

“Humph, his speed is really fast, far beyond the others. However, he didn’t accumulate any experience. This is just like a cultivator who took an elixir to forcefully increase his power and realm. Although the speed at the beginning is really fast, his potential was cut off entirely. I am certain that Zi Dongwang definitely can’t solve the five hundred and fiftieth level!”

Hearing the coldly elegant woman’s remark, the Almighty exchanged a look and laughed.

Obviously, they agreed with what the former had said.

“Actually, he can’t be blamed. Zi Dongwang was a solo expert after all. There wasn’t any expert behind him to give him pointers, nor tell him about techniques to solve the Scattered Stars Game. Naturally, he thought it was best to solve it quickly,” the owner of Sky Sword Mountain said with a smile.

“Humph, among the top ten geniuses on Universe God ranking list, Duan Lingfeng and Seven Universe King have no backer and they are solo experts too. Why did they know to slowly solve it and accumulate experience but Zi Dongwang didn’t? It’s because he was arrogant and got himself too many enemies. They knew that he took a wrong approach but no one was willing to remind him.”

“Plus, even if there was no one who reminded him, he should be able to tell easily. What about God Destroying King, Duan Lingfeng and Jian Wushuang, whose comprehension levels are not on the same

level, if not better than his? Why would the resolving speed of the three of them be faster than him? Why didn't he think about it?"

"Idiot. He's an idiot," the coldly elegant lady humphed.

True. If Zi Dongwang were to be a kinder person and have made some good friends, the others would remind him that he was on a wrong path.

Just like Duan Lingfeng. He didn't know anything about Scattered Stars Game, but Jian Wushuang had reminded him right at the beginning to proceed steadily and not rush through it.

In the end, Zi Dongwang's human relationship was too bad.

Every genius at the scene was watching him like he was a joke. Who was willing to remind him?

They let him take the wrong route.

Zi Dongwang thought highly of himself. He saw that Jian Wushuang and the rest fell far behind him and he thought their comprehension level was not high as his.

He was a total joke.

In the cave, the Universe Gods were trying their best to solve the Scattered Stars Game.

Zi Dongwang's speed continued.

In the blink of an eye, thirty years flew past.

"Phew!"

Zi Dongwang let out a breath of relief and slowly opened his eyes. He looked at the chessboard before him that the five hundred and twenty-one black chess pieces disappeared.

"The five-hundred-and-twenty-first move is so meticulous. It trapped me for three years," Zi Dongwang frowned.

He who desired to lead by a wide margin was stuck at that one move for three years. It naturally led him to dissatisfaction.

But then, he glanced at his surroundings and wanted to see how the others were doing.

Then, his pupils shrunk at the sight.

"God Destroying King, Duan Lingfeng, Jian Wushuang, including Xin Zhu and the others, they have already solved the five-hundredth move. God Destroying King and Seven Universe King solved the five-hundred-and-eleventh move. They were merely ten moves away from me?"

"How did their speeds pick up so quickly so suddenly?"

"It seems that I have to speed up and quickly solve six hundred moves to leave them far behind!"

Zi Dongwang felt a sudden pressure.

He immediately started to solve the five hundred and twenty-second move.

But he didn't know that it wasn't that Jian Wushuang, God Destroying King or any one of them had become faster, but that he had become slower.

On the five-hundred-and-twenty-first move, he was troubled for three years. But Jian Wushuang and the others?

Until then, they have yet to reach any bottleneck.

The time continued to fly past.

After fifty years, Zi Dongwang remained at the five-hundred-and-fortieth move, but God Destroying King and Seven Universe King caught up to him successively. They reached the five-hundred-and-fortieth move.

"They caught up?"

"No, no. How can I let you catch up with me?!"

"Solve, hurry up and solve."

Zi Dongwang immediately panicked.

But, no matter how anxious he was, he couldn't solve the move.

In a few months' time, God Destroying King and Seven Universe King solved the move and stepped foot on the five hundred and forty-first move.

Zi Dongwang, who had been leading by wide margin previously, was finally overtaken.

Not long after God Destroying King and Seven Universe King overtook him, Duan Lingfeng, Jian Wushuang, Xin Zhu, Universe God Liu Ying, Demon King Ice Feather and all the other geniuses in the top ten on Universe God ranking list also overtook him.

Then, even those in the top twenty and the top thirty on Universe God ranking list were above him too.

Zi Dongwang was dumbfounded by the situation.

"How could it turn out like this?"

Chapter 1535: The Winner

In the blink of an eye, eighty years passed.

Many Universe Gods were gathered in the open space and the God Destroying King was sitting down with his legs crossed in the center of the crowd. On the chess set in front of him, the six-hundredth black chess piece was dissipating slowly.

"The six-hundredth move!"

"As expected of the God Destroying King. Out of so many Universe Gods, he is the first one to solve the six-hundredth move."

"I am also an expert of the Universe God ranking list. However, until now, I have only managed to solve the five-hundred-and-twenty-first move. The gap is really huge!"

Many Universe Gods at the open space were all gasping.

Among the Universe Gods, many of them had lost their confidence and gave up on the test a long time ago. At that moment, they were not solving their chess sets. Instead, they were observing other people's performances.

Of course, they were only observing and dared not disturb them.

After all, Real God Wu Bei had already said. In the third level of cave, if anyone dared to make a move or disturb other people during their test, they would be killed instantly.

Inside the vast hall outside the cave.

Many experts were having a conversation.

"The God Destroying King has already solved the six-hundredth move and he is the first to do so. I wonder how many more people will be able to achieve this feat."

"There are still twenty years, so there should be a few more."

The five-hundredth move of the Scattered Stars Game is a big threshold. Similarly, the six-hundredth move is also a big threshold.

The God Destroying King was the only person who had passed the six-hundredth move so far. However, there were a few people following closely behind him.

Seven months later, Duan Lingfeng caught up with the God Destroying King and resolved the six-hundredth move as well.

After that, another three years passed and Jian Wushuang also achieved the same feat.

The first test had gone on for ninety years and there were only ten years remaining in the time limit of a hundred years.

Out of the Universe Gods, there were three people who had resolved the greatest number of moves.

The three people were the God Destroying King, Duan Lingfeng and Jian Wushuang. All of them were currently on the six-hundred-and-third move and it seemed that all of them were stuck there.

"For the Scattered Stars Game, the more moves that are resolved, the harder it gets. For a Universe God to solve five hundred moves within a hundred years, he can already be considered a top genius. As for those who are able to solve six-hundred moves, they are definitely monster-level existences. Such monsters only come by once every million years. However, in this generation, three of them actually appeared at the same time?"

"These three people are true geniuses. The first White Blaze Fruit tree will definitely fall into one of their hands. However, I wonder who that person will be?"

"It should be the God Destroying King. He has the strongest abilities. Moreover, compared to Duan Lingfeng and Jian Wushuang, he was the first person to solve the six-hundredth move."

"That might not be the case."

"No matter what, we will be able to see the outcome soon. If I'm not wrong, among the three of them, whoever solves the six-hundred-and-third move first should be able to obtain the White Blaze Fruit tree."

"I agree."

Many experts were having a conversation with one another. However, Jian Wushuang, who was in the center of the open space, opened his eyes, and on the chessboard in front of him, the six-hundred-and-third black chess piece had already started to dissipate.

"It's Jian Wushuang!"

"He has solved the six-hundred-and-third move!"

"It's actually him?"

Many Almighties in the big hall revealed a surprised expression.

Previously, they had thought that it was possible for either Jian Wushuang, the God Destroying King or Duan Lingfeng to win.

However, they felt that the God Destroying King had the highest probability, followed by Duan Lingfeng and finally Jian Wushuang.

However, who could expect that Jian Wushuang, who they thought had the lowest probability, would actually solve the six-hundred-and third move faster than the God Destroying King and Duan Lingfeng?

"This little kid. If my guess is not wrong, he only started to use his strength after solving the six-hundredth move!" the red-haired old man with a horn on his forehead said in a low voice.

"That's highly possible," the owner of the Sky Sword Mountain also nodded his head and his eyes glowed brilliantly, "Be it the God Destroying King or Duan Lingfeng, both of them only started to use their strength at the five-hundred-and-ninetieth move and they stopped advancing steadily. As such, Jian Wushuang was three years slower than them in solving the six-hundredth move. However, Jian Wushuang's reserved strength is obviously greater!"

"The outcome is decided!"

"For the first test, the most outstanding person is Jian Wushuang!"

"The first White Blaze Fruit tree is his!"

The other Almighties also nodded their heads.

For the remaining ten years, as per what the Almighties had said, Jian Wushuang had reserved a lot of strength. After taking the lead from the God Destroying King and Duan Lingfeng, he continued leading.

When the God Destroying King and Duan Lingfeng had solved the six-hundred-and-third move, he had solved the six-hundred-and-fourth move.

While the God Destroying King and Duan Lingfeng were still at the six-hundred-and-fourth move, he had solved the six-hundred-and-fifth move.

Finally, the time limit of one hundred years was up.

In the end, Jian Wushuang solved a total of six-hundred-and-seven moves. As for the God Destroying King and Duan Lingfeng, both of them solved six-hundred-and-four moves.

Jian Wushuang had actually taken three years longer than the two of them to solve the six-hundredth move. However, the end result was Jian Wushuang leading the two of them by three moves.

As such, it could be said that Jian Wushuang's level of comprehension was not really a lot higher than theirs. Instead, it could be said that his understanding of the Scattered Stars Game was a lot greater than theirs.

After all, he had analyzed with great concentration and solved the Small Scattered Stars Game before. As for the God Destroying King and Duan Lingfeng, it was the first time that both of them had come across the Scattered Stars Game. Therefore, Jian Wushuang naturally had an advantage.

If it were his first time coming across the Scattered Stars Game, his performance would probably be about the same as the God Destroying King and Duan Lingfeng's. At best, it would only be slightly better. If he could solve another move, it would already be impressive. After all, the God Destroying King and Duan Lingfeng were the kind of super geniuses that appeared once every million years.

Buzz!

When the time limit was up, the giant chessboard that was floating in the void as well as the chessboards in front of the Universe Gods all started to dissipate.

The Universe Gods who were sitting in the open space with their legs crossed stood up in succession. Their scorching-hot eyes then looked at Jian Wushuang.

"Jian Wushuang!"

"The first White Blaze Fruit tree is his!"

"He actually managed to solve six hundred and seven steps of the Scattered Stars Game within a hundred years. That's really impressive."

The Universe Gods were gasping in admiration. However, there was nothing that they could do.

The test was a fair competition and Jian Wushuang had used his own abilities to outperform everyone. Hence, the first White Blaze Fruit tree naturally belonged to him.

"I have already done my best. However, the number of moves that I solved is still less than him?" the God Destroying King also glanced at Jian Wushuang and he shook his head after that.

At the open space, apart from Jian Wushuang, there was one more person who attracted a lot of attention.

This person was Zi Dongwang.

However, Zi Dongang was a complete joke in the eyes of many Universe Gods who were present at the open space.

...

Chapter 1536: Strength Oriented (Explosion Began!)

Zi Dongwang had led by a wide margin at the beginning but later on, he had encountered hindrances one after another. He would meet an obstacle in every move. When the one hundred move time limit was up, Zi Dongwang had only solved five-hundred-and-forty-five moves.

Although the result was considered good amongst Universe Gods, it was not aligned with his ranking on Universe God ranking list.

After all, among all Universe Gods, there were many who had solved more moves than he had and there was a total of fifty-seven of them!

With such a result, Zi Dongwang was so embarrassed that he wished there was somewhere he could hide.

In the lofty hall.

“Lei Chao, congratulations.”

“There is really a great disciple in Lineage of Star.”

“Not only did Lineage of Star receive nine White Blaze Fruits, but you also receive a White Blaze Fruit Tree too. Hehe, all the benefits are taken by Lineage of Star.”

Real Gods from each force and sect, including the Almightyies, were looking at Lei Chao.

The gazes were rather complicated.

There was envy, jealousy and even greed.

Being watched by the burning gazes, even Lei Chao’s facial expression grew strange, he didn’t reply to the people before him, nor could he reply to them. He immediately sent an update to Hall Master Yuan.

“Yuan, hurry up and inform Palace Master. Request him to stop his cultivation and rush here,” Lei Chao sounded in a hurry.

“You want Palace Master to stop his cultivation?” Hall Master Yuan creased his eyebrows, “Although Jian Wushuang got nine White Blaze Fruit from Wu Bei’s cave, the Almightyies won’t take action against him for the few pieces of White Blaze Fruit without concern for their reputations, right?”

“If it were only a few pieces of White Blaze Fruits, there’d be no need for Palace Master to come on his own. But the thing is that Jian Wushuang got a White Blaze Fruit too. It’s a White Blaze Fruit Tree. Its value is equal to a few hundred White Blaze Fruits. Such a precious treasure... I don’t think the

Almighties can stand the temptation. If Palace Master were to not come personally, I reckon the Almighties will fight over it at the very moment Jian Wushuang exits the cave,” Lei Chao said.

“White Blaze Fruit Tree?” Hall Master Yuan was shocked at first then quickly grew excited. “Jian Wushuang got a White Blaze Fruit Tree?”

“Yes. There’s a total of three White Blaze Trees in Wu Bei’s cave and he got the first one,” Lei Chao said.

“That’s great. Let me inform the Palace Master now,” Hall Master Yuan’s voice was obviously delighted.

Very soon, Hall Master Yuan came before the most mysterious cave dwelling in the boundless Milky Way.

“Palace Master,” Hall Master Yuan stood outside the cave dwelling as he bowed politely.

“What’s the matter?” There was an ancient and deep voice from the cave dwelling.

“This is what happened...” Hall Master Yuan immediately told the story.

“White Blaze Fruit Tree? The little guy from Lineage of Star got it?” A surprised voice traveled from the cave dwelling. In the next moment, the entrance of the cave dwelling was wide-open. A white-haired ancient figure slowly walked out.

“I never knew that Lineage of Star had such a chance.” The white-haired elderly muttered. “A White Blaze Fruit Tree is worth a trip.”

Just as he said that, the white-haired elderly moved and suddenly vanished from the universe.

Hall Master Yuan was surprised at the sight. He immediately sent Lei Chao a message, “Lei Chao, Palace Master has already departed personally. However, even with Palace Master’s power, he’ll require a few days to get to Wu Bei’s cave from Star land. Tell Jian Wushuang to not leave from Wu Bei’s cave before Palace Master gets there personally.”

“Mm,” Lei Chao nodded heavily and there was a great commotion in his heart but he looked rather composed.

As for the jealous, greedy gazes from the surroundings, he didn’t worry.

He knew for sure that as long as Palace Master came personally, no matter how greedy the people were, no one would dare to cross the line.

In the cave.

“The first test has ended!”

The blurry image of Real God Wu Bei overlooked the Universe Gods. In the end, his gaze fixed onto Jian Wushuang, “A Universe God who is able to solve six hundred and seven moves in a hundred years’ time. You, are doing very well. You will definitely get one of the three chances in the end.”

“Thank you,” Jian Wushuang bowed slightly to Real God Wu Bei.

“Then, let’s begin the second test,” Real God Wu Bei said and he waved. There were immediately a few space tunnels that appeared in the air in the void above the open ground.

“The second test is in the space tunnels. As for the context of the test, it is much easier than the first test. You’ll see your opponent the moment you enter the space tunnel. What you need to do is to fight your opponent. The longer you last in the fight, the better.

“Actually, to be straightforward, the second test is to test your respective powers. Whoever is stronger will be able to get the second White Blaze Fruit.”

After hearing what Real God Wu Bei said, the faces of the Universe Gods on the open ground grew strange. They couldn’t help but look at one person.

The person was God Destroying King!

God Destroying King who everyone was looking at smiled too.

Strength?

Strength Oriented Test?

One should know that God Destroying King was widely recognized as the number one Universe God in Eternal Chaotic World.

His strength was no doubt the strongest.

The second test had yet to start but everyone already knew the final result.

“We don’t have to compete for this test!”

“A test relying entirely on strength. Who is capable enough to win against God Destroying King? Even Duan Lingfeng and Jian Wushuang couldn’t be compared favorably with God Destroying King.”

Many Universe Gods sighed with emotion.

If Jian Wushuang and Duan Lingfeng were to team up, they could really win against God Destroying King. However, one-on-one, they were definitely not God Destroying King’s match.

Both of them had a thorough knowledge of themselves.

“It seems that we don’t stand a chance in the second test,” Jian Wushuang smiled faintly.

“We don’t, but I’d really like to compete with you in this test,” Duan Lingfeng looked at Jian Wushuang.

“Oh?” Jian Wushuang raised his eyebrows and immediately understood Duan Lingfeng’s plan.

“If so, let’s do it,” Jian Wushuang laughed heartily.

In the second test, he and Duan Lingfeng didn’t stand a chance. No one could fight against God Destroying King.

Not for the White Blaze Tree, but to compete with one another. They would try their best to get through the test.

In the void, Real God Wu Bei spoke, “In order to save time, there is no need for everyone to join this test. In the Eternal Chaotic World, isn’t there a Universe God ranking list? Whoever is on Universe God ranking list can try to challenge. The rest can skip this.”

Chapter 1537: Last Chance!

As soon as Real God Wu Bei finished his speech, he destroyed the hopes of more than ninety-nine percent of the Universe Gods.

Afterall, although there were more than a hundred thousand Universe Gods present, there were only a hundred Universe Gods with the fighting capabilities to make it into the Universe God ranking list.

Of course, after knowing the content of the second test, those Universe Gods did not hold anymore hope.

“Let’s begin.”

Real God Wu Bei signaled the start of the test.

Boom!

Frightening, destructive aura burst forth abruptly. Under the observation of numerous eyes, the God Destroying King walked over slowly.

It was obvious that he planned to be the first one to take the test.

In no time, he entered one of the space passages.

Everyone in the open space was also waiting silently.

As for what the God Destroying King had come across in the space passage, only Real God Wu Bei knew about it.

After a long time, the God Destroying King finally emerged from the space passage.

After that, the Universe Gods in the Universe God ranking list entered the space passages in succession.

Even though they knew that did not have not much hope, they still did their best in the test. However, it was obvious that the time that they stayed in the space passage could hardly be compared to the God Destroying King.

In less than two hours’ time, most of the geniuses in the Universe God ranking list had gone into the space passage.

At that moment...

“Duan Lingfeng, it’s our turn now,” Jian Wushuang took a glance at Duan Lingfeng who was beside him.

“Give it your all,” Duan Lingfeng said indifferently.

“Definitely,” Jian Wushuang grinned and the both of the moved immediately.

When the two of them appeared in front of two separate space passages, it caused everyone at the open space to be in uproar.

“It’s Jian Wushuang and Duan Lingfeng!”

“The two of them actually plan to go together. Could it be that they wish to use this test to have a showdown?”

“That’s highly possible!”

“They are second and third on the Universe God ranking list respectively. However, there is still a debate going on regarding their abilities. Now, are they finally going to challenge one another?”

The Universe Gods present were all filled with excitement.

Jian Wushuang and Duan Lingfeng did not disappoint those Universe Gods and both of them entered their respective space passages.

Swoosh!

With a glowing light, Jian Wushuang appeared in a vast, dark void and in front of him stood ten ice figures.

When they saw the Jian Wushuang appearing, the ten ice figures opened their eyes instantly. With a flash of murderous intent, then headed toward Jian Wushuang at the same time.

“Ten of them?”

Jian Wushuang’s eyes squinted slightly and his Soul Power burst forth at once, forming a giant, golden Divine Ape.

When Jian Wushuang activated his Divine Power, eighteen shadows appeared at the same time.

Swish! Swish! Swish! Swish! Swish!

Jian Wushuang went all-out and fought the ten ice figures with lightning speed.

As he fought, he realized that the abilities of the ten figures were increasing continuously.

“The second test is quite similar to the Lineage of Star’s Supreme Tower. The only difference is that the Supreme Tower has some restrictions and I am unable to display my full fighting capabilities. For this test, I can unleash my full abilities,” Jian Wushuang giggled. By relying on his own martial art motion and Sword Principles, combined with his Soul Power, Jian Wushuang fought against the ten ice figures.

Time passed by...

In the open space, numerous Universe Gods were waiting quietly.

After some time, a shadow appeared from one of the space passages.

“It’s Duan Lingfeng!”

“Duan Lingfeng has come out. But Jian Wushuang is still inside the space passage?”

The Universe Gods present all started to have a puzzled expression.

Duan Lingfeng also raised his eyebrows.

However, in two breaths of time after Duan Lingfeng was sent out from the space passage, Jian Wushuang also left the space passage.

“Jian Wushuang, you have won,” Duan Lingfeng looked at Jian Wushuang.

“I have only stayed inside for two breaths of time longer than you. Moreover, I am only able stay inside slightly longer due to my martial art motion. In this test, my martial art motion has given me a lot of advantage while facing the ten battle puppets,” Jian Wushuang said.

What he had said was true. In a battle surrounded by enemies, martial art motion was indeed the most important.

Since he was the most proficient in martial art motion, he was able to last longer while besieged by the ten battle puppets. However, when comparing abilities, Jian Wushuang didn't think that he was stronger than Duan Lingfeng.

“Perhaps so,” Duan Lingfeng nodded his head indifferently and did not say much.

In the blink of an eye, all the experts who were confident in their abilities had gone into the space passage to take the test.

However, the result was obvious.

The person who stayed in the space passage for the longest period of time for the second test was the God Destroying King. He had managed to stay a total of eight breaths' time longer than Jian Wushuang, who came in second for the test.

Naturally, the God Destroying King obtained the White Blaze Fruit tree for the second test.

“Next is the third test. Since this is the last test, this also means that there is only one White Blaze Fruit tree remaining,” Real God Wu Bei chuckled. After his speech, the Universe Gods present became anxious.

The third test was their last chance!

If they were to miss this final opportunity, their journey in Wu Bei's cave would come to an end.

“I must grasp this final opportunity!”

“This is the final White Blaze tree remaining and I must obtain it!”

A number of Universe Gods present because extremely fired up like never before.

At the very moment, even the Almighty and Real Gods from various powerhouses who were in the big hall outside the cave became anxious.

Among them, there were people who had obtained the White Blaze Fruit before. As for the three White Blaze Fruit trees, which were the most valuable treasures in Wu Bei's cave, they had never obtained one before.

“Universe Gods, the third test is a bit special. Are all of you ready?” Real God Wu Bei looked down at the Universe Gods below him with interest.

Many Universe Gods in the open space clenched their fists tightly and their eyes were glowing brilliantly. They had already finished their preparations for the third test.

“Since all of you are ready, let the third test... begin.”

Real God Wu Bei laughed strangely. In the next moment, a thick white light appeared from the edge of the third level. The white light was extremely beautiful. It looked as if it possessed an infinite amount of magical power and it covered the open space quickly.

Naturally, the Universe Gods in the open space were also shrouded by the white light.

“What... what is this?”

“Is this white light a spell?”

“It’s a spell. Furthermore, it’s a very wonderful spell.”

Quite a number of Universe Gods were muttering to themselves. However, in a split second, many of them realized that the scenery around them had started to change. At the same time, their eyes seemed to have become tired and they closed involuntarily as if they were about to sleep. However, their consciousness was still awake.

Swoosh! The universe changed.

When everyone opened their eyes again, they realized that they had appeared in an endless black corridor.

...

Chapter 1538: Void Corridor

“This is...”

Jian Wushuang was in the dark corridor too. He was looking at his surroundings.

“Dreamland?”

Jian Wushuang’s pupils contracted and he could instantly tell that he should be in a phantasmagoria.

However, even though he could tell that he was in a dreamland, he couldn’t shake off the phantasmagoria forcefully.

“I can’t forcefully shake it off then. I can only let the dreamland change freely,” Jian Wushuang was certain about it.

Just then, he suddenly saw the light at the end of the dark corridor which was right in front of him.

The light was very dim but Jian Wushuang saw a string of hope.

“That’s the exit!”

“As long as I get there, I’ll be able to exit this dreamland.”

Jian Wushuang had already decided.

In the dreamland, Jian Wushuang would follow what his heart said without hesitation.

Jian Wushuang immediately plunged directly towards the very end of the dark corridor.

That very moment, not only him but also more than a hundred thousand Universe Gods in the third level were facing the same scene as him.

Everyone fell into the phantasmagoria of a dark corridor. At the same time, they also faintly saw the light at the end of their fields of vision.

Just like Jian Wushuang, the Universe Gods immediately understood that the light was where the exit of the dreamland located.

It was also the very end of the dark corridor.

Hence, all the Universe Gods started plunging towards the end of the corridor.

In the dark corridor, their speeds weren't restrained and every one of them gave full rein to their power. However, even plunging forward with such speed, after one day, ten days, one month, they could still barely see the light, let alone reach it.

Although the Universe Gods were shocked, they followed their true will and continued to plunge forward.

The dark corridor seemed to be never-ending.

Although the Universe Gods continued to plunge forward, after one year, two years and even ten years, the light at the end of the tunnel still didn't grow any brighter.

Very quickly, the Universe Gods had been traveling in the dark corridor for a hundred and fifty years.

...

In the dark corridor, a purple-haired bewitching maiden suddenly slowed to a stop. She looked at the light at the very end of the corridor which was still very dim and her eyebrows were tightly knitted.

"What's going on? I've been traveling forward for a hundred and fifty years in this corridor but I have yet to reach the end of it and I have yet to leave this dreamland?"

"Could it be that I made a wrong judgment? The light at the end of my sight isn't where the exit of the dreamland is?"

The purple-haired bewitching maiden thought and she began to waver in her determination.

However, just as she wavered from her action

On the open ground of the third level, the purple-haired bewitching maiden's eyes suddenly shot open.

"I, I... resolved the dreamland?" The purple-haired bewitching maiden muttered.

“Resolved the dreamland? Hehe, you didn’t break it but you lost the right to continue the test,” Real God Wu Bei’s voice suddenly rang inside her ears. He spoke with pity, “You only stayed in the dreamland for a hundred and fifty years and you’re sent out. You are so fragile at heart.”

“I lost?” The purple-haired bewitching maiden looked at her surrounding in surprise. She realized that everyone else was still keeping their eyes closed under the influence of the white light, besides herself. They were obviously still in the dreamland but only she was awake.

“It turns out that I am the first to be eliminated,” the purple-haired bewitching maiden couldn’t do anything but smile bitterly.

However, not long after she came back to reality, the Universe Gods around her woke up one after another.

“What happened?”

“Did we walk out of the dark corridor?”

The Universe Gods were shocked but they quickly understood that they had failed.

In the lofty hall outside the cave where all the experts had gathered, they received the updates from the Universe Gods on the third level who failed.

“Under the influence of such a formation, they fell in the phantasmagoria of traveling in a dark corridor. They traveled forward by a few hundred years in the dreamland but had yet to reach the end. However, the moment they were in doubt by a slight bit, they would be kicked out of the dreamland immediately.”

The Almighties exchanged a look and they quickly had an answer.

“It’s a void corridor!”

“The third test is a void corridor that is aiming at one’s mind?”

“Humph, the first test was Scattered Stars Game to test one’s comprehension. The second test was a strength test. The third test is a mental test. This madman Wu Bei is trying to picking his own disciple?”

Many experts in the hall creased their eyebrows.

They knew about the void corridor.

It was designated to test one’s mind.

The void corridor was boundless and unfathomable.

When one fell into the void corridor, the exit seemed to be within his sight. But in actual fact, it was unbelievably far away. Forget about traveling forward for a few hundred years, he might not be able to reach the end even after thousands or tens of thousands of years.

The void corridor tested if one was firm in their belief.

After everyone entered the void corridor, they were certain that the exit was at the end of the corridor. However, when the Universe Gods had traveled uneventfully over the years but couldn’t reach the end,

it was inevitable that they started to waver in their belief but in doubt of their own judgment, they made a mistake.

The moment they were in doubt and wavered, the test ended.

The Universe Gods on the open ground who had already woken up traveled for a few hundred years in the void corridor. They were very determined at first. However, as time passed, they started to waver and then were eliminated.

Those who were still in the dreamland naturally could stay firm in their belief.

On the third level of Wu Bei's cave.

As time flew past, there were more Universe Gods on the open ground who woke up.

As everyone had fallen into the dreamland at the same time, the latest to wake up represented the longest time spent in the dreamland. In other words, he was stronger in his belief.

Half a day later.

"Phew!"

A white-bearded elderly let out a breath of relief and slowly opened his eyes.

"Universe God Chang Qing, you woke up too?" A man in purple armor next to him looked up and asked.

"Yeah, I had no choice. It isn't easy to stay determined as one continuously plunges forwards in such a boring and uneventful manner," the white-haired elderly smiled helplessly.

"How long have you been traveling in the void corridor?" The man in purple armor asked.

"I wrote down my travel time before I started moving forward. It should have been one-thousand-nine-hundred-and-eighty years," the white-bearded elderly replied.

Chapter 1539: Six People

"One thousand nine hundred and eighty years?" The purple-armored man was shocked and he gasped in admiration: "I only walked for less than eight hundred years on that Void Corridor before being sent out as I could no longer take it. However, you actually walked for over a thousand years more than me. This is really impressive."

The time in a phantasmagoria and in reality was different.

The purple-armored man had walked for close to eight hundred years on the Void Corridor. However, in reality, that was only over two hours' time.

"Before even achieving two thousand years, I gave up. This is considered nothing. The people who are still in the phantasmagoria are the ones who are amazing," the white-bearded old man said.

"Indeed," the purple-armored man also nodded his head and he looked around the area.

At the very moment, there was less than a thousand people who were still in the Void Corridor and had yet to wake up.

These people had probably been walking in the corridor for more than a thousand years.

For two thousand years, they must continue to stay true to their own objectives and continue walking dutifully. However, this was something that even many Real Gods could not do. As for the Universe Gods who were still in the phantasmagoria, discounting their abilities, they were not weak mentally.

In the blink of an eye, another day passed.

Originally, there were still over thousands of Universe Gods remaining on the Void Corridor. However, this number had been reduced to forty!

At that moment, these forty people had been walking for more than five thousand years in the black corridor.

In the open space, all the Universe Gods who had awakened were surrounding and observing the remaining forty people.

At that moment, among the forty people, the eyelids of one of the figures moved and opened his eyes after that.

“Oh, it’s Zi Dongwang?”

“Haha, Zi Dongwang has woken up as well.”

“Hehe, although he is the fourth in the Universe God ranking list, his mind is not very strong, is it?”

A number of Universe Gods who had woken up a long time ago sneered secretly.

After Zi Dongwang woke up and got to know the details of the situation, his expression became unusually ugly.

“Damn it. When solving the Scattered Stars Game previously, forget the fact that I was behind over sixty people. However, for this third test, which is a test targeted at the mind, there are actually over forty people who are above me? How can this be possible?”

“This is impossible!”

Zi Dongwang was roaring madly inside his own mind and he felt extremely dissatisfied.

However, the top experts outside the cave were not surprised by Zi Dongwang’s performance in the third test at all.

“Although Zi Dongwang’s abilities are not too bad, his mind is actually not very strong?”

“For him to stay five thousand years in the Void Corridor, it is already considered decent. However, it is far from enough to tally with the fact that he is ranked fourth on the Universe God ranking list.”

“Ignore Zi Dongwang. I am really very curious about the remaining people. Let’s see who will have the last laugh.”

The experts in the big hall were all waiting in anticipation.

Time passed by gradually.

Universe Gods who could no longer take the dullness of walking for years woke up in succession.

Another day passed. Out of the hundred thousand Universe Gods who were at the third level of the cave, there were only six people remaining in the Void Corridor!

These six people were the God Destroying King, Duan Lingfeng, Jian Wushuang, Xin Zhu, Tian Can and Universe God Xia Hou.

There was nothing that could be said about the God Destroying King. His abilities had been recognized as the best. Moreover, his abilities were cultivated from going through massacres for many years. Hence, he had experienced many hardships and killings. With that, he managed to develop an iron-like mind and such a mind would naturally be in the top few among the Universe Gods.

As for Duan Lingfeng, he was a person who was as cold as ice. Just like Jian Wushuang, he had grown up facing hardships such as countless killings and tragedies. Hence, his willpower was as sturdy as an ice mountain. As soon as he set his mind on something, it would be almost impossible to change it.

As for Jian Wushuang, he was an Inverse Cultivator. Not only had he gone through numerous trainings, he had also experienced two Inverse Cultivation Tests. The most noteworthy one was the Reincarnation Test which caused his mind to achieve a fantastic level. Among the three levels of the mind, he belonged to the first level at the very moment. At the first level, he had managed to understand his own mind and nature clearly. With that, he could make decisions based on these understandings. Such a feat was considered being at the peak of the first level and he was very close to the second level. When he entered the Void Corridor, he made up his mind based on his own understandings. After determining that the light was the exit, he would continue walking there without hesitation as he trusted his own mind completely and persistently.

As for Xin Zhu, before Jian Wushuang rose up to his current position, he was recognized as number one in consciousness attacks out of the Universe Gods. Since consciousness was linked to the mind most of the time, he would usually train his mind at the same time as he trained his consciousness. Therefore, his mind was also very strong.

As for Tian Can, he was an expert who rose up quickly during the fight for the White Blaze Fruit at the second level of the cave. Since he got famous from killing people, he was most likely a cold-blooded person. As such, he had a strong mind and would not change his decision easily.

These five people who were just mentioned above were top experts of the Universe God ranking list. Moreover, they were within the top ten of the Universe God ranking list.

However, out of the five of them, there was still one person remaining.

Universe God Xia Hou!

Universe God Xia Hou was an ugly-looking middle-aged man. His abilities were normal and he had only reached Peak Universe God of the Third Heaven.

Disregarding the comparison of him with the experts of the Universe God ranking list, even a random top Universe God of the Third Heaven from the open space could push him back easily.

He did not have any special abilities as well. Before this test, he was a nobody and had no reputation. Moreover, not a single person paid attention to him. However, at the moment, in the third test, Universe God Xia Hou who was an extremely ordinary person, had actually walked with the five great experts, namely the God Destroying King, Duan Lingfeng, Jian Wushuang, Xin Zhu and Tian Zhu, to the very end!

At that moment, he actually stood side by side with the five great experts.

This was something that had never crossed anyone's mind.

Amidst the vast hall, at the very moment, many Almighties and Real Gods from various big powerhouses had very puzzled expressions.

Most of them had lost the right to fight for the White Blaze Fruit tree. After all, the Universe Gods under them had been disqualified from the third test.

However, the Universe Gods under some of them were still not disqualified yet.

"Haha, it's Xia Hou, it's Universe God Xia Hou, who my Water Moon Pavilion hired," a small, short black-haired old man laughed wantonly and his laughter reverberated across the big hall.

The Almighties in the big hall could not help but look toward the black-haired old man.

"Hei Hun, are you saying that Universe God Xia Hou is under the Water Moon Pavilion? How could I have not heard of him before?" a strong man with a tough, stocky build questioned in a low voice.

The Water Moon Pavilion and the powerhouse that the man belonged to were both on the same piece of land in one of the Sanctuaries. As both powerhouses were competing with each other fiercely, they naturally knew each other inside-out.

"Of course you would not know. Universe God Xia Hou is not a disciple of the Water Moon Pavilion. In order to save his wife, who has been poisoned, he looked for the Water Moon Pavilion. He then requested for a Real God expert who was proficient in making elixirs to make an elixir to save his wife."

"However, it's a pity that his abilities were only normal and he also did not have any treasures. As such, he could not exchange anything for the elixir. However, at that time, Wu Bei's cave appeared. Hence, that Real God of my Water Moon Pavilion decided to try his luck and sent him over."

Chapter 1540: One Hundred And Eight Thousand Years

"I was just casually saying at first. I never thought Universe God Xia Hou would really come and that his mental state would so strong that he reached the final stage of the third test."

The black-haired elderly from Water Moon Pavilion said excitedly as his eyes shone.

The appearance of Universe God Xia Hou surprised everyone.

As time continued to fly past, Tian Can was the first to come back to reality among the six finalists.

Tian Can had already tried his best. The longer he stayed in the void corridor, the more difficult it was for him to endure. He had no alternative.

Right after Tian Can woke up, it was... God Destroying King!

God Destroying King, who was the number one among the Universe Gods, surprised many as he only managed to make it to that stage.

In the lofty hall, the Almighty sighed with emotion.

"Because of his backer, God Destroying King receives many resources. After he experienced all kinds of hardship, he became unusually strong and his mental state is terrifying too. However, he has a powerful connection to count on. Hence, his mental state couldn't reach its peak and he couldn't leap over!"

The third test continued.

After Tian Can and God Destroying King woke up, there were only four of them left.

In the blink of an eye, another four hours passed and Xin Zhu came back to reality too.

Since then, those who continued to travel in the void corridor were Jian Wushuang, Duan Lingfeng and Universe God Xia Hou.

"Universe God Xia Hou, it's your call!"

"For your wife! You have to persist and not waver!"

The black-haired elderly from Water Moon Pavilion clenched his fists as he bellowed.

Just then, he received an update that Universe God Xia Hou had already woken up.

"He woke up?"

The black-haired elderly's face immediately grew grave. Then, he quickly sighed and seemed to be disappointed, "Forget it. I can't make a pre-emptive request to get the White Blaze Fruit Tree. Plus, Universe God Xia Hou did try his best."

"Hei Hun, it seems that Universe God Xia Hou didn't strive hard enough for you," the brawny man smiled smugly at the failure of his Universe God.

"Humph, Universe God Xia Hou didn't make it to the last in the third test but he was much more outstanding than the Universe God under your command. His wife, we Water Moon Pavilion would still rescue her," the black-haired elderly said in a low voice.

"Oh?" The brawny man's pupils contracted but he didn't say anything further.

On the open ground on the third level of the cave, countless Universe Gods stared at the two people with bright, sparkling eyes.

The two of them were the two most eye-catching ones in the third test.

They were Jian Wushuang and Duan Lingfeng!

“How could it be? Why haven’t they come out from the dreamland?”

“It has been so long. It has already been two days and two nights in reality, it must have been even longer in the dreamland.”

“Universe God Xia Hou, you’re in third place. How long have you traveled in the void corridor?”
Someone asked.

“To be frank, I only kept on walking forward in the void corridor but didn’t record the time in detail. It should be around one hundred and five thousand years,” Universe God Xia Hou replied.

“A hundred and five thousand years?”

“Oh my goodness!”

“In such boring and uneventful travel, you stayed in there for a hundred and five thousand years. Is this humane?”

“Universe God Xia Hou stayed for so long. Then, aren’t Jian Wushuang and Duan Lingfeng spending an even longer time in it?”

“How did they do it? Is their mental strength so strong?”

The one hundred thousand Universe Gods on the open ground were astonished.

Even God Destroying King, who was extremely strong, couldn’t help but steal a glance at Jian Wushuang and Duan Lingfeng. He was quietly looking at them in admiration.

It had been one hundred and five thousand years, and they continued to persist... One should know that they had only been plunging forward blindly in the void corridor for a hundred thousand years.

In the blink of an eye, another four hours passed.

Then, Jian Wushuang and Duan Lingfeng reached the three days mark in the dreamland.

Just then...

The two people who stood right in the middle of the open ground that everyone was watching suddenly moved. The two of them opened their eyes at the same time.

“They woke up!”

“They finally woke up.”

“This, why did the two of them wake up at the same time?”

The surrounding Universe Gods’ facial expressions grew strange.

Jian Wushuang and Duan Lingfeng understood and they exchanged a look.

“It seems like you and I are the same. We both reached the end of the corridor,” Jian Wushuang smiled and asked, “How many years have you walked in the corridor?”

“One hundred and eight thousand years, how about you?” Duan Lingfeng asked.

“Same as you,” Jian Wushuang smiled.

The speed didn’t matter when one was traveling in the void corridor.

Even if you were plunging forward at the traveling speed beyond a Real God, you still had to travel for a hundred and eight thousand years.

But if you were to opt to not plunge forward but slowly walk, you would have to use one hundred and eight thousand years to reach the end too.

The crucial point was that you couldn’t waver by any bit within the one hundred and eight thousand years and you had to endure the boring, uneventful torture.

Obviously, Jian Wushuang and Duan Lingfeng had made it.

The Universe Gods surrounding the two of them heard their conversation and they gasped in admiration.

Jian Wushuang and Duan Lingfeng walked in the void corridor for one hundred and eight thousand years?

During the one hundred and eight thousand years, they weren’t cultivating but purely plunging forward. They wouldn’t run into anything on their way, only a never-ending corridor.

The two of them had held out to the end.

The Universe Gods also could tell from their conversation that they had reached the end of the corridor and they shook off the dreamland officially to come back to reality. In other words, if there were to be no end to the corridor, they could stay in the dreamland even longer!

Just how terrifying were their mental strengths?

“If I’m not mistaken, Jian Wushuang and Duan Lingfeng should have reached the first stage in terms of mental strength and be at a pretty high level.

In the lofty hall, the Almightyes started discussing.

“True. To be able to walk to the end of the void corridor, the lowest threshold is to achieve the first stage of mental state. Most of the Real Gods has yet to even reach the first stage but they could reach this stage as Universe Gods. This is unbelievable. It is much more difficult than comprehending a slight bit of Power of Heaven Way. Both Jian Wushuang and Duan Lingfeng are monstrous!”

“Actually, the first stage of mental state, Universe God Xia Hou achieved it too. However, he should have just leapt in not long ago and it has yet to grow solid. Otherwise, he might stand a chance to walk till the end.

“Regardless, the third test has ended too.”

“It ended, but both Jian Wushuang and Duan Lingfeng passed the test. How will they share the White Blaze Fruit Tree for the third test?”

...
