Chapter 1591: The Second Volume Of Xuan Mie Golden Body

For example, Qiu Yue had limited resources and she had barely met the requirements in terms of consciousness. However, to date, she was still unable to create a Real God-level Unique Skill.

Moreover, Qiu Yue's weapon was a long spear. Thus, Jian Wushuang was unable to give her a lot of advice for her Unique Skill.

The third requirement – to raise one's abilities to its maximum such that it could no longer increase anymore – was not difficult and many Universe Gods could do it.

As for the last requirement, it was the most difficult and it was also totally impossible to predict.

An opportunity to make a breakthrough. However, would the opportunity come when the person asked for it?

For some Universe Gods, they had achieved the first three requirements. However, they were still stuck at Universe Gods for hundreds or even millions of years and were unable to make a breakthrough as they were unable to find an opportunity to do so.

Take some of the Universe Gods in the Universe God ranking list as an example. Looking at the God Destroying King, he had already fulfilled the first three requirements. However, he was unable to make a breakthrough as he could not find the opportunity to do so.

As for people like Duan Lingfeng, they were very fortunate.

"Now, I have also achieved the Universe God of the Third Heaven. Next, I should make preparations to make a breakthrough to become a Real God. For the four requirements to make a breakthrough to a Real God, I have achieved Real God-level Unique Skill and Real-God level consciousness. As for the two remaining requirements..." Jian Wushuang could not help but shake his head.

To Jian Wushuang, he was still far from achieving the highest level of abilities for his current realm.

After all, he had only just achieved Universe God of the Third Heaven and there was still room for his abilities to grow. Moreover, his current abilities were at the eruption stage. Hence, for him to raise his abilities to their maximum, he would definitely need quite a bit of time.

As for the last requirement, the opportunity to make a breakthrough was vague with no foreshadowing. It would come anytime and Jian Wushuang could not do anything about it.

"No matter what, I have to do my best to raise my abilities."

Inside a secret room, Jian Wushuang was sitting up straight with his legs crossed. Hall Master Yuan had already sent someone to deliver the resources needed to cultivate the second volume of the Xuan Mie Golden Body to Jian Wushuang.

"Let's begin."

Jian Wushuang started his training at once.

Xuan Mie Golden Body was one of the Lineage of Star's four secret skills and it was a secret skill to defend one's body.

Previously, Jian Wushuang was only a Universe God of the Second Heaven. However, with the aid of the Xuan Mie Golden Body, his body managed to reach the level of a normal Real God. Thus, from that, one could see how strong this secret skill was.

At that very moment, Jian Wushuang had achieved Universe God of the Third Heaven. As such, he fulfilled the requirements to cultivate the second volume of Xuan Mie Golden Body.

Time passed by. In the blink of an eye, fifty years had passed.

"Success!"

Jian Wushuang, who had closed his eyes tightly all the while, finally opened his eyes. His eyes were filled with happiness.

When he was cultivating the first volume of Xuan Mie Golden Body back then, he had failed once during the process. Hence, he used a total of fifteen years to cultivate the skill successfully.

As for the second volume of Xuan Mie Golden Body, which was obviously more difficult than the first volume, he had managed to cultivate it successfully in fifty years' time.

"My body..."

Jian Wushuang was checking out his body at the very moment. As he clenched both his fists with strength, an explosive power burst forth and caused space to become distorted straight away.

"As expected. Since I have cultivated the second volume of Xuan Mie Golden Body successfully, my body has achieved the level of an Eternal Real God," Jian Wushuang was delighted and excited.

Previously, his body was only at the level of a Real God. At that very moment, it had achieved the level of an Eternal Real God...Visit on our

The great improvement of the body meant that Jian Wushuang's defense would be stronger and his ability to keep himself alive would be greater.

"For secret skills, I have already honed the secret skills that I have learnt to the highest level that they can achieve at my current stage. Next, the things that I can still improve are my Unique Skills and comprehension of the Heaven Way," Jian Wushuang's eyes glowed brilliantly. After that, he closed his eyes and started his comprehension with great concentration.

Jian Wushuang's understanding toward Sword Principles was so high that it was shocking. However, he was restricted by his realm previously.

At that very moment, his realm had made a breakthrough and he could display all his understanding of the Sword Principles. In the Burning Demon Region, he had merely comprehended peacefully for fifteen years and managed to create a primary stage two Real God Unique Skill. However, Jian Wushuang knew that the primary stage two Real God Unique Skill was not his best.

His Sword Principles were still in the eruption stage and it was the same for his comprehension of the Reincarnation Doctrine and Spacetime Doctrine.

At that very moment, he had completely emptied his mind and immersed himself into his training.

He was very certain that currently, the most important thing was to train!

At the very least, he had to train until the eruption stage came to an end. Once the eruption stage was over, the growth of his abilities would slow down. At that time, learning things through experience and looking for opportunities would be the most suitable way for him to continue improving himself.

With training, Jian Wushuang's Sword Principles, as well as his comprehension of the Reincarnation Doctrine and Spacetime Doctrine, improved continuously.

In the blink of an eye, another three hundred years had passed.

"Jian Wushuang."

A message was sent and Jian Wushuang, who was in the midst of his training, woke up with a start.

"Hall Master Yuan, what's wrong?" Jian Wushuang questioned.

"Today, there will be a banquet at my place and the deacons of the Lineage of Star staying at the Milky Way will have to attend it. You should come as well," Hall Master Yuan said.

"A banquet? For what purpose are we holding the banquet such that even all the deacons have to attend?"

Although Jian Wushuang had doubts, he still moved his body straight away.

In no time, Jian Wushuang arrived at the location of the banquet.

It was a very large-scale banquet. Within the Lineage of Star, there were currently more than forty deacons staying at the Endless Milky Way and all of them were present for the banquet. Jian Wushuang was also with them.

After arriving at the banquet, Jian Wushuang could tell immediately that the star of the banquet was Lei Chao.

Among the Real Gods of the Lineage of Star, Lei Chao was the only one who made it into the Real God ranking list. Hence, he could be said to be the number one of the Real Gods within the Lineage of Star. Also, before Jian Wushuang had come to the Lineage of Star, Lei Chao had been travelling in an extremely special place that was filled with danger.

For the past few years, Lei Chao had returned to the Lineage of Star to take a rest for a period of time. However, at that very moment, he was about to leave again.

Thus, the banquet was held intentionally to send Lei Chao off.

"Lei Chao is an expert of the Real God ranking list and his abilities are extremely close to those of an Almighty. However, he still needs to travel with caution in that place. Moreover, it is also said that he

might lose his life at any moment. If I'm not wrong, he should be travelling to one of the Eight Lairs," the King of Venomous Worms' voice echoed in Jian Wushuang's head.

"The Eight Lairs?" Jian Wushuang's expression changed.

"That is one of the most dangerous places of the Eternal Chaotic World. In addition, there are also many things over there. However, your abilities now are still very weak and you do not have the qualifications to go there," the King of Venomous Worms said.

Jian Wushuang nodded his head.

Although he possessed the fighting capabilities of an Eternal Real God at that very moment, he was still not at the top of the Eternal Chaotic World. Therefore, he did not know and was also not qualified to know any of the secrets of the Eternal Chaotic World.

The banquet was unusually lively.

Suddenly, a deacon who had achieved the level of a Chaotic Real God questioned, "Lei Chao, which lair are you planning to go to this time round?"

"The sixth lair," Lei Chao answered immediately.

After hearing that, a small number of deacons who knew something about the sixth lair opened their eyes wide.

Chapter 1592: Helpless

"Sixth Lair?"

King of Venomous Worms was shocked too, "The Eight Lairs, the stronger they are the more dangerous it is. Many strong Chaotic Real God only dared to venture into Eight Lair. As for the Sixth Lair, it is dangerous even for experts on Real God ranking list. Lei Chao has guts."

Jian Wushuang squinted his eyes. He could tell that Lei Chao's trip was very dangerous.

Many higher-ups on Lineage of Star definitely knew. Hence the banquet to send him off.

"Come on everyone. Let's toast to Lei Chao," Hall Master Yuan raised his glass as his voice traveled across the hall.

The higher-ups of Lineage of Star at the banquet naturally raised their glasses and Jian Wushuang did the same.

Lei Chao departed right after the banquet.

Lineage of Star resumed its tranquility again while Jian Wushuang returned to his secret room to continue his cultivation.

In the blink of an eye, another two hundred years passed.

In the secret room, Jian Wushuang slowly opened his eyes.

“Regardless of if it was enhancement of Sword Principle or speed of comprehension towards Heaven Way, it obviously slowed down significantly. It seems that the eruption period after I breakthrough and become Universe God in the Third Heaven has passed,” Jian Wushuang muttered to himself but there was a smile on his face.

An ordinary cultivator would be welcomed with a short eruption period after they broke through and entered another realm.

Jian Wushuang was an inverse cultivator, so he was trapped in the realm of Universe God in the Second Heaven for a long time. Then, as he broke through, the eruption period was naturally much longer. It lasted for a total of five hundred years.

In the five hundred years, Jian Wushuang didn’t spend his time in vain. After painstaking cultivation, regardless of sword unique kill or comprehension towards Heaven Way, there was a major improvement.

His power was naturally much stronger than when he was in Burning Demon Region.

“Once the eruption period is over, it will be useless to continue to cultivate in seclusion.”

Jian Wushuang immediately left the secret room.

In Sword Star, under a big tree.

Jian Wushuang, Ling Feibai, Long Ya and Xuan Yi sat together.

“Xuan Yi, congratulations for breaking through and becoming a Real God. Among the four of us, you’re the first who broke through and became a Real God,” Jian Wushuang said to Xuan Yi.

Ling Feibai and Long Ya by his side looked envious too, especially Long Ya. He stopped at the realm of Universe God much longer than Xuan Yi. But then, Xuan Yi had already broken through and he had yet to break through.

Xuan Yi looked at Jian Wushuang with a weird look and said, “Although I broke through and became a Real God, in terms of power, I am far behind a Peak Void Real God. I can’t compare to you and Duan Lingfeng at all.”

“You want to compare with the two monsters?” Ling Feibai rolled his eyes at Xuan Yi.

Regardless of if it was Jian Wushuang or Duan Lingfeng, they were both widely recognized as monstrous monsters that were hard to come by in Eternal Chaotic World.

Like Jian Wushuang, he was only a Universe God but his fighting power could be evenly matched with an Eternal Real God.

When Duan Lingfeng broke through and became Real God, he could defeat an Eternal Chaotic Real God head-on too.

As for Xuan Yi, although he was also a top genius, he was far behind if he were to compare to the two of them. Visit on our

Jian Wushuang heard Xuan Yi’s complaints and laughed them off.

Although he was a deacon elderly then, he didn't act haughtily. He was willing to chat casually with his few peers.

Just then... Swoosh! Swoosh!

There were two figures that suddenly plunged in from the Milky Way and landed on Sword Star.

The four of them under the tree looked. When they saw the incomers, Ling Feibai, Long Ya and Xuan Yi got up simultaneously.

"Jian Wushuang, we shall make a move as you have things to deal with," Ling Feibai said.

"Mm," Jian Wushuang nodded.

After Ling Feibai and the other two left, Jian Wushuang got up too and looked at the man and woman before him.

"Elder Wu Liang, Elder Fei Yan, why are both of you so free to visit me today?" Jian Wushuang smiled faintly. He waved and there were fresh wine and delicacies on the stone table again, "Come and have a drink together."

"Drink is not necessary. We came today to ask for a favor," Elder Wu Liang smiled faintly and he sounded quite gentle.

"Oh?" Jian Wushuang looked at the two of them in shock.

From what he knew, the two elders before him should be considered as extremely strong among all deacon elderlies in Lineage of Star. For instance, Elder Wu Liang was a peak Eternal Real God. As for Elder Fei Yan, although she was weaker, she was extremely close to a peak Eternal Real God standard.

He wasn't a match for either of them.

With such power, they still needed help from him?

"Please do tell me what's going on," Jian Wushuang said.

"I'll be frank," Real God Wu Liang said, "Actually, it is a task that Hall Master Yuan has delegated to me. He wants me to kill a Real God."

"The Real God's name is Real God Shi Jue!"

"Real God Shi Jue shared a great resentment with Lineage of Star. Many years ago, there were two disciples of Star Palace from Lineage of Star who came across him were killed when they were wandering outside.

"What?" Jian Wushuang was shocked.

The disciples of Star Palace were the most outstanding ones in Lineage of Star. Every one of them was truly a top genius. For instance, there were many higher-ups in Lineage of Star derived from disciples of Star Palace. Lineage of Star attached great importance to the disciples of Star Palace too.

However, Real God Shi Jue killed had two disciples of Star Palace. No wonder Lineage of Star would want to kill him.

“Real God Shi Jue is very cunning. He knew that he didn’t have a place in Ten Cultivation Sanctuaries after the incident was exposed. Hence, he ran out of Ten Cultivation Sanctuaries long ago and went to some Holy Kingdoms far away. Over hundreds of thousands of years, we of Lineage of Star couldn’t find him. But not too long ago, we Lineage of Star received a piece of credible news that Real God Shi Jue returned to Ten Cultivation Sanctuaries and he is hiding in Colored Glaze Sanctuary.

“Hall Master Yuan assigned me to kill him at Colored Glaze Sanctuary. However, Real God Shi Jue is a strong Eternal Real God after all. Plus, his defensive power is extremely strong. Most importantly, his speed is extremely fast and his martial art motion is impressive too. With me alone, it is almost impossible to kill him. So, I found you and Elder Fei Yan.”

“Elder Fei Yan was good at entangling and trapped his opponent while you, Jian Wushuang, have a terrifying martial art motion. You might be even faster by a slight bit than Real God Shi Jie. Only collaboration with the two of you will give me the confidence to kill Real God Shi Jue!”

“Of course, the reward for the task is bountiful. By then, we can split evenly,” Elder Wu Liang said.

“Jian Wushuang, what do you think?” Elder Fei Yan looked at him too.

“Real God Shi Jue is on which land in Colored Glaze Sanctuary? It shouldn’t be in Four Symbol Land, right?” Jian Wushuang asked.

“Don’t worry. It’s not in Four Symbol Land. If it was on Four Symbol Land, I wouldn’t come to look for you,” Elder Wu Liang laughed. He knew the resentment between Jian Wushuang and the overlord of Four Symbol Land, Four Symbol Mansion. If Jian Wushuang were to head to Four Symbol Land, he would be courting death himself.

“If so, alright then,” Jian Wushuang agreed straight away.

...

Chapter 1593: Soaring Heaven King Palace

Inside a normal town of the Soaring Heaven Land within the Colored Glaze Sanctuary.

“The Lineage of Star has gotten information that Real God Shi Jue is most likely in this town now,” Elder Wu Liang was looking at the town in front of him, “However, this town is very big and there are also many cultivators. If Real God Shi Jue were to hide his own presence intentionally, it would be quite troublesome for us to find him.”

“Leave it to me,” Jian Wushuang spoke, “An Eternal Real God is very easy to find.”

Elder Wu Liang and Elder Fei Yan glanced at Jian Wushuang and laughed immediately.

Both of them knew that Jian Wushuang was an Inverse Cultivator. Moreover, the consciousness of an Inverse Cultivator would have evolved to Soul Power a long time ago.

Hence, no matter how Real God Shi Jue concealed himself, it would still be impossible for him to escape Jian Wushuang’s soul search.

Jian Wushuang started to search within the town at once.

His Soul power was at a very high level. Thus, if he were to conduct a search, he would be able to find anyone as long as it were not an Almighty or those Chaotic Real Gods who stood at the top and had also managed to unlock a small bit of Soul Fire.

"I have found him."

Jian Wushuang stopped in front of the void of a pub. As for Elder Wu Liang and Elder Fei Yan, they were still outside the town as they were afraid of alerting Real God Shi Jue inadvertently.

After all, Jian Wushuang was only a Universe God. Even if Real God Shi Jue were to see him, he would not be too concerned.

However, if Real God Shi Jue were to discover that there were two additional Eternal Real Gods within the detection range of his consciousness, he would definitely put his guard up straight away.

"This is a bit strange. There is actually a total of three Eternal Real Gods in this city. Moreover, the three Eternal Gods are together," Jian Wushuang was communicating with Elder Wu Liang and Elder Fei Yan.

"Three Eternal Real Gods?"

"Jian Wushuang, is Real God Shi Jue one of the three Eternal Real Gods?" Elder Wu Liang questioned.

"Yes," Jian Wushuang nodded his head, "As for the other two, one of them has white hair and he looks like a young man. Moreover, he has a seal of white flames between his eyebrows..."

Jian Wushuang could tell the main characteristics of the three Eternal Real Gods in the pub via his Soul Power.

"If I'm not wrong, those two people should be Real God Dan Ding and Real God Ming Xin of the Soaring Heaven King Palace. Moreover, they are both Peak Eternal Real Gods," Elder Wu Liang said.

"Soaring Heaven King Palace?" Jian Wushuang was shocked.

"The Soaring Heaven King Palace was the overlord of the Soaring Heaven Land.

Moreover, they were known for their power and influence in the ten Cultivation Sanctuaries. Looking at their reputations and abilities as a whole, they were slightly better than the Lineage of Star in both aspects. Thus, they were definitely a first-rate big powerhouse.

It was said that both of the two Palace Masters were on equal footing with the founder of the Lineage of Star.

"Why would the experts of the Soaring Heaven King Palace be with Real God Shi Jue?" Elder Wu Liang frowned, "This is going to be troublesome."

"Jian Wushuang, don't do anything for now. Just stay there and observe the situation," Elder Wu Liang sent a message over.

"Understood," Jian Wushuang nodded his head.

Inside a private room of the pub was the three Eternal Real Gods. The private room was covered with a seal that could isolate space and time. Although Jian Wushuang's Soul Power could detect the existence of the three of them, he was unable to hear their conversation.

In the private room, three shadows were sitting together.

"Real God Shi Jue, Ming Xin and I have gotten a message saying that you possess that item. Therefore, we hurried over here. I hope that you will not make this a wasted trip for us," the voice of Real God Dan Ding, who looked like a young man, was cold and he was looking at the long-haired, gloomy man opposite him.

The gloomy man was Real God Shi Jue.

"Shi Jue, show us that item," Real God Ming Xin said.

Real God Shi Jue did not hesitate and took out an item.

After seeing the item that Real God Shi Jue had taken out, Real God Dan Ding and Real God Ming Xin's eyes brightened up.

In the void outside the pub, Jian Wushuang also saw the item that Real God Shi Jue had taken out with his Soul Power.

"What's that?" Jian Wushuang revealed a puzzled expression.

He could tell that the item that Real God Shi Jue had taken out was an extremely special token.

"Real God Shi Jue, you have been chased down by the Lineage of Star so miserably and you can only hide in a remote Holy Kingdom. Even so, you were still able to get this item?" Real God Dan Ding looked at Real God Shi Jue with interest.

"I was just fortunate," Real God Shi Jue laughed evilly and put the token back into his Qian Kun Ring.

"Shi Jue, let me say this bluntly," Real God Ming Xin spoke, "This item of yours is very precious. However, if you wish to use this item alone to get the Soaring Heaven King Palace to take action and resolve the feud between you and the Lineage of Star so that the Lineage of Star will stop going after you, that's absolutely impossible. With the Lineage of Star's abilities, unless an emperor-level existence appears personally, no one can get the Lineage of Star to give up on hunting you down."

"I am clear about this," Real God Shi Jue said, "I dare not hope that the Lineage of Star will give up on hunting me down. Today, I brought this item to find the both of you as I hoped that the Soaring Heaven King Palace behind the both of you would recommend me to join the Sanctuary Alliance. In addition, to let me go to the Thunderbolt Island to train for a period of time if possible."

"Join the Sanctuary Alliance?" Real God Dan Ding and Real God Ming Xin looked at each other. Real God Dan Ding then laughed: "Joining the Sanctuary Alliance would be easy as you are more than good enough with your abilities. Moreover, it is an easy task for the Soaring Heaven King Palace to recommend you. As for the Thunderbolt Island, it's not difficult either. Thus, the Soaring Heaven King Palace has no problem with accepting your conditions."

"It's a deal then. As for this item... both of you can set your minds at ease. As long as this matter is settled, I will pass it to both of you immediately," Real God Shi Jue said.

Real God Dan Ding and Real God Ming Xin laughed, "We have confidence in you. Since you have provoked the Lineage of Star and been forced to such a tragic state, I believe that you are not gutsy enough to provoke the Soaring Heaven King Palace."

"Definitely," Real God Shi Jue smiled obsequiously.

"Ming Xin and I will take care of this matter for you now. Within ten days, this matter will be taken care of. For that period of time, please wait here."

Real God Dan Ding and Real God Ming Xin stood up.

"Thank you, and sorry for troubling the both of you," Real God Shi Jue was extremely modest.

Real God Dan Ding and Real God Ming Xin then walked out of the pub.

After leaving the pub, both Real God Dan Ding and Real God Ming Xin used their consciousnesses to scan the surrounding area. They then left after that, leaving behind Real God Shi Jue to wait inside the private room of the pub.

"Elder Wu Liang and Elder Fei Yan, the two Eternal Real Gods of the Soaring Heaven King Palace have left," Jian Wushuang messaged.

"Alright. Let's be patient. Those two Eternal Real Gods just left not long ago and they should still be within this town. Just in case, we shall wait until they leave this town and get far away. We will take action at that time," Elder Wu Liang said.

"Understood," Jian Wushuang nodded his head and his Soul Power covered the pub completely. With that, each and every action of Real God Shi Jue in the pub would be under his watch.

Chapter 1594: Real God Shi Jue

Half a day later.

"Real God Dan Ding and Real God Ming Xin should have left. We can take action now," Elder Wu Liang sent a message.

"I shall greet Real God Shi Jue at the bar first. The two of you hurry over then," Jian Wushuang replied.

"Alright," Elder Wu Liang and Elder Fei Yan nodded as they plunged over quickly from outside of the town.

Jian Wushuang moved into the bar.

In the bar, there was a prohibition that covered the private room which Real God Shi Jue was in. Any ordinary probing wouldn't notice his existence, naturally, he wasn't worried that anyone could find him.

After all, not everyone was like Jian Wushuang. He had Soul Power.

"I, Shi Jue, was forced into a corner by Lineage of Star. I had no choice but to hide in the Holy Kingdom far away from Ten Cultivation Sanctuaries. Fortunately, God pitied me and gave me a chance to turn things around!"

"As long as I can become a member in Alliance Sanctuary and cultivate on Thunderbolt Island, even Lineage of Star will face various limitations. At least in many places, they can't kill me openly and I will get aid from some resources on Thunderbolt Island to increase my power."

"One day, when my power increases tremendously and I become the top Chaotic Real God like Real God Jiu Gong who is an expert on Real God ranking list, Lineage of Star wouldn't be able to do anything to me."

Real God Shi Jue clenched his fists tight.

In Eternal Chaotic World, there were some top experts who had offended large power forces but still lived well.

Just like Real God Jiu Gong from Jiu Gong Holy Kingdom, he was a classic example.

He fought Lineage of Star ferociously. He dared not enter Lineage of Star's territory but the experts from Lineage of Star didn't dare to enter his Holy Kingdom either. Regardless of the person, he wouldn't hesitate to kill whoever entered. Lineage of Star could do nothing about it either.

After all, Real God Jiu Gong was a superb existence on the fifth place on Real God ranking list. In terms of fighting power, he could be compared favorably with an Almighty.

Real God Shi Jue wanted to become the second Real God Jiu Gong.

"This is my only chance to flip over. I must seize the chance!"

Real God Shi Jue cleaned his hand and thought but his face suddenly changed. He noticed that someone had ignored the surrounding prohibition and walked through it.

"Huh? There's someone in the private room? I thought there was no one." A Universe God carrying a sword on his back appeared before Real God Shi Jue.

Real God Shi Jue squinted his eyes slightly and glanced at the Universe God, "Get out!"

"Hehe, don't be so hot tempered," Jian Wushuang smiled faintly and took a seat before Real God Shi Jue. He then raised a glass casually, "It's boring to drink alone. Why not let me keep you company, Real God Shi Jue?"

At first, Real God thought Jian Wushuang was an idiot that barged into the private room by accident. But when Jian Wushuang called his name, Real God Shi Jue's face suddenly stiffened.

"Who are you?" Real God Shi Jue spoke with a deep voice.

"In this world, one who would find you at the first instant when they found out Real God Shi Jue's whereabouts. Who do you think I am?" Jain Wushuang smiled.

“Lineage of Star,” Real God Shi Jue’s face grew grave. He immediately spread his consciousness power but he didn’t notice any strong aura within his consciousness range that bothered him. There was only the Universe God before him. Real God Shi Jue became uncertain.

After all, Lineage of Star had finally found him. They wouldn’t just send a Universe God to kill him, right?

“Real God Shi Jue, you dare to kill the disciples of Star Palace from Lineage of Star and you killed two of them at once. You really have guts,” Jian Wushuang smiled.

But suddenly... Vroom!

A shocking sword intention instantly exploded.

The entire room was immediately filled with the bolt of sword intention.

Blood Mountain Sword on Jian Wushuang’s back was out of the scabbard.

“Such a swift stroke!”

Previously, Real God Shi Jue didn’t worry about Jian Wushuang who was only a Universe God. But the moment Jian Wushuang struck with his sword, his pupils contracted in shock.

Wow!

A sword light flashed and Real God Shi Jue had already moved to the side to dodge the stroke. Then, the sword light dispersed and the room remained complete. The surrounding prohibition continued to exist and the table before Jian Wushuang only cracked when Jian Wushuang disappeared entirely.

“His strength control is so perfect?” There was shock across Real God Shi Jue’s face but then...

Hong!

A terrifying aura was like an awakened dragon that swept out. It was illustriously pressuring.

Jian Wushuang took into consideration that it was a pub and there were many cultivators in the pub. Hence, he controlled the power of the performed sword principle to not affect the other cultivators. However, Real God Shi Jue obviously didn’t care much.

His aura as an Eternal Real God was extremely fierce. He shattered the entire pub like breaking a piece of dead wood.

The cultivators in the pub plunged out simultaneously and ran far away.

Jian Wushuang and Real God Shi Jue appeared in the void. But the moment they appeared, Real God Shi Jue immediately noticed two fierce auras plunging over from the surroundings.

“These two are Real God Wu Liang and Real God Fei Yan from Lineage of Star!”

“D*mn it!”

Real God Shi Jue’s face changed.

“Shi Jue, you can’t escape,” Real God Wu Liang (Elder)’s face was cold and his robe fluttered. He had another black sword that appeared in his hand.

“Today, you have to die!”

Real God Fei Yan had rage soaring into the sky too. After he spoke, rumble. A flush of green torrents flowed out like a raging tsunami. It swept out and covered the heaven and earth. Suddenly, the void surrounding Real God Shi Jue was covered.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

Among the green torrents, there was a huge green hand and there were waves that stirred the space. They pressed towards Real God Shi Jue together.

There was a dim light on Real God Shi Jue’s body. Then, there was a black, exotic beast that soared up from his body and his gaze was as sharp as an eagle’s. As his aura churned, it turned into ghosts that twinkled in the void. It shuttled to and fro and dodged the huge green hands and green waves that billowed against him at ease.

At the same time, his body wanted to rush over from the besiegement of the three of them.

“Real God Shi Jue’s martial art motion is really impressive,” Jian Wushuang raised his eyebrows and the Power of Spacetime suddenly rippled outwards.

Jian Wushuang moved!

A total of almost a hundred shadows were cast at the same time. With the aid of the Power of Spacetime, Jian Wushuang’s hundred shadows were like fish that were frightened and shuttling around in the water.

In the blink of an eye, Jian Wushuang appeared next to Real God Shi Jue.

“This Universe God is really fast and his martial art motion is so creepy!”

Real God Shi Jue saw Jian Wushuang’s arrival and there was shock in his eyes.

Then, he saw Jian Wushuang wield his sword.

Chapter 1595: An Unforeseen Situation

Back then when they were in the pub, Jian Wushuang was worried that his Sword Principles would affect other people. Hence, he unleashed them with concern.

However, at that moment...

“Reincarnation of the Highest Heaven!”

Jian Wushuang’s eyes glowed with a shrill light.

The whole universe turned completely dark and a frightening sword essence rushed beyond the highest heavens.

Real God Shi Jue was right in front of Jian Wushuang. Hence, he could feel Jian Wushuang’s attack clearly. He could feel that the frightening sword essence was heading toward him from all directions.

It was as if he had been locked onto by a hundred million sword shadows at the same time and there was no way for him to escape.

“This is... a stage two Real God Unique Skill?” Real God Shi Jue revealed a shocked expression.

He did not expect a Universe God to actually unleash a stage two Real God Unique Skill which could only be created by an Eternal Real God.

“Piss off!”

Real God Shi Jue was extremely furious and he changed into a strange Exotic Beast instantly. His body stretched and his five fingers came together to form a sharp claw with lightning speed.

The sharp claw then changed into a silver, glittering light that looked as though it could tear the universe apart.

Bam!

With a loud sound, Jian Wushuang and Real God Shi Jue’s bodies were forced to retreat a few steps due to the impact.

“How can this be?” Real God Shi Jue raised his head fearfully.

Although Jian Wushuang had used a stage two Real God Unique Skill, he was ultimately still a Universe God. Even though Real God Shi Jue had fought against him seriously, he was actually evenly matched with Jian Wushuang?

“Shi Jue, die!”

A loud, fierce roar could be heard from above Real God Shi Jue.

“Not good,” Real God Shi Jue’s expression changed greatly. However, Real God Wu Liang had already appeared above him and at the same time, the black épée on his hands was swung downward.

It was just like a giant black cloud.

All of a sudden, the enormous black cloud, which contained an earth-shaking power, descended.

Moreover, at the area near Real God Shi Jue, two green, giant hands had caught his body and he was unable to unleash his martial art motion.

Real God Shi Jue struggled with all his might and shook off the green giant hands. When the black cloud descended upon him, he swung his sharp claws around again.

His claws, which could tear open the universe, had only torn apart a very small portion of the black cloud and the black cloud continued to cover his body.

“Puff!”

Real God Shi Jue spat out a mouthful of blood straight away and his body fell toward the ground.

“Bam!”

Real God Shi Jue crashed into a black tower, creating a giant hole. However, in just a short moment, with a “boom” sound, the black tower was completely broken into pieces and Real God Shi Jue’s body flew up again.

At that moment, his expression was pale and there was also some blood at the corners of his mouth. This caused him to look extremely miserable. However, at that moment, he was sending a message like his life depended on it.

“Real God Dan Ding and Real God Ming Xin, come and save me quickly!”

“The Lineage of Star has come for me and I am unable to stop them.”

“If I die, that item will land in the hands of the Lineage of Star!”

Real God Shi Jue was extremely anxious.

Swish!

A ghost-like body appeared in front of him again and at the same time, hundreds of swordlights headed toward him abruptly.

“Damn it!” Real God Shi Jue had a very unpleasant expression.

He could tell that the Lineage of Star had made ample preparations to kill him this time around. For the three of them who had besieged him, each of them had their own abilities.

In particular, Real God Wu Liang’s attack power was exceptionally high and one stroke was enough to wound him fatally. Thus, Real God Wu Liang possessed the ability to kill him.

As for the two other people, they were working with Real God Wu Liang harmoniously.

For example, Real God Fei Yan was controlling the green and mighty current to restrict him continuously so that he would be unable to escape.

As for the Universe God, who was using a sword in front of him, even though he looked like a Universe God, his abilities were also impressive. The most important thing was his martial art motion, which was actually not inferior to his own.

It should be known that Real God Fei Yan was most proficient in martial art motion. With such a level of martial art motion, even if Real God Wu Liang and Real God Fei Yan were to team up, he could use his own martial art motion to deal with them. Moreover, he could deal with them for a very long period of time or even find an opportunity to escape.

However, at that moment, the Universe God could actually match him in martial art motion. Moreover, the Universe God could fight with him time after time and then create an opening for Real God Wu Liang and Real God Fei Yan to kill him.

“With these three experts working together, it will be impossible for me to escape!”

“Unless Real God Dan Ding and Real God Ming Xin get here in time, I will definitely die!”

Real God Shi Jue was very clear about that.

Real God Dan Ding and Real God Ming Xin would most likely come to his rescue and there was still a shard of hope for him. However, if he were to be besieged by the three of them somewhere else, he would give up all hope and stop resisting.

Boom! Boom! Bam!

At the void, Jian Wushuang, Real God Wu Liang and Real God Fei Yan had teamed up and they were attacking Real God Shi Jue crazily from all directions.

Real God Shi Jue was completely suppressed and he could not counter-attack at all.

However, Real God Shi Jue was ultimately an expert at the level of an Eternal Real God and his ability to keep himself alive was strong. After clashing many times, even though the injuries on his body had gotten worse continuously, he was still not killed.

However, at that moment...

“Eh?” Jian Wushuang’s expression changed abruptly.

“Not good. Real God Dan Ding and Real God Ming Xin have come,” Jian Wushuang shouted.

“What?” Real God Wu Liang’s expression could not help but change.

“How are they so fast? Didn’t they leave this town already? Even if they were to receive Real God Shi Jue’s message for help straight away, they would definitely need about half a day’s time to return here,” Real God Fei Yan said with surprise.

“There’s one possibility. The Soaring Heaven King Palace might have planted a secret wormhole within this town. By going through the wormhole, Real God Dan Ding and Real God Ming Xin would be transported here right away,” Jian Wushuang said.

Transportation via a wormhole would naturally be faster than flying over.

The Soaring Heaven King Palace was the overlord of this piece of land. Thus, it was highly possible that they had planted a secret wormhole within the town.

However, transportation via a wormhole was not easy, especially for long distance transportation. Hence, if the experts were not in a rush, they would rather travel by themselves.

At that moment, Real God Dan Ding and Real God Ming Xin, who were thought to have gone far away, had appeared on the battlefield abruptly. As such, this brought about an unforeseen situation for Jian Wushuang and the two Elders.

As for Real God Shi Jue, who was seriously injured and was about to reach his limit, he was delighted when he saw the arrival of Real God Dan Ding and Real God Ming Xin.

“Real God Wu Liang and Real God Fei Yan of the Lineage of Star. As for the other person, if my guess is not wrong, you are the Inverse Cultivator Jian Wushuang who is famous in the Eternal Chaotic World, right?” a hearty laugh could be heard from the void not too far away. Two blurry shadows then appeared in the void.

“An Inverse Cultivator?” Real God Shi Jue could not help but glance at Jian Wushuang.

Previously, he had been hiding in the Holy Kingdoms that were extremely far away from the ten Cultivation Sanctuaries all the while and it was only until recently that he returned. Hence, he had never heard of Jian Wushuang.

However, after hearing what Real God Dan Ding had said at that moment, he understood.

“No wonder his abilities are so impressive. It’s because he’s an Inverse Cultivator!”

Chapter 1596: Hunt!

In an instant, Real God Dan Ding and Real God Ming Xin appeared on the battlefield.

“Lineage of Star, stop this instant,” Real God Dan Ding’s voice contained a strange power and it reverberated in the void.

“Elder Wu Liang, what do we do?” Both Jian Wushuang and Real God Fei Yan looked.

Real God Wu Liang’s gaze was cold. He stole a glance at Real God Shi Jie, “Don’t worry about them. Continue to kill!”

Hong!

The three of them launched an attack again.

Real God Dan Ding and Real God Ming Xin’s face changed.

“It’s Soaring Heaven Land after all. Please give Soaring Heaven King Palace face,” Real God Dan Ding spoke but his voice became cold.

“Humph, the three of us already did. Otherwise, we won’t wait till the two of you leave before we took action,” Real God Wu Liang scoffed.

“It seems that the three of you really want to have a hard time with Soaring Heaven King Palace,” Real God Dan Ding’s aura soared.

“It’s Soaring Heaven King Palace that is making it difficult for Lineage Star. You knew Real God Shi Jue shared a great resentment with Lineage of Star but you kept him under your provision,” Real God Wu Liang roared.

“If so, there’s nothing for us to say. Ming Xin, let’s do this!”

Real God Dan Ding waved his sleeve and barged into the battlefield along with Real God Ming Xin next to him.

Real God Dan Ding and Real God Ming Xin were both peak Eternal Real Gods. Once the two of them got involved, the entire battle immediately took a drastic turn.

“Haha, Real God Wu Liang, I heard about you long ago but I never fought with you before. I’d like to contest with you today,” Real God Dan Ding blocked before Real God Wu Liang.

He knew for sure that Real God Wu Liang was the one with the scariest power among the three of them.

As long as he kept him busy, the remaining Real God Fei Yan and Jian Wushuang wouldn't be able to pose as great of a threat to Real God Shi Jue.

"You wouldn't be able to stop me if you were to fight against me head-on!" Real God Wu Liang was ferocious as he turned into a primeval beast.

On the other hand.

"Real God Ming Xin, please keep Real God Fei Yan and Jian Wushuang busy," Real God Shi Jue roared and he had already launched his fastest speed with the intention to run away from the battlefield.

"Let me take care of them," Real God Ming Xin gripped his two long spears in his hands. Along with the flowing divine power, the two long spears stabbed into the air simultaneously.

The two long spears weren't aimed at anyone. But when they flew out, there was immediately a wormhole in the void above. The two long spears flew into the wormhole then appeared before Jian Wushuang and Real God Fei Yan in the very next moment.

"This?" Jian Wushuang was shocked.

He could tell that Real God Ming Xin's manipulation of Power of Spacetime was very impressive. If not mistaken, his comprehension towards Spacetime Doctrine should be at the standard to pass through the third level of Doctrine Palace.

The long spears contained terrifying power. As it flew, Real God Fei Yan's face changed. She waved and there were immediately billowing waves that blocked her. The long spear pierced through the waves but in the end, it couldn't withstand the waves.

As for Jian Wushuang, he cast almost a hundred shadows and used the Power of Spacetime to shuttle to and fro. He dodged the long spear with ease.

"Mm?" Real God Ming Xin looked at Jian Wushuang with astonishment, "Jian Wushuang's martial art motion is impressive. He comprehended Spacetime Doctrine too and it isn't a low comprehension. With the existence of such a martial art motion, even if I only fight against him alone, I might not be able to stop him. Let alone if I'm fighting against two... it's impossible."

"Shi Jue, I can only stop Real God Fei Yan. As for Jian Wushuang, it's your call."

Real God Shi Jue who already escaped from the green torrents pressed by Real God Fei Yan naturally saw the scene behind him. At the same time, he saw that Jian Wushuang was already chasing after him. His pupil fixed and then he smirked coldly, "Although Jian Wushuang is impressive, he is a Universe God after all. His fighting power is limited. With him alone, even if he catches up, he can't do anything to me."

With such a thought, Real God Shi Jue launched his fastest speed to plunge towards the void out of the city.

Jian Wushuang followed closely behind.

In the city, Real God Wu Liang and Real God Wu Yan were fighting against Real God Dan Ding and Real God Ming Xin.

In terms of power, Real God Wu Liang was slightly stronger than Real God Dan Ding by a slight bit while Real God Ming Xin was stronger than Real God Fei Yan. However, Real God Fei Yan's defense power was strong.

The collaborations of both, they were just evenly matched. The match would be too hard to call in a short period of time. The four of them could launch a calling act.

"Haha, you live up to your reputation, Real God Wu Liang. You are really powerful. However, the monster from Lineage of Star, Jian Wushuang, is only a Universe God after all. You want him to go after Real God Shi Jue, is it really okay?" Real God Dan Ding sneered at him.

Real God Wu Liang and Real God Fei Yan's faces grew distressed.

The two of them had already sent a message to Jian Wushuang for him to be careful. If he couldn't, he should give up hunting Real God Shi Jue.

But Jian Wushuang's reply was to let him take care of it. He seemed to be very confident.

Real God Wu Liang and Real God Fei Yan had no choice about it.

...

Swoosh! Swoosh!

There were two rays of flowing light traveling at shocking speed. In an instant, the two of them were out of the city.

In the vast void, Real God Shi Jue still looked pale even though he consumed a few elixirs on the way. His injuries during the earlier besiegement couldn't be recovered so easily and the injury would affect his fighting power.

"Jian Wushuang is really chasing after me alone? He has guts!" Real God Shi Jue stole a glance at Jian Wushuang who was chasing closely behind, "He really thought I'd be afraid of him, a Universe God?"

There was a chilly gleam twinkling in Real God Shi Jue's eyes.

Among the three from Lineage of Star that hemmed him in, he was afraid of Real God Wu Lian the most. After all, he was an expert standing on the pearl among Eternal Real Gods long ago. He was extremely close to Chaotic Real God too. During the besiegement earlier, the reason why he had been heavily injured was because of Real God Wu Liang.

Besides Real God Wu Liang, he didn't even bother about Real God Fei Yan who was extremely close to the level of Peak Eternal Real God, let alone Jian Wushuang.

From his viewpoint, among the three that besieged him, Jian Wushuang was the one who posed the least threat. He could only be his match in terms of martial art motion.

"As you want to follow me, follow me then. We just left the city not long ago. You don't have to rush things. After a while, when we are far away enough from where Real God Wu Liang was, I'll take action to kill the most impressive genius in the history of Lineage of Star!"

“After all, I already killed two disciples of Star Palace in the past. The hatred that Lineage of Star harbored against me is never-ending. It’s nothing to kill another one!”

Real God Shi Jue had terrifying murderous intention rising in his heart.

Chapter 1597: One Against One

Two shadows, one in front and one behind, were moving quickly. During the journey, the distance between the both of them was well maintained. It neither closed up nor pulled further apart.

Just like that, the chase went on for close to an hour.

In a vast wasteland, Real God Shi Jue, who had been running away, finally stopped.

“Finally stopped running?”

Jian Wushuang’s body stopped in the void. He wore an indifferent smile and was looking at Real God Shi Jue who was in front of him.

He could tell a long time ago that Real God Shi Jue was not running away with his full power. Thus, it was obvious that he was baiting Jian Wushuang intentionally so that he could find an opportunity to kill Jian Wushuang later on.

However, didn’t Jian Wushuang have the same thought as well?

“Real God Shi Jue. Although you have not achieved the peak of an Eternal Real God, you are very close to it. Thus, such an Eternal God is a lot stronger than Real God Chi Huo and Real God Xue Wu who I have fought in the Burning Demon Region back then and it would also be quite a challenge for the current me,” Jian Wushuang squinted his eyes.

Although Real God Chi Huo and Real God Xue Wu were Eternal Real Gods, their abilities were normal and they were considered early stage Eternal Real Gods which belonged to the lowest level of the Eternal Real God.

As for Real God Shi Jue, he was considered quite high-level among the Eternal Real Gods where he was very close to the peak level. Even though he was fatally injured at that very moment and his abilities were affected to a certain extent, his fighting capabilities could not be compared to Eternal Real Gods at the level of Real God Chi Huo and Real God Xue Wu in the slightest.

If it were five hundred years ago, Jian Wushuang would not be daring enough to hunt Real God Shi Jue down by himself.

However, it was different at that very moment...

After training for five hundred years at the eruption stage, his abilities had risen considerably and the current him had the confidence to fight with Real God Shi Jue.

“Jian Wushuang, the number one demon in the history of the Lineage of Star... Hehe. Back then, I merely killed two Star Palace disciples. With that, I made the Lineage of Star extremely furious and they hunted

me down like crazy. Today, if I were to kill you, the number one demon, I wonder what the Lineage of Star would do?" Real God Shi Jue grinned.

At the same time, he was very sure of his own condition.

"Currently, I should be able to unleash seventy percent of my fighting capabilities."

"Although it's only seventy percent, it will be more than enough to kill him."

"Die."

Real God Shi Jue's eyes turned cold and his body changed into a hideous Exotic Beast with its body filled with golden scales at once. He then attacked with lightning speed immediately.

Whoosh! Whoosh! Whoosh!

Real God Shi Jue's body moved quickly and remnants of his shadow were left behind on the void. His speed was extremely fast. For early stage Eternal Real Gods like Real God Chi Huo and Real God Xue Wu, it would probably be difficult for them to see his path. However, Jian Wushuang was able to see it clearly.

"He's here!"

Jian Wushuang's eyes turned serious. The hideous Exotic Beast, its body filled with golden scales, had already appeared in front of him. At the same time, it jumped high up into the air and it swung the sharp claws on its paws down with lightning speed.

A ray of golden light.

Icy cold and dazzling!

It ripped the air open and generated an ear-piercing noise.

When the golden light appeared, it was only one ray of golden light. However, it changed to tens of rays of golden light abruptly.

Every ray of golden light contained a shocking amount of power.

"Over here."

Jian Wushuang locked on to one ray of the golden light instantly and the Blood Mountain Sword in his hands attacked like a spiritual snake straight away.

The swordlight collided with the golden light and its frightening power squeezed the void. With a "swish" sound, a space crack that spanned hundreds of miles appeared.

Golden light also appeared on Jian Wushuang's body at once and it changed into a giant golden Divine Ape. The golden Divine Ape wore golden armor as well as a helmet and its hands were holding a golden longsword tightly.

At the same time, a great amount of crimson flames appeared and changed the surrounding area into a sea of fire with Jian Wushuang as its emperor.

By using the golden Divine Ape and Scarlet Kingdom at the same time, Jian Wushuang had unleashed his full abilities.

As for the hideous golden Exotic Beast that Real God Shi Jue had transformed into, with a strange change, one Meta Beast abruptly became two.

Although the two golden Exotic Beasts were exactly the same, one of them was weak while the other one was strong in terms of power.

The two golden Exotic Beasts then jumped high up into the sky at the same time. After that, they appeared beside Jian Wushuang, one on the left and the other one on the right.

Swish! Swish!

Two dazzling rays of golden light burst forth at the same time.

“Blood Shadow Slaughter!”

The two golden Exotic Beasts were emitting an enormous amount of murderous intent and the two rays of golden light headed toward Jian Wushuang’s head with lightning speed.

The two rays of golden light were like two golden awls and they contained a shocking amount of power. Even if it were Jian Wushuang, he could not help but be terrified.

He was clear that if any of the two rays of light were to hit his head, he would definitely be killed.

“Roar!”

The golden Divine Ape which shrouded Jian Wushuang’s body roared furiously and the golden longsword in its hands struck the golden Exotic Beast with the stronger aura angrily.

At the same time, a Demonic Dragon, which was filled with murderous intent, appeared and bit the golden Exotic Beast at the other side.

Bam! Bam!

Both of their attacks clashed. Within the golden Exotic Beast with the stronger aura, with a glow of shrill light in Real God Shi Jue’s eyes, the golden Exotic Beast swung its long tail.

Bang!

The tail passed through the golden Divine Ape directly and struck Jian Wushuang’s body.

Jian Wushuang only felt that the distance between them was widening as his body was sent flying immediately.

After regaining his posture, some blood flowed out of the corners of his mouth.

“As expected of the Real God Shi Jue. Even though he is seriously injured, his fighting capabilities are still so strong,” Jian Wushuang said and he gasped in admiration.

For an Eternal Real God who was near the peak level, even though it was only seventy percent of his fighting capabilities, he was still exceptionally strong.

“Even though you are merely a Universe God, your defense is actually so strong?” Real God Shi Jue frowned.

He had originally thought that only Jian Wushuang’s fighting capabilities were strong, so that they were not inferior to that of an Eternal Real God. However, he did not expect Jian Wushuang’s defense to be so impressive as well.

As for the golden Exotic Beast that he had transformed into, a swing of its tail with its full power was enough to kill a Void Real God easily. However, when it struck Jian Wushuang, it caused him to be barely injured.

It was obvious that Jian Wushuang’s defense was not weaker than a normal Eternal Real God’s.

“Real God Shi Jue, you shall take one stroke of mine as well,” Jian Wushuang spoke apathetically and he had already raised the longsword in his hands high up into the air.

Real God Shi Jue’s eyes shrank. At the moment when Jian Wushuang raised his longsword, Real God Shi Jue realized that the universe across the area seemed to have already started to head toward him.

Boom~~~ A giant sword shadow appeared out of thin air in the void. It was extremely huge and the amount of power it contained was enough to make early stage Eternal Real Gods fearful.

However, it was merely the beginning of the sword shadow.

Buzz, buzz!!!

After the first sword shadow appeared, more sword shadows were formed repeatedly at the void to one’s side.

Many towering sword shadows were floating in the void. Looking at it, there was a total of ten sword shadows.

At the next instant, the ten towering sword shadows fused together completely.

Chapter 1598: Kill!

The ten sword shadows, every single one equaled a full hit of a beginner Eternal Real God.

Just then, the ten sword shadows fused into one completely.

The brand new sword shadow contained an outrageous power, even Real God Shi Jue couldn’t help but crease his eyebrows under the sword shadow.

“I comprehended for five hundred years with full concentration and created this strongest stroke!”

“This stroke is made from ten sword principles. Hence, its name is Ten Waves!”

“Go!”

Jian Wushuang ambled and waved the sword in his hand.

In the void at the top, the sword shadow that was fused together by ten sword shadows descended.

The entire heaven and earth pressed down.

Under the pressure, Real God Shi Jue realized that he wouldn't be able to dodge the sword shadow regardless. He could only opt for fighting head-on.

"Sky Breaking Claw!"

Real God Shi Jue roared and the golden, ferocious exotic beast that he substantiated suddenly shimmered with gold as boundless divine power concentrated in its claw. Then, he took a huge stride and swung his sharp claw that gathered endless power.

There was a golden crack in the sky.

It was as though the claw split heaven and earth apart.

Then, the two bolts of terrifying attack collided.

Bang!

A tremendous noise shook the earth.

The sword shadows that filled the sky shot out in all directions in madness and it left huge space cracks in the void.

Jian Wushuang looked and took three steps back.

As for Real God Shi Jue, the golden, ferocious exotic beast that he substantiated was thrown out by the impact. As it flew off, its body continued to churn and it only regained stability after it staggered for a while.

Then, his face grew even paler.

"B*stard!"

"It's a pity that I can only give seventy percent of my power to play. Otherwise, I definitely can win against you!" Real God Shi Jue bellowed.

Hearing Real God Shi Jue's bellow, Jian Wushuang's face grew solemn.

Real God Shi Jue was right. If he were to be able to let out his peak fighting power, he really could fight against Jian Wushuang.

Jian Wushuang also could tell that the strongest stroke that he had performed earlier, in terms of the power of sword principle, actually wasn't stronger than Real God Shi Jue's Sky Breaking Claw.

"Although the stroke I performed was fierce, I think it's lacking something," Jian Wushuang creased his eyebrows and said.

Ten Waves that he performed earlier were extremely strong in power. In terms of its level, it could barely reach the threshold of advance rank two unique skill. However, Jian Wushuang found the stroke far from perfect. If he could make up the flaws, his stroke would definitely be stronger or even achieve another brand new level.

“Jian Wushuang, you’re lucky this time. Don’t come across me again next time. Otherwise, I will definitely kill you!” Real God Shi Jie glared at Jian Wushuang coldly. Then, he immediately turned into a flowing light and plunged into the void faraway.

“You want to leave?” Jian Wushuang smirked coldly and immediately chased after in full speed.

“Jian Wushuang, I can’t kill you. But it’s even more impossible if you want to kill me. Don’t waste time,” Real God Shi Jie noticed Jian Wushuang who trailed behind him and he roared.

“Waste time? I don’t think so!” Jian Wushuang’s gaze was cold.

“Alright then. Continue to follow me if you have the guts. At most, I’ll run to Four Symbol Land directly. I’d like to see if the top genius in Lineage of Star would dare to enter Four Symbol Land,” Real God Shi Jue said coldly. When he was fighting with Jian Wushuang, he enquired Real God Wu Wang for information about Jian Wushuang and he knew that Four Symbol Mansion harbored great resentment against Jian Wushuang.

Jian Wushuang squinted.

Real God Shi Jue reminded him that Soaring Heaven Land was right next to Four Symbol Land. If he were to continue to drag on, forget about Soaring Heaven King Palace, he reckoned the experts from Four Symbol Mansion would catch up too. By then, he would be in big trouble.

“Real God Shi Jue is extremely powerful. Although he was severely injured and unable to put his peak power to play, he still isn’t an easy target to kill. If I want to take care of this quickly, there’s only one way!” Jian Wushuang thought and the power of Star Palace hidden in his body was put to full play at the very next moment.

The secret skill of Star Palace, he performed it straightforwardly!

At the same time, there was vigor churning in Jian Wushuang and the divine power in him started burning in madness.

The secret skill of Star Palace, the second volume!

Secret skill of Dragon Blood, the second level!

They were performed simultaneously.

Jian Wushuang’s speed instantly increased by a hundred times!

Phew!

Like a gale, Jian Wushuang, who was originally a thousand miles away, suddenly took a huge leap in an instant and came behind Real God Shi Jue.

Then, he raised the sword in his hand.

“Die!”

There was a bellow then a sword was swung out.

“What?”

Real God Shi Jue stared. He could feel a strong death danger from the stroke and his face instantly grew grave. He waved his sharp claw and wanted to withstand the stroke.

However, due to the difference in their traveling speed, Jian Wushuang's stroke slashed Real God Shi Jue without hindrance.

Bang!

Real God Shi Jue quivered and he didn't even manage to scream hysterically before his divine body became a cloud of blood mist. He was more than dead.

Jian Wushuang continued to float there as he watched everything in silence. There was faint amazement in his eyes.

"The second volume of the secret skill of Star Palace increased the power that I performed by a hundred times. When I slash a stroke, I reckon it is even stronger than an ordinary Chaotic Real God's full hit. Although Real God Shi Jue is an Eternal Real God and his defense power is decent, and he might even have Real-God-level armor, in the end, he couldn't withstand it and died an instant death!"

"Simple, brutal, extremely fierce!"

It stirred a great commotion in Jian Wushuang's heart.

The secret skill of Star Palace... the strongest secret skill among the four secret skill in Lineage of Star was also the most famous secret skill.

The secret skill was also one of the fundamental reasons why Lineage of Star was so strong.

The secret skill was segregated into three volumes.

Before Jian Wushuang break through and become a Universe God in the Third Heaven, he could only train for the first volume. When he performed it, it could increase his attack power by tenfold and it'd last for ten breaths.

After he became Universe God in the Third Heaven, he did the second volume of the secret skill of Star Palace.

The second volume of the secret skill of Star Palace could increase his attack power by a hundredfold in an instance!

It was a hundred times!

With Jian Wushuang's current power, his full-on sword principle could barely be compared favorably with a hit by advanced Eternal Real God. However, when it increased by a hundred times, the power would be much stronger than many Chaotic Real Gods' full hit. Real God Shi Jue was already severely injured, how could he withstand the hit?

Hence, there was the scene.

"Honestly speaking, I am doubtful if the secret of Star Palace was created by the founder of Lineage of Star because the secret skill is too scary," King of Venomous Worms' voice rang in Jian Wushuang's head.

"It is really scary," Jian Wushuang nodded in agreement.

Jian Wushuang didn't feel so when he completed the first volume.

But then, when he had completed the second volume, he could see the scariness of the secret skill.

"However, there is a limitation to this secret skill. Such as, when performing the second volume, it can only last for one breath," Jian Wushuang muttered.

...

Chapter 1599: Token Of The Fairy Palace's Legacy

A breath's time was very short.

With such a short amount of time, Jian Wushuang was only able to use a limited number of moves as the Star Power would have run out by then.

If he wished to use it again... he would need a total of eight hundred years.

Previously, for the first volume of the Secret Skill of Star Palace, Jian Wushuang had needed ten years' time to recover before he could use it again.

However, the second volume was more demanding than the first volume. After using it, Jian Wushuang would need eight hundred years' time to recover the Star Power that had been used up completely.

"This move can be said to be one of my strongest trump cards. From now on, unless there is a need to, I had better not use this move," Jian Wushuang murmured.

"Oh right."

Jian Wushuang's expression changed and with a flip of his hands, he took out an item from the Qian Kun Ring of Real God Shi Jue.

That item was the special token that Real God Shi Jue had taken out at the pub to show Real God Dan Ding and Real God Ming Xin previously.

The token emitted a unique aura and it also had a peculiar design. Jian Wushuang was unable to recognize what the item was.

"King of Venomous Worms, do you know what this token is?" Jian Wushuang questioned.

"If I'm not wrong, this token should be the Token of the Fairy Palace's Legacy," the King of Venomous Worms said bluntly.

"Token of the Fairy Palace's Legacy? What's that?" Jian Wushuang was puzzled.

"I don't need to say much about this as you can ask the experts in the Lineage of Star later on. They will definitely know of the Token of the Fairy Palace's Legacy. Moreover, they are more knowledgeable about this than me," the King of Venomous Worms said.

“Understood,” Jian Wushuang nodded his head. After that, he sent a message to Real God Wu Liang and Real God Fei Yan immediately.

Atop a lofty mountain, Jian Wushuang was waiting quietly in his position. After waiting for some time, Real God Wu Liang and Real God Fei Yan hurried over.

“Jian Wushuang.”

Real God Wu Liang and Real God Fei Yan went in front of Jian Wushuang. After taking a look at him in detail, they heaved a sigh of relief, “It’s great that you’re alright.”

“Oh right, what happened to Real God Shi Jue?” Real God Wu Liang questioned.

“He’s dead,” Jian Wushuang said.

“Dead?” Real God Wu Liang and Real God Fei Yan were stunned. Real God Wu Liang then asked: “Did you kill him?”

“That’s right,” Jian Wushuang nodded his head.

“How is that possible?” Real God Wu Liang and Real God Fei Yan found it a bit unbelievable.

It must be known that Real God Shi Jue was very close to a Peak Eternal Real God. Moreover, his ability to stay alive was very impressive. Even if Real God Wu Liang were to have a one-to-one fight with him, he had no guarantee that he could kill him.

However, Jian Wushuang had actually used his own abilities to kill him?

“Jian Wushuang, how did you kill him?” Real God Wu Liang questioned.

“As for that,” after muttering to himself for some time, Jian Wushuang said: “To tell you the truth, I used the Secret Skill of Star Palace and killed him with one stroke.”

“Even though you have used the Secret Skill of Star Palace to raise your attack power by ten times, shouldn’t Real God Shi Jue have been able to block it, albeit with some difficulty?” Real God Wu Liang frowned.

“What I used was the second volume of the Secret Skill of Star Palace,” Jian Wushuang said.

As soon as the words left his mouth, Real God Wu Liang and Real God Fei Yan opened their eyes wide.

“The... the second volume?” Real God Wu Liang was dumbfounded.

“How is that possible?” Real God Fei Yan had an expression which implied that he found it unbelievable.

“Is there a problem?” Jian Wushuang asked with uncertainty.

He had only said that he had used the second volume of the Secret Skill of Star Palace. Hence, was there a need for the two deacons in front of him to be so astonished?

Real God Wu Liang took a deep breath and suppressed his astonishment. He then looked at Jian Wushuang deeply and spoke: “Jian Wushuang, you should also know that the Secret Skill of Star Palace is one of the Lineage of Star’s four Secret Skills. Not only is it the strongest Secret Skill, it is only the most

reputable Secret Skill. Moreover, the Star Palace disciples and the deacons of the Lineage of Star have all cultivated this Secret Skill.”

“For example, Elder Fei Yan and I have both cultivated the Secret Skill of Star Palace. However, it is not so easy to cultivate this Secret Skill.”

“In particular, the first volume is still manageable. As long as one works hard, they would most likely be able to cultivate it. However, many experts of the Lineage of Star have stopped at the first volume as there is an extremely small possibility of cultivating the second volume. For example, Elder Fei Yan and I, as well as many deacons of the Lineage of Star, have only been able to cultivate the first volume.”

“As for the second volume, within the Lineage of Star, there are currently only two people who have successfully cultivated the second volume of the Secret Skill of Star Palace. These two people are Lei Chao and Hall Master Yuan!”

After hearing what was said, Jian Wushuang had a puzzled expression.

He finally knew why Real God Wu Liang and Real God Fei Yan were so surprised after learning that he had successfully cultivated the second volume of the Secret Skill of Star Palace.

Among the many Real Gods in the Lineage of Star, only Lei Chao and Hall Master Yuan had successfully cultivated the second volume. At that very moment, he had successfully cultivated it as well?

“Is the second volume of the Secret Skill of Star Palace very difficult?” Jian Wushuang frowned.

He had remembered very clearly that when he was cultivating the second volume of the Secret Skill, he did not come across a very big bottleneck and it could be said that he had cultivated the Secret Skill very easily.

He had originally thought that everyone else was the same as him. However, looking at it at that very moment, that was not the case.

“Jian Wushuang, from now on, you should be the third expert below an Almighty to successfully cultivate the second volume of the Secret Skill of Star Palace in the Lineage of Star. Moreover, you are still a Universe God,” Real God Wu Liang and Real God Fei Yan looked at each other and their eyes were filled with envy.

The Secret Skill of Star Palace could be said to be the trump card of many experts of the Lineage of Star.

Deacons like them had always yearned to cultivate the second volume. With that, when they were in a critical moment, the Secret Skill would be extremely useful. However, it was a pity that they had always been unable to cultivate it successfully.

“If that’s the case, doesn’t that mean that the third volume of the Secret Skill of Star Palace would be even more difficult?” Jian Wushuang could not help but ask.

“Yes, it’s even more difficult,” Real God Wu Liang nodded his head, “Since the founding of the Lineage of Star until now, the Palace Master seems to be the only person who has managed to cultivate the third volume of the Secret Skill of Star Palace successfully.”

“Hehe,” Jian Wushuang gasped.

“Elder Wu Liang and Elder Fei Yan, after I killed Real God Shi Jue, I obtained a token from his Qian Kun Ring. As this token is quite special, could the both of you help me to take a look?” as Jian Wushuang spoke, he took out the token.

As soon as Real God Wu Liang and Real God Fei Yan saw the token, their eyes became stuck to it.

“This... this is the Token of the Fairy Palace’s Legacy?”

“This is indeed the Token of the Fairy Palace’s Legacy. Jian Wushuang, you got this from Real God Shi Jue?”

Real God Wu Liang looked toward Jian Wushuang at once.

“That’s right,” Jian Wushuang nodded his head.

“Gosh, this luck of yours... I’m really envious of it,” Real God Wu Liang exclaimed with admiration.

“You have managed to cultivate the second volume of the Secret Skill of Star Palace successfully. Now, you have obtained the Token of the Fairy Palace’s Legacy. You’re really...” as Real God Fei Yan gasped, his eyes, which were looking at the Token of the Fairy Palace’s Legacy, were filled with excitement.

However, Jian Wushuang had obtained the Token of the Fairy Palace’s Legacy after killing Real God Shi Jue. No matter how excited they were, they would not allow themselves to be taken over by greed.

Chapter 1600: Sanctuary Alliance, Fairy Palace!

“What exactly is this token of the Fairy Palace’s Legacy?” Jian Wushuang asked.

“Token of the Fairy Palace’s Legacy is by Sanctuary Alliance. Jian Wushuang, do you know about Sanctuary Alliance?” Real God Wu Liang looked at him.

Jian Wushuang shook his head subconsciously.

“Sanctuary Alliance was actually formed by the ten cultivation sanctuaries altogether!”

“There are many forces among the ten cultivation sanctuaries, including many top experts, are members of Sanctuary Alliance. Even some of the Holy Kingdoms outside of Ten Cultivation Sanctuaries could join Sanctuary Alliance once they reached the criteria. For instance, Lineage of Star, Soaring Heaven King Palace, Four Symbol Mansion are all under Sanctuary Alliance,” Real God Wu Liang said.

Jian Wushuang was astonished when he heard that.

“Sanctuary Alliance was formed by the Ten Cultivation Sanctuaries, many forces, and experts? Just how strong is Sanctuary Alliance then?” Jian Wushuang exclaimed.

“Strong? Hehe. Sanctuary Alliance isn’t something that could be described with the word ‘strong’. It’s supreme!” Real God Wu Liang said, “In Eternal Chaotic World, Sanctuary Alliance rules.”

Jian Wushuang could imagine all the top experts in Ten Cultivation Sanctuaries united with the great forces, it was naturally the most powerful force in Eternal Chaotic World.

"I'm curious. Why would the great forces and experts in Ten Cultivation Sanctuaries come together and form an alliance?" Jian Wushuang was confused.

"This is related to some hidden secret in Eternal Chaotic World. I don't know much about it but I heard that it seems to be about the Eight Lairs. There are some potential enemies in Eight Lair and the ten sanctuaries have to team up to fight against it," Real God Wu Liang explained.

"Is that so?" It made sense to Jian Wushuang.

Under normal circumstances, the top experts and forces in Ten Cultivation Sanctuaries definitely wouldn't team up.

However, when they shared the same enemy, that would be a different story.

"Sanctuary Alliance's lair is on Thunderbolt Island. There is a large number of top experts in Thunderbolt Island all year round. At the same time, there are huge opportunities and comprehension venues too. Among them, the most famous would be Fairy Palace!" Real God Wu Liang continued.

"On Thunderbolt Island, there are thirteen Fairy Palaces. The thirteen Fairy Palaces correspond to the Four Supreme Doctrine and Nine Heaven God Doctrine respectively. To comprehend the doctrine accordingly in the Fairy Palace, not only would one yield twice the result with half the effort, but the result will also be far beyond your imagination."

"Like Real God Hall in Lineage of Star, it was built by Palace Master himself. Similarly, it helps to comprehend doctrines greatly, especially for a Universe God. It is enormously helpful. At Real God level, there is still some help but it isn't that great of a help anymore."

"However, Fairy Palace in Sanctuary Alliance is built by the tops in Sanctuary Alliance. In other words, the Emperor-level superb existence in the ten sanctuaries teamed up, paid a great price and went to great effort to build them. Every Fairy Palace is a hundred times more valuable than Real God Hall, or maybe a thousand times. Hence, cultivating in Fairy Palace naturally brings about the effect of Real God Hall in a hundred, a thousand folds and above!"

Jian Wushuang looked astonished.

He didn't know about the effect of comprehending in Fairy Palace but he knew Real God Hall well.

To comprehend doctrine in Real God Hall was much stronger than to comprehend doctrine alone blindly. Even then, Real God Hall was extremely helpful for him.

However, the comprehension effect in Fairy Palace was a hundred times stronger than in Real God Hall?

Maybe there was an exaggeration, but it also meant that Fairy Palace was a perfect place for comprehending doctrines.

"Fairy Palace is too helpful for a cultivator."

"As such, countless experts fight to cultivate and comprehend in Fairy Palace. Sanctuary Alliance issued token of the Fairy Palace's Legacy in order to balance out the experts in all forces."

“The token of the Fairy Palace’s Legacy would be given out once every three hundred thousand years. Under normal circumstances, every time they give out, some forces in Sanctuary Alliance can get one token of the Fairy Palace’s Legacy. Some that are extremely strong, like Soaring Heaven King Palace, can even get two at once.”

“As for solo experts, according to their contribution for Sanctuary Alliance or the price that they pay, they might receive a Token of the Fairy Palace’s Legacy.”

“In short, Sanctuary Alliance will give out a hundred tokens of the Fairy Palace’s Legacy every three hundred thousand years. A token of the Fairy Palace’s Legacy allows a cultivator to opt for one Fairy Palace and comprehend in it for a hundred years,” Real God Wu Liang said.

“A hundred tokens of the Fairy Palace’s Legacy every three hundred thousand years? And it takes one token to stay in Fairy Palace for a hundred years?” Jian Wushuang creased his eyebrows.

A hundred tokens of the Fairy Palace’s Legacy didn’t seem like a small figure but compared to countless experts in the entire Ten Cultivation Sanctuaries, it was very few.

Plus, every token only allowed them to comprehend for a hundred years in Fairy Palace. A hundred years was really short.

“Because there are very few tokens of the Fairy Palace’s Legacy, they’re very precious. Just like Lineage of Star, we only get one token every three hundred thousand years but there are so many experts in Lineage of Star who are dying to comprehend in Fairy Palace. How do we allocate the quota? Hence, every time when there’s a token of the Fairy Palace’s Legacy, Lineage of Star will elect a few people after repeated discussions. Then, Palace Master and the other two Hall Master will make a decision together,” Real God Wu Liang said.

Jian Wushuang heard and sighed with emotion.

Obviously, Lineage of Star attached great importance to the tokens of the Fairy Palace’s Legacy as well.

“From the previous time when they issued tokens of the Fairy Palace’s Legacy, it has only been two hundred and forty years. In other words, it has to be another sixty thousand years until Lineage of Star obtains another token of the Fairy Palace’s Legacy. But now, Jian Wushuang, you’re so lucky. You killed Real God Shi Jue and got yourself one,” Real God Wu Liang complimented.

“Haha,” Jian Wushuang laughed too.

He knew that he had found himself a treasure.

“In other words, I can go to Fairy Palace in Sanctuary Alliance to comprehend with this token of the Fairy Palace’s Legacy?” Jian Wushuang asked.

“This... it’s hard to say. After all, you’re not a Real God yet. Sanctuary Alliance’s Thunderbolt Island had a threshold whereby one must be a Real God to enter. Not an ordinary Real God but one must be top Void Real God at least and extremely close to the level of an Eternal Real God.”

“Although your power has reached the criteria, you’re yet to reach the realm. I’m not certain if you can head to Thunderbolt Island. It’s best if you ask Hall Master Yuan yourself when we return,” Real God Wu Liang said.

“If so, let’s return now,” Jian Wushuang said.

Real God Wu Liang, Real God Fei Yan didn’t hesitate and quickly departed along with Jian Wushuang.

When they returned to Lineage of Star, the three of them immediately went to see Hall Master Yuan.

In the cave dwelling that was made of unique crystals.

“Token of the Fairy Palace’s Legacy?” Hall Master Yuan looked shocked.

Jian Wushuang spread his palm and took out the Token of the Fairy Palace’s Legacy.
